WARM WORDS WERE EXCHANGED BETWEEN FOSTER AND M'BRIDE AT LENGTHY COUNCIL MEETING

"You're a Liar From Your Feet Up," Said the Controller, "and I Can Lick You"—McBride Retorted by Making Fun of Foster's Picnic—Firemen's Investigation

CONTROLLER FOSTER AND ALD. M'BRIDE VOICE THEIR OPINIONS OF EACH OTHER

Vocabulary of Controller Foster and Ald. McBride in the city council meeting last night:

McBride to Foster—"You started in your career as controller by giving a cheap picnic to my Jew constituents."

Foster to McBride—"You're a liar, from your feet up."

McBride to Foster—"Your picnics don't cost you more than the price of the badges. Fleming gives the car rides and Solman the ferry rides."

Foster to McBride—"Come outside and I can lick you. You are an awful liar."

McBride to Foster—"If you run for mayor next year there will be told something about your old shacks that will put you in a deep hole."

Foster to McBride—"I can beat you to a finish any time."

McBride to Foster—"You and the other Tommy darn't do anything until you get your orders from The Telegram, and then you do anything The Telegram orders you to do."

Ald. McBride baited Controller Foster in the city council meeting last night, and Controller Foster told Ald. McBride he was "a liar from his feet up."

Ald. McBride sat back and roared with laughter. Controller Foster again gave him the lie and dared him to go out in the corridor and fight.

There were no fistfights, however, although Controller Foster was mad enough to turn the council chamber into a slaughter house.

The fight was over Ald. Burgess' charges of inefficiency of fire protection. It ended in a majority vote for sending the charges to Judge Denton for the widest possible investigation.

Ald. Burgess led off by moving that the recommendation be struck out. Ald. Dunn twitted Ald. Burgess with playing a bit to the gallery.

"Have you been lobbied by any fireman or other man to quash an investigation?" Ald. Burgess asked Ald. Dunn.

"I declare solemnly before my God that I have not," Ald. Dunn replied.

"You're different from some of the rest of the aldermen," Ald. Burgess remarked. "There should be the widest possible judicial investigation of my charges."

"The board of control tried to finish its enquiries into the charges, but was stopped for a judicial investigation," Mayor Hocken explained.

"If some of the controllers got weak in the knees, how could I put any more reliance on an aldermanic committee?" Ald. Burgess said. "I understand that the firemen have put up a lobby to quash a judicial investigation."

"The board of control could in a day bring in a report on its enquiry into the charges by Ald. Burgess," Mayor Hocken stated.

"Ald. Burgess has substantiated his charges, but it is very evident that this council will not permit a judicial investigation," Ald. Burgess declared.

"Why should any member of this council bring charges against any department when he is likely to be given the same smiling denial that Ald. Burgess is receiving. Ald. Burgess was a leader in one of the fires, and he might have lost some of his family."

Controller Foster pitched into Ald. McBride for dictating to Ald. Burgess. "If you had tried it on me I would have appealed to the council to change its chairman of committee of the whole," Controller Foster declared.

The Fireworks.

"I would run any day against you for board of control or mayor and beat you out," Ald. McBride hurled at Controller Foster. "You with your picnicing policy have cost the city fully a million dollars. There's something coming to you about your cheap shacks that will throw you badly if you attempt to run for mayor. You started as controller by giving a cheap picnic to my Jewish constituents, and I'm told that all your picnics cost you the price of the badges."

"You're the biggest liar in this town," yelled Controller Foster, and shook his fist at Ald. McBride, who sat back and roared with laughter.

"You lie from your feet up," Controller Foster yelled again, glaring at Ald. McBride. "You're a liar out and out. I can lick you as that. If you come out into the corridor I can lick you."

"What The Telegram orders," said Ald. McBride. "You started in one way and ended when The Telegram ordered you to."

"You're not fit to be in the chair," Ald. Burgess yelled to Ald. Dunn, who was presiding. "You're a disgrace to the council."

McDonnell's Mind.

"I don't care if you denounce me in every language. I want Ald. Burgess' charges investigated by a judge," Con-

NCH AVIATOR MAKES LONG FLIGHT AT SPEED OF 143 MILES AN HOUR

Special Cable to The World, Copyrighted by The Toronto World and N. Y. World, PARIS, Sept. 15.—With the wind behind, Aviator Guillaux yesterday flew with a passenger from Savigny en Craye, his home, to Paris, a distance of 190 kilometres, in 50 minutes, representing a speed of 143 miles an hour. This is the fastest rate at which a human being ever traveled.

TRAINMEN ARE UNDER ARREST

Negligence of Employees Cause of Disastrous Wreck on New Haven, Says Coroner.

NEW HAVEN, Conn., Sept. 15.—(Can. Press)—Three employees of the New York, New Haven & Hartford Railroad are held by Coroner E. H. Mix to be criminally responsible for the disastrous wreck at North Haven on Sept. 2, when the White Mountain express plunged thru the second section of the standing Bar Harbor express, exacting a toll of 21 lives. The coroner's finding was filed today with the clerk of superior court after he had conducted a private inquiry for a number of days.

Those held to be responsible are Augustus B. Miller, engineer of the White Mountain express, and Bruce C. Adams and Charles H. Murray, conductor and flagman, respectively, of the Bar Harbor train.

The coroner neither blames nor absolves the New Haven road for the wreck. He finds the signals were in perfect working order, and whether the "hazy" signals are obsolete or not, the accident would have been prevented if the company's rules had not been violated. He directs the commission to investigate at once the "system of discipline" on the road, and declares a number of violations of rules by employees "makes a sorry record."

Engineer Miller was arrested this afternoon. He was released in \$5000 bonds furnished by the Brotherhood of Locomotive Engineers.

Search warrants have also been issued for the arrest of Adams and Murray.

Disastrous Drought Results in Eighty Per Cent. Increase in Emigration to Canada.

WINNIPEG, Sept. 15.—(Can. Press)—Owing to the severe drought which is being experienced in the states of Iowa, Kansas and Oklahoma, the immigration from the United States has gone up eighty per cent. during the past four weeks.

HUERTA MESSAGE AWAITED WITH INTEREST

If He Cannot Argue United States Government Into a More Complacent Attitude, He Either Will Come Out as Presidential Candidate or Postpone Elections.

(Special to The Toronto World.) MEXICO CITY, Sept. 15.—On advance copy of President Huerta's "Message to Congress," which was seen tonight by The Toronto World correspondent, reviewed only a survey and most incidental references by Mexico's provisional president, to the important question pending between his country and the United States. All that Huerta, apparently, deems it expedient to tell the senators and deputies when they assemble tomorrow evening to listen to his message, will be ascertained in a few hundred words, that embody nothing which already has not been said. He names those nations which have recognized his administration and expresses confidence that the delicate conditions which threaten to estrange seriously Mexico and the United States speedily will be modified. He refers to "the difficulties with the government of the United States, but fortunately not with its people."

A significant portion of this part of the message comments indirectly upon the presence of American war vessels in the port of Vera Cruz and other harbors of Mexico, referring to them as foreign vessels, not designating them by name.

He directs attention to the fact that following enquiries as to the mission of the vessels and the reason for their long stay, especially at Vera Cruz, assurances were received that they were there on a friendly errand and consequently permission was granted by Mexico. It will not be convenient, Huerta says, for Mexico to renew this permission.

Many Vacancies.

Many vacancies will be found to exist in both branches of congress, caused by the absence of moderate senators and deputies. Some have resigned and others have fled in fear of reprisals for their political activities in behalf of Madero, while some like Deputies Bordes, Mengel and Senalo Rendon are believed to be dead. Nothing has developed to alter the general impression that Mengel and Rendon, both of whom were conspicuous by their anti-administration activities in the session of congress that began last April following Huerta's accession to the presidency, were shot recently by federal soldiers on the outskirts of the city. The fate of these men promises to provide sensational scenes in this congress, as Rendon's wife has petitioned the

Crop Quality Beats World.

WINNIPEG, Sept. 15.—(Can. Press)—Statistics of the new crop now rolling eastward, are most gratifying. On today's market were 2445 cars of wheat, 21 of which graded No. 1 hard, 984 No. 1 northern and 1376 of contract grade, or about 87 per cent. of the total. No country in the world can show a crop of such splendid quality. Western Canada, itself, has never equaled this, and it has been some producer in its day. With 1000 cars in sight tomorrow, receipts promise to be quite as heavy.

THAW WILL BE IN COURT TODAY

Meantime Law Protects Him From Kidnapping—Jerome's Captor Arrested on Old Charge.

COLEBROOK, N.H., Sept. 15.—(Can. Press)—The judicial branch of the United States Government assumed joint guardianship of Harry K. Thaw tonight. By virtue of a writ of habeas corpus issued at Concord on Saturday last, United States Marshal E. P. Nute became one of the Massachusetts fugitive's custodians, and tomorrow morning he will be taken to Littleton, N.H., and produced before Judge Edgar Aldrich in the United States district court.

The writ was obtained by Thaw's lawyers as a weapon against William Travers Jerome, in case Jerome should essay forcibly to get Thaw across the New York border. Before the federal court tomorrow they will seek to have the writ continued to safeguard their client should Gov. Peckham find against Thaw in the extradition hearing at Concord probably on Wednesday.

Jerome will object to the continuance of the writ and insist on an immediate hearing, even tho there is a possibility that Thaw may be released from custody.

Marshal Nute reached here today with the writ for Thaw's appearance at Littleton tomorrow.

Tit for Tat.

Thaw spent an uneventful day. Only once did he leave his hotel, and that was to get shaved. He heard with interest that John Andrews, the Coaticook constable who arrested Jerome on the charge of gambling, of which he was subsequently exonerated, had run afoul of the United States immigration law. Tonight Andrews was held here in the custody of Charles Keller, Colebrook's chief of police, pending the arrival of George R. Allen, a United States immigration inspector, stationed at Island Pond, Vt. Allen telephoned that he had a warrant for the arrest of Andrews, charging him with assisting a pauper woman to enter this country in violation of the immigration laws.

Andrews said tonight that he was a livery man, a native of New Hampshire, also he had lived in Coaticook for nearly 20 years, and knew nothing of the charge against him.

Jerome said tonight that he had heard on the day of his arrest at Coaticook that Andrews, his captor, was wanted in the United States for alleged violation of the immigration laws, but that he (Jerome) had had no part in the arrest today. Thaw, indignant, characterized the whole affair as a piece of spite work.

Inspector Allen took charge of Andrews shortly before 10 o'clock. He said he was under indictment returned by the federal grand jury at Windsor, Vt., in May of this year. It is charged that the offence was committed in October, 1912, when Andrews with others smuggled the pauper woman into the United States from Coaticook to Reading, Mass. The maximum penalty for the offence is a fine of \$1000 and two years' imprisonment.

TWO ON TRIAL FOR BIG BANK ROBBERY

VANCOUVER, B.C., Sept. 15.—(Can. Press)—General interest in the new Westminster assizes opening today, centres in the case against Charles Dean, charged with complicity in the \$270,000 Bank of Montreal robbery, two years ago today. Martin Powell, also charged and recently extradited from Detroit, will arrive at New Westminster tomorrow. John McNamara is at present serving a nine year sentence on the formal charge of stealing the automobile, in which the three are alleged to have fled after the robbery. It was only upon the automobile stealing charge that the police were able to extradite him.

The Author of "The High Road." Edward Sheldon, author of "The High Road," has already earned a life competence in playwriting, and he is only in his twenty-eighth year. HURLED HIMSELF INTO NIAGARA WHIRLPOOL

John Hawkins, Who Tried to Kill Himself on Saturday, Succeeded in Jumping From Lower Steel Arch Bridge Into the Water, Two Hundred Feet Below.

NIAGARA FALLS, N.Y., Sept. 15.—(Special.)—A man believed to be John Hawkins, 68 years old, a molder who came here from Erie, Pa., on September 6, and attempted to leap from the lower steel arch bridge last Saturday evening committed suicide by plunging from the lower steel arch bridge into the whirlpool rapids, nearly 200 feet below, at 5 o'clock this afternoon. The description of the man tallies with that of Hawkins, who had not returned to the Waverly Hotel in Second street, where he boarded, since he left the place in search of work at 8 o'clock this morning.

Hawkins entered upon the bridge at the Canadian end. He walked along the sidewalk on the north side of the bridge, but infrequently used by pedestrians. When he reached the middle of the bridge, he began leisurely to climb the 4 foot railing. Swinging his left leg over, he perched his body for a moment on the rail. Then he drew up his right foot, and slid off into the river. The body disappeared immediately it touched the water.

Two Saw the Plunge.

Mrs. Jas. Donald and Mrs. Henry Sues of Niagara Falls, Ont., were the only ones who saw the fatal plunge. They were standing on the river bank, about 200 feet below the bridge, on the Canadian side, when they first noticed the man. He was at that time walking across the bridge. A moment later, they saw him stop, climb the rail, and take the awful leap. They reported the occurrence to Provincial Policeman Michael McNamara.

B. E. Coe, locktender at the American end of the bridge, saw the man cross to the Canadian side, earlier in the afternoon. Shortly after 3 o'clock, Coe told him a rickety. For two hours he remained on the Canadian side before making the plunge to death.

Clothes Tally With Hawkins'

The stranger was about sixty years old, Coe said, and impossibly. He was about five feet four inches in height, and weighed about 170 pounds. He wore a blue coat, light gray trousers and a black soft hat, the same apparel Hawkins wore when he left the Waverly Hotel this morning.

Saturday evening Hawkins attempted to take his life by leaping into the river from the lower bridge. Robert St. Clair and John Robertson, returning from the Canadian side, saw him climbing the railing at almost the identical place he scaled today. They fought with him for fifteen minutes, and finally succeeded in reaching the American end of the bridge. Hawkins gave his rescuers his name, and they put him on a street car, telling him to go home. This morning Hawkins appeared to be in uncommonly good spirits. Other guests at the hotel say.

Laurier Henchmen Implicated in Questionable Land Deals and Ax May Fall Any Moment.

OTTAWA, Sept. 15.—(Special.)—There is much excitement in the civil service over the report that several prominent officials who were under the Laurier administration and still in the service are to be removed for improper conduct in connection with the sale of public lands and timber areas and Indian lands.

T. R. Ferguson, K.C., of Winnipeg, was retained by the Borden government to investigate the conduct of the officials and enough has been unearthed to call for the removal of a deputy head, and the head of a branch. It is believed that others are implicated in questionable acts. It is said that the officials had an interest in the syndicates that got the lands.

It is also said that some surprising finds were made months ago in connection with the Transcontinental railway.

Some kind of a government statement and action in regard to these men will be forthcoming at any moment.

The Feel is in the Air for Overcoats

The early cool spells are really more trying on the constitution than later on when you expect the cold weather as a regular thing.

Now is the time to buy an Overcoat.

Whether it be a medium weight or a good solid one for winter use, our immense range of patterns and fabrics makes it easy for you to select a coat, and our range of prices have been graded so that every man can buy one, even if his price be as low as \$7.50.

Every correct style is here, from the nifty young man's collegian models to the styles for men of mature years and quiet tastes.

We can fit most every build of man that walks because our expert tailors know how to make garments for each figure.

We never try to force a regular make upon a stout man, nor vice versa. That style of merchandising has gone with the dark ages, when clothes making was only in its infancy and one style was supposed to fit every man.

We are featuring, among other lines, four shades of chinchillas from the famous mills of Karr & Co., of England. These cloths surpass in value anything that has ever been shown by any house in Toronto—for fineness of weave and beauty of finish.

We have also kept the prices moderate for this class of materials and good dressers will fully appreciate what we have done for them upon inspection of these magnificent Coats.

Don't be a cheap tailor man, be a good dresser and wear ready-to-wear garments that have all the chic style and snap and are all ready for you to slip into. Buy your Clothes from a reliable house upon whom you can always rely upon getting a square deal for your money. "Come on along" to

LABOR CONGRESS ALL NEXT WEEK

Important Sessions Will Be Held in Montreal—Prominent Speakers.

TOM MANN TO BE THERE

Famous British Labor Leader Will Be Centre of Attraction.

That Tom Mann, perhaps the most prominent figure in labor circles throughout the world, will be present at the Labor Congress which opens at Montreal next week, was the announcement made to The World by James Simpson yesterday. The great St. Nicholas leader of Great Britain, who took charge of the dockers and tramway men's strike in Liverpool two years ago, and who threatened to take all the tramway men of Great Britain out unless the demands of the men were acceded to, has been on a tour of the United States, and will be one of the biggest centres of attraction at the largest labor convention yet held in Canada. Other figures of international reputation will also be there to deal with issues which loom large in the labor world, including Will Thorne, the fraternal delegate from England, who will represent the British Trades Union Congress, and J. McSorley, the fraternal delegate from the United States, who will be present on behalf of the American Federation of Labor. It is almost certain that the Montreal convention will be the largest yet held, considering the 100 which will form Montreal's quorum, the 70 delegates expected from west of the great lakes, the 50 men who will represent the territory from Fort William to Montreal, and the 75 who are expected to represent the labor unions east of Montreal.

Among the important matters which will come up for discussion are the old age pension, workmen's compensation, technical education and immigration. The action of the authorities in connection with using the militia to prevent the union men from picketing and other strike tactics during the coal strike of British Columbia, as well as the question of seeking affiliation with the trades unions of foreign countries in an endeavor to establish that long-cherished ideal of humanity, international peace, will also be under discussion, and great results are expected to accrue from the actions taken at the scene of next week's deliberations.

Some of the reports to be presented which are calculated to be a great deal of interest are those of Mr. Simpson, the labor representative on the Industrial Training and Technical Education Commission; Fred Bancroft, the vice-president of the Trades and Labor Council of Canada, on "The Workmen's Compensation for Ontario and Old Age Pensions for the Dominion," and President James Vesterous of the Canadian Trades and Labor Council, who will report to the convention on legislation in the interests of labor passed at the last session of the Dominion Parliament. P. M. Draper, secretary of the Trades and Labor Council of Canada, will also present his report as the Canadian delegate at the British Trades Union Congress held this year.

An important matter to come up will be the recent investigation conducted in the steel plants and coal mines of Nova Scotia, where both wages and working conditions are said to be greatly in need of a remedy.

Next Sunday night, on the day before the opening of the convention, Mr. Simpson will give an address in St. James' Church, Montreal, which is the largest church in Canada, and on Wednesday night of next week in connection with the convention addresses will be given by William Thorne, M.P. of England, and Messrs. Simpson of Toronto and J. M. Wilkinson of Vancouver.

LATEST BOOK IN PICTURE AND PROSE

Interesting Story of Unusual Country and People Told in Bright Word Pictures.

As previously announced The World is presenting to its readers "Panama and the Canal in Picture and Prose." This latest book was written by Willis J. Abbott, the well-known writer on international subjects and is the acknowledged reference work of the great waterway. It is a beautiful large book, fully double the dimensions of the usual size novel, printed from new type bound in tropical vellum cloth, with the title stamped in gold and inlaid with a beautiful color panel showing the famous Colubra cut. It contains more than 500 splendid illustrations, which include magnificent water color studies reproduced in full pages in all their natural beautiful colorings.

While the older members of the family will gladly welcome this book, the children should also familiarize themselves with its contents, for it contains valuable knowledge concerning the new little "old" strip of land between the two Americas. It acquaints you with the people of Panama and the canal zone telling you of their appearance, their dress, their home life, their social life, their industries, their sports and pastimes. This is not only entertaining but it is highly important information from an educational viewpoint and should be read by every man, woman and child who is interested in the world's development and progress.

Under usual conditions this beautiful big book would readily sell for at least \$4, but realizing the world-wide interest in the Panama Canal, daily newspapers throughout the United States and Canada are making this great distribution for the benefit of their readers, recognizing the fact that exact knowledge on this timely subject is an essential part of the education of all who would advance. So for a short time this volume will be presented to readers for only six certificates and the small expense amount named therein to cover the expense of distribution.

SHE HAS A SILVER JAW.
JOLIET, Ill., Sept.—Elizabeth Newcomb has a solid silver lower jaw as a result of a third operation for a disease contracted in match factories. The case has received the attention of the dental fraternity and numerous photographs of the operation were taken. Physicians say the girl, who is seventeen, will retain her jaw and be able to use her sterling silver jaw as well as if it were not artificial.

CHURCH STREET PROPERTY JUMPS

Assessment on Labor Temple Land is Four Hundred a Foot.

The city assessment department is a very busy office these days while the members of the staff are preparing the assessment rolls for ward three for the return of the city clerk. Property owners in ward three are receiving their assessment notices, and one remarkable feature is the sudden rise in Church street values. One striking increase is that of the assessment on the Labor Temple. When this property was taken over by the company in 1904 the land was assessed at \$70 a foot, but ten years later it had risen to \$100 a foot. The total assessment of the property, including the building, has increased from \$15,100 in 1903 to \$25,000 in 1913. It is likely the returns will be ready for tomorrow.

CANADIAN GENERAL ELECTRIC. Takes Over the Stratford Mill Building Company.

Some time since the Canadian General Electric Company, Limited, acquired, by agreement with the Allis-Chalmers Company of the United States, the right to manufacture and sell exclusively in Canada their various lines of manufacture. The Canadian General Electric Company, at their various works have sufficient equipment for manufacturing most of the apparatus for which these rights were acquired, such as hydraulic machinery, saw mill machinery, mining machinery, etc., but have no equipment for the manufacture of flour mill machinery, grain elevator equipment, etc., such as manufactured by the Allis-Chalmers company, and in order to be fully equipped to take care of all business offering in this line, the Canadian General Electric Company have just acquired by purchase all the plant and assets of the Stratford Mill Building Company, at which plant in future will be manufactured not only the well-known lines of flour mill machinery,

hereof manufactured by the Stratford Mill Building Company, but also the wider range of machinery and equipment as produced by the Allis-Chalmers Company.

Mr. William Preston, who has been the president of the Stratford Mill Building Company, will continue actively identified with the flour mill machinery business, as manager of the flour mill machinery department of the Canadian Allis-Chalmers Co.

SON EXONERATED FROM ALL BLAME

In Connection With Death of James Gaynor After a Quarrel.

"ACCIDENTAL" VERDICT Chief Coroner Explained Why He Decided to Hold an Inquest.

The case of George Gaynor, who was a witness to the death of his son, James Gaynor, 327 Mutual street, Saturday, Sept. 14, 1913, was cleared up last night at the morgue, when Chief Coroner A. J. Johnson's jury returned a verdict of death thru heart failure, and not from any unnatural cause.

All the evidence was to the effect that young Gaynor, returning home in an intoxicated condition, entered into a heated argument with his aged father regarding money matters, and a statement which the housekeeper was said to have circulated about him. The father became very angry upon hearing his son, and being subject to heart trouble, fell to the floor unconscious, dying in a few minutes. The son testified that he was walking towards his father when he noticed him away on his feet, but before he could reach him he had fallen, striking his head on the floor.

Coroner Johnson, in his address to the jury, stated that he believed that Mr. Gaynor died thru heart spasm caused thru over-excitement, and he thought he could have closed the case himself, but it was to allow George Gaynor, the son, a chance to clear himself that he had empaneled a jury. It was one of those unfortunate cases where a man was placed in an unfavorable light, and for his future benefit the above verdict was returned.

SLICK BUNCO GAME WORKED IN VIENNA

United States Tourist Doctor Loses Thousand to Strange Benefactor.

VIENNA, Sept. 14.—A number of American confidence men have made their appearance in Vienna and have been quite successful. A few days ago they robbed A. J. Caldwell, an American doctor, of Corpus Christi, Texas, of \$1000.

Dr. Caldwell was in the bar of a hotel when a man pretended to take a liking to him. The two spent several days together sightseeing, frequenting theatres, etc. Finally one day, while they were in a restaurant, another man walked up to them and dropped his pocketbook. Dr. Caldwell picked it up and handed it to him. The man was so pleased that he joined the company.

He introduced himself as Mr. Ryan and said he was traveling to Rome with his wife, Father O'Reilly. He further said he had received an inheritance of \$60,000, which he was to distribute for charity, and he offered to give the doctor and his companion double the amount each had in his pocket to distribute in charity in America.

Dr. Caldwell's companion, calling himself Mr. Lewis, gave Mr. Ryan \$4000, while Dr. Caldwell himself gave up \$1000 in traveler's cheques. Mr. Ryan was to give them the money immediately, but he had first to go out of the restaurant for a moment. Before going he asked Dr. Caldwell to hand him over his gold ring so that he could have the measure for a new ring which he wanted to present to his wife.

Mr. Ryan went out and when he did not return Mr. Lewis also left to Dr. Caldwell.

STOP ACCIDENTS ON CITY STREETS

Policy is Being Framed by Representative Bodies in Toronto.

MEET ON WEDNESDAY

Board of Trade Has Taken Great Interest in the Matter.

The campaign to minimize the accident and casualties on Toronto streets is away to a good start. The invitation of the Ontario Railway Board for traffic and vehicle representatives to convene, to this end, might have been a mandate compelling attendance so great was the number who came to the first meeting yesterday. Before the day closed, it became evident that the delegates to co-operate in such a movement as close to the hearts of all the representative men present. As a result, a committee was organized and preparations were made to launch out into an active policy. The exact nature of the work to be done is being decided at a meeting in the Board of Trade Building tomorrow, at 6 o'clock.

Varied Interests. To an audience comprising delegates from the board of trade, Canadian Manufacturers Association, Toronto Railway Co., Metropolitan Railway, Ontario Motor League, board of education, and other organizations, Chairman D. M. McIntyre pointed out the obvious necessity of avoiding the "alarmingly increasing number of street accidents." The board had not money to back up an anti-accident campaign, but they had the spirit and were merely waiting the settlement of a proper policy. American cities were educating young and old in the way to avoid injury from street accidents. The board had not money to back up an anti-accident campaign, but they had the spirit and were merely waiting the settlement of a proper policy. American cities were educating young and old in the way to avoid injury from street accidents.

Not So Strict. President Oliver Hezelswood of the Ontario Motor League, pointed out that legislation on careless pedestrians was not so strict here as in other cities. Moreover, drivers of all vehicles, as well as motorists, should be made to follow the same traffic rules in rounding corners.

Peasant Boy is Rapid Traveler

Covers Seven Thousand Miles in Period of Eleven Days.

SAN FRANCISCO, Sept. 15.—From his home in the Pyrenees, Henri Michel, a peasant boy, is to be brought to his uncle's ranch near El Varano, Sonoma county. In just eleven days from the time the little fellow leaves the wild and mountainous region of his home, the peaceful valley of Sonoma, dropped out of the clouds, as it were, to this country, he has spent in scaling precipitous snow-clad peaks, it will be a transformation.

Shooting with Peers is Costly

Price Varies Per Schedule From One Hundred to a Thousand.

LONDON, Sept. 16.—"A peer has a vacancy for one gun in a shooting party in Kent. Pheasants, partridges and mixed game; twenty miles from London."

Thus read an advertisement in The Daily Citizen and the Labor paper, to send a man out to ascertain "in what circumstances such hectic delight as a day's shooting in aristocratic company might be attained by a mere commoner." A round of agents who handle such advertisements as the one quoted produced the following schedule:

"Approximate tariff for a day's shooting near London, this morning, is as follows: With two politicians among the guests, \$100."

"Scotland shooting not considerable, but party includes a foreign nobleman, a rich and a wealthy American woman, \$300."

"Near London, twenty miles, the shoot includes two society scoundrels and an oriental rank, \$450."

"North Wales, specially exclusive party, including two titled diplomats, \$500."

"Scotland, the estate borders on one over which a party of peers is shooting, \$1000."

One of the agents said: "Quite a number of people of good standing help to maintain their game stocked in this fashion. The price depends very much on who are the hosts and who are the guests. The prices quoted have been taken haphazardly, but I have had shoots on my list at much higher figures. At the moment the prices are low, for most of the parties have been made up by this time."

EXPLOSION KILLS FIREMAN

SARNIA, Sept. 15.—(Special)—Word has been received here of a fatal accident that happened on the steamer Stephen G. Hall at Blind River. The steamer had loaded lumber for Detroit and Walkerville and was proceeding out of Blind River when a big boiler exploded, killing the fireman, Archie Srenor, of this place. The body was taken ashore and shipped to his home here for interment. The deceased fireman was 23 years of age and is survived by his widow and five children. He formerly resided at Trenton.

Taylor Must Face Charge of Murder

Coroner's Jury Says Charlie Dawson Died at His Hands.

BRANTFORD, Sept. 15.—(Special)—A verdict was returned here this afternoon at the inquest into the death of Charlie Dawson, that the boy came to his death at the hands of James Taylor. The jury was out only a short time, the evidence being preponderantly against the prisoner. Taylor himself, after his confession, was not called upon to testify. No new facts were adduced by the half dozen witnesses here.

Taylor will face the charge of murder before Justice Kelly on November 11.

KING WORKING FOR PEACE OF IRELAND

Report Says He's Trying to Avert Home Rule Crisis.

MAY BE A REFERENDUM

"Accept Principle of Bill, Then We'll Confer," Declares Redmond.

LONDON, Sept.—Political gossip in reference to home rule has recently been concerned a great deal with rumors that King George is making efforts to a settlement. The latest contribution to the subject is by a Sunday newspaper, which asserts that the King is exerting himself as a peacemaker with a view of averting the threatened crisis when the bill becomes a law and the Ulster Unionists begin their threatened disturbances.

The statement in the paper is based mainly on the fact that Lord Lansdowne and Bonar Law, the Unionist leaders in the lords and commons respectively, have been visiting the King in Balmoral. Bonar Law is still there.

These visits are now extraordinary and they do not necessarily imply that anything of the kind alleged is going on, although it is not thought that the Irish question is avoided in the conversations.

May be a Referendum. According to the story referred to, the King is going to be asked to attempt to reach a compromise as proceeding in the question of home rule to the country by means of the referendum, although if some line of less resistance can be found this solution is not likely to be adopted. It is added that no immediate developments are expected.

Premier Asquith is going to Balmoral at the end of September and he will be the last minister in attendance on the King before the court comes south for the wedding of the Duchess of York and Prince Arthur of Connaught. It is suggested that the premier may meet one more of the Unionist leaders at Balmoral during the visit.

John Redmond, the Irish leader, replying to an inquiry as to his opinion of Lord Loreburn's suggestion of a conference on home rule, sent the following telegram: "I do not see the use of a conference of home rule and the principle of home rule as well as the principle of the House of Lords. I would approve of a conference on the details of home rule as accepted as the basis for such a meeting. The home rule bill must go through."

Lord Loreburn said Sir Edward talked about ferocious riots. They were not going to be merely spasmodic riots, he declared, because if the government persisted in the home rule bill its administration in Ireland was going to be made impossible no matter what might be the result. Every act of the government, Sir Edward said, would be steadily and persistently opposed and the Unionists would be subject to a home rule parliament in Dublin. It was a question of separate nationalities whose two views as to what was best for the preservation of their freedom were irreconcilable. Until that was recognized, Sir Edward said, it would be utterly useless to hold a conference which must be abortive.

Again referring to prospects in Canada, Lord Manners expressed the greatest concern in its increased prosperity. The present Baron Manners of Christchurch, Hanis, is the hereditary head of the family and its representative in the house of lords. He was commissioned a lieutenant in the Grenadier Guards and held a captaincy in the Hanis Regiment.

Lord Manners, who is accompanied by his daughter, leaves today for Niagara Falls, and from there will proceed to New York, sailing on the SS. Celtic on Thursday.

TAYLOR MUST FACE CHARGE OF MURDER

Coroner's Jury Says Charlie Dawson Died at His Hands.

BRANTFORD, Sept. 15.—(Special)—A verdict was returned here this afternoon at the inquest into the death of Charlie Dawson, that the boy came to his death at the hands of James Taylor. The jury was out only a short time, the evidence being preponderantly against the prisoner. Taylor himself, after his confession, was not called upon to testify. No new facts were adduced by the half dozen witnesses here.

Taylor will face the charge of murder before Justice Kelly on November 11.

Use Gibbon's Toothache Gum. Sold by all druggists. Price 10 cents.

There must be something like a cigar to boost its sales up into the millions. It might not be so wonderful for a short period; but both Tuckett's "CLUB" and Tuckett's "MARGUERITE" are old favorites. They are sold by tobacconists all over the country and have been for years. Clear Havana "filler"—Flor de Vuelta tobacco—which attains a mildness, sweetness and ripeness known to few other places in Cuba, these cigars have consistently maintained a standard that has given them the preference amongst good smokers everywhere.

Lawn Tennis The Last Open Final

BAIRD AND GLASSCO LAND THE DOUBLE

Ontario Lawn Tennis Championships Concluded Except in Novice and Handicap.

The finals in the men's doubles championship were won yesterday somewhat easily by Baird and Glassco in straight sets. Both played sterling tennis and did not give their younger opponents a chance. The most interesting match of the day was a double in which Glassco and Meldrum defeated Miss Brown and Mrs. Williams. This game was a pretty one to watch, with many exciting rallies. This makes the match even, and one regrets that the deciding game could not be played. The American champions are, however, leaving today, much to the regret of all. From minus thirty, Mrs. Williams and Miss Brown won the ladies' handicap doubles. Results: Men's Championship Doubles—Final, Baird and Glassco defeated Fellows and E. Bickle, 6-1, 6-1, 6-2. Ladies' Doubles Handicap—Mrs. Williams and Miss Brown defeated Miss Evans and Miss Barry, 6-2, 6-0 (final). Ladies' Handicap—Miss Kerr defeated Mrs. McLean, 6-2, 6-4, 6-2. Miss Kerr defeated Mrs. Cooper, 6-4, 6-2. Miss Kerr defeated Miss Toque, 6-4, 9-7, (final). Men's Handicap—Purkis defeated Stevenson, 6-3, 6-3. Purkis defeated Starr, 6-3, 6-2. Sinclair defeated N. Macdonald, 7-5, 6-4, 6-4, 6-2. Macdonald defeated E. Bickle, 6-4, 6-2. Sinclair defeated H. Bickle, 6-3, 6-2. TODAY'S PROGRAM. Men's Handicap—9.00 p.m.—Johnson v. Selner (to finish). 9.30 p.m.—Winner above event to play Sinclair. 9.40 p.m.—Purkis v. J. A. Dawson. 1.30 p.m.—Men's Novice. 1.40 p.m.—J. M. Macdonald v. Kingham (to finish). 5.00 p.m.—Winner above to play O'Hara (final). Other games if possible.

VARSITY'S INITIAL WORK-OUT JUST PUNTING AND RUNNING

Matt Conter Turns Out With Argonauts—New Don R. C. Team Call First Practice—Hamilton Situation Unchanged—Teams at Work in the East—Rugby Notes and Gossip.

The 1913 Varsity candidates had their initial workout last night, which consisted of punting and running. Honorary Coach Dr. Wright and Captain Jack Grayson had the squad in hand, and punting and running was all that was asked of the men. McDonald, who had held down the punting job two years ago, was out trying for a place on the team. Resume, last season with the team. Sheehy of Ottawa, Blackstock from the Alerts, and Red Carr, last year with early and is going to be the man to keep off the team. For the rest of the week kicking and weight reducing will be the rule. The Argonauts turned out 35 strong at Rosedale last night. Ross Hinkley took the squad thru a stiff pace for two hours. Matt Conter was among those present. He is a cousin of Dutch, possibly a better defence man and is already in finer condition than ever. At a special meeting of the Northern Rugby League at Aurora last night, it was decided that all fees should be paid for the season, and that there was no room for another club. The age limit is 19 years. The secretary is A. T. McKenney, 37 Cottingham street. Judeans have entered a team in the senior City League and will practice every night this week at the Technical school grounds. A meeting will be held at the club rooms this evening. All the members are requested to turn out. Balm Beach Junior O. R. F. U. team had 40 out at the beach last night for 2 hours. Practice will be held again on Wednesday and Friday nights at 8 o'clock. Mulvihill and Broderick of St. Mikes, Hamby of Jarvis, and Near, Trebilcock, Lawson and Cummings of the season's team composed the back division last night. Hamilton Times: It was rumored around town on Saturday night that a representative of the Ontario Rugby Football Union was in the city looking up the officials of the East Hamilton A. C. in order to get them to enter the team in the league in place of the rowing club. This report was denied by the East Hamilton officials this morning, and when Secretary McCormick was spoken to on the subject, he stated that it was the first thing he knew about it. "If they come they know what they are doing," he said, "but so far I have not heard from them."

BROOKLYN LANDS HERBERT IN DRAFT

St. Louis Americans by Far the Luckiest in the Baseball Lottery. CINCINNATI, O., Sept. 15.—One hundred and eight minor league players were selected for the draft today. The St. Louis Americans obtained 61 players by draft, while the National League annexed 47 minors at the drawing which was made here by the National League. The St. Louis Americans League Club was by far the luckiest in the draw, obtaining 21 players, more than any other club. Philadelphia Nationals three, Cleveland and Pittsburgh one each. The Americans got two each, while Washington and the St. Louis Nationals obtained one each. The drawing of the major league teams for Class AA and Class A players resulted as follows: St. Louis Americans 21, Detroit Americans and Boston Nationals 4 each; Chicago and Cincinnati 3 each; Chicago and Cleveland Americans 2 each; New York Americans, Washington, Philadelphia and St. Louis one each. The drawing of the minor league clubs for Class AA and Class A players resulted as follows: St. Louis Americans 21, Detroit Americans and Boston Nationals 4 each; Chicago and Cincinnati 3 each; Chicago and Cleveland Americans 2 each; New York Americans, Washington, Philadelphia and St. Louis one each. The drawing of the minor league clubs for Class AA and Class A players resulted as follows: St. Louis Americans 21, Detroit Americans and Boston Nationals 4 each; Chicago and Cincinnati 3 each; Chicago and Cleveland Americans 2 each; New York Americans, Washington, Philadelphia and St. Louis one each.

THE UNIVERSITY SCHOOLS RUGBY CLUB HELD THEIR FIRST PRACTICE YESTERDAY

The Dons practice tonight at Scarborough Beach at 6.15. A full turnout is requested. Ted White was out again with the T. R. and A. A. last night, also Penoyer, former of Wintons; Stouff and Pearce, some time with the Hamilton Alerts. They practise again tonight. The East Hamilton team are keeping up their work. They announce that they will play the combination team at Ottawa on Sept. 27. Rugby practice commenced yesterday at McGill under Coach Frank Shaughnessy and George Leung, who was elected captain at the meeting last fall. Among the players are Forbes, Kennedy, Paisley, Timmins, Waters, Bignall, King, Fisher, Lemay, Lavery, Mason, Wilkes, Wilson and Demuth. Ottawa's combination team at the first practice had no fewer than 44 candidates.

TODAY U. S. GOLF CHAMPIONSHIPS

English and French Champions to Perform—Geo. Cummings on the Job.

BOSTON, Sept. 15.—After being the scene of two weeks' hard practice, culminating in almost continuous play today, the picturesque course of the Country Club at Brookline was swept and dusted, and its 18 holes replaced by the 24th open golf championship of the United States which starts a few hours after sunrise tomorrow. The entry list of 168 players is the largest in the history of this event. It will be of international importance from the fact that among the starters will be players from England, France, Canada and Mexico, as well as home and foreign bred players from this country. John J. McDermott of Atlantic City, an Irishman by birth, but a product of the American caddy school of golf, will defend his title won for the second time at Bunker Hunt. There is scarcely a professional golfer of any prominence from Portland, Me., to Seattle, Wash., who is not in the work of the hat of stater, while, in addition, the amateur ranks will be represented by an unbroken string of top class players, champion, Jerome D. Travers of Upper Merionide, Pa. Interest in tomorrow's play which is the first of the two preliminary rounds of 18 holes each, will centre in the work of Harry Vardon of England, and Louis Sellen of France, who are the winners of the American open title thirteen and fifteen times respectively. The latter has many open events to his credit. George Cummings of Toronto and several other Canadian professionals will also play.

DUKE ARRESTED AS A BURGLAR

Had Broken Into His Own House When Policeman Caught Him. DRESDEN, Saxony, Sept. 16.—Arrested for climbing thru his own window at night and for stealing his own watch and wallet on entering, John Constantine, the Duke of Greece, was taken to the police station, where he was held for a night. The Duke of Greece, who is now in the city, was arrested by a policeman who was on duty at the Duke's residence. The Duke was found climbing through his own window at night. He was carrying a watch and a wallet. The policeman caught him as he was about to enter the house. The Duke was taken to the police station and held for a night. He was then released on bail. The Duke is now in the city, and is expected to leave soon. He is a member of the Greek royal family, and is the son of King George I of Greece. PRINCE NICHOLAS HAD WAR ENOUGH

He and King Constantine Endured Many Hardships in the Field. ATHENS, Greece, Sept. 16.—Nobody rejoices more at the conclusion of peace than the warring Balkan states than Prince Nicholas of Greece, who has always declared that he is no soldier, but prefers a quiet life with his family. Never is he so happy as when driving with his little daughters, Princesses Olga, Elizabeth and Marina, or taking them to the "movies," which flourish in this ancient city. Prince Nicholas was the censor, and doled out scanty news to a few war correspondents who were in the city. He was a member of the Greek royal family, and is the son of King George I of Greece. THE USE AND MISUSE OF GAS EXPLAINED

Light—its use and misuse—with special reference to the use of gas in the home. The use of gas in the home is a subject of increasing importance. It is essential that the public should be educated in the proper use and safety of gas. This pamphlet explains the various uses of gas, from lighting to heating, and provides detailed instructions on how to use gas safely. It also discusses the common causes of gas accidents and how to prevent them. The pamphlet is written in a clear and concise style, and is suitable for use in schools and public libraries. It is a valuable resource for anyone who is interested in the safe use of gas in the home.

DIRECTUM I. WINS PACE IN STRAIGHTS

Large Fields and Close Finishes on Opening Day Detroit State Fair.

DETROIT, Sept. 15.—Large fields, close finishes and two brilliant victories of horses driven by Andrews, marked the opening today of a five-day Grand Circuit harness meeting here, held in connection with the state fair. No records were broken, but fast time was made in several heats, and in the 2:09 trot, thirteen horses, the largest Grand Circuit field of the season, faced the starter. As expected, Directum I, making his debut on a western track, romped away with the 2:06 pace. Pressed for a time in the first heat by Flower Direct, the sensational pacer came to the front in the stretch, secured a safe lead, and came under the wire without really exerting himself. The second and final heat was all Directum's. He made the quarter-mile in 29 1/2 seconds against a stiff breeze, and won the heat in 2:03 1/2. Directum I, the favorite, was beaten in the 2:20 trot. The brown mare took the first heat, and in the second she was leading on the stretch, when she broke. Westerville Girl, driven by Andrews, passed her, and then took the succeeding heat. Directum I challenged the winner in the third heat, but was beaten thirty yards from the finish. The 2:18 pace was rather monotonous. It was a procession for Delroy and Margot, who finished the race in 2:18 1/2 and 2:19, respectively, in each of the three heats. Andrews twice led New Zelle to victory in the 2:00 trot. The gelding took the first heat clearly from Derby Boy, but in the second he was pushed to the limit by Lady's Gait. The time for this heat was 2:07 1/2, as compared with 2:09 1/2 for the first heat. Four races are carded for to-morrow, including the 2:12 pace for a \$5000 purse. Summary: 2:00 trot, three in five, purse \$1000—Westerville Girl, brm. (Andrews) 1 1 1 1 1. Directum I, ch. WOODGREEN CRICKETERS TURN THE TABLES.

Woodgreen and Grace Church II. C.C. met for their return fixture on Saturday at Riverdale Park, and a very interesting game took place. In the first match, Grace Church came out victorious by eight runs, but on Saturday last the tables were turned in decisive fashion. Woodgreen coming out on top by three wickets and 16 runs. Woodgreen won the toss and sent Grace Church to bat to face the bowling of Mayor and Worsen-croft, who were in excellent form. The former securing five wickets for 27 runs, and the latter five for 21. Thanks to the batting of Hill (11) and Rimmer (24, not out), Grace Church scored 69 runs, or Woodgreen, Swift played a careful game for 11 runs. Turner batted excellently for 18, and Mayor by hard driving to the off-field scored 29 runs. After having made 45 runs, their innings was declared closed. The score:

Grace Church: J. Hill, bowled Worsen-croft, 4; A. O. Jones, bowled Mayor, 7; Kirkpatrick, lbw, b Mayor, 7; Garrett, bowled Worsen-croft, 7; Braybon, c Bennyworth, b Worsen-croft, 2; R. Hill, bowled Mayor, 21; Flimmer, not out, 24; King, bowled Mayor, 2; Stanley, bowled Worsen-croft, 4; Derbyshire, b Worsen-croft, 8; Extras, 8. Total, 69.

Woodgreen: Swift, c and b J. Hill, 11; Bennyworth, bowled Braybon, 2; Macfeld, bowled Braybon, 2; Worsen-croft, bowled Braybon, 29; Mayor, bowled R. Hill, 7; W. Smith, bowled Braybon, 13; Turner, bowled Braybon, 12; Baker, not out, 17; Extras, 12. Total, 105.

NEW O.A.C. BUILDINGS. GUELPH, Sept. 15.—(Special.)—Rapid progress is being made in the work on the new dining hall building at the Ontario Agricultural College. When completed, this will be one of the most handsome of the college buildings. There will be ample accommodation for from 400 to 500 students, and in a pinch 600 students could find room there. It will not, however, be ready for this term. The agricultural building is practically completed and furnished throughout, and quite prepared for this term's work. The new dairy building is now in use, and occupied by only a comparatively small herd, kept chiefly for experimental work.

BARCELONA WAS INCLINED TO SAG

London Sent Lower Range of Quotations, Reflecting Profit-Taking.

GENERAL TONE FIRM

Cement Continued Rise of Last Week—Mining Market Dull.

The Barcelona traction bond received a slight setback yesterday, quotations on the local exchange following the lead of London, where closing price showed a material recession from Saturday's high point. The reaction appears to have been due to extensive profit-taking after last week's pronounced rise, a display of activity and strength, continued its upward selling above 36. In the afternoon it relapsed into idleness with the closing bid at 35. Brazilian showed a noticeable exception to the general steadiness was Spanish River, which closed at low as 15, but made a recovery toward the close.

MONTREAL STOCKS SHOWED STRENGTH

Power, Cement and Brazilian Were to Fore With Sharp Advances.

MONTREAL, Sept. 15.—New high levels for the movement were touched by a number of issues today. The specialties of the day were power, cement and Brazilian. The fact that the majority of the issues either held the advances already scored or made slight gains indicates the strong tone prevailing, a strength more impressive in view of the reaction that set in at New York.

LONDON MARKET CLOSED WEAKER

LONDON, Sept. 15.—Money was plentiful and discount and firm today. India bought at \$1,000,000 and Germany at \$1,000,000. The strength in Wall Street and the execution of week end buying orders gave the stock market a steady appearance in the forenoon, but an irregular tendency developed in the afternoon. Home calls were adversely affected by fears of labor troubles, but copper stocks had a good time in sympathy with the metal.

EASIER MONEY SMALLER YIELDS

J. S. Backe and Co. say: "The highest class bonds can be bought at 4 1/2 per cent. per annum to 4 3/4 per cent. on 5-year bonds, and 4 1/2 per cent. on 10-year bonds, and 4 1/4 per cent. on 15-year bonds. With a year of easier money to look forward to, it cannot be expected that these yields will be maintained. Investors having arrived at this conclusion are availing themselves of the present situation."

THE SITUATION

Western crop prospects excellent. Eastern crop prospects good. Apple crop poor. Building operations slack. Bank clearings declining. Railroad earnings fair. Money tight. Western collections slow. Bond market improving. Stock market dull. London market more receptive.

TAKING PROFITS WEAKENED PRICES

London Took Lead in Selling, But Stocks Showed Fair Resistance.

SAGGED AFTER RALLY

Stiffening of Money Rates Not Encouraging to Bull Manipulators.

NEW YORK, Sept. 15.—Realizing sales today checked the advance in stocks which was under full headway in the closing days of last week. The market absorbed heavy offerings of the favorite issues with comparative ease, and although there were material recessions in prices at times, no evidence of underlying weakness developed. Last week's rise was the only one of the leaders to retain some of its recent strength. This stock, influenced by its advance in the London market, rose a point, but later sold off with the general list.

MONTREAL STOCKS SHOWED STRENGTH

Power, Cement and Brazilian Were to Fore With Sharp Advances.

MONTREAL, Sept. 15.—New high levels for the movement were touched by a number of issues today. The specialties of the day were power, cement and Brazilian. The fact that the majority of the issues either held the advances already scored or made slight gains indicates the strong tone prevailing, a strength more impressive in view of the reaction that set in at New York.

Dominion Hotelmen Take Defensive to Combat Activity of "Freak Reformers."

WINNIPEG, Man., Sept. 15.—(Can. Press.)—In order to combat what are described as "certain legislative incongruities" the Hotelkeepers' Association of Canada will urge its members at the convention which will open in Winnipeg tomorrow, to "buckle on their armor" and go to work to build up a "fortification" against such measures.

WOODSTOCK CANDY MAKER

Commits Suicide in Fit of Mental Depression.

WOODSTOCK, Sept. 15.—(Special.)—William Lee of Light Street, who has been employed for twenty-five years as a candy-maker at the Bean & Westlake Biscuit Co., committed suicide early this morning by hanging himself. In some time past the deceased had had fits of depression, owing to ill health, and when he went home from work today at noon, he refused to eat dinner, and went upstairs. Some time later his wife went in search of him, and as she entered an unfurnished room, she was met by the sight of his body hanging from a beam. A rope, which his children had formerly used as a swing, afforded him the means with which to do the act, and after using it he fell from it and was found dead. He was 57 years of age, and is survived by his wife and seven children.

CONSTANTINE'S PARIS VISIT

PARIS, Sept. 15.—(Can. Press.)—It is officialy announced that King Constantine of Greece will visit Paris in August on September 20, when he will be received by President Poincaré. The visit may be intended to counteract the King's visit to Germany and his remarks there in praise of German military tactics in the Greek campaign, which gave offence to French instructors.

NEW TURKISH LOAN

PARIS, Sept. 15.—(Can. Press.)—The Petit Parisien learns that a Franco-Turkish agreement is about to be concluded authorizing a Turkish loan of 200,000,000 francs (\$140,000,000) in France. The agreement deals also with the question of Turkish customs, and provides for railway concessions to French companies in

WEAKER TONE IN GRAIN MARKETS

Unexpectedly Large World Shipments of Wheat Exercised Depressing Influence.

CHICAGO, Sept. 15.—World shipments larger than expected had a depressing effect today in wheat. There was a transient rally, but the market closed at a range varying from 1/4c net to 1/2c net in an advance of a shade. Corn finished with a loss of 1/4c to 1/2c, and wheat with a loss of 1/4c to 1/2c. The market was irregular, strong out of 10c off 1/2c up.

Receipts of wheat in car lots at the northwest primary points, with comparisons, are as follows: Monday, Sept. 15, 1913. Minneapolis 942, 916, 413; Duluth 1088, 1395, 1211; Winnipeg 1445, 146, 259; Chicago 94, 157.

ST. LAWRENCE MARKET. Receipts of farm produce were 100 bushels of grain, and 2 loads of hay. Hay—Twenty-two loads sold at \$16 to \$17 per ton for No. 1, and \$15 to \$16 for No. 2.

Wheat—No. 1, bushels, \$1.75 to \$1.80; No. 2, bushels, \$1.70 to \$1.75; No. 3, bushels, \$1.65 to \$1.70; No. 4, bushels, \$1.60 to \$1.65.

Barley—No. 1, bushels, \$1.10 to \$1.15; No. 2, bushels, \$1.05 to \$1.10; No. 3, bushels, \$1.00 to \$1.05; No. 4, bushels, \$0.95 to \$1.00.

Winnipeg Grain Market. Receipts were exceptionally heavy and with lower Liverpool cables wheat prices on the local market were easier, the close showing a loss of 1/4c to 1/2c. Cash prices were in fair demand at unchanged prices.

RADICAL CHANGES ARE RECOMMENDED

City Auditor Sterling Would Prevent Delay in Tax Collections.

Should Have Charge of All Employees in That Department.

City Auditor Sterling was asked by the city council to investigate the cause of the delay in the collection of the taxes for the past five years, and to recommend such changes as would prevent delay in the future.

He contemplates that extension of the dates by the city council for the return of the rolls is the main trouble in getting the rolls in, and that if the city council would not interfere with the return of the rolls on the part of the employees.

He recommends that taxes be paid in two instalments, that there be no discounts, and that interest be charged on arrears.

He suggests that the head collector could work out a plan to put the changes into effect.

Auditor Sterling notes that the collectors excuse delay in return of the rolls by the need for more assistance.

Also that the collectors are governed by the city council, and not by the treasurer. He corrects the general impression that the collectors deposit collections in their own names in the banks.

The recommended reorganization of the tax collecting department will not be discussed in a conference. It is eventually approved by the city council it will make tax collecting as sure a thing as are the taxes themselves.

MAY AFFECT G.T.P. WORK. Placer Stamped Near Telkwa, B.C. is Causing Anxiety.

VANCOUVER, B.C. Sept. 15.—(Can. Press.)—A dispatch last night from Telkwa, where there has been a stampede to a new placer find 110 miles southeast of Telkwa, expresses the fear that it may seriously affect construction on the G.T.P., as there are 5000 men now employed within a radius of 125 miles of the new find.

A lack of provisions for men in the field is causing anxiety, as every pack horse is on the trail.

ATLANTIC COMPANIES' WAR Canada May Benefit as Result of Quarrel Over Emigrant Traffic

OTTAWA, Sept. 15.—The Atlantic steamship war is dealt with in a report of the trade and commerce department today. In all probability, the result of the quarrel that has broken out between the North German Lloyd and the Hamburg American lines with regard to the division of the North Atlantic emigrant passenger traffic will be to provide this fall additional facilities for the transportation of Canadian produce to German ports via Boston and Baltimore at low rates.

NEW INSURANCE COMPANY STARTS

Empire Life Company Will Specialize in Under Average Lives.

The latest development in Canadian life insurance is the formation of the Empire Life Assurance Co., a Toronto concern which will specialize in under-average or sub-standard lives. This is a new departure for a Canadian insurance corporation, and for that reason its progress will be closely followed.

A well-known English company, the Colonial Medical and General, has specialized in sub-standard risks for nearly a century with satisfactory results. It insures those who at one time or other have been declined by life insurance companies. Also these persons often live long and active lives, they are not up to the standard required by ordinary life offices, and are therefore classed as sub-standard.

It is a well-known fact that when a man finds he has been listed as under-average he is all the more anxious to secure insurance and that he begins to take better care of himself. Hence it is that sub-standard insurance is a profitable business.

The Empire Life has a hundred capital of \$1,000,000 in 10,000 shares of \$100 each, and is issued at a premium. Hon. Thomas Crawford of Toronto is president.

DISMISSALS MAY FOLLOW REPORT

Government Officials Implicated in Alienation of the Public Domain.

OTTAWA, Sept. 15.—An interim report has been made by Mr. T. R. Ferguson, K.C., of Winnipeg, who was appointed by the government to make an inquiry into the alienation of the public domain under the Laurier regime. It is understood that the report is of a startling character, and implicates several prominent government officials, whose dismissals will be asked for. No action will likely be taken until the return of Hon. D. Roche, as most of the officials involved are in the department of the Interior.

A Wonderful Display of New Carpets and Rugs

The floors of our Carpet Department are crowded with an enormous range of new and very attractive Rugs and Carpets. Our buyer has just returned from Europe, having spent many weeks, visiting the best manufacturers in England, France and Germany, searching for choice unusual floor coverings, as well as securing some splendid values, which we know will be appreciated by careful buyers.

We have given very special attention to the selection of Oriental Rugs, large and small sizes, and to the assembling of a unique stock of fine quality seamless Wilton Rugs.

Oriental Rugs

In this department, among the large Rugs, there are several beautiful specimens of Kirmanshah, Hamadan, Meshed, Anatolian and Chinese Rugs.

One is a light drawing-room Rug, in a close, firm quality; the colors are champagne, rose pinks, greens and cream; a wonderful medallion effect, very silky and rich. Size 13 ft. 3 in. x 10 ft. 2 in. Price 201.75

Another splendid specimen, suitable for a dining-room, living-room or library, is a rich, warm red Meshed, in handsome medallion design, with deep, lustrous blues and tans. Size 10 ft. 1 in. x 8 ft. 2 in. Price 152.35

We have secured a fine lot of thick, rich, silky Kazaks, for dens or halls, in very useful sizes, mostly in soft copper, rose, blues and tans; average sizes about 8 ft. x 5 ft. 8 in. x 6 ft. 9 in., and 10 ft. x 6 ft. Prices range from 65.00 to 115.00

SMALL ORIENTAL RUGS AT VALUES THAT ARE EXTRAORDINARY.

A splendid bale of nice, silky Daghestans and Cabistans, only about 60 in this lot, very choice and priced very low, average size about 5 ft. 6 in. x 3 ft. 6 in., at 13.75, 23.75 and 29.50

Another bale of 40 pieces of fine Kirmanshahs, Small Rugs, nice quality and beautifully colored, in shades of rose, tan and blues, average size about 6 ft. x 4 ft. Exceptional value, each 57.00

Superb Seamless Wilton Rugs

Never before has it been possible to make such a wonderful display of these rugs, woven entirely without seam. For the past eighteen months our manufacturers have been busy, specially preparing for us reproductions of the finest eastern rugs obtainable. In many cases they have had to secure originals at a cost of hundreds of dollars, in order to effectively reproduce the intricate detail and the delicate, delightful colors. These rugs are not obtainable elsewhere, being manufactured exclusively for the Robert Simpson Company. We have the greatest confidence in handling these fine qualities, which we know will give perfect satisfaction. The delightful blending of colors and unusual designs are not to be found in any rug other than the most expensive eastern rugs, from which they are copied. There is a large range of sizes, and a selection of from thirty to forty different designs, every one of which is woven entirely in one piece. When one considers the fine quality of these fine fabrics, the prices will be found to be very reasonable and only slightly in excess of those of the better grades of seamed goods.

Among this wonderful assortment, special attention should be given to three rugs which are quite unique in their style. One is a plain soft gray blue centre with an exquisite Ghiorde border, in tans and cream, being taken from an old sixteenth century prayer rug. Another reproduction displays extraordinary detail in both centre, corner pieces and border, the original being a priceless Kashan. The third is a rendering of the "Tree of Life" design, found in the early Persian Rugs, woven on soft wool or on old ivory grounds.

The following illustrate the various sizes made, with prices:

4 ft. 7 in. x 6 ft. 7 in.	16.00
5 ft. 7 in. x 7 ft. 10 in.	22.00
6 ft. 7 in. x 9 ft. 10 in.	35.75
7 ft. 10 in. x 11 ft. 1 in.	45.00
8 ft. 0 in. x 12 ft. 0 in.	59.00
9 ft. 10 in. x 13 ft. 2 in.	75.00
10 ft. 0 in. x 14 ft. 5 in.	85.00
11 ft. 6 in. x 14 ft. 1 in.	85.00

Brussels Rugs

Their peculiar advantages are so well known to experienced housekeepers that it is unnecessary to enlarge upon them. In this season's selection most of the designs are small and refined, suited for almost any room, the especially attractive feature about them being their beautiful colorings. Among them will be found small Persian effects full of interesting detail, as well as small conventional and self-color effects. In addition to the large range of designs and colors, we have been careful to supply also a big range of qualities to meet the requirements of almost everyone. We quote two qualities below, representing two grades we can recommend with every confidence, being the products of the best English manufacturers:

6 ft. 9 in. x 9 ft. 0 in.	12.50 and 13.50
6 ft. 9 in. x 10 ft. 6 in.	14.50 and 15.75
9 ft. 0 in. x 9 ft. 0 in.	16.75 and 18.00
9 ft. 0 in. x 10 ft. 6 in.	19.50 and 21.00
9 ft. 0 in. x 12 ft. 0 in.	22.50 and 24.00
11 ft. 3 in. x 12 ft. 0 in.	25.00 and 30.00
11 ft. 3 in. x 15 ft. 6 in.	31.25 and 33.75
