Deaths and Prostr Due to Fierce Wave of Heat

**Sweltering Ontario Hoped in
Vain for Relief Yesterday—
Consumption of Water Great-
er Than Pumping Capacity,
and City Orders Discontin-
uance of Lawn Sprinkling.**

The record temperature of 101.1 degrees on Sunday received a knock-out blow at 2:30 yesterday afternoon, when the mercury at the meteorological office registered 103.2 degrees in the shade. This is a new high-water mark for local temperatures and surpasses anything the observatory officials have either seen or read about in the history of Toronto.

Two deaths occurred yesterday, more or less directly attributed to the excessive heat. Three are in hospital suffering from severe sunstroke, two cases being critical, while at St. Michael's and Grace Hospitals several more or less serious prostrations were reported as having been brought in during the day.

Mrs. Charlotte Cresswell, 30 St. Mary-street, was found dead in her bed at her home by her daughter.
Mrs. M. J. Wood, 1047 College-st., was found dead in the bathroom there. Death is said to be due to heart failure induced by the oppressive heat.

Victims from Sunstroke.
George Blank, whose address is unknown, and J. Kendon, 40 Gladstone-avenue, were taken to the Western Hospital at 7 o'clock last evening, suffering from sunstroke. At an early hour this morning both were still unconscious and in an exceedingly serious condition.

Another man, whose name was not learned, was in Grace Hospital suffering from sunstroke. This morning he is recovering consciousness and his condition is improving.

J. McCall, 1301 Balm-st., collapsed in Summerhill-avenue and was taken to St. Michael's Hospital, as was T. Smyton, William-street, a forger, who fell at Shuter's Garage-street. A boy who dropped in Ontario-street was also taken to St. Michael's.

Michael O'Brien, 139 Ontario-street, fell in Yonge-street. John Marlett, 4 McMurray-avenue, and Della Hookway, 49 Hamilton-street, and an employe at the G. T. R. freight sheds, were also taken to St. Michael's, where they are recovering.

Mrs. Bellenger, a guest at the Prince George Hotel, where she collapsed from the heat, was taken to St. Michael's. Her condition is not serious. Charles Davis, an employe of the Chamber of Commerce, was among those prostrated.

As soon as 6 o'clock passed last night everybody went for the house, the bath or a cool place, and it was found that the city water pressure, which is normal at 50 pounds to the square inch, was so reduced that by 1:30 Parkdale residents thought the supply had been turned off.

The waterworks officials explained that the excessive demand for water reduced the pressure and that the hard-street repair station at that time the gauge registered 53 pounds.

Ban on Lawn Sprinkling.
To keep the pressure sufficient for emergency purposes in case of fire, orders were issued to the police to make citizens turn off their lawn sprinklers. So much water was being used on lawns that the pressure in Parkdale, and more particularly in West Toronto, was very low. Waterworks Engineer Fenwick went out to ward seven to see if the water could be used to start the old pumping station running at the Humber, and thus give added water pressure to the west end. The low pressure persisting, it was found to be due to the lavish use of lawn sprinklers, and when the police stopped that procedure, the pressure mounted to normal.

Mills Shut Down.
PITTSBURGH, July 3.—The thermometer was "going up" all day, starting at 4 a.m., when it was 73, and touching the high point of 97 at 3 p.m. Between 4 and 5 p.m. there was a slight recession, but at 5 p.m. the mercury touched 97 again.

Meanwhile, in the government weather bureau the street temperature was beginning to shut down because of the danger of the ironworkers collapsing in the unbearable heat.

The Heat at Cleveland.
CLEVELAND, July 3.—The heat record for the summer was broken here today, when between 5 and 6 o'clock this afternoon the maximum weather bureau temperature on a high building was 94, while in the kiosk on the public square a temperature of 104 was registered. At 2 p.m. the kiosk temperature was 102. A number of prostrations were reported.

Broke the Thermometer.
TROY, N. Y., July 3.—To-day was the hottest July 3 in the history of the city, the thermometer registering 103 degrees in the shade and in the sun the mercury ran as high as 129. Several thermometers exposed to the sun were broken, the mercury reaching the highest point marked on the dial and then bursting the tube. There were several prostrations.

Ninety-Three at Montreal Sounds Cool
MONTREAL, July 3.—The heat wave which has been passing over Ontario, broke here today, the thermometer registering 93 degrees in the shade and 106 in the sun. The mercury was undiminished and the figures set up yesterday.

Slept on Boulevards.
Thousands again spent the greater part of the night out-of-doors. All along University-avenue, while families lay asleep on the grass and round the city hall terraces scores of people were attracted out trying to snatch a few hours' sleep.

The streets thru "the ward" were crowded with men, women and children, in "unders" uniform, sitting or lying anywhere, and everywhere there was an out-of-door community, the houses being practically deserted. The streets in the parks were again crowded with people, and thousands journeyed to the island to get some semblance of relief from the stifling heat of the city, but there was little advantage in crossing the bay. The water was dotted with canoes, motor boats and sailing craft in every description.

Relief Didn't Come.
With a half gale of relief nearly everybody in Toronto started the day yesterday morning with full anticipations that Sunday's temperature

AMERICAN CITIES WERE SWELTERING

Glass in New York World Building Marked 110—Many Deaths Reported.

NEW YORK, July 3.—The stage of oppressive hot weather continues throughout New York city.

To the maximum of 94.5 degrees, which the heat wave officially reached here yesterday, 93 degrees were added by to-day's maximum of 98, recorded at noon. To the list of 10 lives which succumbed here in yesterday's torrid tide, as many more were added today, while the list of prostrations officially reported ran upwards of a score. In the square the bulbs registered 95, while the glass on the World Building marked 110.

Up-state points reported similar woes. At the Cornell weather station in Ithaca, a temperature of 101 degrees, the highest since the station was established 30 years ago, was officially reported.

At 8 o'clock to-night the thermometer in New York City registered 86, warning the tenement dwellers to seek out the crowded parks and open spaces of the east side district. From the 30-story tower of the weather bureau there was still no relief in sight to-night for to-morrow. "Fair and continued warm" was the early forecast, but whether it would be worse for the holiday, the officials would not venture to predict.

At 10:30 o'clock this morning, when the mercury stood at 86, sufferers from the heat here found some balm in the fact that the meteorological office at the hottest place in the United States or Canada at that hour. The record was later eclipsed, however.

While at 10:30 o'clock the thermometer recorded since 1898, when 99 was registered, it falls 2 degrees short of a September day in 1881, when the city's record was established at 109 degrees.

Eight Prostrations in St. Louis.
ST. LOUIS, Mo., July 3.—For three hours today the mercury climbed from 90 degree, until at 6 p.m. the official government reading was 100. The government street kiosk recorded 108 at the same time. Eight prostrations were reported. At 7 o'clock to-night the temperature was 98.

Broke the Record.
NEWARK, N. J., July 3.—To-day was four degrees hotter than any other recorded here since the weather bureau was established. The official thermometer stood at 103 at 3 p.m., while bulbs on the street registered 111 degrees. Eight deaths and scores of prostrations were reported to-night.

Mills Shut Down.
PITTSBURGH, July 3.—The thermometer was "going up" all day, starting at 4 a.m., when it was 73, and touching the high point of 97 at 3 p.m. Between 4 and 5 p.m. there was a slight recession, but at 5 p.m. the mercury touched 97 again.

ROYAL PROGRESS THRU LONDON—THE KING SALUTES SOUTH LONDON MAYORS.

Will Hunt Bears With Bows and Arrows.
ATCHISON, Kas., July 3.—James M. Challiss and E. Z. Jackson, attorneys, and amateur archers of this city, left to-day for British Columbia, where they intend to hunt bears with bows and arrows. At Victoria, B.C., they will be joined by Will H. Thompson, a Seattle attorney, and Harry Richardson of Boston, champion archer of the United States.

ORRAN KENT DROWNED BATHING IN HUMBER
Young Man's Danger Was Not Observed by Companions Until It Was Too Late.
TAKEN by a cramp while unobserved by his companions bathing at the second bend of the Humber River, Orran Kent, 23 years of age, was drowned just as dusk was falling last night. The first that was known that the young man was in trouble was when he rose splashing to the surface. Just then, his companions saw, a canoe passed close beside him but made no attempt to render him any assistance. The spot where he was drowned has been the scene of other fatalities.

NAVAL PRIZE BILL HAS GOT SECOND READING
Tantum to Approval of Declaration of London—The Attitude of the United States.
LONDON, July 3.—The naval prize bill, which is tantamount to approval of the Declaration of London, the international agreement covering prizes in naval warfare, passed its second reading in the house of commons to-day. An amendment introduced by John G. Butcher, Unionist member for York, to defer consideration of the bill until reported on by a committee of experts, was defeated after a prolonged debate by a vote of 201 to 231. The bill passed without division.

VICTORY FOR MEN BEHIND GUN
Attorney-General Foy, acting premier of Ontario, has received the following telegram from J. L. Englehart, chairman of the T. E. L. Commission:
"To Acting Premier Foy, Parliament Buildings, Toronto:
"The first telegram from the Porcupine line of railway. Congratulations to the Whitney government and the men behind the gun, who have won the day."
(Signed) "J. L. Englehart."
Acting Premier Foy has telegraphed a reply as follows:
"J. L. Englehart, chairman T. E. L. Commission, Porcupine, Ont.:
"The government thanks you for the first telegram over Porcupine line, and congratulates you and your fellow-commissioners on the prompt and successful completion of that important branch."
(Signed) "J. J. Foy."

BOTH PARTIES REFUSED OFFER FOR SETTLEMENT
Conciliation Board in Western Mine Strike Seems to Be Having a Hard Time of It.
BANFF, Alta., July 3.—At a meeting of the conciliation board, held this morning, both parties positively refused to accept the proposals of Chairman Gordon, made Saturday afternoon and made public this morning. The operators submitted a brief written rejection of the proposals, stating that they contained terms and conditions to which they could not assent.

ITALIAN DROWNED AT SOO.
SAULT STE. MARIE, Ont., July 3.—(Special.)—Pietro Cicco, an Italian, aged 66, was drowned this evening at the New Ontario dock, while proceeding from construction work there to the dock in company with 11 other laborers. The men boarded a raft in order to make a short cut to the dock and Cicco was the last man to board it. The men had been warned not to use it. The raft overturned. Two other Italians were rescued in an unconscious condition. Many inquired after being in minutes in the water. Cicco was under water 18 minutes.

SUNDAY OBSERVANCE
Controller Church to Take It Up With the Board To-day.
The question of the local enforcement of the extremes of the Lord's Day Act by the board of police commissioners is causing much comment at the city hall and Controller Church will bring it to the attention of the board of control to-day.

SWIFT & CO. ACQUIRE PLANT AT WEST TORONTO
Chicago Packing House Will Make Union Stock Yards Nucleus of Large Industry.
The World is able to announce that arrangements have been made whereby Swift & Co., Chicago, will take over and operate the plant of the D. B. Martin Co., at the Union Stock Yards, West Toronto. The Martin Co. do not propose to withdraw from the business here, but will continue in the market and have their slaughtering done by Swift & Co.

SHAW WILL RECOVER
Farquhar McRae, Accused of Shooting, Remanded.
CORNWALL, July 3.—(Special.)—R. A. Pringle, K.C., of the firm of Pringle & Smith, Cornwall, has been retained by the defence in the case of Farquhar McRae, accused of the shooting of William Shaw, the Carp druggist, at Bridgton on the afternoon of Dominion Day. McRae has been remanded until Friday morning for the preliminary hearing, and both the crown and defence refuse to divulge the line of action they are likely to take when the prisoner appears. Shaw's condition is reported by his physician this evening as being fairly good, and it is confidently hoped that he will recover.

NIGHT WORK ON THE FARM.
The hot weather of the past three or four days has upset all plans for working in the fields of Ontario farms. It is almost impossible to work in the daytime, as men and horses cannot stand the intense heat.

Just Baby's Size.
In a car filled with ladies, a 90-pound fat sat was in the city, as a street corner a fat woman handsomely dressed and with a baby in her arms, got in. The little dude struggled to his feet and touched his hat politely, remarking: "Madam, you will take this seat."

FOOLED WITH THE TRIGGER.
PARKHILL, July 3.—Ivan Jones, son of George Jones, of this town, when out in the woods shooting with a 32 self-cocking revolver on Saturday was fooled with the trigger and discharged the weapon, severing a small part of his right foot.

VOL. XXXI.—No. 11,274

HYDRO-ELECTRIC RATES FORGE T. E. L. CUT

Company Lops Forty Per Cent. Off Its Old Charges for Residential Lighting, But Its Rates Are Still Higher Than Those of Civic Electrical Department.

The Toronto Electric Light Co. has at last announced a new schedule of rates. According to an advance circular issued to customers only, rates on residential lighting are at present ready. Commercial rates are to be announced in a few days. Meantime, the citizens of Toronto have a very attractive savor of what the hydro-electric movement has accomplished for them. For the Toronto Electric Light people have thereby been forced to radically revise their rates—downward. The new rates on residential lighting are 40 per cent. less than the old, and even at that, they are five or six per cent. higher than the rates at which the civic hydro-electric department is lighting the residences of its customers.

"That announcement is a direct victory for the hydro-electric," said R. L. Aitken, managing engineer, referring to the new schedule of the Toronto Electric Light Co. "The commission was established that the people might have cheap rates on light and power, and they are getting them. In fact, the company's rates lower than ours. It would still be a victory for the hydro-electric, which has caused such a big cut in rates."

How They Compare.
Mr. Aitken made a somewhat extensive comparison between the rates of the civic electrical department and those of the Toronto Electric Light Co. Twenty-six cases in East Toronto were considered, including houses ranging from 4 to 12 rooms. In 21 instances the rates of the civic electrical department were lower than those set forth in the new schedule of the Toronto Electric Light Co. The total cost of lighting the 26 residences from the hydro-electric service was \$40.95, with the new low-priced service furnished by the Toronto Electric Light Co., \$42.82. The city's rate, as instances by these cases, is, therefore, seven per cent. lower than the company's.

The new schedule of rates as issued by the Toronto Electric Light Co. is effective from July 1. In the circular of announcement attention is called to the fact that, customers are to pay only for what current they use; that there are no fixed charges, meter rents or minimum bills; that lamps used exclusively on T. E. L. service will be supplied and renewed free of charge whenever they become blackened or burned out.

The City's Policy.
"Oh, that is virtually a repetition of our policy," said K. L. Aitken, managing engineer of the hydro-electric, when shown this announcement. "The customers pay only for what they use, we have no 'minimum charges' in our schedule, and as for meter rents, well, I guess the company thought it good policy to copy us there also and make no meter charges. So you see the advantages all round are on the side of the citizens. They are advantages that the civic electric department has secured. And more than that, our rates are still substantially lower than the cut rates of the company."

In the T. E. L. schedule, residences are divided into five classes, according to the number of rooms in the house. In one class are grouped houses of 4, 5 and 6 rooms; in another 7 and 8 roomed houses; then 9-roomed and 10-roomed houses; class four, 11 and 12-roomed houses, all houses above this size being set in another class.

House Classification.
For 4, 5 and 6-roomed houses, the first 10 kilowatt hours, or less, used in any one month will be billed at eight cents per k.w.h.; all over at three cents per k.w.h.
For 7 and 8-roomed houses the first 15 kilowatt hours, or less, used in any one month will be billed at eight cents per k.w.h.; all over at three cents per k.w.h.
For 9 and 10-roomed houses, the first 20 kilowatt hours, or less, used in any one month will be billed at eight cents per k.w.h.; all over at three cents per k.w.h.

For 11 and 12-roomed houses the first 25 kilowatt hours, or less, used in any one month will be billed at eight cents per k.w.h.; all over at three cents per k.w.h.
For larger houses the charge will be in accordance with the installation. All bills are subject to 10 per cent. discount for payment within 10 days from date of bill.
The city's rate is three cents per kilowatt-hour for current consumed plus four cents per month per 100 feet of floor area. Ten per cent. is allowed off the total bill for payment within 10 days.

The company's rate is dependent upon only the current consumed; the city's rate is computed from the quantity of current consumed and the area of floor space in the house.

No Chance for His Recovery.
MITCHELL, July 3.—J. H. Waterhouse, of the Mitchell Woolen Mill, was taken with hemorrhage of the brain on Saturday afternoon. He has been in convulsions since then, and there are no chances for his recovery.

 An emergency meeting of this lodge will be held in the Masonic Hall, corner of Bay and Richmond Streets, on Wednesday, the 5th inst., at 1:30 p.m. sharp.

for the purpose of attending the funeral of our late Worshipful Brother, Charles E. Levey, from his residence, 155 Madison Avenue, J. Walter Gale, Geo. Thompson, W. M., Secretary.

New Argentine Consul.
 OTTAWA, July 3.—Carlos A. Gatarce, the new Argentine consul at Ottawa, will arrive on the sixth or seventh of July. H. Mayer, the present consul, receiving word to that effect to-day, Mr. Mayer will sail for England on the 12th to join his family.

Petition for Mrs. Napolitana.
 SAULT STE. MARIE, Ont., July 3.—Six thousand and eighty-one signatures have been appended here to the petition to save Mrs. Napolitana from the gallows. The petition was forwarded to Earl Grey to-day. The feeling is that the woman will not hang on Aug. 2.

WILD WEST SHOW FULL OF DARE-DEVIL FEATS

Buffalo Vernon's Specialty is Distinctly Hair-Raising — Street Parade To-Morrow Morning.

Leaping from the back of a rapidly galloping horse on to the neck of a dying long-horned steer, and throwing it with his bare hands is but pastime for Buffalo Vernon, who comes to this city to-morrow afternoon and night with the Young Buffalo Wild West Show. While he performs this feat with what appears to the audience to be the greatest ease, he is the only

ANNIE OAKLEY.
 Peerless shot of the world.

man in the world who has ever performed it. As his charging pony reaches the hot sides of the steer, Vernon leaps from his saddle on to the animal's neck. He seizes the beast by its horns and with a quick jerk turns its head towards him and with a quick twist of his arms and his neck hurls the animal to the ground.

The feat performed by Buffalo Vernon is, however, but one of the feats of daring performed by the cowboys with the Young Buffalo Show. The big Wild West Show has with it this year Montana Jack, the only cowboy in the world who has crawled beneath his mount's stomach while in full gallop; Fred Burns, who is known from coast to coast as "The King of the Rope"; Annie Oakley, the peerless woman wing and rifle shot; Captain Bogardus, the undefeated champion marksman of the world; Curtis Liston and Capt. Stuart, remarkable sharpshooters and rough riders from all quarters of the globe. In addition, it has with it Ambrose Means, the "Iron Horse" of Africa; a whole tribe of Cheyenne Indians, under the command of Chief Thunder Bird, the richest Indian in the United States, whose street costume cost \$1800; a cowgirl's band, dozens of daring women of the plains who ride bucking broncos and depict the life of the plains as braved by the hardy wives of the first western pioneers.

Several firemen, city officials and local scribes were treated to a joy ride to-night in the fire department's new motorized fire truck which arrived to-morrow. The big machine was immediately put into commission, and this evening several of the fire fighters had mastered it sufficiently to be able to drive it around the streets without endangering other vehicles or the lives of pedestrians.

Percy Bone of Chesapeake lost his left arm this afternoon in the machinery at Greening's Wire Works, where he was employed. He was removed to the City Hospital. He was badly bruised, but injuries are not considered very serious.

HAMILTON HAPPENINGS

HAMILTON RAN TORONTO DEAD HEAT IN WEATHER

Thermometer Stood at 103—Workman's Skull Fractured by a Girder.

HAMILTON, July 3.—Not satisfied with his record-breaking stunt of running the temperature up to 102 in the shade here yesterday, Old Sol surpassed himself to-day, and when he finished his day's work here he left a mark of 103 in the shade. And nobody doubts to-day's record. The temperature was appreciably warmer than it was yesterday, and everybody suffered from the heat. The police ambulance was called out this afternoon by a man being overcome with the heat even unconformably, but before it arrived the man had been taken away in an automobile. Some of the factories closed down on account of the torrid weather and everyone busied himself with keeping cool in any possible way. Many people sought the lake breezes and the steamboats did a big business. While the boats offered some relief, it was even uncomfortable on them. The ice cream manufacturers were busy with their product. Many dealers in the city were completely sold out of the delectable food this afternoon and were unable to replenish their stocks. The high temperature was but slightly abated to-night, and after divesting themselves of all their clothing, practicable people continued to sweeter until a late hour and were unable to sleep.

Bechers will be built at once by the Hamilton Jockey Club and completed in time for the fall races to temporarily replace the big grand stand destroyed by fire on Saturday morning. The origin of the blaze continues a mystery. While there is a strong suspicion of incendiarism, the club officials can think of no reason why anyone should have fired the structure, and there is no clue to the guilty party.

May Be Fatal.
 Arthur Haines, North Emerald-street, met with a serious and probably fatal accident late this afternoon when an iron girder which he and other workmen were trying to place in a building at King-street and Fairleigh-avenue fell and crushed him. He was taken in an ambulance to the City Hospital, where his skull was found to be fractured. John Jones, Beach-road, was also injured in the accident and removed to the City Hospital. He was badly bruised, but injuries are not considered very serious.

Several firemen, city officials and local scribes were treated to a joy ride to-night in the fire department's new motorized fire truck which arrived to-morrow. The big machine was immediately put into commission, and this evening several of the fire fighters had mastered it sufficiently to be able to drive it around the streets without endangering other vehicles or the lives of pedestrians.

Percy Bone of Chesapeake lost his left arm this afternoon in the machinery at Greening's Wire Works, where he was employed. He was removed to the City Hospital. He was badly bruised, but injuries are not considered very serious.

the "motionable controller took the property out of the way again.
Life Saving.
 "I move, Mr. C. chairman," said he, "that with a view to increasing life saving in the Toronto district, the property commissioner be instructed to negotiate with the rowing, canoe, yacht and aquatic clubs of the city with a view of having the various club caretakers organized as a life saving body to cover their respective localities and the utilization of their clubs as permanent life saving stations under a co-operative plan."
 The controllers made no word of comment—they reckoned there'd be no time for adjourning if they did, with that explosive pile scarcely touched. "Carried," they said, and it was so.

Controller Church's next proposition was three married affairs having to do with the much-injured and hampered intake pipe.

A Comfortable Riding, Smooth Running Buggy Adds Much to the Charm of Country Life

Country life offers few pleasures so truly delightful as driving, and a comfortable, roomy and smooth-running buggy is to driving what the Pullman coach is to railway travel.

Here is a buggy that will be a pride and a joy to every member of the family. It combines beauty, comfort and service.

The roomy box and well upholstered high back auto seat with the naturally inclined bell top are improvements which add much to the comfort the vehicle offers. The top may be very easily removed. The gearing is strongly constructed of wood, fully seasoned to prevent warping and to resist the maximum strain. All pieces are put together and all bolts and fastenings are made secure to eliminate possibility of working loose.

The price of this buggy is exceptionally low for the high value offered.

Description—

Body—24x56 inches, has outside corner irons, auto seat, roomy, gear double reach, 15-16 dustproof, axle drop or arch, 12-inch patent circle, three and four-leaf springs.

Wheels—B standard quality, made of second growth hickory, with screwed rims, 7/8-inch solid rubber tires.

Trimming—As per illustration, No. 1 leather spring

THE T. EATON CO. LIMITED

back and cushion, apron, dust hood, boot, side curtains, three bow top of first grade quality, easily removed from buggy.

Shafts—Second growth hickory, fully leathared and ironed, patent quick shifters.

Painting—Body black, gear dark green or carmine.

Price, delivered to your nearest station in Ontario, \$105.00.

For same buggy with steel tires instead of rubber tires, \$86.00.

Another Excellent Value

A rubber-tired vehicle we sell for less money is known as the dip-back semi-auto seat buggy.

Body—24x56 inches, 15-16 thousand-mile axle, 12-inch circle, three and four leaf springs.

Gear—Drop axle, double reach, well and strongly ironed.

Wheels—Standard quality screwed rims, solid rubber tires.

Trimming—Leather-trimmed style, spring back and cushion, rubber apron and side curtains, four-bow top.

Painting—Body black and gear dark green or carmine.

Price, delivered to your nearest railway station in Ontario, \$85.00.

See the buggy exhibit in the Basement.

SHIPPING STRIKE IS PRACTICALLY OVER

Strikers Gained Substantial Victories, Including Recognition of Their Unions.

LONDON, July 3.—To-night saw the practical end of the shipping strike, which, so far as its international character was concerned, was a failure from the first. Nevertheless, in Great Britain it developed a very serious character, dislocating commerce and trade in many directions, and came near involving hundreds of thousands of dock laborers and railway men and the transportation industry generally. The strikers have not secured all their demands, but they have obtained substantial victories, including the recognition of their unions, which proved the chief obstacle to a settlement in Liverpool, Glasgow and other ports, and led to the holding up of numerous Atlantic liners. These steamers have now secured crews, which will enable them to sail at an early date.

In Hull, where the struggle was the most bitter, and the strikers were obdurate and defiant, a third conference between the board of trade representatives, George R. Askwith, and the representatives of the disputing parties, was held to-day and proved successful. A meeting of the strikers to-night unanimously confirmed the agreement.

Apart from the concessions gained an important point in the agreement is that in event of any dispute the terms of the agreement are to be interpreted by the board of trade. The agreement, which was signed by nearly 40 shipowners, gives the seamen an advance of 60 cents weekly and the dockers an increase of a half-penny per hour, with weekly half-holiday to all and other minor concessions.

Enjoy the Cool Sea Breezes of Portland and Old Orchard, Me. The Grand Trunk Railway System is the ideal route via the White Mountain route of New England, through Pullman sleepers for Portland leaving Toronto 10:30 a.m. daily. Night train leaving Toronto 10:30 p.m. daily. One parlor, one library and cafe car, and Pullman motor car. Montreal, Portland, Get particulars at City Office, northwest corner King and Yonge streets. Phone Main 4299.

Held at Quarantine. BOSTON, July 3.—The steamer Parliament from Glasgow, was held up at quarantine to-day, pending an investigation into the death of a Scotch child yesterday. The local doctors believe the child's condition before death indicated a suspicion of cholera. The ship's physician disagrees. An autopsy is to be held.

Old Time Clown Dead. WINFIELD, Kas., July 3.—J. B. Albee, known better as "Tony Parker," reputed to be one of the oldest circus clowns in the United States, died at his home here to-day, aged 87. He became a clown at the age of 10 years and for 50 years pursued that calling without interruption. His home had been here since 1878.

The morning paper is becoming more and more the paper of the masses. The live-up-to-date man or woman of the present day is no longer content to wait for news. He wants it in his hand or in his pocket. He wants it in his hand or in his pocket. He wants it in his hand or in his pocket.

KING BEE IN STRAIGHT HEATS WINS AT LONDON

Knight Onward Takes the Pace, While Herpes Finishes First in Run.

LONDON, July 3.—The result of the opening day's races of the London Driving Club to-day were: 2.30 pace, purse \$1000: Knight Onward, J. E. Gray, Toronto (Ray) 1 6 1 1; Ritchie, Shepherd and Bedford, Toronto (Bedford) 2 1 2 2; Hal D., W. W. Bingham, Rock-Tall (Owens) 3 4 3 3; Sylvia T., Miss Wilks, Galt (McFall) 4 3 4 4; Billy Sims, R. S. L. Toronto (Scott) 5 5 5 5; Furioso, T. Hodgins, Orilla (Powell) 6 6 6 6; Time 2:14, 2:14, 2:14, 2:14. 2.10 trot, purse \$400: King Bee, Bedford Bros., Chatham 1 1 1; Ester D., T. Hummer, Port Huron 2 2 2; Dr. Wilkes, R. McVine, Brantford 3 3 3; Fair Hazel, Dr. Wood, London 4 4 4; Billy W., R. A. Armstrong, St. Catharines 5 5 5; R. Maragrave, H. Lang, Yarmouth 6 6 6; Time 2:05, 2:04, 2:04. King Bee, Bedford Bros., Phair, Toronto, won the 5/8 mile run.

DEATHS AND PROSTRATIONS

Continued From Page 1.

101.1 degrees was the top-notch for the season, and that cooler weather was slight. I ain hope it won't. Apparently just to show the foolishness of any such calculations, the mercury took another series of leaps during the forenoon and continued its wild and deplorable ascent till 2.30 p.m., when an official record of 103 degrees was registered at the meteorological office. The effort, however, seemed to be too much even for the champion record-smashing temperature, and at 3 o'clock the sizzling atmosphere of whether, as the officials say, the humidity was ten degrees or so less than Sunday, is a problem but anyhow the excessive heat didn't seem just quite as prostrating yesterday as it was the day before. Even so, the stifling atmosphere was almost unbearable, and wonder is the more casualties were not reported than was actually the case. The sweating, humid atmosphere continued all thru Sunday night, and prevented Toronto people from enjoying sleep. Thousands never went to bed at all, but sat on verandahs, lawns and in back yards till morning.

The intensity of the sun's rays yesterday continued playing havoc with the tarred streets, and in several instances concrete sidewalks cracked and doubled up as if unable to bear the onslaught of the heat wave. This was particularly noticeable on the common pathway leading up to the parliament buildings, which is directly exposed to the sun's rays without any trees or houses to act as a shade.

A number of foundries closed down yesterday, as it was too hot to permit of employing workers.

Detective Wallace Again Smiles. Detective "Bill" Wallace is back on the job and his damaged countenance is sufficiently repaired to allow him to smile, which he did broadly in police court yesterday morning, where the Farrell brothers and Osborne, the men who beat Wallace up in a York-street pavilion two weeks ago, were once more remanded.

Hydro Worker's Leg Broken. While the power men at Clark-street, was assisting at the elevation of one of the hydro-electric poles in York-street yesterday afternoon, a heavy lorry drove up and over his right leg, breaking it in two places. He was removed to St. Michael's Hospital in the police ambulance.

DON R.C. IS ASSURED OF FINE NEW CLUBHOUSE

Insurance Money and Subscriptions In Sight Cheering—Rowing Organizations Interested.

A clubhouse greater and grander than the one destroyed by fire a few days ago has already been planned by the Don Rowing Club. Last evening a meeting was convened in O'Neill's Hall, at the corner of Queen and Parliament-streets, and it was decided to have plans prepared with all possible haste, and that a new club home be erected in time for the fall regatta. A cheque from the Royal Insurance Co. for \$2000, received first thing yesterday morning, put the members in an excellent mood, and made them more determined to raise the remainder needed. Another cheque from the Atlas Assurance Co. is expected within a few days. This, with the little money on hand and the donations already promised, will assure a new building. Beside this, subscriptions lists will be made out immediately, so it is the desire of the committee that all gifts be voluntary.

Other Clubs Join Hands. Offers of use and aid of condoleance have been received from other aquatic clubs. Some of those in Toronto have offered the use of their crant and anything else that the Don may be in need of. Last evening a telegram was received from R. T. Steel, president of the Hamilton Rowing Club, expressing his sorrow over their loss. Similar messages have been sent in by presidents and managers of other clubs.

Several of the shields and banners lost Saturday morning can be duplicated, and a number of the others were rescued.

R. J. Mulqueen has offered the services of the Toronto Rowing Club members in putting a show on in any local theatre, the proceeds to go toward the new building. A large sum may be raised in this way. The show will have to be arranged for and it may be a month or six weeks before it will take place.

William Crawford and W. J. Saunderson were appointed to prepare plans for the new building. Donations were received by the following members: Ed. MacIs, 81 Yonge-street; Joseph E. Thompson, 45 Lumsden Building; W. J. Saunderson, 355 Eastern-avenue; William Crawford, 413 Sackville-street; and D. O'Keefe, 66 Church-street.

A meeting will be held to-night to consider the plans for carrying out the Dominion Day regatta this week-end.

BODY LIES IN STATE

Remains of Archbishop O'Connor Taken to St. Basil's. A simple and dignified service was held yesterday morning at St. Basil's Novitiate, when Rev. Father Dumouchel, assisted by Rev. Father Powell and Rev. Father Hurley, chanted requiem high mass for the late Archbishop O'Connor.

In the centre of the sanctuary reposed the body of the dead prelate, who was robed in purple vestments, having upon his head the mitre, the emblem of the episcopacy. After the mass the pall-bearers removed the body to the hearse and the funeral cortege proceeded to St. Basil's Church, where the body will lie in state until 10 o'clock this morning, when the funeral mass will be sung and interment will take place at Mount Hope Cemetery.

FEW STUDENTS ENROL FOR SUMMER SCHOOLS

President Falconer Admits That Attendance is Far Behind Similar Schools in U. S.

What's the matter with the summer school at the University of Toronto? It opens this morning, but the list of registrations of teachers and others willing to avail themselves of the opportunity is so slender that president Falconer expressed frank disappointment to The World last night. "I am afraid it is not so large as last year," he said. "Our school system is so different from that of the United States that there doesn't seem to be the same need here for summer schools. In the United States such schools are largely attended. The reason is, I think, because the trustees ensure students getting financial advantages." Classes will be continued for about six weeks. Among the subjects taught are English, French, physics, mathematics, biology, etc. Classes are held in the morning, with public lectures in the evenings.

KINGSTON HELD HOLIDAY

Monday Honored as Dominion Day in Limestone City. KINGSTON, July 3.—(Special)—Monday was a holiday in Kingston, which preferred to keep that day instead of Saturday in honor of Dominion Day. Horse races and a baseball match were held in the fair grounds by the United Roman Catholic societies. Altho the mayor had proclaimed Monday as a holiday, the civic treasury department was unable to observe it, as the banks had their holiday on Saturday, and the Monday holiday was not legal.

\$50,000 FOR QUEEN'S

New York Graduate Endows Chair in Colonial History. KINGSTON, July 3.—(Special)—Dr. James Douglas of New York, a trustee and graduate of Queen's University, who promised to give the university \$50,000 provided it was freed from church control, has sent the registrar of Queen's a cheque for that amount. His donation is for the endowment of the chair in colonial history. William L. Grant, son of the late principal, is professor of this department, which is the first of its kind in Canada.

New Rector for St. Mark's

Rev. A. J. Reid of Campbellford has been appointed rector of St. Mark's, West Toronto, by the lord bishop of the diocese.

\$11,000 Atlantic City and Return

From Suspension Bridge, via Lehigh Valley R. R. Friday, July 14. Particulars 8 East King-st.

COUNTERFEIT U. S. \$100 NOTE

WASHINGTON, July 3.—A new counterfeit \$100 gold certificate, so well made in many details, that the secret service regards it as highly dangerous, was found to-day in a shipment of money from a National Bank in Louisville to its correspondent in New York. The new bill is a photograph, and altho it has many defects, is printed on the government's paper, which the counterfeiter must have obtained by bleaching a genuine note.

Short Change Brings 30 Days

For an unsuccessful attempt to short change an Italian barber, Frank Ryan was sent to jail for 30 days from police court yesterday morning.

Arm Badly Mangled

James Cuff, a Macedonian, 67 Sackville-st., is in the General Hospital. His arm was severely mangled by a sewing machine in the shop of R. A. Sabister, on the Esplanade, yesterday morning.

NO FIREWORKS FOR SALE IN NEW YORK FOR A MONTH

Trying To Eliminate the Usual Fourth of July Casualty List. NEW YORK, July 3.—Determined to lead in the movement for a safe and sane celebration of the fourth, fire and police department heads declare that at least a record for safety and sanity will be established in this city to-morrow.

It is asserted that no fireworks or firecrackers have been on sale within the city for a month, and those who may have planned to outfit the authorities by buying a supply elsewhere will find that they have purchased in vain, for the police are insistent that public sport with gunpowder will be absolutely prohibited. In seventy-three aldermanic districts, the city, however, has arranged for experts to send up rockets enough to consume those who have been prohibited from handling the gunpowder. The day marks the centenary of the first meeting of the common council in the city hall building. The general celebration of the day will consist of patriotic addresses and singing by some 10,000 vocalists in the various parks.

WARNED BY DISASTER

Authorities at Montreal Amusement Resort Take Precautions. MONTREAL, July 3.—Aroused into activity by the collapse of the King Edward Park wharf a week ago, the authorities are now taking great precautions to prevent any disaster thru overcrowding among the pleasure-seekers who visit that amusement resort.

POSTPONE LIBERAL MEETINGS

Hon. A. G. MacKay's Itinerary Curtailed on Account of Heat. Hot weather and hay making have changed the thoughts of Northern Ontario farmers from politics to business. Apart from the meeting at Sault Ste. Marie on July 5, at which Hon. A. G. MacKay is scheduled to speak, the conventions at Sturgeon Falls, Port Arthur and several meetings in the Rainy River district have been canceled.

BRAKESMAN KILLED

Went Back to Signal Passenger Train When Freight Was Detained. TRENTON, July 3.—While the way freight train was shunting at Trenton station this morning, one of the cars was derailed and badly smashed. The auxiliary train from Belleville was quickly on the scene and busy clearing the tracks. Daniel Loller, a brakeman of the auxiliary train, was sent back to signal No. 5, the passenger train from the east, and not returning after the tracks were cleared, some of the train crew went to look for him, and found his body badly mangled between the rails. He was a married man, and leaves a widow and one child.

Opportunity for Those Going West

On July 11, July 26 and Aug. 8, through tourist Pullman sleeping cars will leave Toronto 11 p.m., for Winnipeg and points on Grand Trunk Pacific Railway between Winnipeg and Edmonton. Cars will run via Grand Trunk Railway System to Chicago, thence connecting lines in connection with the Great Northern to other points to Western Canada are very low—Winnipeg and return, \$38; Edmonton and return, \$41. Tickets good for 60 days. Proportional rates to other points in Manitoba, Saskatchewan and Alberta. Tourist cars will be fully equipped with bedding, etc., and porter in charge. Berths may be secured at a low rate. Winnipeg Exhibition dates, July 12-22. Full particulars and tickets from any Grand Trunk Agent, or address A. E. Duff, District Passenger Agent, Toronto, Ont.

The Toronto World

THIS CERTIFICATE, with 25 others of consecutive dates, (Sundays excepted) if presented at the business office of THE WORLD, 40 Richmond St. West, will entitle the bearer to one WORLD COOK BOOK absolutely free. If the Cook Book is to be sent by mail, send the necessary certificates in an envelope, also enclosing 14c in stamps, to the Cook Book Editor, care of Toronto World.

Not more than one Cook Book will be given to one person. This is an opportunity for every good housekeeper to become possessed of the very best Cook Book on the market. The size is 8 1/2 x 6 1/2 x 2. It is substantially bound in oiled muslin and is designed for utility. Caution—Not more than one coupon bearing the same date will be accepted.

Be sure to write your name and address plainly in the lines below on at least one of the certificates, if you wish the Cook Book sent by mail. Name Address

LESS SCARLET FEVER BUT MORE TYPHOID

All Contagious Diseases Except Typhoid Fever Show Disposition to Lessen in Number. The medical health department reports 325 cases in the city for the month of June. This total appears somewhat higher than usual because of the inclusion of 29 cases of typhoid fever, reported for the first time last month with the contagious diseases.

Apert from tuberculosis the cases reported numbered 296, just one less than the number reported for the month of June a year ago. The report shows a decrease of 11 cases in June of this year as compared with the previous month. Diphtheria heads the list with 97 cases reported. This is a big decrease from the record of May month, when 126 cases were reported. There were 91 cases in June, 1910. But the big feature of the contagious disease situation is the reduction in the number of scarlet fever cases. In May there were 238 cases; in June only 115 cases, less than half this number, were reported. This record is also lower than that of June, 1910, when there were 141 cases.

Typoid, too, took a big leap, rising from 22 in May, to 35 in June. There are also almost twice as many cases in the city as there were at this time last year.

The cases of measles show a disposition to decrease in number, there being now 49 cases as compared with 61 in May. There were no cases of measles reported for June of last year. There were no cases of smallpox reported for May or June.

NOT RIGHT TO TRUNK

Cash and Clothing Worth \$315 Too Much for \$30 Debt. Mamie Wilson is colored, but this did not give her, as T. C. Robinson, K.C., humorously strove to maintain in police court yesterday morning, a color of right to the trunk and contents of Ross Davis, which she took to Montreal with her. The trunk contained \$200 in clothing and \$115 in cash. Mamie said she had been robbed of \$30, which she intended to extract and return the balance.

WAS THERE FOUL PLAY?

Body in Whirlpool May Be That of Missing Restaurant Keeper. NIAGARA FALLS, Ont., June 3.—(Special)—Deep mystery surrounds the disappearance of Frank Henderson, manager of the restaurant operated at the Grand Trunk Station by the Canada News Company, who was last seen here several weeks ago. Nothing was said about the mysterious disappearance of Henderson when he first dropped out of sight, but some who have seen the body of the unidentified man now floating in the whirlpool, claim they believe it to be that of Henderson. The head and face of the floater in the pool are badly crushed, but it cannot be determined whether this was done before the body entered the water or after entering the pool.

Not Legal to Supply Glasses

At the finance committee of the board of education yesterday a letter was read from Solicitor Hodgins, who said that eye-glasses could not legally be supplied to children who could not afford to buy them, unless the children were in special classes of those who have defective vision.

The Retreat from Moscow

Speaking of the retreat from Moscow, the great Corsican general said that if his troops had had the solace and sustaining help of tobacco, the page of history would be changed.

DAVIS' "PERFECTION" 10c CIGARS

They would have been cheap to him at a dollar apiece.

The retreat from Moscow is past history, but the "PERFECTION" 10c Cigar is to-day causing a revolution among smokers.

"PERFECTION" is a creation in tobacco which amounts to a discovery.

Mild, Yet Exquisitely Fragrant

A blend of the world's choicest tobaccos.

S. DAVIS & SONS, LIMITED, MONTREAL. Makers of the famous "NOBLEMEN" two-for-a-quarter Cigar.

Wolgate Favorite At 5-3 Over Moran To-day at Frisco

SAN FRANCISCO, July 3.—For the first time in nearly 20 years an international fight for the lightweight boxing championship of the world will be staged to-morrow, when Champion Ad Wolgate of Cadillac, Mich., and Owen Moran of Birmingham, Eng., meet in this city in a 20-round bout.

On the eve of the fight both men are in as nearly perfect condition as it is possible for them to be, according to their trainers. Both are well under the 133-pound limit, and neither has suffered any loss of strength or speed in reducing to this figure.

Champion Wolgate has been made a champion of the world, and is being hailed as the greatest of all time. His friends and admirers have been traversing Moran's backers on the other hand, argue that the Englishman's great skill at boxing will enable him to check the rusher of the rugged champion and predict that throughout the combat he will land three blows to Wolgate's one.

Sanctioned. Issued. Canadian games will be played at the original Toronto Railway Club.

TUESDAY MORNING, JULY 4, 1911

ELECTRIC LIGHT RATES.

In the new schedule of rates issued by the Toronto Electric Light Co. the citizens have the first fruits of their investment in the hydro-electric power system.

Having taken the risk and inaugurated the competition which has brought about such a sweeping reduction in rates, quite overthrowing all the contentions of those who were accustomed to assert that it was impossible to supply cheaper electric light in Toronto, the citizens will certainly not abandon their project.

On the other hand the city must be exceedingly careful not to handicap its rates by any deficiencies of service, or any of the defects of rate and meter officials such as are apt to arise in governmental bureaus.

Other things being equal prices will of course rule with most people. The city department states that the schedule of rates announced some time ago is still seven per cent. below that now put forward by the company.

It will not be overlooked by the citizens that all increase of business for the city system tends to a reduction of rates, since the more power there is consumed the cheaper is the cost of distribution on account of the division of expense by the larger number of participants.

It is a state of things the company inherits from its past. No doubt every effort will be made to reform previous methods and escape the unpleasant legacy of an ungracious past.

Other things being equal prices will of course rule with most people. The city department states that the schedule of rates announced some time ago is still seven per cent. below that now put forward by the company.

ments to the veto bill without any apparent hesitation, and those in touch with the court do not hesitate to affirm that he is most unwilling to have his prerogative made the subject of comment, as it would be were he to consent to add five hundred more peers to the number at which the house of lords now stands.

The position on the veto bill is further complicated by the certainty that electoral reform is also contemplated. The government is under promise to abolish plural voting, an anomaly which operates as a general rule in favor of the Unionist party.

U. S. EXPRESS CHARGES.

Evidently alarmed at the nature of the evidence led before the sub-committee of the house of representatives, the express companies of the United States have filed new schedules of rates with the Interstate Commerce Commission.

But the citizens will not be able to forget that the company never offered any reduction of rates until compelled by the competition which the citizens have established in the face of almost insurmountable obstacles and difficulties which the Electric Light Co. interests themselves frequently declared to be insuperable.

Other things being equal prices will of course rule with most people. The city department states that the schedule of rates announced some time ago is still seven per cent. below that now put forward by the company.

Crop Year Has Been a Freak One

And Much Damage Has Been Done

Losses Which Can Be Repaired and Some Which Cannot—Grain Exchanges Closed Across Border—Winnipeg Higher.

After a rise of four to five cents a bushel in wheat since a fortnight ago, of three cents in corn, and of four cents or more in oats, prices have fallen sharply.

The New York Evening Post introduces a lengthy discussion of the present crop situation.

Over a very large part of the area where the annual surplus of the country's grain crops is raised, and where the title of the book had become generally alarming, the drought has now been broken.

This extraordinary season, which has been what the market calls a "freak year" in every state, the distribution of rain and heat has been abnormal.

Official reports show that, with few exceptions, nearly every section of the country has been largely deficient in moisture, as compared with normal.

South Dakota has suffered very serious loss of its spring wheat, and a normal amount of moisture, last year demonstrated that good yields could be secured with far precipitation at critical periods.

The corn crop so far has done remarkably well, considering the dry weather, but light supply of grain is being reported from the west.

Good rains fell this week over a large part of Kansas, Nebraska, Iowa and all the western part of the United States.

A failure of the oat crop, similar to that of 1907, when the harvest fell to 75,000,000 bushels, as against 200,000,000 in 1910, is feared.

The Chicago Board of Trade and all the other wheat and grain markets across the border were closed on Monday.

Winnipeg Receipts. Receipts of wheat at Winnipeg to-day were 154,000 bushels, against 150,000 last week.

Heat Wave Damages Crops. Omaha, Neb.—Corn is falling badly in many districts in Iowa, being on the verge of a year ago.

Missouri Crop Report. The Missouri July crop report makes the condition of corn 85 per cent, against 83 in June, 76 last July, and 82 last August.

A Reemerging Thought. CHICAGO, July 3.—There is one thing to be kept in mind, although it is not to be preferred to a dry year, is always whole, the crops turn out much better.

ST. LAWRENCE MARKET. Receipts of farm produce were one load of grain and seven loads of hay.

Montreal Grain Prices. MONTREAL, July 3.—The foreign demand for Manitoba spring wheat was fairly good.

NEW PARK IN WEST. The civic parks and exhibitions committee have recommended the appropriation of a plot of land on Devonport-road, west of Christie-street.

STEADY EXPORT MARKET BUTCHER CATTLE EASIER

Big Cattle Steady—Butchers 10c Lower—Sheep, Lambs Easy, Calves Firm—Hogs \$7.05.

Receipts of live stock at the Union Stock Yards were 120 car loads, consisting of 2000 cattle, 47 hogs, 208 sheep and lambs, 62 calves and 10 horses.

The quality of many of the cattle was as good as usual, but this season, but there was a larger number of grass-fed, than heretofore and many of them were good also.

Trade opened up slow in the morning, but as the day advanced became more active and finally closed strong.

As usual there were many outside buyers. Besides Messrs. Campbell & Woodwards the American buyers were Alex. McIntosh, John Brown of Brown & Wilkin, and the English buyers were Messrs. Galt, J. H. Dingle of Hamilton, H. P. Kennedy, who, as usual, had an order for Montreal, and C. Livingston for Quebec.

Besides the above nearly all of the wholesale buyers and abattoirs had representatives on the market.

The prevailing range for export prices in farm fed export steers was from \$8.00 to \$8.25, with one extra choice heavy load at \$8.25.

There were 7 car loads of dairy-fed steers brought in by James Scott of Waterloo that sold at \$8.25 to \$8.50.

George B. Campbell for Morris & Co. bought 123 car loads of steers, 120 lbs. average, at \$8.25 average, and a fair quality trade was done in sheep.

Choice lots and loads of butchers' hogs and steers sold at \$7.10 to \$7.25; loads of 20 to 25 hogs, \$7.25 to \$7.50; and one of top quality at \$7.50.

The bulk of the cow and calf trade was at \$4.75 to \$5.00, or an average of \$4.75 per cwt., and in one or two instances \$5.25 to \$5.50.

Light ewes sold at \$3.20 to \$3.50 per cwt., and heavy ewes and rams, \$3.50 to \$4.00; yearlings, \$3.50 to \$4.00; and native, \$4.25 to \$4.50; western, \$4.75 to \$5.00.

NEW YORK CATTLE MARKET. N.Y. CATTLE—Receipts, 225 head; steers slow, bulley steady; cows slow; calves steady.

CHICAGO CATTLE—Receipts, 1200; market active and steady; cows slow; calves steady.

BUFFALO CATTLE MARKET. BUFFALO CATTLE—Receipts, 3375; market active; hogs higher; grades steady.

GRAIN AND PRODUCE. Local grain dealers quotations are as follows: Oats—Canadian western oats, No. 2, 70c.

Winnipeg Wheat Market. Close Open High Low Close. Wheat—July 96 97 97 96 97 97 96

Montreal Provisions. MONTREAL, July 3.—Dressed hogs—Abattoir, \$10.25 to \$10.50 per 100 lbs.

MONTEAL, July 3.—Following the instructions of the provincial board of health, Messrs. Geoffroy, Geoffroy & Giesler, have entered action against six municipalities which refused or neglected to carry out the instructions of the board of health regarding compulsory vaccination.

NEW PARK IN WEST. The civic parks and exhibitions committee have recommended the appropriation of a plot of land on Devonport-road, west of Christie-street, for park purposes.

SPECIAL MEETING THURSDAY City Council Has Full and Important Order Paper Before It.

The special meeting of the city council will be held on Thursday instead of Wednesday, the date originally chosen by the acting mayor, as several of the aldermen have requested that the date be set back one day so that they can attend.

A number of very important matters are to come up for consideration. It is likely that the question of the annexation of North Toronto will be fully dealt with. Up to the present only Fire Chief Thompson has reported to the Board of Control, but that everything that Assessment Commissioner Forman will hand in his report to the controller this morning, and that everything will be ready for the reference of this matter to council on Thursday.

The member boulevard scheme will also be dealt with. Reports on this matter have not yet been handed in to the board of control, but Acting Mayor Corbett said yesterday that the proposition would surely be in shape for reference to special meeting of council.

The appropriation at King and Yonge-st., the question of sidings south of Front-st., intake matters and other important items will find a place on the order paper, but it looks like another protracted session.

Quebec French Paper Sees Little Real Canadian Spirit. MONTREAL, July 3.—(Special).—It is to be regretted that the accredited organ of an archbishop, and indeed of a great church, should see so little Canadian sentiment as the writer of the article in L'Action Sociale of Quebec on Dominion Day.

The organ of the Archbishop Begin says: "The immigrants who come to this country have no patriotic motive in coming here, and should the least decision meet them in the way of a crop failure, they will leave without regret the confederation which received them, but which to their heart and soul means absolutely nothing."

Speaking of the flags and other emblems of rejoicing on Dominion Day, L'Action Sociale says that the hearts and souls of the people do not correspond to these outward signs, for there is nothing yet which causes the hearts of the French-Canadian, the Englishman, the Scotchman and the Irishman to palpitate as they do when any of their own national festivals are being celebrated.

The Height of Happiness. As to what pleasure it may be in silver coins is expressed in the words of a North Pacific States, and banks in Oregon, Washington and Montana are appealing to the treasury department to ship dimes, quarters and half dollars to relieve the situation. Congress has made no appropriation for transporting the coin, and treasury officials say they cannot come to the relief unless congress takes some action. The treasury formerly paid for such transportation, but saves about \$300,000 a year by not doing it now.

Used 47,000,000 Gallons. Forty-seven million gallons of water were used up by a thirty and one-half day trip to the Yukon in an effort to keep cool with it and without. As the usual daily consumption is only thirty-five million gallons, the extra strain thrown on the water-works department by a hot spell can be understood from these figures.

Refueling Lake Trips on Wednesday. Via palatial steamer Olcott to Olcott Beach at 7:30 a.m., and 2:30 p.m. Round trip rate good one day 75c. Tickets at wharf, foot of Yonge-st. (east side). Telephone Adelaide 340.

Porcupine Stocks Affected by the Fire—Sharp Reaction

Porcupine Gold Camp

Porcupines Hit the Toboggan On Reports of the Bush Fire

Gold Stocks Get a Sharp Bump, But Recover a Little in the Late Trading—Cobalts Do Nothing at All.

World Office, Monday Evening, July 3.

Porcupine stocks were on the toboggan early to-day, and sharp declines were shown in the more prominent issues in the first few minutes' trading. This was occasioned by reason of the reported bush fire raging in the mining camp, and timid holders were anxiously getting out of their stocks, evidently fearing that operations would be held up to such an extent that a warranted slump in prices was about due.

The downward trend was in evidence until late in the afternoon session, and then some ideas gaining the whip hand, values made a good recovery, though not sufficient to make up entirely for the losses earlier in the day.

It is not to be expected that the fire in the Porcupine will prove a factor in respect to more than one or two of the mines, and even then it is not thought that the influence will be anything more than temporary. No doubt due provision was made by apprehensive holders for the possibility of additional confagurations, should the oppressive heat wave continue, and it is altogether likely that some of today's selling was founded on this contingency.

The declines in the early trading were marked, running in special instances into 9 points, and the higher priced issues into much more than that. The recovery which followed, while sharp, was not an extensive one, so that the net result of the day's operations was a number of losses of greater or less magnitude.

Dome Extension was of course the issue most affected by the fire news. The shares in the early trading were up to 72, and ruled between 72 and 75 throughout, closing at 73 1/4 bid, Friday's closing was at 81. The other stocks were not affected just to that extent but were all lower. Hollinger was a weak spot as the shares getting low 34, and closing at that price. The low price was \$12.50.

Cobalts were quiet and almost unchanged. Temiskaming continued under pressure and the price got below 49. Beaver was off a fraction at 64 1/2. Wetlaufer regained its loss, selling back to \$120. Other issues were comparatively unchanged.

THE ROAD TO GOWGANDA.

Editor World: Permit me to say a few words with reference to the delay in giving a railway to Gowganda. The interests of one or two individuals elsewhere will not prove a permanent setback to Gowganda, as the holding back the building of a branch line connects that mining camp with the business centres of the province. The holders of Gowganda are surely deserving of better treatment than is meted out to them at present.

It is almost twenty years since I left the court of the World, and drew attention in its columns to the neglect of Canadians encouraging the development of our mineral resources, and what has been the result. The Klondike has proved itself to the world, and is still a valuable asset to Canada. Cobalt has made good, and this was made possible through the fact that it had from the start railroads in connection with the older portions of the province. Gowganda will do the same under similar circumstances. It is hoped that the government of the province will do their duty towards it. One of Canada's Adopted Sons.

Population of Camp Getting Good Values In 20-foot Cross-Cut

Incomplete Census Returns From Porcupine Indicate a Rapid Growth.

PORCUPINE CITY, June 30.—(From Our Man Up North).—Incomplete census returns from the three Porcupine towns show a population of nearly 2000. Estimating 1000 as the number of miners employed at the mines, some of whom were taken as residents of one of the towns, and another 1000 to cover the number of prospectors in the woods, some of whom of course were either enumerated in towns down the country, or do not live in the country. The Porcupine district population reaches to about 4000.

On account of the large floating population in the camp it was a difficult matter for the census-taker to keep track of those who should be counted, and these who should not be counted. Errors may have crept in, but in the main the work was well done.

South Porcupine leads the list with 727 persons, with Golden City next, with 721. As Tisdale is organized now, undoubtedly figures for that municipality will be made also.

Preston Should Get Several New Veins

All Indications Point to a Series of Strikes During the Next Few Days.

A series of strikes on the Preston East Dome is looked for during the next few days, and from all indications they are likely to be important. No. 1 shaft on the Big Vein at the south part of the property is down 75 feet, and several quartz leads have been encountered. In one lead of four feet handsome free gold was found, and quartz values as have yet been taken cover the major of prospectors in the woods, some of whom of course were either enumerated in towns down the country, or do not live in the country. The Porcupine district population reaches to about 4000.

On account of the large floating population in the camp it was a difficult matter for the census-taker to keep track of those who should be counted, and these who should not be counted. Errors may have crept in, but in the main the work was well done.

The SIMPSON Store

Store Opens 8 a.m.

Closes at 5.30 p.m.

H. H. Fudger, President.

J. Wood, Manager.

PROBS-

Thunderstorms, but mostly fine; a little lower temperature.

The SIMPSON Store

The One-Piece Dress and the Summer Coat

Here are examples from our "Women's Wear" Department on the Third Floor, worthy representatives of Simpson value. For neatness and really up-to-date styles these would be hard to beat. They are the acme of all that is nice for summer:

WOMEN'S ONE-PIECE DRESSES, \$8.95.

Summer Dresses, in a variety of one-piece styles. Materials are fine French mulls and lingerie; high or low collars, three-quarter or long sleeves, rounded and V yokes, neat-fitting skirts; trimmings are lace insertions and embroidery. Colors in the lot are pink, blue, mauve and white. The regular selling price of these dresses ranged from \$15.00 to \$27.50. Wednesday's price \$8.95

Women's Medium and Light Weight Coats, for present wear, in a variety of materials, black and white checked worsteds, dark grey mixtures, striped worsteds, in two-tone grey effects, and fawn covers in a number of styles, strictly tailored, or with large, square collars; some button trimmed. Regular prices up to \$20.00. Wednesday 11.75

Come on Wednesday for Aprons

Emerson says that "the beautiful rests on a foundation of the necessary." Well, here are aprons, all kinds. The kitchen ones are very, very necessary, and they may be worn by the most beautiful woman. Then we can turn Emerson round and say: "The necessary rests on a foundation of the beautiful."

But seriously, these are aprons of quality, good lookers and good wearers. The prices bear no comparison to the quality. Wednesday is the day. Phone if you cannot get to the Whitewear Department.

COME WEDNESDAY FOR APRONS.

25c Gingham Aprons, blue and white check, large size, Wednesday, each15

35c Maids' Aprons, fine lawn, embroidery bib, deep hem and sashes, Wednesday for19

Solid Comfort Goes with the Clothes from our Men's Depts.

The Sock Sale

(Main Floor.) We beg to remind you that Wednesday will see a continuance of our men's sock sale; it would be entirely out of place to remind you that this is the season for wearing Oxfords, and that a little piece of you is apt to be too much in evidence just below the "turn up" of your trousers. Three pairs of new socks will remedy this, and cost you but 65c. The usual cost would be \$1.05.

35c LISLE SOCKS, 3 PAIRS 55c. Men's Imported Lisle Thread Socks, the lot consists of manufacturers' over makes, samples and broken lines from regular stock. All kinds, patterns and shades. Stripes, checks and embroidered. All sizes. Regular 55c, on sale Wednesday, pair, 19c, 3 pairs 55

25c Men's LISLE SOCKS, 12/4c. Men's Lisle Thread Socks at half price. All new summer goods, in a large variety of patterns and colors. Black, tan and open shades, also stripes and checks. All sizes. Regular 25c, Wednesday, pair 12 1/2

Boys' Flannel Blazer, in blue and red, black and red, black and yellow, and black and blue stripe patterns. Sizes 28 to 32. Regular \$2.50, Wednesday at 1.59

Boys' Shirt Waists with collar and pocket. French prints and percales, in plain white and with fancy stripes, sizes 3 to 16 years. Regular 75c, Wednesday50

Ribbon Sashes

(Main Floor.) "It is surprising how many sashes are being worn this summer. And don't they look pretty?" This is a comment we hear on every side. So we have made up a lot of them from our heavy Duchess satin, in pale blue, pink, white, cream and mauve; any other color will be made up to your order free of charge. The sash complete 1.00

China Values Extraordinary

(Basement.) Art Pedestals, Chocolate Pots, Jardiniere, Rail Plates, Fern Dishes, Vases, Salad Bowls, Vegetable Dishes, Cracker Jars, Trays, etc., usually costing \$3.00, are offered on Wednesday at 98c. There is one disadvantage, however, we feel in duty bound to point out to you, and that is—there are only 700 pieces—so don't be late. On sale at 8 o'clock Wednesday . . . 98

Beautiful Theodore Haviland Limoges China Dinner-Set. The set comprises 102 pieces; artistic floral design, genuine coin gold finish. Half price, Wednesday 30.00

2 LBS. COFFEE, 44c. 300 lbs. Fresh Roasted Coffee in the bean, ground, pure or with chicory, Wednesday, 2 lbs.44

A Handkerchief Wave

(Main Floor.) Means a whole lot sometimes. This is one of the times. A great big wave seems to have struck the department, and it means a whole lot (of handkerchiefs) for you for the price of a few; that is, if you are a person with any forethought or economy in your make-up. Failing that, you may be generous, and we would remind you that handkerchiefs of quality make an exceptionally welcome present.

Women's Irish Linen Initial Handkerchiefs, extra fine quality of linen, hand embroidered initial, assorted hemstitch borders. Our regular 2 for 50c quality. Summer sale 2 for . . . 25

Women's and Children's White Irish Lawn Handkerchiefs, soft, smooth finish. Our regular 5c quality. Summer sale 6 for15

Children's White Lawn Handkerchiefs, with neat colored borders and colored initial, three in pretty box. Our regular 18c box. Summer sale, per box13

Beautiful Linens and Sturdy Linens on Sale

(Second Floor.) There is a cool, comfortable store of Linens on our Second Floor which is a revelation to "a first time" visitor. There are artistic and ornamental linens of the finest texture of snowy whiteness, and there are the good sturdy fellows that look the strong part they will be called upon to play. More, too, there is a sale in this department, and some of the bargains to be picked up are an eye-opener to those who don't know Simpson's. Look at these:

Brown Holland, all linen Irish Brown Holland, super quality for wash dresses, dust and motor coats, etc., 31 inches wide, 600 yards only. July Sale, Wednesday, yard12 1/2

Fine Madapolam or Spanish Long Cloth, 42 inches wide, free from dressing, fine round thread, for summer nightgowns, dainty lingerie, etc., 500 yards. July sale price, yard 15

White Damask Quilts, fine Scotch made white damask quilts, for full double beds, splendid assortment of designs, great wearing and laundering quilts, only 60. Wednesday 1.98

Pure Linen Hemstitched Pillow Cases, 44 x 36 inches, all pure linen pillow cases, hemstitched, 100 pairs, Wednesday, pair98

Bleached Satin Damask Table Linen, an exceptionally good quality pure linen bleached satin damask table linen, heavy, durable make, rich designs, 70x72 inches wide. July Sale Wednesday, yard69

300 Lettered Glass Towels, etc., large hemmed lettered towels, glass, stable, kitchen, etc., some plain, some twill weave; regular 20c and 25c each. Wednesday 16

A Glove Item

(Main Floor.) Here is just one Glove item. The department says it is such a good one, and such a bargain, that they think it deserves to stand alone. So here it is in all its glory:

Women's Long Silk Lace Gloves, in black only, jersey wrists, elbow length. All sizes. Regular 50c. Wednesday, pair29

Materials for Holiday Dresses

HOLIDAY SERGES.

1,500 yards of fine and medium twilled serges, in cream and navy only. This serge has the famous Admiralty finish, sun and water will not hurt it, and it is specially recommended for its excellent wearing qualities, guaranteed unshrinkable, 44 in. wide. Regular value 65c per yard, Wednesday 47

BLACK DRESS GOODS.

We emphasize with a special price two items from our stock of black Dress Goods for Wednesday's selling.

First—1,150 yards of high-class black, all wool San Toys; a beautiful rich fabric, in fine cord effect, beautiful blacks, guaranteed permanent dyes. Regular price for this quality is \$1.25 per yard. Special price, Wednesday88

Second—750 yards Priestley's Tussore Shantung, a new fabric with a rich sheen that we guarantee permanent, absolutely uncrushable, an ideal fabric for a dressy light weight gown for home or street wear, 44 in. wide. Regular price \$1.50 per yard. Wednesday's price1.19

2,000 yards of fashionable Silks, all weaves and colors, in the greatest demand for this season's wear (afternoon or evening). New colorings are maize, apricot, mauve, pink, sky, king's blue, royal, coronation blue, volga, aconite and new navy, grey; also ivory and black. These silks sell steadily at 75c and 85c per yard. Wednesday at, per yard59

1,000 yards Honan Shantung, natural color only, a raw silk with firm weave and bright finish. It is unnecessary to remind you that it will wash, will not crush, and is in fashionable use for dresses, coats, suits, etc., 34 inches wide, per yard59

Wash Goods
