The copy filmed here has been reproduced thanks to the generosity of:

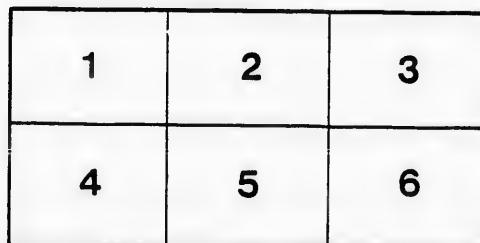

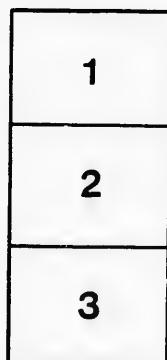

D. B. Weldon Library  
University of Western Ontario  
(Regional History Room)

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol → (meaning "CONTINUED"), or the symbol ▽ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

D. B. Weldon Library  
University of Western Ontario  
(Regional History Room)

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plet et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plet, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "A SUIVRE", le symbole ▽ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

## NEXT ATTRACTION

THURSDAY, OCTOBER 19th.

THE MADISON SQUARE THEATRE SUCCESS,

## J·A·N·E

Manager Root begs to announce that Miss Kitty Cheatham, late of the Daly's Theatre Company of New York, London and Paris, in that "Queen of Comedies," JANE, supported by the principal New York Cast, including Mr. Robert Cottier in his original character of "William" under the direction of Mr. Charles Frohman of New York, will be the attraction at this Theatre next Thursday evening. The engagement is limited to one night.

The popular fame of this charming little play and praises that have been unhesitatingly sung of it by word of mouth, as well as in public print, would make further announcement needless, yet it seems proper to recall for a moment the interesting incidents that distinguish the American career of "Jane."

The comedy had attained the "mature age" of nearly 300 consecutive performances in London, England, before its suitability for American audiences was appreciated.

It remained for Mr. Charles Frohman to readily discern this fact while abroad two years ago. He returned to the States with the control of the play, though without any definite idea what special use to make of it.

It was not long after his arrival in New York that Mr. Frohman had the opportunity to present it at the Madison Square Theatre and scored there a marvelous run for the piece.

Briefly told, Mr. Frohman saw the ideal comedy in "Jane," and since has presented it in the principal cities of the Union. His triumph was an immediate one everywhere.

"CHUMS," one of the popular "curtain-raisers" which is to precede "Jane," bears the stamp of popular recognition as a dramatic gem.
