NO. 47

### Monthly Meeting of Town Council

#### Committee Appointed to Confer with Carleton's Corner Residents Concerning Expediency of Uniting That Outside District with Bridgetown for All Corporate Purposes

The regular monthly meeting of the Town Council was held in the Council Chamber on Monday evening, the 4th inst at 7:30 o'clock, with Mayor Hartlow in the chair and Councilors present as follows:—

J. W. Salter, W. E. Reed, S. E. Pratt, J. K. Craig and A. B. MacKensie.

Ordered that the following bills be paid:— J. I. Foster on poor account, \$16.00; M. K. Piper, printing, \$23.00; Edwin L. Fisher, insurance premium on Town Hall, \$12.50; W. E. Connell, teams to reservoir, \$3.00; James Jodrey, thawing out hydrant, \$1.50.

Labor on streets for month of February per pay roll:—James Jodrey, cleaning out catch basins, \$0.68; Hastings Connell, shovelling snow, \$8.50; Lensdale Hannam, shovelling snow, \$1.05; Effas Durling, snowing bridge, \$1.40; W. E. Connell, cash paid for team snowing bridge, \$1.00; J. H. Longmire & Sons, coal for Town Hall, \$3.99.

A request from William Avar Marshall asking the Council to extend the water service to his residence on Granville street east, was read by the Mayor. Resolved that the matter be left with the water committee to be looked into by them as to probable cost, etc. and that they report at the next meeting of the Council.

The Town Clerk laid before the Town Council the assessment roll for the current year as finally passed by the assessment court of appeal, and certified to by him, as required by section 76 of the assessment act.

The following resolution was passed: Resolved that the Town Council of the Town of Bridgetown authorize the levying and collection of a rate of one dollar and thirty cents on one hundred dollars of the assessed value of the property and income assessed on such roll to raise the sum required to defray the expenses of the Town of Bridgetown for the current year.

And also a rate of sixty-five cents on the one hundred dollars of the assessed value of property and income assessed in the said town of Bridgetown and in the said County of Annapolis assessment rolls for the school section liable for taxation for the support of the schools of the town of Bridgetown to defray the expenses of the public schools of the town of Bridgetown for the current year.

And also a rate of fifty-eight cents on the one hundred dollars of the assessed value of the real estate in the said town of Bridgetown liable to be taxed for the new sewer and of a rate of thirty cents on the one hundred dollars of the assessed value of the real estate in the said Town of Bridgetown liable to be taxed for the old sewer system, to provide interest, and sinking funds for the two loans for sewerage purposes.

Capt W. E. Gesner and Henry Fredericks, delegates from the Carleton's Corner water district, appeared before the Council, and asked if any arrangements could be made with the Town Council whereby they could have the use of the Town's fire apparatus in case of fire.

After some discussion it was resolved, that a special committee be appointed by the Council to confer with a committee to be appointed by the Carleton's Corner district to consider the matter of fire protection as well as the advisability of having the outside district of Carleton's Corner brought within the town limits for all corporate purposes.

The Mayor appointed Councilors Salter, McKensie and Craig as a Committee for the Council.

Councilor Craig addressed the Council as a delegate from the Bridge town Board of Trade, asking them to confer with the Provincial government as to a grant for a new bridge over the creek on Granville street.

The Clerk was asked to write both the Hon. O. T. Daniels and N. H. Phinney, M.L.A., requesting them to bring this matter before the Government at once.

Minutes read and approved and Council adjourned.

### Another Arctic Expedition Leaves Sydney Next June

#### TO BE SENT OUT BY NEW YORK MUSEUM OF NATURAL HISTORY

Harry Whitney, the well known Arctic explorer and sportsman, who was with Commander Peary on his several trips to the north, arrived in this city from New York last evening, and is a guest at the Sydney Hotel, says the Sydney Record.

Mr. Whitney is en route to Port aux Basques, Nfld., where expects to join Capt. Robert Bartlett on the steamer Neptune, on a sealing voyage in northern waters. He will remain in the city until he can make arrangements to get to Port aux Basques, as the field steamers are not running to that port, but making the trip direct to St. John's. He expects, however, to get a steamer at Louisbourg during the next couple of days which will land him at his destination.

This is not Mr. Whitney's first sealing voyage, but has made several trips with Capt. Bartlett, the last being in 1904, when he had some most interesting and exciting sport. Their steamer, the Neptune is one of the largest and best of the wooden vessels and is built and equipped for seal hunting.

Mr. Whitney stated in an interview with a Record representative this morning that Sydney would be the starting point of another northern expedition in June.

The expedition is being sent out by the Museum of Natural History and private subscriptions in New York, and will be in charge of Gen. Boop, who was with Peary on his last and preceding trips to the north. He will be accompanied by Prof. D. B. McMillan and two eminent scientists from the Museum of Natural History.

"The object of this expedition," said Mr. Whitney, "is to explore the Croker land, which was reported to have been observed by Peary on his last voyage. The land is about 184 miles from Cape Hubbard, and they will take the trip to Cape Sabine and sledges to Cape Hubbard. They later intend to explore the interior of Greenland. The expedition will last about three years."

### Methodist Official Board Meeting Favored Church Union

The third meeting of the Quarterly Official Board of the Methodist Churches on the Bridgetown Circuit was held at the parsonage, Friday evening of last week. At roll call it was found that 15 members were present. The entire Board consists of 18 members, so that only 3 were absent. After the regular disciplinary work had been attended to, and a careful review of the circuit had been made, the members gave their attention to a consideration of the Church Union matter. A copy of the "Basis of Union" was laid upon the table and passed under careful review, and after due consideration, a motion was passed that "we now ballot upon the question." The result of the ballot proved that the Board unanimously favored the proposed union of the Methodist, Presbyterian and Congregational Churches.

Among the other special items passed by the meeting was an unanimous invitation extended to the pastor, Rev. B. J. Porter, to return to the circuit for a third year, beginning with the forthcoming Annual Conference.

Their work being completed, the members were entertained with refreshments, served by the wives of some of the members present.

### AN OLD ARGUMENT REFUTED

The new Town Council at Windsor, has served notice on the hotels in that town that they must close their bars and the hotel men have replied by closing their hotels altogether. That is an old "scare trick" that don't work only for two or three days. The argument of non-support is equally poor. The American House in Kentville, has no bar and sells no liquors in any way, but it feeds from forty to seventy-five persons at dinner each day and is overflowing with patronage.—Kentville Chronicle.

### Citizens Fight Robber Gang

#### DARING ATTEMPT TO ROB ROYAL BANK AT MONTREAL FRUSTRATED BY POLICE AFTER HARD FIGHT.

Robber Killed and Prominent Citizen of Montreal Wounded in Desperate Struggle Waged During Last Hours of Afternoon.

Montreal, March 5.—In a desperate revolver battle which in the uncertain light of dawn, this morning a bank robber was shot dead and A. P. Kirkpatrick, a prominent citizen of Montreal, was badly wounded when in front of the Royal Bank a party of citizens and a gang of armed cracksmen fought a pitched and vicious battle.

### FIVE MEN WERE SEEN

The Montreal Branch of the Royal Bank of Canada is situated directly opposite the C. P. R. station, and shortly after three o'clock, five men were seen breaking into the front of the bank building by Ernest McCormick, a gateman on the G.P.R. crossing. McCormick at once notified the police, who rushed into the building just as the burglars had completed blowing open the outer door of the safe. A posse of citizens came with the police. In the revolver battle which ensued between the fleeing safe-crackers and the posse, Mr. Kirkpatrick was wounded in the abdomen, and Mr. Kirkpatrick's father shot an unknown burglar through the back, killing him almost instantly. The other four of the gang, covering their retreat with a fusillade of shots, managed to escape.

Mr. McCormick's promptness in warning the police prevented the bank robbers in getting away with any of the cash. When disturbed, the gang had only succeeded in breaking into the outer compartment of the safe. The inner compartment, in which the cash was kept, was found intact.

The body of the burglar was brought into Montreal and deposited in the morgue. A search of the victim's body indicated that sentiment had not been quite dead in the burglar's heart, for a young girl's photograph was found in a small looking glass in the dead man's pocket, while in another pocket was a wedding ring wrapped in tissue paper. A pocket knife and matches were the only other articles about his clothes.

### Premier Borden Gives Notice Regarding Quebec and Ontario

OTTAWA, Feb. 26.—Late tonight Premier Borden gave notice of a resolution to extend the boundaries of the Province of Quebec and Ontario by taking in the whole of the Hinterland in accordance with the resolution which passed Parliament in 1908.

The resolution with regard to Quebec provides for the adding to the Province of the whole of the district of Ungava, comprising about 480,000 square miles. The difficulty with regard to defining the West boundary of Labrador, which is now in dispute between Canada and Newfoundland is got over by merely stating that the boundary shall run "to the boundary of the territory under the jurisdiction of Newfoundland."

No Port For Ontario.—The Ontario extension is the same as was provided for in the resolution of 1908 presented to Parliament by Sir Wilfrid Laurier, although the terms used in defining it are somewhat different with a view to a more accurate definition. Apparently Manitoba is to get both ports on the Hudson Bay, Ontario's shore line running up only to the intersection of the 84th meridian with the shore of Hudson Bay at a point some fifty miles south of Port Nelson.

### QUEEN MOTHER SERIOUSLY ILL

New York, Mar. 2.—A London cable today says—It is reported today that Queen Alexandra, who is suffering from influenza, has had a sudden relapse, and is in a serious condition. Two physicians and the King were summoned. Shortly afterwards a royal carriage left Buckingham Palace, and was driven to Marlborough House, the gate of which remained open for a quarter of an hour.

### New Industry Opening Up at Sydney

The "Merchant" had the pleasure of a half hour's talk with Mr. C. B. Walker, of the Cross Fertilizer Works at Sydney during his visit to Halifax this week. Mr. Walker is from the "Old Country," but has come to make his home in Canada. He is a director of the firm of Alex. Cross & Sons, Liverpool, London and Glasgow, as well as of the Sydney company. The parent house has been established for 100 years and their entrance to the Canadian field began with a visit of the senior member of the firm, Mr. Alex. Cross, and Mr. Walker to Sydney in 1900. In the following May they commenced to erect their plant and warehouses and today they have everything in running order to produce 1,000 tons of basic slag fertilizer per week.

The raw material for the Cross Fertilizer Company is obtained from the Dominion Iron and Steel Co., it is a by-product of their plant. Mr. Walker told us that his company had expended nearly a quarter of a million of dollars in their Sydney works and warehouses and as he himself remarked, they must have a very considerable confidence in the future of their industry in this country or they should never have done that; as an evidence of their storage capacity for the finished product he told us that their warehouse is 365 feet long, and 150 feet wide, a very large building, but small enough so he thinks for the business that is in prospect. Mr. Walker is now opening a sales connection with the different agricultural centres of the province; he went from here to see some of the large dealers in the Annapolis Valley and any of our readers who think they could handle a car of his produce should drop him a line to Sydney.—From the "Maritime Merchant," Feb. 15th.

### Duke of Connaught Coming in August

#### THE GOVERNOR GENERAL WILL SPEND TEN DAYS OR SO IN NOVA SCOTIA

His Honor, the Lieutenant Governor has received a letter from His Royal Highness, the Governor General informing him that he proposes to pay a visit to several places in Nova Scotia from about August 7th for ten days or so.

This will include a visit to Halifax for the purpose of dedicating the Memorial Tower on 15th, His Royal Highness will also probably spend the day of the 14th at Halifax.

### WHAT MIGHT HAVE HAPPENED.

When the White Star liner Teutonic came into port this week she had a close call almost as close as her sister ship the ill-fated Atlantic.

By some error or other the ship put in to St. Margaret's Bay thinking it was Halifax Harbor. The Captain was signalled to by another steamer coming up at the time by wireless but without effect.

However after getting in and looking round the error was discovered and the ship put out again.

Few on board knew anything about the blunder, but some did. What might have happened is enough to make those shudder who remember the fate of the Atlantic. That ship struck off Sambro and several hundreds of passengers lost their lives.—Dartmouth Patriot.

### MESSIAH IN BRITISH HOUSE.

Fired Several Shots From Revolver and Members Stampeded.

London, Feb. 26.—A sensation was caused among the members of the House of Commons this evening by an individual dressed in clerical garb who called himself the "Messiah," discharging several shots from a revolver towards the ceiling in the lobby.

The stranger was sitting in the outer lobby when he suddenly opened fire, causing a stampede among the members. The man was arrested and removed, shouting "hands off the Messiah."

The best laid plans of mice and men gang aft a-gley.—Burns.

### Danger to Missionaries in China

#### Women and Children of Various Missions Concentrated at Hao Ting Fu Where Compound is Surrounded by High Walls.—Legations Preparing for a Siege

Pekin, March 3.—Martial law, which has been proclaimed in the capital is operating successfully. At one o'clock this morning quiet prevailed in the vicinity of the Legations, but continual cannonading was heard in the direction of Feng Tai, with which communication has been temporarily cut off. The detachment of American troops from Tien Tsin is due to arrive here at half-past eight o'clock in the morning. One train due from that city at half-past seven last evening, has not yet reached here.

The Legations are preparing for a siege. Direct attacks on the Legation quarter are not feared, but the Chinese troops possess many modern guns, which might be used effectively if turned in the direction of the Legations.

### FEARS FOR MISSIONARIES.

Fears are entertained for the safety of missionaries at Hao Ting Fu, which city has been looted, and of which large areas have been burned, and other cities in the South where the mutiny is spreading. The legations resident in these cities have been unable to escape owing to the destruction of the bridges. News reaching here indicates that a number of these towns have been sacked. The American women and children have

been concentrated from the other missions into the ample compound of the Methodist Mission, which is located only a block from the Legation quarters. This compound is surrounded by high walls and can be easily defended. The men connected with the missions remain in their own quarters on guard with a few American soldiers. Detachments of other troops are guarding outlying property.

Parties of foreigners without being molested, toured the city yesterday in carriages on bicycles and horses, and on foot and beheld the results of the revolt, which were evidenced in burned buildings and headless bodies lying beneath the archways or in the most conspicuous corner of cross roads. Fires were still burning, and now and then the investigators encountered an executioner at work. Looters were frequently surrounded by soldiers and promptly killed. Two bodies were come upon, one clad in valuable silks and furs, and the other that of a miserable coolie, who had died for a few pounds of beans, which were found beside him. Few soldiers resident in these cities have been able to escape owing to the destruction of the bridges. News reaching here indicates that a number of these towns have been sacked. The American women and children have

### Wedding at Annapolis

Annapolis Royal, Feb. 29.—The old historic church of St. Luke's in this town was on Wednesday morning the scene of a very interesting event, when Miss Grace Ward, daughter of Charles Ward of the cable service of New York, and H. Frank East of Cheltenham, England, were united in hymen's silken bonds. The bride was very becomingly attired in a navy blue tailored suit with large chip picture hat, and carrying a white prayer book entered the church on the arm of Mr. Reginald Buckler to the strains of "The voice that breathed o'er Eden," rendered by the organist, Mrs. H. How. The groom was supported by Cyril Britain. Rev. Mr. Morris of Middleton performed the ceremony assisted by the Rector, Rev. H. How. After the ceremony the bridal party repaired to the home of Mr. and Mrs. James Buckler, where a sumptuous repast was partaken of. Mr. and Mrs. East left on the east-bound express for their future home in Melvern Square, followed by the best wishes of their numerous friends. The bride was the recipient of many useful and costly presents evincing the esteem in which she is held in this community.

### Amherst Has a Motor Chemical

Amherst, Feb. 29.—At a cost of \$6,000 the town has just added to their already efficient fire protection a combination chemical and hose truck motor. Ernest Stiles for the past twenty years driver of No. 1 hose wagon, took the chemical out yesterday, accompanied by an operator and leading citizens of the town witnessed a demonstration of speed and notwithstanding the deep snow it climbed the steepest hills of the town without difficulty at a speed of forty miles an hour. The motor is very attractive in appearance, has a 50 h.p. engine with speed capacity of fifty miles an hour, and is really a fine piece of equipment. It is furnished with ladders, axes, five hundred feet of water hose, two hundred and fifty feet of chemical hose, two tanks containing thirty-five gallons each of chemicals, two gallon hand chemicals. This with the recent expensive fire alarm system and the regular equipment gives Amherst the best fire equipment to its population in Canada.

Black smallpox and hemorrhage smallpox—the two worst types of the disease known to medical authorities, have broken out in the province of Quebec, according to Dr. Pelletier, the secretary of the provincial board of health.

## Cheap Tea is Dear Tea

SO declared the mother of a small family not long ago—

—And proved the statement true by simply relating her tea experience.

"I used a 30c. Tea for years," she said. "One day the Grocer asked me to try a 40c. package of Red Rose—he told me it was better Tea. I found it better Tea, and—before I had quite finished the first package I thought it made more Tea. The second pound I used with care—

—And found out that less Tea in the Pot made a richer, finer-flavored Tea, if you know what I mean."

We know exactly what this lady meant—

—40c. Red Rose Tea is a richer, stronger Tea, more delicately flavored.

The 30c. variety makes about 150 cups—

—Whereas the 40c. Red Rose Tea makes about 200 cups.

So—You might as well have better tea for the same cost in the long run.

There are several grades of Red Rose Tea selling at different prices, but the 40c. grade seems to please best. It is not only fine Quality—but goes farther.

"Red Rose Tea is Good Tea"

QUALITY CHARITIES.
Ugly Women Provided for by German Bachelor.
A well-known bachelor who died the other day at Frankfurt, Germany, left an endowment for an annual prize of \$125 to the man who leads the ugliest woman to the altar. If the bride is lame as well as unprepossessing, the groom will receive an additional sum of \$25.

General Madero.
A remarkable man in many respects is General Madero, who has been elected President of Mexico, after leading the insurgents in last May's bloodless revolution, which resulted in the overthrow of President Diaz.

A Moorish Marriage.
A remarkable wedding, uniting the two most powerful families, has taken place at Tetuan. The son of the celebrated Moor, Lebady, lately the Basha of Tetuan, has married the daughter of the Moor, Alcayna.

The Habit of Acquisition.
"it beats me," said the philosopher, "that people will keep piling up money long after they have several times as much as they'll ever be able to use."

What's Left.
A prominent citizen had just died. As is usual, the townsfolk were standing on the street corners wondering how much he left. Some of them put the sum as high as \$40,000, but others argued stoutly that he left not more than \$25,000.

Little Left.
"What's the matter here?" asked the caller, noticing the barren appearance of the house. "Sent your goods away to be stored?"
"No," replied the hostess; "not at all. My daughter was married last week, and she has merely taken away the things that she thought belonged to her."

Crows and Roosters.
"Mamma," inquired a six-year-old, "don't roosters crow?"
"Yes, dear."
"And don't crows roost in the trees?"
"Yes, dear."
"Then why don't we called roosters 'crows' and crows 'roosters'?"

Since June.
"How is your college son getting along with his career?"
"Well, so far he has been a ticket taker, a bill collector, a motorman and a soda water dispenser."

Wise Witty and Weird Remarks on Gravestones.
An eccentric and wealthy gentleman who died the other day, and was interred in the cemetery at New Mill (Eng.), wrote some time before his death the following curious epitaph for his grave:—
John Batchelar, Esq., Brewer, of Darnall, Bucks. Lost his leg in the Battle of Barre, 1880. He used to make the barrels roll up. And when the Almighty takes his soul up. His body will go to help fill the hole up.

General Madero.
A remarkable man in many respects is General Madero, who has been elected President of Mexico, after leading the insurgents in last May's bloodless revolution, which resulted in the overthrow of President Diaz.

A Moorish Marriage.

NA-DRU-CO
Witch Hazel Cream
If winter weather roughens and reddens your skin, causing chaps, chilblains and general discomfort, try NA-DRU-CO Witch Hazel Cream. The creamy ingredients soothe and soften the outer skin, while the Witch Hazel penetrates and heals the deeper tissues. Delightful after shaving or washing. 25c. a bottle, at your druggist's. NATIONAL DRUG AND CHEMICAL CO. OF CANADA, LIMITED. 185

**Joker's Corner**

**THE FIRST LESSON.**

Martha heard someone speak of her mother's deficiencies in arithmetic—which are perfectly visible to the naked eye—so she came and sat down beside her gravely and began:—  
“Mother, take four from fourteen and how much does that leave?”  
“Ten,” proclaimed the parent, thinking she was teaching the little one her lesson.  
“And four from five.”  
“One,” exclaimed her elder from the proud pinnacle of perfect knowledge, thinking also what a nice teacher she was.

Martha rose with a sigh of relief from the region of her pinafore, and said kindly, but with some condescension, “Well, now you have learned that much, anyway.”

**SHAM BATTLE SHAMS.**

The military manoeuvres were in a muddle. The ‘Purples’ were supposed to be invading the territory of the ‘Greens’ but why they were or what they were they didn’t exactly know.

A large detachment of the ‘Purples’ began to cross the river by a wooden bridge to attack a small detachment of ‘Greens.’

“Hi!” roared the ‘Greens.’ “Hi!” you mustn’t cross here! Can’t you see the notice? This bridge is supposed to be destroyed.”

“Hi! Is it?” responded the captain of the ‘Purples,’ grimly. “Well, then, we’re supposed to be swimming across.”

**TOO PERSONAL.**

Socialism, as entertained by most people, is summed up in a story of two Irishmen, who were discussing the beauties of the theory. “Sure, ‘tis the happy time coming,” said Pat. “‘Tis the brotherhood of man, and the good fellowship of all. If you had twenty thousand dollars you’d let me have five of them, wouldn’t ye, Mike?” “I would that,” said Mike, heartily. “And if you had a hundred horses, the half of them would be mine?” “Faith, they would.” “An’ if ye had two pigs, sure, ye’d give me one?” “I would not. Ye know perfectly well I have two pigs.”

A little English girl went to India, and at the first New Year’s away from home she wrote to her devoted mother: “It is now very hot, and I perspire a great deal, but you will be pleased to hear that I am still a member of the Church of England.”

**FREE IF IT FAILS**

Your Money Back if You are Not Satisfied with the Medicine We Recommend.

We are so positive that our remedy will permanently relieve constipation no matter how chronic it may be, that we offer to furnish the medicine at our expense should it fail to produce satisfaction.

It is worse than useless to attempt to cure constipation with cathartic drugs. Laxatives or cathartics do much harm. They cause a reaction, irritate, and weaken the bowels and tend to make constipation more chronic. Besides, their use becomes a habit that is dangerous.

Constipation is caused by a weakness of the nerves and muscles of the large intestine or descending colon. To expect permanent relief, you must therefore tone up and strengthen these organs and restore them to healthier activity.

We want you to try Rexall Orderlies on our recommendation. They are exceedingly pleasant to take, being eaten like candy, and are ideal for children, delicate persons, and old folks, as well as for the robust. They act directly on the nerves and muscles of the bowels. They apparently have a neutral action on other associated organs or glands. They do not purge, cause excessive looseness nor create any inconvenience whatever. They may be taken at any time, day or night. They will positively relieve chronic or habitual constipation, if not of surgical variety, and the myriads of associate or dependent chronic ailments, if taken with regularity for a reasonable length of time. Twelve tablets, 10 cents; thirty-six tablets, 25 cents; eighty tablets, 50 cents. Sold in Bridgetown only at our store—The Rexall Store, Royal Pharmacy, W.A. Warren.

The highest liberty is harmony with the highest laws.—Giles.

**THE WORD PARADISE.**

Its Earliest Meaning Was an Inclosed Pleasure Ground.

The earliest meaning of the word paradise appears to have been a well-enclosed pleasure ground. In the Hebrew it was “parades,” in the Persian “Ferdus,” and from one or other of these the Greeks appear to have derived the word “paradeisos,” from which we get our own word. We also know that the ancient monarchs of Chaldea and Assyria and also of Egypt constructed vast inclosures of forest land for the preservation of wild animals kept for hunting purposes, and these were also called paradises. Thus the historical meaning of the word comes to this: A space protected from all incursion from the outer world, in which those who were privileged to enter were able to indulge in such pleasures as pleased the fancy.

It is easy to see the transition from the material to the spiritual meaning, paradise in the latter sense meaning the place of the elect or chosen. This is strikingly borne out by the fact that the favorite battery of the Moslems, whose firm belief it is that those who die fighting go straight to heaven, was always “Fight! Fight! Paradise! Paradise!” And the strong probability is that they got the word from the Persian campaigns of the eighth century. The use of the word in its present form in the New Testament is of Greek origin, and its description as applied to the garden of Eden is probably of Hebrew origin, dating from the period of the captivity.

**MILLET'S SKETCHES.**

The Painter Didn't Value Them and Let Them Go Cheap.

I sold Senzier a quantity of Millet's sketches, and this is how I got them. I went into his studio one morning and found the servant making a fire with pieces of paper that looked as if they had pencil marks on them. I examined them more closely and, seeing that they were the painter's sketches, began to upbraid her for what she was doing, but she very coolly told me that her master had told her to burn up the papers. I could hardly contain myself with astonishment, when in came Millet, and I began to reproach him for the destruction of what I knew would sooner or later bring money. To all of which he calmly replied: “Ah, they are good for nothing. I have got out of them all I want.” Just then I noticed a pile of paper in the corner, and I looked it over and found that it consisted of sketches.

“What will you take for the lot?” I asked.

“Anything you have a mind to give,” said Millet.

“Will 300 francs be enough?”

“Oh, yes.”

I handed him the money and took the sketches home and counted 800. Soon after I sold them to Senzier, who mounted them carefully and set to work to sell them. From this one can get some idea of the endless preliminary study Millet gave to the preparation of a picture.—Charles Jacque in Century.

**Almost an Accident.**

The fussy little gentleman sidled up to the cabman, who was standing dejectedly at the bottom of the hill.

“And pray, my good fellow,” he purred, “what's the matter?”

“Matter, sir?” replied the caddy, turning the straw in his mouth.

“Why, a gentleman's oss ran away with a broom. Never seen anything like it, sir. Down the ‘ill he came, with the reins a-dangling and the sharps splintered, and knocks a butcher's barrow into a china shop!”

“Dear me!” muttered the O. M.

“Yes,” continued the caddy. “Then he bumps agin a carriage and pair and smashes the hoffside back wheel all to bits. Then he bumps a phaeton and a gig, and if he hadn't run agin my old cab and turned it right over I'm werry much inclined to think there'd have been a accident.”—London Answers.

**It Shocked Her.**

“My goodness,” said Mrs. Oldcastle, “I can't understand how any one ever is able to muster up enough courage or daring or whatever it is to go lying on an aeroplane. There is nothing in the world that could induce me to travel on one, no matter how safe they might make them.”

“Yes, it's perfectly awful the way folks risk their lives,” replied her hostess as she rubbed an \$8,000 sapphire on her velvet sleeve. “I really think a good many people go crazy over them kind of things. When I was a girl I went to see a man who went up in a balloon and came down on his parasite, and it affected me so I never want to see anything of that kind again as long as I live.”—Chicago Record-Herald.

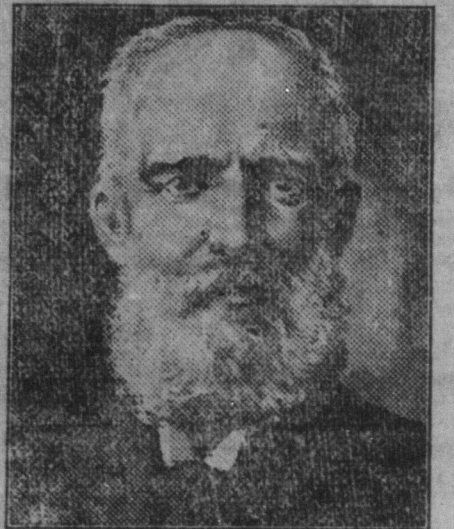

**Sarcasm.**

A young author, evidently desirous of benefiting by the experience of an older brother craftsman, once asked Richard Henry Stoddard how he had acquired such a mastery of Anglo-Saxon.

**TORTURED FOR THIRTY FIVE YEARS**

I really could not live without 'Fruit-a-tives'

FRINAGHVALE, ONT. Jan. 25th, 1910.  
“For thirty-five years (and I am now a man over seventy) I have been a terrible sufferer from Constipation. No matter what remedy or physicians I employed, the result was always the same—impossible to get a cure. About two years ago, I read about ‘Fruit-a-tives’ and I decided to try them. I have used ‘Fruit-a-tives’ ever since. They are the first and only medicine that suited my case. If it were not for ‘Fruit-a-tives’ I am satisfied that I could not live.” JAMES PROUDFOOT.

The greatest remedy in the world for all forms of Indigestion and Dyspepsia, is ‘Fruit-a-tives’. Doctors as well as hundreds of people proclaim it. ‘Fruit-a-tives’ cures all stomach troubles because it makes the liver active, strengthens the kidneys, purifies the blood and keeps the stomach sweet and clean. ‘Fruit-a-tives’ is the only remedy made of fruit juices. 50c. a box, 6 for \$2.50, or trial size, 25c. At all dealers, or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

**To Protect Fruit from Frost**

The Shippers From the Valley Meet Railway Officials and Board of Trade Men in Conference.

A meeting to discuss protection at Halifax of apples and potatoes from frost was held at the Board of Trade rooms Halifax, Feb. 16th. G. W. C. Hensley, as chairman of the trans-shipment committee of the Board, presided, and the various interests were represented as follows:—

Apple growers and shippers—Mayor Whitman, of Annapolis; W. H. Chase, Wolfville; E. H. Cox, president of Kings County Board of Trade; S. B. Chute, Berwick; Wm. Craze, Kentville; Howard Bligh, Wolfville and Harris Bligh, of Halifax.

City—Mayor Chisholm and Alderman Hines.

Railways—E. Tiffin, general traffic manager I.C.R.; Wm. Murphy, traffic manager, D. A. R.; F. G. J. Comeau, general freight and passenger agent, D.A.R.; E. S. Smiley, freight agent, I. C. R.

Board of Trade—G.W.C. Hensley, J. E. DeWolf, J. E. Furness, J. S. Duffus, A. E. Jones, H. G. DeWolf, H. R. Silver, F.K. Warren.

Mr. Cox stated that growers and shippers were unanimous in demanding protection from frost here of apples, potatoes and perishable goods.

“Yes, it's perfectly awful the way folks risk their lives,” replied her hostess as she rubbed an \$8,000 sapphire on her velvet sleeve. “I really think a good many people go crazy over them kind of things. When I was a girl I went to see a man who went up in a balloon and came down on his parasite, and it affected me so I never want to see anything of that kind again as long as I live.”—Chicago Record-Herald.

When I was a girl I went to see a man who went up in a balloon and came down on his parasite, and it affected me so I never want to see anything of that kind again as long as I live.”—Chicago Record-Herald.

The apple industry was increasing to a great extent, perhaps more than any other industry in the province. Shippers are obliged to ship a day or two ahead to catch steamers in port, and at times were at considerable loss during severe weather because of lack of frost protection facilities here.

W. H. Chase stated this season's apple shipments doubled those of any previous year and he expected this doubling would be repeated the next three or four years. He instanced cases where there had been several losses because of frost, one of a loss of six thousand dollars on a shipment of twenty-five hundred barrels of potatoes. If facilities were not provided at Halifax, another shipping port with such facilities must be sought.

Howard Bligh pointed out that Nova Scotia apple shipments this year aggregated 1,500,000 barrels and stated that recently in zero weather, 111 cars of apples, and four cars of potatoes were partly ruined by the effects of frost.

On motion of H.R. Silver and Mayor Chisholm, it was decided that a committee representing the city, apple growers and shippers, transportation interests and Board of Trade meet at an early date to work out details regarding a warehouse and methods of obtaining one.

It was pointed out that the I.C.R. got nothing out of apple shipments or carriage thereof, and suggested that if more expensive cars were to be provided for fruit, it would likely be a matter of increased rates of freight.

**NEGLECT**

To cleanse the system of undigested food, foul gases, excess bile in the liver and waste matter in the bowels will impair your health. The best system regulator is PIG PILLS. At all dealers 25 and 50 cents or The Pig Pill Co., St. Thomas, Ont.

Sold in Bridgetown by W.A. Warren Druggist.

**HORSE KILLED, DRIVER ESCAPED.**

Last Thursday afternoon, Mr. Perry Magee of North Blitown was hauling a load of wood down the Rockwell mountain, says the Kentville Chronicle, when his horse became unmanageable and horse and load went over a steep embankment, a distance of fifty or sixty feet to the bottom. The horse was killed instantly but Mr. Magee was seated on the front part of the load, escaped with a few slight bruises, the wood being thrown completely over and clear of him. His escape borders on the miraculous.

Many sufferers from rheumatism have been surprised and delighted with the prompt relief afforded by applying Chamberlain's Liniment. Not one case of rheumatism in ten requires any internal treatment whatever. This liniment is for sale by druggists and dealers.

**BANK TELLER PERISHED.**

Fernie, B.C., Feb. 20—P. Thompson, teller in the Bank of Hamilton here, and recently transferred from Winnipeg, perished alone in the hills across the river yesterday. His body was found yesterday afternoon above Ferry Falls. He started for a tramp at ten o'clock Sunday, taking with him a camera and snowshoes.

**ONE SINGLE PILL GAVE GREAT RELIEF FOUR BOXES CURED HIM**

PLESSISVILLE, QUE.  
“I suffered from Kidney Trouble for several years, and tried numerous remedies and doctors' prescriptions without permanent relief, my case being chronic. After seeing about Gin Pills, and as it is a well known fact that juniper without alcohol is excellent for the kidneys, I decided to try Gin Pills. One single pill gave me great relief. I have now taken almost four boxes of Gin Pills and find myself completely cured. No more bad humor—more strength and vigor. This is what Gin Pills have done for me.”  
H. POWIS HERBERT.  
Gin Pills will do the same for you—If you have any trouble with your Kidneys or Bladder—or if you suffer with Pain in the Back or Rheumatism. Try them before you buy them. Write National Drug & Chemical Co. of Canada, Limited, Dept. N.S. Toronto for free sample. Then get the regular size boxes at your dealer's—50c. a box, 6 for \$2.50.

**STAFF-CAPTAIN JENNINGS HAS RETURNED FROM ENGLAND.**

Staff-Captain Jennings has just returned to Halifax after spending three months in the “Old Land,” during which time he travelled extensively through Scotland, England and Ireland, lecturing on Nova Scotia, its resources and opportunities. These lectures were largely attended and created considerable interest in this Province. The Staff-Captain succeeded (through the lectures and personal interviews) in interesting large numbers of farmers and farm-laborers who will come to Nova Scotia this spring. Some of these men have a small capital, ranging from one hundred to five hundred pounds. The men will arrive a few at the time of the various boats, during March and April, and will be given situations on arrival.  
A number of applications have already been received, but if there are any others who will need help this spring, they should write at once to Staff-Captain A. Jennings, Box 477, Halifax, N. S.

**MINARD'S LINIMENT CO., Ltd.**

Gentlemen—My daughter, thirteen years old, was thrown from a sleigh and injured her elbow so badly it remained stiff and very painful for three years. Four bottles of MINARD'S LINIMENT completely cured her and she had not been troubled for two years.

Yours truly,  
J. B. LIVESQUE,  
St. Joseph, P.O., 18th, 1900.

**CYCLONE SLAYS TWENTY PEOPLE.**

(Canadian Press Despatch)  
New Orleans, Feb. 23—Twenty persons were killed and at least three score injured, many of them seriously by the cyclonic storm which swept through a strip of Northern Louisiana and Mississippi Thursday evening. Dozens of small houses were blown down and many cattle killed. The property damage according to the incomplete reports received here will perhaps total half a million dollars.

Executor.  
Hampton, Jan. 4th, 1912.

WHEN ANSWERING ADVERTISEMENTS PLEASE MENTION THE MONITOR-SENTINEL

**Not only this but these as well**

**D**ON'T think that concrete can be used only for building bridges, silos, walls and walks; because if you do, you will probably overlook all the places where you can use it now.

T. L. Irving, of North Georgetown, Quebec, used concrete for 81 different purposes on his farm in 1911.

There are probably at least a dozen profitable uses for concrete on your farm at the present moment. Perhaps you haven't thought of concrete, except for a new barn, or a silo, or some other big improvement for which you aren't quite ready yet. That's why you should read

**“What The Farmer Can Do With Concrete”**

It will open your eyes to the hundreds of uses that other farmers have found for this material. In plain language, and with the aid of many photographs, it explains just what these uses are, and how they can be applied to your farm.

Concrete can not only be used for all the purposes to which wood has been applied, but also many others for which wood would never be suitable.

It is not only a building material; it's a “handy” material, something that you'll grow to depend upon more and more, as you learn its possibilities.

So write for this book. You'll find it isn't a catalogue, nor an argument for you to buy our cement. Every one of its 160 pages is devoted to telling you what farmers have done and can do with concrete.

**IT'S FREE FOR THE ASKING.**

to induce travellers to sojourn for a  
time within their borders. While the  
shore towns may have the advantage  
in some respects, there are people  
looking for a summer vacation by  
preference in an inland environment.  
For some invalids sea air is not a-  
greeable and well people who live by  
the sea the year around may, when  
taking a summer vacation, prefer a  
contrast.

Here in Bridgetown, while the heat  
of the day is tempered by the Fundy  
breezes only five miles away, the  
fog and dampness of the sea-coast  
towns here have a barrier in the ver-  
dant and beautiful range of hills.  
Bridgetown has hotels superior to  
the average county town and is sur-  
rounded by farm houses where tour-  
ists would delight in the delicacies  
of fresh butter, cream, eggs and  
fruit such as only the Valley can  
produce.

The automobile touring fad will  
assume immense proportions in the  
next few years and Bridgetown should  
have its share of the benefits.

The Monitor will refer to this sub-  
ject again and in the meantime  
would recommend it to the careful  
consideration of the Board of Trade.

**Tragedy on the Trail in North**

Mail Carrier and All the Mail De-  
vooured by Wolves.

Fort William, Ont., March 4—A  
searching party which left Sand  
Point on the North shore of Lake  
Nipigon during the week on the report  
of a mail carrier being missing  
found traces of a tragedy that had  
been enacted on the North trail along  
the line of the Canadian Pacific Rail-  
way survey and construction parties.  
Eight miles out a piece of one hand  
and a shin were found in trampled  
snow to the left of the track, these  
being the only human remains found  
to tell of the grim fate of the man.  
That he had sold his life, after a  
struggle, was evidenced by the re-  
mains of four wolves found shot at  
the spot.  
The mail had also been devoured.  
Two letters and a brass locket were  
the only remnants of His Majesty's  
mails.

**MOTOR VEHICLES.**

The Attorney-General has moved  
the following:—Chapter 44 of the  
Acts of 1907 is amended by adding  
thereto the following Section:  
11 (1) Every person owning a motor  
vehicle or motor vehicles registered  
or required to be registered under  
this Act, shall for each such motor  
vehicle owned by him pay to His  
Majesty for the use of the Province at  
the office of the Secretary, in the  
month of August in each year, a fee  
according to the following scale,  
namely:  
For a motor vehicle of not over  
20 h.p. a fee of \$5.00.  
Over 20 h.p. but not over 30 h.p. a  
fee of \$10.00.  
Over 30 h.p. but not over 40 h.p. a  
fee of \$15.00.  
Over 40 h.p. but not over 50 h.p. a  
fee of \$20.00.  
Over 50 h.p. a fee of \$50.00.  
For a motor cycle a fee of \$1.00.

**Albany.**

Albany, March 5th.—A bean supper  
under the auspices of the Aid Society,  
was held at the home of Phineas and  
Elbert Whitman on Thursday even-  
ing, Feb. 22th. Amount received sev-  
enteen dollars, to be used for mis-  
sions.

A sleighing party from Inglisville  
was recently entertained at Mr. and  
Mrs. A. B. Fair's.

Miss Mary Oakes has gone to Hal-  
ifax to visit her brother and wife.

Mr. Phineas Waitman received the  
sudden and unexpected announcement  
of the death of his brother-in-law, Mr  
Henry Andrews, of Berwick on Sat-  
urday 2nd. who died while away from  
home at Weymouth. Funeral today,  
(4th) Mr Whitman and daughters,  
Mrs. Leonard Whitman went to Ber-  
wick to be present at the funeral.

Club met at Mr. Albert Oakes' on  
Feb. 26th. A very pleasant evening  
was spent.

The young people of Albany had a  
sleighing party to Inglisville on Sat-  
urday evening, 2nd, where they were  
entertained by Mr. and Mrs. John  
Hatt.

**ACETYLENE GAS KILLS SEXTON.**

(Canadian Press Despatch.)  
Grimsby, Ont., March 2—William  
Barnes, sixty-five years old, sexton  
of St. Andrew's Church, Grimsby, was  
instantly killed by an acetylene gas  
plant. He took a lighted lantern to  
look for a leak.

Chamberlain's Cough Remedy has  
won its great reputation and exten-  
sive sale by its remarkable cures of  
coughs, colds and croup. It can be  
depended upon. Try it. For sale by  
druggists and dealers.

**Hampton**

Hampton, March 5th.—S.S. Ruby  
L. made her first trip of the season  
from this port on the 4th inst.

Mr. Alonzo Foster has returned  
home, after an absence of over two  
months in Lynn, where he has been  
undergoing treatment for cancer in  
the face. We are glad to report the  
treatment has been successful.

Miss Mabel Risteen has accepted a  
position in the Winchester Hospital  
in Massachusetts and left on Wed-  
nesday last to enter upon her new  
duties.

The mail picked up on the shore  
at Youngs Cove reported in last  
week's issue, has been forwarded to  
the Post Office Inspector at Halifax  
under registered cover. No doubt a  
thorough investigation will be made  
by the Inspector.

**HE GETS HIS MONEY BACK.**

Simply wise self interest should  
make every citizen buy his local paper  
and make every advertiser contribute  
according to his means to the sup-  
port of the local press.

The citizen that buys his local pa-  
per gets his money back many times  
over in protection of his interests,  
and the man who advertises widely  
and wisely in the local press gets  
his money back many times over in  
cash returns.

Business men and the public gener-  
ally should be especially broad mind-  
ed and liberal in their support of  
the local newspapers that represent  
and tensify public opinion throughout  
the country.

Your yearning, longing tea-thirst is to be  
satisfied more deeply, more completely than  
ever before! A tea-flavor so full, so rich, so  
smooth that it simply brims with taste-  
pleasure has at last been perfected. It cost  
years of expensive study of flavor-blending  
to produce. But now it is yours—for ever-  
lasting enjoyment—in King Cole Tea.  
Buy a package now; to-day! Then when  
you feel "just dying" for an unusually  
full-flavored satisfying cup of tea, turn  
to King Cole for joy-full relief

LOCAL AND SPECIAL

Dr. F. S. Messenger has purchased the A.W. Phinney farm, Middleton. Miss Crawley, manicurist and chiropodist, will be in town tomorrow. See business notice. It is announced that the C.P.R. will rebuild all the bridges on the D.A. Ry. The Kentville structure is now underway. A barrel factory is to be started in Middleton by Wm. Bowby, who purchased a piece of land from O.P. Nelly says the Outlook. A bees' nest was found in a hollow stub, by Mr. M. Ring, Beaconsfield, recently which turned out nearly thirty pounds of honey. It is rumored that the C.P.R. will purchase the Burrill Johnson Iron Works at Yarmouth and transform them into a plant for their own use. You will have a chance to see one of the strongest amateur hockey teams in the province play hockey at the Bridgetown Rink Thursday evening, March 7th in the R. C. A. team of Halifax. Mr. Wickwire introduced a bill at Halifax last week to enable the town of Wolfville to borrow on the credit of the town a sum of money not to exceed \$15,000 for street improvement within the town. F. E. Cox, editor of the Middleton Outlook and president of the Nova Scotia Press Association, attended the Convention of the Canadian Press Association at Toronto last week and also visited Montreal and Ottawa. A race on the river speedway on Saturday afternoon between "Little Egypt," owned by J. R. DeWitt, and "R. W. E." owned by Mr. Chipman, attracted quite a crowd who watched the race from the bridge. Spectators say that "Little Egypt" easily distanced his competitor. In the recent reconstruction of the D.A.R. staff the following changes are announced, Mr. Henry Bailey has been appointed Bridge and Building Master with office at Yarmouth. The Road Master, Mr. D. J. Murphy, is relieved of the bridges and buildings and will have charge of the permanent way. A correspondent reports the death of J. Parker Milbury of New Hampshire, who died in the hospital (name of place not given) on Monday 26th ult. He is survived by a widow and six children. Also four brothers, Timothy, Chas. E., Norman and Elwood and was a native of Hampton, N. S. In the obituary notice of Mr. John Stevens, which appeared last week, Mrs. Farrell of Boston should have been named as a step-daughter. In the obituary notice of Mr. George F. Beiler of Annapolis the writer of the obituary omitted to state that he was survived by a widow by a second marriage. The Hot Supper given by the ladies of the Baptist church last week was extended to three evenings, instead of one as first intended, the weather proving unpropitious. Notwithstanding this disadvantage the receipts of the three evenings amounted to the handsome total of \$163.00. A bill has been introduced in the Senate to require the use of under-motor exhausts or mufflers on certain motor boats, Senator Derbyshire said he had introduced the measure as a means of ending a nuisance in the form of motor boat noises, which troubled every city in Canada which was near water. The Monitor requires a regular and reliable correspondent at Port Lorne. Items of personal interest are acceptable, but the Monitor would especially value a correspondent who will furnish items of real news interest, as property changes, school and church news, obituary and marriage notices, etc. Mr. C. G. Leavitt, accountant of the Royal Bank, was transferred last week to Yarmouth. Before his departure, in evidence of the popularity and esteem in which he was held, he was given a banquet by several of his young associates, at the St. James Hotel, at which a number of ladies were present. Mr. M. H. Currel from Sydney, is occupying the post vacated at the Royal. The two-mile race at the Bridgetown Rink for the championship cup on Friday night was competed for by Ernest Marshall, George Dechman and Eugene Poole. The cup was won by Marshall, who has outrun all his competitors this season. It is prophesied, however, that another season will give him a rival in Dechman, who showed good sporting traits and was not far behind the victor on Friday night. The announcement of a business amalgamation by two firms, J. H. Longmire & Sons and C. B. Longmire, to do business under the firm name of J. H. Longmire & Sons, will be found elsewhere in these columns. By this combine, while the old firm name is retained, W. E. Longmire will conduct the business with which the original firm was identified, while C. B. Longmire will continue as manager of the popular shoe store on Granville street. Hockey!

PERSONAL

Rev. J.F. Duxon made a brief trip to Halifax last week. Mr. and Mrs. J. B. Whitman, of Halifax were in town last week. Mrs. S. C. Turner's many friends are pleased to see her out again after her illness. Mr. T. D. Ruggles is able to be out again, after nearly a month's illness from bronchitis. Dr. DeBlois returned from a brief trip to Halifax, where he purchased a horse, last week. G. O. Gatus, the veteran pianist, made his semi-annual trip to Bridgetown last week. W. K. Crisp has returned home from a two-months' business trip in Lunenburg and Queens Counties. Mr. J. H. Brown, of Milton, Yarmouth Co., was the guest of Mr. and Mrs. G. H. Dixon over Sunday. Mr. W. L. Bishop of Shelburne was in town last week attending the funeral of his step-father, Mr. Stevens. Mr. Thelbert Rice, of the Bear River and Nictaux granite works, made a business trip to Bridgetown last week. Mr. and Mrs. James McIntosh of Kentville have been visiting Mr. McIntosh's daughter, Mrs. C. S. Silver, at the Grand Central Hotel. Dr. McLean of Shubenacadie was in town last week visiting his mother, Mrs. W. R. Calder, who is recovering from quite a severe illness. Mrs. E. B. McDaniel and two children of Annapolis are guests at the home of her mother, Mrs. Piper. Mrs. McDaniel is recovering from a severe attack of la grippe. Manager Woodrow, of the Bank of Nova Scotia, has been quite ill during the past week and Mr. McDonald, of the relieving staff of managers has been substituting for him. Mr. Woodrow's many friends are pleased to learn that he will soon be again on duty. Mrs. L. M. Wilkins, well remembered as the wife of a late rector of the Church of England here, now residing with her daughter, Mrs. Ferguson, 272 St. Cyrille St., Quebec, in a personal letter states: "I am delighted to see the dear old Monitor. It brings back many happy days to me. I have a warm feeling for all my friends in Bridgetown and love to think of them." She finds a great charm in the quiet of a city of Quebec, and says "Every inch of ground seems full of interest, and I am never tired of going about among the beautiful churches. We live quite near the Plains of Abraham, where that great battle was fought in which Wolfe fell and I often stand beside his monument." Mrs. Wilkins will visit this summer her sons, Lewis and Charles of Chicago.

**CONFESED SHE KILLED THE BABIES.**

Pat Oxalic Acid in Their Milk Bottles.

New York, Feb. 24—Wendell Ankers, an attendant at the Brooklyn Nursery and Infants' Hospital, was arraigned today in the magistrate's court in connection with the death of eight infants in the hospital since Sunday. The woman had confessed that she put oxalic acid in the babies' milk not for the purpose of killing, but to make them ill, so that it would appear that the nurses, against whom she had a grudge, were not taking proper care of the infants. The woman's confession came after a grilling examination during which she broke down when told that they would take her baby away from her if she did not tell the truth. The Ankers woman then told how the babies had been poisoned.

District Attorney Grospey of Brooklyn proposed to take measures today for the appointment of a coroner to determine the sanity of the hospital attendant. In her confession to the police the Ankers woman said that she put two or three drops of oxalic acid into the bottles of milk prepared for the babies. She said she removed the stoppers of about fifteen and dropped the acid in. There were thirty bottles of milk in the box and she was still dropping the acid in when she heard some one coming. She stopped for fear of detection.

The woman said she felt bitter toward the nurses in the hospital because they had snubbed her because she was a poor girl and that feeling had grown steadily for months and that she was determined that she would get even with them. The Ankers woman is only twenty-four years of age and has been an attendant in the hospital for the last ten months, since her baby was born. She is an orphan and was adopted by a family named Ankers. Of recent years she is said to have lived a life of uncertain habits.

**POLICE FIRED ON IN LAWRENCE.**

One Strike Sympathizer Arrested With Bullet Wound in His Back.

Lawrence, Mass., Feb. 26—Stormy scenes marked the beginning of the seventh week of the Lawrence textile workers' strike today. In the morning nearly a dozen shots were fired from tenement houses upon a squad of metropolitan police, and the police returned the fire.

Two strike sympathizers were arrested as a result of the shooting. One of them was taken to the hospital with a bullet wound in his back.

**HYMENEAL**  
CRAIG—YOUNG

In acknowledgement that St. Valentine will rule the hearts in this world of ours, a number of relatives and friends were invited to a pretty home wedding at the residence of Mr. and Mrs. W. V. T. Young on the morning of February 14th, which was delightfully bright and sparkling, such as comes as a rare treat even in our finest weather.

The occasion was the marriage of Miss Mollie Clare Young and Mr. Owen A. Craig, son of the late William Craig, of Bridgetown.

The bridal party entered the parlor which had been tastefully decorated with green, chrysanthemums and roses to the strains of the bridal chorus from Lohengrin, rendered by Mrs. B. MacMahon. The bride, supported by her father, by whom she was given in marriage, looked most charming in a gown of champagne Bengaline silk, trimmed with gold beaded lace and chiffon. She carried a magnificent bouquet of white carnations and roses.

At the altar she was met by the groom and there the ceremony was performed with impressive dignity by the Rev. J. E. "Dick" The hymn of happy voices, the strains of Mendelssohn's march and the congratulations of friends of the youthful couple thus mingled in joyous unison. A wedding luncheon was served by the young lady friends of the bride, in their varied costumes resplendent with flowers and youthful loveliness making a very attractive setting to the whole picture.

Amid showers of confetti and hearty good wishes, the happy couple were conveyed in an auto to the railway station where they left via St. John and Moncton for Winnipeg, where they will make their home. The bride's going-away dress was old rose broadcloth and black satin with hat trimmed with old rose and willow-plume.

Among a wealth of wedding gifts were a locket and chain, the groom's gift to the bride, silver knives and forks from the choir of the Baptist church, of which she was a member. Gifts of money, silver, linen and china from many friends and relatives, and a substantial cheque from the bride's parents.—Berwick Register.

You can say good-bye to constipation with a clear conscience if you take Chamberlain's Tablets. Many have been permanently cured by their use. For sale by druggists and dealers.

**JOHN D.'S WEALTH.**

Five years ago Friday Frederick T. Gates, John D. Rockefeller's business representative, issued a statement that Mr. Rockefeller's wealth is about \$300,000,000; that his income is about \$20,000,000 per year, and that he owns twenty per cent of Standard Oil Stock.

He has not become any poorer since then.

**JUSTICE OF THE PEACE**

HAD ULCERS & ECZEMA ON HIS EARS ZAM-BUK HAS WORKED A CURE

Mr. J. E. Arsenault, a Justice of the Peace, and station master at Wellington, on the Prince Edward Island Railway, says:

"Four years ago I slipped in the station and fell on a freight truck, sustaining a bad cut on the front of my leg. I thought this would heal, but instead of doing so it developed into a bad ulcer, and later into a form of eczema which spread very rapidly and also started on the other leg. Both legs became so swollen and sore that I could only go about my work by having them bandaged. My doctor said I must stop work and lay up."

"After six months of this trouble I consulted another doctor, but with no better result. I tried all the salves, liniments and lotions I got worse. Instead of getting better I got worse. This was my condition when I got my first box of Zam-Buk. Greatly to my delight that first box gave me relief. I continued to apply it to the sores, and day by day they got better. I could see that at last I had got hold of something which would cure me, and in the end it did."

"It is now over a year since Zam-Buk worked a cure in my case, and there has been no return of the eczema."

Such is the nature of the great cures which Zam-Buk is daily effecting. Purely herbal in composition, this great balm is a sure cure for all skin diseases, cold sores, chapped hands, frost bite, ulcers, blood-poisoning, varicose sores, piles, scalp sores, ring-worm, inflamed patches, cuts, burns and bruises. All druggists and stores sell at 50c. box, or post free from Zam-Buk Co., upon receipt of price.

**Zam-Buk**

**Be Fair. Buy a sack or barrel before judging PURITY FLOUR**

SOME people have attempted to judge PURITY FLOUR before knowing the facts about it—before using it. So we ask you to be fair and to buy a sack or barrel of PURITY FLOUR and give it a thorough try-out before attempting to arrive at a judgment.

Look at the beauty and loftiness of the golden-crust, snowy-crumbed loaves, fit for a king. Count them and see how many more of them PURITY yields to the barrel than ordinary flour does.

Taste the creamy, flaky pie crust, and the deliciously light cakes. PURITY FLOUR rewards you with. My! How they make your mouth water!

Such high-class results can only be obtained when using a flour consisting exclusively of the high-grade portions of the best Western hard wheat berries.

And remember, that, on account of its extra strength and extra quality, PURITY FLOUR requires more water when making bread and more shortening when making pastry, than you are accustomed to use with ordinary flour.

**PURITY FLOUR**

**"More bread and better bread"**

Buy a bag or barrel of PURITY FLOUR. Test it for a week. Then pass judgment. Add PURITY FLOUR to the grocery list right now.

**Rescue Shipwrecked Crew**

Narrow Escape of Two Kings County Men.

From the Journal of Commerce, published at Liverpool, England, we have the particulars of the rescue of Capt. Charles McDade and his crew of six men, from the wrecked schooner Hibernia. Capt. McDade belongs to Parrsboro; Chief Officer Charles Barkhouse belongs to Hantsport, and Charles Parsons belongs to Medford, Kings Co.

The Hibernia, a three-masted schooner, of 298 tons register, left Hantsport, for Barbados, with a full cargo of lumber, including deck load, on Dec. 8th. While in the Bay she was struck by a heavy gale and blinding snow storm and ran for Beaver Harbor, N. B. where she remained for eight days.

On Christmas Day she sailed again but next day met a heavy blow and dangerous sea, which developed into a fierce hurricane, the waves sweeping clean over the vessel. On Dec. 27th a huge wave came over the stern washing Capt. McDade, who was at the wheel, into the lee scrappers and carrying away twenty feet of the taffrail. The waves swept through the broken part of the stern and the water got below in large quantities. The whole crew were constantly at the two hand pumps to keep the schooner from foundering, but about three o'clock a huge wave broke on board tearing away part of the stern, with the rudder and wheel and part of the after deckhouse. The deckload broke loose and big logs were flung about the deck. At the same time the three-masts went by the board and the decks were level with the water, the cargo alone kept the vessel above water. The crew were obliged to lash themselves to the mooring bits to prevent being washed overboard. On Jan. 8th another big wave struck the vessel, split the deck into two parts and carried away the afterhouse, the ships stores, navigating instruments, men's clothes and water barrels. The only part of the ship which remained above water was the forward deckhouse. For fourteen days the crew had little to eat but subsisted on turnips boiled in salt water, and for the last three days had neither food nor water.

**FERRY'S SEEDS**

Good gardeners are those who raise good flowers and vegetables. Good flowers and vegetables come from good seeds. We produce good seeds—the inference is obvious. For sale everywhere.

## EYE STRAIN IN CHILDREN

The Relation Between Serious Misconduct and Physical Defect.

(Youth's Companion)

A woman to whom four healthy boy babies were born, only to die of stomach trouble in their second year brought with infinite care a fifth boy past the danger period and to his eighth year. Then he began to go to school, but became at once subject to stomach attacks that no kind of tonic or diet could help. Finally his mother suggested that the trouble might be with his eyes, but the local doctor pointed out that he was unusually fat-figured and never had any headaches. The mother, knowing something of the subtle relation of the eyes to the rest of the body, took him to an eye specialist in a distant town.

The first day on which he wore glasses he said wonderingly: "Why, print is black, isn't it, mother?" "Yes, dear; what did you think it was?"

"Why gray, and sort of mixed like, and now the letters look straight up and down."

The child had a complicated defect known as mixed astigmatism, which made it hard for him to see things near at hand, although his eyes themselves did not feel the strain. When he wore the right glasses the stomach trouble vanished as if by magic.

This is only one illustration of many that might be given of obscure affections directly caused by eye strain. Some of the clearest symptoms may be seen in infancy. For example, when a baby is not sensitive to light and does not blink on coming into the sunlight he is near sighted. A child who frowns or keeps one eyebrow raised or the head on one side or whose eyes look prominent and staring should be examined as soon as possible, not only for his own sake but for the sake of those about him, because children, like grownups, are irritable or peevish or sullen when their eyes do not work properly.

Some very troublesome habits for which children are punished are, due to eye strain. These are due to a weakened condition of certain involuntary muscles controlled normally by nervous reflexes that are easily upset by any kind of extra strain.

## A WIFE'S DUTY.

If any woman wants to keep her husband's love, I don't think she needs to go through with any far-fetched performances, says Ruth Cameron.

Let her take a reasonable interest in her personal appearance, studying becoming colors, adopting, or if necessary, adapting becoming styles, and putting on her clothes neatly and carefully.

Let her give a reasonable amount of time to the care of her person, keeping always perfectly sweet and clean, and doing everything in her power to keep healthy.

Let her keep all fretful and complaining notes out of her voice. If I were a husband, nothing would drive me from my home more quickly than a wife with a fretful voice.

Let her keep her mind from stagnating and her horizon from narrowing by reading and talking about the world's progress, and the things that count. We read that men fell in love with Madame de Staël after she was seventy. Why? Because she never let her mind stagnate.

Let her take an interest in her husband's work. Let her try to be fair-minded, kind, and considerate—in fact, obey the Golden Rule—in her household relations, and be a livable friend, as well as a lovable wife.

Let her remember the enthusiastic fine-souled girl her husband fell in love with and idealized, and never let that girl wholly die within her.

Let her do all or half of these things and even if she has no toilet table in her home, I think that in ninety-nine cases out of a hundred she will be able to keep her husband's love "till death do us part."

Let her take an interest in her husband's work. Let her try to be fair-minded, kind, and considerate—in fact, obey the Golden Rule—in her household relations, and be a livable friend, as well as a lovable wife.

## CAUSE FOR ALARM

Loss of Appetite or Distress After Eating—a Symptom That Should not be Disregarded.

Appetite is just a natural desire for food. Loss of appetite or stomach distress after eating indicate indigestion or dyspepsia. Over-eating is a habit very dangerous to a person's good general health.

It is not what you eat out what you digest and assimilate that does you good. Some of the strongest, heaviest, and healthiest persons are moderate eaters.

There is nothing that will cause more trouble than a disordered stomach, and many people, daily contract serious maladies simply through disregard or abuse of the stomach.

We urge all in Bridgetown who suffer from any stomach derangement, indigestion, or dyspepsia, whether acute or chronic, to try Rexall Dyspepsia Tablets, with the distinct understanding that we will refund their money without question or formality if after reasonable use of this medicine they are not perfectly satisfied with the results. We recommend them to our customers every day, and have yet to hear of any one who has not been benefited by them. We honestly believe them to be without equal. They give very prompt relief, aiding to neutralize the gastric juices, strengthen the digestive organs, to regulate the bowels, and thus to promote perfect nutrition, and eradicate all unhealthy symptoms.

We urge you to try a 25c. box of Rexall Dyspepsia Tablets, which gives fifteen days' treatment. At the end of that time, your money will be refunded to you if you are not satisfied. Of course, in chronic cases, length of treatment varies. For such cases, we have two larger sizes, which sell for 50c. and \$1.00. Remember, you can obtain Rexall Remedies in any community only at our store—The Rexall Store W.A., Warren.

FIFTEEN INCHES OF SNOW AT MONTREAL.

Roof of Skating Rink and Also of Freight Shed, Collapsed Causing Heavy Loss.

Montreal, Feb. 27.—By seven o'clock tonight fifteen inches of snow had fallen since seven o'clock yesterday morning, and besides seriously delaying trains on all lines, the storm was responsible for the collapse of several structures in the city owing to the tremendous weight of snow on the roofs.

Eighty feet of the wooden roof of the Forum skating rink collapsed this afternoon, while seven men were busy trying to clear away the snow. The accident was preceded by an ominous creaking and splintering of the beams, and the men had time to escape, while the forty people skating inside also managed to stand from under before the roof came down.

In the recent fire case the proprietors of the Forum were granted judgment for \$6,000 against the Montreal Star for a series of articles opposing the erection of the structure and criticising it as architecturally unsound.

The roof of one of the C.P.R. freight sheds also collapsed at noon today but fortunately all the men were away at lunch at the time. Several engines were damaged and the total loss will be some \$50,000.

The city streets have been kept fairly passable and the street car service, except in the outlying wards has not been discontinued.

The storm will cost the city nearly \$50,000 for snow removal, and has given employment to hundreds of men who up till this week had suffered from the unusual lack of work, resulting from the light snow fall of the early winter.

## NOVA SCOTIA'S EXAMPLE

The governor's speech at the opening of the Nova Scotia legislature contained this reference to technical education:—

"The number of students in engineering at the Technical College shows a satisfactory increase over the previous year. A building for a Mining and Metallurgical Laboratory has been erected and is being equipped with modern apparatus. This will serve for the instruction of engineering students and for industrial research into problems connected with the coal, metallic ores, clays and other minerals of the province. The evening technical schools in the various communities have a larger attendance of young men and women who work during the day and prepare themselves for greater responsibility by study at night. The people of this province are appreciating more and more every year the opportunities which this practical education, supplementing the common school system, affords for those who are compelled to become wage-earners early in life."

## "RAISING THE WIND."

Methods Employed by Strikers to Help Out Dole.

During the great miners' strike of 1893 the colliers of Cannoek Chase replenished their funds in strange fashion in the Birmingham Canal was emptied for repairs, whereupon the men, to the number of about 2,000, descended into its muddy body and collected hundreds of tons of coal, which they sold at remunerative prices.

Nearly every colliers' strike is marked by similar shifts for "raising the wind." When the Lancashire miners were "out" some years ago, several small pits were opened near Oldham, and the harvest therefrom was quickly disposed of at famine prices, in some cases as much as 1s. 6d. per hundredweight.

A remarkable haul of this kind was once made at Gresley, Leicestershire. Discovering a seam of coal about 12 feet from the surface, Gresley Colliery, the strikers sank no fewer than thirty shafts, each wide enough for three or four men at the bottom. Then they attacked the seam sending up the coal in buckets, which were tipped into barrows by their wives and children, and as a result some of the men got not only more than a ton of coal, besides slack, for themselves, but a large quantity which was sold at 1s. per barrow.

In the London cab trade an equally unconventional expedient is resorted to during strikes. Tickets are printed, and these are sold to men in work, as well as to sympathizers, usually at threepence each. As many buy two or three tickets every day—and the price is varied, so that a man "approached" on say, Wednesday cannot evade the appeal by producing a "Tuesday" ticket—a considerable sum is always raised. The same system has been adopted by certain sections of the London building trade.

One of the most curious methods of money-raising during strikes was adopted when a labor war was in progress at Sunderland. A football match was promoted for the benefit of the strikers, and a "challenge cup" was offered, it having been very cleverly made from that waste by some of the strikers themselves, and was undoubtedly the strangest football cup played for anywhere.

Women to Serve State. The idea of Mrs. Hilker Schmidt, a Social Physiotherapist, that all women should be required by law to devote one year of service to the state in some public charity, as man give military service is discussed with interest by many French people. The present dislike of the compulsory phrase, "the suggestion is made that women desiring Government positions should be requested first to volunteer for one year's charitable service.

Hitherto maternity has always been urged as an offset to military service, but the number of childless women is growing continually, and so Europe's conviction that all citizens owe a certain period of their lives to the state actually may call for such charitable services as are now advocated.

There would be many fields from which to choose. There is assistance to be given the aged, children, the sick, the infirm, the deformed and the indigent, and there is work to be done in maternity hospitals, in social settlements and in innumerable other social organizations.

"The work is, indeed, favorable for such volunteer service everywhere, and the movement to alleviate the ills of humanity—service in which women are eminently fitted to act."

Advocates of the idea believe that many women who had planned business careers would relinquish them to remain in charitable work.

An Old Smoker's Trick. "Hang it," remarked an old com-puter, dropping into a seat in the smoker beside his daily companion, "I've busted my pipe, and now I've got to go through the torture of breaking in a new one." "Let this railroad break it in for you," returned his friend. "What? You don't understand that trick? It's an old smoker's recipe. Fill your new pipe—but wet the inside of the bowl first—light it, get it well started, then hold it out of the window with the mouth forward. The draft will keep it alight as well as you could by puffing on it. That will take the saw-ness out of it. Try it and see."

He Talked Shop. He was a railroad man and spoke mostly in railroad terms. He was the father of two boys. One day he invited the minister home to dinner. The hungry boys wanted to pitch in, as usual, but the father in a stern voice cautioned them to wait. The minister bowed his head to return thanks. The boys, innocent of what was being done, began to eat before the blessing was half said. "Excuse me a minute," said the father, addressing the minister, "until I switch a few empties."

The Coffee? The other morning at the breakfast table Mr. Skillings, who was in a highly satisfied mood, remarked to his wife:—"What if I were one of those husbands, my dear, who get up cross in the morning, bang things around and kick because the coffee is cold?" "Why," responded Mrs. Skillings sweetly, "I would make it hot for you."

Left Behind. "A horse! A horse!" cried the king, hard pressed. "Taxi, sir?" asked the chauffeur, driving up. But the king, having not above \$225 in his clothes, sadly shook his head, with the well known tragic result.

Didn't Dare. Doctor—The increasing deafness of your wife is merely an indication of advancing years, and you can tell her that. Husband—Hum! Would you mind telling her that yourself, doctor? Minard's Liniment cures Distemper.

## KING ALFONSO.

When the Spanish Monarch Acted Like a Plain Man.

At San Sebastian on the northern coast of Spain King Alfonso XIII. enjoys life in his boyish, free fashion. It is a place of calceonic beauty. Imagine a great round bay so locked in that its waters are a pond. High around its edges circle the villas of the rich, while along the sandy shore the Royal Yacht Club and the public beach, with its private beaches next to the great hotels and the bathing promenade.

Along the sands the public bath houses and gay tents flash all colors, faintly soaked in sunlight, even in late autumn. The stone promenade, iron balustrades, continues round the bay, through gorgeous parks and gardens to the public gambling halls, with the marble terraces and flowers, restaurants and cafes of one of the most luxurious casinos of Europe. Back of all this is the modern built town of wide shady streets, parks and monuments in bronze and marble, rich shops, cafe terraces and flouting awnings, street sprinklers, gushing fountains, and that mixed perfume of orange peel, violets and tuberoses that marks the south of Europe.

Chief of the villas perched high around the bay is the King's Miramar palace, half hidden among its forests. At night any traveler can lose himself in its winding alleys, lighted by 900 electric lamps. Anyone who has been there must have thought how easy it would be for armed conspirators to enter the park and take the palace by surprise. A guard at the gate is composed of three men of the Minaret Corps. At the wide door of the palace the only sentry is an old veteran, wearing many decorations, but unarmed. The idea generally held that the King of Spain lives surrounded by an army to protect his life is absurd. The "Alabarderos"—mounted escort—and the large military staff is regularly invisible in its barracks behind the palace and exists merely to satisfy court protocol. When the royal family enjoys its home life in the evenings after audience hours are over, it is no more protected than any other well-to-do family of San Sebastian.

Every day while in residence at San Sebastian, the King is accompanied by soldiers, on foot, on horseback, or in auto or carriage, can be seen going about. We met him once in a lone spot of the Corniche, writes a traveler, attempting to clean three plugs that had got choked by soot. My French friend stopped and asked the customary, "Anything we can do?"

"These plugs are choked with soot," replied Alfonso. His chauffeur was respectfully offering him one, when our French friend—a pure automobile crank like the King—explained that he could clean those plugs by backing rapidly up the slope.

"That is what I said," cried Alfonso. "Dust tumble in!" and, with a very tricky swing, he got his weight on the crank and started the heavy motor before his chauffeur knew what he was up to, jumped in beside his only companion, a silent military man, and began to back up the slope at second speed.

"Now that is just the type of automobile crank who will not let his chauffeur do a thing," explained the Frenchman. From this time Alfonso nodded to us with a smile, content that here were three men and a lady who had seen him, Alfonso, acting as a man.

Curiosities of Color. After any severe shock you will be very likely to find that you have become temporarily color blind. Your perception of green light has probably gone, at least partially. White objects will then appear to you of a reddish purple and green objects to be very much duller in hue than ordinarily. Any one can make himself or herself temporarily color blind by wearing a pair of ruby red glasses. The prolonged action of red light on the eyes ends by tiring out the nerves which receive red light. Consequently when the glasses are at last removed grain-bow appears to have only two colors—yellow and blue.

A Good Rule. "Good earning power on the husband's part and good saving power in the wife—this goes a long way towards making home happy." The speaker was the local person who had newly united a loving pair as was now holding forth at the wedding dinner.

"In a word," he continued, "the husband should make the money first, and then the wife should make it last."

Off the Map. An Irishman called in at a Chinese laundry and found the proprietor counting his collars. "Be jabbers," said he, "you're a funny lookin' man—you wid the horse's mane hangin' down your back. And where—oh, where—do you come from?" But the oriental did not understand, so merely said, "Countee collars, countee collars."

"Bedad, then," said Mick, "ye're a loir, for there's no sich county in Oireland at all, at all."

Mayors' Avenue. The mayor of Ealing (Eng.) and the nine past mayors of the borough have each promised to plant an oak tree in Walpole Park, Ealing, in commemoration of a year of office. The number will be added to by each succeeding mayor until what will be known as the Mayor's Avenue is formed. Since 1873 more than 12,000 trees have been planted in Ealing, and at the present time there are fifty miles of avenues.

Works Both Ways. "Mr. Wombat, I must leave you to get married. I know a great many girls leave the firm to get married. Still, I hope you can fill my place." "That will be all right. We have a waiting list of ladies who let us to get married, are now tired of their husbands and would like to come back."

Minard's Liniment cures Burns, etc.

## ROOSEVELT IN CAMPAIGN.

Boston, Feb. 26.—"We're in the fight. That's all," said Colonel Theodore Roosevelt today. It was his only comment upon his statement issued yesterday that he would accept the presidential nomination if offered to him.

With Col. Roosevelt squarely on record, the active work of getting together a Roosevelt organization was begun here today. The Colonel had an early breakfast and was soon hard at work. Telegrams from many parts of the country poured in, and so many men active in politics in New England went to see him that the home of Judge Robert Grant, with whom he was staying was almost filled with visitors early in the day.

URGED TO ENTER PRAY. Colonel Roosevelt was urged to roll up his sleeves and throw himself into the fray. He let it be known, however, that for the present, at least, he intended to do little, preferring to await indications of the effect of his announcement. When questioned as to plans for the campaign Mr. Roosevelt said that he was taking no active steps at present. He said, however, that whether or not he embarked upon a speaking campaign he would reiterate time after time, his belief in the political principles which he set forth in his speech at Columbus, Ohio. It is upon this platform that the Roosevelt campaign is to be fought.

## MOTHERS OF MEN.

Mothers of men! The words are good indeed in the saying—Pride in the very sound of them, sense in the sense of them; then why is it their faces haunt me—wristful faces, as praying Ever some dear thing vanished and ever a hope decaying—

Mothers of men? Mothers of men, most patient, tenderly slow to discover The loss of the old allegiance that may not return again. You give a man to the world, you give a woman a lover; Where is your solace, then, when the time of giving is over.

Mothers of men? Mothers of men! Yet surely the title is worth the earning. You who are brave in feigning, must I ever behold you, then, By the door of an empty heart, with the lamp of faith still burning. Watching the ways of life for the sight of a child returning.

Mothers of men? —Theodosia Garrison, in Munsey's Magazine.

## BRITISH GOVERNMENT MAY OPERATE THE MINES.

Reported That Premier Has Determined Upon Plan to Avert Panic.

London, Feb. 26.—It is reported in Radical circles today that Premier Asquith has determined in the event of a national coal strike that the Government will take over and work temporarily all the coal mines and thus prevent a panic in prices.

The committee of the cabinet under the presidency of Premier Asquith, met the coal owners at the Foreign Office again this afternoon and owners were able to give Mr. Asquith and his colleagues a report showing that considerable advance toward peace had been made since Friday last.

As the result of a collision between two trains in the Hoosac Tunnel near North Adams, Mass., four persons are dead. The wreckage took fire and seventeen freight cars were destroyed.

## FACTORY WRECKED BY TERRIFIC GALE

Foreman and Manager Injured and Property Loss Will be Heavy

Godsrich, Ont., Feb. 26.—The wheel ridge factory was badly damaged when the roof and the walls of the top story in the north and east sides were blown off during the terrific gale. Pritchard, a foreman, was seriously injured and Manager Brandt received a bad cut in the head. The loss will run up into thousands of dollars. A large quantity of the factory's wares are exposed to the weather, and will suffer considerable before they can be removed. The factory employs about fifty hands and it is remarkable that more were not injured.

## TEN KILLED IN ARKANSAS TORNADO

Twenty-five Persons Were Severely Hurt and Many Houses Wrecked.

Little Rock, Ark., Feb. 26.—Details of a double tornado which devastated portions of Lincoln, Jefferson and Arkansas Counties on Sunday morning, placed at least twenty-five persons severely hurt. Handsome homes, plantation equipment, rice and other stations caught in the path of the storm were wrecked. Fire broke out in the debris of a number of the destroyed residences and only the rain that accompanied the storm saved any of those who had sought refuge in the buildings from cremation.

You judge a man not by what he promises to do but by what he has done. That is the only true test. Chamberlain's Cough Remedy judged by this standard has no superior. People everywhere speak of it in the highest terms of praise. For sale by druggists and dealers.

# ROYAL Baking Powder

Absolutely Pure

Makes Home Baking Easy

With minimum trouble and cost biscuit, cake and pastry are made fresh, clean and greatly superior to the ready-made, dry, found-in-the-shop variety, and danger of alum food is avoided.

## West Dalhousie

Dalhousie West, March 1st.—March has come in more like a lamb than a lion.

Miss Jane Milberry is visiting friends in Round Hill.

Miss Kathleen Buckler has taken the school on the Morse Road.

Miss Elsie MacGowan of Bridgetown is visiting her sister, Mrs. Samuel Swift.

We are all pleased to have Mrs. Mary Carter with us again after an absence of several weeks.

Mr. and Mrs. John Jackson of Paradise spent Sunday with her sister, Mrs. Norman Buckler.

Mrs. James Harnish of Annapolis, who has been visiting her mother, Mrs. Thomas Todd, has returned to her home.

## Upper Granville

Upper Granville, March 4th.—Miss Margie Chute, who has been the guest of her aunt, Mrs. Adam Clark, has returned to her home in Berwick. Mr. and Mrs. Clark entertained some of their friends pleasantly on Monday evening.

We are pleased to hear that Mrs. Horton, who has been quite ill, is recovering.

The "beautiful" continues falling, giving Nature a wintry aspect. Farmers and lumbermen have had a banner year for their needs and the absence of drifts is noticeable up to date.

Man's inhumanity to man makes countless thousands mourn.

## Lawrencetown

Lawrencetown, March 5th.—Mrs. John Hall, accompanied by her son, W. E. Hall, went to Bridgewater on Saturday to visit her son, S. C. Hall, H. A. Whitman, of Yorkton, Sask., and Mr. W. B. Eaton of Halifax are guests of Mr. and Mrs. F. W. Whitman. Mr. Eaton has recently returned from a tour of the continent. Sergeant Graham has returned to his home in Halifax.

F. A. Holmes of Digby was the guest of Miss Nita Balcom quite recently.

The W.M.A.S. meets with Mrs. S. E. Bancroft on Monday afternoon at three o'clock.

Dr. Stewart, of Halifax, was called on Saturday to hold a consultation regarding the illness of Mr. C. B. Whitman, who is very low at time of writing.

Miss Hazel Balcom is visiting friends at Kingstons.

Mr. Spinney and Miss Smith of Torbrook were guests of the former's sister, Mrs. B.S. Banks on Sunday. Miss Elizabeth Robblee is spending a few days at Karsdale.

Mr. and Mrs. Wm. Hills welcomed a little son on the 24th of February. Miss Carrie Hall left on Saturday the 24th for New York where she will study for the profession of nursing.

## Paradise

Paradise, March 5th.—The Literary Society met on Monday evening evening with Mr. and Mrs. Alonzo Daniels. The entertainment consisted of the reading of the "Paradise Gazette," a new periodical published by the members of the Society.

Dr. Goodspeed is confined to the house with a cold.

Mrs. Charles Darling has returned from Halifax very much improved in health.

Mr. Boshner, of Lunenburg Co. was a guest of Mr. and Mrs. A.P. Boehm last week.

The W.M.A.S. met on Tuesday at the home of Mrs. Wallace Squires.

The next meeting of the Literary Society will be at the home of Mr. and Mrs. F. W. Bishop. Topic—"Agriculture."—Arrangements are being made to close the season with a banquet to be held in Longley's Hall.

Mrs. J. C. Morse is visiting friends in Middleton.

Mrs. J. Fritz and daughter Eleanor who have been spending the winter with Mrs. Fritz' parents, Mr. and Mrs. W. H. Bishop, leave for their home in Winthrop, Mass. today.

Albert Longley, who has been ill with pneumonia at Truro, is taking a short rest at home before resuming his studies at the Normal School.

Mrs. H. Fowler, of Wolfville and Mrs. J. Spurr of Deep Brook, have been recent guests of their sister, Mrs. I. M. Longley.

Mr. and Mrs. E. S. Leonard spent Sunday with friends at Middleton.

Mr. Melbourne Trefry, of Yarmouth was here last week purchasing horses. Twelve were shipped to Yarmouth from this station Thursday night.

## Bear River

Bear River, Mch. 5th.—On Friday evening in the vestry of the Baptist church the congregation gave a birthday party, celebrating the fiftieth birthday of their pastor, Rev. G. W. Schurman, to whom they presented fifty dollars in gold.

Mr. J. Edgar Lamereaux and David Puddington were in town on Friday last and W. H. Smith on Monday, representing their different firms.

S.S. Bear River arrived from St. John on Saturday returning again to that port on Tuesday.

Mr. Geo. T. Tupper made a trip to Bridgetown last week.

Monday, March 4th being revisionary day the usual court was held on the west side. Revisors W.W. Wade, Thelbert Rife and Christopher Chisholm constituting the Court.

Mr. O. P. Barry made a business trip to St. John in S.S. Bear River this week.

B. C. Clarke attended the Revisor's Court at Bear River East on Tuesday in an official capacity.

Miss Douglas has been unable to attend to her school studies the past two weeks, owing to illness. We learn that she is improving in health.

## Port Wade

Port Wade, March 5th.—A small gang of laborers are engaged hewing timber for repairs on the pier.

Wm. Bailey, fishing inspector for the County, was in the village Friday.

Miss Estella Eyder was given a birthday party last Friday evening. The young people report a very enjoyable occasion.

Mr. Albert Hayes and wife of Port George came here Friday by H. & S. W. and are visiting friends and parents of Mrs. Hayes at Victoria Beach.

Mr. Harman Johnston of St. John visited the past week at the home of Capt. John D. Apt.

Rev. Mr. Shirley of Annapolis and Rev. Mr. Davis of Granville Ferry have been holding a series of special meetings here the past week at the Methodist church.

Capt. J. W. Snow has bought some shares in a large American fishing vessel recently called the "Harvester." Mr. Snow also owns quite largely in the large schooner "Edie Morray," American. These vessels will fish from American ports the coming season, thus taking advantage of the larger markets which are denied us as Canadians. Capt. Harry Ross, who has had unequalled success the past year as skipper of the "Dorothy M. Smart," will captain the "Edie Morray" this season for Capt. J. W. Snow. Capt. John D. Apt will also take an American vessel this season having sailed the Albert J. Lutz the last two years. It is too bad to lose these good men as their crews will be largely shipped from American ports.

We are having a beautiful winter as we are getting a bountiful supply of the "beautiful," and the lumber and wood piles are getting higher than usual, which makes for prosperity. So be cheerful for "the robins will not be again."

## Torbrook

Torbrook, March 4th.—Excellent sleighing at time of writing and parties are the order of the day. Twenty-eight of the younger folk were at Middleton and Friday evening the invited guests of Mr. and Mrs. Willie Baker.

Master Aubrey MacAloney has recovered from his recent illness.

An "Old Folks Concert" is being planned for an early date. Besides local talent it is expected Mr. Phillips, Miss Mabel Phillips and the Middleton male quartette will assist.

Our most aged resident, Mr. Ainslie Eaton, during the heavy gale of Feb. 23rd received injuries by being thrown while opening a door which will likely prove fatal. A fractured hip and internal injury were the result and at present he is very low. The absent members of the family have been summoned home.

Mrs. S. W. Bartheaux has returned from a two weeks' visit with her sister at Lawrencetown.

We are sorry to report Miss Lilla Parker not much improved in health. Four feet of snow on the level reported here in the woods.
