Toronto Prepares Royal Welcome For the Soldier Prince of Wales

HEARST SHIFTS NICKEL SCANDAL RESPONSIBILITY

OPENING DAY OF FAIR IS RECORD BREAKER

Attendance Saturday Exceeds Hopes of Directors — All Ready for Prince of Wales' Visit—Airplane Race to New York Today.

PRINCE CHARMING TODAY RECEIVES CITY'S WELCOME

PRINCE CHARMING TODAY RECEIVES CITY'S WELCOME

City All Agog Over Visit of His Royal Highness Today.

Prince of Wales' Day in Toronto opens auspiciously and with glad tidings for the citizens in general. The prince, despite official arrangements, is coming to the Queen City in that democratic spirit which he has exhibited in other Canadian towns already visited. The city of Toronto, as the city, was ignored so far as the prince paying a visit to the city hall was concerned in the official program and the efforts of the mayor to have the arrangements altered were futile. The prince, however, seems to have taken matters into his own hands and has not only altered the arrangements made for him, but has considerably extended the program. Some of the old time prominent officials would rest uneasy in their graves if they knew a royalty had dared to think for himself and make his own arrangements. The prince will be at the city hall to shake hands with him. No formal invitation is needed and no card of admission is necessary, the only qualification being that the presentee is a citizen of Toronto.

The decision of his royal highness to visit the city hall was only made known late on Saturday evening, when Mayor Church issued the following statement of the course of action leading up to the change of program.

Wants to Meet Citizens. "Message to the mayor from his honor the lieutenant-governor by telephone. "A message was received yesterday from Col. Henderson, followed by another one this morning, stating that H.R.H. the Prince of Wales is particularly anxious to meet the general public as well as the officials, and

(Concluded on Page 5, Column 4).

NIAGARA RADIAL STRIKE NOW OVER

Workers on Line Out of St. Kitts, After Conference, Decide to Drop Fight.

Special to The Toronto World. St. Catharines, Ont., Aug. 24—Service will be resumed at 4 o'clock tomorrow on the Niagara, St. Catharines and Toronto Railway after a strike of four days over a question of principle. On Saturday a delegation of the men appealed to Mayor Elton to act in the case after General Superintendent Oliver had refused to grant the men a hearing. A conference with Mr. Oliver and a committee of the employees was arranged for and held Saturday evening in the city hall, at which Chief of Detectives Page of the Canadian National Railway was present. After hearing the statement of Page the committee decided to recommend to the employees that they return. This decision was reached by a mass meeting at midnight.

ROYAL TRAIN WITH PRINCE OF WALES IS NEARING TORONTO

At Last Stop in Quebec, Heir Apparent Shakes Hands With Crowd at Station.

Three Rivers, Que., Aug. 24—His Royal Highness the Prince of Wales arrived at Three Rivers by motor from Quebec at 8:25 and five minutes later boarded the royal train and was speeding on his way to Toronto. This is the first experience the prince has had of the huge Canadian trains and the royal train is complete in every detail. H. S. Calder of the C.P.R. was waiting with members of the staff, who did not motor to Three Rivers with the prince and greeted him, showing him over the car "Killarney" which, with the "Cromarty," will house the prince and his suite during the next two months. The prince was gradually pleased with the careful and elaborate arrangements made by the C.P.R. for his comfort. He will dine on his car "Killarney" with his suite each evening. Several bouquets of roses were presented to the prince along the route from Quebec and Three Rivers and there was no doubt of the warmth of the reception which greeted him everywhere. Major Victor Pelletier, A.D.C. to the lieutenant-governor, was the last to bid his royal highness good-bye at Three Rivers and he left amid the tooting of automobile horns and the cheers of hundreds of on-lookers.

SHOT IN FACE WITH BLANK CARTRIDGE

Woman Has Husband Arrested After Being Badly Injured.

With the side of her face badly burned from gunpowder, Mrs. Tilly Woodward, Robinson street, came running to Claremont police station yesterday afternoon, declaring that her husband had attempted to murder her. She alleged that he came to her home, and following a conversation drew the revolver and pointing it at her opened fire. The revolver was loaded with a blank cartridge, but the flame of fire burned the woman's face. Police constable Dunn captured George Woodward on Robinson street and placed him in custody, charged with threatening to do bodily harm.

HEARST GIVES PERSONAL VIEW AGAINST REPEAL OF TEMPERANCE ACT

Premier Makes First Public Declaration of Views—Shifts Responsibility of Nickel Scandals to Federal and British Authorities—Accuses Dewart of Partisanship During War—Probable Referendum Date.

"Someone has asked me my personal position on the referendum. Anyone who has read my utterances on temperance would not ask that question. From first to last there has been no doubt of my position, and no wavering. The government, of which I am the head, took the same attitude, and I will stand by it until the question is decided. I believe the O.T.A. has accomplished much good for the people. When civilization hung in the balance the act increased the financial strength of the province. In the days of reconstruction the act is doing good, and any repeal would be unwise. It will prove a boon and a blessing in the days of peace and prosperity, to which we are looking forward. When the verdict is rendered we will see that it is enforced without fear, favor or partiality of any section of the community."

Makes Notable Declaration. Thus Sir William Hearst expressed himself at a Conservative picnic of seven riders held in Mohawk Park, in Brantford, on Saturday afternoon. In stating that repeal of the O.T.A. would be unwise, he made his first public personal declaration of views on the subject. He said that he had been known to many, but at some length with the temperance question and claimed that prohibition had increased the financial and physical strength of the province during the war. The premier once more threw

the responsibility for the nickel scandals back on to the Dominion government and thru the latter to the British admiralty and authorities. He said the referendum would be taken between October 1 and 22. He made no reference to the elections or to a convention again staking his all on his record in appealing to the people. Sir William flayed Hartley Dewart considerably and charged the Liberal League with stirring up partisan strife "from the Atlantic to the Pacific" during the war and denied that he ever designated the O.F.U. as "camouflaged."

DEWART FORMULATES DEFINITE CHARGES ON NICKEL QUESTION

British Admiralty in 1907 Wanted Nickel Export Stopped—Liberal Leader Accuses Ontario and Dominion Governments of Neglect—Cochrane Pleaded Province Was Powerless.

By The World's Special Reporter. London, Aug. 23.—The following is a full report of the speech of H. H. Dewart on the nickel issue at last night's Liberal rally: Mr. Chalmers, ladies and gentlemen, I have to thank you for your all too kind reception. It is just three years ago last night that at the close of a hot August day I closed a rather hot campaign in Southwest Toronto. The issue then before the people was the failure of both Dominion and provincial governments to control and conserve our natural resources and particularly their failure so far as our vital nickel resources were concerned. The people of Southwest Toronto were good enough to return me as a member of the legislature and tonight I am pleased to begin another year of service and to have the privilege of addressing you as leader of his majesty's loyal opposition in the province of Ontario. At the time I have referred to when we were discussing the nickel question as a vital issue we were called misdoers and reckless demagogues. Nickel won Southwest Toronto. But that was not the opinion of the electors of the loyal city of Toronto, and of some persons who differ from my political views. The editor of the Independent Conservative Journal in Toronto remarked the morning following the election: "It was the nickel issue which most of all aroused the electorate. The result of the election was a triumph for British Canada, for the empire and her allies and a defeat for the German enemy. The verdict would be heralded from one end of the Dominion to the other. But as we had at that time a mixed condition of opinion in the province, it was sought to turn the result of the election upon the temperance question rather than the question we had been discussing—the failure of the two governments to control the nickel supply. In this connection I intend to use tonight the testimony of a gentleman who spoke in this city of London on October 11, 1916, in the presence of his excellency, Sir Wilfrid Laurier. (Applause.) The prominent politician I refer to had then just returned from a survey of the nickel fields—I am referring to my friend Hon. N. W. Rowell (a groan and general laughter), as reported in The Telegram: "I had the opportunity during the past summer of seeing and how vital a part nickel plays in modern warfare. There should be some effective government control of the production and distribution of nickel in the province. Mr. Dewart rendered very real service in focusing public attention upon this very important issue in the Southwest Toronto campaign. War-Time Discussion of Weakness. Now, ladies and gentlemen, these were those who urged that the question should not be considered during the war's progress. So far as the Ontario government was concerned, it was said they had done what was necessary to control the situation. If that was true, we must surely be permitted now, when the war is over, to take as far as we are able, an impartial survey of the question, and see whether in the condition of affairs that we find today, the defence they made when we were discussing this question in war-time has been borne out. This nickel issue is still an issue of paramount importance. The returned soldiers must know the position taken by the Liberal party upon this matter; they must know that so far as the Liberal party is concerned with this and other issues, it is prepared to vindicate the position it has taken, and is prepared to carry out its policy in the interests of the loyal people of Ontario. (Applause.) Let me for a moment call your attention to the value of nickel, the important uses to which it is put; to point out that it is so vital a resource for Canada and for the empire that it never should have been allowed to go into hands that could turn it to an improper use, or to employ it in a way that would be detrimental to the empire. Our policy is to make Canada not only the best country in the world to live in, but to make her a permanent ally of civilization. (Applause.) Surely it is our duty, then, to see that never again should such a powerful weapon as our nickel resources in the Soudan district of nations of the empire be misused against the dearest interests, not only of the province, the Dominion and the empire— even

HITS UNITED STATES AS WELL AS BRITAIN

London Papers Emphasize Gravity of Situation in Fall of Sterling.

London, Aug. 24.—The gravity of the situation arising from the fall of sterling in the United States, which has been the subject of articles in all sections of the press for days past, is emphasized again. Friday's slight improvement was regarded as only temporary. The Daily Mail, which has constantly urged increased production here as a remedy, gives prominence to the contention that the position is equally as serious for the United States as for Great Britain, as it is imperiling American export trade. The same point is made elsewhere, and opinions of American bankers are cited in support of it. It is remarked by the newspapers that American exporters have plenty to sell and that there are plenty willing to buy, but they point out that unfortunately the necessary money.

ASQUITH TO RE-ENTER ACTIVE POLITICS

London, Aug. 24.—Herbert H. Asquith, former prime minister, is reported to be making arrangements to re-enter active politics. The Edinburgh Evening News declares that Mr. Asquith probably will take the earliest opportunity to secure candidature. The Referendum Settled. Premier Hearst announced on Saturday that the electors of Ontario will be asked to vote on the referendum in October. He said nothing about when the general election is to be held. He is taking further time to consider: he may hold another session, or he may later on announce the election for the same day as the referendum; or he may put on the election after the referendum and without another session. The best guess is that the two will come off on the same day in October.

DEWART FORMULATES DEFINITE CHARGES ON NICKEL QUESTION

Summary of Dewart's Nickel Charges. Hon. A. S. Hardy, minister of lands and mines in former government, wanted nickel of Sudbury reserved for British Empire. Three times Hardy failed to interpose with the admiralty of government. Admiralty saw national emergency coming in 1907 and wanted nickel export stopped. Hon. Frank Cochrane, minister of lands, forests and mines, replied to the lords of the admiralty that Ontario had no power "in national emergency or otherwise. International Nickel Company allowed to challenge right of government of Canada to keep smelting and refining operations in this country. Royal nickel commission declares International Nickel Co. has not kept faith and did not intend to abide by undertaking to refine metal in Canada. Editor Rathbone, Providence Journal, traced Sudbury nickel, point by point, from International Nickel Co. to Deutscher. Denial of Jordan, Hearst, Kemp, McEwen, Ferguson, that Deutscher carried nickel charges, overturned by statements of United States custodian of alien property and British government. Strong charges against Hon. Howard Ferguson that he deliberately misled grants of nickel-bearing lands to Canadian Copper Co. Dewart declares for refining in Ontario and development of water powers of the north to help industry.

NOT ONLY DEFEAT BUT MORAL COLLAPSE

Bolshevik Everywhere Driven Back by Ukrainian and Rumanian Forces.

Berne, Aug. 24.—According to the latest news received here from Ukraine, the Bolshevik have everywhere been driven back by the Ukrainian and Rumanian forces, acting in conjunction. Moral collapse of the Bolshevik, it is reported, accompanies the military defeat and in the recent elections for communal soviets, the anti-Bolshevik polled a crushing majority even in the district still occupied by Bolshevik forces, notwithstanding terrorist methods perpetrated on the voters. Peasants Rising Everywhere. Berne, Aug. 24.—The Ukraine mission here has received a message from General Petura, dated August 20, saying that the towns of Rovno, Dubno and Zhitomir have been handed over by the Poles to the Ukrainians by arrangement. The message adds that the peasants everywhere are rising on behalf of the independence of the Ukraine. All national forces are united on a democratic and anti-Bolshevik basis. "We have excellent relations with the empire, while our neighbors, particularly Rumania, are hostile," the message asserts.

"FEATHER" AYLESWORTH DIES SUNDAY AT GUELPH

The death occurred yesterday morning of Major Alan Featherstone Aylesworth, son of Sir Alan and Lady Aylesworth. Congestion of the brain was the cause of death. Major Aylesworth had only been sick two days, home, Barrie, when stricken, and was rushed to Guelph for treatment. His father was wired for, but arrived after his son had died. Major Aylesworth went overseas as a company commander with the 95th Battalion in May, 1916, and was later transferred to the war office in London, England, when the battalion was broken up for reinforcements at the Somme. He was returned to Canada in the fall of 1917 on account of his eyesight failing him. He was about 40 years of age.

HIS ROYAL HIGHNESS THE PRINCE OF WALES

The Dineen Store will close today at one o'clock in honor of the Prince's visit. Toronto extends a hearty welcome; the city will be burning during His Royal Highness' visit. Flags and bunting will decorate all the main streets and many of the private residences, and with the Exhibition in full swing this should be a day for the citizens. Sir Hata are to be worn at all functions. The store will be open all morning until one o'clock to give ample time for selecting Dresses, Fur, Waists, Sweater Coats, Hata, Raincoats, and also Fall Overcoats. The Dineen Store is 110 Yonge street. Telephone Main 5852.

WORKERS ON LINE OUT OF ST. KITT'S, AFTER CONFERENCE, DECIDE TO DROP FIGHT.

Special to The Toronto World. St. Catharines, Ont., Aug. 24—Service will be resumed at 4 o'clock tomorrow on the Niagara, St. Catharines and Toronto Railway after a strike of four days over a question of principle. On Saturday a delegation of the men appealed to Mayor Elton to act in the case after General Superintendent Oliver had refused to grant the men a hearing. A conference with Mr. Oliver and a committee of the employees was arranged for and held Saturday evening in the city hall, at which Chief of Detectives Page of the Canadian National Railway was present. After hearing the statement of Page the committee decided to recommend to the employees that they return. This decision was reached by a mass meeting at midnight.

HEARST SHIFTS NICKEL SCANDAL RESPONSIBILITY

Premier Makes First Public Declaration of Views—Shifts Responsibility of Nickel Scandals to Federal and British Authorities—Accuses Dewart of Partisanship During War—Probable Referendum Date.

"Someone has asked me my personal position on the referendum. Anyone who has read my utterances on temperance would not ask that question. From first to last there has been no doubt of my position, and no wavering. The government, of which I am the head, took the same attitude, and I will stand by it until the question is decided. NIAGARA RADIAL STRIKE NOW OVER

Workers on Line Out of St. Kitts, After Conference, Decide to Drop Fight.

Special to The Toronto World. St. Catharines, Ont., Aug. 24—Service will be resumed at 4 o'clock tomorrow on the Niagara, St. Catharines and Toronto Railway after a strike of four days over a question of principle. On Saturday a delegation of the men appealed to Mayor Elton to act in the case after General Superintendent Oliver had refused to grant the men a hearing. A conference with Mr. Oliver and a committee of the employees was arranged for and held Saturday evening in the city hall, at which Chief of Detectives Page of the Canadian National Railway was present. After hearing the statement of Page the committee decided to recommend to the employees that they return. This decision was reached by a mass meeting at midnight.

As usual the Toronto papers give no reports or muddled reports of the Dewart meeting and the charges made. Why? What does The Globe propose to do about this speech of Mr. Dewart? Will it print in full as it is in The World?

BOLSHIE LEADERS CAUGHT BY POLICE

Two Russians Are Held on Charge of Having Prohibited Literature.

Agnew Swajak and Adam Emolin were arrested Saturday night in a house on Sullivan street on a charge of having prohibited literature in their possession. Both men claim to be Russians. They are alleged to be the leaders of a radical element who conducted street corner meetings at which workers were asked to unite and overthrow the capitalists.

Swajak gave his age as 28 years. A second charge concerning a loaded revolver was preferred against him when detectives searched him at the time of his arrest. The police claim to have found an automatic, containing nine bullets. Swajak had an extensive wardrobe, and was the possessor of more than twelve suits of clothing. Propaganda of the anarchist party was found in large quantities in the Sullivan street house.

Detective-Sergeant Maurer and Inspector Wallace have been closely following the moves of the prisoners during the past few months. It is alleged that picnics were held at stop 19, Kingston road, where returned Russian soldiers who lost arms or limbs fighting overseas were lifted up on the shoulders of speakers and referred to as examples of the work of the capitalists. It was further stated that complaints of a like nature were received from people who were attracted by remarks of the speakers on the city street corners.

Information which the police claim to have shown Swajak to have served a three months term of imprisonment during the past few months. It is charged that the immigration authorities rejected him from Detroit over his connection with literature being distributed amongst workers.

DECLARE POLICY OF EQUAL LIBERTIES

Northwest Russian Government Announces a Truly Democratic Platform.

Feuter, Cabel, 24—Reuter learns that the newly-established Northwest Russian government will shortly issue a declaration of policy, containing the following principles:

The government will be formed in agreement with the views of representatives of the allies and will be united with the government of Kolchak. It declares its decision to carry on war against Bolshevism. Complete equality is granted to all citizens with civil liberties guaranteed. The new constituent assembly is to be convoked immediately.

Different nationalities are to form part of a united Russia on a federative or autonomous basis. The administration of Zemstvos and municipalities are to be organized on democratic principles. The agrarian question is to be solved by the state, and the land is granted to remain in the hands of the rural population. An eight-hour working day, government control over production and regulations for safeguarding labor are to be introduced by the new government.

ROYAL TRAIN IS NEARING TORONTO

(Continued From Page 1).

ion and built upon it the splendid Canadian nation today.

"The great war just finished is not the first in which the soldiers of Quebec have proved so bravely the British throne. But this war has been for the peoples of the empire the hardest and most searching of all tests, and I wish to tell the patriots of the soldiers who formed the Twenty-Second Battalion that those troops furnished by the Quebec of our own day entitled themselves worthy of the soldierly tradition bequeathed to the province by the two gallant adversaries on whose monument I laid a wreath two days ago—Wolfe and Montcalm. Those troops responded to the call of Canada and the empire in an hour of bitter need, and they displayed a fresh the ardor and endurance of the early pioneers who first reclaimed the mountains and the forests, the rivers and the lakes of the vast territories of the Canadian government.

"Permit me, your honor, to express the wish that there may soon arise upon the Rock of Quebec a new monument, 'Aux Braves' in honor of the soldiers of both races who fought and won in the great war.

"Aux Braves."

Visits Berthierville. Berthierville was the last place in the Province of Quebec to be visited by the Prince of Wales. He arrived at 7:10 tonight and stayed for 20 minutes. He received a great welcome at the station when the mayor read an address and the prince replied in French. The whole town was beflagged, and at the conclusion of the prince's speech the crowd surged around him for a handshake. The police had difficulty in making way for the prince, who seemed to enjoy the informality of the warm-hearted reception. The crowd sang "God Save the King" and "O Canada" again and again, and as the train pulled out his royal highness waved his hand and raised his hat.

General Armstrong of Montreal was at Berthierville to greet the prince, who quickly remembered him. The train is now on the way to Toronto via Outremont, skirting the city of Montreal.

LADY LEFT HER CLOTHES; POLICE SEEK THE OWNER

A bundle of female clothing, complete from lingerie to hat, was found in the bush adjoining Parklawn cemetery, near the Humber river. The find was reported to Constable Geo. Simpson, who took the bundle and made an exhaustive search of the grounds. No body was found, and so far the clothing is unclaimed. The police station. Since there has been no report of any person missing, the authorities are at a loss to account for the find.

YORK COUNTY AND SUBURBS

EARLSCOURT PRINCE ASSURED OF GREAT WELCOME

Earlscourt is Looking Forward to His Royal Highness' Visit.

Earlscourt citizens consider it a great honor for the prince to come to Earlscourt, which, according to a recent statement made to the press by Lieutenant-Governor Sir John Hendrie, will be on Wednesday between 6:30 and 7 p.m. Sir John says the Prince of Wales expresses a wish to greet the working classes through Toronto, and as the working classes desire to greet him, his royal highness, with his entourage, will make the tour east and northwest of the city, which includes Earlscourt. The Earlscourt G.W.V.A. are losing no time in preparing the decorations to welcome the prince, and members of the subscription committee have nearly finished their collections. Nothing can be said at this time as to any program that may be carried out when his royal highness reaches this section, although the route by which he is to travel appears to have been settled and has already been published.

Harvie Nairn and Morrison avenues are gaily bedecked with flags in honor of the prince's visit. Earlscourt mothers are busily engaged in making nice white frocks for the little ones, to be worn when they stand before the prince and sing "God Bless the Prince of Wales" on Wednesday. Headquarters of the G.W.V.A. is crowded with a splendid array of bunting, and all the stores on the north and south side of St. Clair avenue are beginning to assume a variegated blaze of red, white and blue. Earlscourt is excited in anticipation of the coming historic event.

Plug Hats to the Fore. Many leading Earlscourt citizens who never wore a plug hat in their lives have purchased new silk plugs the latest style to wear in honor of the prince's visit. Some of these expect to have a prominent position near his royal highness, and are therefore conforming to the usual custom of wearing this kind of headgear.

The decorating committee looking after the erection of the arch on Dufferin and St. Clair for the prince's visit: were busy making preparations on Saturday afternoon. The lumber is all ready, and a few hours' work today will finish the job and the arch will be placed in position. George T. Williams, Joe Wines, W. H. Jeeves, chairman reception committee; Commodore James and Andrew Street; and Willis are some of the active members.

The Earlscourt G.W.V.A. annual picnic which was to have been held on Wednesday at Wabasso Park, Hamilton, will now clash with the Prince of Wales' visit, which takes place on Saturday. The latest information, on Wednesday evening, the veterans have, therefore, changed the date to Friday, Aug. 29, and veterans and their wives and families are hereby notified.

Several Earlscourt war widows and their families who left this district to live in the old country are desirous of returning, as conditions in England, they say, are infinitely worse than in Canada. Their letters to relatives here further state that they cannot book their passages to Canada owing to the enormous demand for shipping to convey Canadian troops home, and until the last unit leaves there will be no accommodation for passengers.

According to Rev. A. I. Terryberry, pastor of Hope Methodist Church, Danforth avenue, the work of the enumeration throughout the district is very satisfactory, and is being supplemented by the members of the various churches throughout the section.

DANFORTH

Shortly after 6 p.m. yesterday a covered wagon at the rear of a livery at 3 Chester avenue, owned by Lee Peter, was set on fire by some boys. It is stated, causing damage to the amount of \$60. The firebricks were promptly on the scene.

"Our Fellowship with Royalty" was the subject of Rev. A. I. Terryberry's sermon last evening in Hope Methodist Church, Danforth avenue. He should be cordially extended to his royal highness the Prince of Wales, but reminded the congregation that their fellowship is with the Father and His Son, Jesus Christ. J. Frogley sang an appropriate solo.

There was a large congregation present both morning and evening.

LIQUOR IN MOTOR CAR

Charged with having liquor in his motor car on Spadina avenue Saturday night, William Denning, 40 Boswell avenue, was arrested by the police of No. 11 division.

VIADUCT ROADWAY

On Saturday night a small portion of the viaduct roadway between Parliament and Sherbourne streets remained to be ironed out. This does not involve much labor and the road will be opened this morning.

SAVE MONEY—BUY "O.T." NU-COKE

SOLD BY JACQUES DAVY & CO. MAIN 2717. F. A. FISH COAL COMPANY, LIMITED IMPORTERS COKE AND STEAM COALS. Westmoreland, Twin Vein Pittsburgh, Smithing and Smokeless Coals. MAIN 191. TORONTO.

RIVERDALE

Under the auspices of the Riverdale Horticultural Society the third annual flower and vegetable show will be held on Saturday at the Riverdale Presbyterian Schoolhouse, corner of Fape and Harcourt avenues.

The large attendance when the proceedings were opened among present were Controller W. D. Robbins, Ald. W. W. Hiltz, R. A. Honeyfirst and F. W. Johnson; Dr. E. A. McDonald; A. J. Smith president, and members of the exclusive committee section—Fruit, flowers, vegetables and preserves were well represented. The number of entries being very large and the hall presented an attractive appearance.

The winners in the various competitions will receive their prizes at a concert and social to be held at a later date. The judges were George Baldwin, A. J. Smith and J. Milne. The exhibits of bread, biscuits, pies and preserves were judged by Mrs. Yates, Ontario government lecturer.

Prizes Given. In the flowers section, Chas. Honeyman was awarded the first prize and collections, J. Milne, first and second prizes in vegetables, and Mrs. J. Milne received the majority of prizes in the women's section; E. Morgan, first prize in children's collection of vegetables; A. Morgan, first in collection of flowers.

The winners in the novice back yard competitions were W. Ogg, 87 Wroxler avenue; James McKerracher, 163 Wrenson road; A. J. Stubbings, 183 Fulton avenue, and D. Miller, 934 Loganville.

MARKHAM

The directors of the Markham Fair are more than ever convinced that this will be the biggest year in point of numbers and exhibits that the pioneer county show has ever known. There never was so much enthusiasm, and with their splendid new show building and an able and untiring board of directors it will be no wonder if the fair this year breaks all records.

The board of directors is composed of Peter Reesor, president; R. J. Cunningham, ex-president; Fred Reesor, George B. Fudge, secretary; Dr. Armstrong, John Gowan, J. Gleason, G. A. M. Davidson, J. W. Graham and J. I. Baldwin, all from Markham township.

The Markham village directors are Rev. R. A. Fleming, J. Malcolm, Russell Reesor and Tom Hargrave. From Scarborough township the directors are George B. Little, Garry Prentice, Ormerod and George Scott.

The Pickering directors two in number, are G. Tran and Walter Milne. In the matter of prizes around about \$200 will be distributed for trotting events alone.

EAST TORONTO

According to Rev. A. I. Terryberry, pastor of Hope Methodist Church, Danforth avenue, the work of the enumeration throughout the district is very satisfactory, and is being supplemented by the members of the various churches throughout the section.

MIMICO

Mimico was a fete on Saturday to formally welcome her returned soldiers. Good weather and a turn out of citizens in full force made the day one to look back upon. National and popular airs were played through the day by the New Toronto band.

A large belt encircled an arch of maple leaves the citizens gathered to welcome their soldiers. Marquees had been erected and refreshment booths installed. An athletic ground was roped off, and a program of 21 events carried out. The feature was a lacrosse match between Mimico intermediates and Dominion stars. The enthusiasm of the crowd was none the less dampened by the victory going to the Toronto team.

The program was discontinued at six o'clock when the veterans gathered in a large marquee to a dinner given in their honor, and to hear some eloquent addresses of welcome given by Mayor L. J. West, Rev. Mr. Treymann, Rev. Mr. Mackay, Rev. Father Doherty, Rev. Mr. Morgan, Dr. Godfrey and others. During the dinner a silent toast was called for Mimico's sons who were killed in action. Unbroken silence held for the space of one minute and then the mayor read the names of twenty-seven Mimico men who sleep in Flanders field. At seven o'clock when the dinner and speaking ended the races were resumed and carried on till nine, when Fred's jazz band commenced.

Another interesting feature of the day was the presentation by the mayor of a gold signet ring to each soldier who was on an order on a local jeweler for an inscription.

CANDIDATES TO BE CHOSEN FOR FRAY

L. L. P. Will Place Them and Will Co-operate With Ontario Section.

Candidates will be placed in the field at the coming provincial elections by the Independent Labor party. This was decided at a representative and businesslike meeting held by special summons at the Labor Temple yesterday afternoon, and it was also decided to confer with the executive of the Ontario section of the pending Canadian Labor party. Meetings of the L.L.P. will be held weekly at the Labor Temple until further notice, in view of the urgency of the moment, the provincial elections, according to many who know, being very near. It was pointed out that there were at least 100,000 voters in the Ontario section and that out of these was excellent margin for the best kind of co-operation between the various units of the Ontario section of the L.L.P. is one, and undoubtedly at the present moment the strongest. Co-operation indeed, yesterday expressed its regret at the forced seclusion of Mr. Ballantyne from his political activities of the past strenuous years.

Perhaps the most noteworthy feature of the proceedings was the determination to refuse to consider any candidates not nominated by one of the units of the Ontario section of the Canadian Labor party.

James Hamilton H. Ballantyne, president of the L.L.P. is seriously ill at his residence on Papez avenue, but has been ordered to take a complete rest from all grave responsibilities for at least six months by his physician. In these circumstances he has resigned as president. This will not be accepted until the next convention of the party. His regret at the forced seclusion of Mr. Ballantyne from his political activities of the past strenuous years.

MEMORIAL IN GALT TO S. O. E. SOLDIERS

Special to The Toronto World. Galt, Ont., July 14—Royal Oak Lodge S.O.E. today honored the memory of 11 of its members who fell in action in the great war when on the S.O.E. plot in Mountview Cemetery a memorial was unveiled. The design was unveiled. The monument comprises a tablet bearing the names of those who lost their lives. On the tablet there stands on guard a full-sized figure of a soldier in Italian white marble. Members of the local lodge and visiting brethren were invited from all surrounding places. The unveiling ceremony was performed by Supreme President, J. W. Brantford, provincial president of the G.W.V.A.

LABOR NEWS

SILVERWORKERS' UNION HAS SETTLED STRIKE

The Silverworkers' Union announced Saturday that they reached a settlement of their strike in every shop except Roden Brothers', and return to work on Tuesday morning.

AN INVOLVED SITUATION

A rather delicate situation is said to have arisen in Hamilton where the late Allan Sutherland was unusually popular. All sorts of rumors are abroad that one of the returned soldiers' organizations is placing a candidate for the constituency which has been labor for nearly twelve years. Another story which is understood to have come from Hamilton is to the effect that Sam Landers at one time one of the best known labor men in Western Ontario, is now running in one of Hamilton constituencies on his own but, apparently as a returned soldier. He is said to have done some excellent work at the front, and is now longer Sam Landers but Lieutenant Landers. He is a member of the Independent Labor Party, but is not running as a labor candidate so far as is known.

THE NEW ERA?

Champions of the O. E. U. have bought "The New Democracy," an advanced labor journal from Hamilton. Publication will be continued under new management in Toronto very shortly.

CONSIDER CONCILIATION.

Rubber workers met yesterday afternoon at the Labor Temple to discuss the agreement placed before the India-rubber factory managements the first of the month, and unanimously decided to write their request for the assent to a board of conciliation to adjust all grievances. The firms will take up the request some time this week, and an adjustment may be secured thru this means.

LABOR POLITICALLY ACTIVE.

Applications for both charters and membership forms are pouring into the office of the Provincial Independent Labor Party from every section of the province, and on Saturday night the secretary, Joseph Marks, received letters from Ignace, from Sudbury for a hundred application forms, from Hastings, Trenton and Belleville, from Timmins, where the Miners' Union had decided to form a branch, from Elmira, Kenora, and application from St. Catharines for 1,000 membership forms. Mr. Marks stated yesterday afternoon that those who had worked and voted against the labor ticket at the last election were, in many cases, enthusiastic supporters of the cause.

ACCIDENTS TO CHILDREN

Badly scalded by water, Norman Grinattch, aged two and a half years, 94 Brookside avenue, was admitted to the Hospital for Sick Children last night. The child's condition was stated at midnight to be serious.

Alfonso Dischanta, aged 9 years, of 492 West Adelaide street, was admitted to the Hospital for Sick Children suffering from scalp injuries sustained by being struck by a motor car last night on Adelaide street.

LIQUOR SEIZURE IN TORONTO HOTEL

Police Claim to Have Found Five Gallons of Alcohol and Fifty Bottles of Whiskey.

Five gallons of alcohol and fifty bottles of whiskey were seized Saturday night in a raid by the police at the Brunswick Hotel, corner of Brunswick avenue and Bloor street. Inspector W. Miller and Patrol-Sergeant Jackson conducted the raid, and they allege they found the liquor in rooms and in the cellar of the hotel.

It is claimed by the police of Markham street division that many complaints have been made of liquor being sold in the hotel. A barrel containing five gallon cans of alcohol was confiscated.

DINEEN'S EXHIBITION OF LADIES' AND GENTLEMEN'S FURS

Canada's great fair in Toronto marks the final passage of summer and the first real days of fall. It likewise brings from the whole of the Dominion a crowd of visitors to our doors, and it is natural that we should prepare for them in such a manner as to make their visit memorable.

A grand display of new furs is being held in Dineen's large showrooms at 140 Yonge street, and will continue until the exhibition is over. The Dineen Company invites the ladies of Toronto and all the visitors who are coming into the city, to inspect the new styles for fall and winter.

Plain Hudson Seal Coats, 42 long full skirt, silk brocade lining, large cape collar or long roll collar. Special price \$315.00

Extra quality, French Coney Coat, 42 inches long, full skirt, fancy brocade lining, large shawl collar and cuffs of choice Alaska sable. Only \$240.00

Special showing of Neckpieces and Muffs in fox, mink, sable, mole, wolf, and ermine. Visitors are invited.

RUMANIANS FAIL TO FEED BUDAPEST

High Command Complains of Lack of Organization Among Hungarians.

Budapest, Aug. 24.—The Rumanian high command today issued a note in which it declares that all its efforts for the revictualing of Budapest have failed owing to total lack of organization by the Hungarian authorities. The note says the high command is doing its utmost to set the Hungarians to do their duty.

According to the note the Rumanians have organized food relief trains and granted full liberty of navigation of the Danube River. Emphasis is laid on the statement that political activities and the publication of newspapers are not being interferred with. It is added that the high command will not serve as an instrument for political persecution, and that its only concern is to maintain order.

FOREIGNERS PREPARE TO LEAVE

Tokio, Aug. 24.—Advices from Omsk are to the effect that foreigners have made all arrangements to leave in an easterly direction if the Bolsheviki advance threatens Omsk. Trains are being held in readiness for this purpose.

TRADE UNIONIST HEADS LOCK-OUT EMPLOYEES

London, Aug. 24.—Six thousand employees of Co-operative Trading Societies in North England struck Friday for a 44-hour week and an increase in wages. The directors of the societies, who are mostly trade unionists, retaliated by ordering a lock-out of the 30,000 employees beginning Aug. 27.

LABOR POLITICALLY ACTIVE.

Applications for both charters and membership forms are pouring into the office of the Provincial Independent Labor Party from every section of the province, and on Saturday night the secretary, Joseph Marks, received letters from Ignace, from Sudbury for a hundred application forms, from Hastings, Trenton and Belleville, from Timmins, where the Miners' Union had decided to form a branch, from Elmira, Kenora, and application from St. Catharines for 1,000 membership forms. The Advance Showing of Autumn Styles will take place today, and continue throughout the week.

The Formal Display on the Third Floor Embraces

Women's, Misses' and Children's Apparel and Furs
Emphasizing the New Silhouette (as Evidenced by Our Medium-Priced Merchandise) ---the Shorter Skirt with much fullness at the Hips, and Simple Bodice with more definite Waistline; also the prevalence of Soft Pile Fabrics in Rich Shades, with Brown as High Favorite.

Suits Show Very Narrow Belts

IN CONTRAST to last season, the new suits pay scant attention to belts, contenting themselves with the merest string of leather or fabric. There is a tendency towards width across the hips, attained by wide-mouthed pockets or eighteenth century pocket-flaps. Sleeves continue tight, collars are mostly of the button-up variety, many being of fur, and flat panel vests of duvetyn or broadcloth are frequent. In wool velours, broadcloth, silvertone and tinsel tone (a soft fine twilled wool fabric with effect similar to silvertone). Preference is given to browns of all varieties, with rich blues, greens and wine shades following in sequence.

Coats Show Straight Lines, Deep Arm-holes and Huge Shirred Collars

IN COATS, as well as suits, the belt is frequently absent, or visible only across the front. Very deep, loose armholes and cape-like collars, shirred at the neck, are conspicuous features. Fur collars and cuffs, however, continue in popularity. Without exception the lines are loose and straight. The fabrics are warm, pliant velours, silvertone, peach bloom (a pile wool fabric of exceptional softness), and other kindred fabrics—some with invisible twill or cord. Brown again is prime favorite, with navy blue, taupe, greys and brilliant blues following.

Tricotine and Satin Meteor Are the Favorite Materials in Dresses

IN DRESSES this season more attention is accorded their skirts than for some time past. The waistline is usually well defined, and the wide hip-line emphasized by draping, tunics or pockets. The long-waisted basque bodice, with round neck is

exemplified in street frocks of tricotine and tricotette. Short sleeves or long loose sleeves, with deep cuffs, appear on afternoon dresses of satin or charmeuse, with draped skirts. Uncut fringe and metallic embroidery, and fine lace at neck and wrists are modish trimmings. Evening gowns are very décolleté, many having bodices, practically backless, and slender shoulder straps. Fine lace, embroidered tulle and net are popular on skirts, while the bodice, fitting smoothly, is often of taffeta or satin. The bouffant hip-line finds full expression in the evening dress. For daytime, browns and coppery tones, with navy blue and black, are chiefly in favor; while every gay flower tint and many daring greens and flame colors are used in evening gowns.

The "Casaque" Novel Blouse is New

THESE over-blouses, which transform a skirt and blouse into a costume, are developed in georgette crepe, and range from hip to knee length. The round, collarless neck continues in favor; many loose elbow-sleeves are shown, and lavish use of silk or wool embroidery in Oriental tones. Shades of bronze and brown, and blues and greys to harmonize with suits are in evidence. Georgette crepe continues the strong favorite.

In Separate Skirts Wool Plaids Are Popular

THE separate skirts show more width and less length, with pleats in the more tailored styles, and bouffant drapings in the silk and satin models. Fine wool plaids and rich satins and novelty silks are shown in brown, black, navy, taupe and grey.

Misses' Apparel Echoes the Main Style Notes

MISSSES' dresses show many knee-length tunics in the street models, puffed and draped skirts of satin and taffeta in afternoon dresses, and frilly panniers and drapings of tulle and net over taffeta or satin in evening frocks. Many of the latter have tiny puff sleeves and fitted bodices. Suits are simple for the most part, with wide hip-line, narrow belts and muffling collars. Coats follow the general trend of straight lines—huge collars and loose sleeves—with perhaps a few more belted models than in more mature styles. Brown is to the fore, show pastel shades, silver lace—and a fair number with navy and taupe following. Evening dresses bear of blacks. Serge, tricotine, taffeta and satin, in dresses, and broadcloth, velours and silvertone for coats and suits are the fabrics.

Simplicity Marks the Children's Clothes

ROUND-NECKED dresses, with colored embroidery, simple bodices and pleated or gathered skirts are developed in fine serge and wool jersey; party dresses are of taffeta, net and georgette crepe—made very simply—with wee frills and wool embroidery as trimming. The coats are sensible, but echo the fashion note by collars and cuffs of fur and fur-fabric, and very deep arm-holes. The fabrics are velours, silvertone, wool chevots and wool blanket cloths in brown, grey and navy.

Fur Jackets in Finger-tip Length Are Smart

LAST season saw the entry of the short fur coat —this season finds it well established in favor of la Mode. Usually developed in Hudson seal (dyed muskrat), it employs beaver, squirrel, etc., for contrast—for formal wear the fur dolman is smart. As for neckpieces, every type seems accepted—with a slight preference for pelts which harmonize best with the omnipresent brown. Muffs are of the canteen and melon persuasion and are rather small.

The Autumn Mode in Hats

The Millinery Department is Well Equipped With a Varied Collection of Immensely Smart Models.

DEVELOPED in velvet, hatter's plush, duvetyn and soft felt—these new hats are delightful in line and color. Shaggy monkey fur and uncurled ostrich form novel trimming—dripping from brims at unexpected angles.

There are all the subtle fur colorings, varied by gay splashes of orange, hunter's green or Chinese red, to say nothing of embroideries in gilt or tinsel thread, in price they range, for street hats, from \$6.50 to \$13.50; for dress hats from \$10.00 to \$20.00.

Specially prepared for Monday morning is a collection of smart Autumn Dress Hats—exceptionally good value at \$14.50.

"Meet Me in Jubilee Park"

For the Special benefit of Exhibition Visitors, This Popular Resort is to Be Opened Again

YOU'LL find Jubilee Park a particularly welcome haven during the next two crowded weeks, whether you are an out-of-town visitor or not. The same cool, woody surroundings, rushing waterfall and cooling breezes will rest and refresh you.

More substantial refreshment, in the shape of cool drinks, ices and cakes, will be served by the well-known Jubilee Girls in their 1869 costumes.

Furthermore, an Information Bureau and free check room will be in connection with the Park, of which all visitors, it is hoped, will avail themselves.

FRIDAY'S EVENING DAY PROVES BIG SUCCESS

(Continued From Page 1)

that hour H.R.H. will be escorted by President Russell to the big stand and will remain to witness two or more events on the trotting and pacing program.

The review of the Boy Scouts, Girl Guides and Boys' Naval Brigade, scheduled for 3.30 today in front of the grand stand at the Exhibition, has been postponed until Wednesday until 3 o'clock when they will be reviewed by H.R.H. the Prince of Wales with the veterans.

The last minute change in the plans of the prince necessitated the change, and the keenest disappointment is felt, particularly by the boys and girls, whom had lined up in rows outside points, bringing all their paraphernalia with them.

It was not possible in the short time at the disposal of the Exhibition management and of the officials of the three bodies to notify the boys and the girls, and many of them will report today at the grounds unaware that the event for which they had made such careful preparations has been put over until Wednesday.

There is some misunderstanding regarding the program for H. M. Grenadier Guards band which they play at 8.30 to 8.50 each afternoon and 9 to 9.30 p.m. in the main band stand. After the evening concert they take part in the grand stand spectacle.

There is some misunderstanding regarding the program for H. M. Grenadier Guards band which they play at 8.30 to 8.50 each afternoon and 9 to 9.30 p.m. in the main band stand. After the evening concert they take part in the grand stand spectacle.

The Toronto and New York air race commences shortly after noon. Communication will be brought from President Wilson to H.R.H. the Prince of Wales and a letter will also come from Mayor Hyman inviting the prince to New York and offering him the freedom of the city. Col. Barker, V.C., will fly to New York, if he can get the release of one of the German-surrendered Fokker machines.

The program of the Grenadier Guards band between 8.30 and 8.50 is: "The Jefferson Guards" (A. Williams); selection, "La Traviata" (Verdi); suite, "L'Après midi d'un Débâcle" (Debussy); "The Mascarade" (Dvorak); selection, "La Mascarade" (Lacombe); caprice Italian (Tschalkowsky); overture, "Semiramide" (Rossini); waltz, "Roushka" (Grieg); "Tittle" (Souss); Bourree and Gigue (from the music to "Much Ado About Nothing"); (Ed. Strauss); selection, "Chu Chin Chow" (Norton).

The policy of the promoters is having everything to make Saturday a full day at the fair with ample attractions to bring the public was fully justified, as the attendance indicates, a gain of 2,100 over the first Monday a year ago. Early there were indications that a goodly crowd would gather, and in the afternoon and evening there was quite a stir about the grounds. The program was not disappointed. The program was an unqualified success in every way. The military tattoo in front of the grand stand at night was a splendid affair, the trotting and pacing contests in the afternoon had many devotees, the aerial stunts by Col. Barker, V.C., Capt. James, M.C., Capt. Dallin, M.C., and Capt. Pearson, M.C., delighted the spectators, and the musical performances by the Grenadier Guards band under Capt. Williams, won the highest admiration. Altogether, the Exhibition management is to be congratulated to feel gratified at the results on the initial day.

The performance in front of the grand stand in the afternoon and evening has been improved upon of its kind. First of all there was a series of delightful selections by the Grenadier Guards band, which were followed by a musical ride by the Royal Canadian Dragoons. The expert horsemanship shown in the various exercises won the unstinted approval of the gathering, and time and again cheers were elicited as the precision with which the men kept the horses in line was witnessed. One of the really praiseworthy features of the drill was when the horses crossed and recrossed in diagonal fashion.

The military tattoo was carried through in grand style, and fully indicated the occupants of the stand and those who congregated in the area in front. The G.O.R. buglers headed the procession, and they were followed by the 48th Highlanders' Pipe Band, G.O.R. Brass Band, 10th Royal Grenadiers, 48th Highlanders, 12th York Rangers, with Regiment Band, 11th Regiment Band, Grand Army of Canada Band, 20th Battalion Band, arklade Veterans' Band, Riverdale Veterans' Band. As each band came along cheers were given repeatedly. Mrs. Somers' girls danced the Highland Fling and the Sailors' Hornpipe in graceful fashion, and the crowd was fast slow to indicate its appreciation. Moving picture display showing among other things the distinguished heroes of the war and a capital exhibition of fireworks enhanced an otherwise strong program.

While the afternoon performance of the Grenadier Guards' Band was taking place in the band stand, an amusing incident occurred. Where two entertainments a day are being given, it is customary for the band to play the National Anthem on the concluding occasion. When the band had finished in the afternoon, a cry got up "The King." Capt. Williams did not hear what was desired, but one or two of the bandmen solved his perplexity by telling him what the people were asking. The captain immediately satisfied the loyalists, the band giving "God Save the King."

Exhibition Notes

MOSSOP HOTEL HAS BEEN TRANSFORMED

Now that the Hotel Mossop at 58 Yonge street has been reopened and furnished one can look again to the height of comfort and service which was always a pleasant feature of the hospitality handed out at this popular quarters. The latest addition to the Mossop is a new dining hall and luncheon room, and this, coupled with one of the best menus, preparation and service, ought to make the Mossop a place for Exhibition visitors. Even the most discerning visitor in Canada is in charge of the culinary department yet the charge is very moderate. The table is prepared on the ground floor, immediately to the rear of the dining hall, in a kitchen which is kept in the cleanest and most sanitary condition. The manager, Mr. Hines, who is in charge of the reconstructed Mossop, is to be congratulated

STELLA HERE

So lies she there, gazing at you, while your eyes drink in her beauty—reading your thoughts while you vainly try to fathom hers. A little more dreaming on her part, a little more watching on yours, and, lo! some day at evening might 'hot Stella rise to her shapely feet, stretch out her wondrous arms, and, in a voice vibrant with long-suppressed emotion, say to the spellbound spectators: "I am the spirit of beauty in woman; the city's free information bureau has now with Johnny J. Jones at the Exhibition, on the Midway."

ROOMS FOR EVERY VISITOR.

Visitors to Toronto during Exhibition need not fear of being provided with proper sleeping accommodation. The city's free information bureau has the addresses of residences in all parts of the city, where rooming accommodation can be secured at reasonable rates.

GOOD MEALS AT BIRDS.

Everybody is glad Tom Bird is back and ready to provide the best of meals at his building opposite the grand stand. For three years his staff were engaged in war activities. Now they are back to their normal life and their meals that will compete with anything in the city.

C. P. R. IS ROAD TO HANDLE RUSH

Heavy Travel to Europe is Anticipated and Arrangements Made.

Realizing that next year will see one of the biggest rushes to Europe ever known to modern transportation, the Canadian Pacific Railway and Ocean Services with their usual foresight and up to the minute policy have already begun to make arrangements for the tourists. The C. P. R. has installed one of the cleverest exhibits yet seen at the Exhibition grounds in the railway building, which takes the form of a model of the "Spans of the World," referring to the great transportation service rendered by the company.

To commemorate Canada's part in the great war one of the pictures, the work of J. S. Muir, a Toronto artist, depicts the whole western front with the Germans made their great bid for the channel ports and were foiled by the heroic work of Canada's army. In the foreground the opposite side, the original scene is a battle field sown with barbed wire entanglements with the enemy trenches in the background. In the foreground the opposite side, the original scene is a battle field sown with barbed wire entanglements with the enemy trenches in the background.

At the Exhibition, promptly at noon, Capt. J. E. Barker, V.C., will fly to New York in the race if he could get the release of one of the German-surrendered Fokker machines. Following a conference at the Old Colony Club between representatives of the international contest committee, under whose management the exhibition is being held, it was announced that Major John F. Hyman of New York City has written a letter of invitation to H.R.H. the Prince of Wales. It will be carried in the great air race which starts today from New York and Toronto at the same time.

The 30,000 Islands of the Georgian Bay is one of the most attractive of Canada's summer resort territories with its shaded nooks, wave-lashed shores and rocky forest depths. It comprises some of the finest fishing grounds in the world, and its surroundings are plentiful, and lake trout are caught weighing from ten to fifteen pounds. Among the attractions other than fishing, this district offers fine canoe routes for long and short trips among the islands and amid fascinating scenery. Excellent bathing beaches are found at the principal points. As a health resort the region is famous, the air being pure and invigorating. The district is reached by the Grand Trunk System, the trains connecting with steamer which calls at all the important resorts. For full information apply to any Grand Trunk ticket agent, or C. E. Horning, D.P.A., Toronto, Ont.

AMONG THIRTY THOUSAND ISLANDS OF GEORGIAN BAY.

Enma Birch, arrested Saturday night on a charge of vagrancy, taken ill in Court street police station last night, and she had to be removed to St. Michael's Hospital. Along with her husband, George, of Sunnyside street, she had been arrested. Birch is charged with having morphine in his possession. Plainclothesman Sullivan charged an undue amount of cocaine on Birch. The woman is alleged to have been suffering from the effects of the drug.

COLLAPSED IN STATION FROM DRUG EFFECTS

Herbert Tanner, 19 Beverley street, was arrested yesterday by Plainclothesmen Ward and Clarkson, charged with having opium. Ward and Clarkson seized a quantity of opium and several smoking pipes in Tanner's room.

GREAT AIR RACE STARTS TODAY

Canadian and American Birdmen Ready to Take Wing at Noon.

The great air race will get its start today, when the signal is given at the Exhibition grounds for the Canadian birdmen to take the air at 12 o'clock noon, and the flag is dropped in Roosevelt Field, Long Island, N.Y., sending the American aviators into the sky.

The race will be really a demonstration of the feasibility of aviation as applied to commercial transportation. The race is for 2,000 pure air by the Hotel Commodore of New York City. It is being held under the auspices of the American Flying Club, men prominent in aviation in America, and the Canadian National Exhibition.

Roland Rohlf, test pilot for the Curtiss Company, arrived here yesterday shortly after noon, and will be the Ericson Airplane, coming here from Buffalo. Rohlf's new over Toronto before he landed at the Ericson Airplane. He flew here via the famous Wasp, a machine in which he climbed to a height of 30,700 feet recently, but was forced to come down because his motors chafed and caught fire at that height of 25 degrees below zero. He is one of the best known test pilots in America, is a son of Anna Catherine Green, the author, and was born in Buffalo. He will take the air at the start today, and will fly to New York and make the return trip. He, together with a number of United States army pilots, were welcomed here yesterday by Capt. J. P. Beatty, president of the Aero Club of Canada; Roy Hubbell and Robert J. Kennedy of the Hotel Commodore and T. Edwards, Love of the American Flying Club.

WILSON TO PRINCE

One of the features of the race will be the carrying of congratulatory letters from President Wilson to H.R.H. the Prince of Wales, from Governor Alfred E. Smith of New York, Mayor John F. Hylan of New York and the masters of Buffalo, Syracuse and Albany.

From Roosevelt Field, Long Island, N.Y., the signal for the start will be given by Brigadier General William Mitchell. Over forty aviators will race thru the air for Toronto, among that number being the United States army fliers who take part in the contest for the purpose of having a reliability test.

American and Canadian aviators who fought the war will be seen in the ranks of the Austrians and Hungarians in the Italian front, every one of them wearing the decorations of their own country or of foreign governments, have entered the race. A big feature of the race is the recognition given to Brigadier General William Mitchell, an American aviator, and Charles T. Menoher of the U.S.A. Air Force. The United States air service has entered the contest in order to have a reliability test of the various machines now being used. For instance, there are some very powerful German machines, and the United States army fliers will take advantage of this opportunity should not be missed to test them out together with English, Italian, French and American types.

PRINCE CHARMING TODAY RECEIVES CITY'S WELCOME

(Continued From Page 1)

would like to do this by substituting a public reception at the city hall for a portion of the time of the garden party at the yacht club. All people who wish to shake hands with his royal highness should be invited to this reception without invitation.

There will be three grand stops in the flight—Albany, Syracuse and Buffalo. From the latter city the air fleet flies straight to Exhibition grounds in Toronto. The same stops will be made by the Canadian birdmen.

At the Exhibition, promptly at noon, Capt. J. E. Barker, V.C., will fly to New York in the race if he could get the release of one of the German-surrendered Fokker machines. Following a conference at the Old Colony Club between representatives of the international contest committee, under whose management the exhibition is being held, it was announced that Major John F. Hyman of New York City has written a letter of invitation to H.R.H. the Prince of Wales. It will be carried in the great air race which starts today from New York and Toronto at the same time.

Mayor Sends Greetings.

When the first international aerial mail leaves Toronto for New York City this morning, it will contain, among many others, three letters from Mayor Church, addressed, respectively, to Hon. Newton D. Baker, secretary of war; Mayor Hyman of New York, and John McE. Bowman, Mayor Church takes the opportunity to send his respects to these three prominent men, the latter of whom he warmly congratulates upon the successful inauguration of aerial connection between the two cities.

In the letter to Mr. Bowman, Mayor Church declares that it reflects great credit upon Toronto, that a native of the city should, thru his enterprise and generosity, protect the first flight with mail between the two points. "The development of this service," reads the letter, "opens up great possibilities for the regular interchange of mails, and perhaps for commercial purposes also."

An expression of respect and admiration, which the people of Toronto entertain for the people of the United States, is expressed in the letter to Secretary of War Baker. "This," reads the letter, "has been strengthened by social and commercial intercourse and by common efforts to reach a common goal in resistance of German aggression during the recent war."

Adorable Silk Coats For Baby The Mystery of Oriental Rugs

With the coming of the cool Fall days the selection of a suitable coat for baby becomes a very live question. Silk is surely the daintiest and most fitting wear. Here are some charming models from which you may choose. One of White Satin is simply made with round collar and turn back cuffs, trimmed with feather stitching. Priced \$12.00. Of Heavy Habutai in white is another made of a yoke and bound braid. Priced \$7.50. Silk Faced Poplin, in pale blue, make a very fascinating little wrap with embroidery on collar and cuffs. Priced \$15.00. Also in blue, with scalloped belt and hand embroidered is still another coat. Priced \$15.00. White Silk Faced Poplin is the material of a very handsome little coat, with deep, round, embroidered collar. Priced \$25.00.

The mystery of the Oriental rug only deepens as we try to solve it. In the splendid collection (500 pieces) shown by this Store you will see the richest and softest of colors and the most harmonious shadings and blendings. Each weave, too, is as soft to tread upon as a closely-mown lawn, and caresses the feet that sink into its pile. These are Oriental rugs as their admirers know and love them. They owe their wealth of color to simple vegetable dyes from the woods and fields and gardens, and yet the secret of many of these dyes is still a secret or has long ago been lost. Twenty years ago the warning was given that the choice old rugs were growing scarce. As years go by the prediction is being fulfilled. Nevertheless, we are in a position to show you a most complete and fascinating collection, at prices below present market values, of Oriental rugs we have ever had, from the small Kazah Rugs, 4' x 3', at \$50.00, to 6' x 10', at \$250.00. Shirazans and Kurdistan Rugs, 5' x 3', at \$33.50, to 4' 6" x 8', at \$150.00. Kirmans, Kurdestans, Sarouks, Mousuls, Khorasans, Joshghans, Meskeds, Ispakans, Serapps, Hamadans and Anatolian Carpets, ranging in sizes from 9' x 12' at \$350.00, to 24' x 15' at \$2,500.00.

Women's \$9.00 to \$10.50 New Fall Oxford Tie Shoes, Special at \$8.45

Blouses of Filmy Georgette and Real Filet

Can you picture a more satisfying combination of materials for the dress blouse than these? But add to this the daintiest of hand-embroidery or pretty tucking and the result is a delight. There are three of these blouses we want to tell you of. The first is of lovely quality Georgette, in ivory shade, with square neck and small round collar, scalloped and sprayed with hand-embroidery. Wide insertion and narrow edging of real filet impart richness to a very smart model. The price is \$30.00. The second, also of Ivory Georgette, has the collar and cuffs fastened of the wide filet insertion, and groups of tucks across the front of the bodice and at the cuffs in a "different way." Priced \$27.50. The third one, of Ivory Georgette, is made with square neck, beautifully embroidered, with collar and cuffs of real filet, and also vest effect. Tiny crocheted ball buttons finish the collar. Priced \$30.00.

Flags, Flags, Flags

We can fill your requirements in all kinds of flags and bunting for the Prince's visit

Prince of Wales has been advanced. His royal highness will leave the Exhibition and arrive at the Royal Canadian Yacht club at 4 o'clock and guests for the garden party should be there before that hour. The launch conveying guests will leave the harbor commissioners' wharf at two o'clock.

Another addition to the prince's program is an arrangement for Wednesday evening, when he will drive thru the east, north and west of the city, so that everyone may have a chance to see him. The final arrangements for the drive have not yet been issued. The original arrangement was for him to visit the northwest only.

His royal highness will be received by the president of the Canadian National Exhibition, and the directors, and at the entrance to the administration building by Mr. Thos. A. Russell, president of the Canadian National Exhibition, and the directors. 1.00 p.m.—Luncheon at the administration building. 2.00 p.m.—Opening of the Canadian National Exhibition on the west lawn, by His Royal Highness the Prince of Wales.

Address of welcome to his royal highness by the president of the Canadian National Exhibition. 2.30 to 3.30 p.m.—Will see special exhibits on the grounds; reception at the ladies' pavilion; leave the Exhibition grounds for Toronto Island. 3.45 p.m.—Embark at Exhibition wharf, if weather permits. 4 p.m.—Arrive at Royal Canadian Yacht Club. His royal highness will be received at the wharf by Commodore George H. Gooderham and officers R.C.Y.C. Garden party on the R. C. V. C. grounds.

His royal highness will lay the cornerstone of the new Royal Canadian Yacht Club house, and thereafter present the gold medal won in the Prince of Wales trophy contest. 4.45 p.m.—Leave Royal Canadian Yacht Club; arrive at harbor commissioners' wharf and proceed to the city hall. 6 to 6.30 p.m.—Public reception at city hall. 6.30 p.m.—Leave city hall for Government House, going via the following route: Queen street to University avenue, to Queen's Park (east side) to Avenue road, to Bloor street, to Sherbourne street, to Elm avenue, to Glen road, to Roxborough street to Government House. 7.15 p.m.—Dinner at Government House.

The First Parade 10.30 a.m.—Leave Government House for the parliament buildings. From Government House the prince will proceed along Roxborough to Glen road to South Drive, to Queen's Park (west side) to University avenue road, to Queen's Park (east side) to the parliament buildings. At the Legislative building. 11.15 a.m.—Arrival at the parliament buildings. The guard of honor will be furnished by the 48th Regiment "Highlanders" (Toronto), Capt. E. W. Haldenby, M.C., officer commanding.

His royal highness will be received by the Hon. Sir William Hearst, prime minister of the province of Ontario, and ministers of the crown for the province. Addresses of welcome will be read on behalf of the province of Ontario by the honorable the prime minister, on behalf of the city of Toronto by his worship the mayor and on behalf of the Welshmen of Toronto by Dr. Powell (in English), Prof. Michael, M.A., in Welsh, and presentation of Peithymen by E. Lewis Evans. Addresses of welcome will be presented (but not read) on behalf of School-children chorus and Welsh Male Chorus will sing "God Bless the Prince of Wales" and "Men of Harlech" in Welsh, and "Rule, Britannia" and "The Maple Leaf."

Leave the parliament buildings for the Canadian National Exhibition grounds on his way to the Exhibition grounds from the parliament buildings the prince's party will proceed along Queen's Park (west side) to University avenue, to Queen street, to Yonge street, to King street, to Dufferin street, to Minto and to the administration building. At the Exhibition. 12.50 p.m.—Arrival at the administration building. The guard of honor will be furnished by the 10th Regiment, Royal Grenadiers, Toronto, Major A. E. Duncan-D.S.O., officer commanding.

His royal highness will be received by Colonel Noel Marshall, the chairman of the reception committee of the directors, and at the entrance to the administration building by Mr. Thos. A. Russell, president of the Canadian National Exhibition, and the directors. 1.00 p.m.—Luncheon at the administration building. 2.00 p.m.—Opening of the Canadian National Exhibition on the west lawn, by His Royal Highness the Prince of Wales.

Address of welcome to his royal highness by the president of the Canadian National Exhibition. 2.30 to 3.30 p.m.—Will see special exhibits on the grounds; reception at the ladies' pavilion; leave the Exhibition grounds for Toronto Island. 3.45 p.m.—Embark at Exhibition wharf, if weather permits. 4 p.m.—Arrive at Royal Canadian Yacht Club. His royal highness will be received at the wharf by Commodore George H. Gooderham and officers R.C.Y.C. Garden party on the R. C. V. C. grounds.

23 THE PRINCE

GRAND TRUNK RAILWAY SYSTEM AT TORONTO EXHIBITION

Mr. H. R. Charlton of the Grand Trunk System has been in Toronto during the past week superintending the installation of the Grand Trunk exhibit in the railway building at the Canadian National Exhibition. A change has hitherto been followed in the Grand Trunk display, and instead of having the entire Dominion represented with a showing of the natural resources and agricultural products, the railway has confined its endeavors to an art exhibit, depicting the many phases of the attraction of Canada with pictures and photographic transparencies. There will also be a very fine display of mounted fish and game, and large photographic reproductions made from direct negatives taken at the hunting grounds. As there are approximately ten thousand specimens of fish in the "Highlands of Ontario" in October and November, this display will be interesting to many of them. Recent catches of speckled trout and smallmouth black bass have been sent down from Algonquin Park, and have been frozen into large cakes of artificial ice. These cakes of ice will be enclosed in glass cases, so that visitors may see the fish in their natural state. Large panoramic photographs of London, Ontario, taken from an aeroplane, are another interesting feature. The special opportunities and advantages offered by the industrial department of the Grand Trunk are also given a prominent place in the exhibit, and information will be furnished to interested parties respecting vacant factories and choice locations for factories and warehouses, available water power, etc. The scheme of decoration followed this year is a pleasing combination, introducing the Prince of Wales colors (royal blue and gold), with his royal highness' insignia, consisting of three ostrich feathers in evidence.

Deposit By Mail 4% interest. MANY persons find it more convenient to do banking by mail than to make personal visits for the purpose of making deposits. They have learned by experience that an account in our Trust Savings Department may be conducted by mail with safety and satisfaction. But whether you use the mail or call personally we guarantee the same prompt, courteous attention—and 4% interest.

CLOSING RULES OF SALES CLUB RACE FAR TO EVERYONE

Miss Laura McPadden of the second district leads all members of the Sales Club, according to the published list this morning, having 75,000 credits.

Close behind in third, fourth and fifth highest places are T. Edgington of district ten, C. E. Walden of district thirteen and W. B. Caldwell of district seventeen, respectively.

All members are determined to make a big showing between now and next Friday night, when the campaign ends, and there are no doubt many surprises in store for the few remaining days of the race.

Big Majority Best. Everyone is urged to do the best they possibly can for the few days remaining.

The closing rules are printed today, and every member is advised to read them carefully so as to make no mistakes.

A locked and sealed ballot box will be placed in the business office of the World on Thursday.

Members may drop their subscriptions in the ballot box at any time up to the closing time Friday night or they may be mailed so as to show promptness to deposit them in the ballot box prior to depositing them in the ballot box or mailing them.

DEWART FORMULAS CHARGES AGAINST THREE GOVERNMENTS

(Continued From Page 1)

against the very laws of civilization that look to the world.

Let us look at the position in which we stand. Ontario is blessed with natural resources of nickel from which the world draws 85 per cent. of the total supply. There is but one other country, New Caledonia, a French penal colony, from which any supply comes, and then there is the almost negligible quantity obtained as by-product from copper refined in the United States from American ores.

The value and uses of nickel are never to you but they concern the question of armaments of the nations, which must have nickel plate to give the required qualities in the armor of warships. Nickel enters into the bulwark of civilization during the war. (Applause). Not only the armor of warships, but every other class of armament; into every shell and bullet fired by every class of rifle used by the nations of the world.

If Ontario is to do its full duty as the possessor of this great natural resource towards the civilized nations of the world, we can only do this by preserving and conserving our nickel.

Nickel for Rifle Bullets.

It will help you to realize the use of nickel in warfare to think that the envelope put around each bullet that gives it its carrying power is made up to the requirements, is supplied in the proportion of 1,600,000 envelopes to one ton of refined nickel. When you think that you will realize the use of nickel in warfare to think that the envelope put around each bullet that gives it its carrying power is made up to the requirements, is supplied in the proportion of 1,600,000 envelopes to one ton of refined nickel. When you think that you will realize the use of nickel in warfare to think that the envelope put around each bullet that gives it its carrying power is made up to the requirements, is supplied in the proportion of 1,600,000 envelopes to one ton of refined nickel.

Deutschland on This Side.

That vessel reached the United States from Germany by the cargo of the precious nickel that was required by Germany. The minds of all people were stirred by the mission of the Deutschland and particularly by our country, because so far as nickel was concerned Canada was the only country in the world that supplied the nickel. The Deutschland made two trips while we have been abused for daring to say that thru this corporation Canadian nickel had been traced point by point from Germany to the United States.

Deutschland on This Side.

The minds of all people were stirred by the mission of the Deutschland and particularly by our country, because so far as nickel was concerned Canada was the only country in the world that supplied the nickel. The Deutschland made two trips while we have been abused for daring to say that thru this corporation Canadian nickel had been traced point by point from Germany to the United States.

munitions from the United States in colonial proportion. They are in a position to know who, in the interests of all, it is best should receive supplies and who it is best not to supply. They are exercising that supervision with us. I am in a position to say, and at the proper time in a position to prove, that not a pound of nickel goes from that company to a plant in the United States, not a pound passes from it to a boat on the water save with the approval of the admiralty and of the British government.

Hon. Howard Ferguson's Assertions.

Those were strong words. Put my case in that way one would expect they had absolute authority. And the same was said in Southwest Toronto in August, 1918, by Hon. Howard Ferguson:

"We know just how much nickel was on the Deutschland, just where it came from and that never came from the International Nickel Co. Well, ladies and gentlemen, it is a curious fact that knowing how much nickel was on the Deutschland, and where it came from and being able to say it did not come from the International Nickel Co. Hon. Howard Ferguson has never taken the people into his confidence and has kept the information as to where that nickel did come from locked up in his own bosom. I challenge him to prove that the pound of nickel that could reach Germany to be used by her in this war."

Bonar Law is Quoted.

He had heard from Mr. Meighen that the admiralty had control and they must have called Bonar Law, the almost wholly possessed by Ontario. When war conditions exist, so far as the other nations of the world are concerned, they are absolutely dependent on Canada. It is the duty of the Canada's duty is to preserve and conserve this vital resource. You all remember that in 1916 the issue became acute, because Germany's need was great and urgent. During the immediate years before the war Germany had imported great quantities of our nickel.

No Denial From Company.

If we go a little further we shall find that the present denial never has been a denial in behalf of the International Nickel Company by the production of books of Mr. Rathbone's records. There was another vessel, the Bremen, which made one trip, her last. She was never heard of again, and she was intercepted. Anyway, the Deutschland came to this side in 1918, and on August 1 sailed from Baltimore according to the United States returns for the month of July, she carried—because she was the only vessel to carry nickel from the United States to Germany—752,674 pounds or 376 tons of refined nickel, which she returned in November.

Deutschland on This Side.

That vessel reached the United States from Germany by the cargo of the precious nickel that was required by Germany. The minds of all people were stirred by the mission of the Deutschland and particularly by our country, because so far as nickel was concerned Canada was the only country in the world that supplied the nickel. The Deutschland made two trips while we have been abused for daring to say that thru this corporation Canadian nickel had been traced point by point from Germany to the United States.

U. S. Alien Custodian Also.

At the time we were discussing this question in the legislature the United States was still neutral. At that moment the United States entered the war. A Mitchell Palmer was appointed custodian of alien property. He was certain the conditions existing in the United States and we have his statement as to what he discovered about this matter. In July, 1918, he said:

CALL A CONVENTION

Dr. R. J. Wilson, of 20 West Bloor street, one of the old-time Conservatives, who for many years has been prominently connected with the party, and who recently returned from overseas where he has rendered good service, gave the following statement to the World on Saturday in reference to the advisability of the calling of a Conservative convention: "I certainly think that a Conservative convention should be called, so that the people may know the platform the government intends to submit for their consideration, and in order that we may go a united party before the country."

Dr. Wilson is a former licensee commissioner for Toronto, under the party rating, and has fought the party rating in season and out since the old Yorkville days.

I suppose these enquiries arise out of previous correspondence from the lords commissioners of the admiralty which was answered by a despatch dated 29th December, 1905, and accompanying memorandum.

As to question one I am advised that the Ontario government and Ontario legislature has no power to prevent the exportation of nickel ore or nickel matte to foreign countries by the means of national emergency or otherwise.

Tenders will be received by registered post only, addressed to the Chairman, Board of Control, City Hall, Toronto, up to 12 o'clock noon on Tuesday, September 2nd, 1919, for the supply and delivery of:

Tender No. 51, Electric Motors.

Specifications and forms of tender may be obtained at the Works Department, Room 13, City Hall.

Tenders must comply strictly with conditions of city bylaw as to deposits and securities, as set out in specifications and forms of tender, and must be accompanied by a guarantee company approved by the Department willing to stand bond for the due fulfillment of the contract. The Department is not bound to accept the lowest or any tender.

H. F. McNAUGHTEN, Ontario Secretary of Public Works, Ontario, Toronto, August 21st, 1919.

P.S.—Newspapers publishing this without authority will not be paid for.

WHOLE OF PODOLIA TAKEN BY PETLURA

Copenhagen, Aug. 24.—A despatch received here from Beresina, says an airplane has reached there, bringing advices from Kamenetz-Podolsky to the effect that General Petlura's Ukrainian troops have occupied Kiev, taken the whole of Podolia, and are marching on Volhynia and the government of Kiev.

The advices add that Ukrainian armies have occupied the Dnieper river along the entire line.

To Make Another Try to Secure Bail for Winnipeg Strikers

Winnipeg, Aug. 24.—Renewed attempts will be made to secure bail for the imprisoned strike leaders by counsel for the eight men held in the provincial jail on session charges, said Marcus Hyman, one of the counsel today. One of these attempts will take the form of a further application to the bail before a court of several judges of King's bench.

Dr. Eugene Hannel.

P. S. I enclose herewith a copy of memorandum referred to in the order-in-council of Dec. 1905. As you will see, it is marked "confidential" and should be so treated.

Admiralty is Side-tracked.

It was shown that the general order in July, 1904, which was not repealed till January, 1906, because "Frank Cochrane was in charge and in it is doubtful whether any substantial result can be obtained." What does it mean? It means that the national emergency was upon us as well as before the emergency arrived. (Applause.) And while Frank Cochrane was in charge, he had his list of shareholders German-American holding the shares for Krupp.

Frank Cochrane Took Charge.

This means without any question that the government's policy in regard to its own policy as soon as Frank Cochrane took charge of the government's policy in Toronto. And reported in The News on Dec. 8, 1918, that paper reported the present minister of lands, forests and mines as saying:

"Since the present government came into power in 1905, when Sir James Whitney was elected premier, a ship, there had not, he added, been one acre of nickel-bearing land conveyed to any corporation whatever."

This he repeated at Alliston on Jan. 4, 1917, although he knew that fifteen patents had been issued to the Canadian Copper Co. for 581 acres in 1915-16 at 83 per acre, of which six patents were issued Dec. 14, 1914, and five to John E. Dewar in 1916-17. In 1917 thirty-seven patents were issued to corporations between Feb. 8, 1905, and Dec. 13, 1918, of which nine patents were to the Canadian Copper Co., in addition to the 150 patents issued to the International Nickel Co. in 1905.

1898---TWENTY-FIRST ANNIVERSARY, COMING-OF-AGE YEAR---1919

Market Adelaide 6100

Welcome H.R.H. The Prince of Wales--Simpson's

WHAT an epoch-making event it will be, this opening of the Canadian National Exhibition by H.R.H. the Prince of Wales! Now, as never before, the Canadian people will have the opportunity to pay homage to the young Prince, and to celebrate in a very real way in honor of the Royal visit.
The Victory Year Exhibition, augmented as it is

by added features and a collection of war trophies the like of which have never been seen in Canada before, will outstrip all previous Exhibitions in splendor and magnificence.

The Simpson Store extends a most cordial welcome to the Prince, and is most happy in wishing him an interesting and enjoyable Canadian tour.

A Lunch Room on the Self Service Plan

Efficient and courteous service, choice food well cooked, and moderate prices at all times you will find in the new section of the Palm Room, which the Simpson store is now devoting to a cafeteria plan. The quick service will be appreciated by the business man or woman and the out-of-town visitors to the Exhibition.

The Palm Room Will Continue as Usual

Breakfast from 8.30 to 11.00.
Lunch from 11.30 to 2.00.
Afternoon Tea 3.00 to 5.30.

A Special Rest Room

Comfortable and cheery, where you may rest or wait for friends—situated on the Sixth Floor, near the Palm Room, Queen Street side.

Women's and Misses'
