THREE CENTS

THE ITALIAN CABINET HANDS IN RESIGNATION; LABOR PROTESTS AGAINST WINNIPEG ARRESTS; NATIONAL ASSEMBLY WILL ASK FOR PLEBISCITE

THE CANADIAN SENATE AGAIN REAFFIRMS ITS POSITION ON THE PROHIBITION MEASURES

Government Leader, Sir James Loughheed, Endeavored to Have Wednesday's Vote Rejected But Failed — The Bill Was Given a Third Reading and Now Goes to the House for Their Consideration.

Ottawa, Ont., June 19.—The position of the Senate on the prohibition measure was reaffirmed today. The government leader, Sir James Loughheed, moved that the amendment of yesterday, cutting off the provision that the measure shall continue for twelve months after the termination of the war, should not be concurred in. This was defeated by 38 to 26. The bill as amended was read the third time and will go to the Commons that they may consider it in the amendment.

In asking that the Senate should not insist upon its amendment, Sir James said that the effect of the amendment would be to destroy the bill. In view of the large majority given the measure in the Commons, it was quite unlikely that the other House would agree to the amendment of the Senate providing that Dominion prohibition should stand until the end of the war, and they might continue for twelve months thereafter, as their terms declared that they should.

Senator Beque expressed surprise at the vote given by his fellow senators from the provinces of Quebec. A short time ago the bill was carried by a vote of 19 to 13, when it was stated that Dominion orders-in-council prevented the expressed will of the people being carried out as the orders prohibited the manufacture of beer of the strength authorized by the vote of the people of Quebec, and the importation of light wines. The bill that the government brought down, corrected this anomaly and allowed the expressed will of Quebec to be carried out. The bill in each province free to provide exactly the kind of liquor that might be made and sold in that province. Therefore he favored the bill.

DIRIGIBLE R-34 READY TO MOVE EAST OR WEST

If Germans Do Not Sign Ready to Help the Fleet; if They Do, Ready for America.

East Fortune, Scotland, June 19. (By The A. P.)—The British dirigible R-34 carried no bombs or ammunition when she left here Tuesday for an extended cruise over the North Sea. A strong wind prevented her landing today, so she was ordered to remain over the sea until the wind abates. Colonel Hunt, commanding the camp at East Fortune, said today that if the ship returns Friday morning it will take until Monday to get her into shape to start on a long flight even if no repairs are needed on the engine. The colonel added: "By Monday we should be ready to start either way—east to aid the fleet if the Germans do not sign, or west to America if they do."

ASK GOVERNMENT TO MAKE GOOD

National Union of Railway Trainmen Take a Hand in Ireland's Disputes.

Plymouth, Eng., June 19.—A resolution protesting against the system of government at present in operation in Ireland, was adopted today by the National Union of Railwaymen, in convention here. The government in Ireland was described as "not in accordance with the principles professed to be held by the members of the government when appealing to our countrymen to kill 'Prussians' and demand made for the immediate withdrawal of martial law."

CRISIS REVEALED IN AFFAIRS OF ITALIAN GOVERNMENT OVER FOREIGN QUESTIONS

Plebiscite Is Probable In Germany

The National Assembly Will Make Its Final Decision on the Peace Treaty Saturday, According to Report.

Berlin, June 19, via Copenhagen.—The German National Assembly will make its final decision on the peace treaty Saturday, according to reports received here from Weimar. It is all probability the Assembly will decide to order that a plebiscite be taken. If the German National Assembly orders a plebiscite the voting will have to be done so that the German answer can reach the Allies in Paris at 8.45 p. m. Monday, Paris time, unless the German should request, and the Allies grant, a further extension of time in which to answer the amended peace treaty. Late in April it was reported from Berlin that the German government had all appearances for an election in readiness for a plebiscite on the peace terms. At the time sources close to the German government claimed that such an election could be completed throughout Germany in 48 hours. The question of a plebiscite in Germany, however, has not been since raised. Since the revolution in November has been held on Sunday.

MEDICAL COUNCIL OF CANADA IN SESSION

Prominent and Familiar Members Absent from the Session, Among Them a St. John Physician.

Ottawa, June 19.—The medical council of Canada has been in annual session here for the past three days. Some prominent and familiar members were absent, including Sir Thomas Roddick, the honorary president, Hon. Dr. Thornton, of Winnipeg, Dr. W. W. White, of St. John, and others. Hon. Dr. Roche, chancellor of Western University, Dr. W. L. Del Harwood, dean of Laval, Montreal, and Dr. N. E. McKay, of Halifax, took their seats for the first time this session. The council is composed of 32 representatives as provided for in the act.

The new president is Dr. J. C. Connell, the dean of Queen's Medical Faculty; the vice-president is Dr. MacNeill, of Summerside, P. E. I.; the honorary president is again Sir Thornton, Montreal; Dr. E. W. Powell, Ottawa, is registrar and P. H. Chrysler, K. C. of Ottawa, is general counsel.

PROTESTS POUR INTO OTTAWA AGAINST THE ARREST OF LABOR LEADERS IN WINNIPEG STRIKE

Montreal Resolution

Montreal, June 19.—Strong resentment at the summary arrest and proposed method of trial of the Winnipeg strike leaders was evinced by the Montreal Trades and Labor Council at its meeting tonight. The subject of these arrests consumed the greater part of the night's discussion and the result was the unanimous adoption of the following resolutions:

Resolved—That the Montreal Trades and Labor Council protest against the summary arrest of leaders of the Winnipeg strike, and officials of our organizations, and ask that these men be granted a fair trial by jury in an open court and that they be defended by counsel of their own choice. Copies of this resolution will be sent by the council to the president of the Trades and Labor Congress of Canada and to the Winnipeg strikers. The meeting was electrified by and loudly applauded the appearance of R. J. Johns, of Winnipeg, whom they had been led to believe was a fugitive from the federal authorities.

Chamber of Deputies Defeated a Vote of Confidence in the Government by 295 to 70 at Special Session Yesterday.

EMBARRASSING EFFECT ON PEACE MATTERS

Labor and Food Situation in Italy is in the Air and the Country on the Verge of Industrial Strikes.

Rome, June 19.—(Havas.)—The Italian Government met with defeat in the Chamber of Deputies, today, when the Chamber defeated a vote of confidence in the Government by 295 to 70. Premier Orlando had demanded that the Chamber meet in secret session to hear explanations regarding the foreign policy and made it a question of confidence in the government.

Under the ordinary course of procedure the defeat of the Government of a vote of confidence would be followed by the resignation of the Government. The resignation of the Orlando Government might have an embarrassing effect on the Peace Conference, as Premier Orlando has been a member of the Council of Four with Premiers Lloyd George and Clemenceau and President Wilson.

A political crisis arose several weeks ago in Rome and caused several members of the Orlando Government to resign. The Premier returned to Rome from Paris and was able to adjust the difficulties. The labor and food situation in Italy has not been of the best since the signing of the armistice, and a general strike began in Rome Tuesday night. Last week there were strikes and disorders in Turin and Milan.

Rome, June 19.—(By the Associated Press.)—Premier Orlando, in his address to Parliament today on the peace situation, said:

"The various economic and financial questions concerning Italy have been solved or about to be solved."

Rome, June 19.—The Government headed by Vittorio E. Orlando, Prime Minister, was defeated in the Chamber of Deputies, today, in a vote of confidence, and when the Chamber adjourned this evening it was expected that Signor Orlando would shortly announce the resignation of the cabinet.

Rome, June 19.—The Italian Government resigned this evening, following an "inverse vote" against it in the Chamber of Deputies.

Premier Orlando, in announcing his resignation and that of the cabinet, said King Victor Emmanuel had reserved decision as to acceptance.

The Chamber of Deputies had, by a vote of 295 to 70, rejected Premier Orlando's motion in favor of discussing the question of confidence which related to the foreign policy of the government, in secret session.

Sydney in Arms

Sydney, N. S., June 19.—Silly Barrett and J. B. McLachlan, U. M. W. leaders in Cape Breton, have forwarded a telegram of indignation to the Minister of Labor, Ottawa, with reference to the arrest of the Winnipeg strike leaders. The telegram reads:

"Minister of Labor, Ottawa, Ont. The arrest of Winnipeg labor is a case of making criminals by act of Parliament. This union protests against this sneak thief method of arresting men. We pledge ourselves to do all we can to bring about a general strike all over Canada. Present strike breaking government too contemptible to request anything from."

(Signed) Silly Barrett, President, U. M. W. of America, J. B. McLachlan, Secretary, District No. 26, U. M. W. of America.

Good Advice To the Lady Graduates

In Address to Graduates of Convent of the Holy Angels Rev. D. M. McAdam Urges Young Ladies to Right the Wrongs of Their Sex.

Sydney, N. S., June 19.—Rev. D. M. McAdam, pastor of one of the largest English speaking parishes in Canada, in an address to the graduating class at the Convent of the Holy Angels here, urged the young ladies to right the wrongs of their sex. Now they have the vote he hoped they will influence conditions so as to secure better working conditions for their own sex. No one seemed to consider the working woman. While he did not agree with Bolshevism as practiced in Russia nor take his stand with the strikers of Western Canada, nevertheless he did not think it strange, he said, that when a Government did not protect its people the people should take the law into their own hands. He pointed out that greed was responsible for the conditions prevailing, greed of the powerful over the weak, greed of the wealthy classes preying on the poor. In this connection he made special reference to the Telegraph Companies which, he stated, employ young girls to take messages at the rate of two and a half cents a message. To rectify just such conditions was where women fitted into politics. The thing then was to educate the women. But education alone, continued Father McAdam, was not always constructive. Sometimes it can be destructive. There must be a safe ideal. Education without religion can never raise the world.

FINAL CHAPTER IN FINDLAY CASE

Victoria, B. C., June 19.—The appeal of the Findlay motion was dismissed this morning by the Court of Appeal and the decision of Mr. Justice Gregory at the Vancouver spring assizes, in which he refused to reserve for the opinion of court certain questions of law, is sustained.

W. J. Findlay was recently sentenced to two years' imprisonment for appropriating confiscated liquor and selling for his own profit during his term of office as prohibition commissioner for British Columbia.

AQUITANIA AT HALIFAX

Halifax, June 19.—The Cunard liner Aquitania, with 5,700 troops, it was reported from the Citadel at midnight, would enter the harbor about two o'clock this morning, she is scheduled to dock at 7 o'clock in the morning.

Moncton Kick

Moncton, June 19.—At a meeting of the Federated Trades here tonight a resolution was adopted and forwarded to Premier Borden and Senator Hon. Gideon Robertson, Minister of Labor, calling upon the government to release on bail the ten labor leaders under arrest in Winnipeg. The resolution declares that the leaders under arrest should be accorded British justice in being allowed their freedom on bail in order to prepare their defence for trial. The resolution was signed by the six chairmen of the local unions composing the Federated Trades.

SYMPATHETIC STRIKE ENTERS ITS SIXTH WEEK SHOWING SIGNS OF DISINTEGRATION

Some Confusion Exists in Regard to Arrangements for Forming a Board of Inquiry to Try Cases of Arrested Men—Special Edition of Labor News Goes After Senator Robertson—Makes Capital Out of Evidence Before Living Commission.

Winnipeg, Man., June 19.—It developed today that some little confusion exists in regard to arrangements for forming a board of inquiry to try cases of the eleven prominent labor leaders under arrest on a charge of seditious conspiracy. No commission of inquiry was sent from Ottawa. Mr. A. J. Andrews, retained by the government to conduct the prosecution, announced late this afternoon that it will be composed of members of the local immigration staff, still to be selected under the chairmanship of Thomas Galley, acting commissioner of immigration for Manitoba.

Mr. Andrews stated that he had been misinformed yesterday when he said that a special board had left Ottawa for Stoney Mountain, but that he had received positive information from Ottawa to that effect. Both sides are anxious for prompt action. No date has been officially set for the trial, but it will be held as soon as arrangements can be completed. The formal announcement of Mr. Galley's appointment was made at the conclusion of a lengthy meeting at which Hon. G. D. Robertson, Minister of Labor, and other officials conferred with a delegation of five representing the Central Strike Committee, headed by James Winings, President of the Winnipeg Trades and Labor Council. No information as to the subjects under discussion was given out.

Today the sympathetic strike entered into its sixth week and prominent business men profess to see growing evidence of disintegration of the movement. It was declared that negotiations between various employers and employees gave rise to the belief that a large number of strikers would return to work within the next few days.

The street car service is gradually improving. Thirty-five men have reported for duty, and company officials are confident that there will be a speedy resumption of normal street car traffic.

Railway officers said that the strike of certain members of the running trades union entirely exhausted itself, and that many of the men are applying for their old jobs. Some little difficulty is still experienced in regard to freight shipments on branch lines, it was stated, but normal conditions are expected soon.

Announcement was made this morning that owing to conditions here as a result of the strike an embargo has been placed on all cattle shipments from western points by the Canadian National railways.

Under the title "Robertson and Sedition" the Western Labor News special strike edition No. 29, says in part today:

"There is a type of individual who believes in hanging men first and trying them afterwards. But that is not the British way. Those who praise British law and British justice should have the decency to refrain from the

GERMAN FIGURES ON PRISONERS ARE INCORRECT

More Than 60,000 French Prisoners, in Excess of German Figures, Were Found in Germany.

Paris, June 19.—(Havas)—German figures on the number of French prisoners in Germany were found to be incorrect, Leon Abrami, under secretary in the ministry of war announced in the Chamber of Deputies today. More than 60,000 prisoners in excess of the German figures were found in Germany. The number of French soldiers missing in action has reached 314,000, the under secretary said. The bodies of the majority of the missing, he added, it would be impossible to find. Inter-Allied missions were endeavoring to ascertain if any prisoners still remained there.

MARSHAL FOCH FORMING FRONT FOR ADVANCE

Paris, June 19.—(Havas)—Marshal Foch is forming one front against

Coblenz, Wednesday, June 18.—(By The Associated Press)—The concentration of British, French, Belgian and American troops, begun by order of Marshal Foch, preparatory to advancing further into Germany, will be completed Saturday when several hundred thousand soldiers will stand ready to march toward Berlin if the Germans do not sign the peace terms. Artillery and trucks carrying various kinds of war material, are being moved across the Rhine at Cologne. Coblenz, Mayence and other bridge points within the occupied area.

The Germans from the Rhine to the Danube L'Intransigent says it is informed. The Allied commander-in-chief, it is said, will henceforth extend his command over the Czechoslovak, Rumanian and Polish armies.

SYDNEY LABOR MEN OBJECT TO G. W. V. A. MEN

Don't Want Veterans on the Housing Commission Because of Their Stand in Winnipeg.

Sydney, N. S., June 19.—When the Sydney housing commission was being appointed by the city council tonight, one G. Bezanger said that some labor men would object to the G. W. V. A. being represented on it owing to their stand at Ottawa when he said they had endorsed gunmen. He wanted three labor men on the commission which consists of five. A representative of the Veterans, the city clerk, a merchant and two labor men were appointed.

SOME MEMBERS OF SIBERIAN FORCE RETURN

Mount Eagle Doeked at Victoria Yesterday With 747 Canadians Aboard.

Victoria, B. C., June 19.—The C. P. O. S. liner Monteaigle docked here today with 747 Canadian members of the Siberian force on board, under command of Major-General Emsley. There were 88 officers in the party. The vessel carried six hundred tons of army supplies. She left Vancouver later. Eight Russian stowaways were discovered on board. They had hidden themselves away and later managed to secure possession of some Canadian uniforms.

Willard Objects To Heavy Taped Hands

Says Tape Will Have to be Put on While Men Are in Their Corners—Champion is Boxing With Greater Speed. Toledo, June 19.—Jack Dempsey, challenger for the heavyweight championship, will not be permitted to enter the ring against Jess Willard here July 4th with heavy taped hands if Willard can prevent it. The champion announced tonight that he intended to request the Toledo Boxing Commission and the referees to rule that he and Dempsey go to the ring side with nothing at all on their hands and have the tape put on while in their corners.

TORONTO STOCKYARDS HEARD BEFORE COST OF TRAINING COMM.

Evidence Shows Union Stockyards, Owned by Chicago Interests, Authorized Capital of \$1,500,000, of Which \$1,250,000 Has Been Issued—Net Receipts Last Year Were \$132,000 and a Dividend of 7 Per Cent. Was Paid

Ottawa, June 19.—Fifty-two to fifty-three per cent of the stock in the Union Stockyards of Toronto, is owned by Chicago interests and the 20 or 25 per cent by the Harris Abattoirs Company. The authorized capital is \$1,500,000, of which \$1,250,000 has been issued. The physical assets are more than twice the value of the stock. This information was given the Cost of Living Commission of the Commons this afternoon by F. C. Fletcher, the managing director. He could not say how much capital was paid up. The gross receipts last year were \$398,000 and the net receipts \$132,000. A dividend of seven per cent was paid and \$50,000 was invested in Canadian war bonds.

CHANGE IN ITALIAN AFFAIRS

PERPLEXING TO PEACE COUNCIL

Orlando's Position With the Big Four Will Cause Some Annoying Results Should He be Obligated to Withdraw at This Time—Marshal Foch All Ready and With Enlarged Scope.

New York, June 19.—The Associated Press tonight issues the following: As an addition to the uncertainty prevailing with regard to whether Germany will or will not sign the peace treaty, has come a crisis in the Italian government to perplex the Peace Conference. Falling to secure a vote of confidence in the Chamber of Deputies in Rome on a demand by Premier Orlando that the chamber in secret session listen to the government's explanation of its foreign policy, the Italian cabinet is expected to follow precedent in parliamentary affairs and forthwith resign. Such action probably would still further complicate the work of the Peace Conference, especially in straightening out the tangle that long has existed as regards Italy's claims to Fiume and the Dalmatian coastal region.

GOVT INSISTENT ON LAW AND ORDER

BE MAIN CONCERN OF PREMIER BORDEN

Special Styles for Older Men

NATIONAL LEAGUE

Cincinnati, 4; Philadelphia, 1. Cincinnati, June 19.—Rixey's wildness in the early innings today gave Cincinnati a lead which Philadelphia was unable to overcome and the latter club lost by a 4 to 1 score. Philadelphia 00000001—1 3 2 Cincinnati 21001000—4 6 1 Rixey and Adams; Sallee and Rarden.

TREMENDOUS INCREASE IN SHIPPING THROUGH CAN. PORTS

RESOLUTIONS ARE COMPLETED

COMMITTEE STAGE ON BUDGET

RESOLUTIONS ARE COMPLETED

The amount, controlled by the Canadian Director General of the British Admiralty, was larger in the first five months of 1919 than in 1918. The amount of shipping through Canadian ports still controlled by the Canadian Director General of the British Ministry of Shipping has actually been larger in the first five months of 1919 during the period of demobilization than in 1918, when the war with its attendant operations was supposed to be at its height. The gross tonnage of material and supplies cleared during these five months compared to the corresponding months of previous years is as follows: 1918. 1919. 1918. 1919. 25,000 170,363 175,000 339,198 299,755 23,246 170,363 211,505 278,419 256,483 23,703 123,317 267,750 400,323 304,167 25,207 178,304 227,361 412,433 492,932 40,431 164,906 444,370 335,367 448,641 This shows a gross tonnage for the first five months of 1919 of no less than 1,804,995 tons, or nearly as much as the total tonnage for the whole year 1918, the gross tonnage of material and supplies, excluding horses and mules, cleared from Canadian ports since the beginning of the war to the end of May, 1919, has reached the enormous total of 14,647,768 tons.

THE WEATHER

Washington, June 19.—New England.—Fair Friday; warm in southwest Maine. Saturday, except showers in Vermont and New Hampshire. Moderate to heavy showers in the weather prevails through the Dominion except in Nova Scotia. A few light showers and thunderstorms occurred in the St. Lawrence Valley.

GERMANS UNDER BID BRITISH STEEL COMP

Their Lowest Bid Price of Raw Material Delivered by British Mills.

London, June 19.—(Reuters) denoting the recrudescence of competition in a large scale constructional steel in Holland has been accepted by a German firm at twenty pounds sterling below the leading British contractor, The Times refers to one of the lowest German tenders actually below the price of iron delivered by British mills.

BEWARE OF TENDER, INFLAMED GUMS

Pyorrhea, with a premature loss of teeth, is almost inevitable if you do not properly care for your gums. Here is the explanation: As you age, the body tissues naturally relax. You see this tissue loosening in the neck. It goes on in your gums, too. As you grow older, your gums shrink below the normal gum line. Through lack of care they become spongy and inflamed. Then you have Pyorrhea (Riggs' Disease). Four out of five people over forty have Pyorrhea. And many under forty, also.

Said Governor Cox

May Not Interfere

Declined Last Night to Comment on Action of House of Representatives Requesting Him to Prevent Willard-Dempsey Fight.

Columbus, O., June 19.—Gov. Cox confined to his bed at his home near Dayton by illness on official at the State capital would express himself authoritatively as to the Governor's probable action in response to the resolution adopted today by the lower house of the general assembly requesting the chief executive to take steps to prevent the Willard-Dempsey prize fight in Toledo, July 4. The general impression, however, is that Governor Cox will not interfere. Through a similar resolution was offered in the Upper House, Lieut-Governor Brown stated that he was certain it would have been defeated had one been presented. At the executive offices it was stated that the policy heretofore followed would be pursued, and that Governor Cox would have no statements to make even though he were here.

RODDY McDONALD MARRIED TWICE

TOO OFTEN, NOW GOES TO PRISON

ONE ORSENE FERRON HAS THREE WIVES LIVING AND TWO WERE IN COURT TO ACCUSE HIM OF HIS PERFDY.

Special to The Standard. Montreal, June 19.—Wedding bells rang twice too often for Arsene Ferron last night at the Theatre Francaise. The bride was the voice of Judge Choquet smote the ears of Ferron as he stood in the prisoner's dock today and heard pronounced a penalty for outraging cupid. Five years in the penitentiary was the sentence meted out to him for bigamy. In the scant half hour he was in the court he met wives No. 2 and No. 3, whom he was to have loved, honored and protected, and incidentally heard evidence taken that the second contracting party to his first matrimonial venture is still alive. "There is evidence that you married at least twice too often, and you should be where you will have no chance to marry for a while," said Judge Choquet, prior to asking the prisoner what he had to say before passing sentence. "I will consider it a favor if you will give me my punishment right away. I am tired of waiting for it and an anxious to start my time." "You have quite a record," said Judge Choquet musingly, "three marriages, and all three wives alive under two terms in the penitentiary, one of three, and one of five years, and six terms in all. You will do five more years in the penitentiary." "Thanks, Judge," was Ferron's answer. Ferron was quite philosophical and unmoved when he heard the testimony of Annie Hannah Hancock, Mrs. Ferron No. 3, whom the accused married at Quebec in 1916. Wife No. 2—Martina Thibault said Ferron had led her from the altar at St. Vincent de Paul in 1907. There was also on record a certificate of marriage of Malina Blanchard, of St. Jacques de Lachapelle, to Ferron in 1902. Wife No. 1 is still alive, but was not present in court. Ferron declared that having lost track of his first wife he had to find another. Fortune favored him and he married and was happy until his spouse learned that his first wife was alive and she left him. Then he sought again and found a third while he was in the training camp at Valcartier.

THE INSPECTION WAS COMPLETED

Lieut.-Col. Snow Inspected St. Malachi's Cadet Corps Yesterday Afternoon—Knox Church Corps Were Reviewed Last Evening.

The inspection of the city cadet corps was completed yesterday by Lieut.-Col. Snow when he inspected the St. Malachi's and Knox corps. The inspection of the St. Malachi's corps took place in the afternoon. Last evening on the High School grounds Knox Church corps turned out under Instructor Sergt. Vall and made a very creditable showing. The corps was well up to strength and the boys went through the various evolutions and manoeuvres in splendid style. Col. Snow expects to complete the inspection of all the active corps in the province on Monday, June 20. Today he will go to Sunny Brae. Monday he will be at St. Stephen; Tuesday at Woodstock; Wednesday at Sussex; Thursday at Dorchester and on the following Monday the Moncton corps will be inspected. During the coming fall and winter Col. Snow is hopeful of organizing a number of corps in the city schools and at outside points in the province.

ALLIES MUST TENDER HELP

Claim Made That War Costs Should Come to Kingdom from Austria and Bulgaria.

Paris, June 14.—The complexity of the financial problems of the Austrian and later of the Bulgarian treaties of peace are well illustrated by the actual situation of the smaller states. Serbia offers the cruellest example. She seeks not only President Wilson's political support, but also American financial assistance. Mr. Kostolainovich, former Serbian Minister of Commerce, summarizes his country's position, saying: "Tragedy came in the autumn of 1915, when the Austro-German attack on the north and west and the Bulgarian on the east necessitated the historical retreat across the mountains into Albania. "Prior to that the financial situation of Serbia could not have been regarded as critical, for, though encumbered by the Balkan war and producing nothing, our demands on the Allies had been slight because we made war economically. "Of \$500,000,000 raised by loans, \$300,000,000 covered the necessities and the further \$200,000,000 being absorbed by munitions eventually falling into enemy hands. "Evacuation of the country, however, meant the impossibility of obtaining any revenue from the inhabitants, after which the entire cost of the war was covered by loans from the Allies, amounting to \$2,000,000,000, a total loss to the state. The general results of the war for Serbia thus were: Sydney; Schr. Sir Donald, U. K. ports.

THE WEATHER

Washington, June 19.—New England.—Fair Friday; warm in southwest Maine. Saturday, except showers in Vermont and New Hampshire. Moderate to heavy showers in the weather prevails through the Dominion except in Nova Scotia. A few light showers and thunderstorms occurred in the St. Lawrence Valley.

South End League Officially Opened

Commissioner Jones Pitched the First Ball Last Evening—Pirates Trimmed Franklins by Score of 6 to 4.

The South End Baseball League was officially opened last evening, the contesting teams being the Pirates and Franklins. The St. James' Boy Scout Bagle Band was present and the large crowd who turned out to see the first game of the season enjoyed the music and enjoyed their programme of music. Commissioner Jones was right on the job and put the first ball right over a strike, showing that he has not forgotten how to play the game since he participated as a member of the sorbes' nine which defeated the "Harlem" Lambs on Wednesday Island on Friday, June 28th, 1905. The game last evening went seven innings, the Pirates winning, 6 to 4. The batteries were: Pirates, Kerr and Smith; Franklins, Cooper and Diggs and Porter. Tonight's game will be between the All Stars and Young Traves.

JINGO WON THE ASCOT GOLD CUP

London, June 19.—(By Canadian Associated Press Cable)—The Ascot gold cup was won today by Jingo at 5 to 1; Air Raid, at 5 to 6, was second and Roamer, at 20 to 1, was third. Four ran.

GOVT INSISTENT ON LAW AND ORDER

BE MAIN CONCERN OF PREMIER BORDEN

Ottawa, Ont., June 19.—A telegram from Secretary of the Toronto Midl Trade with regard to the arrests of nine strikers, Premier Borden has the following message: "The persons treated in this manner have been charged with an offence under the law of this country. The Government has been anxious to maintain the law and to punish any attempt to vent the authority of the law established by their representatives in Parliament. Your association Government has been anxious to assist the employer or to injure the labor movement in this country, whether or employ, is above the law any such person be permitted, the authority of the people a Messengers of like tenor went to H. Kauden, secretary of the Council at Brandon, who telegrams of protest to the

BALCONY GIVEN WAY, DROPPED FIFTEEN FEET

They Fell a Distance of Feet, Several Very Severe Injuries

Gloucester, N. S., June 19.—A serious injury, and several were badly shaken up, the fall of twenty-five feet from a balcony here last night. The balcony was admitted to have been constructed by a G. Mrs. Douglas McDonald and a S. Mrs. McDonald. Early in the afternoon a row in front of the balcony, on which fifteen persons were on the block at the time, was attracted by the fall, and they crowded to the balcony. Suddenly, with a bang, the balcony fell, and those leaning on its wall were thrown into the street.

GERMANS UNDER BID BRITISH STEEL COMP

Their Lowest Bid Price of Raw Material Delivered by British Mills.

London, June 19.—(Reuters) denoting the recrudescence of competition in a large scale constructional steel in Holland has been accepted by a German firm at twenty pounds sterling below the leading British contractor, The Times refers to one of the lowest German tenders actually below the price of iron delivered by British mills.

SYDNEY VOTERS TIRED OF

Sydney, N. S., June 19.—Proportions involving were turned down by the voters of Sydney in yesterday's election. The items were in accordance with the city's lowest German tenders, actually below the price of iron delivered by British mills.

GOVT INSISTENT LAW AND ORDER BE MAINTAINED

Premier Borden Tells Officers of Metal Traps the Reasons for Winnipeg Arrests.

Ottawa, Ont., June 19.—In reply to a telegram from Secretary Hamilton, of the Toronto Metal Trades Council, with regard to the arrests of the Winnipeg strikers, Premier Borden sent the following message:

"The persons arrested in Winnipeg were charged with acts which, under the laws of this country, are serious offences. The Government intends to maintain the law and to prevent and punish any attempt to subvert the authority of the peoples as established by their representatives in Parliament. Your assertion that the Government has been animated by a desire to assist the employing class or to injure the labor movement, is absolutely contrary to the facts. No man in this country, whether employer or employe, is above the law, nor can any such person be permitted to defy the authority of the people as a whole. Messages of like tenor have been sent to H. Knudsen, secretary of the Council at Brandon, who also sent telegrams of protest to the Premier.

BALCONY GIVES WAY, DROPPING FIFTEEN PERSONS

They Fell a Distance of 25 Feet, Several Receiving Very Severe Injuries.

Gloucester, N. S., June 19.—Two persons are in St. Joseph's Hospital with serious injuries, and several others were badly shaken up, the result of a fall of twenty-five feet from an outdoor balcony here last night. The seriously injured and admitted to hospital are Mrs. Douglas McDonald and daughter, Sadie McDonald. Early last evening a dog started a row in front of the Wolfe block on Brookside street. Some fifteen persons were on the balcony of the block at the time, their attention being attracted by the uproar below, and they crowded to the edge of the balcony. Suddenly, without warning, the rail of the balcony gave way, and those leaning on it were precipitated into the street.

GERMANS UNDER BID BRITISH STEEL COMPANIES

Their Lowest Bid Below the Price of Raw Material Delivered by British Rolling Mills.

London, June 19.—(Reuters.)—Evidencing the recrudescence of German competition in a large contract for constructional steel in Holland, which has been accepted by a German firm at twenty pounds sterling per ton below the leading British company's offer, The Times refers to the mysterious lowest German tender, which is actually below the price of raw material delivered by British rolling mills.

SYDNEY VOTERS TIRED OF DEBT

Sydney, N. S., June 19.—Four borrowing propositions involving \$140,000 were turned down decisively by the electors of Sydney in yesterday's plebiscite. The items were \$45,000 for a nurses residence in connection with the city hospital, \$50,000 for streets, \$20,000 for the Halifax relief fund, and \$15,000 for an infectious diseases hospital.

ADDRESS OF FATHER LOCHARY BEFORE THE CANADIAN CLUB

Members Heard Most Interesting Address—Went Overseas in October, 1915, and Was Through Much Fighting—Was Gassed Twice and Mentioned in Despatches—Spoke on Intimate Life of the Soldier and the Campaigns.

The address of Father Lochary before the Canadian Club last evening was one of the most interesting it has been the pleasure of the members to listen to and one which made a deep impression on those present. He dealt first with the intimate life of the soldier and later with the campaigns through which he had passed. A. M. Belding, vice-president of the Club, occupied the chair, and in introducing Father Lochary, referred to him as a padre whose work had taken him to France and Belgium and later to the Rhine. He had sailed from Canada in October, 1915, and on reaching the other side he was attached to one of the western battalions forming the first division. His battalion had gone through the fighting at Vimy Ridge, Somme, Passchendaele, Arras and Amiens. He had been twice gassed and twice mentioned in despatches.

On rising to speak, Father Lochary thanked the chairman for the kind words said about him and his work, and said his talk would be divided into two parts, dealing with the intimate life of the soldier, and the campaigns through which he had passed.

Dealing first with the intimate life of the soldier, he said many persons had the idea that the life was one of hardship, blood and suffering. This was true to a certain extent, but on a quiet sector he had known battalions to take their turn in the trenches and come out without a single casualty. In battle, however, all that was changed, and to witness a battle under the barrage and trench system of fighting was a most spectacular sight. The night before they would be nothing to indicate the coming battle, but promptly at zero the snipers would begin to roar and men topple out of the trenches, many of them mutilated, some to death, but always, so far as the Canadians were concerned, to victory. In this style of fighting the casualties did not occur while the men were advancing nor cover of their own guns but while the enemy began his counter-barrage. It was sometimes very difficult to care for the wounded, and sometimes the men, particularly if there had been a slight falling back before the ground was consolidated, had to lie out for some time before being rescued and brought in. To illustrate the wonderful spirit of the men he told couple of stories. One soldier had been lying out for seven days and nights, and when brought in had ingested in his leg. After his wound had been dressed he asked for a clean rag and some clean water, as he had not been able to clean his teeth for seven days. Another who had had the arms and legs pretty well shot pieces, when being fixed up at a dressing station, kept telling the doctor to take care of his false teeth, as they had cost him one hundred francs.

There was difficulty in burying the dead at times, and this was particularly true in the Somme, where for weeks at a time men were lying out in various stages of decomposition, because it was not practical to risk the living to try the dead. One of the most interesting things of the war was the aeroplane, and to see these great birds in battle thousands of feet in the air gave one a thrill not to be duplicated in any other way. At night, though the air was thick with dread, for every five minutes came over on bombing expeditions until the English adopted the patrol system, when they became a little more wary. The use of gas was characterized by the speaker as barbarous. Dealing with the various campaigns, Father Lochary took his audience from Vimy Ridge to Amiens, Vimy Ridge, because of the obstacles overcome, would always stand as most creditable to the Canadians, and one of the most interesting was the thorough knowledge the Germans possessed of the British positions, which was just as thorough as that possessed by the British of the German trenches and positions. One of the methods taken to get information from prisoners, and this was practiced by both sides, was to send a man into the prison camp to gather up news from the prisoners. Easter Monday morning, in a drizzling rain, the boys went over the top, and the cavalry and supports had been taken up news from the prisoners. Easter Monday morning, in a drizzling rain, the boys went over the top, and the cavalry and supports had been taken up news from the prisoners. Easter Monday morning, in a drizzling rain, the boys went over the top, and the cavalry and supports had been taken up news from the prisoners.

PROUD RECORD OF FIRM OPERATING IN ST. LEONARDS

Martin & Violette Have Been Associated 32 Years in Business and Harmony Always Prevails Between Them.

St. Leonards, N. B., June 19.—This place can boast proudly, if you please, of having a business firm that any community would be pleased to have established in its midst. For thirty-two years the firm of Martin & Violette has conducted an extensive general store and lumbering business here. Their motto has always been the "Square Deal to All," and, working on that principle, success has followed them down to the present. Becoming well advanced in years (one member being 72 years of age and the other 63) they are retiring out from under a part of their responsible load and have recently disposed of their store and stock in trade. They will still continue their lumbering business. One member of the firm tells The Standard that in all the years they have been associated it has never been necessary to have any written agreements or contracts and the partnership has been a happy family.

N. B. TELEPHONE EXTENSION PLANS FOR SEASON

The Construction Programme as Mapped Out Will Require an Expenditure of \$200,000 This Year.

Fredricton, June 19.—The New Brunswick Telephone Company's construction programme for the present year calls for an expenditure which is expected to amount to between \$150,000 and \$200,000. This information was given out today by officials of the company, who are on a tour of the lines and exchanges on the St. John river valley. They arrived here last night by auto from St. John and this morning went up river expecting to go through to Edmonston.

President S. H. White, vice president F. B. Black, managing director Howard P. Robinson, general superintendent O. J. Fraser and superintendent Marshall made up the party. New circuitry at the St. John telephone house and from St. John to Dalhousie are included in the construction programme, which has been arranged to improve the service and provide required extensions of lines. General Superintendent Fraser reported an unprecedented growth in business for April and May, the first two months of the new fiscal year. During that period there were 478 new telephones installed, as compared with 27 in the same period last year, when the company saw its largest growth so that the figures at the close were 22,000 telephones. The company has purchased the buildings at Georgetown and St. John, in which their exchanges are located, in accordance with the policy adopted some time ago. Later in the season it is proposed to make a similar official trip over the North Shore lines and exchanges.

STATEMENT OF ATLANTIC SUGAR REFINERIES LTD.

Profits for the Fiscal Year Ending April 30 Last Were \$986,343, Considerably More Than Double Those of Previous Year.

Special to The Standard. Montreal, June 19.—The statement to be presented to shareholders of Atlantic Sugar Refineries Ltd., at their annual meeting, today, will show profits for the company in its fiscal year ended April 30 last, of \$986,343, or considerably more than double those of the previous year, and more than treble the 1917 showing. After all deductions, which totalled in last year's statement \$611,011, against \$256,895 in 1918, and \$193,023 in the previous twelve months period, there remained available for dividends purposes a surplus on the year's operations of \$375,332, or equal to slightly over 15 per cent on the preferred stock of the enterprise, on which an initial dividend was lately declared. This compares with \$206,751 or 8.3 per cent last year, and \$111,398 or 4.5 per cent in 1917. The year's surplus, added to the balance carried forward from 1918, brings total surplus up to the substantial level of \$698,771. The heavier deductions in the 1919 statement are due, chiefly, to the establishment of a new reserve for bad debts and business profits tax, amounting to \$69,892; and to the purchase of raw sugar. President McGibbon states in his report to the shareholders that the total business of the company for the year amounted to over \$11,000,000, an increase of 5 per cent over the previous twelve months.

AMHERST NOT QUITE SURE OF GOVT ABATTOIR

The Final Decision Will Remain With Federal Authorities and Moncton Looks Good to Them.

Fredricton, June 19.—E. P. Bradt, Deputy Minister of Agriculture, and W. W. Hubbard, Superintendent of the Dominion Experimental Farm, have returned from Amherst where they attended a meeting of the Maritime Stock Breeders' Association. They contended that, while a resolution was passed at the meeting on Tuesday favoring Amherst as the best site for the stock yards, the official decision has not been made as to the location. On the contrary, Daniel M. Johnson, the market expert of the live stock branch of the Federal Department of Agriculture, is said to have recommended Moncton as the site. The delegates from Prince Edward Island originally favored Sackville but later swung to Amherst and so with the support of the Nova Scotia delegates Amherst received the majority of the directors and the executive. Ottawa had asked for a unanimous recommendation from the association.

BOTH GAMES POSTPONED. The volley ball game and baseball game scheduled for last night on the Queen Square Playground were both postponed on account of the weather.

ST. JOHN, N. B., FRIDAY, JUNE 20, 1919.

NATURE STUDY.

Pupils of grade eight of the public schools have this week been taking the general examinations. In St. John this means success or otherwise in High School entrance, and the week has of course been a rather difficult one for many of the boys and girls. The papers placed before them have been prepared for general use in the Province, and while in the majority of instances the questions submitted have been reasonable—and indeed some of the papers have been exceptionally well arranged—this cannot be said in regard to all. Particularly is the paper on nature study open to comment. It was prepared, The Standard believes, by a capable teacher in the Normal School, who is in charge of work very much more advanced than that which is being done by students in grade eight taking the examinations. This in itself is an unwise system, for a grade eight teacher is naturally best qualified to prepare questions for pupils of that grade, inasmuch as the tendency of an instructor in charge of a higher grade would naturally be to submit questions beyond the knowledge of those pupils. But, apart from this, the nature study paper—and this has occurred in more than one year—is an excellent one for boys and girls brought up on the farm, but is to a certain extent absurd for city children, who know absolutely nothing about farm and garden work and have never had opportunity to study nature otherwise than from books. There are an unquestionable scores of children among those taking the entrance examinations this week who have never planted a seed or pulled a weed in their lives, and usually seen gardens only over their neighbors' fences on an occasional trip to the country. Their acquaintance with birds consists of watching sparrows and pigeons in King Square and elsewhere, and their knowledge of plant life has been gained from an occasional wisp of grass in the gutters or the budding of leaves in Rockwood Park.

These children were asked, among other things, to write a paragraph on an experiment made personally concerning weeds; to describe accurately the planting and cultivation of one farm crop; to name four of the earliest wild flowers in their vicinity; to write a paragraph on methods employed on the farm or in the garden to rid the land of weeds—why this is necessary and why the same process must be repeated year after year; to make a list in the order of their importance of the domestic animals found on the farms of New Brunswick; and to discuss the usefulness of the first named.

THE SAFETY VALVE.

The attitude of the British Government towards would-be agitators has always been a source of interest to other nations. Recognizing that a man with a grievance may become a dangerous character if suppressed, the civil authorities of Britain have for generations permitted the fullest liberty of speech, with the result that soap-box orators, Hyde Park enthusiasts, and others of their class are constantly spouting, blowing off steam and relieving their feelings by words, whereas they might, under restraint, be induced to the commission of serious acts. In answer to every criticism of British administration, the Government extends a cordial invitation to its critics to inspect for themselves, and it seems to make no difference whether these investigators are its own people or foreigners. Thus no objection was taken when Dunne and Walsh, interfering agitators, representing misguided Irish-Americans, recently paid a visit to Ireland and attempted to dig up evidence in support of allegations against British administration in that island. The British Government merely kept quiet and waited until the report of these self-appointed delegates was presented, it contained nothing of any importance, but the few insignificant complaints which these visitors were able to present have been flatly contradicted and in a manner which knocks the bottom out of the weird charges formerly suggested. Many of Ireland's alleged grievances exist only in the imagination, and yet, in the absence of definite knowledge, a feeling towards England has been permitted to grow, particularly in the United States, where the activities of Irish-American organizations have contributed very largely to the unrest in Ireland itself. Messrs. Dunne and Walsh, prejudiced before they went across, have made their hurried investigation and have discovered nothing upon which criticism may be based. This, however, will not prevent them and their associates from continuing their campaign

against British administration, nor does it bring any nearer the settlement of the Irish question which has been so troublesome for the past century.

WHAT THEY SAY

Hoover's Definition.
Springfield Republican—"Economic delirium tremens." Mr. Hoover calls the present condition of much of Europe, and he hopes that it will end with peace. Yet there will be a lot of hard constructive work to be done before stability is assured.

Careful Consideration Needed.
New York Herald—"It is quite possible that Senator Knox is as able as anybody to determine whether the proposed covenant practically amends the constitution. The fact that able constitutional lawyers are not fully agreed on this point is sufficient reason for most careful consideration of the League of Nations project."

Mainstay, Not Menace.
New York World—"Militarism qualified by Senator Knox's terms confirms itself as a mainstay, not a menace, to the land. On lines of honor, duty and country armies of soldiers and civilians merge into one mighty host of high-principled citizenship. The West Pointers who listened to this year's commencement speaker could have heard nowhere a more solidly upholding of citizenly ideals."

Excellent Drive.
New York Sun—"Have we heard of any Englishmen or any Frenchmen—patriots as they are—burning the bonds that they bought from their own governments? Not at all; but to cancel the debt which Europe owes America would be no worse than compelling the fifteen million holders of Liberty bonds to turn a third of their holdings. The ten billions which Europe owes us is still owed to the pockets of the American people. From what source of drive does Europe get the notion that America is so rich and so imbecile that she may be regarded as the prize sucker of the world?"

James A. Tawney.
New York Times—"Tawney, the last germ of insurrection gone from his system, died himself up more and more with the machine, until the great political revolution of 1910. Then he and they and all of them, and progressivism marched over them. Some of them, Cannon himself, came back; but Tawney accepted the verdict of the people and stayed out in Wisconsin, practicing law. Now the news comes that he is dead. He was an able chairman of the appropriations committee, a big job, then, and a bigger one now. He had brains and acuteness, and he knew how the people's money ought to be spent that way. It would be a good thing, if he were at the head of that committee now."

A BIT OF VERSE

THESE WHO PAID.
(Robert W. Service.)
What d'ye think, lad; what d'ye think,
As the roaring crowds go by
As the banners flare and the brasses blare,
And the great guns rend the sky?
As the women laugh like they'll all
And the champagne glasses clink,
Oh, you're gripping me hard so tight,
I'm a wonderer: what d'ye think?
D'ye think of the boys we used to know,
And how they'd have topped the fun?
Tom and Charlie, and Jack and Joe,
How they'd have cheered as the joy-bells chimed,
And they grabbed each girl for a kiss,
And now—they're rotting in Flanders' slime,
Or else they gave their lives—for this
Or else d'ye think of the many a time,
When we wished we too was dead,
Up to our knees in the freemint grime,
With the fire of hell overhead?
When the youth and the strength of us sapped away,
And we cursed in our rage and pain—
And yet—we haven't a word to say—
We're glad, We'd do it again.
I'm scared that they pity us. Come, old boy,
Let's leave them their flags and their furs,
We'd surely be hating to spoil their joy,
With the sight of such wrecks as us.
Let's slip away quietly, you and me,
And we'll talk of our chums out there:
You with your eyes that'll never see,
Me that's wheeled in a chair.

A BIT OF FUN

Said an Irish justice to a blustering prisoner on trial: "We want nothing from you, sir, but silence, and very little of that."
"I can always tell at a glance what other people are thinking of me," remarked the young man, anxious to focus attention on himself.
"How extremely disagreeable that must be for you," sweetly murmured the prettiest young girl present.
An Even Break.
"Young man, are you satisfied with your present position?"
"No, well it's fifty-fifty. The boss ain't satisfied with the way I fill it, either."

Tempus Fugit.
Comedian N. C. Goodwin said in an address before a young women's Bible class in Los Angeles:
"Gather ye roses while ye may, for time is still edifying, and the pocket that's full of love letters today will in a few short years bulge with speculations."

Private Pigley's people were good to him, but after receiving a pocket service book, a pocket Bible, a pocket album, a pocket French dictionary

Little Benny's Note Book

Bees are little insects with a buzzer on one end and a stinger on the other. When some people hear the buzzer they ask as if they were feeling the stinger, proving that a hole lot depends on imagination. Bees won't sting you unless you do something to annoy them first, the hard part being to tell just how much you can do without annoying them.
Bees live with their families in hives. The queen bee is the only lady bee, so she has to lay all the eggs, on account of if she don't there won't be any. People also have hives, but bee hives is much more ornamental and usefull.
Making honey out of the insides of flowers is bees dooty and they all realize it. Most bees spend all their life making honey without ever finding out how it tastes on bread.
A bee can help buzz with its buzzer when it flies. Therefore a bee can never sneeze up on you while its in the air. A singular bee makes a buzz, while 2 or more plural bees makes buzzes.
Nobody ever tries to teach bees to do tricks, proving that a impatient disposition with a stinger is much more valuable than just a impatient disposition alone.
If you want to smell a flower while it is still growing, look first to see weather there is a bee in it, and if there is, smell another one.
Bees go everywhere war there flowers and for this reason it is best not to drop flowers down your back.

and a pocket edition of the poets he thought it time to say something. So he sent his mother a postcard. It read:
"Please send no more pocket editions until I get some pocket additions."

A Condemnation.
E. Berry Wall was condemning the 1919 fashions.
"In the foyer of the Hotel de Paris at Monte Carlo," he said, "a young girl in a white dinner gown stood with a young American soldier the other evening under a blazing electric light."

"The girl, swinging round before the young man said:
"How does my new gown show up?"
"Up to the knee," said he. "And what stunning diamond and ruby buckles you're sporting on your garters!"

A Wet Volcano.
William Jennings Bryan said at a "bone dry" celebration in Washington:
"Drink is the cause of poverty and slums. Drink, in some slums, impregnates the mind even of childhood."
"A school teacher said in a puzzled voice to a slum urchin:
"Why do you say that you would like to live in a volcano? Define a volcano, child."
"A volcano," piped the kid, "is a mountain overflowin' wid lager."

Fake War Work.
Senator Sherman said at a dinner party:
"Now that the war is over, we can freely upbraid the fake war workers. He had brains and acuteness, and he knew how the people's money ought to be spent that way. It would be a good thing, if he were at the head of that committee now."

HOTEL-LIKE TRAIN
HAIQ'S HEADQUARTERS
Not much was heard during the war (writes a correspondent in "The Maastricht Guardian") of the train which was Sir Douglas Haig's mobile headquarters during active operations. The silence which was necessary for so long may be pardoned by the fact that the train was a masterpiece of organization. It was impossible to have things unpacked and straightened out into working order at the new headquarters before some irate G. S. Q. came thundering for documents that could not immediately be found.
The train changed all that. It was a compact combination of a first class hotel and an up to date office. It was fitted throughout with telephone and silk shaded electric lights that cast a discreet and comfortable radiance in the thickly carpeted compartments.
Here were ranged the offices and bedrooms of the principal officers of the General Staff. Clean white paint and polished brass, smokerooms, with deep saddlebag armchairs, cozy dining rooms, bathrooms—all these were on the wonderful train; and when a change of position was decided on all that was necessary was to set the locomotive going. There was no need to disturb a single map or paper, and much was saved in good humor and smooth working.

MODERN underwear is nothing more than a comfortable lining to the outer suit. It must be free from binding. That means a blouse-like waist and tall creased drawers. They must close in one garment, yet not pull each other. The problem is nicely solved in the

Husband Harsh Knew Her, Calgary

She Was Almost When He Left To Ago for Overseas—He Finds Her Strong on His Thanks to Tanlac

"Tanlac has made such change in me that I feel I let others who are really fit know of its value," John Haughey, residing at street West Calgary, recently.

"Why, I have improved so," he continued, "that I hardly knew me on arrival after three years service. I am just like a new woman, never felt better in all my life."

"For fifteen years I suffered from stomach trouble, or indigestion, as it was usually called, and it was usual for me to have a headache for the simple reason that I eat half enough and what I did eat gave me very little rest. For the past ten years I have been steadily under treatment, and times have been right at the Shirdon eggs, milk and cream about the only food I eat. Anything except that would cause dysentery and other conditions naturally weak and nervous, and I was almost an invalid."

"No cause could be found, either by X-ray or other means, and the treatment gave no result. At one time last year I became so serious that I was sent for, but could not get from the front at the time. Little hope of ever seeing my wife again."

"One day a lady, who with a neighbor called on me one of the splendid results gotten from Tanlac, and I tried to try it. So I ordered thinking at the time it would be thrown away, but I was surprised, after taking it to find I was feeling better. I wanted until I had found bottles and then I found just anything."

"I improved very fast, and husband arrived home then such a change that he had me on first sight. My health had so long that I can hardly think that I am now well. But left of my trouble is the fact that I shall never part with it. I only wish everybody could value as I do."

Tanlac is sold in St. John, N. B. by Dr. J. W. Murray, personal director of a representative—Adv.

MUSQUASH SCHOOL WILL HAVE NEW

For That Purpose the \$78 Was Secured by the Cent Basket Social.

The basket social and dance of the Musquash school on evening, June 13th, proved a success. The sum of \$78.00, secured on the sale of the much of the success of the evening, was secured by the sale of Mr. Chas. Spiny, who as auctioneer on the occasion money received is to be used in purchasing of a new flag school and also for improvement of the school building.

Eyes Strain

If your eyes are work-strengthened; if your vision is blurred; if your eyes are itchy or if your eyes burn or itch or if you wear glasses, get a pair of Bon-Optic lenses. They are made of a special glass, dissolve one in a four glass of water and use from four times a day to bathe the eyes. Bon-Optic has brought relief to thousands and thousands of eyes. Make a doctor's visit to your eyes. Bon-Optic is a week's time in a day.

Wason's Drug Store THE TOWNSITE LO

Husband Hardly Knew Her, Says Calgary Woman

She Was Almost An Invalid When He Left Three Years Ago for Overseas Service—He Finds Her Well and Strong on His Return, Thanks to Tanlac.

"Tanlac has made such a wonderful change in me that I feel it my duty to let others who are trying to find relief know of its value," said Mrs. John Haughey, residing at 2517 16 B street West Calgary, in an interview recently.

"Why, I have improved so much," she continued, "that my husband hardly knew me on arriving home after three years' service overseas. As far as I was a new woman and never felt better in all my life. For fifteen years I had suffered from stomach trouble, or nervous indigestion, as it was usually called. I have always been weak and delicate for the simple reason that I could not eat half enough and what little I did eat gave me very little nourishment. For the past ten years I have constantly under treatment, and several times have been right at death's door. Shredded eggs, milk and crackers was about the only food I could digest. Anything except that was sure to cause dysentery and other troubles. This condition naturally kept me very weak and nervous, and for years I was almost an invalid.

"No cause could be found for my condition, either by X-ray examination or other means, and the very best of treatment gave no results whatever. At one time last year my condition became so serious that my husband was sent for, but could not be spared from the front at the time and I had little hope of ever seeing him again. One day a lady, who was visiting with a neighbor called on me and told me of the splendid results she had gotten from Tanlac, and I determined to try it. So I ordered a bottle, thinking at the time it would be money thrown away, but I was happily surprised, after taking it a few days, to find I was feeling better.

"Well, it wasn't long until I had a perfectly wonderful appetite and had to watch myself to keep from overeating. I never returned to eat what I wanted until I had taken several bottles and then I found I could eat just anything.

"I improved very fast, and when my husband arrived home there had been such a change that he hardly knew me on first sight. My health had been bad so long that I can hardly realize that I am now well. But all that is left of my trouble is the memory of it, and I shall always praise Tanlac. I only wish everybody could know its value as I do."

Tanlac is sold in St. John by Ross Drug Co., and in Miramichi under the personal direction of a special Tanlac representative.—Adv.

MUSQUASH SCHOOL WILL HAVE NEW FLAG

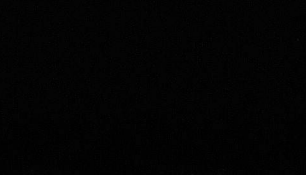

For That Purpose the Sum of \$78 Was Secured at a Recent Basket Social.

The basket social and dance held in the Musquash school house on Friday evening, June 13th, proved a splendid success. The sum of \$78.60 was received on the sale of the baskets. Much of the success of the sale was due to Mr. Chas. Spinney, who was the auctioneer on the occasion. The money received is to be used for the purchasing of a new flag for the school and also for improvements on the school building.

Eyes Strained?

If your eyes are work-strained or tired; if your vision is dim or blurred; if it bothers you to read if your eyes burn or itch or ache; if you wear glasses, get a bottle of Bon-Opto tablets from your druggist, dissolve one in a fourth of a glass of water and use from two to four times a day to bathe the eyes. Bon-Opto has brought comfort and relief to thousands and thousands.

Water's Drug Store, THE TOWNSHIP LOTS. Commissioner Bullock has received a number of enquiries about lots in the area recently set aside by the city at Lancaster as a townsite. He advises all applicants to visit the area and then take up with the city clerk, who will make the formal application for a lot.

PROPERTY CHANGES HANDS AT THE CAPITAL CITY

North Devon Soldier, Formerly Reported Missing, Now Reported as Dead by Ottawa.

Special to The Standard. Fredericton, June 19.—The brick building in the rear of W. H. Gold's confectionery store has been bought by R. Chestnut and Sons, Ltd. from Mrs. John Harvey. The Chestnut Company propose to rebuild the structure into a three story brick building to be used as a warehouse. The floor space of the present new building will be about 1,250 square feet and work will be commenced on it in a few days.

DISCUSS FARM SCHEMES FOR THE RETURNED MAN

Representatives of the Soldiers' Settlement Board Confer With Provincial Authorities.

Special to The Standard. Fredericton, N. B., June 19.—Major E. J. Ashton, of Ottawa, and William Kerr, of St. John, representing the Soldiers' Settlement Board, and Hon. E. A. Smith, Minister of Lands and Mines, have been in conference here over matters in connection with applications received for land through the Soldiers' Settlement Board. It was stated, today, that the Crown Land Department would probably work together in the carrying out of legislation in connection with the Soldiers' Settlement Act in this Province. As the requirements of settlers given grants of land differ in the various Provinces of the Dominion, on account of there being only one general act in connection with the Provinces, the details of the scheme will have to be worked out later. There will, in all probability, be set apart this year a sum of \$300,000 by the Dominion Government to be spent in this Province in the purchase of private lands for returned soldiers' farms under the provisions of the Soldiers' Settlement Act.

THE SCHOOL OF RURAL SCIENCE

Session for Teachers Will be Held in Sussex July 8 to August 5—They Receive Practical Knowledge of Agriculture.

The School of Rural Science will be held in Sussex, July 8 to August 5. The school will teach agricultural methods adapted to conditions in this Province and the courses are designed to give the teachers a practical knowledge of agriculture as well as methods of teaching these subjects. At present there is a large school garden in connection with the school now in field crops, but the remainder of the space will be used by the students in real farm work. They will plow, plant a garden and care for it during the course. There will be practice in making hot-beds, transplanting, etc. Chemistry of the soils, value of fertilizers and their uses, chemistry of animals, the value of feeds, etc., will also be taught.

Nature study will also be undertaken, in which economic entomology, insect pests, plant diseases, are the features. Methods of spraying and other work necessary for successful farming will be undertaken. Agriculture is being taught in many rural schools, but there is an increasing demand for teachers, and this course has for its object the training of school teachers to enable them to carry on this work in their own schools. All who avail themselves of this course will have their railway fare paid. In addition, each teacher who qualifies and teaches agriculture in her school will receive a bonus of \$20 for the first year. One season's attendance at the school entitles the teacher to a grant of \$50, and on the completion of the two years' course the grant of \$50 will be paid. In each case agriculture must be taught in the school and a garden put in in order to obtain the grant.

V. G. McGinley and family left last evening for Western Canada, where they will reside.

DIED.

ROWE—At the residence of her daughter, Mrs. N. Louis Brennan, 153 Canterbury street, on the 18th inst., Emma, widow of Richard Rowe, leaving two sons, four daughters and one sister, Miss Florence Harbour, New York. Funeral from her late residence Saturday afternoon. Service at 2:30 o'clock.

ROTHESAY COLLEGIATE SCHOOL ANNUAL CLOSING YESTERDAY

Large Number Present at the Closing Exercises—Final Field Sports Were Keenly Contested—Addresses and Presentation of Prizes at Conclusion of Athletic Programme—Annual Ball Last Evening.

A sunny sky smiled down upon the 28th field day and annual closing of the Rothersey Collegiate School yesterday. Some of the athletic events were held on Wednesday afternoon but the majority, 25 in all, were slated for yesterday and were witnessed by a large attendance, made up mostly of friends and relatives of the scholars. Perhaps the most interesting event to the bystanders were the 220 yard walking race by the juniors and the annual old boys' race. In the former event Bowman hit up a regular Ed ward Payson Weston stride and led the race, the men being lined up in the oval with their backs to the finish line which was held by His Lordship, the Bishop, and A. C. Skelton, Ted Coster, the hero of many Rothersey contests, proved a winner of this event, though Oty gave him a good contest. The summaries of the day's events are:

Putting 12 lb. shot—Seniors, 1st, Pugsley; 2nd, Crease; 3rd, Black; 4th, Timms; 5th, G. MacLeod. 220 yd. dash—Seniors, 1st, Pugsley; 2nd, Crease; 3rd, Douglas. High Jump—Seniors, 1st, Black; 2nd, Crease; 3rd, Pugsley. Intermediate, 1st, Kühring; 2nd, Pettick; 3rd, Stevens. Juniors, 1st, Dennis; 2nd, Nasse; 3rd, Dunholm and Brown, tied. 12 lb. hammer throw—Intermediates, 1st, Pettick; 2nd, Stevens; 3rd, Kühring. Broad Jump—Midgets, 1st, Johnson; 2nd, Shannon; 3rd, Springer. Quarter mile run—Seniors, 1st, Pugsley; 2nd, Crease; 3rd, Douglas. Intermediate, 1st, Pettick; 2nd, Timms; 3rd, Kühring. Juniors, 1st, Dennis; 2nd, Bowman; 3rd, Dunholm. Pole vault—Seniors, 1st, Crease; 2nd, Short; 3rd, Stevens. Intermediate, 1st, Kühring; 2nd, Stevens. 75 yd. dash—Juniors, 1st, Dennis; 2nd, Dunholm; 3rd, Bowman. Midgets, 1st, Johnson; 2nd, Shannon; 3rd, Bacon. 100 yd. dash—1st, Pugsley; 2nd, Crease; 3rd, Douglas. Intermediate, 1st, Timms; 2nd, Pettick; 3rd, Kühring. 120 yd. hurdles—Seniors, 1st, Crease; 2nd, Pugsley; 3rd, Douglas. Intermediate, 1st, Timms; 2nd, Pettick; 3rd, Kühring. 220 yd. walking—Juniors, 1st, Bowman; 2nd, Dennis; 3rd, Parks. Time, 56 1/4 sec.

The winners of these events will each be awarded silver or bronze medals, according to their seniority. At the conclusion of the athletic programme, the gathering repaired to the lawn of the South House, from the veranda of which His Lordship delivered a brief address. Dr. Hibbert, the headmaster, outlined the successes of the year, and Archdeacon Crowfoot presented the prizes to the various winners. Dr. Hibbert said that much of the enjoyment of the closing centered around the old boys' reunion, declaring, amid applause, that he would not have missed the old boys' race for all that he possessed. Touching on the epidemic of influenza, he said that the school had been immune up to last Christmas, short breaking out, none of them serious. The accomplishments of the school, limited to prep school, had been taxed during the past year and he hoped that in the coming session arrangements could be made to increase the facilities so as to accommodate 100 or more.

He briefly reviewed the work of the athletic association, mentioning some of the prominent conquests, and thanked the teaching staff for the able assistance rendered. Two hundred of the old boys, he said, had answered the call to the colors during the past war; 180 had gone overseas. Of these 23 had been killed in action or died from wounds, five had won the D. S. O., ten had won the M. C., one the D. C. M., and one the M. M. He was pleased to say that since the last closing two old boys had been awarded battle honors, Major L. W. Barker, who had won the D. S. O., and Lieut. W. E. Starr, who had been awarded the Military Cross. Tea was served in the South House in the evening, and the annual ball was held last night in the college gymnasium.

The Prize Winners. The following are the prize winners: Fairweather Memorial Prize, awarded for the past 20 years to the boy who, in the opinion of the teachers and boys, has done most to raise the tone of the school. In senior school—H. Short. In junior school—S. Dunham. Brook memorial in junior school for same object as above. Gold medal for first senior scholarship, J. Taylor. Silver medal for second senior scholarship, G. Teed. Silver medal for English essay, awarded by the Old Boys' Association, R. Manser. (The second time he has won this prize.) Honorably mentioned, S. Burchill. General Proficiency Prizes. V. Form—1st, Pugsley. IV. Form—1st, Gold medalist; 2nd, C. Crease; 3rd, M. Stevens. H. Form—1st, H. Nasse. III. B. Form—1st, R. Nasse; 2nd, S. Dunham; 3rd, G. MacLeod. H. Form—1st, H. Nasse. II. Form—1st, R. Nasse; 2nd, J. Frith; 3rd, A. Goodfellow. I. Form—1st, H. Fleming. (Only five boys in the class.)

Special Prizes. Mr. Cooper's prize for Latin and French, F. Goodfellow. Mr. Haines' prize for English in Form IV, J. Taylor. Headmaster's prize for mathematics in III. B. G. MacLeod. Mr. Skelton's prize for the highest average in the school made in examination, H. Nasse, 88 per cent; 2nd, G. Teed, 86 per cent. The bishop's prize for divinity—Form V, J. Taylor; Form III, A. T. Skelton. Deanship of St. John prize divinity, Form III, B. G. MacLeod. (Second time won by him.) Deanship of St. Andrew's divinity, Form II, and I, J. Hamilton. Manual training prizes: Senior, (1), Mr. Schofield's prize, G. McPhail; (2), Mr. Secord's prize, J. McCreedy; Junior, Miss Sewell's prize, A. Goodfellow. Shooting prizes, (Rev. LaTouche Thompson) senior, A. Anderson; Junior, H. Nasse. The Robertson prize for highest aggregate in athletic events: Senior school, C. Crease. The Taylor prize for the highest aggregate in athletics, intermediate school, N. Pettick. Old Girls' Association athletic prize for junior school, C. Dennis. Old Boys' Association athletic prize for the annual Old Boys' race, Ted Coster. The Hooper prize for second position in the annual Old Boys' race, Corporal Oty.

REV. MACKINNON BELIEVES CHURCHES SHOULD PAY

Comes Out Very Strongly Against Tax Exemptions on Church Property.

Special to The Standard. Halifax, N. S., June 19.—Rev. John V. Mackinnon, Presbyterian minister of this city, has come out against tax exemptions for the churches. On 45 churches in Halifax is \$925,400. The total of properties exempted in Halifax, not counting school houses or civic property, amounts to \$16,136,700, made up as follows: Imperial government property.....\$2,887,000 Dominion government.....7,833,200 Provincial government.....1,965,000 County.....150,500 Churches.....925,400 Sunday schools.....121,500 Educational.....1,060,000 Charitable institutions.....659,000 Cemeteries.....209,900 Miscellaneous.....1,432,200 Total.....\$16,136,700

LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try it! Squeeze the juice of two lemons into a bottle, containing three ounces of orchard white, shake well and you have a quartet of the best freckle and tan lotion, and complexion beautifier, at very, very small cost. The grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates.

Nature's Healing Herbs for Headache

A BLOOD FOOD. PRACTICALLY all headaches come from two causes—Biliousness and Nervousness. Bilious headache means upset stomach and constipation—with severe throbbing pains all over the head. Nervous headaches mean the nerves are exhausted and need rest and food.

Dr. Wilson's HERBINE BITTERS insure quick and lasting relief from these headache conditions. The delicate medicinal tonic purifies the blood, and builds up the whole system. A reliable evening tonic. Get today and get rid of your headache. The Braxley Drug Company, Limited, At most stores. 35c a bottle; Family size, five times as large. \$1.

Definite Charges Regarding Cloth

Metallurgical Engineer Makes Tests and Claims Suits Are Being Made up of Remnants of Rags and Fur Clippings.

With talk of clothing prices going up definite charges have been made that many persons in Canada are running around in high priced suits made up of the remnants of rags and fur clippings. Meaning several associations of garment manufacturers have been formed with the object of exporting clothing to other countries, which may possibly be one of the reasons Canadians are given the privilege of paying high prices for shoddy. A. R. Balcom, chief metallurgical engineer of the Acme Engineering Company of Toronto, has made public the following letter which he has addressed to the minister of labor.

"Dear Sir,—I observe in today's Globe an article on 'The High Cost of Living' also mentioning the cost of clothing. For some considerable time I have been making tests and analytically examining the samples of goods secured from various so-called reputable business manufacturers of the city of Toronto, and the discovery is simply appalling. As an example, one reputable business house sent me samples ranging from \$45 to \$75 for an ordinary suit, the higher-priced ones being guaranteed to be all wool, and on examining these, in no instance was there ten per cent. of wool in any of the cloth. On the contrary, the cloth was spun from woolen rags put together and a small amount of wool that is what is known as new wool, and the fur clippings from various fur-bearing animals. Once in a while a chicken may contribute a part of it. Another reputable business house with suits up to \$85, claiming them to be sixty per cent. wool, did not have a thread of wool in the cloth.

"Now, if you will start an analytical examination you can easily verify my statements. I fail to find a yard of cloth anywhere that can possibly cost one dollar at the present price of labor and material, and I am prepared to prove my statement. I would like to correspond with you on the subject."

A. R. BALCOM. REFUSED PERMISSION. Commissioner Fisher says it is impossible to make any improvements to the Shamrock grounds as the owners have refused permission.

Ladies Have a Clear Sweet Healthy Skin By Using Cuticura

Promote skin purity, skin comfort and skin health by making Cuticura Soap, Ointment and Talcum your every-day toilet preparations. Just touch any redness or roughness with Cuticura Ointment. Wash off in five minutes with Cuticura Soap and hot water, best applied with the hands which it softens wonderfully and continue bathing a few moments. Rinse with tepid water. Dry gently and dust on a few grains of Cuticura Talcum Powder, a fascinating fragrance for powdering and perfuming the skin. Contrast this simple, wholesome treatment with tiresome massaging and manipulating. (Cuticura Soap, Ointment and Talcum are sold by all druggists, grocers, and health stores. Price 25c per tin, 50c per tin, 1.00 per tin. Cuticura, Dept. B, Boston, U. S. A.)

 The Vaedictory delivered by Michael T. Johnston was as follows:

Your Lordship, Rev. President, Members of the Faculty, Ladies and Gentlemen:

Like competitors in the ancient Grecian games, we have reached our goal, and we await the signal to start anew. We are here this morning, many of us for the last time, to witness the final exercises of an eventful year, and it is but right that we close in a befitting manner. Today we assume the "togas virtutis," and go forth as men. This is the occasion that will be fraught with happy recollections of hope and aspiration.

Commencement day is bitter-sweet; it is made up of joy and sorrow. That we are about to take part as men of the world and perform our duties to the land of our birth is a theme for delightful contemplations. We set our face to life's stern realities—to fight our way through the world, to be ever sounding in our ears, to return "with your shield or on it." We realize that the time has come when we are to apply to practice the theory learned by years of unceasing application; that we are to become the favored ones of fortune—useful citizens of our glorious country. But who has not experienced the feelings incident to the separation from dear friends? St. Joseph's is not only our friend, but our mother. Close to her heart she has had us from the ways of childhood and prepared our path for a life of prosperity and happiness with her principles that will enable us to become true sons of Canada—an honor to ourselves, an honor to our Alma Mater and heirs to the kingdom of God.

The glory of St. Joseph's is our glory. It has been her object to develop in us our physical, intellectual and moral faculties; not cultivating one to the detriment of the other, but making them so combine as to give the opportunity of realizing the ideal of the perfect man.

A retrospect of the days spent at College recalls the memory of many of our difficulties. How glad we are that first they appeared and now how small they seem! Then we did not believe that there would be a time when we would look back with regret on every recurrence of a slighted lesson; that the perseverance and cheerfulness with which we overcome the obstacles at school, were to be our path to a great part of the equation of our success in after life. When we leave the quiet environment of college life and enter the turmoil of the "merry crowd," we shall find that our path will be beset with many trials and disappointments; that cares innumerable duties and responsibilities are sure to be imposed upon us, that we shall have to meet our fellow-men face to face and grapple with difficulties that will present themselves at every step. We shall meet "The vagabond foe, and patient souls have hurried Their fear away, and going, made us moan, To find the mist God's rain on meadows green."

We now set forth into the world strengthened by the possession of sound moral principles and the salutary instruction received at St. Joseph's, our mother. Long may she continue in her noble work of education to teach man his duties to himself, his country and his God.

St. Rev. Bishop, the class of 1919 feel deeply honored to be able to record the fact of your presence here today; you who pre-eminently represent the highest dignity in the church, have, next to the cause of God, the progress of education at heart. Your words then to us today will be an inspiration.

Very Rev. President, you have our love as well as our gratitude and respect, for you have taught us to be Christian citizens, you have taught us to stand and face the foe, though we are alone, and that a man is no man who will not fight for his faith and his country.

Members of the faculty, we now express our thanks and affection to you who have taken upon yourselves the noble task of educating youth. To this end your lives have been given, and it is only now that we can really appreciate your efforts. Looking seriously upon life, we cannot but see that you have been our best friends. Your aim has been to instill into our hearts these principles of truth and justice by which alone we can hope to become true Christians, and make ourselves worthy of the respect of our fellow citizens. It is now with sentiments of regret that we bid you farewell.

Comrades, who are treading the same ground over which we have passed, bear well in mind that your mission at St. Joseph's is of greatest importance. On its success depends the fortune of your future career, for here you are preparing for the great battle of life that awaits us all. Your stay here is short; but it will give the keynote to the grand symphony of your after life, whose final tones surge up to the very gates of heaven.

Fellow-graduates, we are now between two great eras of our career. The sun, not yet midway in the sky, shows us a new land. Short was the time that we spent hand in hand, with

the same end in view. This, at last, has been attained; but we are not to pause here. Truly this is a commencement! Do not think that our work is completed, do not think that on crossing the threshold of the college we are free to do as we please, to live a life of leisure. Our task has only begun. The foundation of the edifice of life is laid. We have been for the past few years accumulating the materials with which to continue the grand work of construction. We are now on the point of separating, each to pursue the path of his aspirations. Let us, before parting, grasp the hand of friendship and swear eternal brotherhood in the name of our Alma Mater.

Farewell, kind classmates! may all success attend your future career; and if it be not our lot to meet again in this life, God grant that there may be a day when we shall all be joined again in a land where there is no parting! Classmates, farewell!

In a few short hours all will be over, and we shall set out, many on their way homeward to be received by anxious parents, affectionate brothers and loving sisters, to hear them the victors' crowns, won by the strenuous efforts that victory demands. It remains to us now to renew the bonds of friendship among those with whom we have associated, to clasp hands once more on the scenes of our college days, wend our way homeward bound.

We say farewell, some, perhaps, never to return, but though the waters of oceans, though the broad lands of continents separate us in body, there shall always be written on our hearts fondest recollections of the days spent within the hallowed halls of St. Joseph's, and parting, I say with Tenyson:

"If thou shouldst never see my face again,
 Pray for my sound. More things are wrought by prayer
 Than this world dreams of. Wherefore let thy voice
 Rise like a fountain, night and day,
 For what are men better than sheep or goats
 That nourish a blind life within the brain?
 If knowing God, they lift not hands of prayer
 For themselves and those who call them friend?
 For so the whole round world is every way
 Bound by gold chains about the feet of God!"

But now, farewell!

WERE INCORPORATED.
 J. Fred Williamson, machinist; Mrs. Lottie T. Williamson and John T. Wade, machinist, all of St. John, have been incorporated as J. Fred Williamson, Limited, with head office in St. John and a capital stock of \$25,000. The company is empowered to acquire and conduct the foundry and machine business heretofore carried on by J. Fred Williamson.

William H. Duffy, Karl S. Duffy, and Mrs. Florence M. Duffy, all of Hillsboro, have been incorporated as W. H. Duffy Sons, Ltd. The company is authorized to take over and carry on the general merchant business now carried on by W. H. Duffy at Hillsboro and elsewhere, also all the real estate belonging to him.

J. Herbert Crockett, William J. McMillin and Mrs. Emma C. Crockett, all of St. John, have been incorporated as the Crockett McMillin Drug Company, Limited, to conduct a general drug business in New Brunswick and to buy, sell and manufacture chemicals, drugs and proprietary medicines. The capital stock is \$20,000 and head office is at St. John.

The Path to Health

For many thousands of women the Path to Health has certainly been through Lydia E. Pinkham's Vegetable Compound. When this great remedy was first introduced, and for many years after, skeptics frowned upon its curative claims, but as year after year has rolled by and the little group of women who had been cured by it has since grown into a vast army of hundreds of thousands—doubt and skepticism have been swept away by a mighty tidal wave, until today this purely vegetable medicine is recognized as the greatest remedy for woman's special ills in the world. This is because it is a wonderful tonic and reconstructer which acts directly and favorably upon the feminine organization, and is a specific for that purpose.

Women in All Countries Depend Upon

Lydia E. Pinkham's Vegetable Compound

Remember that you are your most valuable asset. If you are weak, if you are nervous, if you are suffering from any of the ailments mentioned above, give your system a new lease of life by taking Lydia E. Pinkham's Vegetable Compound. It is a tonic, a blood-maker, and a restorative. It gives you new strength, new vigor, and new vitality. Over 10,000 doctors of eminence have testified to its value. Why can't you take it? Because it possesses the certain knowledge that you need.

For a THOUGHT TODAY

Wherever there is a ship, there is to be found—Napoleon.

THE NEED OF THE HOUR

I know the need of it. Though it would not do, I would hide its sorrow. Where only God makes a path, it tells it to all who are true. And he who runs in the need of the world.

I know the need of it. When it boasts of least, When it flatters it in a crowd, When its mission is to be proud.

Oh! Ever it lies—it lies for the sound of its lips in a sob and a smile. And it weeps when it lies. The need of the world.

The need of the world. Deep under the pride, Down under its lust, For the joys that last, There lies forever its lie. For the love is the lie.

And love is the unnamable. Of life, from man to man, Love is the need of the world.

HOMEMADE COOKIES

Homemade cookies, biscuits are always liked, there are children and recipes will help to fill for the holidays:

The girls are partial to the thick, crumbly cookie, the "follow up." Make these twice or three days, but the spiced dough best when fresh and warm.

For the "crispy snaps" of dark molasses, half shortening and one cup maple sugar for eight cups flour, add a scant of ground ginger, a ground cinnamon, one full of baking soda and sifted flour to form a dough roll very thin. Bake in oven.

For the old-fashioned, by half an inch thick, in molasses, three-quarters of shortening, two cups of baking soda, half of sour milk and water, spoonful of salt, one ground ginger, one teaspoonful of ground nutmeg, half a teaspoonful of

For and About Women

A THOUGHT FOR TODAY

Wherever there is water to float a ship, there is to be found a British standard.—Napoleon Bonaparte.

THE NEED OF THE WORLD.
I know the need of the world,
Though it would not have me know,
It would hide its sorrow deep,
Where only God may go.
Yes, its secret it can't keep,
It tells it, awake or asleep,
It tells it to all who will heed,
And he who runs may read.
The need of the world I know.

I know the need of the world,
When it boasts of its wealth the kindest,
When it flaunts it in all men's eyes,
When its mien is the gayest and proudest.
Oh! Ever it lies—it lies,
For the sound of its laughter dies
In a sob and a smothered moan,
And it weeps when it sits alone.
The need of the world I know.

The need of the world is love,
Deep under the pride of power,
Down under its lust of greed,
For the joys that last but an hour,
There lies forever its need.

For the love is the law and the creed,
And love is the unnamed goal
Of life, from man to the mole.
Love is the need of the world.

HOMEMADE COOKIES.

Homemade cookies, snaps and jumbles are always in demand where there are children and the following recipes will help to fill the cookie jar for the holidays:
The girls are partial to the crisp, snappy ones, while the boys demand the thick, crumbly cookies "that fill a fellow up." Make the cookies and snaps two or three days before serving, but the spiced drop cakes are best when fresh and warm from the oven.
For the "crispy snaps," boil one pint of dark molasses, half a cupful of shortening and one cupful of crushed maple sugar for eight minutes. When like warm add a scant tablespoonful of ground ginger, a teaspoonful of ground cinnamon, one level teaspoonful of baking soda and sufficient finely sifted flour to form a dough that will roll very thin. Bake in a rather quick oven.
For the "crispy snaps," boil one pint of dark molasses, half a cupful of shortening and one cupful of crushed maple sugar for eight minutes. When like warm add a scant tablespoonful of ground ginger, a teaspoonful of ground cinnamon, one level teaspoonful of baking soda and sufficient finely sifted flour to form a dough that will roll very thin. Bake in a rather quick oven.

For the old-fashioned cookies, nearly by half an inch thick, take two cupfuls of molasses, three-quarters of a cupful of shortening, two scant teaspoonfuls of baking soda, half a cupful each of sour milk and water, and a teaspoonful of salt, one teaspoonful of ground ginger, one grated nutmeg, one teaspoonful of ground cinnamon and half a teaspoonful of allspice.

NO EXCUSE NECESSARY.

"What excuse do you make to your wife when you stay out at nights?"
"I don't make any excuse," replied Mr. Meekton. "I simply sit up and wait till Henrietta gets home from the meeting she has been attending."

To mend a hole in granite ware, work a piece of putty until perfectly soft, then take a piece of the putty large enough to cover the hole and put one piece on either side of the metal, pressing together inside and out, smoothing down the edges. Place the vessel in a slow oven and bake until the putty is a deep brown. For containing water the vessel will be as good as new.

TIPS TO HOUSEWIVES.

Whiten your clothes by boiling a tablespoonful of turpentine with them. A cement for glass is one ounce of feisglass dissolved in two wine glasses of spirits of wine.
When washing white woolen sweaters be sure they are well rinsed to prevent yellowing.
A hot iron covered with a wet cloth and applied to velvet while damp will raise the pile.
Suet or fat from roasts and steaks should be tried out before it becomes rancid and clarified if necessary.

BOBBED HAIR REGRETTED.
Talking about coiffures, don't expect to see bob-haired young women, as a Mrs. Vernon Castle who used to be, or in other uncivilized spots. Switches and puffs may now be resurrected, for the edict hath gone forth from the fashionable hairdressers of New York that the bob must go. The day of the high and stately coiffure has returned. Foreheads and ears may now be revealed without fear. They have spoken. And bitter tears are flowing in the Fifth Avenue baronial castles, where beautiful debutantes shorn of their tresses at the dictates of last week's fashion, are wondering how they can keep pace with the times.

A ROPE OF HUMAN HAIR.
A mighty witness to the vitality of religion in rural Japan, says Mr. Joseph I. C. Clarke in "Japan at First Hand," exists at Kyoto. A few years ago, when the Higashi Honswanji temple was rebuilt, a rope of the greatest strength was needed to hoist the great columns and roof-tree timbers into place. Some zealot proposed that it be of human hair, which makes the strongest rope of all. The response was enthusiastic; thirty thousand women of single province sacrificed their beautiful, long, dark tresses.
The rope that performed its task without breaking is shown on the temple grounds today. It is closely woven, two hundred and twenty-one feet long, thirteen inches in circumference and more than four coils in diameter. I touched its lustrous coils with reverence; it meant so much sacrifice, so many wishes from the depths of the human heart went with it.

THE DOCTOR'S HELPMATE.

The guests had departed after the dinner party, and the young doctor came back into the dining room, his countenance beaming with pleasure.
"My dear," he said to his wife, "congratulate you. I think our party was a tremendous success."
"I hope it will prove so," said the young wife. "I gave them the richest and most interesting food I could think of."
The British boot and shoe trade has been largely an export trade. In 1913 our exports were 1,719,865 dozen pairs valued at \$2,455,224, more than half of which went to British possessions. The resumption of that export trade is hampered by the short age of all kinds of leather which are kept out under government order, as the quantities secured by government purchases in America are often insufficient for the needs of the factories.
Some manufacturers go so far as to say that the prices asked by British tanners in the last few months make competition with other countries in open markets almost impossible. The government's policy has been very tender toward British tanners, and it has been accompanied, it is strongly suspected, by profiteering, not only by the tanner but by the state.

Export Trade Was Large.

The imports of foreign boots and shoes (of all materials) were in 1913 461,721 dozen pairs, valued at 1,051,885 pounds. Of these were 228,184 dozen pairs, valued at \$39,138 pounds—and came from the United States, Switzerland, France and Germany, valued respectively at 25 per cent. of the total output. When war broke out British goods were forbidden even in United States markets.

Rationing Affects America.

The rationing of imported boots and shoes to 25 per cent of 1913 chiefly affects America. A member of the American Shoe Importers' committee writes:
"The ration is entirely inadequate, and has already been used up. British manufacturers are unable to take orders for best class goods for delivery this year. Only recently I saw an order sent back by one of our greatest British firms stating that they could not deliver before January, 1920. I know of another manufacturer who sold his entire output for this year more than two months ago, and has since had an offer—which he had to refuse—from a Continental house to take as many shoes as he could make in a normal year's output.
Demand Exceeds Supply.
"Nearly all British manufacturers are in a similar position. There is a much larger demand than supply and, consequently, manufacturers and others are able to ask what prices they like. If American shoes were allowed in they would help to meet the demand and prices would drop to some extent. There is a great scarcity of zinc leathers in this country today, so British manufacturers are unable to make the better quality shoes. The scarcity of leather is entirely due, at the Department of Import Restrictions as this leather was previously made in America or India. Of course, it is out of the question to expect supplies from Germany, and British shoe manufacturers are not able to import themselves this leather from America.
"It is felt by the importers that if the public knew the exact situation they would take a hand in the matter and bring pressure to bear on the Board of Trade. Free imports would not merely save the consumer money but would give much greater choice in styles and types of shoes."
Manufacturers have a few points in

British, Aroused By High Shoe Prices Want Bar Removed

Criticise Government for Keeping Out American Product and Also for Restricting Leather Imports.

A London correspondent of "The Manchester Guardian" contributes the following information about the shortage of boots and shoes in England.
Before the war leather, as a trade would hardly have counted itself one that needed the artificial stimulus of a tariff. Most boot manufacturers were free-traders. The industry easily held its own against the competition of other countries. Since the armistice, owing to the government's system of restrictions on imports, the industry finds itself hand-somely protected by stiff prohibitions which allow only a quarter of the imports of 1913.
There is a shortage of boots and shoes in the shops. The steepness of normal leather, has still a big influence on the market. This control is bound up with questions of exchange, guarantee to British tanners, the existence of government stocks and government purchases in America which have continued during the spring.
It is a maze very hard to straighten out and explain. All one need say here is that manufacturers have been cramped by government control and are now anxious for the free importation of leather. Many kinds have been freed, but there are others still on the embargo list, of which quantities bought by British firms are held up in America. The home producer, one of the spoiled children of the war, cannot meet the demand, although his pleas for state help are noisy. As one tanner of chrome leather puts it in the current issue of "The Northamptonshire Journal of Commerce":
"Give us protection and we will establish in this country the finest leather in the world. . . . The British shoe and leather industry does not want basking in the sun of only a little nursing and fair play."

Maze is Hard to Explain.

No doubt the continuance of the restrictions is bound up with the government's control of leather supplies—a war measure that has lasted long after the armistice, and though now gradually being relaxed, has still a big influence on the market. This control is bound up with questions of exchange, guarantee to British tanners, the existence of government stocks and government purchases in America which have continued during the spring.
It is a maze very hard to straighten out and explain. All one need say here is that manufacturers have been cramped by government control and are now anxious for the free importation of leather. New July Numbers of Columbia Records

Columbia Saxophone Sextette Fox-trots through 'Chong'

This is the first saxophone record that brings out the real saxophones—and the result is a whirlwind medley fox-trot to dance to. Coupled with "Waiting" from "Listen Lester" another fox-trot that will make you step lively A-2730—90¢

Happy Music of the Moment

The newest new—old pieces, too—by artists sung—well known to you—they're thirty-six—five singers great—two novel tricks—songs up-to-date—two marches grand—a violin—twelve dances and—"would be a sin—if it were missed—this one best but—our July list—the greatest yet.
Orientale Tschaka Seidel 7565, 10-inch \$1.00
Frenchy Com to Yankee Land Arthur Fields and Heart-Breaking Baby Doll, Billy Murray A-1785, 10-inch 90¢

New Columbia Records on Sale the 20th of Every Month
COLUMBIA GRAPHOPHONE CO. Toronto. 113

Inspiring 'Marseillaise' sung in English by Craveure

Craveure is one of the few living artists great enough to give all the glory of the world's song of victory, the song that saved France and civilization, clear to its tremendous climax "for Victory or Death." Coupled with "The Trumpeter," also sung by Craveure. A-6106—\$1.50

"Longing"—a Love Song With Lovely Harmonies

A song of love and longing exquisitely harmonized by the Sterling Trio. Coupled with "Lullaby Blues," the first Columbia number by the American Quartette. A-2725—90¢

Kaufman Brothers Sing "Eyes That Say I Love You"

"Eyes That Say I Love You" are the only kind that appeal to Irving and Jack Kaufman in this tender duet, which will appeal mightily to you. Coupled with "When the Bees Make Honey Down in Sunny Alabama" by the same singers. A-2726—90¢

Maurel's Fine Record of "The Rosary"

"Like a string of pearls" indeed come Maurel's divine notes in this song that has touched a million hearts. On the reverse of this record Maurel sings "At Dawning." A-2724—\$1.00

Stracciari Sings Sublime Love Song "Core Ngrato"

All the pain and passion which only Stracciari, at his greatest, could convey, are in this wonderful outpouring of love. This Neapolitan song gives you Stracciari at his most inspired heights. A-5522—\$1.50

J. CLARK & SON, Limited 17 GERMAIN STREET

their favor. They ask for time to re-organize their factories and to take up their normal trade after several years of specialized war production. Repairs are needed to machinery; factories have been denuded of skilled labor.
This plea for "time to turn round," which comes familiarly from so many industries, loses force every week. The latest market reports from Northampton speak of steadily increasing production, and factories at full pressure with an immense unsatisfied demand. Whatever the government's conception when Rev. Arthur P. Allen united in marriage with nuptial mass Elizabeth Thompson, of Apathagi and William Edward Pye of 35 Somerset street. She was attended by Miss Florence Joyce. Gerald Jeffrey supported the groom. Mr. and Mrs. Pye left for a short honeymoon by auto to Apathagi. On their return they will reside at 2 Barker street.
When potatoes sprout in the cellar dip each in boiling water for a minute.
Machine grease can be removed from wash goods with rain water and soap.
Furniture can be cleaned by rubbing with oiled cotton waste, then dry flannel.
A little soda dissolved in warm water and ammonia cleans brushes nicely.

This Suit is a Shine.
Bryant Washburn wears an unusual, but handsome suit in "Love Insurance."
"What sort of goods is that?" asked an acquaintance.
"English sun cloth," was Washburn's reply.
"It's a hot suit, all right," said his questioner.
"No, I wear it because I like the shade," retorted Bryant.
Pye-Thompson.
At 6 o'clock yesterday morning a very pretty wedding was solemnized in the Cathedral of the Immaculate Conception when Rev. Arthur P. Allen united in marriage with nuptial mass Elizabeth Thompson, of Apathagi and William Edward Pye of 35 Somerset street. She was attended by Miss Florence Joyce. Gerald Jeffrey supported the groom. Mr. and Mrs. Pye left for a short honeymoon by auto to Apathagi. On their return they will reside at 2 Barker street.
When potatoes sprout in the cellar dip each in boiling water for a minute.
Machine grease can be removed from wash goods with rain water and soap.
Furniture can be cleaned by rubbing with oiled cotton waste, then dry flannel.
A little soda dissolved in warm water and ammonia cleans brushes nicely.

Come! Here's New Health and New Life

It is wonderful how quickly Wincarnis will benefit you when you are Weak, Anaemic, Nervous, and Run Down. Get a bottle of Wincarnis to-day and see how quickly it will help you to regain your former health and vitality.

Remember that your health is your most valuable possession. The health, apart from the misery it causes, deprives you of your rightful enjoyment and handicaps you in your daily duties. But good health—glorious, glowing health—can be yours if you take Wincarnis. Because it possesses a four-fold power in creating the health you need.

Wincarnis is a tonic, a restorative, a blood-maker, and a nerve food—all in one. Therefore it promotes new strength, new blood, new nerve force and new vitality. That is why over 10,000 doctors recommend Wincarnis. And it is also the reason why you can take Wincarnis with the certain knowledge that it can give you new health.

If you are weak, Wincarnis will give you new strength. If you are anaemic, Wincarnis will give you new rich red blood. If you are nervous, Wincarnis will give you new nerve force. If you are run down, Wincarnis will give you new vitality.

WINCARNIS

A combination of Extract of Beef, Extract of Milk, Iron and Potassium, Phosphate of Calcium, Potassium and Sodium with a specially selected wine. A Tonic, Restorative, Blood-builder and Nerve-food. Prescribed by the Medical Profession for Anaemia, Debility, Stomachicities, Brain Tiredness, Nervousness, Graying of the Hair, Grippe, Maternity-weakness and Convalescence from any illness.

Ask your Doctor. Get it at your Druggist's.
Two sizes: \$1.00 and (extra large bottle) \$1.75

Invaluable in cases of
Anemia, Debility, Stomachicities, Brain Tiredness, Nervousness, Graying of the Hair, Grippe, Maternity-weakness and Convalescence from any illness.

Prepared by: COLEMAN & CO., WINCARNIS WORKS, NORWICH, ENG.
Canadian Office: 47 Front Street East, Toronto.
Sole Agents for the Dominion: FRANK S. BALL, Resident Director.

Bonds Are The Only Things That Are Cheap These Days

Prices of everything, as you know, are up. Bonds - Government, City and Municipal bonds are the only things that are cheap - and they are not as cheap as they were - and a lot cheaper than they will be when normal conditions come back again.

Eastern Securities Company, Limited

St. John, N. B. Halifax, N. S. MONTREAL SALES (McDougal and Cowans.) Montreal, Thursday, June 19. Morning. Vic Loan 1922-300 @ 10 1/2.

STOCK TRADING SMALL IN SCOPE AND VOLUME

All Stocks Were But Little Responsive to the Passing of the Money Crisis and the Market Took a Dull Turn.

New York, June 19 - Stocks were less responsive today to the passing of the money crisis, and trading, while well over the million share mark, was smaller in volume and scope, the market frequently lapsing into periods of absolute dullness.

Call loans opened at six per cent, the lowest initial quotation since last Friday, later easing to five on an abundant supply. Offerings from local sources were supplemented by an inflow of interior funds, but time money remained firm.

BRAZILIAN WAS AN OUTSTANDING MARKET FEATURE

(McDougal and Cowans.) Montreal, June 19 - Brazilian was the outstanding feature in our market today, and ran up a couple of points very easily. While it did not hold all its gain, it certainly showed there was but little stock pressing for sale and buying was good.

On the unlisted list Tramways and Power were stronger. The New York market acted in a perfectly natural way opening strong, after the break the market had, which was only natural that those who bought on the decline would take profits.

WESTERN BANK CLEARINGS

Winnipeg, June 19 - Following are the bank clearings for the principal cities of Western Canada for the week ending today.

UNITED CIGAR STORES IN NEW HIGH MARK

(McDougal & Cowans.) New York, June 19 - The market presented few features of interest in the afternoon. It became largely a trading affair with price movements confined within a comparatively narrow range.

Trade reports on the steel industry show a steadily increasing percentage of mill capacity operating and orders for structural steel in May were double those of April. The idea persists in the street that a merger of a number of smaller producers will ultimately be brought about.

GROSS EARNINGS OF C. N. R. FOR WEEK OF JUNE 4TH

Toronto, June 19 - The gross earnings of the Canadian National Railways for the week ending June 4, 1919, were \$1,636,470, an increase of \$2,951 over the corresponding period in 1918.

QUOTATIONS IN ST. JOHN MARKET

Potatoes have taken a slump, and this week are quoted one dollar less per barrel than last week, the price being \$3 as against \$4 as last report.

TORONTO TRADE QUOTATIONS

Toronto, June 19 - Crop news generally is favorable, which makes for an easier tone for the grain market.

BANK CLEARINGS AT WINNIPEG

Winnipeg, June 19 - Bank clearings for week ending today, \$34,775,861.

N. Y. QUOTATIONS

Table with columns for various commodities like Am Beet Sug, Am Car Fly, Am Loco, etc., and their prices.

CHICAGO PRICES

Table with columns for various commodities like Chicago, June 19 - Corn, Wheat, etc., and their prices.

N. Y. COTTON MARKET

Table with columns for various cotton grades and their prices.

Advertisement for Champion Dependable Spark Plugs. Includes image of a spark plug and text: 'Every Ford Car is Champion Equipped. The fact that since 1911 Ford Cars have left the factory equipped with Champion "X" Spark Plugs is the best possible reason why every plug replaced in your Ford should be a Champion "X".'

WEEKLY CLEARING ST. JOHN BANKS

St. John, June 19 - 1918 - \$2,308,830 1919 - \$3,131,949

CANADIAN PACIFIC RY.

Keep the Bowels Regular
And You Won't Be Sick
 If the bowels do not move regularly,
 they will sooner or later, become
 constipated, and constipation is produc-
 tive of more ill-health than almost any
 other trouble.
 The sole cause of constipation is an
 inactive liver, and unless the liver is
 kept active, you may be sure that head-
 aches, piles, heartburn, biliousness,
 jaundice, floating specks before the
 eyes, and many other troubles will fol-
 low the wrong action of this, one of
 the most important organs of the body.
 Milburn's Lax-Liver Pills will regu-
 late the bowels so that you will have
 a free and easy motion every day, and
 one pill a night for thirty days will
 cure the worst cases of constipation.
 They do this by acting directly on
 the liver and making the bile pass
 through the bowels instead of allowing
 it to get into the blood, thus causing
 many stomach and bowel troubles.
 Mrs. Jos. Labrec, Louise Apts., Cal-
 gary, Alta., writes: "I have been
 troubled with constipation for the last
 two years. I have tried numerous
 treatments, but have never been reliev-
 ed by anything until I used Milburn's
 Lax-Liver Pills which are helping me
 wonderfully."
 We do not claim that Milburn's Lax-
 Liver Pills are a "cure-all," but we do
 claim that there is nothing better for a
 sluggish liver.
 Price 25c a vial at all dealers, or
 mailed direct on receipt of price by
 The T. Milburn Co., Limited, Toronto.

OBITUARY
Mrs. Richard Rowe.
 The death of Mrs. Richard Rowe,
 wife of the late Richard Rowe, occur-
 red at the residence of her daughter,
 Mrs. N. Louis Brennan, 133 Canterbury
 street, yesterday after a short illness.
 She leaves two sons, C. F. B. Rowe,
 of Toronto, and Edgar A. Rowe, of
 Glace Bay, N. S., and four daughters,
 Mrs. John T. Steeves, of Hillsboro,
 Albert county; Mrs. J. F. Barton, of
 Ottawa; Mrs. D. L. Cardon, of New
 York; and Mrs. N. Louis Brennan, of
 this city. A large circle of friends
 extend their sincere sympathy to the
 bereaved one. The funeral will be
 held Saturday afternoon from the
 residence of her daughter, Mrs.
 Brennan.
 Mrs. John J. MacDonald.
 Many friends in the city will regret
 to hear of the death of Mrs. Mary
 Elizabeth, wife of John J. MacDonald,
 which occurred at her residence,
 55 Douglas street, Wednesday, after
 an illness which she had suffered
 since February. Besides her husband
 she is survived by one son, Cyril H.
 who recently returned from overseas
 after four years and eight months
 service, and six daughters, Miss
 Beatrice, of Bayonne, N. J., and
 Misses Ethel, Helen, Mary, Jean and
 Ursula, of this city. One sister, Miss
 Margaret H. McCluskey, is teacher
 in St. Peter's girls' school.

ALKAJI IN SHAMPOOS
Bad for Washing Hair
 Don't use prepared shampoos or
 anything else, that contains too much
 alkali, for this is very injurious, as it
 dries the scalp and makes the hair
 brittle.
 The best thing to use is just plain
 mulled coconut oil, for this is pure
 and entirely greaseless. It is very
 cheap, and beats anything else all
 pieces. You can get this at any drug
 store, and a few ounces will last the
 whole family for months.
 Simply moisten the hair with water
 and rub it in, about a teaspoonful is
 all that is required. It makes an ab-
 undance of rich, creamy lather, cleans
 thoroughly, and rinses out easily.
 The hair dries quickly and evenly, and
 is soft, fresh looking, bright, fluffy,
 wavy and easy to handle. Besides, it
 loosens and takes out every particle
 of dust, dirt and dandruff.

RETURNED FOR CONVENTION.
 A. M. Rowan, who was one of the
 delegates of Luxor Temple to the con-
 vention of Mystic Shriners recently
 held in Indianapolis, returned yester-
 day. He reports that the convention
 was a big success.

CANADIAN NATIONAL RAILWAYS
EASTERN LINES
TANTRAM RIVER BRIDGE
SUBSTRUCTURE
 SEALED TENDERS, addressed to
 C. B. Brown, Chief Engineer, Mon-
 ton, N. B., and marked on the outside
 "Tenders for Tantramar River Bridge"
 will be received up to 12 o'clock noon
 on Saturday, June 28th, 1919, for the
 construction and completion of the
 substructure for a double track Rail-
 way Bridge over the Tantramar River
 about one mile east of Sackville, N. B.
 Plans and Specifications and blank
 form of contract may be seen at the
 following offices:
 The General Manager, Canadian
 National Railways, Montreal, P. Q.
 The Chief Engineer, Canadian
 National Railways, Moncton, N. B.
 Tenders must be submitted in dupli-
 cate on the tender forms supplied for
 that purpose.
 Each Contractor tendering must
 submit with his order a security de-
 posit in the form of an accepted
 cheque on a Chartered Bank of Can-
 ada, and made payable to the "Can-
 adian National Railway" for an
 amount of Twelve Thousand Five
 Hundred Dollars (\$12,500.00). Sec-
 urity deposits will be returned to all
 unsuccessful tenderers. Security de-
 posit of successful tenderer will be
 forfeited to the Railway if contractor
 refuses to enter into a contract based
 on his tender when called upon to do
 so. Contractor's security deposit will
 be returned on the satisfactory com-
 pletion of the work.
 No revision of any tender will be
 considered if received by the Chief
 Engineer at Moncton at a date later
 than 12 o'clock noon, Saturday, June
 28th, 1919.
 All conditions of the Specifications
 must be complied with.
 The lowest or any tender not neces-
 sarily accepted.
 F. P. BRADY,
 General Manager,
 Montreal, P. Q., June 18th, 1919.

AROUND THE CITY
GENERALLY FAIR

THE PUBLIC INVITED.
The Free Kindergarten will hold their closing exercises at the Women's Institute rooms, 109 Union Street, Friday, 3 p. m.

ANNIVERSARY OF FIRE.
Today, the anniversary of the great fire which on June 30, 1877, just forty-two years ago, swept the city, causing a loss of \$12,600,000.

BAND CONCERT ENJOYED.
Despite the fact that the weather was cold last night and overcast were in style, the Temple Band delighted a large audience with an excellent concert on the King Square.

MISS CONLEY GRADUATED.
The graduation exercises at the Worcester City Hospital, Worcester, Mass., took place on June 17th. Among the graduates was Miss Anna B. Conley, of Deer Island, N. B.

WOMEN'S HOSPITAL AID.
The regular meeting of the Women's Hospital Aid was held yesterday afternoon in the Board of Trade rooms. Miss MacLaren presided. Only business of a routine nature was transacted.

THE POLICE COURT.
Only one prisoner faced the magistrate in the police court yesterday. Abe Levine was charged with being out late and unable to give a satisfactory account of himself. He was remanded.

RETURNING TO BADDECK.
Among those to pass through the city yesterday was Prof. Graham Bell, the inventor, and Mrs. Bell, who are en route from Washington to Baddeck, Cape Breton.

WILL ARRIVE SATURDAY.
Charles Robinson, secretary of the New Brunswick Returned Soldiers' Commission, received word last evening that the hospital ship Essequibo would arrive in Portland at 2 p. m. Saturday and that the party for the Maritime Provinces would likely leave there Sunday night.

THE SPRING CLEANING.
The spring cleaning of the cells at the central police station is about completed. Pains and whitewash have played a prominent part in the renovations. One part of the cell space has been partitioned off and will be used for female prisoners. This new room will be fitted with beds and be much more comfortable than formerly. The other cells have been newly painted and cleaned.

LOCAL FISH MARKET.
The local fish market is fairly well supplied, but prices remain firm. Salmon has not begun to reach the market in any quantity yet and mackerel are beginning to drop off. Prices quoted for today are: Salmon, 50 to 45 cents; halibut, 30 cents; mackerel, 15 cents; shad, 20 cents; haddock and cod, 15 cents; herring, 15 cents; boneless cod, 23 cents; smoked salmon, 35 cents per pound; gaspareaux and kippers, 3 cents each.

BOYS ARE INDIGNANT.
Some boys of the North End who play ball around the King street think they are not fairly treated by a gentleman who lives in the neighborhood. The boys, who are strong batters occasionally knock a ball into the grounds owned by the gentleman, and sometimes he has taken possession of the ball and kept it as a souvenir. The boys think the old gentleman's sporting instincts are sufficiently developed, or that he has forgotten the time he was a boy.

PRICE OF GASOLINE DROPS.
It is likely that the price of gasoline, which now varies from 37 to 40 cents, depending on where it is purchased, will settle down to 37 cents. The wholesale price was reduced by the Imperial Oil Co. on June 9 one cent on a gallon, making it 32 cents. Two managers of garages stated yesterday that they would sell for 37 cents in future. The lower price is due to the removal of the 7 1/2 cent war tax. Lubricating oils will also be reduced from one to two cents per gallon, according to grade.

HAD HARD TIME.
Seven commercial travellers were left on the Magdalen Island last week by the steamer Lady Evelyn. The storm was so severe there it was impossible to dock the boat at the usual point, Amherst Island, and the travellers were ordered to proceed to West Point, a distance of ten miles, the mails also being ordered there. After completing their drive the travellers were astonished to see the Lady Evelyn already pulling out to sea, as the weather was too heavy to take them on board. They subsequently got to Souris by schooner.

PASTOR AND WIFE WERE REMEMBERED

Members of Zion Church Congregation Last Evening Presented Mr. and Mrs. Boothroyd With an Aluminum Shower.

In grateful recognition of the services rendered by their pastor, the Rev. F. E. Boothroyd, during his ministry, the members of the Ladies' Aid Society and congregation of the Zion Methodist church met at the pastor's home last night and presented the reverend gentleman and wife with an aluminum shower. The presentation address was made by F. S. Purdy, on behalf of the congregation, and addresses, all touching on the co-ordination between pastor and parsonage, and the high esteem in which the Rev. Mr. Boothroyd is held by his congregation, were made by Gerry Jones, S. Skidmore, Harry Power, H. Latimer and Walter Boita. At the close of an interesting programme, tea and cake were served by the ladies of the congregation.

Official Board's Annual Meeting

Met in Centenary Church Last Evening to Confirm Budget for Coming Year—Resolution Passed Appreciating Work of the Pastor.

The annual meeting of the official boards of Centenary church was held last evening to consider and confirm the budget for the coming year, the pastor, Rev. H. A. Goodwin, in the chair. After the business of the evening had been disposed of the chairman of the various boards expressed their appreciation of the work and efforts of Rev. Mr. Goodwin and the following resolution moved by J. L. Thorne and seconded by G. A. Henderson was unanimously adopted: "We the members of the joint official boards of Centenary church would hereby express our high appreciation of the indefatigable labors of our pastor, Rev. H. A. Goodwin, B. A., and assure him that his untiring efforts to deepen the spiritual life of the church and also to build up its financial strength has won for him the affection, respect and confidence of all his congregation, as well as the community at large. We rejoice with him that his labors have not been in vain and avow our determination in the future, as in the past, to co-operate with him in making our church the power for good in the life of our city and province as well as him aimed, and for which we will labor and pray."

DIRTY SIDEWALKS AND PAVEMENTS

Few Watering Carts, and Scarcity of "White Wings," With Inches of Dust and Refuse on Streets Cause No Little Annoyance.

Though the city's "white wings" have appeared on the streets of late, sweeping up some of the main thoroughfares, the statement has been made that their activities do not embrace all the possibilities of the situation. Owing to the sloping and undulating condition of the sidewalks, most of these get a far more generous deposit of refuse and other matter than is bestowed upon the streets themselves. In the residential sections this particularly noticeable. As most of the houses are flats or dwellings occupied by several families, the duty of keeping clean the pavement is a vexed question which usually settles down to the matter of "letting George do it," and if the George in question is the white wings, the work has yet to be done. It is not an uncommon sight to see the sidewalks before dwellings littered up with paper, dust and other refuse from the streets, and on the same sidewalks the children, denied a proper playground, play, fall in the dust, and breathe the germ-laden air. If men are to be employed to sweep and clean the streets, the logical plan would be to employ enough to do the work right, and that work should embrace the cleaning and clearing of the sidewalks and pavements as well. "How can I keep the street clean?" asked one cleaner the other day. "I sweep all the dirt up into a pile and then go on and sweep up another pile, and then the first one blows all over the street and I have to start again. I spend so much time on one block that Commissioner Fisher could have me assessed for abutting on the sidewalk. A watering cart now and then would help the good work along, but the only time I ever see a watering cart is when a rain storm is expected." Shopkeepers find that the littered sidewalks increase the waste and decrease the value of their goods, and the housewives are unanimous in the opinion that something should be done about the matter.

OPINION FORMED WAS UNFAVORABLE

Man Coming Here from Montreal Finds Housing Conditions Poor—Says He Will Return to Montreal.

A man from Montreal who came here to take a position with a prominent local business concern has been looking around for a house and has formed a rather unfavorable opinion of housing conditions. "In Montreal," he said, "I have been living in a seven room flat with all modern conveniences, coal cooking range and gas stove, paying a rent of \$17 per month. Not in the heart of the city of course. Cost me something for car fare. But I reckon I raised enough garden truck on the plot to almost pay my car fare. Here in St. John rents of any kind of a house run much higher than in Montreal, the houses are inferior. The only thing I saw that I would care to bring my family to was \$35 a month, and that needed improvements. I am going back to Montreal."

TWO NEW VENDORS.

This week's Royal Gazette contains notice of the appointment of J. H. Crockett, of the Crockett-McMillin Drug Co., Ltd., and M. V. Paddock as licensed liquor vendors for the city of St. John.

NURSING SISTER RETURNS.

Miss Nan Estabrook, who has been overseas for about a year and a half as nursing sister, arrived home yesterday and was given a warm welcome by her many friends.

BUSINESS PURCHASED.

The Frank E. Porter business on Union street has been purchased by the Crockett-McMillin Drug Co., and will be carried on as a branch of their North End business.

Special Meeting of the Presbytery

Ordination and Induction of Rev. John J. Graham of Rothesay, Hampton and Salmon River Churches Took Place Last Evening.

The ordination and induction of Rev. John J. Graham as minister of the Rothesay, Hampton and Salmon River churches took place last evening, when a special meeting of the St. John Presbytery was held at Rothesay. The Moderator, Rev. William N. Townsend, of Fairville, presided and offered the ordination prayer. The address to the people was given by Rev. H. L. Eisenor, of St. Matthew's church. Rev. Mr. Helps, Rev. Mr. Johnson and Rev. Canon Daniel were invited to sit as corresponding members of the Presbytery. After the session of the Presbytery there was a reception for the minister, when members of the congregations of the three churches greeted him.

DECIDED CHANGE IN THE WEATHER

Yesterday Was Cold as Compared With Others During the Month—Observatory Records for This and Last June.

There was a decided comparison in the weather conditions of Wednesday and yesterday. The temperature during the first of the week was decidedly warm for St. John, while last night the mercury steadily dropped. Pedestrians could be comfortable with winter clothing. The cold wind was blowing in from the bay was accompanied by a fog that greatly assisted in making matters more uncomfortable. Up till yesterday the June weather this year has been exceptionally fine and dry, fogs have been most infrequent, and temperatures moderately warm. The total amount of rainfall measured at the Observatory was 1.32 inches of this, one and a quarter inches fell on the seventh and the remainder was distributed as follows: 0.03 on the third, 0.06 on the tenth, 0.01 on the sixteenth and 0.02 on the seventeenth, which practically means the seventh day of the month accounts for nearly the entire rainfall. The highest temperature 83.5 degrees was registered about noon of the fourth, and the lowest 37.3 degrees at 6 a. m. of the seventh. Temperatures between 60 and 65 degrees occurred on six days; between 65 and 70 on five days, none above 80 degrees. Up to this date last year rain fell on eight days with a total of 3.77 inches. Thunderstorms on the third, seventh and twelfth were all of light or moderate intensity. The highest recorded temperature was 80.5 on the third and the lowest 40.5 on the nineteenth. Fogs were more frequent and considerably more dull weather experienced than during the same period of June, this year.

CHANGES MADE IN LOCAL CHURCHES

Rev. F. E. Boothroyd Appointed Secretary of N. B. Temperance Alliance—Rev. E. A. Westmorland Transferred to Nashwaak.

Some changes have been made in local Methodist pastorates at the conference in Sackville, recently concluded. The Rev. F. E. Boothroyd, who has officiated as pastor of Zion church for some time, has been appointed secretary of the New Brunswick Temperance Alliance. His pastorate is being taken by the Rev. Matthew E. Cunron, B. A., who has served in France for three years as chaplain with the Canadian forces.

SUDDEN DEATH OF WILLIAM R. CHESLEY

Brother of Orlando Chesley, This City, Died Suddenly of Heart Disease at His Home, Cumberland Bay, Yesterday Morning.

Following quickly upon the message which stated that his brother was ill, Orlando Chesley, 139 Britain street, received word yesterday morning conveying the sudden news that his brother, William Robert Chesley, had died from heart disease at his farm on the Cumberland Bay shore. Mr. Chesley left as soon as possible and will bring the remains to his home tonight. The late William Robert Chesley was for many years a traveller from the Boston branch of a well known Milwaukee shoe manufacturing company, but owing to ill health returned this spring to his farm property on the Cumberland Bay shore, where he established a camp for the summer. His death, coming so unexpectedly, in the prime of his manhood, is deeply regretted by all his acquaintances.

NO COUNCIL MEETING.

No meeting of the common council was held yesterday morning as there was not a quorum present.

Investigate The Lobster Fisheries

Local Dealers Receive Copy of Interesting Report of Investigation Made by Prof. A. P. Knight of Animal Biology at Queen's University.

A local fish dealer who has been keeping in touch with the lobster fishing for years and has noted a decline in this fishing has received a copy of the report of the investigation into the lobster fisheries of Canada for 1918 made by Prof. A. P. Knight, professor of animal biology at Queen's University. Prof. Knight visited the lobster fishing district of New Brunswick, Prince Edward Island and Nova Scotia, conferring with cannery and fishermen, and his report is of an exhaustive character. He comes to the conclusion that various accepted theories respecting lobsters are not borne out by facts. He shows that it has never been proved that lobsters are distributed evenly over the inshore belt extending from Delaware to the straits of Belle Isle, and that the assumption that it is impossible to exterminate any marine animal is incorrect. Investigations showed that there were practically no lobsters in offshore waters, that is outside depth of fifteen fathoms, and that everywhere fishermen's catches are falling off year by year.

ORANGE LODGES WILL CELEBRATE

Representatives of Local Lodges Met Last Evening—Will Hold Garden Party at the Ferns on July 12.

Last evening representatives of the various Orange Lodges in the city met at Orange Hall, German street, and talked over plans for the celebration of July 12, and after careful consideration decided that all the lodges would unite in a grand garden party at the Ferns, the entire proceeds of which would go to the work of the proposed Protestant Orphanage. A strong committee was appointed of which E. S. Hennigar is chairman; William M. Campbell, secretary and C. B. Ward, treasurer. This will be the only celebration for the city, and it is hoped to have a banner attendance and realize a goodly sum for the Orphanage fund.

OAK HALL MAKES LARGE PURCHASE OF MEN'S SUITS IN MONTREAL

It has been some time since Oak Hall has been able to offer their customers and friends the excellent bargains in men's suits as will be on sale the next three days, Friday, Saturday and Monday. The Oak Hall buyer while in Montreal recently made a large purchase of men's high-class suits which were intended for the west but not sent on account of trouble conditions. These suits were bought for cash at a rock-bottom price and Oak Hall will follow their usual custom of giving their customers and friends the full benefit of the big saving made by the greatly reduced purchase price. These suits would sell regularly at thirty to thirty-five dollars. All will be offered the one special price, \$25. See big window display. Opened Friday night until 10 p. m. Closed Saturday at 1 p. m.

THE SILK SUIT SEEMS MORE POPULAR THAN EVER THIS SEASON.

The tissues in some instances are new in silk suit making, silk, Bengaline or Poplin being employed to a great success. These light airy textiles and gloriously radiant silks share honors in this summer suit showing at Dykeman's. For extensive variety, interesting newness of design, and exceptional money savings, this is one of the most important showings of Silk Suits we have ever had the good fortune to tell of especially so early in the season. A great number of these Suits are samples, no two the same, and are marked at about one-third their regular value. Materials are Bengaline, Silk Poplin, Satin Charmeuse, Duchess Satin, Satin Paillette, Taffetas, and Chiffon Taffetas, in shades of Rookie, Brown, French Gray, and two shades in lighter and darker grey, Green, Navy and Black. Natural Silk Honnan and Pongee Suits. \$30.00 to \$45.00. Ready-to-Wear floor. Dykeman's.

Canadian National Suburban train
