

T. EATON CO. LIMITED
 190 Yonge St. Canada's Greatest Store. Toronto.
 190 YONGE STREET, June 8, 1897.

Don't Miss This
 The easy prices that prevail on the second floor have played an important part in the extensive business we do in Housefurnishings. Shoppers often wonder how it can be possible that such reliable goods can be sold for so little money. But when you consider the immense purchasing power of this store, its tremendous outlet for worthy goods, and its command of ready money, you can readily understand why prices here are reduced to the minimum. That accounts for such extremely good values as these:

- Dining Room Chairs, hardwood, antique finish, high backs, shaped wood seats, regular price 50c each. On sale Wednesday **.35**
- Gerandah Rocking Chairs, large size, with arms, high back, slat seat and back, painted red vermillion. Each, special at **1.50**
- Ingrain Carpet, heavy wool-filled, in latest reversible patterns and best colorings, 36 inches wide, regular price 65c yard. On sale Wednesday **.45**
- Japanese Door Mats, size 18x36 inches, eastern colors and designs, regular price 50c each. On sale Wednesday **.30**
- Glimmer Wall Paper, complete combinations, latest designs, in a large assortment of the newest colorings, suitable for any room, usually sold at 12c and 12½ per single roll. Special at **.7**
- Embossed Gilt Wall Papers, empire, colonial and scroll designs, cream, blue, terra cotta and olive colorings, suitable for dining rooms, drawing rooms, halls, etc. regular price 20c and 25c per single roll. Special at **.12½**
- Heavy Chenille Curtains, 48 inches wide, 3 yards long, fancy broken dado and heavy knotted fringe top and bottom, in crimson, terra cotta, rose, electric, gold and olive, regular price \$5.50 a pair. Wednesday **4.00**
- Nottingham Lace Curtains, 54 to 60 inches wide, 3½ and 4 yards long, white or extra, entirely new choice designs, rich effects, extra fine, regular price \$3.50 a pair. Wednesday **2.50**

On the second floor are to be found many things that will add to your summer's comfort and pleasure. You may think of Lawn Chairs, Camp Cots, Tents, Awnings, Fly Screens—in fact, everything you could desire is to be found here. It will pay you to visit these departments, if only to look around.

Cutlery Special. Here's an opportunity you don't have every day in the week. With the prompt use of our ready money we made a fortunate purchase of Cutlery at much below the market value. To-morrow morning the goods go on sale, and you may take advantage of these exceptionally low prices:

- 45 dozen of Roger & Bro. and Holmes & Edwards' celebrated Silver-plated Tea Spoons, guaranteed All plate, regular price \$2.35 and \$2.75 a dozen. Wednesday, each **.13**
 - 25 dozen Celluloid Handle Dessert Knives, Sheffield make, well finished, regular price \$2.25 a dozen. Wednesday, each **.13**
 - 25 dozen Dessert Forks, nickel or Argentina silver, regular price \$1.80 to \$2.25 a dozen. Wednesday, each **.13**
- Those who buy when we say will be money ahead. Such a chance will not come again very soon.

More About Clothing. This store's success in the Clothing and Furnishing business has not come about by mere chance. It is the natural result of our untiring efforts to supply shoppers with dependable goods just as they want them and at prices they like to pay. Under no circumstances do we sacrifice quality for the sake of a few cents, and shoppers have learned that, no matter what it may be, they can always depend upon getting reliable and trustworthy goods. With values such as these we make new friends every day:

- Furnishings.**
- Men's Silk Ties, in four-in-hand and club shapes, patent tubular weave, to tie on both sides, making sailor knot or bow, regular price 50c each. Wednesday 2 for **.25c**
 - Men's Colored Cambric Lined Shirts, negligee bosom, roll collars and cuffs attached, in light and dark blue stripes, fast colors, sizes 14 to 17½, regular 50c. Wednesday **.39c**
 - Men's Fine Cotton Underwear, shirts and drawers, French neck, in light blue and fawn shades. Each **.25c**
 - Men's Fine Natural Wool Underwear, shirts and drawers, imported German make, summer weight, overworked seams, all sizes. Each **.50c**
- Clothing.**

FORESTRY IN SWITZERLAND.
 Switzerland is setting about methodically to restore its denuded forests. Last year over eight million young forest trees were set out in the denuded districts, and during the year previous many more were planted. These trees were mostly pines and were supplied by the Swiss forestry experimental stations. The total expense for the work during 1896 was \$55,900. When a small country like Switzerland can do this, it is not surprising that the preservation of its forests, it surely ought to pay Canada to give more attention to this important industry.

CHEAP CORN NOW ON THE MARKET.
 The other day Mr. W. W. Ogilvie of Montreal imported 65,000 bushels of American corn from Chicago. This is the first lot of American corn for grinding purposes that has been received in that city for some years past. The duty was paid and, as corn is selling at a low figure in Chicago, this importation will have a tendency to reduce the cost of food stuffs, such as oats, peas and barley. Hereafter the farmers of Canada may look forward to lower prices in these products. There is little or no profit to the farmer in selling oats at the price which now prevails. He can still afford to take three or four cents a bushel less in order to meet the competition of the corn grown by the farmers of the Western States.

CREMATION.
 The practice of cremating bodies does not gain much headway in Canada, although this method of disposing of the dead is becoming more popular in Great Britain. We have recently witnessed two notable instances of cremation in this country, that of the late Mr. Milson of Montreal and of Lady Macpherson of Toronto, both members of the same family. A short time ago a corpse was sent from this city to Buffalo, where it was cremated. Montreal's late millionaire was cremated in Boston. In 1888 the number of cremations had doubled, while in the following year 40 bodies were burned, 19 being female. In 1890, 54 bodies were burned, while last year there were 137 cremations at Woking. Three other crematoriums have during the last few years been opened at Manchester, Glasgow and Liverpool. In New England cremation is much more common than in England. During the past 20 years over 8000 bodies have been incinerated, and the number is increasing. In scientific Germany the practice is becoming more popular and many crematoriums have been established in the country.

Speaking of the advantages of cremation, Sir Henry Thompson says that it destroys all infectious qualities in the dead body, and so prevents injury to the living, and it prevents putrefaction. For the friends of deceased it is on the whole cheaper and certainly a safer form of disposing of the dead, when we consider the dangers of exposure to cold and damp burying grounds to the attendants at an ordinary funeral. A cremation is necessarily conducted within a building, and expense is avoided. A burial cannot, on the other hand, be conducted without serious risks to the living, and the process of decay and putrefaction is prolonged through a course of years, while cremation accomplishes it in an hour without injury to anyone. It takes about an hour to cremate a body and the charge in London is 25s. This price will, it is claimed, be considerably reduced when the practice becomes more general.

THE TAX RATE.
 The items that the Board of Control have struck out of the draft estimates are principally for works which, while they undoubtedly would be convenient, can be dispensed with. The proposed new bridge over the Don would facilitate the traffic which converges at that point, but the city can get along very well with the present structure for a few years longer. If the Township of York would only continue the extension of Gerrard-street to the Kingston-roads a distance of a mile, a large part of the traffic that comes into the city via the Queen-street bridge would find its way over the high level structure at Gerrard-street. The extension of Gerrard-street would render the proposed improvement at Queen-street unnecessary for several years. In any event the city cannot afford \$50,000 for a new Don bridge. Although a new sidewalk around the

island is badly needed the Council would not be justified in recommending the work in view of the fact that the rate this year will be 17.1-4 mills, which is above what the people have been accustomed to regard as high-water mark. The annual consideration of the estimate emphasizes the weakness of our municipal system in authorizing the High and Public School Boards to decide the rate that shall be levied for school purposes. The City Council is the body that should have the authority to say just how much of the people's taxes shall be devoted to education. If we are to have school boards their duty should be limited to seeing that the money appropriated for school purposes is expended to best advantage. Moreover, there is no necessity for the existence of three separate bodies to manage the affairs of the High and Public schools and the free library. It is to be hoped that the amalgamation of the two school boards, which was proposed last year, will be effected in the near future.

A SEND-OFF FOR EDMUND E.

His Friends Assembled at the National Club and Sent him on his way to the South. On the eve of his departure to assume his duties as Canadian Commissioner to Mexico (Central and South America), Mr. Edmund E. Sheppard was tendered a complimentary banquet by his journalistic, political and social friends at the National Club last evening. The affair was a fitting tribute to his well-known talent as a litterateur as well as to his popularity as a man.

Mr. T. C. Irving acted as chairman, and after the disposal of everything suitable and digestible proposed the health of "The Queen." This met with the usual response, and the banquet was conducted on a high level. Mr. Sheppard, who gave addresses expressive of pleasure at his departure, and of his regret at his departure. The toast of the evening, "Our Queen," was given by Mr. Irving, in response, dwell at some length upon the necessity for the office, the duties of which he was about to assume. He explained the position in the countries where he was to be sent, and the duties of the office. He also spoke of the duties of the office, and the duties of the office. He also spoke of the duties of the office, and the duties of the office.

YORK COUNTY COUNCIL.
Commissioners Report Presented Yesterday Afternoon—Proposed Local Assessment as a Basis.
 The June session of the York County Council opened yesterday afternoon with all the members present except Councillor Bull, who is absent through illness. Mr. Deane, who presided, opened the session by reading a report from the County Engineer, Mr. W. H. Davidson, who was pleased to again meet the members, and then outlined the work that the members will be called upon to perform. He hoped all the members would accept his invitation to visit Niagara Falls.

THE POPE'S NEW POEM.
 New York, June 7.—Pope Leo XIII's new Latin poem has been translated into English verse for the World by Andrew Lang, the scholar, poet and critic. In the preface to this version Mr. Lang says: "The Pope's poem in praise of tranquility is the model of the Epigrams of Horace. From the reference to the intertempore of ancient Rome, the transition is necessarily in the manner of the eighteenth century."

NO FURTHER LEGISLATION

Will Be Sought For by Mgr. Merry del Val.

ECCLESIASTICS MAY WAIT

But the Manitoba School Law Will Be Left As It is at Present.

Mgr. Langvin of St. Boniface, Report Says, Will Have to Submit-There is Going to Be Some Fun in Connection With the Champlain Election-Will Premier Laurier Present Himself at the Feet of the Pape Thru Before Returning to Canada?

Montreal, June 7.—(Special)—Important news reached here to-day regarding Mgr. Merry del Val and the Manitoba school question in general, and when the facts come officially to light there will be weeping and wailing in Canada, not only ecclesiastical centre of Canada. Someone appears to have sounded the papal delegate after His Excellency's two interviews with Hon. Thomas Greenway, with the following result: The Premier of Manitoba will grant no further concessions to the Roman Catholic minority in that Province, but he has given Hon. Mr. Laurier and Mgr. Merry del Val to understand that the law will be administered a good deal more liberally than the contract would seem to justify. This, it seems, is the only way Mr. Greenway can satisfy the ultra free school element in his government, and at the same time do a little something for his leader at Ottawa and Mr. Tarte.

The Pope's representative has, it appears, made up his mind that from His Excellency's point of view it is wise to make the best of a bad bargain, and has no other end in view but to pave the way for a complete acceptance of the Manitoba school law by the faithful of that Province. It is well understood, however, that His Grace of St. Boniface is going to kick like the proverbial steer, but Mgr. Merry del Val, after talking in the whole situation, has come to the conclusion that any further agitation of the school question, either on the part of Quebec or St. Boniface, will lead eventually to a war of races and credits in Canada, and this, not falling to further jeopardize the Catholic position in other matters, will be sternly frowned down by the delegate and his superior at the Vatican. In other words, the young diplomat from Rome has decreed that there must be an eternal truce, and that the Catholics must look to the generous instincts of the majority of the people in Manitoba for the preservation of their privileged rights. As a matter of fact the appointment of a Roman Catholic representative on the school board and a good increase in the staff of Catholic teachers and inspectors throughout the Province of Manitoba enters into the ablegate's plan of pacification. The question arises, however, as to what will be done with the Archbishop of St. Boniface, for who seems settled in the minds of those who are in the secrets of this Greenway-Merry del Val diplomacy, that in order to spare His Grace any humiliation that he might feel, the good Archbishop could be removed to another diocese. It is, however, Mgr. Langvin's opinion that the new order of things His Grace will be allowed to carry on his good work within the shadows of St. Boniface Cathedral.

MOULTON COLLEGE

Successful Performance of the Cantata "Gitanella"—Commencement Exercises.

The opening of the Moulton College, which took place yesterday afternoon, was a most successful one. The cantata, "Gitanella," which was given at the evening, and they feared the description of those friends who had been invited to listen to their performance. Many, however, were present, and showed their appreciation in hearty applause. The school room of Bloomsbury, Baptist Church was attractively decorated for the occasion, and when the girls, attired in white, ascended the platform it was a refreshing sight. For there are many pretty maidens at Moulton. Everyone thought the opening chorus most appropriate:

"Sing, pretty maiden, The lullaby of Spain; Sing of love and beauty, Power or tested pain; Sing, sweet Maritana, The melody of Spain; Sing, sweet Maritana, Sing that song again; Sing, Gitanella, sing that song again."

The soloists, besides the director, Miss Mary H. Smart, who carried through admirably her part, were Miss Lena Burke, soprano, and Miss Helen Hoffman, contralto. Miss Burke is a first year student, and Miss Hoffman a fine voice and good training.

THE TORONTO BURAL DEANERY

There is going to be a connection with the Champlain election, and it looks as if the petitioners would meet the same fate of the men who tried to deprive Mr. Laurier of his seat for St. Boniface. Dr. Marcotte, the elect of the county, on the 22nd of June last, having been unseated, was re-elected, yet the Liberals are not satisfied and have contested the election the second time. Two, however, can play at this game, and Dr. Marcotte's advocates, might have a chance of success.

Miss Abbie Helmer was a good accompanist. This evening the department of election will furnish the program, to be held on Thursday evening the public commencement exercises will take place, when the prizes will be awarded, after which the girls will not object to being free for the summer holidays, earned by a conscientious term's work.

Starving and Dying Americans in Cuba

New York, June 7.—A special to the Herald from Havana, Cuba, says: A strange appeal on behalf of the starving and dying reconcentrated in Matanzas, who existed in the hearts of Gen. Lee and Mr. Calloun, has been made to the people of the United States. Since the United States Government has begun measures for the relief of its citizens in Matanzas, the desperate plight of Cuban reconcentrated there has resulted in a petition, signed by hundreds of them, in which they beg, in the name of common humanity, that they may be included in the charity.

MR. HARDY'S ELOQUENCE

Will Be Heard in Defense of His Policy at Several Towns During This Month.

Whether or not the elections will be brought on this year, Mr. Hardy's preparations for them go on apace. The Premier's friends intend to boom him in his own constituency. The Liberals of Brantford will tender him and his colleagues a grand complimentary banquet on the evening of June 20. It is expected that the Premier will make some important declarations of policy and tactics on the part of the Ministers. But with the Attorney-General's charity is not to begin at home, for by the time he is given the opportunity to quaff the champagne with his friends, he will already have addressed at least three eastern constituencies.

TARLE HAS A PULL

Minister of Public Works Says If He Is Puffed Down the Whole Liberal Machine Will Go Down.

Montreal, June 7.—(Special)—Political rumors of a very interesting nature were discussed here to-day, and they appear to be in connection with the departure of Hon. Wilfrid Laurier for England and the anti-Tarte movement amongst the Liberal members from the Montreal district referred to some time since in this correspondence. There can be no doubt that such a movement exists, and it is quite likely that it will make itself felt before the close of the session at Ottawa. Hon. Mr. Tarte has known for many days past that a dozen or more of Mr. Laurier's supporters from the Province of Quebec have been thoroughly cognizant of their intentions.

Harrell Will Try Again

Mr. Charles Harrell of The Star, who ran against Hon. Mr. Flynn in Gaspe, has been selected as the Liberal candidate in the Magdalen Islands, and stands a good chance of being returned by acclamation.

There is going to be a connection with the Champlain election, and it looks as if the petitioners would meet the same fate of the men who tried to deprive Mr. Laurier of his seat for St. Boniface. Dr. Marcotte, the elect of the county, on the 22nd of June last, having been unseated, was re-elected, yet the Liberals are not satisfied and have contested the election the second time. Two, however, can play at this game, and Dr. Marcotte's advocates, might have a chance of success.

Starving and Dying Americans in Cuba

New York, June 7.—A special to the Herald from Havana, Cuba, says: A strange appeal on behalf of the starving and dying reconcentrated in Matanzas, who existed in the hearts of Gen. Lee and Mr. Calloun, has been made to the people of the United States. Since the United States Government has begun measures for the relief of its citizens in Matanzas, the desperate plight of Cuban reconcentrated there has resulted in a petition, signed by hundreds of them, in which they beg, in the name of common humanity, that they may be included in the charity.

MR. HARDY'S ELOQUENCE

Will Be Heard in Defense of His Policy at Several Towns During This Month.

Whether or not the elections will be brought on this year, Mr. Hardy's preparations for them go on apace. The Premier's friends intend to boom him in his own constituency. The Liberals of Brantford will tender him and his colleagues a grand complimentary banquet on the evening of June 20. It is expected that the Premier will make some important declarations of policy and tactics on the part of the Ministers. But with the Attorney-General's charity is not to begin at home, for by the time he is given the opportunity to quaff the champagne with his friends, he will already have addressed at least three eastern constituencies.

CO.'S
MOVING MEN AT RAIL PORTAGE
 Some Delegates Suffered from Big Head
AND CREATED A SENSATION
 When They Undertook to Criticize the Management of the Sultana.

Occupied Hatter
 The larger part of the present closed up.

Among those taking part were Messrs. A. Rickard, M. E. of London, England; J. A. B. Purdum, M. E. of Colorado; A. Blinn, M. E. of San Antonio; A. Hasbrouck, M. E. of New York; M. E. of Ontario; M. E. of California; J. E. Hurst, M. E. of Montreal; Mr. A. Blue, Director of Mines Ontario; Prof. S. J. Goodwin, Kingston School of Mines; and several others. Several local men of note also took part in the debate.

The Fact Question.
 The paper read by Mr. Purchase touched on the fact question for the operation of the stannic mine of the Sultana. The author of the paper gave it as his opinion that the usage of cordwood for mining purposes was uneconomic and advocated the burning of coal. This created much discussion. Mr. Blue took exception to some of the statements made in the Purchase paper, especially the one about fuel, and the contest of his criticism, inadvertently (as was afterwards proved) mentioned the fact that he was a Canadian.

Blue Starts a Row.
 "Canadians had managed to develop and put upon a paying basis some of the mines without the aid of either English brains or English money," Mr. Blue, and when he resumed his seat, Mr. Rathbone jumped from his place in the audience, rushed upon the stage, and, gestulating in the wildest possible manner, shook his fist several times in Mr. Blue's face. Several of the Englishmen belonged to the Empire and were Canadians as much as the Canadian themselves. Mr. Purchase, who occupied a place on the platform, rose from his seat and took up a position alongside of his countrymen. It was a dramatic scene and the audience yelled and cheered themselves hoarse. The men from the Transvaal were dressed in a Jameson raiders' uniform. The Reform Committee of Johannesburg, when the ignominious raid took place, and now, as they stand before a court, are denying Mr. Oom Buij, they looked very picturesque.

It Made a Sensation.
 The incident has created much sensation, among mining men in town, and the general opinion seems to be that the Transvaal mining engineers acted not only professionally but somewhat cowardly in criticizing John P. Caldwell's methods of mining.

OUT ON THE COAST.
 Vancouver, B. C., June 7.—(Special.)—The first annual general meeting of the Tithon Mining Company took place in Victoria last week at the office of Messrs. L. H. Davidson & Russell. Four hundred and sixty-one thousand and one hundred and fifty shares were represented at the meeting. The secretary's report showed that the company had been in existence about 2 months. Their properties are situated in Fairview Camp, Okanagan district. Over four feet of work has been done on the main tunnel, including a cross-cut and a drift. At a distance of about 87 feet from the mouth of the tunnel, a cross-cut has been driven about 30 feet, which connects with the shaft higher up the mountain, the shaft having been sunk to a depth of 64 feet, and connecting with the cross-cut in the tunnel. Still higher up the mountain a tunnel has been driven a distance of 57 feet to tap a different ledge; the width is from 9 to 11 feet. Above the main tunnel and below the 64-foot shaft there is another open cut 17 feet deep.

Winchester Gold Mining Company is another company formed through the efforts of Messrs. Davidson & Russell. The shares of this company will soon be placed on the market. Out of 15 assays of ore made from the Winchester, the average was \$12.86 in free gold.

A DAY OF WEDDINGS.

There Was Rejoicing in Many Families Yesterday Over Matrimonial Alliances.
 Some of the marriages were:
 Lieut. C. J. Catto of the 48th Highlanders was married to Miss Lella A. Taylor, daughter of John Taylor, at St. James' Cathedral yesterday afternoon, at 5 o'clock. The ceremony was performed by the Rev. Bishop Sullivan, assisted by Rev. T. C. St. Maclean. The maid of honor was Miss Florence Taylor, sister of the bride. The bridesmaids were Miss Ethel Taylor and Miss E. Catto. The groomsmen were Capt. D. M. Robertson. The nuptials were Mr. Taylor, D. McLaughlin, A. P. Taylor and H. C. Mason. A reception was held at 400 Jarvis-street, and the married couple left on the 5 o'clock train for New York, whence they will sail for England on Wednesday.

Prince-O'Brien.
 In St. Paul's Church, Bloor-street east, yesterday afternoon, a splendid wedding was celebrated. The bride was Miss Irene Kelly, daughter of Mr. Henry O'Brien of 385 Sherbourne-street, was married to Mr. A. Prince, barrister, of the same firm. The ceremony was performed by Rev. T. C. St. Maclean. The maid of honor was Miss Florence Taylor, sister of the bride. The bridesmaids were Miss Ethel Taylor and Miss E. Catto. The groomsmen were Capt. D. M. Robertson. The nuptials were Mr. Taylor, D. McLaughlin, A. P. Taylor and H. C. Mason. A reception was held at 400 Jarvis-street, and the married couple left on the 5 o'clock train for New York, whence they will sail for England on Wednesday.

Henry Kelly.
 A large and fashionable audience assembled in St. Cecilia's Roman Catholic Church at Toronto Junction, yesterday morning, when Miss Irene Kelly, daughter of Mr. Henry O'Brien, proprietor of the Ontario Hotel, was married to Mr. A. Prince, barrister, of the same firm. The ceremony was performed by Rev. T. C. St. Maclean. The maid of honor was Miss Florence Taylor, sister of the bride. The bridesmaids were Miss Ethel Taylor and Miss E. Catto. The groomsmen were Capt. D. M. Robertson. The nuptials were Mr. Taylor, D. McLaughlin, A. P. Taylor and H. C. Mason. A reception was held at 400 Jarvis-street, and the married couple left on the 5 o'clock train for New York, whence they will sail for England on Wednesday.

A Rich Strike.
 The richest free-milling ore ever seen in the province was brought in by a prospector this week from Takush Harbour, 140 miles north from Vancouver, and about 30 miles from where the Takush Harbour timber mill is situated. A sack full of the ore was brought down, which, it is said, would run about \$4000 to the ton. On the following day about a sack full of the ore could be seen and the prospector had disappeared. In 48 hours three syndicates were organized; two of them joined forces and chartered a steamer, hastened to the scene of the strike with the lucky prospector, and on board, but in the meantime the cook of the steamer that had brought the prospector to port let out the secret to some Westminister capitalists, and a party was quickly organized, who chartered another steamer and at this writing are racing for Takush. If the ore brought down proves to be a pocket, there will be some \$2000 in money circulated in vain, but should it prove to be the outcroppings of a vein, all such strikes ever made in the province, the ore was struck by accident after a year's unsuccessful prospecting.

At Boundary Falls.
 The owners of the Boundary Falls mine have received further word of their property at Boundary Falls. The shaft is down 30 feet and the vein has widened to that distance from three feet to four feet two inches, and it is possible now will be the width of the shaft. A sack of ore which was taken across the proposed line, will make it possible to treat on the ground the low-grade ore which has not yet been allowed to remain on the dump.

Crow's Nest R. E. and British Columbia Mines.
 The settlement of the railway problem will affect British Columbia mining interests more than the people of the eastern provinces can now appreciate. The reduced cost of operating concentrators and smelters, by bringing the vast coal measures lying along the proposed line, will make it possible to treat on the ground the low-grade ore which has not yet been allowed to remain on the dump.

Robert Burns' Camp, N.S.
 The following members of the "Robert Burns' Camp, N.S., elected last night: Duncan Macdonald, James Shaw, William J. Ross and Peter Johnson. Mr. Thompson entertained the members with pipe music. A resolution was passed expressing sympathy with Robert Bruce Campbell and the widow of the late John Campbell, who died at the Battle of the Marston. The chief executive of the camp is Mr. J. H. Stewart.

Narrow Escape of Miners.
 Monaghan, Pa., June 7.—By an explosion of gas in the Black Diamond coal mine of the Brown Coal Company, two miles south of here, this morning, several men were injured, and 200 others were in danger of their lives. The explosion occurred about 7 o'clock, a rescuing party was sent immediately into the mine, and all of the men were taken out before they were overcome by the deadly asphyxiant.

Dear Mrs. Fell on His Leg.
 Mitchell, Ont., June 7.—Joseph Fell of Hamburg had both bones in his right leg broken this evening while delivering a log to one of the dealers here. He had taken one log too many and the wagon, which was full of logs, fell over on its side, the log falling on his leg and breaking it. It was a serious accident, and he is now in a hospital, where it is thought he will be able to go home in about a month. At present he is resting quietly.

A Little More Interference.
 The Ladies' Aid Society of London are making an effort to stop the practice of bicycling children upon the front of their wheels, as so many accidents have resulted from this recklessness.

MONTEITH LIVE STOCK.
 Montreal, June 7.—There were about 700 head of butchers' cattle, 400 calves and 600 sheep and lambs offered for sale at the East End Abattoir today. The butchers were present in large numbers, and trade was good, but the prices of both beef and mutton were lower than our last week's markets. Very few cattle were bought by shippers, but the unusually large number of persons taking passage on the steamships sailing for Britain require a much larger supply of beef than usual, causing the active demand and good prices that are being paid for good to prime butchers' cattle. Mr. George Nicholson bought 25 prime beef cows, paying five cents per lb. for the greater part of them. Pretty good stock sold at from \$12 to \$15 per lb. and the common half-fattened beasts brought from \$10 to \$12 per lb. Calves sold at from \$2 to \$3 each. Sheep were being sold at \$12 to \$15 each. Fat hogs were rather scarce and sold today at \$3.35 per 100 lbs.

Six Men Were Hurt.
 New York, June 7.—By the falling of a freight elevator in the Mail-street side of the Postoffice this morning, six men were more or less seriously hurt. Four were postal employees, and the other two were non-employees. The contractor who has charge of the work of alteration now going on in the Federal building, late this afternoon it was said that James A. Cox of Middletown, N.Y., who is an examiner in the foreign department of the Postoffice, was hurt, and he was injured internally. The elevator dropped five stories. The accident was caused by the car being overloaded.

Indubitably the Best.
 Gentlemen, I wish to say that Dr. Fowler's Extract of Wild Cherry is the best I have ever used. It is a wonderful remedy in my family. We would not be without it for twice its price. It is the best medicine ever brought out since the time of Dr. J. C. Kellogg's Diarrhoea, either in children or adults. It is a safe and reliable remedy. License Commissioner, Strathclair, Man.
