BORED BY THE QUAKE

Terrific Destruction Wrought by the Earthquake in Italy.
A WHOLE VILLAGE WIPED OUT

Prospero, With 1,200 Inhabitants, Has Disappeared—Reports of Loss of Life in the Southern Provinces—Relief for the Suffering.

Rome, Nov. 18.—Reggio and the whole Province of Calabria were shaken violently by an earthquake on Friday. Much damage was done and many persons were killed, although nothing definite is yet known as to the amount or number. The reports from Reggio state that the houses there were blown away, and the inhabitants driven from their homes. In San Prospero several houses fell, burying their occupants. In Messina, where the shocks were attended with great violence, the convicts in the penitentiary were panic-stricken. Two hundred inmates fled from their cells, and were driven by the guards, but they were overpowered. In Calabria the train service was suspended, and the trains were stopped on the hills. Slight shocks were felt in Rome. The earthquakes were felt in Southern Italy and Sicily throughout the whole of the peninsula. The letter then describes the horrors of the massacre. It says that on the admission of the Turkish soldiers, some of whom tearfully protested that they would not obey orders, it is asserted that no compassion was shown to the soldiers, who were hacked to pieces with swords and bayonets. In another place 300 sleeping women begged the commander's life for mercy. The commander, after ordering that they be released, had them all despatched with the sword. Similar scenes were enacted in other places. In one case fifty young brides and maidens were driven into a church and were violated and butchered until their blood flowed. Medico reports that a large company headed by a priest knelt near the church begging for compassion, averring that they would not obey orders. It was reported that the soldiers admitted that the culprits who killed the Kurds. It was in vain; all were killed. Several attractive women were taken to a private house. They were told to be silent. They replied: "Why should we deny Christ? We have no more reason to do so than had these," pointing to the mangled bodies of their husbands and brothers, "kill us too!" This was done.

The last letter says that between 8,000 and 10,000 were killed. Babies were impaled on the same weapons with their mothers. Several soldiers admitted that they had disposed of 100 victims each. Nearly thirty villages were destroyed. In one place the houses were so badly wrecked that the houses were left in ruins.

St. John's, Nfld., Nov. 15.—The Whitetayes have won three legislative seats in Florida, defeating the Tories. They held 1,108 and Dunphy 1,067. The Government nominees were Grieve, who got 1,062, Denny 805 and Smith 915. This gives the Whitetayes 21 and the Government 18 seats, with St. George's remaining to contest. The seat for St. Barle is before the courts.

The Government will retain office until the result of the election is known. They will appeal to the country and hold a general election.

Toronto, Nov. 17.—Craig's panning mill, Dundas street, was destroyed by the fall of a building, which was caused by the fall of a chimney. The building was a bad structure, and the fall was a tragedy. The mill was destroyed by the fall of a chimney. The building was a bad structure, and the fall was a tragedy.

Reports of deaths, injuries and the demolition of buildings had been received from several communities. In Baguara seven persons were killed outright, in Oppido Mamontina ten, in Sanza Epiphania eight. Scores of others were injured in these towns. Many provisions have been sent to the towns, and the authorities are organizing relief. Premier Crispien has sent the prefect of Baguara and the head men of several smaller towns large gifts of money.

In Sicily telegraphic communication has been restored. The people of Messina still fear to return to their homes, and the majority of them are encamped in open spaces, railway carriages and vessels in the harbor. Electric lights have been set to replace the lighthouse which was destroyed and a torpedo boat patrol has been organized.

CARNIVAL OF CARNAGE

London, Nov. 17.—The Standard's dispatch from Varna describes the recent massacre of Armenian Christians as of equal importance with the Bulgarian butcheries which led to the Russo-Turkish war. He says: "The trouble began with the refusal of the Armenians to pay taxes on the ground that the English raids had so impoverished them as to render it impossible. This probably was true. Troops were sent to enforce the payments but were beaten off. The governor of Bitlis then arrived with an imposing force of regulars. The people seeing that the struggle was hopeless yielded, but the governor resolved to make an example of them. He ordered the troops to fire on the defenseless people who they obeyed with alacrity. They only ceased when the residents of twenty-five villages, numbering some thousands, had been killed. Some reports say 4,000 were slain."

The latest news from Bitlis gives details of the origin of the disturbances. There was a Turkish raid on Armenian cattle, resulting in eight deaths and two Kurds were killed. The friends of the Kurds took the corpses to Moush and declared that the Armenians had been the aggressors. They were killing and plundering right and left. This furnished the pretext for the attack on the Armenians. The letter then describes the horrors of the massacre. It says that on the admission of the Turkish soldiers, some of whom tearfully protested that they would not obey orders, it is asserted that no compassion was shown to the soldiers, who were hacked to pieces with swords and bayonets. In another place 300 sleeping women begged the commander's life for mercy. The commander, after ordering that they be released, had them all despatched with the sword. A year ago Mayor Harman and this elder Boyd had a dispute and several shots were fired, since which time had blood had existed between them. On Thursday Mayor Harman met John W. Boyd on the street and drew his pistol and beat him over the head with it. Yesterday the Boyd brothers came into town, armed with rifles. Alleged Frauds in Marking Cheese. LONDON, Eng., Nov. 17.—A meeting of the British commission merchants who import Canadian cheese has been called for an early date to protect against the alleged frauds said to be perpetrated on the trade by some of the largest Canadian shippers. These people, it is said, are sending out summer-made cheese labelled as "September" made and thereby secure much higher prices for a much inferior article. Such action on the part of Canadian shippers, it is represented, would imperil Canada's cheese trade with the British Islands as well as other European countries. A disposition is to wait Sir Charles Tupper, Canada's High Commissioner, and request that the Dominion Government legislate forthwith to prevent such a deception in the English market. Each cheese, instead of each box, be branded with the date of making. A dispatch from London yesterday purchased 1,000 cheeses of the Maritime Provinces make.

A Canadian Tunnel at the Falls. NIAGARA FALLS, N. Y., Nov. 15.—Wm. B. Rankine, secretary of the Canadian Construction Company, who has been in New York for the past two days, has left for New York. During his stay here Mr. Rankine has been unusually busy, and among the matters requiring his attention were those on the Canadian side of the river. He made a trip to the other side of the river, and of course, his movements, like all others that have any possible bearing on the situation, so far as the Canadian tunnel is concerned, are watched with eager interest. It is impossible at this time to obtain any accurate information regarding the company's plan respecting the Canadian tunnel beyond the facts that the work over there is to begin in a short time.

The Times on the Newfoundland Elections. LONDON, Nov. 16.—The Times says this morning in summing up the result of the Newfoundland elections. The governor's refusal to dissolve parliament has been fully explained. The polling method may be explained by the assumption that the electorate considered that an unfair advantage in the new act to secure the re-use of the existing franchise. We feel that the Goodridge government, which is the embodiment of constitutional parity or nothing, ought to justify its own existence by the strictest regard to the constitutional requirements of the situation. Perhaps the simplest and best course would be to resign immediately.

Deaths of Well-Known Walkertonans. WALKERTON, Nov. 17.—Mr. William Gunn, deputy clerk of the crown, surrogate clerk and clerk of the county court, died here suddenly and was buried yesterday in the presence of a large number of friends and neighbors. The venerable gentleman was in his seventy-ninth year, and held his present office since the separation of the county of Bruce in 1890. He was a Highland Scotchman by birth, and was well known as a life-long friend of the late Sir John A. Macdonald.

Seven Men Severely Burned. MUNCIE, Ind., Nov. 16.—An accident occurred in this city in which seven men were seriously scalded. The men were employed of the Muncie Muck Bar mill. A stream of hot mud, boiling water and steam was thrown the length of the mill and the men who were standing in the line of the stream were horribly burned.

Three Lives Well Lost. QUEBEC, Nov. 16.—Captain Jones, of the schooner Maria, which was wrecked at Trinity Bay on Sunday morning, arrived at Rimouski and gave a few details of the wreck. The schooner went ashore on the rocks and was a total loss. She was a quarter of a mile to the mainland. Her arms and legs are all skinned and torn. Three men lost their lives.

A Woman's Suicide. HALIFAX, Nov. 16.—A patient at Mount Hope insane asylum named William Brisel was found dead, having hanged himself from a window by a towel, which he took from the bath room. At the inquest it was shown that deceased had intimated some time ago that he would end his life and had attempted to suicide recently by swallowing glass.

A Great Battle. It is continually going on in the human system. The demon of impure blood strives to gain victory over the constitution, to ruin health, to drag victims to the grave. Hood's Sarraparilla is the weapon with which to defend one's self, drive the desperate enemy from the field, and restore bodily health for many years.

Hood's PILLS cure nausea, sickness, indigestion and biliousness. 25c.

MISSIONARY WORK IN KOREA.

Dr. Hall left Seoul Oct. 1st overland for Pyang Yang, reaching there the 5th. The following letter was sent by special courier to Mrs. Hall, reaching Seoul on the 18th.

We had a pleasant trip, and experienced no difficulties along the road in procuring accommodations or food. We saw a great many dead horses and cattle as we passed along which had been used in conveying army supplies.

The battle commenced Sept. 18th, only a few shots were fired that day, and a few more upon the 14th. On Saturday the 18th the great battle was fought. The Chinese had entrenched themselves across the river on south side, in the old city, and on the north side of the city they had two forts, one on each side of the road leading to We Ju.

We have visited the battle field—it is strewn with Chinese bodies, some still unburied, and the rest have a few inches of dirt thrown over them. The stench is terrible and the sight indescribable. There were 14000 Chinese and 1000 Japanese in the armies.

We have met Mr. Crealman reporter to the N. Y. World and Fred Vickery reporter to the London Standard. We expect to have them with us for supper some evening; they are roughing it here. Mr. Moffett's things are totally destroyed even to his stores, so he and Mr. Lee are with me.

The Japanese General was wounded and I have been sent for to visit him to-morrow morning to consult with the Japanese doctors. The Koreans are just beginning to come back. We are expecting grand results from our work.

J. C. Judd, of Morton, is writing letters to the Kingston Whig, in which he agitates an electric road to take the place of the much talked of and long deferred Kingston and Smith's Falls Railway.

Kingston has fallen into line and adopted the ringing of the curfew bell as one of its civic ordinances. At the first of this warning bell all youths under fifteen years are obliged to leave the streets.

Mr. H. E. Bywater has just issued a superb number of the Westport Mirror. It is profusely illustrated with half-tone engravings, giving an excellent view of the village from the mountain and cuts of public buildings, business houses, residences and prominent citizens.

It was 81 years ago Sunday when the memorable battle of Crysler's farm was fought and won by the British. The Americans numbered 3,500 men under General Wilkinson, and Col. Morrison had 900 British soldiers.

For 2 years I was dosed, pillled and plastered for weak-back, scalding urine and constipation, without benefit. One box of Chase's Kidney-Liver Pills relieved 3 boxes cured. R. J. Smith, Toronto.

Dr. Scranton and I have been very busy in the hospital since the war commenced. Here many precious lives have been saved, and all have heard the glad tidings of the gospel.

On Sept. 26th we received a letter from Pyang Yang, written by our faithful helper, Kim Chang Sikky, which stated that our Christians were all safe and well, that the Chinese had been defeated and the Japanese now occupied the city.

WIFE, CHARLIE AND JACK.

A few weeks ago a local paper published a fish story that created considerable amusement, and as a fish story it took the cake over all others for the season.

My Dear Partners.—There are seven of us, and we are here, that is to say, we are eight thousand miles away from any place. We had such wonderful sport getting in here that I could not refrain from writing you, even though I know my written tale would dull the lustre of the oral one I have stored up for you.

While walking along the railway track to his home last Friday night Mr. Harmon W. Hunt, a prominent resident of Sharbot Lake, was struck by a Kingston & Pembroke train. Both legs were cut and he was placed in a train, the intention being to take him to the Kingston hospital but the poor man succumbed to his injuries before he reached there.

Gen. Booth's "Flores Campaign"—He will hold 978 Grand Meetings—Earnest Work by the Underlings in Canada and the U.S.—The Farm Colony Scheme.

General William Booth, the founder of the Salvation Army and its Commander-in-Chief, has outlined the plans for a campaign which he will inaugurate against the devil in seventy cities in Canada and the United States, between now and the middle of next March.

General Booth speaks with the accent of an Englishman from the vicinity of Staffordshire or Lancashire. It is a form of speech rarely heard from the lips of educated Englishmen. Occasionally he drops an "it" or two.
