LOCAL AND PERSONAL ITEMS

On Saturday morning neighbors and friends regretted much to hear that Mrs. W. B. Stiles had passed away at 9.30 a.m. The elderly lady had been invalided for a period of months and had endured her illness with patient fortitude, during which time she was assiduously and lovingly attended by her only son, Mrs. Stiles, who was 83 years of age, was born in Woodstock, and came to Centreville as a young woman, since which her life has been nearly continuously spent in this place. Her husband predeceased her some ten years. She leaves to mourn her son, Robert Earl at home, a daughter Mrs. Corcoran at Upper Woodstock, an adopted daughter Mrs. Ganong of St. John, and several step children. The services were held on Sunday at 3 p.m. at her home and the Methodist church and were conducted by Rev. Hugh Miller who preached a most appropriate sermon. The casket was borne to the grave by four grandsons and laid beside those of a husband and daughter in the Methodist cemetery. Mrs. Ganong of St. John and Mrs. Corcoran of Upper Woodstock attended the funeral here of their mother, Mrs. W. B. Stiles.

Mrs. C. R. Cliff returned from Bangor on Thursday, summoned unexpectedly to the funeral of her brother-in-law B. B. Estabrooks.

Mrs. Jas. Crane is visiting her daughter, Mrs. Roy Huggard in St. John.

Mr. and Mrs. B. F. Cliff of Mars Hill were in town on Thursday.

Dr. and Mrs. G. F. Burt of Fort Fairfield spent Thursday in town.

Mr. and Mrs. Charles Flewelling of Mars Hill called at his father, Rev. J. E. Flewelling on Tuesday.

The excitement arising during the recent election campaign seen subsided after the polls closed.

Neval Reid of Houston was here on Tuesday.

Rev. J. W. and Mrs. Williams and daughter left on Wednesday for Boston where he has a call to one of the suburban churches.

Mr. and Mrs. J. F. Cheney of Portland, Me., spent Wednesday and Thursday in town.

"Youth to Death" was put on as a

headliner at the local theatre on Wednesday evening. The truth of the old adage that "Youth Cannot Mate With Age" was here most aptly taught in a five reel drama, featuring Billie Dove, Cullen Landis and Noah Berry. A Fox News and a Harold Lloyd comedy were also shown. On Saturday evening "A Blind Bargain" was screened. In this play the redoubtable Lon Chaney was at his best in a double role of an eminent scientist and polished gentleman and that of a poor deformed hunchback, the victim of a curious obsession held by the scientist that, by a method of grand-grafting, he could produce super-men. His work in both parts was an admirable example of histrionic talent and the art of make-up. A Fox News and comedy were also shown. Read further advertising in other columns in this issue.

Rev. Hugh Miller of Centreville and Rev. J. Cavers of Woodstock exchanged Sunday appointments in the several Methodist charges on the 14 inst.

Miss Lizzie Shaw has returned to Boston after a visit with her sister, Mrs. Mildred Beckwith.

Mrs. G. E. Wilson held an auction sale of her household effects on Tuesday, preparatory to leaving for Hartford, Conn., where she will join her husband.

Leland Kennedy of Detroit, Mich., arrived last week for a visit with his mother, Mrs. L. W. Kennedy at Tracey Mills.

George Estabrooks has returned from a visit with his brother Joseph in St. John.

Everett Ridley and Ernest Burt were in town on Saturday.

G. F. Seeley and W. F. Tedlie passed through town on Wednesday en route to Presque Isle.

Mr. and Mrs. J. C. Burt and Mr. and Mrs. M. A. Burt of Bridgewater were in town on Thursday.

Mr. and Mrs. Wm. Trafford and children of Four Falls were in town on Sunday.

R. J. Clarke of Fredericton spent the week-end with her family here.

Rev. H. R. Bell will preach as follows on October 21: Centreville 11 a. m., Good Corner 3 p. m. and Lakeville 7 p. m.

B. B. ESTABROOKS' SUDDEN DEATH

Wednesday morning brought shocking news to the people of Centreville and vicinity when intelligence was whispered abroad that one of our leading citizens, B. B. Estabrooks, had died in the early morning hours. The deceased, who was a prosperous hardware merchant had been busy with the ordinary office and store routine all day Tuesday, closing his place of business at 6 o'clock. He was seized by illness during the evening and his family physician summoned immediately, the latter remaining with him throughout the night. The end came in an extraordinary sudden manner in the early morning, a most shocking finale to the family and attendants, who little realized that his illness would be fatal. Barry Burwell Estabrooks was born at Centreville in 1882 and had spent the major part of his life in this place. As a young man he entered the employ of the late R. W. Balloch, to fit himself for a commercial career. When this business changed hands, he entered the hardware business in partnership with C. M. Sherwood. After a few prosperous years, he purchased his partners equity in the business and has since conducted it under his own name. Mr. Estabrooks will be greatly missed in the commercial life of the town, where his industry, punctuality and fair dealing was proverbial in the family circle and among his host of acquaintances, who were pleased to call him friend. He is survived by his wife, formerly Miss L. Elizabeth Burt, one daughter Jean, a brother Horace and a large circle of less immediate relatives. The funeral was held from his late home and the United Baptist church at 3 p. m. on Thursday. Rev. Hugh Miller preached from St. John XIV and was assisted by Rev. H. R. Bell. Miss Hilda Wilson of Lakeville sang a beautiful and appropriate solo. The body was laid to rest in the family lot in the cemetery.

Several from this place attended the funeral of B. B. Estabrooks at Centreville whose sudden passing away is a great loss to the community. His character can be summed up in three words, a Christian gentleman.

Mrs. Ernest Ford and little son are visiting her aunt, Mrs. Louisa King. Dr. Burt and family of Fort Fairfield spent the week-end at Wm. Wilson's.

Mrs. Watson, who died at the home of her daughter, Mrs. Samuel Burton, was buried here on Sunday afternoon.

Rev. G. F. Bolster of Hartland delivered an able sermon, his theme being "What it means to die the death of the righteous."

Dan Campbell, who has conducted a blacksmith business here for a number of years has sold out to a Mr. Matheson from Cape Breton whose family arrived this week.

Rev. Hugh Miller, Methodist, Rev. H. R. Bell, Baptist, are to begin special services here on Sunday. All are hoping that much good may result.

Mr. and Mrs. H. Y. Jones and Hilda Wilson motored to Fredericton on Saturday, returning on Sunday.

The Red Cross is getting to work quite busily under their untiring leader, Mrs. Foster.

Card of Thanks

To the many neighbors and friends who by their timely presence, loving words and kindly acts, helped to make our burden of bereavement less irksome, we wish to express our sincere appreciation and heartfelt gratitude.

Bohan & Co., Bath

Innocent looking rubbish in a cellar is the cause of many a bad fire.

How natural to throw scraps of paper into that old box. One seldom thinks of fire dangers, or metal wastebaskets until it is too late. There is the house in flames. Perhaps a total loss—unless the investment is fully protected by fire insurance.

There is no better protection against fire loss than the sound indemnity of a carefully drawn insurance policy. That is why this agency only represents strong and reliable companies.

PRIMITIVE BAPTIST QUARTERLY MEETING

The Primitive Baptists met in quarterly session at Jacksonville on Oct. 6 with a good representation of ministers, delegates and laity. The weather was very favorable and the roads good condition.

Saturday 2.30 p. m. was the regular quarterly conference meeting. Nearing the close of this meeting the Lord's Supper was observed. There were six sessions during the Sabbath, three in the Methodist church and three in the tabernacle, both places being filled to overflowing. The meetings commenced with a good element, the attendance continually rose until the close of Monday evening session. Some of the older members remarked that it was one of the most powerful sessions for 20 years. Many souls expressed their desire to get right with God.

Monday evening was devoted to business when considerable denominational business was transacted. In the evening a religious service closed the session.

THE WONDERFUL HEROINE

Work has just been received of a most wonderful picture which is being given as a premium to all who subscribe to the Family Herald and Weekly Star of Montreal. This beautiful painting, entitled "The Wonderful Heroine," in the most delicate colors, is in keeping with the subject. The size of the picture is 18 x 24 inches, and is a heavy paper.

When one considers that two dollars purchase the Family Herald and Weekly Star for a whole year (52 issues of 12 pages each) including this beautiful and inspiring picture, one wonders how it is done. It is really a marvel. Each subscriber new or renewal will receive the picture provided he acts quickly.

The amazing life story of "The Wonderful Heroine" has been printed in booklet form and our readers may obtain a copy free by sending a postal card for it addressed to the Family Herald and Weekly Star, Montreal. No charge of any kind is made for this wonderful story.

There were many guests from Hartland and the surrounding towns of Bath, Florenceville, Victoria and Woodstock.

TARIFF REDUCTION

W. Caldwell, M. P., was a caller at the Observer office yesterday. He is very much interested in doing what he can to have the duty removed from seed potatoes entering the United States. While, of course, this can be done through the United States Permanent Tariff Committee, it is possible that the two governments may get together on the matter. When importers are quite as anxious to have the duty removed as the Canadians are, Mr. Caldwell goes to Ottawa today on business pertaining to this question.

E. E. Moore, who attended the Maritime Synod of the Presbyterian church last week in St. John, returned home on the Canadian National on Saturday morning.

Mrs. Ziba Lockhart of Bristol was a visitor last week at the home of Dr. and Mrs. Lockhart. Dr. Lockhart motored to Bristol on Sunday and Mrs. Lockhart returned to her home with him.

Miles Burpee, who it will be remembered, graduated from the school of engineering at the University of New Brunswick this year, and who has been engaged by the Province for the past few months in Engineering work, left this week to accept a position as instructor in Marquette University, Wisconsin. We wish Prof. Burpee much success.

In a letter received from Lloyd Sinclair who is now living in Cincinnati, Ohio, by the Editor, he says: "About two weeks ago, the Grand Sovereign Lodge, Independent Order of Oddfellows, met here from all over the world. So one night I thought I would look around to see if there wasn't anybody here from good old N. B., and sure enough after a good long search I met a Mr. and Mrs. Wilson from St. Stephen. We spent quite a few minutes together and one of the first things they did was to give me a small Union Jack, and then they introduced me to a Mr. Striven from Halifax and a Mr. and Mrs. Penabdy from Maine, then at 9 p. m. they had to move on to a reception given them, and as there was so many hands in the lobby of the hotel I thought I would stick around and hear the music. I sure did, too, for after some patriotic songs and our National Anthem was played they finally ended with "Where is my wandering boy tonight." That was enough, I started back to my room feeling pretty blue but I was sure glad I had met somebody from good old New Brunswick." Lloyd's address is 907 Nassau street, Walnut Hills, Cincinnati, Ohio, and we are sure he would be glad to hear from his old friends in Edmundston.

WOMEN FROM FORTY TO FIFTY

Will Be Interested in Mrs. Thompson's Recovery by Use of Lydia E. Pinkham's Vegetable Compound

Winnipeg, Man.—"Lydia E. Pinkham's Vegetable Compound has done me good in every way. I was very weak and run-down and had certain troubles that women of my age are likely to have. I did not like to go to the doctor so I took the Vegetable Compound and am still taking it right along. I recommend it to my friends and to any one whose health is not feeling well."

Mrs. Thompson, 308 Lisette St., Winnipeg, Man.

When women who are between the ages of forty-five and fifty-five are beset with such annoying symptoms as nervousness, irritability, melancholia and heat flashes, which produce headaches, dizziness, or a sense of suffocation, they should take Lydia E. Pinkham's Vegetable Compound. It is especially adapted to help women through this crisis. It is prepared from roots and herbs and contains no harmful drugs or narcotics.

This famous remedy, the medicinal ingredients of which are derived from roots and herbs has for forty years proved its value in such cases. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

Women who suffer should write to the Lydia E. Pinkham Medicine Co., Lowell, Ontario, for a free copy of Lydia E. Pinkham's "Fruit-a-lives" and "Hints to Women." "Ailments Peculiar to Women."

Mr. Michael was in Fredericton and had to cut short his Government business there and hurry home by automobile, and when he arrived he was greeted by this new member of his household. May the young lady have long life and happiness.

On the occasion of last birthday, Miss Audrey Rideout entertained on Saturday afternoon for the lady members of the staff of Fraser Companies Ltd. Head office. In order that she should not forget that it was her birthday and not someone else, they made her a little presentation with an address. On the evening of the same day Miss Rideout entertained at a "Bridge and Dance," those present being Mr. and Mrs. Lee Sealey, Mr. and Mrs. James Reith, Mr. and Mrs. L. W. Sherwood, Mr. and Mrs. Ames Pickard, Miss Della Miller, Miss H. Stevens, Miss Roberta Hammond, and Miles Burpee, E. E. Stevenson, Geo. Gillies and Ralph Murchie.

William Hebert who, as reported in our columns last week, went to Halifax to attend the School of Pharmacy at Dalhousie University, returned to Edmundston on Saturday. Mr. Hebert found that it was possible to do some of the work before him before entering College, and in that way make the College work easier. He is going to study this winter with that end in view, and next year will enter Dalhousie University. He is very much impressed with the College life at Halifax and says nothing but death will keep him home next fall, meanwhile we are glad to see him at the old stand at VanWort's Drug Store.

AMERICAN HUNTING PARTIES ARRIVE

Plaster Rock and Newcastle Getting Them Through C. N. R. Route

The number of American sportsmen hunting big game in New Brunswick this season is believed to be about the average although the moose-hunting season has not been open long. A change in the distribution of the parties is noticeable however. Fredericton which used to be the main point of entrance for all sections has had very few so far. Newcastle and Plaster Rock have had many, however.

The reason for this is assigned to the system followed by the Canadian National Railways in routing Americans from points on lines in the United States operated by the C. N. R. so as to keep them on C. N. R. lines all the way.

Reports from Tobique are to the effect that many non-residents sportsmen are in the section. Twenty-one passed through Plaster Rock in a day. Many guides in that section have no sportsmen in the woods at one time.

In the country adjacent to the Newcastle-Fredericton sub-division of the C. N. R. numerous visiting hunters are in the woods and there are expected before the season closes. On the C. N. R. River W. H. Allen of Pennacook has a considerable number. Fredericton Mail.

MILES BURPEE TO MARQUETTE

(Edmundston Observer)

The Fredericton Gleaner of issue of October 5 has the following article concerning our citizen, C. Miles Burpee, who has just received an appointment to the University of Marquette, at Milwaukee, Wisconsin.

A fine photograph of Miles is also reproduced.

The article is as follows:

C. Miles Burpee of Edmundston, Val-de-Riviere of the 1923 graduating class of the University of New Brunswick, has been appointed as instructor in draughting and allied subjects at Marquette University, Milwaukee, Wis. Mr. Burpee, who has been engaged in engineering work with the Provincial Dept. of Public Works since receiving his B. Sc. degree in civil engineering left the city this morning for his home in Edmundston prior to his departure early next week for Milwaukee to take up his new duties. Mr. Burpee is also a graduate of the Fredericton High School where he completed his course before entering the University in 1919, immediately winning a position on the University debating team in his freshman year, a position he retained during his four years' course. He was also active in connection with the publication of the University monthly, "THE BRUNSWICKIAN" during his sophomore, junior and senior years, and holding many of the principal offices in the affairs of the student body.

Since graduation he has been employed in the Province on engineering work coming to the city recently in connection with office duties attached to the field work he has been doing for the Public Works Department.

MRS. D. W. C. STEVENS

The sympathy of the whole of Edmundston went out to our late citizen Douglas Stevens when it became known that Mrs. Stevens, who had been ailing for a long time, had passed away. The late Mrs. Stevens was the youngest daughter of the late Alex. Dunbar of Woodstock, and was in her thirty-seventh year. Mrs. Stevens died on October 3 and the funeral was held on October 5 from the home of her mother, the Rev. Dr. Prince of Woodstock officiating, being assisted by Rev. Mr. Garvers.

The deceased lady leaves to mourn her loss, besides her husband, four children, Douglas, who is attending Pictou Academy, Pictou, N. S.; Mary, Alexander and Edward.

The pall bearers were Harry, Geo. and Robert Dunbar of Woodstock, brothers, and Arthur and Harry Stevens of Woodstock and J. Chesley Stevens, Edmundston, brothers-in-law.

A wealth of floral offerings were received from all parts, as were telegrams from people unable to attend the funeral. A number of people from Edmundston went from here on Friday morning, amongst them being Mrs. and Mrs. Alex. Dunbar, Mrs. R. D. Murphy, R. D. Murphy and Ronald Dunbar.

Listen!

Have you heard about Pep's? It's a scientific preparation put up in a little bottle, which provides an entirely new and effective treatment for coughs, colds, chest and throat troubles. Pep's contains certain medicinal ingredients, which, when placed upon the tongue, immediately turn into vapor, and are breathed down the air passages to the lungs. On their journey, they soothe the inflamed and irritated membranes of the bronchial tubes, the delicate walls of the air passages, and finally enter and carry relief and healing to the lungs. In a word, while no liquid or solid can get to the lungs and air passages, these Pep's fumes get there direct, and at once commence healing.

A PLEA FOR SAFETY FIRST

To the Editor of The Observer: Sir.—A few years ago safety first and "Stop," "Look," "Listen," could be seen on signboards, fences, trees and in the papers, but such is not the case today. All we see or hear now is about health centres or pasteurized milk, and unless we get back and talk safety first and stop, look, listen at all railway crossings there will be no one left to patronize the health centres or drink the pasteurized milk. What is the cause of so many accidents on railway crossings? My answer to that question is thoughtlessness, carelessness and a few auto drivers like to be smart, run across ahead of a train and if he gets over safe he will look up at the engineer and smile as much as to say, "You did not get me that time." But sooner or later if he keeps it up he will find himself ushered into eternity without a moment's notice. Is it worth while taking such chances? I will leave that question for the public to decide. But if they would only stop to consider the strain that it is on the train crews' nerves to have to witness such accidents I am sure that they would or should be willing to wait a few seconds for the train to pass.

The thoughtless driver forgets to look when approaching a crossing until it is too late and he, too, is either killed or crippled for life. I believe that ninety-nine per cent of the accidents happen when the car is full of passengers, all talking about the beautiful scenery or the pleasant trip they expect to have but no one happens to think of the approaching train until it is too late and they meet the same fate as the automobile party met at Bayard's Crossing, which I feel sure was a case when everyone forgot.

I noticed in your paper, Mr. Editor, that someone informed you that the above crossing was dangerous, but, sir, you were wrongly informed. To my mind this is one of the safest crossings in the province today as there is an unobstructed view of approaching trains in either direction for 2,000 or more. I believe that if the Minister of Public Works would have signboards erected, say one-half mile from all public railway crossings to call the attention of all automobile drivers that they were approaching a railway crossing and to "beware of danger" it would give them a chance to try their brakes and be prepared to stop at a moment's notice. Some drivers misjudge the distance and the speed the train is travelling and take the chance; some succeed but others fail. Does it pay to take such chances? I am not the judge. All automobile travelling fifteen miles an hour travels 660 feet in thirty seconds, while a train travelling at forty miles per hour, which is the usual speed for passenger trains, covers the same distance in eleven seconds, so let us not be deceived as to the speed of the train and if in doubt take the safe course, stop, look, listen. I am sure that if we would make room in our minds for safety first the accidents on railway crossings would be stamped out and there would be more happy homes, the railway company and their officials would be pleased and I am sure the employees, especially the engineers, who are always an eye-witness to such accidents, would be more than pleased.

Thanking you for space in your valuable paper, I remain, Yours truly,

E. CLAUDE SEELEL,

250 Lancaster avenue, West St. John

PRINTING

While it is true that the stamp on your letter is a guarantee of delivery, it fails to tell the letter itself to determine its final destination—the filing cabinet or the waste basket.

In many cases your written correspondence is your only point of personal contact with your client or your customer, and if through poor appearance or address it fails to convey the importance of your message, it naturally is received with but scant attention. It, on the other hand, your letter has a "crackling" of quality—a clean, dignified appearance—it will command the same respect which would be accorded to you on a personal visit.

To ensure quality which you know will be faultless and therefore above comparison, specify Colonial Bond. Printers everywhere in Canada have it—better still, let us send a sample sheet.

Colonial Bond, all-ages, tub-sized and letter-sized. Made by The Roland Paper Company Limited, who have been making high grade papers for over 40 years.

It Pays to Advertise!

The remarkable success with which the Dominion Government floated its recent loan of \$172,000,000 abundantly proves two things—two things that hold true in Carleton County and throughout the Dominion. First, it proves that it DOES PAY TO ADVERTISE. It was advertising that put the loan over. Had there been no advertising the people of Canada would not yet know that a new issue of Dominion Bonds was on the market. And the advertising was done chiefly through the newspapers. The Observer being among the number of mediums used. Ads ordered by the Government and by local bond dealers to run three weeks in The Observer were cancelled after the first issue for the reason that the full allotment of bonds WAS SOLD—sold through newspaper advertising, backed up, of course, by good salesmanship. All successful advertising offers good value in the things people want to buy, and it must be backed up by good selling force when the advertising has brought buyer and seller together.

If you have goods to sell and want to get into intimate touch with the buyers, you can best do it in Carleton County by advertising in The Observer with its 2850 circulation, 90 per cent. of which is distributed in the territory embracing Woodstock north to the county line.

The other thing that the tremendously successful advertising of the Dominion Loan proves is that THE PEOPLE STILL HAVE MONEY. Surprising it is, but it is true.

The Government issued Bonds for \$172,000,000 and it was anticipated that the whole month of October would be required to dispose of them. But BEFORE the bonds were on the market sales of \$72,000,000 had been assumed and before the first week of October had elapsed the issue was over-subscribed to the tune of \$200,000,000! Money in the country? You just bet there is. And buying the bonds didn't send any of it out. All the money is here in Canada yet, ready to make its useful rounds again and again.

Money in Carleton county? Local bond dealers were amazed at the flow of it when the people were offered a good thing when they were offered a good thing by good newspaper advertising.

Mr. Merchant, there is money in Carleton county for YOU. The good people have simply got over their wild orgy of free spending; they have learned caution. Share your prices a bit, offer the people real value in the things they want and COAX THEM OUT OF THE BLUES.

ADVERTISING IN THE OBSERVER WILL DO THE TRICK. TRY IT!

The Observer's advertising service is at YOUR service. Call on phone or write any time of any day and let us talk the matter over.
