## IF YOU PATRONIZE The Everyday Bargain Store YOU LEARN TO SAVE MONEY

### Good Times Ahead

The sudden breaking out of the war caused many to "run to cover." Like the chicken on whom the rose leaf fell, some became a prey to fear and were ready to declare "the sky is falling." Now our vision is clearing our alarm has fled, we have recovered our poise. We are faced with a condition and an opportunity both trending to our advantage as a country of industry, agriculture and trade. Good times are ahead.

You will need plenty of goods. I have a larger and better stock than ever before. "What we have we'll hold." By this I mean what I have not gotten in stock will gladly get for you—to hold your business.

## HARTLAND HAS A REAL FLOOD

The portion of the village on the eastern side of the railway tracks "enjoyed" the worst flood in its history on Thursday and Friday. The river side of Main street has seen thrilling times with ice and water, the portion of the village first referred to has suffered slightly, but only last week did the residents have real apprehension.

Following many beautiful mild days rain fell in torrential down-pour all day Thursday. The result was the quick melting of snow and torrents of water pouring over the hills. The Maple street sewer was inadequate to carry the water away, but the greatest trouble came through the the culvert under the railway tracks being clogged.

Probably 25 acres were inundated—in places four or five feet deep. Immediately under the Observer office the water was fully eight feet for the basement was completely filled. The Bank suffered most. Not only was the basement filled but there was 10 inches over the floor. Numerous residences were likewise flooded, but while the inconvenience was great, money loss was little.

I took the flood of last week to mean the people's somnolence looking to drainage or sewerage. A public meeting was held in the house Monday night and was attended by quite a number, the majority being those who suffered by the recent inundation. J. T. Carr was chosen chairman and A. D. Colwell secretary. There was a general discussion as to the best means of preventing recurrence of last week's damage, after which M. L. Hayward moved, seconded by S. S. Miller, the following resolution:

Whereas the C. P. R. tracks at Hartland form a dam which frequently inundates the part of the village east of the track on account of the former culverts under the track being filled up;

Therefore Resolved, by a public meeting of the people of said Hartland that the C. P. R. be requested to place one or more culverts under the tracks at some point or points to be selected by the officials of the C. P. R. and the county councillors for the Parish of Brighton.

This was carried and the secretary ordered to forward the same to the superintendent of the division.

M. L. Hayward moved, seconded by A. L. Baird, that the councillors for the parish be interviewed by Mr. Carr asking for their cooperation with the C. P. R. in draining the land east of the track. This was carried and the meeting adjourned subject to the chairman.

The Observer learns that Supt. Williams has promised to come and look over the situation at an early date.

### CENTREVILLE NOTES

(Gleaner correspondence)

Mr. and Mrs. Lorne Simonson of East Florenceville were visiting at Ludlow Clarke's last week.

The Red Cross Society sent a large box of clothing to St. John a few days ago.

Kathleen, daughter of Dr. Geo. Burt, has been very ill of pneumonia.

S. W. Burt, who was suffering from a severe attack of lumbago is now much better.

Mrs. F. D. Tweedie is recovering from a severe attack of heart failure.

Mr. and Mrs. Judson Burt and Mr. and Mrs. Elmer Fulton of Bridgewater were visiting at Mrs. J. R. Cormier's on Sunday, February 14.

Dr. D. W. Perkins and wife made a visit to G. D. Perkins' at Connell last week.

Rev. Allison Curran of Woodstock, was the speaker at the special services at the Baptist Church, Tracy Mills, on Thursday evening.

A large number from here attended the service at Tracy Mills on Sunday. Rev. C. S. Young preached in the morning and Rev. W. J. Hurlow in the evening.

Over 1,000 barrels of potatoes were loaded at the station on Saturday.

S. W. Burt is getting lumber out in preparation for building a new house in the spring.

Mr. and Mrs. Wm. Anderson of Bridgewater were visiting at Isaac Nelson's, Pioneer, on Monday.

The roads are in excellent condition, about a foot of snow, and the weather is much like March. All that is lacking to make everybody happy is an advance in the price of potatoes.

Large quantities of hay and potatoes are being loaded every day at Lakeville. The pessimists who predicted so little business in freight will perhaps now realize that we are living in the "barren" county of N. B. for agriculture.

### River Bank

Mrs. Louis Stone is spending a few days with her parents, Mr. and Mrs. James McLennan.

Stanley Waugh, Aroostook Junction has been spending the last week with friends and relatives here.

Mr. and Mrs. Leon Tompkins are very proud of the band new girl that has come to live with them.

Benj. Tompkins spent a couple of days at Aroostook Jct. with his sister, Mrs. J. H. Waugh last week.

Mrs. E. Wiley, Argyle, visited her parents Mr. and Mrs. Daniel Lovely last week.

Mrs. K. Ebbett returned home Saturday from spending a few days with her sister, Mrs. Edwin Melville at Lansdowne.

F. D. Lovely and wife spent last Sunday afternoon with her mother, Mrs. A. Chase at Stickney.

We are glad to see Mrs. Moody Broker around again after her illness.

Samuel Rideout is getting wood on the opposite side of the river again this winter.

Mrs. W. T. Hunter is sick, threatened with pneumonia.

Mr. and Mrs. G. Holmes spent the day lately with their nephew Willard Holmes of Connell.

Miss Laura Page, our teacher, spent Saturday with her friends, Minnie and Viola Bell, Upper Peel.

### The Leaders Shunned it

The only thing that caused even a passing interest in the banquet given to J. K. Fleming at Andover was the hysterical attempts of the "leaders" to pose in a holier-than-thou attitude in the face of acts well known to the public. Perhaps the limit of the ludicrous was reached when M. L. Hayward appeared in khaki.—Woodstock Sentinel.

### Baby's Own Tablets A Great Blessing

Mrs. Jas. E. Mailman, Gegogin, N. S., writes: "I gave Baby's Own Tablets to my baby boy for constipation and teething troubles and have found them a great blessing. I think the Tablets should be in every home where there are young children." The Tablets are an absolutely safe remedy for little ones, being backed by the guarantee of a government analyst to be free from opiates and narcotics. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

## T. J. CARTER GOT EASY MONEY

The rather surprising information was brought out in parliament by F. B. Carvell, M. P., a few days ago that the investigation ordered by the Federal Government into the affairs of the Southampton Railway cost the country the sum of \$8,482.62. This investigation was conducted by R. A. Pringle, K. C., of Ottawa, and lasted about ten days. What amount Mr. Pringle received for his services was not stated, but E. J. Walsh, the engineer who inspected the road, was paid the sum of \$2,039.25. Another engineer, named Mildren, who assisted in the work received \$840.70. The information was vouchsafed by the Minister of Railways that nothing was paid by the department to J. K. Pinder, M. P. P., or David W. Brown, material witnesses.

It will be remembered that the case for the prosecution was placed in the hands of that eminent patriot and foe of graft, Titus J. Carter, M. P. P., and it will shock the public to learn that he charged the government the tidy sum of \$941.85. Some men in Mr. Carter's position would have hesitated before taking up the case in which a brother member of the Legislature was concerned. But not so with the great and only Titus. Whatever conscientious scruples he may have had in regard to the matter were quickly buried when he saw a good chance to take in some easy money from the public treasury. He was right on hand when Commissioner Pringle opened his court and perhaps it is scarcely necessary to say that he remained on the job throughout. But as a prosecuting attorney he was a joke pure and simple. He made no effort to inform himself as to the details of the case, and did not seem to care whether school kept or not.

As a matter of fact had the case for the government depended on the activities and legal acumen of Mr. Carter, K. C., Mr. Pinder and his associates would have won out in the first round. Fortunately for the government Commissioner Pringle before going into court had armed himself with a record of Stewart vs The Southampton Railway, tried a few months before, and with the aid of this he was able to bring out salient facts. So far as Mr. Carter was concerned he was more of a hindrance than a help. Had not Commissioner Pringle taken the witnesses out of his hands and personally examined them very little information would have been forthcoming as to the cost of the railway. So far as the report of the Commissioner is concerned it was based on the labor of F. B. Carvell, M. P., counsel for Mr. Stewart in the civil case, whose services cost the country nothing, and not on those of Mr. Carter. And yet the latter had the colossal nerve to charge the government the sum of \$941.85 for his alleged services. Is it any wonder that a government which has thrown money away in this fashion should now find it necessary to increase the taxation on the necessities of life in order to make ends meet?—Fredericton Mail.

### Veteran Woodsman Dead

John B. Grant, well known in York and Carleton counties, died at the home of Robert Hallett at Millville recently, aged 78 years. He was a noted woodsman and teamster and when a boy drove one of the teams that conveyed the British troops up the St. John river during the Trent affair.

### CHEER UP

"The Hard Times Scare" is fading into insignificance. While some lines of industry are inactive there are more running at fullest capacity possible. Among the prospering industries none has a brighter outlook than agricultural and the raising of stock.

Farmers never had such an opportunity as lies before them in 1915 and the succeeding seasons. Locally, farmers are hard hit by the low prices of potatoes, but there is increasing demand for everything else that can be raised on the farm.

Hard as times have been this winter they have not been so hard as imagination has marked them. We do not notice that any farmers are being foreclosed upon. Every one seems to have money. The case is indescribably worse just across the line in Aroostook. They have nothing but potatoes to sell. Here they have potatoes and a great deal of everything else for which the price is increasingly high.

Cheer up, everybody! Good times are caused by free spending. You cannot lose money except by burning it or dropping it into the sea. If you spend a dollar some one else must gain one; if some one spends a dollar it may come your way.

The treasures of the world's greatest nations are being emptied. The money is going into circulation—not to the bottom of the sea. The millions being spent simply means the money is rapidly changing hands. If all the treasure of the world was hoarded times would be hard indeed. So long as money is in circulation times are good. If all the treasure of the earth were loosed we would see "Business Better than Usual." There is more money circulating because of the war than ever before the world's history. The British government is spending \$10,000,000 more EVERY DAY than usual, and millions are coming Canada-wards, and the most is yet to come.

Cheer up!

### THE POST OFFICE LIGHTS

Yesterday a member of the local Women's Institute called on The Observer and wanted to know what this paper could do about having the town clock and the post office entrances lighted. The person asked the very pertinent question "why are light fixtures installed and a care-taker paid if the lights are not to be used?" This lady said they had had assurance from authorities higher than the caretaker that the clock and entrance lights would be kept burning at night and thus obviate the need of another street light, a number of which the Institute has installed and kept going.

The caretaker is said to have given economy as the reason for not having the lights giving service. Others say the caretaker does not consider his salary cov-

ers remaining up until eleven o'clock to extinguish the lights. If this be the case, rather than pay more salary, it would be easy to let the lights burn until morning. The talk of economy on carbide is childish coming from a man who supports a government that increase expenditures from \$79,000,000 to \$140,000,000 in little more than three years.

If the Tory government cannot afford the carbide there are Grits in Hartland who will cheerfully pay the cost of keeping the entrance lamps and the clock lighted throughout the hours of darkness.

This is a challenge, and should effectually cut off the negligence that poses as economy.

### MR. GOULD'S NEW RAILROAD

There is to be a hearing at Augusta today on the proposal of Mr. A. R. Gould that the County of Aroostook shall guarantee the interest on \$4,000,000 worth of bonds for fifty years for the purpose of assisting a railroad which he proposes to build across Maine to the Quebec bridge. An Aroostook business man, writing to the Bangor Commercial, in opposition to Mr. Gould's proposal, suggests that "this is a scheme upon the part of certain Canadian railways, who are accustomed to receiving large government subsidies in their own country, to gether with certain local promoters, to have Aroostook County make them a gift of a short line across the State of Maine, which they can connect with the St. John Valley Railway now under construction just over the border in New Brunswick, and thus obtain a new, better, and cheaper (because it will be paid for by the county) railway to St. John (N. B.) and other New Brunswick points."

In the House of Commons two weeks ago, when the Valley Railway was under discussion, Hon. Mr. Cochrane said he was unable to say just at what point a connection would be made between the Valley Railway and the Transcontinental. New Brunswick people are more interested in that connection than they are in Mr. Gould's plan for a railway which presumably would run from the Valley Railway in the neighborhood of River de Chute across Maine to the Quebec bridge, although such a road would evidently be a valuable one for Northern Maine traffic, in or out. The uncertainty about the extension of the Valley Railway from Centreville to Grand Falls, and from Gagetown to St. John, ought to be cleared up. The local government used to say that the Gagetown-St. John division would be completed before the end of the present year, but it is obvious that it will take more than two years to complete the bridge alone. Until the Valley Railway has a connection with the Transcontinental and is carried through to St. John, the whole state of the project must be most unsatisfactory. At the present time there is no indication of any particular activity either with respect to the Grand Falls connection or the St. John division. Before the New Brunswick Legislature met last year the public was promised complete information and the pushing forward of construction all along the line. The legislature is about to meet again, and the public is still waiting for a great deal of information which it should have had more than a year.

The U.B.W.M.U. will give a parlor social at the parsonage tomorrow (Friday) evening. There will be an address by the pastor and a good program will be followed by refreshments, all for 15 cents.

Do not suffer another day with itching, bleeding, or protruding Piles. No surgical operation required.

Dr. Chase's Ointment will relieve you at once and as certainly cure you. 50c a box; all dealers, or Edmundson, Bates & Co. Limited, Toronto. Sample box free if you mention this paper and enclose 2c. stamp to pay postage.

### Smith-Green

At the home of Millage Smith, Arthurette, on Feb. 23, their daughter, Ida M., was united in marriage with James Green of Chatham by Rev. J. H. Sprague.

The parlor was daintily decorated and the wedding march was played by Wilbur Gray of Woodstock. The bride was gown in paulet blue silk with ecru lace. Mary Smith, sister of the bride, was bridesmaid and wore Copenhagen blue crepe-de-chene. The best man was James Faulkner. The bride carried a beautiful bouquet of carnations.

After the ceremony a dainty supper was served, there being present a large assembly of relatives and friends. Many gifts were presented, among them a gold watch to the bride from her husband.

The happy couple left on the N. T. R. for St. John, Fredericton and Chatham. The bride's travelling dress was of brown with hat to match.

### 1. YOL. HILD IS CROSS, FEVERISH, CONSTIPATED

Look Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food, gently moves out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

### Florenceville Consolidated School

The following is the result of the examination for the month of January, of Second Intermediate Consolidated School.

Grade V—Nellie McLean, Wilda Semple, Doris Peters, Wilbur Tompkins, Carey Stokoe, Marjorie Ross, Mildred Kilpatrick, Francis Atkinson, John Wakeing, Frank Stiles, Donald Glenn, Earle Melville.

Mary M. Gallagher, teacher.

WE'LL SEND THE FIRST few doses of Gin Pills to you free—if you have any Kidney or Bladder Trouble. After you see how good they are—get the 50c. size at your dealer's.

National Drug & Chemical Co. of Canada, Limited Toronto

Do not suffer another day with itching, bleeding, or protruding Piles. No surgical operation required.

Dr. Chase's Ointment will relieve you at once and as certainly cure you. 50c a box; all dealers, or Edmundson, Bates & Co. Limited, Toronto. Sample box free if you mention this paper and enclose 2c. stamp to pay postage.

### Centreville Ladies' Good Work

The ladies of our Red Cross Society are very much interested, and are accomplishing much work. The society meets every Thursday afternoon, from the hours of two till five in Mr. Hiram Clarke's hall, of which he has kindly given us use of. Since October the following articles have been shipped to St. John: 136 pairs socks, 9 nightshirts, 14 doz. handkerchiefs, 19 pairs mittens, 5 pneumonia jackets, 1 box bandages, 2 pairs wristers, 2 cholera belts, 3 pairs b.d. socks, 25 flannel shirts, 1 scarf, 1 quilt, also 4 cases of clothing to the Belgians.

We wish to thank the following ladies, other than members, who worked for the society since November 26: Annie Anderson, Mesdames, John Simonson, Chas. Margison, Amos Margison, Wilmot Margison, Ed Savage, John McEagan each 1 pair socks; Miss Bertie West 5 pair socks; Mrs. Wilmo Webb, Mrs. Waldo Perkins each 2 pairs socks; Mrs. Emerson Crouse, 4 pairs socks; Mrs. Amos Gregg, 2 shirts and 1 pair socks; Miss Annie Reid, Mesdames Geo. Pryor, Havelock Anderson, each 1 pair socks; Mrs. Henry Thomas, 1 pair mittens. Also those who contributed money, the Baptist Sewing Circle for a quilt, and the W. C. T. U., \$4.00. We have no expenses as Mr. James Crone carries parcels to the station free of charge, the ladies donate the wood and Mr. Hagerman takes care of the hall.

### Fertilizers and Duty

To the Editor:

What truth is there in the report that the government has increased duties on fertilizers 75 p. c., and that even uncompounded fertilizers and chemicals, formerly on the free list, will now have to pay 74 p. c.? If we really desired to increase agricultural products, is this the way to encourage us? Everyone inter-

## SEEDS!

As in years gone by we have Seeds for Vegetable and Flower Gardens that are absolutely the most fertile and pure obtainable in Canada. It is full time to sow seeds for transplanting.

Young men will find in our new spring caps all styles and shapes and colors including plaids and stripes that are so popular. Prices to suit the times. McLaughlin's.

Abbie, wife of Willis Broad, aged 41 years, died at Bath last week after three days illness. She leaves a husband, two children, a boy and a girl, two sisters, five brothers and a large circle of relatives and friends.

Rev. C. S. Young of Plaster Rock will fill the appointments of Rev. E. C. Jenkins the coming Sunday as follows: At Charleston at 11, Avondale at 3 p. m., at Waterville at 7:30 p. m. Mr. Jenkins will be absent for Sunday.

Knowlesville district was mildly surprised by the marriage of C. R. Avery to Miss N. A. McBrine of Glassville on Saturday night, February 27. The ceremony was performed by the Rev. James Colhoun at the home of the bride's sister Mrs. Percy L. Whitehouse, East Knowlesville. Greetings to the friends and good wishes to the newly-wed.

J. E. McCollom is home from Five Fingers for the week.

You can get International Calf Meal of Belyea & Estabrooks.

E. S. Estabrooks of Belyea & Estabrooks was a caller at this office yesterday.

Friends of Mrs. J. R. H. Simms of Bath deeply regret to hear of her serious illness.

Mrs. Rex York and Mrs. McCormack of Somerville are both reported on the road to recovery.

Pussy willows and the catkins on poplars were out on the last day of February. Not so bad for old N. B.

Belyea & Estabrooks' new stock of summer goods is just arriving. It will pay you to look them over.

The map of Carleton county is at hand at last. The price is \$2.50 and is for sale by Estey & Curtis Co. and at The Observer office.

New spring samples of suitings and overcoatings are now being displayed at McLaughlin's. Come in and look over the lot and see the latest style book. This will cost you nothing. A complete suit will cost you little more.

The Somerville Comedy Co. will play "Pinnegan's Fortune" at Hartland on March 19. The proceeds will go toward Belgian relief and the enterprise will likely draw a good audience. Admission 25 and 35 cents. Seats on sale at McLaughlin's store.

Mrs. Vinal Thornton expresses thanks to her friends for their kindness to her in the death of her infant daughter, Anna Isabella, which occurred on Thursday. The funeral was held on Saturday by Rev. P. J. Trafton. The father is in the 24th Battery and sailed from Halifax on the day his child died.

The other day E. D. White of Highgate drove into town with his two cows hitched to a sled. In years gone by, and today in remote sections, a similar team may be seen, although seldom are milch cows seen yoked together. It was a rare sight for young people who had not in their lives seen a yoke of oxen.

The Komical Kompany of Jacksonville presented their play "Too Many Husbands" to a good house, here, on Monday evening. The young people performed creditably and very well satisfied their audience. A regrettable feature was the disgusting behavior of some people among the spectators, some rowdies from out of town and some young unchaperoned village girls whose parents would be well advised if they had more care over them.

It has recently been said of Hartland, and it is true of all villages, that not only young men but girls of tender age, who, if they lived in any ordinary city, would face the police court every morning. The village W.C.T.U. and the clergy keep the lid on the liquor traffic and pocket peddling. Do they condone street walking? The German peril is not our only menace. The bulwarks of social and moral life are weakening, and mothers' sons who enlist for war are less in danger, than some mothers' daughters who are permitted to run the streets at all hours.

Found a Friend in Dr. Chase

His Medicines Proven Effective, and Always Kept at Hand in This Home.

Mrs. Chas. Lovell, Agassiz, B. C., writes: "I feel it my duty to tell you what a great friend Dr. Chase's medicine has been to myself and family. I cannot praise his medicines too highly, and Dr. Chase's name is a household word in our home. Well, quite a number of years ago I sent to you for a sample box of Dr. Chase's Ointment for protruding piles, and, having used the sample and found relief, I sent to a neighboring town for four boxes, and I am completely cured. I have also used Dr. Chase's Kidney-Liver Pills for constipation, and after using them, I am completely cured of this dreadful disease. I am the mother of ten children, of whom nine are living, and when seven of my children were all very bad with whooping cough, caught in the middle of a severe winter, I used Dr. Chase's Syrup of Linseed and Turpentine, and they were all cured before the winter was over, and now we are never without Dr. Chase's medicines in our home, and I recommend them to all."

PRODUCE PRICES

Below are current prices of produce. To encourage farmers the prices are compared with those of 15 years ago.

	1915	1899
Potatoes	\$ .40	no sale
Stove wood	5.50	3.50

Eggs	.25	.22
Butter	.20 to .22	.18
Beans	3.25	1.60
B. W. Meal	2.25	.80
Hav. loose	12.00	4.00
Pork	.09	.03

10 CENT "CASCARETS" FOR LIVER AND BOWELS

Cure Sick Headache, Constipation, Biliousness, Sour Stomach, Bloating, Breath-Candy Cathartic.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable you are from constipation, indigestion, biliousness and sluggish bowels—you always get relief with Cascarets. They immediately cleanse and regulate the stomach, remove the sour, fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet and head clear for months. They work while you sleep.

## EAST FLORENCEVILLE

Mrs. B. F. Smith is visiting Mrs. Brownell of Wapke.

A. D. McCain made a business trip to Woodstock one day last week.

T. B. Thistle spent Sunday at his home in Hartland.

Nora Tompkins spent Sunday at Stickney.

Freeman Haughn of Florenceville gave a lecture and magic lantern show in the Baptist church last Wednesday evening on "Life in the Slums of New York." The proceeds are for church purposes.

The Literary Club will meet at the home of Mrs. Oliver Tuesday evening.

END STOMACH TROUBLE, GASES OR DYSPEPSIA

"Pape's Diapysin" makes Sick, Sour, Gassy Stomachs surely feel fine in five minutes.

If what you just ate is sitting on your stomach, and you feel like a lump of lead, retching to digest, or you belch gas, and "eructate" sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach-ache, you can get blessed relief in five minutes. Put on and to stomach-trouble forever by taking a large, fifty-cent case of Pape's Diapysin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder. It's the quickest, surest stomach doctor in the world. It's wonderful.

Wilmot Parish Sunday School Association

The parish of Wilmot Sunday School Convention met in the Baptist church on Tuesday, Feb. 23, at 2:45 and 7:45 p. m. Rev. W. A. Ross, general secretary of St. John was present and gave two splendid addresses on "S. S. work, methods and needs." The attendance was not what it should have been considering the fine weather. It is an inspirational and intellectual treat to hear Mr. Ross and we hope the next convention he addresses in Wilmot. Will be better represented by men, especially the Super. and officers of the school. Don't get so engrossed with the potato situation that you cannot get time to secure valuable information and help in your Sunday school work. Don't starve your mind! Remember that if there is another world for us, we cannot take our potato interests with us! Our intellect will be there and the memories of lost opportunities!

COLOSSAL BRIDGE

Progress Is Being Made With Quebec's New Structure.

Some idea of the enormous size of the new Quebec Bridge—the structure that is to replace the half-built bridge which collapsed suddenly in August, 1907—is afforded by figures and illustrations given in The Engineer. The substructure of this colossal work was completed last season, and preparations are now being made for the erection of the great superstructure which is advancing rapidly in the works of the St. Lawrence Bridge Company at Montreal. The company was formed, and the works established, for this one purpose. Already some 8,000 or 9,000 tons of material have been sent out to the site.

The proportions of the bridge as a whole, as well as a large number of the members, constitute a record in bridge construction of the kind. The bridge, which will carry railways and foot passengers, but no wheeled traffic, is 3,293 feet long between the faces of the abutments, and has one 140 feet approach span at the south end and two spans aggregating 269 feet at the north end. The general form is two immense pairs of cantilevers, borne on two piers in the river, with a suspended span between them. It is as if two-thirds of the Forth Bridge were taken. The anchor arms are 515 feet long, and the cantilever arms 580 feet long, and the suspended span 640 feet measured from centre to centre of piers. The same measurements in the Forth Bridge are 689 feet 9 inches, 680 feet, and 350 feet.

The bridge is 88 feet wide from centre to centre, and has a clear height above extreme high water of 150 feet—the same as the Forth Bridge. It differs from the famous Scotch bridge in that it is built up of plates and bars, and not of tubes. The vertical post over the piers stands 310 feet high, as against 330 feet of the Forth. It is probably the largest single member of this type ever constructed. It is composed of four separate columns laced together, and weighs 1,500 tons, and its lower end rests on a huge steel shoe. The base of the shoe, built up of four steel castings, measures no less than 25 feet 4 inches by 20 feet 10 inches. There are two of these posts, and two shoes

Durham Bull

For Sale at Hillview Farm, a pure bred Durham Bull, three years old. A good bargain to a quick purchaser.

WALLIE BIRMINGHAM, Lower Brighton, N. B.

Middlemore Home

A party of children expected to arrive from England. Ages 3 to 15 years. Persons desirous of obtaining some will kindly apply at once. Address all correspondence.

MIDDLEMORE HOME, Fairview Station, N. S.

## NOTICE

The bridge, which will carry railways and foot passengers, but no wheeled traffic, is 3,293 feet long between the faces of the abutments, and has one 140 feet approach span at the south end and two spans aggregating 269 feet at the north end. The general form is two immense pairs of cantilevers, borne on two piers in the river, with a suspended span between them. It is as if two-thirds of the Forth Bridge were taken. The anchor arms are 515 feet long, and the cantilever arms 580 feet long, and the suspended span 640 feet measured from centre to centre of piers. The same measurements in the Forth Bridge are 689 feet 9 inches, 680 feet, and 350 feet.

The bridge is 88 feet wide from centre to centre, and has a clear height above extreme high water of 150 feet—the same as the Forth Bridge. It differs from the famous Scotch bridge in that it is built up of plates and bars, and not of tubes. The vertical post over the piers stands 310 feet high, as against 330 feet of the Forth. It is probably the largest single member of this type ever constructed. It is composed of four separate columns laced together, and weighs 1,500 tons, and its lower end rests on a huge steel shoe. The base of the shoe, built up of four steel castings, measures no less than 25 feet 4 inches by 20 feet 10 inches. There are two of these posts, and two shoes

corresponding, on each pier. The shop at Montreal which was specially built for carrying out this work, is 660 feet long and 160 feet wide for the greater part of its length. Amongst the lifting appliances are two 27-ton travelling cranes.

Holsteins In British Columbia

A new plan for the introduction of pure bred Holstein cattle will be tried out this fall in British Columbia. An auction of 40 Ontario bred heifers, together with 20 head of young stock consigned by J. M. Sieves, of Lake Island, will be held by the P. C. Holstein Breeders' Association at New Westminster. If this sale is successful, others will be held. Few female Holsteins, other than culls, can only be purchased in the coast provinces, and the necessity for some action is considered urgent by the Holstein breeders.

The matter was taken up with the president and secretary of the Holstein Breeders' Association of Canada, on their recent visit to the coast, and the officials promised to manage the Ontario end of the sale. Both men visited practically every Holstein breeder on the Lower Mainland and Vancouver Island, and were much impressed by the splendid, profitable herds.

"Conditions in the British Columbia valleys, especially the Fraser Delta," observed Secretary Clement, "are ideal for Holsteins, probably better than in Holland, and eastern breeders will need to beat themselves if they wish to prevent all the championship records falling into the hands of the men on the Pacific coast."

Among the British Columbia record breakers to which the secretary made reference, was Madame Pasch Pauline, owned by the Colony Farm, Coquitlam, which is the Champion Canadian mating cow for both seven-day and thirty-day butter-fat production. She seems now in a fair way to break the 12-month record for milk and butter, for in five and a half months she has given 18,000 pounds, and is still going strong.

Go By Way of Cape Race

The British Government has directed that for the remainder of the present season all shipping between Canadian and British ports should abandon the route through Belle Isle Strait and use that by way of Cape Race exclusively.

This will enable the cruisers now employed on the North Atlantic to give more efficient supervision to shipping and protection from possible interference by German warships from now until the close of navigation.

The wireless station at Cape Race has been restricted from any general business and required to handle only naval and official messages. A cord of British warships stretched from Cape Race eastward to the British coast and another patrols the ocean sufficiently far south to enable the guarding of all British shipping traversing the North Atlantic to be efficiently carried out.

Mastery

A man must challenge the world at its own games and win before he can show the world that there are finer games to play. He cannot stand above the mists and call the crowd to him, but many will follow him up through the mists.

## ANDOVER NOTES

Mr. and Mrs. B. S. Smith of Fort Fairfield were in town Friday afternoon.

Ivan Rivers is visiting Mr. and Mrs. W. A. Gillett for a few days. Mrs. Bates and Mrs. Wooten entertained the bridge club Thursday afternoon.

The Sewing Circle and Mission Band were entertained by Mrs. Barry Anderson at Four Falls Tuesday afternoon.

Mrs. Tappen Adney of Woodstock gave a concert in the Specialty Wednesday evening.

James Magill proprietor of the Collins House, Fort Fairfield spent Friday and Saturday with relatives in Andover.

B. W. Moore and Sheriff Tibbits was at Grand Falls the early part of the week.

The Woman's Institute of Andover held its meeting for the month of February at the home of Mrs. Charles Spike of Carlingford on Tuesday afternoon. A large attendance of members and a few visitors were present; the president was Mrs. A. K. Turner of Aroostook Junction in the chair and Mrs. J. W. Jamer was appointed secretary pro tem. The roll call was responded to by readings, recitations and current events which was instructive and interesting. It may be remembered by the public that last summer before the war the Institute undertook to provide an operating table for the Woodstock hospital and had raised funds for that object to the amount of sixty dollars, but on account of the outbreak of the war the table was not ordered. Mrs. D. R. Be- dell who had the matter in charge read a letter from Dr. Rankine in which he wrote that owing to tariff changes and the war it was not advisable to purchase a table at present and advised that the money be used for patriotic purposes, and suggested that it be sent direct to the Belgian Ambassador at London for the medical doctors in Belgium. After a careful consideration of the matter, it was moved and unanimously carried that the money be disposed of as suggested by Dr. Rankine. All through the season the members applied themselves to knitting for the Red Cross until interrupted by the invitation to adjourn to the dining room where a bountiful supper had been prepared by the kind hos- tess.

## Perth Valley.

Miss Gertrude Carr of Hartland, has been visiting friends and relatives at this place.

Mr. and Mrs. Henry Boone of Rowena, spent Sunday with Mrs. Boone's sister, Mrs. Ed E. Armstrong.

Miss Sarah Powers of Coronation, has been visiting Mrs. Handy Nevers.

A number of the young folk of Coronation, drove through this place Sunday en route to Kilburn.

We are glad to hear that Mr. Robert McRae, who has been laid up for some time with a broken ankle, is able to be around again.

Miss Jennie Nevers entertained twenty of her young friends Friday evening. The young folk enjoyed a pleasant snowshoe tramp and on their return an excellent lunch was served and games were enjoyed until eleven o'clock. They were chaperoned by Miss Faye Armstrong and Miss Gertrude Carr.

Mr. and Mrs. Gandy were pleasant callers at Woodville Garvey's one day last week.

Frank Nevers, who has been taking a course at the Agri- cul-

## Baby Eczema Becomes Chronic

Causing Great Suffering and Anxiety  
—Prompt Relief and Cure by Dr. Chase's Ointment.

This is one reason why every mother should know about Dr. Chase's Ointment, since it is an unfailing cure for all itching skin diseases.

Mrs. F. Clarke, Belmont, Man., writes:—My baby had eczema on her ears. The sore was very bad, and nothing seemed to do her much good. Hearing of the remarkable cures Dr. Chase's Ointment was making, we sent for some, and after the third application the sore began to heal. I am glad to say that it is quite well now, and we give the credit to Dr. Chase's Ointment. We cannot recommend this preparation too highly.

Here is another letter, which tells of the cure of a five-weeks-old baby: Mrs. Wallace Minton, River John Road, Colchester County, N.S., writes: "My little girl took eczema when she was five weeks old. Though we doctored her until she was nearly a year old, she got no better. I was advised to use Dr. Chase's Ointment, and this treatment completely cured her."

tural School, Woodstock, returned home Saturday.

Mrs. Albert Armstrong, who has been visiting her daughter, Mrs. Taylor of Lowell, is expected home soon.

Miss Ethyl Leith of Worcester, Mass., is visiting her sister, Mrs. Harley Lunn.

The many friends of Miss Effie McAllister are glad to hear that she is able to be around again after her recent illness.

A number of the young folks of this place enjoyed a pleasant drive to Indian Point Wednesday evening.

Miss Annie Stewart is visiting her sister, Mrs. L. A. Fenwick at Jacksonville.

## SICK HEADACHES PERMANENTLY CURED

Dr. Williams' Pink Pills Correct the Cause of This Trouble

There are few ailments that cause more genuine misery in home than attacks which are generally termed sick headaches. The attacks are often periodical and when the mother of a family is prostrated at intervals there is not only her own suffering to consider, but the discomfort caused the other members of the household. Sick headaches arise from a variety of causes, and most of them can be relieved or cured through the tonic treatment with Dr. Williams' Pink Pills.

Mrs. Hugh Docherty, Rocaville, Sask., says: "I suffered for years with what the doctors called nervous prostration and sick headache. When these spells came on I could not work nor walk, and the pains in the head were almost unbearable. At times the pain in my head was so dreadful that I feared it would drive me mad. I tried four different doctors at times, and not only took bottles of medicine but quarts of it, but to no avail. Then I quit taking medicine altogether and tried dieting, but it made no difference. I was still an agonizing sufferer. Finally my husband urged me to try Dr. Williams' Pink Pills and got me a supply. After taking the Pills for some weeks I felt a little better and I gladly continued their use. My nerves began to feel stronger, the terrible headache came with less frequency, and after taking the Pills for some months disappeared altogether. From that day to this I have had no return of the trouble, and all who knew of my illness regarded my cure as marvellous. I cannot say too much in praise of the Pills as they certainly saved me from a life of almost continuous agony."

It is by building up and enriching the blood, and strengthening the nerves that Dr. Williams' Pink Pills work seemingly marvellous cures, and what they have done for others they will do for all ailing people if given a fair trial. If you do not find these Pills at your medicine dealers you can get them by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Lakeville and Williamstown Red Cross and Belgian Relief Society

## NEWS OF BATH

There are not so many potatoes being brought in this week as some people look for a much better price before the spring months are passed.

Mrs. W. A. Harris arrived home from Fort Fairfield on Saturday.

Mrs. Geo. Simms of Knowlesville is visiting Mrs. J. H. Simms who is yet very ill.

Mrs. Wm. Amos is improving in health, which her many friends will be pleased to hear.

Gladstone Perry of Upper Kent was a caller here on Saturday.

The hay buyers and others are looking for the rebaling press to be located here very soon where large quantities of hay is stored.

Elmer J. Kearney is making preparations to run an up-to-date ferry service here the coming summer, and is having a large new boat built.

The ice in the Monquart Stream ran out during the recent thaw.

**TAKES OFF DANDRUFF, HAIR STOPS FALLING**

Save your hair! Get a 25 cent bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life, eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25 cent bottle of Danderine from any drug store. You surely can have beautiful hair and lot of it if you will just try a little Danderine. Save your hair! Buy Danderine.

Rev. W. J. Hurlow of Tracey Mills has had a great revival in his church. The meetings have been largely attended, the interest deep, especially among the young people. Rev. C. S. Young of Plaster Rock and Rev. J. W. Williams of Centreville have been assisting Mr. Hurlow.

## THE BLOOD IS THE STREAM OF LIFE

Pure Blood Is Absolutely Necessary To Health

"FRUIT-A-TIVES" PURIFIES

These Wonderful Tablets, Made of Fruit Juices, Are The Best Of All Tonics To Purify And Enrich The Blood.

Pure, rich blood can flow only in a clean body. Now, a clean body is one in which the waste matter is regularly and naturally eliminated from the system. The blood cannot be pure when the skin action is weak, when the stomach does not digest the food properly, when the bowels do not move regularly, when the kidneys are strained or overworked.

Pure blood is the result of perfect health and harmony of stomach, liver, bowels, kidneys and skin.

"Fruit-a-tives", by their wonderful action on all these organs, keeps the whole system as clean as Nature intended our bodies to be clean.

"Fruit-a-tives" tones up, invigorates, strengthens, purifies, cleans and gives pure, rich, clean blood that is, in truth, the stream of life.

"Fruit-a-tives" is sold by all dealers at 50c. a box, 6 for \$2.50 trial size 25c; or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

At Bristol on Thursday, after a lingering illness, Frank Jones, youngest son of Daniel Jones, died, aged 21 years.

## FLORENCEVILLE

Miss Gladys Estey, principal of Bath school was the guest of friends in the village Friday evening and part of Saturday.

Dr. J. R. Hagerman is quite poorly. He has been confined to the house for several days.

Mrs. Otis Shaw of Wicklow spent Monday last with friends Monday village.

Chas. Jones of Bristol is staying for a time with his sister, Mrs. Chas. Boyer, Jr.

Mrs. A. D. Hartley was calling on friends in the village one day last week.

Mrs. Cook Boyer has been quite ill. Her many friends will be glad to know that she is improving. Mrs. Chas. Boyer, sr., has also been quite poorly.

**DR. DEAN'S FEMALE PILLS** reliable medicine for all Female Complaints. Is a box or three for 50c. at drug stores. Send to any address on receipt of price. The SCOTT'S DAWG CO., St. Catharines, Ontario.

**PHOSPHOROL FOR MEN** restores vitality for Nerve and Brain; increases "grey matter." A tonic—will build you up. 50c. a box, or two for \$1. at drug stores, or by mail on receipt of price. The SCOTT'S DAWG CO., St. Catharines, Ontario.

## PATRIOTISM and PRODUCTION

### Pin Your Faith to Live Stock

The one outstanding feature of the world's farming is that there will soon be a great shortage of meat supplies. Save your breeding stock. They are today Canada's most valuable asset. If you sacrifice your breeding stock now, you will regret it in the near future. Plan to increase your live stock. Europe and the United States, as well as Canada, will pay higher prices for beef, mutton, and bacon, in the very near future. Remember that live stock is the only true basis of economic and profitable farming. The more grain you grow, the more stock you can carry. The more stock you keep, the more fertilizer you grow for your fields. Mixed farming is real farming, not speculating.

Study this table, which was prepared before the war. Only one country increased its cattle more than its people in the past ten years. And, in 1914, there was a tremendous loss of live stock through an unprecedented drought—a fact which the table does not show. Do you need any stronger argument than this table that there is bound to be an increasing demand for beef? Add to this con-

## BEEF

Country	Population Increase Since 1900	Cattle Increase Since 1900	Cattle Decrease Since 1900
France	27%	2%	...
Germany	16%	4%	...
United Kingdom	10%	4%	...
Austria-Hungary	10%	2%	...
European Russia	14%	12%	...
Canada	40%	17%	...

**SHEEP.** Canadian farmers have been losing great opportunities in sheep raising and sheep feeding. Hundreds of thousands of sheep have been slaughtered to provide winter clothing for the soldiers of the different armies. Australia's losses, through drought in 1914, were very heavy. Canada has been importing frozen mutton from New Zealand. In view of these conditions, wool and mutton should prove very profitable for Canadian sheep raisers during the next few years.

**SWINE.** Through the indiscriminate sale of swine in the Canadian West in the past three months, the supply in 1914 promises to be little more than half of 1914. Add to this the fact that the British soldier is allowed 4 lb. of bacon per day, and that sausage is the principal meat food of the German soldier, and you will understand the outlook for the future. Those who stay

steadily with swine, year in and year out, make money. Those who rush in and rush out, generally lose money. "Buy when others are selling, sell when others are buying," applies to live stock as well as to Wall Street stocks.

**DAIRY.** Milch cows increased in Canada from 2,408,877 in 1901 to 2,894,179 in 1911. This increase did not amount to 8% and was less than one-quarter of the population increase of Canada. At the same time, the per capita consumption of milk by Canadians increased 30%. Is there any wonder we had to import 7,000,000 lbs. of butter from New Zealand?

The exports of Canadian cheese have been steadily declining for ten years. Look at the market prices today. Do they not suggest the advantage of increased production?

Through cow-testing, selection and better feeding, the

average annual production per cow in Canada did increase from 2,850 lbs. per cow in 1901 to 3,806 lbs. in 1911, but this is only a beginning. Last year one cow in Canada produced 28,000 lbs.

The dairymen of Denmark who supply Great Britain with butter and bacon are not satisfied unless their herds average 10,000 lbs. per cow. Let Canadian dairymen work to increase the productivity of their milk cows. Breed for milk. Test your cows. Save your calves. Select your milkers. Feed for yield. Read the Agricultural papers and Government reports and bulletins on dairying.

**CONFERENCES**

Now that you have attended the Conferences, or have read about them, get together and talk things over. Also write to the Publications Branch, Canadian Department of Agriculture, Ottawa, for bulletins and reports on live stock and dairying.
