This, they it should, itself, undertake, or at least see carried out by a comfurther declared that "it will be the task of that government to take from the capitalists the control and ownership of the raw of 1915" the Government introduced a principle which we take from the capitalists the control and ownership of the raw of 1915" the Government introduced a principle which we take from the capitalists the control and ownership of the raw of 1915" the Government introduced a principle which we take from the capitalists the control and ownership of the raw of 1915" the Government introduced a principle which we take from the capitalists the control and ownership of the raw of 1915" the Government introduced a principle which we take from the capitalists the control and ownership of the raw of 1915" the Government introduced a principle which we take from the capitalists the control and ownership of the raw of 1915" the Government introduced a principle which we take from the capitalists the control and ownership of the raw of 1915" the Government introduced a principle which we take from the capitalists the control and ownership of the raw of 1915" the Government introduced a principle which we take from the capitalists the control and ownership of the raw of 1915" the Government introduced a principle which we take from the capitalists the control and ownership of the raw of 1915" the Government introduced a principle which we take from the capitalists the control and the capitalists the cap owners of life insurance policies and Liberty bonds, war savings follows: stamps and other securities, and the owners of homes, consent to have their property and money taken away from them and thrown into the communist pot.

It is inconceivable that in an enlightened country like the United States such propaganda will be tolerated for a moment, and yet the public will have to be on guard if the Red movement is not to make headway. The 7,000,000 farmers in the United States own land, buildings and live stock to the value of more than seventy billions of dollars. There are \$27,000,000 savings accounts with deposits amounting to nearly twenty billions of fication we find it difficult to believe, but that nothing remained dollars. Probably the life insurance policies held by 64,000,000 but to hand over autocratic power to one man, however capable people total more than forty billions of dollars, to say nothing of and responsible, we cannot believe at all, and we feel sure that the billions of dollars represented by small liberty loan bonds, war savings stamps and other securities. It is these people who are culties into which their action may lead them. asked to throw away all that they have for the sake of embracing the doctrine which has reduced Russia to its present deplorable both plaintiff and judge. He can claim taxes from any retailer level and caused a state of misery there such as the world has whom he cares to designate a manufacturer, and, despite counternever known before.

The great mass of the American people will be quick to reject such a doctrine as that offered to them by the Reds. But the great mass of American people should be as quick to co-operate in any effort that is made to crush the ugly head of communism wherever and whenever it appears. If these agitators were in Soviet Russia, which they profess to love so well, they would not dare to speak of the Soviet government as they speak of the government of the United States. If they are so enamoured of the communist system why do they not go to Russia where they would have it in all its glory? Certainly they should not be permitted to expound their hideous doctrine on this continent. In Canada, as well as in the United States, it should be made in Says W. Z. Foster. "Industrial Official Rulings Given on Many whiskies and sodas, which ruin their creasingly plain to the Reds that their talk of revolutions will not be tolerated.

### SIR R. BORDEN ON COMMONWEALTH

It is essential as much for Great

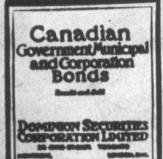

Throughout it was of interest to note that Sir Robert used the term "British Commonwealth of Nations' in preference to "British Empire," pointing out how the former term had been recognized both in the constitution of the Irish Free State and table. in the oath to be taken by members

"In what manner, by what authority shall the external policy of the sketching recent constitutional devel-"Often there is need of ments for ratification. prompt and firm decision. How shall the voice of the Commonwealth be asinfluence and prestige It is essential, came entitled to appoint a minister as much for Great Britain as for her plenipotentiary at Washington sister nations, that the voice of the whole Commonwealth shall speak; it is mightier than the voice of the United Kingdom alone"

"It is impossible," Sir Robert de clared, "for them to assert a national status unless they are prepared to assume corresponding national obligation's for the Commonwealth's safety. It cannot be doubted that within the British league of nations their security is greater and their responsibilithis respect less burdensome than if they should withdraw.

"Within that league there are six with a developing status in their political relationship. Their unity rests upon the ideals of liberty, autonomy and co-operation.

Although denied the powerful aid of the United States, the League of Nations accomplished great things for the world's peace during the last three years. Never before has the habit of international consultation and eo-operation so impressed itself upon nations. On at least four occa-

Allied Council had abandoned the ROTHSCHILD GOLD task; it has established a great Court of International Justice and it con inually exercising a potent influence for the determination of international differences by peaceful means."

During the fifty years preceding the Britain as for her sister nations, that great war, there had been notable prethe voice of the whole commonwealth gress in the status of the Dominions, shall speak; it is mightier than the he said, illustrating with reference voice of the United Kingdom alone," to Canada. Sir Robert said complete These words by Sir Robert Borden, autonomy and full control in domestic her death, transferred the bulk of her Canada's Premier during the war affairs were established; the principle fortune estimated at \$7,000,000 from years, form part of an address which of consultation and co-operation in one member of her immensely wealthy Sir Robert delivered before the Ameri- external affairs had made great procan Historical Association at New gress; the original theory of central romance' Haven, Conn., on "The British Com- control and colonial subordination monwealth of Nations; Features of were giving way to the new conception of Dominion nationhood.

### Why a Woman Needs a Bank Book

VERY woman has some little plan of things she will buy when she has saved enough money.

Loose cash kept in your purse soon goes—it tempts you to spend.

To save your money for the things you want to buy, you should keep it where it cannot tempt you. Money can be saved more surely and quicker in a Savings Account than by keeping it at home or in your pocket.
