classifieds

A drive is wanted to Halifax this weekend (March 8th) or next weekend. Will share gas and driving. Call Laura at 455-9091.

One leather sleeved Red and Black U.N.B. Jacket, never worn. Size 40. Phone 454-7008.

One pair of 50 watt (registered) hitachi speakers in excellent condition. Starting price is \$375. (negotiable). Contact Wendy at 453-4559. If not in, please leave a message.

Pioneer car speakers. Excellent condition. Reasonably priced. For more information phone 454-5958.

One queen size bed. Headboards and spring. \$125.00. Phone 454-9817.

One queen size waterbed. Includes mattress, liner, heating pad and frame. \$150.00. Call 455-3256 from 5-6:30 p.m. Monday thru Friday.

One pair of slightly used soccer/football cleats; brand: TYROL; 13 nylon studs on each shoe - used for only 2 months in summer. Asking \$25.00 for them. If interested, call John Geary at 453-4985 during the daytime and 454-5274 after 6:30 p.m.

WANTED TO BUY

Wooden crates of small to medium size. Must be sturdy and not too expensive. Contact Fay at 454-6117 or leave a message if not in.

FOR RENT OR SUBLET

Two bedroom fully furnished and equipped apartment on campus for only \$290.00. Must be students. May 1 - August 26. Phone 454-1748.

Two bedroom apartment to sublet from May 1 to August 31. Furnished, laundry facilities and swimming pool. Rent negotiable. Phone 454-3517.

Large, fully carpeted, two bedroom apartment equipped with fireplace. Centrally located, \$400 per month. Phone 454-7008.

To bedroom furnished apartment in Magee House. May 1 - Sept 1. Rent \$300 per month. Phone 455-2546.

3 bedroom, heated and furnished at 175 Aberdeen Street. For more information call 455-2140 or 457-2432.

Spacious partially furnished 3 bedroom apartment on University Ave. Phone 454-5412 after 5 p.m.

One large bedroom in a spacious apartment, share all facilities. Next to campus on Graham Avenue. May 1 to August 31. Call 455-0166.

3 bedroom fully furnished apartment to sublet. Close to campus, (15 minute walk). For reliable and responsible individuals. Phone 455-0696 Monday to Friday after noon. Available May 1st to June 30th. Option to rent July and Aug.

2 bedroom apartment on Dunn's Crossing Road. May 1 to August 1st. May take over lease. Phone 454-9817.

Spacious bachelor apartment for sublease from April to August with option to take over thereafter. Ideal for couple. Rent \$230 - including hot water and gas for cooking. Location: Chestnut at Albert. 5 minutes from campus and 10 minutes from downtown. If interested call 455-0166.

Large 2 bedroom apartment available to sublet from May 1 to August 30th. Laundry facilities, storage room, sauna and private parking space. 15 minutes walk from UNB. \$360 per month. Call 455-2217.

Large 2 bedroom apartment to sublet from May 1 to August 31. Located on Graham Ave. Fully furnished, laundry facilities and sauna. \$325.00 per month. Call 454-0791.

Bachelor apartment on Dunn's Crossing Road, to be subleased from May 1 to September 1. Furnished if desired. If interested phone 455-3477.

Two bedroom, fully furnished apartment with balcony. Not far from campus. To sublet from May to September. Rent reasonable and negotiable. Phone 454-7160.

Furnished apartment for rent, available April 25. Very close to UNB Campus, laundry, parking facilities. Phone 454-8556 anytime.

APARTMENTS WANTED

I am looking for a centrally located apartment for the summer months. Want a two bedroom, preferably, furnished apartment in the \$200-\$225 per month price range. Call Keith at 455-0896.

MISCELLANEOUS

The ladies of Vanier would like to thank the gentlemen of L.B.R. for the invitation to their Social on Saturday night. We had a lot of fun and a good time. Thanks for thinking of us.

Friends, Romans and Fellow Budding Biologists, lend me your ears. No, it's not dissection time again, it's time for the big earthshaking, biology forum. Up and Coming events include the awards banquet, conversation etc. Meeting this afternoon at 3:00. Science Library Balcony.

MODELS NEEDED

10 girls are needed for a haircutting show to be held in Fredericton on April 29, 1984. If interested please contact one of the employees in the SUB-Hairstyling.

Typing Service - thesis, assignments, reports, resumes, etc. Fast and professional. Reasonable rates (Special Rate for large quantity). Call 455-0166.

8.95
(Plus a small mileage charge)

The Brunswick - in its 119th year, is Canada's oldest official student publication. The Brunswick is published weekly by the UNB Student Union (Inc.). The Brunswick office is located in Room 35, Student Union Building, University of New Brunswick, P. O. Box 4400, Fredericton, N.B. E3B 5A3.

Printed at The Daily Gleaner in Fredericton. Subscriptions \$10.00 per year. Postage paid in cash at the first class rate, permit No. 7. National and local advertising rates available at 453-4974. General phone 453-4983. News line 453-4973.

The Brunswick, for legal purposes, will not print any letter to the editor if it is not properly signed. The Brunswick will, however, withhold names upon request.

Opinions expressed in this newspaper are not necessarily those of the Students' Representative Council or the Administration of the university.

Articles may be freely reprinted, provided proper credit is given.

Senate, Engineering, Arts Reps Elected

By DAVID MAZEROLLE
News Editor

An extremely low voter turnout of only thirteen per cent was a feature of an issueless spring-time SRC election. Three Senate seats were filled by Suzanne Currie with 575 votes, James Ellis with 459 votes, and current SRC Chariman Michael Garvie with 353

votes.

Three Engineering Representatives were chosen from a field of five: Joanne Ellis with 183 votes, former Aitken House President Brian Kingston with 125, and Michael Laaper with 91 votes cast. David Mogilevsky was returned as Arts Rep with 108 votes over his opponents' 29.

A big surprise was the poor showing of incumbent Senator Oliver Koncz, who first gained his seat last year as a cornerstone of the now-defunct Student Party. Election analysts on a CHSR blamed Koncz's woes on his past association with the SP, which students generally hold in disfavour.

All four referendum ques-

tions were passed by student voters. The first, that the SUB Convenience Store be owned and operated by Campus Services Limited (CSL) passed with 73.3% "yes" votes. Proposition 2, that the use of the Aitken Centre be rent-free for CSL-sponsored events was 72% yes. Beaver Foods fared poorly, with the proposal to

have the CSL operate a Food Stall in the SUB Cafeteria and the vending machines on campus passing with 84%, the highest affirmative vote of the four referenda. Football fans will approve of the proposal number four which declared support for the reinstatement of a Football program at UNB.

SUB Board Attempts to Renew Store Lease

By DAVID MAZEROLLE
News Editor

Outgoing SUB Board Chairman Brent Bartley introduced a motion at Wednesday's SUB Board meeting which would give the board the authority to renew the leases of the

Smoke Shoppe, SUB Towne, and the Barbershop for three year terms. The motion was passed with a vote of 4/2/2 before the new SUB Board appointees, Clayton Burns, Michael Garvie and Oliver Koncz were seated.

All three are in favour of Campus Services Limited (CSL) getting the lease for the Smoke Shoppe. Once the three were seated, they introduced a motion to delay the previous motion until the next meeting.

"We've been led down the garden path," said Burns. He feels this issue was not

mentioned in advance of the meeting, and that introducing the motion as the last item of business before the three new members were seated was an attempt to "ram it through" before CSL

could make its proposal for the store. Student Union lawyer Tom Evans pointed out the the motion introduced by Bartley "gave the board the power to renew the leases, but not necessarily carry them out."

Bartley maintains that there was no attempt made to trick the new members, noting the agenda for the meeting given out on Monday, included mention that

a report on the SUB business would be brought to board for acceptance. The report recommended businesses in the SUB with a major investment (equipment & inventory) should be allowed to

sign a three-year, rather than one-year lease. The Smokke Shoppe, SUB Towne and the Barbershop all have a major investment.

SRC President and SUB Board member John Bosnitch stated, "The worst part about the scheme to renew the lease for three years that they tried to do it behind the students' backs, at the very same time that

students were voting by three to one in favour of taking over the store themselves." Bartley said in

a phone interview that he "can't see it working (CSL running the store) on the basis of CSL's past track record." He also stated he was not in favour of the motion to delay until next meeting. Bartley was supported in his motion by SUB Board members from St. Thomas University.

The meeting was a heated one, with Michael Garvie citing irregularities in the performance of the chair. To make his motion, Bartley passed the chair to Vice-Chairman, Dean

Wilson of the Engineering faculty, who, as Garvie maintains, imposed arbitrary time limits on discussion, cut off debate and refused to entertain many points of order. Bartley counters that Bosnitch was

"trying to hinder the process" as the meeting by using too many points of order and other obstructionist tactics.

Bosnitch feels CSL can run the store properly and on a break-even basis. "This is the single most important issue the Student Union has faced in a decade. Either we are going to run decent quality student-run services ourselves or we may as well give up completely." Of those who would prevent CSL from running the store, the ever-quotable Bosnitch said, "Under every rock on this campus, there's a guilting ready to sell out his fellow students to get 'Administration brownie points.' The vast majority of UNB students just aren't stupid enough to swallow that"

Political Perspectives

By R. HUTCHINS

To the citizens of our fine country,
It is with pride and honour that I would like to announce my candidacy for the leadership of the liberal party of Canada.

I am running as a Liberal because like Pierre Trudeau, I too crave immortality, ranking with Zeus and Hercules as ancient pillars of strength.

I chose the party because I am an elitist, set in my ways, and unwilling to change anything that would de-stabilize my authority. I have a vision of Canada being a land without unions and journalists, a haven for conformists.

I have chosen to use traditional slogans like "Vote For Change" or "Look To The Future", this way I can hide the real party platform and its present downfalls.

I am very well read in the ways of western Canadians since my library includes the entire Louis L'Amour collection. This will help me to deal with their frontier spirit and stubbornness. Of course, no man can be Prime-Minister without a knowledge of Atlantic Canada. I am happy to say I listen to Hank Snow and once caught a fish while vacationing in Georgian Bay.

Some people can say being from Ontario can alienate the voters elsewhere. I am not worried however, because most of the seats are right here in Central Canada. I'll do what I can to help other Canadians but you know the old saying "Old habits are hard to break."

My official platform in regards to special interest groups is as such:

1) I support the total freeze of all nuclear armaments testing on Canadian soil.

(This way we can take the heat off of Canada's armaments industry and sell more arms elsewhere, at the same time appearing pious and clean as true Canadians.)

2) I propose a plan that will balance our budget and lead to economic recovery.

(Although social security benefits, student loans, welfare, old age pensions and deductibles will all be deleted, my budget will cut taxes for higher income Canadians and lead to more spending amongst this group. If they are happy then many Peter C. Newman will write a book about me.

3) I support a bilingual Canada.

(This way the French and English can get together and outnumber the native peoples and other ethnics, reinforcing their control over all Canadians.)

4) Stricter Environmental controls to combat acid rain and industrial waste.

(This measure will stop the 15% of polluters located on the Canadian side of the boarder and keep the Americans happy because they will be able to do a feasibility study for the next 10 years on whether or not our government's measures have been effective in combating pollution.)

As you can see I know the issues! If you are a conservative Canadian, worried about some radical change in policy or trend that might offend the Americans don't worry, I promise not to change a thing. In fact, I found out that Ronald Regan is a fan of Louis L'Amour, so we'll probably be good buddies.

Please vote for me if your are a delegate. If I get less than 5 votes on the first ballot I promise to stroll the floor of the Convention Centre gracefully over to John Turner and pull out of the race. I will tell my delegates that he is the man they must now follow, then nonchalantly ask if I might be able to act as his humble servant and party official.

I challenge all Canadians to sit down and accept the way things are, who needs a change anyway?

I will be speaking at the Zealand Community Centre next week on Thursday. Dick Stacey's travelling road show will be with me so come out and listen to a couple of "the good old boys."

The people's candidate,
Harry Rednecker
1796 Bay Street
Toronto, Ontario

PROCTERS MENS RESIDENCE 1984 - 85

Applications forms are now available in the Men's Residence Office.

CO - ED HOUSE(S)

Application are invited from female students for one or two position as procter in co-educational areas that may be set up for 1984 - 85 in the current men's Residence System, depending on demand. Forms are available in the Men's Residence Office

Female students who would be interested in living in an on-campus co-educational house (with a compulsory meal plan) may apply or direct inquires to:

J. Robert Smith
Dean of Men's Residence
P.O. Box 4400
University of New Brunswick,
Fredericton, N.B.
E3B 5A3
Tel. 453-4858

DEADLINE: MARCH 16, 1984

The New E.U.S.

In 1982, the Engineering Undergraduate Society was completely restructured in order to assure its survival. Up until this change, the E.U.S. was mainly run independently from the other engineering societies. What happened was a lack of interest by the students to join the E.U.S. after having joined their own society. The E.U.S. suffered as it could not offer the services and organize the activities it used to.

The E.U.S. Constitution states that "the purpose of the E.U.S. shall be to recognize, represent and deal with matters of general or particular interest to its membership." Furthermore, "the objective of the E.U.S. shall be a) to promote higher professional standards and increased interest toward the Engineering Profession; b) the exchange of ideas and the promotion of good fellowship between the E.U.S. and other Engineering groups and societies in Canada; c) the promotion and sponsoring of social functions in order to provide a congenial medium of acquaintance among its members; and d) through cooperation and liaison with the University to promote and sponsor interest in the Science of

Engineering and in the Engineering Profession among high school students and others."

The E.U.S. was restructured to take the form of an umbrella organization overseeing the seven constituent societies which are: Chemical, Civil, Electrical, Forest, Geological, Mechanical, and Survey Engineering. The elected executive of each of these constituent societies have a seat on the E.U.S. Council. The E.U.S. Executive consists of the Chairman, Vice-Chairman, Comptroller, Internal Secretary, and External Secretary. This Executive is elected from and by the members of the E.U.S. Council.

This new arrangement assures communication and cooperation between the constituent societies and unites the engineering body as a whole.

Some of the events planned by the E.U.S. for next year are a Smoker, movies every second week, Engineering Week '84, and a revival of the Godivan, the official U.N.B. Engineering newspaper. Also remember there are events planned by your constituent society such as field trips, movies, sports, guest lecturers, and trips to conferences.

making all of the activities mentioned above happen. The elections to choose the executives of all engineering societies are coming up very soon. Every engineering student has a chance to choose who will be on the E.U.S. Council and every engineering student has a chance to run for a position during these elections. Get involved and participate. The people you elect will be the people

The elections to choose the executives of all engineering students to go out and vote during these elections.

If you have any questions or suggestions for the E.U.S., just drop by our office in room 228, in the old part of Head Hall at noon Monday to Friday. We'll be happy to answer any ques-

tion or listen to any suggestions you may have.

There will be an Engineering Night at the Arms with the Nurses on Thursday, March 15th starting at 5:00 p.m. \$3.00-Steak plus 2 drinks or \$2.00-Spaghetti plus 2 drinks and 3 for the price of 2 all night. Bring your membership card.

Bridge is Still Standing

By BARRY PARKINSON
Brunswickan Staff

Much to the surprise and perhaps delight of many, the Carleton St. Bridge is still standing. The Citizens Bridge Study Committee has, therefore, had the time to conduct an engineering survey of the bridge.

It was found that the bridge was in fact quite safe and that the cost of converting it into a pedestrian walk-way (with potential commercial and cultural uses) was comparable to the cost of removing the superstructure and the pillars. The present contract with Beaver Marine does not include removal of the pillars.

Armed with this information, members of the com-

mittee met with the premier last week. Barb Durling, the head of the committee, said that Premier Hatfield seemed very open to their point-of-view. She also noted that the work Beaver Marine has done thus far (such as removing the asphalt road surface) are necessary for the bridge conversion.

Aside from being used as a pedestrian/cyclist crossing, the bridge, it has been suggested, could be used for ice sculpture contests, an open air market/craft fair, a tourist office outlet an outdoor café and a site for concerts and plays. It is also thought that a wharf could be built alongside the last pier.

Funding for the project would come from various

provincial, federal and private sources, including a possible \$15,000 per year from N.B. Power. (N.B. Power no longer considers the power lines which were carried on the bridge necessary to their system. As such, the corporation has adopted a "wait-and-see" attitude.)

Recently, petitions calling for the halt of demolition work were circulated around the city. Approximately 1000 signatures were collected.

The government has made no moves, as of yet, towards ending the contract with Beaver Marine and so work is continuing.

TM Lecture set for Next Week

By BARRY PARKINSON
Brunswickan Staff

TM, Unified Field, the Maharishi Technology, Vedic Science-if you're ever wondered what these are all about, your chance is coming next week. On March 14th and 15th, four experts in transcendental meditation are presently touring the region will give a presentation on the subject.

For the individual, TM offers an opening of consciousness, access to the untapped resources of the mind. What its supporters also claim, however, is that when a large group of practitioners converge at one point (approximately the square root of 1% of the population of any given area), the coherence of their brain waves, results in a general improvement in the regional state-of-affairs.

Maharishi Mahesh

Yogi

There will be two TM lectures in Fredericton. They will be held at the Wandlyn (14 March, 7:30) and in Room 105 of MacLaggan Hall (15 March, 7:30). Admission is free and all are welcome.

UNB and UMO make Exchange

It has been 16 years since UNB and the University of Maine at Orono created an exchange program of study for student at the two institutions. Now, with funding of \$47,148 from the U.S. Information Agency, a three-year faculty exchange program has been established between the two institutions.

The program will focus on the environmental sciences, such as biology, forestry and geology, and related public policy fields, like economics and education. The funding, which extends through 1985-86, will provide travel and per diem costs, salary supplements, and research and instructional initiation stipends.

Six joint projects have been approved for 1983-84.

UNB forest resources professor E. Kris Morgenstern

will collaborate with K.K. Carter, a geneticist in the forestry department at UMO, on two studies of the tamarack in New Brunswick and Maine. The two studies, valued at \$2,290, will analyze the genetic and ecological differences between the trees grown in Maine and those grown in New Brunswick. The tamarack, which grows very fast, has potential as a commercial forest product but the species does not now produce enough seeds to allow wide-spread planting.

J. Thomas Morrisey, a specialist in elementary education at UNB, will join forces with his counterpart at UMO, Lloyd H. Barrow, to conduct a survey on the attitudes toward energy conservation among grade nine and ten students in both Maine and New Brunswick.

Dr. Morrisey hopes the results will show that N.B. students, whose science program has an environmental thrust, are more aware of the need to conserve our resources.

Their study is funded for \$840.

M.D.B. Burt, chairman of the UNB biology department is involved in two projects with UMO zoologist Seth Tyler. The first, a series of exchange visits funded for \$725, will enable Drs. Burt and Tyler to pool their knowledge and co-author a paper on *turbellaria*, a type of flatworm that infests fish.

Their second project is a joint field course on marine parasitology at the Huntsman Marine Laboratory in St. Andrews, N.B. in July. Funding of \$3,422 will cover the non-tuition expenses of the introductory course.

Sign Language Workshop Slated For Saturday

Last summer, recognizing the need to communicate with the province's 40,000 hearing-impaired persons, the University of New Brunswick in Fredericton developed a training program in American Sign Language (ASL). Assisted by the N.B. Coordinating Council on Deafness, UNB has so far offered four introductory and intermediate level courses in ASL, a sophisticated system of hand, body and facial movements which convey ideas, thoughts, stories and concepts to the deaf.

On Saturday, March 10, as another part of its sign language education program, UNB will host a one-day workshop called "American Sign Language: Its Roots and Significance to the Deaf Culture." Laura Petitto, professor of psychology at McGill University, will lead the session with Montreal interpreters Donna Vann and Janet Jamieson, who is originally from Fredericton.

Designed for any person who is deaf or lives or

works with the deaf--particularly relatives, educators, counsellors and medical personnel--the workshop will explore the roots and development of ASL, how it is "spoken" and its importance to the deaf. Prior knowledge of ASL is not required.

Information and registration forms can be obtained from the UNB department of extension and summer session at UNB Fredericton.

The workshop is sponsored by the Secretary of State.

Dr. Petitto is a leading expert on ASL in North America. Her research on the deaf and their acquisition of language spans 10 years with such distinguished organizations as the Salk Institute for Biological Studies, Harvard University, Gallaudet College for the Deaf and the Brooklyn Developmental Center. In addition to her work at McGill University, Dr. Petitto has also taught at Harvard and the New York Society for the Deaf. She is in demand worldwide as a

speaker and teacher.

Dr. Petitto received an undergraduate degree in psychology from Ramapo State College in New Jersey in 1975 and continued her studies at the University of California at San Diego. She earned an MA from New York University's Deafness Research and Training Center and an MA and PhD from Harvard University.

Janet Jamieson, who will accompany Dr. Petitto from McGill, will serve as inter-

preter for the deaf persons attending the workshop. Ms. Jamieson graduated

from UNB in 1976 with a BA in psychology and French. She continued her training

in speech training at the University of Western Ontario and studied counselling of the deaf at Gallaudet College. She is currently conducting a study of the

deaf in Canada at the Mackay Centre at McGill.

She is the daughter of Mrs. Lloyd Jamieson of Fredericton.

CAMPUS SPECIAL

Elderhostel Hosted by UNB for 5th Year

Elderhostel, the learning adventure for citizens over 60 on the move, will be hosted by UNB for the fifth consecutive year. One of the first Canadian universities to join the program, UNB is now the national headquarters for Elderhostel Canada serving all residents in Canada.

People over 60 years of age and their spouses and companions are eligible to participate in the program. Enjoyment, enrichment, and travel are the goals of this low-cost, short-term experience. Participants spend a week at the institution of their choice, living modestly in the university or school residences, din-

ing with other participants, and attending a variety of classes. There is no grading for work and there are no entrance requirements other than an adventurous spirit.

Elderhostelers may choose from among programs offered at over 700 colleges, universities, independent schools, folk schools and other educational institutions in all 50 U.S. states, 39 institutions across Canada, as well as, Denmark, Sweden, Finland, Norway, France, Israel, Italy and Great Britain.

This year for the first time, Elderhostel has arranged, in cooperation with the American and Canadian

Library Associations, to have a special, more durable version of their 1984 Winter/Spring and Overseas Catalog placed in every public library in over 17,000 main and branch libraries in Canada and the United States. The Elderhostel Canadian Catalog is also available in Canadian libraries.

The University of New Brunswick's Elderhostel program this year focusses on New Brunswick's heritage in recognition of New Brunswick's 1984 Bicentennial. Two one-week sessions, July 8-14 and July 15-21, will be offered with the same course offerings at both sessions.

The course "In Search of Your Ancestors", will take advantage of an opportunity to learn or continue to reconstruct family history and heritage. In "The Literature of Atlantic Canada," the rich heritage of Atlantic provinces and especially of New Brunswick will be explored. The third course, "The Loyalist Connection," considers the U.S.A. Loyalist influence on life in New Brunswick and the development of north/south ties.

Enrolment for each session is limited. A program charge of \$190.00 covers the tuition and room and board. To make the opportunities for registration as equal as

possible for everyone, a uniform registration date, March 9, has been set. Registrations for the program here and throughout

Canada already received will be assigned on that date and registration received thereafter will be

processed on a first-come, first-served basis until all sessions are filled.

Information and the Elderhostel Canadian program catalog can be obtained by writing Elderhostel Canada, P.O. box 4400, Fredericton N.B., E3B 5A3 or by phoning (506) 453-4577.

University of New Brunswick President James Downey recently received a donation of \$100 to the Third Century Fund from Paul Sparling (left), president of the UNB Business Society, and Pierre Grandmason, a representative of the Engineering Undergraduate Society. The money was raised by the First Annual Challenge Cup hockey game played between the all-star teams of the two faculties on January 29. The engineers won, 7-4. Mr. Sparling is a fourth-year BBA student from Fredericton. Mr. Grandmason, a fifth-year mechanical engineer, is from Edmundston, N.B. The students hope the annual event will boost school spirit.

How to Quit Worrying and Learn to Survive the Next "Great Quake"

George G. Garland, a Canadian geophysicist internationally known for his understanding of earth science, will deliver the 1984 Dineen Memorial Lectures at the University of New Brunswick in Fredericton.

On Monday, March 12, at 2:30 p.m., Dr. Garland will discuss "Modern Ideas on Isostasy and Tectonic Plate Bending From Gravity Data." To be held in the Dineen Auditorium, Head Hall, this technical lecture will focus on scientific approaches to the forces that shape the earth's crust.

That evening, at 8:00 a.m., in the Dineen Auditorium, Dr. Garland will speak on "Earthquake Prediction: Fact of Fiction?" This general interest lecture will describe science's ability to predict such potentially dangerous phenomena as earthquakes, volcanoes and storm surges. He will analyze the uses of such devices as satellites and radioastronomy in detecting changes in the earth's crust.

Both lectures are open to the university community and the general public.

Professor of geophysics at the University of Toronto, Dr. Garland has travelled the world studying the ef-

fects of gravity, magnetic disturbances, continental drift, heat flow and the earth's crust. He is the author of numerous books and publications on these topics.

Dr. Garland is currently the president of the Academy of Science of the Royal Society of Canada, and from 1979 to 1983 was president of the International Union of Geodesy and Geophysics, the world's most respected organization of earth scientists.

Dr. Garland holds a B.A.Sc. in engineering physics and an M.A. in geophysics from the University of Toronto. He received a Ph.D. in geophysics from the University of St. Louis. He taught at the Dominion Observatory in Ottawa and at the University of Alberta before joining the U of T faculty in 1963.

The lecture series, inaugurated in 1980 to honor the former engineering professor and UNB president, James O. Dineen, is sponsored by the university administration and the Associated Alumni of UNB.

Having a Pub, Movie or other social event?

Why not come to the Bruns and have a custom poster designed?

\$\$\$\$\$\$\$\$\$\$\$\$

Do you want a special booklet or pamphlet designed and prepared for the press?

- These materials are available to you at a reasonable price.
- The posters can be designed within 24 hours and can include photo's or your organizations logo.

They can help you make more money

editorial

Fee increase needed

At the last SRC Meeting a resolution to have a referendum on raising the SRC fees was narrowly defeated. Had the full number of councillors been present it would likely have passed. Without the voluntary \$10 levy tacked on to the fees this year they are at \$30. This is the level they have been at for nearly twenty-five years, excepting a few temporary increases over the years, this year's \$10 3CF levy and last year's \$10 entertainment fee being just two examples.

Before its recent changes, the Administrative Board generally felt there was a need for an increase in fees. Each year the amount of money available to the union, in real dollars is decreasing. With the yearly rise in inflation, the dollars available are being devalued. Fixed costs (money spent on salaried employees, etc) have gone up astronomically so the money left to the union to allocate to the various organizations has to be decreasing.

In recent years it has not been too bad because we have been decreasing the number of union employees. This year, however, the bookkeeper of the Student Union has been made a full-time job, as it should be. It should be obvious that we cannot continue to drop employees from the payroll to offset the decreasing amounts of funds going to the clubs and organizations. The groups that feel the pinch more than any others are the foreign students associations. Is it fair that they should have to bare the brunt of the diminishing funds?

It should be noted that our union boasts one of the lowest SRC fees. The average is \$50-60, compared to our \$30.

What could be done with an increase in fees? For one thing, the foreign students would be able to get a better deal when it came to budgeting. Every club and organization would be able to improve the service it provides the students and new clubs would find it easier to get funding.

There have been a couple of arguments against the fee increase and we would like to deal with those now. The first is that we could raise the money through services such as CSL and entertainment. At the risk of once again offending those who work so diligently on CSL it should be noted the Student Union has consistently lost money through these services. This would obviously have to change before this idea was feasible. The constant and unavoidable changes in personnel due to elections makes this somewhat difficult. It may take up to ten years to improve this before we can seriously look at this as a viable alternative. Any money coming in from the services would have to cover the losses of CSL. Once they start making a profit this extra money could go to the Student Union.

The second argument is students will not go for it. This has to be the most ludicrous argument ever conceived. We have seen in the last two years that students will indeed approve of a fee increase. The fact that they will benefit directly and not just some descendent of theirs should make the proposal even more attractive.

Although it is nice to boast of having the same fees as we had in the sixties it is about time the UNB Student Union saw the light and joined the eighties. We need a fee increase and now is the time to do it.

Election lacked interest

A short commentary on the recent SRC election (that is about all they deserve). The 13 per cent voter turnout is very disappointing but then there was plenty about this election that accounts for the lack of excitement. Of all the faculties seats up for grabs only two were contested. It is an unfortunate fact of election life that the senate seats just do not create that much interest. So it is understandable the turnout would be low.

Another reason could be that the four referendum questions were quite vague. Proposition four, though admirable in intent, is completely useless. Even if students did vote in favor of it there are far too many questions left unanswered. It is impossible to vote for or against the proposition without information on just how the football program will be paid for.

Proposition 3 is impossible to answer with a simple yes or no because there are 3 questions in the one. We will not even talk about the use of the word "monopoly" which, with all its connotations of something undesirable, urges the voter to vote in favor of the question.

Of course, it could be argued the editorial of last week ("40 reasons for being apathetic") is responsible for the poor turnout at the polls. If, however, there are any students who actually used the reasons as excuses for not voting there is not much that can be said for their grasp on reality.

mugwump journal

BY DEBORAH GENEAU

I am going to complain about something this week that has been bugging me for a long, long time. It is the cafeteria in the Sub. EVERY time I go in there I get mad. I get mad for a number of reasons.

I don't like the fact that I'm forced to eat grease for dinner (you may call it supper, I call it dinner). True, if I don't like it, I can bring my own food or I can have canned soup or wrapped sandwiches. I can also have a salad plate. The sandwiches and salad plates are, in my opinion, outrageously overpriced.

The cafeteria is there to provide a service. What kind of service are they providing if I feel forced to bring my own food rather than eat greasy fries? Why is only one booth operating during supertime? Why can't the salad bar be open, say from 4:30 to 6:30? At least that would give the students an alternative.

Why can't specials be offered at supertime? A REAL dinner with milk, bread and vegetables included? A meal including something from all four food groups and how about all this at a REASONABLE cost?

I am also sick and tired of listening to the staff bicker and argue between themselves while they screw up on orders. I filled out one of those questionnaires when they were circulating. So what? Nothing's changed.

☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆

More on the infamous cafeteria. Whoever rigged up the firecrackers and timer under one of the tables in the cafeteria should have their butts kicked. It's not funny. Just imagine how the people sitting at that table must have felt. Deliberate malice designed for the entertainment of a few (or single) warped individuals is no laughing matter. What was the point? I suppose you think yourselves smart. Grey was so right when he wrote "a little learning is a dangerous thing."

☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆

March. We seem to have once again made it through those February blues. The administration has tossed around the idea of eliminating the March Break but I think that would be a mistake. Most people I talked to during the break were experiencing a lot of the same emotions. People tend to get depressed and discouraged during this time-maybe it's the weather. Who knows? The March Break occurs at an emotionally crucial time of year. It should be protected if only for that reason. Anyway only four weeks of classes left. I'm getting anxious for the summer time. Final exam schedules do that to me.

☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆

I'd like to congratulate the Red Devil's on their game Saturday. Way to go guys! And would you believe it? Crowd turn out at the game on Saturday was overwhelming. UNB is hosting the Eastern Regionals this weekend. The Red Devils are playing against Toronto tomorrow and Sunday at the Aitken Centre. I wish the Red Devils and Coach Don McAdam success this weekend. It's wonderful to see that such a thing as school spirit still exists.

☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆

Only 13 per cent of the student population voted in the election on Wednesday. Apathy lives! This, however, is the lowest percentage of voter turnout in the last three years. Great stuff! I mean that sincerely. Does this mean people actually read Bruns editorials?

☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆☆

Well kiddies, I must sign off before I begin rambling. I won't bother commenting on the election since it seems no one really cares. Bye bye sports fans!

soundoff

Students face uncertain future

Dear Sir:

No prior generation of university students has faced a future which as uncertain and unstable as that which stretches before us today. In the midst of escalating tension the world over, bleak economic conditions, and the breakdown of the family unit and traditional moral values, the questions we as young people have are staggering, and the answers elusive.

I write this letter to aid those who may be seeking answers, and are considering doing this from a religious perspective. Many university students are frustrated, and understandably so, with traditional manifestations of religious experience within the framework of the church. Over the next few weeks we will have an opportunity for exploring what it means to believe through the unique format of Forum on Faith. This is a series of informal, provocative, and stimulating sessions dealing

with the topic "My Personal Theology." Each week, a new perspective will be offered by a wide variety of speakers, including a psychologist, a philosopher, an activist, and members of the clergy. What makes this opportunity unique is the format in which it is presented. After a twenty minute presentation, there follows an animated forty minutes of discussion, debate, and questioning in which those who attend are challenged to take an active role in the evening. There is no preaching, no lessons, no singing. Forum on Faith is a mature, intellectual approach to religion.

If anyone is interested, the meetings are held on Sunday evenings, 7:30, in the Lower Parlor of St. Paul's United church, corner of York and George Streets. It would be an unfortunate mistake for anyone to shun this opportunity simply because it takes place in a church. Forum on Faith could easily have been held

anywhere because the value of the evening lies within the group which chooses to participate. A core of six persons has been involved in the planning of these sessions, led by Rev.

Bill Randall of St. Paul's. Also included is a fourth year UNB student, Lisa Mosher (B. Arts). The eight week series beginning on Feb. 19, ends with a session led by Rev. Rod Sykes, PhD

(Oxford) which deals with "Working Out Your Own Theology." I feel it is important for people to know that this experience is available to those who could benefit from it.

Do you have a favorite mnemonic?

Dear Editor:

As a student of U.B.C. (L.L.B. 1960) I became interested in any means of lightening my work load, and happened upon the

study of mnemonics. This study concerns the science of memory. It has occurred

to me that many students, including my own children, would benefit from a book on the subject. I would be grateful, therefore, if your readers would drop a line or

a post card containing their favorite mnemonic. By this I mean a "memory crutch" such as the one known to all students of music, VIZ:

F.A.C.E. being the key signatures of the treble clef. Students of geology will recognize the mnemonic for the Moh's Scale of hardness

of minerals, VIZ: Toronto Girls Can Fight and Other Queer Things Can Do, which is a memory device to

enable geologists to remember the relative hardness of minerals which are as follows:

T alc
G ypsium
C calcite
F feldspar
A amphibole
O orthoclase
Q quartz
T titanium
C corundum
D diamond

If your readers would care to send me their favorite mnemonic together with any knowledge of its author, I shall do my best to give credit where credit is due.

Respectfully yours,
W. Grant Hughes

Re: John Geary

And yet another letter

Dear "Lady of McLeod":

In reply to your letter of March 2, ("Says it all") if you read my letter carefully,

you will glean from its contents that I AM NOT defending my article. I am using it as a platform from which

to launch a rebuttal to the poorly drafted and somewhat libelous letter;

and more importantly, an attack on an ATTITUDE which exists in our society which I find unfortunate and

narrow-minded: the negative labelling of anything which differs from our own personal tastes. I

sincerely suggest you re-read the letter carefully, and if you still can't find

these arguments within its contents, you would be doing yourself a favor by sign-

ing up for PHIL 1053: An Introduction to Logic, next semester. Perhaps then you

will learn how to extract relevant points of information from written material,

which you seem to have trouble doing, at present.

One final word to you: I don't have a lot of respect for people who refuse to

sign their name to letters, instead, hiding behind a pseudonym such as you used.

Now, to the gentleman who wrote about our attitudes towards sex, in last

week's paper: while I don't agree with a lot of your views, I certainly have no argument with you presenting them; and I also applaud the mature, rational

manner in which you presented them. More power to you!

Sincerely,
John Geary

Last donation

Dear Editor:

On Friday, March 2nd, in the evening, I parked my bicycle against the wall (outside) of the Harriet Irving Library. When I returned, I found it lying on the icy slope thirty feet away. It was damaged and had to be taken to a repair shop (\$19.80).

This was my reward for my recent donation (\$1,000) to a UNB scholarship fund, -my LAST such donation.

Yours respectfully
Rolf Sick

upcomin'

FRIDAY, MARCH 9

SUICIDE will be discussed at Inter-Varsity Christian Fellowship at 7:30 p.m. in the Tartan Lounge, Alumni Memorial Building. All are welcome.

SATURDAY, MARCH 10

Malaysian Cultural in the SUB Ballroom. Programmes are Cultural shows and dances. Exhibition is at 6:30 p.m. and dinner is served at 7:30. Tickets are available at the SUB information office and the overseas student advisor's office at the Alumni Building. MSS members \$3.50, non members \$5.00, Children \$2.00.

UNB will host a one day workshop on "American Sign Language: Its Roots and Significance To The Deaf Culture" from 9:00 a.m. to 3:30 p.m. in MacLaggan Hall. Of interest to all those who live or work with the deaf, the workshop will be conducted by Laura Petitto, a sign language expert who teaches at McGill University. Registration fee is \$20. Enrolment is limited. Contact the UNB Department of Extension and Summer Session at 453-4646 for details.

SUNDAY, MARCH 11

The Fredericton Motorsport Club will be holding a Car Slalom, at 1:00 p.m. at the Regent Mall Parking Lot. New Competitors are always welcome to test their skill. Registration fees are \$2.00 for members and \$3.00 for non-members.

MONDAY, MARCH 12

The second in the series of popular movies dealing with Nuclear Tension 'Failsafe' will be held at 8 p.m. in the Tilley Hall Auditorium. Tickets are \$2. and are available at the door. This mini film series is jointly sponsored by Voice of Women and the UNB Film Society.

George G. Garland, a Canadian geophysicist, will deliver the 1984 Dineen Memorial Lectures at the Dineen Auditorium in Head Hall.

At 2:30 p.m. Dr. Garland will discuss "Modern Ideas on Isostasy and Lectonic Plate Bending from Gravity Data." At 8:00 p.m., he will speak on "Earthquake Prediction: Fact or Fiction?" The public is invited to each lecture. Admission is free.

Dr. Garland is a professor of geophysics at the University of Toronto.

TUESDAY, MARCH 13

Beginning today and running for two hours at a stretch over six consecutive Tuesday evenings, Fredericton accountant Bruce Lunergan will be teaching a short course in managerial accounting for small business. For further information call the UNB Department of Extension at 453-4646, between 8:30 a.m. and 9:00 p.m. Monday through Thursday, or before 5:00 p.m. on Friday. The course fee is sixty dollars, and you are asked to pre-register in Room 121, MacLaggan Hall.

WEDNESDAY, MARCH 14

A University of Alberta Professor recently involved in administrative reorganization of the City of Edmonton will lecture on "The Politics of Planning" at UNB.

Royston Greenwood of the department of organizational analysis, University of Alberta, will speak at 7:30 p.m. in Head Hall, Room C-11. The public is invited to attend. Admission is free.

'Harry and Son' fails to communicate

By WILLIAM CLAIRE
Brunswickan Staff

What we have here is a failure to communicate. Father Harry (Paul Newman) is a gruff, hostile crane operator on a demolition team; son Howard (Robbie Benson) is a sensitive, idealistic would-be writer.

Harry & Son is almost *Terms of Endearment* -- *The Male Version*. Father and son don't understand each other. Harry wants his son to get a job and accept adult responsibilities, "to feel the heat .. to see the light." Howard wants his father to discover the lighter side of life, to learn that work is not the only reason for living.

In the end, each gets his wish. Father and son learn to appreciate one another's values. And doesn't the audience know it! Newman, who directed, starred, co-produced and co-authored the screenplay, leaves nothing to the imagination.

The author's message is repeatedly trotted out in the relationships between father and son, Howard and his pregnant ex-girl friend, Katie (Ellen Barkin), Harry and Katie's mother (Joanne Woodward), mother and daughter, and Howard and an unemployed black man (Ossie Davis). The message is also underscored by Harry during his 'self-discovery': I should have just let things happen; I've missed a lot; I'd better shut up or I'll start enjoying myself.

Harry & Son seems more of a conceptual exploration on Newman's part. Many intriguing ideas are hinted at; none are effectively resolved.

This film is Newman's third consecutive attempt to address the relationship between a man and his job. In *The Verdict*, he was a washed-up lawyer fighting for self-respect. *Absence of Malice* saw him as a self-employed businessman whose life work is destroyed; as Harry, Newman portrays a unionized, blue collar worker fired from his job for health reasons and unable to find new work.

Newman's pre-occupation with story-line tangents sacrifices depth of character for complexity of plot. This trade-off results in over-sentimentality (Benson excels at this) and a meandering thematic development.

The book on which *Harry & Son* is based had neither mother nor daughter. Although the performances of Woodward and Barkin are strong points, the characters add very little to the exploration of the central father-son relationship and could have been eliminated. Encounters father and son have with the secretary who gets off on the sound of a camera motor drive are extraneous and contrived.

Newman is a talented director, as he has demonstrated in *Rachel, Rachel*, *The Effect of Gamma Rays on Man-in-the-Moon Marigolds* and *The Shadow Box*. He is too involved in other aspects of this film to direct competently. He has said another actor was initially supposed to portray Harry. If someone else had taken the role, Newman could have been more objective about his work and might have turned out a better picture.

BLAME IT ON BROOKE
--The main attraction of *Blame It On Rio* is Michelle Johnson, a 17-year-old model. She is the spitting image of Brooke Shields from the neck up and is much more lavishly constructed from the neck down. Unfortunately, Shields and Johnson are undoubtedly equals in the acting department. Neither of them can do it.

Blame It On Rio is a comedy about a middle-aged man (Michael Caine) who falls for Jennifer (Johnson), the daughter of his best friend (Joseph Bologna) during their vacation in Rio de Janeiro.

Caine is absolutely laconic (he probably saw

Harry (Paul Newman, right) and son (Robbie Benson): *Terms of Endearment - The Male Version*.

the daily rushes); Bologna is hopped-up but unbelievable.

Likely heavily financed by the Rio de Janeiro Board of Trade and Brazilian department of Tourism, *Blame It On Rio* features blue waters, sandy beaches, exotic hideaways, tourist night life and, most importantly, young lovelies prancing topless through the sand, our amply endowed starlet included.

Director Stanley Donen has groused recently that the cultural taboo of an older man having an affair with a young girl is the reason for the film's poor critical success. Not so,

Stanley. That topic is dealt with only on the surface and seems to be more of an excuse for Johnson to bare her breasts or walk around in outfits leaving very little to the imagination.

And the comedy? Larry Gelbart, executive producer and co-script writer, can't save this one, despite his triumphs with *Tootsie* and 97 episodes of *M*A*S*H*. A spraying of Gelbart's cynical, witty one-liners is evident, but they are not

enough. The rest of the script is mere padding. More importantly, Bologna's delivery of most Gelbart lines lacks the

lightning sarcasm of Alan Alda, while his performance lacks the energy of his comedy-show host in *My Favorite Year*.

Mainly, the problem is pacing. Too many pauses in the dialogue. Two instances where the thrust and parry vital to comedy succeed are the confession scene where Jennifer tells her father that she has an older lover, and the bedroom fight between the two fathers. The former is ruined by Johnson's total lack of acting ability; the latter is funny, but is too close to the end of the picture to save the film.

Blame it on the exploitation of women.

Stratford season opens June 10

The full team of directors, designers and composers is not in place and ready to create theatrical excitement at the Stratford Festival in 1984. That is part of additional casting news announced recently by Artistic Director John Hirsch.

The Festival Theatre

season opens June 10 with *A Midsummer Night's Dream*. William Shakespeare's delightful celebration of romance and magic. John Hirsch will direct with design by Desmond Heeley, lighting by Michael J. Whitfield and music by Harry Somers.

Beethoven concerts being recorded

CBC Radio Music, in cooperation with CBC Enterprises, is recording all five Beethoven piano concertos with the Toronto Symphony, Maestro Andrew Davis and acclaimed Beethoven interpreter, pianist Anto Kuerti, as part of its connoisseur SM 500 label.

The works will be issued as a box set in October together with the Fantasy for piano, orchestra and chorus, involving the Toronto Mendelssohn Choir. Digital recording, by producer Anton Kwiatkowski and engineer Ed Marshall, will take place between this February and June.

It has been more than a decade since Anton Kuerti began to make his mark as Canada's finest interpreter of Beethoven's piano music. He has performed all 32 Beethoven sonatas in several Canadian cities as well as in New York, always to outstanding critical acclaim. His recordings of the complete sonatas were released on Aquitaine in Canada and on CBS/Odyssey in the U.S. to rave reviews.

"There is no other Beethoven cycle with a com-

'Police Academy' Opens March 23

"Police Academy," a new contemporary action-comedy film, starring Steve Guttenberg, Kim Cattrall, Bubba Smith and George Gaynes, will open across Canada on Friday, March 23.

The Paul Maslansky Production chronicles the zany actions of an odd-lot of misfits who converge as recruits at a major American city's police academy, when the institute is ordered to switch to an open enrollment policy.

parable inner tension," exclaimed Germany's leading paper, *Die Welt*. *Byr American Record Guide* found it "reaches sublime heights".

Kuerti has also performed the five Beethoven concerto in Toronto, Victoria, Singapore and Honolulu, and several of the concerto with the Toronto Symphony since his arrival in Canada in the early 1960s.

Although Toronto Symphony Music Director Andrew Davis has only one other Beethoven recording to his credit -- four overtures with the London Philharmonic Orchestra, for Classics for Pleasure -- he was an integral part of the Toronto Symphony's 1977 Beethoven Festival. He conducted two of its six concerts, and ended the festival with a critically acclaimed performance of the Ninth Symphony. Over the years, he has performed all the symphonies either in Toronto or in guest appearances with the world's leading orchestras.

Highly praised in Canada and abroad for both performances and sound quality, the CBC's SM 5000 series offers music lovers a first-class Canadian alternative in orchestral repertoire. Encouraged by the series' artistic and commercial success, the CBC is stepping up its recording activity in time to celebrate the 300th anniversaries of Bach, Handel and Scarlatti. A recording of Bach's Brandenburg Concertos, with the CBC Vancouver Orchestra and all-star cast of Canadian soloists will be released near the end of 1984. This will be the first Brandenburg set to be recorded in Canada.

The Second Festival Theatre production, opening June 12, is *Romeo and Juliet* directed by Peter Dews with Steven Schipper serving as associate director. Artistic Director John Hirsch expressed great pleasure in announcing Mr. Schipper's status as associate director.

"This is part of the vital training aspect of our overall mandate at the Festival," he said. "Steven has been with us as an assistant for the past two seasons and *Romeo and Juliet* represents the next step in his development as a director ready to handle the unique demands of the Festival Theatre stage."

Designer for the production is David Walker with lighting by Harry Frehner and Louise Guinand and music by Louis Applebaum.

The remount of the Festival's 1983 Young Company production of *Love's Labour's Lost*, opening June 13, will be the third offering presented on the Festival stage. Michael Langham returns to direct with design by John Pennoyer, lighting by Steven Hawkins and music by Stanley Silverman.

The fourth production of the Festival Theatre season, opening July 13, will be a remount of John Hirsch's sterling 1983 production of *Tartuffe* starring Brain Bedford in the title role, Douglas Campbell as Orgon and Pat Galloway as Dorine. Domini Blythe joins them as Elmire, Orgon's

wife, together with Nicholas Pennell as Cleante.

Others in the cast include Shaune Austin-Olsen, Andrew Gillies, Amelia Hall, Seana McKenna, William Needles and Michael Shepherd.

The final production on the Festival stage, opening August 19, is *The Merchant of Venice*, directed by Mark Lamos with design by Christina Poddubiuk lighting by Michael J. Whitfield and music by Gary Kulesha.

At the Avon Theatre, the celebration of Gilbert and Sullivan begins June 11 with the opening of *Iolanthe*, followed by the June 14 opening of the remount of the 1983 production of *The Gondoliers* and the July 12 return of the smash hit production of *The Mikado*.

Brian MacDonald is director and choreographer for all three productions with design for *Iolanthe* by Susan Benson and musical direction for all three by Berthold Carriere.

Susan Benson designed costumes for both *The Gondoliers* and *The Mikado* with set design by Susan Benson and Douglas McLean.

Internationally renowned contralto Maureen Forrester stars as the Queen of the Fairies in the *Iolanthe* with Katharina Megli in the title role. Ms. Megli also assumes the role of Casilda

in *The Gondoliers*. Other featured performers in *Iolanthe* include Marie Baron, Stephen Beamish, Douglas Chamberlain, Eric

Donkin, Allison Grant, Avo Kittask, Paul Massel, Katharina Megli, Karen Skidmore, Jean Stilwell and Karen Wood.

In September, dramas move into the Avon Theatre beginning September 7th with Tennessee Williams' *A Streetcar Named Desire*. Artistic Director John Hirsch directs with set design by Ralph Funicello, costume design by Debra Hanson and lighting by Michael J. Whitfield.

The second Avon drama, opening September 23, will be *Separate Tables*, written by Terence Rattigan and directed by internationally regarded British director David William. Mr. William's many credits include direction of the Stratford Festival's 1967 production of *King Lear* and *Othello*.

Brian H. Jackson will design sets and costumes with lighting by Harry Frehner.

Featured performers include Maggie Askey, Edward Atienza, Domini Blythe, Ann Casson, Patricia Collins, Andrew Gillies, Amelia Hall and John Neville.

At the Third Stage, June 15 marks the opening of Samuel Beckett's modern classic *Waiting For Godot* directed by Joseph Chaikin, one of the most prominent figures in contemporary American theatre. Edward Atienza joins Brian Bedford in the co-starring roles of Estragon and Vladimir.

Bassist in concert Wednesday

Joel Quarrington, the Principal Bassist in the Hamilton Philharmonic Orchestra, will appear at the Playhouse next Wednesday, March 14, in the last Creative Arts Concert of the season. Mr. Quarrington will perform with his pianist wife, Sharon Krause, and with members of the Brunswick String Quartet. Free tickets are now available for fulltime UNB and STU students.

Joel Quarrington has been the recipient of numerous awards, including top prize in 1976 CBC Talent Festival Competition. He has appeared frequently with leading Canadian symphony orchestras and with such ensembles as Cleveland, Vermeer, Purcell, and Orford String Quartets.

Sharon Krause began her musical career in her native province of British Columbia. After graduating from UBC, she studied with the great Czech pianist Ivan

Moravec. She has performed since the age of 14 with the major Canadian orchestras, as well as in centres across Europe and North America. She has been frequently heard on CBC radio and television.

In Fredericton, Quarrington and Krause will perform works for double bass and piano in the first half of the program, including Faure's Elogy and Kreisler's Liebeslied. After the intermission, they will be joined by members of the Brunswick String Quartet for Rossini's String Quartet NO. 1 in G. minor and works by Bottesini and Bloch.

Free tickets for fulltime UNB and STU students are now available at the SUB office, STU business office, and the Art Centre or upon presentation of valid identification at the Playhouse on concert night. Others may get tickets at the door for \$6.00 with special rates for senior citizens and children. Concert time is 8 p.m.

Joel Quarrington and Sharon Krause

Theatre St. Thomas production 'excellent'

By BARRY PARKINSON
Theatre St. Thomas' *Kiss Me Kate*, opened Tuesday night to a fair-sized and very enthusiastic audience. Their enthusiasm was justified for the show was, quite simply, excellent.

The play, written by Cole Porter, is about a theatre company putting on Shakespeare's *The Taming of the Shrew*; the scenes flip-flop between the stage and the dressingroom/backstage. The switches from Shakespeare's Padua and Baltimore in the 1940's are wonderful.

The play stars Karen Brook as Kate/Lilli and Steven Clark as Petruchio/Fred. (Clark is also the director). Both deliver superb performances. The show-stealers are, however, Jim Creamer and Steven Reid, the gangsters. Their number, "Brush Up Your Shakespeare" is hilarious. Everyone involved with this show deserves congratulations. All parts were well played, the music was faultless, production, lights, sets, costumes-everything were great. Ted Daigle

would have been proud. *Kiss Me, Kate* runs until Saturday at the Centre Communautaire Ste.-Anne. The curtain rises at 8 p.m. and tickets may be purchased at

the St. Thomas Business Office, Mazzuca's Variety Store or Centre Communautaire Ste.-Anne (adults \$5.00, students and senior citizens, \$4.00.)

Red Devils win AUAA title

Steve Adams after scoring the go ahead goal struts his stuff with his famous shotgun routine.

Photo by Lisa Burke

George Kelly storms past Jim Clements of Moncton.

By IAN SUTHERLAND
Brunswickan Staff

The hockey Red Devils have made believers out of doubters but they must attempt to do the same thing all over again this weekend when they face University of Toronto Blues in a best-of-three CIAU playoff at the Aitken Centre.

The Red Devils claimed their first AUAA championship in 20 years last weekend by beating Moncton 5-3 to clinch the best-of-three conference final in straight games. UNB had won the first game of the series by a 4-3 score in Moncton on Thursday, March 1.

The next hurdle - and it's a giant one- for the Devils, is the Blues, the team that is ranked number one in the country by CIAU. The only consolation in that fact is that the CIAU also thought more highly of the Blues Eagles last week than they did of the Devils. The first game in the best-of-three is scheduled for Saturday at 8 p.m. with Game Two slated for Sunday afternoon at 2 p.m.. If a third game is needed, it will be played Monday night at 7:30. The winner of the series advances to Trois Riveriere,

P.Q. next week for the four-team national tournament.

Steve Adams was the hero for the Devils last Saturday before a capacity crowd of 3,748 at the Aitken Centre, converting a perfect Dave Mancuso pass into a breakaway goal with just five minutes remaining in regulation play. Mancuso had cut behind his own net, then spotted Adams all alone at the center red line. Adams made no mistake, beating goaltender Danny Berube with a backhand drive that sent the partisan gathering into a frenzy.

Defenceman Paul Murphy nailed the door shut on the Blue Eagles' hopes of defending their conference crown when he scored into the empty net with just 27 seconds left in regulation time. Terry Balcom, Dave Bluteau and Mark Welton also tallied single markers for the Red Devils, while goaltender Kevin Rochford made key stops all day long in the UNB net.

"It's the best feeling in the world", Adams said of scoring the winning tally. "It's the biggest game and the biggest goal of my career, I can tell you that."

Besides the sheer joy of winning the conference title for the first time since 1963-64, the victory for the

Devils was satisfying for the simple reason that most people still expected Moncton to win despite the fact the Devils had won three of four meetings between the clubs this season.

"I think a lot of people expected Moncton to win the series," said Rochford, who had stopped 51 shots during the first game in Moncton to come back and win the series.

As coach Don MacAdam has said all season long, the Devils are not a team gifted with natural goalscorers. To win, the Devils must invest their energy in plenty of hard work. For Christmas, the Devils' got a sign from a supporter that said: "What's a bit of hard work when it pays off like this?" It's been the club's theme ever since.

"We don't do anything fancy," MacAdam said. "We just kind of plod our way and work hard."

Against Toronto, the Devils are facing a team that boasts two first team all-stars, two second team all-stars and an overall record of 36-5-2. The Blues have not lost a game since the first of January, with the five losses coming against Colgate University, Michigan State, season. First-team all-star Andre

Hidi counted 41 goals and added 54 assists for 95 points in 43 games while in 24 conference games he managed 30 goals and added 31 assists for 61 points.

Defenceman Mike Pelino also made the first all-star team with five goals and 34 assists in 43 games, while rookie Darren Boyko - with 28 goals and 44 assists for

72 points - was joined on the second team by Don McLaughlin, who tallied 26 goals and added 39 assists for 65 points.

"Toronto has an incredibly strong hockey team," MacAdam said. "But we have the type of team that isn't afraid of anyone."

To help get supporters ready for Saturday's game, The Riverview Arms is spon-

soring both a banner party and a noise night. The banner party gets underway at

12 noon at the Arms, with a \$100 cash prize for the group with the best banner. The banner party continues throughout the day, with

the Arms sponsoring a noise contest at the game that night, with a cash prize of \$100 going to the loudest group.

Food specials all day include steak and stein for \$2.99 and a Merve burger platter and beverage for \$1.99.

CIAU Wrestling

Ron Richard and Murray Reid by winning their AUAA titles got to compete at the CIAU's in Regina on February 24 and 25.

They both obtained great experience with Reid finishing fifth and Richard finishing sixth. Reid lost his first two bouts by pins and

then pinned his opponent in the bout for fifth and sixth.

Richard wrestled a great tournament despite not winning any of his 3 bouts. Richard lost his first bout by a pin then lost two close decisions. He lost 10-7 to the eventual bronze medalist and then lost a 7-4 decision for fifth place.

Devils trounce St. Dunstons and Mt. Allison

Devils win trip to Kingston Clinch MIHL championship

The last time the Red Devils won the championship was 20 years ago. The Brunswickan reprints that story from the March 8, 1964 issue.

This past weekend saw the UNB Red Devils clinch the MIAU hockey championship with two convincing wins, 6-3 over St. Dunstan's and 6-0 over Mt. "A". Although St. Dunstan's and UNB were tied for first place as far as points go, the Devils claim first place by virtue of their goals for and against spread with St. Dunstan's. This means the SDU is in second place and cannot challenge UNB since they did not defeat UNB during regular season play.

The Red Devils and their coach Pete Kelly certainly deserve congratulations for winning the hockey title. They played hard and gave their all for every game and were rewarded by winning the championship.

On Friday night the Devils, lead by Daryl LeBlanc defeated highly rated St. Dunstan's Saints, 6-3. LeBlanc had three goals for the hat trick and

Dave Peterson was close with two goals. Ken Marchant got the other UNB goal.

The game was wide open and fast moving with heavy hitting on both sides. The UNB defense played a heads-up hockey game stopping many SDU rushes before they could get organized and also played well around their own net. The forward lines were passing and skating well and did an excellent job of backchecking. It was a well deserved and well earned victory.

SUMMARY

1st Period
1. UNB, Peterson (Drover, Grant) 11:52; 2. UNB, LeBlanc 12:38; 3. SDU, B. McMillian, (Mulligan, Whitlock) 16:01.
Penalties: SDU, Muligan: 26; SDU, Decarufel 11:24; SDU, Decarufel 16:41; SDU, Tingley 17:11.

2nd Period
4. SDU, Kelly (Mulligan) 10:16; 5. UNB, LeBlanc (Peterson, Miller) 18:33; 6. UNB, Marchant (Naylor) 19:56.
Penalties: UNB MacKinnon 5:35.

3rd Period
7. SDU, B. McMillian (Decarufel, Whitlock) 1:21; 8. Peterson (LeBlanc, Drover) 13:31. 9. LeBlanc 14:16.
Penalties: SDU, McMillian 6:46; UNB, Grant 10:56.

SHOTS ON GOAL

UNB	20	12	15	47
SDU	9	10	12	31

On Saturday night in their final game of league play, the Devils defeated the hopeless Mount "A" hockey team 6-0. This was John Wrigley's first shut-out in what has been a brilliant first year for him. This

game was attended by more UNB students than Mount "A" students.

The Devils had the edge in play for the larger portion of the game. They outskated the Mount "A" team all night. LeBlanc opened the scoring by banging in a loose puck after a nice rush by Drover and a shot by

Peterson. In the second period, Peterson opened the scoring after taking a pass from Grant. Later, Naylor scored on a beautiful play having taken a pass from Drover.

In the third period Peterson got his second goal, dropping a rebound after shots by LeBlanc and Grant. Late in the period Grant scored an unassisted goal in

the goal-mouth scramble. Eleven seconds later Stairs banged in a rebound after a nice play by Embury and the shot by Ross.

1st Period
1. LeBlanc (Peterson, Drover) 2:17.

Penalties: Mt. "A", McLennon: 56; Mt. "A", Moses 17:58, UNB, Grant 17:58; UNB, Drover 19:12.

2nd Period
UNB, Peterson (Grant) 2:54; 3. UNB, Naylor (Drover) 5:02

Penalties: UNB, Cain, McKinnon 4:21, Mt. "A", McKay, McLennon 4:21; Mt. "A", Hay (misc) 4:21; UNB, LeBlanc 18:14.

3rd Period
4. UNB, Peterson (Grant, LeBlanc) 3:36; 5. UNB, Grant 15:44; 6. UNB, Stairs (Ross) 15:55.

Penalties: UNB, Miller 6:17; UNB, Embury 16:24.

Bloomers come out empty handed

"It just wasn't in the cards"

So said Assistant Coach of the UNB Red Bloomers Andy Cheam after the Bloomers had dropped game number two at the national championships and found themselves out in the cold as far as any hardware was concerned for the second year in a row.

After a rough start in their opening game against the Calgary Dinnies, falling behind 14-4 early in the contest, the Bloomers started on a roll and it looked like they were ready to charge for the lead, but then some phenomenal perimeter shooting by the Dinnies allowed them to pull ahead as they burst the Bloomer's bubble to the tune of 77-62. They key to Calgary win was not necessarily in the offensive and however, but on defensive as they threw a blanket on CIAU All-Canadian Jennifer George as the sophomore guard managed only 8 points, well below her average of 18 per game.

The Bloomers did however get some impressive performances from sophomore Sue McMaster and rookie Janet Nichols in that opening encounter. Nichols led the team with 22 points, and 16 of them in the second frame, as well as playing a strong game on the boards while McMaster added 21 in the cause. Five Dinnies hooped in double figures with Jane Adolphe leading the way with 18, while Debbie Patters and

Tournament all-star Karla Karch added 13 and 12.

That set the stage for Bloomer-Laurentian matchup in the consolation section of the tournament. The Vees, who fell 72-62 to the eventual finalist Winnipeg, came out flying and like the day before, the Bloomers were not saying TGIF as they found themselves looking once again at a ten point deficit a few minutes into the game, as big Lori Kenopic hooped 22 points in the first half alone as the Vees jumped to a 48-39 mid-point lead and cruised to a 90-72 victory in a game in which the Bloomers never threatened to come away as a winner. Sue McMaster continued her creativity in motion as she simply overawed a Vees defense hooping 26 while Jennifer George finally got her game in gear as she hooped 18.

Meanwhile, the Bishops Lady Gaiters were occupied with capturing their second straight title as they made it look easy defeating Manitoba and, Alberta before rolling past Winnipeg 70-62 in the final, never looking like they were in danger of losing the Bronze Baby. Teammates Lyn Poulson and Andrea Blackwell led the Gaiters as they shared tourney MVP honors while teammate Wendy Verrechia captured the all-star spot along with Winnipeg's Beth Cochran and Liz Holtmann and Calgary's Julie Hendrix and Karla Karch, who led Calgary to a 72-65 third

place victory over Alberta.

"All weekend we had trouble at the start, I don't know what it was", commented Cheam after his team had lost to the Vees, and found themselves on the sidelines watching the action, "we didn't get out of the gate very fast and that hurt us although I don't think that was the main problem we had today".

"When you are unable to play a man to man defense in a half a court situation you are going to be in trouble no matter who you play, and the mental breakdowns in that situations hurt us."

Some of the players coming off the bench for the Bloomers did some impressive things for the squad's confidence, especially point guard, Chris Matheson, who drew high praise from Cheam for her play.

"Chris came in in both games and played like she's shown throughout the year coming off the bench and actually took the time away from Debbie (Knowles), playing almost 18 minutes in the second half and did a commendable job along with anyone who came off the bench did alright and we has almost as many points coming off the bench as we did from our starters, and the playing time those kids got throughout the year showed today."

Much of the problems the Bloomers faced at the nationals were due to a lack of competition during the season, as the roll through the AUAA undefeated on a regular basis now, getting

Colleen Dufresne talking strategy.

Photo by Jeff Whipple

very little competition from their league rivals, which leaves them unprepared for the tough competition the rest of the country throws their way come the nationals.

"Most of the things we do all year are geared to win our own league and when we get out of our own league and see some better competition and not having played a tough ball game in two and a half months, we kind of forget what we have to do in the tight ball games."

Back in September the Bloomers set their goal to be in the top four, but except a brief flirt with the number two spot before

Christmas, their dream was not to be.

The last word belongs to Cheam.

"It's disappointing for sure because we didn't reach the goals we set at the first of the year, but it's hard to be disappointed with the kids. I think they tried as hard as they could and played as well as they could, they hustled and they worked, and they have nothing to be ashamed of, it just wasn't in the cards".

And if the old sayings about guts, class and determination are taken into account, the Red Bloomers are every bit as much as a champion as the Bishops Lady Gaiters.

All students considering transferring faculties for September 1982, should apply to do so by completing a 'Transfer Request' form available at the Registrar's Office by, 31 1984.

Submitting the requests by this date is particularly important for transfers to programmes with limited enrolment i.e. Engineering, Computer Science, Forest Engineering and Nursing

Office of the Registrar

CO-ED VOLLEYBALL TOURNAMENT

The Lepracons are waiting for everyone to join in the fun of the St. Patricks Day Co-Ed Volleyball Tournament, being held on Saturday and Sunday March 17 and 18th. Entry deadline is Thursday, March 13th. Registration kits are available at the intramural office.

Everyone is welcome to come and join all the fun.

NON-CREDIT INSTRUCTION

There are still a few openings in the Weight Training

Intramurals

and Squash Classes being held this month. Beginners and Intermediate Weight Training Classes will be held on Monday nights beginning March 12, 1984. Squash classes are being held on Tuesday evenings. Anyone interested in participating may register at the Business Office between 10:00 a.m. and 5:00 p.m. For further information contact the Recreation Office - Room A121, L.B. Gym between 10:00 a.m. and 2:00 p.m.

GIRLS' NIGHT OUT WINNERS

Congratulations to the ladies of Vanier Hall who

are the winners of the Residence Participation Challenge held in conjunction with the Girls' Night Out on Feb. 6, 1984. They are the winners of a video week-end including the rental of a VCR and three films, courtesy of the Women's Intramural Committee and the Physical Recreation and Intramural Program. Well done Vanier!

Because of the success of the first Girls' Night Out plays are underway to hold similar activities both terms next year. In addition, special Co-Ed activity nights are being considered.

Jennifer George

Dedication, intelligence, and a heck of a basketball talent. All those words can be used to describe the members of the UNB Red Bloomers, but one in particular stands out in the crowd. Actually, she usually stands out on the perimeter and dumps in the round orange object with regularity that is matched by few. And this past weekend she was honored by her peers as she was recognized by the CIAU as one of the top ten college players in Canada, as she was named All-Canadian.

George, who is currently enrolled in the Physical Education program, is only 19 years old, the youngest of this year's elite crew.

JENNIFER GEORGE

The 5'9" guard, who only two short years ago was toiling for the provincial high school champions Tantramar High in Sackville, ousted such names as Candy Clarkson and Wendy Verichia as she joined the team for the first, but certainly not the last time.

"I'm really surprised and pleased by the selection", said the shy but hardworking George, "and there are a few more who could have been chosen, especially Sue (teammate McMaster), so it is a surprise."

The award will most certainly boost the confidence of the AUAA's MVP, but it certainly won't go to her head. Jennifer is a cool customer both on and off the court, and the award may be the spark to light the fire of leadership that George is only now beginning to show.

"I always try to do that as best I can", says George, "but I think that it will give me that little boost to take on some of the leadership here."

Other All-Canadians named were Andrea Blackwell of Bishops, who was also named the CIAU's MVP, teammate Lynn Poulson, Janet Lundsen of the Brandon Bobcats, Toronto's Angela Orton and Toni

Kordic of Alberta were named to the first team while Joy Bellinger of Laurentian, Beth Cochran of Manitoba, McGill's Helen Cowan, and Sandy Espeseth of Victoria joined George on the second team.

Wayne Hussey of the champion Bishop's Lady Gaiters won Coach of the Year honors, which were last year garnered on Colleen Dufresne of the Bloomers.

Whatever happens in her future, one thing is for sure, Jennifer George has a long and very bright future as a member of the UNB Red

Heart Marathon

The 6th N.B. Heart Marathon is in full swing as far as the planning goes.

Applications are now available at Marty's Sporting Goods, Neill's Sporting Goods, the Trail Shop, and the UNB Gym. In Oromocto, the Dept. Of Leisure Services and the Base Rec Centre have applications. Pick them up, fill them out and send them in as soon as possible. With receipt of your \$25.00 sponsor (reimbursed to your later), or your \$10 entry fee, you will receive a free 10" x 18" sportbag. Only the 1st 150 entrants will receive these.

Everyone receives a T-shirt, finish-line photo, banquet meal and the possibility of winning door-

prizes. Thanks again to Labatts for helping out with the T-shirts. Medical forms for are required this year only for the full marathoners.

The race hotel this year is Fredericton Motor Inn. Thanks to Max MacEwan and FHS for producing our buttons for us. They will be available, for an incredibly low price, by March 22.

Remember that the top 10 fundraisers receive prizes, so try to get pledges if possible. The Heart Foundation really needs your support.

Listen for training tips to be broadcast soon. For more information call 455-6598.

Bloomers, and possibly even a shot at a spot on the national team after she garners some more awards

and experience. Don't be surprised to hear more of this name in the years to come, she's for real.

Opening ceremonies in Winnipeg.

What the well dressed Red Devil fan wears.

Raiders Host CIAU Regionals

This weekend, University of New Brunswick sports fans are treated not only with the Red Devils - Toronto Blues CIAU hockey, but the CIAU Eastern regional basketball which our own Red Raiders host.

In recent years, fan support for the Raiders has been tremendous during the playoffs and this year's should be no exception.

While the Raiders have not exactly had a banner

year with only 3 wins, they did finish the season on a positive note with two victories, and thus have a chance to reach the final.

Game time for tonight's challenge between Brock and St. Marys is 7:00 p.m. at the Aitken Center. The Raiders square off at 9:00 p.m. vs. University of Lethbridge. Tomorrow at noon is the consolation game while the championship follows at 2:00 p.m.

GRADUATES

Deadline for Awards Ballots have been extended to Tues. March 12. Tickets are still available for The Awards Banquet at the C.S.L. office

Limited quantity of Grad football & sweat shirts on sale at the C.S.L. office - \$15.99

Blazers need support

By RON CAMERON

The UNB Red Blazers ladies hockey team continued a successful season on the ice last weekend as they split a pair of games with Fredericton area bantam teams. Off the ice things did not go as well, more about that later.

Sunday the Blazers played the Nashwaaksis Elks, a team they had lost to in two previous games by 5-3 and 4-2 scores. The bantams got off to a good start as Dan Gilbey beat Sue Keirstead low on the stick side at the 2:45 mark of the opening period. It was the only goal by either team in the period.

In the second period the Blazers put the game away as they exploded for 4 goals in a four minutes span. First the line of Sandy Ward, Anne Campbell, and "Boom-Boom" Cox struck, as Ward scored two 11 seconds apart with both her linemates assisting. A minute and fifteen seconds later Alison Lee and Joanne Gillies combined to shake Lori Bertin free and the veteran winger beat goalie Jeff McGinn cleanly with a wrist shot. The fourth goal came on one of hockey's most exciting plays, at the 6:18 mark of the period UNB were awarded a penalty shot when a bantam defender gloved the puck in his crease. Center France Thibodeau was designated by Mike Power and she showed why as she deked McGinn to the ice and tucked the puck under him, and the Blazers were up 4-1.

Things went the Blazer's way the remainder of the game but they could not add to their goal total, despite

carrying the play to Elks, a problem which has dogged UNB all year. It was a problem that almost cost them the game as Nashwaaksis struck for two goals in the game's last 4 minutes, and held a two man advantage for the final minute and a half. But excellent penalty killing by Thibodeau and Campbell kept the win intact.

In Monday's contest UNB took on the Ceco Bantams. As with the day before the boys went up quickly on a first period goal by Jason Perkins, and there would be no more scoring until the 6:29 mark of the third

period when Cox got her fifth goal of the year to tie it up. The tie was short lived as the bantams got two quick goals from Bill McMullin and Mark Lacey to go up 3-1 and 11 minutes remaining. Cathy Dickinson narrowed it to 3-2 with a goal, but the boys salted the victory away with Lacey's second goal to make the final score 4-2.

The Blazers announced the Blazer of the month before the Sunday game. There was little surprise in the selection of the team captain Carol Cooper. Cooper was the most valuable player in the pro-

vincial tournament which saw UNB take their third straight provincial championship. The two runner-up positions were Joanne Gillies and Diane Leblanc.

Off the ice the Blazers continued their struggle to raise funds to attend the third annual women's national tournament in Edmonton. The Sport New Brunswick governing body rejected the Blazers application for financial aid leaving the N.B.A.H.A. the only provincial council not supporting their champion. The girls now depend on their own fundraising and any aid the University can give.

Bears finish close second

By BRIAN BESSEY

The AUAA wrestling championships took place on February 18th in Antigonish. The UNB Black Bears finished second to Memorial University. The two teams tied with 41 points each but Memorial was awarded the championship on the basis they had four gold medals compared to UNB's two gold medals. Mount Allison finished third with 27 points. St. Francis Xavier was the other team competing and they finished last with 18 points.

UNB had eight wrestlers in the finals out of 12 weight classes. Two won the gold medal and six won silver medals. The other 4 wrestlers finished in third.

The gold medal winners were Ron Richard at 76 kg. and Murray Reid at 95 kg. Richard wrestled extremely well in beating all three of his opponents easily. Reid didn't have any problems

either in pinning both his opponents in less than 30 seconds.

The Black Bears silver medalists were led by the gutsy performances of Gary Wilson at 57 kg. and Wayne Wiggins at 86 kg. Wilson wrestled with damaged knee ligaments and had to wear a knee brace, despite this he still finished second. Wiggins despite a bad hamstring still managed to beat the defending AUAA champion at 86 kg. to finish second. Dwayne Wakerall lost his final at 65 kg. by a heartbreaking 3-2 decision. Dwayne had to wrestle up a weight class because of injuries and still did a very good job.

The three other 2nd place finishers were Mike Sharpe at 68 kg, Troy Shanks at 72 kg. and Dave Bessey at 80 kg. They all lost decisions in their finals. Bessey lost his decision 5-5 because the opponent had a 2 point exposure.

The four 3rd place finishers were Raymond Ng at 51 kg, Terry Laurence at 54 kg, Mike Hopper at 61 kg and Colin Codogan at Heavyweight.

Terry Laurence, just to make his weight class had to lose 26 lbs since the start of the season in September, going from 145 lbs to 119 lbs. Laurence is to be commended for his tremendous job of self discipline.

Ray Ng and Mike Hopper both wrestled well but not well enough to finish higher than 3rd. Codogan was asked to beat his opponent from Memorial and he did to finish third. Codogan wrestled his best match of the year in beating him.

Also a big thanks goes out to the trainer, Debbie Mayo who did an excellent job for the Black Bears this season.
