## VILLAGE PARAGON FALLS FROM GRACE TO DISGRACE

Superintendent of Baptist Church Sunday School in Norwich Fugitive from Justice.

## ROBBED EMPLOYER FOR SIX YEARS.

How Houghton Dickenson Was Found Out After He Had Got Over \$3000.

Norwich, May 20.—(Special staff correspondence.)—This is the story of a hypocrite of a thief who stole the cloak of the church that he might more safely rob those who trusted him in business for religion's sake. All Norwich is ringing with the shame of Houghton Dickenson—last week the manager of the largest mercantile establishment in the town, Sunday school superintendent and prominent citizen—today a fugitive from justice and a confessed thief, whose pecuniary excesses extend over a period of six years.

Dickenson's fall and flight quickly followed the employment of a detective, less than a week being required to expose the man so fully that he needed but a chance to leave the country and he got it. Marked money, a call or two of the sleuth at the church, where Dickenson was a central figure and a few casual purchases at the emporium, over which the suspect ruled with the absolute confidence of his employer, and the whole clumsy system of loot was uncovered.

## TRUSTED FOR TWELVE YEARS.

For twelve years Houghton Dickenson had been a trusted employee in the large dry goods and furnishings store of J. C. Henderson. Born and raised in Norwich, of the best family and well educated, Houghton entered the store when but a boy under most promising circumstances—six years ago he practically came in full control because of his close attention to business. According to his own confession and his employer's calculation, his stealings commenced about that time. It was just 25 cents that he took first, and it is said that three thousand dollars would not cover his defalcation since that time. He said he thought he had stolen about \$1500 for he had been stealing about six years, and he seldom took more than a dollar a day. However, the week the detective was watching him he stole \$400. At least the detective given marked money and bought things from the store thru Dickenson's hands. Thirty dollars of the marked money was found in his possession, and the others did not find its way into the cash drawer. So Mr. Henderson is not sure just how much the thiefing cost him.

## SUSPICIONS AROUSED.

A month ago Merchant Henderson grew suspicious. He knew he was losing money in some mysterious manner. He examined his clerks and found them above reproach. Dickenson, especially, he could not suspect, since his life was such an open book and without such a good one. For ten years he had been a staunch member of the Baptist Church. For the past three years he has been superintendent of the Sunday school and a pillar of the establishment. He was one of the best speakers on theological subjects in the congregation, and carried on meetings in the absence of Rev. J. H. Cameron with a devotion that brought upon him the admiration of the whole church-going population of Norwich. But his money was going and going fast, so the merchant in desperation placed the case in the hands of the Dominion Detective Agency of Toronto. He left a minute description of all his clerks and other data.

## DETECTIVE ARRIVES.

About two weeks ago a quiet, modestly dressed young man dropped into Norwich. He was seen around the hotel Saturday and Sunday evening. By accident, attended the Baptist Church service. The young man was ushered to a seat by Brother Dickenson. A stranger's presence in the little country congregation is sufficiently unusual to create something of a ripple, and the hospitable pastor would not permit him to remain in a rear seat. In person Rev. Mr. Cameron sought him out and he took a front seat.

## Speculators Hit Hard Drop in Dominion Coal

Thirteen Points Lopped Off and the Local Market Was Demoralized.

Toronto speculators ran up against further hard luck yesterday in the stock markets, with prices tumbling in all directions. The local market was badly demoralized, and quotations fell 1 to 3 points on a sale.

The trouble in Canadian stocks was very largely the result of a break in Dominion Coal. This stock a year ago was the talk of the town, owing to the fortunes some were accumulating out of its rapid upward movement. From 40 the price advanced over 100 points, and at the top was highly recommended as an investment. For six months the markets have done nothing but decline, and local stocks have studiously followed the action of New York. Hundreds of Toronto and outside speculators had been wiped out previous to yesterday's slump, but many who had fought against big odds had to capitulate with the latest raid.

## COAL DOWN 13 POINTS.

Boston was said to be the source of the coal's weakness yesterday, the bears at that centre attacking the stock early in the day. It sold on Tuesday at 103. Yesterday morning the price opened slightly over par, and almost immediately the weakness became evident. Quotations at 90 were rapidly followed by 88 and 87, until 13 points had been lopped off before any rally was perceptible. Margins were called by brokers, and in default, the stock was ordered sold.

Coal's partnership stock, Steel, was not so badly used, but this declined 7 points, to 100. Boston and Montreal exchanges. On yesterday's low prices, Coal has lost 60 points from last year's high, and Steel 45 points.

The rest of the local market was badly affected by the demoralized condition of these stocks, and the effect was said to be felt even on the New York market. Twin City was hit worse than any other in the local securities, and fell off 5 points. C.P.R. lost 2 points, and other stocks 1 to 2 points, by liquidation, to save other holdings.

Those who were not interested locally had their own troubles at New York. On this exchange, values dropped from the opening to the close, and losses of from 1 to 5 points were general thru the whole list.

## REMAINS ANOTHER YEAR AS CANADA'S GOVERNOR

Lord Minto Asked by Imperial Authorities to Stay Till November, 1904.

Lord Minto's term as Governor-General of Canada, in accordance with accepted custom, expires in November of this year, but he has been asked by the Imperial authorities to remain in office till November, 1904, and has consented.

According to the Colonial Office regulations, the Governor-General of Canada may hold office during the King's pleasure, for a term not exceeding six years.

All those, however, who have previously held the office, with the exception of Lord Dufferin, have returned to England at the end of five years.

Speaking to The World last night, Mr. Minto said that no official communication has yet arrived, but that His Excellency had received a long and confidential letter from Mr. Chamberlain, asking him if he would continue in office until November, 1904. His Excellency has consented, and the official notification will follow.

## MISSING SINCE GOOD FRIDAY.

Body of Hope Webster, an Insurance Man, Found Near Saratoga.

Saratoga, May 20.—To-night the body of an unknown man was found floating in the river at Courtright. Chief Sarve identified the body as that of Hope Webster, an insurance agent, who left here about Good Friday, leaving no trace behind. A gold watch which he was known to have had when he left Saratoga is missing, but some money and his bank book were found in his pocket. His wife lives in London.

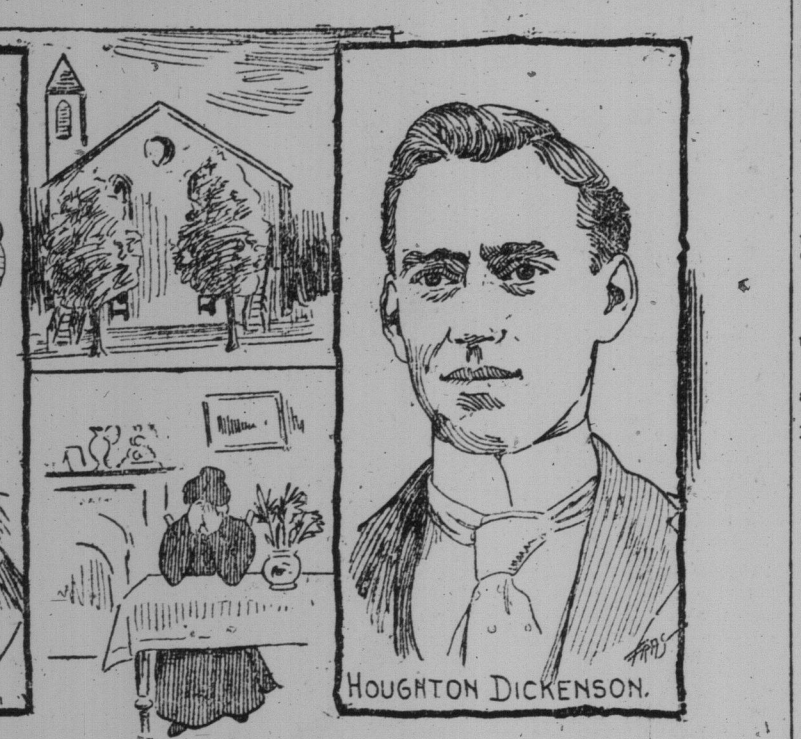

## STEAMER RUMORED.

Fished, Loaded With Coal, Sunk Off Goderich Harbor.

Goderich, May 20.—The steamer Phoebe, Capt. Symes, bound for Owen Sound, loaded with coal, was burned and sunk off this port to-day. She originated in the lower engine room by the explosion of a lamp about 11 this morning. The crew worked until 8 this evening, when the boat was abandoned. The tug Seaking picked up boats with the crew all safe.

## GOT AWAY FOR HOLIDAYS RUSHED THRU BUSINESS

Bill Introduced in Commons to Compel Railways to Provide Smoke Arresters.

## TALKED OF NEW BUILDINGS.

Expenditure for Justice in the Yukon Criticized by the Conservatives.

W. M. German (Welland) introduced a bill to compel railways to provide perfect appliances for the prevention of sparks from locomotives. Mr. Fitzpatrick presented an amendment to the statutes providing that printing for the Intercolonial Railway be done in the Maritime Provinces at a cost not exceeding fair commercial rates.

The Minister of Customs announced an extension of time for bringing in goods from Germany exempt from the new surtax from June 30 to September 30.

Col. Sam Hughes renewed his protest against practice of transporting prisoners in the Northwest in first-class cars.

Mr. Borden objected to the condition of the Supreme Court library, and Mr. Fitzpatrick said the remedy was to erect an entirely new building for the Supreme Court. Mr. Macell advocated erecting a new building for the Parliament, and using the present structure for departmental business only.

The opposition criticized the large expense of justice in the Yukon.

## HOW WOULD YOU LIKE TO BE THE ICEMAN?

May Be Much Envied Individual This Summer, for an Ice Famine Is Probable.

Towards the end of the winter somebody said that there was going to be an ice famine this summer, but nobody paid any attention to it, because snow was yet on the ground, and the ice dealer was doing a "rush" business, and the places with swinging doors the same, with the butter melting on the tables, and the milk beginning to curdle on the public that a scarcity of ice may be nearly as inconvenient this summer as the one that struck proved to be last December.

## EXTENDING THE TIME.

The Minister of Customs announced the extension of time for bringing in goods from Germany exempt from the new surtax. When the surtax was announced, the rate was to be 10 per cent, but recently the Auditor-General has decided that the rate should be 5 per cent, and the Minister has decided to extend the time for bringing in goods from Germany exempt from the new surtax.

These warm days are the time when cream of pasteurized milk and cream are appreciated in value. No difficulty whatever is experienced in keeping sweet milk and cream that is treated by the system of the famous Prof. Pasteur. The dairy firm of S. Yesterday they delivered thirty-five hundred gallons of pasteurized milk, and they have added to their long list of notable patrons, the new police hospital and other well-known places.

## Fire Sweeps St. Hyacinthe 2000 People Are Homeless

Three-Quarters of Mile of Principal Part of the City Reduced to Ashes.

Number of houses burned, 250. People rendered homeless, 2000. Estimated loss, \$250,000. Seriously injured, one. District laid waste, three quarters of a mile.

St. Hyacinthe, Que., May 20.—A terrible fire raged in St. Hyacinthe this afternoon. It was the most destructive that has ever occurred in the history of the town, or in any of the communities of the district. Fire broke out during lunch hour, and by 4 o'clock this afternoon three-quarters of a mile of the business and busiest part was laid waste, and was a scene of devastation, desolation and ruin.

## 250 Houses Burned.

Two hundred and fifty houses have been reduced to shapeless heaps of ashes, which, with live embers, line the thoroughfares. Three hotels, two flour mills and several of the largest business houses have disappeared as completely as if they had never existed. The market place, the principal rendezvous of the country round, is no longer recognizable, and the St. Genevieve Hospital is destroyed.

## TWO THOUSAND HOMELESS.

Two thousand people are homeless. A quarter of a million is the computed damage, but the extent of the loss to such a community cannot be figured by mere figures expressing dollars and cents.

What added vastly to the possible magnitude of the disaster is the fact that the river is low, and that the water supply practically gave out early.

## LESS CHANCE FOR STRIKE AMONG STREET CAR MEN

Conference is Making "Progress," Says Representatives of the Local Union.

The cars are running this morning and the situation is slightly improved over the past forty-eight hours, as far as a strike is concerned.

"We are making progress. That is all I can say," observed Business Agent James McDonald of the Street Car Men's Union last night. "There will be no mass meeting to-night, and possibly not before Friday evening. The general manager of the company met the committee this afternoon. We got his reply to our last communication at eight minutes to noon. Twelve o'clock was the limit named in our last communication. Both sides agreed not to make public the negotiations, but I may add that I feel pretty good over the way the thing looks to-night."

The men are especially jubilant, for this is the first time since the union was organized that the company has made any concession to the strike committee.

Recognition of Union. From unofficial sources it is learned that the negotiations have taken the line of recognition of the union, without any advance in wages for the present. Just how far each side will go on this proposition is the question that will determine whether or not there is to be a strike. It is no secret that members of the union regard recognition as of more importance than an advance in wages. The company is aware of this. The word "union" does not appear in the agreements submitted, but instead the "committee of the employees" is the term with which the company is dealing. There is no essential difference and merely saves the feelings of those officials who have always insisted that they would never compromise with the union. The men feel that it is of more importance that they get treatment.

## GOVERNMENT IN A HURRY ELECTION WAS AT HAND

Sent \$180 to a Conservative to Expend on Markstay and Warren Road.

## IRREGULARITY IN APPOINTMENT.

John McMaster Asked to Execute Bond, But Department Did Not Wait for It.

An irregularity in the appointment of an overseer of colonization roads in Nipissing was connected up to the Department of Public Works yesterday afternoon. John McMaster, a Conservative, received the appointment a few days before the last general election. Previous to that he had been canvassed by a government official for his vote, but refused to support the Liberal candidate, and without having applied for the job it was given to him, along with \$180 in bills to expend on the Markstay and Warren Road.

## McMaster's Appointment.

Dr. Nesbitt moved for a return of correspondence relative to the appointment. The member for North Toronto pointed out that McMaster, who is a Conservative, received a notification from the Department of Public Works about May 20, 1902, that he had been recommended for appointment as overseer, and he was asked to execute a bond and return it to the department before the appointment was made. McMaster, however, did not execute the bond, but in a few days, May 24, he was notified by Mr. Surtees, a Liberal, that the money was sent to him purely to influence his vote in the election, which were only three days off.

## Violated Rule of Department.

Mr. Latchford replied. He said a recommendation for the appointment of Mr. McMaster reached the department from the candidate in West Nipissing about the 20th of May. The minister was absent at the time, but his secretary asked the Superintendent of Colonization Roads to appoint McMaster as overseer. The rule of the department was not to send money until a bond had been returned to the department, but McMaster was well recommended. There was no charge that the money was not well spent.

Mr. Matheson said that McMaster, being a Conservative, probably spent the money very well, but the point was that three days before the election, without any application from McMaster, he received the appointment. Mr. McKinnon, a colonization road inspector, sent his son to canvass him. The Public Works Department was using road money to try and corrupt the voters, and McMaster had been asked for his vote. He refused. He was told to go to the postoffice and the money for the road would be there. Money was used in this way in many ridings, and this was only a sample.

## When the Road Was Wanted.

Mr. Ross—What's the objection to appointing a Conservative?

Mr. Matheson—Three days before an election.

Mr. Ross—That's when the road was wanted. (Conservative laughter and applause.) Is it a mortal sin to build a road three days before an election?

## IMPERIAL PENNY STAMP.

New Postage Rate for Whole Empire on Victoria Day.

Ottawa, May 20.—To-day Sir William Mulock received a communication from Premier Barton of Australia, consenting, on behalf of the Commonwealth, to the penny rate per half ounce on all letters posted in Canada for Australia, that is, the six Australian states of Queensland, New South Wales, Victoria, South Australia, Western Australia and Tasmania. This arrangement will accordingly go into effect on Victoria Day, Monday, the 26th, and that historic day will see the completion, so far as Canada is concerned, of the penny rate system, one penny per half ounce prepaying letters from Canada to all parts of the British empire. This even marks the completion of Sir William's efforts, commencing in 1897, to establish a penny rate letter between Canada and every part of the British empire.

## PALM ROOM OF THE KING EDWARD HOTEL

Experienced Young Lady From England in Charge—Will Open on Friday Night.

It will interest very many of the ladies of Toronto to learn that the palm room in the King Edward Hotel, about which so much has been heard, will be open for guests to-morrow evening, when the ball of the Royal Canadian Yacht Club will be on. That this will be appreciated by the guests at the ball there can be no doubt, for it will add materially to the enjoyment of the evening.

The palm room, a feature of hotel life, familiar enough in the large American and English cities, is yet something of a novelty to Toronto, for the reason, probably, that there has been no hotel here that could give the necessary accommodation and service. The palm room in the King Edward is a veritable bower of beauty. It is at the head of the stairway, leading from the right of the entrance, and is a beautifully fitted up apartment with lounges and settees, comfortable easy chairs and tables, where ladies with their escorts may sit during the day and in the evenings, and order such refreshments as they desire. It is confidently expected that the palm room will prove one of the most attractive features of the King Edward. Both visitors from abroad and the society people of Toronto have felt the want of just such a pleasant social center, and in the palm room at the King Edward they will find that want supplied.

To superintend the management of the palm room, the King Edward Hotel Company have secured the services of Miss Cornish, a young English lady, who has had considerable experience in several of the best hotels in the Old Country. Miss Cornish arrived from London on Monday. She was recently manageress of the Avondale Hotel, in Piccadilly, and previously managed Long's Hotel, in Bond street, which is well known to many Canadian travelers. On a recent visit to England, Mr. T. G. Blackstock met Miss Cornish, and was so impressed with her personality and ability that he decided to secure her services for the King Edward Hotel.

## LONDON BUSES And an American Food.

There is probably no food on earth that could sustain a woman 90 years old under the following circumstances except Grape-Nuts.

For 4 months she lay ill from partial paralysis, brought on by a wrong kind of food ruining stomach, and then affecting the nervous system. During the time she was getting well, the physicians fed her on Grape-Nuts. She says: "My diet consisted of two teaspoonfuls of Grape-Nuts and some cream each meal for two months, then increased to two dessert spoonfuls, and to show how it sustains nature, I never lost 5 lbs. in the whole time. I am now healthy and am now in prime health, and in the last 3 months have been in the habit of carrying Grape-Nuts everywhere with me."

"In London I saw the big Grape-Nuts signs on the 'busses' all about. Considering how near death I was and how well I am now through good food alone and that I am 90 years old, my friends look upon my recovery as marvelous. Name given by Postum Co., Battle Creek, Mich."

When Questioned in British Commons, Lord Cranborne Declined to Give Information.

London, May 20.—Replying to a question in the House of Commons to-day, the Under Foreign Secretary, Lord Cranborne, admitted that communications were passing between the Foreign Office and Germany regarding the action of the British Government in the case of the German submarine.

The Under Secretary declined to furnish information as to whether the Foreign Office had indicated the possibility of Britain retaliating by imposing special duties on German imports into the United Kingdom, saying he could not make any further statement at present.

**THE EAGLES ARE NOT MATED.**

U.S. Has Nothing in Common With Russia, Says Ex-Minister.

New York, May 20.—Oscar Strauss, twice United States minister to Turkey, voices these views regarding the relations between the United States and Russia, concerning the recent horrors: "This barbaric holocaust appeals for redress not to the Jews living in the world but to the civilized world. When Russian horrors reach American ears, we hear about the friendship between Russia and the United States, but as far as Russia is concerned, these professions of friendship are found a purpose to accentuate hostility toward England. The Russia of to-day has nothing in common with the United States, and she would, if she could, wipe liberty from the face of the globe."

We are surprised at the market's extreme  
weakness, and we are inclined to believe  
that a good rally was due to an improvement  
of technical speculative position from last  
week's extensive liquidation, and short sell-  
ing of the market.

Leading financial developments to force  
satisfactorily explain today's bearishness,  
we are inclined to suggest judgment and  
disregard the result of selling by disappointed  
and discouraged holders. The failure of specu-  
lation to start from a position of strength  
from New York after the close.

Monday's market was a sharp break  
about an accumulation of liquidation, partly brought  
about by exhaustion of margins and partly  
by the result of selling by disappointed and  
discouraged holders. The failure of specu-  
lation to start from a position of strength  
from New York after the close.

In late forenoon semi-demolition of  
the market was caused by rumors of a gold  
shipment for Saturday. These rumors appar-  
ently started from arrangements made to  
ship \$750,000 gold to Argentina, but the  
explanation was obtained too late to influ-  
ence the market.

## NOTHING TOO GOOD FOR YOU.

We consider there is nothing too good for our customers. For this season we have made a very special effort to import only good hats—and the latest out—for our race trade.

Our motto "If it's new we have it," has become a matter of general comment, because of its truthfulness.

If you want to be convinced, call at our show rooms.

**Silk Hats \$5 to \$8.**

### THOUSAND MEN MOTIVY.

Berber-Tribesmen Leave the Sultan of Morocco for the Lurch.

Tangier, May 20.—Tetuan is still threatened by hostile tribes. A thousand men belonging to the powerful Berber tribes of the Zimmuri, who were summoned to Fez to join the expedition against the preponderant, and whose assistance was very much needed, were sent to Tetuan. The tribesmen were ordered to fire on them, whereupon the whole body deserted to their own tribe lands, carrying with them the whole of their equipment and their horses, and pillaging on the way. The revolt will have serious results, damaging the government's prestige and probably leading to the revolt of other tribes.

To Fight Against Divorce. New York, May 20.—The Rev. Father Pardo, the well-known Jesuit preacher, in an address to-day before the annual meeting of the Manhattan Catholic Association, said that Archbishop Farley had lately been approached by Protestant clergymen, who wish to see a coalition formed with the Roman Catholic Church in the fight against the growing evil of divorce.

The 16 recruits for positions on the police force of whom 12 will be selected and sworn in this morning are as follows: W. J. Parker, Joseph Allan, Hugh Gordon, R. E. Watson, Louis Henderson, J. W. Campbell, James Lavery, R. F. MacDonald, W. B. Meney, George J. Black, W. L. Lane, Harold Wade, John J. Moore, John C. M. Laffy, Robert Kelly and Donald Munroe. J. W. Campbell was placed on the waiting list.

A special service of song will be held in St. Luke's Church this evening, being Ascension Day. The choir of the church will be assisted by Mr. Harold Sampson and Miss Jelliff, soprano soloist of St. Luke's, will also render a solo and a duet with Mr. Sampson.

### PHYSICAL WEAKNESS.

A Dangerous Invitation to Pneumonia and Fevers of All Kinds.

With the increasing strain of modern life the power and vigor which characterized our forefathers is growing less and less. Nervous wrecks so common in the generation were unknown in the olden days. Life was not so strenuous, and more attention was paid to the ordinary rules of health. The average individual today is working to the limit of his powers. When an extra strain is imposed the nerves get on edge, digestion is deranged, and because there is no reserve to fall back upon ill health is inevitable.

For a thousand reasons weakness is a sin against your own body and a sin against your family. The wise man will keep up his vitality by using Ferrozene. One tablet taken at meal times works wonders. It says to the stomach, "Do your work properly," and assists that organ in doing so. It makes digestion just perfect and converts everything you eat into the kind of nutriment valuable in forming rich blood, the real secret of health.

Ferozone continually carries on a process of rebuilding, and develops a wonderful reserve of strength. It brings back lost color, combats weakness, weariness, headache, backache, nervousness, and cures all derangements of the stomach, bowels, kidney and liver. You may use Ferrozene with the utmost confidence. It's not like other remedies. It is different because it cures. Price, 50 cents per box, or six boxes for \$2.50, at all druggists, or by mail from the Ferrozene Company, Kingston, Ont.

Ferozone Assures Health.

The bride was the recipient of many handsome presents, and the well wishes of a large circle of friends will be sent them their new home in the Raily River country. The bride's father is a well-known contractor as successor to W. J. Pullerton and T. H. Carter.

Matthew Culbert and Hugh McKay, for being disordered, were arrested by Constables Harper and Travis last night. They were let off on suspended sentence this morning.

The workmen of Toronto Junction will hold a public meeting in James' Hall on Thursday evening, at which J. H. Huddleston of Toronto and others will speak on the aims and objects of unionism.

### Memorial Service.

A memorial service to the late R. A. Hunter will be held in St. Stephen's Church, East Toronto, on Sunday evening, at 7 o'clock. Out of respect to his memory the altar and chancel will be draped, and the service will be rendered with hymns and music appropriate to the occasion.

The members of Acacia Lodge, No. 430, A. F. & A. M., of which Mr. Hunter was a charter member and past master, will assemble at Society Hall, on the Danforth-road, at 6 o'clock this evening, to participate in the memorial service to the church. It is expected that the members of Orient Lodge and Chapter, of which Mr. Hunter was also a member, as well as of brethren from other lodges, will be present. The service will be held in the hall of the corner of Main-street, within easy walking distance of the hall of the church.

### Girl Tripped Over Wire.

The case of the City of Toronto against Robert Parkinson, who was injured by a wire which was stretched across the path from an open lot near the Presbyterian Church, was settled this morning. ### East Toronto.

A special meeting of the Town Council will be held to-morrow evening to consider tenders for local improvement. The council has been informed by the G. T. R. that they are having their annual air-brake examination.

The town boys take a swim in Midland's Creek these warm days; the season is much earlier this summer.

The monthly sale of the pay car of the eastern division of the C. P. R. was held yesterday afternoon, and the men and the merchants of the town were glad to see it.

Walter Snell's new store, at the southeast corner of Gerrard and Main streets, has its new plate-glass windows in, and will soon be ready for occupation.

While engaged in the city on Tuesday, Frank Young had a large refrigerator fall on him, and as a result his hip is dislocated. He was taken to his home on John-street, East Toronto, and proper medical aid secured. Frank will probably be laid up for a couple of weeks.

## GOVERNMENT IN A HURRY

Continued From Page 1.

You can't prove that there was any corrupt bargain. Mr. Whyte said the Minister of Public Works had been frank enough to say that the rule of the department had been violated in this case. Fanny the private secretary having the power to appoint an inspector of roads, and to send money from the treasury to spend on the roads. The speaker referred to the attitude of the Premier, who rushed in to say: "You can't prove it." It was not the first time that the Premier had taken such a position.
