WILD SCENES AT WOMAN'S TRIAL

Police Struggle to Control Mass of 2,500 People

WOMEN IN THE MOB

All Eager to Get Into Courtroom to Hear Evidence in Trial of Mrs. Schenk on Charge of Poisoning Husband—Evidence Early Sensational

Wheeling, W. Va., Jan. 11.—While the crowd at the Ohio county court house after the luncheon recess of the Schenk trial yesterday almost staggered the court officials and stretched, it was not until this morning that there was to be little falling in attendance of the sensation seekers. This is the third day of Mrs. Laura Farnworth Schenk's trial on the charge of poisoning her husband and the second day in which testimony was taken. The scenes yesterday, when the women had to be beaten back by the police, the stampede in which one woman was so badly hurt that she had to be taken to a hospital, and the noisy demonstrations in the courtroom, when certain bits of testimony were heard have shocked and astounded Judge Jordan, who insists that order be kept.

His admission to the spectators yesterday that it would be more becoming in them to stay at home and appraise the curiosity by reading the reports in the newspapers, was not taken seriously, apparently for the crowd that assembled about the court house doors today outnumbered that of yesterday.

As early as 9 o'clock, four hours before the doors were thrown open, there was a kind of curious assembly and with each minute it grew until there were fully 2,500 persons with whom the police struggled, pleaded and pulled and hauled.

The first witness of the day was Dr. Frank L. Hupp, who was on the stand when court adjourned yesterday. It was during Dr. Hupp's direct examination yesterday that Mrs. Schenk showed the first sign of any of the testimony, when the physician told of a statement which she made to him, "Perhaps I would be better satisfied if you would let him die."

The resumption of the direct examination of Dr. Hupp was the plan for the day, and his testimony on direct and cross examination occupied the greater part of the day. Prosecutor Handlan, just before court opened, remarked to newspapermen and the attorneys grouped about the corridor, "What we brought out yesterday was very mild. Watch what we produce today."

When the physician's testimony is finished, two other physicians who sat at the blood tests, and other toxicological tests will follow.

Following that, Mrs. Schenk will come the nurse who attended Mr. Schenk throughout his illness.

While this is practically the day's list of witnesses to be called, it was doubtful when court opened whether more than two would be heard before adjournment this afternoon.

BANKER MISSING

Italians in New York in Frantic Assebley, Fearing Savings Are Gone

New York, Jan. 11.—A cordon of policemen stood guard this morning outside the closed banking house of Cito Scandone in 100th street, as the result of a demonstration last night by several hundred frantic foreigners who had placed their savings on deposit there. It was feared that the building would be blown up.

The banker has been missing, the police say, since Monday afternoon. He had been in business for five years, and had won the confidence of the Italian colony, and his depositors numbered more than 1,500.

FULL INVESTIGATION BY COURTS INTO THE FARMERS' BANK CASE

Toronto, Jan. 11.—(Special)—"All I can tell you is that the courts will make full investigation into the Farmers' Bank case," said C. J. Clarke when asked regarding reports that the actual outlay by W. R. Travers, former manager of the Farmers' Bank in the Keeley mine was only \$400,000. It is reported the sum paid for this property was \$200,000 and that about \$100,000 was spent in its development. In a statement of the curator, however, more than \$1,100,000 is charged against the Keeley Mine and much discrepancy obtains as to the apparent discrepancy of \$700,000.

Keeley and his two associates it is earned received one hundred thousand dollars each for their share in the property.

THE WEATHER

Fresh to strong southwest to south winds; fair and mild, scattered showers Thursday.

JOHN BURNS GETS AFTER SOME PAPERS

British Government Member Makes a Vigorous Speech at Battersea—Declares the Veto Power Gone

London, Jan. 11.—John Burns, president of the local government board, at Battersea last night, severely attacked the British press in a speech enthusiastic in its praise of Asquith's leadership of the Liberals. He contended that the last two elections had destroyed for ever the Liberal party, had destroyed for twenty-five years all the pretensions at tariff reform, and had been a triumphant repudiation, by the common sense of the people, of the "vulgar, lying, sensational press, whose conduct during and since the elections was a scandal amounting almost to a national crime."

The influence of this press, he said, was the only danger ahead for the British people, but fortunately the Liberals, with 75 per cent. of the London press against them had been able to defend the free trade ideal against the lords.

CROPS \$25,000,000 BELOW LAST YEAR IN VALUE, SAYS MINISTER

Wheat, Oats and Barley in West \$40,000,000 Less Than in 1909

Ottawa, Jan. 11.—Hon. Sidney Fisher, addressing the annual meeting of the Ontario Agriculture and Experimental Union, which opened here last night, pointed out that the crops of wheat, oats and barley yielded from 23,000,000 acres under cultivation in Canada last year, 25,000,000 less than in 1909 and by for the forage crops of eastern Canada the decrease would have been much greater.

The value of wheat, oats and barley in the prairie provinces alone was \$40,000,000 below that of the previous year.

Mr. Fisher said that, with a little more care and intelligence, the farmers of Canada could greatly increase their annual output. There was vital need for re-encouragement in every department of the farm, he declared.

ARCHDEACON EMERY, NOTED DIVINE, DEAD

Father of the Church Congress and Organizer of the Diocesan Conferences

London, Jan. 11.—Archdeacon Emery, who will be long remembered in addition to many good works, as the "Father of the Church Congress," is dead.

When he resigned the Archdeaconry in Ely in 1907, on account of his age, Canon Emery had held the post for forty-three years, but it was as promoter of the first Church Congress at Cambridge, in 1861, and as its honorary secretary ever since, that he was best known.

But the congress came to stay. This year it celebrated its jubilee in the university town where it had its birth, and although Archdeacon Emery was too feeble to be present, he followed its doings with the greatest interest, and had the satisfaction of knowing that his son was filling the secretarial post he had held so long.

Archdeacon Emery was for twenty years chairman of the council of the Church of Schools Company, and organized the diocesan conferences which are now to be found in every see.

He served the country in a wider aspect. It was he who, in 1859, helped to start the great volunteer movement, forming a corps of Cambridge men, and scoring the first battle of the Fen.

Archdeacon Emery was too feeble to be present, he followed its doings with the greatest interest, and had the satisfaction of knowing that his son was filling the secretarial post he had held so long.

BRITISH CAPITALISTS IN BIG BREWING DEAL IN THE WEST

Vancouver, Jan. 11.—Merging practically all the brewing interests on the coast in this province, a gigantic deal is now pending whereby the operation of breweries in Vancouver, Nanaimo, New Westminster and Victoria will be placed under the control of British capitalists, the present large shareholders to retain, however, a place on the directorate of the new corporation. The transaction has been under way for some time.

TOBACCO ANTIDOTE FOR MENINGITIS?

Paris, Jan. 10.—After the Lancet's admission that tobacco aids digestion comes the report of an army doctor whose regiment suffered an epidemic of cerebral meningitis. He found that smokers resisted meningitis. He found that smokers resisted meningitis better than non-smokers and could remain in the contaminated area without being attacked.

MAY SETTLE GREAT STRIKE IN CHICAGO

Peace in Clothing Industry Expected as Result of New Move—A Compromise is Likely

Chicago, Jan. 11.—Peace in the clothing industry is expected within a few days as a result of a new move made yesterday by the strike leaders. Following the settlement with one firm on Monday, other manufacturers have suggested that they would accept similar terms if the offer came from the leaders. A new form of agreement, accordingly, has been drawn up and has been approved by the strikers.

Full power has been conferred on the conference board to make an settlement without submitting it to the rank and file, and it is expected that a number of the large firms will accept the compromise. The new agreement proposed by the United Garment Workers, provides that all the strikers shall be reinstated within ten days, and that there shall be no discrimination against members of the union. An arbitration board of three shall consider whatever grievances if any, exist and fix a method for the adjustment of future troubles.

BOSTON'S ART MUSEUM IS BEING TORN DOWN

Million Dollar Hotel, the Copley Plaza, is to Take Its Place

Boston, Jan. 11.—One of Boston's points of interest since the seventies the Art Museum building in Copley Square, is being torn down to make way for a \$1,000,000 hotel which is to be put up on the site by the Copley Square Trust and which will be under the same management as that of the Hotel Plaza in New York. The new house will be called the Copley Plaza.

It will take at least seven weeks to complete the work of raising the building, the carvings, friezes and other ornaments that adorn the building go to the trust, which will dispose of them. It was said today that the contractor had received about \$1,000,000 additional to preserve the relics.

PRIVATE RATHER THAN A WORK FOR THE CITY

Views of Mayor of Ottawa on Proposal to Build 100 Model Cottages

Ottawa, Jan. 11.—The proposition by the National Trade and Labor Union, that the city should build one hundred model cottages and sell them to workmen on the installment plan is not considered desirable by the mayor. He says he does not care to express a positive opinion as he had not given the matter much consideration, but thinks the solution lies more in model suburbs being undertaken by private enterprise.

WIFE OF JESSE JAMES' SON IS GRANTED DIVORCE

Kansas City, Mo., Jan. 11.—Stella F. James was granted a divorce from Jesse James, son of Jesse James, the bandit, in the circuit court here last night. James did not contest the suit.

Mrs. James was given the custody of their four children and \$109 a month alimony. Mrs. James testified that she and her husband had separated three times since their marriage, eleven years ago. She said the last separation had lasted six months and that it was impossible for them to be reconciled.

HIRAM HAS A CANDIDATE

"That's what I said," quoth Hiram. "Then he possesses a qualification that should commend him to the city council," said the new reporter. "Has he any friends?"

"Well," said Hiram, "he's got no natural enemies, as I know. He's a good natured citizen."

"Does he belong to all the societies in the Section?"

"Pretty much all, I guess."

"Well," said the new reporter, "there are two clerks in the market now, and the third may be needed to give the casting vote when somebody spits on the floor, being your man down and let him give the sign and countersign. He may be all right."

REPLY TO FARMERS' DEMANDS

Manufacturers, 42 Strong, to Wait on Premier Laurier Tomorrow

Ottawa, Jan. 11.—(Special)—Once more the corridors of the House of Commons show signs of activity. Members are gathering in force for the opening of the house this afternoon. The senators are likewise beginning to arrive in considerable numbers, the commons has a very heavy programme for the day, largely questions and motions. When they are disposed of some of the bills of private members will be taken up, it being private members' day.

Arthur Meighen's resolution, calling for a substantial reduction in the import duties on agricultural implements occupies the premier place on the order paper, but it is not likely to be taken up for a day or two, and perhaps not until after a postponement has been made as to the results of the tariff negotiations at Washington.

There is little expectation on the part of the members that this session will close before the early part of May, when prorogation will be necessary to allow Sir Wilfrid Laurier and one or two of his colleagues to attend the imperial conference. The opposition has a large number of matters which it proposes to inquire into in the public accounts committee, and to bring up in the house, and this will keep the house going for four months, even if the business of a purely government character could be disposed of in less time.

STANDARD OIL FIGHT FOR LIFE

Washington, Jan. 11.—The final fight of the "Standard Oil" for its very existence under the present organization is expected to begin today in the Supreme Court of the United States.

BISHOP KINGDON MEMORIAL TO BE STIPEND FUND

Plans for \$1 Subscriptions to Raise the Sum of \$10,000—Canon Neales Organizer

At a meeting of the committee of the Synod of the Church of England appointed to attend to the Kingston memorial matter it was decided to raise in one dollar subscriptions among the various churches of the diocese the sum of \$10,000 which will be used as an augmentation of stipends fund for the clergy.

Canon Neales, of Sussex, was appointed organizer, and Miss Louise Neales secretary. The standing committee on synod matters met at noon but only routine business was dealt with. The reason for the theological study committee and the board of education as well as the ordination of candidates council will convene, while the board of missions will hold a meeting this evening.

GET ONLY SEVEN JURORS IN PANEL

Judge McKeown Adjourns Court Till Tomorrow

Interest continues keen in the case against the eleven young men indicted yesterday by the grand jury on a charge of being members of an unlawful assembly, as was plainly evidenced this morning at the opening of the sitting of the circuit court, Judge McKeown presiding, when a large number of spectators gathered to witness the proceedings.

Some difficulty was experienced in securing a jury, and out of the first panel summoned, only seven jurors were sworn. In order to furnish a new panel, adjournment was made until tomorrow at 10 a.m., when the hearing will be continued. The prisoners will have their liberty until the expiration of the trial.

Yesterday afternoon the grand jury returned in session nearly all day after being with a true bill against Stanley Brown, Fred. R. Way, Benedict Ryan, Wm. J. O'Rourke, Chester Smith, Frank Hayes, J. B. Jones, \$1,000; Benedict Ryan, Edmund Ritchie, \$1,000; John Jones, J. B. Jones, \$1,000; Stanley Brown, John McCullum, \$200; Edmund Ritchie, \$200.

The grand jury also broadened its recommendation to the effect that a signal police system should be established in this city.

The opening of the proceedings, Mr. O'Rourke sought to quash the indictment against his client. There was a distinction clearly defined, he said, between an unlawful assembly and a riot, and that the latter assembly and riot, and that the recommendation to the effect that a signal police system should be established in this city.

MONCTON GETS SPIKE DORAN

A Hockey Importation—Early Morning Liquor Hunt in Hotel a Failure

Moncton, N. B., Jan. 11.—(Special)—Hurry on the heels of a telegram from Fred Povey, of Waterloo, Ont., announcing the impossibility of his signing on the Moncton hockey team comes word of a "Spike" Doran who played with Cobalt last winter. Doran will arrive yesterday morning from Trenton, Ontario, where he captained the team of that town.

Moncton team had a show-out this morning and fared marked improvement. Jack Brown, who arrived yesterday from Glace Bay, was at point and appears to be in first class form. The Moncton team will practice again tomorrow.

The line up will probably be—Worth, goal; Brown, point; Doran, cover; Crockett, rover; Scott, centre; Kennedy, right wing; Norman, left wing; McDonald, spare. Moncton's first home game will be on Monday, Jan. 16, with New Glasgow.

This morning at 6:30 Sergeant Atkins, made a raid on the Hotel Minto, but was unsuccessful in his attempt to find intoxicating liquor. A traveller's case opened which he said was not according to law. His Honor disallowed the motion.

Mr. Mullin's request to have a conference with the other counsel for the defence was granted by the court, and they retired, returning about a quarter of an hour. The consultation here was regard to the choosing of a jury.

The eleven prisoners were then arraigned and each in turn entered a plea of "not guilty." The work of securing a jury was then proceeded with but the panel was exhausted after only seven jurors had been secured. Geo. W. Murphy, and Wm. Hodges were excused through illness. Stanley Busby was excused on account of being under age. This is a challenge for cause," said Mr. Mullin, jocosely.

FIFTY WERE KILLED

St. Petersburg, Jan. 11.—Communication with Dniepropetrovsk, Russian Turkestan, which was interrupted by the earthquake of Jan. 4, was re-established today. The town was not greatly damaged, but the northern shore of Lake Laskul to the west of Dniepropetrovsk was severely shaken and in that vicinity fifty persons were killed.

The Times has the largest afternoon circulation in the Maritime Provinces.

British and European representatives—The Clougher Publicity Syndicate, Grand Trunk Building, Trafalgar Square, London, England, where copies of this journal may be seen and to which subscribers intending to visit England may have their mail addressed.

There are now almost enough market clerks to watch Ald. Vanwart.

St. John made great progress in building last year, but that was a mere trifle to what the present year should witness.

There should be a good attendance at the Liberal primaries this evening. The party is strong and the outlook bright.

Why should a business man have to depend upon the newspapers to learn what the city fathers did with a business proposition made by him?

In this balmy climate of St. John, with no snow to trouble us, we read with interest that in the west many trains are stalled in the snowdrifts.

The assessors in the city of Ottawa have found some \$9,000,000 more of property on which to levy taxes. Now if the St. John assessors would count up those vacant lots—

The government of Quebec province is a progressive one. It proposes to open employment bureaus to enable persons out of work to get it more quickly, and also to know what they are getting, which is not always the case when they depend on agencies.

Bishop Fallows the other day urged the people of Toronto to build for the future. "You will have a million people here before you know," said his lordship. St. John is also being urged to build for the future. The subject is worthy of the best thought of the best citizens.

It will hardly be argued by any intelligent person that St. John is so tied up to the county that the citizens cannot change their form of government if they desire to do so; nor that men familiar with that kind of work cannot frame a working agreement between the city and county. We are surely not so helpless as the contrary would imply.

The Montreal Witness, which never took kindly to a protective tariff, makes the following remarks in an article on the Conservative attitude in regard to reciprocity:—"When the National policy was introduced, it was proclaimed that it did not mean permanent protection; but Canada needed manufacturing industries, and it ought to nurse them in their infancy. Of course the nursing bottle would be discontinued when they were strong enough to go alone. All that is changed now. The idea that an industry nursed on the bottle can ever go alone is treated as wildly preposterous. Withdraw the feeding tube, and they will instantly die. There will be millions of men out of work. There will be great spectacular closings down of industrial establishments. Strong enough to be weaned! Who ever heard of one such. The stronger they are, the bigger dividends, the more water in their stock, the more impossible it is to withdraw any of the national contribution to their corpulence. The protection-seeking interests once peeped like chickens just out of the egg; now they can roar for their food like behemoths. Once it was reciprocity they wanted—reciprocity of trade, or if it must be so, reciprocity of tariff. Now the song is "We don't want reciprocity; we don't want reciprocity!"

There is a few people, said Mr. Olt, "who, without knowledge of what a modern electric railway is, would prefer the steam power to electricity; but what is wanted is a railway of some sort." This may be all very well for Mr. Olt and those who would be satisfied with an electric railway between two points on the C. P. R., but Mr. A. R. Shipley, M.P.P., asserts that the railway when built will be part of a trunk line. Mr. Hazen himself, when interviewed in Montreal this week, stated that several offers had been made to construct the valley railway, but no decision had as yet been reached. Perhaps the Borden Club will hear the "true facts" about this matter.

An announcement may be expected with regard to the political future of John E. Wilson, M.P.P. It is to be the Hon. Mr. Wilson, or plain John, without the M.P.P.? The Standard, which professes to discover certain signs of restlessness in Liberal circles, is curiously silent in regard to the alleged ultimatum of Mr. Wilson. It is plain that the Borden Club meeting might be made intensely interesting, but as Mr. Hazen does not always rise to the expectations of his friends, there is always the possibility of disappointment.

The request that provision be made for the inspection of liquors is not only a reasonable one but decidedly in the interest of those who patronize the saloons. It is so easy to fill bottles with a more poisonous substitute, and so profitable, that the temptation to the unscrupulous dealer is very great. The injury to the man who drinks is also great, and there is little doubt that a considerable proportion of those persons who become crazed or stupid from drink could trace the cause to the consumption of liquor manufactured not far from the premises where it was sold. It is not forgotten that spurious labels have been seized in St. John in times past, and everybody knows that spurious liquors are easily produced with the aid of drugs. The Moral and Social Reform Council therefore make a reasonable request, which should be granted by the legislature. There are rigid inspection laws in some other parts of Canada, and in the United Kingdom and the United States. The man who drinks should be protected as well as the man who sells, and fraud in the liquor business should be placed on the same level as fraud in the provision store.

Senator King ought to be a citizen of St. John. No citizen is more enthusiastic than he on the subject of St. John's bright future. He reminds us now that the Panama canal will bring the port nearer to the Pacific coast and open up great opportunities.

Chinese newspapers publish what purport to be a message from Wu Ting Fang, late minister to the United States, announcing the date he has fixed for the removal of his queue. The message reads: "His Excellency, Wu Ting Fang, having given the matter deep consideration, has come to the conclusion that he now wishes to dispose of his queue on the first day of the third year of his imperial highness, Sun Tong. On that day therefore he will order the barber to cut off his queue."

The date fixed is Jan. 30 on the western calendar. On that day it is reported many local merchants will follow his example and celebrate the parting with their queue at a big banquet.

Hong Kong has just witnessed a remarkable queue-cutting demonstration. Six wealthy elders, set an example to their fellows on the platform of the Chinese Club, while an Indian military band played selections from Gilbert and Sullivan operas. Hundreds of other men followed their lead. The promoters of the movement had effectively cited the case of an official who was killed when his queue became entangled in some machinery.

The movement has become so widespread that in Hong Kong alone within three days 11,000 men voluntarily discarded their queues. No change in the national costume is contemplated.

"Lion, this will prove the end of me yet," said the trainer to an attendant as he came from the cage after an exhibition fight with the ferocious lion.

"Good Lord, Colonel," cried the man, "you ain't lovin' your nerve, he you? You surely ain't afraid of Rome?"

"Afraid of that dog?" said the trainer, indignantly. "Afraid of my hat? Nothing of the sort. But these eyes are the worst places for draughts. I know I'll catch cold in one some day that'll prove my death."

ST. JOHN DISTRICT L. O. D. The annual meeting of the St. John District Lodge, L. O. L., was held in their hall, Germain street, last night and proved to be a very interesting and lengthy session.

The hall committee reported that the last of the \$14,000 in mortgages against the hall property had been paid off and that a large cash balance remained in the bank to the credit of the order. The project of building on the vacant lot behind the hall was discussed and was left in the hands of the hall committee to report on at a later meeting.

The annual reports of the various officers showed that the order has been gaining in strength in this district both numerically and financially.

The following officers were elected for the ensuing year and Acting Grand Master George H. Day, assisted by Past Grand Master A. J. Armstrong, conducted the installation ceremony: D. McArthur, D. W. M.; A. E. Sullivan, D. M.; R. H. Hastings, D. Chaplain; A. B. Bradford, D. R. S.; N. J. Morrison, D. P. F.; Christopher White, D. Treasurer; G. W. Logan, D. Lecturer; C. H. McLean, D. L. of C.

Speeches were made during the evening by most of the retiring and newly elected officers.

Fashion Hints for Times Readers

INFORMAL TOGS ARE BEST FOR OUT-OF-DOOR FUN

The jolly Alpine or Tyrolean hats, as they are called, which may be snuggled down over the hair and ears, and which stay on without hatpins, are the finest headgear ever devised for winter wear. They are comfortable and warm, and also smart enough in appearance to be worn through the street on the way out.

The Evening Chit-Chat

By RUTH CAMERON

I HAVE received a much deserved rebuke. It was so much deserved and so much worth while that I am going to print as much of it as my space will allow today.

This was the way of it. I wrote about the spoiling of a child and ended with the prophecy that "some day maybe that son will run away and marry a chorus girl or disgrace his family by stealing a few hundred thousand from some bank."

"You might ask why girls take up such work. For the reason that there is no other profession in the world which really has, talent to be rewarded are very great, indeed.

"I know of one girl who took up chorus work as a stepping stone to greater things. The training in the chorus is very essential. One of these girls had to support her father, mother and two little brothers out of her twenty dollars a week. She became ill, but worked on until her pay continuing was worn to the snapping point. The manager, learning of the burden the slight girl carried, very mercifully allowed her a month of complete rest, paying her salary just the same. This is just one instance of the girls who, while appearing to have such a delightful time, are really carrying heavy weights on their often creaking little shoulders.

"Many, very many of our most famous actresses have had their training in the chorus, actresses who are not only great actresses but great women.

"Anybody that works honestly, Miss Cameron, patiently enduring hardship and adversity, sacrificing comfort for the sake of the aim kept steadily in view, that person deserves the respect of God and man, and it doesn't matter what the occupation is. Sometimes a word goes very, very deep. How many of us are out there who do your honest work, but are not understood?

Daily Hints for the Cook

POUND CAKE DOUGHNUTS.
These are rich, having almost the flavor of pound cake. They require a cupful of butter, three cupfuls of granulated sugar, cupful of sweet milk, six well-beaten eggs, two heaping teaspoonfuls of baking powder or a teaspoonful of cream of tartar and half a one of soda, the grated rind of a lemon and just as little flour as will enable one to roll them out. Cut in rings and fry as usual.

CRITICS

The physician who recommends, the patient who uses and the chemist who analyzes

Scott's Emulsion

has established its reputation for its purity, its perfection of results.

No other preparation has stood such severe tests, and world-wide imitation and use with such popular and professional endorsement.

To give the child and the adult it gives pure blood, strength, solid flesh and vitality.

ALL DRUGGISTS

REV. MR. CAMERON

(Toronto World)

Rev. W. A. Cameron is in a difficult position. If he goes anywhere for a bigger salary in the next twenty years he will be accused of holding off for more. Looks though consistency would hold him as Bloor-street for the rest of his life.

And Mr. Rockefeller is in a still more difficult position for his long-looked-for million. He did not make his money talk as loud as he thought it could. Money has to be holed to be heard as good company.

(Ottawa Free Press)

When a worthy man starts getting into the limelight of publicity it is pretty hard for him to stay out. Take the instance of Rev. W. A. Cameron, pastor of Bloor-street Baptist church, Toronto, for example.

MORNING LOCALS

The members of the Young-Men's Bible class of St. Luke's church enjoyed a social in the Sunday school room of the church last evening. There was a large attendance. During the evening a programme was carried out as follows: Choral, Choral, G. F. Menzies; guitar selection, Babb and Hyman; reading, Miss Hatheway. Speeches were also made by G. Day, J. Watters, C. Daley, K. F. Gault, G. Titus, C. Brigen and Mrs. Watters. G. F. Menzies, on behalf of the members of the class, presented to their president, Rev. R. P. McKim, a handsome set of books. Mr. McKim responded briefly.

On the celebration of their 25th wedding anniversary last evening a large number of the friends of Mr. and Mrs. Wm. Bell gathered at their home in Adelaide street, and presented to them pleasing remembrances in silver.

An Anglican summer school will be held in the Robson College building on June 26 next. It will be conducted similarly to that of last year.

H. H. Golding was engaged by a sub-committee of the safety board appointed to consider a revision of the building laws, to assist the building inspector in the latter work. It is planned to have several changes made.

CAUSES SICKNESS

Good Health Impossible With a Disordered Stomach

There is nothing that will create sickness or cause more trouble than a disordered stomach, and many people daily suffer from serious maladies simply through disregard or abuse of the stomach.

It is a very common ailment, and one which, if neglected, may lead to indigestion, indigestion or dyspepsia, whether acute or chronic, to try the well-known Dyspepsia Tablets, with the distinct understanding that I will refund their money if they do not cure you.

Crushed Coffee—what it is

By a process of crushing between steel rollers, instead of grinding, the skin which remains in the eye of the bean after roasting, is separated from the seed and removed by air suction, while the kernel is broken into small even grains. These grains when steeped, being free of the skin or chaff, settle quickly, leaving the liquid clear and bright, and give the true coffee flavor.

GERMAIN ST. CHURCH WITH THE SOCIETIES

Annual Business Meeting Shows a Year of Advancement

The annual business meeting of the Germain street Baptist church was held last evening, the Rev. F. S. Porter presiding. Interesting reports were read by the various church officers showing progress and advancement.

The church officers for the year are: F. C. Fisher, church accountant; S. McDermott, D. Dearnes, church stewards.

PERCEPSION SOCIETY

At a meeting of the Percepsion Society last night it was decided to celebrate St. George's day, April 23, with a dinner. An energetic committee was appointed to have charge of the arrangements. The retiring president, J. C. Anderson, reported on the results of a meeting in Montreal which he attended when delegates from all the St. George's societies in Canada were in attendance and the project of uniting all these societies under one constitution was discussed.

The election of officers for the ensuing year resulted as follows: Dr. J. H. E. Frail, president; W. E. Foster, 1st vice; E. E. Church, 2nd vice; Fred E. Hamington, treasurer; Rev. E. B. Hooper, chaplain; W. A. Church, secretary; F. A. Kincaid, assistant secretary; Col. E. T. Sturdee, historian. The president, chaplain and Dr. G. A. B. Addy, Dr. James Manning and S. H. Hawker were named the charitable committee. The annual reports of the society showed that it is in very prosperous condition.

SACKVILLE COMMENT ON HOCKEY

(Sackville Tribune)
Although the meeting of the Intercollegiate hockey league which was held in St. John a few days ago did not materialize for some reason or other, it is probable that a schedule of games for the summer trophy will be arranged shortly by Mount Allison, Acadia and the University of New Brunswick. This year Mount A. plays in Fredericton, Acadia plays here and the U. N. B. boys meet the Kings College may also be on the schedule of entering the league. Acadia and Stirling have also been mentioned as entering the league.
Last year the silverware was won by Acadia and the Wolfville collegians are bent on retaining possession this winter. Nearly all the members of their 1910 squad will again play this season and with them will be Gordon Richmond, who has a hockey reputation made down in Cape Breton. The U. N. B. boys, too, will have nearly all their 1910 players in line again since Archie Babbitt, Jack Penney and Sterling have resigned this winter. Increased knowledge this winter.

It is said that the Fredericton collegians also have a couple of new recruits. Stephen players on hand this winter. It is quite probable that this year will see the abolition of the Mount Allison graduate students to play in the league games. Both Mount A. and Acadia are understood to favor the change. The intercollegiate football league games postponed are barred. The abolition of this in the hockey league would bar several men who otherwise might be seen in college uniforms this winter.
Of last year's Mount A. seven Stuart McKeen, point, and Charlie McDougall, center, are the only ones who will be on hand this winter. McDougall is expected to play for the Mount A. team. W. L. Murray, of Halifax, one of last year's substitutes, will also be available and may catch a place. Charlie Milford, of Charlottetown, Charlie Thompson, another Islander, Will Godfrey, of Charlottetown, Charlie McDonald, of Truro, Harold Lewis, of Sydney, Charlie Fowler, of Wolfville, George Nappan, of Wolfville, the football captain, Charlie Mitton, of Moncton, and one or two others are going to turn out. Whether or not they will be good enough to play in the league or any other hockey league.

REMINISCENCES BY H. L. SPENCER

In some reminiscences of over fifty years ago, H. L. Spencer, writes:
"About this time (1854 or '55) I met William Cullen Bryant for the first time. He was a delight to listen to him. His mother recited his greatest poem, Thanatopsis, to me when I was a boy. I never looked upon, yet in his way of speaking he did not show any consciousness of the position in the world of letters he was destined to occupy. It is a greater distinction to be the author of the 'Scarlet Letter' than of any other work of fiction published during the last hundred years.

They see no more of this world's beauties—they are pierced no more by its shafts. Emerson was all thought. He spoke as if his lips were marble and as if he were not aware that he had an auditor on the globe. My mother recited his greatest poem, Thanatopsis, to me when I was a boy. I never looked upon, yet in his way of speaking he did not show any consciousness of the position in the world of letters he was destined to occupy. Quebec Farmer Tells What Dodd's Kidney Pills Did for Him
They Fixed Up His Kidneys, Made His Blood Pure, and Made Him Feel Young All Over
Franklin Centre, Que., Jan. 10. (Special)—The only way to start the New Year right is to get the health right, and Mr. William Gamble, a well known farmer living near here, is telling his neighbors how he got his health right.
"I was a farmer sixty-seven years of age," Mr. Gamble says, "and I suffered with back ache and stoppage of water off and on for ten years. I had several boxes of Dodd's Kidney Pills, and they made a new man of me. My Kidney Pills are the best I ever had. I have taken them."

LOCAL NEWS

WINTER PORT NOTES The Allan Line steamship Corcoran now on the voyage to Liverpool from this port took away 98,804 bushels of wheat, 1,610 bags of flour and 494 boxes of cheese. The valuation of her cargo was \$203,208. Forty-six passengers of the C. P. R. line Montserrat were held up here, twenty-six by the United States immigration officers and twenty by the Canadian authorities.

CIVIC REFORM The Telegraph this morning editorially says that public meetings to discuss civic government are needed. The Men's League of the German street Baptist church are taking the initiative in the matter and at a meeting to-morrow evening a paper on civic reform will be read. Immediately following a general discussion will take place and all present may participate. The meeting will be open to the public.

MAYOR WILL SPEAK Mayor Frink will deliver a short address at the Every Day Club tomorrow evening at 8 o'clock, on the Loch Lomond water system. This is the first of a series of Thursday evening talks at the club. All men are welcome. Mayor Frink, as former chairman of the water board, is thoroughly conversant with the affairs of the department, and his remarks will be of much interest.

TO YOUNG MEN. On Sunday next, Rev. W. P. Gaetz, pastor of Queen Square church, will preach his second sermon in the series to young men, the subject being "The Man Who Has to Fight Doubt." When he preached this sermon in his former church in Liverpool, N. S., he was asked to preach it in the Opera House there so that all might hear it. It is expected, therefore, that he will have a large congregation here.

NATURAL HISTORY SOCIETY The free lecture course by the Ladies' Association of the Natural History Society will be open in the museum tomorrow at 4 p. m. Miss Loretta Shaw, returned missionary, will lecture on present conditions in Japan, and what led up to them. The lecture will be illustrated with a series of beautiful Japanese slides. All members and their friends are invited to attend. On Friday evening the first social will be held and will be followed by one on February 8th and one on March 8th. All members are cordially invited to attend.

MARRIED TODAY A pretty wedding was solemnized at 6:15 o'clock this morning in St. Luke's church by Rev. R. P. McKim. The bride was Edith A. B. Williams, daughter of Hiram C. Williams, and Walter L. Gregg of this city. The groom is a resident of away by her father, where a traveling costume of violet broadcloth with mink fur and blue picture hat. Her bouquet was of purple violets. Mr. and Mrs. Gregg left on the Boston train for a trip to Boston, New York and Albany, while the bride will reside at 37 Lennox street for the winter months.

FATHER MATHEW ASSOCIATION At a well attended meeting of the Father Mathew Association last evening in their rooms, St. Malachi's Hall, an enjoyable smoker was held, during the course of which two presentations took place, a purse of gold to the popular spiritual director, Rev. D. S. O'Keefe, and the silver cup won by the relay team on Monday evening, to the society. The presentation to Father O'Keefe was made by the president, P. V. Conlon, while the silver cup was presented to the association by W. V. Brophy, who successfully managed the team. The latter was composed of Messrs. Harrington, Moore, Elliott and Flynn. A pleasing programme was carried out. Among those taking part, were W. F. Higgins, J. H. McHugh, and F. X. Jennings. At a meeting to be held later in the season, when representatives of all the other fraternal societies will be invited, the cup will be formally presented. It was decided last evening to hold a minstrel show in the near future, and a committee was appointed to conduct it.

OUR EXPORTS TO THE STATES ARE SMALLER

Poor Lumber Market of Last Year Chiefly Responsible for Decrease of More Than Million in the Totals

The annual statement of the exports from the port of St. John to United States ports for the year ended, December 31, 1910, shows a decrease of more than a million dollars from 1909. The reason for the decline is almost entirely the poor lumber market last year, as illustrated by the figures given herewith. The statement has taken considerable time and trouble to prepare and the Times is indebted to Henry S. Calver, United States consul and his staff for their courtesy in the matter. The following figures show the decline in the lumber shipments:

WAS BEST BUILDING YEAR HERE IN THE LAST TWELVE YEARS

Total in New Buildings and Repairs in St. John Since 1899 is More Than \$3,500,000

The value of new buildings and repairs and alterations to buildings in St. John during 1910 was much in excess of any year for at least a period of twelve years back. The figures for last year show an increase of more than \$148,000 over 1909 and of about \$63,000 over 1907, the largest year previously. In twelve years there has been expended in buildings, according to the records of the inspector the sum of \$3,500,820, not including the year 1904, in which there is no record. The following statement shows the number of permits issued and the value each year:
