LONDON, March 2.- The Times of yes-rday publishes another article on Canada Dealing with trade matters the writer at 8 oclock sharp. Matters of importance at 8 oclock sharp. Matters of importance siys that Canada's trade with the United States is not so essential as that with Great Britain; and the opinion is expressed that the United States will soon open their markets in their own interest. The article goes on to say that what Canada needs is greater care in studying to meet the demands of the British market, improved transportation feelilies.

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than ethers and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly

to meet the demands of the British market, improved transportation ficilities, and reduction of the cost of production to a minimum by a lowering of duties. The writer says Canala's outlook is excellent. Her credit is higher than that of any other colony, her industries and inclinations alike pointing to a closer consolidation with the mother country.

THE GREAT SOUTH AMERICAN

Stomach Liver Cure

The Most Astonishing Medical Discovery of the Last One Hundred Years. It is Pleasant to the Taste as the Sweetest Nectar. It is Safe and Harmless as the Purest Milk.

This wonderful Nervine Tonic has only recently been introduced not this country by the proprietors and manufacturers of the Great couth American Nervine Tonic, and yet its great value as a curative agent has long been known by a few of the most learned physicians, who have not brought its merits and value to the knowledge of the general public.

This medicine has completely solved the problem of the cure of indigestion, dyspepsia, and diseases of the general nervous system. It is also of the greatest value in the cure of all forms of failing health from whatever cause. It performs this by the great nervine tonic qualities. vhatever cause. It performs this by the great nervine tonic qualities which it possesses, and by its great curative powers upon the digestive organs, the stomach, the liver and the bowels. No remedy compares with this wonderfully valuable Nervine Tonic as a builder and strengthener of the life forces of the human body, and as a great renewer of a proken-down constitution. It is also of more real permanent value in the treatment and cure of diseases of the lungs than any consumption remedy ever used on this continent. It is a marvelous cure for nervousness of females of all ages. Ladies who are approaching the critical period known as change in life, should not fail to use this great Nervine

NERVOUS DISEASES.

As a cure for every class of Nervous Diseases, no remedy has been ble to compare with the Nervine Tonic, which is very pleasant and larmless in all its effects upon the youngest child or the oldest and most delicate individual. Nine-tenths of all the ailments to which the human When there is an insufficient supply of nerve food in the blood, a reneral state of debility of the brain, spinal marrow, and nerves is the esult. Starved nerves, like starved muscles, become strong when the ght kind of food is supplied; and a thousand weaknesses and ailments sappear as the nerves recover. As the nervous system must supply all his income is? e power by which the vital forces of the body are carried on, it is the erst to suffer for want of perfect nutrition. Ordinary food does not con-ain a sufficient quantity of the kind of nutriment necessary to repair che wear our present mode of living and labor imposes upon the nerves. For this reason it becomes necessary that a nerve food be supplied. This South American Nervine has been found by analysis to contain the seential elements out of which nerve tissue is formed. This accounts or its universal adaptability to the cure of all forms of nervous deangement.

Rheumatism and Neuralgia radically cured in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cts. Warranted by E. Lee Street.

**Consider the stomach and nerves. I tried every nedicine I could hear of, but nothing done me way appreciable good until I was advised to your Great South American Nervine Tonic and Stomach and Liver Cure, and since using everal bottles of it I must say that I am surprised at its wonderful powers to cure the stomach and power and general nervous system. If everyone new the value of this remedy as I do you would to be able to supply the demand.

GEORGE H. DAVIS SKIPS TO THE UNITED STATES.

FREDERICTON, February 20 .- Yesterlay a number of notes, discounted at the rokers of this city for George H. Davis, the well known druggist, matured. Last night Davis was not in sight. Then two discoveries were made which are confirmed to-day. The first was that Davis had taken the Sunday train at Fredericton Junction for the States. The other was that a large number of notes bore forged endorsements. Davis has been chronically in difficulties and of late friends have discontinued endorsing for him. 14 5 But it now appears that thirty-five notes or orders were discounted with the endorsement of Hon. F. P. Thompson, a 3-27 well known politician, who is Davis' brother-in-law. The amount of those notes so far presented to Thompson is \$8,000. The name of J. D. Phinney, M. P.
