## BRITISH OPEN BALKAN DRIVE Troops Have Crossed The Struma River GINCHY IS RETAINED IN FIERCE HAND-TO-HAND FIGHTING Government Inquiry Into Second Quebec Bridge Disaster

### BRITISH EXPEL BULGARS FROM FOUR VILLAGES

Heavy Fighting Follows Cross-  
 ing of Struma Under Cover  
 of Darkness.

**DRIVE IS UNDER WAY**  
 Serbians and French Are Also  
 on Offensive on the  
 Macedonian Front.

Special Cable to The Toronto World.  
 LONDON, Sept. 11.—British troops,  
 after crossing the Struma, have driven  
 the Bulgarians from four villages.  
 On the left wing the Serbians have  
 made an important advance and are  
 tenaciously holding the Villages of  
 Emboria and Pakeschiri, wrested from  
 the foe, while the French are on the  
 offensive from the Vardar to Lake  
 Doiran. It is believed that the big  
 drive of the entente allies in the Bal-  
 kans, long awaited, is at last under  
 way. The British advance is being  
 made along the main road leading to  
 Serev, recently evacuated by the Greek  
 garrison.

The official British statement says:  
 "Our detachments crossed the  
 Struma yesterday afternoon at Ne-  
 stori and several places about Lake  
 Tchinov."  
 "After considerable opposition we  
 expelled the enemy from the follow-  
 ing villages: Orisman, east of Buzjak  
 farm, upper and lower Gudel and  
 Nevoljen. The enemy counter-  
 attacked strongly, but was repulsed  
 with the loss of prisoners, the num-  
 ber of which has not yet been ascer-  
 tained."  
 "Crossed During Night."  
 An earlier statement issued by the  
 French War Office said the British  
 troops crossed the Struma during the  
 night under fire of the Bulgarians,  
 and after gaining a footing on the  
 eastern bank about 40 miles north-  
 east of Saloniki attacked the villages  
 of Nevoljen and Karababes. The  
 enemy was described as making an  
 obstinate resistance. A fresh with-  
 drawal of Bulgarian advanced posts  
 on the Serbian front was also re-  
 ported.

**ITALY WILL BLACKLIST  
 FIRMS ASSISTING FOE**  
 Rome Government Compiles Re-  
 cord of Hostile Concerns  
 Among Neutrals.

LONDON, Sept. 11.—Italy is com-  
 piling a blacklist of firms in neutral  
 countries who are in close business  
 relations with enemy countries, ac-  
 cording to a Rome despatch to The  
 Times.

### WAR SUMMARY THE DAY'S EVENTS REVIEWED

MARTIAL events moved most swiftly in the Balkans yesterday,  
 and it appeared from the lulls in other theatres that the com-  
 batants were pausing in their struggle to become spectators  
 of the opening of the latest section of the allied campaign. The ball  
 was opened by the British sending detachments across the Struma  
 River at points from 30 to 40 miles north of Saloniki, and driving the  
 Bulgarians from four villages. The fighting was sharp, but short,  
 and the British also made quick work in the disposing of Bulgarian  
 counter-attacks. While these developments were unfolding on the  
 allied right wing, the Serbs on the allied left also attacked the Bulgarians  
 with success. The French in the centre increased the vigor of  
 their cannonading. The near imminence of decisive battle has so  
 stirred up the Greeks that the garrison of Verria has declared its in-  
 tention of sharing with the allies in the glories of the campaign.

Perceiving that the national pro-ally sentiment of the Greeks is  
 likely to drag the Hellenic kingdom into the war despite the royal  
 and ministerial attitude of aloofness, the Athens government and the  
 king are reported to be negotiating with the allies for a suitable re-  
 ward for participation. The business has apparently entered its  
 bargaining phase with the official Greek demands far too high for the  
 worth of their assistance. German agents have become bolder and  
 badder than ever, and they are still inciting the mob of the capital to  
 perpetrate outrages against consular and other agents of the allies.  
 The action of these trouble-makers in turn has stimulated the allies  
 to fresh exertions to force the premier to suppress untoward demon-  
 strations and to deport the tools of the enemy.

The close censorship prevailing in the allied capitals makes the present  
 situation on the Roumanian-Bulgarian frontier rather obscure, but it is  
 known that after retaking Dobric, south of the Danube, and of Silistria,  
 lately fallen to the Germans, the Russians are still sweeping southward  
 towards Varna and they are supposed to be planning an encircling move-

### TWO KINGS ON THE FIRING LINE

 Albert I. of the Belgians. This is the first photograph of King Albert to  
 reach this country in many months.

### REVOLT OF GREEKS IS GAINING GROUND

Verria Garrison Announces  
 Intention of Joining En-  
 tente Allies' Forces.

PARIS, Sept. 11.—A despatch to The  
 Temps from Saloniki, says:  
 "The revolutionary movement is ac-  
 tive at Verria (about 40 miles south-  
 east of Saloniki), where Captain  
 Bartoczas has announced to General  
 Cordonnier, commanding the French  
 troops, his intention of fighting with  
 the entente allies. The battalion com-  
 mander at Verria also has announced  
 that his battalion will participate in  
 the movement."  
 "These events are parts of a rapidly  
 extending plan for the formation of  
 a Greek army of national defence.  
 Numerous volunteers for this army  
 are arriving here daily, coming from  
 remote islands and regions of old  
 Greece. The recruits are equipped  
 immediately with khaki uniforms and  
 are sent to a camp a few miles outside  
 the city."

### BELGIAN AVIATORS DROP COPIES OF MANIFESTO

HAVRE, Sept. 11.—An official state-  
 ment issued by the Belgian war office  
 says that a Belgian aviator flew over  
 Brussels on Wednesday night and drop-  
 ped copies of a proclamation. Another  
 aviator performed a similar mission over  
 Antwerp on Thursday.

### FOE SUBMARINE SINKS NORWEGIAN STEAMER

AMSTERDAM, Sept. 11, via London,  
 10.50 a.m.—The Norwegian steamer Lind-  
 borg, bound from London for Rotterdam,  
 has been sunk by a submarine, accord-  
 ing to The Algeheer Handelsblad. The  
 crew of the submarine stripped the  
 steamer of all copper objects before blow-  
 ing her up. The Lindborg's crew has been  
 landed.

### Newspapers Can Be Sold In Camp Borden on Sunday

Gen. Logie Issues Order Allowing Sales  
 Up to Nine o'Clock From  
 Canteens Only.

By a Staff Reporter.  
 CAMP BORDEN, Ont., Sept. 11.—An order issued today by Major-  
 General Logie permits newspapers to be sold in the camp up to  
 nine o'clock on Sunday mornings, but the sale must be only from the canteens and  
 not on the camp streets by newsboys.  
 This ruling by Gen. Logie is an outcome of a visit to camp today  
 of Rev. W. M. Rochester, secretary of the Lord's Day Alliance. He con-  
 ferred with the general in respect to the sale of "Sunday" newspapers in the  
 camp. Mr. Rochester's attitude was that the troops should not be  
 deprived of the privilege of buying the Sunday editions of the news-  
 papers, but that the sale of papers should be prohibited through the camp  
 on Sundays.

### GREECE HAS ANOTHER MINISTERIAL CRISIS

Premier Zaimis is Reported to  
 Have Tendered His Resig-  
 nation to King.

LONDON, Sept. 11.—A Reuter's de-  
 spatch from Athens says a ministerial  
 crisis is imminent. Premier Zaimis is  
 believed to have tendered his resignation,  
 the despatch says.  
 Athens and Saloniki despatches during  
 the past few days have indicated that the  
 Greek tangle is far from being straight-  
 ened out. Disaffection among the Greek  
 troops is reported spreading, and King  
 Constantine's pro-German advisers have  
 charged that French influence was in  
 part responsible.

### BOITSH DEFEAT FOE BUSHES IN CLOSE COMBAT

Repel German Counter-At-  
 tacks About Ginchy in  
 Fierce Fighting.

**TAKE SOME PRISONERS**  
 Sir Douglas Haig's Forces  
 Hold Own in Desperate  
 Struggles.

Special Cable to The Toronto World.  
 LONDON, Sept. 11.—The British  
 engaged in fierce hand-to-hand fighting  
 about Ginchy on the northern bank  
 of the Somme, when the Germans  
 counter-attacked them, according to  
 the despatches from Sir Douglas Haig  
 tonight. Four officers and 101 men  
 were taken prisoner by the British in  
 repulsing these attacks. The total  
 number of prisoners taken since the  
 last report was made exceeds 200.  
 North of the bluff the British  
 trenches were threatened with a bom-  
 bardment by German trench mortars,  
 but the British artillery and trench  
 mortars were trained on the enemy and  
 speedily silenced his guns.  
 "Excepting for the continuous bom-  
 bardment of heavy guns, today passed  
 without incident south of the Ancre,  
 the Germans dropping their counter-  
 attacks, and the British troops com-  
 pleted the consolidation of the posi-  
 tions which they captured Saturday  
 and Sunday.

"The pressure towards Lens and  
 Lille by the British army continues.  
 Under cover of the darkness last night  
 British troops raided the German  
 trenches at several places between  
 Neuville-St. Vaast and La Bassée Canal  
 and took some prisoners. The British  
 operations from Ginchy to sur-  
 mount for the ground slopes down-  
 ward from that point. The British  
 tenure of that village affords them not  
 only valuable ground for observation,  
 but it deprives the Germans of the  
 same advantage."  
 The British official statement from  
 general headquarters, issued tonight,  
 says:  
 "The situation south of the Ancre  
 is unchanged. The day passed with-  
 out any special incident."  
 "Counter-attacks made by the enemy  
 yesterday about Ginchy led to fierce  
 hand-to-hand fighting, in which four  
 officers and 101 men were taken  
 prisoner. Including these, the total number of  
 (Continued on Page 10, Column 5).

### NEW SPAN OF QUEBEC BRIDGE COLLAPSES, KILLING TEN MEN

THE TRAGEDY OF THE QUEBEC BRIDGE  
 AND OUR LOOSE POLITICAL METHODS

QUEBEC, Sept. 11.—The catastrophe of  
 the Quebec bridge shattered the reputa-  
 tion of the responsible engineers, perhaps  
 of the contractors, and certainly dealt a  
 blow to our political institutions in so far  
 as great public works are concerned. We  
 are not dealing at the moment with the  
 regrettable loss of life which can never be  
 replaced as victims and their  
 wives and their dependents are concerned.  
 The bridge was the dream, the ambi-  
 tion of the Hon. Mr. Parent, in many  
 ways the biggest man in the city and the  
 Province of Quebec. With his dream of  
 the bridge came a bigger vision, that of  
 Sir Wilfrid Laurier of a great transcon-  
 tinental railway of which this, the great-  
 est bridge in the world, was to be a link.  
 And these two men of high hopes and  
 long suffering and trials innumerable,  
 viewed from a government yacht the  
 suspended and completed span, ascend-  
 ing apparently in a most successful way  
 to its final resting place on the spreading  
 arms of the two great cantilevers, then  
 in a moment that span of six thousand  
 tons in weight, plunged into the deep  
 waters of the majestic St. Lawrence.  
 What the feelings of these two men were  
 at the moment, what they are today, we  
 leave to their fellow Canadians to imag-  
 ine if they can. But it must have been  
 an appalling experience. Over thirty mil-  
 lion dollars have gone into the bridge,  
 and its entire portion has at least to be  
 built anew and it may take another year,  
 provided that the main portion of the  
 bridge is unimpaired and the plan of con-  
 struction is still sound and possible of ac-  
 complishment.  
 No one can say what caused the ac-  
 cident. The men who were there on the  
 work and who had planned it so care-  
 fully to the latest detail and to the last  
 moment, declare that they do not know  
 what happened. Nor do we believe, after  
 what these eminent engineers themselves  
 said yesterday, that we will never be able  
 to know just what happened other than  
 that it went to the bottom of the river  
 in the twinkling of an eye.  
 But Mr. Parent's bridge is still uncom-  
 pleted. It is again the subject of reconsider-  
 ation and much re-verification of the  
 plans. The bridge that at first was to  
 cost a few million has already cost forty  
 millions and it is still an uncompleted  
 fact.  
 As for the great transcontinental rail-  
 way of Sir Wilfrid Laurier, it is built,  
 except the bridge, at a cost of hundreds  
 of millions more than parliament and the  
 people were told when the empowering  
 legislation went thru. The Grand Trunk  
 Railway has declined to take it over and  
 run it on rentals, for now some months  
 it has been on the hands of the govern-  
 ment which has been trying as best it  
 can under our present loose-political sys-  
 tem to make it a working factor in our  
 transportation problem.  
 The bridge and the railway are where  
 they are today and there is no light  
 ahead. If the conception of the bridge  
 and of the transcontinental railway  
 sprang from the minds of Mr. Parent,  
 Sir Wilfrid and the Liberals, the respon-  
 sibility of completing them and dealing  
 with them lies on the Conserva-  
 tives and the administration of Sir Rob-  
 ert Borden. Sir Wilfrid has not been able  
 to see the completion of his work, and he  
 and our loose-political system must abide  
 the consequences. As for the govern-  
 ment in office we can only regret that  
 for months Hon. Frank Cochrane has been  
 in such bad health that no active and  
 physically fit man was at the head of the  
 department of railways, that the respon-  
 sibility was assumed from time to time  
 by colleagues. This never should have  
 been allowed. Able as Mr. Cochrane was  
 and energetic as he was, the unfortunate  
 practice that has prevailed in the country  
 of not letting out a minister of the high-  
 est responsibility when his health fails,  
 prevailed again and we see the conse-  
 quences. A change of ministers might  
 not have changed the result, but the  
 people find themselves once more in the  
 face of a grave situation suddenly arising  
 and when they ask for the responsible  
 minister, they are told of the months of  
 illness of the man who was suffered to be  
 on the work. Indecision may be bred  
 in the people when it obtains in the mind  
 of the prime minister. We owe our faith  
 in responsible government when we find  
 laxity in maintaining efficiency. The day  
 has come for the people of Canada to re-  
 view their institutions or at least the  
 practices of those in office and the way  
 their responsibilities of office are fulfilled.  
 The bridge and the great railway are  
 a tragedy and the people must think  
 about them as such. The nation must  
 take a new view of her great transporta-  
 tion problem and the responsibilities of  
 public men. The old ideas have ended in  
 disaster. But there may be a new light  
 dawning, but it will never dawn as long  
 as private corporations are able to assu-  
 mate our great national policy.  
 W. F. M.

### AUSTRIANS FORCED TO YIELD GROUND

Enemy Using Dum-Dum Bul-  
 lets Against Invaders  
 of Transylvania.

CEDE FURTHER GROUND  
 Roumanians Occupy Helim-  
 bar Village and Take a  
 Number of Prisoners.

Special Cable to The Toronto World.  
 LONDON, Sept. 11.—While Berlin  
 and Sofia are boasting of successes on  
 the Drobudja frontier, Vienna is com-  
 pelled to admit further retirement of  
 her troops in eastern Transylvania  
 before Roumanian forces. Acknowl-  
 edgment is made that the front has  
 been "withdrawn somewhat" west of  
 the Gyerra valley and Calk, eight  
 miles north of the Calk Szeveds, but it  
 is asserted that the Roumanians who  
 gained possession of the important  
 Town of Gepova a few days ago, have  
 failed in several attacks north of the  
 town.  
 The official communication from  
 (Continued on Page 2, Column 7).

### REPUBLICAN PARTY SWEEPING MAINE

Democrats Badly Routed in  
 the State Elections Held  
 Yesterday.

HEAVY VOTE RECORDED  
 Whole Ticket From Candidate  
 for Governor Down Leading  
 Easily.

PORTLAND, Me., Sept. 11.—At mid-  
 night the indications, based on a tabu-  
 lation of the vote from a little more  
 than half the precincts, were that the  
 Republicans had won the state elec-  
 tions today by safe pluralities.  
 If the ratio of the Republican margin  
 in maintained Carl E. Milliken will  
 be elected governor by about 11,500  
 plurality. Bert M. Fernald, Republi-  
 can, seems to have been elected for  
 the short term in the United States  
 Senate, and the same ratio of gain  
 would give him a plurality of 9500.  
 U. S. Senator Charles F. Johnson,  
 Democrat, apparently has been de-  
 feated by Frederick Hals by an indi-  
 cated plurality of 7500.  
 If the Republican congressional candi-  
 dates hold the lead they had at the  
 above hour, three, Louis B. Goodall, in  
 the first district, Congressman John A.  
 Peters in the third and Ira G. Hersey in  
 the fourth, will be elected. Congress-  
 man Daniel J. McGillicuddy, Demo-  
 crat, appeared to have been defeated in  
 the second district by Wallace H.  
 White, but the fight was close.  
 The total vote may prove to have  
 been the largest ever cast in the state.

### Huge Structure Weighing 5100 Tons Breaks From Hoisting Tackle and Plunges Into River While Thousands Watch From Shore—Cause of Accident Subject of Official Gov- ernment Inquiry.

By a Staff Reporter.  
 QUEBEC, Sept. 11.—Startling and  
 dramatic beyond all precedent was the  
 second fall of the Quebec bridge.  
 Seven years ago the loss of life was  
 greater, but the tragedy of today will  
 none the less come as a greater shock to  
 the people of Canada. The great  
 central span which was to complete the  
 greatest bridge in the world fell in the  
 presence of many thousands of people.  
 The St. Lawrence was an fetid and hazy  
 population of Quebec City lined the  
 shores of the great river, and waited  
 expectantly for the final completion of  
 the work which has been the dream  
 of Quebec for nearly a century.  
 The river itself was crowded with  
 vessels, yachts and launches of every  
 kind. Many senators and members of  
 parliament with representatives of the  
 press were aboard the steamer, Rapida  
 King, which was chartered by the  
 government for the occasion. On the  
 government vessel, "Lady Grey," were  
 Hon. Frank Cochrane, minister of rail-  
 ways and canals, Hon. J. D. Hanson,  
 minister of marine, Hon. C. J. Doherty,  
 minister of justice, and other members  
 of the cabinet. Postmaster-General  
 Hon. T. C. Casgrain had his own de-  
 partment vessel, "The Lady Evelyn,"  
 and among his guests were Sir Wilfrid  
 Laurier and Hon. S. N. Parent. An-  
 other vessel carried the gubernatorial  
 party from Spencer wood. The Cd. S.  
 Co. had on hand a flotilla of vessels  
 which brought the sightseers from  
 Montreal, Murray Bay and other  
 places.  
 At sunrise the tug with the great  
 pontoon that carried the bridge span  
 moved up the river with the tide from  
 Lively towards the bridge. The span  
 was 510 feet long, 88 feet wide, 110  
 feet from its base to the highest part  
 and weighed five thousand six hundred  
 tons. The decks of all the steamers  
 were crowded with anxious spectators  
 watching the slow progress of the  
 pontoon, and it was nearly 8 o'clock when  
 the tug brought the span to the place  
 into position and securely fastened the  
 great hoisting tackle, which was to  
 place it in position and complete the  
 bridge.  
 This achievement was acclaimed by  
 shrill whistles from the tugs, which  
 was immediately taken up and repeated  
 by the many vessels that filled the  
 river. The crowds on both banks rolled  
 back a deafening cheer and the work  
 of hoisting the span into place began.  
 It had been estimated that the ascent  
 would be at the rate of two feet every  
 twelve minutes.  
 Great Span Broke.  
 After perhaps a half hour those  
 even most distant from the scene of  
 operation could see that the great span  
 was in the clear and was steadily  
 making its upward climb. The pro-  
 gress was slow, but constant, in ac-  
 cordance with the schedule planned  
 and announced by the engineers.  
 Many spectators considered the great  
 job as practically completed, and the  
 vessel containing the parliamentarians  
 and newspaper men was preparing to  
 return to Quebec. Then, whether by  
 accident or design, there was another  
 wild but concerted outburst of enthu-  
 siasm. By this time the sun was  
 shining with dazzling brightness and  
 the silver ripples of the St. Lawrence  
 flashed like diamonds in the sunlight.  
 Men on all sides were shaking hands  
 and congratulating one another upon  
 the successful completion of a great  
 national enterprise. The hundreds of  
 vessels within view of the bridge again  
 emitted their shrill chorus of whistles,  
 flags were waved and crowds were  
 cheering, when suddenly, the great span  
 broke from the hoisting gear and  
 plunged into the river. The officials  
 of the St. Lawrence Bridge Co., the  
 contractors on the work, pointed out  
 this afternoon that the hoisting gears  
 and the entire hoisting apparatus were  
 still intact and in place. Pieces of  
 plate belonging to the missing span  
 still adhere. The defect therefore must

have been in the material of the span itself. An official investigation will be ordered by the government without delay.

**Ten Men Missing.**

The news of the great disaster plunged the ancient capital into the deepest gloom. While it seems to be understood that the government will persevere in the great enterprise which has already cost millions of lives, there are nearly one hundred of those who should still be located further up stream where the river is narrower and shallower and where it would be possible to have three pieces instead of two and thus to save with the necessity of a span of a hundred feet only a span of a few feet. It is believed that the toll of the dead will not exceed ten, although a greater number of men are reported missing by the St. Lawrence Bridge Co. Three men are in the hospital. Several others, however, who went down with the work escaped without injury.

**Ill-Begotten Enterprise.**

The Quebec bridge has been an ill-starred enterprise. It was first undertaken by the Quebec Bridge Co., a private corporation of which Hon. S. N. Parent, minister of railways, was president. It received cash subscriptions from the province and City of Quebec, and was to be a venture as well as a franchise.

Theodore Cooper of New York designed the bridge, the plans had been built and a cantilever from the south shore to the nearest pier put in place by 1907. A span was being constructed from the south pier towards the middle of the stream, when on Aug. 29, 1907, the bridge collapsed, killing ninety workmen. The government then took over the enterprise, paying the stockholders of the Quebec Bridge Co. the par value of their stock plus ten per cent., and assuming all the liabilities of the corporation.

A committee of expert engineers was appointed to examine the piers and draw plans for a new bridge. They reported that one of the piers needed strengthening and recommended that the cantilever plan be adhered to, but made many changes in the Cooper plan, so as to insure greater safety in its overhead construction. They also, however, included a span of 1800 feet, the longest bridge span in the world. The work was vigorously prosecuted by the contractors, the St. Lawrence Bridge Co., under the direction and supervision of the department of railways and canals.

To day was to see the last span placed into position, and fifty 5000 people had gathered to see the spectacle. They remained to witness a most appalling tragedy.

When the span buckled and fell the adjoining cantilevers in place vibrated violently.

A number of sightseers were on the bridge itself, including many women. Some of the latter, however, were injured.

Hon. J. D. Hazen, who was near the scene of the disaster on the ministers' boat, the "Lady Grey," says that he saw only the buckling of the span and did not perceive any sagging at the corner, which others think preceded and caused the buckling.

Among the members of parliament who witnessed the great disaster were Senators Beaubien, Wilson, Belcourt, Owens, Mitchell, McSweeney, Chénier, Casgrain, Boyer, Domville, Dandurand, Belque, Legris, Bolduc, and W. F. Mackenzie King, Hon. Jacques Bureau, Hon. William Lacombe, Messrs. Nicholson, Michaud, Achan, Wilson (Laval), Sexsmith, Northrup, Brabant, Turbott, Gagnon, Gauthier, Lean, Scott, Morris, Gauron and Robb.

Mr. Speaker Seignay and Hon. E. J. Plamondon, minister of marine, were on the steamer "Rapids King" with the parliamentary party.

A cry of anguish went up from the onlookers as the steel rushed to its watery bed. Women shrieked, men stood dumfounded while the en-

neers, bridgemen, and those interested in the building of the bridge could scarcely hold back the tears which welled to their eyes. It was as if they had lost a great friend. They had lived with this span. They prided in their work. And on the day when their big desire was to be achieved, fate had intervened and their hope had been torn from them forever. What will be done in future is not a question with them. They have lost—when victory seemed certain.

**The Worst Was Over.**

Probably never in the history of Quebec has an event attracted such interest. The St. Lawrence river was simply dotted with craft of all descriptions, boating their quota of spectators to the scene of operations. On the hills and along the shore on both sides of the river, the crowds were dense. The scene was a picture of confusion and excitement while hundreds walked miles to have a peep at the culmination of Quebec's mighty project.

**The Worst Was Over.**

At 8 o'clock the span was in place under the cantilevers. For a while there was a stop. The watching spectators craned their necks, expecting to see the spans move out any minute. And suddenly their hopes were realized. One of the tugs gave the signal, the rest took their cue and the spans began to move. The big crowds on the shores cheered wildly as the span held on what looked like a frail support. The worst was over to all intents and purposes. The engineers were pleased. The hydraulic jacks began their tedious work. The span almost imperceptibly started up wards. Most of the boats turned and steamed for Quebec, while spectators on the shore rushed homeward. There could be no hitch. It was only a matter of time. Comparatively few witnessed the disaster, but the news spread like wildfire to the city and the gloom it caused could be plainly read in the faces of the citizens. Not only was there a feeling of grief and pity for the unfortunate men who lost their lives, but they felt for the engineers, the bridge men and the City of Quebec, who had again been deprived of its bridge.

**Some Narrow Escapes.**

Archie Cadorette and Joseph Beauregard, two men who were working on the cantilever, jumped when they saw the span go, and fortunately were picked up by H. B. Brown, superintendent of the engineers and officials had narrow escapes. H. McMillan, chief inspector of the works, is in the Jeffrey Hale Hospital suffering from a compound fracture of the leg. He tried to jump from the girder platform on to the bridge, but caught his leg in some manner against the steel, inflicting a nasty wound. The other was J. B. Sterling, who had a narrow escape; G. V. Davies, Paul Davies, who was cut about the face, two MacBeth brothers and Harry Denney.

The sensation of those on the cantilevers when the span tore away from the links was a terrible one. The cantilevers shook like a whip, broke and swung away, but held firmly, proving that their construction is solid.

Some of the men working the jacks were afraid that the whole structure was doomed and three of them jumped into the river. Bob Krampff, foreman of the men working on the links on the steel beams, suffered a minor injury previous to the crash. He was replaced by Archie Cadorette. Cadorette was one of the men who jumped into the river but was rescued. Chas. Sweeney, electrician, married, Lachine; Michael White, single, bridgeman, residence unknown; Michael Lewis, C. Bernier, bridgeman, residence unknown; N. Laroche, bridgeman, Cap Rouge; C. Cadorette and two or three others.

The principal dimensions of the bridge are: Length from shore to shore, 3890 feet; width between butt-

### This Residence, With Large Lot, For Sale

The residence pictured in the photo above, standing in a lot having 100 feet frontage on Madison Ave., is for sale. It is a high class property that seldom comes on the open market. Full particulars will be mailed on application to "World" Box 97.

**HAMILTON SOCIETY**

Mrs. James Wagstaffe is in Atlantic City.

Mrs. Frederick Bowman is the guest of Miss Muriel Lang of Galt.

Miss Violet Smith with Mr. and Mrs. Alan Young at Vernon Island, Muskoka.

Mrs. C. May Gage avenue, Mount Hamilton, announces the engagement of her oldest daughter, Constanta Muriel, to Mr. James Herbert Bayless of this city.

Mr. and Mrs. Amor French announce the engagement of their daughter, Miss Florence, to Mr. Robert Taylor of this city. The marriage is to take place Sept. 27.

Colonel and Mrs. William Hendrie and their guests, Mrs. Hendrie, Miss Isabel Macdonald and Miss Theo Watson have returned from the French River.

Mr. and Mrs. Joseph A. Farmer announce the engagement of their daughter, Miss Isabel, to Mr. Edward Sturges. The marriage will take place quietly in Christ's Church Cathedral on Oct. 1.

Mrs. Alfred Poyla is visiting her daughter, Mrs. C. B. Pym in Toronto.

Miss Maudie of New York is the guest of Mrs. Botwick at Ancaster.

Mrs. Helen Thomson, Victoria, and Mrs. J. M. Williams, Cumberland, are in Detroit for a month as guests of Mrs. Wilson.

Mrs. Harley Larkin will leave for England on Sept. 15 to join her husband.

Miss Winnie Drummond has returned from Paris, where she spent her vacation.

**ORVILLE HOSTETLER.**

Missing since Sunday, only son of Leavette Hostetter, 120 Langley avenue, Riverdale; age fourteen years, height 5 feet, medium dark, large brown eyes, very navy blue bloomers and coat of same color with white stripes, with a blue and white striped necktie. Before leaving home he told his father he would like to be a bugler.

1800 feet; length of central span, 640 feet; height of central span above river, 110 feet. There were two railway tracks, two street car tracks and two roadways.

The bridge has a channel span of 90 feet longer than the Forth Bridge, Scotland, which has previously held the world's record in that respect. The weight of steel in the bridge was 180,000,000 pounds, and the cost, \$17,000,000.

The span, which is a complete wreck, cost more than \$1,000,000. If the whole project is dropped it will mean a loss of \$25,000,000 to \$40,000,000.

Can't Account For It.

P. J. Johnson, president of the St. Lawrence and Dominion Bridge company, said that he was unable to account for it, thus far, he said. "The lifting apparatus is still in place and is practically uninjured. It is hard to say whether the bridge slipped off its bearings or whether the trusses of the span failed. I do not think I can express myself further than this."

W. B. Undergraf, who represented the steel, said that he was satisfied that the bridge was not "let" and that he and who installed the hydraulic jacks, being engineer in charge of installation, on the bridge, is satisfied that the part of the bridge that fell was not "let" and that the jacks are still in their positions and are practically intact. There was no weight on them when the span moved, the being just getting ready to take hold again to lift the span to the fourth notch. It is hard to say just what caused the accident, but it is believed that nothing in the way of expense had been spared by the company to guard against possible mishap, yet the regrettable affair occurred.

**GREECE TO ENTER WAR AT END OF TEN DAYS?**

Entente and Anti-Venezelist Factions Are Advised to Remain Quiescent.

**DISTURBING INCIDENTS**

French Accused of Promoting Disaffection Among Greek Troops at Saloniki.

**ATHENS** Sept. 9, 6 p.m.—Via London, Sept. 11, 8:07 p.m.—"If the entente and anti-Venezelist factions can only keep quiet for ten days and not embroil the situation, Greece's entry into the war will be a settled fact," said a prominent Greek official to the Associated Press this morning. "If not," he continued, "it is the end of Greece."

King Constantine and Premier Zaimis had a lengthy conference on the situation today. On the whole the situation with regard to Greece's entry into the war on the side of the entente allies seems favorable, notwithstanding the arrest of Sunday by Monday by Anglo-French secret police of German and Austrian agents, against which Premier Zaimis vigorously protested, and complicity by the French in the defection of the eleventh Greek division at Saloniki, which profoundly shocked the Greek public and seriously endangered the success of the negotiations then in progress. The mere rumor of the possibility of King Constantine commanding the allied armies in Macedonia, however, seems to override every hesitation.

**ARTILLERY ACTION RAGES IN PICARDY**

French Fight Violent Duel With Germans South of Somme.

**STOPS FOE ATTACKS**

Ally Spends Strenuous Night Repulsing Teuton Assaults.

**PARIS**, Sept. 11.—A violent artillery duel was fought between the French and the Germans on the front south of the Somme River today. The gunfiring was heaviest in the sectors of Berny, Verdandovillers, and Chaulnes. No infantry attacks were recorded.

The Germans maintain that the French attacked them near Belleau Wood and Verdandovillers without gaining any result and that they captured a few houses from the French in Verdandovillers, taking 50 prisoners.

The French spent an active night on the front, repelling no fewer than five German counter-attacks before the enemy gave up the fight either from exhaustion or despair. Several of these attacks were prosecuted by jets of liquid fire.

Ten French aeroplanes dropped 60 large bombs on German military factories south of Bruges in Belgium. They also dropped 104 bombs on ammunition dumps and other military establishments north of Somme-Py. The barracks and aerodrome at Saarburg in Lorraine were also made the target for 20 well aimed French aeroplane bombs, well aimed French aeroplane

**WAR SUMMARY**

**THE DAY'S EVENTS REVIEWED**

(Continued From Page 1.)

ment to drive the enemy back up the Danube. Hardly sufficient time has yet elapsed to permit the Russians to bring their heavy guns up to seize the port of Varna so as to transport their siege artillery by water from Odessa, their base of operations. No further successes are claimed south of the Danube by the enemy and it is not improbable that his forces were able to get outside the British curtain of fire and it was only a matter of time when their new positions were necessarily imperfectly consolidated. Discouraged by their failure in these counter-attacks on Sunday, the host troops did not try conclusions again with the victors yesterday after raids between Neuville St. Vaast and La Bassée Canal in the direction of Lens.

The French were engaged in a violent artillery duel with the enemy south of the Somme yesterday. The chief storm centres were Berny, Verdandovillers, and Chaulnes and their vicinity. Events here will probably hasten forward to another drive by the French.

Nothing of importance was done in the latest fighting on the Russian front, says the general headquarters of the czar in the official communication of yesterday. The Germans and Austrians claim that they have repulsed Russian attacks at Heltz and also at a point twelve miles above that town on the Galia Lipa River. As the line on the Galia Lipa is a strong one it may be surmised that the Russian attacks were merely reconnaissance to feel out the strength and the weakness of the hostile positions. The repulse of anything, even a demonstration, is so rare for the Germans these days that they were eloquent in recording their feat. The Austrians did not take so sanguine an official view of the situation as the Germans profess to take for they merely recorded beating off Russian attacks on the Golden Bystrizza River and at Rafailov.

The recent Turkish excursion into Persia did not permit them to make a long stay, for the Russians sent reinforcements from the region of the Caspian Sea, and these troops are driving the Turks out of the country. The Slav forces have just occupied Baneh, inside the Persian border from Mesopotamia, after a victorious clash. The success of the Turkish operations in this theatre of the war has just come to light. It appears that the Germans are concentrating their energies in the remaining forces in that province. The Russians are not bulging in the Turkish power there in a series of victorious marches.

**IS BADLY HURT WHILE STEALING RIDE ON TRAIN**

Special to The Toronto World.

ST. THOMAS, Sept. 11.—Edward Hickey, aged 25 years, of Detroit, is lying at the St. Thomas Hospital in a critical condition suffering from injuries received while stealing a ride on M.C.R. passenger train. Hickey, with two other Detroit men, Oscar Costello and Simons, concealed themselves behind the coal tender of the engine at Windsor when Sun train was Monday. The engine began scooping water and the men were drenched. They tried to get away from the deluge by climbing on to the coal. Hickey was thrown a considerable distance when picked up by the engine. The other men were injured as well as a severe gash on the back of Hickey's head. The other men were also brought to St. Thomas. They claim they were on their way to Rochester, N.Y.

### HAMILTON NEWS

**STORE PROPRIETOR IS UNDER ARREST**

Stewart Taylor, Burlington, Charged With Shooting Night Constable.

**ADMITS FIRING SHOT**

But Contends He Did So in Order to Protect His Property.

HAMILTON, Tuesday, Sept. 12.—A sensation was sprung yesterday morning in connection with the shooting of Allan Mitchell, the night constable at Burlington, early in the morning of Aug. 30. Stewart Taylor of Burlington, the firm of Taylor Bros., the attempted burglar of those store the officer was investigating at the time, was placed under arrest. The information against him is laid by Provincial Inspector James Smith and Barr this afternoon and with intent to do bodily harm.

It is understood that Taylor has made a statement to the authorities in which he admits firing the shot, but contends that he did so in order to protect his property and thinking he was fired at by the burglar. He accompanied the injured constable to the city hospital here. The Keegan brothers and Lane, who are suspected of being the men who entered the store, will have their trial on Wednesday. Taylor appeared before Magistrate Smith and Barr this afternoon and was remanded for a week. Bail was granted.

**Boy Has Disappeared.**

Allan Walsh, aged twelve years, 13 Kinnaird St., left his home Sunday noon and has not been seen or heard of since. His relatives are at a loss to account for his disappearance. He is about four feet, six inches tall, and has a fair complexion. When last seen he wore a white blouse and gray bloomers. Highlanders Need More.

In response to a letter received from Lieut.-Col. W. H. Bruce, Camp Borden, the publicity committee of the Hamilton recruiting league this evening decided to assist in every way possible in recruiting 150 men needed to complete the 172nd battalion in the meantime the band of the 172nd unit will be invited to give a concert in this city.

**Urges Auction on Hydro Question.**

Only two weeks are left for municipalities to pass resolutions in favor of hydro radials. Controller Morris has written to Secretary Hannigan and Engineer Gabe urging them to send a tough draft of the promised resolution to the different municipalities. He proposes to call a special meeting of the municipalities on September 19 to deal with the matter. If the resolution does not arrive in time to come before the meeting this evening.

There promises to be an unusually long session of the weekly criminal court which opens this morning before Judge Monck. Robert Tulley will face a charge of stealing sugar and other canned goods from the International Canning Co., August 8. Antonio Varrone will be charged with stealing a suit of clothes from the store of Morris Hiltner and will be charged with the attempted abduction of a woman named G. Goodwin and Mary Orchard.

**SEIZE BELGIAN MONEY.**

Belgians Virtually Lost Bank of \$150,000,000.

THE HAGUE, Sept. 11.—The Belgian authorities have seized \$2,000,000 which has been placed in the coffers of the Belgian National Bank in consequence of the suspension of the moratorium. The newspaper says the Germans have offered to pay five per cent. interest and to return the money two years after the close of the war.

**BRITISH STEAMER SUNK.**

LONDON, Sept. 11.—The British steamer Lexie is reported sunk, says a Lloyds shipping agency announcement this afternoon.

The Lexie was a steamer of 3773 tons gross, built in 1911 and owned by London. She was last reported as having arrived at Suez on Aug. 20 from Karachi, British India.

**CHASING VILLA AGAIN.**

SAN ANTONIO, Tex., Sept. 11.—Gen. Pershing's troops have again taken on the chase of Francisco Villa, Pershing reported to Gen. Funston today that his men had already passed through Santa Clara canyon, fifty miles south of the punitive expedition's field headquarters. Villa, learning of the hunt's resumption, is retreating toward San Antonio.

**Bilious Headache**

The liver gets sluggish, the bowels constipated, the bile secreted, the bilious spell with headache, indigestion, stomach troubles.

Dr. Chase's Kidney-Liver Pills relieve most promptly and safely biliousness, indigestion, and stomach troubles, by reason of their combined action on liver, kidneys and bowels.

One pill a dose, 25 cts. a box, all dealers.

**COLORS PRESENTED TO NORTH WATERLOO UNIT**

Twenty Thousand People Witnessed Spectacular Function at Kitchener.

Special to The Toronto World.

KITCHENER, Ont., Sept. 11.—The presentation of colors to the 118th North Waterloo Overseas Battalion, took place this afternoon in Victoria Park under the most favorable circumstances that could be wished for and fully twenty thousand people from Kitchener, Waterloo, Elmira and other parts of the riding and county thronged the park to witness the function. Precisely six hours after marching from the market square, accompanied by the 108th Regiment band, the Waterloo band and collegiate cadets, the soldiers were lined up in battalion formation and were presented with two handsome silken flags with the crest of the 118th richly embroidered on either side. They were the gift of Queen Anne Chapter, I. O. O. E., and the presentation was made by Col. Shannon, O. C. military district No. 1.

After this ceremony had been duly performed, a march past was given in honor of the district officer commanding and the officer was well pleased with the splendid appearance and cleanliness of march.

Following this program, the officers and men marched past and were being entertained to dinner at the Grand River Country Club by the Queen Anne Chapter, I. O. O. E., this evening.

**AUSTRIANS FORCED TO YIELD GROUND**

Enemy Using Dum-Dum Bullets Against Invaders of Transylvania.

**CEDE FURTHER GROUND**

Roumanians Occupy Helimbar Village and Take a Number of Prisoners.

(Continued From Page One.)

Roumanian headquarters issued today's report:

"On the northern and northwestern fronts, west of the upper valleys of the Maros and Toplita Rivers, the enemy continued to retreat. We captured three officers and 237 men. We occupied the village of Helimbar, which is also named Schelleberg. It has been established that the enemy has used dum-dum bullets.

"In the Streibler Valley, west of Merisor, we repulsed several enemy attacks. Our troops, taking the offensive, captured two guns, several machine guns, caissons and munitions, three officers and 200 men.

"On the southern front, there has been fire along the Danube. On the Dobruja front the fighting continues."

**SACRIFICED HIS LIFE TO SAVE COMRADES**

Soldier Threw Himself on Bombs and Was Blown to Pieces.

LONDON, Sept. 11.—The London Gazette announces the awarding of the Victoria Cross to 20 officers and commissioned officers and men.

The extraordinary courage and self-sacrifice displayed by Pte. W. McPhee, late of the Royal Irish Rifles, is recognized. He was in a concentration trench and was opening a box of bombs when the box exploded. The force of the safety pins fell out. The trench was crowded with men, and McPhee, realizing the danger of his comrades, heroically threw himself on the bombs. They exploded and blew him to pieces, but only one other man was injured.

"He well knew his danger, being himself a bomber," says the official account, "but without a moment's hesitation he gave his life for his comrades."

Of Pte. James Miller, late of the Royal Lancaster Regiment, it is recorded that being ordered to carry a message and bring back a reply at all costs, he was shot in the back immediately after he had left the British trench and the bullet came out at the abdomen. Nevertheless, compressing the wound with one hand, he delivered the message, staggered back with the answer, and fell dead at the feet of the officer to whom he gave it.

**STEFANSSON EXPLORERS ARE BACK IN SEATTLE**

Anderson and Party Will Make Report at Ottawa Soon.

SEATTLE, Wash., Sept. 11.—The steamer Northwest arrived from Nome, Alaska, today with seven members of the Vilhjalmur Stefansson Canadian Arctic Expedition that left Victoria, B.C., in the whaler Karluk, June 17, 1913.

The men are Dr. Rudolph M. Anderson of Des Moines, Iowa, second in command of the expedition; the geologist, Dr. Porcupine, Ontario; John R. Cox, topographer, Ottawa, Ont.; Diamond Jenness, anthropologist, Wellington, N.Z.; Fritz Johannsen, naturalist, Copenhagen; George H. Wilkins, photographer, London, and Kenneth G. Quinn, topographer, New York.

Anderson and his party will go direct to Ottawa, to report to the Canadian Government on their achievements.

Anderson and his accompanying scientists escaped the misfortunes that were encountered by the party on the expedition that went from Nome to the Arctic ice in the first winter out. Thirteen members of the Stefansson expedition, including five scientists, perished in the north.

**WESTERN FAIR OPENS**

Exhibition is the Biggest and Best in History.

LONDON, Ont., Sept. 11.—The Western Fair opened in earnest here today, and with what is considered the greatest best offering in the history of the association. Every available inch of space is taken by a large number of the exhibitors coming directly from the C. N. E. at Toronto. Among these are the two Dominion Government exhibits from the live stock commission of the department of agriculture.

**GOVERNMENT MAKES WAR LOAN ATTRACTIVE**

Minister of Finance Comments on Good Investment Character.

By Staff Reporter.

OTTAWA, Sept. 11.—The minister of finance today lauded to the press the following announcement: The second Canadian war loan is now being offered for public subscription. While the government is aware that Canadian patriotic sentiment alone could be depended upon to ensure success, strict regard has been had in fixing the terms of the issue to prevailing financial conditions, with the object of making the offering attractive from the purchase and investment standpoint. The government is confident that this, the second loan for the purpose of raising funds for Canada's war expenditures, will meet with the same loyal and general response which made the first war loan so strikingly successful.

"Multiplex" means "many ply," and many ply means "serviceable." MULTIPLEX BRAND HOSIERY—made in sizes for men, women and children. —Main Floor, Yonge Street.

# EATON'S DAILY STORE NEWS

At both Yonge Street and Queen Street doors are order boxes where orders or instructions may be placed. These boxes are emptied daily at 8.30 a. m., 10 a. m., 1 p. m. and 4 p. m.

## Men's Washable Dress Gloves

FOREMOST in popularity for dress or general wear is the sheepskin chamois glove. Easily and quickly washed in soap and water without injury—it always looks smart and neat and harmonizes with almost every variety of clothing.

An inexpensive glove, too, considering how long it can be worn and how often it can be washed to look like new. A line at \$1.75 is made of soft, natural sheepskin with one dome fastener, prizm seams, gusset fingers, Bolton thumb and two silk embroidered points. Price, per pair 1.75

Also favored among smart dressers is the new washable grey suede glove. It's really ultra fashionable and very distinctive for dress and formal occasions. Like the chamois, it is washable in soap and water, retaining its natural appearance and softness. Our \$2.00 line is made with one dome fastener, prizm seams, gusset fingers, Bolton thumb and two-tone silk embroidered points. Per pair 2.00

Another very popular washable Walking Glove is made of strong, serviceable skins. It is made with firmly sewn prizm seams, gusset fingers, Bolton thumb, two-tone silk cord backs and one dome fastener. In shades of grey, tan and mastic. Per pair 1.50

## Men's Footwear Styles for Fall Wear

IN SELECTING our stock of Men's Footwear for this fall we were careful in choosing only models that were made by reliable manufacturers, such as Packard, and Howard and Foster. Makers who know how to make smart, fashionable footwear that is comfortable and serviceable. The following brands are particularly smart shapes that should appeal to the fashionable.

- The Ritz—A popular Packard shape in gunmetal calf, \$6.50; mahogany shade, \$7.00. In widths A to E.
- The Prince—Another Packard model of note. Made of kangaroo kid with medium toe. A smart general wear boot. 5 to 11. A to E 7.00
- The Alder—A new Packard laced style. Made of velour calf with black cloth tops. 5 to 10, C to E 7.50
- Another Packard Boot is in a beautiful cordovan, dark tan shade. A rich looking model that is sure to be popular among young men this fall. Widths C, D and E. Sizes 5 to 11 8.00
- One of Howard & Foster's Models is made in gunmetal, mahogany or patent leather on the Dorset shape. A smart English record. A to E, 5 to 11 8.00
- Another Howard & Foster Boot is made of vel kid in Blucher style with medium toe. Widths D and E. Sizes 5 to 11. Price 8.00

## Every Man Should Own Two Umbrellas

If he keeps one at the office and one at home he'll be well prepared for the sudden showers that occur. Mentioning a few strong and serviceable umbrellas, from a large assortment on the Main Floor.

For the man of conservative taste there's one line with an assortment of very plain styles. They are strongly made, with wood stick, and have neat rolling frames. The handles are natural, cherry, partridge, fir, malacca, birdseye maple and an assortment of other polished woods. The tops are firmly made of best quality English silk. Price, each, \$5.00, \$6.00 and 7.00

For men who prefer umbrellas more fancy in design, we show a line with handles made of boxwood, with crooks of ebony, horn or ivory, some mounted with gilt or silver. The tops are made of silk and wool mixtures, paragon frames. Price, each 8.50

Another line has covers made of silk and wool mixtures, made on steel frames and rods. The handles are in either crook or opera designs, either horn, ebony or boxwood. Price 2.00

## Entering Paris

In the early stages of the war when the kaiser was certain of taking Paris, a medal was minted with the portrait of Von Kluck on the face and on the reverse a low relief of a Valkyrie bearing a flaming torch with the words Nach Paris, 1914 (Entering Paris). Since Von Kluck failed to reach Paris the medal was unavailable, but the torch was singularly suggestive of what was intended to be the fate of that great city. A replica was made from a photograph, and on one side of this appears the Valkyrie exactly the same as that on the original medal. But the other side is entirely different. Around the edge, in raised letters, is a statement made by a German philosopher, and in the centre is the following: Louvain, the Lusitania, Edith Cavell, the Zeppelin victims. It is a little larger than a 50c piece. Some are made of oxidized silver and copper, and priced at each 25c. Others have a rose gold finish and are each 50c. This is a very unique curio pocket piece souvenir, and is intended as a reminder, "Lest we forget."

—Main Floor, James St.

## Fashionable Slip-on Tweed Raincoats for the Wet, Chilly Days of the Coming Fall

THESE ARE COATS that feel and look like the ordinary tweed coat, but yet are waterproof. They give the service of two coats for almost the price of the ordinary tweed coat. One very attractive model we show is made of cheviot finished tweeds in plain dark grey or small checks in grey or brown. It is single-breasted, average length about 50 inches. Front buttons close up and has military collar. The lining is a check pattern. Sizes 34 to 46. Very good value 9.25

Very neatly tailored is another model made of brown cheviot finished material with a tinge of golden intermixed. Full fitting back and lapels that can be worn open or closed. Lined with fancy check pattern. 47 inches long. Sizes 34 to 42. Price 12.50

Another very smart model is in fawn or grey mottled weave. The back drapes full from shoulder and has full skirt. A particularly smart coat in the latest style for fall and winter wear. Price 15.00

—Main Floor, Queen St.

## Fall Weight Top Coats

Just the right weight for Fall and early Winter wear and tailored in dressy form-fitting styles. A Chesterfield coat with natural shoulders is made of an Oxford gray cheviot material. It fits close and is cleverly tailored throughout. Sizes 34 to 42. Very low priced at 11.50

Men's Fall Top Coats, made of finer quality dark gray imported cheviot cloths. These are fashionably styled and have fly front, close-fitting back and notched lapels of medium length. Twill serge lining. Sizes 34 to 44. Prices, \$15.00 to 20.00

Shower-proof, Top Coats, about 42 inches long, with medium flare to skirt; cuffs on sleeves and slash pockets, with opening to inner garments. They are silk lined at shoulders and sleeves only. Dark gray in a soft cheviot; olives, browns and grays, tinged with green, cassimere finished coatings, with large indistinct overplaid. Price 30.00

—Main Floor, Queen St.

## The New Song Hit—"Shades of Night"—Specially Reduced Wednesday, 15c

This very sentimental ballad was composed by the authors of "My Little Dream Girl" and "My Sweet Adair." It is being played by all leading musicians, orchestras and bands throughout the continent. Numbers can be had as song or piano solo (intermezzo). Greatly reduced for early business Wednesday 15c

—Main Floor, Albert St.

## Smart Soft Hats for Fall Wear

Fashion's Decree this fall in Men's Soft Hats is the wide flat, self conforming brim with very little and in most cases, without any curl at the edge! It's a smart fashionable looking shape that all the foremost hatters are featuring and especially does it appeal to the well dressed young man.

The Pencil Edge Brim Fedora, always popular with the conservative, is seen here also in extensive variety. Our new display cases exhibit one of the finest assortments of new felt hats in town, making it an easy and quick matter for almost any man to choose a smart becoming hat. Visit the showing—try on the new shapes—no obligation to buy.

## SOME OF THE FOREMOST SHAPES IN THE DISPLAY

A Typical Example of the wide flat brim is that famous Italian make, the Borsalino. It is in shades of light and dark green and dark grey and of a firm material that always keeps its shape. Price 4.00

The Fifth Avenue is another example of the flat, slightly rolled brim. It has narrow binding at the edge and is in light and dark green. An American-made hat and one of our leading values at 2.00

The Criterion is a Stetson hat with medium high crown and flat set brim with wadded edge. In dark grey, brown or fawn. Price 4.00

The Belmont is another smart fedora with slightly rolled pencil brim, bound at the edge. It's an American-made hat in shades of light green and navy blue. Price 2.00

The Broadway has a more pronounced roll at the edge. It is wadded and has eyelid in crown. A conservative style that is always popular. In pearl and medium grey. Price 2.00

—Main Floor, James Street.

## EARLY CLOSING SATURDAYS OTHER DAYS

- Old-Fashioned Almond Toffee, per lb. 50c

—Basement, Main and Fifth Floor.

### CASUALTIES SHOW UNITS IN FIGHTING

Yesterday's List Indicates Canadian Division in Severe Action.

### FIVE OFFICERS NAMED

Seven of Nine Toronto Soldiers are Reported Wounded.

That the Canadian divisions have been in severe action is indicated by the casualty list of yesterday which contained the names of five officers with Toronto units. Nine other Toronto men are mentioned; seven are wounded, while one being held prisoner is now believed to have been killed, and another previously reported missing has rejoined his battalion. Of the five officers mentioned, three have been wounded and the other, Lieut. Stevens of Annapolis, Ont., has died of wounds. A cable received by Prof. Major of Toronto University contained the news that his son, Capt. W. Major, has been wounded for the third time. At the outbreak of the war Capt. Major held a commission in the 48th Highlanders and was gassed in the battle of Langemarck, recovering in time to participate in the fighting at Festubert. There he sustained five wounds. After this he was allowed home on sick leave and was promoted from the rank of lieutenant to captain and went overseas with the 2nd Highlanders Battalion. Capt. Major has been awarded the military cross for gallantry on the field last spring. Lieut. T. H. Sneath, son of Dr. Sneath, Broadview avenue, was wounded in action. The communication from Ottawa only stated that he had been wounded and his whereabouts in the war zone is now unknown. On April 25 he went overseas with the 4th Battalion and was reported wounded. Lieut. Hanna's mother reported the given charge of a trench mortar battery. After being in the trenches three months Lieut. Earl B. Hannu, who left Toronto last April with the 1st Battalion, has been reported wounded. Lieut. Hanna's mother reported that she was in England. When his unit arrived in England he was transferred. Lieut. R. W. Stevenson, reported wounded last June, is now reported to have died of wounds. He enlisted at Niagara camp one year ago. Lieut. A. J. Haldane went overseas with the 1st Battalion and was reported wounded last June. He is now reported to have been wounded. His parents reside at Cornwall, Ont. Pte. James Stewart is in a Norfolk hospital suffering from a gunshot wound in the foot. The son of the South African war and before enlisting resided on Margaret street. A son is a prisoner in Germany and his wife is now in England. Pte. Herbert Whitbread of 86 Pruss street, a former motorman on the street railway who went overseas last spring, is reported to have been slightly wounded in the shoulder. Wounded in April by shrapnel and later returning to the front, Pte. McCrindle is now in the Moore Hospital, England, to undergo an operation to have some shrapnel removed from his shoulder and leg. Pte. McCrindle went overseas with the 6th Battalion and was reported arriving at Shredcliffe was transferred. Pte. George A. Stead, who went to the front when five years of age with the 7th Battalion, reported wounded in action. He was the first one to volunteer to go in a draft. He formerly lived with his aunt at 21 Ossington avenue. Sergt. Arch McBride, 58 Birch avenue, a former member of the Peterboro fire department, has won the military medal. He was a veteran of South Africa and has been in the trenches since the first Canadian contingent went over in 1915. His wife and four children have moved to Peterboro. His

brother, who still lives at the Finch avenue home, is a member of the 156th Battalion. Acting Lance-Corp. W. Stephenson, a machinist by trade, of 106 Lansdowne avenue, is in a military hospital at Rievisham suffering from a gunshot wound. He enlisted with a Hamilton regiment and was transferred several times.

### NEW FORESTRY UNIT RAPIDLY RECRUITING

Several Outside Points Already Sending Men to Fill the Ranks.

Outside points have already begun to send in men to swell the ranks of the 242nd Forestry Battalion, which is now taking recruits in the city more rapidly than any other unit. As a result of a visit of Sergt. Major C. C. Lewis, chief recruiting officer, and Sergt. D. E. Harris, to Owen Sound last week, three men were sent to Toronto yesterday, while six more have been enlisted and are being held there for recruiting purposes. St. Catharines, which district is under charge of Sergt. Watson, also sent three men.

### MORE ONTARIO MEN ARE INVALIDED HOME

Several Toronto Soldiers in Party Which Has Reached Quebec.

QUEBEC, Sept. 11.—Two officers, three nursing sisters and 52 N.C.O.'s and men from Canada returned home on the steamer Grampiar, which arrived in port early Sunday. The party was in charge of Capt. E. Cluys, Maréchal, who is back on sick leave and will return to duty in a month's time. The party included the following from Ontario: Pte. F. H. Brooks, 39th Reserve, St. Thomas; Pte. W. Atwood, St. Thomas; Driver E. Marion, Ottawa; Corp. R. R. Mitchell, 21st Battalion, Smith's Falls; Gunner J. W. Eumstead, C.E.A., Cobourg; Pte. R. M. Lewis, 39th Battalion, Kingston; Pte. A. Clemett, 30th Battalion, Lindsay; Pte. F. Hunter, 38th Reserve, Peterboro; Pte. G. S. Lyon, C.E.A., Toronto; Pte. J. Campbell, 36th Reserve, Toronto; Pte. G. A. Shergold, 4th C.E.A., Toronto; Driver J. E. Beach, 36th Hamilton; Sapper J. McKenzie, C.E.A., Toronto; Sapper W. Linton, C.E.A., Toronto; Pte. J. Aldred, 30th Battalion, Toronto. The nursing sisters are: Sister C. M. Hood, Sister Huber, Sister Boulton.

### RUSSIANS DRIVE TURKS TO PERSIAN FRONTIER

Occupy Baneth, Just Across the Border From Mesopotamia.

Special Cable to The Toronto World. LONDON, Sept. 11.—The capture of the Russian operations against the Turks has been the occupation of Baneth, just across the Mesopotamian border in Persia. They defeated the Turks in a fight and they are now in pursuit. The Russians won a further success in mountain fighting in the Ormutz region, of Erzingan, and captured four Turkish officers, 240 Askaris, one machine gun, one howitzer and two cannons. Owing to the mountainous nature of this region the Russians had to destroy the cannon and throw them over the cliff, for it was impossible to remove them.

### RECOVERED BODY FROM RIVER

Special to The Toronto World. BROCKVILLE, Sept. 11.—The body of David Sullivan, a farm hand employed by Henry Hunt on Larue Island, was taken from the river yesterday, near a boathouse where the clothing of the dead man was found the day previous. Sullivan disappeared on Friday. A coroner, who was called to investigate, did not consider the case a murder. He is an upward of 50 years old and unmarried.

### FALL OF SPAN RECALLS FORMER BIG DISASTER

Sixty Lives Lost When Quebec Bridge Collapsed Nine Years Ago.

### NATIONAL UNDERTAKING

Government, Undeterred by Catastrophe, Let New Contracts for Work.

QUEBEC, Sept. 11.—Today's Quebec bridge disaster vividly recalls the first attempt at erecting the bridge which ended disastrously in the collapse of the unfinished structure. Sixty lives were lost and serious injury to 11 other persons, occasioned by the collapse on Aug. 28, 1907, of the steel superstructure of the southern cantilever and anchor arms of the bridge then being erected across the St. Lawrence River about eight miles above Quebec. The property loss was nearly \$1,500,000.

Construction of the bridge was started in 1900, after substantial Dominion and provincial assistance had been given to a company organized in 1897, under the name of the Quebec Bridge Co., to carry on the work of construction. The cost of the masonry work was \$1,400,000, and the steel work was commenced in 1904. The total estimated cost was between \$7,000,000 and \$8,000,000. The money spent up to the end of March, 1907, was \$4,415,598.

A royal commission immediately began an enquiry into the causes of the disaster. Its report was issued in 1909. Errors of design on the part of the two chief engineers engaged in the building of the bridge were given as the principal cause of the collapse. These errors, it was found, were not due to lack of professional knowledge, neglect of duty or desire to economize. The ability of the two engineers was tried in one of the most difficult professional problems of the time. The design was unequal to the task. Inefficient engineering supervision at the bridge itself was cited as a contributing cause, and better judgment on the part of responsible officials of the Quebec Bridge Co. and the Provincial Government is also mentioned.

The Dominion Government decided to replace the structure, and the contract was finally let to the St. Lawrence Bridge Co. in 1913; that for the substructure having been let to M. P. Davis on Jan. 13, 1910. C. N. Monsieul became chairman and chief engineer of the bridge commission, and Mr. McDonald was succeeded by C. J. Schneider, New York. The engineering staff heads were Philip Johnston and George H. Duggan of Montreal.

### FALKENHAYN'S NEW POST. He May Succeed Bethmann-Hollweg As Chancellor.

AMSTERDAM, via London, Sept. 11.—According to an official report General Von Falkenhayn, Field Marshal von Hindenburg's predecessor as Chief of the German Imperial staff, will succeed Von Bethmann-Hollweg as Chancellor when the Reichstag assembles at the end of September. The same reports say that Germany will open a new submarine campaign on October 1.

### WINNIPEG GRAIN MARKET.

WINNIPEG, Sept. 11.—Winnipeg wheat closed 3/4c higher for October, 3/4c up for December and unchanged for May. Oats were 3/4c lower for both months. Barley was unchanged. Flax gained 3/4c in October, 3/4c in November and 3/4c in December. The market was active today, but only a small trade was done. Lack of export water and slow in the American market and a stubborn undertone made many of the shorts cover, and with the little wheat on offer, they soon ran the price up. Some hedging sales helped the break, while a little export business took a little of the slack of the market. Nearly all of the trade was in the October wheat. Cash trade was small. Exporters were out of the market, and premiums dropped from 5c to 5c over. Oats were unchanged. Open. High. Low. Close. Wheat—October..... 155 156 154 156 1/2 December..... 151 151 148 151 1/2 May..... 152 152 150 152 1/2 Oats—October..... 50 50 49 50 1/2 December..... 48 48 47 48 1/2 Flax—October..... 188 188 187 188 1/2 December..... 185 185 187 188

### NOTHING OF IMPORTANCE DONE ON RUSSIAN FRONT

Czar's General Headquarters Reports Lack of Fresh Developments.

Special Cable to The Toronto World. LONDON, Sept. 11.—According to the official communication of Russian general headquarters today, there have been no important developments on the Russian front from Roumania to Riga. The Germans claim that Russian attempts to capture Haloz, the key to Lemberg from the southwest, have been frustrated by the Teutonic forces. The foe says that the Slavs tried to break through the Teutonic lines by a heavy bombardment and a quick assault at Burzbyn, 12 miles north of Haloz, but these manoeuvres were frustrated. The Austrians merely say in their official communication that strong Russian attacks north of the Glodoc Bystriza River and at Rafalov were without result.

### COMPANY NOT AWARE OF ACCIDENT'S CAUSE

Connection Holding Span Failed in an Unaccountable Manner.

### ALL GOING SMOOTHLY

Plan of Floating Span to Position Termed "Entire Success."

QUEBEC, Sept. 11.—The following official statement was issued at 2:30 by the St. Lawrence Bridge Co.: "The connection holding the suspended span on the south side failed, letting the span drop and dragging away the north side connection. The cause is unknown. No statement will be made on the cause until after the official enquiry is held. Eighty men were at work on the bridge at this time. Fourteen were on the span. Six were rescued and eight are unaccounted for. Chief Engineer Inspector H. W. McMillan has a compound fracture of the leg. His duties are being carried on by the chief engineer and when he saw it fall he jumped to the ground to avoid injury. "Everything had worked marvelously. The work was within two minutes of the time scheduled. The plan of floating the centre span to position was an absolute success. It was placed within eight feet of its position on the first attempt, so that little shifting was necessary."

Mistake of Workmen? The accident was caused by the collapse of one of the hydraulic operated jacks at one corner of the span. Thru some error, it is stated, on the part of the workmen, one corner of the span was raised too high, and the jacks were set on the wrong side of the span to let the centre, one of the steel girders giving way. Navigation on the St. Lawrence, suspended this morning for 24 hours while the span-raising operations were going on, was ordered held up indefinitely this afternoon. Impressions Differ. Hon. J. D. Hazen, minister of marine, who was one of the cabinet ministers on board the Lady Evelyn, said it is his opinion that the steel of the bridge is of the best material and port; seemed to give way afterwards. Col. William McBain, Ottawa, who was in a launch 100 yards away from the bridge and preparing to pass under it, says that the supports of the span broke one after the other and that a crowd of the steel from the span itself seemed to crumple up. Col. McBain told of the dramatic escape of a number of men in a cage who were watching the hoisting. The cage was hanging from the floor of the bridge and was tied to the span to prevent it from swinging. When the span went into the water the rope fortunately broke and left the cage suspended and swinging dizzily 100 feet in the air. Rudolphe Pett, who was working on the south shore end of the bridge handling the piers upon which the span rested, while the supports were being raised, said the span snapped on the north end. When it was loose from the supports it swung round and broke all the other girders holding it. Armand Hardy, St. Romuald, eight years old, one of the onlookers, saw one of the bridge workers who fell in to the water struggling in an exhausted condition to reach shore. The boy jumped into the river and managed to get the man ashore safely.

### GREAT ACCOMPLISHMENT OF PATRIOTIC LEAGUE

Convener of House and Supplies Committee Submits Encouraging Report.

### COMPLETE ORGANIZATION

More Than Four Million Articles Have Been Forwarded to the Front.

The following is the report submitted by the convener of household supplies committee of the Toronto Women's Patriotic League for two years' work, from Sept. 1, 1914, to Sept. 1, 1916. "With the close of the second year of our work, it is not strange that we cast a glance back to the beginning. Two years ago the league gave into my hands the work of converting a empty house into headquarters suited to our needs, authorizing the expenditure of \$500 for that purpose. It is history how our generous citizens made it possible for me to accomplish my task without a penny of expense. There, as if by magic, the several departments took on shape and energy, and each launched forth into its special sphere of usefulness. To me came the administration of the house and the care of the Red Cross supplies. I recall our pride in our first shipment; it seemed a tremendous thing, when, in a few months, it was able to report that half a million articles had been sent to the front. That number now is creeping very close to four million, with the need continuing. With complete organization, the work has, I na way, become routine, but there are always problems to be solved and emergencies to be met, and here, again, our friends have been many. As an example, when I went before a club of Toronto's leading business men to ask for materials to supply our voluntary workers, their response was generous and immediate, and \$2519 worth of materials were furnished us, to be made into hospital supplies, a portion of this being wool.

which was knitted into 2454 pairs of ever-needed socks. Our 270 Red Cross Circles and individual workers have never grown weary in their well-doing; their work has been no passing fancy. If the women who have worked with us, and with us, have had one-half the satisfaction that I have had in giving these two years of my time to my country, their reward has been great. It is then, with extreme pleasure that I report that our shipment of the two years shows the shipment of 2,944,002 articles, of a value of \$129,379.73. The following are some of the articles included in the above total: 5,490,514 surgical supplies, 1390 pillows, 30,045 pillow cases, 15,183 sheets, 2,944,002 articles, of a value of \$129,379.73. The following are some of the articles included in the above total: 5,490,514 surgical supplies, 1390 pillows, 30,045 pillow cases, 15,183 sheets, 2,944,002 articles, of a value of \$129,379.73. In addition, the supplies department have sent out 4192 letters, 79,800 post-cards of acknowledgment, also 5550 war works and Red Cross bulletins. I know all will feel a satisfaction in hearing these figures; they will be something to remember when peace is once more restored and one of the helpful things for which our league has stood. And as these history-making times have brought out the best in our men, they have also shown the devotion of our women, and it is a privilege that they have achieved. All of which is respectfully submitted. Frances Stearns Hilda, Convener of house and supplies committee.

### FOUR CHARGES OF THEFT.

Pleading not guilty in the police court yesterday to four charges of theft, namely, breaking into Vernon Cunningham's store in the Exhibition grounds and stealing a quantity of cigars; stealing a number of pearl necklaces from Howard N. Chipman and stealing a number of purses from various persons, William Carson was remanded till Sept. 14.

### CHARGED WITH BIGAMY.

Alleged to have committed bigamy by marrying his landlady, Anna Hall, Mutual street, while his wife was alive in the old country, Albert Edwards still was remanded for a week when he came up in the police court yesterday.

### Doctor Tells How To Strengthen Eyesight 50 Per Cent. In One Week's Time In Many Instances

A Free Prescription You Can Have Filled And Use at Home.

Philadelphia, Pa.—Do you wear glasses? Are you a victim of eye strain or other eye weakness? If so, you would like to know that, according to Doctor Lewis, there is real hope for you. Many whose eyes were failing, say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it, "I can now read everything without any glasses and my eyes do not ache any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time, and millions more will be able to strengthen their eyes so as to be exempt the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of a glass of water and allow to dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear perceptibly right from the start and, in a few days, you will be able to do your work. Many hopelessly blind might have been saved if they had cared for their eyes in time. Note: Another prominent Physician to whom the above article was submitted, says: "Bon-Opto is a very remarkable remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them. The manufacturers guarantee it to strengthen eyesight 50 per cent. in one week's time in many instances or refund the money. It can be obtained from any good druggist, and is one of the very few preparations I feel should be kept in hand for regular use in almost every family." G. Zambiya sells it.

### Keep the Health of the Countryside With Your Children

HOLIDAYS, with all their merry frolics through field and woodland, are over. They have done the good you intended—made your children rosy-cheeked and healthy. Such is the good work of fresh air and bright sunshine. But do not forget the most good, the real strengthening item was the fresh, rich creamy milk that refreshed their tired bodies. They'll still need that good, health-giving milk.

Mail Orders Carefully Filled.

JOHN CATTO & SON TORONTO

COLONEL WINDEYER FOR NIAGARA CAMP

Recommended by General Logie to Succeed Col. R. H. Labatt.

CHANGE IN COMMANDS

Moyar Morris May Assume Leadership of Brant Battalion.

By a Staff Reporter. CAMP BORDEN, Sept. 11.—Major-General Logie recommended to the militia council, Ottawa, that Lieut.-Col. R. C. Windeyer, (now of the A.A.G. staff here) be appointed commandant of Niagara Camp. Colonel Windeyer will succeed Col. R. H. Labatt, who has just been appointed to the Dominion Pension Board.

The report that Major W. O. Morris, senior major of the 170th Mississauga Battalion, had been appointed commanding officer of the 15th Brant Battalion, was confirmed today by General Logie. It is expected that Major Morris will assume his new duties on Wednesday.

The 20th Irish Canadian Battalion and a Hamilton unit, the 17th Highlanders are occupying the trenches today at the Camp Borden School of Trench Warfare. These two battalions will hold the trenches until tomorrow morning, when their places will be taken by the 170th Toronto Mississauga and the 17th Battalion of Strathcona County. They will occupy the trenches for a continuous 24-hour period.

On Wednesday the 17th Niagara Rangers and 161st Huron Battalions will enter the trenches. The 180th Sportsmen Battalion will be inspected by Lieut.-Col. J. S. Campbell of the general staff tomorrow. The 20th Hamilton Tigers will be inspected in musketry.

Owing to the absence of 15 battalions on monthly four days, strength today was only about half the total number of men on the rolls. The 15th battalions still away on leave include the 166th Q.O.R. of Toronto, seven battalions from western Ontario, three from the Niagara Peninsula and three from New Ontario.

No word has yet come from the militia council at Ottawa, as to whether the 20th Toronto Buffs Battalion will be divided up. It is rumored today that the battalion will remain intact and that Major A. T. Hunter will continue with the government, who returned after active service on the firing line in France, is now in camp here as brigade major of the Second Brigade, which includes the 20th Toronto Light Infantry, the 20th Toronto Muskoka, 157th and 177th Simcoe County Battalions. This is the brigade of which Col. J. A. Currie, M.P., is brigadier.

The issue of crest badges from the Kent Buffs in England, for the members of 1916 Toronto Buffs Battalion have just arrived here. The badges have a dragon as the central part of the design.

Twelve members of various battalions here were transferred today to No. 2 Special Service Company. These men were transferred under the plan by which soldiers found slightly physically unfit for overseas service are assigned for special duty in Canada.

On Thursday the teams of the 125th Muskoka and 147th Grey County Battalions will meet in the final lacrosse fixture. The officials will be Charles Quetrie of the Toronto team, and James Murphy, former president of the National Lacrosse Union.

Lieut.-Col. L. R. Gignilliat, accompanied by Major Caulder, visited the camp today. Col. Gignilliat is superintendent of Culver Military Academy and Culver summer schools at Culver, Ind.

Sergt. J. R. Blaney, of 68th and 120th Battalions, has been taken on the camp subordinate staff as a bombing instructor, also Sergt. G. B. Wilkinson, 4th Battalion, and Sergt. J. Reynolds, 35th Battalion.

Capt. R. M. Jones, A.M.C., has been appointed to the staff of the camp hospital at Niagara.

THE WEATHER

METEOROLOGICAL OFFICE, Toronto, Sept. 11.—(8 p.m.)—The weather has been fine today throughout the Dominion, and for the most part moderately warm. Minimum and maximum temperatures: Dawson, 32-46; Prince Rupert, 41-52; Victoria, 50-62; Vancouver, 54-68; Kamloops, 55-72; Calgary, 48-70; Edmonton, 44-70; Saskatoon, 44-72; Medicine Hat, 44-74; Moose Jaw, 45-74; Regina, 45-73; Winnipeg, 44-72; Port Arthur, 48-72; Parry Sound, 44-50; London, 54-74; Toronto, 48-74; Ottawa, 45-74; Montreal, 48-70; Quebec, 42-66; St. John, 43-62; Halifax, 40-58.

Probabilities.—Lower Lakes and Georgian Bay—Moderate to fresh east and south winds; fair and warm. Maritime—Light to moderate westerly winds; stationary S. a little higher temperature. Superior—Moderate to fresh southwest and west winds; fair and moderately warm. All West—Fair and moderately warm.

THE BAROMETER.

Table with 4 columns: Time, Ther., Bar., Wind. Rows for 11 a.m., 2 p.m., 5 p.m., 8 p.m., Mean of day, 55; difference from average, 7 above; highest, 79; lowest, 55.

STEAMSHIP ARRIVALS.

Table with 3 columns: From, Ship, Arrives. Rows for Liverpool, London, New York, Falmouth.

STREET CAR DELAYS

Monday, Sept. 11, 1916. Yonge, Avenue roads, Dupont cars delayed 9 minutes at 10.50 a.m. at Gerrard and Yonge, by auto stuck on track.

Queen cars, both ways, delayed 20 minutes at 9.54 a.m. at Niagara, Camp, by wagon of coal broken down on track.

DEATHS.

McVEY—At 11 Cotton street, Paisley, Scotland, on Aug. 10, Christina McLauchlan, aged 76 years, widow of John McVey.

IN MEMORIAM. SINCLAIR—In affectionate remembrance of the late Mrs. Georgina Sinclair, who died Sept. 12, 1915. The Family.

ALIEN ENGINEER TO REPORT ON RAILWAYS

Canadian Association Makes Strong Protest to Dominion Government.

SLIGHT ON CANADIANS Impression Given That This Country Cannot Produce Competent Engineers.

By a Staff Reporter. OTTAWA, Ont., Sept. 11.—The Canadian Society of Civil Engineers is out with a strong protest to the Dominion Government against the appointment by an American engineer to the position of general manager of the New York Central railway of "alien" engineers, when Canadian engineers are available.

The case is that the appointment by the commission enquiring into the railway situation for the government of an American engineer to the position of general manager of the New York Central railway consists of A. H. Smith, general manager of the New York Central Railway; Sir Henry Drayton, chairman and Sir George Faish, the London financier.

A strong protest. The Canadian Society has taken the matter up with its members, several of whom are in Ottawa. In a circular letter it has issued it says: "We wish to record our strong condemnation of the policy being pursued in the hands of alien engineers who are not producing competent engineering work of a commission appointed by the Canadian government to investigate railways for which the Canadian community has paid."

It states, further, that the inferences to be drawn from such appointment of alien engineers is that "the Canadian engineers who built the railways are not competent to report upon them; that the Canadian universities, in many cases enjoying government subsidies are not producing competent engineers, and that the Canadian Society of Civil Engineers, although embracing a membership of about three thousand, is not considered worthy a consultation on an important engineering question."

The society is requesting its members to protest to the government, through their representatives in parliament, and those having influence with the government, against such action.

"TWIN BEDS" COMING TO THE GRAND.

The joyous merriment of Salisbury Field and Margaret Mayo's delightful comedy "Twin Beds" will again be revealed at the Grand on Monday next, when it returns for another week's engagement.

"Twin Beds" is a mirth-provoking comedy of life among apartment house dwellers, constructed solely for fun-making purposes. Its story revolves around the flirtation of a young bride, her insanely jealous husband, an impressionable tinner and his shrewd wife, a number of misguided friends who jump at many conclusions and a lackadaisical serving maid with a propensity for making mistakes. The seat sale opens this morning.

On Thursday the teams of the 125th Muskoka and 147th Grey County Battalions will meet in the final lacrosse fixture. The officials will be Charles Quetrie of the Toronto team, and James Murphy, former president of the National Lacrosse Union.

Lieut.-Col. L. R. Gignilliat, accompanied by Major Caulder, visited the camp today. Col. Gignilliat is superintendent of Culver Military Academy and Culver summer schools at Culver, Ind.

Sergt. J. R. Blaney, of 68th and 120th Battalions, has been taken on the camp subordinate staff as a bombing instructor, also Sergt. G. B. Wilkinson, 4th Battalion, and Sergt. J. Reynolds, 35th Battalion.

Capt. R. M. Jones, A.M.C., has been appointed to the staff of the camp hospital at Niagara.

Society

CONDUCTED BY MR. EDMUND PHILLIPS

The deputy commission of the St. John's Ambulance brigade overseas within the Dominion of Canada and Lady Bellast have issued invitations to an at-home at Casa Loma on Thursday afternoon, the 15th inst., from 4 to 5 o'clock, to bid good-bye to volunteer probationer nurses.

Lady White is going to Ottawa for their royal highnesses' garden party on Wednesday. Lady White's booth for the sale of the miniature of the H.R.H. Princess Patricia at the Exhibition for the Red Cross realized \$1,000.20.

The Duke of Devonshire will receive the freedom of the borough of Eastbourne, Sussex, on September 20th. The only two freemen are the duke's late uncle and Mr. Andrew Carnegie.

Mr. and Mrs. F. Barry Hayes and their family have returned from their summer holiday in Muskoka. Mr. Barry Hayes, C.E.F., left for England next week. Mr. and Mrs. Moles has taken Mr. and Mrs. Frank Mackenzie's house in Rosedale for the winter.

Lady Mackenzie and the Misses Mackenzie returned from Kirkfield yesterday. Hon. Justice and Mrs. Anglin and Miss Isabel Anglin, Ottawa, are leaving in October for Quebec to attend the official ceremonies at their country house in Muskoka. Mr. Barry Hayes, C.E.F., left for England next week. Mr. and Mrs. Moles has taken Mr. and Mrs. Frank Mackenzie's house in Rosedale for the winter.

Mr. and Mrs. A. H. Robertson have moved to "The Roslyn," Glen Road. Col. Noel Marshall was in Guelph yesterday. Miss Julia O'Sullivan has returned to town. Mrs. Stanford Warrington sailed for

England last week to join her husband, who left with the C.E.F. Madame Leeman (mother of Madame God, Montreal), who has been in Canada for some time, is sailing for Holland this week.

Mr. and Mrs. Alan Jones and their children are at the Birchdale, Halifax. Mrs. Hubert Watt and Miss Audrey Watt have returned from St. Catharines to the Madison. Mrs. Harley Larkin is sailing on the 15th inst. to join her husband in England. Mr. and Mrs. Frank Harrison have moved to the Madison. Lieut.-Col. and Mrs. Galloway have returned to town.

Miss Brenda Macrae is leaving town to spend the winter in Virginia. Miss Beesie MacMurchy and Mr. Campbell MacMurchy left last week to spend a few weeks at the Birchdale, Halifax. Mr. and Mrs. Walter P. Moss and their family have returned to Winnipeg after enjoying the summer at their bungalow on the Lake of the Woods. Mr. Moss will accompany Master John Moss to Toronto, the latter having entered at Appleby, Oakville.

Engagements. Mr. and Mrs. John Dick announce the engagement of their daughter, Isabel Marie, to Mr. Henry Fullerton of Cobourg, son of the late James Fullerton and Mrs. Fullerton of Dundee, Scotland. The marriage will take place quietly in October.

PLAYS, PICTURES AND MUSIC

ALBERT BROWN SCORES IN THE BLACK FEATHER

Appears With Strong Cast at the Grand Opera House This Week.

Written by Canadian

Montreal Man Author of Play That is Timely, Pleasing and Replete With Comedy.

"The Black Feather," by the Canadian author, W. A. Tremayne, of Montreal, had a first night at the Grand Opera House last night that augurs well for its success, especially with the patrons of the theatre through the Dominion at the present time. The play savors somewhat of "The White Feather," inasmuch as the leading role concerns the same type of secret service man—the type that does a foolish deed—it is otherwise totally different.

From the very beginning to the final curtain the large audience that filled the Grand last night were carried with the plot, from comedy that bordered on farce to situations that gripped the audience. The episodes occur during the war, with unusual ease from one big scene to another, with few dull moments, and none of the gaps that frequently appear in ordinary plots.

The play in four acts, the setting for three of which is laid in the apartment of a young engineer in a diplomatic service in London, while the other is in the corner of a country estate in England. The episodes occur during the summer of 1914 and deal with the spy system of the central powers in its efforts to obtain the secrets intended for the British ambassador to Serbia before the outbreak of the war. The play is a story of the Austrian nobility and the son of a spy in Alsace-Lorraine at the time of the Franco-Prussian War, are entwined by a clever young Englishman, who accomplishes his work in the secret service while acting the part of the typical mooned London Johnnie.

Through the main plot there is the love story of Dick Kent, the secret service agent, and Evelyn Thornton, the sister of the young engineer. The play is directed by him from disgrace at the hands of the Austrian countess, who breaks her heart while playing the part of the victim in order to obtain information for her country.

One that calls for an unusually strong cast, but in Albert Brown and Evelyn Thornton, the sister of the young engineer, and in the part of the Austrian countess, who breaks her heart while playing the part of the victim in order to obtain information for her country.

Albert Brown has a role that was written for his part, and when he enters in his English gentleman and lady of the old school in perfect taste, setting many laughs by his opinions on the present and the members of the company play their parts acceptably, and the strong cast in a well-constructed, well-staged play that is fascinating, timely and replete with brilliant lines and tense situations.

Prolonged applause forced a curtain speech from Albert Brown, who came out in the rest of the cast. He apologized for stepping out of character and in a few words introduced the author, who, he said, wrote better than he spoke, so he, Brown, would not thank the audience for their applause and asked them to overlook the little hitch that seemed to occur during a first night.

Harper, customs broker, 39 West Wellington st., corner Bay st.

JOHNNY DUNDEE WINS AGAIN.

KANSAS CITY, Sept. 11.—Johnny Dundee was awarded a decision over Ewer summit tonight at the end of their 13-round match. The men are lightweight.

Michie Mara

MICHELIE MARA After Sept. 16th, 1916

For about half a century the wine department of Michie & Co., Ltd., and the house of The Wm. Mara Co., Ltd., have been offering their numerous clientele a courteous and complete wines and liquor service.

After Sept. 16 these two houses will be merged under the name of Michie, Mara Co., Ltd., and will supply their patrons by mail order from their new premises in Montreal.

Wines and Liquors By Mail Order

By the new method of supplying the needs of our customers, every order will be handled in an unusually efficient manner. Quality of stocks and promptness of service are assured. Orders will be expressed prepaid to your home in Toronto or to any point in Ontario east of Lake Huron. Prices are reasonable. You are requested to write for our Price List, which is in course of preparation, and which will be mailed after Sept. 16th.

MICHELIE MARA CO., Ltd. 236 Lemoine Street, Montreal

WINES AND LIQUORS

CLEVER PHOTOPLAY AT NEW REGENT THEATRE

Owen Moore and Marguerite Courtot Feature on Splendid Program.

Presenting in its principal film one of the most clever photoplays shown to patrons of motion pictures here for many days, the new Regent Theatre has a program of entertainment yesterday and today well worthy of the attendance of everyone who enjoys clear screen talent and the superlative in music.

The feature play is entitled "Rolling Stones," and the stars, Owen Moore and Marguerite Courtot, in an amusing and entertaining presentation, supported by a well-known cast of "movie" actors, these two assume their roles with fascinating ability. The picture holds the attention of the audience from the opening to its conclusion, and contains a host of laughable situations that place it at a rank to itself. The Symphony orchestra renders as an overture, "Pomp and Circumstance No. 1," under the direction of John Arthur.

Miss Athens Buckley demonstrates a well-trained dramatic soprano voice in "The Spirit Flower," which wins her much applause, and similar commendation is accorded an organ recital. The other films include a Pathe comedy, entitled "Luke Does the Midway," "The Regent Graphic" showing important happenings in Europe, and "Florence Rose Fashions." The latter pictures are an innovation, and while of especial interest to women yet are not tiresome to men.

"ON TRIAL" DRAWS LARGE CROWDS AT ALEXANDRA

Gripping Melodrama Begins Second Week—New Idea of the Play Has Made a Hit.

"On Trial" holds the boards of the Alexandra for a second week. Last night the audience was as large as that which greeted the play on the previous Monday evening. The play has made a hit here, and it deserves to. A play that can rouse men in the front rows to shout out in the middle of it, "I know the fellow who did it," does much to be said for it, even if it has much of the melodrama and the movie screen.

Elmer L. Reizenstein, the playwright, has hit on a new idea for the dramatization of a story on the legitimate stage, and he has made a success of it. It is a play that cannot be judged on the canon of an ordinary drama. Its commendation lies in the fact that from curtain up to curtain, down it grips the audience almost painfully, and also in the fact that it can fill the Alexandra on the second week.

Every member of the cast is convincing. The defendant's daughter, Florence Moore, a young girl, is particularly so. It is an unwritten law that a play taken by Miss Rempel, who had good support, the others in the cast being James Lee Wiley, J. M. Clayton and Jane Pike.

Kurtis' educated Roosters present a novel and clever act with the feathered tribe as the principals. "Are you loonies?" is the title of a Boardwalk skit attractively presented by Ronald Ward and Farren. Dorothy Regal, bright and entertaining as ever, presents "The Girl at the Clear Star," showing life in a big centre and how she prevents an elopement. Very clever high wire gymnastics and eccentricities in songs and dancing. Henry Lowy and the Lacey Sisters complete the bill.

BIRTH OF A NATION ON ITS LAST WEEK

One Hundredth Performance in Toronto Will Be Given Today.

"The Birth of a Nation," D. W. Griffith's famous masterpiece, is now in its last week of presentation here. Today this wonderful production will give its one hundredth performance in Toronto, an unparalleled event in the history of amusements here. In view of this centennial anniversary, today will be soured days in the management of each metropolis. Seats will be placed on sale at the box office Thursday morning.

"A PAIR OF SILK STOCKINGS."

For the week beginning Monday, Sept. 18, the Alexandra Theatre will have for its attraction Cyril Harcourt's three-act English comedy, "A Pair of Silk Stockings." The play comes here with the highest recommendation of New York and London. It is a well-constructed, well-staged play that is fascinating, timely and replete with brilliant lines and tense situations.

COMEDIANS AND GINGER GIRLS MAKE BIG SUCCESS

Ben Small and George Wagner, Dutch comedians, and a large chorus of Ginger Girls, are the attraction at the Star Theatre this week. The show is constructed entirely for laughing purposes only, and is without plot. Small and Wagner cause all the laughs and are above the average funmakers. The singing and dancing specialties of the show rest entirely on the shoulders of Gertrude Ralston and Marion Chase, who sing to good advantage together during both acts. During the changing of the scenes from the first to the last half of the opening burlesque Nible and Spencer offer a very good singing and dancing specialty.

The four different stage settings are very well put together, and the costumes of the Ginger chorus are becoming and the members sing and dance with refreshing ability.

MADISON

At the Madison last night Charles Chaplin made his debut in his latest release, "The Count," which proves

once and for all the much disputed contention that Mr. Chaplin was made for an aristocrat and not for a vulgar crowd, altho at either he manages to get away with the goods. In the paramount feature, Hita Jolivet, appears in a distinctly American play that is considerably above the average. Strange as it may seem, the play, which was written with the idea of discouraging intermarriage between foreign lords and wealthy American women has had the very opposite effect upon Hita Jolivet, for she has just married an Italian count and has already left for the continent. Nevertheless, the play is exceptionally good and so is the acting.

Baseball Montreal 3 Toronto 1 Grand Circuit Opening Day At Syracuse

BLACKBURNE PITCHED TWO INNINGS, S.O. FOUR Brady Was Wild and Presented Game to Royals—Leafs Led at the Bat.

Special to The Toronto World. MONTREAL, Sept. 11.—Brady presented the Royals with today's encounter against the Toronto Maple Leafs by the score of 3 to 1. The visitors outdid and outfielded the locals, but Brady's generosity in the way of bases on balls, coupled with a hit batsman and an error by himself, gave the Montrealers their three runs without the semblance of a hit.

BASEBALL RECORDS INTERNATIONAL LEAGUE. Clubs. Won. Lost. Pct. Buffalo 73 80 .478 Providence 72 80 .474 Toronto 68 82 .451 Montreal 66 82 .445 Baltimore 70 85 .449 Rochester 66 87 .433 Richmond 62 72 .464 Newark 51 83 .381

# WAR LOAN DOMINION OF CANADA

5 1/3 %

As with the previous Loan, we predict a great success for this issue. During this period of stress our Government needs our help and counts upon our patriotism. But a chance is given investors of placing their money in securities of the highest grade, upon terms of the liberality of which will, perhaps, not be fully realized until the return of normal times.

If this Loan were issued to yield 4%, instead of about 5 1/3%, the price would be 105.41, instead of 97.50. A 4% yield (the basis on which Dominion Government bonds sold so recently as 1914) would mean a price of 111 for the present issue.

We will forward your application, procure your allotment and render other services free of charge to you.

To ensure allotment application should be made at once

Place..... Province.....

# CANADA'S WAR LOAN RECORD

All War Loans heretofore issued by Dominion of Canada have, within a very short time, shown material appreciation in value.

The new Domestic Loan is offered at 97.50, but as the Government will pay a full six months' interest on April 1st, 1917, and as payment can be made in instalments, there is a profit in interest of .60% to be considered, making the ACTUAL COST 96.90%, YIELDING OVER 5.30%.

The present price of the Fifteen-year Loan, issued a few months ago in New York, is 99.50.

The Minister of Finance is therefore giving the Canadian Investor the opportunity of purchasing each \$1,000 Bond at \$26.00 less than the market value of a similar issue in the United States.

September.....1916.

ments for the week ending September 8 were: Nipissing, 265,926; Tratheway, 42,800; McKinley-Darragh, 99,671; Dominion Reduction, 87,000; Beaver Consolidated, 70,213; Miller Lake-O'Brien, 40,000; total, 599,610 pounds, or 299 tons.

# WAR LOAN DOMINION OF CANADA

Issue of \$100,000,000 5% Bonds Maturing 1st October, 1931.

PAYABLE AT PAR AT

OTTAWA, HALIFAX, ST. JOHN, CHARLOTTETOWN, MONTREAL, TORONTO, WINNIPEG, REGINA, CALGARY, VICTORIA.

INTEREST PAYABLE HALF-YEARLY, 1st APRIL, 1st OCTOBER.  
PRINCIPAL AND INTEREST PAYABLE IN GOLD.

## ISSUE PRICE 97 1/2

A FULL HALF-YEAR'S INTEREST WILL BE PAID ON 1st APRIL, 1917.  
THE PROCEEDS OF THE LOAN WILL BE USED FOR WAR PURPOSES ONLY.

THE MINISTER OF FINANCE offers herewith, on behalf of the Government, the above named Bonds for subscription at 97 1/2, payable as follows:—

- 10 per cent on application;
- 30 " " 16th October, 1916;
- 30 " " 15th November, 1916;
- 27 1/2 " " 15th December, 1916.

The total allotment of bonds of this issue will be limited to one hundred million dollars exclusive of the amount (if any) paid for by the surrender of bonds as the equivalent of cash under the terms of the War Loan prospectus of 22nd November, 1915.

The instalments may be paid in full on the 16th day of October, 1916, or on any instalment due date thereafter, under discount at the rate of four per cent per annum. All payments are to be made to a chartered bank for the credit of the Minister of Finance. Failure to pay any instalment when due will render previous payments liable to forfeiture and the allotment to cancellation.

Subscriptions, accompanied by a deposit of ten per cent of the amount subscribed, must be forwarded through the medium of a chartered bank. Any branch in Canada of any chartered bank will receive subscriptions and issue provisional receipts.

This loan is authorized under Act of the Parliament of Canada, and both principal and interest will be a charge upon the Consolidated Revenue Fund.

Forms of application may be obtained from any branch in Canada of any chartered bank and at the office of any Assistant Receiver General in Canada.

Subscriptions must be for even hundreds of dollars.

In case of partial allotments the surplus deposit will be applied towards payment of the amount due on the October instalment.

Scrip-certificates, non-negotiable or payable to bearer in accordance with the choice of the applicant for registered or bearer bonds, will be issued, after allotment, in exchange for the provisional receipts.

When the scrip certificates have been paid in full and payment endorsed thereon by the bank receiving the money, they may be exchanged for bonds, when prepared, with coupons attached, payable to bearer or registered as

to principal, or for fully registered bonds, when prepared, without coupons, in accordance with the application.

Delivery of scrip certificates and of bonds will be made through the chartered banks.

The issue will be exempt from taxes—including any income tax—imposed in pursuance of legislation enacted by the Parliament of Canada.

The bonds with coupons will be issued in denominations of \$100, \$500, \$1,000. Fully registered bonds without coupons will be issued in denominations of \$1,000, \$5,000 or any authorized multiple of \$5,000.

The bonds will be paid at maturity at par at the office of the Minister of Finance and Receiver General at Ottawa, or at the office of the Assistant Receiver General at Halifax, St. John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary, or Victoria.

The interest on the fully registered bonds will be paid by cheque, which will be remitted by post. Interest on bonds with coupons will be paid on surrender of coupons. Both cheques and coupons will be payable free of exchange at any branch in Canada of any chartered bank.

Subject to the payment of twenty-five cents for each new bond issued, holders of fully registered bonds without coupons will have the right to convert into bonds of the denomination of \$1,000 with coupons, and holders of bonds with coupons will have the right to convert into fully registered bonds of authorized denominations without coupons at any time on application to the Minister of Finance.

The books of the loan will be kept at the Department of Finance, Ottawa.

Application will be made in due course for the listing of the issue on the Montreal and Toronto Stock Exchanges.

Recognised bond and stock brokers will be allowed a commission of one-quarter of one per cent on allotments made in respect of applications bearing their stamp, provided, however, that no commission will be allowed in respect of the amount of any allotment paid for by the surrender of bonds issued under the War Loan prospectus of 22nd November, 1915. No commission will be allowed in respect of applications on forms which have not been printed by the King's Printer.

Subscription Lists will close on or before 23rd September, 1916.

DEPARTMENT OF FINANCE, OTTAWA, September 12th, 1916.

### LONDON STOCK MARKET.

LONDON, Sept. 11.—The stock market opened the week cheerful and confident on the war news. The week-end brought the usual accumulation of

orders, principally in gilt-edged securities and shipping and industrial shares at steady prices. Consols advanced another fraction and the French loan handed over rumors that the new issue will not appear here. In speculative issues

Eastern Kafirs and Peruvians were firm and active features. American securities, under the lead of U. S. Steel and Reading, closed steady. Money was in better supply and discount rates inclined to ease off.

### LONDON OILS.

STEEL RISES ANEW

Mexicans, Coppers, Zincs Also Advance One to Three Points.

NEW YORK, Sept. 11.—In further disregard of conditions which indicate a poor crop outlook, another large contraction in the steel market opened with a...

Trading was again so large and diversified as to leave little doubt of public participation. The market was made up chiefly of U. S. Steel and affiliated industrial, metals and shipping...

Among the high-priced speculative issues Bethlehem Steel was distinguished for its rise of 12 to 100. General Motors rose 16 to 500. Independent steel stocks, like Republic, Bess, Chicago Laddys, Colorado Fuel, Railway Steel Springs and American Car, were higher by 2 to 10 points.

Mexicans, the copper and zinc issues, U. S. Industrial Alcohol and the paper group augmented their gains in irregular degree, and various minor stocks of no distinctive character were higher by 1 to 5 points.

Reading was the sole feature of the day's fluctuating within a radius of 2 1/2 points and closing at a net loss of a point at 10 1/2. Other rails were stronger in the final hour, but in the main, that division was backward.

Irregular but minor changes prevailed in the bond market, total sales (par value) aggregating \$1,970,000.

MINING SECURITIES ACTIVE AND STRONG

Trading Broadens on the Standard Exchange and Several Stocks Are Advanced.

There was an active and strong market on the Standard Exchange yesterday, the day's transactions totalling over 132,000 shares. Trading was well distributed with large transactions in McIntyre, Dome Lake, Jupiter and Newray. The undertones were good throughout both sessions, and considerably more public participation was in evidence. It was noteworthy, too, that outside markets took a more prominent position in the operations, especially in New York, which was a buyer of McIntyre, Calumet and Newray. McIntyre opened steady at 15 1/2, rallied to 160 and closed two points lower. This stock is tipped for a further upturn, and 17 1/2 is spoken of before Oct. 1st. Dome Lake advanced from 47 to 62 on considerable purchases for Buffalo people. Calumet was wanted in N. Y., and sold at 65 on that market. The shares of this company are \$10 par value and more than half the capital is still left in the treasury. The shares are regarded as exceptionally cheap, and a big speculation in them is predicted. Accumulation of shares was also seen on in Newray. The results of the recent find having instilled a strong confidence in the future of the property. Some of the most attractive, and profitable, are just arrived in Toronto from this mine. West Dome was steady as was Jupiter and Dome Extension, while Newray was in demand at 46. In the Cobalt strength was seen in Nipissing, which closed at 37.60 bid, and in Coniagis, which was active at 37. Beaver and Timiskaming were steady, and Bailey was active and firmer. The market closed with a promising outlook and prospects of increased activity.

F. C. SUTHERLAND & CO. ISSUE MARKET LETTER

The first market letter of F. C. Sutherland & Co., Dinwiddie Building, was issued yesterday. The letter is fully compiled and can be had on request. The following excerpt is taken from the circular: According to government returns the Porcupine Camp last year had an output of 37,680,786 in gold, which compared with 35,180,782 in 1915, an increase being 3,500,004, or about 10 per cent. That an even larger ratio of gain will be evidenced this year is probable. For the first eight months of 1916 the Dome Mines Co. reports production of 11,432,381, an increase of 374,539, or 3 1/2 per cent over the same period last year. Production figures of the Hollinger are not available, but the official returns show a remarkable improvement in the gross profits, and as the milling capacity has been enlarged, it is stated officially that there will be a considerable increase in the year's output. The McIntyre and Dome Lake are both turning out gold on a greatly increased ratio as compared with last year, while the Porcupine Camp is also bettering its former records.

VEIN ON PREMIER SHOWS GOOD VALUES

By Special Correspondent. (OTTAWA, Sept. 10.)—The new vein on the Premier Company's property in Deloro, quarter mile south of Dome Lake Mines, recently cut at the 100-foot level is now 15 to 18 feet wide of \$10 and \$12 ore, and has 87 feet of \$3 ore. The shaft, down 108-feet, will be continued to 300 feet. The necessary machinery, including a six-drum compressor and two 60 h.p. boilers, is now coming in. There is a good rock right to the property.

KERR LAKE IN AUGUST

NEW YORK, Sept. 11.—The Kerr Lake Mining Company in August produced 244,020 ounces of silver.

BOSTON PUBLISHER SEES MINING BOOM

E. Gilliam Visits Toronto and Speaks in High Terms of Boston and Montana.

E. Gilliam, head of the Gilliam Bureau of Statistics, Boston, was in Toronto yesterday after having made a trip to the Boston and Montana copper properties at Ellikhorn and French Gulch in Montana. Mr. Gilliam states that a much wider interest is developing among investors and speculators in mining securities and was not quite so keen as it has been in the past, yet seen would not be followed by the extended interest. He spoke enthusiastically of the Boston and Montana which covers the entire camps at Ellikhorn and French Gulch. A strong syndicate, he said, had recently bought a heavy interest in the company and provided funds to carry forward development well into 1917. While at the property, the erection of a mill had been discussed, the location of which would be on the Wise river which would be an exceptional situation for the purpose.

During his visit he met Ex-Governor W. R. Allen and from him learned that engineers estimated that the company had an ore body running 6 per cent copper of 72,000,000 tons above the tunnel now under development. The company has been shipping ore by motor truck, but arrangements to build the first section of a railway to connect with the Oregon Short Line had now been completed.

Mr. Gilliam, in conclusion, stated that the Boston and Montana had been a real surprise to him. It was a big proposition that would take time to work out successfully, and that shareholders would be ultimately handsomely rewarded from their investment.

McKINLEY-DARRAGH A GREAT MINE

Plummer & Co., 108 Bay Street, have this to say of McKinley-Darragh in their last market letter: "One of the Cobalt issues which has been showing a steady appreciation in price, in spite of the comparative quietude of the silver issue, is McKinley-Darragh, which has moved quietly and steadily toward higher levels. The cause of this movement has been that, in the first instance, it was discovered that there was an unexpected extension of the conglomerate formation for some 150 to 200 feet, and then that the vein systems of the McKinley carried on into the Keewatin. A recent analysis of the McKinley-Darragh underground situation stated that 'the most interesting developments in the underground workings of the entire camp today are at the McKinley-Darragh and the prospects are very promising for the opening up of an entirely new mine. This is based upon the discovery of the silver vein in the Keewatin. It has been previously believed that when the veins were worked thru the conglomerate into the Keewatin all further development along the contact would be futile. The development is regarded as the most promising since the vein was discovered by a system of working out various faults in this part of the ground, and it is believed that the extensions of further ore bodies will be in the upper levels of the conglomerate should logically be found in this section of the country to the north and east of the present workings. Such development, if forthcoming, would undoubtedly stimulate further exploration along the contact in other Cobalt areas."

"In addition to this important improvement in the underground conditions at the property it is to be borne in mind that the oil flotation process which has been installed by the management is proving to be highly successful and it has been demonstrated that low grade ore can be treated at a cost of 30 cents per ton, a figure which certainly will long continue to hold a leading position among the Cobalt securities. At current prices McKinley-Darragh looks most attractive, and the silver stocks materialize, as it must in time, McKinley will advance to much higher prices."

TRADING WAS FLAT ON TORONTO EXCHANGE

Clients and Brokers Neglect the Market for Business in the New War Loan.

Notwithstanding an exceedingly active and strong New York market, business on the Toronto Exchange yesterday was extremely flat, with scarcely a feature. The only exception of the extreme dullness was the interest taken in the new war loan by brokers and clients, and this is expected to have an influence on the market for a few days. Substantial purchases of Steel Corporation carried the price a notch higher to 58 1/2, but the only other dealings of consequence were in Stumaphis Common, the price of this issue touching 37 1/2, the high several days ago. Trading was limited to a few stocks, and the purchases were almost solely confined to investors. A bad break in Dominion Bridge at Montreal disturbed speculation and retarded up movement on the eastern exchange. The unlisted shares were more active, with moderate sized transactions in the more favored Porcupines.

NEW YORK BUYS CANADIANS.

The Financial Bureau says: The New York buying has been an income prominent feature of the Canadian exchanges, a revival of the demand from across the border having been plainly in evidence. This has been particularly true of Dominion Iron, of which it is acknowledged that a couple of thousand shares have been taken by New York last week.

THE DOMINION BANK

NOTICE is hereby given that a dividend of three per cent. has been declared upon the paid up Capital Stock of this institution for the quarter ending 30th September, 1916, being at the rate of twelve per cent. per annum, and that the same will be payable at the Head Office of the Bank and its Branches on and after Monday, the 2nd day of October, 1916, to shareholders of record of 20th September, 1916.

By order of the Board, C. A. BOGERT, General Manager. Toronto, 17th August, 1916.

DOMINION BRIDGE STOCK GOES DOWN

Shock of Quebec Disaster Turns Early Strength Into Weakness.

A RALLY FOLLOWS

Nearly Half Loss of Twenty-Six Points Wiped Out.

MONTREAL, Sept. 11.—Bridge furnished one of the most sensational movements witnessed in the stock markets here in a long time. Early buying prompted on the belief that the Quebec enterprise was being successfully completed by the company's subsidiary, St. Lawrence Bridge, sent Dominion shares up 2 1/2 points to 23 1/2, a new high for the movement. The shock of the Quebec disaster turned the position of all sellers and no buyers and the stock was offered down abruptly from 23 1/2 to 17 1/2, a loss of 6 1/2 points in the morning. Twenty-five shares were taken at 20, the next sale was marked at 21 1/2 and the next at 21. The market continued extremely nervous thru the rest of the day, with a low of 16 1/2 being equaled a couple of times before the stock settled at around 21. The Montreal & C. O. new issue was marked by a further rally to 21 1/2 with the close at 21 1/2, leaving the extreme loss of 2 1/2 points in the morning a net loss of 1 1/2 for the day. Business in the stock was in excess of 5000 shares.

OIL AND GAS COMPANY DEVELOPS PRODUCERS

Vacuum Gas and Oil Co. Opens Up Two Important Fields in Southwest Ontario.

The stock of the Vacuum Gas and Oil Co. having come into some prominence on the Standard Stock Exchange and the New York, The World yesterday called at the company's office in the Lumsden Building, to obtain particulars of the company, rather a surprise to learn that the company had been operating in two oil and gas fields for over two years, and that their operations had been kept practically unknown up to the present time. The secretiveness of the company's operations has undoubtedly accomplished what they were after, viz., to obtain as large an acreage as possible before the success of their borings presented this except at exorbitant prices. Frank L. Culver, who has made such a success in Cobalt at the Beaver and Timiskaming mines, is president and general manager, and is thrusting similar enthusiasm into this enterprise as he did after entering Cobalt. The oil field under control of the company is within three miles of Thamesville and the gas field about six miles south of Tillsonburg. Since the organization of the Vacuum Gas and Oil Co. the company has been spending in saving expert examinations made of the different fields, and a special geological study undertaken. After much preliminary work by the original syndicate, the two locations were developed upon as offering exceptional inducements, and the results achieved have proven the correctness of these premises. The Thamesville field is a promising gas field, and the other one, quite as successful. In addition to these 14 existing wells were purchased, together with leases covering much of the surrounding territory. Since July 30 two other successful wells have been sunk, and work is going on at the fifth, and there is sufficient area under control for the sinking of several hundred wells. Having arrived at the productive stage, the company has now installed a pumping plant, and this is expected to be put into operation this week. Heavy Gas Flow. In the gas field a well has been sunk and this starts production of from 600,000 to 750,000 cubic feet a day. A second well is being put down, and results from this will be obtained in about three weeks. The first gas well excited unusual interest among other companies operating here at Tillsonburg, and attempts were made to buy up leases in the vicinity, but it was found that the Vacuum company had pre-empted all the available land in the district. High Grade Product. The oil and gas produced by the company is of unusually high grade and markets for both are ready to hand at highly remunerative prices. The directors of the company are: F. L. Culver, Toronto; F. L. Lovelace, Niagara Falls, N.Y.; W. T. Mason, Montreal; H. E. Tremain, F. Robert Graham, Toronto. The company is to be commended in that it has proved up this new enterprise without appealing for public subscriptions. Of the 1,000,000 shares of the company's stock only 700,000 shares have been issued, and these are held by the original syndicate members. A small amount of the shares are on the market, the stock being listed both here and in New York, and it would be natural to witness a big demand for them now that the company has two producing fields.

#### A Sale of Boys' Suits in Which You Can Get Regular \$8.75, \$9.50, \$10 and \$11 Suits for \$5.85

This is going to be an extraordinary day in the Boys' Clothing Department. We're going to sell suits that look exactly like this illustration at \$5.85; suits that we could not sell you in the regular way for less than \$8.75, \$9.50, \$10.00 and \$11.00. We got a genuine bargain from a manufacturer who was forced to sell, and we're giving our customers the benefit of our excellent purchase.

Materials are Scotch and English tweeds, in rich shades of brown and dark and medium grays. Sizes 26 to 34, for ages 8 to 16 years. In this great sale on Tuesday the price will be only..... 5.85

#### Ties That Wear

If you buy a tie that is becoming, and a tie that you like, and hope will last—you can't go wrong on a tie from our splendid new assortment of heavy, rich, imported silk ties in all the good colors and quiet patterns. This is a new lot, just in, and they sell at \$1.00. Other ties noted for their wearing qualities are our knitted ties at \$1.50. In plain colors, in regimental plaids and stripes, and in khaki.
