### GREECE MEETS BUT FOUR BATTALIONS TO BE TRAINED IN LONDON CAMPS NOW DECIDES SIR SAM HUGHES

Orders Removal of All Other Units to Borden Camp Despite Expense City Has Gone To, Claiming Training Facilities Are Insufficient to Warrant Any More Units Being Kept in This City-No Details Announced Until Minister's Return to Ottawa.

That London will have one brigade of troops here, not three as at present, was the information given The Advertiser today at the camp grounds. This means that four battalions will spend the summer here, and the other six at present here will go to Camp Borden to finish their

The batteries will remain in London for a short time, but as soon as their preliminary training is completed, they too will be shifted. Sir Sam Hughes, minister of militia, announced last night that most of the troops here would be moved to Camp Borden. He would not go into particulars as to the battalions to remain here, nor would he name the regiments to go. He declared that this was a matter of little public interest.

He has not confided to the headquarters' staff here what regiments are to be affected by the change, at least not for publication in any

However, the information was given out that there would be one brigade of four battalions left in London. The four battalions forming the brigade will, it is said, be the 110th

of Perth, 111th of South Waterloo, 118th of North Waterloo, and the 135th of Middlesex. These four battalions are now camped on Carling Heights, and it is expected that they will remain. The first three mentioned are about the smallest, numerically, in the camp. They will continue to recruit to bring the battalions up to

strength. Later it is possible that two of them will be merged. 135TH TO STAY. The 135th Battalion will remain here until it is taken overseas. Lieut.-Col. Bart Robson has his men in prime condition. They have completed their musketry practice, and have done much practical soldiering.

They will be among the next lot to be sent to the front. The intention is to keep them here until ready, and then forward them. Their place will be taken by one of the new battalions shortly to be authorized. It is announced that the 142nd Battalion will go to Barrie. Although it is not the strongest numerically on the grounds, yet the removal of the battalion will give an opportunity here for the organization of another city and county regiment.

ALREADY MAKING READY. The commanding officers of several of the battalions are making ready for Camp Borden. In conversation with some of the officers it was gleaned that a hint had been sent around for them to get ready. They state that some morning London will wake up and see its city of tents

Sir Sam Hughes would not confirm any of these statements today, but on his 'return to Ottawa a definite announcement will be made,

[Canadlan Press.]

Winnipeg, Man., June 22.-Thomas Kelly, the Parliament Buildings contractor, will enter a defence when he is tried on the perjury charges, he told the court this morning. The present trial, in which he has no counsel, is on charges of theft, receiving, and false pretences. It is expected the perjury trial will immediately follow it.

Will Send For Dewart. When the fourth day of the trial commenced this morning, Kelly asked when the crown intended to try him on the perjury charges. "I would like to know," he said, "because I intend to put in a defence, and contemplate bringing H. S. Dewart from Toronto. He is waiting for a telegram, and, as he has other engagements, it is most necessary I should know a few days in advance. Mr Justice Prendergast said the request was very reasonable, and R. A. Bonnar. for the crown, said he would take the matter up and advise accused in a day or two.

The perjury charge which was separate from the general indictment at the opening of the trial results from Kelly's evidence before the public acounts committee regarding the composition of the concrete in the Parliament Building.

General Pflanzer's Army Completely Demoralized—Expected Austrians Will Try and Prevent Raid Into Hungary by Locking Passes of Carpathians—Russians Checked on

[Canadian Press.] Berlin, June 22.—Via London, 4:52 p.m.—The repulse of heavy attacks by the Russians against General Count Von Bothmer's forces north of Przewloka, was announced today by the war office.

(Special to The Advertiser.)

London, Eng., June 22.—Gen. Pflanzer's demoralized army is preparing to abandon all Southern Bukowina to the Russians, according to Berne dispatches today.

The Berne correspondents received their information from Vienna. They reported that the Austrians would make a stand at Rodna Pass, twenty miles northwest of the Rumanian frontier, and at other strategic points, barring the Russians advance into Hungary.

The Russians are now throwing large forces across the Sereth River, attempting to cut off large Austrian forces before they reach the Carpathians. The Austrians are abandoning large quantities of ammunition in their flight.

Dispatches from all sources agree today that Russian advance on the northern wing has been checked by heavy Austro-German counter-attacks.

London, June 22.—Feports have been received here that a serious uprising against the Turks is in progress in Arabia, and that rebels have captured the Holy City of Mecca.

The London newspapers declare that the rebellion is certain to have an important bearing on the war, and especially as regards the participation of Turkey. The Post

The uprising is due to recent wholesale executions of Mohammedan and Syrian notables and well-known religious leaders, and also to the spread in Arabia of a feeling that the Turks have abdicated their position as the protector of the Mohammedans and have become the vassals of Germany.

RACES WERE A FEATURE

Though many remain locked in the Some Splendid Runners Discovered in Various Overseas Battalions.

> Thousands of soldiers, their wives, friends and sweethearts witnessed the military field day sports in Queen's Park yesterday afternoon. The civilian attendance was very small owing possibly to the fact that the event ocurred on a Wednesday afternoon.

The rain and threatening skies of the morning gave way to finer weather in the afternoon, and the track was in excellent shape for running events. Of the 335 entries for all sports a number failed to turn up owing, it is said, to the fact that too short a time was allowed in which to get into

The result, however, was beneficial, as it allowed the expeditious handling of events, which would otherwise have aken up a considerable portion of the "Ours was the first battalion of the afternoon.

### Guaranteed Bedding

You are, of course, interested in the quality of the mattresses on which you sleep. First, every mattress should be sanitary. Second, it should be constructed in such a way as to assure perfect rest to the sleeper; and third, the price should be as low as is consistent with good merchandising, allowing the merchant a reasonable margin for handling the goods. Our mattresses are selected to meet these several requirements. First, we insist that nothing but clean, new, sanitary materials be used; second, all our Cotton Felt Mattresses are constructed of white cotton, positively no dark cotton or jute used, this is carded into even layers and these are laid one on the other, the full size of the mattress-a sufficient number to make a comfortable mattress. Then covered with a good, strong ticking; and third, the price is marked in accordance with our policy of selling quickly. Make a point of seeing our mattresses before

#### MINE SINKS LIGHTSHIP OFF THE ENGLISH COAST

Captain Gives Warning But a Moment Later Boat is a Wreck.

YARMOUTH, June 22 .- 1:06 a.m.-The Corton lightship, which was stationed several miles off the English east coast, has been sunk by a mine, according to the survivors, who are two in number. They say that Capt. Rudd at the bow sighted a mine and gave warning. The explosion came an instant later, and the force was so terrific that the vessel was raised out of the water and completely broken up. The survivors were picked up by

fashing boat after being ten minutes sunk during the war.

Captain Schioler Tells How Provincial Funds Were Wasted.

WINNIPEG, June 21 .- The evidence of V. W. Horwood, former provincial architect, was concluded this afternoon in the trial of Thomas Kelly, contractor, though Mr. Horwood may be recalled by the crown on matters of detail before the case is finished. Mr. Kelly, who has no counsel, did not desire to cross-examine the witness, and Capt. Paul Schioler, civil engineer, occupied the witness-box for an hour before adjournment. His evidence will be continued tomorrow morning. Mr. Horwood stated that he and Kelly both sent information to E. C. Shankland, a Chicago engineer, employed in a consulting capacity on the Parliament Buildings, and he added that get funds out of the contracts. These Were in the "Scheme."

In the "scheme," he said, were himself, Dr. Montague, Sir Rodmond Roblin, George R. Coldwell, James H. Howden, Dr. R. W. ### FERRY HITS LAUNCH; TWO WOMEN DEAD; TRAGEDY ON RIVER

Port Huron Party Comes to Grief in Night.

[Special to The Advertiser.] SARNIA. June 21.-Two women lost their lives in the rapids of the St. bert of Fort Gratiot.

Police officials state that the two women, Mrs. Sweet and her daughter, Mrs. Hesson, both of North Port Hurbn had informed their husbands that they were going to the hospital to visit a sick friend, and instead of doing so went out for a launch ride with Frank Fuller, a bartender at the Hotel Laugh in Port Huron.

The launch trip was up the Black River about three miles then through the canal to Lake Huron and down the lake into the river. The launch, so it is declared, had no lights on it at the time and was making fast time down through the rapids when the ferry came on the scene and the accident

happened. Capt. Egbert of the ferry, which is only a small boat itself, states that he thought that he had hit a log and continued on his way to the American side where some fishermen on the bank the right arm. He was unconscious told him that he had collided with a

ADVANTAGES OF ENLISTMENT IN

Apply: MAJOR D. SMITH.

Are Liable Two Ways To Be Branded as Deserters.

[Special to The Advertiser.] SARNIA, June 21 .- It is reported

here that there are a number of Michigan National Guard officers now serving in the units being formed in Cannow that the States is mobilizing its guards for service on the Mexican bor It appears that these officers in many cases were given a leave of ab-

sence from the guard and that they have also sworn allegiance to the British throne. If they go back to the States now to join their old units adian forces, and # they remain in Canada they will be posted as deserters from the Michigan guard. matter will lively be settled by the Canadian Government.

Ready to Leave. Reports to General Bell, commanding he El Paso military district, indicated that hurried preparations for the departure of the 4,000 troops under Gen. Francisco Gonzales, were being made n Juarez throughout the night. Troop trains with steam up, stood in the railway yards while supplies, armament, food and forage were being hastily loaded into freight cars.

Capt. Allison, provost marshal of El Paso, received a report from a Mexican source early today that the evacuation was already under way, and that one train of box cars and day coaches, heavily loaded with soldiers, some of whom were perched on the tops of the cars, had left for the south over the Mexican Central Line. Cavalrymen Leave.

Throughout the night the streets in Juarez were filled with cavalrymen, a number of small detachments moving from the city and into the hills beyond, while others left Juarez ostensibly to take station at border points within a few miles of El Paso. However, neither Andres Garcia, Mexican consul at El Paso, who spent the night in the Mexican town, nor Mexican miltary officials would discuss the reported exacuation, over the telephone. Exodus From El Paso.

During the night upwards of 1,000 exicans crossed the border from El Paso to Juarez, and today the exodus ontinued. Through the night a steady ream of wagons carrying the houseared out along the roads leading to es to leave the town could not be included in the Zaimis ministry.

Army officers asserted today that Mexican leaders have long realized hat in the event of hostilities with the United States they could not hope to nold Juarez against the Americans, and have planned to withdraw to a more strategic point.
