THOUSANDS FACING LOSS OF JOBS OWING TO COAL SHORTAGE IN U.S.; WILL NOT BE LOWER MANY TRAINS WILL BE CANCELLED

Lack of Bituminous Coal Has Already Forced Many Large Industries in Western States To Cease Operations -Majority of Strikers Adhere to Decision Not To Accept 14 Per Cent Wage Increase and Are Remaining Away From Mines-Few Men Are Returning to the Mines in Kentucky, Tennessee and Virginia.

Chicago. Dec. 3.—Further disruption workers involved in the walkout. Conditional industry because of the fuel shortage brought about by the strike of bituminous coal miners, was in prospect today. Regional directors of railroads had authority to annul pussenger trains where the public would be least inconvenienced, and many additional manufacturing plants throughout the country faced shutdowns either through exhaustion of their coal supplies or the strict rationing decreed by the fuel additions at the mines today showed no appreciable change from yesterday. There was no indication of an intention to resume production in the great central competitive field, Illinois, Indiana, Western Pennsylvania and Ohio.

As miners' leaders talked of possible extension of the strike to the anthracite fields, there were reports from Indianapolis that the Government had concluded to institute contempt proceedings strict rationing decreed by the fuel ad- cluded to institute contempt proceedings ministrator.

State executives who under appeals from their constituents for aid, have sought ways and means for replenishing the dwindling fuel supply, today virtually were without encouragement as re-garded increased production. Only in ly were without encouragement as regarded increased production. Only in Isolated instances were there reports of a change of front on the part of the miners. Generally the workers adhered to their attitude of remaining away from the mines, until better terms than the 14 per cent wage increase decreed by the Government were fortbeoming.

Government were forthcoming.

A slight ray of hope, however, was found in optimistic reports from operators of the district embracing Southeastern Kentucky, Tennessee and Virginia that the backbone of the strike here had been broken, the return to work of miners at one small mine in Missouri with the statement that they Missouri with the statement that they could not see their neighbors suffer, and adoption by miners of one West Virginla sub-district of a resolution favoring a general return to work under the 14 per cent wage increase "until a satisfactory adjustment is made."

Thousands To Lose Jobs.
On the other hand, cutting off of electric advertising and other non-essential On the other hand, cutting off of electric advertising and other non-essential use of power and fuel, with the added prospects of further curtailment of industry brought to the general public a rather gloomy outlook. Some regional coal directors estimated that with reductions of working staffs already made or threatened, should the strike not be broken immediately, the number of employees thrown out of work would soon surpass several times over the approximately four hundred thousand mine

"There is no official assurance yet that the valuation of the street railway will be completed in time for a vote of the electors to be taken on the matter of the purchase of the road." Mayor Somerville stated today.

The hydro valuators are still working on the road. If the work is to be completed in time it must be turned into the special railway committee before the end of this week, so that that body may consider it and send it to the councit. The special committee will also have to determine whether the valuation is acceptable to the city, and also that the valuation is acceptable to the city, and also that the valuation is acceptable to the city, and also that the valuation is acceptable to the city, and also the street railway accepting the valuation.

PROTOCOL TO PEACE PACT, CONFERENCE IS NOTIFIED

Baron Kurt von Lersner, Head of the German Delegation. Declares His Government Has Decided Not To Sign the **Guarantee That Armistice Terms Will Be Put Into Effect** -Germany's Refusal Brought About, It Is Claimed, by Failure of United States Senate To Ratify Peace Treaty.

Paris, Dec. 3.—Germany has decided not to sign the protocol presented her by the Allies as a condition for putting the peace

paign Interchurch Forward Movement treaty into effect, the peace conference has been notified.

It was larned today that Baron Kurt von Lersner, head of the German delegation here, called on Secretary Dutasta of the conof Huron delivered a stirring address on Monday and told him that Germany had made such a and Rev. J. H. Arnup led the discussion decision.

This attitude is taken as confirming the reports of a sharp reaction in Germany within the last fortnight. Trained observers of German developments have expressed to members of the peace The foreign mission aspect of the movement was ably given by Rev. A. A. Scott of Central India, in an address on "The Call of India." Referring to failure of the United States Senate to ratify the peace treaty.

These observers declare that while the vast majority of the Canada in the forward movement, the Bishop of Huron declared that the Germans, before the senate's adjournment, desired the peace treaty ready been done in a political and milready been done in a political and milready been done in a political and military way in the great war. The churches have recognized that they are one in aim, inspiration and blessing, should be partners in work.

In the Church of England the movement began some fifteen months ago and before it had proceeded very far. those identified with it were deeply impressed by the experiences of the war. It was felt that recognition was due to Ahnighty God for immunity from war conditions in Canada, for the peace of life enjoyed here despised to the commission of the great of the Germans to modify their attitude in resisting the demands of the Allies for indemnity for the sinking of the German fleet at Scapa Flow, recompense for which was provided for in the protocol. The question upon which the German representatives here, however, appear most sensitive is the insistence upon the trial of German officers accused of the commission of crimes in France and Belgium.

Thus far, it is stated, no indications have reached Paris of any disposition on the part of the Germans to modify their attitude

(By Isabel C. Armstrong.) No church in the city would have enough to accommodate he great gathering which assembled it the armories last evening for the pening of the London convention of he United National campaign of the nter-Church Forward Movement.

Approximately 1,000 delegates, Anglian, Baptist, Congregationalist, Metholist and Presbyterian, had arrived the city from all over Western On

Dover to Collingwood, and, in addition,
hundreds upon hundreds of citizens

The hymns sung were those of the
Gipsy Smith mission, which concluded
the previous night; the same choir was
in its place, conducted on this occasion by Rev. G. Q. Warner, with
clarence E. Gilmour at the plano, and
the message delivered was the message

rotherhood of the cross of Jesus Christ."

The spiritual note of the forward movement campaign was insistently ounded by all three speakers, Mayor C. R. Somerville, who performed the tuties of chairman, His Lordship Bishop Farthing of Montreal, and Rev. John MacNeill, D.D., of Toronto. Has the idea gone abroad that the inter-church forward movement is a novement largely for the purpose of realizing vast financial objectives?

Gave Emphatic Negation. Gave Emphatic Negation.

Bishop Farthing gave emphatic nega-tion to this in his statement. "Though would like to see a church free from the carking cares of poverty, a rich church is not my ideal. A church hight pile up millions, yet be impotent o save a soul. Mere money will never save a soul. Don't get materialistic deas into your soul. The powerful church is the church in which people's souls are on fire with love to God, whose lives are consecrated to Christ, and whose daily lives are the expreson of their leve to Christ, and their

In the name of Christ let us renew our consecration to Him and to His service."

Raising the Question.

Rev. John MacNeill, raising the question, "What forward movement of the church will carry this movement for

burch will carry this movement forward?" And he answered it thus: "A movement that will lead to a deep, humble and profound repentance. I don't believe in the power of a church until it is on its knees. We talk of calls to national repentance and corporate confession. In the last analysis, confession and repentance must be in the individual heart of the individual

Facing Biggest Crisis.

"The church today," he continued, "is facing the biggest crisis in centuries, and undertaking in meeting this crisis it be greatest task before her since apostic times.

"We have this tremendous task. We must put the objective in view." He referred to the tremendous unrest of the world, commercial, social, industrial, political, personal, and in religious life. Everything is in a state of flux, and the possibility apparently hopeless of grasping enough truth to hold up. What is the hope of the world in this unrest?

Practical Christianity.
In addition to exercise of a practical Christianity, emphasis was laid by speakers upon the supreme importance of exercise of a militant Christianity, the carrying on of the warefare against the enemies of Christ and righteousness, out of the trenches, over the top, to the attack.
Calling attention to the dauntless faith of the men who fought and suffered and died in the great war in the ultimate triumph of right and inevitable victory, Mayor Somerville declared that it is in the spirit of conquest that the church alliance must carry forward the great movement which had its birth in the war.

Opening his address on "Ideals Before Us in the Forward Movement," Bishop Farthing referred to the fact that he was back in familiar environment,

TRAVELLERS TRYING Commencing shortly after 1 o'clock yesterday afternoon, the first order of business was the examination of several foreign applicants for naturalization papers, by the judge and Crown Attorney J. B. McKillop. Then the members of the grand jury were sworn into office and were finally charged with the fulfillment of their duties by Judge Macbeth. In addressing the jurers, he explained briefly the nature of the three criminal case, and that a part of the grand jury's work was to visit and examine the county jail, asylum and other public institutions and to return to him a report of their tour. examine the county jall, asylum and other public institutions and to return to him a report of their tour.

Crown Attorney McKillop asked the grand Jury to carefully consider the evidence of the crown in the three criminal evases and to return true bills. After the grand jury had retired from the court room the petty jury was sworn into office, and the hearing of the first jury action upon the court list commenced. The number of witnesses proved to be many and the evidence long, for the action occupied the remainder of the afternoon and all of this morning. Just before press time, the counsels addressed the jury, which later retired to consider the evidence, and a verdict had not been announced at press time. The action is that of Charles A. Frank, a farmer of Adelaide Township, vs. R. W. Bogue, a farmer of Westminster Township. The total claim made is for the amount of \$440.

On July 1, while the plaintiff was attending a United Farmers of Ontario picnic at Strathroy, it is alleged that the defendant entered Frank's premises near the Egremont Road and removed 60 rods of wire fencing valued at \$100.

****** A Stubborn Cough Loosens Right Up

his home-made remedy is 8 won der for quick results. Easily and cheaply made.

***** Here is a home-made syrup which millions of people have found to be the most dependable means of breakng up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 bours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this spiendid cough syrup,
pour 2½ ounces of Pinex (50 cents worth) into a 16-oz, bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup.
Lither way, you get 16 ounces—a family supply—of much better cough syrup than you could buy ready-made for five times the money. Keeps perfor five times the money. Keeps per-fectly and children love its pleasant

"Send for the sheriff," rapped out the judge.
Nobody in the courtroom budged.
"Can't I have a bailiff in this court?" asked his lordship.
The bailiff, who was seated near the desk, thereupon got to his feet.
"Now," ordered the judge, "if you hear anyone hereafter refusing to do what I tell him, will you put him out?"
"Yes, sir," was the reply.
Mr. Cassidy having resumed his seat, the incident closed with the bailiff's reply.

DRUG IMPORTATION DECREASED BY HALF SINCE RESTRICTIONS

Says Decisions, If Ratified by Public Health Department Former Official of War Board Gives the Figures.

CONTROL IS IMPROVING

Department Expects Drug Evil To Be Almost Eliminated Before Long.

OTTAWA, Dec. 2.-Interesting figures supplied by the department of public health regarding the importation

plied the remainder of Canada, it was a fact that Montreal holds a quantity altogether out of proportion to its needs, he declared. It was known that in that city a headquarters for the illicit distribution of drugs existed and that a large percentage was smuggled into the United States. That this practice was profitable to the people engaged in the illicit trade was shown by the fact that morphine valued in Montreal at \$12 per ounce was sold in Chicago at \$60. A great deal was taken to Windsor and smuggled across the line there, but many instances were being brought to light of rallway porters taking a few ounces at a time into the States from Montreal.

Very shortly, it is said, the department will have the whole thing well in hand and will be able to trace where every ounce of cocaine goes to. It is becoming increasingly hard for the illicit dealer, and very sho tly the drug evil in Canada will be practically eliminated.

At a meeting of the board of control today the controllers expressed the opinion that there should be public recognition of the bravery of ex-Sergt. John Lowery in the terrible affair at the jail on Saturday morning. After two of his companions had been battered into helplessness by Kowalski Lowery, single-handed, grappled with the infuriated man and subdued him. In doing this he probably prevented the murderer from doing more harm and making his escape.

The board also decided to ask for a complete investigation of the affair. complete investigation of the affair. Some controllers expressed the belief that there was laxity at the jail and criticized the placing of an elderly, unarmed man as a death watch over a criminal so much his superior in physical strength.

Fares of Relatives of Canuck Soldiers

Formerly This Applied Only To Those Who Came After Nov. 11, 1918.

OTTAWA, Dec. 2.-Hitherto the egulations governing free transportaon and refund of passage money to dependents of Canadian soldiers have dependents of Canadian soldiers have only heen applicable in favor of those dependents who sailed from England or any European port for Canada subsequent to the 11th of November, 1918. By the provisions of a recent orderin-council the benefits of these regulations have been extended and made retroactive in favor of all wives, widows and children of Canadian soldiers who returned to Canada prior to the 11th of November, 1918, since the outbreak of the war.

of November, 1918, since the outbreak of the war.

A departmental memorandum dealing with the matter says:

"Forms of application for refund of passage money in accordance with the terms of this order-in-council are obtainable from the assistant directors of pay services in all military districts, or may be had direct from the paymaster-general, Canadian Building, Ottawa, to whom all applications should be forwarded when completed.

"The pay department is prepared to deal promptly with cases governed by the new order-in-council a large number of applications were received on behalf of dependents who returned to canada prior to Nov. 11, 1918. These were carefully listed by the pay department, which was therefore in a position to deal with them immediately the new order-in-council was passed. Within two hours after the new order was received over 1,000 notifications together with forms of application were dispatched to dependents who became entitled to transportation under the regulations. Many claims have been approved and checks will be dispatched immediately."

COUNTY WILL TAKE ROADS QUESTION TO PREMIER DRURY

May Unite With Other Counties To Push Longwood **Road For Provincial** Highway.

"That whereas the County of Middle-sex has spent considerable time and money to show that the Longwood toad from London to Chatham should be the road assumed by the Provincial Government, and whereas we believe every effort should be made to have this road designated provincial highway and built in accordance with the most modern ideas of road construction; "Be it therefore resolved that the warden the chairman of the board of road directors and the county clerks be appointed with power to unite with other municipalities interested, to the

Passed Without Opposition.

This resolution made by Councillor S. Oakes, and seconded by Councillor W. E. Grieves at Tuesday's session of the county council and referred to the board of road directors did not meet with one word of disapproval.

Since the time that all the money was spent to urge the approval by the Government of this proposition a new government had come into power. Mr. Oakes told the council. Some of the members of this new body had been opposed to this scheme, because they were not familiar with the need for better roads. However, in the Government there were a great number of men who were enthusiastically in favor of this scheme, and he was sure that because of these the Legislature would

TAYLOR'S CREAM OF ROSES BERT LYTELL IN "LOM

Bert Lytell again gives proof of his versatility in enacting on the screen the character of Tito Lombardi, proprietor of the smart Fifth avenue shop of "Lombard!, Limited," now showing at the Grand. The story, adapted from the original stage play by Frederic and Fanny Hatton, goes much further than mere characterization. It is one of the most out-of-the-beaten-track romances

seen in many a day, and one that has been excellently produced.

The story of "Lombardi, Limited," revolves about the name—that of a smart modiste's shop, where Tito Lombardi, whose genius in designing women's gowns has at last brought him fame, carried on business in his own temperature. amental way. Mr. Lytell has done won-ders with this part, portraying Lom-bardi with all the Latin enthusiasm and spirit, yet never for a moment striking

a false note.

The supporting cast is excellent, especially Alice Lake, the star's leading wo-man. Besides Miss Lake in the support-ing cast are Juanita Hansen, Vera Lewis, Joseph Kilgour, Thomas Jeffer-son, Thea Talbot, Jean Acker and Ann May.

"Lombardi, Limited," is in every way a supreme entertainment feature than no one can afford to miss. Fatty Arbuckle's screaming comedy, "Never Again," the Pictorial Life and Topics of the Day are the other film features of the program

Arbitrating Jail Question.

Councillor L. McTaggart wanted to know what was being done regarding the agreement between the city and county on the matter of the upkeep of the jail. He was told that each municipality had chosen an arbitrator seek a settlement of the dispute.

There was some doubt as to what course of action the board should take.

Trustee Langford thought the letter should be filed. Trustee Coleridge moved that it be sent to No. 1 committee for consideration. He was seconded by Trustee Edwin Smith, and the motion carried.

Mabel Normand has proved herself an acrobat. She appears in loose-fitting tights and a pair of gorgeously flowered corsets trimmed in rosettes, and walks a tight rope over a woolly, moth-eaten mattress. Then she conducts a circus of her own with all the animal pets of an orphan asylum dressed up as "wild animals."

MITCHELTREE HEARD IN CLEVER PROGRAM AT ANNUAL RECITAL

Large Audience Encores Musician For His Splendid Playing.

The piano recital tendered last night n Cronyn Hall by Thomas Mitcheltree was one of the high marks of the London musical season, and was attended by a large audience. Mr. Mitcheltree appeared in three groups, one of which comprised entirely numbers of his own comprised entirely numbers of his own composition, and a longer number, also his own composition. Throughout the whole program evidence of the creative genius as well as the interpreter was constantly present. The delicate, true fingers of the musician handled the keys as if they were his precious possessions, at times striking firmly and bringing up great volumes of sound, and then hovering over them daintily like fairles' fingers. fairies' fingers.

The Mitcheltree numbers included his

The Mitcheltree numbers included his latest composition, "A Sketch—Elora Falls," which was composed after he returned from a visit there this summer. The musician in this composition brings back to mind the falls as heard from four different angles, and introduces the mill which sings nearby. His delicate and fascinating handling of this subject was received with great enthusiasm by the audience. Two numbers, "Scherzo" and "Romance," completed this group.

Largo Intermezzo Played.

The other Mitcheltree selection was Largo Intermezzo, played by request.

himself in beauty of thought and execu-tion.

Three interesting etudes by Cramer and a Schuman Sonata played with sympathy and finish to med the first group on the program. Mendelssohn's "Fantasia A Minor," with its melting, illusive melodies, the Paderewski Noc-turne in B Flat and "La Bouree," by Lysberg formed another group which Illusive melodies, the Paderewski Nocturne in B Flat and "La Bouree," by Lysberg formed another group which was rendered with skill. Among the encores which the audience would have were two familiar tunes, "I Hear You Calling Me," and "Ye Banks and Braes," with exceedingly beautiful Mitcheltree variations. Mr. Mitcheltree's improvized accompanients tree's improvized accompaniments to several of Miss Anthistle's numbers were also fascinating and altogether delightful.

Interpretation Faultless. Herman J. Brouwer, baritone, appeared in two groups and again gave delight to a London audience. The first group included Brahms, Wagner and Schubert numbers, the final, "A Stormy Morning." being sung with abandon and vigor, bringing out the splendid qualities of Mr. Brouwer's voice. Perhaps his best number, however, was "The Pauper's Drive," by Homer. Here again the song suited the voice and the interpretation was faultless.

the voice and the interpretation was faultless.

"The Lady of Shalott," with Miss Gwendolyn Anthistle as reader and Mr. Mitcheliree improvising at the plano, was one of the most delightful treats of the evening. Both reader and musician seemed to have caught the spirit of the great poet, and were able to convey it to the audience in a not-to-be-forgotten manner. "Mortification o' the Flesh," a humorous selection given by request completed Miss tion of the Fiesh, a numorous selection given by request completed Miss Anthistle's offering, with the exception of two delightful little encores, "The Ride to Bumpville" and "Winkin', Blinkin', Nod" (Eugene Field), the rendering of which Mr. Mitcheltree again caphanced by Improvising at the viere ering of which Mr. Mitcheifree again enhanced by improvising at the piano.
