O'BRIEN AND GARLAND TODAY ARE FACING A CHARGE OF MURDER

Information Against Them is Sworn Out By Robert Harris

sets Out Belief That They Are Responsible For Death of His Son—Prisoners Taken Into Police Court But Not Asked to Plead Until Tomorrow

The police department took an important step this morning in connection with the death of Robert Harris, Jr., who was assassinated on the night of June 14 in Rockland road and died on June 22 in the St. John Infirmary.

John O'Brien and Everett Garland, striking plumbers, who have been under arrest since June 22 on the charge of making intimidating remarks to Francis L. McManus, a plumber who did not join the strike, were this morning led into the police court from the county jail, where they have been in confinement on the other charge, and information was sworn out by the deceased's father, Robert Harris, charging the two men with murder.

The moment was a solemn one. There were few people in the court room. The information, as it was read by George A. Henderson, police clerk, made a deep impression upon the few that were present.

Garland sat with hands folded and head bent while O'Brien followed with his eyes the moving lips of the clerk. Neither seemed disturbed as the word "murder" was uttered.

The information was signed by the young man's father and sworn before Magistrate Ritchie. The information is as follows:

"Robert Harris, father of the deceased, makes oath and saith that he suspects and believes that John O'Brien and Everett Garland both acting together did at the city of St. John on the 14th day of June 1917, murder the son of the said Robert Harris, Jr., deponent's son, Robert Harris, Jr., deponent to the statute made and provided in that behalf.

"And deponent's reasons for his suspicion and belief are that his said son, he said Robert Harris, Jr., was in the night time of the day last mentioned layalid in Rockland road in the said city of St. John and struck and beaten up the head and died as a result of such violence.

"That the said Robert Harris, Jr., made certain statements to deponent before his death as to the conduct of the said O'Brien and Garland towards him, in that deponent was present at the inquest held in reference to said death and heard the witnesses give evidence as to what they knew which, in deponent's opinion, indicated that said O'Brien and Garland are the persons who inflicted the injury and caused the death of deponent's son.

"For these reasons and also because of what was said by said O'Brien and Garland and because of their following the said Robert Harris, Jr., persistently from his work to his home on previous occasions, deponent believes and suspects as stated in the first paragraph of this information: That said John O'Brien and Everett Garland did on the day last mentioned at the city of St. John both acting together murder he said Robert Harris, Jr."

LOCAL NEWS

DEATH OF CHILD. Mr. and Mrs. Michael Collins of 41 Lombard street, will have the sympathy of friends in the death of their infant daughter, Annie Kathleen, which occurred today.

NEWS OF SOLDIER. St. Leonard, next of kin of No. 470,654, Pte. Warren Leonard, of the engineers, is requested to communicate with the office of the Western Union Telegraph Co.

WEST SIDE WAREHOUSE. Although the preparatory work is practically complete, Commissioner Russell will not be prepared to submit to the council after noon the plans and specifications for the new warehouse to be erected at No. 8, West St. John, in place of the structure which collapsed.

FAIRVILLE WON. An interesting game of baseball was played in Fairville last evening between the Fairville Giants and the Millford Stars. The former won by a score of 8 to 1. Batters were:—Giants: O'Toole and Gillis; Stars: Roy and Snodgrass.

CHILDREN HELPING. A delegation of little girls waited on Monday this morning and handed to the sum of \$4, the proceeds of a concert held in aid of the Soldiers' Comfort Fund by Mrs. and Kathleen Cole, Alice, Vera and Helen Murray and Frank Ward.

AT THE HOSPITAL. The condition of Edith Clark, aged 11 years, daughter of Thomas Clark, who was struck and injured by a locomotive about half a mile from Fairville last evening, is looked upon as quite critical in the General Public Hospital this afternoon. It is said that little hope for her recovery is entertained.

George Duffley who was pinned under a heavy truck when it overturned in the Golden Grove road yesterday afternoon is said to be progressing favorably today.

PRESENTATION. The home of Mrs. A. Burnie, 806 Union street, was the scene of a happy gathering last evening, when about fifty friends of Miss Elizabeth McDermott gathered around her on the occasion of her departure for the city of Montreal, on behalf of their parents, in view of her departure in the near future for Calgary, where she will be employed as a stenographer.

NEW CATCH BASIN WANTED. In order to improve street conditions the commissioner of public works has presented to the commissioner of water and sewerage, a request for the construction of a series of new catch basins. The locations mentioned include: Charlotte street, at Queen Square, Marshall Bridge, two at the south end of Smythe street, in Water street, West End; two at the corner of St. John and one at Gifford, one at King, two at the corner of Duke and Union streets, West End, one at Dorchester and Hazen, two at Adelaide and Metcalf, one at Garmarthen and St. James, one in Haymarket Square, at the fountain (since installed), two in Cleburne street, and one at the corner of Spruce and Wright streets.

ESTEY SENT UP BUT COURT SAYS NO STRONG PRESUMPTION OF GUILT

Wesley H. Estey was committed to stand trial, in the police court this morning by Magistrate Ritchie, on the charge of misappropriation of funds while in the employ of Charles A. Clark of the City Fuel Company. The court, in sending the defendant up, said that while there was sufficient evidence to send Estey to a higher court there was not a strong presumption of guilt on the part of the defendant.

Hearing of evidence was continued this morning. Mr. Clark was recalled by William M. Ryan appearing for the prosecution. Sergeant Sullivan and Chief Simpson were called to the stand but their evidence was objected to by Mr. Barry as they did not have first hand knowledge of the defendant's arrest in Boston. Mr. Ryan closed the case for the prosecution, but first offered as evidence Estey's own credit in the Bank of British North America. Mr. Barry asked for both credit and debit sides of the ledger to be produced.

Mr. Ryan gave as his reason that on certain dates Estey is alleged to have deposited the bank certain sums to Clark's credit and that Estey's personal accounts show that these amounts were deposited by Estey to his own credit. Mr. Barry said that this was denied by his client and he declared the statement incorrect. It was allowed as evidence, but subject to objection.

The court was of the opinion that there was no money proven by the defendant but his hasty get-away from the city would leave it suspicious. He sent him up for trial but declared there was no strong presumption of guilt of the defendant.

Mr. Barry asked for bail, which was readily granted. He allowed Estey to go on bail of \$7,000 in himself and \$200 each by two other parties, making a total of \$14,000.

Germans in Further Futile Attacks On The Aisne

MORE BRITISH RAIDS

Austrian Correspondents Report Effort Being Made by Teutonic Forces to Get to Rear of Russian Armies—Emperor Visits the Front

Paris, July 24.—Two German attacks on the front near northwest Bray-en-Laonnois last night were repulsed. The war office so announced today. Between Cerny and Allées the Germans also attacked without result. The statement follows:

"The night was marked by violent bombardments. In the region north-west of Bray-en-Laonnois the enemy made two attempts to reach our lines. He was driven back each time. In the morning a detachment of shock troops caught under our fire north of Sancy and forced back to the trenches when it set out, after suffering serious losses and leaving prisoners in our hands.

"Further east the enemy attacked by two German batteries. They were repulsed. The artillery fighting continued violently in the sector in front of Craonac, especially on the Calonne plateau. On the remainder of the front there was intermittent cannonading. During the night German airplanes threw down several bombs on Nancy and in the region south of the town. There were no victims."

British Front. London, July 24.—Following is today's official report from the Franco-Belgian front: "We captured thirty prisoners in successful raids last night west of Havrincourt, east of Vermeles and west of Heilbeek."

On Russian Line. Copenhagen, July 23.—That the Austro-German food in eastern Galicia has been turned southward in an endeavor to get in the rear of Russian armies between Brzany and the Dolnolet, Austrian correspondents at the front report in despatches to their newspapers. The Teutonic forces engaged in this operation, they declare, have reached Koseva, ten miles east of Brzany, which is in Austro-German hands. The German army, they say, has been crossed by them in several places. These despatches forecast the Russian armies' stand behind the Serbians and reiterated reports that Parnopol was in flames.

Copenhagen, July 24.—According to advices received here Emperor Charles of Austria has visited the Gallician front and spent a day with his adjutant general and his staff. He was several times under fire.

GERMAN AIR SCOUTS SEEK FOR AMERICANS BUT WITH NO SUCCESS

American Training Camp in France, July 23.—(By the Associated Press)—German aerial squadrons apparently have persistently sought to locate the American troops since their arrival here, but without the slightest success to date. Counter squadrons have been so watchful and energetic that the Germans have been unable to approach the encampment and have been beaten off each time they crossed the French line.

OUT OF COMMISSION. Both the civic public works motor trucks are out of commission and the department is getting along without motive power of this description for the present. The big five ton truck, No. 2, which broke down at the gravel pits last week, is not likely to be in use again this season. The smaller truck, which has been broken down quite frequently, is again laid up for repairs, but it is expected to be at work again before long. Commissioner said this morning that he considered the five-ton truck too big and heavy for use under local conditions.

"Blood and Iron" Policy to Be Put Into Effect if Necessary to Save Russia, Says New Premier

Petrograd, July 24.—A "blood and iron" policy will be put into effect if needed to save Russia, by the government of Premier Kereensky to which unlimited power has been granted. In an interview today, the premier said: "Relying upon the confidence of the masses and the army the government will save Russia and Russia unity by blood and iron, if argument and reason, honor and conscience, are not sufficient."

"The situation at the front is very serious and demands heroic measures, but I am convinced the organization of the state is sufficiently vigorous to be cured without a partial amputation."

A Petrograd Incident. Petrograd, July 24.—Three occupants of motor cars, dressed as sailors and soldiers, shot at a group of officers and soldiers on the steps of the Peoples' Palace. Two soldiers were wounded at the scene. The guard of 150 soldiers rushed from the building and fired on the three men, who attempted to escape, but who were lynched by the crowd. Fifteen civilians were wounded in the firing, some seriously.

FUNERAL OF DR. T. D. WALKER. Tribute Paid Him by Fellow Members of St. John Medical Society

The funeral of Dr. T. D. Walker took place this afternoon at three o'clock from St. Paul's church. Services were conducted by Rev. Archdeacon Crowe, Rev. Canon Armstrong and Rev. G. A. Kuhring. Interment was made in Fernhill.

The cortege was very long and impressive and fully representative of both the professional and business life of the members of the Masonic fraternity who walked in a body, as did members of the St. John Medical Society.

The funeral was one of the largest seen in St. John for some time, and testified to the esteem in which Dr. Walker was held in the community.

Among those who are in the city for the purpose of attending the funeral are Dr. Deane Walker and wife, of Andover, Mass., and Mrs. Lord of Milton, Mass.

Tribute of Medical Society. At a special meeting of the St. John Medical Society, held on Monday afternoon in the Grand Public Hospital, the members present expressed their deep sorrow at the loss of one of the most brilliant and successful of the profession, and agreed that the society should extend to Dr. and Mrs. Thomas Walker, and other members of the family, its most sincere sympathy upon the death of Dr. T. D. Walker.

The medical fraternity realizes that in the passing of Dr. Walker, the profession has sustained a loss from which it will not easily recover. As a member of the hospital staff Dr. Walker's work was of the highest standard. The keen enthusiasm, the unflinching attention, which he freely gave at all times, will be sorely missed.

Individually we are conscious of deep personal sorrow, and feel that we have lost a staunch friend, who was ever ready to advise us to the best of his ability.

This society desires to express to Dr. and Mrs. Thomas Walker and members of the family, its heartfelt sympathy and deep sorrow in their great loss.

WM. F. ROBERTS, President. J. H. ALLINGHAM, Acting Secretary.

TOMPKINS NOW SAYS HE DID NOT DO IT. Johnstown, Pa., July 24.—Pacing back and forth in his cell in the Cambria county jail at Ebensburg and crying, "I didn't do it, I didn't do it," George C. Tompkins, of Philadelphia, who confessed to the murder of Edmund L. Humphries, prominent coal operator, Mrs. Humphries and their fifteen-year-old son repudiated his confession, according to a statement by Warden Kree of the jail.

County authorities say that the accused man was doubtless feigning insanity, probably to make such a defense when brought to trial in connection with the murder.

SAYS CHANCELLORSHIP FIRST OFFERED TO BAVARIAN PREMIER. Berlin, Sunday, July 22, via London, July 24.—The Taegliche Rundschau states that Count George P. Von Hertling, the Bavarian premier, after declining the imperial chancellorship suggested that Dr. George Michaelis be appointed to the place. The Cologne Volks Zeitung disputes this assertion, saying that the appointment of the new chancellor was the result of the recommendation of his predecessor, Dr. Von Bethmann-Hollweg.

TODAY'S BALL GAMES. National League—Chicago at Boston, cloudy, 8:15 p. m.; Pittsburgh at New York, cloudy, 8:30 p. m.; St. Louis at Philadelphia, clear, 8:30 p. m.; Cincinnati at Brooklyn, cloudy.

American League—Cleveland at Washington, cloudy, 8:30 p. m. No other games scheduled.

International League—Baltimore at Buffalo, clear, 8:45 p. m.; Richmond at Montreal, clear, 4 p. m.; Providence at Rochester, two games, clear, 2 and 4 p. m.; Newark at Toronto, transferred to a later date.

Bolstering Them Up By Predictions of U-Boat Work. Amsterdam, July 24.—The Sunday edition of the Weser Zeitung of Bremen, and the caption "Only Patience," places the net monthly loss through their submarine operations, after deducting new construction at 700,000 to 750,000 gross tons.

From this the newspaper comes to the conclusion theoretically that in forty-five months time the last merchantman will have been sunk. It adds for the readers' comfort, however, that England must give in much earlier, saying she is already obliged to withdraw tonnage from the navy for mercantile purposes.

WOODSTOCK HIT HARD BY STORM

Woodstock, July 24.—At half past six o'clock last evening a terrific electrical storm swept over the town, followed by torrents of rain. The lightning struck the spire of the United Baptist church, almost totally destroying it. It remains standing but will have to come down.

John McKinnon's house was badly damaged, a hole being torn through the roof. Mrs. McKinnon was unconscious from the shock and Mr. McKinnon was badly burned on the arms.

A church in Jacksonville and several houses in the vicinity of the town were hit. The electric light service was put out of commission and all telegraph and telephone communication cut off. The telegraph companies have made connections. It is reported that the farm buildings of Mr. Gardley were burned to the ground. Rivers of rain have caused considerable damage to crops where the storm visited. A high wind accompanying the rain damaged the potato crops in several sections. The electric light service has been restored.

Safe Home Treatment For Objectionable Hairs
(Boudoir Secrets).
The electric needle is not required for the removal of hair or fuzz, for with the use of plain delatone the most stubborn growth can be quickly banished. A paste is made with water and a little of the powder, then spread over the hairy surface. In about 2 minutes it is rubbed off and the skin washed. This simple treatment not only removes the hair, but leaves the skin free from blemish. Be sure you get genuine delatone.

SKY-LINE LOGGING METHOD OF WESTERN CAMPS
In the logging camps of Oregon and Washington a "sky-line" method of logging is proving much cheaper and more efficient than the former method of dragging out logs from the forest by a donkey engine and cables operating on the ground. The sky-line plan is to run a cable through blocks or pulleys suspended at a great height on giant trees, so as to form a sort of trolley line, by which the logs are hoisted into the air and then hauled over the tops of ordinary trees and other obstructions to the railway, where they are loaded aboard freight cars for shipment. The donkey engine which operates the sky line has drums, including two for main lines and two for trip lines. The top cable, from which the log is suspended, is one of the main lines, while the other is used to haul the log. In operation the top cable is lowered with its block, or truck, directly over the log to be picked up; it is then pulled taut, raising the log with it by means of a "chooker," or steel tong. In the air a log can, of course, be moved much faster than on the ground. An interesting illustration of this form of logging appears in the August Popular Mechanics Magazine.

THE BEST THING FOR DYSPEPSIA

WHY PEPSIN, PANCREATIN, ETC. An international specialist whose articles on stomach trouble have been printed in nearly every language, recently stated that to treat the average case of stomach trouble, indigestion, dyspepsia, etc., by doctoring the stomach, killing the pain with opiates, or by the use of artificial aids to digestion such as pepsin and pancreatin, was just as foolish and useless as to attempt to put out a fire by throwing water on the smoke, instead of the fire. He claims, and facts seem to justify his claim, that nearly nine-tenths of all stomach trouble is due to acidity and food fermentation; and that the only way in which to secure permanent relief is to get rid of the cause, i. e., to neutralize the acid and stop the fermentation. For this purpose he strongly recommends the plan now generally adopted throughout Europe of taking a teaspoonful of ordinary bisulphated magnesia in a little water immediately after eating or whenever pain is felt. "This immediately neutralizes the acid, stops the fermentation and permits the stomach to do its work in a normal manner and thus by removing the cause, enables nature to quickly restore the injured stomach lining to a perfectly healthy natural condition. For the convenience of travelers it may be noted that most druggists are now able to supply bisulphated magnesia in 5 grain tablets, 2 or 3 of which will almost instantly relieve the most violent attacks of indigestion.

Eat Vegetables And Be Healthy

Advice of Government Expert To Brampton Women — Canning Methods

(Toronto Globe.) Brampton's women, who, incidentally, send 800 and sometimes more, pairs of socks to the trenches every month, gathered over a hundred strong in the Armories there yesterday, and listened for three hours to Mrs. Woodard of the Department of Agriculture, speaking on the best way to can fruits and vegetables...

The lecturer deplored the fact that Canadians have eaten so few vegetables in the past, and declared that much of the physical unfitness found in the men examined for overseas had been due to the lack of the sulphur, salts, nitrogen, etc., of which the various vegetables are composed.

Britain's Food Supply Assured For The Year

Kennedy Jones Declares There Will be no Crisis, Even if Rate of Ship Losses Keeps Up

London, July 24—Kennedy Jones, the retiring director general of food economy, said that England's food supply for the year was assured, even at the present rate of shipping losses were maintained. "In March," he said, "the shortage of wheat and the submarine depredations combined for disaster. The situation was serious. We had nine weeks' supplies of breadstuffs. Today, through the voluntary co-operation of the people, it is certain we will be able to start the new year with nearly seven months' stocks."

Hard to Pick Leading Player in Baseball

Picking a leading baseball player in a named position is a man-sized task. To draw a comparison between certain players is overstepping the bounds of sane criticism at times. To say that Babe Ruth or Walter Johnson or Grover Alexander is the best pitcher in the game might be true, but it would be sure to start an argument over the merits of the rivals.

For instance, it can hardly be said that Arthur Fletcher or Roger Hornsby is the best shortstop in the National League merely because it is true that they lead as hitters. Neither can it be said that Marvynne or Bancroft or Wortman is the best because he is a flashy, fast and accurate fielder. Each man's worth has to be considered.

From the strictly defensive standpoint it probably is permissible to announce Marvynne as the premier, with Bancroft and Wortman running close behind. Everett Scott of the Red Sox, doesn't rank with Hornsby and Fletcher as a hitter, but he is a better fielder than either. However, that does not entitle him to be called the best shortstop in the game.

Comparisons of the same sort may be drawn from almost every position. Ty Cobb, of course, stands alone as an offensive playing outfielder. As a fielder he is not a Tris Speaker.

One might pick Babe Ruth as the best southpaw, but that hardly pronounces him the best pitcher.

Hard to Pick Leading Player in Baseball

Picking a leading baseball player in a named position is a man-sized task. To draw a comparison between certain players is overstepping the bounds of sane criticism at times. To say that Babe Ruth or Walter Johnson or Grover Alexander is the best pitcher in the game might be true, but it would be sure to start an argument over the merits of the rivals.

For instance, it can hardly be said that Arthur Fletcher or Roger Hornsby is the best shortstop in the National League merely because it is true that they lead as hitters. Neither can it be said that Marvynne or Bancroft or Wortman is the best because he is a flashy, fast and accurate fielder. Each man's worth has to be considered.

From the strictly defensive standpoint it probably is permissible to announce Marvynne as the premier, with Bancroft and Wortman running close behind. Everett Scott of the Red Sox, doesn't rank with Hornsby and Fletcher as a hitter, but he is a better fielder than either. However, that does not entitle him to be called the best shortstop in the game.

Comparisons of the same sort may be drawn from almost every position. Ty Cobb, of course, stands alone as an offensive playing outfielder. As a fielder he is not a Tris Speaker.

One might pick Babe Ruth as the best southpaw, but that hardly pronounces him the best pitcher.

THE HARDWARE MARKET

(Hardware and Metal, July 21) Numerous important changes have again been effected in hardware prices during the last week. From western Canada the number of changes has been unusually large. While the west has been somewhat slower than the east in following the trend of the primary markets, the number of changes during the last week or two gives evidence that that section is reaching the high level warranted by the cost of raw materials. There is an interesting situation developing in the iron and steel industry in the United States which may have a far-reaching effect. At one time it was thought probable the United States government would take over the steel and iron plants of the country. At a meeting in Washington recently it was decided that they should be continued under private ownership, but that the government would take their product at a price to be established by an investigation had been made as to costs. It is understood the price is to provide for a fair margin of profit. The point of interest which vitally affects the hardware trade is the fact that it may be stipulated that the mills shall charge the same price for their products to the domestic consumers as that charged to the government. Light and heavy tee and strap hanges, together with hinge haps and staples have been moved to higher levels. Wrought bolts, machine screws, lag bolts, coll chain, black sheets, vices, grinder, steel and wood tacked blocks, hack saw blades, glass boards are among the lines that have been advanced in price. Lined oil is in firm market. Turpentine is inclined to lower prices, but with the prospect of export developing from the producing centres of the south there is a possibility that prices may be firmer. Window glass has been advanced by the changing of discounts. Business in hardware lines is keeping up well.

GROCERY PRICES.

The following comment on the market situation as regards food stuffs appeared in Canadian Grocer last week: Two important lines in which advances have been recorded during the week are salt and baking powder. Certain lines of soaps have also been increased in price to the retail trade. Lower quotations, and there are indications that higher prices may come quite generally. Corn is now a scarce article, as millers who have been endeavoring to buy in the United States for the manufacture of commercial and other products find there is none for sale at present. They say if there are still supplies in the United States they are being held out of the market. One milling concern is out of the market entirely on yellow cornmeal for the reason that corn has not been available. Prices on corn products, such as corn flour and hominy have been moved to higher levels in conformity with the situation in corn. Railed outs are in firm market, due to the scarcity of the grain for milling purposes. Cooked meats are quoted higher now that the summer demand has set in heavier. There has been a good demand for barrel port by the lumber companies of the maritime provinces, as they are getting ready for operations in the woods next winter. One large Ontario lumber company has also been in the market for this class of meat, and compound are in easier tone, due to the light demand during the summer months. There is a desire to stir up business and prices are shaded when any business looms up as a possibility. Butter is in easier tone, although prices have not receded. Eggs are higher in price, due to lighter receipts. Flour held in steady market with a better demand developing. Sugar refiners were still in a divided market, some holding at the advance recorded last week, while one refiner continued to quote at previous prices. Consumption of sugar has not yet started to be heavy. Cloves have been advanced generally. Cheaper stocks of coriander seed are on the way and if the ships are not intercepted by submarines lower prices can be expected in this commodity. Some of the best raspberries of the season reached the market during the week. Strawberries are dearer, as the zenith of production is thought to have passed. Business in grocery lines continued quiet.

THE ONLY MEDICINE THAT HELPED HER

"Fruit-a-lives" Again Proves Its Extraordinary Powers

Rochon, Que., March 2, 1915.
"I have received the most wonderful benefit from taking 'Fruit-a-lives'. I suffered for years from Rheumatism and change of life, and I took every remedy obtainable without results. I tried 'Fruit-a-lives' and it was the only medicine that really did me good. Now I am entirely well—the Rheumatism has disappeared, and the terrible pains in my body are all gone. I hope that others, who suffer from such distressing diseases, will try 'Fruit-a-lives'.

LITTLE MILFORD GIRL STRUCK BY C. P. R. TRAIN

A serious accident occurred on the C. P. R. track about a half a mile from Fairville, opposite the Wilson box factory, last evening, when at 6.30 o'clock the suburban train struck and injured Edith Clark, aged eleven, daughter of Thomas Clark. The girl, accompanied by her sister, Marguerite Clark, aged fourteen, and by Rose Corbett, of the same age, were walking along the right of way, picking berries. There is a sudden bend where the accident occurred and the girls did not hear the train coming. The engineer did not see them till the train was within 100 feet of them, jamming on his emergency brake, but he did his utmost to stop in time.

Germans Capture Tarnopol

London, July 23—The occupation by the Germans of the city of Tarnopol, in East Galicia, is reported by Reuters, Ltd.
The capture of Tarnopol, if confirmed, presents a serious menace to the whole Russian line between the Pinsk marshes and the Carpathians. Tarnopol is about twenty-five miles behind the positions occupied by the Russians when the German counter attack began last week.

Unless the Russian forces to the north and south are able to carry out a rapid retreat they will be threatened from the flank by the advancing Germans.
Tarnopol, a city of about 35,000, has been in Russian hands since the early days of the war, when it was captured in the course of the Russian drive across Galicia.

Petrograd, July 23—The Russians yesterday attacked the Germans near Krevo and Vilna, north of the Pinsk marshes, and penetrated the Teuton lines for a distance of two miles, according to an official announcement made here today. The Russians captured more than 1,000 Germans, but the developments of success, the statement adds, are being jeopardized by the weakness and instability of certain Russian detachments.

Petrograd, July 23—These are indications that the workmen's and soldiers' council, after the events of the past week and all circumstances connected therewith, are apprehensive of a counter revolution.
The central committee has issued a manifesto calling local organizations of the revolutionary democracy and army to be ready at any moment to rally round their political centres, namely the councils of the workmen and soldiers.

DOG DIES WITH MISTRESS

Finding her Alfie, He Gives Alarm; Then Runs Back to Try To Save Her.
Lynbrook, L. I., July 24—Mrs. Mary Johnson, seventy-nine years old, was burned to death in the kitchen of her home here, and her pet dog after giving the alarm ran back and perished with his mistress.
Mrs. Johnson had risen to get breakfast for her brother and her dress caught fire from an oil stove she was using. Her dog ran into the yard barking and howling and caused neighbors to run to the house. After going back into the burning house the dog apparently tried to pull the burning clothing from his mistress. He was dead before his body had time to get home here.

Daylight Saving Has Some Enemies

Bill Meets Strong Opposition on Second Reading—New Commission on Food Problems
Ottawa, July 23—Daylight saving is not over popular with the members of the commons. Sir George Foster moved the second reading of the daylight saving bill this afternoon and piloted it into committee but the measure met with so much opposition that its future is in some doubt. Of a dozen members who discussed the matter only two had whole-hearted praise for it.
The chief opposition came from the farmer members who maintained that they already had all the daylight they needed and that a change in the clock would simply mean that it would be more than ever difficult for them to get into town to do business at the end of the day.

Sifton Declares War on Laurier

Comes Into the Open in Aid of Borden in Effort to Revive Dead Coalition Plan

Ottawa, July 23—Sir Clifford Sifton, Sir Robert Borden's Warwick of the 1911 campaign, emerged tonight from behind the scenes, where he has been industriously exploiting for some months past the union government idea, with Sir Wilfrid Laurier left out of the equation. The ex-minister of the Interior has issued an open letter to Senator Bostock, Liberal leader in the senate, imploring him to get the Liberals in the upper house, as a court of last resort, to give a reprieve to coalition.
The last rites were practically performed on the "coalition" or "union" government bill last Friday when the Liberal members and candidates in Ontario, without a dissenting voice, decided that coalition under Premier Borden was impracticable and undesirable. Since then a sort of bitter despair has settled down upon the government ranks, who have been hoping to the last that the Liberals in the house, who had endorsed the coalition principle, would finally consent to some form of coalition, leaving Sir Wilfrid Laurier out of it entirely.
Tonight the drowning men are grasping at two straws. One straw is that thrown out by the small group in Toronto who call themselves the "Win the War Association." A few men posing as Liberals and arrogating to themselves the right to speak for "the great mass of the war Liberals" have called a convention in Toronto for week after next to revive the union government idea and to repudiate the stand taken by the federal Liberal members and candidates. This convention is not taken seriously by Liberal members here or by the rank

and file of party throughout the province.
Sir Clifford's Call.
The other straw is that thrown out tonight by Sir Clifford Sifton. He, too, calls for eleventh hour action to effect a union government administered on non-party lines, which government, he believes, should at once appeal to the people for a mandate for conscription. The ex-minister does not deal with the practical difficulties in the way of carrying out his proposal in the way of choosing candidates and getting Liberals and Conservatives all over the country to unite on a common candidate in each constituency. Nor does he deal at all with the problem of meeting the serious conditions which would arise from ignoring Quebec entirely in his union government proposals and from attempting to enforce measures to which that province, together with many other sections of the dominion, will not consent.
His letter is, in essence, a call to English-speaking Liberals to divorce themselves from Sir Wilfrid Laurier who, he asserts, is dominated by the anti-war party of Quebec and to whom he will give practically no credit for really wanting to win the war.
Sir Clifford has been pulling many wires behind the scenes for weeks past. He is now out in the open against Sir

In the Balance

"In acute disease or sudden injury the steady, constant drinkers' chances of recovery are diminished 50 per cent."—Professor Gilbert Barling, F.R.C.S., Vice-Chancellor of Birmingham University.
It was at the bedside of a very sick man. The physicians gravely watched the struggle between Life and Death. All depended upon the heart. Could it cope with the crisis? Life hung by a thread. The thread snapped. The newspapers said he died of pneumonia, and so he did. But the physicians remarked, "Too bad he used alcohol, or he could have passed the crisis."
Yet this man was no drunkard—just a moderate drinker; he could "take it or leave it alone just as he liked" and all the rest of it; was a highly respected citizen, and a staunch supporter of "British Liberty" (to have his drop when he wanted it).
Here's the tremendous significance of his case: He always voted true to his convictions. Moderate drinkers form a large proportion of the vote upon which the Traffic depends for its existence. In fact, in many communities the moderate drinkers hold the "balance of power."

Help to Enforce Prohibition

When, after the war, the people vote for or against permanent Prohibition the moderate drinker may turn the scale as he wills.
Prohibition is on trial. The moderate drinker of the class mentioned is needed in the fight for vigorous enforcement—the means to permanent victory—and who is more likely to be indifferent? Would that all the moderate drinkers in New Brunswick could thoroughly realize the seriousness of even slight acquaintance with John Barleycorn. Prohibition would be assured forever!
In the name of common sense why will intelligent men vote for such a curse! Think of thousands of good citizens being the Traffic's main political support by voting "wet."
Will the moderate drinkers take the responsibility of killing Prohibition after the war? We think decidedly not. But we want their help now—to enforce the laws and thus make freedom a certainty.
Use your influence with every moderate drinker you know. Help to enforce Prohibition.

The Red Cross Nurse says to you: "Alcohol, by lowering resistance, nine times out of ten, makes it just so much harder for the patient to recover."

TRUCK GOES OVER BRIDGE

INJURING WORKMEN

A heavy government truck used in road building toppled over the edge of a bridge on the Golden Grove road yesterday afternoon between 2 and 3 o'clock, breaking the arm of one of the men on the vehicle and giving the other two a bad shaking up.
George Duffley, who was on the machine at the time, had one of his arms broken in the fall, and Edward Riley, the chauffeur, escaped with a severe shaking up, as did also Alban LeBlanc, who was on the vehicle for the purpose of instructing the others in the matter of road building.

Mrs. Florence Livingstone Gets Welcome News of Soldier Husband

That her husband is no longer seriously ill was the welcome word which Mrs. Florence Livingstone, of 179 Victoria street, received this morning in a telegram from Ottawa. The message read that Private Charles Tupper Livingstone was reported no longer seriously ill in No. 96 general hospital at Etaples.

Just two weeks ago Mrs. Livingstone received a telegram notifying her that her husband was critically ill as the result of a gunshot wound through his chest, and since that time she has been greatly worried fearing that the injury would prove fatal.

Prior to enlisting he was in charge of a hopper scow at Courtenay Bay, and had also been captain of the tug Mildred. He crossed to England with the 140th Battalion, but soon after his arrival was transferred to a well known New Brunswick unit.

WHOLE PANEL IN THE ARSON CASE CHALLENGED

Proceeding Rare in Court History

ACTION BY MR. MULLIN

Makes Several Points in Protest Against Selection of Jurors in Second Trial of Joseph O'Brien and John Hughes

The new trial of Joseph O'Brien and John Hughes, who are under arrest on suspicion of setting fire to a summer cottage owned by William J. Crawford on the Lech Leonard road, was taken up in the supreme court this morning before His Honor Chief Justice McKeown. Daniel Mullin, K.C., J. A. Sinclair and E. J. Henneberry appeared on behalf of the defendants, and Attorney-General J. P. Byrne and J. MacMillan, Q.C., appeared on behalf of the crown.

Jury Panel Objected to

At the opening of court, Mr. Mullin took objection to the swearing in of the jury, challenging the whole additional panel of thirty on the ground of partiality and misconduct on the part of Amos A. Wilson, sheriff of the city and county of St. John. The point was argued in some length and the objection made in writing.

Attorney-General Byrne replied, and in denouncing against the challenge said that there were not sufficient grounds in point of law.

The court finally adjourned to give the crown an opportunity to draw up pleadings. The session was to be resumed at 2.30 o'clock this afternoon. This is said to be the first time in years that a whole panel has been challenged. Mr. Mullin's objection was thus set out:

Challenge to Assay

1. The said Joseph O'Brien and John Hughes severally challenge the array of the panel on the ground that it was returned by Amos A. Wilson, Esquire, Sheriff of the County of the City and County of Saint John, whose duty it was annually in the month of January to enter in a book which he should provide for that purpose an alphabetical list of all persons qualified to make affidavits and residences, and return the same to the county secretary of the said City and County of Saint John, and that, contrary to his duty in that behalf, the said sheriff of the City and County of Saint John did, in the month of January, not at any other time, enter in a book an alphabetical list of all persons qualified with their addresses and residences, and return the same to the county secretary of the said City and County of Saint John to be kept among the records of the county, but that he wholly failed.

2. The said Joseph O'Brien and John Hughes severally challenge the array of the panel on the ground that all the persons whose names appear thereon are not qualified to be sworn as jurors to try the issue between the king and the prisoners at the bar by reason of the omission by the said sheriff of the City and County of Saint John, in section 1, sub-section 1 of chapter 126 of the Consolidated Statutes, 1905, providing for the alphabetical list required by said section to the county secretary to be kept among the records of the county, but that he failed to do so.

3. The said Joseph O'Brien and John Hughes severally challenge the array of the panel of the thirty additional jurors on the ground that it was returned by Amos A. Wilson, Esquire, Sheriff of the County of the City and County of Saint John, and that the said Amos A. Wilson was guilty of partiality in returning said panel.

4. The said Joseph O'Brien and John Hughes severally challenge the array of the thirty additional jurors on the ground that it was returned by Armstrong B. Clifford, Deputy of Amos A. Wilson, Esquire, Sheriff of the County of the City and County of Saint John, and that the said Armstrong B. Clifford was guilty of partiality in returning said panel.

5. The said High Sheriff of the City and County of Saint John hath not chosen the panel of the thirty additional jurors directed to be summoned indifferently and impartially as by law he is required to do, but on the contrary thereof, and contrary to the laws of this province, hath knowingly and improperly chosen, summoned and returned a panel of such thirty additional jurors that is partial to the prosecution and that does not stand indifferent between the crown and the defendants.

6. That the said High Sheriff of the City and County of Saint John hath not fairly returned an impartial and disinterested panel of thirty additional jurors to try the defendants, summoned from the body of the said county, but on the contrary thereof, hath designedly returned a panel of such thirty additional jurors composed almost wholly of jurors hostile to the defendants and favorable to the prosecution.

7. The said Joseph O'Brien and John Hughes severally challenge the array of the additional jurors summoned for the second trial of this case on the ground that the order directing such additional jurors did not specify the time notice should be given to such jurors, nor did the clerk of the circuits give to the sheriff the notice required for such additional jurors in the manner and form prescribed by law, nor were such additional jurors summoned as the law requires.

8. The said Joseph O'Brien and John Hughes severally challenge the array of the additional jurors summoned for the second trial of this case on the ground that the provisions of Chapter 126 of the Consolidated Statutes, 1905, providing for the summoning of additional jurors is "ultra vires" in so far as procedure in criminal cases is concerned.

VALLEY RAILWAY INQUIRY WAS NOT TAKEN UP TODAY

Counsel Unable to Be Present and Further Postponement Necessary

The inquiry into the affairs of the Valley Railway, which was to have been resumed this morning has been postponed again, owing to the fact that counsel for both the government and the contractors were unable to be present. F. B. Carvell, K. C., M. P., is in Ottawa attending the session of parliament and M. G. Teed, K. C., counsel for the chief contractors, the Nova Scotia Construction Company, is in Montreal acting as counsel for the McLeod-Pelletier commission, which is inquiring into the Rogers' matter, the findings of the Galt commission on the Manitoba scandals.

During the interval since the last session the opposing counsel were to make an examination of the books and accounts of W. B. Tennant, in an effort, on the part of the government, to trace the disposal of the sums of \$100,000 and \$20,000, which were paid by the Nova Scotia Construction Company to W. B. Tennant when the contracts for the construction of the railway were signed.

It is expected that the inquiry will be resumed within another week or so.

ST. JOHN BROTHERS WON HONOR IN VIMY RIDGE FIGHT

Military Cross for Lieut. Gordon H. Tufts; D. C. M. for Sergeant Ray K.

Two of the St. John boys who enlisted at Medicine Hat, Alberta, Lieut. Gordon Tufts and Sergeant Ray K. Tufts, brothers, have received the military cross and the distinguished conduct medal, respectively. They were won in the Vimy Ridge fighting.

Lieut. G. H. Tufts, formerly of the Willet Fruit Co., here, moved to Medicine Hat in 1912. Sergeant R. K. Tufts moved from St. John to Medicine Hat with his mother, Mrs. Frank Tufts, in 1914. The mother of these two brave lads is still residing in Medicine Hat, as also is the wife of Lieut. Tufts.

WAS TOO YOUNG FOR WAR WORK

Pte. J. H. Walsh, Sixteen Year Old Soldier, Returns — Others Home or Coming

Pte. James Harry Walsh, of 220 Chesley street, arrived home this morning from England via Halifax. He went overseas in last February with the 227th construction Corps, but was rejected owing to his age. He was only sixteen years old last October, and he was not considered strong enough to stand the hardships which he would have to endure.

Private Harry Little, 289 Brunswick street, arrived home this morning from the front, after an absence of more than two years. He went overseas with the 1st Canadian Trench Battalion, and was wounded in the first contingent. He is home suffering from an attack of pneumonia.

The following is a list of the St. John men who have arrived in Halifax from the front, and will arrive in the city this evening—C. M. Bennett, E. Blain, J. G. Christie, A. Davidson, A. Forgue, A. Fraser, N. Garland, A. Muscarell, H. McFarlane, C. Eason, M. Olive, A. Gov. Totten, J. Walsh, F. Wilkinson and H. Wilson.

THEIR 50TH ANNIVERSARY

Golden Wedding of Mr. and Mrs. Elijah Vincent of Fair Vale

The fiftieth anniversary of their wedding was the occasion of a pleasant gathering of friends at the home of Mr. and Mrs. Elijah Vincent of Fair Vale last evening, when a party of 125 of their friends took them by surprise. After congratulation and best wishes for their future had been tendered, Gen. Dobbin presented to Mr. and Mrs. Vincent on behalf of the gathering, a purse of gold. The evening was pleasantly spent with music and dancing.

RETURNED SOLDIER HONORED

A very pleasant time was spent at the residence of Mr. and Mrs. J. H. Totten, East St. John, on last Thursday evening, when friends and relatives gathered in honor of Pte. John McElhinney who is enjoying a short furlough after having been wounded three times, the third time at Courcellette on Sept. 15.

During the evening, on behalf of those present, George Wallace presented to Pte. McElhinney a beautiful ring. The evening was spent in games and dancing, refreshments were served and all joined in wishing Pte. McElhinney a safe voyage to England and a safe return to his old home again.

Pte. McElhinney is one of three brothers who left St. John with the Fighting 25th two years ago. James is convalescing in England and the youngest brother, Joseph, died of wounds received while fighting in France.
