Harper's Weekly.

IN 1895.

HARPER'S WEEKLY is a pictorial history times. It presents every important event, accurately and exhaustively in long and descriptive text of the "High" manner in which, during 1894, it has the Chicago Railway Strikes and the Japanese War, and the amount of light shed upon Korea the instant it was directed to that little-known area examples of its almost boundless scope. JULIUS RALPH, the distinguished artist and correspondent, has been sent to the war, and their joined by C. D. WELDON, known American artist, now for many years resident in Japan, who has been engaged with Mr. RALPH in sending to HARPER'S WEEKLY exclusive information.

1895 every vital question will be dealt with vigor and without prejudice to either side, in a special by the highest authorities in each department. Portraits of the men and women making history, and political cartoons will continue to be featured. This *Harper's Weekly* is a kind of comment on the times, and it will remain a regular department.

There will be two powerful serials in the new volume, "The Red Sea," a stirring romance of olden days, by J. J. WELDON, and a novel of New England, "A Son of His Father," by J. J. WELDON, several novelettes and short stories by popular writers.

WHISKARD'S

230-232 Dundas St.

Spring Millinery Opening.

We cordially invite you to Our First Millinery Opening, on Tuesday, Wednesday and Thursday, April 2, 3 and 4.

We take great pleasure in announcing to our customers and the public generally, that we have secured a first-class milliner for the present season.

Our styles are taken from New York, Paris, and London, England, and are such as you will not see anywhere else but at Whiskard's.

We are showing a large assortment of Jet Ornaments, Rhinestone, Jet and Pearl Buckles. Some of these lines we have had to repeat already.

We also show a very large variety of Flowers, at all prices. Call and see them.

In Untrimmed Hats we show a very large range. In these lines we sell hundreds of dozens during the season, and it will be well worth your while to come and see Our New Stock.

We need not say here that our prices are right, as that is an established fact, or we could not sell as many as we do every season. Buying in such large quantities as we do, it enables us to sell at very close prices.

Whiskard's WESTERN ONTARIO.

There are 6,000 Canadian newspapers distributed from the Port Huron post-office each month.

It is alleged that Detroit gamblers resort to Windsor, and efforts will be made to wipe out three dens in the latter place.

Lambton county P. P. A.'s have passed a resolution recommending the organization of a new party with D'Alton McCarthy as leader.

Mrs. W. P. Smith, of Chatham, was polishing a piano that she was to sell next day for \$275, when the lamp exploded and the instrument was totally destroyed.

Mrs. J. Rolling, of St. Thomas, who shot her child while insane, remembers nothing about the deed. She is being carefully watched, and her recovery is expected.

The store and dwelling occupied by R. Peers, of Beachville, with their tents, were totally destroyed by fire on Monday. The building was owned by J. Fairbairn, of Woodstock.

Early Saturday morning burglars entered the store of S. Halford, at St. Catharines, and carried away goods to the value of \$500. Entrance was effected through a side window, and about half the goods in the store carried away.

County Clerk Fleming has forwarded to the Government his return of the population of Kent county, by municipalities, as per the last assessment rolls. They show the population in 1884 to have been 40,738, against 40,013 in 1883.

At Brantford the case of Fred Hartley, the New Durham school trustee, who was charged with misappropriating school funds, was brought up before Judge Jones on Monday morning. The prosecution did not appear and Hartley was discharged.

The jail population of Walkerton was increased on Monday by the addition of eleven Indians and two white men from the Saugeen Indian reserve, Bruce county. Ten of the Indians are committed to jail for ten days each for being drunk, and one Indian and two white men got 30 days each at hard labor for supplying them with liquor. The cases were tried at Southampton before McNamara, J. P., of Walkerton, and Mr. Belcher, J. P. of Southampton. The magistrates refused to impose a fine in any of these cases, holding that imprisonment without the option of a fine was likely to have a more salutary influence.

Mr. Alex. McNeill, of Walkerville, is the promoter of a scheme which will likely revolutionize the grape trade of Essex county. A joint stock company, composed of the leading grape growers, will be formed. They will contract to handle all the grapes grown in the county, and their interests will be pooled. An agent will be engaged to travel through Canada and open up new markets, but the headquarters will be in Windsor. The idea is to control the market, and keep it from becoming glutted. In this way it is expected higher prices will prevail. The growers claim that the prices have been so low for the past few years that they were unable to make any money at the business.

The great lung healer is found in the excellent medicine sold as Bickie's Anti-Consumptive Syrup. It soothes and diminishes the sensibility of the membrane of the throat and air passages, and is a sovereign remedy for all coughs, colds, hoarseness, etc. It has cured many when supposed to be far advanced in consumption.

City Council.

Estimates All in and the Rate Can Now Be Struck.

Board of Works and No. 3 in Excess of Last Year.

Report of Expenditures in Connection With the L. and S. E.

An Expert Will Examine the Fire Alarm System—Water Rate Struck—Inter-esting General Business.

Business was transacted in a business-like manner at the council last night, and the adjournment was made at 10:15. During the evening the estimates of the board of works and No. 3 committee were brought down, and both were considerably in excess of last year. The meeting was very breezy, but never exceeded bounds. Ald. Pritchard was a much surprised man. After the return of the L. and S. E. expenditure was brought down he gave notice of motion asking for a similar return from the L. and S. E. Company. Last night he pressed the motion, and Mayor Little immediately handed down the required report, which was deemed satisfactory and adopted without comment. The rate will be struck at the next meeting. Ald. Skinner had recovered and occupied his accustomed seat. There were also present Mayor Little, Ald. Heaman, Pritchard, Brenner, J. W. Jones, Powell, O'Meara, Heaman, Carrothers, Armstrong, Callahan, Garratt, Dreaney, Ardill, Nutkins, Parnell, Weld and McCallum.

NUMBER THREE COMMITTEE. The first clause of No. 3 committee recommended the placing of an electric light at the Adelaide street crossing of the C. P. R.

Ald. Parnell objected, and asked where the nearest light was at present. Ald. Garratt said that there was one already at each end of the block. The proposed light would be in the middle of the block at a very dangerous crossing.

It was in the neighborhood of this crossing that Robert Hewson met his death.

Ald. Skinner moved that the matter be sent back for fuller investigation. Ald. Parnell seconded. Carried.

The second clause, which again recommended that an expert electrician be engaged to examine and report on the present condition of the fire alarm system, raised a small tempest. Ald. Parnell and O'Meara vigorously opposed it.

Ald. Parnell said that the expert would cost \$50 and that the city would not be obliged to purchase a new system. The object would be to better the present one along the permanent lines.

After a great deal of further discussion the clause was adopted.

It was moved by Ald. O'Meara that clause 3, recommending the placing of about a thousand dollars' worth of hose and appurtenances, be left over until the estimates be considered, or referred to No. 1 committee, as Ald. O'Meara put it.

Ald. Heaman seconded, and Ald. Powell took the matter as an aspersion on the committee, and said that he would not continue to occupy the position of chairman if he was going to be sat on.

Ald. O'Meara said that Mr. Powell should not be so quick to take offense, and defined the aspersion as sitting on an expenditure. However, Ald. Jones counseled that the hose was absolutely necessary, and the clause was adopted.

The other clauses dealt with tenders, and all were adopted unchanged. At the recent meeting of No. 3 William Brooks tendered at \$4.25 for relief work. It was afterwards ascertained that Brooks lived near Thamesford, and last night the tender of Campbell & Chantler (two city men), at \$4.35 and \$4.34 per cord, was accepted.

The estimates of No. 3 committee, amounting to \$52,720, were submitted. This amount is about \$11,000 more than last year, and the extra is made up as follows: Lighting, \$3,000; building, \$2,500; aerial truck, \$4,000; extra street watering, \$800.

The items were detailed as follows: Street lighting.....\$23,500 00 Street watering..... 5,125 00 Market..... 975 00 Addition to Central fire hall 2,500 00 Sundry repairs at No. 1, 2 and 3 halls..... 550 00 Fire hall expenditure..... 16,070 00 New aerial truck, horses and equipment (estimated)..... 4,000 00

Total.....\$52,720 00

NUMBER TWO COMMITTEE. With a view to do away with indiscriminate tampering with sewers by workmen, No. 2 committee recommended a change of bylaw by which all excavations and connections shall be made by corporation workmen under the supervision of the city engineer, or some person approved by the committee, the cost to be paid by the applicant or owner draining into said sewer or drain.

This matter was finally referred back for further consideration.

The estimates of the board of works were nearly \$10,000 in advance of last year. Streets will cost, it is estimated, \$5,000 more, street cleaning \$500 more, exhibition buildings and grounds \$100 more. The estimates for City Hall general expenses is \$250 less than last year, city parks \$500 less, and sewers and culverts \$300 less. New items are: Repainting exhibition buildings (staved over from last year), \$1,200; steam roller, \$3,200; repairs to block paving, \$400.

The estimates follow in detail: Street and general improvements.....\$30,000 00 Street cleaning..... 5,000 00 City Hall expenses and repairs..... 1,600 00 City Hall alterations..... 3,000 00 Town Hall expenses..... 150 00 Exhibition building, grounds and salaries..... 900 00 Repainting exhibition buildings..... 1,200 00 City parks, expenses and salaries..... 2,700 00 Sewer and culvert repairs..... 2,500 00 City registry office..... 250 00 Militia camp..... 100 00 City pounds..... 50 00 Steam roller..... 3,200 00 Repairs to block paving..... 400 00 Band concerts..... 500 00 Bridge repairs..... 1,000 00

Total.....\$53,550 00

NUMBER ONE COMMITTEE. Accounts amounting to \$1,765 15 were passed. Clause 2 recommended that at Mr. John Watson's request his exemption bylaw be repealed.

There are others who might follow Mr. Watson's example with advantage to the city," said Ald. Armstrong.

Ald. Pritchard said that Mr. Watson had been hardly dealt with, and was not to say that Hobbs' Hardware was not living up to their bylaw, and want-

ed to know what was being done matter. It was pointed out that that was just the case with Mr. Watson's case. The clause carried.

When Ald. Jones read the reducing R. Lewis' exemption \$5,000 to \$12,000, contrary to the motion, he did not move its adoption.

"I move that the clause be taken out," said Ald. Carrothers.

"Second it," said Ald. Pritchard. On the question being put, Carrothers, J. W. Jones, Pritchard and Weld voted to strike out the clause. The balance of the council for the exemption.

Ald. Powell raised an objection to Ald. Jones reporting progress on the matter of printing the assessment rolls. He did not think it proper to do the work in connection with the assessment rolls.

Ald. Jones replied that the committee were a unit in regards to the matter, and that he had not yet been able to report on the matter in which it would be done. It was very great, greater than expected, and he was not in the position of printing it in the newspaper. He had been printed in with the list in 1886, and had been satisfied done. A sub committee was with the matter, and had not reported.

OTHER BUSINESS. Ald. Armstrong asked if some portions of property as St. Paid the Sacred Heart were exempted from the assessment as well as the fact it was an inquiry.

"We have no power to do as else," said the mayor. "The fact is the land as well as the building."

Ald. Jones—The land is not from local improvement tax. When the list of exemptions published the other day St. Paid's Hospital appeared as enjoying a portion as a religious institution.

Ald. O'Meara waxed warm over the matter, and would hardly listen to the city clerk's explanation, which to the effect that the assessment was made before the hospital received Government grant was ordered to be placed on the list of exemptions as exempt taxes would have to do thereon. The only way to remit would be for the council to let the commissioner not to exempt property.

"The hospital is not a charitable institution," said Ald. O'Meara. "It is a religious institution, and it is not a charitable institution. It is a religious institution, and it is not a charitable institution."

Ald. Pritchard previously given, requesting a return of all expended payments in connection with the L. and S. E. Railway Company.

The motion was not seconded, and the mayor handed down and then read the following:

"To the Board of Aldermen of the City of London and Southwestern Railway Company—In May, 1886, the railway and land accounts of this company were closed up and the balance remaining on hand (\$4,121 33) paid to the railway company."

A full and detailed statement of receipts and expenditure up to that date was so the council with the following accounts, covering all the accounts of the railway company, and the accounts of the Board of the City of London and Southwestern Railway Company.

Ald. Jones, on behalf of Beresford Park Grange, asked for the use of the City Hall on April 19, 20, 21 and 22 for a bazaar. City Hall granted.

Ald. Jones favored the idea, provided the \$500 was wanted merely as a guarantee.

Col. Lindsay said that that would be satisfactory. If the affair paid expenses the city would not be called upon. He also mentioned that the Twenty-fifth Battalion, St. Thomas, had accepted an invitation to be present at the bazaar.

Testimony of the Highest Possible Character.

Paine's Celery Compound and Its Good Work.

The Sisters Call It the "Wonder-Working Medicine," and Strongly Recommend Its Use.

No medicine in the world has ever earned or received the high and unstinted praise that has been justly accorded to Paine's Celery Compound. Testimonials (many of them of uncertain authenticity and questionable veracity) appear each week advocating the use of medicine, worthless and of no value to the sick and suffering.

Paine's Celery Compound stands on a summit of fame, far removed from all fort-captive medicines of the day. Its letters of testimony come from the best people and from institutions whose names are synonymous with honor and uprightness.

Among the large and noted institutions whose people have been blessed by the curing and healing virtues of Paine's Celery is the "Convent of the Holy Names," in the city of Montreal.

This thorough and magnificently equipped institution of learning is amongst the largest of the kind on this

continent, and has over thirty branch houses in Canada and the United States.

After a thorough trial of Paine's Celery Compound in the head house by sisters who suffered from the troubles that make human life miserable, and seeing the truly grand results—health, vigor, strength and strong nerves—it was deemed advisable in the interests of suffering humanity to make a declaration that would give comfort, assurance and hope to all sufferers in the land. The sisters have kindly and graciously written as follows:

"We feel it a duty to add our testimony in favor of your 'wonder-working' Paine's Celery Compound. Many sisters suffering from debility, dyspepsia, sleeplessness and indigestion have been completely relieved after taking it."

"We shall strongly recommend its use in all our houses as the best medicine to restore health, and give tone and vigor to the nervous system."

Col. Macbeth and J. A. Thomas were heard in support of the petition. They asked that the city bear half the expense of a \$500 permanent foot bridge.

There was a majority vote in favor of granting the petition, but not the required two-thirds majority. The communication was sent to No. 1 committee.

Charles A. Winter asked the city to co-operate with him in an endeavor to bring the meeting of Western Ontario choirs to London this coming summer. The council granted the use of Queen's Park and buildings, and placed the council chamber at the disposal of the gentlemen interested. If proper railway arrangements can be made, it is expected that several thousand singers will come to London.

Health Built Up

"I had a very bad cold which settled on my lungs. I was under doctor's care and was not able to get out of the house for eight weeks. I did not gain strength very fast and other remedies failing to help me or improve my case, I was induced to try Hood's Sarsaparilla. I have taken several bottles and my health is improved very much. Since I have taken Hood's Sarsaparilla I feel very much stronger than for a long time past. I have recommended Hood's Sarsaparilla to others, for it truly has been of great benefit to me." A BEAUTIFUL DANSEL

Creating Disturbances in Mexico—Looked on as a Saint.

NEW YORK, April 2.—A Recorder special from Ojinaga, Mexico, says: Another conflict has occurred between the authorities and the followers of Saint Teresa Urrea, the so-called patron saint of the Mexicans of this section.

This beautiful young woman has been among the Mexicans for some time, and has performed many apparently miraculous cures by the laying on of hands. The lower classes of Mexicans, believing she was an inspired being, flocked to her by hundreds. The authorities feared there would be serious trouble as a result of this excitement, and several days ago attempted to suppress the excitement. In the conflict three persons were killed.

The authorities determined to make another attempt to quell the excitement and an armed force was sent to the spot where Teresa was creating a wooden image she carried. Her followers resisted the attempt of the soldiers and in the fight that followed five persons were killed and eight wounded. The woman escaped across the river into Texas. She is supposed to be on her way to her home in Sonora, Mexico. She took the image with her.

BABY AND ITS GRANDMOTHER

A GRATEFUL MOTHER'S PRAISE.

Loving and grateful mothers never tire of praising and recommending Lactated Food.

The following letter is interesting to all who have babies and aged parents. "Until I began the use of Lactated Food my baby was sick all the time. When three months old he was very frail and weak. I began to feed him with Lactated Food, and he gradually grew better. He is now 15 months old and weighs 25 pounds, and is as well and strong as other children. "My mother had a very weak stomach and could keep nothing on it until she began to use Lactated Food. It has made a marvelous improvement in her case, and she has now no difficulty in retaining her food. There cannot be enough said in praise of your wonderful Lactated Food."

Mr. T. J. Humes, Columbus, Ohio, writes: "I have been afflicted for some time with Kidney and Liver complaint, and find Parmelee's Pills the best medicine for these disorders. These pills do not cause pain or griping, and should be used when a cathartic is required. They are Gelatine coated and rolled in the Flour of Licorice to preserve their purity and give them a pleasant, agreeable taste."

A WOMAN'S MISTAKE.

Saw Steam Rising From a Housetop

And Called Out the Brigade—Remarkably Pretty Effect of the Ice On Trees and Wires.

Citizens of London did not need to travel to the gorge at Niagara for striking effects of ice and sun today. The rain of March 31 and April 1 froze as it fell, covering trees, fences, boulevards, roofs, telegraph telephone and electric light wires and poles in one glittering garb of ice. In some cases he covering was an inch thick and when the sun shone brightly on the whole this morning the sight was beautiful, yet extremely trying on the eyes. The effect along the avenues was grand. The trees had not yet assumed their spring garb, and so the weight of ice did not prove as disastrous as it would have been had it happened later. The drooping, ice covered branches caught the sun's rays and reflected them with dazzling brilliancy. The streets were vistas of silver. A couple of photographers were at work obtaining views of the singular effects. Down town the ice began to fall from the telegraph and other wires shortly before noon. It would become detached in lengths, and, sailing through the air, alight on the sidewalks or streets, or somebody's neck with a crash, much to the surprise of many pedestrians and horses who were not expecting it from that direction. A lady living on Maitland street, near the scene of the Dundas Center Church fire, made a laughable mistake that caused the firemen no end of trouble. The hot sun shining on the roof of a house raised a cloud of steam. The lady immediately concluded that the place was on fire and sent in an alarm. The firemen were a mass of mud when they got there. They got their April fooling just a day late.

VICTORY FOR BICYCLISTS.

Mr. Stratton's Bill to License and Regulate Them Thrown Out

For a Year at Least—Toronto the Only City that Can Impose Regulations.

(Special to the "Advertiser.")

TORONTO, April 2.—This morning in the municipal committee of the Legislature the question of licensing and regulating bicycles was threshed out. The result is that Mr. Stratton's bill has been withdrawn on the understanding that a better considered bill will be brought up next year. Meantime Toronto is to have the power to regulate and govern bicycles, the committee expecting to gain some valuable experience from Toronto's dealings with her wheelmen. The licensing clause died a sudden and violent death, it being shown no mercy by the committee.

One was Mr. Stratton's well known measure, and the other was a brief clause in Mr. Howland's City of Toronto Bill, giving cities power to license, regulate and govern wheels. The wheelmen were represented by Dr. Doolittle, Fred Byers and A. F. Webster, of the Toronto Bicycle Club; E. B. Ryckman, of the International Club Association; A. O. Hurst and W. A. Hunter, of the Wanderers; C. F. Jones, of the Queen City Club; H. P. Davies, of the Rosedale Club; Mr. Beverley Jones, who is practically the father of Mr. Stratton's bill, was its chief supporter. A suggestion from Mr. Ryckman that the wheelmen and the friends of the bill might hold a conference and arrive at a settlement was negated by the committee on the ground of lack of time. Then the licensing clause was taken up and disposed of in short order. Mr. Stratton suggesting that the clubs might possibly agree with the proposition to impose a license of about 2 cents a week, the proceeds of which would be spent on cycling notes, but the cyclists objected to withdraw it. The committee, however, was practically unanimous against the clause and it was dropped.

On the subject of regulating and governing there was more discussion. Mr. Ryckman being the spokesman on behalf of the cyclists, and discussing the various forms of regulation, such as the carrying of lamps, ringing of bells, etc. Mr. Jones insisted on the need of regulation, and then Mr. Stratton withdrew the bill on the understanding that in the meantime a bill is to be drafted by the representatives of the bicycle clubs, and by those in favor of regulation, which will be presented to the House next session. It was then suggested that in the meantime the municipalities be given the power to regulate and govern, but this was opposed by Mr. Dryden and Mr. Conmee, who pointed out the danger of diversity. A compromise was then made and Toronto alone given the power to regulate its wheelmen. The committee expect to gain some valuable information from the experience of the capital.

STIRRING UP ORANGEMEN.

Alleged Intentions of Massachusetts Members to Help Manitoba.

Emissaries Said to be Working in the State—4,000 Orangemen There.

BOSTON, Mass., April 2.—The Journal says: Preparations are being made in some cities and towns throughout the State by members of the Orange order to move toward Manitoba, in case of a clash over sectarian schools, at very short notice. It has been discovered that in cities and towns of Massachusetts where there are known to be Orange lodges strangers have made their appearance lately and always find their way to the rooms of the order. An Orangeman told a reporter yesterday that there are over 4,000 Orangemen in Massachusetts, and a large majority of them, he said, could be depended on in case of war. When asked if there were emissaries trying to organize Orangemen to go to Manitoba should trouble arise, he was silent. He made the statement, however, that if England did not revise the decision regarding the division of the public school money there would undoubtedly be trouble. He said the Orange order was for the protection of the country in which it was located, but that it considered the protection of public schools as paramount to that of the country.

A NARROW ESCAPE.

BANGOR, Me., April 2.—A railroad accident occurred two miles above this city this morning. The morning train on the Bangor and Aroostook road, which leaves here at 6:45 a.m., collided with the express from St. John. A fireman was killed and several slightly injured. If the accident happened 100 yards beyond where it did the train would have fallen into a deep ravine and the loss of life would have been great.

Chinese Cut Off from Supplies Threatened With Starvation—Spells of the Japs.

SAN FRANCISCO, April 2.—The steamship City of Rio de Janeiro arrived this morning from the east with Tokio dispatches to March 14. United Press correspondent sends following:

Japan has now 100,000 troops in the field and 15,000 more of Imperial Guards have assembled at Shima awaiting embarkation. The force, consisting of two divisions, operate in Manchuria. The Japanese are preparing three divisions and Imperial Guards, will be landed in neighborhood of Shan Moukden, thence march against Peking, unless peace negotiations prove successful.

New Chang, which was captured by the Japs, was taken by sea and its garrison, 20,000 men, fled as speedily as possible. About 8,000 troops, however, finding little of retreat cut off, took refuge in houses of the town, barricading the entrance. The victorious Japanese troop led one of the war songs they have accustomed to sing throughout campaign, and as they chanted stentorian chords they blew open doors with gun cotton and cut down Chinese soldiers.

With the capture of Yanow and Tien Chwang Tai the Japanese gained complete command of Liang, and thus severed the Chinese supply in Northern Manchuria from principal source of supply. Food ammunition can no longer be carted to the troops over sea, and before long the far advanced they will find themselves far to face with starvation.

At Ying Kow the prize spoils taken by the Japanese were cannon of various caliber, 240s of rifles, nearly half a million rounds of small arms ammunition, one ship of war, two small steamers and 400 junks. The first captured steamer made by the Chinese of thousands during the war shows from the staking of the Kow Shing to battle of Kang Wa Sal on Oct. 17, were 6,600 killed, 9,600 wounded, 1,184 taken prisoners. The Japanese was 613 killed and 1,712 wounded. These figures constitute a remarkable admission, coming from the Chinese.

AFTER THE BIRTH.

FRIEDRICHSHAGEN, April 1.—Prince Bismarck slept soundly last night and rose at 10 o'clock this morning. He is somewhat fatigued from his exertions yesterday, but is in excellent health.

The morning is foggy and the city presents a desolate appearance, and the debris of yesterday's fight is seen everywhere. Dr. Schweninger will permit Prince Bismarck to see any today, but the burmest of Mr. von Muehl, the other corporation attorney of Munich, will have an audience with the ex-Chancellor tomorrow.

BANKERS' LIENS.

Non-Concurrence of Toronto's Board of Trade With a Suggestion from London.

TORONTO, April 1.—A communication was received by the secretary of the Toronto Board of Trade in the secretary of the London board in thinking that London's lien should be registered within 30 days, asking if the Toronto board would cooperate with the Londoners in getting an amendment to the Bankers' Act that effect.

The legislative commission of the Toronto board reported unanimously that it was not desirable that mandatory legislation of such liens should be required, and the council of the board today unanimously indorsed this view.

AFTER ABE.

Arrival of a Georgia Sheriff to Secure the Diamond Swindler.

TORONTO, April 1.—Sheriff Rowntree, of Swainsboro, Ga., arrived in the city and will co-operate with Detective Dodge, of St. Louis, Mo., to induce the local authorities to hand over to his custody the diamond swindler, Abe Rothschild, alias Coleman, alias Hutson, who was twice convicted of murdering his mistress, once sentenced to death, and finally acquitted. Mr. Rowntree says that a man swindled merchants in Georgetown of \$3,000 worth of diamonds. The swindler will come before the magistrate on Thursday.

THE DR. PARKHURST FUND. NEW YORK, April 2.—J. Langdon Erving, treasurer of the Dr. Parkhurst testimony fund, acknowledged yesterday the receipt of \$5,000, which was sent anonymously to Dr. Parkhurst, bringing the total of the fund up to \$28,203.25.

Pimples.

There is no more annoying trouble of a chronic nature nor a more stubborn one to deal with than pimples, the remote cause of which is known to be nutritive debility. While rapid growth, improper food, errors of hygiene and mental exhaustion may tend to favor the development of these disfigurements, the cause must be dealt with to effect a radical cure. Though time may be necessary for the curing of this trouble it has been proved conclusively that the continued use of Belja's Liver Lozenges will accomplish the desired result. Those afflicted with this complaint should buy them by the dollar's worth. They are sold at all drug stores at 25 cents a box, or five boxes for \$1.

LADIES' DAY.

Every day (Sunday excepted) is Ladies' Day with us, but to-day, perhaps, is the greatest day of the whole year for the ladies at our store. It is MILLINERY OPENING DAY, and as we always lead in millinery, the ladies are bound to visit the leaders to purchase their spring hats, bonnets and trimmings. Let no one feel that because they don't want to buy that they are unwelcome, or that a good look at the lovely display is not for them. It is as much for them as anyone else, and we desire to invite every lady of taste in London to see our very choice and

TEMPTING IDEAS

In spring millinery, put into shape by our clever and skillful assistants, who have won us a reputation for artistic millinery that we are determined to retain. Remember the display which excels all our previous efforts, will be open every day this week, so that it will not be necessary for the ladies to come all at once. Crowding will thus be avoided. We can stand a big crowd, though, as our department is the most roomy in the city. No climbing of stairs. Our elevator takes you within a few steps of the most elegant millinery display ever shown in London. If you are feeling poorly, come and it will cheer you up.

This year the conceptions and creations of the foreign milliners are more beautiful and enticing than ever. We show almost everything that the most fastidious taste could desire.

New Interlining Fiber Chamois

All the crushing and creasing and careless packing imaginable will not affect it.

It is light, strong and durable.

It will drape gracefully and may be neatly plaited.

It is easy to sew by hand or machine and will not drag or tear at the seam.

Dampness does not affect it, as it is not stiffened by starch or glue as other linings are.

The leading Modistes of New York are using it entirely.

In three weights, 64 inches wide, 35c per yard, at all the leading stores.

Every yard of the Genuine Fiber Chamois is Labeled. Beware of imitations.

The wholesale trade only supplied by THE CANADIAN FIBER CHAMOIS CO., MONTREAL.

—The Sunday school of St. Paul's Cath-

edral year ends at Easter, when prizes will

be awarded to those scholars who have

gained the highest marks for the weekly

lessons. The classes will then be reorga-

nized for the following year.

—Mr. J. E. Cassidy, of the celebrated

genuine Heintzman Piano Company, To-

ronto, Ont., who has been hustling things

his line of business during the past

month on the banks of the Detroit River,

at Windsor, passed through the city today

en route for Toronto. The fresh breezes off

the Detroit River appears to have agreed

with J. E.

—Last week a branch of the Woman's

Art Association was organized in St.

—John Moore, a molders' laborer at the

London Machine Tool Company's works,

was badly burned yesterday afternoon. He

was hauling up a pot of molten metal on a

crane when the liquid splashed and Moore

received a portion of it on his head and

chest. "It was nothing to speak of,"

though," said a molder, after the occur-

rence, "it is not much more than we get

any day."

—The front door to the postoffice will

be closed for several days, beginning today,

to allow of several alterations being made in

the entrance. Mail matter will be delivered

at a wicket at the side door to box holders

and others accustomed to be served at the

general delivery. The money order, savings
