British Forces Attack North of Saint Quentin

Village of Holnon Captured Last Night

Haig's Men Press Forward This Morning—Slight Advance South of La Basse Canal—French Troops Repulse Attacks and Maintain Their Gains

London, Sept. 18—British forces attacked this morning northwest of St. Quentin, according to an official statement from Field Marshal Haig, received at the war office this morning.

The village of Holnon, three miles northwest of St. Quentin, has been captured by the British, the field marshal reported.

A German attack last evening at Moeuvres under heavy artillery protection resulted in the British being pushed back to the western outskirts of the village. The statement follows:

"As a result of our operations yesterday on the southern portion of the battlefield, we gained possession of Holnon village, with several prisoners.

This morning our troops attacked northwest of St. Quentin.

"Yesterday evening the enemy attacked at Moeuvres under cover of a heavy artillery barrage and pressed our troops back to the western outskirts of the village.

"By a successful local operation carried out during the night we advanced our line slightly immediately south of the La Basse Canal."

COUNTER-ATTACKS UNSUCCESSFUL

Paris, Sept. 18—German troops last night launched violent counter-attacks against the French positions on the plateau northeast of Sancy, seven miles northeast of Soissons. The French war office statement issued today says that the German attacks were unsuccessful and that the French troops maintained their gains.

REPULSED ALSO BY U. S. TROOPS

With the American Army on Lorraine, Sept. 18 (2:20 p.m., by the Associated Press)—German infantry attempted to attack the American lines west of the Moselle Tuesday evening, but the enemy troops were driven back by the fire of the American artillery.

Plan Re-occupation.

With the American Army in Lorraine, Sept. 17—(By the Associated Press)—Plans are already under way for the re-occupation by the French population of the territory of the Meuse valley, from which they were driven four years ago and which was regained last week in the Allied offensive. Scores of persons are requesting military officers for permission to return to their homes.

Aviation played a large part in the Allied offensive in Lorraine, as is indicated by a summary of the first four days of the battle. In spite of the rain which, before the battle, had transformed airfields into seas of mud, and which during the combat had handicapped the aviators during two of the four days, the airmen were highly successful. During the fighting there made more than 2,000 sorties, the summary showing that the machines were aloft for an aggregate of four thousand hours. During this time enemy airplanes were so thoroughly bombed that the Germans were not able to do much of anything in the air fighting.

During the four days there were seventy-five aerial combats, during which nine enemy machines were shot down and fifty-four more were driven down out of control. Thirty enemy balloons were destroyed during this period.

LARGE NUMBER AT THE FUNERAL OF W. H. BARNABY

The funeral of W. H. Barnaby took place this afternoon from his late residence, Princess street. Services were conducted at the house and grave by Rev. S. S. Poole, pastor of Germain street Baptist church. The eulogy in which Mr. Barnaby was held in the community was evidenced by the large number of representative citizens who attended. Members of Albin Lodge, A. & A. M., and members of South Branch Fishing Club, of which Mr. Barnaby was president, walked in a body to the funeral which was held in the funeral home.

STRIKE REDUCES THE ANTHRACITE OUTPUT

Reading, Pa., Sept. 18—There has been a reduction of many thousand tons of anthracite coal in the amount mined in the Schuylkill region recently, due to a strike of miners in twenty-six collieries. The men ask for a wage scale equal to that of the bituminous miners. The fuel authorities at Washington have the request under consideration, but Director Garland is reported as having declared that he will not act upon the request while the mines are idle.

The workers are reported to be in a stubborn mood. Leaders are urging them to return to work, and it is believed that their judgment will prevail and that all of the idle mines will resume in a day or two.

Pottsville, Pa., Sept. 18—The strike of anthracite miners in this section is nearing an end, it was stated today.

ACCUMULATION OF OIL STOCKS CONTINUES

New York, Sept. 18—(Wall Street)—Persistent accumulation of the oil stocks, which were absorbed on the excellent trade conditions, attracted a big professional following and this had a tonic effect on the general list. Prominent strength was shown in Marine preferred, Pullman, the American Electric Smelting and the distillery group, advances ranging from one to two points. Increased inquiry for southern and southwestern railroad shares was traced to the excellent earnings being reported on the large diversified tonnage being handled by these roads.

MAILS FOR RUSSIA

Washington, Sept. 18—Mail service to Russia, suspended June 16, has been resumed, but mail for other parts of Russia will not be accepted for spath through that port, the post department announced today.

"FORTUNE HAS CHANGED, THE DAY OF GLORY HAS COME"

Premier of France Hails Approach of Victory—"Will Fight Until Enemy Understands Bargains Between Crime and Right Are No Longer Possible"—France's Gratitude To Allied Nations

Paris, Sept. 18—(Havas)—"We will fight until the hour when the enemy comes to understand that bargains between crime and right are no longer possible," declared Premier Clemenceau in an eloquent address in the senate last evening.

"We want a just and a strong peace, protecting the future against the abominations of the past."

The premier, who was enthusiastically greeted as he took the tribune, was given an ovation as he concluded, and the senate voted that his address should be posted throughout the country.

In beginning, M. Clemenceau spoke of the gratitude the people of the Allied nations feel towards those marvellous soldiers of the Entente, by whom those nations would at last be liberated from the barbarian menace. He recalled the threatening attitude of Germany towards pacific France, which had endured for a half century the "harmless wounds, brutalities and tyrannies of an enemy who would not forgive us for having saved from the wreck the consciousness of right and our indefensible claims to independence."

He pointed out how, without the slightest pretext, Germany had enslaved upon French territory, devastated the fields of France, burned and pillaged her towns and villages, and enslaved her men, women and children.

"The enemy thought that victory would cause all this to be pardoned," continued the premier, "but fortune has changed. The day of glory has come. Our citizens are completing the formidable task of their fathers, and with brotherly nations are securing a supreme victory. All right-minded humanity is with our troops who are liberating the nations from the favor of evil forces."

St. John, N.S., Sept. 18—Scrutinizers who worked in polls in St. John's barracks during the last federal election testified this morning before the royal commission now investigating the charges brought by Joseph Archambault, M. P., against Lieut.-Col. W. W. McVieville and his officers in connection with the voting of soldiers in that election. Stanislaus Poulin, a St. John lawyer, who was a scrutineer, gave the court an amusing account of his election day experiences.

In his polls, said Poulin, sixty-three out of ninety-seven voters assigned their votes to Chambly-Vercheres. As they came in to vote, he said, the men said they were glad that they could not specify their previous places of residence in Canada. Their only hesitation was in pronouncing the name "Chambly-Vercheres."

In two cases the men forgot the name. The deputy presiding officer refreshed one man's memory. In the other, the witness was the promoter.

Poulin said that during the polling Col. McVieville visited the poll several times. He inquired how many votes were going to Chambly-Vercheres. Once, being told the number, he remarked: "That's not very many."

Captain Knight, editor of the Depot Newspaper, was another witness. He assumed full responsibility for the matter published in that sheet on election topics. The hearing is going on this afternoon.

QUIET ON THE CANADIAN FRONT, COMPATIVELY

Both Sides Are Watchful—Raiding Continues—Men Unwilling to Return to Settled Trench Warfare

With the Canadian Forces in France, Sept. 17, 8 a.m., via London, Sept. 18—(By J. R. B. Lavery, correspondent of the Canadian Press)—Quietness prevails along the Canadian front, though only a comparative quietness. There is that in the British ranks today which will admit of the searchlights on the Canadian trench warfare. Both sides are watchful. Raids continue along the front. The "No Man's Land" yesterday morning being an exception.

There is much shelling, the enemy paying special attention to gas which he pours over in quantities suggestive of a purpose which does not materialize. Shelling with big guns has become a feature of the present conditions. Night bombing by enemy aeroplanes is developing with the moon, but the capable hand of the searchlights on the Canadian front is defeating the enemy's intentions. Last night was an example of the efficiency of this method of blocking the raiders. Every one was turned back, most of them being caught in the rays and held until they scurried to safety.

One was brought down in flames, the crew of the bomber taking to parachutes and landing within the Canadian lines. Again today an enemy machine crashed, but its crew saved their lives by parachutes. This idea, which is only now under development, will alter the sky fighting materially and may feel assured the Allies will not lag if it is well adopted.

Gas bombing is also being indulged in by the enemy. Today the brigade which distinguished itself by the capture of Le Quesnel, in the Amiens fight, received its medals from the hands of the corps commander.

Victory was good medicine

London, Sept. 18—In reply to a message sent by Premier Lloyd George to dispatch a telegram congratulating him on the American victory on Louvain, in which the premier, who received the letter and infinitely more passionate than any physis, the American commander has sent the following telegram:—"Your congratulations are deeply appreciated. It shall be the endeavor of the American army to supply you with occasional doses of the same sort of medicine as needed from now until the final victory has been attained. I trust this will find you fully recovered from your illness."

CORN CROP HARVESTING IS NEARING COMPLETION; PRICES LOWER TODAY

Chicago, Sept. 18—Renewal of peace gossip sent the corn market down grade today after a little show of strength at the opening. Initial gains were ascribed to reports of frost in Iowa. It was estimated, however, that more than eighty per cent of the whole United States crop is now safe from frost and that within a week no per cent more will be out of danger. Opening prices, which varied from unchanged figures to 7-8 cent higher with October 1922 to 1.25, and November 1.40 to 1.49-1.2, were followed by a sharp general break.

Oats fluctuated with corn. Changes though. After opening 1-2 to 2-8 higher with October 78-8 to 78 1-2 then asked received to slightly below yesterday's finish.

Trade in provisions was light with values tending upward. Rise gained most.

KING TELLS OF ITALY'S EFFORTS IN THE WAR

Paris, Sept. 17—"My country's effort in the war is worthy of being well known," said the King of Italy to the correspondent of the Matin. "Go into our country districts and you will no longer see any men of military age. Women, old men and children do all the work in the fields; they even repair the roads."

"We have fully mobilized all our effective without restrictions of any kind. Our financial effort has been no less extensive, and I need not speak of the industrial and economic effort, which is so difficult for a country possessing none of the raw materials requisite for war manufactures."

Paris, Sept. 17—(Havas)—Premier Orlando of Italy arrived here this morning. He was received by Premier Clemenceau and the Italian ambassador.

STRANGE REPORTS FROM GERMANY

London, Sept. 12.—Many sensational stories are circulating through neutral countries relating to the situation in Germany.

One of the most startling is a report that the Kaiser as a last desperate resort to create a reaction in his favor among his disillusioned subjects may offer to abdicate for himself and his family, and in fact, to terminate the Hohenzollern dynasty.

Another report, equally strange, is that the Kaiser has gone insane. In support of which his speech at Essen is pointed to by the informants.

ANCIENT IRONCLAD. Its Existence in Japanese Waters in 1613 Vouched for By Satis. Here is some interesting evidence given by Kumagusu Minakata of Tanabe, Kii Japan, both in a Tokio Journal and in the London Notes and Queries of the existence of the seventeenth century of Far Eastern ancestors of the modern submarine and ironclad. Kaid Moritaka was bidden by Ieyasu during the winter siege of Osaka Castle, in 1614, to build four "blind boats" to stop the musketry firing from a turret which was annoying his army considerably. Kaid thereupon constructed some "blind boats," named them with his soldiers, advanced therewith submerged in the moat, and crushed the turret with his cannon. There was made known how to build a "blind boat" as it had originally been invented by Lord Kuki. This is the evidence of an anonymous writer of the year 1700 or thereabouts. As for the ironclad, its existence in Japanese waters in the seventeenth century is vouched for by Captain John Satis, who says in his "Journal of the Voyage to Japan in 1817": "About eight or ten leagues on this side the straits of Simina-Seque (Shimonoseki), we found a great town, where they lay in a dock a Juncke of eight hundred or a thousand tonnes of burthen, sheathed all with iron, with a guard appointed to keep her from firing or treachery. She was built in a very homely fashion, not like that which describes Noah's ark unto us. The naturalists told us that she served to transport soldiers into any of the islands. There is surely nothing new under the sun. The old civilization of China and Egypt, not to speak of Crete, has taught the world that lesson long ago.—Christian Science Monitor

SIR WILFRID TO CONTINUE CHIEF OF OPPOSITION NEXT SESSION

Unit System of Organization in Provinces Decided On

Conference in Ottawa

Hon. Geo. P. Graham Likely to Return to Parliament, Possibly as Member For Glengarry

Ottawa, Sept. 18—(Special)—Apart from the decision to go ahead on the "unit system" of organization, leaving each province and each provincial district to work out its own local organization instead of centralizing the federal organization at Ottawa as hitherto, there was no other concrete result of yesterday's conference of Liberals with Sir Wilfrid Laurier. The conference was called by Sir Wilfrid, who desired to talk over the general political outlook with those of his principal supporters who could conveniently come to Ottawa. The question of leadership was not discussed and there were no new lines of policy laid down.

Sir Wilfrid will continue as the opposition leader for the coming session of parliament at least for so long as his health and strength will permit.

Hon. George P. Graham, who attended today's conference at Sir Wilfrid's special request, is wanted back in parliament again by the opposition leader, who has long relied on Mr. Graham's judgment and capacity as a trusted first lieutenant. It is possible that Mr. Graham may again take up the worries and responsibilities of his old post as Sir Wilfrid's "deputy minister." The way of his return to parliament in that event will probably be through the vacancy in Glengarry, caused by the death of Alex. McLaughlin, Liberal Unionist elected by acclamation in last November.

Mr. Graham may be nominated as the opposition candidate there and in view of his support of the principle of the Military Service Act it is possible in that event that an acclamation might be arranged for him. No date has yet been fixed either for the Glengarry or the North Ontario bye election.

MEN FIGHT IN AIR CAISSON

Policeman Descends 200 Feet and Subdues Combatants.

New York, Sept. 18—A fight between two subway workers in a compressed air chamber two hundred feet underground threw thirty of their fellow-workers into a panic and jeopardized the lives of all for half an hour before an intrepid policeman, Peter Dalton of the Williamsburg Hospital, descended to the danger zone and used strong-arm methods to quell the disturbance.

Shortly after a gang of men went down into the air caisson working in the subway at the North Seventh street station, Brooklyn, the foreman standing watch above received a distress signal. He summoned Patrolman Dalton, who found himself in a wire cage and surrounded by a group of men who were attacking one another. Dalton separated O'Malley and Persinsky, took them to the surface and then to the Williamsburg Hospital, where both were attended for bruises of the face and body.

GIRLS' CONVENTION

A meeting of fifty representatives of the different Protestant denominations in the city was held last evening in the Centenary Methodist church to make further arrangements for the Girls' Work convention which will be held that church by girls of fifteen years and over from St. John and all parts of the province. The object of the convention is the co-operation of Sunday schools and the Y. W. C. A. for girls' work.

The executive which was appointed to take charge of all matters in connection with the convention follows: President, Mrs. F. H. Wentworth; vice-president, Mrs. Jamieson; secretary-treasurer, Miss Hazel Clark; programme committee, Miss Faith Henderson and Miss Jessie Lawson; publicity committee, Mrs. C. Flewelling; bookstall committee, Miss Irene Garter and Miss Rae Wilson; registration committee, Miss Dorothy; conservation supper, Miss Alice Murdoch; entertainment committee, Miss Annie Parks; place of meeting, Mrs. John F. Howe.

Newcastle, Sept. 17—Mr. and Mrs. J. D. Creighton have been notified that their son, Captain T. Cyril Creighton, of the Royal Air Force, has been admitted to a French hospital on September 8, suffering from a fractured shoulder. This is his second casualty, and he had only lately returned to the front.

St. George, Sept. 16—Mr. and Mrs. Daniel Richein received word on Sunday that their son, Vincent, had been seriously wounded at the front with a gunshot wound in the spine. Vincent has been in France for some months in a famous New Brunswick regiment. He is twenty-one years of age and has been overseas about a year. He was a fine young man, and it is hoped his wound will not prove fatal.

MILITARY NEWS

Since Lieut.-Colonel A. H. H. Powell has been appointed as base commandant of the Siberian contingent and is soon to vacate his post, interest is being aroused as to who will succeed him as assistant adjutant-general for this district. The names of Major S. S. Wetmore and Lieut.-Colonel B. R. Armstrong have been mentioned. Major Wetmore is at present deputy adjutant-general and Q. M. G. Lieut.-Colonel Armstrong is the D. A. G. and Q. M. G. of military district No. 6 with headquarters at Halifax.

The military authorities announce that 100 men are needed for the 68th battery at Woodstock. Those wishing to sign on with the unit should get in touch with Major Wetmore, the O. C. of the unit. All men not liable under the act may enlist in this unit.

MORNING NEWS OVER THE WIRES

While Carson of Berrington, Albert fell off his team and was run over. He was sixty-four years of age and is survived by his wife and a large family.

At a meeting of citizens of Moncton held last evening a strong resolution was passed protesting against any increase in rates for natural gas and electricity either for domestic or manufacturing purposes. They also asked the city council to appear before the utilities commission and strongly oppose same.

Hon. T. A. Crezer, federal minister, in answer to an inquiry of Hon. J. F. Tweeddale, minister of agriculture, said that leave to bona fide farmers had been extended to Oct. 31 provided military exigencies did not require otherwise.

While playing about his home in St. George yesterday an infant son of Mr. and Mrs. Wallace Hall fell down a well and was drowned. He was found by his mother, but all efforts at resuscitation failed.

Lieut. Robert Fay, a convicted German agent, who escaped from Atlanta federal prison more than two years ago and who was recently caught in Spain, has been brought back to the States on a naval vessel.

DECK LOAD EXTENSION

The collector of customs has received information that there has been granted an extension of time in respect to vessels carrying deck loads to the United Kingdom from ports in Canada. Under the regulations of the deck load certificate the time expires on October 1, but according to the order received yesterday at the local customs house such time has been extended from October 1 until November 15. The concession is granted, it is said, to allow all possible freight to be shipped, and taking into consideration the shortage of tonnage the time is such in advance of the concession which has been conceded the last few years.

Nova Scotia, for some reason or other, is granted a month longer than any other port in Canada. New Brunswick, at least, has roughly the same existing conditions as the sister province and it cannot be determined locally why Nova Scotia should be granted a month longer than this province.

RECENT WEDDINGS

The wedding of Miss Elizabeth Wallace of this city and Thomas Doyle, a C. P. R. employe at Montreal, was solemnized in the Cathedral this morning. The ceremony was performed by Rev. Francis Walker. After the ceremony the bride and groom retired to the home of the bride, Clarence street, where a wedding breakfast was served. Mr. and Mrs. Doyle will make their future home in Montreal.

COLONEL MELVILLE TAKES THE STAND

Interesting Developments at Royal Commission Inquiry Into Perjury Charges in Connection With Election.

St. John's, Que., Sept. 12.—The Royal Commission inquiring into wholesale charges of perjury and a subornation to perjury preferred by Joseph Archambault, M.P., for Chambly-Vercheres against Lieut. Col. W. W. Melville, O.C., engineers training depot, St. John's, and his officers, in connection with the last general election, reached a new phase today when Lieut.-Col. Melville himself was called as a witness. He proved to be a very unwilling one.

At the outset the commanding officer refused point blank to reply to a question put by Aime Geoffrion, K.C., counsel for the crown, as to whether or not he voted at the election. He was guaranteed the protection of the commission and compelled to answer.

Finally the officer admitted that he had voted. He said he was not sure yet what residence meant so he believed he told the truth when he said in voting that he did not know his residence in the dominion. He declared that he knew of no organization in St. John's barracks to make the soldiers vote for Mr. Hainville, Unionist candidate in Chambly-Vercheres. At times the repartee between Mr. Geoffrion and the witness grew heated.

"You're not commanding your regiment now," said Mr. Geoffrion on one occasion. "And you can't threaten me, Mr. Man," replied the witness.

At the re-opening here this morning of the investigation, Major Laraine, of the militia department, Ottawa, was asked and asked to produce documentary evidence as to the residence of officers and men who were in St. John's barracks at the time of the last federal election.

To shorten the process of determining the addresses, Aime Geoffrion, K.C., for the crown, produced a list presented in parliament last session in reply to a question by a private member. This contained the Canadian addresses of all the St. John's officers. These, the witness verified from his papers. The addresses ran from Halifax to Vancouver with the larger number from Ottawa.

Lieut.-Col. Melville, who gave his residence as Carleton county (N. B.), was then called. He said he had been officer commanding the engineers' training department at St. John's since February 7, 1916.

Mr. Geoffrion—Did you vote at the last federal election? Col. Melville—I refuse to answer. It is up to you to prove whether I did vote.

Mr. Geoffrion—Did you mark a ballot or not? The witness then made a long statement to the effect that he had not been sworn by the deputy returning officer and had not sworn to the contents of the ballot envelopes.

Pile up the Surplus

To win this war every ounce of the strength of each of the allied nations must be put forth to meet the organized, trained and disciplined efficiency of the Central Powers—that gigantic, ruthless force which is the result of fifty years of planning and preparation.

And every ounce of every allied nation's strength is in the hands and brains and hearts of the individuals of each nation, because they are free peoples.

Now the individuals of each nation must live as well as fight, therefore a proportion of the effort and material of each nation must be diverted from war purposes to living necessities.

So the less each individual takes for himself or herself for personal use the more effort will there be left for fighting and winning the war.

Every cent you spend represents that much effort because somebody must do something for you in order to earn that cent—somebody's effort must be given to you instead of to the war.

Therefore the less you spend—the less of somebody's effort you take for your individual use—the more will you leave in the national surplus for war effort.

The war can be won only by the surplus strength of the allied nations. The money each individual saves represents that surplus strength.

So the truly loyal Canadian will use less, spend less, and save more, to help to win the war.

News Notes About Prominent Baptists

(Maritime Baptist) Among the deaths, recently reported from the front was that of Lieut. Douglas McKinnon Lawson of Amherst. He was a son of B. J. Lawson, a prominent member and a deacon of the Amherst church. Captain (Rev.) G. A. Lawson is an uncle.

Maine is to be congratulated upon the re-election of its Baptist governor, Hon. Carl Milliken. His election is gratifying evidence that righteousness and politics are not as incompatible as some believe them to be.

The death of Mrs. McLeod, widow of Dr. Joseph McLeod, removes one who was long prominently identified with the denominational life. Dr. McLeod's great influence was one of the important factors which brought about the union between the two denominations, and in all his efforts for union he had the fullest sympathy and support of Mrs. McLeod.

In his long service as editor of the Religious Intelligencer and later of the Maritime Baptist, his wife's help and counsel meant much. Many will cherish her memory.

Dr. O. C. S. Wallace, early in June, at the request of the Baptist army and navy board, went to England and France as a representative of Canadian Baptists. His church at Westmount gave him leave of absence in order that he might render this service to the denomination. It is possible that Dr. Wallace is now homeward bound, though the difficulties of transport make this uncertain.

A recent issue of the Baptist Times and Freeman has this to say of him and his mission: "Among our most distinguished visitors from Canada is Dr. O. C. S. Wallace of Montreal, who is in this country as a guest of the government. Dr. Wallace has held important pastorates in the United States, and was for a number of years the chancellor of McMaster University, where he built up a great reputation among educationists not only for scholarship but for wise and progressive leadership."

Rev. J. E. Gosline has accepted a call extended to him by the Springfield, Belleisle pastorate, and will begin his work on that field in October.

We were in error in regard to the pastorate of Rev. W. J. Hamilton. He is pastor, not of the churches at Isaac's Harbor, but of Seal Harbor and New Harbor. We are now informed that the Isaac's Harbor field has called Rev. F. N. Atkinson, now at Hazelbrook, P. E. I., who has accepted the call and will soon take up his work there.

Rev. W. C. Machum, the editor of our young people's page, spent a pleasant vacation at his old home in South Devon, N. B. He is now home again at Fort Maitland and hard at work. Mr. Machum is one of our younger men, but he is the recognized leader in the denominational life and work throughout the Southern Association.

We are glad to state that Rev. J. H. and Mrs. Jenner have received encour-

FLYNN TO HEAD R. R. POLICE

Will Direct Detective Work Under Government Administration. New York, Sept. 12.—William J. Flynn, former chief of the United States secret service, has been appointed head of the police forces of all the railroads of the country by William G. McArdoo, director general of railroads. Before the

railroads were taken over by the government each road had a detective force of its own. All these forces are now consolidated and Mr. Flynn will control them from headquarters in Washington. Thousands of detectives will be under his direct supervision. The place pays \$8,000 a year.

For nearly twenty years Mr. Flynn was in the secret service bureau at Washington, for several years as head of the bureau. During Mayor Gaynor's administration he obtained leave of absence to become deputy police commissioner of New York, and when Mayor Hylan was elected Mr. Flynn was under consideration for the appointment of police commissioner. He resigned from the secret service to go into private work last fall.

REDUCE TAX RATE TO TWELVE PER CENT. Washington, Sept. 12.—In adopting the section of the revenue bill taking the increase of corporations the house reduced the rate to twelve per cent. on dividends paid, debts discharged and Liberty bonds bought after last September 1. The normal tax on corporation incomes was increased from six per cent. at present to eighteen per cent.

LOCAL NEWS

IS IN ENGLAND.
The many friends of Pte. Frank B. Lodge will be glad to know that his parents, Mr. and Mrs. Herbert Lodge, of 26 Middle street, W. E., received a cablegram yesterday informing them of his safe arrival in England.

NEWS OF SOLDIERS.
Mrs. Mary Ellen Beauregard, next of kin of No. 8281798, Pte. Joseph Arthur Beauregard, infantry, and Mrs. Mary Sheehan, next of kin of No. 8255137, Pte. Warren Ryan Radford, are requested to communicate with the office of the Western Union Telegraph Company.

TO MUNICIPAL HOME.
The baby found on the steps of the Children's Shelter, Elliott street, on Sunday morning was this morning taken to the Municipal Home. Rev. George Scott, secretary of the Children's Aid Society, said this morning that when the baby was first found it seemed to be under the influence of a drug, but little one is now much better and is steadily getting brighter.

DEATH OF INFANTS.
Mr. and Mrs. Thomas Nichols of 300 King street east will have the sympathy of their friends in the loss of their infant son, Samuel Burton, whose death occurred this morning.
Mr. and Mrs. William Morrison of Prospect Point, Douglas avenue, have been bereaved by the death of their youngest child, Theodor Elias, aged five months, who died this morning.

GARD-NOBLE.
A quiet but pretty wedding took place this afternoon at the home of Mrs. Marie Noble, Hillside, Robbsey Avenue, when her daughter, Ethel May, was united in marriage to Louis Tremaine Gard of this city. The ceremony was performed by Rev. J. A. MacKegan. The bride, who was given away by her brother, G. Fred Noble, was gowned in white crepe de chene with veil and wreath of orange blossoms and carried a bouquet of roses. Following the ceremony, luncheon was served, after which the bride and groom left by automobile on a bridal tour to the White Mountains. On their return they will reside in Robbsey avenue. The bride's travelling suit was brown with hat to match. Many beautiful presents were received, among which was a check of \$100 from G. W. Reid of Truro. The groom's gift to the bride was a diamond and platinum necklace. The wedding was attended by a large number of friends, who wished the happy couple a long and prosperous life.

TWO ST. JOHN MEN KILLED
Privates T. Bradley and J. W. Patterson Give Their Lives in the War

Miss L. Pemberton, 102 Winter street, was advised this morning that Pte. Thomas Bradley, a member of a local infantry battalion, had been killed in action on Aug. 28. Private Bradley was a native of England but was residing in St. John when he was enlisted. He enlisted with the 58th Battalion and after his arrival in England transferred to another. Private Bradley was twenty-three years old and while in St. John made his home at Mrs. Margaret Pemberton's, Winter street. He was employed in the Union Foundry & Machine Works, Ltd., in West St. John at the time of enlisting. He is survived by his father, residing in New Zealand. A brother, Private Robert, was killed in action about one year ago.

Pte. J. W. Patterson.
That Private John Wesley Patterson of 10 Frederick street was killed in action on Sept. 8 was the sad news that his wife, Mrs. Arvilla Patterson, received this morning from Ottawa. He crossed overseas as a member of the 118th Battalion and was transferred to another infantry unit. Private Patterson was twenty-five years old and prior to joining the army was employed as a tinsmith with John Driscoll, Marsh road. He was well known and his death will be learned with regret. Besides his wife and one little boy, John D. W. Patterson, his mother, Mrs. Mary Patterson, of this city, two brothers, John and Jack of this city, and one sister, Mrs. Herbert Jones of Montreal. His little son was only nine months old when the soldier went away. Mr. Patterson was a man of fine character and who numbered many friends.

Robt. K. Wills.
Mr. and Mrs. Robert Wills of 110 St. James street received an official notification this morning that their only son, Pte. Robert K. Wills had been admitted to No. 88 General Hospital in Boulogne on Sept. 10 suffering from a gunshot wound in the neck. Private Wills crossed overseas last December with a draft from No. 9 Siege Battery. Owing to a knowledge of civil engineering he qualified as a range finder and had been employed in that capacity when wounded. He was a student in the University of New Brunswick prior to enlisting.

Mr. and Mrs. A. G. Webb of 31 Adelaide street, received a telegram from Ottawa yesterday notifying them that their son, Pte. Eldon T. Webb, had been admitted to Fort Pitt Military Hospital in Chatham, England, on September 5, suffering from a gunshot wound in the left hand. Private Webb went overseas with a draft from the 1st Depot Battalion. That he had only been at the front for a very short time is evident from his parents' receipt of a letter from him recently dated Aug. 15, saying that he was in England and with the 13th Reserve Battalion.

Is Improving.
James E. Burnett of 118 Lancaster street received a telegram this morning announcing that his son, Pte. James Samuel Burnett, who is a miller at hospital at Shoreham, was progressing very satisfactorily. The young man, who is twenty-four years of age, enlisted with a Montreal Battalion and was only at the front a few months before being wounded, about three weeks ago.

WELL RECEIVED

Workers Report Generous Response to This Part of Call for Army Huts

From indications early this afternoon the tag day of the local branch of the Knights of Columbus for army huts for Canadian soldiers in France will be a financial success. Members on the committee report that the response from the citizens at large has been most generous and that with very few exceptions everybody acceded most willingly to a tag. In many instances the amount received was beyond expectations. Up to 1 o'clock this afternoon no fewer than 30,000 tags had been issued and the demand continued.

A little after 8 o'clock this morning the committee assembled at the Knights of Columbus hall in Coburg street and after procuring their boxes and basket of tags were conveyed in automobiles to their destinations at points all over the city. While some remained at street corners to canvas passersby, others made a house to house call and in this way the entire city was systematically canvassed. At noon the various groups of canvassers were relieved from duty and conveyed to the knights hall, where a light luncheon was served.

Mrs. W. F. Broderick was general supervisor. Mrs. D. P. Chisholm was in charge of the various committees looking after tag day proceedings and Dr. S. McDonald was in charge of the automobiles, which numbered twenty. The executive committee was composed of Mrs. Richard O'Brien, Mrs. W. E. Scully, Mrs. Frank Owens, Mrs. J. J. Hennessy, Mrs. Thomas Fox, Mrs. James H. Doody, Mrs. J. D. Maher, Mrs. J. McArthur, Mrs. McCormick, Mrs. L. A. Conlon, Mrs. M. Bohan, Mrs. Warren C. Window and Miss Elizabeth McInerney. The financial committee was made up of Mrs. Richard O'Brien, convener; Mrs. John Connor and Miss Reynolds. The refreshments committee was composed of Miss Catherine C. Maher, convener; Miss Mary F. Maher, Mrs. M. Atkinson, Mrs. Edward Hauser, Mrs. A. Legere, Miss Josephine McGuire, Miss Alice O'Regan and Miss Ellen O'Regan.

The tag day workers today were cheered in the early afternoon by a report that the Quebec government had granted \$25,000 to the army huts fund. The fair being held in connection with the great drive for the Canadian boys in France will be officially opened tomorrow evening by Lieut.-Governor Fugleley. The Depot Battalion Band have kindly offered their services.

Retail Merchants Association and Rotary Club Arrange For Visit by Frank Stockdale, Commercial Expert

A called meeting of the St. John executive of the Retail Merchants Association, together with a committee from the Rotary Club, met in the Association Board room, 46 German street, this morning at 10:30 o'clock.

Arrangements were practically made to secure the services of Frank Stockdale to personally conduct a Retail Merchants' Institute in St. John at the end of this month.

Those present were so interested in the movement that they arranged for a mass meeting of all business men in St. John to be held in the Board of Trade rooms this week.

MUST BRING GAME OUT OF THE WOODS

There has been some uncertainty regarding the new game regulation which is designed to prevent the waste of meat killed in the woods. In reply to an inquiry, J. B. Jones, issuer of provincial licenses, quoted the section of the New Brunswick game act bearing on the matter as follows:

"All persons killing game in any place within the province shall not leave the carcass on the ground or in any of the streams or lakes, under a penalty of \$20 or one month's imprisonment."

Mr. Jones said the effect of this was that it is now illegal to leave the carcass or any part of it in the woods, in order that meat brought out of the woods may not be wasted, the regulations now permit any person to preserve game in cold storage for their own use.

THE ONE-MAN CARS.

Commissioner Fisher, in conversation with a Times representative this morning, said that at the meeting of the common council yesterday he had not entered a protest against the one-man car as quoted in one of the morning papers, but rather had in the form of a resolution pointed out that the adoption of the one-man car seemed unsuitable to a city like St. John. His resolution was as follows: "That in the light of information so far received this council considers one-man cars unsuitable for use in St. John because of inconvenience and public danger involved in their use, as compared with two-man cars; also that it does not appear that there would be much financial saving in the change as it is said that more cars would have to be run and that higher wages would have to be paid to the motormen."
