Technical and Bibliographic Notes / Notes technique et bibliographiques

The Institute has attempted to obtain the best original copy available for filming. Features of this copy which may be bibliographically unique, which may alter any of the images in the reproduction, or which may significantly change the usual method of filming are checked below.

- ☒ Coloured covers / Couverture de couleur
- ☐ Covers damaged / Couverture endommagée
- ☐ Covers restored and/or laminated / Couverture restaurée et/ou pelliculée
- ☐ Cover title missing / Le titre de couverture manque
- ☐ Coloured maps / Cartes géographiques en couleur
- ☐ Coloured ink (i.e. other than blue or black) / Encre de couleur (i.e. autre que bleue ou noire)
- ☒ Coloured plates and/or illustrations / Planches et/ou illustrations en couleur
- ☐ Bound with other material / Relié avec d'autres documents
- ☐ Only edition available / Seule édition disponible
- ☐ Tight binding may cause shadows or distortion along interior margin / La reliure serrée peut causer de l'ombre ou de la distorsion le long de la marge intérieure.
- ☐ Blank leaves added during restorations may appear within the text. Whenever possible, these have been omitted from filming / Il se peut que certaines pages blanches ajoutées lors d'une restauration apparaissent dans le texte, mais, lorsque cela était possible, ces pages n'ont pas été filmées.
- ☐ Additional comments / Commentaires supplémentaires:

L'Institut a microfilmé le meilleur exemplaire qu'il lui a été possible de se procurer. Les détails de cet exemplaire qui sont peut-être uniques du point de vue bibliographique, qui peuvent modifier une image reproduite, ou qui peuvent exiger une modifications dans la méthode normale de filmage sont indiqués ci-dessous.

- ☐ Coloured pages / Pages de couleur
- ☐ Pages damaged / Pages endommagées
- ☐ Pages restored and/or laminated / Pages restaurées et/ou pelliculées
- ☒ Pages discoloured, stained or foxed / Pages décolorées, tachetées ou piquées
- ☐ Pages detached / Pages détachées
- ☒ Showthrough / Transparence
- ☐ Quality of print varies / Qualité inégale de l'impression
- ☐ Includes supplementary material / Comprend du matériel supplémentaire
- ☐ Pages wholly or partially obscured by errata slips, tissues, etc., have been refilmed to ensure the best possible image / Les pages totalement ou partiellement obscurcies par un feuillet d'errata, une pelure, etc., ont été filmées à nouveau de façon à obtenir la meilleure image possible.
- ☐ Opposing pages with varying colouration or discolourations are filmed twice to ensure the best possible image / Les pages s'opposant ayant des colorations variables ou des décolorations sont filmées deux fois afin d'obtenir la meilleure image possible.

This item is filmed at the reduction ratio checked below/
Ce document est filmé au taux de réduction indiqué ci-dessous.

10x	14x	18x	22x	26x	30x
☐	☐	☐	☐	☒	☐
12x	16x	20x	24x	28x	32x

The copy filmed here has been reproduced thanks to the generosity of:

National Library of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche sheet contains the symbol $\rightarrow$ (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Bibliothèque nationale du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaît sur la dernière image de chaque microfiche, selon le cas: le symbole $\rightarrow$ signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

"SIMPLICITY"

INSTRUCTION BOOKS.

The First Principles of Music.

The Notes, Stave, Clef, Sharps and Flats.

The *Notes* in music are named from the first seven letters of the Alphabet:—*A. B. C. D. E. F. G.* When to any series of these letters, the eighth—which is a repetition of the first—is added, the whole number is termed an *octave*.

That series which begins and ends with *C*, is most pleasing to the ear, and is called the *Natural Scale*.

The notes are placed on, between, above and below, five lines called a *Stave*:—

In music intended for the Mandoline, the notes are always preceded by a character called the *treble or G Clef*, which is curled upon the second line of the stave thus:—

from this clef the notes upon the five lines are named:—

the two notes immediately above and below the stave are:—

If more notes are required, then, what are called *leger-lines*, are added above and below the stave, the notes placed on and above the leger-lines are:—

The sound of notes depends upon the distance between them, the words *tone* and *semitone*, are used to express this.

Every series of eight consecutive sounds of an octave contains five *tones*, and two *semitone*, the latter are always found between the *third* and *fourth*, and *seventh* and *eighth* notes of the *Major scale*, and the *second* and *third*, the *fifth* and *sixth*, and *seventh* and *eighth* of the *Minor scale*.

The relative value or duration of notes, depends on their *form* and *colour*, without reference to their position on the stave.

There are *Six* kinds of notes used in modern notation, their names, form, colour and relative value are:—

A SEMIBREVE  equals TWO MINIMS		A MINIM  equals TWO CROTCHETS		A CROCHET  equals TWO QUAVERS	
or FOUR CROTCHETS 		or FOUR QUAVERS 		or do. with one tail. 	
or EIGHT QUAVERS 		or FOUR S. QUAVS. 		equals A QUAVER 	
or SIXTEEN SEMIQUAVERS 		or EIGHT S. QUAVS. 		equals TWO S. QUAVS. 	
or THIRTYTWO DEMISEMIQUAVERS. 		or SIXTEEN D. S. QUAVS. 		equals A S. QUAVER 	
		or FOUR D. S. QUAVS. 		equals TWO D. S. QUAVS. 	

It will be seen by the above example, that when two or more *Quavers*, *Semiquavers* or *Demisemiquavers*, follow in succession, they are tied together by one, two or three, thick lines, which are used instead of hooks or tails.

Notes may be raised or lowered in sound or pitch by the use of characters called **Sharps** and **Flats**.

a Sharp, ($\sharp$) raises the note before which it is placed, a *semitone*.

a double-Sharp, ($\times$) raises the note, a *tone*.

a Flat, ($\flat$) lowers the note, a *semitone*.

a double-Flat, ($\flat\flat$) lowers the note, a *tone*.

a Natural, ($\natural$) restores the note, to its *normal condition*.

a ($\sharp\sharp$) or ($\sharp\flat$) restores the note to which a ($\times$) or ($\flat\flat$) has been added to its *former condition*.

When *Sharps* or *Flats* are introduced in the *course* of a composition, they are termed *accidentals*, and only affect the notes before which they are placed.

Sharps or Flats, at the *beginning* of a composition—next after the *clef* affect *all* the notes on the same line, or in the space throughout the composition, and is called the *Signature*.

The Bars, Time-figures, Dots and Rests:-

3

Every piece of music is divided into equal Measures or portions of Time, by vertical lines,

called Bars:-

Every bar must contain a certain number of notes regulated by the Figures, which always follow the signature.

A Double-bar, is used to denote either a part, or the whole of a composition, and when Dots are added, the part on the same side as the dots,

is Repeated. (i.e. played again.)

There are two kinds of Time in use, *Common and Triple*:—common-time is indicated by $\frac{4}{4}$ or C each bar contains one Semibreve, Two Minims or their equivalents.

The time called *alla cappella*, formerly used for Church-music only; but at the present time in general use, is indicated by $\frac{2}{2}$ or C , in fact, it is common-time with only two beats given to each bar, instead of four. This time is often incorrectly termed *Alla Breve*.

For all other Measures, Figures only are used, placed one over the other, the lower figure shows, into how many parts the Semibreve is divided, the upper figure shows how many of such parts are contained in each bar:-

There are three different kinds of Triple-time in use:- each bar containing, *Three minims, three Crotchets, three Quavers* or their equivalents.

There are two Compounds of the above named times:- Compound common-time contains *Six Crotchets, Six Quavers, also Twelve Quavers* or their equivalents in each bar.

Compound triple-time contains *Nine Crotchets, nine Quavers, nine Semiquavers* or their equivalents in each bar.

A Dot placed after a note, or a rest, indicates that its length is to be increased by one-half.

Two Dots placed after a note, or a rest, indicate that its length is to be increased by three-fourths.

When the Dot is placed over a note, it means that the note is to be played *staccato*, (i.e. detached.)

Rests are signs to denote periods of silence in music, viz:-

When the figure 3 is placed above three notes or three rests or any combination of three notes and rests, they are called a Triplet, and are played in the time of two ordinary notes of the same kind.

Graces, Marks, Signs and Words.

The principal *Graces* of melody—used in modern music are:—the *Appoggiatura*, the *Accent* (> or $\wedge$), the *Bind* or *Slur*, the *Turn* (∞ or $\mathfrak{z}$), the *Mordente* ($\sim$), the *Trillo* or *Shake* (tr), etc. all of which may be found in a Dictionary of Musical terms.

Written:—
APPOGGIATURA.
Played:—

A *Bind* (—), a curved line, uniting two notes of the same name.

Slur, also marked (—), indicates that the notes are to be played smoothly.

Written:—
THE TURN.
Played:—

Written:—
THE MORDENTE.
Played:—

A *Pause* ($\odot$), prolongs a note or rest, beyond its proper value; it is also used to indicate a finish.

Written:—
THE SHAKE.
Played:—

D. C. Da Capo—from the beginning. *D. S. Dal Segno*—from the S .
mf mezzo-forte—rather loud. *f forte*—loud. *ff double-forte*—very loud.

p piano—softly. *pp double-piano*—very softly.

sf sfz sforzando—emphasised. *Unis. Unisoni*—together.

cresc. crescendo or — with increasing tone.

decresc. decrescendo or — *dim. diminuendo*—with decreasing tone.

leg. legato—in a gliding style. *stacc. staccato*—detached, distinct.

dol. dolce—sweetly. *Cantabile*—in a singing style.

Assai—very. *Molto*—much. *Sempre*—always. *a tempo*—in time.

Mod? Moderato—Moderately. *Largo*—broad, dignified. *Maestoso*—Majestically.

Più mosso—more quickly. *Meno mosso*—less quickly.

poco a poco—little by little. *Sostenuto*—sustained.

string. stringendo or *accel. accelerando*—increasing the time.

rall. rallentando or *rit. ritardando*—decreasing the time.

Lento—slow, lingering. *Larghetto*—not so slow as *Lento*.

Adagio—slowly, leisurely. *Andantino*—slower than *Andante*.

Andante—moving easily. *Allegretto*—quicker than *Andante*.

Allegro—lively, briskly. *Vivace* or *Vivo*—quicker than *Allegro*.

Presto—quickly, rapidly. *Prestissimo*—at the utmost speed.

THE MANDOLINE.

AA the Soundhole BB the Bridge.

The Neapolitan Mandoline has four pairs of steel strings, the third and the fourth pairs are covered with fine wire; it is played with a plectrum (👉) made of tortoiseshell, which is held by the thumb and first finger of the right hand.

ON TUNING.

The eight open strings, (four pairs) are named:—

The Student should have a tuning-fork in A, and proceed as follows:—Tune the second or A strings to the fork; then if the ear be sufficiently good, tune the third or D strings a fifth lower; then tune the fourth or G strings a fifth below the D; and lastly tune the first or E strings a fifth above the A. Should this plan prove at first too difficult tune all the strings to the Piano or some other instrument.

The Left hand should encircle the neck of the instrument, the first finger and thumb should be just behind the second fret, the fingers curved and held over the strings, ready for action.

The Right hand holding the plectrum, ready to strike the strings, should be placed between the Bridge and the Soundhole; the inner part of the fore-arm resting upon the edge of the instrument; the wrist-joint is freely used for this action.

EXERCISES ON THE OPEN STRINGS.

This sign (^) indicates a down stroke of the plectrum.

This sign (v) indicates an up stroke of the plectrum.

1. all down strokes.
etc.

2. alternate strokes.
etc.

3. alternate strokes.
etc.

4. alternate strokes.
etc.

5. varied strokes.

6. varied strokes.

Do not proceed until the above exercises can be played fairly well.

ON FINGERING.

To produce the stopped notes, the joint of the Left hand fingers must be squared, and the strings pressed down *firmly* and *held* upon the Finger-board, with the *ends* of the fingers just behind the Fret indicated; always keep the fourth finger *above* and *over* the Finger-board.

The above diagram shows the relative positions of the notes on the Finger-board, in the *first* position. The capital letters indicate the *natural scale of the Mandoline*, that is, the scale of G, with one sharp. The notes D, A & E, can be produced in two ways, either open, or with the fourth finger behind the 7th Fret; the latter should be used in preference to the former, unless the note is marked with an *o* (*open*).

THE CHROMATIC SCALE.

The musical notation shows the chromatic scale on the mandolin, covering the first, second, and third positions. The notation is written on a single staff, with the strings indicated by the number of the string (1st, 2nd, 3rd, 4th) and the frets indicated by the number of the fret (1st, 2nd, 3rd, 4th, 5th, 6th, 7th, 8th, 9th, 10th). The notes are written in a chromatic scale, with sharps and flats indicating the semitone intervals. The fingers used for each note are indicated by the number of the finger (1, 2, 3, 4).

First Position: 1st String (Frets 1-6), 2nd String (Frets 1-6), 3rd String (Frets 1-6), 4th String (Frets 1-6).
Second Position: 1st String (Frets 7-10), 2nd String (Frets 7-10), 3rd String (Frets 7-10), 4th String (Frets 7-10).
Third Position: 1st String (Frets 11-14), 2nd String (Frets 11-14), 3rd String (Frets 11-14), 4th String (Frets 11-14).

The Student will observe that any semitone can be produced; the above scale may be referred to whenever at a loss for any particular note.

* From this note the hand may be placed in the third position, or in other words, the first finger may take the place of the third finger behind the 5th Fret, the other fingers following, this change of fingering will be found very useful on all the strings.

* The first finger takes the place of the fourth finger, behind the 6th Fret, the other fingers following; this is called the fourth position.

SOME MINOR SCALES.

TREMOLO-PLAYING.

This effect is used for the purpose of *imitating sustained sound*, it is produced by a rapid succession of alternate strokes of the Plectrum, this action can only be produced by using the wrist-joint freely; the number of strokes given to each note depends upon the time of the music and the facility of the player; the relative numbers are: —

The musical score is written for piano and clarinet. It begins with an introduction in 2/4 time, marked with dynamics *mf*, *f*, *ff*, and *f*. A performance instruction states 'To be played in a rollicking style.' The introduction concludes with a 'Coda' symbol. The main section, 'Con fuoco.', is in 2/4 time and features a piano part with dynamics *ff*, *mf*, and *mf*, and a clarinet part. The piano part includes vocalizations 'Ah ah ah' and ends with a *ff* dynamic. The clarinet part also features *ff* dynamics. The score includes various musical notations such as slurs, accents, and triplets.

THE "SIMPLICITY" TUTOR.

A Series of Elementary Instruction Books, commencing from the very beginning and written in progressive order, with abundance of scales and exercises. All the exercises are melodious, and are so framed to give the full benefit of instruction without discouraging the learner. As these books are only intended as a stepping-stone from a rudimentary knowledge of the instrument, students are advised to continue their studies in the more advanced and practical tutors by OTTO LANGEY.
