PROBS—MOSTLY FAIR

PRICE TWO CENTS

MORE GROUND WRESTED FROM TURKS BY ALLIED TROOPS IN DARDANELLES

TURKS DRIVEN FROM TWO LINES OF TRENCHES BY ANGLO-FRENCH TROOPS

Success Means Advance of Several Hundred Yards — British Pressed Forward Too Far Losing Some of Ground Gained, but Recovered it—Von Hindenburg Changes His Plans in East—Germans Abandoning Attempt to Outflank Warsaw from South, Renew Attack on Polish Capital from North—Heavy Fighting in Argonne, but Reports Contradictory.

London, July 15.—Two strongly held Turkish lines defending the Dardanelles have been captured by the Anglo-French forces on the Gallipoli peninsula, according to an announcement given out this evening by the British official press bureau.

The announcement is as follows: "General Sir Ian Hamilton, commander of the Allied forces at the Dardanelles, reports that on the 12th instant the forces under him made an attack at daylight with their right and centre. After heavy and confused fighting, lasting all day, the troops engaged including a French corps, succeeded in carrying two strongly held and strongly fortified lines of Turkish trenches opposed to them, the ground covered by the advance varying in depth from two hundred to four hundred yards.

"The second phase of the operations was then undertaken, and the right section of the enemy's lines was attacked. As in the former phase the first line of trenches was easily carried, a preliminary bombardment having been very successful. Following up this success, our troops took the second line of trenches, capturing some eighty prisoners, and by nightfall the line was consolidated some four hundred yards in advance of our original position.

"In this part of the field, in the course of the night of July 12-13, two counter-attacks were successfully repulsed. During the hours of darkness, however, it was found that the British right had pressed too far, and the Turks made a successful bomb attack and captured a section of the trenches.

"This position being vital to the safety of life a further attack was organized, and a brigade of the Royal Naval Division, supported by French artillery was sent forward, and with the support of 75 re-took the trenches. In the meantime, the French had pushed their extreme right down to the mouth of the River Kerevas Dara, where it runs into the sea. This position was maintained without difficulty.

"During the night of July 13-14, as on the previous night the enemy counter-attacked, but without success.

"Thus, in these successful operations, the whole of the original objective of the attack was attained, except on one small portion of about 300 yards, which still remains in the hands of the Turks.

"Four hundred twenty-two prisoners were captured, of whom two hundred were taken by the French in the first attack."

London, July 15.—Abandoning for the moment their attempt to outflank Warsaw from the south the Germans, probably under Field Marshal Von Hindenburg, who is reported to have said a few days ago that he would shortly astonish the world, have renewed their attack on the Polish capital from the north.

They have not only captured a large number of prisoners south of Kolno, according to the report issued by Berlin today, but have occupied Przasnysz, a fortified town fifty miles north of Warsaw, which was taken by Von Hindenburg in his great drive from East Prussia last winter but was retaken by the Russians in their counter-offensive.

This claim is partly confirmed by the Russian official report issued yesterday which stated that the Russians in the face of strong German forces withdrew to their second line of entrenchments.

This move on the part of the Germans has taken the military critics completely by surprise. It was generally supposed that Gen. Von Mackensen would after being reinforced continue his effort to reach the Lublin-Chelm railway thus forcing the evacuation of Warsaw. But as in all their operations the Germans have done the unexpected. The new offensive will probably be general and extend from the Baltic around the East Prussian border to the Vistula, west of Warsaw for all the Russian troops in this section must be kept busy to prevent them from concentrating at the point where the Germans hope to break through.

Heavy Fighting in Argonne
This is the second time Field Marshal Von Hindenburg has tried this. His last effort, while it freed East Prussia of the Russians, cost the Germans an immense number of men and very nearly involved them in disaster, owing to the muddy condition of the ground. Now, however, there are only bad roads or lack of roads to contend with, but it is possible that the Germans have built railways to their north.

DENIES DEPOSITORS' CLAIMS AGAINST THE DOMINION TRUST CO.

Claims of Five Thousand Depositors, Totalling \$1,000,000, Thrown Out by the Liquidator.

Vancouver, B. C., July 15.—The entire body of claims from depositors in the Dominion Trust Company, numbering five thousand, and covering amounts totalling a million dollars, have been thrown out by liquidator Andrew Stewart, who is now in charge at the former Dominion Trust headquarters in this city. Mr. Stewart has segregated the depositors into three groups, and objects to paying any of them.

He declines on the advice of his counsel to admit that any of them rank as creditors of the company in any way, and to prove otherwise the depositors' case will have to be taken to the courts.

For this purpose, E. F. Davis, K. C., who was retained some months ago by the provincial government in the matter, will at once appeal to the supreme court. Test cases, for the purpose of determining the rights of depositors, will probably be carried to the Privy Council. Many of the depositors are penniless, and the government will foot the bill for litigation.

The total amount of depositors' claims in British Columbia is \$675,000. The balance is chiefly owing to persons in Eastern Canada. The liquidator, in refusing the claims, relies on the Eirkbeck Bank case in London, where for many years a concern which finally went to the wall received deposits without any legal right to do so. During the last year of the company's existence deposits in Dominion Trust were taken by a pass book system which stated that the monies were held "in trust for investment." More than half the total amount of deposits is represented in this class. The depositors will argue before the court that they were not really depositors, but investors, and therefore have a right to be considered to rank with the general creditors. Persons in close touch with the liquidation are authorized by the assessor that the loss will be even more staggering than at first thought, and it is doubtful if what will be finally realized, even after careful handling for the next four or five years, will more than pay the legal expenses and actual costs incident to the liquidation.

Confirmation was received tonight from General Sir Ian Hamilton of the success which for some days the Allies were reported to have achieved on the Gallipoli peninsula. According to this report two lines of Turkish trenches were captured, together with 400 prisoners. The Turks, on the other hand, claimed to have repulsed the Allies' attacks. As anticipated progress against the Turks is very slow owing to the natural and strongly fortified positions which they hold. But British military authorities express satisfaction at the gain of an occasional line of trenches, relying on breaking the morale of the Turks and on the exhaustion of their supply of ammunition.

Germany's eagerness to have Rumania allow the passage of ammunition through that country to Turkey is taken to mean that the supply is running short.

CONTRACTOR KELLY'S APPLICATION DISMISSED

Winnipeg, July 15.—Judge Prendergast this morning dismissed the application of Edward Anderson, K.C., counsel for Thomas Kelly and Sons, for an injunction to restrain the Mathers Commission from compelling the attendance of Thomas Kelly before the Royal Commission to give evidence in regard to the construction of the new parliament buildings and to produce documents. The case will be appealed.

GERMANY HAS EVERY AVAILABLE MAN ON THE FIGHTING LINE

Has Called on Last of Reserves, No longer Able to Make Good Wastage, Depends on Last Desperate Effort to Break Allies Line in West.

Zurich, Switzerland, July 15.—It is becoming clearer that Germany has called upon her last reserves, and that every available man is being sent to the fighting line. Germans forty-five years old residing in Switzerland have now been called to the colors. A typical case is that of a German 42 years old living in Basel, who had never been a soldier, but was called a month ago. A few days ago his family received a letter from the Russian front, where he had been sent after a fortnight's military training.

The doctors refuse hardly anyone. A German in Zurich who had lost four toes on one foot was declared fit for service. Such men are used to guard the lines of communication, which liberates the more robust men for service at the front. Germany has every available man to uniform, and can no longer make good the wastage. Everything now depends on the last desperate effort to burst through the Allies' lines. That attempt is now being prepared and is expected to take place before the end of the month.

WILL PAY RUSSIAN CREDIT OFF SOON

New York Bankers to arrange new issue of acceptances after meeting \$25,000,000 draft.

New York, July 14.—It was stated yesterday by the head of a large national bank that the acceptances issued last February to provide a credit of \$25,000,000 for Russia in this country would be paid off at maturity next month.

At the same time, he explained, arrangements would be made for a new issue of acceptances for the same amount. The Russian credit was arranged in this city through a group of banking houses, including J. P. Morgan & Co., the National City Bank, the Chase National Bank, the Mechanics and Metals National Bank and the Guaranty Trust Company.

These concerns agreed to purchase drafts from Russia on the basis of five per cent interest, with one-half of one per cent additional for acceptances. The drafts were to be for ninety days, with the privilege of one renewal at the date of maturity at the same renewal acceptance rate. It was emphasized at the time that the arrangement was not a loan to the Russian government, but merely a banking transaction, the proceeds to be used in payment for supplies purchased in this country.

One of the bankers interested in the Russian transaction stated yesterday the reason for the decision to put out a new issue of acceptances was that the Federal Reserve act contained a provision which had been construed to mean that acceptances of a government were not available for discount. Therefore the new issue will be drawn upon Russian commercial and banking interests.

Announcement is expected within a day or two of the details of the commercial export credit that is being arranged for French mercantile interests by Brown Brothers & Co. The amount at present under consideration was reported to be \$30,000,000, but it was predicted this would be extended to \$100,000,000 later if conditions were satisfactory. The credit is to be used to supply the necessities of French mercantile interests and to facilitate the export of American merchandise and is not aimed to finance the purchase of war material for France.

In reference to the expected British credit arrangements it was stated yesterday.

MINERS REFUSE TO WORK PENDING A SETTLEMENT

Delegates by Vote of 180 to 113 Turn Down Recommendation of Labor Leaders and Miners' Executive—Admiralty Takes Over Reserve Coal Supplies at Cardiff — General Opinion That Strike Will Not Last Long.

London, July 15.—With the exception of two small collieries in the Rhondda district, employing about 500 men, all the coal mines in South Wales, from which comes the coal for the navy, were idle today, and the miners, despite the action of the government in bringing the industry under the Munitions of War Act, and the entreaties of the responsible labor leaders and their own executive council, decided by a vote of 180 to 113, not to accept the recommendations to continue work day by day until an arrangement could be concluded.

The delegates voting for the strike represented 88,500 men and those against the strike 41,500. Thus, although opinion is divided, the extremists are in the large majority. The conference, however, agreed to meet the president of the Board of Trade, Walter Runciman, tomorrow to discuss the situation.

General business on the Cardiff Coal Exchange has ceased, owing to the government requisition for the Admiralty of all available coal supplies, while shipping and the railways which depend on the mines also had little to do today. There is a general impression, however, that the strike will not last long, but that the men, after a short holiday, perhaps over the weekend, will return to work.

All the responsible labor leaders of the country are opposed to the strike, and while it is hard to see how the government can enforce the penalties of the Munitions Act it is believed the men will be influenced by the fact that they are opposing an act which was passed for the safety of the country.

The strike has been forced by the men of the Aberdeere Valley who are strong syndicalists and who have declared that the present was a good time to force the government to take over the mines. This policy has been

FATHER TRIED TO POISON CHILDREN

Attempted to Kill them With Strychnine — Took Dose Himself and Found by Police in Critical Condition.

Chatham, Ont., July 15.—George Winters, aged 55, the proprietor of a grist mill at Bothwell, was arrested today charged with attempting to murder three of his children, girls, aged 7, 5 and 2, by giving them strychnine. The man, it is alleged, afterwards tried to take his own life by poisoning. He is in a critical condition, and all three children are also seriously ill. The man was arrested at two o'clock this afternoon in a bush near Bothwell, where he had sought refuge. The only explanation suggested is that the man was in financial difficulties.

terday by the head of a large trust company that the whole matter had been pending the sale of the new British war loan. The success of this, he added, had been very gratifying to American bankers, especially as it was expected to curtail the sale to this country of American securities held in England. With this factor removed, he continued, the situation had been cleared for definite negotiations for a British credit.

GERMANY READY TO MEDIATE, SAYS COUNT BERNSTORFF

Confident Tender of Good Offices of U. S. as Mediator to Bring About End of British Reprisals Will be Accepted.

Washington, July 15.—Count Bernstorff, the German Ambassador, will present to Secretary Lansing tomorrow the view that Germany's reply to the American note on submarine warfare was intended to pave the way for negotiations on the part of the United States with Great Britain as well as Germany to adjust questions that have arisen over contraband and submarine, as affecting the rights of neutrals.

Count Von Bernstorff is confident that his government emphasized in the last note its willingness to work "hand in hand" with the American government for the establishment of the freedom of the seas principle, with the express purpose of entering into negotiations now on the entire question of maritime warfare. He sent the suggestion through Dr. Meyer-Gerland that the note should contain such an intimation. Having followed his suggestions, the Ambassador is sure his government will accept a tender of good offices for the mediation of the dispute. This would involve an acceptance by Great Britain of the services of the United States as mediator to bring about the termination of the British reprisals—the order-in-council—as well as Germany's submarine attacks upon merchantmen.

Reports of Mediation.

Officials of the American government in the last few days have heard the reports concerning possible mediation of the question, but have always indicated that negotiations along such lines could be begun only if there were assurances that in the meantime German submarine commanders would be guided by the principles for which the United States is contending—that Americans on belligerent ships which are unarmed and do not resist capture be not endangered. In official German quarters here, emphasis is placed on a statement given out by the Overseas News Agency, an official agency in Berlin yesterday. They declared the statement must have had the sanction of the German government. It recited the number of British, Russian, French and Belgian ships sunk during June, and added this comment: "The loss of human life was remarkably small, the submarines using every precaution and giving ample warning and time for crews to leave their ships, if no resistance were attempted."

WILL OPEN A CONVALESCENT HOME AT SELLING

Arrangements Completed by Mrs. Sanford Fleming, Ottawa, for Home for Canadians Recovering from Wounds.

London, July 15.—Arrangements are now completed by Mrs. Sanford Fleming of Ottawa for the opening of the Canadian Convalescent Home at Selling, near Canterbury, where thirty patients will be received next week. This will be an auxiliary to the Monkshornton Convalescent Hospital, seven miles away. The two institutions will be under the charge of Major McComb of Montreal, who was formerly at the Duchess of Connaught Hospital.

MAJOR GAULT ABLE TO LEAVE HOSPITAL

London, July 15.—Col. J. J. Creelman, of Montreal, a victim of gas in the Ypres attack at the end of April, and who has recently passed the medical board, is returning to the front tomorrow.

TWO SOLDIERS TAKE BRIDES AT SUSSEX

Sussex, July 15.—A double wedding of more than usual interest took place here today when Rev. Thomas Mitchell united in marriage, at the Presbyterian manse, Private Charles Foley, of Parrboro, N. S., with Miss Laura Taylor, of Moncton, and Private Albert G. Van Buskirk, of Moncton, with Miss Elizabeth E. McKay, of the same place. Both bridegrooms are members of the 55th Battalion.

ANOTHER AGRICULTURAL SCHOOL OPENED

NEW AGRICULTURAL SCHOOL OPENED LAST NIGHT AT SUSSEX A CREDIT TO NEW BRUNSWICK

Formally Opened by Lt. Gov. Wood—Premier, Members of Legislature and Large Gathering of Citizens Present—Another Step Forward in Agricultural Development of Province—Provincial Government is Lending all Possible Help to Farmers.

Special to The Standard. Sussex, July 15.—History was made in Sussex today by the departure of the 5th Battalion and the formal opening of the new agricultural school, one of the handsomest and best equipped buildings of its kind in Canada.

At 8 o'clock when Hon. James A. Murray, who presided, took the chair the spacious assembly hall was filled to overflowing, hundreds being unable to gain admittance. On the platform were His Honor Lt. Governor Wood, Hon. Geo. J. Clark, Premier of New Brunswick; Hon. Dr. Landry, Provincial Secretary; Attorney-General Baxter, Geo. B. Jones, M. L. A.; H. V. Dickson, M. L. A.; Prof. M. Cummins, of the N. S. A. C.; Truro; Chancellor C. C. Jones, of the U. N. B.; W. S. Carter, Superintendent of Education; H. V. Bridges, Principal of Normal school; R. F. Steeves, Director of Agricultural Education; Gordon Pettit, Provincial Agronomist for Ontario; Mayor Wallace, of Sussex; H. W. Woods, M. L. A.; O. B. Price, M. L. A.; Robert Newton, Principal of Agriculture schools, Woodstock; J. B. Daggett, Secretary for Agriculture; A. E. Tritts, Salisbury; and Mr. Dawson, assistant editor of the Agricultural Review, Ottawa.

After the Empire Ladies' Orchestra had rendered a selection the Hon. Mr. Murray, in a brief address, welcomed the visitors to the Town of Sussex, and said he felt honored to have so many men prominent in the life of the province present on the auspicious occasion and expressed regrets that Geo. W. Fowler, M. P., was unavoidably absent; also that Hon. Mr. Murray had telegraphed his regrets at his inability to be present.

A Forward Step. Referring to the new building he said that it marked a forward step in New Brunswick's agricultural development. The province's ability to construct and equip an agricultural school, such as Sussex now possessed, was due to the Dominion government's subsidy for agricultural educational purposes which last year, the third participated in by the province, amounted to \$54,000. After differentiating between elementary and vocational agricultural education he congratulated Sussex for having this splendid building and the province for the facility it affords and the contractor, W. F. Lutz, for the splendid manner in which he finished his contract and followed the instructions of the architect.

Lt. Governor Wood. The chairman then called upon His Honor Lt. Governor Wood, who expressed himself as highly pleased at being present in Sussex on this occasion. He had visited Sussex when only a boy, fifty odd years ago, when Sussex Corner was the centre of the town, and told of the admiration he had of the horses that the late Hugh McMonagle had exhibited. At that time Kings county was a strong leader in agriculture, and he was glad to know that it had never lost its grip in that time. This was true, he said, particularly in dairying, for he had it on good authority that Kings county produces more milk and dairy products than all the other counties of the province combined. Kings county had made rapid progress in the last fifty years, and he felt quite sure that her sons and daughters would not be slow to take advantage of the opportunities offered by the new school. These opportunities would mean larger returns for labor and the elevation of the standard of comfort for homes.

It will not, however, teach her to farm without work. Industry was necessary to success, knowledge is only useful when practically applied. The attendance at this meeting was a good omen of the value citizens place upon the importance of this institution. He then declared the building formally opened and dedicated to the purpose for which it was erected. His Worship Mayor Wallace welcomed the visitors and teachers and gave them the freedom of the town of Sussex and trusted that their coming here would eventually be the means of heralding the day when men would beat their swords into plowshares and their spears into pruning hooks and forever after follow the paths of peace and goodwill to all men.

Premier Clarke's Tribute to Work of Hon. Mr. Murray. Hon. Premier Clarke said that this was an inspiring spectacle to see upwards of 150 of the teachers of New Brunswick giving up the pleasures of their summer holidays to better fit themselves for their chosen vocation. He had been a school teacher in his younger days and consequently felt at home among them. He congratulated the gentlemen connected with the movement to erect and equip this splendid building, referring particularly to the Minister of Agriculture, Hon. James A. Murray, who has with

such zeal has done so much excellent work since taking over the reins of office. His department is a power for good among the farmers of the province and he wished to congratulate Sussex not only for having such an excellent school within its borders, but also for possessing such a capable official as the Minister of Agriculture had proven himself to be.

Hon. Dr. Landry. The benefits inevitable to America from England's awakening, emerging from an anesthetic as it were from the time of the torpedoing of the Lusitania forward—to the realization that she is in a fight for the life or death of the British Nation, and that the Germans are an unscrupulous foe, capable of descending to any depth in the effort to achieve world dominion, were lucidly and emphatically explained last evening by Charles Louis Bennett at his home, 63 Cushing Ave., Dorchester.

Mr. Bennett had just arrived home, after sailing from England June 19 in the Saxonia. He is a teacher of vocal music, and was born at Uphams Corner, Dorchester, 35 years ago. His musical education was gained at the New England Conservatory of Music, under George W. Chadwick. In the last 15 years he has passed much time pursuing his vocation in Italy, Germany, Belgium, and other parts of the Continent; but up to 1910 he lived mainly in Boston, where he jointly owns a home with his father, Gilbert Bennett, who has been a cotton goods manufacturer hereabouts for 40 years.

The musician's last European trip was started from this country in the Lusitania in June 1914. After three days in England he went to Belgium, where he stayed until October. Then he went to Fulham, S. W. London, where he lived steadily until June 19.

No Panic in England, Only Disgust. In that period of nine months he devoted himself to an analytical and psychological study of the mind of the "man in the street" in London.

"The man in the street" made him sail in a British boat. He believes his life safer in England, he said last night, than in taking chances with German submarines; and if she joins him in Dorchester this summer, as is probable, she will come over in an American steamer.

"It's a good thing for America," said he last night, "that England is awake. For beyond a doubt one of Germany's objective points is the United States. And the Kaiser's ultimate aim is the subjugation of the American Continent, using South America for a base."

"I do not mean that there is any cause for excitement. Steps according to the plan, might not be taken for 25 years. But it is the ultimate aim in that man's obsession for world dominion."

"But, no fear! Germany is beaten, though she is not conquered. There's a vast distinction of meaning between those words which should be clearly understood."

"Her holdings at the present moment cover the greater and more desirable part of the European Continent. 'Yet to one living there the Englishman is every day more and more of a marvel. The man in the street in October was asleep. At Christmas time he was still asleep. The slogan was: 'As we've always got through our other wars, we shall mess through this one. The Government will see us through.'"

SUBJUGATION OF UNITED STATES PART OF THE KAISER'S PLAN

The benefits inevitable to America from England's awakening, emerging from an anesthetic as it were from the time of the torpedoing of the Lusitania forward—to the realization that she is in a fight for the life or death of the British Nation, and that the Germans are an unscrupulous foe, capable of descending to any depth in the effort to achieve world dominion, were lucidly and emphatically explained last evening by Charles Louis Bennett at his home, 63 Cushing Ave., Dorchester.

Mr. Bennett had just arrived home, after sailing from England June 19 in the Saxonia. He is a teacher of vocal music, and was born at Uphams Corner, Dorchester, 35 years ago. His musical education was gained at the New England Conservatory of Music, under George W. Chadwick. In the last 15 years he has passed much time pursuing his vocation in Italy, Germany, Belgium, and other parts of the Continent; but up to 1910 he lived mainly in Boston, where he jointly owns a home with his father, Gilbert Bennett, who has been a cotton goods manufacturer hereabouts for 40 years.

The musician's last European trip was started from this country in the Lusitania in June 1914. After three days in England he went to Belgium, where he stayed until October. Then he went to Fulham, S. W. London, where he lived steadily until June 19.

No Panic in England, Only Disgust. In that period of nine months he devoted himself to an analytical and psychological study of the mind of the "man in the street" in London.

"The man in the street" made him sail in a British boat. He believes his life safer in England, he said last night, than in taking chances with German submarines; and if she joins him in Dorchester this summer, as is probable, she will come over in an American steamer.

"It's a good thing for America," said he last night, "that England is awake. For beyond a doubt one of Germany's objective points is the United States. And the Kaiser's ultimate aim is the subjugation of the American Continent, using South America for a base."

"But, no fear! Germany is beaten, though she is not conquered. There's a vast distinction of meaning between those words which should be clearly understood."

SIR J. A. M. AIKINS LEADER OF MANTOBA CONSERVATIVES

ANNOUNCES AT CONVENTION THAT HE WILL ACCEPT THE TRUST—CONVENTION ENDORSE THE SPLENDID WORK DONE BY PREMIER BORDEN'S GOVERNMENT IN PRESENT CRISIS.

Winnipeg, July 15.—Sir J. A. M. Aikins, K. C., M. P., announced in the convention of the Conservatives of Manitoba this afternoon, that he had accepted the leadership of the party in the province. He did this, he said, because the call had come to him and the responsibility was upon the convention. He had hoped to relieve himself of some of his responsibilities instead of taking on new burdens, but he would take up the fight. Sir James' acceptance was exceedingly popular with the delegates, who cheered him with great vigor.

At the afternoon session of the Manitoba Conservative Convention it was moved "that this convention place itself on record as being in unqualified opposition to any and all political methods that can in any way lead to the development of machine rule, with its attendant evils of manipulation and corruption." It deplored the circumstances which led to the recent change of government in the province, and which are still under investigation by two Royal Commissions, thereby making it improper at the present time to formally express an opinion concerning the conduct of the late and present governments—conduct which is chiefly responsible for the calling of this convention. But the party has no hesitation in declaring its belief that justice should be untrammelled, and that retribution should be enacted for all wrongdoing in connection with the parliament buildings."

Work of Dominion Government Strongly Endorsed. The principle of public abattoirs was approved. The convention declared itself in favor of reserving all water powers to be developed by and for the people.

"The splendid record of the Borden government in the present critical period in the history of the Dominion and the empire," it was endorsed. "The government," it said, "had enabled Canada to reveal to the world the patriotism, loyalty and solidarity of the nation."

When the convention resumed its session this morning it was announced that 188 voting delegates and 1,609 ordinary delegates registered yesterday, a total of 1,693. Only two provincial constituencies are not represented. Liquor legislation was again discussed from many points of view. Other

marine methods, Mr. Bennett smiled. "In England," he repeated, "the sentiment of England is not panic, but intense disgust that there can be human beings capable of resorting to methods so removed from 'playing the game.'"

"There is no rage. Simply a more serious, sterner atmosphere has taken hold. In a word the spirit is: 'This is important, Germany must be smashed.'"

As an instance of the careful German preparedness in trying to carry out this idea of world dominion, Mr. Bennett said this: "In Oxford, where I hired a house for a year last October, I have often seen, after the Germans planted them-

SIR J. A. M. AIKINS.

provincial issues were also debated.

Elections Next Month? The Conservatives of Manitoba convention came to a close at ten o'clock tonight. The platform to be adopted includes the admission of women to the franchise upon receiving a mandate from the women of the province. The resolution on woman suffrage expressed the sympathy of the convention with the principles of this measure, and declared that "upon receiving a mandate from the women for the franchise" the Conservatives, if returned to power, would enact the legislation necessary to give them the vote. One man opposed the adoption of this plank.

The secretary announced that word had come that the provincial elections were to be held on August 6th though he did not know that this was official. Some delegates expressed the opinion that the time was very short, but they must make haste with the organization.

As soon as the milk forms a thick firm curd turn it into a stout cotton bag. Hang where it can drip overnight. Place between weights in the morning and when rather dry turn out into a bowl. Cut up very fine, season with salt and pepper and moisten with cream or a little milk and melted butter. Beat well and mould nicely. Set in a cold place.

At last New York is to have a "neutral daily," according to the Editor and Publisher and Journalist. The names of the backers guarantee the neutrality of the paper. They are: Hugo Schwitzer, president; Emil Kipper, vice-president; Henry Weils, secretary; Max Stoehr, treasurer. (Pass the cold cream.)

America Carefully Surveyed Too "And, don't worry! This country you may be sure, has been just as carefully surveyed in advance. "But there's no occasion for concern,

now that England at last has waked up." As to future settlement Mr. Bennett said: "The Allies ought to state their minimum terms of peace now. Because it is inevitable that America will have a large hand in the final arbitration."

"And America proverbially sympathizes with the under dog; so there is an undercurrent of feeling that America, the chief arbitrator, is likely to say: 'Be easy on the Germans. They've had an awful beating.'"

Fundamentally Mr. Bennett thinks this is a war between the Germans and the English.

Descriptive of the present British spirit and attitude, he said: "The marvelous thing is their dogged resolution in taking reverses. The more you pound an Englishman, the more you are hurting your own case."

"They don't bother to retaliate their complaint at the Belgian atrocities and the rather dirty submarine business, but the general deep feeling is that the whole bill must, and is going to be collected."

OFFICIAL REPORTS

AUSTRIA

Vienna, July 15, via London.—The following official communication was issued today:

"In the Russian war theatre the situation is unchanged. "On the Dniester below Nizniow (south of Mariampol, in Galicia) there has been fighting in which our troops were successful. On the north bank of the river, we captured eleven officers and fifty-five men."

"Italian war theatre: "Against some points on the plateau of Doberdo, the Italians again are developing a vigorous artillery fire. They also attempted several infantry attacks between Polazzo and Drausina, but these were repulsed with heavy losses."

Cornish Cudlets

This is a good luncheon or supper dish. Trim slices of cold meat into good shape. Season with salt and pepper and a bit of chopped parsley. Also add a few drops of ketchup. Season mashed potatoes nicely, add a beaten egg and a little lemon juice or grated nutmeg. Spread over the meat slices, dip in beaten egg and then in crumbs. Fry in deep fat a fine brown.

Codfish and Macaroni

Boil one-third of a package of macaroni till tender. Drain and arrange in a buttered pudding dish in alternate layers with shredded codfish. Add bits of butter and enough milk to nearly cover. Dust cracker crumbs over the top. Beat two eggs very light, add half a cup of milk and pour over the top. Bake half an hour and serve hot.

Sour Milk Cheese

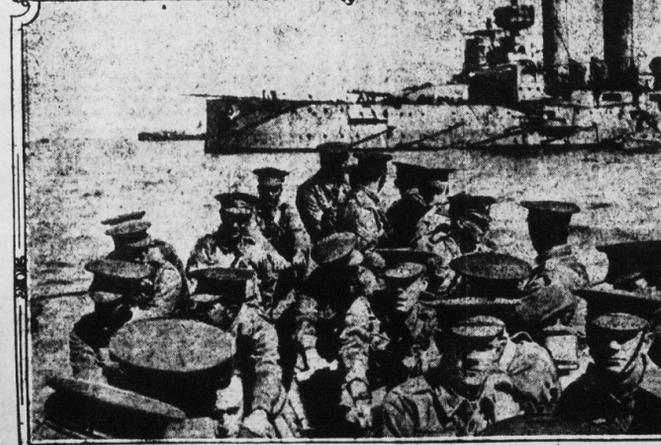

As soon as the milk forms a thick firm curd turn it into a stout cotton bag. Hang where it can drip overnight. Place between weights in the morning and when rather dry turn out into a bowl. Cut up very fine, season with salt and pepper and moisten with cream or a little milk and melted butter. Beat well and mould nicely. Set in a cold place.

At last New York is to have a "neutral daily," according to the Editor and Publisher and Journalist. The names of the backers guarantee the neutrality of the paper. They are: Hugo Schwitzer, president; Emil Kipper, vice-president; Henry Weils, secretary; Max Stoehr, treasurer. (Pass the cold cream.)

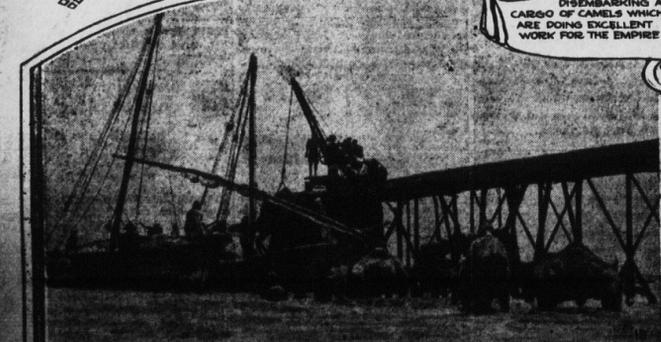

America Carefully Surveyed Too "And, don't worry! This country you may be sure, has been just as carefully surveyed in advance. "But there's no occasion for concern,

The St. John Standard

Published by The Standard Limited, 25 Prince William street, St. John, N. B., Canada.

H. V. MacKINNON, Managing Editor. ALFRED E. MCGINLEY, Editor. United States Representatives: Henry DeClerque, Chicago, Ill. Louis Klebahn, New York. British Representatives: Frederick A. Smith, 22 Ludgate Hill, London, E. C.

ST. JOHN, N. B., FRIDAY, JULY 16, 1915.

"We are fighting for a worthy purpose, and we shall not lay down our arms until that purpose has been fully achieved."—H. M. The King. TO THE PEOPLE OF THE EMPIRE—Every fighting unit we can send to the front means one step nearer peace.

THE BRITISH NAVY

Recent despatches from Great Britain told of a visit King George was reported to have made to the British fleet operating in the North Seas. That fleet has not been heard from for some time, but the very fact that no report has been received of a naval engagement is the very best evidence that it is so much superior to that of Germany that the Kaiser's naval officers do not dare to clear decks for action.

An editorial writer in the New York World, commenting upon the lack of naval fighting observes that "the great navies of Britain and Germany refuse to fight. They appear to be afraid of each other." The World forecasts that before there can be a battle there must be an enemy. To all intents and purposes so far as the British navy is concerned this enemy is lacking. Germany's boasted fleet is in the Kiel Canal accumulating, barbed, and while it leisurely rides there German naval vessels, caught away from the home waters, have been sunk. German merchantmen have either been captured or forced to intern, and the German flag has been swept from the seas. The German colonies have been captured, German trade has been reduced to a minimum and the very empires of the Kaiser and his Teutonic allies are now blockaded and, as the New York Herald says, "feeling the silent pressure of industrial strangulation."

It has been said that the British fleet has been inactive; if so, it is none the less the decisive factor of the war, for it has held the British colonies so safe that they are sending their sons to France and Flanders to fight for the home land, secure in the knowledge that there can be no invasion of Canada or Australia, India, New Zealand or the Islands of the Sea. Thanks to the might of the British fleet Britain's shores are safe from invasion and British armies can be transported to the fighting fields without menace. Thanks to the British fleet, Britain and Britain's colonies can be supplied with food and the necessities of war without the slightest hindrance, save for the occasional deprivation of an isolated submarine.

While the British armies are working with their allies of France, Russia, Belgium, Serbia and Italy to destroy and beat down the might of Prussian militarism the shores of the entire British Empire are absolutely guarded against the approach of a foe and the commerce of the Allied or neutral nations is free to travel the sea lanes with little or no fear of molestation. Had the British army, at the first sign of trouble, been as powerful as the British navy the war lords of Prussia would never have dared to attempt to make the world subscribe to their heinous doctrines. The British navy has done little actual fighting only because the warships of the enemy have not dared to come within gunshot. When "Der Tag" comes, as come it must, that the ships of the German fleet close in battle with the "long grey monitors" of England's shores, that day will settle beyond dispute the absolute verity of the oft repeated and glorious assertion that "Britannia rules the waves."

LABOR AND THE WAR.

If the coal miners in Wales continue in their determination to refuse to work at a time when the Empire requires the product of their labor, the cause of organized labor will receive a severe setback in the esteem of all who believe that Empire wealth should have precedence over all other questions. The British Government, apparently, expects trouble and is taking measures to minimize its effect. They have taken over all reserve stocks of coal in Britain and will see to it that the needs of the Navy and allied factors in the prosecution of the world war are supplied from these.

That the Welsh miners should select this time to strike, seems to indicate a particularly short-sighted policy on the part of their leaders. Even if conditions of work and their remunerations are not what they should be, they cannot hope, by seeking to hamper the Empire's efforts, to gain for their

cause that sympathy which is essential to success. Under the new Munitions Law the strikers can be severely penalized for their action and if an attempt is made to enforce it they will probably find that the British people are a unit behind the Government. The average Englishman is in no mood for trifling today so, if the action of the Welsh miners does not result as favorably for them as they might have expected they will have none to blame but their leaders. Whatever may be the circumstances that led to a decision to strike there can be but one opinion as to the wisdom of the action and that is that the strictest measures that it may be deemed necessary to take in order to deal with a complex situation will be fully justified.

THE FUTURE CANADA.

An interesting view of the Canada of the future following the present war is afforded by the Christian Science Monitor in an editorial based on Dominion Day observations in this country. The Monitor says: "Observance of Dominion Day in Canada this year led thoughtful people in that country naturally to contemplate of its past, present and future, especially its future. In all the printed comments on the subject we have seen there is agreement upon one point, namely, that Canada has found a new outlook, that it is certain to occupy a new place in the empire and in the world. The year beginning with August, 1914, it is realized, has brushed aside traditions that have clung to British America for a century. The part that Canada is playing, and must yet play, in the greatest tragedy of modern times, at once enlightens and compels us to assume a different relationship toward the mother country."

"That Canada is changing in its concepts is already noticeable; that it is growing out of its colonial environments and taking on national characteristics are things that cannot escape observation. That it will never again in its relationship to the empire be a mere child to be sent out of doors while the family council is going on seems equally evident."

THE WAR SITUATION.

The German war office reports a success in Poland and the inception of a new attack against Warsaw. It is set too early to judge whether the claims are the correct or what effect the attack may have upon the Russian plan of campaign. As pointed out yesterday, so long as the Germans are unable to destroy the efficiency of the Russian army, territorial gains are matters of minor importance.

More significant is the news from the Dardanelles, where the Allies have again successfully "nibbled" at the Turkish defences and have advanced slightly nearer to their goal. The complete operation as planned for the acquisition of positions on the Gallipoli Peninsula has now been successfully carried out except in one small section which the Turks still hold. The continued successes of the Allies, however, must by this time be having a serious effect upon the spirit of the Turks. Although the soldiers of the Ottoman Empire saw desperate fighting in the Balkan wars they lack the stolid perseverance of the Teuton, and it is not expected they will wear as well in the face of reverses as either the Germans or Austrians. Consequently although strong positions still bar the Allies from Constantinople the situation is pregnant with possibilities and may develop much more quickly than expected.

In the west the day was reported to have been uneventful. Heavy fighting continues in the Argonne, where the French have repulsed the German attacks. Elsewhere on that line the situation has not changed.

William Campbell Enlisted. William Campbell, son of G. Wilfred Campbell, enlisted on Wednesday afternoon was passed by the medical examiners and will be one of the boys who will leave for England to join the Heavy Artillery Brigade under command of Major Frank Magee of this city. Mr. Campbell was some years ago a reporter on a city newspaper and left St. John for the west and has for the last few years been ranching. He is a strong bodied young man, a good horseman, having had much experience on the ranch, and as an artilleryman is not what could be termed a raw recruit, as he was a member of the 2nd Regiment in St. John before he left for the west.

CHILD FELL FROM WINDOW

Two-year-old Son of William Mills Had Narrow Escape.

The two-year-old son of William Mills of 125 Gifford street, West St. John, fell from an open window to the ground, a distance of fourteen feet, yesterday afternoon. Dr. Kenney gave the necessary professional assistance. The child did not appear to be seriously injured but it is possible that several injuries might develop later. The child was resting as comfortably as could be expected last evening.

FORMERLY OF ST. JOHN.

The executive council, yesterday, approved the appointment by the governor of David Craig of this town as first examiner of the state board of examiners of plumbers at a salary of \$2,000. Mr. Craig is a well known citizen whose home is in Andover street and who is engaged in the plumbing business at 70 Broad street, Boston. He is an expert of the National Master Plumbers' Association and is one of the leading men in the state in the trade. Salem Evening News.

Mr. Craig is well known here. About five years ago he obtained from the city the right to develop the Green Head property. He is the inventor of several useful articles especially in the plumbing line. He expected to establish a concrete plant here but failed to secure the required backing at that time. His many friends in St. John will be pleased to hear of his success in Salem.

Now for that Vacation.

Yesterday was St. Swithun's Day, and as there was no rain, at all events in St. John we may expect a good spell of rainless weather, if the old superstition connected with the day may be relied on. St. Swithun (or Swithun) was bishop of Winchester between the years 852 and 862. He was a devoted builder of bridges. He died in 862 and was buried in the churchyard of Winchester, having asked to be laid "where passers-by might tread on his grave and where the rain from the clouds might fall on it." St. Swithun was canonized a century later and the monks exhorted his body to deposit it in the cathedral, but the translation said to have taken place on July 15, is thought to have been delayed for forty days of violent rains. Hence the still current belief, especially in England, that if rain fell on July 15 it will continue to rain for forty days.

The Blueberry Picnic

According to all indications the twelfth annual blueberry picnic at Welsford tomorrow will be a distinct success. It is anticipated that between 400 and 500 St. John people will be present. There are many city residents who do not often have a chance to meet up-river people, and tomorrow's gathering will give them a fine opportunity to make new friends, as well as to thoroughly enjoy themselves. The blueberry picnic has always been an event looked forward to with pleasure because of the many attractions provided, which will be the same as usual this year, and of the certainty of a good day's outing made possible by excellent arrangements.

Another Wanderer

John Doherty was arrested on the Marsh Road last evening by County Policeman Saunders and locked up on the charge of wandering about and not giving a satisfactory account of himself.

Little Benny's Note Book.

By LEE PAPE

There was a lot of excitement around our way this afternoon and I started to tell pop about it while he was eating supper, saying, G, pop, you awt to of bin around this afternoon, a horse ran away and evvrybody started to yell, Runaway, runaway, and it ran about a mile before they cawt it; you awt to of bin around.

My son, beware the evils of exaggvayshin, sed pop, do you realize that there are 10 stty blocks in a mile.

I didnt say he ran a mile, I sed.

Then wat was the precise nature of yure observayshin, sed pop.

I sed he ran about a mile, I sed.

Well, considring that 8 or 9 blocks constittute the numerical mezure known as about a mile. I ask you to think it ovir in the calm and stedy lile of reason and then tell me how far the horse ran away, sed pop.

Six blocks placed end to end, the only logical position in wich blocks shoold be placed, would extend from this house to yure cuzzin Arties house, did the horse run that far, sed pop.

No sir, I sed.

Then how far did it run, sed pop.

I bet it ran 4 blocks, I sed.

Wood you be willing to sware that befor a jury of yure peers, sed pop.

Befor who, I sed.

Are you quite sure the horse ran 4 blocks, sed pop.

How far is it from down at our cornr erround to Bremms ice cream place, I sed.

About a block and a half, sed pop.

Then thats how far the horse ran, I sed.

Wich it was.

BIG LEAGUERS.

"Ty" Cobb has been often spoken of as the most valuable player in the American League, but not until this season has Vic Salter of the Chicago Cubs, who are now leading the National League, been considered the biggest asset on the Toner circuit. Salter some time ago rose to take the place of one of the greatest of first basemen, Frank Chance, and he always has been a factor in whatever successes have come Chicago's way. This year, though, he is creating

something of a sensation. Not only is he hitting at a 300 clip, but he leads the league in runs scored with 45, and also probably has driven in more runs than any other member of the league.

Of his 78 hits this year, 42, or more than half, have been for extra bases, which aggregate 68 on his 24 doubles, 10 triples and eight home runs. His batting has not been so sensational by spurts as has that of his teammate, Zimmerman, but Vic's value has been greatest.

NEFF A GREAT BATTER

San Francisco, July 14.—Jack Neas, first baseman of the Oakland team of the Pacific Coast League, broke the world's record for hitting in consecutive games today by lining out a hit in the 41st consecutive game in the contest against Salt Lake City. The previous record was held by Ty Cobb, who made hits in 40 straight games. In the 41 games Neas made 70 hits. He leads the Coast players with a batting average of .387 for 97 games, in which he made 62 runs, 141 hits, four being three-baggers and 10 home runs. Neas was born and learned to play ball in Chicago. He entered the professional ranks with the Madison Wis. team in 1909.

Detroit scouts saw him and he was drafted and then farmed out to Williamsport in the Tri-State league. He staid there until the Fall of 1910, when Detroit recalled him. Neas played with Detroit until June 1911, when Hugh Jennings sent him to New Bedford in the New England League, where he played two seasons. Oakland drafted him at the close of the 1912 season.

The Best Quality at a Reasonable Price.

A New Lens In One Day

There is no need of waiting longer to replace a broken lens. Bring the pieces to Sharpe's and have a new one of exactly the same measurements ground for you.

We have a complete lens grinding plant and can duplicate the original glass for you. Unless the lens is a very unusual one it can be ground in an hour or two, and our capacity is adequate so that your work can be taken up with very little delay. You'll have only a short period of inconvenience in being without your glasses.

If your glasses were purchased or repaired here, we have the measurements on file. All you need to do is to phone us which lens is broken, then bring the frames in at the time we designate. It will take a very few minutes to put the new lens in place. You'll be as pleased with our reasonable charges as you are with our prompt and accurate service.

Competitions For Boys and Girls

On Saturday I will publish a picture which I want all boys and girls who are not over 15 years of age to color with either water colors or chalk.

To the young artist who does it the best I will give a first prize of a valuable Art Book.

It's a simple competition, no hard rules, no entrance fees, just cut the picture out, paint or color it the way you think best, save three coupons the same as the one shown on this page, cut from The Standard, fill them up, pin them to the painting and send them all addressed to

UNCLE DICK, THE STANDARD, St. John, N. B.

The Contest Will Close July 22nd, 1915.

Coupon to be Used in Both Contests

STANDARD COMPETITION FOR BOYS AND GIRLS

Full Name _____

Address _____

Age Last Birthday _____

July 16, 1915.

The Prize winner's name will appear in the Children's Corner of The Standard on July 24th.

Special Knitting Contest

In Aid of The Red Cross Society (St. John Branch)

I am publishing particulars of a fresh contest and I want you all to enter for the prize, as the work you send in will be given to the above society, and the poor wounded soldiers will be greatly comforted by your efforts. Here are the particulars: Make a knitted face measuring 7 1/2 inches square, using No. 6 knitting cotton, and knit plain, crochet a loop on one corner to hang up by. Then pin the above coupon to same and forward not later than Thursday, July 29th, 1915 to

UNCLE DICK, Standard, St. John, N. B.

This contest is open to both girls and boys, as I want you to make as many face cloths as possible, knowing that they are to be used for the wounded soldiers.

To the girl or boy who makes the best I shall award a valuable story book. I shall also give a special book prize to the one who sends in the most.

DIED FROM WOUNDS.
George West, of Charlotte street, St. John, N.B., died yesterday morning at his brother's home, Richard, had died some time last month as the result of severe wounds received during the heavy fighting, presumably at Langemarck. Mr. West was a corporal in the Royal Horse Artillery.

WHO OWNS THE HORSE?
On the 13th of the month a strange horse wandered into the stable of Peter McIntyre, grocer, Main street, where it has been cared for since. The animal is in fairly good condition and Mr. McIntyre will be quite ready to surrender it to its owner.

THE HOME FOR INCURABLES AND ITS WORK DURING YEAR

Annual meeting held yesterday at the Home - G. S. Mayes retired from board of management and C. W. Hallamore appointed in his place.

The annual meeting of the subscribers to the Home for Incurables was held yesterday afternoon at the home, R. B. Emerson presiding. Reports were submitted by the board of management, treasurer, auditor, secretary of the committee of the Women's Auxiliary and the medical board.

The old board of management, except G. S. Mayes, who expressed a wish to retire, was re-elected for the ensuing year.

C. W. Hallamore was elected to the vacancy caused by the retirement of Mr. Mayes. The full list of members, many of whom were present at the meeting, is as follows: Ernest H. Turnbull, W. Rupert Turnbull, Dr. Thomas Walker, S. Dunn Scot, Frank P. Starr, S. Elias Alward, Dr. P. R. Inches, R. B. Emerson, J. S. Gregory, John Sealy, G. Fred Fisher, F. B. Ellis, C. W. Hallamore, Mrs. S. Alward, Mrs. Thomas Walker, Mrs. Struan Robertson, Mrs. E. C. Elkin, Mrs. W. D. Forster, Mrs. John A. McAvity, Mrs. David McLellan, Mrs. H. A. Powell, Mrs. R. O'Brien and Mrs. W. C. H. Grimmer. Board of Management.

The report of the board submitted by the president, Dr. Thomas Walker expressed thanks to those who had assisted with money and other donations, to the medical staff and the women's auxiliary. It showed that at the beginning of the year there were in the home twenty-six patients, fifteen males and eleven females. Sixteen applications were considered, six males and ten females. Sixteen persons were accepted, six males and ten females. Twelve patients died during the year, five males and seven females. There are now in the home thirty patients, fifteen males and fifteen females. During the year extensive improvements have been made in the home, including electric lighting, most of the cost of which was borne by members of the board, heating and hot water apparatus. The need for increased financial help was referred to.

Treasurer.
The report of the treasurer, F. B. Ellis, showed that during the year the capital was increased \$10,700, the largest amount received in any year since the generous bequest of W. W. Turnbull made it possible to open this splendid institution. The increase was made up of two bequests of \$5,000 each by the late Robert Thomson and the late Col. J. J. Tucker, \$500 from the late James E. White, \$100 from the late Andrew Malcolm, \$50 from the late Mrs. A. A. Holly, and \$50 two life memberships from Mr. and Mrs. Milton W. Galley. The total invested capital now is \$112,756.15 as follows: W. W. Turnbull trust \$85,000, capital fund \$16,756.15, James Ready fund \$1,000. Other moneys held by the treasurer total \$5,750.25, making the total of all accounts \$117,932.41. The revenue account shows receipts

for the year, including balance from last year amounting to \$10,652.23. The expenses totalled \$8,867.58. The extraordinary expenses were: Repairs to heating system, \$516.63; insurance premiums, \$207.22; electric wiring and fixtures, \$637.90; hot water heater, \$187.75, a total of \$1,529.50.

A comparison of the receipts and expenditures with those of the year before shows an increase of \$1,242.70 in receipts. The revenue from paying patients exceeded that of 1914 by \$1,856.66. The expenses were \$883.03 greater than last year, and the balance on hand, \$1,184.44, is slightly better than that with which the year was started.

The report of the auditor, P. F. Blanchet, certified to a proper accounting for the funds of the institution.

Women's Auxiliary.
The secretary of the auxiliary stated in her report that its work had been carried on with gratifying results. Divine service was arranged for by the committee and was attended by some of its members every Sunday afternoon. Gratitude is expressed to the clergy who conduct these services and to the choir. The report further states:

"Every patient is visited weekly by a lady of the committee, thus supplementing the visits of the members of the board, the result of their system of kindly care and interest being reported and entered on the minutes at the regular monthly meeting of the Ladies' Aid. A number of small presents were planned and carried out during the year.

"Thanks are extended to all those whose gracious kindness and generosity assisted the Women's Auxiliary in the work of helping to further the humane purposes of this noble charity."

Medical Board.
The report of the medical board was submitted by Dr. P. T. Dunlop. It stated as follows: "During the year seven patients have been added to the home, and eleven deaths have occurred in that time. At present there are thirty patients in the institution. The board has pleasure in reporting that the care of the patients by the matron and nurses has been carried out to the satisfaction of the staff. We would call the attention of the board to the need of having the teeth of the patients looked after. Possibly a dentist might be added to the visiting staff."

The recommendation of the medical board was referred to the new board of management.

Votes of thanks were tendered by the subscribers to the clergymen and choir who had assisted in the religious services, to the president for his work and interest in connection with the home, to the women's auxiliary, who had helped to make the institution of real benefit to those for whom it is intended.

HEAVY DEMANDS ON PATRIOTIC FUNDS

June Bulletin of Canadian Association has just been received.

The June bulletin of the Canadian Patriotic Fund, published by the Canadian Patriotic Fund, Ottawa, contains a list of subscriptions received by the honorary treasurer, Hon. W. T. White, Minister of Finance, during the months of April and May. The bulletin which is the first of a monthly series intended to supplement Report No. 1 recently issued states as follows:

"It is hoped by this means to enable local committees to profit by the experience of those already established, who are to stimulate to further effort those communities where interest may not be so well sustained.

"The announcement of Major General Hughes that 35,000 additional men are to be recruited overseas service means that there will be a further increase in the already heavy demands on the fund. It must be the aim of local committees to counter-balance this increase as far as possible by endeavoring, in proper season, and by such methods as seem best, to augment the resources at our disposal.

"The more practical the assistance that we render to soldiers, the more practical will be the sympathy and support accorded us by the public. We will endeavor in these columns to suggest to local committees ways and means of increasing the service they are already rendering to Canada and her soldiers. We are sure that in this way we may confidently count upon the continued cooperation of all actively interested in the work of the fund, and that they will not be hesitating to forward suggestions arising from their experience and likely to prove of value to their co-workers."

Subscriptions from New Brunswick centres received for April were as follows: St. John branch, \$62.85; grant of municipality of county of Madawaska, \$500; Sackville branch, \$1,000; Fredericton branch, collected by school teachers of York county, \$1,233.36; Kent county branch, \$5,322.09. Subscriptions for May: Moncton branch, \$500; St. John branch, \$2,758.86; Woodstock branch, \$597.73; Restigouche branch, \$632.58.

FUN AT OPERA HOUSE

The change of program by the Empire Musical Comedy Company at the Opera House last night proved to be one of the best shows the company has presented here. It attracted a large audience and every number on the program was heartily enjoyed. "Rufe Johnson's Band," with Mike Sachs as "Souper," the band master, is one big item of laughter. A descriptive song number "Where are the boys we went to school with?" sung by Dick Stead, made a big hit. The illustration of this song with special scenery and the view of the passing regiment, with a vision of Lord Kitchener reviewing the troops, is a clever bit of stage craft. Incidentally this should help in a small way in the present recruiting campaign. It received a tremendous round of applause last night. The same program will be repeated tonight and for two performances tomorrow. There will be a big Tanco dancing contest tonight as an extra feature.

ASSESSMENT COMMISSION CONSIDERED BY COUNCIL

Mayor Frink submitted names of men to form Commission—Members of Council asked to have matter further considered next Wednesday—The men nominated.

Whereas, by section 1 of an Act of the General Assembly passed on the 29th day of April A.D. 1915 (6 George 5 Chapter 91) entitled "An Act to provide for an Assessment Commission in the City of Saint John, and to abolish the office of Recorder," the Common Council of the city of Saint John is required, within three months from the passing of said act to appoint a commission on the assessment law of the said city as provided by section 22 of the act 2 George 5 Chapter 5, which commission "shall prepare and submit to the Council a draft of a new assessment law or amendment to the existing law."

It is further resolved, that a commission be appointed for the purpose aforesaid and that such commission shall consist of the following named persons, residents and ratepayers of the city of Saint John:

J. B. Cudlip, E. Allan Schofield, T. P. Regan, J. Roy Campbell, R. T. Hayes, W. E. Scully, J. M. Robinson.

And that George McDade be appointed secretary and stenographer to the said commission.

And Further Resolved, that the commission shall elect its own chairman.

And Further Resolved, that the members of the commission shall receive the sum of \$500.00 each as an honorarium for their services.

And Further Resolved, that the secretary and stenographer shall receive the sum of \$500.00 in full and complete payment for any and all services which he may render the commission until it has completed its work, to be paid in instalments from time to time as the chairman may direct and that the stenographer and secretary shall be available at all times when requested by the commission, and be subject to the orders of the chairman, who may, with the consent of the majority of the board, retire him if found deficient or negligent in the performance of the duties assigned him.

And Further Resolved, that the chairman of the board of assessors of taxes of the city of Saint John, the board of assessors and all other officials of the city shall attend the sessions of the commission when requested to do so by the chairman, with or without notice in writing. That the chairman of the board of assessors aforesaid shall upon request, place at the disposal of the commission without reservation, all books, papers, records, documents, written or printed, contained within his office, pertaining to the levying and assessing of taxes in the city of Saint John past and present.

And Further Resolved, that the incidental expenses of the commission be paid upon order of His Worship the Mayor.

The above resolution was introduced at the meeting of the city commissioners yesterday afternoon by Mayor Frink. Although the motion was seconded by Commissioner McLellan it was later considered better to discuss the matter further at a meeting of the commissioners on Wednesday next.

During the discussion Mayor Frink vacated the chair in favor of Commissioner Wilmore and made a speech. For a time the tone of the meeting was quite heated, but calmness came again and the business of the meeting was concluded.

Mayor Frink.
In introducing his resolution Mayor Frink said: "The matter of assessment is of deep concern to the citizens. The present system has been criticized and the inequalities of the assessment have been pointed out. The time has arrived when something must be done. Various systems of taxation have had their supporters, and the commission will endeavor to secure the fullest information and make a recommendation.

"There is no doubt that the commission will mean, in the form of a report, quite a large sum of money, but if, as a result of its labors, a proper assessment system is secured, it will be quite satisfactory."

Commissioner McLellan.
Commissioner McLellan—"This has come before us in the form of a resolution. I had expected that it would be submitted in the form of a report. I will second it however so that it can be discussed."

Commissioner Potts.
Commissioner Potts—"I suppose that in question of taxation I am much interested as you are. I have made a strong stand in the matter of tax reform.

"We were kept in the dark as to the selection of this commission until today. Even when the names were chosen several days ago we were not made aware of them. There might be a chance here of another case of class legislation. One man on this commission is deeply opposed to more taxes being placed upon the land. It may be free from politics, but there may be some evidence of class in it. Their names are here by their own consent and we therefore have the privilege of discussing their qualifications.

"Our present attorney-general was connected with the other assessment commission. T. H. Estabrooks was also upon it and he could be compared with one of the present names. Mr. McRobbie was also a member, and he might be compared with another. Their report was never acted upon."

Mayor Frink.
His Worship then asked Commissioner Wilmore to take the chair; he took his place on the floor and said: "I just wish to say here openly that things have occurred at this board which jarred me and I sat still. I say Potts does not represent the classes nor the masses in this city, and you will see it too, when the opportunity comes. He says a labor man should be on this commission."

A Point of Order.
Commissioner Potts—"I rise to a point of order. I am not under discussion. I never used the word labor this afternoon and that statement should be withdrawn."

Mayor Frink—"I am not catering to classes or masses in this. I have used my personal influence to get these men to act. I believe the men on this board are capable of looking after the interests of the people. I have not discussed these men on account of political affiliations not from any class or order.

"Names have come in here for important positions, and no discussion was allowed. You, Mr. Chairman, you commissioner of public works, and you others recommend men for positions and no discussion is allowed. I have no more to say now."

Commissioner Potts—"Your remarks are unwarranted. I am responsible for this matter being before us today. I forced it on you."

Mayor Frink—"O, you forced it upon us."

Commissioner Potts—"If I made comparisons it was in the most friendly spirit. These men are competent individually, but as a committee would be unable to do the workmen proper justice. As far as being a representative of the classes and masses is concerned, perhaps I will before the others of you test their opinion. I am willing to stand by the decision of the people. I think, however, there are men in the Trades and Labor Council who would be good men to act."

Mayor Frink—"The action here today will cause me to be deluged with people tomorrow, who will say I voted for you. What have you done for me?"

The amendment was then carried.

PIONEER LODGE

INSTALLS OFFICERS

Deputy District Grand Master C. W. Segee presided at the Ceremonies.

District Deputy Grand Master Chas. W. Segee and suite of Grand Officers, last evening visited the rooms of Pioneer Lodge, No. 9, I.O.O.F., and installed the officers for the ensuing term as follows:

Alfred E. McKinley, N.G.; Fred S. Hillman, V.G.; Joseph A. Murdoch,

FUNERALS.

The funeral of George R. Campbell took place yesterday afternoon at 3.30 from his parents' residence, Paradise Row. Rev. H. A. Collins officiated and interment was in Cedar Hill.

The remains of Jane M. Gibson arrived in Fairville yesterday morning and the funeral took place from the station. Interment in Cedar Hill. Rev. M. E. Conron conducted the service at the grave.

TWO NEGROES LYNCHED BY MOB

Were suspected of aiding another negro in slaying three white men.

Cochrane, Ga., July 15.—Two negroes, suspected of having aided Peter Jackson, lynched yesterday for the murder of three white men near here Tuesday night, were lynched last night near Hawkinsville by a posse of citizens. One was Jackson's brother.

WHAT RED CROSS SOCIETY IS DOING

The British Red Cross has collected and administered over \$5,000,000 at an expense of 1 1/2 per cent. The cost of the stores management including distribution was only 3 1/2 per cent.

The Red Cross hospitals at Boulogne handled 7,000 wounded in one day. The Russian Red Cross are running laundry and bath trains in which 2,000 men can bathe daily.

The French Red Cross owing to the suspension of industry in France has had to make appeals for money in England. Its hospitals contain over 1,000,000 beds.

France has stationed German prison camps in Corsica and Algeria. The French Red Cross is sending supplies to the German prisoners.

Henri Dunant the founder of the Red Cross died in 1910 in poverty, having given his whole fortune to the society.

The Argentine Republic sent 50,000 francs to the French Red Cross. It was distributed equally amongst the belligerent countries.

The American Red Cross is supporting one thousand beds in fifteen hospitals in Turkey. It is the only neutral branch of the International Red Cross which is conducting operations in the Ottoman Empire.

The Japanese Red Cross is conducting a hospital at Netley, England. It has a hospital also in the Champs Elysees, Paris, and another in the "Italianskaya" Petrograd.

Packages sent to prisoners of war in Germany through the agency of the Red Cross are exempt from customs duties.

The British Red Cross has 862 auxiliary hospitals containing 25,000 beds in addition to the military hospitals.

A French Red Cross medical bulletin authorized by the French Ministry of War states that the mortality rate amongst wounded has been 3.48 per cent.

The Canadian Red Cross has a special department in London which has been sending 300 parcels a week to prisoners camps. This amount is of course insufficient but can only be increased by an increase in public subscription.

A year ago the detention of a dozen Canadians in a peon camp in Mexico would have set Canada in a blaze of indignation. In spite of the many claims on the public purse it is to be hoped, however, that the thousands of Canadians now languishing in Germany will not be forgotten.

If you wish to "Come Unto Them" in their prison, you can do so by means of the Red Cross.

Subscriptions should be sent to 77 King Street, East, Toronto.

The Needs of the Red Cross.

The Red Cross need is like the widow's cruse of oil—it is inexhaustible. Fully to meet that need would require a purse like widow's cruse. Such a purse is a financial miracle, but the Red Cross must ask the Canadian people to perform that miracle.

Every time you read a report of a battle do you realize that it means a fresh addition to the task of the Red Cross?

Do you know that every bullet fired is only one more drip in the Red Cross cruse of inexhaustible obligation?

If the government, when its general staff demanded fresh supplies of munitions, replied "Why do you want more shells?" Would you not think the government insane? When the Red Cross asks for more supplies do you not realize how much it needs them?

The need of the army is for shells, shells, and still more shells.

The need of the Red Cross is above all for money, money and still more money.

Every dollar you give to the Red Cross is a bandage which ties up some wound, and there are as many wounds to bind up as you have dollars to give.

Send your subscriptions to the office of the treasurer, 77 King Street, East, Toronto.

REXTON, N. B.

Rexton, N. B., July 15.—A large number of the young men of the town met at the Royal Bank of Canada Monday evening for the purpose of organizing a baseball club to be known as the Rexton Baseball Club. The following officers were elected:

President—L. J. Robichaud.
Vice-Pres.—E. J. Poirier.
Sec.—Treas.—W. G. Girvan.
Captains—R. B. Fraser.
Asst. Capt.—H. P. Glenovans.

It was decided upon to get up a play Monday.

THE GRAVES OF HEROES WHO DIED FOR FRANCE

The advance of the French at Neuville St. Vaast and Souchez was not, as may be well imagined, allowed to proceed without desperate resistance from the enemy. But if the toll of French dead was heavy—and indeed it was—that of the Germans was particularly so. Marœuil, where many of the French dead were interred, is a small village about three miles to the northwest of Arras; the cemetery stands on a slight eminence actually overlooking the scene of much furious fighting. From this point to the village of Neuville St. Vaast, where the gallant dead fell, is about four miles.

for the purpose of raising funds for the club.

Next meeting of the club will be held at the same place Monday evening, July 19.

Mrs. J. C. Glenover of Boston, Mass., and Mrs. Henry Stuart of Sussex are visiting their mother, Mrs. A. Dickinson.

Oswald McAuley, who has spent some time in the west, is visiting his home at Main River.

Miss Helen McLaughlin of Moncton is spending her vacation here.

James Owen and George Lawson of the 5th regiment at Sussex spent Sunday in town.

Mr. and Mrs. T. G. A. Parkes left Monday for Quebec where they will spend a week before sailing for Europe.

R. B. Fraser, B. A., went to Woodstock yesterday to attend the Summer School of Science.

Edward Weston, Grant McDonald and Lee McBeath went to Sussex Monday to join the 55th.

THE FUNDS

Soldiers' Comforts Fund.

Mrs. E. E. Church, treasurer of the Soldiers' Comforts Association, wishes to acknowledge the following:

Mrs. L. P. D. Tilley \$2.00
Collected at Woodman's Point by Miss Edith Vase \$3.50
Collected at Hillendale by Miss Porter \$7.00
Young People's Society, East St. John, proceeds of concert 17.00
Mrs. J. Walter Holly (monthly) 1.00

For the Serbians.

The Knights of Columbus acknowledge receipt of the following sums for the Serbian fund:

Previous acknowledged \$717.00
Benjamin Miray \$1.00
A. Friend \$1.25

The following contributions to the hospital supplies have not been previously acknowledged:

Mrs. Freeman-Lake, Sackville—Seven pneumonia jackets.
Benj. Miray—Six shirts.
Miss Holt—Pillows.

Patriotic Fund.

Contributions to the Patriotic Fund, received by the treasurer, C. B. Allen, were:

Contributors of Havelock, Kings County \$4.00
R. C. Elkin, Ltd. \$10.00

Belgian Orphan Fund.

The following additional subscriptions have been received by Daniel Mullin, Belgian Consul, for the Belgian Orphan Fund, and deposited to the credit of the Belgian Orphan Fund in the Union Bank of Canada:

Previously acknowledged \$667.75
Amount received from Miss Jean Young and Master Donald Young, collection made at Ketepec \$5.00
Mrs. D. King Hazen \$5.00

WEDDING ANNIVERSARY.

Mr. and Mrs. Robert J. Ritchie, South Bay, celebrated the twenty-fifth anniversary of their marriage on Wednesday evening in an unexpected and delightful manner. Their friends, chiefly from the city, and numbering about seventy, called upon them and made a presentation of a beautiful set of Limogesware, with a cut glass vase containing twenty-five roses. The presentation was made by Mrs. Joseph Harrington, and the surprised couple warmly expressed their thanks.

GONE TO SERBIA.

Dr. Gordon D. Atkinson, of Derby Junction, who recently graduated with distinction from the University of Vermont, has gone to Serbia. The demand for medical doctors in that country has grown so urgent that an appeal was made to the recent graduates from the leading medical colleges in New England, and Dr. Atkinson responded and has gone to Europe. The steamer with his hundreds of surgeons and nurses sailed from New York on Monday.

NEW BRUNSWICK AIRSHIP.

A prominent citizen called upon Mayor Frink yesterday morning at his office to bring before his Worship the object of taking practical measures to have this province provide a military airship for overseas service.

The project has already met with the direct approval of the Imperial authorities, and the machine will be known as "The New Brunswick Aeroplane." The Mayor has been asked and has consented to call a meeting of all citizens interested in the project to meet at his office and discuss the matter.

The meeting will take place next Monday, at an hour to be announced later. It is then expected that arrangements will be made to push the matter to a successful conclusion. A number of citizens have already agreed to contribute to the fund. The cost of an aeroplane such as it is proposed to purchase will be \$75,000.

PROBATE COURT.

The will of Daniel Fitzgerald, late of this city, shoemaker, has been proved and letters testamentary granted to Frederick J. McInerney. The testator bequeaths to his brother, John Fitzgerald, who has not been heard from for ten years, the sum of one hundred dollars, which amount is to fall back into the estate if not claimed by the legatee within one year from the testator's death. The rest of the benefit of the testator's mother and sister while they live, and after their decease goes to the testator's brother, Michael Fitzgerald. Proctor, J. MacMillan Truman.

FIRE IN CARLETON.

A house owned by John Ruskin and tenanted by Howard F. James, 26 Chapel Street, St. John, West, was slightly damaged by fire on Wednesday afternoon. It is estimated that \$100 will cover the loss.

For The Big Picnic.

The following additional donations are acknowledged by the Retail Merchants' Association for the big picnic to be held at Crystal Beach, July 22nd for prizes and the Red Cross Society:

F. B. McMulkin, one bunch bananas, \$2; Purity Bottling Works, three cases assorted drinks, \$2.40; A. M. Rowan, one set of razors, \$4; Donaldson Hunt, one pair gent's shoes, \$5; Coleman Bros., one tub butter, \$1.75; A. O. Skinner, one mahogany tray, \$4; Imperial Oil Co., five gallons gasoline, \$1.25; Macaulay Bros., one ebony set, \$8; Imperial Tobacco Co., two boxes of cigars, \$2; E. G. Nelson & Co., books, \$6; R. C. Larkin, one twenty pound case Blue Label tea, \$10; Alex. Corbett, one gent's hat, \$2.25; the G. E. Harbour Co. are donating and will serve all the tea for refreshments on the day of the picnic.

HAD DYSENTERY. WAS VERY BAD WITH IT.

Mrs. G. A. McKnight, Mulvihill, Man., writes: "I have used Dr. Fowler's Extract of Wild Strawberry for nine years, and I would not be without it in the house. I was very bad with dysentery; a friend gave me a dose of 'Dr. Fowler's,' and told me to get a bottle right away, which I did, and it did me lots of good. My brother was bad too, and I told him to take it, and he was cured. I hope there are others who will get 'Dr. Fowler's' and keep it in the house, for it will surely save doctor's bills."

Dr. Fowler's Extract of Wild Strawberry has been on the market for the past 70 years, and has been used in thousands of Canadian homes during that time.

You do not experiment when you buy it. See that you get what you ask for, and if your dealer tries to palm off a substitute on you, insist on getting "Dr. Fowler's," or go where you can get it.

The genuine is manufactured only by The T. Milburn Co., Limited, Toronto, Ont. Price, 25c.

Police Court.

The trouble which arose among members of the crew on the steamer Synra on Tuesday, and which was aired in the Police Court Wednesday, was satisfactorily settled later. K. J. MacRae, Norwegian vice-consul, represented the captain of the steamer and also prosecuted in this case against the Mexican, who was under arrest on a charge of cutting another member of the crew with a razor. It was agreed that the Mexican and Spaniard were to be paid off. The young mess boy, who had refused duty, will be kept in jail until the steamer sails and will then be placed on board.

A man, who was arrested Wednesday night on a drunkenness charge and also for another offense, was remanded to jail.

W. W. CORY, C. M. G. Deputy Minister of the Interior. N. B.—Unauthorized publication of this advertisement will not be paid for.—64328.

CANADIAN OVERSEAS CONSTRUCTION CORPS

THIS contingent, commanded by Lt.-Col. C. W. P. Ramsay, formerly Engineer of Construction for Eastern Lines of Canadian Pacific Railway, recently landed safely in England on the way to the front where they will be principally engaged in railway construction work. The corps consists of specially selected men from the ranks of the C. P. R. Hon. Lt.-Col. F. L. Wanklyn, who is also General Executive Assistant of the Canadian Pacific, is seen in the foreground, and to the right is the Commander-in-Chief of the Corps.

WAR ATTITUDE IN SPAIN SEEMS TO CHANGE DAILY

Writer Says Country Prefers to Remain Neutral Although Sympathetic With Allies — Germany Makes a New Move.

(By a special correspondent of The Christian Science Monitor.)

Madrid, Spain.—A thin stream of travellers engaged upon various missions, or upon no mission at all, beyond that of personal and private satisfaction, continually trickles round the western corner of Pyrenees from the north of Spain, and others by Barcelona in the east, and some up from the southern ports. They invariably express a certain relief when they come into the country, feeling that they are then immune from the rougher shocks of war, and may live tranquilly in an atmosphere of peace. In a certain sense it may very well be said that Spain is now the most comfortable country in Europe, and even Spain is by no means as comfortable as it was a year ago.

But those travellers who come into Spain soon begin to realize, as has been so often indicated in these columns, that that tranquility of the country is by no means so complete as may appear upon the surface. It is not only that what is very well called the strain of neutrality is being severely felt, as nowhere else, except in the United States, but that, with the mobile qualities or faults of the Spaniards, the feeling and attitude of the country towards the war appear to change almost daily. When the Spaniards are blamed for flightiness in this way, they retort by asking how one can expect perfect constancy and settled convictions from them, when all Europe from day to day changes its views upon the prospects of the war, with which prospects Spain must inevitably be concerned. There are three absolutely fixed ideas governing Spanish association with the European problem. The first is that, so long as completely practicable and profitable, Spain much prefers to remain neutral and not to

do any fighting or show special sympathy with any of the belligerents, although in the main she is very well disposed to the cause of the Allies. The second is that, after all, she is ambitious, she realizes that from this European chaos there will emerge victors with great territorial and other aggrandisement, and in her present stage of development she yearns for advance with them. "The awakening of Spain" has been a reality I have urged for many years, and here there are circumstances which plunge the leaders of the country into a great state of uneasiness and restlessness. Is not this a tide to be taken at the flood? Such as Senor Lerroux, the bold Radical, is for taking it, and, however much he may be condemned for the danger of his words, there are thousands of good Spaniards who are at heart strong sympathizers with him. Mean while, pangs against him which have been started in different places are discouraged. Here in Madrid there has been a circulation of leaflets and the like in a semi-secret way against him, and this has been publicly denounced, even by those who are by no means of his way of thinking. So with the best patriots there is in these days a continual conflict between prudence and desire, and that must be understood by those who might otherwise be somewhat bewildered by what might appear to be continual changes in the Spanish attitude. The third factor in the situation, accounting often for sudden changes, is the strong pressure of economic circumstances, the shortage of work, the cost of food, the war difficulties with regard to exports and imports, and the serious money problems.

An echo of anxiety is heard beyond the statement recently made by the premier that if the treasury bonds in connection with the recent loan of 750,000,000 pesetas are not fully taken up by private financiers, the Bank of Spain will make up any deficiency. This is well enough in its way, but it looks as if these bonds, which were issued to cover the budget deficiency and other national needs, were not in that request which a prosperous state would like them to be. Then, though there is frequent information of Spanish military successes in Morocco, this business in north Africa does not please the country by any means as it used to do, and there is satisfaction with a statement just made that 10,000 men of the army in Morocco are about to be granted leave to come home to Spain. It does not matter why. "To what will this in Morocco lead?" the Madrilenos ask. "We shall gain nothing that might not be given to us later with the help of some of the present European belligerents,

or taken away from us by them. This is not a time for an attempt to establish new rights independent of warring Europe. And, big as it may seem to us, this business in Morocco is a very little thing in comparison with what is going on to the north and east of us and elsewhere." In this vein of thought the Spaniard has little patience with the war in Morocco, and is almost ashamed of it. He begins to wonder, not only why, but why, as the meaning of certain military activities that he sees about him that have clearly nothing to do with Morocco. The government always says that of course they mean nothing, but why, asks our Senor Madrilenos, is it considered to be such a matter of special satisfaction that the army is in the order now, and why is General Echague, the minister for war, going about the country looking at hitlers and stirring up all who have anything to do with arms? The other day he was down at Seville, inspecting the big gun foundry there, and declared he was very pleased with the activity and order that prevailed. At Seville they make Schneider guns, 75 m.m. Schneiders, the dimensions of France's famous "soixante-quinze."

Meantime Germany is clearly anxious about the tendencies in Spanish feeling. She has just made a new move which is perhaps hardly tactful. A notice has been published in the Madrid papers, signed by the German ambassador, stating that the ambassador is prepared to lay before the Spanish public information which will convincingly demonstrate the justice of the German cause. A special department has been organized in the embassy for the accommodation and satisfaction of those who are curious in this respect. There is an office there where the inquisitive may have all the necessary information and documents presented to their inspection. Spaniards are invited to call at the embassy, never again to have any more doubts! It seems simple. Meanwhile the special commission which was appointed some time ago, to inquire into the alleged execution of Spaniards at Liege by German troops at the beginning of the war, report that they have collected documents and photographs which prove conclusively that five Spaniards were killed by the Germans when that city was occupied, and the German government has now explained the matter to the satisfaction of the Spanish government. The amount, it is understood, will be over 200,000 pesetas. Appositely, one may mention, the Spanish legation in Brussels informs the government here that there are still received at the former, innumerable tokens of the Belgian regard for Spain, and the affection that the Belgians feel for the Spanish monarch. The Spanish flag, it is said, is displayed on many public buildings, and the greatest appreciation is shown for the work done by Spaniards in the way of assisting in the clothing of Belgian prisoners.

The question of imports and exports, prohibitions and permissions in regard thereto, is modified by royal decrees and intimations from foreign governments almost daily, and it is no easy matter to say without an exhaustive examination of documents what one can get into Spain and what must not be sent out of it. One of the latest royal decrees published in the Gaceta prohibits the exportation of raw cotton, aluminum goods and skins. The Spanish ambassador in Paris telegraphs that the French government has agreed to the unhindered transit of sulphate of potash between Austria and Spain.

did not have to breathe the obnoxious fumes in their full strength. Many of them have as yet not been able to establish communication with their families in far-off Canada, and are not sure whether mothers, wives and sisters know that they have escaped death. Here is the little roll of survivors. Except where otherwise indicated the men are private: J. Trainor, C. M. S.; A. F. Lee (corporal); A. Sullivan (lance corporal); C. S. Oglive (lance corporal); J. Anderson, Harry Anning, J. Beggs, F. J. Binoy, G. C. Bolan, S. Campbell, S. Cameron, W. Cowek, W. Cuth, J. H. Carr, G. Davidson, J. Dunn, L. Dewar, P. Duce, R. Evans, W. Grant, C. D. Goldsmith, H. F. Green, C. Holdway, H. Barker, W. Holden, C. Hare, M. Knight, S. Matheson, A. McGregor, G. McDowall, J. O'Keefe, L. Patterson, H. Rankin, M. Snowdon, A. Streford, H. Templeman, L. Wynn. The men portray the fight at Ypres as one of indescribable horror; they chafe at the confinement and the lack of assurance that England is winning; they express in varying degrees surprise that the Germans are not the "barbarians," they had believed them to be.

Harry Anning, a Montreal boy, serves as well as any other member of the little group to describe their feelings as they now loaf about in captivity. "There is not any question," he said, "but that we all have had to revise our opinion about the Germans, though not all of us were prepared to believe all we had heard and read about them. The worst thing about being in a prison camp is the inactivity and for that the Germans naturally are not responsible. "The food is fair, though as a matter of course monotonous. I for one haven't any complaint, though I manage to get a good many extra things from England to place out with. I imagine that the man who has not any friends and who does not get any extras does a certain amount of suffering. "But mail, money and packages

comprised the Thirteenth Battalion, Canadian Expeditionary Force. The Second Buffs are the Queen's Own Rifles of Toronto, which is affiliated with the Buffs, a British regiment. It made up the Third Battalion, Canadian Expeditionary Force. The 48th Highlanders of Toronto, composed the Fifteenth Battalion, Canadian Expeditionary Force. Officials in the Militia Department characterized the story as part of the pro-German propaganda and stated that the losses credited to the Fifth Royals by the Germans were not anywhere near the mark. The regiment suffered severely, but is still in its place in the firing line. One official said this was probably the sort of news the German people were given and branded as improbable the assertion that a Canadian soldier had spoken disparagingly of the valor of the French, the courage and brilliancy of which has been highly praised by every returning officer and soldier.

After a twelve days' trip from Toronto in an auto Miss Ethel Martin, step-daughter of Mr. and Mrs. A. A. Winchester of Waterloo street, and Miss Vera Camp of London, England, arrived in St. John on Wednesday evening. By the route traversed the distance covered was in the vicinity of 1,800 miles. There were several mishaps to the auto during the trip, but the ladies say they had a very enjoyable time, and were warmly received at farm houses and other places where they stayed. It is the intention of Miss Martin, who, by the way, is a trained nurse and anxious to help at the front, to make another tour at an early date. She proposes to start out from New York for the Panama Canal, thence to San Francisco and back via Salt Lake City.

There are so many attractions at the garden fête at Robbsey on July 21, besides the band, that we couldn't begin to tell you of them. Come and see, and bring your friends.

THIS FROM GOETTINGEN, IN GERMANY

Story from Prison Camp Says Only 37 of a Canadian Regiment Survived, and These were Captured

Goettingen, Germany, July 1.—(Correspondence of the Associated Press)—Late in February the Fifth Royals, one of the crack Canadian regiments, eleven hundred strong left Montreal, en route for England and the great European war. Less than four months later, after weeks in the trenches, at Ypres, only thirty-seven of these eleven hundred men were known to remain alive and they are prisoners in the great military camp here.

Overpowered by the gases wafted toward their positions, deserted by colored troops, supposed to come to their support, all but a handful of the dead German fire, the little band of four non-commissioned officers and thirty-three privates was easy prey. Before they regained consciousness they were in captivity. The thirty-seven of the brave regiment may have escaped and may still be fighting but they do not believe it. They were on the outskirts of the gas columns that swept over the trenches, and they escaped with their lives because they

SPECULATIVE FAVORITES TO THE FORE IN FINAL HOUR WITH SEVERAL GAINS

Record Breaking Quotations by Bethlehem Steel—U. S. Steel advanced to 63 3/8, its best mark since early last month.

New York, July 15.—For the first four hours of today's session stocks developed a more definite two-sided character, in the sense that specialties chiefly those in the war contract class, manifested greater strength while railways denoted increased selling pressure. In the final hour this condition underwent a sharp reversal, all the former speculative favorites coming rapidly to the front, with gains of one to over two points.

The change was coincident with the announcement that the Standard Oil Company had disposed of various of its pipe lines to meet the wishes of the Interstate Commerce Commission, and the declaration of an increased dividend by the Amalgamated Copper Company, which disbursed one dollar instead of the usual fifty cents.

There was also an awakening of speculative interest as a result of Germany's explanation of the Nebraska incident, which was accepted as an evident desire to maintain friendly negotiations with Washington.

Record-breaking quotations were made by Bethlehem Steel at 181 1/2, American Can at 52 1/8, Baldwin Locomotive at 71 3/4, and Wily's

QUOTATIONS IN THE ST. JOHN MARKETS

There have been no important changes in the wholesale prices of commodities this week. Ontario flour is fifteen cents dearer; oatmeal, both rolled and standard, has advanced twenty-five cents. Pure lard is a trifle easier. Eggs and cheese have increased a little in price. Jobbers report that trade is fairly good just now. Wholesale prices obtained yesterday are as follows:

BRITISH GOV'T TO LIMIT THE COTTON EXPORT TO NEUTRALS

London, July 15.—The British government hopes very shortly to limit the export of cotton to neutral countries to the precise amount of actual need. The Marquis of Crewe, Lord President of the Council and Liberal leader in the House of Lords, made an announcement to this effect in the Upper House this afternoon.

CLOSING LETTER OF N.Y. MARKET BY E. & C. RANDOLPH

(McDougall & Cowans.)
New York, July 15.—United States Steel was strong and pronounced strength and activity prevailed in the late trading. For several days there had been great activity in Steel but only a small movement in the price for while there was accumulation there was also a large amount of selling; some of it apparently being for foreign accounts. Finally, the effect of the selling was overcome and the price responded to the very favorable trade condition and the prospect of a large showing of net earnings in the quarterly statement to be published a week from next Tuesday. The report of serious damage to spring wheat was discredited and even the stocks which had been weak in the forenoon joined in the upward movement of the last hour. Liquidation for foreign account is no longer an important factor and the arrangements being made for a French credit and the flotation of a British loan in New York have strengthened the exchange market, although Rubbers are weak on account of the near approach of maturity of a loan obtained here by Russia a few months ago. Total sales 536,000. Bonds \$2,666,000.

NEWFOUNDLAND WILL DONATE TWO AEROPLANES

St. John's, Nfld., July 15.—The Colonial Patriotic Association has decided on the appeal of the overseas club to undertake to provide two twelve-ton aeroplanes from Newfoundland, and a vigorous campaign for this object was launched yesterday. It is hoped to secure enough funds to present one on August 4th, the anniversary of the beginning of the war.

SENATOR DREYFUS DIED YESTERDAY IN PARIS

Paris, July 15.—Senator Ferdinand Dreyfus, who is a member of most important committees of the French Upper House, and a writer and expert on economic and social questions, died here today.

Late Gossip Of The Sporting World At Home And Abroad

BASEBALL IN THE BIG LEAGUES

FEDERAL LEAGUE

Brooklyn 4, Baltimore 2
 Baltimore, July 15—Brooklyn took the last of the series from Baltimore today, 4 to 2, in ten innings. Bailey allowed two hits in the first nine innings. Bluejacket was taken out in the tenth after giving a base on balls. The score: Brooklyn.....0002000002—4 4 1
 Baltimore.....0010000010—2 6 1

Batteries—Blauvelt, Beaton and Simon; Bailey and Orwant.

Newark 7, Buffalo 0
 Buffalo, July 15—Newark turned the tables on the Buffalo's today by taking both game, 7 to 0, and 4 to 3. Moseley was invincible in the opening game. In the second contest Reulbach held the local team hitless until the eighth inning when Watson lined out a home run and Allen and Krapp struck. The score: Newark.....00600100—7 9 1
 Buffalo.....00000000—0 3 2

Batteries—Moseley and Ralston; Lattie, Bedient, Krapp and Watson, Blair.

Newark 4, Buffalo 3
 (Second game)
 Newark.....10010100—4 11 0
 Buffalo.....00000000—3 8 2

Batteries—Reulbach and Ralston; Marshall and Blair.

Chicago 5, St. Louis 5
 St. Louis, July 15—Despite a ninth inning rally, which netted three runs, St. Louis was unable to overcome Chicago's lead today and lost, 5 to 6. The score: Chicago.....01100200—6 9 1
 St. Louis.....00020003—5 8 2

Batteries—Brown and Fischer; Daventport, Crandall, Watson and Hartley.

Postponed
 Pittsburgh-Kansas City, Federals, wet grounds.

INTERNATIONAL LEAGUE

Sixteen Inning Tie
 Jersey City, July 15—Jersey City and Montreal played sixteen innings to a two to two tie here today. Both teams hit the ball hard, but with the exception of three innings the hits were well scattered. Darkness stopped the contest in the sixteenth inning. The score: Jersey City.....00000100000000—2 16 1
 Montreal.....00000100000000—2 16 1

Batteries—Cadore and Howley; Sherman, Verhout and Reynolds. Providence 5; Toronto 3
 Providence, July 15—Providence beat Toronto 5 to 3 today in a game which was stopped by rain in the sixth inning. The score: Toronto.....000003—3 4 3
 Providence.....103010—5 8 0

Batteries—Herbert and Kocher; Ayres and Casey.

Richmond 6; Buffalo 4
 Richmond, July 15—Richmond got a six run lead off Bader in the first two innings today, and though the Bisons made a game effort, scoring two each in the sixth and seventh, Cottrell, the former Yankee, playing his first game for Richmond, managed to hold them safe thereafter and Richmond won 6 to 4. The score: Buffalo.....00000220—4 7 1
 Richmond.....15000000—6 9 3

Batteries—Bader and Lalonde; Cottrell and Schauffe.

Postponed
 Rochester-Harrisburg, postponed, rain.

NATIONAL LEAGUE

Chicago 5, New York 2
 New York, July 15—Sater's timely hitting and Lavender's pitching enabled Chicago to defeat New York here today, 5 to 2. In the sixth inning with Fisher on base, Sater placed the Cubs in the lead with a home run. He drove in another run with a single in the eighth. Lavender yielded nine hits, but was effective in the pinches, striking out ten men. The game was punctuated with arguments between the umpires, players and spectators. In the second inning Eason ordered McGraw off the field. In the third inning Eason cleaned the entire Giant bench of players, not actually involved in the game. In the seventh inning, after Bresnahan struck out he got into an argument with a spectator. Byron stopped the argument, and after Bresnahan pointed out this spectator, Byron called the game and lectured the fan. With two out in the ninth inning, Byron ordered Fletcher off the field. The score: Chicago.....10000200—5 9 0
 New York.....10100000—2 9 3

Batteries—Lavender and Bresnahan; Perritt, Schupp and Doolan.

Brooklyn 4, Cincinnati 2
 Brooklyn, July 15—Douglas pitched another game today the Brooklyn's beating Cincinnati 4 to 2. After making a sensational running catch of Roger's liner in the eighth inning, Myers was overcome by the heat and the game was delayed several minutes until he recovered. He finished the game. The score: Cincinnati.....01100000—2 7 1
 Brooklyn.....01100100—4 9 1

Batteries—Benton, Ames and Winco; Douglas and Miller.

Boston 3, Pittsburgh 2
 Boston, July 15—Boston defeated Pittsburgh three to two today. The score: Pittsburgh.....01100000—3 7 1
 Boston.....00000300—3 5 1

Batteries—Copper and Gibson; Rudolph and Gowdy.

Philadelphia 4, St. Louis 3
 Philadelphia, July 15—Philadelphia won a hard fought game from St. Louis in the tenth inning today, 4 to 3, when Enoch, in pinch hitting, singled and sent in Killiter with the winning run. The score: St. Louis.....00003000—3 8 2
 Philadelphia.....00003001—4 10 2

Batteries—Robison, Perdue, Griner and Snyder; Rixey and Burns, Killiter.

AMERICAN LEAGUE

Philadelphia 5; Chicago 2
 Chicago, July 15—Inability to hit Bressler in the pinches today cost Chicago the game with Philadelphia, which the visitors won, 5 to 2. The Athletics had little difficulty launching their hits off Crotte. The score: Philadelphia.....00010200—5 11 0
 Chicago.....00000100—2 5 1

Batteries: Bressler and Lapp; Crotte, Wolfgang and Schalk.

Boston 4; Cleveland 3
 Cleveland, July 15—Hagerman's bungling fielding of bunts gave Boston a four to three victory over Cleveland, three of Boston's runs being attributed to his slips. A one-hand catch by Barry of a line drive by Graney cut off two runs. The score: Cleveland.....00000210—3 10 1
 Boston.....00000310—4 8 3

Batteries: Hagerman and O'Neill; Shore and Cady.

St. Louis 5; Washington 2
 St. Louis, July 15—Today St. Louis took a double-header from Washington, 5 to 2, and 4 to 3.

George Sizer, the University of Michigan star, pitched the first game for St. Louis, and kept his well scattered. The score: First game—Washington.....00000000—2 8 0
 St. Louis.....00003010—5 9 1

Batteries: Hopper, Ayres, Engle and Henry; Sizer and Agnew.

St. Louis 4; Washington 3
 Washington.....20000100—3 7 1
 St. Louis.....00010030—4 4 2

Batteries: Shaw and Henry; Hamilton, James and Agnew.

ST. PETER'S LEAGUE.

In the St. Peter's Y. M. League last evening the Maples and the Thistles had a warm finish in a four inning game. The Maples opened with three runs in the first inning. The Thistles got three men across the plate in the second inning and tied the score. Both teams were blanked in the third. The Maples made four runs in the fourth inning and it looked as if they had captured the game, but the old saying is that a ball game is never through until the last man is out. The Thistles managed to make five runs in their half of the inning and won the game.

The score by innings:

Inning	Maples	Thistles
1	3	0
2	0	3
3	0	0
4	4	0
Total	7	3

Batteries—H. Dever and McGowan; Howard and J. Dever.

Umpires—Howard and Nagle.

Wanamaker Roof Stadium.

High above the crowded streets a finely equipped athletic field was opened for the use of the Wanamaker building Tuesday. The opening of the aerial stadium was only part of the honor paid to John Wanamaker upon his seventy-seventh birthday.

The anniversary was celebrated by employees of the store. Seventy-seven carnations were presented to Mr. Wanamaker by Captain Katherine Dunn of the Girls' Battalion of the John Wanamaker Commercial Institute.

On the roof, from which every part of Philadelphia could be seen, the employees gathered this morning to listen to an address by Mr. Wanamaker at the formal opening of the new field.

Among the features of the roof stadium are two tennis courts, two squash courts, a volleyball court, a 60-yard straightaway for dashes and a track that takes ten laps to the mile. A building will be erected for shuffleboard tables, bowling alleys and gymnasium work.

THE CASE OF THE GIANTS.

What show have the Giants of winning this season's pennant? Last season they lost for several reasons—a heavy batting slump by Doyle and Merkle, weakness at third base and rank pitching after July 4. This season several of these conditions have changed. Doyle took the leadership of the National League on Monday. Merkle, play-

BASEBALL AND HORSE RACES AT ST. STEPHEN

Special to The Standard
 St. Stephen, N. B., July 15—The sports postponed from Dominion Day were held at the trotting park this afternoon and were attended by a large crowd who witnessed some of the best horse racing ever seen in this section, as well as a fast and well-played ball game, the horses and players being all local.

The ball game was between Milltown, Maine, and St. Stephen and was won by St. Stephen with one score in the last half of the ninth inning, the only score made in the game by either team.

In the horse racing every heat was characterized by close racing and closer finishes, with never a procession at any stage of any heat. The results follow:

2:22 Trot and Pace (Purse \$100)
 Eugene, C. Cone, Calais... 3 2 1 1 1
 Black Bess, G. McBride,
 St. Stephen... 1 1 2 2 2
 Mattie March, C. Cone, Calais... 2 3 4 3
 Oils, H. R. Haley, Milltown... 4 4 3 4
 Time—2:24 1/2; 2:26; 2:27 1/2; 2:28; 2:25.

The owners' drive, excepting that T. J. Doyle of Calais was behind Weary Willie, and W. H. Keys drove Black Bess in the last heat.

2:16 Trot and Pace (Purse \$125)
 Lady Fanny, Hugh Love, St. Stephen... 1 1 1 1 1
 Mattie March, C. Cone, Calais... 2 2 5 5
 Miss Lightfoot, W. H. McBride, Wrentham... 5 5 2 2
 Bingen the Great, J. C. McCrea, Calais... 4 3 3 3
 Lady Ashbrook, B. McBride, St. Stephen... 3 4 4 4
 Time—2:18 1/2; 2:17 1/2; 2:17 1/2.

Owners drove the two leaders, C. Keye drove Lightfoot in the last heat.

Have you stopped to think what a prominent part two bats and an arm are playing in the pennant races in the National and American leagues? Some years back a critic, who professed to have made an exhaustive study of baseball, declared that one player did not make a ball club. In the majority of cases the critic's remark still holds good. But we are about to cite three in which it does not. Where would the Philadelphia Nationals be without Grover Cleveland Alexander? Certain it is which would not be parading the highway at this day and date as strong contenders for the National League championship. Where would the Detroit Tigers be without "Ty" Cobb? Even with "Sam" Crawford and Veach batting the way they are and with the pitchers going as well as they are, the Tigers would not be generally conceded to have an excellent chance in the American League. Where would the Chicago White Sox be without "Eddie" Collins? There are other ball players on the club, but it is a cinch that Rowland's hopefuls would not be now creating the disturbance they are—that Chicago "fans" would not be figuring on having a world series all to themselves—if "Eddie" Collins were second basing and batting under some other standard.

ASKS FOR A \$20,000 SALARY

Cleveland, July 14—Joseph L. Birmingham, former manager of the Cleveland American league baseball team, today filed suit for \$20,000 in common pleas court here against Charles W. Somers, owner of the team. Birmingham's suit is for the balance of a contract for \$20,000, which he claims is due until October 15, 1916. The suit is expected to be a test of the so-called "ironclad" contract, which displaced the ten-day clause, after certain court decisions held the latter invalid, following the coming into the major league field of the Federal league and consequent raids on clubs of organized baseball and jumping of several star players.

Birmingham was deposed as manager and released in May after the local team had obtained a poor start in the championship race, despite efforts made by Somers to give Birmingham a free hand by trading or selling several players who did not work in harmony with him. These included Lajoie, who went to the Philadelphia Athletics; Johnson, who went to the Pittsburgh Pirates; Olsen, sent to Cincinnati; Gregg to the Boston Red Sox and Carrisich to Portland.

Birmingham's petition says his contract was for the season of 1914, 1915 and 1916 at \$6,000 a year, with \$15,000 additional as an option on his services, and that it contained no ten-day clause, Merkle what has come to be termed an "ironclad" contract. He says he was paid his salary to June 1, 1915, and claims it is due until October 15, 1916. The suit is expected to be a test of the so-called "ironclad" contract, which displaced the ten-day clause, after certain court decisions held the latter invalid, following the coming into the major league field of the Federal league and consequent raids on clubs of organized baseball and jumping of several star players.

ABOUT THE BOXERS

Young Saylor has been signed by the Atlas A. A. to meet Joe Arzevedo at Boston, July 27.

Tom Cowler and Gunboat Smith will meet in New York, July 28.

Willie Lewis has developed into a light heavyweight and is going back into the ring.

Jack Britton will take on Phil Brock at Canton, O., on Labor Day.

Why Imported Beer?

When cash is needed so much in Canada why spend your money on imported beer? FRONTENAC BEER is made and matured in exactly the same way as the high grade beers from Milwaukee and St. Louis. It is made by a master brewer who has made those American beers for years.

Canada for the Canadians! Canadian beer for the Canadian people—if it is up to the standard of imported goods. Try FRONTENAC BEER to-day and satisfy yourself that it is not only the best beer brewed in Canada but equal to the best imported.

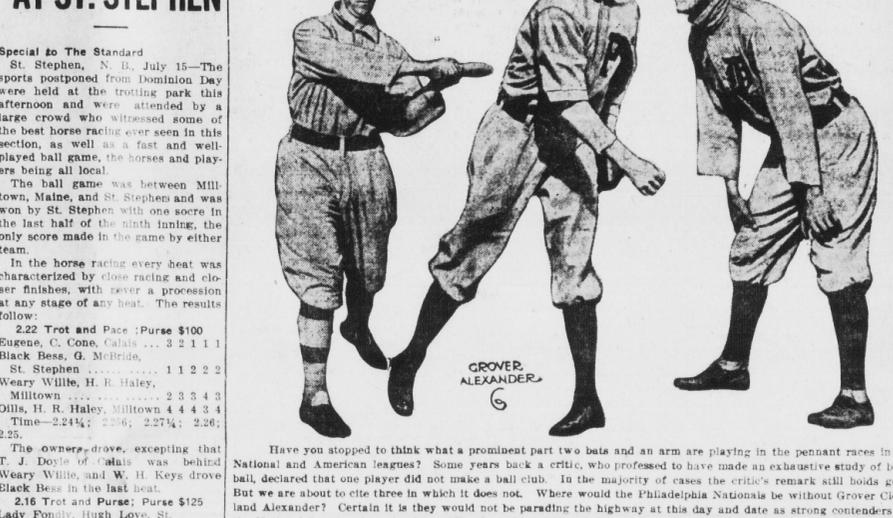

Frontenac Beer
 Made in our 2 Million Dollar Brewery

This beer is made by the highest paid brewery workers in the Dominion in the best equipped brewery on the North American continent—one of the industrial sights of Montreal. Try it to-day—all dealers.

FRONTENAC BREWERIES Limited, MONTREAL

DISTRIBUTOR: John O'Regan - 17 Mill Street, St. John, N. B.

PLAYERS WHO ARE KEEPING CLUB IN PENNANT RACES

Special to The Standard
 St. Stephen, N. B., July 15—The sports postponed from Dominion Day were held at the trotting park this afternoon and were attended by a large crowd who witnessed some of the best horse racing ever seen in this section, as well as a fast and well-played ball game, the horses and players being all local.

The ball game was between Milltown, Maine, and St. Stephen and was won by St. Stephen with one score in the last half of the ninth inning, the only score made in the game by either team.

In the horse racing every heat was characterized by close racing and closer finishes, with never a procession at any stage of any heat. The results follow:

2:22 Trot and Pace (Purse \$100)
 Eugene, C. Cone, Calais... 3 2 1 1 1
 Black Bess, G. McBride,
 St. Stephen... 1 1 2 2 2
 Mattie March, C. Cone, Calais... 2 3 4 3
 Oils, H. R. Haley, Milltown... 4 4 3 4
 Time—2:24 1/2; 2:26; 2:27 1/2; 2:28; 2:25.

THE CASE OF THE GIANTS.

What show have the Giants of winning this season's pennant? Last season they lost for several reasons—a heavy batting slump by Doyle and Merkle, weakness at third base and rank pitching after July 4. This season several of these conditions have changed. Doyle took the leadership of the National League on Monday. Merkle, play-

Bringing Up Father.

MANCHESTER LINE

THE WEATHER.

Forecasts:
Maritime—Light to moderate winds; some local showers but mostly fair.

Toronto, July 15.—Showers and thunderstorms have again been very general in the western provinces. Showers have also occurred in southern Ontario, but otherwise the weather from the Great Lakes to the Atlantic has been fair. The temperature has been highest in the Province of Quebec.

Around the City

Newark Feds. Incorporated.
Trenton, N. J., July 15.—The Newark Federal League club was incorporated with the Secretary of State today. The incorporation apparently discounts the rumors that the club's franchise might be transferred to Reading, Penn.

On Vacation.
A. C. Gorham arrived in the city yesterday on a visit to his father, George Gorham, harbor master at Indiantown. He is a member of the teaching staff of Macdonald's College, Ste. Anne's, Quebec. After spending a fortnight here, he will go on a trip through the New England States for the rest of his vacation.

Inspection Trip.
H. C. Groat, general superintendent of the C. P. R. Atlantic Division, returned home last evening in his private car "Rosemary" attached to the Boston express from Fredericton where he has been on an inspection tour and arranging for the Fredericton exhibition. Mr. Groat got off at Westfield Beach where he is residing for the summer.

Some Money and a Jag.
A couple of days ago a man was arrested on the King Square for being drunk and when locked up he was found to have \$37 in his pockets. Last night a man, giving his name as John Coleman, was arrested for being drunk in the Market Square, and when taken to the police headquarters he was found to have \$81 in his pocket.

Two at a Time.
Cornelius O'Leary was arrested on Charlotte street last evening on the charge of being drunk and profane. John O'Leary interfered with the police officers while they were making the arrest with the result that he was also locked up. The charge against John is of a more serious nature as an eighty dollar fine was a few days ago struck against a man for a similar offence.

A Vagrant Dog.
Some person telephoned to police headquarters last evening that there was a vagrant dog running through the flower beds on the King Square. The dog was without a collar or license tag and was taken in charge and locked up in a cage as a vagrant. Unless called for by an owner today the only prospect for the dog is a visit to the lethal chamber, where he will take gas.

Officers Training.
An officers' training corps under the direction of A. G. Springer, a former officer in the British army, is being conducted in the Y. M. C. A. every Monday and Thursday evening. Those given the instruction are chiefly engineers in the employ of the Maritime Dredging Company and others working at Courtenay Bay, in the employ of the Public Works Department. Infantry drill is now being taken up, which later will be changed to courses in field artillery.

First New Potatoes.
The first crate of this season's potatoes arrived in the city yesterday from Upper Jessemog on the steamer May Queen. The crop this year is said to be an excellent one, and judging from those which came down river yesterday this season's produce will be first class. Strawberries in large quantities still continue to arrive from up country. One hundred and thirty crates from the Grand Lake district came in on the May Queen. The steamer D. J. Purdy arriving from Fredericton brought 40 crates besides a heavy cargo of potatoes and a good passenger list.

TANGO CONTEST—OPERA HOUSE—TONIGHT.
Don't forget the Garden Fete at Rothsey, Wednesday, July 21st, 3.30 to 7 o'clock.

The steamer Victoria is offering special rates for week-end trips, going on Saturday and returning on Monday.
If your automobile is not working on Wednesday, July 21, come to the garden fete at Rothsey by train.

THE CLIFTON HOUSE, ST. JOHN.

WILLIAM HANLEY SERIOUSLY WOUNDED IN DRUNKEN BRAWL

Stabbed by Mary Ann Rumley in a Fight at Coldbrook—Man in Critical State at the General Public Hospital.

William T. Hanley, a barber, who resides at 280 Prince William street, is lying in a serious condition on a cot in the General Public Hospital as the result of being cut with a knife by Mary Ann Rumley during a brawl at Coldbrook yesterday afternoon. The Rumley woman was arrested, taken before Magistrate Ritchie last evening and remanded to jail where she will remain awaiting the development of Hanley's condition and should the latter die, the woman will likely be charged with his murder.

Yesterday morning, in company with a man whom he called "Sammy," Hanley went out as far as Coldbrook. He had some liquor with him and here he is said to have visited a house on the Marsh Road owned by Daniel Connell.

The Brawl.
Among the visitors to the Connell house were Mary Ann Rumley, Mable Smith, Eva Morrell (better known as Circus Eva) and a St. John colored man named Blizzard. Hanley and his companion Sammy were seen in the company of these people on the Marsh Road in the morning and shortly after noon. The party is said to have been under the influence of liquor.

It was about 1.30 o'clock in the afternoon when Hanley and Mary Ann Rumley were near the main entrance to Moosepath Park. They had some words and Hanley is said to have shut his fist and struck the Rumley woman on the side of the head, causing her ear to bleed. The woman immediately turned on Hanley and gave him a beating. Although he did not strike the woman again she kept following him along the road, kicking him at every opportunity.

After the woman had kicked Hanley along the road for about fifty feet he turned round and as he did so the woman stabbed him in the abdomen. Immediately Hanley struck to the ground, bled a great deal from the wound and lapsed into unconsciousness. Persons near at the time picked the man up and tried to care for him.

Police Summoned.
A telephone message was immediately sent to police headquarters and to County Policeman Saunders as soon as possible. Detective Worrell and Officer Lucas hastened out the road in the ambulance. They found Hanley to be in a serious condition and still unconscious. He was quickly conveyed to the General Public Hospital by the officers. He was rushed to the operating room where his wound was dressed by the doctors. It was found that he had received a deep cut, measuring about three inches long on the abdomen, and the bowels were left exposed.

COMMISSIONERS AWARD COAL CONTRACTS TO CITY FIRMS

Two School Trustees Will be Selected Later, Likely from Members of the Council—Some More Renewal Leases—Tenders Wanted for Deals.

The city commissioners met yesterday afternoon and awarded contracts for the supply of coal for the different departments. Commissioner Wigmore was authorized to purchase a property near Robinson Lake, containing about fifty acres for \$450. The question of appointing two school trustees was also before the meeting but the selection was left over. Several of the commissioners favored one of their number being chosen and the idea of having the Mayor of the city always a school trustee was also advanced.

Those present were Mayor Frink, Commissioners Wigmore, McLellan, Potts and Russell with the common clerk.

The minutes of the last meeting were read and approved.

Commissioner McLellan submitted his recommendation in reference to the awarding of the contracts for the supply of coal to his department. The tenders were awarded as follows:

- Estate C. E. Colwell, 80 tons broken Anthracite, Wyoming mine, at \$7.10.
 - J. S. Gibbon & Co., Ltd., 40 tons nut Lehigh at \$7.30.
 - J. S. Gibbon Co. Ltd., 6 tons chestnut Lehigh at \$7.55.
 - Estate of C. E. Colwell, 120 tons run of mines Bituminous at \$3.80.
- Police Department**
- Estate of C. E. Colwell, 70 tons broken Anthracite at \$7.10.
 - J. S. Gibbon Co. Ltd., 22 tons run of the mine, Bituminous at \$3.80.
- City Market**
- J. S. Gibbon Co. Ltd., 12 tons nut Lehigh at \$7.00.
- City Hall**
- Estate of C. E. Colwell 20 tons broken Anthracite at \$7.10.
 - Estate C. E. Colwell, 2 tons run of the mine Bituminous at \$3.80.
- On recommendation of Commissioner Wigmore the following coal tenders for the Water and Sewerage Departments were awarded:

J. S. Gibbon Co. Ltd. 25 tons furnace Anthracite at \$6.70, delivered in Leinster street yard; 8 tons nut Anthracite at \$7.30, delivered public hall west.

For the Harbors, Ferries and Public Lands Department the contracts for coal were awarded as follows:

- J. S. Gibbon Co. Ltd. 45 tons egg Anthracite at \$7.30.
- Estate C. E. Colwell 20 tons nut Anthracite at \$7.45.

Commissioner Russell was authorized to renew the lease of Robert Orr for lot No. 884, Guys Ward, for seven years from 31st last at a rental of \$9.00 per annum, being an advance of twenty per cent over the previous rental. A renewal lease to W. O. Dunham for lot 400, Brooks Ward, for seven years at \$9.00 per annum, being an increase of twenty per cent.

Commissioner Russell was also given power to call for tenders for 40,000 feet of spruce deals for repairing North and South Rodney wharves and the C. P. R. wharf.

A recommendation to have repairs made to the city building occupied by John Sime in Lancaster at a cost of \$1,000 was left over for another meeting.

John E. Breen was given permission to erect an electric sign over his premises in Main street subject to the usual conditions.

The Commissioner of Public Works will take up the matter of sidewalk repairs in front of the new post office building with the department.

Mayor Frink will act in connection with placing an advertisement in Heaton's Annual if such action is considered necessary.

Mayor Frink said there had been complaints concerning the service given by city constables in connection with the serving of distraint warrants. One case was where a constable had charged \$6 when he was only entitled to \$2.00. His Worship will take the necessary steps to redress any wrongs in this connection.

It was announced by the common clerk that the term of T. H. Bullock

RECRUITING TO BE CONTINUED FOR BATTALION

More Men Wanted for the 55th—Recruits sent Forward Yesterday.

Thirty-eight applications were made at the local recruiting office during the past two days for enlistment with the 55th Battalion. Thirteen men presented themselves yesterday and on the previous day the names of twenty-five were taken. This is a decided improvement over the slackness which has been prevalent for some time past, but as yet the number of men being recruited is far below the number that should be responding.

Out of this number of applications only one has been sent forward to Sussex, as medically fit. All the others, who presented themselves for examination were either rejected by the doctors or disqualified for other reasons.

Those who went forward yesterday were Charles Bourne, Arthur Totten, both of St. John, and Charles Morrison of Sydney, C. B.

Three recruits for the heavy artillery were sent to Portofino Island yesterday afternoon by the local office. They were Frank H. Ledford, William Smith and Frederick Southers all of St. John. Lieut. Col. Armstrong says he has not yet received any orders regarding the forming of No. 1 heavy battery which will go forward as reinforcements for Major Magee's battery in France. Another call for men for home defense will be issued as soon as those men on the island leave for overseas duty.

Orders were received from headquarters at Halifax by Capt. Taylor of the 6th Mounted Rifles in Valcartier which in turn were transmitted to the recruiting office here that further recruiting for that regiment will cease as they are now at required strength.

The 56th Battalion, under command of Lieut. Col. Kirkpatrick, entrained for Valcartier yesterday afternoon where they will complete their training preparatory to leaving for England and the continent. Transportation was made over the I. C. R. in two sections.

Lieut. Brooks, along with Lieut. Lamb, remain at Sussex with the 55th and will continue to sign on recruits as they appear. Regarding local recruiting no orders have been received to close the offices and Pte. Shiers, acting as recruiting officer, will continue in that capacity in the city.

SALE AT M. R. A.'S OF CURTAIN SCRIMS, ART SATEENS AND ART TICKINGS.

Colored Curtain Scrims, ecru grounds, floral and conventional borders, double width, for dining room, bedroom, library and den. All fresh materials, but a limited quantity; sale price, 10c a yard.

Art Sateens for bed comfortables, sofa cushions, etc., variety of neat designs, 30 inches wide; sale price, 12c a yard.

Fancy Striped Art Tickings, for mattresses, pillows, also awnings, in brown, green, fawn, 30 inches wide; sale price, 10c a yard.

This sale will start this morning at 8.30 in House Furnishing Department, second floor.

FINAL CLEARANCE SALE OF SUMMER MILLINERY AT M. R. A.'S.

The entire stock of this firm's summer hats for ladies, misses and children will be placed on sale commencing this morning at 8.30 in the Millinery Salon, second floor. This will be a grand clearance at bargain prices of untrimmed hats, trimmed and ready-to-wear hats, trimmed dress hats, also flowers; and as the attractiveness of the offerings will no doubt induce the usual rush peculiar to M. R. A. millinery sales, it would be well to attend as early as possible to secure the best choice.

Children's Summer Dresses.
The children need a number of practical wash dresses, and these can be had at very attractive prices while F. A. Dykeman and Co. are selling that big lot which they have just received. They have over three hundred very pretty and daintily trimmed dresses which they are now selling at seventy-five cents and one dollar. They are shown in a very large range of materials, and the sizes run from two to fourteen years.

as school trustee had expired and that D. H. Nasse had died.

Commissioner Wigmore nominated Herbert Green for the position.

Commissioner McLellan thought the commissioners should consider the matter more carefully. There was a feeling that some of the commissioners should themselves be members of the school board in order to secure a proper insight into the expenditures. Mayor Frink said the schools took about a third of the taxes collected by the city and the men selected to spend it should be thoroughly competent. It was decided to take up the matter of appointments later. The meeting then adjourned.

The best place to spend Saturday will be at Westford. City Cornet Band will be there with the Blueberry Picnic.
