A QUESTION OF VERACITY

Dr. Bryans Would Like Some of Miss Martin's Remarks Confirmed.

While the management committee of the board of education yesterday were considering the new system of medical inspection in the schools, Trustee Clara Brett Martin announced her antagonism to the system. She predicted it would become very expensive and proceeded to mention what she had seen of the system in United States cities.

Just here Miss Martin's remarks were interrupted by Dr. Bryans. "I don't like to doubt anybody's word," said he, "but I have heard Miss Martin make statements at meetings of this board before to-day that needed to be verified."

"It was not thru the board that Miss Rogers was brought here, but thru John Ross Robertson of the Sick Children's Hospital," declared Miss Martin, but the recommendation of the sub-committee was favored by all the rest.

As the new building for the university faculty of education is not going to be large enough, it was decided to allow the university the use of such rooms as would be required for that particular department for demonstration, observation and practical teaching, under certain considerations.

The recommendation that Dr. L. E. Embree be appointed supervising principal of high schools is once more started the rounds, this time by Dr. Bryans.

James Simpson had the name of Miss Johnston of the Girls' Home substituted for that of J. A. Brown for promotion to the principalship of Deer Park school. "We should encourage rather than discourage the lady teachers on our staff," said he, "by conceding to them the schools of four rooms and under."

A motion of Dr. Bryans that physical instructors be appointed for the high schools, to relieve the teachers of this work, was referred to Dr. Embree.

MOB AND SOLDIERS CLASH

Over Negro Sentenced to Be Hanged for Assault on White Woman.

THOMASVILLE, Ga., April 28.—Under a heavy military guard, Howard Harris, the negro, who was today convicted of criminal assault upon a prominent white woman of this county, and sentenced to be hanged May 20, was taken to Macon on a special train this afternoon.

Two more companies of state militia had been ordered out to-day to protect him. In a clash between the mob and soldiers two persons were seriously injured by bayonets.

BRITAIN'S ATTITUDE IN THE FAR EAST IS MADE CLEAR.

LONDON, April 28.—The British government, under the fire of questions in the house of commons, has dropped the mask which has concealed its far eastern policy, formally espousing the tactics of Russia and Japan, which resulted in blocking China's Chin-fow-fu-Aigun Railway project. The foreign office representative declared that the two powers in question were acting reasonably and fairly declared that the British financial group interested in the projected Manchurian railway loans need not look to the government for any assistance.

NOT ALL THE LIBERALS BACK THE NAVAL POLICY

Senator Legris Endorses Borden's Position to Submit Question to the People.

OTTAWA, April 28.—Representative French-Canadian Liberals who are not directly under the control of Sir Wilfrid Laurier are evidently not all ready to subscribe to his naval policy. Senator Legris during the naval debate in the senate to-day came out in favor of R. L. Borden's contention that such a serious question should be submitted to the people. Senator Legris was appointed to the senate by Sir Wilfrid in 1908. He was a Liberal member of the commons from 1896 until that year.

Sensor Legris said he had seen with regret the views of the Liberal leaders and press in Quebec on the question of imperialism. He quoted Sir Wilfrid Laurier's expressions at the colonial conference of 1902, and Senator David's book, "Laurier and His Times," published in 1905, to show that the prime minister and the government generally were opposed to imperialism as generally understood. In the opinion of Senator Legris the passage of the naval bill meant that Canada would assume a gigantic burden, which would grow year by year, and finally lead to Canada being embroiled in war. And this was being done without the people being given an opportunity to express their opinion on the question.

Sensor Polier denied any responsibility for the attitude of the Conservatives of the Province of Quebec on the question of the navy. He had consulted the people of his province and had found them of opinion that Canada had nothing to gain and everything to lose by a change of suzerainty. He declared the English people were brave and if they had sounded the cry of alarm it was because there was a real peril, and if so it was Canada's duty to give them aid. The only question was the method by which this should be done. His opinion, and that of the majority of the people of his province, was that if ever conflict occurred between France and Germany, it would come within twenty-four hours, and would be too sudden for the people to be prepared. Any conflict between Germany and England would come as suddenly. Therefore preparations had to be made and in making them the war preparations of the Germans had to be considered. In event of such a war Canada would be in danger, for there was nothing to prevent the Germans from attacking the Canadian coast. Senator Polier declared himself favorable towards making a contribution of one or two naval units to the British fleet and he was also in favor of the creation of a Canadian navy. In his eyes the navy was the only line of defense which would be useful. He thoroughly endorsed Mr. Borden's attitude.

Enjoy Your Meals

By Simply Eating a Little Pleasant Tablet After Each of Them.

A Tablet Digests a Meal—Trial Package Free.

When digestion is perfect the fluids necessary to this process come naturally to the aid of the stomach. They are of right proportion and do their work speedily and well. When indigestion and dyspepsia are prevalent, these same juices come slowly, if at all, are weak and insufficient or are filled with strong acids and alkalies.

When such a condition exists each meal is a hardship upon the digestive organs. The meal should strengthen the juices, but on the contrary it weakens them, so that man by the very act of eating causes conditions to arise which of themselves bring him pain and loathing for the next meal.

By eating one of Stuart's Dyspepsia Tablets you mix the tablet with your saliva and it goes into your stomach a strong, vigorous fluid, many times more powerful than the natural digestive juices. These tablets are made up from natural vegetable and fruit essences and are composed of Hydrastis, Golden Seal, Lactose, Nux, Aseptic Pepsin and Jamaica Ginger.

One grain of it will digest 3000 grains of food in any stomach. Besides digesting the food, it will give the blood the power to enrich the digestive fluids, so after a time nature will take care of itself. Though you have no stomach trouble one of these tablets after each meal is a powerful assistance to nature and is an excellent habit to make.

Go to any druggist and ask his opinion of Stuart's Dyspepsia Tablets. He will abide by his answer, if he be an honest man. They sell for 50c per package. Send your name and address and we will send you a trial package by mail free. Address F. A. Stuart, C. 150 Stuart Bldg., Marshall, Mich.

Introducing Mr. O.P. Brockton

Mr. ONE PRICE BROCKTON: "I have been in the shoe business some time now and I know all the game from the well up. I know for what price a good shoe can be made and sold direct between factory and wearer and that price is \$3.50. That is what you pay for the "Brockton." Another name for the Brockton is "Foot Comfort."

"ONE PRICE BROCKTON"

When you buy the "Brockton" at \$3.50 you are getting it at the wholesale price. And is it not a splendid idea to be able to walk into a store and know that you are going to pay one particular price for a pair of shoes, and that the clerk can't charge you any more, and that you won't be asked to pay less?

You will find the "Brockton" at 119 Yonge Street, east side, and a few doors north of Adelaide Street. Every kind of shoe that a man can ask for and only one price—THREE-FIFTY.

So far we have on sale only men's shoes, but a little later we expect to be able to give the ladies of Toronto a real surprise in good foot-wear. We were rushed at the opening and were unable to stock our famous lines of BROCKTON SHOES for ladies.

Remember that the "Brockton" is an American shoe, and that is saying it is the best in the entire catalogue of Shoes. It is made in all designs and fractions of sizes, and is intended to fit the wants of the particular man who desires a STYLISH SHOE with "FOOT-COMFORT."

GALT BOARD OF TRADE

Endorses Scheme of City Buying Land Suitable for Manufacturing Sites.

GALT, April 28.—(Special).—The Galt Board of Trade endorses the proposition for the town to acquire land suitable for manufacturing sites, so as to be in a better position to deal with promoters of industrial undertakings.

The board of trade and the council will take joint action.

The Galt branch of the Victorian Order of Nurses shows a gratifying result of the first year's operations. Receipts were \$747 and expenditures less by \$100. Officers elected were: President, Miss Dykes; treasurer, Mrs. Wardlaw; secretary, Miss K. F. Jaffray.

Joseph Thompson, motorman on the Galt, Preston and Hespeler, in charge of a freight motor, put his head out of the car door as another car passed and was struck a severe blow, the wonder being that he was not instantly killed.

CAR OF LIVE STOCK SO OVERLOADED THAT MANY DIED.

At the April meeting of the Toronto Humane Society yesterday afternoon Staff Inspector Kennedy of the police reported that a cattle car arrived at the Western Cattle Market a couple of days ago with 19 calves and one cow dead from overcrowding. The animals were shipped by S. Pearson of Hickson, Ont., and in the car were crowded 17 steers, 22 calves and 1 lamb. No attention had apparently been given the live stock from the time they were shipped until the market was reached. A summons has been issued for the shipper.

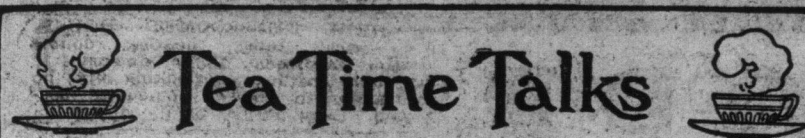

Of 83 cases investigated during the month, 37 had been prosecuted. A number of letters were read from prominent English veterinarians giving their opinion on the rabies "scare." They unanimously agreed that only a small per cent. of the supposed cases were genuine. They were also adverse to muzzling the dogs. No action will be taken by the society beyond having their former petition sent to Ottawa. A letter was also written to the mayor regarding the rescinding of the present bylaw forcing the slow-mov-

Literary Merit of the Ballad.

Prof. Clawson's paper on "The Literary Merit of the Ballad," read before the Folk Lore Society last night at Victoria College, was a most able and exhaustive treatment of a fascinating topic, and altogether worthy of his reputation in this field of research.

Prof. Keys, who occupied the chair, said Dr. Clawson might be described as the literary grandson of Prof. Childs, the great ballad authority, as he had studied under Prof. Kittredge, a pupil of Prof. Childs, and himself a specialist in this field. Dr. Clawson obtained his doctorate for his thesis on one of the Robin Hood cycle of ballads. He treated the subject under four heads, giving examples of each class and analyzing the typical specimens. The reticence, economy of effort, genuine spontaneity, and impersonality of the old folk ballad were striking merits.

AT THE THEATRES

The romantic Irish drama, "Ragged Robin," with Chaney O'Leary, will be the attraction at the Princess next week.

Mr. O'Leary has composed a number of new and catchy songs for the piece, and there is a splendid musical setting by Frederick Knight Logan, formerly musical director for Maude Adams. Mr. Pitts has mounted the piece in his usual lavish manner.

The play, which is a romance of Ireland about 60 years ago, has for a central figure Robert Harcourt, a young Irish nobleman, whose father has banished him on the accusation of Martin Darcy, a foster-brother of the young man. Under the name of Ragged Robin, Robert becomes a wandering minstrel and roams around the country singing for a living. He

comes to the farm of Andrew Gratton, whose daughter Margaret is about to marry Martin Darcy. There is a fairy well on the place and Robin, unwittingly, shakes his thirst. Margaret also drinks from it and a magic spell is woven around them by the fairies, which brings the girl and Robin together with irresistible power. Martin, perceiving it, has Robin driven away. The story leaps over three years, and then we find him returning to his home, a wealthy man, having been reconciled to his father before the latter's death and succeeding to his title and estates. He finds the little village famine-stricken and at once relieves the distress. Martin Darcy is dead and Margaret free, but her late husband's extravagance has brought them all to ruin. To earn a living she and her aged father have been obliged to cut turf in the bogs. Robin, directed by a fairy dream, and guided by a friendly will-o'-the-wisp, makes his way across the bog and is reunited to his sweetheart.

The usual Wednesday and Saturday matinees will be given.

the offering at the Grand next week. It shows the loveliness of the Palace at Venice during the Feast of the Venetian. The play will be presented here with an unusually strong cast.

Forbes-Robertson appears at the Royal Alexandra Theatre next week, this being his first and probably his last visit to this city for at least three years. He will appear throughout the week with only one play, "The Passing of the Third Floor Back," which has run for seven months in New York. During the last two weeks Mr. Forbes-Robertson has been playing to crowded and enthusiastic audiences in Canada. The management of the Royal Alexandra, too, have been agreeably surprised by the unprecedented demand for seats for this important engagement, which is everywhere considered as the event of the season.

Next week the headline act at Shea's Theatre will be Will H. Murphy and Blanche Nichols, presenting the funniest of all one-act comedies, entitled "The School of Acting." Other special features are: Stapp, Mahlering and King, vaudeville's cleverest entertainers; George Jones and Ben Deely, in Hotel St. Regis; Dunedin Troupe, acrobatic cyclists; Kalmer and Brown, songs and dances; the Four Ploids, acrobatic comedians, and the kinestroph.

Glady Van, known as the Dainty Delight of Vaudeville, will be the headliner at the New Majestic Music Hall next week. Other billed are: Bert and Ethel Stoddard, instrumentalists and vocalists; Ernie and Ernie, character entertainers; Bletson and Golding, horizontal bar performers; the Dewitts, singing and dancing comedians; and Eddie and George, illustrative song singer.

"Morning, Noon and Night" is the title of a decided novelty in the way of burlesque, as the piece has a well-written book, and the comedy situations are all worked in and a real laugh for everything. The company is composed of well-known favorites who played the same piece last season in the \$2 houses with great success.

The next attraction at the Gayety Theatre will be Phil Sheridan's "Marathon."

ZAM-BUK IN 3 ACCIDENTS

It would seem that Zam-Buk, the famous healing balm we hear so highly spoken of everywhere, is particularly useful in the family circle. A report sent by Mrs. E. D. Dwyer, 736 Ellice avenue, Winnipeg, will illustrate this. She says: "My little boy, of three, while playing, fell from a high veranda to the ground, cutting his forehead badly. Instead of calling a doctor who would undoubtedly have put in a number of stitches, I bathed the wound well, and applied Zam-Buk. The little fellow, sitting up and smiling, soon had relief from his pain. In the course of three weeks by applying Zam-Buk daily, the wound in his forehead was healed. He is now as healthy as a horse."

"Since then I have also used Zam-Buk for a boil which came on my cheek and which proved very painful and looked unsightly. Zam-Buk soon drew the boil to a head and it then quickly banished it."

Another time my baby was scalded on her left thigh and calf of leg with boiling water. This was a severe scald and the child suffered cruelly, screaming and crying. Directly I was told to use Zam-Buk, as we had a box in the house, and spreading some on the burn, I wrapped up the baby's limb. Next morning she rested much easier and I applied a fresh bandage with Zam-Buk. I kept this treatment up daily and was rewarded by seeing great improvement each time I dressed the wound. In a very short space of time the scalds were all nicely healed, and the child is now as healthy as a horse. I am sure that this is a most valuable healing preparation too highly for family use, and I have such great faith in its healing powers that my house is never without a box."

For all skin injuries and diseases, piles, eczema, scald rheum and face sores, Zam-Buk is absolutely unequalled. Get box at all druggists and stores, or post free from Zam-Buk Co., Toronto, for price. Refuse all substitutes.

Baby Eczema Skin Irritations

Splendid Results Obtained by Using DR. CHASE'S OINTMENT, the Greatest of Healers.

Thoughtful mothers are forsaking pore-clogging and unsanitary powders for the use of Dr. Chase's Ointment and find there is no treatment so effective for chafed and irritated skin, such as head and extremities, as this. This ointment makes the skin soft and smooth and ensures healthful natural action of the pores of the skin.

A trial of Dr. Chase's Ointment is usually enough to convince anyone that there is nothing like it as a beautifying of the skin and as a means of overcoming painful and annoying itching skin diseases.

BYRGE'S SALE LARGEST EVER HELD IN COUNTY

Auctioneer Prentice Sells Over \$8000 Worth in One Day—North Toronto Concert.

NORTH TORONTO, April 28.—(Special.)—One of the largest sales of horses and cattle ever conducted in York County was that of to-day, when Alex. Byrge's fine herd of Holstein and Grade dairy cattle, horses and general farm stock was sold by John H. Prentice. Nearly 100 people were present at the sale during the day, and good prices were realized.

The highest price paid was \$130 for a registered Holstein cow, but good prices generally were realized, and the sale brought in a grand total of \$8000. Horses brought good prices, and at the close of the sale Mr. Byrge expressed his perfect satisfaction at the splendid work of John H. Prentice, the auctioneer, and Councilor Murphy of North Toronto, who officiated as clerk. Not a little of the success of the day may safely be attributed to these gentlemen. The work of Mr. Prentice was Herculean, and it is questionable if any auctioneer in Canada has ever conducted a farm sale aggregating a similar amount.

Toronto Town Hall never held a bigger or more delighted audience than to-night, when the newly-organized town band, under the leadership of Mr. Dawson, gave their first public concert. From first to last it was a complete triumph. Every number, musical and vocal, was cheered to the echo, and it was questionable if any band in the county has ever conducted a similar amount.

The band, in their nativity uniforms, looked simply immense, while the hall itself was handsomely decorated for the occasion.

Among some of the artists meriting special attention were: Mrs. McCarty, soprano; William Dymally, bass; and Miss Jessie Carter, elocutionist. R. G. Kirby and W. G. Lawrence sang with wonderful sweetness and power. "The Battle of Britain" was encored again and again. Altogether it was a night long to be remembered in North Toronto, and amply justified the selection of the town council in making a substantial grant. To S. J. Douglas, who has always been a loyal supporter of the band, and little of the success attained by the band is due.

Regular outdoor concerts will be given during the summer.

FLOODS IN COUNTY

Has Frost Wrought Damage?—Bridges Swept Away.

A good deal of anxiety prevails among the farmers and stock raisers of the county as to the probable effects of Wednesday night's and Thursday morning's frosts.

In the city and in the town of North Toronto there was 7 degrees of frost, but reports from the leading conservatories within a radius of five or six miles all seem to indicate that the little damage has resulted. This is in a large measure due to the fact that nearly everything is yet under glass.

Similarly there is not a great deal of frost within close range of the city, and little of it is far enough advanced to allow of serious damage.

"We had seven degrees of frost," said Mr. Miller, Miller & Sons, the well-known florists of Brimley, "but I do not think that much loss will follow. There was not very much outside that could be injured."

Out in the county some fields of first crop clover are perceptibly injured. A case in point is on the fine farm of John Boynton at Brown's Corners, in Markham Township, which shows very plainly the influence of the frost. Other fields are said to be similarly damaged. Fosses where showing above ground are also nipped.

The heavy downpour of Monday night and Tuesday morning, however, did not do much harm all thru the county, but more particularly up around Ringwood, where there seems to have been some serious damage. Hundreds of acres were completely under water and the ditches and rivers were unable to retain the floods. It is questionable if this spring has been so early in the county as this.

Two or three bridges and culverts in Markham Township have been swept away, and the repairing of these, together with the erection of two already contracted for, will require to be arranged for.

On well drained lands the outlook for all spring crops is excellent, while fall wheat is for the most part looking well.

TODMORDEN.
Local Men Up in Arms Against Hoodlum Element.

TODMORDEN, April 28.—(Special.)—The attention of the county police is drawn to the case of pot-hunters who infest the woods along the valley of the Don River on Saturday afternoons. These hoodlums shoot everything they see in the line of hair or feather and many insectivorous birds are destroyed. The Ontario Government sequestration that applies to the present, to the vicinity of Toronto.

On Leslie street, which is a jointly owned road by the city and Township of York, are several dead dogs. These putrid animals are lying in a dump on the west side of the street and were brought down from town in the winter. The stench is very disagreeable to passers-by.

MONTREAL, April 28.—(Special.)—The Bank of Montreal's tender of \$101 25 for the city's \$5,000,000 loan has been accepted by the controllers and will probably be confirmed by the council.

COMET VISIBLE IN CITY
Three Torontonians Viewed It Early Yesterday.

Halley's comet was sighted by at least three Torontonians early yesterday, viz., Prof. Chant of the university, A. R. Hassard, the barrister, who is an ardent astronomer, and R. S. Muir, a member of the Astronomical Society.

Mr. Hassard reports it as being in the eastern sky, pretty well up. Those who know something about the position of the more important heavenly bodies will be able to locate it by the positions of the great square of Pegasus and the star Venus. Draw a line from the lowest star in the square to Venus, and on the line about midway between the two stars will be seen the comet.

Mr. Hassard viewed it from about 3.45 till 4.30, using a small glass at first. It can be discerned with the naked eye. The color of the head is clear white and the tail as it recedes becomes a light grey.

Drowned in Frederickhouse Lake Monday Night.

HAILEYBURY, April 28.—Roy Delibough, whose own brother was drowned recently, brought the news to town to-day of the drowning of two Toronto men in Frederickhouse Lake on Monday night. No clue can be had as to the personnel of the drowned men, but it is said they came from Toronto. Their bodies have not been recovered, although the searching party is dragging the lake for them.

The body of Freddie Delibough, the eighteen-year-old Haileybury boy who was drowned in Frederickhouse Lake on November 8 of last year, was found on Tuesday floating on the surface near the centre of the lake.

Realty and Building

The number of building permits issued by City Architect McCallum during the first four days of the present week is keeping well up to the record already established, and the department reports that they are being kept exceedingly busy in this respect.

The Union Bank has taken out a permit for the erection of their new building at the corner of King and Bay-streets, on the property formerly occupied by the Naamith Company. The building is to be a five-story brick and stone edifice and is to cost in the neighborhood of \$150,000. Darling and Pearson are the architects.

A permit has been issued to the Sisters of St. Joseph for the erection of a four-story brick and stone edifice and is to cost in the neighborhood of \$150,000. Darling and Pearson are the architects.

W. J. McMurphy, manager of the Cold Metal Manufacturing Co., has taken out a permit for the erection of a six-story brick and stone edifice and is to cost in the neighborhood of \$150,000. Darling and Pearson are the architects.

The property is freehold and has a frontage of 27 feet 6 inches on King-street and a depth of 100 feet. The company intends immediately making alterations to the building to render it suitable for their growing business.

WOMEN NOT OFFICE SEEKERS

Advantage of the Ballot Hasn't Spoiled Australians.

At the reception tendered to Mrs. J. B. Bengough by the Toronto Suffrage Association last evening at the Zion Congregational Church it was made apparent that the movement is forcing ahead. Music, recitations and speeches, the latter by Mrs. Bengough, the chairman, Dr. Mark Gordon, Mrs. Flora Denison and Mrs. Craigie, a delegate to the late National Suffrage Convention at Washington, were well interspersed.

Mrs. Bengough said in part: "The power is inherent in all women to purify the vulgarities common to polling booths, but she must be alive to her responsibilities and must in her endeavors towards reform face these conditions courageously. In my travels in Australia, the home of universal suffrage, I could find no evidence of office-seeking propensities, and among the many suffragists I have met there not one had lost her womanliness."

LABOR LEADERS GATHER

In Montreal, But It Is Believed Builders Will Accede to Demands.

MONTREAL, April 28.—(Special).—Although there may be no conflict between the builders and the workmen the arrival to-day of several international leaders created a good deal of interest in view of the near approach of May Day. W. Scott of Winnipeg, organizer of the International Painters' and Decorators' Brotherhood, J. Butler, Buffalo, of the bridge and iron workers, Thomas Leonard, Toronto, of the bricklayers' brotherhood, J. J. Keogh, of the iron moulders' union, W. Glicking, of the Trades and Labor Congress of Canada, and S. C. Landers, of the garment makers union are all here.

A general advance is demanded, but it is believed that the advances are not large the builders will accede.

MRS. ADAM BECK WINS THE KING EDWARD CUP

Unfavorable Comment Made When Judges Place Myopia Ahead of Stayaway in Jumps.

With hardly a vacant seat in the armchairs the horse show last night presented a brilliant spectacle, the feature event of the evening, the King Edward Cup, going to Mrs. Adam Beck's grand horse Lady Norfolk, with Lady Warwick, owned by the Ennisclare Farm, a good second. Nine competed in this event, the judges making their decision between the first two and Duchess of Marlborough, owned by J. T. R. Laurendeau of Montreal, but Mrs. Beck's horse won out on conformation and style.

The pacing class over 15.2 in the afternoon was an exceptionally good class. Miss K. L. Wilks of Galt with Susie O'Connell, with Sam McBride's Sheila W. second. This class was very much better than the one earlier in the afternoon for paces under 15.2.

That good combination horse Jasmine, owned by the Ennisclare Farm, added another win to her credit in the combination class in the evening. Jasmine is an ideal combination horse, and was much the better in the class, although there were some good ones.

Crowd and Murray's new purchase, Dress Parade, annexed the trotter class from Sam McBride's Gavey Girl. Dress Parade is a very classy looking horse with a great burst of speed and it is no wonder it caught the eye of the spectators.

The last event of the night caused a lot of comment when the judges gave George Wemyss, the trotter, the ribbon over Crow and Murray's Stay Away. This pair were brought back twice to go over the hurdle, the judges giving the ribbon to the decision to Myopia on form. How they could do that is a mystery to a large number of horsemen, who were loud in their complaints of the award in this class. Stay Away had Myopia beaten again where were the judges when they gave the ribbon to the trotter, belonging to Crow and Murray, the first jumper on the program. This horse jumped just as cleanly as Myopia did, yet first trial, yet not given a second trial and even a ribbon. It is certainly a bad decision and the crowd did not fail to notice it.

Tuxedo Park

THERE is no question about the attractiveness of the place—or the value of the lots—or its desirability as a residential spot.

And when—on the top of all this you consider its social advantages—for owning a home in Oakville is in itself almost a passport and stamps its owner as possessing a selective taste—and the satisfaction of living in a place which affords all the comforts and amusements, where friends combine to make life pleasanter, there is no drawback left.

A Golf Club and a Casino make provision for all outdoor and indoor sports and pastimes on both land and water.

Good transportation facilities and all the conveniences of the city all go with the lots and you become the possessor of all these privileges by simply paying from \$6 to \$10 per foot for the best building lots you ever saw. In all Canada you cannot beat this proposition.

And—it's here at your door.

Don't forget to arrange for FREE transportation TO-DAY. Train leaves at 2 p.m. on Sat., April 30, returning 4.07, 6.12 and 7.34 p.m. If you cannot come on Saturday we will arrange to take you on a special trip.

SEEKS TO ESTABLISH UNIVERSITY IN CHINA

Rev. Lord Gascoyne-Cecil Outlines Scheme For Founding of University Along Western Lines.

The establishment of a great university in some portion of China, preferably Hankow, modeled on the lines of Toronto University, and divided into two divisions, each to be supported by different countries, or different Christian denominations, is the scheme which has brought the Rev. Lord William Gascoyne-Cecil, rector of Hatfield, to Canada.

The distinguished clergyman, who, accompanied by his wife, Lady Florence Cecil, arrived in Toronto last night, brought with him a letter from the late Marquis of Salisbury, England's great Conservative leader.

When seen last night, he outlined the scheme which has brought him across the Atlantic, details of which he has already laid before the universities of Yale, Columbia, Harvard and Princeton.

"I came to place before Canadian educators a scheme which has originated in Oxford and Cambridge, and which they are quoting before the world," he said.

"It has for its object the foundation of a university in China, a country which at present is going through important developments. China is fast becoming a nation, and a short time ago no one regarded the Japanese as anything but an oriental race. Russia despised her, but now she is a European nation."

"We are anxious both as educators and Christians to help China to the highest ideals, for we feel that no nation has a right to refuse either the knowledge of spiritual or earthly things to another nation who seeks them."

"Besides, we are confident that if

Important News for Women

Simpson's Cloak Department has Prepared a Series of Six Saturday Attractions

THE full details about each of these offers follow. You see they involve each chief section of the salon, and that is the idea—to start off the heavy Saturday selling evenly throughout the department at the very first part of the day. Consider each of these offerings as a Sale in itself.

The Item of Chief Importance Comes from the Suit Section.

We will offer up-to-date, stylish suits of diagonal serge and shadow striped satin cloth, worth \$22.50 and \$21.00, for \$14.75.

One style is in the Russian blouse effect, trimmed with moire.

The other is a close-fitting style, green, navy, black or grey.

Made in a number of one-piece styles, some with yoke and collar of guipure lace insertions, others with strappings and pipings on Valenciennes lace and insertion.

A few of these dresses are soiled a little, but all are otherwise perfect. \$4.69.

In the Section Devoted to Separate Skirts

We offer 100 Separate Skirts, worth \$6.50 and \$5.00, for \$2.98 Saturday morning.

Variety of timely styles.

A Section for Raincoats and Saturday's Offer

We offer about 80 women a choice of \$15.00,

\$13.75, \$12.50 and \$9.50 Rain Coats, for \$5.69 to-morrow.

English cravenette, rubberized materials, and Roseberry cloths.

Fawn, tan, brown and green shades, some plain, some trimmed, some with storm collar, some with roll collar, some semi-fitting, some loose. Nearly all sizes, \$5.69.

And Last, but not Least, Girls' Suits

Fifty-five smart school suits, sold regularly at \$8.00 and \$8.75, will be sold at \$4.98.

All-wool Panamas, in navy or grey; fancy Venetians in taupe, navy or brown.

Neatly fitting coats with fancy patch pockets, trimmed with buttons. Sizes for 10, 12 and 14 years in lot, \$4.98.

NOTE—No phone or mail orders can be accepted for any of these special lines for Saturday. Quantities are limited and ranges are such that customers will have to see and choose personally.
