BIG GATHERING OF FREE MASONS

Gand Lodge of Canada At Niagara Falls

FIGURES FOR THE YEAR Membership Estimate at 57,300, and Assets of Grand Lodge \$110,000—Grand Master Speaks of Matter of Initiation Fee

Niagara Falls, July 15.—The fifty-ninth annual communication of the Grand Lodge of Canada, A. F. and A. M., opened here today. The attendance is expected to reach from 1,000 to 1,200. In connection with this communication, Grand Master W. D. McPherson, of Toronto, and the officers of the Grand Lodge of Canada, are joined with the grand master of the grand lodges of the United States and other provinces of the domain to the number of thirty-five, in celebration of the 100 years of peace between the United States and the British people.

After the opening of the grand lodge, Mayor O. E. Dore, welcomed the delegates and J. W. Wenley extended the welcome of the craft. The grand master reviewed the work of the year, which has been the most prosperous in the history of the order. The receipts total \$47,241, an increase of \$2,544. The ordinary expenses amounted to \$17,429, leaving a surplus of \$29,812 as against \$29,738 for the previous year.

Transits to benevolence from the ordinary fund totalled \$88,108 and the interest on the semi-centennial fund was \$6,415. The semi-centennial fund now stands at \$108,487. The total membership is estimated at 57,300, an increase of 4,800. There are 425 lodges on the roll, under warrant, eighteen working, under dispensation for a year, making an increase of eleven. The returns are incomplete. The grandmaster made deep sympathetic references to the fraternal death and the great loss of life in the loss of the Empress of Ireland, and the toll human life on the great lakes last autumn. He has hinted that he is not in favor of increase of initiation fees to the point where young men who have taxed their resources to acquire an education and other laudable undertakings, should be prohibited from obtaining the benefits of the order. He does not commend "cheap masonry," but suggests the heavy medium and does not dispute the right of the lodges to fix what they deem proper fees.

J. A. Rundle Quotes Berry as Saying That He Had Orders From the Surveyor-General to Collect

Government Sent Him Over to Get it, Was Chief Scaler's Word to Him—Money Gone From Deposit Box in Royal Bank—Whereabouts May Be Learned This Afternoon—Total Now is \$71,665

The graft fund was collected from the holders of crown timber lands with the full knowledge and consent of Hon. J. K. Flemming. This was established beyond possibility of contradiction this morning, when the inquiry into the Dugal timber charges was resumed by the evidence of E. R. Teed of Woodstock, the man who received the money. Mr. Teed tells frankly that he first learned of the fund from Premier Flemming who told him that the lumbermen were arranging a fund for party purposes and asked him to take charge of the money. The witness consented and told of receiving the money totalling \$56,165. He knew that W. H. Berry received other amounts but he said that he refused to accept them and told Berry to take care of these amounts. The money he received he placed in a deposit box in the Royal Bank. It is not there but when the sitting adjourned he had not got round to telling where it now is although he said that he has not yet accounted for it.

J. A. Rundle's evidence was almost equally interesting. He swore that he paid \$332 to W. H. Berry because the latter told him that he had orders from the surveyor-general (Hon. Mr. Flemming), to collect it and that the government sent him over to collect it. C. L. Fenderson also told of paying \$2,000 to Mr. Berry. John E. Moore took the stand and told of the checks and bank drafts which passed through his hands to Mr. Berry. He did not know what the money was for. The payments now traced include \$55,165 paid to Mr. Teed and \$16,500 paid to Mr. Berry, a total of \$71,665. The in dividend payments of which evidence has been given totalled only \$63,622. A notable feature of Mr. Teed's evidence this morning was the fact that he could not recall important matters, even his reply to some of the questions put to him.

When the session opened this morning Mr. Carvell announced to the court that he had asked the secretary for the evidence in the timber lands charges and had been informed that none was available and asked why this was. The secretary replied that he had not had time to transcribe his notes. Mr. Carvell said they were ready to go ahead and complete their evidence but he did not think they should be asked to close the case until they had an opportunity to see the previous evidence.

John E. Moore was called. Mr. Moore said he is a lumberman residing in St. John, holding personally 25 1/2 square miles of crown timber lands, 13 1/2 for John E. Moore & Co. and 8 1/2 for himself and W. W. White. He renewed his licenses in 1913 paying a bonus of \$75 a square mile. He paid nothing else and was asked for nothing else. He received a draft for \$4,500 from the Dominion Pulp Company, Chatham, N. B., cashed it and handed it to W. Berry. This was in July 1913. He also received a check for \$4,355 from N. M. Jones. Mr. Jones and Mr. Berry came to his office together. Mr. Jones gave witness a check payable to his order. He endorsed it and handed it back to Mr. Jones who gave it to Mr. Berry. Early in July, 1913, he received a letter from the manager of the Bank of Montreal at Bathurst containing a bank draft for \$5,000. It was drawn in favor of the witness and he endorsed it, had it cashed and handed the money to Mr. Berry who came in while the witness was opening the mail. Mr. Berry did not tell him what the money was for or anything about a fund. Q.—Did not Mr. Berry tell you that a fund of \$2 a mile which was being raised for \$2? A.—No. Q.—Was there any explanation of the \$10,000 amount? A.—No. Q.—Have you any knowledge of any other moneys paid to Mr. Berry or to any one nominated by him? A.—No, except the three amounts named.

The witness said the letter from the manager of the Bank at Bathurst had been mislaid, but he hoped to find it. As he remembered its contents the letter simply said, "Enclosed find draft for \$5,000, receipt of which please acknowledge."

He believed the money was for Mr. Berry, as Mr. Berry and Mr. McLean had been in the office together and he understood that this was from Mr. McLean.

Witness did not know that \$15 a mile was being collected, but he knew from McLean of the Bathurst Lumber Company that contributions were being made.

Mr. Berry said in the presence of Mr. McLean and the witness that he had made some collections. The witness knew that some contributions had been made, but the amounts he did not know.

Mr. Berry had told the witness that something was coming for him and the next day the bank draft arrived. He was not sure how the \$4,500 came, but he thought Mr. Berry brought it in. Witness said that Mr. Berry gave no explanation of the transaction and had not previously asked him for permission to use his name.

Q.—Since the money was paid have you had any conversation with Mr. Berry? A.—Yes, in a general way. Q.—Did he tell you what he did with the money he had received? A.—I do not know what disposition was made of these three amounts, but Mr. Berry told him that the \$20,000 from G. C. Cutler was paid to Mr. Teed. Mr. Berry did not name the amount, but

Thousands Line Streets As Body of Frank O'Leary Is Escorted to The Grave

Most impressive was the funeral of Frank O'Leary, special policeman, whose death resulted from a bullet wound received while discharging his duty. The body was taken from the home of his parents this afternoon at 2:30 o'clock. Thousands turned out and either walked in the long procession or stood along the route, paying in silence their last tribute to the gallant young man. With their hearts filled with sorrow and their eyes dimmed with tears, his near relatives and friends tenderly lifted the casket and carried it to the house. From the grief stricken home the funeral proceeded to the church of St. John the Baptist, where services were conducted by Very Rev. W. F. Chapman, assisted by Rev. Walter Donahue.

At the church the cortege was joined by the fire companies of the city, the mayor and commissioners, and a body of policemen, in charge of Chief Clerk and Deputy Chief Jenkins. The members of the book and ladder companies, hose companies and Salvage Corps, both in the city and the North and West Ends, gathered at their respective stations and marched to No. 1 hook and ladder station, King street east. From there they proceeded in a body to the church and joined the funeral procession there.

As the body was taken up the aisle, the hymn Hail, Mercy On Him was sung by the choir. As the body was placed at the altar rail the Libera was chanted by Father Chapman and Father Donahue. This was followed by a solo "Angels Ever Bright and Fair," sung by Miss Colahan, organist. As the body was carried from the church the Dead March in Saul was played by the organ.

Headed by the City Coroner Band the funeral proceeded along Broad street and up Sydney street to Waterloo street and the Haymarket Square. Here the band and the firemen and policemen of the ranks and the body was taken to the new Catholic cemetery, where interment took place. Immediately preceding and accompanying the body was a band of high with flowers, the tokens of popularity and esteem from the young and old of friends.

While the procession was winding its way to the cemetery, the bell in the steeple tolled to the honor of one of its members.

Charlottetown, P. E. I., July 15.—(Special)—The investigation into the conduct of Prosecutor Phillips and Deputy Magistrate Wright with regard to the enforcement of the prohibition law was resumed yesterday at Summerside. It was brought out in evidence from the government records that many fines were uncollected in the year 1913 which were being made to the government. It was testified that he was advised by a certain person not to proceed against a violator.

NOT YET SURE OF HUERTA'S COURSE

Family, However, Have Left Mexican Capital

SOME THINK HE WILL STAY Lead His Troops in Last Stand Against Conquering Constitutionalists—Whatever He Does, Carranza's Men Expected to be in Mexico City in Few Weeks

Washington, July 15.—With Huerta's family and several close friends in flight from Mexico City today, the resignation of the dictator was expected at any time. Despatches from Mexico City stated that Huerta and his minister of war, General Blanquet, might follow their families from the capital to Vera Cruz some time today, but in some quarters it was thought that Huerta might hold out longer, and that the departure of his relatives meant only that he was preparing to make a final desperate stand against the advancing Constitutionalists, commanding his troops in person.

Nevertheless, diplomats in Washington directed their efforts at averting fighting in the Federal capital, and arranged some means of transferring power to the Constitutionalists with further loss of life. Carranza's forces continued preparations today to press their campaign against Mexico City. Villa's army, gathered in Chihuahua, was ready for the movement southward, while General Obregon's forces flushed with their recent victory at Guadalupe, soon would be in shape, it was said, to resume their campaign.

That the Constitutionalists would be in Mexico City within a few weeks regardless of the action of the Huerta government was the belief expressed by some officials today.

MURDER CHARGE IS READ OVER TO BRAMAN TODAY

At the police court a large crowd of curious spectators gathered today to see John H. Braman accused as the murderer of Frank O'Leary, when he should be brought into court. Braman was brought in and the new charge stated by him. Deputy Chief Jenkins was despatched to the condemned cell with an order from George A. Henderson, clerk of the court, and a few minutes after, wards the deputy returned with Braman walking beside him to the guard room where court was held. The prisoner was dressed in the light brown suit which he wore on the day the shooting took place. He also wore a pair of high class tan boots which he is said to have bought a few hours before the shooting took place. With a clean collar on, Braman presented a rather neat appearance. He cast a hurried glance round the guard room as he entered.

Besides the court officials there were present very few persons including Commissioner McLean, several members of the police force and the reporters. Braman was called by the magistrate who said to him that on the first time he was brought before the court, he was charged with the shooting of Frank O'Leary with intent to kill. "O'Leary has since died and you are now charged with the murder, the clerk will now read the official charge but you are not obliged to say anything," Mr. Henderson then read the following: "The charge is that you did unlawfully kill and murder Frank E. O'Leary."

The prisoner hardly winced as the awful charge was read over to him. He stood with his head slightly bowed and appeared slightly nervous when any spoke to him. He said not a word, however, all the time he was in court nor did he speak to the deputy when he was being brought in. After the charge was read the magistrate told him he would be remanded. "Come along John," the deputy said to him, as he took him back to his cell. The preliminary examination will be begun sometime during the week.

Thomas Petre, who was implicated by Braman as being with him at the time he entered Wood's drug store and who afterwards hid himself up to the police, was brought in from jail this morning and further remanded. The magistrate told him his case would be taken up some time this week.

The Daily Thought

"Every man is my master in some one thing," says Emerson. Wise men are alert to acquire knowledge, for in knowledge comes power. Men and women who have no interest than keeping up to date are active readers of the advertising in the daily newspapers. They read that it gives them information to be had nowhere else. It keeps them in touch with progress—makes them a part of the world's work. Advertising is one of the most enjoyable educators we have today.

PREHISTORIC DISCOVERY

In Excavation Work for New London Chronicle Building. London, July 15—Excavations on the site of the new Chronicle building in Fleet street, led to the discovery of prehistoric bones of animals at a depth of thirty-three feet below the level of the present level of the street, and about thirty yards from the spot where the remains of a woolly rhinoceros were found in 1908. The present find includes what Doctor Smith Woodward and Doctor Andrews, of the Geological Department of the British Museum describe as a "beautiful piece of arm bone of a lion," but there is some difference of opinion among other experts. The remains, which belong to the Pleistocene times, also include the jaw bone of a mammoth.

Our tire efforts are directed toward effecting a complete clearance of every dollar's worth of spring and summer clothes and shoes. Not a single article will be carried over if low prices and splendid value is any inducement. Early spring weather operated against business, stocks are as a result overloaded. We need the money and must sell the goods. Our loss is your gain.

Book For Men, Free

8,000 Words, 80 Illustrations

TO MY READERS:

Of the little illustrated advice book described below, which I gladly send free to all men who fill in the coupon. I beg to say that it represents the very BEST information of a private nature which I am able to give to you as a result of over 20 years' observation and study of my subject, during which time I have personally interviewed many thousands of men, young and elderly, single and married, rich and poor, who came to me in confidence with their confessions of debility, lost nerve force and falling strength.

It is, in this respect, an unusual opportunity which has enabled me to compile this very popular and valuable information as to the exact living, breathing experiences and needs of real men who sought information as to the new ways of self treatment without the use of drugs.

This book of over 8,000 words and 80 illustrations will come to you by return mail in reply to your request, and in a perfectly plain, sealed envelope, for it is no one's business but your own what the envelope contains. There is absolutely no obligation on your part to buy anything or pay anything, and merely the receipt of this book does not mean in any way that you are to use one of my VITALIZERS (see description below) and, in fact, only a portion of the book has any reference to the VITALIZER at all. Primarily it is a compendium of useful information for private reference, which you and only other men may easily profit through life.

Therefore, please use the coupon, on nearby, I should be very glad to have you call.

GANDEN, AUTHOR.

It is a fact, reader, which you and I must recognize and admit, that the whole world admires and is fascinated by strong, vigorous, husky, manly, yet it is this same manhood and manly vigor which is the back of the real leaders and producers in every walk of life. No matter where we go, we find it to be the manly, vigorous, vital force that makes men and women of this community, who does the really great things. An unmanly man merely means nature's laws gone wrong, for it is he who hails and hesitates, who takes the back seat, who does not fit into the picture in a way that a manly, vital nature should. And yet, reader, it is my firm belief that any man, no matter what his past, no matter what dispositions or follies may have left their mark upon his physical and mental being, I say to you that such a man, unless there be some unusual reason, may hope for a complete return of his strength, vigor and self-confidence, if he but go about his self-

Manly Men Move the Whole World.

restoration in a natural, commonsense way.

I make a little appliance which we will call a VITALIZER, because I think that is the best word to describe its strange power. I don't want you to think of getting one of these VITALIZERS just now, but I would like you to investigate my claims as to what I believe can be accomplished by almost any weakened man who uses this VITALIZER faithfully for a few weeks. I speak, of course, of him who is willing to give up dissipation and lead a decent, conservative life, not only while using the VITALIZER, but for the future. The other kind of man, the dissipated, can hope for nothing from any treatment, no matter what it may be, hence such a man is eliminated from my consideration.

This little VITALIZER is made to wear upon the body all night. It weighs only several ounces and is no more unhandy than an ordinary belt, yet it generates a great FORCE that I call VIGOR, which flows into your blood organs and nerves while you sleep. Men say it often takes any pain or weakness out of the back in one application, and that 60 to 90 days' use has been sufficient to restore many strength and to put men in the "never felt better in my life" class. Special attachments carry the FORCE of the VITALIZER to any part of the body, for the use of women as well as men in cases of rheumatism, kidney, liver, stomach, bladder disorders, etc.

Over two hundred thousand of these VITALIZERS have been used or are now being used by men all over the world.

You had better learn more of the VITALIZER. It is fully described in my free book. If you live near me, why not call and test the VITALIZER yourself.

THE OLD FLAG AGAIN?

Apparently the hypocritical Tories in Canada propose to wrap the flag around them in the next federal elections, and by appeals to the emblem which should be regarded as too sacred to be dragged in the mire of politics, endeavor to divert attention from the carnival of reckless expenditure and wholesale graft which has marked the Borden administration.

THE EVIDENCE GIVEN BEFORE THE ROYAL COMMISSION

This morning makes it all the more evident that Mr. W. H. Berry should be brought here to testify.

WHAT A RECORD THE TORIES IN ALL PARTS OF CANADA HAVE BEEN MAKING SINCE 1911.

The fact is now being brought home very clearly to the people of New Brunswick.

THE HOME RULE BILL AS REMENDED BY THE HOUSE OF LORDS HAS BEEN ATTACHED TO THE HOUSE OF COMMONS.

There is to be another conference between the leaders of the two parties in the house before its fate is decided in that chamber.

DO THE MEMBERS OF THE FLEMING GOVERNMENT STILL THINK THAT IN FAILING TO TAKE ACTION TO SECURE THE ATTENDANCE OF IMPORTANT WITNESSES BEFORE THE ROYAL COMMISSION THEY ARE STRENGTHENING THEIR OWN CASE?

If they entertain such a belief they will have reason to discard it in the not distant future.

APPARENTLY THERE IS A BELIEF IN FINANCIAL CIRCLES IN LONDON THAT THE IRISH QUESTION WILL BE AMICABLY SETTLED, AND IT IS DECLARED THAT SUCH A SETTLEMENT WOULD BE FOLLOWED BY THE RELEASE FOR INVESTMENT PURPOSES OF HUNDREDS OF MILLIONS OF POUNDS WHICH ARE NOW ON DEPOSIT IN THE BANKS.

THE ELIMINATION OF HUERTA, WHICH NOW APPEARS PROBABLE, WOULD GO FAR TOWARD RESTORING COMPARATIVE PEACE IN MEXICO.

Although a continued period of turbulence in that country must be anticipated, because of the rivalries and the conflicting interests which seek to control the affairs in different parts of the republic.

A GENTLEMAN WHO MADE AN AUTOMOBILE TOUR FROM BOSTON TO ST. JOHN FOUND THE WORST ROADS IN NEW BRUNSWICK, AND THE WORST HOLES ALONG THE MAIN HIGHWAY BETWEEN FREDERICTON AND ST. JOHN.

How long will the people of this province tolerate such a condition of affairs? The roads are a disgrace, and they are also a heavy tax upon the people who use them, not only because teams cannot carry such loads as are carried over good highways, but because they are responsible for very much more wear and tear of wagons, carriages and automobiles, than if they were placed in proper condition.

WE ARE TOLD THAT HON. MR. FOSTER IS ABOUT TO RETURN TO OTTAWA AFTER A HOLIDAY AT DALHOUSIE, AND THAT AFTER A FEW DAYS THERE HE WILL SET OUT TO TOUR THE COUNTRY WITH THE DOMINION TRADE COMMISSION.

Mr. Foster may be described as a detached member of the Borden government. He goes about much at his own pleasure, and has little to do with the affairs of the cabinet: one of the ablest men in the party, he has not been regarded with unqualified favor by the more ambitious and also the more unscrupulous politicians who surround Mr. Borden.

THE EVIDENCE GIVEN BEFORE THE ROYAL COMMISSION

This morning makes it all the more evident that Mr. W. H. Berry should be brought here to testify.

There are many who believe that if Mr. Foster had more influence with his party this year during the last three years would not have been of quite so scandalous a nature.

"Berry said he had orders from the surveyor-general to collect it," said one of the witnesses before the Royal Commission this morning, when asked why he had contributed that \$15 a mile on his crown land holdings.

The fact that a deputation of international suffragettes was told by representatives of both parties at Westminster yesterday that the suffrage question must soon be dealt with by the British government shows that even the outrages perpetrated by the militant suffragettes have not warped the judgment of English public men.

One of the boys who was a witness in the recent robbery cases said that the gang usually planned their work on Sunday. The fact should impress upon all parents the importance of knowing what their boys are doing on Sunday.

The convention of dentists in this city once more directs public attention to the importance of systematic care of the teeth.

RELIGION AND DRINK

That Jehovah and Jesus, that Apostles and Prophets, that the primitive church and the church fathers, that the medieval church, that all the fathers of the Reformation—Luther, Calvin, Knox, and the Anglican divines—as well as such pious followers of theirs as John Bunyan and the author of "Swiss Family Robinson," used alcoholic beverages (Jehovah demanding them in the worship offered Him) and approved, commended, and to a certain extent commanded their use—all this and more is inductively by the Rev. Dr. E. A. Watson, rector of St. Stephen's Episcopal Church, Newark, N. J., in his book just published, "Religion and Drink."

Whether his conclusions are just or not, the book has this merit, that the evidence is clearly set forth, with its sources plainly indicated, so that any one can see and judge for himself.

It is startling to be told that the first act of Jesus' public ministry was the making and serving of alcoholic wine and that his last act, on the Cross, was the drinking of alcoholic wine. Again, can it be true that Martin Luther and his wife ran a private brewery, and that he declared alcoholic drink to rank next to the Lord's prayer and a good heart as a soldier in trouble? Equally startling are the drinking habits and drinking principles that the writer imputes to his sources.

His brother Charles, to prove that his citations are correct, John Wesley pronounced alcoholic wine "one of the noblest and most useful of the gifts of God to man." But as soon as he found that people mistook his motive, supposing his Wesleyanism to be a matter of principle, he renounced alcoholic wine "one of the noblest and most useful of the gifts of God to man." RED BLANKET AND HIGH HAT

The Inevitable Dress of the Mexican Peon—His Inextinguishable Fear of Catching Cold.

The dress of the peon is picturesque and to the foreign observer even strikes a note of almost operatic strain. As the sun sets the peon dons his poncho, or serape, as the red blanket which is his invariable outer garment is termed. In the cool air of the morning or evening he speaks little, covering his mouth with the corner of the serape, for he has a constant and, as far as the foreigner can observe, unfounded fear of pneumonia. The crowning point of his dress is the great, conical, broad-brimmed hat, which is the main and peculiar characteristic of the inhabitants of this land; a national and remarkable headgear, which is met with nowhere else.

There is even a brigand-like local color about the Mexican peon, and, indeed, of some of the upper classes in their national dress. The peon, or the vaquero, as he stalks muffled through the streets or plaza, or lurks within his habitation with a corner of the serape thrown over his shoulder and a knife stuck in his belt, is a subject which might have stepped from the boards of a theatre. Although he is respectful in his demeanor and often devout in his language the open greeting and confident demeanor of the Anglo-Saxon is absent. Who can blame him?

The oppression of centuries weighs upon him; he has been doomed to ignorance and poverty ever since Iberian conquerors put foot upon the soil which was his, and the descendants of this same conquering race do little but perpetuate his melancholy state. In the years since the republic was established he has been constantly dragged from his peaceful labors to serve this or that revolutionary malcontent, and so made to destroy rather than create industry. And today he is the subject of such unequal wealth and class distinction that change seems impossible to hope for. Yet there is some progress—Mexico, by C. Reginald Escock.

SHAKING ST. PAUL'S
London, July 15—The effect of motor-bus vibration, which threatens the safety of such giant landmarks as St. Paul's cathedral, Westminster Abbey and the

clock tower of the House of Commons, is being made the subject of careful tests by the National Physical Laboratory.

Investigators have learned through delicate instruments placed in these buildings that the amount of vibration is largely a matter of speed of the buses. When three buses were driven past the cathedral at six miles an hour, no disturbance was recorded. But at twelve miles an hour, the vibration was marked. Both vertical and horizontal movements were noted.

Plans for a system of steel supports have already been found necessary for St. Paul's, owing to the disintegrating effects of a traffic on which Sir Christopher Wren did not reckon.

RINGWORM ALL OVER GIRL'S FACE

Hands and Arms. Burning and Painful. Suffered Day and Night from Itching. Cured by Cuticura Soap and Cuticura Ointment.

St. Venot, Que.—"My little girl got ringworm all over her face, hands, and arms. I was given a sort of white ointment and like a pill of water to wash with. After eight days of this treatment the ringworms instead of healing became dark red and were spreading, then were burning and painful. The child suffered day and night from the great itching. I was very disturbed."

"One evening I found a sample of Cuticura Soap and Ointment that I had requested the year before. So I commenced washing with the small piece of Cuticura Soap, then applying the Cuticura Ointment and as the next of three days the child was suffering less. Then we wrote to some friends in Montreal to get some Cuticura Soap and Ointment for us. After fifteen days' treatment the ringworms were crushed over and whitish, then on the twenty-fifth day they were all dry and cured." (Signed) Mrs. Marie Louise Rivon, May 20, 1913.

When you buy a fine toilet soap think of the advantages Cuticura Soap possesses over the most expensive toilet soap ever made. In addition to being absolutely pure and refreshingly fragrant, it is delicately yet effectively medicated, giving you two soaps in one, a toilet and a skin soap at one price. Cuticura Soap and Cuticura Ointment are sold by druggists and dealers everywhere. For a liberal free sample of each, with 25-cent postage, send post-card to Potter Drug & Chem. Co., Dept. TEED SAYS IT WAS FLEMMING WHO PUT HIM IN CHARGE OF THE TIMBER LIMITS GRAFT FUND

(Continued from page 1). A.—I don't know but I remember Mr. Berry was there. Q.—Was anyone else there? A.—I have no recollection. Q.—Do you remember what Mr. Flemming said? A.—No. Q.—You heard Mr. Brankley swear that Mr. Flemming said "Anything Mr. Teed tells you will be all right"? A.—Yes but I cannot remember it. That meeting is absolutely vague in my mind. Q.—Tell what you know. A.—I can only remember Mr. Berry introducing Mr. Brankley to me somewhere in the Barker House. A.—It was short, but I understood from that I was to go to Mr. Brankley's town to receive some money for a fund the lumbermen were making up.

Quoted Flemming Q.—"Tell us about the fund." A.—"To be used for the good of the party in the province." Q.—"Was it a result of that conversation that you were at the Barker House?" A.—"I think I went there at Mr. Berry's request to meet Mr. Brankley. I don't know what he said with Mr. Berry." A.—"No, not before this." Q.—"You had nothing to do with originating the fund?" A.—"No." Q.—"Do you know who did?" A.—"No." Q.—"All you knew was what you learned at these two meetings?" A.—"Yes." Q.—"Was it part of the arrangement that you met him in the Royal Hotel and he gave me \$22,200. I think that was in July?" A.—"I think he told you it was from the J. B. Snowball Company and Mr. McLean of the Bathurst Lumber Company. He told me the amounts, \$15,000 from McLean and the balance from Snowball."

Q.—"What was the purpose of that meeting?" A.—"I told Mr. Brankley that he had better take \$200 for himself." Q.—"What right had you to say that?" A.—"I was the custodian of the fund and I thought I had a right to do what I thought best." Q.—"Was that payment afterwards confirmed by Mr. Flemming?" A.—"Possibly, there was no reason why I should not mention it to him." Q.—"To whom did you account for the money?" A.—"I have not yet been told to whom to account."

Q.—"The only instructions you had were to take charge of the fund?" A.—"That is all." Q.—"What other moneys did you get?" A.—"\$15,000 from F. C. Beattie, of Stetson Cutler & Co. I was in Mr. Berry's room and this gentleman came in. I had never seen him before. He said 'Are you the proper man to handle this?' and he replied 'I have a parcel for you.' I said 'All right, put it on the bureau.' He seemed to be waiting for something and I offered him a cigar. He asked if he was not to get a receipt and I said 'Mr. Beattie, if you are the proper man to handle this parcel you should know that you will get no receipt.' He said 'It is valuable and I should have some-

thing that all the lumbermen who testified here, except Mr. Brankley, were strangers to me." Mr. Stevens mentioned payments of which evidence had been given totalling only \$14,880, but the witness could not tell where the \$800 difference came from.

Mr. Stevens—"About the money paid through Mr. Moore?" A.—"Mr. Berry told me that he had some money and I told him that 'if he was mixing up in it I did not want to have anything to do with it or to touch it. I told him to put it in a safe place and take care of it.'" Q.—"Why did you say that?" A.—"Because if he was getting mixed up in the collections I did not want to be."

Q.—"Did you discuss with Mr. Berry how he was to make the payments?" A.—"No." Q.—"Did you keep in touch with him to learn who were paying up?" A.—"No."

First Knew of it from Flemming. Q.—"The first knowledge of the fund came to you from Mr. Flemming?" A.—"Yes, that is the first I knew of it."

Q.—"You got \$14,740; what did you do with it?" A.—"It is still there?" Q.—"Tell about the next occasion you got money?" A.—"When we left Newcastle Mr. Brankley said there were some further payments and when they came in he would deliver the goods. Some time later I met him in the Royal Hotel and he gave me \$22,200. I think that was in July."

Q.—"Did he tell you its source?" A.—"No." Q.—"I think he told you it was from the J. B. Snowball Company and Mr. McLean of the Bathurst Lumber Company. He told me the amounts, \$15,000 from McLean and the balance from Snowball."

NORTH END SCENE OF LATEST BREAK

Last night or early this morning the store of Phillip Grannan, M. L. A., stores and tinware, in Main street, was broken into and the cash register rifled. Entrance was made through a window in the rear.

It is thought that there were at least two concerned in the burglary, which is believed to have been the work of boys. Only a few dollars were secured. Considerable damage was done.

VISITING REDEMPTORISTS Rev. Patrick Leonard, C. S. S. R., a professor in the Redemptorist House of Studies, Mt. "Some time later, in the fall, I was in my room in the Victoria Hotel and Mr. Berry came in saying 'Here is a parcel a man left for you.' It contained \$22,200 which I understood came from the Partington Company."

Q.—"What was the next payment?" A.—"I did not get any more."

Q.—"Do you know of any others paying Mr. Berry money?" A.—"I have not yet been told to whom to account."

Q.—"The only instructions you had were to take charge of the fund?" A.—"That is all."

Q.—"What other moneys did you get?" A.—"\$15,000 from F. C. Beattie, of Stetson Cutler & Co. I was in Mr. Berry's room and this gentleman came in. I had never seen him before. He said 'Are you the proper man to handle this?' and he replied 'I have a parcel for you.' I said 'All right, put it on the bureau.' He seemed to be waiting for something and I offered him a cigar. He asked if he was not to get a receipt and I said 'Mr. Beattie, if you are the proper man to handle this parcel you should know that you will get no receipt.' He said 'It is valuable and I should have some-

Mr. Stevens mentioned payments of which evidence had been given totalling only \$14,880, but the witness could not tell where the \$800 difference came from.

Mr. Stevens—"About the money paid through Mr. Moore?" A.—"Mr. Berry told me that he had some money and I told him that 'if he was mixing up in it I did not want to have anything to do with it or to touch it. A.—"When we left Newcastle Mr. Brankley said there were some further payments and when they came in he would deliver the goods. Some time later I met him in the Royal Hotel and he gave me \$22,200. I think that was in July."

Q.—"Did he tell you its source?" A.—"No." Q.—"I think he told you it was from the J. B. Snowball Company and Mr. McLean of the Bathurst Lumber Company. He told me the amounts, \$15,000 from McLean and the balance from Snowball."

Q.—"What was the purpose of that meeting?" A.—"I told Mr. Brankley that he had better take \$200 for himself."

Q.—"What right had you to say that?" A.—"I was the custodian of the fund and I thought I had a right to do what I thought best."

Q.—"Was that payment afterwards confirmed by Mr. Flemming?" A.—"Possibly, there was no reason why I should not mention it to him."

PRIZES AWARDED TO ARTILLERY DRIVERS AT ANNUAL INSPECTION

With Colonel H. Bursall of Quebec as the inspecting officer the annual inspection of the 8th regiment Canadian Artillery was commenced last evening. The horses and equipment were inspected, the drivers examined and then the regiment showed its proficiency in company infantry drill and section gun drill. Colonel Bursall expressed himself as much pleased with the proficiency shown by the men and their officers. This afternoon he will be the guest of the officers on the yacht Dream for a trip up river and this evening will complete the inspection. Prizes awarded by the Canadian Artillery Association for drivers who have shown the greatest progress in the year's work were awarded last evening as follows:

- No. 1 battery—1st, Bombardier Lockett; 2nd, Driver R. L. Thomson.
- No. 2 battery—1st, Driver E. C. Clark; 2nd, Driver George Hudson.
- No. 3 battery—1st, Driver Dunham; 2nd, Driver Tremaine.

South End Gang in Court. That the five lads in the South End gang worked together was the admission of William and Louis Doyle, who gave evidence in the preliminary examination of Herbert Goodspeed and Frederick McDonough, arrested on a charge of

breaking and entering Major Harold Perley's and J. Major Howell's confectionary store besides a number of other places. Mr. Perley gave evidence yesterday and told of finding his house entered and ransacked about the last of June. George Miller, who was also a member of the gang, testified and the two prisoners were further remanded. The magistrates said "The others will be allowed to go for the present," referring to the boy witnesses.

Harry McCann, charged with stealing \$19 from Frank Gunzax, was committed for trial. Frank Nagle, charged with being an inmate of a disorderly house conducted by Mr. McCann, was fined \$25 or three months, but was allowed out on suspended sentence.

THIN MEN AND WOMEN

Here's a Safe Way to Gain 10 to 30 lbs. of Solid, Healthy, Permanent Flesh

Thin, nervous, undeveloped men and women everywhere are heard to say, "I can't understand why I do not get fat. I eat plenty of good, nourishing food." The reason is just this: You cannot get fat, no matter how much you eat, unless your digestive organs assimilate the fat-making elements of your food instead of passing them out through the body as waste.

What is needed is a means of gently urging the assimilative functions of the stomach and intestines to absorb the oils and fats and hand them over to the blood, where they may reach the starved, shrunken, run-down tissues and build them up. The thin person's body is like a dry sponge—eager and hungry for the fatty materials of which it is being deprived by the failure of the alimentary canal to take them from the food. The best way to overcome this sinful waste of flesh building elements and to stop the leakage of fats is to use Sargol, the recently discovered regenerative force that is recommended so highly by physicians here and abroad. Take a little Sargol tablet with every meal and notice how quickly your cheeks fill out and rolls of firm, healthy flesh are deposited over your body, covering each bony angle and projecting point.

Good druggists have Sargol, or can get it from their wholesalers; and will refund your money if you are not satisfied with the gain in weight it produces as stated on the guarantee in each package. It is inexpensive, easy to take and highly efficient.

Caution—While Sargol has produced remarkable results in overcoming nervous dyspepsia and general stomach troubles, it should not be taken unless you are willing to gain ten pounds or more, for it is a wonderful flesh-builder.

LOAN GIVEN YOUTH BROUGHT A FORTUNE

Newburg, N. Y., July 15—Mrs. Mary E. Kampe, a widow living here has re-

ceived from William J. Wygant, a lawyer, a check for \$80,000, drawn to her order by John Patton. Mrs. Kampe said that forty years ago Patton had a quarrel with his father, who was a hotel

keeper in Greenwich street, New York, and the boy wanted to go to the west to grow up with the country. He borrowed \$10 from Mrs. Kampe and told her he would pay \$1,000 for every dol-

lar of it if luck favored him. A month ago Mrs. Kampe received her first letter from Patton asking the name of her attorney. He recalled the loan and his promise, and said he had

prospered and was desirous of helping his friend in her old age. Neither Mrs. Kampe, nor Mr. Wygant would divulge Patton's place of residence.

Twenty Six Now in Home For Incurables; Revenue Smaller Annual Reports at Meeting This Afternoon - Expenses Spoken of in Detail - Expenses Greater

The annual meeting of the board of management of the St. John Home for Incurables is being held this afternoon and reports presented were very encouraging. The treasurer's report showed that there was on hand in money, stocks and bonds, \$106,889.58. The revenue accounts for the year total \$8,809.58. Although the expenses for the year, \$7,984.55, are 87.25 less than last year, about \$1,500 was spent for improvements last year, which shows that the current expenses of the institution are on the increase. With increased expenditure and declining revenue, it was pointed out that the balance on hand is not quite as good as last year.

During the year two bequests were received by the home, \$1,000 from the late James Ready, and \$500 from the late treasurer, J. V. Ellis. The reports follow: St. John, N. B., July 15, 1914. To the Subscribers of the St. John Home for Incurables: Ladies and Gentlemen: During the year just closed the W. W. Turnbull fund was increased by \$600, of which \$500 was a bequest from the late treasurer, Mr. J. V. Ellis, while the other hundred was made up by four life members, Mrs. A. R. Campbell, Dr. T. Dwyer Walker, A. P. Barnhill and Mrs. A. P. Barnhill. The total of this fund is now \$101,068.18. Through the generosity of the late James Ready a separate fund known as the "James Ready Fund" has been opened and the treasurer has received from his widow \$1,000. These amounts are invested as shown by the accompanying statement. Other funds held by the treasurer in connection with the home total \$8,476.40 an increase of about \$1,100 over last year. The total amount held by the treasurer in bonds and stocks money, etc., on July 8 was \$106,889.58. The revenue accounts show receipts for the year, including the amount brought forward from last year as follows: Balance, \$1,709.75 Annual members, 24.00 Paying patients, 1,778.00 Donations, 180.00 Interest, 5,127.78 \$8,809.58

The expenditure of the year totaled \$7,984.55, which is \$72.88 less than in 1913, but last year some \$1,500 was spent in plumbing, while the extraordinary expenditures of this year taken from current account were much less, the most expensive outlays being for a furnace costing some \$475, and the kitchen range, \$150. It therefore seems wise to direct attention to the increase in ordinary expenses which in the last two years have largely exceeded the income. Another feature of the year's operations that is worthy of note is the reduction in revenue for paying patients. On this account the receipts of the year just closed were some \$800 less than in last year, a decrease sufficiently large to excite interest as to the cause. With increased expenditure and declining revenue the home does not start the year with quite as good a balance on hand as last year.

Respectfully submitted, F. B. ELLIS, Board of Management. St. John, N. B., July 15, 1914. To the Subscribers of the St. John Home for Incurables: Ladies and Gentlemen: The board of management of the St. John Home for Incurables herewith presents its report for the year ending July 1, 1914: Your board to the best of their ability have endeavored to minister to the wants of the patients under their care and hope that the efforts put forth have not been without success. At the beginning of the year there were in the home twenty-eight patients, fifteen males and thirteen females. During the year nine patients died—two males and seven females. At the end of the year there were twenty-six patients, fifteen males and eleven females. There were twelve applications received by the board—two males and ten females, and of these eight were accepted, two males and six females, four females being refused. One female patient left the home. Twelve regular meetings and four special meetings were held by the board and there was one meeting of the executive committee. Miss Ramsay and her capable nursing staff we believe very faithfully carried out their duties. For a time a matron, Miss Hollingworth, assisted Miss Ramsay in her duties, but after a short while the matron resigned and another has not been appointed. To the medical staff we desire to tender our most hearty thanks for their valuable services, always cheerfully and efficiently given. The women's aid committee has, as in the past, rendered very valuable services which are most gratefully acknowledged. The donations of money received in the last year are as follows: Gertrude S. Mays, \$100; J. F. Robertson, \$50; John P. Macintyre, \$10; Miss Adamson, Bridgetown, N. S., \$10; Conman & Whitley, \$5; W. A. Ewing, \$5; Friend of A. Karmey, \$2. In addition to these the home received the James Ready bequest of \$1,000 and the J. V. Ellis bequest of \$500. This year our expenses were \$800 more than income and of this amount two items will account for \$625, viz:

The Man In The Street

If the heavy rain of Sunday last gave pleasure to anyone but the farmers, must have been the pastors of some local churches. News headlines—"More people than ever using 'phone." Yes, but whose? Dressmakers say the time for freak fashions is ended. Can't see how they could think out any more freak fashions and remain respectable. Recent divorce proceedings show that while love may grow cold, there is no cooling a love letter. News headlines—"More people than ever using 'phone." Yes, but whose? The beauties of the English tongue. To us do not present appeal. When summer Sunday meetings. Must listen to a full hour "speel." Saw a small boy turn an apple with its worm-hole side to his chin to take a bite. This looks like the foundation of another "measles" man. Favorite summer fiction: "You really must come out and spend a few days with us at our suburban cottage—some time! Oh, that some time! If Father Noah lived today! He would not build an ark, he'd make a monoplane, and soar. This is the time of year we always begin to think of moving to another city, but once again we paid our taxes instead. Baseball game played on Marathon Grounds yesterday. After the visit of the circus the day previous the lot must truly have been a "diamond in the rough." Chicago doctor says "Great many people who are mildly insane are at liberty in the community." Suffragettes for instance—the militant brand. You'd like the vote my pretty maid? You'd get it if you seek! Just call upon The King, and say "You'll land upon his cheek. Two more circus shows on their way here! No wonder we talk of the cost of high living. If the weather man predicts heavy rains, it does not follow that he's putting on airs. Just about now it is usual for one-half the world to wonder how the other half pays for its holidays, gasoline oil, motor boats, etc. Society notice in London: "For children, the dress with trousers; for officers, full dress." Presumably the officers are all bonnie Highlanders. We were very nice to the visiting dentist this week—they're good fellows to have a "pull" with. Morning paper says that two tramps were arrested last night for using a razor. Now, if the razors were packed for the purpose that the inventor intended, the question naturally arises, Are they tramps? The Berry Pickers. There may be the usual blueberry picnic at Harry Woods' Welsford preserve this year, but the Flemming government will not be represented. It is not Berry-picking this year.

WILL DISCUSS THE HOUSING PROBLEM

W. F. Burditt, J. L. Sugrue, Mayor Frink, F. Neil Brodie and Others - Community Council Tomorrow Evening in High School Assembly Hall. Is it possible to provide comfortable and sanitary cottages for workmen in St. John at a rental which the workman can afford to pay, or on easy terms of purchase at a price which would enable him to become eventually the owner of a home of his own? This question will be discussed by the Community Council in the High School assembly hall tomorrow evening, and any citizen interested in the question will be welcome at the meeting, as there will be an open and free discussion. W. F. Burditt will present briefly some facts from the recent housing survey between Union street and the Marsh Bridge, with some lantern slide illustrations. J. L. Sugrue will give a brief statement of the standpoint of the Trades & Labor Council. Mayor Frink will speak of the financial aspect of the question from the civic standpoint, and also of lands that might be available at reasonable cost. F. Neil Brodie will give some information as to the probable cost of substantial workmen's cottages. Each address will be brief and directly to the point, and the discussion, also marked by brevity and directness, will follow. It is expected some practical suggestions will be made in the phase of the housing problem. The chair will be taken at eight o'clock sharp.

POWERS IS SENT UP FOR TRIAL

Michael Harriety Gives Evidence in the Second Case. Richard Powers, an ex-convict, charged with assaulting and attempting to rob R. H. McKel and Michael Harriety, was committed for trial this morning on the two charges. Mr. Harriety, who is eighty-three years of age, said Powers came towards him from behind a shade tree as he was going through the old buying ground on Monday morning, when nearly everybody else was watching the circus parade. He said, "Give me that," referring to some boxes of berries which the witness had tied up in a parcel. "Who are you? Get out of this," Mr. Harriety said, and the man then demanded his watch. This was also refused and the man drew something from his pocket which, Mr. Harriety said, looked like a club. He swung this over his head, but Mr. Harriety, in spite of his age, was quick enough to ward off the blow with his cane. "You've got a lot of pluck in you, too, for such an old man," the magistrate remarked. Mr. Harriety said he saw Wm. Little standing across the street and called to him. His assailant then walked away and the police were notified. Powers asked the witness if he could swear that he was the man. "Well there may be another man that looks just like you; you may be one of twins," was the answer.

HAD A REVOLVER

Stanley Murphy and Michael Donovan were arrested between ten and eleven o'clock last evening when they were found asleep in a hallway in Brussels street, Murphy said he worked on a farm in the country and they were in to see the circus. Murphy pleaded not guilty and said he was going to see a man named Butler and had something for him. "What did you have for him?" "It was a revolver." The magistrate told Murphy there was a heavy penalty for that alone. Police man who made the arrest gave evidence. The two prisoners were remanded.

LOCAL NEWS

CHALLENGE ACCEPTED. The York Point Cubs accept the challenge to play the Orange street Cubs on the Y. M. C. A. ground back of the High School on Thursday morning at 9.30. DEPUTY'S EVIDENCE. Deputy Chief Jenkins' gave evidence this morning in the case against James Fitzgerald charged with assaulting and wounding Thomas McAndrews in a room in Harrigan's alley. The deputy produced an axe which he said he found in one corner of the room "saturated with blood. There were pools of blood about the room and on one of the beds Fitzgerald told the magistrate that McAndrews and the doctor who attended him were summoned as witnesses. WAS DISMISSED. That the word "damn," while not very elegant language to be used in the drawing room, is not profane, was pointed out by Magistrate Ritchie this morning in hearing a charge made by Policeman Watson the West Side against John Campbell for alleged profane language, abusing him when he ordered him to move away from the fire at the LaFour mill on Sunday. The policeman said the man used the expression referred to and others of a similar nature but the court held he did not prove the charge of profanity. Campbell admitted the expression sworn to by the policeman and called William Watters, who corroborated the testimony of the defendant. The case was dismissed.

ACCOSTING GIRLS IN STREET IS CHARGE AGAINST H. ABBOTT

Harold Abbott, arrested between nine and ten o'clock last night on a charge of accosting girls in Charlotte street, pleaded guilty. Detective Lucas told of seeing the man speaking to girls who did not seem to wish his company. After asking them about it he made the arrest. The two girls, twelve and fourteen years of age, said they did not know the man and that he followed them up King and down Charlotte and spoke to them several times and asked them to have some ice-cream, which they declined. The magistrate told the prisoner of the seriousness of the charge and remanded him for sentence.
