## ENGLAND'S FORCES READY FOR FIGHT; CANADA WILL GO TO EMPIRE'S AID

### BRITAIN'S FLEET MOST POWERFUL IN WORLD IS READY

**FIRST FLEET LEAVES PORTSMOUTH—STIRRING SCENES AS BLUEJACKETS EMBARK—THOUSANDS GATHER ON PIER AND CHEER TARS—NAVY AT HEIGHT OF ITS EFFICIENCY.**

**Not For Years Has So Vast a Supply of Ammunition and Stores Been Ready For Immediate Use—The Details of the Squadrons.**

Special to The Standard.

London, July 30.—The Admiralty has issued a request, with which nearly all the responsible newspapers are complying, for the utmost reticence regarding the movements of warships, the condition of naval and military stores, and other information the leakage of which would be of use to England's possible continental enemies.

Moreover, a most impressive admiralty warning has just been circulated throughout the fleet and naval stations, reminding all in the service of the King that great mischief may result from apparently unimportant ideas of information becoming public.

Officers and men are especially cautioned against communicating anything to the press. Any infringements will be visited with prosecution under the Official Secrets Act as amended from the 18th century.

Sailing, however, that the admiralty itself issued last night a list of the ships comprising the first fleet which left Portsmouth under sealed orders, presumably there is no harm in publishing the same.

This fleet, under the supreme command of Admiral Sir George Callaghan, commander in chief of the home fleets is the most powerful in the world. It was by a most fortunate coincidence, brought to the height of its efficiency for the recent inspection by His Majesty.

### DETAILS OF THE SQUADRON

It consists of the commander in chief's flagship Iron Duke with attached ships Oak and Sappho, and the following four battle squadrons, namely, first battle squadron: Marlborough, flagship, Vice-admiral Sir Lewis Bayly, commanding the squadron; St. Vincent, second flagship, Rear-Admiral Hugh Evan Thomas; other ships being the Collingwood, Colossus, Hercules, Neptune, Vanguard and Superb, and also attached the light cruiser Bellona and the replenisher Cyclops.

Second battle squadron—King George V., flagship, Vice-admiral Sir George Warrenden commanding the squadron; second flagship, Orion, Rear-Admiral Sir R. Arbuthnot; other ships being the Adolphus, Centurion, Conqueror, Monarch and Thunderer, with the flag cruiser Boadicea.

Third battle squadron—King Edward VII., flagship, Vice-admiral E. C. Bradford commanding the squadron; Hibernia, second flagship, Rear-Admiral M. Brownings; other ships being the African, Britannia, Commonwealth, Dominion, Hindustan, and Zealandia, with the light cruiser Blanch.

Four battle squadron—Dreadnought, flagship, Vice-admiral Sir D. Gamble, commanding the squadron, other ships being the Agamemnon and the Temeraire, with the light cruiser Blonde.

Four cruiser squadrons, namely—First battle cruiser squadron, Lion, flagship, Rear-Admiral Beatty, the other ships being the Queen Mary, Princess Royal and New Zealand.

Second cruiser squadron—Shannon, flagship, Rear-Admiral Gough Callithorpe, with the Achilles, Cochrane and Natal.

Third cruiser squadron—Antrim, flagship, Rear-Admiral Pakenham, with the Argyll and Devonshire.

First light cruiser squadron—The Southampton and the Birmingham.

Vast stores of ammunition—For months past men at the Royal Arsenal, Woolwich, have been busy replenishing stores. Not for years past has so vast a supply of ammunition and other stores been ready for immediate issue.

### STIRRING SCENES AT PORTSMOUTH WHEN THE BLUEJACKETS LEAVE

There were stirring scenes at Portsmouth when the first fleet left. Large numbers of officers and men were at the Pavilion Theatre and Picture Palace when the commander-in-chief's orders were announced from the stage that every man must be aboard at ten o'clock. The excited audience rose in their seats as officers and bluejackets left the theatre and cheered heartily, the orchestra playing "Rule Britannia."

Similar scenes were witnessed at other places of amusement. Thousands of people congregated about the pier, Jack-tars arrived arm in arm with their sweethearts; some of the tearful farewells might almost have suggested that the whole fleet was going into action straight away. Ladies in evening dress were driven to the pier in taxis to wish husbands and sweethearts goodbye, some scenes were most affecting, but apart from these feminine displays of emotion there was the wildest enthusiasm and excitement amongst the crowd, which cheered itself hoarse for the British navy.

### FLEETS ARE READY FOR ACTION WHENEVER THE WORD IS GIVEN

Fleets are ready for action. All the ships of the second fleet are fully manned, the crews having been kept aboard since the King's inspection last week. The ships are all coated and otherwise prepared for sea.

Most of the ships of the third fleet are having their bunkers filled with coal. They have only reduced nucleus crews aboard, as the men of two divisions of the fleet reserve were demobilized and paid off at the

### CANADA PREPARES TO GO TO AID OF MOTHERLAND IF EMPIRE JOINS IN FIGHT

**Emergency Meeting of Militia Council Held Yesterday With Col. Hughes Presiding—Contingent of 20,000 Can Be Ready Within Couple of Weeks After Call For Help Comes—Col. Hughes May Take Command.**

Ottawa, July 30.—Canada is getting ready to back up Great Britain to the full extent of the Dominion's defence resources in case the Empire is drawn into the European struggle. An emergency meeting of the militia council was held today with Col. Hughes presiding. The Minister of Militia, who had been hurriedly summoned yesterday from his home in Lindsay, Ont., in consequence of the British war office, took prompt charge of preliminary preparations for calling out a first contingent of 20,000 or 25,000 men from Canada to join the imperial army as soon as the call for help comes.

The British war office has been advised that it can rely on quick action by the Canadian militia forces.

It is understood that similar assurances have also been given by Australia.

The militia headquarters staff have plans for speedy mobilization already prepared and every official has been instructed as to what his duties shall be in case word comes from London asking for a Canadian contingent. The permanent forces at Halifax, Esquimaux and other points have been ordered to be ready for mobilization or, as a preliminary precaution the Halifax garrison has been promptly brought back from the camp at Aldershot. As a preliminary precaution the Halifax garrison has been promptly brought back from the camp at Aldershot. As a preliminary precaution the Halifax garrison has been promptly brought back from the camp at Aldershot.

Col. Hughes says that a Canadian first contingent of from 20,000 to 30,000 men could be mobilized and ready to sail within two or three weeks.

Col. Hughes says that a Canadian first contingent of from 20,000 to 30,000 men could be mobilized and ready to sail within two or three weeks.

The active Canadian militia now numbers about 80,000, and on the reserve list, including officers and men who have been trained in former years there are nearly half a million men.

The total available force, however, if full strength was called out would only be about 250,000, and such a force could not be adequately equipped for active service without some considerable delay.

The militia department says that there will be no delay at all in mobilizing and adequately equipping at least 20,000 men.

As an evidence, however, of the fact that no further active preparations for war are to be made at present it may be noted that Col. Hughes left for Brace Bridge tonight where he will speak at a banquet tomorrow night. He does not expect to return to the capital until Monday.

Premier Borden will probably return to the capital from Muskoka early next week, but he has been advised that there is no immediate need for his presence here.

### NAVAL STRENGTH OF TWO GREAT EUROPEAN GROUPS

The naval correspondent of the Daily Telegraph gives the naval strength of the two European groups, namely, Germany, Italy and Austria, 59 battleships, 51 cruisers, 130,500 personnel; Britain, France and Russia, 97 battleships, 154 cruisers, 264,000 personnel.

The correspondent says: "This suggests that the time is hardly favorable for Austria and her friends. They are engaged in great schemes of naval expansion which will not reach the point of culmination for five or six years, owing to increased number of conscripts and volunteers now under training, a larger proportion than ever before. The efficiency of their fleets for action certainly has not been increased during the past five or six years, judged by any available means of computation."

### REVIEW OF DAY'S DEVELOPMENTS

The gravity of the international situation was recognized in all European capitals today.

Premier Asquith and Sir Edward Grey called on all parties in the British Isles to join together in efforts to avert the immeasurable calamity of an extension of hostilities to other countries.

The German Emperor conferred lengthily with the Imperial Chancellor and the ministers of war and marine, and later reserve officers received orders to mobilize.

Russia proceeded with her mobilization of a large number of troops. President Poincaré and the French cabinet decided to meet daily, and the French defensive forces took extensive precautions.

Austrian invaders and Servian troops came into contact on Servian territory and hundreds of casualties were said to have resulted.

The whereabouts of the main British fleet is unknown, since its departure yesterday from Portland under sealed orders.

The German battle squadrons are concentrated at Kiel, and Wilhelmshaven.

The French fleet has taken steps to prepare for eventualities.

Japan is said to have declared its readiness to join its ally, Great Britain.

In outlying British colonies, the troops have been prepared for instant service.

A German gunboat hurriedly quit Capetown today, and went to sea.

The German and British fleets in the Far East have been concentrated at their chief stations.

All foreign students were ordered to leave Germany.

Stock markets everywhere in Europe have virtually ceased operations and the leading banking institutions have taken measures to preserve their stocks of gold.

### AUSTRIANS MAY DECLARE WAR ON RUSSIA TODAY

**General Situation Grows More Threatening—All Europe Hastening Preparations for Conflict—England's Land Forces getting in line—Asquith may Sanction a Vote of Credit—Definite news from Centre of War vague—Japan likely to go to Britain's help, unless War is confined to Europe.**

London, July 31.—Early this morning comes news that the German cabinet, presided over by the Emperor, sat at Potsdam until midnight, and that a censorship over the telegraph lines is being imposed at Berlin.

This is interpreted here as implying preparation for German mobilization, and a few hours probably will decide whether Europe is to be involved in universal warfare.

It is fully expected both at London and Berlin that the Russian foreign minister, Sergius Sazonov, will reply to Germany's demand for an explanation to the effect that Russian mobilization has already been ordered, and cannot be cancelled.

In the event of Germany mobilizing, it is expected that Premier Asquith will immediately ask parliament to sanction a large vote of credit as a necessary precaution.

With the exception of official reports from Vienna, given in the briefest form, and thus far dealing with the bombardment of Belgrade and the capture of several Servian vessels on the Danube, little reliable news has been received in London concerning the course of hostilities. Numerous reports are current that battles are in progress at various points, including one from Milan tonight that a heavy engagement is raging south of Belgrade tonight, but according to Servia official accounts all attempts on the part of the Austrians to cross the river have been repulsed, and the reports of the occupation of Belgrade are considered premature.

While the news of the actual developments in the Austro-Servian war is unsatisfactory, the general situation is one of growing menace. There is a vague report that Austria and Russia are still engaged in diplomatic negotiations through the medium of Berlin, diplomatic intercourse between these two countries having been suspended, but slender hopes are entertained of success in this direction.

Germany has addressed a note to Russia requiring an explanation of Russia's mobilization, and in the absence of a satisfactory reply it is feared that Germany may take steps to mobilize also.

In the meantime, every nation in Europe is taking active steps to be prepared for any eventualities.

London, July 30.—A despatch from St. Petersburg to Reuters' Telegram Company says it is believed in St. Petersburg that Austria will declare war against Russia tomorrow. The despatch adds that if this should be the case it is understood that Emperor Nicholas will go to Moscow to deliver a pronouncement in the Ushensky Cathedral.

JAPAN WITH ENGLAND

Tokio, July 30.—Japan's attitude on the European crisis may be described as one of watchful waiting. Should Great Britain become involved in the war and British rights and interests in eastern Asia or India be menaced or attacked, it is said that Japan, in fulfillment of the terms of her alliance with Great Britain, will assist that country. However, if the war is limited to Europe, Japan probably will remain neutral.

London, July 30.—The British army is quietly and swiftly preparing. The war office throws cold water on the word "mobilization," and has issued the most carefully framed official notice to the newspapers that only "the usual precautions" are being taken.

Every step necessary to place the land forces on a war footing, except the summing up of the territorial army, has been taken. All the territorial officers received orders today to be prepared for a call to duty.

A large section of the engineers' staff of the territorials has been ordered on duty. Every officer and private of the regular army and some on leave have been recalled.

### ADMIRALTY GUARDS SECRET OF FIRST FLEET'S MOVEMENTS

The forces at Aldershot have been reinforced by numerous detachments from other points, and a battalion of the Duke of Cornwall's regiment, which was about to embark for Hong Kong, has been detained. The searchlight stations, on the eastern coast are now fully manned, largely by territorials, and coastwise steamers report the lights all along the coast as being in operation all last night, playing their shafts on every incoming and every outgoing vessel.

None but the Admiralty, which is in constant touch through wireless at Whitehall, knows the whereabouts of the first fleet, which left Portsmouth yesterday, but it is a safe presumption that the fleet is in a position to strike the North Sea in the event of hostilities.

Two Germans, suspected of being spies, were arrested in the Isle of Wight today, and are detained in jail.

course of business did not secure any information whatever.

The members of the Flemming counsel took the prosecution leader to task several times because of his manner of handling the case. At one time Carvell refused to recall Mr. Hobson to clear up some matters of bookkeeping and finally remarked that he was getting along alright.

Mr. Guthrie in reply said Carvell didn't seem to want to get matters right and although the blusterer blustered in his best style he was unable to make an efficient answer.

Twice during the day Mr. Carvell

was forced to disclaim responsibility for statements appearing in the local

Grit newspapers as at the morning

session Mr. Guthrie forced an an-

ouncement from the prosecution lead-

er that a statement appearing in the

Times on Wednesday and concerning

H. F. McLeod, was unfair. The Times

intimated that Mr. McLeod approach-

ed Judge Carleton with a view to in-

fluencing him in the appointment of

third arbitrators. Mr. Carvell when

questioned admitted that he had no

knowledge of any such action on the

part of Mr. McLeod.

(Continued on page 5)

### MR. CARVELL REPUDIATES TELEGRAPH

Prosecution leader forced to take back water twice yesterday—Scored by Mr. T. J. Carter.

Mr. T. J. Carter, K. C., of the Fleming counsel found it necessary to again take Mr. Carvell severely to task at the enquiry into the Valley Railway charges yesterday afternoon and forced the Carleton County Blusterer to repudiate a question containing a nasty insinuation against Hon. H. F. McLeod, as it appeared in the Telegraph. Mr. Carvell in a heated outburst said that the Telegraph was wrong. A general laugh ran around the court room and Mr. Carter remarked that everyone would know the statement was untrue because Mr. Carvell made it.

Mr. Carter then asked Mr. Carvell to call Mr. Holland to prove the matter, this Mr. Carvell refused to do and Mr. Carter intimated that he would deal with the matter in another manner.

Mr. Carvell did not seem to have recovered from his shock of Wednesday when he found the enquiry was limited to the Gasstown-Centreville termoon in a lengthy examination of Ross Thompson of the Construction Company. Mr. Carvell tried to show that several payments were of a suspicious nature, but beyond proving that the money was used in the ordinary

# BRITAIN'S FLEET MOST POWERFUL IN WORLD IS READY

(Continued from page 1)  
end of last week. Those of the intermediate class fleet reserve are not yet, however, demobilized. They are still aboard the third fleet.  
All the destroyers of the sixth Portsmouth flotilla are fully complete and ready for sea.  
The naval correspondent of the Daily Telegraph says: "The British navy which is at least as strong in torpedo craft as it is in battleships and cruisers, may be regarded as one of the great influences for peace."  
It is important at this moment of crisis to recall what Mr. Churchill remarked on a famous occasion: "We stand purely on the defensive. It is inconceivable that we should make a surprise attack on Germany or any power. For one thing, we have no means of following up such an attack."  
The correspondent adds: "The British navy exists in an atmosphere of detachment in a continent of great standing armies and vast fleets. It is a great instrument for peace amid many conflicting currents of international affairs; it has saved Europe from the horrors of Armageddon in the past. May it, by strength and efficiency, once more assist, dispelling the shadows which today benumb men's thoughts and overpowers their imaginations."

# POLITICAL FEES JOIN HANDS IN EMPIRE'S HOUR OF NEED

The political forces of the country also are almost mobilized solidly, presenting, in Premier Asquith's words to the House of Commons today, "a united front."  
The remarkable sight was witnessed today of Premier Asquith and Andrew Bonar Law, leader of the opposition, who, a few days ago were on terms of personal as well as political hostility, driving in the same car from a consultation with Sir Edward Grey, secretary for foreign affairs.  
The prime minister announced in the House of Commons that the amending bill to the home rule bill would be dropped for the present by the consent of all parties. All parties included the Irish Nationalists and the Ulster covenanter. Mr. Bonar Law said: "In view of the prime minister's pronouncement—that peace and war are in the balance, domestic differences must not prevent our presenting a united front in the council of the world," and added a word in behalf of Sir Edward Carson, the Ulster leader, to the same effect.  
All measures likely to arouse party or international hostilities, have been sidetracked. They include the naval vote, which inevitably excites discussion of Germany's policy, and the vote for imperial defence. Nevertheless, there is a strong, although apparently a minority feeling that Great Britain should maintain its neutrality, whatever comes, and refuse to be drawn into the quarrels of the continental powers.  
The peace section of the Liberals, which through past years of strained relations with Germany, has worked for reconciliation, and which often has been called "the little Englanders," is taking a strong stand against the war. Its spokesmen in the press are the Manchester Guardian, one of the most powerful papers in England, and the Daily News, which is owned by a rich quaker family named Cadbury. The Guardian said today:  
"Rather than be guilty of this madness, there is no constitutional measure of revolt which Englishmen ought not to use, who think more of their duty to their own country than to the real or imaginary interests of Russian autocracy."  
It regrets that the Times is for war, and still is regarded in Europe as speaking with the voice of the British foreign office. The Labor party also opposes the war, its members in the House of Commons today adopted a resolution, praising Sir Edward Grey for his attempts at mediation and saying:  
"The Labor party holds that on no account will this country be dragged into a European conflict, and the prime minister has stated, we have no direct or indirect interest."  
The resolution calls upon all the labor organizations to oppose the war vigorously. Socialists societies in several cities have held meetings of protest against the war.  
The Dutch reservists in England have received telegraphic instructions to return to Holland forthwith.  
The Cunard Steamship Company denies the report printed in the United States that the Aquitania has been commandeered for war service.  
Applications for passports at the foreign office this week have exceeded all records.

### Vienna Pessimistic.

Vienna, July 30.—Opinion concerning Russia's attitude in the Austro-Serbian situation is becoming extremely pessimistic. It is well known here that the peace efforts of European diplomacy will not succeed if Russia considers her long fostered plans at last ripe for realization.  
The only ray of hope received from the Serbian side concerns the damage to the Semlin-Belgrade bridge. This bridge was regarded as neutral, and its destruction is therefore considered a breach of international law.  
At one o'clock in the morning the powder magazine at Belgrade blew up. At dawn the Serbians made another unsuccessful attempt to destroy the bridge.  
As shots were fired from the Serbian customs house upon our troops our artillery was trained upon the building, which was quickly demolished. This was followed by the sound of rifle fire. Simultaneously fire broke out at different points in Belgrade.  
July 30.—The Austrians opened a heavy cannonade in their second attack on Belgrade at eleven o'clock last night. The guns of the Austrian monitors and the batteries at Semlin fired until two o'clock in the morning. Several buildings were damaged. The Serbian guns replied only occasionally.  
An Austrian gunboat was badly damaged.  
An attempt by the Austrians to cross the river was repulsed with severe losses by heavy infantry and machine guns. The rifle fire lasted until four in the morning. There were no Serbian losses.  
The Austrians made several other attempts to cross the rivers Save and Danube, but were everywhere driven back. It is reported that they intend to renew their bombardment of Belgrade today.  
London, July 31.—The St. Petersburg correspondent of the Times says that partly mobilization has been ordered by Russia, and is confined to the army corps stationed along the borders of Austria-Hungary.  
The prolonged diplomatic conferences at St. Petersburg, adds the correspondent, have been devoid of practical results. "The persistent unanimity of Austria and Germany's bland responses to Russia's despairing appeal for a hearing," he declares, "compels the unwilling conclusion that all this diplomatic effort has been mere bye-play to gain time. Hardly any doubt exists that Germany will now throw off the mask, and openly mobilize."  
Sergeant Finley said he had made frequent complaints about the condition of the lockups on the West Side. Finally he was reported for being in a bad temper. Mr. McMillan, who was in charge of the lockups, said he would have nothing to do with the police.

# Canadian Banks in Fine Position to Cope with Present Situation

Montreal, July 30.—The situation with reference to the Montreal Stock Exchange remained unchanged today. Further progress was made in the arrangements undertaken yesterday to protest the market from demoralization when it is decided to re-open for business.  
The arrangements for Montreal are in the hands of very powerful individuals, with important banking support behind them, and the situation promises to be handled with the greatest care.  
Fortunately the Canadian banks have seldom if ever been in a more favorable position to meet such a situation.  
May Postpone Re-opening.  
Toronto, July 30.—While the date of the re-opening of the Canadian stock exchange is virtually fixed for next Tuesday, a further postponement may possibly be necessary. The wisdom of closing down business until the air clears is generally admitted. The only transactions in Canadian stocks reported were those which occurred on the New York stock exchange.  
Four Trade Demoralized.  
Winnipeg, July 30.—The four-trade

# BRITAIN UNITED AGAINST ALL FOES

They thought they found us sleeping,  
Thought us unprepared  
Because we had our party wars  
But Englishmen unite  
When they're called to fight  
The Battle of Old England's  
Common Cause.

Leader.

BONAR LAW  
Hon. Bonar Law, Leader of  
Unionist Party.

# MORE PATROLMEN WANTED, OPINION OF SERGEANTS

George Earle.  
George Earle, janitor of police station, joined force in 1888. He never heard Chief Clark reading to the men, but the deputy had done so. The police magistrate tried to come in and lecture the men, but the chief stopped him. The chief and deputy frequently addressed the men in ranks, reading from books the city by-laws, and criminal code.  
The court—Did anybody ever attempt to find out how much you knew about your duties? Did the chief or deputy ever question you?  
Witness said that beginning last March the deputy had read sections of the by-laws to men in ranks each evening for about six weeks.  
Sergeant Hastings.  
Sergeant Aaron Hastings, 33 years of age, appointed by Chief Marshall, did not pass any examination, medical or in reading and writing. He got no instructions from Chief Marshall, but did from Sgt. Weatherhead. He was not given a manual, but had the use of Sgt. Weatherhead's. He had not seen a great deal of loafing on the streets. He had reported men on the force who were absent from their posts five or six minutes was suspended for three days. Another reported for insubordination was also suspended.  
Mr. Mullin—Have you found Chief Clark attentive to his duties?  
A.—Yes.  
Witness did not think there was enough men on the force.  
Joseph Jones, five years on force, passed medical examination, and thought he was asked to write. He read Marshall's manual a short time after he was appointed, borrowing Sgt. Baxter's book. He went into places "to get warm," "to rest awhile," to look over the papers. He went into the Royal Hotel, Park Hotel and Bushee's warehouse. He did not see officers playing cards. On Thursday night he was on duty in Portland. There was a party there, but no order. He was not called into the city during the riot.  
John F. Kane, three years on force, was absent from his post five or six minutes sometimes the chief came out and read to the officers about making arrests, etc. He heard Sgt. Campbell complain about not making enough arrests. He told how Campbell and he arrested Stillwell, Campbell was knocked down twice by Stillwell because he had not made enough arrests. Stillwell three times, cutting his head.

Witness told of card playing between four and five in the morning, officers coming from all the important beats in the city to join in games.  
James H. Gosline, appointed in 1890, was promised a book of regulations by Chief Clark, but never got it. He heard the chief read instructions from the police manual and criminal code. On Thursday evening he was home in bed, he got no call to turn out on account of the riot.  
He remembered hearing the chief deploring the necessity of dismissing Marshall. He had been in the Park Hotel, and had helped to move the chief's furniture when he was on duty at the station. After the Marshall investigation he was moved to the North End. He lived on the West Side.  
Q.—Do you think there is any connection between the Marshall investigation and your transfer?  
Witness was not allowed.  
Witness went to the chief to apply for an appointment as sergeant. The chief said: Do you think you ought to be a sergeant? If that is what you want, you needn't wait.  
Q.—Do you think the chief has a prejudice against you?  
A.—Yes. I've thought that for many years.  
Witness got this idea because the chief told him he could come over on the first ferry boat when he joined, but later ordered him to report with the other men, making it necessary for him to walk the bridge or use a boat.

Witness had not seen rules or regulations, and had "soaked up" such knowledge of police duty as he had. The chief and deputy frequently addressed the men in ranks, reading from books the city by-laws, and criminal code.

Witness got this idea because the chief told him he could come over on the first ferry boat when he joined, but later ordered him to report with the other men, making it necessary for him to walk the bridge or use a boat.

## "SALADA" CEYLON TEA.

# MOBILIZATION OF TROOPS IN NOVA SCOTIA BEGUN YESTERDAY

Preparations Made For Defense of Strategic Positions Against Possibility of Attack—Permanent Garrison Get Orders.  
Halifax, N. S., July 30.—Preparations for the defence of strategic positions in Nova Scotia against raiding forces have been proceeding in Halifax all day. The permanent garrison was hurriedly mobilized this morning and four hundred men of the Royal Canadian Artillery manned the outer forts of the local defenses. The Royal Canadian Infantry, which were at the Alderhot training camp, one hundred miles away, were ordered back to the city and are due here tonight. A detail of 125 infantry leaves early in the morning for Canoe to protect the Hazel Hill cable station. Another party of 150 leave for Cape Breton to guard the cable station and the coilleries there. There are about 3,000 Australians in Cape Breton working in the industries there and the authorities anticipate possible trouble from this source. It is generally expected that the three city militia regiments will be ordered out today tomorrow for test purposes. In the scheme of defence for the Halifax fortresses, the city artillery regiment mans the anti-torpedo batteries in several of the smaller forts, while the heavy guns in the outer forts are manned by the regulars.  
The 43rd Rifles and the 66th Fusiliers also have stations assigned them in the general defence plan and, while the headquarters office will say nothing tonight, officers of all the militia corps anticipate a muster tomorrow for the purpose of seeing how quickly the city regiments can get on duty. Details of army service corps, ordnance corps and medical corps are to accompany the detachment to Cape Breton and Canoe.

# LED IN SEARCH FOR WOMAN HE KILLED

Young Physician Guilty of Ontario Girl's Death by Illegal Operation—Helped Victim's Brother in Hunt for Body.  
Tamworth, Ont., July 30.—Responsibility for the death of Blanche York on July 8 last by an illegal operation, was placed on the shoulders of Dr. C. K. Robinson, the young medical graduate who only recently took up residence here, by the coroner's jury in the verdict arrived at after an hour and half's deliberation. A number of witnesses testified, and startling stories were told today of the callousness of the physician who continually questioned the relatives and friends of the deceased as to the girl's whereabouts, when she was lying dead in his house as the result of chloroform administered to facilitate an illegal operation. He eventually joined in the search, and drove around with the brothers. When any person put a direct question to him he threatened to sue the alleged slanders. Mr. W. Robinson, brother of the doctor, said he had no knowledge of the latter's whereabouts. Mr. Richardson one of the jurors, testified that he and another man had, on Dr. Robinson's invitation, searched the house but found nothing suspicious.  
MR. SILAS CASSON  
(Solo Violinist)  
Will receive beginners and advanced pupils at his studio, McLaughlin's building, Colton street, St. John, N. B. For terms, apply 46 St. James street.

The Present and Future of The Silver Black Fox Industry

By FREDERICK L. ROGERS, President of the Prince Edward Island Breeders' Association. (The Silver Black Fox) In response to your request for a letter on some phase of the industry, it has occurred to me, inasmuch as the contributors to this issue are likely to go closely into statistics, and in form your readers regarding the history of the business, that I might confine myself to a few observations with reference to its present condition and to its future, as I see it.

Notwithstanding all that has been written in newspapers and magazines on the subject, the people of North America are not so well informed as they should be. Many who have heard or read only a little about it, treat it as a joke, and it is no uncommon thing to hear all sorts of disparaging statements made regarding it. This is true, not only of the general public, but of its real extent, but it is also true of the attitude of some papers.

What is the present position of the industry? It is this: The production of silver foxes in Prince Edward Island this season is, of course in excess of any previous year. We have just received a pamphlet entitled "Plain Truths Regarding Silver Black Foxes" which gives accurate and authentic information pertaining to the industry in concise form.

A Sterling Investment. Few fox companies organized in recent years offer to the investor such substantial securities as does Silver Foxes and Furs Limited. CAPITAL - \$210,000 Preferred, \$90,000 Common.

FOXES! FOXES! FOXES! We have on hand in our Sales Ranch at Moncton one of the finest shipments of Silver Black and Cross Foxes ever received in the Maritime Provinces.

NORTHERN FOXES, LTD. HEAD OFFICE: BLACK'S HARBOR, N. B. President and Manager - Lewis Connor. Finest Pedigreed Stock In New Brunswick.

ST. JOHN, N. B., FRIDAY, JULY 31, 1914.

THE WAR!

While the action of Premier Asquith and Mr. Bonar Law in dropping their political differences to labor shoulder to shoulder for the empire's weal was not a surprise to those who know the depth of British character, yet it sent a thrill round the world even in these stirring days. It was a quiet but forcible reminder that if Britain's enemies have reckoned that Britain's power might be impaired through vexing questions of domestic importance, such reckoning has been far from the course.

think, and even Mr. Carvell did not have the hardhood to make the statement, just as the Times credited it to him. According to the Times' account, however, Mr. Carvell did make statements to the effect that he could prove his contention against Mr. McLeod by the evidence of Judge Carleton, Mr. McLeod himself, or Mr. Holland. It remains to be seen if Mr. Carvell will make good, but from the manner in which he received a question from Mr. T. J. Carter yesterday, it does not appear that he can. Mr. Carter asked the Carleton county lawyer if he intended to call the men named, and Mr. Carvell, after vainly attempting to bluff his way out of the corner, declared that he was not correctly reported by the Times or Telegraph.

Diary of Events

HISTORIC DAYS IN CANADA

The Rev. Dr. Robert Stuart MacArthur, president of the Baptist World Alliance, and for forty-one years pastor of Calvary Baptist Church, New York city, was born in New Brunswick, seventy-three years ago today, July 31, 1841, the son of Archibald MacArthur, who graduated in 1870 from Rochester Theological Seminary, and was ordained in the Baptist ministry. The young Canadian was called to Calvary Church in New York, where he remained over forty years, attaining international fame as a writer, lecturer and clergyman. Later he served churches in Atlanta and Baltimore, and was elected president of the Baptist World Alliance. In resigning the New York pastorate he said he wanted it thoroughly understood that it was not because of any dissonance in the church. He stated he was doing it because he thought forty years long enough for any pastorate, and that he had intended to resign in May, 1910 but was persuaded not to do so as the church was then celebrating his fortieth anniversary as pastor, and the officials wanted the resignation would throw a damper over the ceremonies. He tried to resign again in the fall, but was persuaded to remain a little longer, and he finally resigned in 1910, and it was said that the duties in connection with the office caused him to resign.

Little Benny's Note Book

BY LEE PAPE. Mother, what do you think of my new fancy vest pop sed to ma wen he calm beam today. And he undid his cote, and wat did he have awn but a yello vest with black awl ovr it, looking like freckles awn a Chinerman. O for goodness sake, sed ma. Do you mean to infer that in yure opinyun this vest sent a thing of bewty, sed pop. Well, don't you think its ratth lowd, sed ma. So is a bomb shell, but it gets thare fast the eam, sed pop, yen, this vest is a trifle novel and unuual, if thats wat you mean, but wats the use of looking like everybody else, as the krawws-eyed man sed. O well, if you want to look like a krawws-eyed man awl rite, sed ma. Thats rite, twist up my weds and use them to hang me with, sed pop, and say, its not aberseerily imperative for you to skwint like that wen you look at me, is it. Yes, that vest posertively herts my eyes, sed ma. O, is that so, this is a littel to much, sed pop. May be its because Ive got weak eyes, sed ma. I dont care if its because youve got a soar toe, I tell you wat Im goin to do, sed pop Im goin to take this cote awl rite now and Im going to stand at our front door with this vest exposed to the nayerhood in its nakedness jest to prov that Im not ashamed of it. And pop started to take his cote awl, ma saying, O, Wilyum, you woodent do that, would you, you woodent do that. Wats the reason I woodent, is thare anything about this vest to be ashamed of. No, sed ma, but you woodent do that, wood you. I went awn wun condishn, sed pop. I wont if you say O Wilyum wat a luvly vest. Now dont be foolish, sed ma. Very well then, sed pop. And he took awl his cote and started to wawk out tords the front door, and ma sed, Ill say it, Ill say it. Go awn, sed pop and ma sed, O, Wilyum, wat a luvly vest. Now say, And its jest as modest and retiring as it is luvly sed pop. Nevir, sed ma, and pop sed, So be it. And he started to wawk out agen and ma sed, Stop, Ill say it, its jest as modest and retiring as it is luvly. My deer, I thank you, sed pop, I noe that no mattir wat anybody else sed about this vest you wood appreciate it, its a pritty hot nite, but I heere Ill set appur in it.

THE PASSING DAY A JEWISH FESTIVAL

Jews the world over will observe tonight and tomorrow the mournful festival of the Ninth of Ab, commemorating the destruction of the Temple and its sacred temple by the Roman general Titus, in the year A. D. 70. The Holy City fell only after a long siege, after starvation had reduced its people to cannibalism, after many Christians had promised celestial succor, and had failed to make good their promises. The Romans sought to wipe out utterly the Jewish race, and sold the few survivors into slavery. So fell the Jewish nation, which the Zionists are now striving to restore, and collections will be taken today to advance that movement.

SUCCEEDS WITH LOAN TO DEVELOP OIL SHALES IN NEW BRUNSWICK

London, July 30.—Mathew lodge, of Moncton, N. B., called by the Canadian today, accompanied by an engineer who goes to examine the New Brunswick Oil Shales property, which will shortly be taken over by a new company. During the last six months, Mr. Lodge said, he had made satisfactory progress with the proposed flotation. He returns to England early in September, with the intention of registering the company, if the condition of markets allows of this. Senator Donville is also interested in the flotation.

GOVERNMENT CONCLUDES SESSIONS

Routine Business Disposed of Yesterday—Closing of the Summer School at Woodstock Next Wednesday.

SATAN REPROVING SIN

The partisan treatment which the Telegraph and Times have accorded to the events of the Dugal enquiry into the Valley Railway matter has seemingly proved too much for even such a hardened sinner as Mr. Frank B. Carvell. To most people it appears surprising that any statement by either the Telegraph or Times should draw adverse comment from Mr. Carvell, even though such statements were entirely without foundation. In the session of the enquiry on Wednesday, Mr. Carvell is reported in the Times, as making statements concerning Hon. H. F. McLeod, and over the story the Times printed the headlines "Says Mr. McLeod was paid to influence arbitration." Of course, Mr. McLeod was not guilty of any such

Close Work Strains The Strongest Eyes

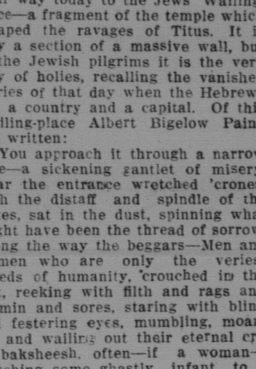

It is easy to understand why constant application to close work such as must be done by office and factory workers is hard on the eyes. Certain eye muscles are overworked and others are underworked. The result is bound to be injurious to good sight. All that is necessary in most instances to keep the vision normal is a pair of properly fitted glasses.

THE HUMAN PROCESSION

Because of the palace which is deserted. We sit alone and weep. Because of the temple which is destroyed. Because of the walls which are broken down. Because of our greatness which has departed. Because of the precious stones of the temple ground to powder. Because of our priests who have erred and gone astray. Because of our kings who have committed God—demned God—We sit alone and weep!

COTON DROPS \$2.50 A Bale

New Orleans, La., July 30.—As the result of pessimistic cablegrams today from large market centres of Europe and vague rumors to the effect that big English concerns were calling this side not to risk further shipments of various commodities, cotton declined two dollars and a half a bale during the late forenoon.

**STATION AGENT AT BOIESTOWN ARRESTED**

Fredericton, July 30—Ernest Hendry, station agent on the Canada eastern division of I. C. R., at Boiestown, whose accounts have been found to show arrears of \$800, was taken into custody by Chief Coughlin at Bathurst on Tuesday.  
The arrest was made on warrant sworn out by the trust company under whom all agents working for the Canadian Express Company are bonded. Investigation into his accounts is being carried on today at Bathurst. Since Hendry's arrest two prominent residents of Boiestown have signified their willingness to make up discrepancies in Hendry's account, while it is said that several citizens in Bathurst are also willing to make up the loss, if Mr. Hendry is given back his position. At present the railway authorities have advertised for an agent at Boiestown.  
Mr. Hendry is one of the most popular officials on the Canada eastern division and his many friends are endeavoring to straighten out the matter and have him return to his position.

**Why Keep the Home Folks from a Lot of Pleasant Surprises**

when you can have quite the daintiest, most delicious and palate-pleasing dishes right on your own table at nominal cost? Hundreds of other Canadian housewives are finding that the most pleasant and practical way of meeting the high cost of living is through the daily use of the many delightfully economical recipes they find in

**The Canadian Family Cook Book**  
Compiled by Lady Gay

Why not familiarize yourself with these dishes and see what a difference they will make in your table? Their charm and daintiness will delight you. Their economy will surprise you. **CARVELL REPUDIATES STATEMENTS MADE BY THE TELEGRAPH AND TIMES**

When taken to task he claims that the grit papers placed the wrong construction on his statements—Mr. T. J. Carter, K. C., demands show down in matter of nasty insinuations against Hon. H. F. McLeod—Ross Thompson still on stand.

(Continued from page 1)  
Morning Session.  
When the Valley Railway investigation was continued before the Royal Commission yesterday morning Ross Thompson, managing director of the Quebec and St. John Construction Co., was on the stand.  
Mr. Carvell continued the examination of the witness.  
When the session opened Mr. Guthrie took Mr. Carvell to the statements appearing in the Times of Wednesday evening regarding Hon. H. F. McLeod. Mr. Carvell admitted that the Times' statement was a wrong impression and that he had no knowledge whatever of Mr. McLeod having approached Judge Carleton with the object of influencing him in the appointment of third arbitrators. Mr. Carvell explained his position with the Times' excuse that it was in connection with another matter that he mentioned Mr. McLeod's name.  
The examination of Mr. Ross Thompson was continued by Mr. Carvell.

With reference to a \$16,000 payment to J. D. Sealey, previously referred to, Mr. Thompson stated that the entry in the books had been removed from the construction account and charged to the railway company.  
The \$14,000 interest charge to the cost of construction had been put in by Mr. Blanchette in error. Interest account was now about \$1,000 short. The entry of \$4,000 to general expenses had been written off.  
Witness said the \$16,000 was paid to Mr. Sealey in settlement of a claim.  
Mr. Carvell—"Was this the only interest he had in it?"  
Mr. Teed—"I can't see the purpose of this enquiry. This \$16,000 is charged up between the two companies and not to the cost of construction. What has the \$2,000,000 bond guarantee to do with this matter?"  
Mr. Carvell—"The \$2,000,000 bonds had everything to do with it. If it hadn't been for that we wouldn't have been here. These people haven't put up a cent of their own money, and it hadn't been for this investigation they'd have had all the \$2,000,000."  
Mr. Teed maintained his objection to the question. Judge Wells supported Mr. Teed's contention, and Mr. Carvell said: "From the first, Judge Wells, you have approached the matter more from the attitude of a jurist than a public investigator."  
Mr. Fowler—"Why don't you use the word sensationalist?"  
Judge McKeown agreed with Judge Wells.  
Mr. Carvell—"Well, Your Honor, perhaps I can get at this matter another way."  
Mr. Carvell asked for a stock book which was not forthcoming. Mr. Guthrie stated that it had been here on Wednesday, but had disappeared. Mr. Hoben would no doubt be able to produce it when he came.

**Inspection of Books.**  
Mr. Thompson said that Messrs. Carter, Tilley, Stewart, Black and another gentleman from the legislature examined the books of the construction company making about a dozen visits in all.  
Witness explained that charges to the foundation company were made in connection with the investigation of the crossing of the St. John River. It amounted to about \$7,000.  
Witness admitted that the sum of \$500 paid to A. H. Hannington 'should be charged against construction and would be as soon as the proper voucher was secured.  
Witness continued that Mr. Lisman had notified Mr. Gould that he could not produce the second mortgage bonds. He had never had any difficulty in keeping the affairs of the construction company and the railway company separate. Witness believed that he had first heard Mr. Lisman say that.

Mr. Thompson said that Messrs. Carter, Tilley, Stewart, Black and another gentleman from the legislature examined the books of the construction company making about a dozen visits in all.  
Witness explained that charges to the foundation company were made in connection with the investigation of the crossing of the St. John River. It amounted to about \$7,000.

ed friend, as a matter of common decency to call Mr. Hoben, as my learned friend intending to prove the statement implied in the question, if not I will have to take the matter to its other end, in view of the fact that the statement is libelous if you were not protected by the court.  
Mr. Carvell—"You can conduct the defense the way you like. I won't withdraw it."  
Mr. Carter—"You don't have to, the very fact that you made it proves it to be untrue."  
Mr. Fowler—"You have made lots of those statements."  
Mr. Carvell—"I have made lots of those statements, and although he did not answer, glowered at his opponent."  
Mr. Thompson continuing said he could not tell when the Prudential became the trustee of the bonds, but thought it was in the spring of 1912, probably in March sometime.  
There were other applications for the trusteeship of the bonds. He knew the Royal Trust Company had been approached, but did not tender an application.  
Witness understood the bonds sold for 95 3/4 in London. There was no commission charged by witness' syndicate, although the underwriters, Scrimgeour & Co. of London may have charged a commission.

**Loans.**  
Mr. Thompson said he and his associates had borrowed sums aggregating \$250,000 from the Prudential Trust Co. He was not sure, but thought some advances were made on this loan. He believed that in April, 1912, about \$75,000 was loaned the company. This amount went into construction. It was part of the loan of \$250,000.  
Mr. Carvell—"I don't think you understood my question, which was, any monies were advanced prior to the loan."  
Witness in reply said there may have been.  
Mr. Carvell—"The first item on the Prudential Trust Co. account is for \$25,000. What is that advanced prior to the loan?"  
Mr. Teed—"You are mistaken, that \$25,000 is made up of various sums which is part of the loan."  
Witness couldn't remember other loans. The funds at Fredericton were kept in witness' name for a time.  
Mr. Carvell—"On May 23rd, 1912, you issued a check in favor of Mr. A. R. Gould for \$10,000."  
Witness wasn't sure.  
Mr. Carvell—"There is a check in your papers for this, no there is no check."  
Mr. Howard—"Do you know where it is?"  
Mr. Howard started for the ante-room to search for it, and as he left Mr. Carvell shouted after him, "I know where it is, and while you're about it you might get one for June 8th, 1912 for \$15,000."  
Mr. Carvell returned with the check and witness identified one for \$10,000. Mr. Thompson didn't remember what the transaction was, but a credit account was very likely made. Mr. Howard—"Do you know where it is?"  
Mr. Howard started for the ante-room to search for it, and as he left Mr. Carvell shouted after him, "I know where it is, and while you're about it you might get one for June 8th, 1912 for \$15,000."  
Mr. Carvell returned with the check and witness identified one for \$10,000. Mr. Thompson didn't remember what the transaction was, but a credit account was very likely made.

**Afternoon Session**  
When the enquiry resumed after lunch Ross Thompson of the Construction Co. was on the stand. Mr. Carvell continued the examination.  
Mr. Carvell read from the minutes of the Railway Company the agreement between that company, the Prudential Trust Company, the Bank of Montreal and the provincial government relative to the handling of the bonds, and asked witness if he had a copy of this agreement.  
Mr. Thompson said there should be a copy among the papers of which S. B. Was was the custodian.  
Witness said that the Prudential Trust Company or the provincial government should have a copy of the transfer and registrar agreement.  
Witness regarding the modification of the trust mortgage dated May 14, 1912, witness said he did not know about it and didn't remember having it.  
He could not be sure in what way the agreement was modified but as he remembered it the modification consisted of appointing the bank as the registrar instead of the Prudential Trust Company.  
Mr. Thompson did not know about a letter which Mr. Carvell said Mr. Gould wrote the Prudential Trust Co. relative to fees. He thought the fee estimated was sufficient to cover the year over and above the interest they made on the money.  
Questioned regarding the \$255,000 he said the Prudential Trust Co. and witness said it was held by the trust company in the name of the bank of the province of New Brunswick. The money was the property of the province subject to the terms of the contract.  
Mr. Teed—"In the form of a security."  
The witness explained that this amount would come back to the railway company, if for three consecutive years after the road was completed the earnings were sufficient to pay the interest on the bonds. The interest on this money, while it was held by the trust company, would also be earned.

**Takes Carvell to Account.**  
Mr. T. J. Carter, K. C., rose at this juncture and took exception to a question asked Mr. Howard by Mr. Carvell as it appears in yesterday morning's Telegraph.  
"That question," said Mr. Carter, "is based on what might be considered a fact by some people, if they did not know the truth. There is nothing in the evidence to warrant that question being asked in the way in which you call Mr. Holland to explain the matter or shall have to take action in some other manner."  
Mr. Carvell when he arose to reply was visibly agitated, and after indulging in several angry expressions said he was not in the habit of taking bluffs in the court room or otherwise. He, however, repudiated the question, as it appears in the Telegraph, and said the question was greater with peculiar smiles by everyone in the court room.  
**Common Decency.**  
Mr. Carter—"I am asking my learned friend, as a matter of common decency to call Mr. Hoben, as my learned friend intending to prove the statement implied in the question, if not I will have to take the matter to its other end, in view of the fact that the statement is libelous if you were not protected by the court."  
Mr. Carvell—"You can conduct the defense the way you like. I won't withdraw it."  
Mr. Carter—"You don't have to, the very fact that you made it proves it to be untrue."  
Mr. Fowler—"You have made lots of those statements."  
Mr. Carvell—"I have made lots of those statements, and although he did not answer, glowered at his opponent."  
Mr. Thompson continuing said he could not tell when the Prudential became the trustee of the bonds, but thought it was in the spring of 1912, probably in March sometime.  
There were other applications for the trusteeship of the bonds. He knew the Royal Trust Company had been approached, but did not tender an application.  
Witness understood the bonds sold for 95 3/4 in London. There was no commission charged by witness' syndicate, although the underwriters, Scrimgeour & Co. of London may have charged a commission.

**Tan, Red or Freckled Skin Is Freshly Shed**  
To free your summer-soiled skin of its oiliness, muddiness, freckles, blotches or the best thing to do is to free yourself of the skin itself. This is made possible by the use of ordinary mercuric sulphate. Use it as you use cold cream, washing it off in the morning immediately the entire surface skin begins to come off in fine powder-like particles. Gradually the entire surface is absorbed, without pain or inconvenience. The second layer of skin now in evidence presents a spotless whiteness and sparkling beauty desirable in no other way.  
If the heat tends to loosen and wrinkle your skin, there's an effective and harmless remedy you can readily make at home. Just let an ounce of powdered mercuric sulphate dissolve in a half-pint of water and bathe your face in the liquid. The oil and dirt will be washed away and the skin and face will be fresh and smooth and at once fighting the skin and wrinkles you are fighting.

**FAT'S GILLET'S BIRTHDAY GLEANS**  
obstacle enough as it is. Mr. Fisher here announced that his wish was to unload some of the duties he had rather than to take up new ones.  
Mr. Teed then read the charge showing what the commission could investigate. The purport of his argument was that they could not enquire into Mr. Thompson's private accounts.  
Mr. Carvell continued to plead for the permission to enquire into the private accounts and Mr. Fowler explained that the commission had no need to enquire into private business as the books and accounts plainly showed that more money had been expended in the road than had been received from the government or from subsidies. The matter was still under consideration when the enquiry adjourned.

**QUOTATIONS IN THE ST. JOHN MARKET**

There were not many changes in prices in the wholesale markets this week. American onions increased \$2.25 to \$5. Ontario flour has risen fifteen cents, whilst oats have increased slightly, car lots being 47-1-2 to 48-1-2 cents, being one and one-half cent per bushel higher than other quotations at fifty-one and fifty-three cents.

**MARKET LOWEST AT CLOSING HOUR**

Greatest volume of business on Wall Street in years—Total overturn for day nearly Million and half.

New York, July 30.—Developments in the European financial situation caused great activity on the stock exchange today. Liquidation began at the opening and continued throughout the session, with business in greater volume than at any time in several years. The total overturn amounted to 1,325,000 shares, with maximum losses ranging from six to seven cents in the more influential issues, while a few specialties fell off even more.

Selling from foreign sources probably aggregated one-fifth of the day's operations, but no definite figures were available because of the conditions which accompanied the movement. Lowest prices were reached in the final hour, on announcement that Germany has served an ultimatum on Russia. Prices crumbled from sheer weight of the offerings and the large number of "cash" transactions testified to the extreme demands of the situation. In addition to the news from abroad, there were vague rumors as to home conditions. It was the intention of the clearing house committee to hold a meeting of routine character, it was said, but because of conditions it was deemed wise to postpone action.

Another contributing factor of adverse character was the continuance of gold shipments to London and Paris, in the face of a further advance in "war risk" rates by the insurance companies. The Standard Oil Company, to allay any alarm, offered large sums of call money at prevailing rates which were slightly above yesterday with another hardening in long maturities. Foreign exchange was demoralized, being practically impossible to negotiate bills between this and European points at the more excited moments of the day.

The bond market was extremely weak, losses ranging from two to six points. Total sales, par value, \$4,400,000. United States bonds were unchanged on call.

Ottawa, July 30.—Bank clearings for the week ended today were \$3,370,624, as compared with \$3,701,359 for the same week last year.

Toronto, July 30.—Bank clearings for the week ended today were \$43,370,624, as compared with \$38,731,816 for the corresponding week of 1913.

Winnipeg, July 30.—Bank clearings for the week ended today were \$22,482,916, as compared with \$23,736,777 for the corresponding week last year.

Quebec, July 30.—Bank clearings for the week ended today were \$3,082,537, corresponding week last year \$2,841,938.

Montreal, July 30.—Local bank clearings for the week ended today show a substantial increase over the corresponding week last year, as well as an increase of almost four million over the same week in 1912. The clearings for the past week amounted to \$59,107,541, an increase of \$9,000,000 over 1913, when the figures were \$50,107,541. The clearings for the corresponding week in 1912 were \$55,570,660.

**BREAK OF TWENTY POINTS ON WALL STREET SOON AFTER NOON**

Report that International Banking House in France is in Trouble Cause of Wave of Selling Which Swept Market—Great Unsettling in Trade.

New York, July 30.—A wave of selling swept over the market shortly after noon and carried everything before it. Prices broke 20 points in a twinkling. The cause of the selling was a report that an International banking house in France was in trouble and financial complications were probable in that country unless the Bank of France should come to the rescue. The trade is already worried enough over outlook for marketing the crop, when the weight of a single sale of it has not been felt, and if confidence is undermined, the scarcity of buyers in this event will be pronounced. From time to time the market steadies, but this appears to be chiefly due to shorts taking profits and no real recovery is believed possible until there is marked change for the better in foreign advices. The crop news is disregarded.

The ominous character of the foreign news today has produced renewed selling in the market on a heavy scale and has led to great unsettling in trading with severe further declines in prices. It is not to be wondered, as conditions which confront Europe are unprecedented. There is no news from abroad of definite action, but it is said that Germany has taken steps to determine peace or war within the next 24 hours. In the face of such an event no one can estimate the consequences, and the machinery of the present day civilization developed. This market being practically the only one open has had to stand the brunt of the selling.

If Europe plunges into a general war this country will be the only one of first importance left in a secure position, and consequently its values should increase, but in the meantime financial disturbances will be so great that it will require every effort to hold the situation. No doubt all hands will devote themselves to this huge task, but it is absolutely necessary that position in the market, if left open should be well protected. Total sales today, 1,326,600; bonds \$5,007,000.

**CLOSING LETTER OF COTTON MARKET**  
The Cotton Market today was again full of forebodings over the European war situation, and rumors early in the session to the effect that a general conflict among European countries appeared imminent precipitated a collapse which carried prices down to the lowest levels yet attained. August, which bore the brunt of selling 71 points under last night's closing, which new crop positions sold off from 45 to 57 points or about \$2.50 a bale. The long accounts which had been accumulated on yesterday's optimistic news and sharp rise after midday, were thrown on the market in considerable volume. Trading declined and demoralized, but it was evident that margin calls and the advice of commission houses to their clients to refrain from new ventures, while the present disorganization prevailed had borne fruit and most of the trading was professional. Without question, the trade was very pessimistic over the ability of European powers to avoid a general conflict, and while the results of the situation seemed to be that prices at once decline to a point where the farmer would refuse to sell or spinners would step in and buy.

**CLOSING STOCK LETTER FROM RANDOLPH**  
New York, July 30.—The market opened weak. Later in the morning, however, a rally ensued, but the pressure to sell continued and before long prices were in full retreat. In the afternoon this retreat became a rout, leading issues declining from five to seventeen points, the latter Reading, which broke more violently than any of the other leading stocks. This is often the case with Reading, which holds well at the beginning of the liquidation period, only to break violently later on. C. P. R., which led the decline a few days ago, sold off fairly well for such a high priced issue, having about the same amount of decline as Union Pacific. Amalgamated Copper was weak all day and the entire list bordered on demoralization in the last hour of trading when a wave of liquidation and heavy bear selling broke out on the report that the Emperor of Germany had sent an ultimatum to the Czar demanding within 24 hours an explanation of the movement of the Russian forces. There were some slight rallies at the close, due to covering, but net losses throughout the list were enormous. Total sales, 1,326,600. Bonds \$5,007,000.

**N.Y. COTTON MARKET WAS DEMORIALIZED**

Bad Break on Receipt of War News—Exchange Presents Scene of Excitement.

New York, July 30.—The announcement that the relations between Austria and Serbia had been officially severed came upon the cotton market as a realization of the worst fears of the trade. It immediately produced a scene of excitement and demoralization, during which the list broke from thirty-six to fifty points under the previous night. Occasional slight rallies followed, but there was no permanent improvement, and feverish conditions continued right up to the close, which was thirty-four to fifty points net lower and within a point or two of bottom for the day, representing also a new low level for the movement.

The execution of orders from excited clients drove floor members to the limit of activity. Hantz bought July; Hubbard and Norden sold July; Cone bought August; Mohr, Hubbard and Norden sold August. Rothschild, Rountree, Montgomery, Riordan, Springs and Newman bought October. Wilson, Black and Farnall sold October. Rothschild, Gifford and Black bought December; Riordan, Hartorn and Finn sold December. Rothschild and Cone bought January; Newman, Parrott and Bassard sold January. Rountree bought March; Finn sold March.

Rumors that the trouble would involve other European powers increased the nervousness of the market in the afternoon, even though they lacked confirmation. One of the complications arising from the European disturbances was the disrupting of the foreign exchange market, which large and early hedging pressure in this market. A Savannah wire said that New York banks were not discounting exchange on London for Savannah shippers.

The market opened five to eighteen points net lower in sympathy with Liverpool cables, which showed evident alarm over the European news. Foreign houses scattered positions, which partly accounted for the weakness in July, but there were also evidences of trade buying in the new crop contracts. At midday the weakly weather report was received, stating that the Texas crop was deteriorating badly because of the drought, and this caused savannah buying, on which the market rallied a few points. But it was evident that the bull side was getting very little relief, and the political situation was unfavorable. No prices are quoted on Paris bourse awaiting developments. A rumor is current in London that France is likely to draw gold from the banks.

**FLASHES FROM THE WORLD'S MARKETS**

(F. B. McCURDY & CO.)  
New York, July 30.—Since 11 o'clock there has been a resumption of selling based on unfavorable news from abroad. It is assumed that things here are more threatening than at any other time.

Rome. Bourses at Rome and Milan suspended all time contracts.  
Vienna. Bourses suspended all stock exchange business.  
Berlin. It was learned that a prominent banker committed suicide. It is said his mind was affected by European war middle.  
London. Advice was received here that the Amsterdam stock exchange reopened today. It was reported a large sum was placed with the committee of loans.  
New York. Standard Oil Company called up several large houses this a. m. and offered to loan call money at prevailing rates. Guarantee Trust is shipping \$1,000,000 gold to London. Nat. City \$300,000, Kuhn Loeb \$750,000, and Speyer \$400,000 to London.

Paris. The Bank of France today raised its discount rate from 3-1-2 to 4-1-2 per cent. The Bank of Belgium also raised its rate from 4 to 5 per cent.  
London. The stock exchanges of Liverpool and Manchester were practically idle today.  
Montreal. Montreal, July 30, 10:45 a. m.—There is no curb or Montreal exchange to-day and brokers refuse to make prices.

**LONDON MARKET WAS STAGNANT**  
(McDOUGALL & COWANS.)  
London, July 30.—Market here stagnant, very difficult to get prices; those obtained are quite nominal. In some Ann's no prices are obtainable. C. P. R. was quoted 102 1/2, off 4 points, New York close; U. P. 116 off 4 points U. S. 58 3/4, off 3. Consols 7, 4 off one point. The usual list of stock prices we expect cannot be sent because dealers will not quote prices. Business here is practically suspended. Private advices from continent remarking the political situation are unfavorable. No prices are quoted on Paris bourse awaiting developments. A rumor is current in London that France is likely to draw gold from the banks.

cast does not indicate any disturbance in the West Indies. Southern spot markets were generally nominally unchanged.

RUSSIANS BLOW UP  
BRIDGE ON JUSTIN-  
GERMAN FRONTIER

Eight Hundred Servians and Two  
Hundred Austrians Reported  
Killed in Fierce Battles at Foca,  
In Bosnia---Fighting Twenty  
Miles South of Servian Capital.

Special to The Standard.  
Berlin, July 30.—The note despatched by the German government to St. Petersburg this morning gives Russia twenty-four hours to explain her intentions with regard to mobilization.  
In diplomatic quarters here it was stated that the note to Russia asked three questions: (1)—The object of mobilization; (2)—Whether it was directed against Austria-Hungary; (3)—Whether Russia was willing to order a stoppage of mobilization.  
In the meantime all preparatory orders for mobilization of the German army were issued. All officers were recalled and no leave is to be granted. Railroad battalions have been given special orders.  
The Grand Duke Ernest of Hesse, was sent by Emperor William to St. Petersburg today in a last attempt to arrange for peace.  
London, July 30.—The Times states today that diplomatic intercourse between Russia and Austria has been suspended.

Chicago, July 3.—The Daily News publishes the following despatch from Berlin: "It is reported here that Russians have blown up the railroad bridge at Wirballen, on the frontier between Germany and Russia."

ENTIRE RUSSIAN ARMY ORDERED TO MOBILIZE.  
London, July 30.—Despatch from St. Petersburg states that the entire Russian army has been ordered mobilized. Russian army in times of war numbers 5,500,000 men.  
Sanghai-British fast fleet is mobilizing at Wei-Hai-Wei, on north coast Shantung Province.  
The German fleet is mobilizing at Tsing-Tao, about 200 miles to south.  
Losses at Semendria will reach several hundred. The Southern Austrian column expecting an attack from the Montenegrin army is believed to have rested on its arms today, though an unconfirmed report declared Montenegrins had been attacked at Mount Lovechin.

BATTLE RAGING ON BOSNIAN FRONTIER.  
St. Petersburg, July 30.—Fighting was in progress today between Austrian and Servian forces at Kieznicky and Smedevo, according to reports received here from Nish. Smedevo is twenty miles south of Belgrade. Fighting at Kieznicky was confined to an artillery duel. Nish despatches declared.

ANOTHER DANGER  
POINT ADDED TO  
THE SITUATION

Germany's Note To Russia Giving  
Latter Twenty-Four Hours to  
Show Her Hand Adds Fuel To  
Fires and Already Critical Situation  
Is Decidedly Worse.

London, July 30.—Germany's act today in giving Russia time limit of 24 hours in which to declare her intentions in connection with the mobilization of her army added one more danger point to the gravely critical European situation, already sharply acute.  
The nervous tension in all the countries of the old world had almost reached its utmost limits when this fresh peril cropped up.  
At the same time it was announced that orders had been sent to all the officers and men of the German reserves to hold themselves in readiness. As it had been pointed out a few days ago that Germany would not draw back when she once started, the situation was felt in diplomatic circles to have reached a point where the slightest false move would set millions of armed men in motion.  
London, July 30.—All foreign pupils at the big German schools were informed yesterday that they must leave Germany immediately. A number of English students left last night, and arrived here today. One who came from Bonn, on the Rhine, said that between that town and Cologne the train in which he was travelling passed eight trains loaded with German soldiers, going toward the French frontier. The bridges and all the lines were closely guarded, and intense excitement prevailed in all the towns in the district, where it was understood the schools were to be converted into military hospitals.  
London, July 30.—The Austro-Hungarian force invading Serbia totals 500,000 men, according to a newspaper despatch from Rome. Of these 150,000 are operating from Semlin, opposite Belgrade, the Serbian capital; 100,000 from Svrak, on the River Brina, in Bosnia; 150,000 from Sarajevo, the capital of Bosnia, and 100,000 from Milanovatz, on the Danube, in the eastern part of Serbia.  
Riga, Russia, July 30.—Martial law was proclaimed today over Boldera and the mouth of the river and its vicinity. Steamers have to obtain special permits to pass in and out. The field of submarine mines outside the entrance to the harbor is to be completed tonight.

ORDERS FOR MOBILIZATION OF  
THE GERMAN ARMY ARE ISSUED

Berlin, July 30.—In diplomatic quarters here it was stated that the note to Russia asked three questions: (1)—The object of mobilization; (2)—Whether it was directed against Austria-Hungary; (3)—Whether Russia was willing to order a stoppage of mobilization.  
In the meantime all preparatory orders for a mobilization of the German army were issued. All the officers were recalled, and no leave is to be granted. The railroad battalions have been given special orders.  
Cape Town, July 30.—The German gunboat Eber, which had recently been overhauled here, put to sea hurriedly today.  
Linz, Upper Austria, July 30.—While passing through this city today on his way to Vienna from Ichi, Emperor Francis Joseph of Austria addressed the officers of the garrison, assembled on the platform of the railway station. His majesty said:  
"I only have time to give you a few words of greeting in this grave hour. These are that I trust in the good spirit, the endurance and valor of my army. It was my wish to maintain peace."  
Paris, July 30.—At the French foreign office this evening it was stated that there was still a faint hope of preserving the general peace, as all means of conciliation had not yet been exhausted, and everything possible was being done to prevent an outbreak.

Elephants Run Loose in the Streets

Four of the enormous elephants belonging to Robinson's Famous Shows took a stroll through the streets of Salt Lake City while the show was being unloaded from the trains. They had been left temporarily in charge of the keeper's assistant while the keeper himself was called away for a few minutes. The big brutes seemed to know that they were not in strong hands, and they proceeded towards the produce market, which was only a block away. A wagon load of fresh vegetables, which had just been backed up against the curb, attracted their attention. The farmer and his wife immediately vacated the vicinity with remarkable suddenness, while the elephants proceeded to regard themselves upon the delicious garden truck. It took only a moment for the police to disappear, when the market policemen appeared upon the scene, only to find that they had urgent business at the tops of some tall telephone poles near at hand. By this time the whole market square was in an uproar, and the way people, horses and wagons disappeared was a caution.  
At this juncture the circus men decided to give them a run for their money, for they dashed off towards Temple avenue at a rapid rate. Before them, like a drove of wild sheep, people on foot, in buggies, wagons and automobiles dashed at the street distributing vegetables, fruit, eggs and other articles at every jump. But not for long. The circus men knew their business and soon closed in upon the truant, and in a few minutes the mischievous creatures were plodding peacefully towards the circus grounds. And their eyes gleamed with a look that said plainly, "We had a good time while it lasted."  
Robinson's Famous Shows, will exhibit at St. John Monday, August 10th, afternoon and night.

# IN FACE OF EMPIRE DANGER ASQUITH AND BONAR LAW BURY POLITICAL HATCHET

London, July 30.—Premier Asquith, speaking of the extreme gravity of the situation, when announcing to the House of Commons, the postponement of the second reading of the bill to amend the Irish Home Rule Bill, said: "We meet today under conditions of gravity, which are almost unparalleled in the experience of any one of us. "The issues of peace and war, are hanging in the balance, and with us is the risk of a catastrophe of which it is impossible to measure either the dimensions or the effects. "In these circumstances it is of vital importance to the interests of the whole world, which has no interests of its own directly at stake, that Britain should present a united front and be able to speak and to act with authority as an undivided nation. "If we were to proceed today with the amending bill we should inevitably,—unless the debate were conducted in an artificial tone,—be involved in acute controversies in regard to domestic differences, whose importance to ourselves none is disposed to believe. "I need not say more than that such a use of our time at such a moment, may have an injurious, and lastingly injurious, effect on the International situation. "Mr. Bonar Law, leader of the opposition shares to the full, the views I have expressed. We therefore propose to postpone for the present the second reading of the amending bill without prejudice to its future in the hope that by the postponement of this discussion the patriotism of all parties will contribute to what lies in our power if not to avert at least to circumscribe the calamity which threatens the whole world. "Mr. Asquith's references to all parties rallying to the support of the government, were heartily cheered by all the members. The British foreign office whose suggestion of a conference of the ambassadors in London of the great powers failed to meet with the approval of Germany and Austria has now invited Germany to suggest some diplomatic way out of the difficulty, which will meet the approval of Austria-Hungary and a reply is expected at any moment.

# HOW EUROPE HEEDS THE TOCSIN OF WAR

St. Petersburg, July 30.—With the 1,200,000 men mobilized Russia will have more than 2,000,000 men in the field. The number of officers necessary for the reserves have been notified to report to their station immediately. The medical service of the entire army has been placed on a war footing. Surgeons and nurses have been gathered and the necessary horses and vehicles have been requisitioned. The Cossacks whose military service has expired in the territories of Don, Kuban, Terek, Astrakhan, Orenburg and Ural have also been summoned. The danger of the situation is stated by the financiers to be so great that it has been decided to keep the Stock Exchanges closed until Saturday. "Officials at the foreign office declared that the situation had grown worse today instead of better. They pointed out that the mobilization of the Russian army at a time when Austria-Hungary had not moved a man toward the Russian frontier, could only be interpreted in one way, and that was that Russia was determined to support Serbia. "It was added that France also was known to be making secret military preparations and that although Germany had not yet mobilized it was questionable whether she could remain inactive much longer, in face of the military preparations on her borders. "German Reserves Notified. Berlin, July 30.—Preliminary instructions were sent to-day by the German War Department to all officers and soldiers of the reserve to hold themselves in readiness to join the colors. The officers of the regular army had received instructions yesterday to hold themselves in readiness for the mobilization of their units. "Aged Monarch Cheered. Ischl, Austria, July 30.—Emperor Francis Joseph left here to-day amid scenes of wildest enthusiasm for Vienna. A great crowd gathered at the station and cheered the aged monarch again and again. Archduke Charles, the heir to the throne, accompanied His Majesty. "Netherlands Neutral. The Hague, Netherlands, July 30.—"The Official Gazette" to-day publishes a declaration of absolute neutrality on the part of the Netherlands during the Austro-Serbian war. "Paris Seething With Excitement. Paris, July 30.—A further council of the entire cabinet was held later in the morning. Paris seethed with excitement to-day. In official circles it was admitted that the republic's position in the war crisis was best expressed by the following quotation from to-day's Midi: "While leaving no stone unturned, looking toward peace, France is nevertheless taking every precaution. "Crowds that excitedly discussed the possibility of war gathered everywhere throughout the city. Their excitement was increased by the announcement that six army corps are prepared to move, being provisional and held ready to entrain at a moment's notice. It is expected that France will next call to the colors the 250,000 men who finished their term of military service last year. "Situation Grown Worse. Berlin, July 30.—Representative

## BRITAIN PREPARES

VALETTA, Malta, July 30.—Incessant preparations proceeded among the large British garrison and also among the vessels of the British fleet here throughout the night. All leave for officers and men has been stopped. The authorities issued orders for a precautionary stage of mobilization, and as a consequence great activity was apparent in the dockyards. "Cardiff, Wales, July 30.—Military manoeuvres were established to-day by the government authorities at the docks along the British Channel. "Valetta, Malta, July 30.—Six English cruisers and twelve torpedo destroyers are coaling at full speed.

## AUSTRIANS WIN IN GLASH WITH SERBS

Saloniki, July 30.—The advices from Nish show that, as had been anticipated, the Austro-Hungarian army was hurled against Serbia in full force, two columns invading the kingdom and a third being held in reserve to move in case of action by Montenegro troops. "One division crossed the Danube near Semendria, and moved on the Moravia Valley. They met sharp resistance from small detachments of Serbians, who fell back after each skirmish. Near Semendria the Austrians encountered the Serbian main body. The Serbs made a determined resistance before night put a stop to the fighting. "Serbians Fight Stubbornly. London, July 30.—A newspaper despatch from Rome says sharp resistance is being offered to the Austrian

Department of Railways and Canals. ST. PETER'S CANAL. Notice. By authority of an order in council of the 3rd instant, the St. Peter's Canal, Cape Breton Island, N. LITTLE FELLOW TOOK SICK WITH DIARRHOEA Was 30 Miles From a Doctor Dr. Fowler's Extract of Wild Strawberry Cured Him

Mrs. Fred Schopf, Pennant, Sask., writes: "I used Dr. Fowler's Extract of Wild Strawberry when my boy was not expected to live. We were 30 miles from a doctor when the little fellow took sick with diarrhoea. He at first would sleep all day, and at night would be in pain, and would have a passage every five or ten minutes. This went on day and night until he began to pass blood. I gave him the "Dr. Fowler's Extract" and after he had taken it for a short time he was relieved and up and playing with his toys, and is now as well as ever. "There are a number of preparations on the market to-day, claiming the same curative powers as "Dr. Fowler's," and also called similar names, so as to fool the public into thinking they are getting the genuine. "There is nothing that can take the place of "Dr. Fowler's." "There is nothing "Just as Good." Price, 35 cents. The genuine bears the name of The T. Millburn Co., Limited, Toronto, Ont.

Suitable terms can be made for renting and saving out this season's cut of spruce and hardwood. Capacity about three million feet. For further particulars write P. O. Box 574, St. John, N.

# FRANCE IS PREPARING; LARGE PART OF ARMY READY TO MOVE

Paris, July 30.—President Poincare was in conference with members of his ministry practically throughout the night. A further council of the entire cabinet was held later in morning.

Paris seethed with excitement today. In official circles it was admitted that the Republic's position in the war crisis was best expressed in the following quotation from today's Midi: "While leaving no stone unturned looking toward peace, France is nevertheless taking every precaution."

Six army corps are fully prepared to move, being provisioned and held ready to entrain at a moment's notice. Troops guard all tunnels and bridges on railroads leading to the frontier and patrol the aeroplane factories. Orders also have been issued prohibiting manufacturers from supplying aeroplanes to private firms or individuals, the Republic desiring to reserve the right to claim the entire output.

It is expected France will next call to colors 200,000 men who finished their term of military service last year. Capetown, Union of South Africa, July 30.—Manoeuvres of the British Imperial troops in South Africa were cancelled today and soldiers ordered to return to their posts in consequence of the critical situation in Europe.

# BOTH SIDES LOSE HEAVILY IN FIERCE ENGAGEMENTS

London, July 30.—Three battles were reported today along the Serbian frontier. Eight hundred Serbians and 200 Austrians were reported killed in an engagement at Foca, in Bosnia.

Heavy losses were suffered by both sides during fighting at Semendria, 20 miles south of Belgrade.

An artillery duel was in progress at Kieznicy. Austro-Hungarian forces made first invasion through Morva River valley. They were met by Serbian force at Semendria. The battle there started yesterday on Serbian soil and was renewed today. At Losniza on the western Serbian frontier, an attack was also made, according to Vienna despatches. Stubborn resistance was met there and the Austrians suffered heavy losses without driving out the defenders.

# SPECIAL DEFENCE FORCE CALLED OUT YESTERDAY

London, July 30.—The special army reservists called to the colors today comprise electricians, military engineers and mine layers. The British Admiralty also requested the big Welsh coal owners to retain their stocks of fuel.

The Hague, July 30.—Mollard today called all the army reserves, frontier guards and coast guards to the colors. Several sections of the British special defence force were called to duty today on the east and south coasts, to relieve the regulars in guarding bridges and railroad sidings and manning the coast defences.

# GERMAN ULTIMATUM AND RUSSIA'S ANSWER

Berlin, July 30.—Germany is today prepared to declare war upon Russia, unless the Czar furnishes a satisfactory explanation of the mobilization of his troops along the frontier.

With the situation now in the hands of the general staff, there was an ominous silence about the foreign office today.

Berlin, July 30.—The foreign office late this afternoon authorized the following statement: Germany has taken decisive steps at St. Petersburg, Paris and other capitals within the past hour, the results of which will determine the issue of war or peace.

St. Petersburg, July 30.—Russia today officially notified Germany and Austria of the mobilization of fourteen army corps, numbering 1,500,000 men. The Czar is said to have expressed the intention of taking the field as commander-in-chief in the event of hostilities.

This is Russia's answer to the virtual ultimatum which came from the German Foreign office in the unofficial statement that the Kaiser would order the mobilization of his forces unless Russia ceased her military activities within 24 hours.

**COWAN'S MAPLE BUDS**

Toronto	46	47	.496
Montreal	25	58	.376
Jersey City	21	64	.337

## GREAT RACING CONTINUED AT DETROIT YESTERDAY

DETROIT, July 30.—Lassie McGregor, owned by Henry Oliver, of Pittsburgh, and splendidly driven by Tommy Murphy, today won the seventh and deciding heat of the Merchants' and Manufacturers' stake which was carried over from yesterday after six heats had been run off. Lindo Wrona was left far outside the flag and so failed to get any part of the prize, in spite of her great performance of yesterday, when in winning the second heat she set a new mark of 2:05 1/2 for the stake. While the decision of the M and M held the chief interest, the free-for-all pace, won in five heats by Flower Direct, furnished the sensation of the day's grand circuit programme.

In the first heat of the race Directum led for half a mile, then Earl Jr. rushed around the field into first place. Bunching up as they reached the three-quarters Earl Jr. broke and answered in front of his field. There was a bid mix-up. Cox was thrown from his seat, his horse, Delroy, running away. A tie was torn from Earl Jr.'s sulky, while Hal B Jr's machine was smashed. Delroy stopped after passing the grand stand and neither horse nor driver was injured.

Directum I led all the way in the second heat but Flower Direct took the next three.

Summary:

214 Trot, M and M Stake, \$10,000—Three in Five (Six Heats Wednesday)

Lassie McGregor, bm, 7 8 5 1 1 3 1  
Peter Scott, bm (Cox) 2 1 1 6 3 1 2  
Lindo Wrona, bm (Cox) 9 1 7 4 2 ds  
McCloskey, br h (McDonald) 3 7 2 7 2 dr  
Mahomed, wais, b, h, (King) . . . . . 4 4 4 2 r  
Snow Glassman, br, h, (Batteries—Lynch, Stein, Collinsmore and O'Neill) 5 3 3 3 r  
The Guide, br (Gomers) 8 6 6 5 r  
Margaret Druen, b, gm

## RIOT MARKS GAME AT DETROIT

DETROIT, July 30.—One of the most disorderly scenes ever witnessed on the local ball field was enacted during the ninth inning of today's game between Washington and Detroit which the locals won, 3 to 2, in the tenth inning.

The riot started when Morgan was called out at first base by Umpire Sheridan. In recovering himself from a slide he started toward the umpire. Sheridan struck Morgan, and several Washington players joined in the assault. Catcher Ainsmith is said to have been struck by Sheridan, who was being held by several players from both teams.

Sheridan ordered Ainsmith and Morgan off the field, and as the two players were passing the grand stand, a spectator said something which Ainsmith resented. He jumped into the grand stand and Morgan was hurled. Catcher Ainsmith attempted to pull Ainsmith from the stand, and a chair thrown by a spectator struck Henry on the head. The crowd from the bleachers and grand stand then rushed onto the field and across to the stands and police reserves had been hurriedly summoned. They took charge of the situation and after considerable difficulty succeeded in driving the crowd back into the seats and play was resumed.

Covelskie was invisible after the first inning and struck out eleven men. A wild pitch by Shury in the tenth inning with the bases filled allowed the winning run to be scored. The score: Washington . . . 20000000—2 3 2  
Detroit . . . . . 00200000—3 4 4  
Batteries: Harper, Shaw and Ainsmith; Williams; Covelskie and Baker.

## NORTON GRIFFITH RACE TONIGHT

Commenting this evening at 7:30 o'clock the race for the Norton Griffith shield will take place over the old beacon course, a distance of twelve knots. The motor boat Patricia which is numbered 2 will be the scratch boat and will allow time to the eight other starters which are given with their numbers and the time allowed them:

Racing No. Boat Time allowed  
10 Whippoorwill 4:46  
7 Dixie 8:15  
9 Bobs 9:24  
5 Cachouc 9:43  
1 Silver Spray 10:57  
3 Wahwahyayee 12:20  
4 Clema Mac 13:37  
8 Florence McP 19:50

The race promises to be an interesting one from start to finish and all the boats ready for a fast struggle.

## HISTORY OF CHRISTOPHER MATHEWSON

The Standard has been requested to decide the age of Mathewson, the pitcher for the New York Giants, and the following not only gives the age but tells his baseball history to date:

"Christopher Mathewson, 'Matty,' is a native of Factoryville, Penn., where he was born in 1878. After he gained some reputation in the box for the Keokuk (Penn.) Academy nine, he entered Bucknell University where he made the team in his first year. He played with Tammon, and later with Norfolk, where he was found by the New York Nationals in the fall of 1900. In 1905 Mathewson topped a wonderful season's record by shutting out the Athletics in three world's series games."

## CAPTAIN OF ENGLISH TEAM TO PLAY IN DAVIS MATCHES.

J. C. Parke is the captain of the four tennis stars of the British Isles who arrived to play in the Davis Cup matches. Parke is thirty-three years old. The other three who make up the English team are A. H. Lowe, twenty-eight years; T. M. Marrogordato, twenty years; and A. R. F. Kingscote, twenty-five years. This is Parke's third visit to America as a member of an international challenge team.

## LIFTING WATER FROM BROOK TO KITCHEN.

I have a brook 400 ft. from the house. The elevation from the brook to the kitchen floor is 28 ft. "Could I put a pump in the brook and lift the water?" What kind of pump would be best, and what size pipe should I use?

Ans. You could place a pump in the brook and lift the water as follows: Buy a good iron cast-iron pump and place it near the kitchen sink. Have the cylinder in the cellar connected to the pump by means of a 2 in. pipe. Use one and half inch galvanized iron pump from the cylinder to the brook. Put this at a depth of 4 1/2 feet underground. Put a good strainer on the end of the pipe in the brook. Attach this strainer by means of an elbow so that the open end of the strainer points down stream. This will prevent the strainer from becoming clogged. Near the brook, but above high water mark, put a swing check valve on the suction pipe. Use a swing check valve with leather seat and one that can be opened for examination. Leave a dry well above this valve, so that you can get at it. If the cylinder is 5 ft. below the kitchen floor the elevation from the brook to the cylinder would be 23 ft. The cylinder will lift the water the distance of 23 feet. This outfit will give you satisfaction.

C. J. LYNDE,  
Macdonald College.

COMPLETED REPAIRS

Vineyard Haven, July 28.—Schr Cora F. Cressy, Norfolk for Portland, which vessel was injured in Vineyard Sound early Sunday morning by collision with smyr Rassano and towed here, has completed temporary repairs to enable her to proceed to destination under sail. A survey was held on her today.

House wiring, Knox Electric Co., 36 Dock street, Main 373.

Special attention given to the laundering of wool and fancy booms shirts, Ungar's Laundry.

## Wash your clothes with GOLD DUST

Good soap washes clothes well—if you use enough elbow grease, but Gold Dust washes them more thoroughly—and with little or no rubbing. Gold Dust saves half your time, and spares your poor back.

Another great advantage of Gold Dust—use any kind of water you like. Gold Dust softens the hardest water and makes it soft as rain water.

Gold Dust is just a vegetable-oil soap in powdered form, with other cleansing ingredients added to make it work more thoroughly and quickly than soap ever can.

"Let the GOLD DUST TWINS do your work!"

ARTHUR GRANT RESCUED FROM WATERY GRAVE BY WM. WHITE

Six-year-old son of Byron Grant, of Ludlow street, West Side, fell into Mill Pond—Near death when rescuer came to aid.

Arthur Grant, the six-year-old son of Byron Grant, of Ludlow street, West End, had a narrow escape from death by drowning last evening when he fell into the mill pond, being rescued from a watery grave by William White, a youth of fifteen years.

WAR SPIRIT IS STRONG IN ST. JOHN

Citizens loudly cheer when patriotic music is played in King Square and in the theatres.

The war spirit has certainly struck the city in good shape and it is now the chief topic, all other matters of interest being left in the rear.

While the British subjects in the city are looking for the very latest news from England as to the prospects of Great Britain being involved, perhaps the most interested persons in St. John at the present time are the foreigners.

One week ago last night a mob of several hundred citizens willingly lent a hand to pull off a couple of street cars on Market Square and succeeded in doing so in about five minutes.

Good Quality of Hay. Reports from various parts of New Brunswick confirm the view that, notwithstanding early adverse conditions, the exceptionally long period of cold weather being one of them, the hay crop in this province, although somewhat late, will this year be much above the average.

Donation. Preparations for the labor parade and garden party on the Shamrock grounds on Saturday afternoon are going rapidly forward and a large list of donations from merchants has been received.

PERSONAL. Rev. Marshall E. Mott of North Adams, Mass., came to the city on Thursday and is the guest of his uncle Dr. J. C. Mott, 36 Horsfield street.

ARRESTED IN BOSTON. Charged with forging cheques in Calgary. Boston, July 30.—Herbert M. McDonald was arrested today on complaint of the British consul, who charged that he was wanted in Calgary, Canada, for forging pay cheques of the Rumley Produce Company, of which he was a clerk.

THE STANDARD EXTRA NUMBER BIG SUCCESS

Special War Edition, issued at nine o'clock last evening, sold by the thousand.

Last evening shortly after nine o'clock The Standard issued a special edition giving the war news, which had been received up till that time.

SCOTT ACT APPEAL IS REFUSED

Court two to one in Richards case—Appeal allowed in Segee vs. Turnbull Estate Company.

Fredericton, July 30.—The Supreme Court of Appeals assembled this morning and delivered a number of judgments, Justices White, Barry and Crockett presiding.

POLICEMAN'S HORSE WAS BADLY INJURED

Owing to carelessness of some one in city stables—Kicked by big cart horse.

Owing to the carelessness of some person in the city stables at Carmarthen street, the horse ridden by Mounted Policeman Pitt, was very badly injured.
