Police, in Sweep of Ulster, Arrest Sinn Feiners in Hundreds

DOWNING STREET IS ANXIOUS OVER IRISH AFFAIRS

(Canadian Press Cable)

London, May 23—While the cabinet convened today principally to discuss the results of the Geneva conference, it is understood that the serious developments in Ireland would occupy all attention.

Colonial Secretary Churchill's statement in the House of Commons regarding the agreement reached by the opposition leaders in Ireland has emphasized the anxiety prevailing here, and government's decision to invite the Ulster of the Anglo-Irish treaty to join is generally approved, although the earnest discussion of the outcome by parliament members, many have voiced their anxiety over a union panel of candidates to be known as the Sinn Fein organization.

GREATEST RAID YET MADE IN THE TROUBLES OF IRELAND

Drive in Effort to Suppress Organizations in the Six Counties—The Republican Army Proclaimed Illegal Assembly by Northern Parliament.

(Canadian Press Cable)

Belfast, May 23—The greatest raid in the history of Ireland was carried out in the early hours of this morning when swarms of police swept through Ulster and rounded up 200 Sinn Feiners, the majority of whom were Irish Republican army officers.

The northern government's action was said, in an effort to suppress not only the Irish Republican army but also the Sinn Fein organizations in the six counties areas.

The government's move follows swiftly upon Irish Republican army raids and burnings of buildings in the counties of Down and Antrim and the intensified hostilities in Belfast resulting culminating in the murder of W. J. Twaddell, member of the Ulster parliament.

SOME DETAILS.

London, May 23—At today's meeting of the parliament of Northern Ireland, Sir James Craig, the Ulster premier, announced that the Irish Republican army had been proclaimed an illegal assembly, says a Central News despatch from Belfast.

The parliament later adjourned as a mark of respect to W. J. Twaddell, its murdered member.

Belfast, May 23—It was officially stated at four p.m. that 300 Sinn Feiners had been taken prisoner by the Ulster authorities and that they would be interned.

Belfast, May 23—It is reported that 1,600 officers of the Irish Republican army were arrested by the Ulster authorities early this morning in a general roundup which covered the entire six counties.

The big sweeping movement was commenced at about four o'clock and the work of visiting the various houses, towns and country was rapidly and efficiently carried out. Several hundred men were taken to the county camps, the staff of officers were on duty from midnight completing the arrangements.

Living in the Sinn Fein districts of Belfast anticipating action by the police, the Ulster premier, announced that the Irish Republican army had been proclaimed an illegal assembly, says a Central News despatch from Belfast.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Horneham, "I read that a poultry farmer in Flint, Michigan has a duck that has legs on its back and on its front, and when one pair grows, the other turns over and walks on the other pair. Will the Smithsonian allow him to get away with that?"

"He ain't got nothin' on you," said Hiram. "Gid Perkins has a goose that eats gravel all day, a year or more. There's a hen that beats her egg till she's gone to put off on a questioning sort way for some minutes. At least she's got a good egg."

THE FOSTER GOVERNMENT.

The Foster government is appealing on its record to the people of three constituencies. That record is one of accomplishment in many important directions. Whether we consider the government's policy in regard to education, public health, conservation of crown lands, highways, agriculture, or the conduct of financial affairs, it stands in striking contrast to that of its predecessor. The Foster government began by introducing better financial methods, to safeguard the treasury and give the people a clearer knowledge of the financial situation. It exposed the misdoings of the former government and at the same time, by the course it pursued, established itself in public confidence. The charge is made that it has spent too much money, but the conditions during its term of office have been exceptional and the people have been fully informed regarding the services for which the money was spent. For example, the province has today a system of roads and bridges so far superior to what went before that there is no comparison. More money is spent for education, and none will question the wisdom of that expenditure, or of the introduction of a system of vocational training. We are only now beginning to realize what the public health act means to the people of the whole province, since it was necessary to overcome a great deal of prejudice as well as to meet a political agitation begun for the sole purpose of hampering and if possible discrediting the minister of health. The agricultural department has pursued a very progressive policy, with special attention to important branches which needed encouragement and assistance. The whole and proper steps taken not only to get full revenue, but to protect the forests more thoroughly than had ever before been attempted. This involved expenditure, but the wealth that lies in our forests warranted the fullest possible protection. The financial conditions would permit, for in them lies the future as well as the present chief source of provincial revenue. Speaking in Fairville last evening, Premier Foster referred to woman suffrage, the Workmen's Compensation Act, and measures of social legislation which have proved of great value. Neither the premier nor any of his colleagues would assert that no mistakes have been made during their term of office, but they may say with assurance that they have laid honestly and earnestly to give the province good administration. When we look over the opposition party, whose leader is not even a member of the legislature, and which is wholly without a policy except that of opposition to everything the government does or proposes to do, the wisdom of electing its candidates is very apparent.

LEADER PALMER.

The Frederickton Gleamer and Mail are manifesting some interest in Leader J. D. Palmer, of the provincial Conservative party. This is in view of the coming by-election. The Gleamer offers this suggestion to the faithful in St. John and Kings:—

"The leader of the opposition is yet without a seat in the legislature and it is certainly not desirable that a party leader should be an outsider, unless he is prepared to secure a seat in the legislature at the first opportunity presenting itself. The present situation may be one without precedent in provincial politics, but if the natural order is to be followed, Mr. J. D. Palmer will be the opposition candidate in either Kings or St. John.

The Mail refers to Mr. Palmer in a somewhat different but also very interesting way. It says:—

"Leader Palmer is now on a trip to the Pacific Coast but now that the call to arms has been sounded he will hasten home—perhaps by airplane—and will throw himself into the thick of the fight. An expectant world is still waiting for Leader Palmer to announce his policy and the pending by-elections will give him the opportunity. The opposition electors of the counties named will in the ordinary course of events be looking to the new leader for the sign by which to conquer, and it is to be presumed that they will not look in vain."

But for these timely observations by the two Frederickton papers many people would no doubt have forgotten that the Conservatives in the provincial field have either a leader or a prospective policy.

It would be quite possible to delay indefinitely the introduction of light and power from Musquoddy into the city. This was doubted in the mind of the council of the Board of Trade when it called for an independent commission. There is no more reason for doubting the integrity of such a commission than of the city council, and the commission would achieve results much more rapidly. We must get ahead with the business for which so large a majority was rolled up at the civic elections.

Bliss Carman, in Toronto Mail and Empire.

I heard the spring light whisper
Above the dancing stream,
"The world is made forever
In likeness of a dream.

"I am the law of planets,
I tip the globe and spin,
The evening and the morning
Are fashioned to my plan.

"I tint the dawn with crimson,
I tinge the sea with blue;
My track is in the desert,
My trail is in the dew.

"I pain the hills with color,
And in my magic dome
I light the stars of evening
To steer the travelers home.

"I heard the spring rain murmur
Above the roadside flower,
The world is made forever
In melody and power.

"I keep the rhythmic measure
That marks the steps of time,
And all my toil is fashioned
To symmetry and rhyme.

"I plow the untilled upland,
I rip the scaling grass,
And here the leaf is forest,
With music as I pass.

"I hew the raw, rough granite
To loveliness of line,
And when my work is finished—
Behold, it is divine."

"Well, I understand that the distance is only two miles and a half."

STANDARDIZED HOSPITALS.

Rev. C. B. Moultrie, in an address in Halifax last week, appealing for the standardization of hospitals, paid a very high tribute to the medical profession, which he said was trying to make better hospitals on the basis of scientific truth. A report of his remarks says further:—

"Now the medical men were grouping their minds, co-ordinating their knowledge and experience, and thinking together in order to give people the fullest results, and they were gathering round them women selected as nurses for their ability and sympathy. This movement for efficiency and standardization and scientific training came of a great, intense, deep and appealing desire of the human heart, inspired by fine genuine practical religion. Hospitals then, today, are becoming scientific institutions and homes where God abides," declared Father Moultrie amid loud applause.

Speaking on the same subject, Mr. Robert Jolly of Halifax said he hoped every hospital in Nova Scotia would be standardized before autumn, when the list of standardized hospitals of America would be published. He urged citizens to become acquainted with their hospitals, and not be afraid of them, realizing that the superintendent and staff were among the best friends they had.

This is excellent advice. The hospital should not be regarded as a place to be shunned, but one where the very best material and nursing care may be secured; and to this end every citizen should give support to the policy of standardization.

THERE WILL BE NO REPEAL.

The New York Evening Post asks these questions:—

"Was prohibition imposed upon the nation by a sudden wave of war-time idealism? Has the practical test of prohibition disillusioned many supporters so that they would now vote to repeal it?"

The Post not only asks but answers the question, as follows:—

"Manufacturer's Record presents an answer in the form of a poll of 1,000 influential men who five years ago signed a petition for federal prohibition. It finds that of the replies 98.5 per cent. or for prohibition in some form, and 1.5 per cent. against it, while those who want the Volstead act repealed or modified are but 1.75 per cent. of the total. It is a total fallacy, of course, to suppose that prohibition came suddenly or was in any sense a product of the war. The prohibition movement became influential in the middle west soon after 1880, quickly invaded the south, and had made thirty-two states 'dry' when the eighteenth amendment was ratified. Counting local option territory, by 1919 no less than nine-tenths the area and two-thirds the people of the United States were 'dry.' Nor was the movement against the saloon a mere 'moral-uplift' movement. On the contrary, the political motive—dislike of liquor influences—was decided and the economic motive stronger yet. It is this economic element that the letters to the Manufacturer's Record emphasize."

Here are some of the economic benefits cited:—

"Unmistakable advantages and relief," writes a Milwaukee farm implement maker; "drunkenness has lessened 100 per cent.; the effect on labor and the saving of money have been wonderful," testifies a Denver banker; "trouble among employes from liquor has almost disappeared," declares a Pittsburgh oil man; "there is nothing which has so helped cotton mills," says a Birmingham mill owner; and so runs the verdict from a hundred cities. And the Post adds:—

"How many of those who argue against prohibition would actually vote to bring the liquor trade back? Not one in five. Of people who have changed their minds about prohibition, there are many who have changed from hostility to friendliness."

The situation in regard to amateur sport in the maritime provinces has been cleared. The firm attitude of the executive of the maritime branch of the A. A. U. of C., and the justice of its cause, have produced a result greatly to be desired. There is to be a sharp line of cleavage, as there should be, between amateur and professional. Apparently there is to be some professional baseball this summer, but it will be known as such, and the amateurs will be warned off. It may be hoped that in the future there will be no question regarding the policy to be pursued.

♦ ♦ ♦ ♦ ♦

Despite the protests of certain members of the opposition at Ottawa, it will be noted that the government's naval policy was adopted in the House of Commons without a division. The loudly heralded obstruction failed to materialize. The Laurier naval policy stands the test.

BRITISH AVIATION FINDS ITSELF IN SERIOUS POSITION

Is Away Behind France in Air Squadrons—Plans For the World Flight to Start Soon.

(Canadian Press Despatch)

London, May 23—Major W. T. Blake, of the Royal Air Force, and Captain Norman MacMillan, who on the death of Sir Ross Smith took over the latter's plan to fly around the world, were entertained at luncheon in London yesterday by the Daily News, Lord Montagu of Beaulieu presiding. It was announced that a private individual had found the entire money for the expedition.

Lord Montagu, speaking of the serious position of British aviation, said the end of 1922 would find the French with 228 air squadrons compared with Britain's twelve.

Major Blake acknowledged the help afforded by the air ministry of the Canadian and other dominions.

Major Blake plans to start on the round world flight soon and hopes to complete the trip in two months. The route will be through France, Italy, Greece, Egypt, India, China, Japan, Alaska, the United States and Newfoundland.

Speculation AS TO THE BUDGET SPEECH TODAY

Some Changes, But No General Revision, is Report.

Announcements of Importance Relative to Taxation Looked For—A Review of the Finances of the Year.

(Canadian Press)

Ottawa, May 23—The budget speech, which will be delivered by Hon. W. S. Fielding this afternoon, is expected to contain some changes in the tariff but no general revision. Budget secrets are proverbially well kept, but this much is inferred from past declarations of the Liberal party and from the political situation in the House of Commons, especially from the parliamentary influence of the Progressive bloc.

The budget is also likely to contain announcements of amount on taxation in trade and in the revenues of the country, but there are signs that a turn of the tide has come. The total trade figures of the fiscal year which closed on March 31 last—the year of which the finance minister has to give an account—showed a fall of 11 per cent. from those of the year before; but the figures for March were larger than those in any month in the whole fiscal year. The revenue figures for the year were also much below those of the year previous, but again in March, the last month of the year, was marked by an increase in income.

The financial statement for the year closed in March shows a considerable surplus of ordinary revenue over ordinary expenditure. The total revenue as announced is \$371,000,000 as compared with ordinary expenditures of \$324,000,000, this gives a surplus of consolidated account of some \$47,000,000. For the year previous there was an even larger surplus, the revenue being \$461,000,000 as against expenditures of \$397,000,000.

The largest item in the revenue of 1921-22 was derived as usual from the customs, which showed \$104,000,000 as compared with \$102,000,000 in the year before. Second place in the last year was held by the income tax, which registered sales tax and other special war-inland revenue in rank of importance. The revenue from the income tax for 1921-22 was \$79,000,000 as compared with only \$88,000,000 the year previous; while the sales and related taxes sank from \$76,000,000 to \$72,000,000.

In spite of this favorable showing on consolidated account, however, there was an increase of \$70,000,000 in the net debt of the dominion. On March 31 last the net debt of Canada stood at \$2,584,399,391, compared with \$2,514,448 for the end of the fiscal year previous. Curiously enough the gross debt of the country did not rise during the year, but on the other hand showed a falling off of approximately eight-seven millions. The explanation of this condition is that there was a large decrease in the assets of the dominion, especially in the advances to banks, at the same time that there was an increase in the list of assets which are regarded as "non-active." Among these latter are the loans which have been made to the railways in recent years.

Encouraging Development.

An encouraging development which the finance minister has to report is the rise in the gold basis of dominion notes in circulation during the year. At the end of March, 1921, the percentage of gold to the dominion note circulation was only 28.6; but at the end of March last it had risen to 35.5. The gold reserves on March 31, 1921, were 43.9 of the circulation, while on the corresponding date of this year they had risen to 47.2 per cent.

Canada's external trade during the year recently closed fell off very heavily, for the year 1920-21 the total trade was \$2,450,586,000; while for 1921-22 it sank to \$1,501,781,000. The decline affected exports somewhat more seriously than imports, and the result is that for the year ending with March last there was an excess of exports over imports, which is usually referred to as a favorable balance of trade. For the year 1920-21 the excess was \$1,246,000 and for 1921-22 they were only \$147,504,000; while for the corresponding periods the exports were \$10,426,000 and \$103,922,000 respectively.

There is a note of distinct optimism in another financial allocation which has taken place in the year under review. This is in the exchange rate as between Canada and the United States. At the end of March, 1921, New York funds were at a premium of nearly thirteen cents. Today it is below one per cent.

Turning to the year that is now current, that is 1922-23, though the exchange and trade situation are showing an improvement, Mr. Fielding has a difficult problem in making ends meet in national finance. The main estimates already ready down are for \$466,000,000, while the revenue for the last fiscal year was only \$371,000,000. This indicates a deficit of about \$95,000,000; but in addition there is likely to be a big decline in income tax and in business profits tax this year as compared with last. The decline in business profits tax is to be expected because that tax expired at the end of 1920; while last year's revenue from income tax owing to the introduction of the system of payments at the time of making the return, included a large part of the taxes of two years. It is very likely that these two items will add forty of fifty millions to the sum which Mr. Fielding will have to raise.

Mr. Fielding will have already that part of the money to fill this gap will be secured by loans. Already one hundred millions has been raised in this way in New York. In addition a domestic loan is expected in the fall to meet the Victory Loan of \$184,000,000 and a school lands loan of \$22,000,000 more, which are due this year. Mr. Fielding has also a special source of revenue in the payments of \$5,000,000 monthly which are being made by the British government in settlement of the balance of \$100,000,000 due to Canada on the war accounts between the two countries.

"FOOLISH WIVES" ATTRACTS MANY

Opera House Has Big Production in Much-Talked-of Motion Picture.

That the censor board was justified in putting it up to the public as to whether or not a final permit should be issued for the continued showing in other cities in New Brunswick of the much heralded million-dollar photodrama, "Foolish Wives," was evident by the exclamations and the applause that greeted the evening performance at the Opera House yesterday.

Undoubtedly the greatest villain of the screen, yet a man that women can love, Eric Von Stroheim worms his way into the heart and pocketbook of the ladies as easily as the proverbial "siding of a log." The count's smooth accomplices, the Princess Olga and Vera, portrayed by Maude George and Mac Bush, make charming conquests. Miss Du Pont as the wife of the American envoy to Monte Carlo is charming and susceptible. Rudolph Christians as the American husband portrays a character true to American life.

Every set, and some are as huge as ever used in pictures, was made at the studio. Even the trees, the sub-titles tell, are home-made. As gorgeous as they are, however, the sets are merely the background for the colorful action of the story.

The story concerns a bogus Russian nobleman and his two accomplices who plan by hook or crook to get money out of the rich visitors to Monte Carlo and the Riviera. Incidentally, the count, played by Eric Von Stroheim, who struts about in his natly Russian cap, his uniform and victimizes the "Foolish Wives" struck by his suave manners, sets his cap for the young and foolish wife of the American envoy, and meets death at the end by the father of one of his victims. The story is told without the usual resort to motion picture climaxes.

George Dale, the delightful tenor, has been retained for this engagement and delivers his recital with good understanding. A comedy opera, the bill, featuring a very clever little baby girl. The programme was a delightful one.

DRAMA OF THE NORTH; UNIQUE

A Picture Story of the Great Outdoors—Two Other Good Subjects.

If one is tired of gazing for the thousandth time at the antics of tinseled beauties and anemic-looking men attired in evening clothes who are being made to suffer the horrible pangs of love and jealousy in dainty drawing rooms scenes, or other gilded surroundings, or if perchance one is bored by repetition of allegorical concoctions emanating from out the wildest flights of fancy, it is a relief to find such a picture as the one now playing at the Unique Theatre, in which Roy Stewart is supported by Louise Lovely.

"The Heart of the North" is its title and it opened yesterday for a run of three days. This is a drama of the far northwest where none but the bravest can withstand the hardships of a region beset with snow and ice and a country harboring lawless men and wild animals. It is a land where the frail and weak perish at the wayside in the inexorable game of life and where only brute strength dominates.

The interesting outdoor scenes were actually photographed "north of sixty" at a considerable expense, so that realism would result. Those responsible for the photography should be congratulated upon obtaining the combined services of Roy Stewart and Louise Lovely in the leading roles. When presented at a private showing for the first time in New York City, at which were present discerning critics of the screen, it was agreed that it will be long ere another motion picture would make its appearance containing the entertaining value of "The Heart of the North."

Two other subjects shown were, "The Blue Jacket's Honor," and a Christie comedy, "Was Ever Thus," a western drama without a gun in sight. It was a novelty. The whole ten-reel show is deserving of praise and well worth seeing.

RECENT DEATHS

Joseph Semple.
The death of Joseph Semple occurred suddenly last night at his residence in Fairville. Although Mr. Semple had been ailing for three months his death came unexpectedly at the last. He was an elder in St. Columba's Presbyterian church in Fairville. He was born in Stranaboe, County Tyrone, Ireland, sixty-three years ago and came to New Brunswick when a young man. He was married to Mrs. Samuel McGirr, in North Dakota. The funeral will take place on Wednesday afternoon at 2:30 from his late residence and the service will commence at 2 o'clock.

IT WAS NOT A FOREST FIRE

Passengers coming in on the C. N. R. train last evening reported what appeared to be a dangerous looking bush fire raging between Apohaqui and South Bay. Enquiries made by the Times this morning elicited the information that the blaze was not a damaging one. It was a fire of C. C. Hayes, Apohaqui. Mr. Hayes was burning some fallow and kept the fire confined to the land over which it was intended to go. It did not spread into the timber, as was thought by the people on the train, and had burned itself out this morning.

Liberal Naval Policy Adopted

Ottawa, May 22—The government's naval policy, providing for one destroyer and two small vessels on each coast, with the consequent laying up of the Aurora and the two submarines, carried without division in the commons tonight. The end came after three days of debate on the proposals put forward by Hon. George P. Graham, minister of defence. Today's debate was featured by two outstanding departures from party policy, by a reshuffle of the circumstances surrounding the sale of the cruiser Niobe and by a strong defence of the government's naval policy by Mr. Graham.

Hon. A. K. Maclean. The party breaks came when Hon. A. K. Maclean (Liberal, Halifax), while saying that he had not heard suggestions improving the government's policy, personally placed himself on record as believing that it was not practical and that it would not succeed. Therefore, he requested the government to see that the Aurora and the two submarines were properly cared for when taken out of commission. He suggested that these vessels might be used again when economic conditions became brighter. The second departure came when John Evans (Progressive, Saskatoon), urged that if Canada claimed the status of a nation she should be prepared to accept the responsibilities and take her place in the sisterhood of nations. This was in direct contrast to the stand taken by Hon. T. A. Czerar, who stressed the opinion that Canada should take a five-year naval holiday. The budget should contain proposals for increasing taxation so that Canada could pay her debts, he said.

Mr. Graham explained that through the department of justice the government had taken the Niobe back and \$5,000, in addition. This was besides the original payment of \$20,000. The Niobe was eventually sold for \$41,000, her scrap value. This, the minister considered, was a good price in the circumstances. Mr. Caldwell thought the government should have called for further tenders in order to secure a better price. William Duff (Liberal, Lunenburg) disputed the statement that the Aurora was a good training ship. She was eight years old and pretty well worn out. Mr. Duff expressed hearty approval of the reduction of the estimates and remarked that the cruiser and the submarines might be used as breakwaters. Dr. Murray Macdaren (Conservative, St. John-Albert) regarded as "unwise and unjustifiable" the proposed reduction.

MOUNT ALLISON LADIES' COLLEGE

Large Attendance At Graduation Exercises of That Institution and Mount Allison Academy and Commercial College—Dr. Wigle Announces Scholarship in Memory of Miss Ada Ayer—Excellent Programmes Given—The Lists of Graduates and Prize Winners.

Sackville, May 22.—That great interest which was felt in Mount Allison and things Allisonian was demonstrated again tonight when the graduation exercises of the Ladies' College, Mount Allison Academy and Commercial College were held in the gymnasium of the latter institution. The programme was well received, the general verdict being that the Ladies' College never had a more successful evening than it had tonight. Dr. Wigle announced that a scholarship in memory of the late Miss Ada Ayer had been established. Miss Ayer was for several years the efficient head of the Mount Allison violin department.

Mount Allison Academy.

This afternoon in Charles Fawcett Memorial Hall anniversary exercises of Mount Allison Academy and Commercial College were held, the attendance being unusually large. An excellent programme was successfully carried out. Dr. Palmer, the principal, reported the total enrollment for the year to be 194. Of these seventy-one took academic course, twenty-seven bookkeeping, sixty shorthand and typewriting, and thirty-six special courses.

The regular class in gymnasium had been conducted with excellent results. It was the intention to increase the equipment of the gymnasium during the coming year.

A plan is being worked out to give a special course emphasizing English subjects to those desiring higher education before taking up the work of farmer or artisan.

The following was the prize list: Alumni scholarship in English, \$25, won by Sterling Giddings, Abney (P. E. I.); alumni scholarship in mathematics, \$25, won by C. Ward, Crampton, New York; I. O. D. E. prize of \$10, history, won by Angus Sinclair, Broadlands (Que.); I. O. D. E. prize of \$5, history, won by Wilfrid Williston, Bay Du Vin (N. B.); \$40 for highest average, Sterling Giddings, Abney (P. E. I.); \$40 for highest standing in Junior class, Douglas Sinclair, Broadlands (Que.); Nelson Shield, C. Malmann Chase, St. George (N. B.).

PRIZE LIST AND SCHOLARSHIPS.

Highest Average Prize.

A prize is awarded to the student making the highest average in her studies for the year. The prize is open for competition only for those who take three or more subjects, as well as essay work, on the college course.

The prize is the Birks' gold medal. This medal is offered for annual competition by Henry Birks & Sons, Montreal. Winner, Gladys Crawford, Charlottetown.

Class Essay Prizes.

The sum of \$15 has been offered by Robert Carter to the students making the highest marks in their essay classes for the year. Winner: Jean Swan, East Wentworth (N. S.).

Second year—Virginia Fraser, Sydney (N. S.).
First year—Ella Liscombe, Sydney (N. S.).

Tribune Essay Prizes \$10.

Awarded by Sackville Tribune for best original story. Winner: First, Ruth Harmer, Norton (N. B.).

The Sarah Borden Black Memorial Prizes.

The sum of \$25 has been given by the estate of the late Major J. W. S. Black, of Sackville, to be awarded to the students making the highest in the piano department. Winner: Intermediate—Marion Swan, Oxford (N. S.). Juniors—Gladys Fridham, Amherst (N. S.). Preparatory—Pauline Porter, Newcastle Bridge (N. B.).

The Blackburn Prizes.

A BOOK SHOWER.

The B. Y. P. U. of the Ludlow street Baptist church had a much enjoyed and a splendidly rendered programme at a meeting last night and at the same time held a book shower for the Sunday school library which is being rearranged. Every person attending the meeting was asked to bring a book for the library and the 132 volumes collected will make a valuable addition to those already on the shelves. The president, R. J. Rupert, was in the chair and announced the various items on the programme, which were given in the following order: Piano solo, Miss Margaret Barrett; vocal solo, E. C. Parsons; reading, Ronald Shaw; vocal solo, Douglas Cougle; violin duet, Miss MacBettis and C. E. Rupert; vocal solo, Douglas Mawhinney; exhibition of

club swinging, Miss Cox; vocal solo, Miss H. S. Mills; vocal solo, Miss Ruby C. E. Rupert and vocalist, Miss Mills. Each number received enthusiastic applause. Refreshments were served under the convener'ship of Mrs. George Belyea by the specially appointed committee. The books were received at the door and Mrs. A. K. Horton and Mrs. William Gray had charge of this task.

A welcome contribution towards the furnishings for the Red Cross recreation hut at the Lancaster hospital has been received from Netherwood school and, judging by the rapid progress made in the construction of the hut, it will not be very long before the opening ceremonies will take place.

HEWETSON KIDDIE ALPHABET

Introducing The Hewetson Kiddie

Isn't he cute? His eyes are merry, his smile is cheery. He's proud of his belt with the Hewetson name on it. And his feet are so happy and comfy in his Hewetson Shoes.

Take a good look at him Mother—for he's our trade mark.

He appears on the front of the new Hewetson Alphabet box. He is also now being stamped on the sole of all genuine Hewetson Shoes for Children.

The Hewetson Kiddie trade mark means a lot to you and your child, Mother. It means a shoe shaped on True-to-Nature principles. Plenty of toe room. Correct support for ankle and arch. No breaking in required. It means durable leather. Long wear. Economy. It means real value for your money.

Hewetson Baby Welts with velvet leather soles in sizes 1 to 5. Hewetson Children's Welts with oak bend leather soles in sizes 4 to 11.

WHITTAKER SENT UP ON RAISED BILL CHARGE

Evidence About Note Passed in Dry Goods Store—New Charge of Smashing Things in Cell.
 Sitting Magistrate Henderson this morning committed Fred Whittaker to stand trial on a charge of passing raised bills. In addition to these charges another was laid against the prisoner this morning, that of attempting to break jail and doing damage with an iron bar to the extent of \$100. It was said that before being brought into court this morning he tore an iron bar from the bed in his cell and proceeded to smash everything within reach. When questioned about the matter by the magistrate he replied "Let 'er go." During the examination of a witness against him he inquired of the magistrate if he was "before the mast" or was being "shanghaied." He complained that he had not been allowed a lawyer and was informed by the magistrate that he had had every opportunity of getting one, but none had been forthcoming.
 Evidence was given this morning by James P. Carleton, Miss Vera Gardiner, Sergeant Detective John T. Power and Detective Patrick Biddiscombe. Mr. Carleton, who is a dry goods merchant of 245 Waterloo street, told of the accused's paying a visit to his store on the morning of February 20, when he was waited upon by Miss Gardiner, a clerk. He made some purchases and tendered in payment a \$20 bill. Miss Gardiner had been suspicious of the bill at the time and had taken it to him (witness), but he had thought it good. After the accused had left the store Miss Gardiner had examined the bill more closely and found that it had been raised from a ten to a twenty. He had then reported the matter to the police. He identified a bill produced in court as the one in question. The accused here interrupted to say that at the hour the witness had named he (accused) had been shovelling coal for the C. N. R.
 Miss Gardiner, who gave her address as East St. John, said she had detected the raised bill by catching her finger nail in the slip of paper that had been passed over the true denomination of the bill. She identified a bill produced as the one in question.
 Sergeant Detective Power told of being spoken to by Mr. Carleton about the matter and Detective Biddiscombe told of finding an envelope on the person of the accused containing slips of paper of cigar boxes and small pieces of paper with numbers on them.
 The accused was asked if he had anything to say and on replying that he had not, was committed for trial.

 Address by the principal, William Nelson, on The Empire.
 Flag salutation.
 In St. Peter's Girls' school the day was fittingly observed. As there is no auditorium in the school building there were no public speakers present, but the teachers addressed their classes, explaining what the day meant and the object of its observance. In the lower grades there were flag salutations and short programmes consisting of patriotic recitations and songs.
 In Dufferin school this afternoon Rev. H. B. Clarke of Portland Methodist church addressed the pupils in the auditorium. Following his instructive and entertaining discourse a short programme of recitations and songs was carried out.

Good Clothes Justify Their Price

No man ever got service out of a suit of flimsy cloth. And no man who bought his suit with a certain low price in mind got what he believed to be the best.
 Good clothes can't be produced to meet an unusually low price. High-grade woollens, good style and superior workmanship demand a fair price. We sell clothes—value—not price.
 The new spring suits and topcoats are priced \$20 up to \$55. Exceptionally fine values are here at

Genuine Congoleum Art Rugs at Reduced Prices

Commencing today, we are offering a large variety of these nationally advertised Rugs at special discounts, 10 per cent to 20 per cent lower than usual.
 The prices on these goods are set by the makers, and we invariably follow their list, which is extremely reasonable, but, in the present instance, we have a large accumulation of discontinued patterns in broken sizes which cannot be renewed. We have therefore arranged with the makers to allow us to clear these out at reduced prices in order to make room for the new designs. The rugs we offer are exactly the same quality and carry the same guarantee as any others, and we think they are just as handsome in appearance. We have every size to offer, and it will pay you to look them over while the variety is large. See our window display.

Lesson No. 7. THE ALTERNATING CURRENT GENERATOR.

For marine installations, in the operation of radio communication from ship to shore, the alternating current generator is in general use as a source of electrical energy. When installed on a vessel, it is usually mechanically rotated by means of a motor and converts this mechanical energy into electrical energy for use in the operation of the radio transmitter. The method by which the alternating current generator develops electrical energy will be explained in this lesson.

LARGE CROWDS SEE FINE BALZAC STORY

Imperial Theatre Presents One of Screen's Undoubted Films D'Art — Exquisite Music.

There was considerable advertising also about the picturization of the Balzac story "The Conquering Power" and naturally the many people who forsok the pleasant out-of-doors to see this picture at the Imperial yesterday did so because they expected to enjoy something really extraordinary. It is not side-stepping the truth to say that their happiest anticipations were more than realized. "The Conquering Power," which is the screen name of the charming French novel "Eugenie Grandet," is so artistically true, is so smoothly translated into pictures and so perfectly portrayed by a cast of excellent types of people that the eminent French novelist himself, were he alive today to see it, would undoubtedly acclaim it his own conception of the fiction.

It would appear that the young Irish university graduate and litterateur, Rex Ingram, has already stamped himself an artist of highest type since he conceived and directed the pictorial version of "The Conquering Power," which has undoubtedly been one of the few artistic masterpieces of the year, only rivaled for that position by his next production, "The Conquering Power."

Paintstaking attention to the innumerable details which play so important a part in creating the proper atmosphere, marked the filming of "The Conquering Power." The youthful director followed out the same artistic principles in

except by a few experts. And I have found that the genuine article carries conviction on the screen just as it does in every day life.

"I aimed to reproduce accurately the backgrounds that Balzac described and possibly no writer has furnished descriptions that could guide one more securely. In 'Eugenie Grandet,' every detail is pictured by the writer with such masterful precision that the only opportunity for error in transposing the written word to the screen is to ignore the original."

Prefacing the big French story at the Imperial were Pathé News budget and Topics of the Day. The orchestra was especially fine in interpreting the emotional moods and tense dramatic moments of "The Conquering Power." The same splendid bill will be presented all day today and tomorrow the Balzac story will receive its final presentations but with new miscellaneous reels.

transferring the celebrated story of Balzac to the screen as he did with "The Four Horsemen." That he fully succeeded was the unanimous verdict of the critics when "The Conquering Power" was given its first showing in New York.

In the screen version of "Eugenie Grandet," Mr. Ingram sought to re-create the atmosphere of Paris and of the small towns of France. He obtained the assistance of Ralph Barton, the poster artist and illustrator. Together they planned scenes intended to forestall any legitimate criticism as to the truth of the French backgrounds. Old shops and furniture that corresponds exactly to the minute Balzac descriptions of the home of the Grandets—the house of smoke-discolored walls, blackened fireplaces, worn chairs and battered pewter snugs.

"I realize that many of the minute details are lost in photographing the picture," said Mr. Ingram, "but the general effect is obtained, even if the means of obtaining that effect are not noticed

OFFICIALS VISIT PYTHIAN SISTERS

A joint meeting of Loyalist Temple, No. 18, and Moulton Temple, No. 14, Pythian Sisters, was officially visited last evening in Temple hall, North End, by Grand Chief Mrs. Elizabeth MacKenzie, of Halifax, and the Mistress of Records and Correspondence, Mrs. Emma Campbell, of Westport (N. S.).

The initiation ceremony was conducted during the evening under the captaincy of Mrs. H. P. Black and the degree team was complimented by the grand chief for the manner in which they had worked the degree.

Past Chief Mrs. Phoebe Ellsworth, of Loyalist Temple, presented a gift to Mrs. MacKenzie and a bouquet of carnations to Mrs. Campbell. Seated on the platform also were Mrs. Annie Walters, M.E.C., of Moulton Temple, and Mrs. Shepherd, oldest member, to whom during the course of the evening was presented a bouquet of eighty-eight red and white roses, one for each year of her age. Miss Walters, the youngest member of the lodge, made the presentation.

At the close of the regular meeting, at which about 200 were present, the company enjoyed a social hour, during the course of which refreshments were served.

BAPTISTS ADMIT WOMEN. Dr. Porter Opposed Move as Leading to "Down Grade."

Jacksonville, Fla., May 23—Change in the constitution of the Southern Baptist Convention to admit women to membership on the executive committee and various boards was adopted after a spirited discussion. Dr. J. W. Porter of Louisville, Ky., opposed the change, quoting the Apostle Paul's abjuration of women speaking in the church, "we have started on the down grade," he declared, "and the time will come when a woman will preside over this convention."

Dr. Porter deprecated the "feminist movement," and said many leading workers of the Women's Missionary Union are opposed to women taking part in the convention.

Dr. W. J. McGlothlin of Greenville, S. C., Dr. A. J. Barton of Alexandria, La., and others pointed out that women already had been admitted to the convention and to its routine committees, and argued that they should be placed on its important boards and committees. The Apostle Paul, Dr. Barton declared, said

DELINQUENT CHILDREN. Parental Neglect is One Reason, Says Mrs. Sydney Small.

Toronto, May 23—The care of the mother is something that requires provincial legislation in Canada," said Miss Charlotte Whitten, assistant secretary of the Social Service Council of Canada, speaking before the annual meeting of the Toronto Child Welfare Council.

Alderman Mrs. Sydney Small, of this city, in an address, spoke of some phases of child welfare that were taken up at the Pan-American Conference of Women in Baltimore.

"I noticed particularly all through the reports on child welfare that the delinquent and the near delinquent child was most often referred to," she said. "I feel that the reason there is so much delinquency among children today is because of the parental neglect in their homes. The question is now to help this condition."

"I advocate that more attention be paid to the danger signals of delinquency in a child."

STANDARD OF WORK AHEAD OF OTHER YEARS

Annual Report of the Ladies' College at Mount Allison.

Principal's Figures of Table Supplies of the Year Show Good Appetites—A Slight Decrease in the Attendance, but More Graduates—The Future.

At the Mount Allison University exercises on Monday night, the 70th annual report of the ladies' college was submitted by Rev. Dr. Wigle, principal.

Dear Friends:—It is my great pleasure to submit to you the 70th annual report of the Ladies' College.

To Almighty God we give thanks for His gracious care through a most strenuous academic year. We have suffered a loss of life nor visible impairment of body or mind. We are sorry, however, to report the prolonged and somewhat serious illness of our highly esteemed professor emeritus, John Hammond, one of the most celebrated Canadian artists. This is the first time over a quarter of a century that the illness has not been honored by his presence on the platform at the closing exercises.

We wonder if the general public can also what a bee hive of intellectual activity we have in this institution. It is true that we are regularly subjected to an attack of chronic and contagious consumption in spite of the best medical treatment and nurse's care. This epidemic requires a daily ration, approximately, of eighty quarts of milk, seventy-five loaves of bread thirty pounds of butter twenty-five pounds of sugar three bushels of potatoes, 125 pounds of meat and other delicacies as well as an immense quantity of turnips, beets, cabbages and carrots. School is open approximately 260 days, which means the following totals:—20,800 quarts of milk, 15,000 loaves of bread, 6,500 pounds of butter, 7,800 pounds of sugar, 780 bushels of potatoes, 22,000 pounds of meat, 100,000 pounds of eggs and all the vegetables mentioned.

But it is also true that we taught 240 different classes. These nearly all met twice a week, which means that about 80 classes are taught every week. The college year consists of thirty-five weeks making 16,000 classes. Add to this private lessons, night classes, special preparations for graduates and college plays, we have a grand total of 17,600 classes during the year. This does not yet cover the individual vocal and instrumental teaching which implies another 400, making a grand total of 18,000 schooling periods.

Comparisons are odious, to be sure, but yet this is the only way to convey an adequate idea of our status from year to year. Last year we reached higher marks with a residential registration of 222. This year 211—decrease even; non-residents last year 268, this year 241—decrease twenty-seven; total registration last year 490, this year 453—decrease thirty-eight. This slight decrease in registration is due entirely to strained financial conditions. Notwithstanding this slight decrease our graduating class is larger than last year. In fact the whole standard of the college work is far above any previous year, as evidenced by the fact that we have a greater number registered in courses than ever before.

It would no doubt weary you to hear a review of the various departments of our work, consequently I will pass over the most of it, noting only that the two departments which are outgrowing their quarters are the fine arts and household science. The students' exhibits this year in art exceed anything we have yet produced. We invite your inspection. The prospective registration for next year in household science, with the present junior class, indicates the necessity of increased accommodation this coming season. If we are to take care of all our students in this department, we shall have to add materially to our equipment. The demand for dieticians is causing many requests for us to open up that line of work.

Before leaving the department of fine arts, I wish to announce that the estate of the late Frederick McDonald of Halifax has loaned us a magnificent picture, "Homes and His Daughter," which for the time being is to be seen in the reception room. It will be an acquisition to our already splendid collection of pictures. The inscription on the picture reads: "Salvaged from the steamer Humbolt which sailed from Southampton for New York and was wrecked December 6, 1853, on 'The Sisters' off Halifax Harbor." This picture was cut by flying glass at the time of the Halifax Explosion. Value \$1,000.

Our ever-growing and ever-improving staff will undergo several changes this year as usual. We have found the easiest way for change to be:

- 1 Small salaries paid.
- 2 Using these positions as stepping-stones.
- 3 Home-making.
- 4 Desire to get wider experience.

These changes are not so serious as they might appear. The continuity of the work is not broken up as would be the case in the university where nearly every professor is alone in his department. With us they are mostly the junior teachers who change and the work is not seriously impaired. With seven piano teachers, two in oratory, two in household science and six in literary work, one can readily see that quite a few teachers could leave and the work be left uninterrupted. Moreover it may interest you to know how long some of our head teachers do remain.

Next year the head of the conservatory will enter upon his ninth year; the head of the literary department the tenth year; the head of the vocal department the thirteenth year; the head of the art department the sixteenth year; the head of the oratory department the sixth year; the cook the nineteenth year, the housekeeper the tenth year, the farmer the sixth year. My honored predecessor served as principal twenty-seven years.

LORD BYNG OF VIMY GREETED BY TRAINMEN

United States Delegates Join in Singing "God Save the King" After Governor- General Enters Massey Hall.

(Canadian Press Despatch)
Toronto, May 23.—The brotherhood of railway trainmen, assembled in convention at Massey Hall, welcomed a distinguished visitor yesterday in the person of Lord Byng of Vimy. His Excellency, who was accompanied by Captain the Hon. F. W. Eskine, his aide-camp, and Captain Oswald Balfour, his military secretary, was welcomed on behalf of the trainmen by their president, W. G. Lee.

As the former Canadian corps commander, who was in civilian attire, stepped upon the flag-bedecked Massey Hall platform the delegate broke into loud applause. Then three thousand or more trainmen's representatives, drawn from every state in the union to the south, as well as from the whole of Canada, joined in singing "God Save the King," with every body standing.

The governor-general expressed himself in sympathy with the brotherhood of railway trainmen and with the objectives of the organization so long as they remained reasonably conservative.

MASON'S LOYALTY PLEDGE

Melbourne, April 2.—(By mail)—A Masonic conference in Australia recently was attended by delegates from the seven Grand Lodges of Australasia. The official report contains several important recommendations, which will doubtless be considered by other Masonic jurisdictions.

It was decided that there should be included in every application for initiation a declaration of loyalty by the candidate in the following terms:—"I recognize that loyalty to one's country is an essential qualification in masonry and that only those who are acceptable who cheerfully conform to every lawful authority and uphold the interests and prosperity of their country by promoting peace, cultivating harmony, and living in concord and brotherly love." It was also agreed to recommend that the wearing of Masonic regalia and emblems in public should be discouraged.

HOOD-CRAZED MAN SHOT SEVEN PEOPLE

Fired Seven Rounds of Shot Into Group—All Seriously Hurt.

Moosup, Conn., May 23.—The police blamed wild hooch for a frenzied outbreak here Saturday by Edward Spaulding, 56, who fired seven rounds of No. 8 shot at a group of four men and three women, all of whom are seriously injured. It was nearly 4 o'clock in the morning before the state had removed all the injured to the Backus Hospital at Norwich, 18 miles from here.

Doctors said that Marcel Vankowski, 26, may die. He received a full charge of 200 pellets in the chest at a distance of less than ten feet. His wife, Amelia, shot in the back, probably will recover, although she and the five others will be permanently marked.

Another on the danger list is Peter Koper, whose left arm and left cheek were shot away. He has a high temperature and there is danger of infection where the shot flattened out against the skull. It is planned to remove his left eye, which was punctured. His wife, Mary, probably will lose her right eye.

Spaulding, who was captured without difficulty in a nearby barn, to which he had retreated with two double-barreled guns and a revolver described his crime to State Policemen Albert Fields and Arthur Williams in the presence of Constable Wilfred Larose, who organized the posse that surrounded him in the barn. He made no resistance when commanded to surrender.

Spaulding, who for years has tended the gates at the Gless Fall grade crossing here, had been drinking heavily of "moonshine," which is being made everywhere in this sparsely settled section of Eastern Connecticut, and several days ago, he had an argument with some of the men he attacked.

Koper said he knew of no reason why Spaulding should have fired at him and his friends. He said they had just left the home of Vankowski, across the road from where Spaulding lived, when the full-scale began.

MAKE IT EASIER FOR DRINKERS

Victoria, B. C., May 23.—So that persons who have the habit of carrying liquor with them may be able to purchase it in bottles of more convenient size, the Liquor Control Board has decided to put out some of the favorite brands in sixteen ounce bottles, as well as the regulation twenty-four ounce size.

LOST \$12,500 IN DICE GAME AND FIGHTS PAYMENT

Day Declares the Game was Played with Dodge's Gold "Bones."

Detroit, May 23.—John Juval Dodge lost \$12,500 in a dice game in 1921, according to a complaint in a suit brought in circuit court here by Al Day a boxing bout referee. Day seeks to collect \$10,000, payment on a check for that amount having been stopped by Dodge. Another check for \$2,500 was honored. The young millionaire contends the dice used were "loaded" and that the game was arranged to "shake him down."

ZITA IN MADRID

Madrid, May 23.—Former Empress Zita of Austria, accompanied by her children and her mother, the Archduchess Marie Theresia, arrived here yesterday. King Alfonso, the Queen Mother and the Princess and the premier and foreign minister met Zita at the station. She had luncheon with the royal family at Pardo Palace.

The Case for Daily Newspaper Advertising

The question has been asked: What are the Advantages of Daily Newspaper Advertising by contrast with all other forms of advertising?

In setting out these advantages, Daily Newspaper Publishers do not discount supplementary forms of publicity. But the area of Canada and its distribution of population are such, that Daily Newspaper Advertising has been and must be the basis of all the pointedly successful Canadian advertising campaigns.

1. UNIVERSAL APPEAL.
 - (a) Enters the home intimately. The newspaper enters the home and has a more intimate appeal to all members of the family than any other reading matter.
 - (b) Reaches all classes. The newspaper appeals to all literate members of the community, without distinction of race, class, creed, sex, income, or occupation.
 - (c) Thorough distribution. The newspaper finds its readers, whether they are at home or not; if they are not at home, it reaches them when travelling, on trains and cars, in hotels, clubs and libraries.
 - (d) Reaches the business man. The newspaper is to the business executive the most necessary medium of information.
 - (e) Minimum duplication. Because of the completeness of the service of each newspaper, there is a minimum of duplication between newspapers.
2. IMMEDIATE APPEARANCE.
 - (a) Impulse to immediate action. Because the newspaper deals with the immediate fact and the opinion of the day, its columns give an impulse to immediate action; results are often felt even before the presses are silent.
 - (b) Quick insertion. Through the newspaper the reader may be reached within a few hours after copy is prepared.
 - (c) Quick change. Advertisements in a newspaper may be changed or even cancelled up to a few hours before going to press.
 - (d) Quick repetition. A newspaper advertisement which proves successful can be repeated promptly before the conditions favoring success have altered.
 - (e) Timely copy. Newspaper copy can be adapted to the day on which it appears, or to current events, and can avoid untimely references.
3. FREQUENCY OF APPEARANCE.
 - (a) The choice of the day. The newspaper advertiser has his choice of the precise day of the week most suitable to his advertising.

TEN MILE ROAD RACE ON MAY 24

Fort William, Ont., May 23.—(Written for the Canadian Press by F. W. Edwards)—The annual Times-Journal ten mile road race, to be run here yesterday, May 24, has developed into one of Canada's most popular marathon events. Each year many entries are received from the leading cities of the Dominion. Since the inaugurating of the race in 1910 by the Daily Times-Journal of Fort William, the event gained popularity and was an overwhelming success. During the war the race was abandoned, but in 1920 was again taken up with greater enthusiasm than ever before until now it is upon the threshold of being the greatest Marathon in Canada.

FIVE KILLED AT A MOTOR CYCLE RACE

Barcelona, May 22.—Five persons, including two children, were killed and thirteen injured at a motor cycle race today over the Tarragona circuit. The spectators crowded on to the road where the race was at its height, and one of the competitors named Lombard, going at eighty-five miles an hour, struck a group, killing four. His mechanic also was killed, but he escaped serious injury.

NO HOLD-UP, SAYS ROY CHISHOLM

Roy Chisholm, local amateur boxer, returned to Halifax yesterday from St. John. He will remain in the city to train for his bout at the Arena, June 1, with George Field, American champion. Chisholm denies that he tried to hold St. Joseph's up for \$200 for expenses for a bout here, as was announced some time ago, but stated that a St. John man acting for him was under the impression that the bout was to be a professional one and asked for the sum mentioned. Chisholm says that he knew nothing of the alleged holdup, and that he did not ask for money. He intends to stay in the amateur game.—Halifax Herald.

THORNE LODGE WINS ROLL-OFF IN I. O. G. T. LEAGUE

The Thorne Lodge team capped the roll-off for the season's honors in the I. O. G. T. League on Black's alleys last evening from No Surrender Lodge of Fairville. The Thorne Lodge team captured the second series of the league and the No Surrender Lodge the first series and last night's game decided the Championship. The winner captured the first two strings but slumped somewhat in the third session but they still were able to maintain their early lead. Last night's win gives the Thorne Lodge possession of the cup put up for competition among the I. O. G. T. lodges of the city. This cup has to be won twice in succession to become the property of the lodge. F. Burns' string of 110 was the chief feature of the match. At the conclusion of the game three cheers were given for Harry Black and Thomas Wilson for their splendid co-operation during the season. The scores last evening were:

League Openings

St. Peter's and the Garrison senior baseball teams had a good workout on St. Peter's grounds last evening. The former team started at 6:30 o'clock and worked until 7:30 during which time batting practice was indulged in and then the regulars and substitutes took the field and put in over a half hour of hard work. Considering the short training season due to unfavorable weather conditions they are in good shape for the grand opening tomorrow afternoon. The Garrison boys also spent an hour working out and showed that they are rapidly rounding into form. They seem to be playing steadier than in previous seasons and from all indications they have a strong and a hard hitting combination. The addition of Ramsey, Kirkpatrick and Killen has given the ex-Commercial valuable material and their large number of supporters are confident that they will put up a great brand of ball this season. The game tomorrow afternoon will start at 8 o'clock and in the evening at 7 o'clock sharp.

Prior to the start of the afternoon game the City Cornet Band will lead a procession of the players from in front of the grand stand to centre field where the championship pennant will be raised. The league will be officially opened by Mayor McLellan, who will toss the first ball across the plate.

The line-up for the senior game in St. Peter's is as follows:

Dever	Catcher	Killer
Hansen, King and Lawlor	Pitchers	Beatty and Kirkpatrick
McGovern	2nd base	Clarke
Mooney	3rd base	Ramsay
O'Regan	Short stop	Stewart
Gibbons	Left field	McGowan
Doherty	Centre field	Sterling
Riley	Right field	Marshall
Milan	Substitutes	Case or Gill
Lowney, Rommel, Umpires—Howard and Atcheson.		Garnett

TURF

Pays \$25,000 For Emotions.
New York, May 23.—Marshall Field, 8rd, of Chicago, has purchased for \$25,000 the three-year-old filly Emotion, by Prior Rock-Affection, so it was announced yesterday. The purchase by Mr. Field, who has an extensive racing stable in England, where he has scored many successes, was regarded as an indication of his intention to enter American turf competition.

MAN OF WAR RETAINS FAME AND PRESTIGE

Many Admirers Still Pay Homage to Famous Horse at Kentucky State Fair.
New York, May 23.—The fame and prestige of Man of War, the "race horse of the century," has not been diminished by the fact that the great performer is now in the comparative seclusion of a stud farm in old Kentucky. Persons recently returned from Man of War's new home say that he has never taken any interest in racing until he flashed across the sky in 1919.

A few days ago, according to one of these observers, there were twenty automobiles, by actual count, parked on the road before the horse's home in Kentucky. From distant states came some of the visitors to see the regal chestnut as he walked about in the blue grass under the care of "Buck," his colored groom. The horse, stopping occasionally to graze, submitted calmly to the caresses of these strange admirers.

According to Miss Elizabeth Deinger, who has the horse in her charge, a group of missionaries from Japan motored recently from Indianapolis to Lexington to see Man of War. They declared that the famous racer is well known in Japan and that they considered it their duty to be able to tell the people of that country something of the personality of the thoroughbred.

Miss Deingerfield has provided a visitors' book in which all who come to see the thoroughbred register their names. Not a state in the Union but has its quota of enthusiasts enrolled. Man of War arouses the admiration of all who see him. A horse of commanding presence on the track, he is fully as magnificent in the stud. He is masculine to the proper degree, but without that grossness which many stallions assume when their stud careers begin.

455 He now weighs 1,900 pounds, and every ounce of it is solid. His exercise is always under saddle, except during the grazing period. A husky negro of 186 pounds, who answers to the name of "Pork Chops," rides Man of War daily and pronounces him a "handful." In this respect the horse is the same as when he was racing. Man of War's nickname in the stud is "Red."

Jack Dempsey Recants.

New York, May 23.—Jack Dempsey shattered the announcement he made on Friday that he was to marry Edith Rockefeller, a Denver girl, as was reported by the Twentieth Century Limited for Chicago on his way home from Los Angeles. The champion explained his announcement of Friday by saying he saw a chance to have some fun with his interviewers and "played the thing to the limit."

"I've been married, or reported married to every girl of public prominence with whom I have conversed since I became champion, said Dempsey. "I got so I couldn't look at a girl without supplying her for a sport that I was engaged. All that stuff put me in wrong with a certain girl for whom I have deep respect. Nevertheless, I was queried so persistently on whether I was to be married I just thought I'd have a little fun."

William A. Johnson Celebrates Two Anniversaries in 65 Years' Service for Erie Road.

Nyack, N. Y., May 23.—From Jersey City to Nyack, 8,000 tons in twenty-five years—that was the record of Engineer William A. Johnson of the Erie Railroad when he pulled in at six p. m. Saturday at the throttle of the Nyack Flyer.

Not only was it an anniversary run for Engineer Johnson, marking the end of his twenty-fifth year as pilot of the Nyack Flyer, but it also marked his sixty-fifth year in the cab of a locomotive on the Erie system and his fiftieth year as an engineer. He was a fireman before becoming an engineer.

As the oldest pilot on the system—both in years and in service—Johnson has been honored at several times. His locomotive bears his name—"William A. Johnson," in big letters.

Chicago Club Starts Campaign Against Feeding.

Chicago, May 23.—A formal campaign against tipping, with severe penalties for both tipper and tipped, has been inaugurated at Olympia Field Club. Said to have the largest membership of any golf club in the world, with four eighteen-hole links and a fifth planned, in a letter sent to members the house and the sports and pastimes committees emphasize that the rules forbid tipping of waiters, course starters and caddies. In a letter sent to members the house and the sports and pastimes committees emphasize that the rules forbid tipping of waiters, course starters and caddies. Pointing out that the practice leads to undemocratic discrimination in favor of the more liberal tippers. The members are informed that any infraction of the rule will cause the members to be cited to appear before the board of governors and the recipient of the gratuity to be dismissed from service. Members have found that they could get the best caddies by a liberal distribution of money to caddies and caddy masters, and that they could get quick service in the restaurant and unobtrusive chances to start
