During the Fall of 1871.

THE GUELPH SEWING MACHINE CO.,

Have pleasure in recording their sincere thanks to the people of Canada for the unprecedented patronage extended to them and their numerous agents, and assure them that no effort will be lacking on the part of the Company to merit a continuance of such favors, by the production of none but first-class machines, and at prices that will place them within the reach of every family in the country.

GREAT IMPROVEMENTS HAVE BEEN MADE ON THE

Osborne Sewing Machine.

NEW AND IMPORTANT MOVEMENTS have been added, and the highest grade of first-class work attained—all of which evince the rapid progress we have made towards perfection in the Sewing Machine Art.

All experienced Sewing Machine people who have thoroughly examined the OSBORNE have invariably pronounced it not only a first-class machine in every particular, but in their honest judgment *the Best Family Lock-Stitch Sewing Machine in the Market*. From thousands who have used our machines, we have received the highest testimonials of their working qualities, while the press of the country have passed the highest encomiums in their behalf.

A trial will convince intending purchasers of their inherent good qualities, and all who desire to possess a first-class article should secure AN OSBORNE at once. One if properly cared for will last a life-time.

Agents Wanted.

Lumber! Lumber!!

We, the undersigned, beg to inform the public that we have
entered into partnership for the manufacture and sale of

LUMBER, LATH & SHINGLES.

The Retail Business will be carried on in Guelph and Elora, in
the old stands, by Mr. GOWDY. Mr. STEWART will superin-
tend the Grove Mills near Georgetown, on the Grand Trunk
Railway, and MR. SHARPE the Confederation Mills, near Milton,
County of Halton, where all orders will be promptly attended to.

GUELPH.

The county town of Wellington is beautifully situated on the river Speed, a confluent of the Grand River, it is an important station of the Wellington, Grey and Bruce, and Grand Trunk Railways; distant from Hamilton at the head of Lake Ontario only 30 miles; from Toronto the capital of the Province, 47 miles. Few inland towns possess better facilities than Guelph in a commercial view, and none better for manufacturing purposes. Its business men have every advantage for the shipment of agricultural and industrial products to any part of the Dominion.

IN MANUFACTURES Guelph will compare with any town in the Dominion. Among which, mention may be made of Raymond's Sewing Machine Factory, these extensive works were established in 1861 and are situated on Yarmouth Street, and Yarmouth corner of Woolwich Streets, one building being wood, 106 feet x 96, two stories high with an engine of 15 horse power, the other also of wood, 90 x 30 feet, two stories high with 8 horse power. The works have the capacity of turning out 500 machines a week, one hundred and sixty-five hands are constantly employed. The reputation of the Raymond Machine is well established both in the Dominion and European countries.

The Guelph Sewing Machine Company has been established since 1869. The works are situated on the corner of Nelson Crescent and Paisley Street and are erected of wood, steam power is used to propel the machinery, one hundred and ten hands find constant employment, and the Company turns out about 7,000 first class sewing machines per annum.

Organs and Melodeons.—Messrs. W. Bell & Co., established in 1865 on East Market Square employ about fifty hands in the manufacture of Organs and Melodeons. The factory is a stone building 98 x 106 feet, and three stories high; steam power to the extent of 20 horse is employed and 23 instruments a week are turned out.

Messrs. McLeod, Wood & Co., in the same branch of industry, were established in 1868. The factory is a two story building 100 x 30 feet on Waterloo Street, the action, tuning and ware-rooms on Market Square being 24 x 100 feet three stories high. This firm employs over 30 hands, turning out 10 instruments weekly at an average price of \$125 each, with a constantly increasing business.

FOUNDRIES AND MACHINE SHOPS—Messrs. Inglis and Hunter established in 1858, employ fifty hands in the manufacture of steam engines, boilers, water wheels, flour and saw mill machinery, barrel and bag packers, smut, shingle, barrel head and sawing machines, head turners and planers, stave cutters, jointers, &c.; they manufacture the Watson's Patent Improved Ward's Turbine Water Wheel. The works are situated on Perth Street and embrace main building 120 feet long x 32 feet wide, two and three stories high; moulding shop, 60 x 40 feet; blacksmith's shop, 40 x 20 feet, built of stone; and boiler shop, 30 x 80 feet. Steam power is employed to propel the machinery.

Crowe's Foundry, Mr. John Crowe, proprietor, is situated on Norfolk Street and was established in 1867. The buildings are stone, 100 feet x 100. Thirty hands are here employed. Mr. Crowe manufactures every kind of machinery, plow and building castings, iron railings for door yards, and cemeteries in the most modern styles.

Messrs. Harley and Murchey established in 1870, employ twenty hands. The works are on Huskisson Street, built of wood 106 feet x 35. This firm turns out brass and iron castings of a superior description and devote their attention chiefly to fine light castings.

MILLING AND DISTILLING.—In this branch Guelph may boast of one of the largest in Canada established in 1827, by David Allan, Esq., on Market Street. The premises are stone, five and a half stories high. Water and steam power are used to the extent of about 40 horse and thirty hands are employed.

The Mills contain 7 run off stone with a capacity of sixty thousand barrels per annum, and the distillery about six thousand barrels of spirits per annum. Between two and three hundred head of cattle and about five hundred hogs are fed.

The People's Flour Mill, James Goldie, Esq., proprietor, contains six run of stone and machinery of the most modern improvements.

BREWERS.—The Guelph Brewery, Thomas Holliday, Esq., proprietor, was established in 1840 and is one of the largest in the Dominion. The new part of the brewery is built of stone three stories high, 110 by 45 feet: the old part 70 by 90 feet; capacity, fourteen thousand barrels per annum. Water power is used and 12 hands employed. There is excellent spring water in abundant supply.

Mr. E. Stovel has been engaged in the manufacture of pumps, cradles and the celebrated well or cistern pump "The Stovel." The works are on Arthur Street and were established in 1851.

WM. ARMSTRONG & SON,

Carriage, Wagon and

Sleigh Manufacturers,

WOOLWICH STREET - GUELPH, ONT

 All orders promptly attended to. Repairing done with neatness and despatch. Blacksmithing in all its branches.

The Guelph Mercury

IS THE

Largest, the Best, and most widely circulated Paper
published in the County of Wellington.

**Guaranteed Circulation three times larger than any
Paper published in Guelph.**

It also circulates extensively in the Counties of

WATERLOO, HALTON GREY AND BRUCE.

To the merchants and business men of the County, as well as throughout
Canada, the *Mercury*

Is an Invaluable Advertising Medium.

RATES VERY MODERATE.

The *Mercury* gives a third more reading matter than any paper published in
the County, and is regarded as the leading and most influential journal West
of Toronto.

JOB PRINTING.

The *Mercury* office possesses unrivalled facilities for doing all kinds of

PLAIN & FANCY JOB PRINTING

Having five first-class Job Presses, and an immense assortment of Plain and
Fancy Job Type, we are enabled to turn out work equal to any done in Toron-
to, and far surpassing anything hitherto attempted in Guelph. **PRICES
VERY LOW.**

Orders from the Country by Mail promptly attended to, and work se-
curely parcelled and sent either by mail express or stage, as ordered.

Those requiring Job Printing should call and see specimens before going to
any other office.

Office—Mercury Building, McDonnell Street.

ELORA.

An incorporated village in the township of Nichol, pleasantly and romantically situated near the junction of the Grand and Irvine rivers. The village was laid out in the year 1832, by the late William Gilkinson, of Brantford, and in the fall of the same year the village plot was surveyed by Lewis Buswell, and in the following year a bridge was erected across the river, but was subsequently destroyed by the spring floods. The present bridge was erected in 1853. Previous to 1844 little improvement was made. In that year the late Charles Allan formed a company, purchased land, and built the grist mill, stores, &c. Since that time the village has steadily improved. Elora was so called by Mr. Gilkinson after the celebrated caves of Elora in India. The first actual settler was Roswell Matthews, who, in 1818, made a clearing at the Falls, his nearest neighbour being eleven miles distant, and the nearest mill (Erbs'), near Preston, twenty-two miles distant. The village is, like Fergus, founded on a limestone base, a rock of which, being probably harder than the portions on each side of it, stands alone in the centre of the river, dividing the rush of the waters. The "Falls" are remarkable for their beauty. Elora was incorporated in 1857. David Foote was the first Reeve. Elora is thirteen miles from Guelph, three from Fergus, thirty-six from Listowell, and fifty-two from Walkerton; Alymer, five miles; Creek Bank, three; Drayton, seven, and Hollen, five. Population in 1864, 1,043; present population, about 2,000. It is an important station of the Wellington, Grey & Bruce Railway; has monthly cattle fairs, and is one of the most prominent markets in Ontario for cattle and grain. Excellent stone for building purposes is abundant here. The village has a daily mail, and a money order office.

CHURCHES.—Episcopal, Rev. C. E. Thompson; Presbyterian (old kirk), Rev. A. D. McDonald; Free Church Presbyterian, Rev. Mr. Middlemass; Wesleyan Methodist, Rev. N. F. English; Baptist, Rev. J. Gerrie; Roman Catholic, Rev. F. Ouilett.

ELORA FOUNDRY AND AGRICULTURAL WORKS.—D. M. Potter, proprietor. These works are situated on Allan street, and were established in 1850. The buildings are stone, two stories high, and 125 feet x 60. Steam and water power are used to propel the machinery, and 35 hands employed. At this establishment all kinds of agricultural implements, threshing machines, geared separators, self-righting reapers and mowers combined, stoves, &c., &c., are manufactured.

ELORA CABINET AND CHAIR FACTORY.—John Mundell, proprietor, Allan street. Established 1852. Water power; employs 14 hands; business about \$9,000 per annum

ELORA WOOLLEN FACTORY.—Bain & Son, proprietors. Water and steam power; twelve operatives; five looms; manufacture about 30,000 yards per annum. Established 1850. The factory is built of stone, three stories high, 70 feet x 35.

ELORA STEAM TANNERY.—Geddes street, R. & J. Dalby, proprietors. Was established in 1859. The premises are stone, 100 feet x 60. Steam power to the extent of 12-horse is used, and 10 hands employed. They manufacture harness, upper, Kipp, Calfskin and Lace leathers.

ELORA MILLS AND DISTILLERY.—J. M. Fraser & Co., proprietors. Established in 1846. The mill is 60 feet x 60, eight stories high, containing 6 run of stone with merchant bolts. Water power is used, and ten hands employed. Capacity of mill 50,000 barrels per annum.

 FERGUS.

An incorporated village in the township of Nichol, situated on the north and south banks of the Grand river. The village was first laid out by Messrs. Ferguson and Webster, and was incorporated in 1857. Fergus possesses excellent water power, which is largely taken advantage of to propel the mill and other machinery. The manufactories consist of sewing machines, flour, oatmeal, planed lumber, fanning mills, leather, woollen goods, ale and beer, staves and barrels. The village has two telegraph offices, and a station of the Wellington, Grey and Bruce Railway. Distant 3 miles from Elora; 13 miles from Guelph and 61 miles from Toronto. Population 2,000.

St. Andrew's Society.—Established 30th of November, 1834. President, Dr. John Munro; Vice-President, A. D. Ferrier; Sec'y and Treas., H. Michie; Physician, Dr. John Munro; Chaplain, Rev.

FERGUS MANUFACTURES.—Messrs. Wilson, Bowman & Co's Sewing Machine Factory—This factory is a branch establishment of the enterprising firm of Wilson, Bowman & Co., Hamilton, manufacturers of the celebrated Lockman Sewing Machine, and gives regular employment to upwards of 100 workmen, and is capable of turning out over 200 sewing machines per week. It is a very substantial structure, being built of stone, three stories in height, measuring 35 feet x 113. The machinery is propelled by one of Northey's, of Hamilton, first-class 25 horse-power engines, with a 40 horse-power boiler, and the extra steam is utilized for the purpose of heating the establishment. The whole factory is lighted by gas, manufactured on the premises.

Messrs. Ash, Mair & Co. are extensively engaged in the foundry business.

They were established in 1868 ; employ about 25 hands, and steam power to the extent of 15 horse. The buildings are stone, and consist of

main building 60 x 30 feet, two stories high; blacksmith shop 20 x 30 feet, moulding shop 50 x 30 feet and engine room 20 x 30 feet. They turn out steam engines, mill machinery, including shingle machines and saw rigs, agricultural implements and machines, stoves of all kinds and do general foundry work.

TANNERIES.—The Coldwater Tannery, on Queen, owned and carried on by Messrs. Johnston Bros., was established in 1844. The building is 150 x 30 feet, and is built of stone. A 20 horse-power steam engine is used and ten hands employed. Shoe, harness, collar, trunk, card, bellows, rein, bag, lace and belt leathers are largely manufactured by this firm.

Watson's Tannery, Thos. Watson, Esq., proprietor, is situated on St. David street, and was established in 1851. The tannery is a stone building 86 x 52 feet, two-and-a-half stories high. An engine of 12 horse-power with 30 horse-power boiler is used, and 5 hands employed. Mr. Watson manufactures sole, upper, belting, harness and kipp leather, calf and grained calf skins.

King's Tannery, Garafraxa road, about one mile from the village, estab'd in 1865, by P. King, Esq. It is a stone building, two stories high, 60 x 40 feet. 8 hands are employed, and an engine of 12 horse-power with boiler of 30 horse. Mr. King turns out belting, harness upper and all kinds of curried leather.

SHINGLES AND LATH.—Mr. Henry Lane, established in 1870, employs 8 hands and steam power in this branch of industry. The premises are wood and situated on Queen street.

FANNING MILLS.—In this line of manufactures Mr. Jas. Phelan commenced business in 1858. The factory is 50 x 25 feet, two stories high, built of stone. Agricultural implements are turned out.

CRYSTAL SPRING BREWERY, established in 1870 by Messrs. Holland & Co., is situated on St. Patrick street, is built of stone, three stories high, and 56 x 22 feet. Six hands are employed and a steam engine of 15 horse power. This firm manufactures malt, ale, beer and porter.

The following manufacturers are doing a good business in their respective industrial pursuits, viz.: John Dean, carriages and wagons; Alex. Gerrie, saddles and harness; Thomas Richardson, carriages, wagons, farming implements, &c.; John Templin, carriages and wagons, and the Monkland flour and woollen mills.

from Clifford 7 miles, from Walkerton 25 miles, from Guelph 40 miles. Mail daily. Population about 500.

Harriston has a bright prospect before it, situated as it is in the centre of a rich and fertile agricultural district. Its public and private buildings will compare favorably with those of older towns, and during the present season a splendid three-storey brick building, with mansard roof, has been erected by Alexander Meiklejohn, Esq. The building contains two stores, one 80 feet x 26, and the other 45 feet x 26; these have each basements. The entire building is an ornament to the village. The principal manufacturing establishments are the Harriston Agricultural Works, established in 1869, R. G. Lambert, proprietor. The main building is 50 feet x 42, moulding shop 24 feet x 36, blacksmith and tin shops 20 feet x 30, each. Steam power is used and ten hands are employed, turning out stoves, agricultural furnaces, cultivators, ploughs, straw cutters, turnip cutters, fanning mills, turnip scufflers, gang plows, &c.

Silas Welte, cabinet and chair manufacturer, uses an engine of 16 horse power, and employs six hands in the manufacture of every description of furniture. The works were established in 1869. The building is a two-storey frame, 20 x 66 feet. In connection with the factory there is a planing mill.

J. D. McEachern established in 1869 a woollen factory, two stories high, 24 x 75 feet, and a shingle factory, 52 x 34 feet. He employs six hands and steam power; manufactures woollen cloths, knitted goods, and shingles. The shingle factory has a capacity of 200 bunches per week.

Dowling & Lighton are largely engaged in the manufacture of sash, blind, doors, mouldings, planed lumber, &c.

The Champion Works, B. Mitchell, proprietor, established in 1871, are built of wood, 40 x 72 feet. Steam power to the extent of twenty-horse and ten hands are employed in the manufacture of wood sawing machines, ploughs, harrows, horse rakes, reapers and mowers, pumps, farm gates, bob sleighs, &c.

CHAMPION WORKS, HARRISTON, ONT., B. MITCHELL, PROP.

The "Champion" is a cross-cut wood-sawing machine; the saw cuts both ways, and runs in guides at both ends, so that it cannot be easily buckled, and is more easily kept in order than a Drag saw; it will cut any length of log, and any size from three inches to three feet in diameter; it can be driven by any horse power that is used to drive a Separator, and is used for cutting stove wood, shingle blocks, and stave bolts out of logs.

It has been awarded the following prizes

First Prize at the Provincial Exhibition in Kingston, 1853.

First Prize at the Durham County Fair, in Port Hope, 1863.

First Prize at the Provincial Exhibition, in Hamilton, 1868.

First Prize at the Durham County Fair, in Millbrook, 1868.

First Prize at the Provincial Exhibition, in Toronto, 1870.

First Prize at the Wellington County Fair, in Harriston, 1871.

I warrant each "Champion" capable of cutting eighteen cords of beach and maple stove wood in one hour, and will saw wood out of logs against any other wood sawing machine in the world for \$100 or upwards. Price \$100 Cash. ~~See~~ Send for Testimonial Pamphlet. I also manufacture Threshing Machines, Reapers, Mowers, Harrows, Horse Rakes, Pumps, Farm Gates, and all kinds of Agricultural Implements of the most improved patterns. ~~See~~ Satisfaction guaranteed. Saw Gunning and all kinds of Repairing done on short notice and at reasonable rates.

MOUNT FOREST.

An incorporated village, formerly belonging to the county of Grey, but recently annexed to Wellington. It is situated in the townships of Egremont, Normanby, and Arthur, and on the north side of the southern fork of the Saugeen river, formerly called the "Maitland." It was first settled in 1853, and incorporated in 1865. The Owen Sound or Garafraxa gravel road passes through the village. Railway communication at an early day is expected by the Toronto, Grey and Bruce Railway, which is rapidly being extended to this village. Mount Forest has a good grain market. There is fair water power. A large country trade is carried on. The Montreal Telegraph Company has an office here. Distant from Arthur, 16 miles; from Fergus, a station on the Wellington, Grey and Bruce Railway, 27 miles; from Owen Sound, 44 miles; from Guelph, 41 miles. Mail daily. Population about 1,500.

CHURCHES.—St. Paul's, [Episcopal,] Rev. W. J. Mackenzie, incumbent; St. Mary's, [Roman Catholic,] Rev. R. R. Maurice, LL.D., pastor; Knox's Church, [Canada Presbyterian,] Rev. John McMillan, Minister; St. Andrew's Church, [Presbyterian Church of Canada, in connection with the Church of Scotland,] charge vacant; Wesleyan Methodist Church, Rev. Thomas Cobb; Methodist Episcopal Church, Rev. R. Carson; New Connexion Methodist, Rev. S. F. Depew; Baptist, Rev. J. G. Calder.

MASONIC.—St. Albans Lodge, No. 200, G.R.C., meets in the Masonic Hall, Mount Forest, on the Friday on or before full moon of every month. W. Bro. W. W. Wingfield, W.M.; Bro. James Colcleugh, S.W.; Bro. James Watt, J.W.; Bro. John McLaren, Secretary; Bro. L. H. Yeomans, Treasurer; Bro. Thomas Swan, Chaplain; Bro. John Rogers, S.D.; Bro. Henry Yarlett, J.D.; Bro. R. McDowell, I.G.; Bro. Isaac Ireland, Tyler.

ORANGE.—L.O.L. No. 633 meets in the Orange Hall, Mount Forest, on the Monday on or before full moon of every month. Bro. John Rogers, W.M.; Bro. John Simpson, Secretary; Bro. J. M. Crawford, Treasurer.

 Rev. J. C.

ORANGEVILLE.

An incorporated village, one part of which lay in the township of Mono, in the county of Simcoe, and the other in Garafraxa, in the county of Wellington; but when it was incorporated in 1864, it was annexed to this county, and is now wholly separated from the county of Simcoe, as far as municipal affairs are concerned. The large and fine agricultural district every year growing into more importance, and its favorable geographical position—at the convergence of the three counties of Wellington, Simcoe and Peel—have contributed, doubtless, very much to its rapid growth. It is beautifully situated on a handsome slope on the town lines running east and west between Amaranth and Mono on the one side, and Caledon and Garafraxa on the other. A small stream runs through the village, joining the Credit a little below, having in a short distance the great fall of 120 feet, and driving in its course several mills and factories. There are quite a number of stores in the village, besides other places of business and mechanical shops. It is forty miles from Toronto, and thirty-six from Guelph.

This village is likely to become one of the most important towns in the western section of the Province, being now one of chief stations of the Toronto, Grey & Bruce Railway. There are two telegraph offices, an express office and two bank agencies, several churches, excellent grammar and common schools, one flour mill, one tannery, two saw mills, two foundries and machine shops.

Messrs. Crawford & Fitzgerald, cabinet makers, were established in 1868. The factory consists of two buildings, each two stories high, one 18 feet x 50 and the other 18 feet x 30. Seven hands and steam power are employed.

Messrs. Buyers & Meredith were established in 1867, and employ fourteen hands in the manufacture of carriages, buggies, sleighs, &c., and in general job work and repairing. The buildings are rough-cast, three stories high, 80 x 50 feet, the blacksmith shop being 50 x 30 feet. The firm are chiefly manufacturing light carriage work.

GRAMMAR SCHOOL.—A. Carlyle, M. A., principal; W. Beattie and Miss M. Bennett, teachers common school.

DIVISION COURT.—Archibald McDonald, judge; Win Hand bailiff.

CHURCHES.—English church, Rev. J. Henderson; Wesleyan Methodist, Rev. J. Howard and W. Phillips; Primitive Methodist, Rev. J. Campbell; Episcopal Methodist, R. Large; (Old Kirk)

SALEM.

Salem, a village beautifully situated on the Irvine river, township of Nichol. It contains saw and flouring mills, two tanneries, last, peg, and stave factories, a brewery, a large foundry, a brickyard and a Lutheran Church. Distant from Elora, a station of the Wellington, Grey and Bruce Railway, 1 mile; from Fergus, 4 miles; from Guelph, a station of the Grand Trunk and Great Western Railways, 15 miles. Mail daily. Population about 800.

Among the manufacturing establishments, Wissler's Tanney deserves mention. Messrs. J. & E. Wissler employ a number of hands in the manufacture of all kinds of leather, 5,000 hides, 2,000 sheep skins and 2,000 calf skins are here finished annually. They also turn out half a million feet of sawn lumber per annum.

The Union Mill, J. B. Eby, Esq., proprietor, was established in 1851. The mill is built of stone, four stories high, 40 x 60 feet and contains four run of stone. Capacity 10,000 barrels per annum.

Irvine Foundry, Modeland's Agricultural Works, Isaac Modeland, proprietor. This extensive establishment employs from fifteen to twenty hands. The building is of stone, 100 feet x 30. All kinds of agricultural implements are manufactured; threshing, mowing and reaping machines, steel mould board ploughs, cultivators, &c.

Messrs. Whitelaw and Gay, millers, employ 8 hands; the mills are 121 x 76 feet, 3 stories front and 7 stories in rear, containing 5 run of stone for flouring and one for oatmeal.

There is a last and peg factory established by Messrs Wallace and Black, who employ a number of hands.

H. N. McEVoy,

Artist.

ACADEMY OF ARTS—

60 CATHARINE ST. SOUTH, HAMILTON, ONT

Lessons given in Oil Painting, Sepia, and Drawing.

GREAT CENTRAL ROUTE.

GREAT WESTERN RAILWAY

OF CANADA, AND

UNITED STATES MAIL ROUTE

FROM

Suspension Bridge, Niagara Falls, to
DETROIT, MICHIGAN,

With Air Line from GLENCOE TO BUFFALO, and Branch Lines from
 Hamilton to Toronto, from Harrisburg to Harriston, from
 Harrisburg to Brantford, from Komoka to Sarnia, from
 Wyoming to Petrolia, forming with its connections

The Shortest and Best Route to all Points East and West.

This is the only Route via Niagara Falls, and Passengers have the advantage
 of all the latest improvements in modes of travelling, and are enabled to view
 the FALLS OF NIAGARA while crossing the MAMMOTH SUSPENSION
 BRIDGE in the cars of the Great Western Railway.

Four Through Express Trains, Each Way, Daily!!!

Eastward-bound Trains connect regularly at Suspension bridge with Trains
 on the New York Central Railway for Buffalo, Rochester, Syracuse, Rome,
 Ogdensburg, Utica, Albany, Philadelphia, New York, Boston, Baltimore,
 Washington, and the principal points in New England and the Eastern States.

Westward-bound Trains connect at Detroit with trains on Michigan Central,
 Detroit and Milwaukee, and Michigan Southern Railroads, for Chicago, Gale-
 na, Dubuque, Milwaukee, Rock Island, St. Louis, St. Paul, Cairo, Burlington,
 La Crosse, Saginaw, Cincinnati, Memphis, Vicksburg, New Orleans, and all
 important places in the West, North-West, and South-West.

Express Trains Leave Hamilton for Toronto Daily,

On the arrival of Trains from SUSPENSION BRIDGE and DETROIT, and
 connect with Grand Trunk Railway Trains, for Madoc and the Gold Mines,
 Montreal, Quebec, and Portland.

Good connections made at Hamilton and Toronto during Lake Navigation
 with

Royal Mail and American Express Line of Steamers,

For all important points on Lake Ontario and the River St. Lawrence.

Trains on Galt, Guelph, Harriston, and Sarnia Branches,

Run regularly and make connections with Main Line Trains.
