ing Ensued.

London, Oct. 26.—Four hundred
Italians were killed or wounded in
the fighting around Tripoli on Mon-
day and Tuesday but all newspapers
correspondents were forbidden to
communicate the extent of the casualties,
according to a news agency
despatch received here today from
Tripoli which escaped Italian cen-
sorship by being filed at Valetta.
The situation at Tripoli, the des-
patch adds, is serious. European resi-
dents fear a massacre as a holy war
has been proclaimed by the natives
of Tripoli and Benghazi.
At Scharahet the left line of the
Italian defence is reported as being
hard pressed by the Arabs.

MINISTERS PREPARING FOR SESSION

The Estimates for the Different
Departments for the Years
1912-13 are Already Well
Advanced.

EXODUS FROM CAPITAL.

Special to The Standard.
Ottawa, Oct. 26.—There was an ex-
odus of ministers from the capital
tonight in view of nominations for
the bye-elections, which will take place
tomorrow.
The cabinet met in council this
afternoon for two hours, but at its
conclusion Hon. Geo. E. Foster, acting
premier minister, stated that only
routine matters connected with recom-
mendations of the treasury board had
been dealt with, and no appointments
put through. Mr. Foster left for To-
ronto tonight; Mr. Cochrane left for
North Bay, where the Conservative
convention for the provincial house
is being held tomorrow; Dr. J. D.
Reid, for Prescott; W. B. Nantell, for
St. Jerome. Hon. W. T. White is re-
maining here for the weekend, his
nomination not taking place in Leeds
county until the first week in Novem-
ber.
The Prime Minister returns from his
week's holiday on Monday and there
will be a full fledged meeting of the
cabinet before Mr. Borden and a
party of his colleagues leave on Tues-
day morning for the monster demon-
stration and banquet in Halifax in
honor of the sweeping Conservative
victory. Among the ministers who
will accompany the premier are Hon.
Messrs. Cochrane, White, Hazen, Reid,
Hughes and Nantell.
Preparation for the coming session
is going ahead rapidly, and the vari-
ous departments have their estimates
for the fiscal year 1912-13 well in
hand. There is some talk still of a
short session lasting until Christmas,
and another commencing early in
March, but it may be taken as certain
that the session will not extend over
a period of three months, leaving the
general policy of legislation over un-
til the autumn session next year.

NO TRUTH IN REPORT OF CZAR'S ASSASSINATION

St. Petersburg, Oct. 26.—There is
no truth whatever in the report cir-
culated abroad of an attempt on the
lives of the emperor and empress.
It is declared officially to have
been circulated for the purpose of in-
fluencing the market.

EIGHT YEARS OF ABDUCTION.

Winnipeg, Oct. 26.—George Brown,
who abducted Gladys Price the Snow
Lake school teacher, was today sen-
tenced at Morden to 8 years in the
penitentiary. He pleaded guilty.

UNCLE SAM STRIKES THE FIRST BLOW AT THE GREAT AMERICAN STEEL TRUST

Companies Founded by Andrew Carnegie and
Others to be Wiped Out of Business
as Monopolies.

Morgan, Rockefeller, Carnegie, Schwab, Frick,
Perkins, Gary and Other "Big Fellows" Men-
tioned as Defendants in Action Begun by
U. S. Government Yesterday.

Trenton, N. J., Oct. 26.—The gov-
ernment's long planned suit to break
up the so-called "Steel Trust" was
begun here today in the U. S. cir-
cuit court. It is the most sweeping
anti-trust action ever brought by the
department of justice. The govern-
ment asks not only for the dissolu-
tion of the U. S. Steel Corporation,
but for the dissolution of all consti-
tuent or subsidiary companies which
are alleged to have combined in vio-
lation of the Sherman Law to main-
tain or attempt to maintain a mono-
poly of the steel business. There are
36 subsidiary corporations named as
defendants.
J. Pierpont Morgan, John D. Rocke-
feller, Andrew Carnegie, Charles M.
Schwab, George W. Perkins, E. H.
Gary, John D. Rockefeller, Jr., Hen-
ry C. Frick, Charles Steeles, James
Gayley, William H. Moore, J. H.
Moore, Edmund C. Converse, Per-
cival Roberts, Jr., Daniel Greid, Nor-
man E. Ryan, F. A. B. Wildner, and
William J. Palmer, are named individ-
ually as defendants.
The U. S. Steel Corporation, Car-
negie Steel Company, Carnegie Steel
Company, National Steel Company,
American Steel and Wire Company
of New Jersey, National Tube Com-
pany, Shelby Tube Company, Ameri-
can Tin Plate Company, American
Sheet Steel Company, American
Steel Hoop Company, American
Bridge Company, Lake Superior Con-
solidated Iron Mines, all of which
were organized under the New Jersey
laws, and the H. C. Frick Coke Com-
pany, Tennessee Coal, Iron and Rail-
road Company, and the Great West-
ern Mining Company, are named as
corporation defendants.
Louis W. Hill, James N. Hill, Wal-
ter J. Hill, E. T. Nicols and J. H.
Gruber, are named as trustees, in con-
nection with the ore companies. The
action was taken yesterday.

CLAIMS THE SHOOTING WAS DONE BY ACCIDENT

Defendant in "Mixed Marriage" Murder Case in Cornwall,
Ont., Swears he Accidentally Discharged Rifle While
Trying to Adjust Cartridge—Took No Aim.

Cornwall, Ont., Oct. 26.—As far as
evidence went the trial of F. D. Mc-
Crae, ex-reeve of Lancaster township,
charged with the murder of Wm.
Shaw, druggist, Carp, Ont., ended this
evening and the addressing of the
jury by the crown prosecutor, George
Tate Blackstock, K. C., Toronto, and
the prisoner's chief advocate, R. A.
Pringle, K. C., ex-M. P., Cornwall,
and the charge of His Lordship Mr.
Justice Sutherland, was deferred to
open at 9 a. m. on Friday.
The accused, F. D. McCrae, denied
that he was excited at the time he
fired the rifle. He also brought in
new evidence to the effect that his
brother, D. C. McCrae, had asked him
"Farquhar, where is your rifle? This
Mudge party is armed and we have
no protection."
The witness had then gone to se-
cure his rifle, with which he had shot
at a crow a week or so earlier. In
recharging his rifle, a particle of the
old shell had jammed in the breach
and this prevented the proper ad-
justment of the new cartridge. When
he arrived in front of his brother's
house, the Mudge party in their auto-
mobile were going over the rise of
ground on the highway some distance
away.
The general tenor of the witness'
evidence was that in his anxiety to
get rid of the cartridge, he had final-
ly discharged the rifle. He did not
aimed the rifle, when the shot was
fired, Farquhar seemed to have trou-
ble with the cartridge and had the
gun at his side when it went off.
Under cross-examination by Mr.
Blackstock the witness held that the
shooting was accidental, and the ac-
cused did not intend to shoot any-
body, and did not know that anybody
had been shot until the next day.
The first witness of the morning
session was Miss Davidson, who, for
eight months was a companion to
Mrs. Dr. Magee. She testified to the
treatment of Mrs. Magee by her
husband. Mrs. Magee had been beat-
en, and on one occasion she escaped
downstairs with her clothes nearly
knock off.
Mrs. James McCrae, daughter-in-
law of D. C. McCrae, said she was
alongside of Farquhar when the shot
was fired and was positive that he had
not aimed the rifle. The Mageses
were already over the hill and their
shoulders and the back of the automobile
only were visible, when the shot was
fired. Farquhar seemed to have trou-
ble with the cartridge and had the
gun at his side when it went off.

Liberals Will Not Oppose Hon. Mr. Hazen

The Liberals of the City and County of St. John
have decided not to oppose the election of Hon. J. D.
Hazen, Minister of Marine and Fisheries, in the by-
election which will be held on November 3rd. The ex-
ecutive of the party has considered the case and yes-
terday afternoon the following statement which is self-
explanatory was given to The Standard by a member of
the sub-committee which had the matter in hand:
The sub-committee appointed by the executive of
the Liberal Association of the city and county of St. John
held a further meeting to consider the question of plac-
ing a candidate in the field in opposition to the Minister
of Marine and Fisheries. Hon. Wm. Pugsley was also
present.
In view of the important works which the late gov-
ernment had in contemplation when they retired from of-
fice for the development of the harbor of St. John, both
at Courtenay Bay and on the West Side, and with which
the present government will be called upon to deal, it
was felt to be very desirable that St. John should be re-
presented in the Cabinet and that nothing would be
gained either from a party standpoint or from the view
point of the city's interest by opposing the Minister at
this time.
It was therefore decided to extend towards Hon.
J. D. Hazen the same courtesy as was shown to Mr. Pugs-
ley in 1907, and so far as the Liberal party is concerned
to allow the Minister to be elected by acclamation.

London, Oct. 26.—A news despatch
from Shanghai says that a report has
reached there that rebels have cap-
tured Canton after great slaughter and
that the rebels are preparing for an
immediate advance on Peking.
Some Sharp Fighting
Peking, Oct. 26.—The official gazette
announces that Gen. Yin Tchang,
commander of the imperial troops, has
telegraphed that two rebel regiments
on Oct. 22 attacked San Tackiao, 15
miles distance from Wu-Chang. The
government troops repelled the rebels.
On Monday the rebels using four guns
forced the third brigade of imperi-
alists to retire and occupy Tachichong.
On Tuesday there was some scattered
skirmishing during which some rebels
were captured and others defeated.
According to the consular reports
today the southern provinces are com-
paratively quiet. Canton and other re-
bel centres are reported remarkably
peaceful.
Tang Shao Yi who succeeds to the
ministry of posts and communications
is known in the United States, where
he resided a part of his education.
He is a reformer and was closely
associated with Yuan-Shih-Kai when the
latter was deposed three years ago.
He is considered a strong man.

DISASTER NARROWLY AVERTED

Fire on French Battleship Jus-
tice Extinguished by Flood-
ing of Forward Magazines
—Little Damage Done.

LIBERTE CASE RECALLED.

Toulon, Oct. 26.—An alarming out-
break of fire occurred today on board
the French battleship Justice, a sister
ship of the Liberté, which was blown
up on September 25. The fire is be-
lieved to have been due to a short
circuit. A shower of sparks fell in
dangerous proximity to the magazines
and the commander of the battleship
immediately ordered the forward mag-
azines flooded. The fire was got un-
der control and no great damage re-
sulted.
Only a few days ago a repetition of
the Liberté disaster was averted by
flooding the magazines of the French
battleship Suffren. Escaping steam
had overheated the partitions between
the coal bunkers and the magazines,
causing an outbreak of fire.
On October 22, a fire occurred on
the German armored cruiser Von Der
Tann, in the harbor of Kiel. The fire
started in the store room and is
supposed to have been due to spon-
taneous combustion.

APPOINTED SECRETARY TO THE NEW SPEAKER

Special to The Standard.
Ottawa, Oct. 26.—Capt. W. H. Bow-
le, deputy sergeant at arms, has been
appointed secretary to the Speaker of
the House of Commons. The appoint-
ment is made by Dr. Spruille. Capt.
Bowle has been deputy sergeant at
arms for 20 years. He was secretary
to the Speaker during the term of
Hon. Peter White, and is thoroughly
posted in who's who and what's what
in the House of Commons.

HAD A HARD BATTLE BUT GO THE MAN

Suspected Safe Cracker Wan-
ted in Halifax Captured in
Moncton Dive by Police Of-
ficers of Railway Town.

A BAD CHARACTER.
Special to The Standard.
Moncton, Oct. 26.—Detectives Han-
ahan and Kennedy of Halifax, ar-
rived here this afternoon on the Ocean
Limited and reported to Chief Ride-
out that they had lost trace of Mur-
phy and Tobin the safe crackers
whom they had been chasing for some
days and thought they might have
come to Moncton.
Chief Rideout at once detailed Ser-
geant Atkins and Policemen McKim
and Cameron on the case and from
information received they proceeded
to a house on Elm Street in the west
end of the town, conducted by one
John Duncan.
This house does not bear a very
good reputation and when Sergeant
Atkins knocked at the door, it was
opened by a Mrs. Henderson, who de-
clared that Tobin or Murphy were in-
side. The sergeant asked that he be
allowed to make a search but the wo-
man objected, as the officer did not
have a search warrant. The officer
said he had reason to believe that
his men were there and proceeded to
force a search.
On entering the first man he saw
was Tobin, who was in the act of
shaving in the front room. Tobin
was armed with a bottle of Parisian
Sage and a revolver. He threw the
bottle at the officer, evidently with
the object of blinding him and mak-
ing his escape, but the officer was too
quick, and dodging closed in on Tobin
before he had an opportunity to use
his revolver. A tussle followed and
the officer landed his man outdoors
on the sidewalk where McKim and
Cameron rushed to his assistance,
and the officer landed his man out-
side and marched him hatless and
bleeding to the police station.
The Halifax officers are greatly
pleased with the success of the Mon-
cton police, and believe they have one
of the most desperate criminals in
the provinces. Tobin, who is some-
times called "Blunness", but whose
real name is Stephen, has a police re-
cord in Moncton. He at one time con-
ducted a place known as the Halifax
Hotel, and was several times in vio-
lation of the Scott Act. He has been
under suspicion as being concerned in
royal suites at Sackville, Sackville and
other places, but no direct evidence
could be obtained against him.
When taken to the police station
this afternoon he had \$28.10 in his
person. The officers will take him
to Halifax in the morning.

WANTED FOR ATTEMPT AT MURDER IN MINTO

Special to The Standard.
Moncton, Oct. 26.—Chief of Police
Rideout received telegram this after-
noon from Constable Upton, of Minto
Mines, asking him to apprehend Fer-
ter De Tom on charge of attempted
murder. When last seen De Tom was
walking on the new Transcontinental
highway at Sackville, Sackville and
other places, but no direct evidence
could be obtained against him.
When taken to the police station
this afternoon he had \$28.10 in his
person. The officers will take him
to Halifax in the morning.

THE NEW PARTY WHIPS.

Special to The Standard.
Ottawa, Oct. 26.—It is reported that
W. D. Staples, M. P. for McDonald,
is likely to succeed Hon. W. J. Roche
as chief party whip for Manitoba with
S. Goodlove as whip for British Col-
umbia.
George Bradbury, of Selkirk, who
has been for the past two weeks, left
for Winnipeg today and will attend
the Rogers-Roche banquet.

LEONARD TAKES CHARGE.

Ottawa, Oct. 26.—Chairman Leonard
of the national transcontinental rail-
way commission, took charge of his
new office today and had a confer-
ence with Chief Engineer Grant. He al-
so met the other commissioners.
Pending an examination of plans, re-
ports, etc. he will make no statement
as to future action.

HYANNIS FOLK CALLED BY THE LINNELL JURY

Father and Neighbors of Miss
Linnell Say Girl Was at One
Time Engaged to Rich-
eson.

A LONG SESSION.
Boston, Mass., Oct. 25.—The spec-
ial session of the Suffolk county grand
jury which was convened today to con-
sider the evidence accumulated by the
police against Rev. Clarence V. T.
Richeson in connection with the death
by poisoning of Miss Avis Linnell,
the Hyannis singer and Sunday school
teacher, assumed something of the as-
pect of a trial today because some of
the witnesses for the defense as well
as government witnesses were called.
When the grand jurors adjourned at
6 o'clock this evening after nearly 8
hours' deliberation, they had heard
the testimony of more than two doz-
en persons, including three who are
directly connected with the case for
the defense. These three were Mr.
and Mrs. Moses Grand Edmonds, fa-
ther and mother of Miss Violet Ed-
monds, the accused clergyman's fian-
cée, and Robert Burns, head of a local
detective agency who has direct-
ed the investigation in behalf of Mr.
Richeson.
It was understood tonight that sev-
eral of these have been summoned
to appear again before the Grand
Jury tomorrow and that a number of
fresh witnesses also will be called,
including some from Hyannis, possi-
bly Edgar Linnell, father of the mur-
dered girl, and neighbors who have
said they knew that Mr. Richeson
and Miss Linnell were engaged at
one time.
A report which came today from
New Bedford was to the effect that
Mr. Richeson, two days before the
death of Miss Linnell, secured some
flour and water from Mrs. Carter,
his landlady, explaining that he want-
ed it to mix paste with which to bind
books. The report had it that up-
on returning the bowl which he had
used to mix the paste he said to Mrs.
Carter: "You had better wash it out
thoroughly, there has been poison in
it."

KING GEORGE'S SUITE CHOSEN

For Journey to Delhi Durbar—
Medina Nearly Ready, will
Have Wireless in Touch with
London.

London, Oct. 26.—The new Penin-
sula and Oriental Line's Medina,
in which King George and Queen
Mary will sail for India on Nov. 9,
was commissioned at Portsmouth by
Admiral Sir Colin Koppel who is to
command the ship.
There is still a little work to be
done in furnishing and decorating the
royal suites of rooms, but in all prob-
ability it will not be many days be-
fore the Medina is ready for depart-
ure.
The following will be the principal
members of their Majesties' suite
throughout the entire journey to Del-
hi and back:
The Duchess of Devonshire, mis-
tress of the robes.
Lady Ampthill, one of the ladies of
the bedchamber.
The Duke of Teck, elder surviving
brother of the Queen, personal aide
de camp to the King and lieutenant
colonel of the First Life Guards.
The Earl of Shaftesbury, lord cham-
berlain to the Queen.
The Earl of Chesterfield, lord ste-
ward of His Majesty's household.
The Earl of Shrewsbury, premier
earl of England, and a great friend
of the King.
Lord Stanfordham, better known as
Sir Arthur Bigge, private secretary
to the King.
Lieut. Col. Sir Frederick Ponsonby,
equerry and assistant private secre-
tary to the King.
Commander Sir Charles Cust, equerry
to the King.
Sir Edward Henry, commissioner
of metropolitan police, who was re-
cently appointed extra equerry to the
King.
Lieut. Col. Sir R. Havelock Charles,
sergeant-major to the King and prin-
cipal medical officer on the staff of
the King and Queen during the visit
to India.
Very powerful wireless apparatus
has been installed on board, so that
the King shall be kept in direct com-
munication with London throughout
the whole of the sea journey to Bom-
bay.

ST. ROSE'S FESTIVAL CLOSED LAST NIGHT

Result of Games and Voting Contests, Last Night—The Fair Has Been a Distinct Success.

With an attendance greatly exceeding those of the previous evenings, the festival which has been in progress in St. Rose's hall during the week was brought to a close last evening. The verdict of those who had charge of the undertaking, as well as the patrons who visited the festival was that the event had been an unqualified success in every respect, and the financial returns are of a most satisfactory nature.

For the many original features introduced by the committees in charge and for the successful execution of the ideas great credit is due. The closing night of the festival was pleasantly spent and the different games well patronized. The prize winners last night were: Queen's beauty, 1st, (fruit dish), J. Ryan, South Bay; 2nd, W. Armstrong, Milford; 3rd, (cake basket), Letty Love, Fairville; air rifle, David Delaney, Milford; bagatelle, 1st, (silver pickle dish), Raymond McKinnon, Fairville; 2nd, (pachiar ornament), Terence O'Donnell, Fairville.

The voting contest for the most popular society was closed last evening. St. Rose's society winning the prize, a set of books. The C. M. B. A. won the second honors in the contest. The three large lotteries in connection with the festival will be drawn at an entertainment to be held next month in St. Rose's Hall.

END OF CHINESE REBEL LIGN NEAR

Continued from page one.
Peking, Oct. 26.—The throne today surrendered to the Tan-Cheng-Yuan, China's national assembly, and in compliance with the demands of the assembly dismissed Sheng Hsuan-fai, minister of posts and communications, ordered Prince Sheng, chairman of the cabinet before a board of enquiry, where he doubtless will be severely dealt with, released from custody the president of the size national assembly and other officers in the riots at Cheng-Tu, and in fact, agreed to all that the assembly asked, with lack of dignity in compliance with the demands of the assembly. The cabinet before a board of enquiry, where he doubtless will be severely dealt with, released from custody the president of the size national assembly and other officers in the riots at Cheng-Tu, and in fact, agreed to all that the assembly asked, with lack of dignity in compliance with the demands of the assembly.

The End in Sight.
Now the first resolution of the newly convened assembly, carrying consequences of irremediable character, has been granted without a single day's consideration. Sheng Hsuan Hual has been stripped of his rank, Prince Ching, the Prime Minister, and Ne-Tung and other ministers, as well as several viceroys, who only obeyed the throne's commands, have been handed over to the superior board for consideration as to their guilt in causing the present rebellion, while the members of the provincial assembly, who provoked the uprising in Sze-Chuen have been released from prison.

The appointment of Tang Shao Yi to succeed Sheng Hsuan Hual is believed to forecast the appointment of Yuan Shi Kai to the second office in the cabinet, if not to the premiership. With the prospects of Yuan Shi Kai, who is a Chinaman, leading the country, now ruled by the National Assembly, it is evident that the Manchus mean to offer to the people complete and immediate constitutional government in return for cessation of hostilities. It is reported that Yuan is already negotiating with the rebels. Members of the legislature, who are old in experience in Chinese affairs, would not be surprised if the revolution terminated on these lines, practically without further fighting.

FOO CHOW HAS FALLEN.
A despatch from Hankow says that Foo Chow has fallen, and the rebels were driven back, but the imperialists failed to follow up their success.

ST. JOHN MAY HAVE SCHOOL FOR ART

This Subject Broached at Annual Meeting of St. John Art Club, and Committee Will Consider it.

In view of the encouragement lent the club during the past year, and in the event of the committee appointed last evening succeeding in their efforts, St. John may soon boast a school for art.

At the annual meeting of the St. John Art Club held last evening, the matter was brought to the consideration of the members, and as the suggestion appealed to them a committee was accordingly appointed to further consider the prospects for founding the new institution which will undoubtedly prove of inestimable value in the cultivation and fostering a love for art.

The meeting was attended by a large number of the members, and interesting and encouraging reports on the work of the club during the year were heard. The year has been the most successful in the records of the club, and a profitable and enjoyable one for the members. A pleasing feature of the year was the generous encouragement given and the interest displayed by the public, who are appreciative of the importance of the work the club is carrying out.

The election of officers for the year was held, and the following were chosen: President, W. Shives Fisher; vice-presidents, Mrs. Silas Adams, Mrs. J. W. McEwen, Wm. Brodie; secretary, Joshua Clawson; assistant secretary, Mrs. R. G. Murray; treasurer, M. V. Padlock; clerk, Mrs. J. M. Williams. The following were named additional members of the executive: Mrs. Murray MacLennan, E. H. Sturges, John S. D. R. Jack, T. H. Estabrooks, Mrs. W. Edmond Raymond, H. C. Page, Mrs. G. C. Coster, Mrs. J. W. Lawlor and W. C. Rowland.

The treasurer's report shows the finances of the club to be in an encouraging condition, as compared with \$110.68 last year. The secretary in his annual report gives a pleasing account of the year's work. The meetings of the club have been marked by large attendance, and the exhibits were a feature of the year's work. The club during the year were six volumes beautifully bound and illustrated, descriptive of the work of the Chief Painters of the World, and other entitled Celebrated Paintings, issued by the club.

Each fort will be provided with field artillery and with cavalry for scouting service. In addition each garrison can easily be reinforced from the neighboring forts as all the posts are to be connected by telegraph. As the Italian force advanced from the coast it was surprised at the absence of inhabitants. A search was made and the natives were discovered hidden in the grotto where they had fled in fear of the soldiers. Free distribution of large quantities of grain for sowing in the winter was offered to the Italians and for their assistance against the Turks. Any attempt at hostility on the part of the army of occupation will be inexorably punished.

Rome, Oct. 26.—All efforts on the part of the press association of Rome to prevent the Italian army of occupation from leaving Tripoli, and for their assistance against the Turks. Any attempt at hostility on the part of the army of occupation will be inexorably punished. The Italian force advanced from the coast it was surprised at the absence of inhabitants. A search was made and the natives were discovered hidden in the grotto where they had fled in fear of the soldiers. Free distribution of large quantities of grain for sowing in the winter was offered to the Italians and for their assistance against the Turks.

A SUCCESSFUL CONCERT
The Opera House was crowded last evening with a large and fashionable audience when the entertainment organized by the Italian army of occupation was given at the opera house. The concert was a success in every respect, and the artistic performance of the different participants served to swell the reputation of the opera house for some time. Those who responded to the call for aid were doubly rewarded by the consciousness of having helped a worthy cause and also by being privileged in attending an artistic treat. The music of the Cecilian orchestra was one of the exceptionally pleasing features of the programme, while the other items were of unusual worth.

NO OPPOSITION TO POSTMASTER GENERAL
Quebec, Oct. 26.—Tomorrow will be nomination day for the by-elections in Quebec county, as a result of the member, Hon. L. P. Pelletier being elected postmaster general. The Liberals will not likely oppose him and the election will be made by acclamation.

CROWN INVESTIGATING
Special to The Standard.
Sussex, Oct. 26.—George W. Fowler and Sheriff Preece left immediately after the adjournment of the inquest on William Ryden at Newtown, for White's Mountain where Mr. Fowler will make a personal inspection of the ground at the scene of Ryden's death.

PERSONAL
Mrs. H. T. Parloe, wife of the rector of Aylesford, N. S., has returned home from Metuchen, New Jersey, where she was visiting her daughter, Mrs. H. U. Crick, here. Miss Dorothy Humble, of Stanley, N. B., accompanied her and will spend the winter in New Jersey.

Before returning, Mrs. Parloe visited friends in New York City, and Worcester and Boston, Mass. She also visited old friends in New Brunswick, Mrs. Wm. A. McGinley, of St. John and Mrs. and Leader Lingley of Westfield.

HON. H. HAZEN RECEIVES HEARTY CONGRATULATIONS

A Few of the Many Letters and Telegrams Received by the Minister of Marine and Fisheries Congratulating Him on His Appointment to the Borden Cabinet.

Hon. J. D. Hazen has received many telegrams and letters from friends in all parts of Canada, as well as in England and the United States, congratulating him upon his appointment to the position of minister of marine and fisheries. Many of his friends in tendering their congratulations take occasion to refer in appreciative terms to the efficient administration which the province has enjoyed during the time he has held local government. Some of these are as follows:

The British Ambassador.
Hon. James Bryce, British Ambassador to the United States wrote: "Dear Mr. Hazen—Let me congratulate you very cordially on your accession to the very important post in the new Canadian cabinet which I hear you have accepted. It is a great pleasure to me to know that you are to fill that office because you are one of the Canadian departments with which the embassy has most frequently to communicate; so I am glad to hear that you have accepted it. I am sure that the government will be benefited by your presence, and I am sure that you will be able to do it very well."

Mr. W. Max Aitken.
Have just heard of your appointment. Cannot tell you how delighted I am that you have received this well deserved honor.

J. Castelli Hopkins.
I am sure that the government will be benefited by your presence, and I am sure that you will be able to do it very well. The result of the elections in N. B. was a surprise to many here, but with my knowledge of the strength of your provincial government and of the campaign which was being carried on locally, I felt almost sure that an important position in the more important field of Dominion politics."

Sir John McDonald's Son.
Hon. High J. McDonald of Winnipeg writes: "I am certain that your record will be as creditable to yourself and as advantageous to the Dominion as it was during the time you governed New Brunswick."

Chief Justice Barker.
Hon. P. E. Barker, Chief Justice of the Province, in extending his congratulations to Mr. Hazen, wrote: "To your many intimate friends here and elsewhere who have watched your public career in New Brunswick, it is a pleasure to find that your experience and reputation here has placed you in a position so prominent and important in the more important field of Dominion politics."

Bliss Carmichael.
Bliss Carmichael, New Brunswick's well known poet, wrote Mr. Hazen, tendering his congratulations and extending his hearty wishes for his success in extending his public career in Canada. He expressed his hope that Canada would steer clear of annexation as the United States, and that the government would be successful in its efforts.

Other Messages.
Mr. Hazen also received telegrams or letters of congratulation from Hon. R. P. Roblin, Winnipeg; Sir Chas. Hibbert Tupper, Vancouver; A. Wainwright, Montreal; Hon. W. J. Bowser, Attorney-General; Hon. J. A. Ibbotson, Major F. E. Barker, Preston Barracks, Brighton; Hon. John A. Ibbotson, St. John; Hon. W. C. P. W. Taylor, manager of the nation, says the government.

UNCLE SAM STRIKES THE FIRST BLOW
Continued from page one.
Steel corporation lease of the Great Northern has been fully approved by the steel companies which the directors of the company today formally decided to cancel, it is alleged to be a "blow" to the steel corporation's interest in this respect but states that under the terms of the lease no cancellation would be effective until Jan. 1, 1915, and there is no limit upon the amount of ore that can be taken out in the meantime.

HOW THE C.P.R. IS OPENING THE WEST
Montreal, Oct. 26.—What is probably the longest of the new branch lines which the Canadian Pacific has built this year will be opened for traffic November 5. This is the Regina-Clifton branch. There will be regular passenger branches opened on that date because at Valeport Junction, 24 miles from Regina, a sub line leaves the big branch Pacific main line, and runs to Clifton, a distance of 134 miles, while from Valeport, where the smaller branch leaves the large branch to Clifton, it is 19 miles.

This means that altogether over 150 miles of new track will be opened for traffic, which is one of the big pieces of new construction work that has been completed by the C. P. R. this year. Another feature which makes the opening of this line so important, is that when the service is inaugurated two trains will be run each way each day. The significance of this statement is seen, when it is stated that generally when new lines are opened there are only three passenger trains a week each way, run by the C. P. R. The announcement of the opening of these new branches brings home to the fact that one of the most remarkable features of the railroad industry in Western Canada this year has been the unflagging enterprise of the Canadian Pacific Railway in pushing forward its branch lines to completion. Despite the fact that the C. P. R. has had to pay big prices for construction, hundreds of miles of new road have been built, and good services inaugurated, and the incoming settlers have had the best of transportation facilities to aid them in seeking out new homes.

The building of these branch lines has in most cases involved a considerable expenditure because the C. P. R. has been pushing its net work of steel rails in all directions, opening vast amounts of absolutely unsettled territory.

APPLE GROWING IN NEW BRUNSWICK

Provincial Horticulturist A. G. Turney Pleads for the Development of this Important Industry in this Province.

To the Editor of The Standard:
Sir—Permit me, through the courtesy of your columns to make a plea on behalf of the work being undertaken towards the development of apple growing in New Brunswick. It has been the unfortunate experience of persons actively interested in apple growing in the province that we have yet a great many unbelievers as to the possibility of these people the idea that high quality apples may be, and are being grown profitably in the province is neither creditable nor acceptable. Just why, we do not know; we certainly think that they behave as if they were not over eager in consequence to this province the possession of such an agricultural possibility.

True provincial patriotism, so far as agriculture is concerned, should not find so many people ever willing to award the palm to other provinces and to overlook, in so doing, the just merits of their own land. Doubtless we ourselves are in a measure responsible for that lack of true provincial spirit, in so much as we have not advertised sufficiently the results we have obtained in apple growing, and the possibilities indicated thereby. We are, however, now alive to the necessity of constantly and attractively placing before our own people and the people of other lands the possibilities and the advantages of apple growing in New Brunswick, and we believe that so far as our limited funds permit, such is being done.

The apple show, held in the St. Andrew's rink last year, while it attracted considerable attention and much favorable comment, did not receive the patronage it deserved. The explanation is, that while many people were aware that such a show was to be held, they did not think that it would be worth going to, or in other words, they did not have enough confidence in their own province to believe that such an apple show would be as well worth attending as one staged either in Nova Scotia or Ontario. To those who attended, such a belief is no longer possible; they are converted to the cause which we are anxious to advance.

At the second annual apple show, which opens on the evening of Oct. 30 we should have and hope to have, more than twice the attendance of last year. In this way one of the main objects of the exhibition is attained, namely, the advertising at home and abroad, of the province, and its main object of the exhibition is to encourage our apple growers to bring their produce to the show, and to encourage them to adopt co-operation. This year not only will those in attendance have a chance to see New Brunswick apples, but they will have a chance to judge of their quality as single apples and in considerable quantities will be for sale.

Nova Scotia today has an apple industry worth millions of dollars, yet undoubtedly, there was a time when the idea that such a valuable industry would be developed, was laughed at. When we advance the same idea and hope for New Brunswick we meet with a good deal of the same kind of ridicule. The fact that they are in a position to judge of such things are confident of the quality of the apples now famous here. Just as others in the province are laid the foundation for such success and confidently laying their eggs, so we are here quietly engaged in the development of the industry in New Brunswick. By attending this second annual apple show you will contribute to the success of the province at all times, and by contributing towards the spread of the work we are undertaking and our thanks are also due to you in various ways. You are also in various ways, have assisted the work of the association, and we hope for a continuation of their cooperation.

Yours truly,
A. G. TURNERY,
Secretary New Brunswick Fruit Growers' Association.

OBITUARY
A. S. Crawford.
The death of A. S. Crawford occurred suddenly at Clifton, Colorado, U. S. on Saturday, August 6th. He was 72 years old, and is survived by two sons and one daughter, Bert, of Clifton, Colorado, and Charles, of Idaho, and Mary, wife of Dr. E. B. Bemis, of Spokane, Washington State; and two brothers and one sister—Hiram Crawford, of Coquille, Alberta, George G. Crawford of Bremerton, Washington State, and Mrs. G. A. RYDER INQUEST WAS OPENED YESTERDAY

Direct Conflict of Opinion Between Dr. Burnett and Dr. Lamb as to Whether Ryder Committed Suicide or was Murdered—Deceased's Wife Tells of His Movements on Fatal Day.

Sussex, Oct. 26.—The Ryder inquest was adjourned until Saturday morning at ten o'clock, when the sitting was resumed after lunch today. The absence of Dr. Thorne, of Havelock, through misunderstanding, left the testimony of Dr. Burnett in regard to the post mortem uncorroborated and as it is most desirable that the evidence taken, George W. Fowler, K. C., M. P., who is acting for the crown, requested Coroner Wallace to grant a postponement of the inquest until Saturday. This was done and the afternoon sitting lasted but a few minutes.

Mr. Fowler at the opening of the inquest inquired of the coroner whether the court and pointed out the seriousness of the case under consideration. He spoke of the desirability of hearing Dr. Thorne before proceeding further with the enquiry and had learned by telephone that the witness was absent through a mistake as to the date set for the hearing. He also expressed his desire as crown representative to visit the scene of the tragedy and learn first hand the exact condition of affairs at the place where the body was found. In view of the importance of the investigation he suggested an adjournment until Saturday and requested that certain of the witnesses including the wife of the deceased and his children, be present. Others were excused.

The crowd which attended the inquest today was a large one and came from every direction. Men were present from the extreme ends of the parishes of Havelock and Studholm and there was a fair sprinkling of Sussex people in attendance. The public hall was crowded to the doors by an interested audience and standing rooms were at a premium. The sitting on Saturday will probably attract even a larger crowd when some interesting developments are to be expected.

Difference of Opinion. Features of today's hearing were the positive statement of Dr. J. U. Burnett, who declared that no man could have fired the three bullets which penetrated Ryder's body and lived and that it would be impossible for the shots in Ryder's left side to have been fired after the third shot was fired. There was the equally positive opinion of Dr. Thorne, who testified that attending the finding of the body all pointed to suicide. The evidence of Dr. Thorne, in view of this conflict of opinion will be of the utmost importance.

The following were called as witnesses: Melissie Ryder, wife of the deceased; Estelle and Vidella, daughters of the deceased; Kenneth Cusack, a fellow workman; Charles Perry, Dr. Thorne; John Beatty, Richard McDevitt, John Beatty, Beverley Cusack, Richard Melvin, Hanford Perry, Edward McNeill, Fred Henderson, Dennis O'Regan, H. Rutherford, Dr. J. Burnett, Dr. B. Thorne and Dr. Lamb.

Dr. Burnett, who conducted the post mortem examination, was the first witness. He gave evidence as to the post mortem, stating that he discovered three wounds which penetrated the body, one of which badly lacerated the left lung. In the cavity of the latter he found a large amount of blood, the first wound being from the shoulder blade, the second below the shoulder blade and the third through the side of the shoulder blade. All three wounds were only two or three inches apart. No other wound had been found on the body except a slight abrasion on the neck home which may have been inflicted by a fall. The wounds were in the chest.

The question is not, "What can we do for China, but what can China do for us?" if it are not Christians, the old religions and old ways are crumbling before the spirit of modern industrial progress. The Sunday School Movement is the only Sunday work in each of the departments. It showed the need of an elementary worker in the field.

The Baptist session was packed, every available space being occupied. The choir rendered most excellent music. The first speaker was Dr. E. D. Webber, Wolfville, whose subject, the Sunday School and the Missionary work, was treated in a most masterly manner. He showed the greatness of modern missions, how year by year, \$25,000,000 were contributed to this work, the greatest of the task proposed, the conquest of the world. He next spoke of the greatness of the Sunday school. What are the great things of life, not farms nor bank stock, but love, boys and girls. The means by which these are to be reached is the Book. The task is to bring these together.

The evening was presided by Dr. P. McElfresh who in his own peculiar way showed not only an avocation but a vocation. This was a necessity for a well rounded progressive life, and the Sunday school offered just such an opportunity.

The morning session was devoted to reports and addresses on home department, educational and elementary work. Progress was being made along all lines. The afternoon will be devoted to the needs and aims of technical trained Sunday school teachers.

From 5.30 to 7.30 p. m. a banquet for the alumni and their friends has been prepared. The banquet will be devoted to methods of securing spiritual results. The convention has been largely attended. The evening will be devoted to the needs and aims of technical trained Sunday school teachers.

The report of the missionary department, Miss. Ross, showed, superintending the finance committee may be a new department and the first report was most excellent. Missionary work is being carried on in 23 schools and 365 schools are definitely contributing to missions.

A round table on how to develop missionary activity in the Sunday school proved very helpful. Dr. F. McElfresh then gave an address on missionary work, the great principles apply to every land, the great men and the great movements of the day are missionary. The awakening of the east necessitates missionary activity in the west.

RYDER INQUEST WAS OPENED YESTERDAY

Direct Conflict of Opinion Between Dr. Burnett and Dr. Lamb as to Whether Ryder Committed Suicide or was Murdered—Deceased's Wife Tells of His Movements on Fatal Day.

Such a nature that there was no doubt that they were made by a Snider rifle. The first wound examined was large enough to insert the finger. Both of the other wounds were much larger. The holes in the back were all larger than at the front. He stated that the deceased might have inflicted two of the wounds, but it was his opinion that either of the two other wounds would cause death, thus making it impossible for the man to have fired all three shots. He did not think that the man could have taken off his shirt after firing the shots as he had been dead. In speaking about the shirt he said that he had found the outside shirt badly burned and had searched the body for any burnt mark but had not found any.

Suicide Was Impossible. In answer to Foreman Keith, witness said that if the gun had been held close to the body it would have burned. He thought the gun must have been held at least two feet away for if it had been held closer the bullet holes would have been much larger and the flesh destroyed around the bullet holes. He said that the wounds were lower in the back than in the front and that he rested the stock of the rifle on the ground if he should be higher up. Such being the case he considered it impossible for the man to have fired the shots.

Dr. Lamb said he had been called from Havelock and viewed the body where it was found. He gave permission to move it from where it was. He made his examination of it by the light of a fire. The body was naked and he was wearing a hat. He identified the rifle which had been found along side of the dead man, but not the case of the rifle. When he had found the gun he saw that the bullet had been forced into a small moss covered hummock. In this way the muzzle would be clear from the body and the rifle to inflict the shots on himself as he stood in a hollow. He had not had enough experience of gun shot to be able to say if any one of the shots in Ryder's left side would have killed. He declared, however, that it would have been quite possible for the man to have fired all three shots. Both the outside and inside shirts had been removed after the body had been moved. After listening to the evidence of Dr. Burnett touching the result of the post mortem, he held the opinion it was a case of suicide.

John McDevitt, who found the body, said that during the forenoon of the 26th he heard four shots, but did not pay much attention, but the last one was fired. Then he became annoyed because he knew they were rifle shots and he was afraid his cattle, which were out in the fields might be in danger. At this time he was working in the field about seventy-five or eighty rods from where the body was found. On the same evening after supper, Mrs. Ryder and her two daughters came to his home and said that Ryder had come home. Witness said that he probably because the trial at Hampton had proved a lengthy one, Mrs. Ryder replied his husband had come back from Hampton and had gone shooting and she was worried about the body. The next morning he saw Mrs. Ryder and the Constable boy driving through his fields and before daylight on Friday morning he went to her home to see if he could find the missing man. At that hour some of the people were up, but after he had had breakfast he returned and learned that Ryder had not returned. At 9 o'clock he with Mr. Beatty, Charles Perry and Kenneth Cusack and Orley Manning started on their search. They went in the direction in which he had heard the shots and found the dead body.

John Beatty and Kenneth Cusack were also examined. The evidence of John Beatty one of the men who discovered the body was to the effect that it was made some 200 yards from the Ryder house. Charles Perry gave similar testimony. There was a hubbub over the crowd when Mrs. William H. Ryder was called upon. She was heavily sobbing and without murmuring, the black being relieved by a milk teat. All through the inquiry Mrs. Ryder had been a close listener to the evidence and frequently she shed tears. Her two children were with her, one a girl of 17, and the other a child of 10. She gave her evidence in a low voice, and there were few of the spectators who could follow her. She said that on the 11th inst., her husband went to Hampton to attend court. She was at the station to meet the train on which he returned, accompanied by her daughter. She had a conversation with her husband and it was not friendly. She was annoyed that Mr. O'Regan did not take her home as had been arranged. She thought she smelled liquor on her husband and she drove home without him. Before reaching home she was sorry she had left him to walk home and waited at a neighbor's for him. As he did not come, she drove home. Her husband reached home about 10 o'clock Wednesday morning, changed his clothes and attended to his work. Sometimes she and her husband would talk. The conversation that morning was not unpleasant.

Deceased complained of not feeling well. She did not think he took a sleep. He then left the house with his gun. Shortly after leaving the house she saw the blood on the ground. Mr. Ryder was doing, but the boy returned to her. She beckoned to Ryder to come to dinner. She thought he replied that he did not feel like dinner. Then she followed him to the lumber road a short distance away and asked him to come home. She then left him and returned to the house. Later her daughter told her

S. S. CONVENTION WAS A SUCCESS

The Nova Scotia Sunday School Workers had a Very Pleasant and Profitable Gathering in Middleton, N. S.

Middleton, Oct. 25.—At the second day of the Sunday school convention the reports of the county officials showed that the work throughout the province is well organized and progressing. The reports of the counties had reached the standard set to these banners were presented.

Dr. J. W. Brown showed the intimate relations between the officers of the province, county and district and how the success of the whole depends on the united cooperation of each. There are 1564 of these throughout the province.

Mrs. Young conducted a round table on the subject of the Sunday school. In the afternoon session Mr. Tuttle presented the report of the Sunday School Worker, the official organ of this work.

Rev. F. Prigings in an able address urged the people to support this paper, and that circulation could be much increased.

The nominating committee then completed their report and the following officers were elected: President—R. M. McGregor, M. P. Home department—Mrs. Frank Glen. Temperance—Mrs. Laura J. Potter. I. B. A.—John S. Smith. Advanced adult—Dr. Frank Wood. Missionary—Miss Nora Shand. Elementary—Mrs. G. W. Whitman. Treasurer—H. Stoddart. Auditors—C. P. Archibald, Geo. G. Duxton.

The treasurer's report showed an expenditure of \$1888.88, making Oct. 1st, a deficit of \$178.60. S. O. Hogg made an eloquent plea for increased support. This is absolutely necessary for the work must be advanced. An elementary field worker was a necessity. Resolved, that it is the sense of this convention that the counties be requested to make payment of their pledges either monthly or quarterly.

Resolved, that the counties may be better enabled to carry on this work. Also resolved, that the pledge of the Nova Scotia S. S. Association to the international association should be raised to \$500, and the executive be instructed to do so as soon as possible. The report of the missionary department, Miss. Ross, showed, superintending the finance committee may be a new department and the first report was most excellent. Missionary work is being carried on in 23 schools and 365 schools are definitely contributing to missions.

he had to make his entrance with a curtain over his left eye, and a dozen song and dance numbers. When the call went out for dancers to shuffle their feet in the second part of the show, a veritable army of negro prisoners made application for trial about 600 of them were accommodated. There must have been keen rivalry existing between them, for they certainly did try hard to outdo one another.

This will not be the last performance given at the Federal prison. Encouraged by the good record made at the initial show, Warden McClaughry has announced that a series of entertainments will be presented during the winter. Some of them will be public and some for prisoners only. Admission to the performances on the program will be granted to a card in which the applicant for a card is known to the military prison.

Chaplain John A. Ferry trains the talent at the military prison. The chaplain is the ideal type of army man. Somehow about the first thought that came into his mind when you see him is: "What a great fall back he'd make." The chaplain stands more than 6 feet 2 inches tall, in the neighborhood of 200 pounds. He is a member of the Tenth United States Infantry and thoroughly alive.

His ideas in giving these shows is to get a laugh out of the men, he explains, and he gets the laughs. It is a question of selecting the best talent rather than getting more than fifty pieces of music and a program at the military prison show. For instance, at the next performance, to be given "Thanksgiving Day," twenty-five minutes will be needed. Twelve of these places are to be filled by professional actors whose stage reputations are established. When the call for performers was issued more than seventy-five men signified their intention of making troups. Some of the men who got the places under the regular bill will be used in the chorus.

The show will run two hours. Fifteen minutes will be given to the musical part, and the other nine in comedy and musical sketches and the quartet. The closing number will be a comedy sketch by the entire assembly. An open air stage, in front of the carpenter shop, is used. Two shows, one in the morning and another in the afternoon, will be given.

In one of the burlesque shows presented recently at the prison there were eight shows. On the stage, but in an exclusive set institution. These "broilers" were men made up for the burlesque. On the stage, but in an exclusive set institution. These "broilers" were men made up for the burlesque. On the stage, but in an exclusive set institution. that her husband had again returned to the house and had gone out. It was about 2.30 when she started to react and she heard no shots fired. She was resting about an hour. She was not uneasy about the deceased until midnight. She then went to John Mr. Davitt's and returned home about nine o'clock. She put in an uneasy night, and sent word to the neighbors of Ryder's absence from home. She drove to Lewisston, about four miles away to see if deceased was there. As she went before she told all the neighbors of her husband's absence. Her husband's body was found about 9 o'clock on Friday morning. She always lived with her husband and never separated from him.

CLOSING STOCK LETTER.

By Direct Private Wires to J. C. Mackintosh & Co.
New York, Oct. 26.—Today's stock market was as narrow, listless and devoid of feature as any of its immediate predecessors. Northern and Western was fairly active and steady throughout the session in anticipation of an increase in the dividend at the afternoon meeting. These expectations were realized but this action had been virtually discounted. The copper shares were somewhat heavy and room traders, perceiving the futility of attempts to stimulate bull activity in the general list, operated for scalping profits on the short side. The final range of prices was fractionally below last night's closing. An uptrend in sentiment remained fairly cheerful on the theory that bear news had been discounted and that in the ordinary course of events a normal recovery should begin upon the development of any favorable news. The tobacco plan, as approved by the courts, will have an important bearing upon the immediate course of prices.

U. S. STEEL WAS CENTRE OF TRADING

New York, Oct. 26.—Operations in stocks today centered about the steel group. It was not until after the close of the market that knowledge of the government's suit for the dissolution of the United States Steel Corporation reached Wall Street. Nevertheless pressure against the steel stocks was constant and severe.
The standard stocks in general were little affected by the movement. Something of a mystery was made of the special meeting of the U. S. Steel directors. The part which U. S. Steel had played in the stock market during the turbulent days of last month, when it reduced ore conditions in the steel trade gave rise to various disquieting rumors as to the purpose of the meeting. When it was announced that the directors had met to give official sanction to the plan made known several days ago for terminating the Great Northern Ore lands lease and reducing ore conditions on the corporation's railroads, prices rose somewhat. But the improvement was not for long. Selling of U. S. Steel forced down to 58 1/2, the low point of the day and a drop of nearly 2 points from the high figure of the session. The reaction was to some extent a repetition of the feeling that other matters than those made known were discussed at the directors' meeting. But despite the frequently repeated report that the government was soon to file its dissolution suit, the street was not prepared for the announcement that the suit had been filed.
U. S. Steel is now selling nearly 25 points below the high price of the year. The decline has been generally attributed in large part to selling by holders who feared such an action was being taken by the government. What effect that actual filing of the suit will have upon this and other stocks is of course problematical. It has been believed by some observers on the financial market that a suit against the largest of the country's industrial combinations would serve to reduce the losses which have proved so disquieting, and would have ultimately a beneficial effect.
The standard stock held fairly steady for the day, with a few nominal losses. The increase in Norfolk and Western's dividend rate to six per cent. had no pronounced effect upon the stock, as the change had been anticipated. The stock rose less than a point, touching its recent high figure of 108 1/4, and then fell back.
The Erie, Rock Island and Southern Railway shares were especially firm, and Delaware, Lackawanna and Western rose 20 points, a gain of 15 points within about a month.
It was among the less active industrial stocks that the chief fluctuation occurred. The loss from the movement in the steel group, American Cotton Oil continued its recent decline, falling 2 1/2 points. The Erie, Rock Island and Southern of United States Steel. The preferred stock of 2 1/2. Colorado Fuel, National Lead and Underwood Type-Set were among the more active shares of the Bank of England and the Bank of France showed a further increase in price. The Bank of England was 20 points, and the Bank of France, which added more than \$2,000,000 to its holdings, and at the same time reduced its advances and discounts by \$1,825,000.
Bonds were irregular. A fall of 2 1/2 points in Wabash fours was reminiscent of a recent break of 10 points in this issue. American Tobacco bonds surrendered almost all of yesterday's gain, and Third Avenue City bonds were unchanged.
U. S. Bonds were unchanged on call.

Public Utilities.

Sherbrooke Railway & Power Company Bonds
The history of the Public Utility Corporations in Canada has conclusively shown that if bought and held as investment will yield better returns than any other securities that can be purchased.
In the case of the Sherbrooke Railway & Power Co., already this year their earnings are 33-1-3 per cent. more than last year for the same period showing the rapid advance the premier town of the Eastern Townships is making.
We are offering a limited quantity of SHERBROOKE RAILWAY & POWER CO. bonds at 95 per cent. and interest with a bonus of 40 per cent. common stock.

CHATHAM NEWS

Chatham, Oct. 25.—The alterations to the Bank of Montreal's premises are now about finished, though the new lot has not yet been evened up. The alterations to the premises will not be done until next spring.
With the alterations made the bank has very light and commodious offices. The alterations have been turned down and entrance to the offices above is by means of a stairway which runs to the rear of the building and from which a concrete walk has been laid to the street. Three large windows in what was formerly the bank's entrance have been removed and natural light and the extra space gained in the removal of the stairway has allowed the clerks' offices to be widened as well as that for the general public.
In the front of the vacant lot next door, a new iron fence and gate have been erected, under Jer. McCormack's superintendence.
While the street has lost an old landmark in the disappearance of the law chambers building, the Bank of Montreal premises have been greatly improved. The work was done by John McDonald and Co.
George Watt has bought the Wing house, Wellington street.
The Y. C. directors met in the association rooms Monday evening and a committee was appointed to make arrangements for securing a secretary and physical instructor for the winter. This means that the gymnasium will be open again, a fact which will be much appreciated by a large number of the town.
Dr. King, of Buctouche, was in town over a lawyer went to St. John on Monday.
Mrs. Noonan J. Maher received her friends Tuesday afternoon at the residence of her mother, Alexander McLean.
The ladies of St. John's church held a very successful tea and sale in the church hall Monday evening and netted over \$60.
Mr. and Mrs. H. H. Simmonds are rejoicing in the arrival of a daughter.

PORTLAND BOWLERS IN HIGH RUNS

(Portland Argus, Oct. 26.) "Pete" Pride is still leading the field in the big \$50 prize race at the Monument Square alleys, but lots of things may happen before the contest closes at the bowling headquarters on the evening of December 23, all the stars putting in all their spare time during the week. Pride has a handsome total of 1358 at the present time, but at the rate the fellow is travelling he is very apt to boost this figure before the race ends. Fred Hooper is runner up and he has a nice total of 1319, while Hanson is third down, only eight timbers behind Hooper. The scores of the six high men in the contest to date are as follows:
Pride—144 141 137 134 125 135 132 123 124 129—1358
Hooper—126 127 146 123 137 126 130 133 123 129—1358
H. W. Hanson—131 129 128 128 128 128 142 137 127 128—1311
Barton—122 126 156 132 128 123 133 132 139—1319

THE ATHLETICS

The Score Was 13 to 2, and an Idea of the Baseball Slaughter Can be Gathered From the Fact That the Athletics Scored Seven Runs in One Inning and Five in Another -- Yesterday's Game Completes the World's Series.

Philadelphia, Pa., Oct. 26.—Philadelphia Athletics, champions of the world for the second successive year, in an exhibition of batting seldom seen in a premier baseball series, the American League team this afternoon defeated New York in the sixth game of the series by the overwhelming score of 13 to 2, thus giving them the four necessary games out of the six played to carry off baseball's greatest feat for the Athletics it was a rout. Philadelphia is celebrating tonight as it never has before observed a great baseball victory. To defeat New York in revenge for the trouncing the National League gave them in 1905 was almost as pleasing to the Athletics as winning the world's championship itself. With the victory goes sixty per cent. of \$127,910.61, or \$76,746.37, of which each Athletic player will receive \$3,664.59. The losers will receive the remainder, \$51,164.24, or \$2,456.59 for each New York player. The batting machine that the Athletics gave was one of the finest exhibitions of offensive playing seen at Shibe Park in a long time. Coming from behind after New York had scored one run in the first inning, the Athletics tied the score in the third

JACK COOMBS BADLY HURT

Philadelphia, Oct. 26.—Jack Coombs, the brilliant Athletic pitcher is in bed at his home in this city with serious internal injuries. In the sixth inning of yesterday's game at New York, he wrenched his intestines. Today his condition is so much worse that his physicians called in two other doctors. They succeeded in reducing the injury and said no operation will be necessary. Coombs, however, will be in bed for a week and will have to wear a truss for some time. He will be able to pitch again next season, the doctors say.

ENTRIES FOR DUNLOP TIRE TROPHY RACE

The twenty mile bicycle road race for the Dunlop Tire trophy will be held on Monday afternoon, Thanksgiving Day. This race, which has become an annual event of importance in sporting circles, promises this year to eclipse past ones. Already considerable interest and enthusiasm have been shown in the race, and no doubt the event will be followed with interest on Monday. The entries for the event closed last evening, and the entrants who have signified their intention of competing are fast ones in this particular mode of locomotion. The three Maritime Provinces will be represented in the race, so that the event will be of more than local interest.

The participants in Monday's race are—Joe Foote, under the colors of the D. B. C. A., Dartmouth, N. S.; W. A. Moir, (Wanderers Club) Halifax; Nelson Winchester (Abegweit), Charlottetown, P. E. I.; T. C. Oulton, Amherst; W. H. Smith (E. D. C.), St. John, and H. M. Cochrane, Bloomfield, N. B.

The race will start at 2:30 from the Every Day Club house, Union street, and the course will be from there to Robesay and return to the starting point. The officials chosen for the race are, Referee, Chief of Police, W. W. Clark; starter, Arthur McHugh; timers and judges, W. Campbell and R. A. Watson. Through the courtesy of the J. A. Pugsley Automobile Co. a car has been placed at the disposal of the officials so that they may follow the racers on the course.

Should the weather prove favorable, the race will be followed by a large number. The contestants are said to be speedy ones, and with the valuable prizes as an incentive, they should give a good account of themselves and provide excellent entertainment for the holiday.

ASSOCIATION FOOTBALL.

At a meeting held last night the St. John Association football team made arrangements to go to Fredericton to play the R. C. R. football team on Thanksgiving Day. An interesting game is expected as the soldiers have been practising hard of late. The St. John team will have a work out on Saturday afternoon all the players are expected to be in hand. The team will be picked from the following players: G. Spearman, A. Spearman, J. Galt, G. Ferris, J. Dillon, W. Coulls, J. Telfer, J. Miller, J. Wilson, Peebles, J. Marsden, W. H. Marsden, and J. Wilkinson.

AROUND THE CITY

Returned Missionary to Speak.
Miss Robb, a returned missionary from Korea, will speak in the King's Daughters' Guild on Sunday afternoon at four o'clock.

Gloves Found By Police.
A pair of gentlemen's gloves were found on Queen street yesterday afternoon and handed to the police. The owner can receive the same on application at the central police station.

North End Conservative Club.
A meeting of the North End Conservative Club will be held in the St. Andrews street hall at 8 o'clock this evening. A full attendance is requested as business of importance is to be transacted.

Two Games Tomorrow.
The energetic manager of the Harriers has secured another double header in first class football for tomorrow afternoon by bringing to St. John the Provincial Normal School fifteen to play the High School pigskin chasers and the Moncton city team to play the Harriers. There will be a meeting of the Harrier players at the Y. M. C. A. this evening to pick the team to play tomorrow.

Germain Street Cradle Roll.
The reception for the members of the cradle roll and their mothers was held in the vestry of the Germain street Baptist church yesterday afternoon from three to five, and was a great success. Nearly one hundred mothers and babies were present, and a very enjoyable time was had. The babies were kept interested by an efficient committee from the primary department, who amused them with toys, phonograph selections and with forth. Ten new members were enrolled. Refreshments were served at the close.

Congregational Reunion.
The Sunday school room of Waterloo street church was the scene of a happy gathering last evening when the members of the church met for a congregational reunion. The affair was a most enjoyable one, and the pastor, Rev. F. H. Wentworth, by the superintendent and officers of the Sunday school. A select musical programme was carried out after which refreshments were served. The offering which will go in aid of the church, was a substantial one.

Boy Breaks His Leg.
George Hutchinson, a nine year old boy, who resides with his mother on Hilliard street, North End, was very badly injured on that street shortly after 6 o'clock last evening. The boy was crossing the street when he was knocked down and run over by a three horse team owned by a man named McCarthy. Bruised and bleeding the little fellow was picked up and carried into his home which was near ambulance. He was conveyed to the general public hospital where it was found that his left leg was broken about the middle and besides some other bruises he received a deep gash over the right eye. Dr. Haley, of the hospital, set the broken limb and dressed the other injuries. The little fellow will be confined to the hospital for some time. It is said that the driver of the team that caused the injuries was not to blame as he did not see the boy until he was struck by the team.

MAKING PLANS FOR GREAT CONVENTION

Gathering to be held here November 20-22, Promises to be Successful - Noted Men Coming.

For a month past the St. John interdenominational Laymen's Missionary Committee has been in co-operation with the Laymen's Missionary Association of Canada preparing plans for the big convention of men to be held in this city, November 20-22.

The convention in St. John will be one of eleven being held throughout the Dominion, beginning at Vancouver and ending at Sydney.

A meeting of the local executive was held last evening in the St. John (Stone) church, with Rev. Dr. Flinders presiding. It was reported that about 40 commissioners had registered for attendance at the convention to be held here. It was decided to hold a mass meeting for women on the afternoon of Tuesday, Nov. 21st, to be addressed by Sir Andrew Fraser and J. Campbell White. A united meeting for prayer will be held every week in the Y. M. C. A. building till the convention opens, in order to bring the workers together.

The central committee in charge of the New Brunswick convention has made good progress since it was definitely decided that the convention would be undertaken. Letters have been sent to every clergyman and a large number of laymen throughout the province, advising them of the dates and asking them for the names of probable delegates from their respective parishes. The returns from these letters have been very gratifying to those responsible for the success of the convention. Registration cards are coming in from all sections of the province in such numbers that a very large attendance from our parishes in the province is assured.

The committee of management is having some difficulty in deciding upon the most suitable building in which to hold the convention. The Centenary Methodist Church is mentioned as it has the largest seating capacity of any church building in St. John, but it will only seat four hundred people. The St. John Opera House is also mentioned, but some objection is raised against holding such a convention in an opera house. Whatever building is used, however, those delegates holding registration cards are assured of seats at all of the meetings, as reserved seats will be held for them.

The chief speaker at the convention will be Sir Andrew Fraser, K. C. S. I., Lieutenant-Governor of Bengal, India, who is making this special trip from India to Canada in order to be present at these conventions. Another powerful speaker of world prominence who will be at the New Brunswick convention is Mr. J. Campbell White, just returned from Ceylon, China, here he has been making a special study of the missionary situation in the Orient.

LADIES WERE PLACED IN DIFFICULT PLIGHT

Visitors From Joggins Mines Lost Their Pocket Book in Union Depot, and Were Stranded Here.

The Misses Kenney, of Joggins Mines, N. S., arrived in the city yesterday afternoon and intended taking the Boston express on a trip to a city in Connecticut but just before the departure of the express for the west, they found that they had lost their pocketbook which contained their tickets and \$50 in cash.

The two ladies were seated in the I. C. R. depot awaiting the time for the train to leave and when Policeman Scovill Smith called out for the passengers intending to board the train they picked up their wraps and started for the train, but immediately discovered that their pocketbook was gone. They searched about the seat where they had been seated in the depot and the floor, but without result and then notified Policeman Smith of their loss.

The two women were left in the city without tickets or money and could not proceed. They had no friends here from whom they could obtain enough money to enable them to continue their journey. Policeman Smith, however, came to their aid and paid for a telegram to their friends in Joggins Mines for assistance and then escorted them to his home where they will remain until this evening when they expect to receive enough money to enable them to purchase tickets.

The Misses Kenney cannot understand how they could have lost the pocketbook and although there were a large number of people in the depot during the time that they were there they do not remember any person being near enough to them to steal the pocketbook. It is believed however by some, that the pocketbook has been stolen from the ladies. Up till late last night there had been no tidings of the missing pocketbook.

APPLE RAISING VENTURE AT BURTON A SUCCESS

The St. John River Valley Fruit Company Has 900 Acres There - What the Manager Says.

That there are fruit lands in the St. John River Valley better than the fruit lands in British Columbia which bring \$1,000 an acre, is the opinion of A. C. Parker, manager of the St. John River Valley Fruit Company, which has 900 acres of land at Burton, on the river St. John.

Before he took charge of the practical work at the farm at Burton, Mr. Parker, who is a native of Berwick, N. S., in the heart of the great fruit raising country, spent some time in British Columbia and visited the principal fruit raising districts in that province. His opinion of the fruit raising possibilities of the St. John valley is that of a practical orchardist and is of especial value.

"Land is cheap in the St. John valley, and it is in some places exceptionally well adapted to raising apples," he added. "In British Columbia they get the size and color in apples, but they are away off in favor as compared with the apples raised in the St. John valley. The tenderer variety of apples do not flourish here, but for the harder varieties the valley is as good a place as any part of the world I have been in. We can raise apples for the Christmas trade to perfection and ship them to the English market after the winter port season opens at St. John."

"Perhaps the principal reason why fruit lands bring such high prices in British Columbia is that land in that province suitable for fruit raising is very limited. The fine climate there is a great advantage from the fruit raiser's standpoint, but the land has to be irrigated, and that is a very difficult process in a hilly country."

The farm at Burton marks the opening of a new movement in orcharding in this province. The company which has taken hold of it intends to convert the whole 900 acres into orchards, and then split it up in smaller holdings and sell the holdings to settlers. The plan they are working on is much the same as that adopted by the C. P. R. with the object of selling improved farms.

Luther E. Smith is the president of the company and associated with him are Robert Smith, A. R. Slipp, M. P. P., and others. The farm has a frontage on the river, with a wharf at which the river boats call. When the company took hold of the property last spring there were about 25 acres of cleared land on it and an old orchard which had received no proper care for some time. They planted 2,000 trees on a portion of the cleared land, ploughed the land between the trees and sowed 16 acres with potatoes. From this acreage they took a crop of 1,800 barrels of potatoes, though some of the farmers in the vicinity only got 50 barrels of potatoes to the acre.

THE SAME OLD STORY IN THE SAME OLD WAY

Very Little Originality Displayed in Excuses Put Up by Delinquent Dog Owners in Court, Yesterday.

Yesterday afternoon in the police court a number of persons appeared before the Magistrate for not having taken out dog licenses last May. The fine for such an offence is five dollars or twenty days jail, it was expected when the court opened that there would be many in the court to give reasons why they had not taken out the needed licenses, but there were only a few present, and the excuses given by these were so satisfactory that no fines were struck.

William Ingraham informed the court that he had once owned a dog and a week ago it reached the age of 14 years and was killed, as it was not worth the amount that the license would cost.

The Magistrate excused Ingraham, but stated as he had kept the dog all summer he should have taken out a license for it.

William Barker said that he once had a dog but sold him in February last. The dog, however, seems to be a peculiar animal, for since he was sold he returns to his old home for one day and then stays away for a couple of months. Barker was allowed to go.

Mrs. Telanson appeared in court and admitted that she had a dog and produced the money for a license. Gilbert Dykeman said that he was not the owner of the dog. It was an old tramp dog which had been picked up by his boy, and through friendliness brought him home and cared for. It had been given away but still goes the rounds of the house. Mr. Dykeman was informed that it was being kept near enough to them to steal the pocketbook. He promised to get out a license the first of the week for the hobo dog.

Walter Osborne said that he had given his dog away to a man in Black River last June, and the dog that the policeman saw at his home was only a little pup that he had been keeping for another man. This man did not return for the pup so Osborne gave it away. He was told to satisfy the policeman that his story was correct and was allowed to go.

THINKS ST. JOHN'S FUTURE IS BRIGHT

This City's Future More Substantial Than That of Any Western City, is Mr. Stratton's Opinion.

James Stratton, who recently bought the residence of D. C. Clinch on Mecklenburg street, is moving in with his family next week. Mr. Stratton is the manager of the Lauriston Land Company, Ltd., which is affiliated with the Saskatchewan Real Estate Board. In conversation with the Globe yesterday Mr. Stratton said that his company had secured about sixty lots in St. John East. He had not been over the property yet, but the company would do nothing with it this winter. St. John, in his opinion, has a more substantial future ahead of it than any western point that he knew of.

Prince Rupert, which had been booming so much, did not occupy nearly as favorable a position as this city for the reason that it was still in the embryo stage. It was also the Pacific terminal of the G. T. P., whereas the great bulk of the produce of the whole western country must find its way to the eastern seaboard. Then St. John was an established city and real estate ought to be a good investment here. In conclusion, Mr. Stratton said that party politics were the curse of this end of Canada. In the west all the people pulled together for the benefit of their particular locality. The result was that in a short time they were able to build large towns and cities where before it was open prairie. Until men learn to subordinate their party affiliations and join in trying to better local conditions he could not see that much could be done for St. John.

root crops and let the fruit trees have the full use of the land. When the whole estate is converted into an orchard, the company will divide it up and sell to people wanting improved land, and then take up more land and continue the process of taking up and utilizing the fruit lands of the valley. The estate at Burton is particularly adapted to the purpose of raising fruit, as they are not troubled with frosts in that vicinity.

Halloween Entertainment.
Don't forget that Halloween entertainment in Centenary church school-room Tuesday next, Oct. 31st, at 8 o'clock. Tickets 20 cents.

Mrs. George Black and family wish to thank their many friends for sympathy and kindness shown to them during their late bereavement.

Commercial Bowling League.
At the first meeting of the commercial bowling league held last evening eight teams from the local business community entered. The list was kept open and there will be another meeting on the evening of Nov. 2nd. Three more teams are needed to complete the league and any business house of the city is qualified to enter a team.

The Best Quality at a Reasonable Price

Wisdom

Suggests the propriety of caring for your eyes before they become permanently defective, for if given prompt attention at the first symptoms of trouble the vision may be preserved, while delays frequently result in poor sight which is never regained.

"In nothing is the aid adage, 'a stitch in time, saves nine,' more appropriate than in regard to the care of the eyes.

Come in and let us tell you just what your eyes need, whether glasses will help you, or whether they are not necessary.
