

CANADA HAS SURPLUS OF MANY MILLIONS; SOME REDUCTIONS IN TARIFF ANNOUNCED IN THE BUDGET SPEECH BY THE GOVERNMENT

CANADIAN NORTHERN IS BUILDING LARGE SUBWAY

Railway Will Cross Second Street, Just Across Elbow; Grading Now Complete Up to the River; Only Bridges to Be Set in Place

WORK ON THIS SIDE TO BE STARTED AT EARLY DATE

Railway People Hope to Be Running Trains Into the City Within a Couple of Months; Company Announces It Will Give Low Rate for Exhibition

Railway construction men are making the most of the present weather...

The principal work which is now under way in the city is the building of a subway on Second street...

The railway people are running matters as they hope to run trains into the city within a couple of months...

It will hardly be possible to have a depot ready for that time but a temporary place will be in use...

The new line will be the most important for the exhibition grounds...

and will draw to the city from a quite new and up to the present untapped country.

ARMORY SITE IS SELECTED BY CITY COUNCIL; MILITARY MEN ARE SAID TO APPROVE

City Will Purchase West Half of Block 66, section 16, Facing Mewata Park, Comprising 20 Lots, Assessed at \$55,000

The city council will purchase the west half of block 66, section 16, facing Mewata Park, adjoining Eleventh Avenue and Eighth Street West...

BOARD OF TRADE'S CRITICISM OF COUNCIL IS DISCUSSED BY THE ALDERMEN

Ald. George Ross Thinks the Resolution Contains a Lot of Good Advice; Resolution Better Received by Council Than by New Industries Committee

The much discussed resolution of the board of trade criticizing the policy of the council in promising \$30 power to the Western Canada Milling Co. received a more favorable hearing at the council meeting last night than it has previously been accorded...

But Ald. George Ross thinks there is a lot of good advice in the resolution and he said so to the council, which is a lot of good advice in the resolution led Ald. Garden to retort that there was nothing in the resolution which differed from the policy already laid down by the council.

A wordy confab ensued in which the mayor and Ald. William Ross insisted that the council had only agreed to supply power at cost, although the resolution passed by the council distinctly stated the agreement to be for electric power generated by gas engine, at \$30 per h.p.

Ald. William Ross asked for a statement from Commissioner Graves as to the report received from the power expert on Saturday, and for an estimate of the difference in price with ten cent or five cent gas.

WHEN IT COMES TO BUSINESS, ALD. WILLIAM ROSS IS AS COLD AS A PEAK IN GREENLAND

Ald. William Ross never lets any foolish sentiment stand in the way of business. The fact that the electric light fixtures in 212 Balfour street recently sold to the city by the Manchester family happen to be wedding presents, does not make the slightest difference to him.

"Wedding presents," said Ald. Wm. Ross, scornfully. "The city has already paid \$7,000 for the purchase of these two lots to open up that street."

and there is no reason why we should lose any more. Did that man make any reservations when he sold that house?"

Commissioner Graves did not think so. "Well, then, I think the city should have those fixtures, I don't think we should drop the matter."

"We should have a rebate any way," said Ald. T. A. P. Frost, who has played the part of Sherlock Holmes all through the case and who first...

ALBERTA WAS LOST BY RECIPROcity AND BENNETT

Morley Manners Tells How the Liberals Swept Province on April 17—Says Farmers Are Enthusiastic for Reduction of Tariff

TRUST ADVOCATE BENNETT PUT WHERE HE BELONGS

Farm Implement Bill Won Many While the A & G. W. Was of Little Interest—There Was No Solid American Vote

"Reciprocity and Bennett" is the answer which Morley Manners gives to the Liberal in the Canadian Courtier. It gives a few other reasons but they are the important factors and in the order named.

"The farmer of today" he insists "is more desperate in earnest in tariff matters than he was in 1911; because while then he had hoped to gain something, now he fears he will lose that which he has."

The Alberta farmer concluded that if they elected a Conservative government in Alberta that fact would be quoted in Eastern Canada as an indication of the western enthusiasm for wider markets was on the wane.

And the second feature in the campaign was R. B. Bennett. It needed nothing more than one newspaper campaign, declares the trust advocate, to place the trust advocate in the place where he belonged.

FOOD FOR THE MEN AND FODDER FOR THE HORSES

Preventer of all Descriptions Must Be Bought by Commissary Department of the Calgary Camp of Provincial Military Camp

2,000 MEN AND 15,000 HORSES IN LOCAL CAMP Camp Will Be Larger This Year Than Formerly and Purchases Must Necessarily Be Heavier; Reports Indicate Activity

Upwards of 25,000 pounds of beef, 25,000 pounds of flour, 3,000 pounds of bacon, 25,000 pounds of potatoes, 1,000 pounds of coffee, 3,000 pounds of beans, 10,000 pounds of fresh vegetables, 1,500 pounds of cheese, 250 tons of hay and 100 tons of oats, together with hundreds of pounds of jams, butter, split peas, sugar, salt, pepper and other foods too numerous to mention will be consumed by the citizen soldiery at Albert when they go under canvas here on June 17 next.

In the camp of 1912, when there were 1,823 officers and men and 1,100 horses in the lines the amount of foodstuffs consumed totaled almost the above amounts. This year it is expected that there will be upwards of 2,000 men in camp, and about 15,000 horses, and the military camp will be followed by a cadet camp at which the attendance will be around the 1,000 mark, so that the bill for foodstuffs this year should be much heavier than that of 1912. The cadet camp, which will be of four days' duration, will be from July 2 to July 9.

Already several of the local corps are getting ready for the big event of the year in military circles. Last Thursday a meeting of the officers and N. C. Coy. of No. 14 Company of the Canadian Army Service Corps was held in Major Allen's office, and another meeting of the same corps will be held again Thursday at which plans for the recruiting of the company will be drawn up and discussed. The company will be in charge of the transport and commissariat work of the camp and is expected to be into camp full strength. Preparing for their work a school of instruction will be attended by the men of the Army Service Corps commencing on June 2, and lasting all through camp. The theoretical part of the training will be given before camp and during the time the men are under canvas they will be given training in practical work under active service conditions.

The 17th Field Cavalry Ambulance with headquarters here, is also getting ready to go into camp with a full complement of men, and is now preparing for weekly drills which will last through the summer. The Calgary Cavalry Regiment, the 16th Cavalry, is also holding weekly drills and regimental training in the city. Arrangements are also being made by the officers of the 18th Light Horse with headquarters here, to start recruiting immediately, and all the Calgary units are endeavoring to get into shape and go into camp much stronger numerically than ever before.

The military activity is not confined to Calgary alone. In Medicine Hat, headquarters of the 21st Cavalry, recruiting is now going on, and the same is true of Red Deer, Pincher Creek, Macleod, Edmonton and other points throughout the province where the 45th Central Alberta Horse, the 23rd Alberta Rangers, the 15th Alberta Rangers and other regiments are located. Reports from all these centers, as well as from Lethbridge where the 25th battery of Canadian Field Artillery is located, indicate that the attendance at camp this year will be larger than last year, and in consequence the authorities are making arrangements for a larger supply of foodstuffs for the men and horses for the horses.

The following is the official list of rations issued to the men in camp during the 1912 campaign:

Consumed in 1912	
Yeast	131 lbs.
Flour	21,540 lbs.
Beef	22,251 lbs.
Bacon	3,414 lbs.
Coffee	600 lbs.
Bread	22,251 lbs.
Rice	20 lbs.
Cheese	1,578 lbs.
Pepper	42 lbs.
Salt	1,335 lbs.
Sugar	3,343 lbs.
Tea	480 lbs.
Potatoes	23,337 lbs.
Split peas	325 lbs.
Jams	3,064 lbs.
Beans	2,865 lbs.
Butter	3,192 lbs.
Fresh vegetables	8,776 lbs.
Hay	209,533 lbs.
Oats	128,558 lbs.
Soft wood	51 cords
Crude oil	15 gals.
Coal oil	234 gals.

HELEN KELLER SUPPORTS CAMPAIGN OF MILITANCY

Philadelphia, May 11.—Helen Keller is a militant suffragette. She believes in smashing windows, violence, hunger strikes or anything that will bring publicity to the cause. In an interview here tonight the noted blind woman said: "I believe that the women of England are doing right. Mrs. Pankhurst is a great leader. The women of America should follow her example. They would get the ballot much faster if they did. They cannot hope to get anything unless they are willing to fight and suffer for it. The pangs of hunger during their hunger strikes simply 'are a sample of the suffering they must expect. "But I am a militant suffragette because I believe suffrage will lead to Socialism and to me Socialism is the ideal cause."

After Premier Assheton's outspoken deliverance on the suffragette question, he can no longer expect an invitation to spend the week-end at Pankhurst Villa.

RED DEER ASSESSMENT INCREASED BY MILLION

(Special to The Albertan.) Red Deer, May 12.—The first total of the Red Deer assessment for 1913, as reported by the assessment committee, shows an increase of nearly \$1,000,000 and in the school district of about the same amount. The figures are: Personal property, \$5,025,985; Improvements, \$281,000; Exemption, \$94,200; Total, \$5,212,785. Net, \$4,800,855; \$68,000 tax, \$288,300.

BIG RUSH FOR THE NEW TUPPENNY THUNDERER

(Special Cable to The Albertan.) London, May 12.—All the copies of the Times, which beginning today reduced its price from six to four cents a copy, are being sold at 8 o'clock this morning.

WETASKIWIN BOOMING SAYS MEMBER FOR THAT RIDING

North Country Opening Up and a Very Desirable Class of Immigrants is Coming

On his way to Banff for a few days' holiday, Charles Olin, M. L. A. for Wetaskiwin, passed through Calgary yesterday.

Mr. Olin is one of the best known members in the local house, and was re-elected by a big majority at the recent election. He is one of the few foreign born members, but his acquaintance with the province has placed him in the front rank of the legislators of the province.

"Everything points to a very bright year for Alberta," said Mr. Olin, in discussing the general situation of the province. "Financially, I think that the province is in a very favorable position. Money is getting easier and with the shipping out of the great quantities of grain and stock in the elevator here and at the lakes it will become even more easy. The big financial stringency is past, and the money is now available for legitimate business purposes, although the banks are still holding back on real estate speculation. Personally, I think that this is a great boon to the country, as it will help to break down inflated values and rebuild in a more substantial growth and development of the country generally."

MANY POPLARS PLANTED AT LETHBRIDGE ARBOR DAY

(Special to The Albertan.) Lethbridge, May 12.—Arbor Day, 1913, will long be remembered by the children and citizens of Lethbridge as one of the most pleasant and profitable ever spent. Two thousand poplar trees were distributed throughout the city, and every boy and girl attending school in the city received five fine specimens of this hardy variety of poplar.

The case of Admiral von Hintz illustrates the point. The admiral is German minister to Mexico, but it is reported that he is coming home on account of "illness." Unless he regains his health he will retire from the diplomatic service.

Paris, May 12.—King Alfonso of Spain tonight ended his visit to France and departed for Madrid. His long taking of the French capital was without incident. This afternoon the Spanish monarch visited the Aero-drome at Buc, and was a highly interested spectator of daring flights by aviators heavier than air machines, and of the evolutions of dirigible balloons.

SENDS 1,000 GALLONS OF MILK DAILY TO CALGARY

Didsbury Becomes One of the Most Productive Dairying Centres of Alberta—Industry Proves Profitable One for Farmers of the District

J. E. STAUFFER TELLS OF RAPID PROGRESS OF TOWN

General Prosperity of District Results in General Improved Conditions in Every Line of Activity—Many New Telephone Lines to Be Built

With shipments averaging 1,000 gallons per day, Didsbury ships more milk into Calgary than any other town in the province, and the result of the dairying industry on the part of the farmers of the Didsbury district, and the surrounding area, is a very profitable one. This is the statement of J. E. Stauffer, M. L. A. for that district, who was one of the out-of-town members of the Albert Hubbard lecture in this city on Saturday night.

"The case of the best, if not the best, mixed farming districts in Alberta," said Mr. Stauffer, "and if it were not for the farmers of Didsbury the people of Calgary would face a milk shortage all the year round. We are producing 1,000 gallons a day, and we are providing 35,000 per month coming in to the farmers of the Didsbury district. Mr. Stauffer spoke very optimistically of conditions all over Alberta, especially in his own district, which is one of the best settled districts in the province."

Real estate in the town of Didsbury and through the farming districts around it is being sold at a high price, and business of all kinds is picking up and will continue to pick up from the present time on. The most prosperous districts in Alberta, and merchants and bankers predict a record-breaking year all around. Personally, I look to see our town and district go ahead as it has never done before, especially before the war.

"Seeding is about 50 per cent finished in the district, immediately following the rains of the 10th and 11th inst. In the Carbon district it is even further advanced. I think that it is about 75 per cent over there, and the farmers are making preparations to break more ground this year than ever before. The provincial government is also recognizing the fact that the Didsbury district is one of the best settled districts in the province, and through the efforts of that government, and the efforts of the telephone companies, a great many telephone lines will be built in the district this summer. Already gangs of men are at work in the district, and a lot of new districts will be served with rural lines this year. This is a great boon to the district, and the arrangements have been made for building of many miles of telephone lines this summer."

The government men are already at work on this matter, "and although the weather is still somewhat uncertain, a lot of work will be done this season. The district is well settled up, and the telephone lines are anxious to have the telephones and they are going to get them."

NOBILITY ESSENTIAL

Diplomat Without Title Cannot Succeed in Germany, But Must Give Way to Nobility.

Berlin, May 12.—It is more important, in order to remain in the German diplomatic service, than to have a title of nobility. This is the opinion of a German diplomat who has just returned from a mission to the German emperor at St. Petersburg.

During the days of the street fighting in Mexico City that resulted in the triumph of Diaz and Huerta, the sailor diplomat displayed marked courage. The steering wheel of his automobile was bent everywhere in the fighting zone, rescuing Germans who were in danger. His energy was unflagging, and his presence and advice were of material aid to German subjects. Furthermore, Admiral von Hintz succeeded in obtaining from the Mexican government punishment for the murders of a heavy indemnity for the families of Germans murdered at Covadonga.

Previous to his duty in Mexico the admiral was the personal representative of Emperor William on the staff of the Russian emperor at St. Petersburg. His services were so valuable in this position that the Mexican government was given him in the nature of a reward. At the same time Emperor William had him a patent of nobility for his services in Russia.

But the admiral is not able by birth, and for several months past a campaign has been conducted against him by certain newspapers of aristocratic connections. It is openly declared that if he does not return to Mexico this campaign, and not a convenient "illness," will be the cause.

Tax On Movie Films

Rome, May 12.—The government today introduced a bill in parliament providing for government supervision of moving picture shows and a tax on foreign and domestic films.

MANY ALBERTA STATESMEN IN CALGARY SATURDAY

The rotunda of the King George hotel on Saturday afternoon resembled the members' club room of the Alberta provincial legislature, no fewer than six present members and two ex-members of the provincial parliament being gathered there at the one time.

Heading the list was Hon. C. R. Mitchell of Medicine Hat, minister of public works and acting premier, who stopped off here on his way to Edmonton. With him was Hon. C. W. Fisher of Cochrane, speaker of the legislature, and other members of the parliamentary group included George F. Smith of Camrose; Charles Olin, of Wetaskiwin; Joseph E. Stauffer, of Didsbury and George Land of Bow.

The ex-members included "Don" Heibert, formerly member of the old constituency of Roseburg, and John Simpson of Innisfail, both of whom were here on a business trip.

REWARD OFFERED FOR LIST OF SUPPORTERS OF WOMEN

(Special Cable to The Albertan.) London, May 11.—The Times prints a notice that a reward of £500 for the most complete and accurate list of subscribers to the Women's Freedom League of the militant suffragettes. Confidential replies are invited to be sent to the office of the Times.

WOULD HAVE SERVICES FOR THE CALGARY POLICEMEN

Mrs. H. G. Barrie, Chinese Missionary, Addresses Meeting of Local Police

Mrs. H. G. Barrie a missionary from China, addressed a meeting of over 50 policemen in the police court room yesterday afternoon, outlining the Christian Police association movement in Toronto, Hamilton, London and various other Canadian and American cities. The aim of the association is to provide a moral and religious training for all policemen who are compelled to be on duty on the Sabbath.

The local force of 35 men is so divided that it is possible for all the men to attend church on the Sabbath. A committee will be appointed to take care of the organization of the association. It is probable that the association will help in the work of the city fire department. Chief Cuddy discussed the matter with Chief Smith.

The fire brigade was formerly in the habit of holding an annual church service but this had to be abandoned some years ago, as the fire chief has since then been unable to find a church where the duties of the brigade interfered frequently with the church service. The fire chief is now on duty constantly. There is a very good reason available for this. The fire chief is now on duty constantly. There is a very good reason available for this. The fire chief is now on duty constantly. There is a very good reason available for this.

BLOOD AND THUNDER IN ENGLAND, COMMON SENSE IN UNITED STATES

(Special Cable to The Albertan.) London, May 11.—Miss Carrie Chapman Catt of New York is speaking at a reception in her honor at the rooms of the Women's Freedom League today, and she has been asked if the American suffragettes were going to become militant.

"The situation in America, she declared, was different from the one here. The best known railroad men on the continent could take up militancy unless they made war on a majority of American citizens. In this country, however, our struggle, ours is more like evolution. Our fight is a commonplace one; yours is picturesque and very tragic."

DEATH OF WESLEY DYBERT

Following a stroke of paralysis which he sustained on March 23 there passed away on Saturday, May 10, at his late residence, 1717 Ten and One-Half street west, Mr. Wesley Chauncey Dybert, for the past six years the Calgary manager of the Hemington Typewriter Company. He was 33 years of age.

The late Mr. Dybert was unusually and highly esteemed by a large circle of friends. He leaves to mourn his loss a widow and a young son. His parents, a brother and sister reside in St. Johnsville, N. Y., and a brother in Winnipeg.

Another Emigration Record. London, May 11.—Another record for Scottish emigration was established yesterday, when no fewer than three thousand people embarked on the Glasgow for Canada alone. The Allan liner Hesperian carried 1,600 and the Donaldson liner "Leticia" conveyed 1,000 for Montreal and Quebec. Seven hundred more left for New York by the Anchor line. Though the grand total of emigrants in one day has been exceeded, the total bound for Canada ports is the highest on record. Shipping companies report full bookings to the end of June.

THE NEW "N. P. LIMITED" Fast over-night train between Winnipeg and Minneapolis-St. Paul. Electric-lighted Pullman equipment of same high character as the famous "North Coast Limited." Barber, bath and valet service. Observation-lounging car. Electric reading lamps in both upper and lower berths. Dining car service with the "Great Big Baked Potato" and our other specialties. Arrives at and departs from new Union terminal, Winnipeg.

NORTHERN PACIFIC RAILWAY

P. H. SCANLAN TELLS OF THE MANY WHO ARE COMING Commercial Agent of Milwaukee Says Immigrant Freight Shipments Are Heavy

"More business is coming into Calgary from the United States at present than ever before at this time of the year. The rush of immigrants has begun early and the shipments of freight are also a little earlier this year and are larger than ever. This should be a good year for Alberta. The present conditions keep up, and there is every indication that they will," said P. H. Scanlan, commercial agent of the Chicago, Milwaukee & St. Paul Railway company, who arrived in Calgary yesterday on one of his regular business trips.

Although making his headquarters at Helena, Mont., "Pat" Scanlan is well known all over the Northwestern States and Canada, and is one of the best known railroad men on the continent. He has been making regular trips through Western Canada for many years past, and stated yesterday that conditions in Calgary impressed him as being much better than they had been for some time past.

"This is general throughout the West," said Mr. Scanlan. "The railroad development of the past few years in Western Canada especially has been phenomenal, and anyone who makes periodical visits here can not help but be impressed with the many changes made in even a few short months. In Calgary the changes are remarkable, and I firmly believe that this will be a city of 100,000 people in much less time than even the most optimistic Canadian has any idea."

According to Mr. Scanlan, there will be several excursions of farmers from the United States to look over Western Canada this year and the immigration from all sources will be bigger than ever.

"I find that the Canadian Rockies and Banff are getting to be much talked about as summer resorts," said Mr. Scanlan, "and the 'See America First' movement, which is growing throughout the States will have the effect of sending many holiday parties through this part of Canada. All of this will result in a great deal of good publicity for Calgary, as strangers are coming here will undoubtedly be impressed with the stability and the hustling, bustling appearance of this city."

Mr. Scanlan will remain in Calgary for a few days before going on to Edmonton.

Vesuvius Getting Hot.
Naples, May 11.—The activity of Mount Vesuvius, which has been increasing for several days, reached a climax today when part of the crater collapsed with a deep roar. The tremblings of the mountain could be distinctly felt, and after the explosion observations showed that a funnel 250 feet deep had been formed. From this dense sulphurous clouds and white smoke ascended. Many tourists climbed the volcano.

Mainly About Women

Y.W.C.A. Shames Y.M.C.A. In Their Yearly Report

Should Soon Be Able to Wipe Out Debt, Says Mr. Hunt—Wants More Help and Less Criticism, Says Mrs. Kerby—National Secretary Outlines the Work in Other Countries

The Y.W.C.A. parlors were crowded last night with interested men and women gathered to hear the reports of the various branches of work for the year ending on April 30th.

The opening remarks were made by Miss Campbell who spoke of the good work done by the "Y," and thanked the president and board for all their attention and kindness.

50 Women Have Not Quarrelled. The president, in her address, said that the "Y" did not report any quarrels in the boarding house, there was a bigger record than in any other boarding house.

The average attendance in the main building, according to Miss Glass' statistics, was 49 per month and in the annex, 49 per month, 1183 transients had stayed during the year while 558 persons had been directed to other rooms.

Miss Saunders' Address. The guest of honor for the evening was Miss Saunders, the national secretary of the Y.W.C.A., and in her opening remarks she spoke of the great good always obtained by unity and co-operation.

Y.W.C.A. Work in Other Countries. In Cairo there was much work being done, Miss Saunders said, many European girls flocking into the city to business or to become governesses.

Y.W.C.A. Work in Bulgaria. In Bulgaria she said that a "Y" had been founded there two years ago and had done much good. This had been the result of two women petitioning the "Y" conference in Berlin to found a "Y" in Bulgaria.

Y.W.C.A. Work in India. In India, she said, the work was also tremendous. But Miss Saunders passed to Japan, where the girls are taking hold of western ideas in business and education.

Y.W.C.A. Work in the United States. They are employed in telephone exchanges, as ticket sellers at stations, and in banks and offices of all kinds.

BEAUTY IN DISTRESS

Among the many immigrants arriving in Calgary yesterday was a young Danish girl of the most prepossessing type. She had journeyed from the homeland to join her brother and she carried his address tightly closed in her hand.

DIRECT EGG SUPPLY FRESH FROM FARM FOR CALGARY

United Farmers of Alberta Have Scheme for Sending Eggs to Retailers, Bringing Them Straight from Farm, Selected and Packed

EXPERIMENT MAY BE MADE PROVINCE-WIDE

Start Will Be Made Within a Month and Farmers Will Get Better Prices—Cost Will Not Be Reduced for Consumer Except in Winter

The provision of fresh eggs for the Calgary market is a question now occupying the attention of the United Farmers of Alberta. A scheme which has been thought out by Secretary Woodhouse will, it is expected, be in operation within a month, by which the farmers will provide to the retailers of the city a constant supply of fresh eggs, which will all of them be guaranteed.

That farmers are now getting ready a special set of boxes which will each hold a dozen eggs. These will be specially packed and shipped to the city by the farmers themselves, and will come direct to the retailers, who will receive the eggs more expeditiously than heretofore. The work of the wholesaler, which in the past has often led to the eggs being brought to the consumers long after being laid and hardly quite fresh, will thus be avoided. This will mean much to the purchaser of eggs.

The plan, which is to a large degree the whole of the scheme, is to have a special mark or stamp, not only on the egg, but also on the case, which will guarantee its soundness and fitness for food.

Experimenting in Calgary

The plan, which is to a large extent in its embryonic stage, will be worked out in experiment, and if successful will be extended to the other surrounding markets of the world as well as Calgary. The work of collecting the eggs, packing and shipping will be entirely in the hands of the local organizations of the United Farmers, while that of distributing will be left to the hands of the retailers.

The plan has been taken up by the Retailers' association of Calgary, and the experiment will be run between these and the United Farmers' associations at Gleichen and other points along the line near Calgary. Within a month it is expected that there will be about 50 cases of eggs shipped daily to the market here.

Instead of eggs taking many days to reach the market, it is thought that with this scheme in operation eggs should never take more than seven days to reach the market for which they are designated.

Chaper Eggs in Winter

It is not thought that the price of the egg will be any cheaper for the consumer at the start. For the summer at least it will continue about the same, and the better price will go to the farmer who will be out considerably for the work of packing in the winter, however, it is expected that if the scheme works well the price will be reduced, for the reason that there may be a constant supply of good eggs, which is more than is at present realized for the winter market. This will tend to make winter eggs as cheap as summer, which will be most welcome to the housekeepers of the city.

The start will be made with the scheme within the month, and if all goes well the same experiment will be made permanent and will be tried in Edmonton and other points.

Any tea drinkers who have not tried "SALADA" Tea will be sent a free sample by return mail if they address a post card to "SALADA," Toronto, stating whether they like black, green, or mixed tea, and the price they usually pay.

In addition to the inducements offered by the Canadian Pacific, the western provinces and Alberta are also inducements. Among other inducements is "exemption of all farm improvements and personal property from tax." That looks good to the American farmer, because he doesn't know what it means. "Single Tax" is the name of the inducement. As long as he is on this side of the boundary line he thinks single tax will blow him up, strip him of his possessions and to bog him to the almshouse. After he sees what it really is, he likes it and writes back to his old home for his neighbors to come on to Canada. And "Brother Charlie" says again:

RUSH OF AMERICANS TO THE LAND OF OPPORTUNITY

Louis W. Hill, Son of Railroad Builder, Says, "We Are Daily Losing the Best Farmers We Have in the Northwestern States"

MR. EGGLESTON SAYS THEY WILL CONTINUE TO COME

And That They Are Getting Away from Plague of Taxes; Resolutions Will Not Stop Them; Charles P. Taft on the "Canadian Peril."

(By W. G. Eggleston)

Portland, May 11.—Charles P. Taft, the bewhiskered "angel" of Prof. W. H. Taft's political fortune, who is editor of The Cincinnati Times-Star, stockholder in traction and other public service corporations, big landowner in Texas and bigger land-grabber in Mexico, is beginning to see the Canadian peril to Uncle Sam's country. Not so long ago he printed a silly editorial in his paper on the tax laws and tax conditions of Western Canada, and then refused to print a correction. But in his paper of March 26 he says:

Far from abandoning or even relaxing their efforts to induce American immigration into the agricultural sections of the Dominion, Canadian immigration officials are likely to display more determination than ever to secure such colonists.

Canada has made up its mind that the American immigrant with agricultural experience is decidedly the most desirable that it can hope to obtain. There have been sentimental reasons for preferring immigrants from "home" and the picture of a great Canada peopled largely by men and women born under the British flag is still an attractive one. But the belief is rapidly growing that this is only a dream, impossible of realization.

Well, yes; the Canadian immigration officials know a good thing when they see it; they have found out that the American farmers know a good thing when they see it put up in an attractive package; they intend to settle up Western Canada with American farmers because American farmers are best for Canada, and they are coming after American farmers in a steady, systematic manner. They have a lot of American farmers over there, and they will have more this year, and next year, and so on.

Louis W. Hill said in a recent interview that "we are daily losing the best farmers we have in the Northwestern States" and that "they are flocking to Canada." He is correct in both statements. And "Brother Charlie's" paper continues:

An official of the Canadian Pacific railroad has just returned from England, firm in the conviction that the country is not a good field for the Canadian immigration recruiting agent. He finds that less than one per cent of the population of the United Kingdom is engaged in farming, and that for the most part the British immigrants likely to be persuaded by glowing reports of success to be won to the new country are of pretty poor caliber. They are not the men that Canada needs, whereas the Americans from the farming districts of this country possess all the desired qualifications.

Several Acres of Land.

That is correct. Mr. Denison, manager of the land department of the Canadian Pacific, had just left for England when I called to see him in Calgary on Dec. 23. The Canadian Pacific has several acres of land in Manitoba, Saskatchewan and Alberta, British Columbia—about enough to accommodate the whole agricultural population of California, and the same in Oregon, Idaho, Utah, Nevada, Arizona, New Mexico, and Texas. It has just put water on a vast tract—an empire of land—in Western Alberta and Gasconade, and it wants American farmers. It announces that it is not selling any land to speculators, but that the obvious reason that Calgary people had to be at work during the day and had no time for going to meet the train. Yet there were some there to welcome their friends, and they were arriving gave the place quite a busy appearance.

The bulk of those coming in yesterday went right through to the coast, and only a few stayed off at Calgary, so that within the last few days British Columbia has done well in the way of adding to its population, and its numbers have been materially increased, more perhaps than any other part of the Dominion.

After a whole week during which no mail came in from the Old Country, yesterday brought a welcome change, and the mail which arrived was especially big, and proved all the more welcome after the days of waiting through the lateness of the ocean liners.

HOME REUNION ASS'N. MEETS THURSDAY NIGHT

The Home Reunion Association will hold a meeting on Thursday to deal with a number of applications for aid under its auspices. The association has now widened its scope for its work and instead of being as formerly, the Imperial Home Reunion Association, it is now pure and simple the Home Reunion. Previously the association merely gave assistance to families from the old country who wished to reunite here in Calgary, the father or one member of the family having come here in advance. Now the same privilege and aid is being extended to immigrants from every country and on Thursday evening at the meeting there will be considered applications for the first time for the bringing out of families to be reunited here from other countries in Europe and elsewhere than England, Scotland and Ireland.

Rich Widows For Arsene

London, May 12.—A Florence despatch to The Daily Express says that Prince Arsene, brother of King Peter Servia, will marry this week Mrs. Hugo Pratt, a rich American widow.

ZELDA SEARS, with the Orpheum this week.

FIGHT ON NAVAL BILL WILL BE CARRIED ON TO BITTER END

Liberals Will Offer Amendments of Third Reading of Bill

Ottawa, May 12.—The naval bill has successfully made its stormy passage from committee of the whole. Speculation is now centering on what is likely to occur on the third reading which will be taken up on Monday or Tuesday. There is no doubt that the Liberals will move the six months' hold and that the amendment will be debated until the closure rules are again offered. The final division will come late Tuesday or Wednesday night, when there will likely be more scenes. It is stated tonight that there is also strong probability of a parliamentary post-mortem, as an aftermath of the proceedings of early Saturday morning and that Deputy Speaker Blomfield will be the central figure. The Liberals, it is said, will charge that the rules are according to the distinction of members of the house. This ministerial members will deny with the probable result that the debate will wax warm.

IMMIGRANTS CONTINUED TO POUR IN ON MONDAY

Yesterday was yet another big day for immigration in Calgary. Two trains had to be divided on their way here, no great was the crowd seeking transportation on them. In the early morning the Soo train from the east via the States came in in three sections, while in the evening the Vancouver express ran into Calgary in two sections, leaving shortly in the same way.

The depot did not present such an animated spectacle as on Sunday, for the obvious reason that Calgary people had to be at work during the day and had no time for going to meet the train. Yet there were some there to welcome their friends, and they were arriving gave the place quite a busy appearance.

PREBYTERIANS TO BUILD IN PLEASANT HEIGHTS

Much interest attaches to the new Presbyterian church which is to be built at Pleasant Heights. The congregation is hardly a year old, yet it is already numbers 100 members, and is full of life and activity. It is confidently expected that the church will continue to grow rapidly, and the building which is now being built, though small, will gradually be replaced by one of much greater dimensions. The cost is to be \$4,000, but such is the enthusiasm of the members that a great deal of the work is to be done by voluntary labor. The lumber has all been provided free by the lumber has all been provided free by the present from Alderman William Ross. There will be seating accommodation for about 500 people in the new church and it is expected that that will do for a few years at least, and then the wooden structure which is being put up will be replaced by a more substantial building when the circumstances warrant it.

A Step Forward For France

Paris, May 11.—Advices from Eastern Morocco say that General Alex has occupied Kasbahmen, about sixty miles from Fez. This is an important new step in the occupation of Morocco, opening up a route between the Rif and Atlas country.

"THE WARDROBE WOMAN" AT THE ORPHEUM THURSDAY

"The Wardrobe Woman" is the title of the sketch in the third of the theatrical profession while behind the scenes, in which Miss Zelda Sears stars at the Orpheum on the bill that opens with Thursday's matinee. Miss Sears is supported by a remarkably clever company, and is herself regarded as about the leading character comedienne of the American stage. Prominent in her support is Walter Young, who impersonates the proper man. Miss Sears so attracted the attention of the late Clyde Fitch that he wrote practically all his plays with her in mind as his playmate. As a matter of fact she has the unenvied manuscript of the last play that he ever started to write in her possession and has refused time and again to sell it for any consideration.

"Silver Threads Among the Gold," was favorite in the days of our fathers and mothers and it is still a favorite. It has been the subject of a radio play, and has been produced four years and the man more responsible than any other is Frank Coombs, who will appear in the play as well as the second act of the bill in a repertoire of old and new songs.

Entertaining alongside comedy and clever dancing make up the act of Percy Bronson and Winnie Baldwin, whose tour has been one of triumphal success, and who may be counted upon to supply some of the best laughing bits of the bill with their light and frothy offering.

Entertaining nothing else in the act of Albertus the First and Miss Jessie Miller, which they call "A Day at the Fair," is the test of their ability to knock over the "mizger babies." It would be a winner, but they have incorporated a radio play, and a line of eccentric comedy, cornet playing and fast juggling.

Entertaining alongside comedy and clever dancing make up the act of Percy Bronson and Winnie Baldwin, whose tour has been one of triumphal success, and who may be counted upon to supply some of the best laughing bits of the bill with their light and frothy offering.

CYCLONE SWEEPED OVER THE COUNTRY NEAR MOOSE JAW, DOING SOME DAMAGE

Raced Seven Miles at Terrific Rate and Destroyed Out-Buildings

Moose Jaw, May 12.—Within sight of Moose Jaw a cyclone travelled over four farms this morning, leaving sundry damages in its wake. No permanent buildings were blown over but outhouses, wagons and buggies, etc., were scattered. A valuable dog of one of the farmers had a stick blown through his neck. The cyclone died out after racing seven miles and was about half a minute in duration. The farmers who lost stock in the zone were J. Getty, Harry Smith, J. Small, Jr., and T. Holmes.

SOME CLAIMS A HUNDRED YEARS OLD

The International Tribunal for Arbitration of Claims Begins Its Sessions at Washington

Washington, May 11.—Great Britain and the United States will begin to clean the diplomatic slate on Tuesday, when the international tribunal for the arbitration of outstanding pecuniary claims between the two nations will hold its first meeting here under the presidency of Henri A. Fromaget, of France. The tribunal, created by a special agreement, negotiated by former Ambassador James Bryce, and former Secretary of State P. B. Kierulff in 1910, will judicially settle claims of private persons of the two nations, some of them dating back to the war of 1812.

THE CENTAUR COMPANY, 77 MURRAY STREET, NEW YORK CITY.

THE POLLARD JUVENILES AT THE SHERMAN GRAND

The Pollard juvenile opera company, fresh from new triumphs in the big city of Buffalo, N. Y., opened an engagement at the Sherman Grand last night which will extend over the next two weeks.

These talented young performers are no strangers to Calgary, as previous to the opening of the Sherman Grand, they filled numerous engagements at the Lyric and the enthusiasm with which their work was received last night indicates that they have a warm place in the affection of the city.

The "Toymaker" was the offering last night and was a well-chosen vehicle for exploiting the talents of the young principals who have joined the company since their last appearance in Calgary. The opera will be repeated tomorrow afternoon and "The Mikado", that famous Gilbert and Sullivan opera, will be sung tonight and Wednesday night.

MOVING PICTURES AID IN ADVERTISING HYGIENE CONGRESS

Moving pictures are being used not only in this country, but all over the world, for the purpose of calling attention to the Fourth International Congress on School Hygiene, which will be held at Buffalo the last week in August. The film now being shown in the cities of the United States was recently taken in Buffalo by Pathe Freres, and gives a view of the school children of that city signing a petition which is to encircle the globe, inviting educators, scientists, parents, state and national officials to the forthcoming congress.

The children of school No. 10 at Buffalo were the ones chosen for making the motion picture, and their petition was signed out of doors and at a table on the lawn where the document was signed were Health Commissioner Francis E. Froese, Henry P. Emerson, superintendent of education; Herbert A. Meldrum, president of the Chamber of Commerce; City Clerk Harold J. Balliett, Dr. Franklin C. Gram and Dr. W. H. Heath of the health department, and E. Herbert, whom are active workers in behalf of the congress, which it is planned will be the biggest effort ever made in this country toward bringing school hygiene before the world.

Motion pictures will be used at the congress itself. One of these will be the motion picture entitled "Tooth-aches of National Mouth Hygiene association, and which tells of the terribly, as well as of the need of oral hygiene, as shown in the Jones family, include John Henry Jones, Mrs. Jones, her wife; Mary Jones, their daughter; Master Jones, their little son; Arthur Moore, a dental inspector; Miss Maud Van Wert, a dental nurse; William Brooks, a dentist; Miss Metta White, a dental assistant; Robert Jarvis, a physician; Miss Martha Johnson, teacher; Miss Ella White, head principal.

There is also in the company a large number of school children. Several interior scenes, and one exterior scene are shown, including a dining room, a school room and a reception room at a dental office. The story of the film shown in detail the suffering of John Henry Jones from a bad tooth and his ultimate happiness when taken in hand by his little daughter, Mary, who has been receiving dental instruction at her public school, instruction which is being given in but very few schools throughout this country and the need of which is strikingly apparent, according to figures furnished by the National Mouth Hygiene association.

Art Pelkey will be Next Heavyweight Champion of the World, Says Tommy Burns, His Manager

Former Champion Signs to Manage Chatham Boy—Agreement Somewhat Similar to One He Had With Jack Lester—Tommy will be in Pelkey's Corner at McCarty Contest May 24

(By Joe Price.) Convinced that Art Pelkey is the most promising heavyweight in the ring at the present time, and that this big Canadian boy is destined to be the heavyweight champion of the world, Tommy Burns, the last of the white champions, has undertaken the management of Pelkey, has signed articles with him, and from this time onward the names of Burns and Pelkey will be associated. Burns is to be the manager; Pelkey is to do the fighting. Ever since Tommy Burns lost the title to Jack Johnson and announced that he would retire from the ring he has been on the lookout for a man who would be the recognized champion of the world. Two years ago he picked up Jack Lester and made him famous. As long as Lester was under the wing of Burns he prospered. He went over to Australia and defeated Bill Lang, the recognized Australian champion. But his prosperity did not agree with him. He repudiated his contract with the former champion, and from that day began to slide down the incline, until now he is back where he started. Less than a month ago he was knocked out by Al Kaufman, who has been defeated by practically every aspiring white hope in the business. Burns and Lester parted company a year and a half ago. Burns was disappointed in Lester. His hope of regaining the heavyweight crown by means of Pelkey's Secret Workouts...

BIG LEAGUE RESULTS

Table with columns for NATIONAL, AMERICAN, INTERNATIONAL, WESTERN CANADA LEAGUE, and NAVAL BILL UP FOR THIRD READING TODAY. Includes scores for various teams like Philadelphia, Chicago, St. Paul, etc.

Baseball Information at The Albertan

Baseball fans who are anxious to know the results of the games should call M 2320 any time after eight o'clock in the evening. This phone is upon the desk of the Sporting Editor, and he will be glad to give any information that is on hand. The leased wire which runs into The Albertan office will provide the earliest information obtainable in the city. Scores of the Big League games, the International League, the American Association, the North Western League, the Pacific Coast League, the Northern International and the Canadian league are received over this wire, as well as the scores of the Western Canada league. In addition to this information which The Albertan is willing to give over the phone, arrangements have been made for the posting of bulletins in The Albertan office window of all these scores. These scores will be received in time to allow the spectators at the local games to walk down First street east on the way from Victoria Park and get the information that they would like to receive "hot off the bat." But please remember to call M 2320 when you wish to know the score.

SENIOR LEAGUE OPENING POSTPONED BY RAIN

"Wet grounds" was the verdict when the referee inspected the playing pitch at Victoria Park last evening, and the Senior League game between the City and Laneshire had to be postponed. The new ground is taking the rain well but it would have been most unwise to have played the game. The fence has been completed and the enclosure with the addition of the bleachers, which are being erected, will be very snug. The Laneshire team turned up at the grounds, but as the referee who was to have charge of the game inspected the pitch early in the evening and declared the match off, there was nothing for it but postponement. The schedule only calls for three games a week, so that there will be plenty of time to draw level with the postponed games during the next week or two.

MOOSE JAWS DEFEAT MAD HATTERS SIX TO TWO

Miller's Pounded Lind Out of Box—Steele in Good Form for Millers. Moose Jaw, May 12.—Moose Jaw defeated Medicine Hat today, 6-2. South paw Steele was in great form for the Millers and pitched a great article of ball. He was touched up for eight hits but after the first he kept them well scattered. In the initial session the Mad Hatters pushed two over the plate by bunting 2 hits and getting a base on balls. After this Steele was very light and struck out nine men. Lind started for the Medicine Hat team and went along nicely until the sixth when the Robin Hood's five singles in a row netted three runs. In the next the Millers got three more on two doubles and two singles. In the eighth manager Dunn changed his battery from Lind to Troch and Daniels and Bliss. Roseback had another good day on the path, stealing 3 bases.

Table with columns for NATIONAL, AMERICAN, INTERNATIONAL, WESTERN CANADA LEAGUE, and NAVAL BILL UP FOR THIRD READING TODAY. Includes scores for various teams like Philadelphia, Chicago, St. Paul, etc.

ESKIMOS BREAK INTO WIN COLUMN, BEATING RED SOX

First Edmonton Victory Was 11 to 2 Walloping—Skeels Got Another Homer. Edmonton, May 12.—The Grey Birds won their first game in five starts this evening when they handed the Regina Red Sox a terrific 11 to 2 beating. Outside of the seventh inning when the locals scored six runs on three hits, three errors, two stolen bases, a base on balls, and one man hit by the pitcher, it was a good exhibition. Biersdorfer held Hulenites to seven scattered hits and looks like a find. Skeels, Indian left fielder of the local team featured the game with another home run and a hit in the second of the season. Tallifere pitched good ball outside of the seventh but was accorded wretched support by teammates.

HIGH RIVER LACROSSE BOYS ORGANIZE FOR SEASON

Alberta Champions Will Be in Game Again This Season. High River, May 12.—A very enthusiastic meeting of the lacrosse enthusiasts being present and a very successful season was looked forward to, as we have quite a number of young players who were raised here and will not have to depend on older players who have had their days at the same time the old players are taking a keen interest in the game and will do their best to put a good team into the field. The following officers were elected: Mayor Wallace, R. J. McMillan, D. Riley, Alex. Fleming, J. G. Gillis, G. Murphy, A. Ballach, C. Clark, A. G. Vercher, Alex. Fleming, Frank Pratt, hon. vice-president, C. Short, president, Dr. Standen, hon. vice-president, Alex. McCreath, second vice-president, G. Young, first vice-president, William Stirling, hon. secretary, H. P. P. A. McCreath, hon. treasurer, N. Young, executive committee, V. C. W. Stanley, E. Watt, H. Nelson, G. Riley, ground committee, J. McDougall, W. Stirling, H. Colquhoun, secretary-treasurer, H. P. P. A. McCreath, Fred Stribling, captain, Pete McCreath.

Our Special Order Department

is for the man who is hard to fit—and for the man who insists on having clothes made to his individual measure. Such men will appreciate the wide range of fabrics—and the faultless tailoring—offered by The Garden Clothing Company. 110 Eighth Avenue, East.

The Markets

NEW YORK MARKET IS DULL; BUSINESS VERY LIGHT

Score of New Low Level Records for the Year Are Established
New York, May 12.—Except for a bear drive which soured trading for a time in the early afternoon the stock market was listless. Business in the first hour for the most part active amounted to only 25,000 shares, which is the promise of the smallest day of trading of the year, but in half an hour's active selling later in the session the total was increased largely. At least a score of new low records for the year were established and issued down by substantial amounts.

WHEN CALGARY POLICE HELPED TO CAPTURE BILL MINER

Just Seven Years Ago Last Night, and It Was Raining When Calgary Contingent Started After Famous Gun-fighting Highwayman

TWO DAYS AFTER START MINER WAS A PRISONER
Former Sergeant J. W. Wilson, Famous Mounted Policeman, in Reminiscent Mood, Tells Story of Pursuit and Capture of Miner and His Gang
Seven years ago last night, with the rain pelted down in exactly the same way as it did yesterday, the Calgary contingent of the North West Mounted Police, under the leadership of the famous mounted policeman, J. W. Wilson, started after the notorious highwayman, Bill Miner, and his gang of robbers on the mountains, from Kamloops, B. C. The pursuit was a long and arduous one, and it was not until the afternoon of May 14, 1906, that the gang was captured and Miner was taken to the police station in Calgary.

IN ENGLAND AND U.S. "SPLITS" of Apollinaris

Is a Favorite Size at Bars and Clubs. BUY A "SPLIT" instead of ordering by the Glass.

IN MILITARY MATTERS THE KAISER IS SUPREME
CONDITION AGRICULTURAL LABORERS OF ENGLAND BAD
London, May 12.—That the condition of agricultural laborers in Great Britain is deplorable and their wages and housing scandalous was the statement in the house of commons Saturday by the chancellor of the exchequer, Lloyd George. He mentioned that this was the finding of the land committee following its investigations of the conditions in this state of affairs in Britain. "This serious stream of migration," said Lloyd George, "is a direct result of the fact that the agricultural laborer in this country is not getting a fair return for his work. The government is determined to do all that is possible to improve the position of the agricultural laborer."

Winnipeg Wheat Trading Slow at Opening

Favorable Weather All Over Canadian Wheat Belt Has Bad Effect on Prices
Winnipeg, May 12.—Liverpool and continental grain markets were closed or Whitsuntide holidays, consequently there were no cables. Business in the first hour for the most part active amounted to only 25,000 shares, which is the promise of the smallest day of trading of the year, but in half an hour's active selling later in the session the total was increased largely. At least a score of new low records for the year were established and issued down by substantial amounts.

NEW PICTURE HOUSE TO BE MOST HANDSOME IN CALGARY

Eighth Avenue Structure to Be Controlled by Local Company Will Cost About \$120,000—Work Started on Site Adjoining Victoria Hotel

PIPE ORGAN WILL FIND PLACE IN NEW THEATRE

Interior Decorations Will Be Finest in Western Canada and Seating Capacity Will Be 1,500—Shares Will Be Offered to the Public

Calgary is to have the finest picture house in the west and one of the finest on the whole continent. It will be erected on Eighth Avenue at a cost of over \$100,000. The site has already been chosen and work has already started on the new house just east of the Victoria Hotel. It is expected that the work will be completed early in the fall and the house will be opened to the public about the beginning of September, the building permit having been taken out yesterday.

The house will be named the Allen theatre after the promoters, the chief of the most extensive of the Canadian Film Exchange. The theatre will however not be connected with any other theatre and will be an entirely new feature. One feature about it will be that it will be owned and controlled by a joint stock company.

A joint stock company is to be formed at an early date and a number of the shares will be open to the public to purchase in the theatre. The company will be capitalized to the extent of \$120,000 and the shares will be \$10 each. Announcement of their being open to the public will be made in due course.

The new theatre will have seating capacity of 1,500 people which is much in excess of any picture house in Calgary. There will be many seats on the ground floor and there will also be a balcony. About 300 reserved seats will also be had in the theatre for those who are more particular.

The whole plan is in the most up-to-date and approved style, the plans having been prepared by those who have had the greatest experience in these matters. The floor will be inlaid in the parquetry will be of the finest material and the pillars will be of a new style with what is known as the crown ceiling, in which the capital curves away on three sides.

There will be a ladies waiting room on the ground floor and entrance to this may be made use of without the necessity of entering the theatre itself.

The new place will be the theatre are the owners of a number of the best theatres in the west mostly known as the Rex and Monarch in Winnipeg, Moose Jaw, Regina, Edmonton and Calgary.

An special feature of the new house will be the fact that it will house the first pipe organ to be erected in a picture show in this city.

The organ will give full scope to the best music being provided at the house and will no doubt be a great attraction to a section which does not usually frequent the moving picture show.

FRANCE HAD HUGE DEBT TO MEET FOR PAST YEAR

(Special Cable to The Albertan.)
Paris, May 11.—The budget committee of the French Senate in its report published today says that France's deficits in 1912 and 1913 together with her treasury notes of \$33,000,000, compared with the receipts to meet the obligations of 1912 in which she included \$20,000,000 made necessary by the projected three years' army service bill.

The deficits have come about in spite of fresh taxes totalling \$139,000,000 and the government's income from the tobacco monopoly in 1912.

WOMAN SUFFRAGE LOSING FAVOR FAST IN ENGLAND

Special Cable to The Albertan.
London, May 12.—The National League, which is opposed to woman suffrage, finished a canvass today of the north St. Pancras and Worcester electorates. The former district, which has a voting list of 9,524, cast 4,520 votes. Of this number 3,287 voted against woman suffrage and 1,113 for it. Fourteen voters declared themselves neutral.

Worcester has a voting list of 10,022. Of this number 5,292 declared their views. There were 4,078 votes against granting women the vote and 1,204 in favor of the proposition. Eighteen declared themselves neutral.

The following from The Boston Transcript's definition of an artist of the new Cubist school: "A Cubist is an artist who uses his own head as a model for a block."
