Summer School for Ministers

Closed Sessions Tuesday—Instructive Lectures Given by Noted Divines.

The sessions of the above institution, which were begun on Thursday of last week and partially reported by THE ACADIAN on Friday, were continued until Tuesday evening, when the closing meeting was held. All the proceedings were of a most interesting and helpful character and were greatly enjoyed by the following ministers who were in attendance: F. H. Bone, St. John; G. C. Durkee, Springfield, N. S.; C. A. Collis, J. H. Cope land, Weymouth; W. E. Carpenter Brookfield, N. S.; A. A. Rutledge, Doaktown, N. B.; L. D. Bell, Hampstead, N. B.; P. S. Meadows, Port Maitland; W. P. Stiles, Petitcodiac, N. B.; W. U. Hatfield, Havelock, N. B.; G. A. Wasson, Bath, N. B.; I. E. Vanwart, Norton, N. B.; A. H. Whitman, Lawrencetown, N. S.; M. Fields, C. Riscborough, North Brookfield, N. S.; H. G. Westrup, Edgar Robertson, Caledonia; H. Barber, Canim; A. L. Huddleston, Halifax; C. W. Rose, Amherst; M. W. Brown, St. George, N. B.; W. H. Jenkins, Cadzry; I. A. Corbett, H. A. Rice, Canso; A. H. Saunders, Kingston; D. Patterson, Cambridge; L. L. Tingley, Windsor; D. W. Dixon, Port Lorne; Alex. C. Gibson, Annapolis; G. D. Hudson, St. John; Lew Wallace, Lawrence town; C. W. Robbins, Bridgetown; W. A. Robbins, Yarmouth; H. Camp, Waterville; Neil Herman, Sydney; L. H. Crandall, Chipman; C. W. Cook, Parrsboro; H. D. Wordin, Meductits; W. L. Hiesler, Granville; E. A. Allaby, St. John; J. A. Swetnam, St. John.

Dr. A. C. Chute's lecture on "The Minister's Need of Common Sense" on Friday morning was an able and most interesting one and was keenly appreciated. The speaker stated that the three essentials for ministerial success are learning, grace and common sense. Where the minister fails it is often from the lack of tact and sound, practical judgement. Dr. Chute pointed out a number of occasions calling for the exercise of this rare gift. His attitude towards those who may have opposed his call, the bringing about of changes and even the length of his sermons require the application of his best judgement. He must be blind and deaf to many things. One blind eye and one deaf ear are features of perfection in the minister. He should go to no occultist or other specialist to have these defects remedied.

On Saturday the interesting lectures on Religious Education were continued by Rev. Waldo C. Machum and Dr. Chute followed with an address on "The Minister's Present Duty With Respect to Family Worship."

Dr. Keirstead continued his studies on the "New Testament Doctrine of God." Dr. Vedder discoursed on "Monasticism" and Dr. Geo. E. Horr concluded the session with an admirable lecture on the effects of "Humanitarianism" on modern religious life.

In the evening a large audience gathered to hear Dr. Cutten lecture on "The Minister and Modern Psychology". The lecturer said in part:

"For centuries psychology has been linked up with philosophy, a most unhappy and unholy alliance. The influence of philosophy made psychology a speculative study and the only method of obtaining the facts was by introspection. Lately experimentation and analysis have been added which led to a separation from philosophy. Modern psychology is a practical aid to business and manufacturing but is especially valuable to religion which deals entirely with the mind. Mental tests to determine native mental abilities are now much used."

"Psychology would say that the best methods of presenting fundamental truths was to be suggestive rather than explicit and dogmatic. It is no simple test for the preacher to fit a sermon to the congregation so that the thoughtful student, the business executive, the skilled mechanic and day laborer may each understand and receive a message. Mental tests have shown us the close relationship between crime and low mentality."

"Evil is seen to be a symptom of abnormality rather than the natural state of the highest developed man. Trades and occupations are now endeavoring to obtain a psychograph; that is, a test by which it can be ascertained if a person can make a success in a definite work. Why not have a psychograph for ministers? Only 13 per cent. of the inhabitants of the United States have the mental ability to finish a college course. Ministers and all learned professors should come from this group. Lessons and pupils in church schools should be graded. In England the problem for the nation is to increase the production of people of high mentality."

"The average number of children of Harvard graduates is 7.10 of one child. Science does not offer any solution of the fundamental religious problems, but strips them of scaffolding and leaves the edifice so it can be seen and appreciated. It makes for tolerance and enables those whose beliefs may be different as the poles to comprehend each other's view points and thus dwell together in unity."

On Sunday Rev. George E. Horr, D.D., LL.D., President of Newton Theological Institution, was the preacher and in the evening the same pulpit was occupied by Rev. Henry C. Vedder, Professor of Church History, of Crozier Theological Seminary.

The United Baptist Missionary Union of the Maritime Provinces opened at Moncton, N.B. last Saturday. The delegates from the Wolfville Baptist church in attendance were Mrs. W. L. Archibald, Mrs. Lawrence Eaton, Mrs. Donald Grant, Mrs. H. G. Perry and Mrs. Edna Wilson. Mrs. O. G. Cogswell was a delegate from Port Williams and Misses Evelyn and Marion Eaton, Mrs. Prosser and Miss Irene Rand delegates from Canard.

UNION OF N. S. MUNICIPALITIES

WOLFVILLE DEFEATS KENTVILLE

WOLFVILLE DEFEATS KENTVILLE

The seventeenth annual convention of the Union of Nova Scotia Municipalities was held in Kentville this week beginning on Tuesday morning. The meetings were held in the County Court House and were largely attended, Wolfville being represented by Mayor Sutherland and members of the Council.

In the absence of the president, Ex-Mayor Parker, of Halifax, who is ill, the meetings were presided over by Parker Archibald, Municipal Clerk, of Halifax. Mayor Chesley, of Kentville, in his address of welcome to the delegates, thanked them for having chosen Kentville for the holding of the convention this year. On behalf of the citizens he extended to them a cordial welcome to the town, and hoped their visit would prove most profitable, interesting and enjoyable.

Warden Campbell, of King's County, extended a cordial welcome from the people of the County. He hoped that the meeting would be an incentive for better things, and for the building up of the Province.

James Roy, Town Clerk of New Glasgow; P. H. Ross, Town Clerk of Lunenburg; and Angus McDonald, Alderman of Sydney, replied on behalf of the delegates expressing their appreciation for a cordial welcome.

The chairman read a short address from the president, expressing his regret at his inability to be present and giving a brief history of the work of the past year.

Arthur Roberts, K. C., Secretary, presented the report of the executive which showed that a number of municipal measures passed at the last session of the Legislature, and that it was a matter of congratulation that the Tax Commission Act, one of the measures introduced, failed to pass. The executive in their report also tendered a vote of thanks to W.B. McCoy for his many courtesies to the organization during the year.

The affairs of the organization are in excellent condition. The membership stands as last year at sixty-one, comprising thirty-nine cities and towns and twenty-two rural municipalities. Out of forty-one towns in the Province four are not members, namely, Wedgeport, Port Hawkesbury, Port Hood and Oxford, and out of twenty-four rural municipalities, two are not members, namely, Argyle and Clare.

The financial report submitted by Mr. Roberts showed that the finances were in good shape, but felt more money was needed to carry on important work.

At the afternoon session J. A. Knight, K. C., Commissioner of Forestry and Game for Nova Scotia, spoke on forest fires. He stated that in 1921 this province lost by fire 7000 acres of forest, valued at \$120,000.

Dr. H. W. Dodds, Secretary of the National Municipal League of the United States, who has been visiting in Wolfville, was introduced by the Secretary and gave an address on the "Problem of Municipal Government in the United States". This address was intensely interesting, and received the close attention of all present.

Mr. Gilbert N. Allen, M. P. P., Warden of Cumberland, followed with an address on "Municipal Legislation, Session of Nova Scotia Legislature, 1922". Following this speech the meeting adjourned and the delegates were driven to the Experimental Station where they were served with a luncheon through the courtesy of Prof. Blair. All the delegates attended the session in the Strand Theatre in the evening. The Citizens Band was present. Prof. Blair and Jas. D. O'Connor delivered addresses, and motion pictures were shown.

United Baptist Convention

Of Maritime Provinces in Session at Wolfville—Report of Board of Governors of Acadia.

The seventy-seventh annual session of the United Baptist Convention of the Maritime Provinces met this week in Wolfville. The attendance was large and the interest deep. Many important questions came up for consideration, the most important being the proposed federation of the Universities and most of the delegates looked forward with keen anticipation to the discussion thereon. Entertainment was provided in the various residences and the plan is working so well that it is not unlikely Wolfville will be chosen every year as the meeting place for the convention, unless a place of like nature can be found in New Brunswick where the Convention can be entertained each alternate year.

The principal business of Thursday was the report of the Board of Governors of Acadia. The attendance at the three institutions for the year was 896.

The report paid a worthy tribute to the retiring President, Dr. Cutten. The new buildings erected during his term of office are not the only monuments of his work. The new courses of study inaugurated, the enlargement and housing of the library, the strengthening of the Acadia spirit among the Alumni, and the large increase of the endowment fund, are all chiefly due to his vision and untiring energy. His public activities in connection with the war and the recovery from the Halifax disaster, and his addresses before various societies are striking evidences of his ability and usefulness. The best wishes of the Board, the Alumni, and the Student body, will follow him to his new position as President of Colgate. No successor has been appointed to succeed him to date.

A fine tribute was also paid to Dr. A. C. Chute who is retiring from the active duties of his professorship in Old Testament Language and Literature. The high esteem in which he is held by the students and the community, due to his kindly spirit and manner, will still continue. His influence among the students has been most helpful and his loyalty to the University and to the denomination most constant. Dr. Chute will continue to teach a few hours a week.

A successor has been appointed to fill the chair occupied by Dr. Chute in the person of Rev. Norman W. Hutchins, M. A., B. D., Ph. D., Middleton, N. S. Dr. Hutchins graduated from Acadia in the class of 1891 and afterwards studied in Rochester and Chicago. He is a man of culture and scholarship.

The financial statement of the Board was made by the Treasurer, Dr. Cohoon. The debit balance against the College was reduced from \$13,715 to \$2,248. Kent Lodge which was purchased to meet an emergency arising from the return of soldier students has been sold and the account now closed. Acadia Seminary closed the year with a small deficit and the Academy shows a small profit.

The Trust Funds of the Institutions aggregate \$770,649.31. If this amount there is invested in mortgages, \$354,720; in bonds, \$152,336; in stocks, \$23,636. The entire Assets of Acadia were reported as worth \$1,553,940.05, while the liabilities amount to \$51,300. It will thus be seen that Acadia is worth well over a million and a half.

The report on Amalgamation was submitted in a supplemental report. The report reviewed the steps taken leading to the offer of the Carnegie Corporation

to the colleges of the Maritime Provinces. Three courses were before the Convention: First, to disapprove the principle and thus end negotiations; Second, to approve the principle and enter into negotiations with the other colleges for amalgamation; and Third, to instruct the Board of Governors to look further into the proposition and report at a later date to the Convention. Dr. Cutten advocated the latter course as the Carnegie Corporation in their offer had left the Colleges free to work out their own plans for federation.

A hearty welcome was given to the Convention by President Cutten and Mayor Sutherland and a response made by Mr. R. B. Wallace, Fredericton.

The courtesies of the Convention were extended to a number of visitors including: Rev. Dr. E. D. Webber, Dr. E. M. Keirstead, Dr. H. C. Vedder, Dr. F. W. Patterson, Rev. E. M. A. Bleakney, Rev. G. G. Bleakney, Rev. C. F. Bleakney, Rev. H. S. Stillwell and Rev. E. Palgrave Davy, of Auckland, New Zealand. Mr. Davy in a fitting speech conveyed the greetings of New Zealand Baptists to the Convention.

PORT WILLIAMS ITEMS

R. F. Newcombe and wife returned on Saturday from their wedding trip which they took in their auto through the Annapolis Valley. They were serenaded at evening by the young folk who much enjoyed the beautiful trip provided.

Miss Minnie Dickie, of Washington, D. C., is spending a week with her friend, Mrs. A. F. Newcombe.

Miss Mabel Regan, who has been spending her vacation at her home here, has returned to her work (nursing) in Halifax.

Miss Dorothy Illesley has returned to her school in North Sydney.

Mrs. G. H. Illesley was "at home" to a large number of friends at her residence, "Oak Bank", on Saturday last.

Mrs. W. M. U., convention in Moncton, this week.

Misses Laura Hanson and Irene Gates have gone to Toronto to attend the National Exhibition.

Misses Lucy Cogswell and Edith Hanson are visiting relatives in Amherst.

H. R. Holding motored to Point De-Butte where he is the guest of Dr. Trueman. His mother, who has been visiting relatives in N. B., joins him there.

Mrs. D. Hoag and family left Tuesday for their home in Toronto after visiting the past two months with her parents, Mr. and Mrs. C. A. Campbell.

Mrs. Thomson, of Amherst, is spending a week with her aunt, Mrs. Almira Fullerton.

A. B. Rand and family spent the week end at Halls Harbour.

Mrs. Annie Freeman is a guest at the Parsonage and with Miss Ella Rand.

Mr. Jas. Hanson, of Halifax, is spending his vacation with his mother, Mrs. Lucy Hanson.

Mr. Ira Lantz has moved into his new house.

Mr. M. K. McKinnon is taking a holiday at Chester with the Boy Scouts. Miss Dorothy McKinnon is visiting in Liverpool.

Mr. Lloyd Jess has resigned his position as teller with the Royal Bank and will enter Acadia University at fall term.

Mrs. Clark, who has rented the building formerly occupied as Barber Shop, has had it renovated and will open a millinery establishment. The success of last spring's trade warrants a much larger investment. She spent last week in St. John attending the Fall Openings. Watch for her Ad.

Rev. Neil Herman, of Summerside, P. E. I., occupied the pulpit of the Baptist church on Sunday evening last, preaching an excellent sermon from Isa. 1, 18.

Mr. and Mrs. Geo. Singleton and family with Mrs. Florence Eaton and Miss Terry Eaton, motored from Brockton, Mass., and have been the guests of Mrs. G. H. Gates for the past week, leaving for home early Thursday morning. Returning they take the route through Fredericton and Woodstock, taking in the scenery of the St. John River. Mrs. Eaton will remain with relatives in Hants and the Valley till October.

Miss Jessie Lockwood has improved her residence with a fresh coat of paint.

Miss Alice Lockwood is spending her vacation with her mother here.

At the convention of the Maritime Chemists Association at Halifax this week Prof. D. U. Hill, of Acadia University was elected secretary-treasurer. Next year's convention will be held at Kentville.

The first apple shipment to Liverpool, consisting of 5000 barrels left Halifax this week on the Furness Liner, Digby.

IRISH LEADER SLAIN

Michael Collins, head of the Irish Provisional Government and the Irish National army, was shot and killed from ambush at Bandon, County Cork, Aug. 22, a few hours after he had been given an ovation by the people of Cork City, who for the first time saw the Free State hero in the uniform of Commander-in-Chief.

ORIGIN AND EARLY HISTORY OF THE ORGANIZATION OF THE SONS OF TEMPERANCE.

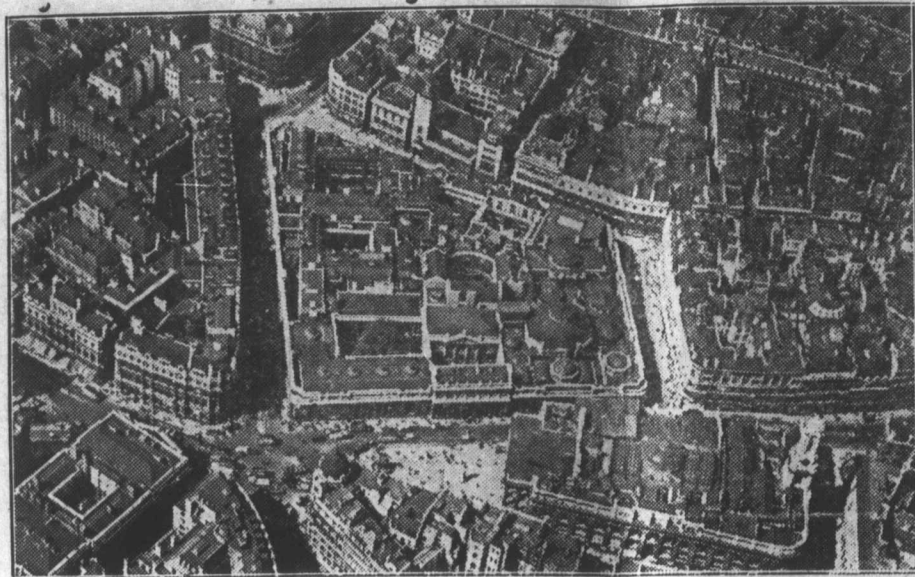

The origin of the order of the Sons of Temperance was the organization of New York Division No. 1, at a meeting held in "Teetotaler's Hall", New York City, on Thursday evening, Sept. 29th, 1842. The organization has then a record covering eighty years of active service. This original meeting was composed of ten men who gathered together for the purpose of forming a "Beneficial Society based on total abstinence." These ten men and six others, sixteen in all, adopted a resolution that the society be formed and drew up a constitution.
 Such was the origin of the Order which in less than three months grew into a Grand Division, in less than two years expanded into a National Division and since has spread over the whole of the English speaking world. It is now composed of Subordinate, Grand and National Divisions—one for North America, one for Great Britain and Ireland, and two for Australia. In the course of its existence it has had nearly 7,000,000 members on its rolls.
 We now have the honor of having in our Province, the Most Worthy Patriarch of America, Mr. E. R. Nickerson, of Shag Harbor, N. S. Mr. Nickerson is now head of the Order for the whole of North America and we know he will fill the position with dignity and ability. For a good many years he has been the temperance leader in Shelburne Co.—Forward.

The longest non-stop railroad run in the world is from Paddington Station, London, England, to Plymouth, a distance of 226½ miles. Recently the schedule was re-arranged so as to call for the pre-war running time of 247 minutes.

THE BANK OF ENGLAND TO BE REBUILT

This unusual aerial photograph of the financial centre of the world shows the premises of the Bank of England, occupying the block in the centre of the picture, which it is understood, is to be rebuilt. The gold of the Bank of England is deposited in a large underground vault covered with several feet of water highly charged with electricity.

MARKET PROSPECTS FOR APPLES

The following crop report issued by an English firm of importers may be of interest to our readers:

The time has now arrived when we have to consider the prospects here for imported Apples during the season 1922-3.

England
 Undoubtedly there will be a very fair crop of Apples in this country. Kent county will have a plentiful crop of early varieties and a fair one of late kinds. Devon and Somerset report heavy apple crops, but most of this fruit is inferior and does not seriously compete with Canadian and American imports.

Canada
 Nova Scotia's crop will be rather smaller than that of a year ago. Ontario growers report good crops for the coming season. British Columbia will produce about 25% less than last year.

United States
 Both NEW YORK and VIRGINIA will have good crops this year, and we have to remember that these States shipped practically no Apples during 1921-2 season. In 1920 1 season however, they shipped heavily. Washington, Oregon and California report good crops.

European Countries
 SWITZERLAND, ITALY, HOLLAND, FRANCE, GERMANY, etc., all report good Apple crops. Italy and Switzerland are at present sending consignments forward to England. Prices for this fruit are gradually falling, and net results are already reaching the non-remunerative level. Costs of transport are heavy, and unless growers decide to accept lower values, the business must soon cease. In pre-war days Germany was the best customer for these Apples. With German Mark at NINE A PENNY—(practically 490 marks to one dollar), it is impossible for merchants in that country to import Apples. Consequently Swiss, Italian and Dutch Merchants are eagerly seeking out other markets, centering their chief attention on the English Markets.

The Eastern States of America were buyers from the Western States last season, just as Ontario bought from Nova Scotia, but this season it will be different. Barrels are cheaper in Ontario this year, and rail rates are slightly reduced; both these facts assist the

TIP TO WISE MERCHANTS

With the approach of harvest there will be an increasing demand for almost all kinds of merchandise, because the harvest season brings with it a long list of wants, that are absolutely necessary at this time. There are various lines of clothing, shoes and other things that are needed, besides which there are the hundred and one repairs and accessories for the machinery, some of which are never thought of until harvest is here. The live merchant, no matter what line he may carry, will respond to the situation and let his customers know what he has by way of harvest necessities, and thereby increase the service which he must give if he is true to his calling. Often there have been cases where the farmer engaged in cutting his harvest, has been greatly inconvenienced, just because he did not know whether or so and so kept the articles needed by him. An advertisement in the local paper would have given the information desired. All indications point to an abundant harvest, and there will be a considerable demand for harvest supplies. Don't wait till the last

minute before telling where they can get it. Start now. Now is the time to advertise.

In conversation with Muriel, Myrtle confidentially announced that the engagement of their mutual friend, Melissa, to the young minister was off.

"She told me he was awfully nice in many ways," went on Myrtle, "but he was terribly jealous and took undue advantage of his position."

"How was that?"
 "Well, every time she had an engagement to motor with some other man, he would pray for a storm."

Reports from all sections of New York State indicate that there has been a severe outbreak of apple scab in New York orchards following the unusual period of wet weather that prevailed during June and early July.

Panda Baron Br Trotting mare foaled August 1916, stands 15½ Hds. weight 950, by Oakley Baron, Dam Miss Panis, by Panis.

This mare has never been trained but has natural speed and has passed quite a few good ones on the road, and ought to get in a trainers hands.

I bought her with the intention of sending her to the States but as I have all I can handle at present decided to sell.

Oakley Baron has demonstrated speed by the colts Brenton H. and Oakley H. on the island, both beating 2.20, and I have a colt that will beat that mark this fall.

The dam Miss Panis has matinee record of 2.22 halves in 1.07 and 1.08, she came from the States and was never headed on the road, a grand individual.

Her brother India Panis trotting to a record of 2.18½. If you want to train real speed don't let this one get away.

FORMER WOLFVILLE BOY WHO HAS MADE GOOD

THE ACADIAN is always pleased to be able to record the success of Wolfville boys who make for themselves a name and place in the big outside world. It is, therefore, with much satisfaction that we republish the following from the New York Electrical World, of August 5th. The subject of the brief sketch is the only son of Mr. and Mrs. J. L. Franklin, of this town, and the reference will be read, we are sure, by a host of friends here and throughout the province:

Emerson L. Franklin, manager of the Warren Division of the Ohio Public Service Company, has been elected as president of the Ohio Electric Light Association. Mr. Franklin was born in Wolfville, Nova Scotia, and has spent twenty years in the electrical industry. His education was obtained in Acadia University, Wolfville, and McGill University, Montreal. He was graduated from the former college in 1900 with a B. A. degree and from the latter in 1902 with a B. S. in electrical engineering.

In September, 1902, he joined the Easton Power Company, Easton, Pa., as chief engineer. In 1907 he was advanced to superintendent and five years later was made secretary. The Eastern Pennsylvania Power Company was formed in 1912 by a consolidation of electrical power companies in and around Easton, and Mr. Franklin was appointed general superintendent of this group. He resigned this position the following year to accept the position of plant superintendent of the Empire District Electric Company, Joplin, Mo., and in 1914 organized and directed "results engineering" work for the properties of the Cities Service Company in Missouri, Kansas, Oklahoma and Nebraska. In June, 1914, he was made general manager of the Trumbull Public Service Company of Warren, Ohio, and when this property was consolidated with the other Ohio properties in 1921 he was appointed to his present position. Under his management the gross income of this property has increased ten times and the output in kilowatt-hours more than twenty-five.

THE DISPLAY OF HERALDRY

The famous Ontario College of Art, Grange Park, Toronto, the leading college of art on the American continent, has taken up the subject of illustrating history by historic heraldic symbols in its usual thorough manner. In the Heraldic Display at the College of Arms, the following Students and others of the Ontario College of Art have sent in 48 splendidly painted armorials of 48 Baronets of Nova Scotia, the first of which titles was in 1625 and the last in 1707: "T. M." sent 24; H. A. Cordell, 4; J. Garvin Hetherington, 2; and the others, one each: Augusta C. Fleming; W. Gordon Wallace, Mary E. McNeely, W. M. Cronkwright, Helen Meyers, Dorothy Carswell, Ruth Sweeney, James Harvey, G. Broomfield, T. A. Stone, Harry Schwartz, C. Schaffer, Elizabeth Wood, H. A. Steggle, Ashforth Schaefer, Cardell Macdonald, A. Hobson, Evelyn Ballard. Fifty-two more arms of the Baronets of Nova Scotia have been promised. This leaves but 65 (there were 165 in all) to be painted. Of this Ontario College of Art, Mr. Reid, the principal, is a Fellow of the Royal College of Artists and one of his assistants, Prof. Macdonald, now passing the summer at Petite Riviere, Lunenburg, has obtained a fame justly earned.

Among the other contributors in this Display are Mary K. Lewis, S. Yarmouth, N. S.; A. G. Law-Samson, Edinburgh, Scotland; and one piece each from the official artist of the Lazon Registry of Scotland, and from the official artist of the College of Arms of England.

Subscription Rates—In British Empire, in advance, \$2.00 per year. To U. S. A and other countries \$2.50 per year.

Advertising Rate Cards and information respecting territory and samples of paper mailed upon request, or may be seen at the office of any advertising agency recognized by the Canadian Weekly Newspaper Association.

Advertisers must have copy in by Tuesday noon in order to insure changes for standing advertisements. New display advertising copy can be accepted one day later.

Correspondence—Letters addressed to the Editor and intended for publication must be short and legibly written on one side of the paper only. The longer an article, the shorter its chance of insertion. All communications must bear the name of the writer, not necessarily for publication. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for the opinions expressed by correspondents.

A FEW WORDS WITH YOU, PLEASE

The adv. columns of THE ACADIAN are as carefully edited as any other department of the paper. Advertisers are urged to change their announcements frequently and our staff is always glad at any time to render assistance in this work. The result is that our advs. are always interesting and informing and read with keen interest by all our subscribers. It will be noticed that we carry no "dead" advs. Every inch of our space is filled each week with live matter of interest to our readers, whether in editorials, news or adv. columns. This makes THE ACADIAN an increasingly popular advertising medium. The fact that our subscription list is growing rapidly adds materially to the value of the paper in this respect and at the same time shows that the endeavor of the publishers to supply the best possible service in a newspaper is appreciated by the public. Our policy is to make our rates such as will make it possible for us to have all advertising matter set up in an attractive manner with modern materials and by workmen thoroughly familiar with up-to-date methods. During recent years the price of advertising has considerably advanced but not at all in proportion to the expense involved. THE ACADIAN has only one scale of rates and no exception is made. We believe in using all people alike.

Car drivers complain with what appears to be considerable justification that while they are compelled by law to carry lights both in front and behind when driving at night, as well as to carry identification plates and conform to other by no means unreasonable requirements, that drivers of horse-propelled vehicles are allowed to disregard any such provision for the safety of the public. Unquestionably it would prove a great safeguard to themselves, as well as a decided convenience to motor-vehicles every driver of a team were to display such lights as would indicate his presence and location and the direction in which he was proceeding. This is a matter which should be dealt with at once.

A few weeks ago THE ACADIAN referred to the dangerous condition of the railway crossing at Port Williams station. This crossing is not only a menace to public safety but is also a great annoyance to car-drivers as it is in a wretched state of repair and furnishes an awful shaking up to those who pass over it at even a very slow rate of speed. Accidents are often reported as a result of cars stalling while crossing a railway track and in the attempt to save their cars and passengers such is very liable to occur at Port Williams station. The public should demand that something be done, and at once.

DEATH OF MARK B. SHAW

News has been received of the recent death at San Bernardino, California, of Mark Bailey Shaw, a native of Weston, this county, son of the late Isaac Shaw. The deceased was in the sixtieth year of his age. He was graduated at Acadia University in the class of '86 and was married during the same year to Miss Antoinette Dewis, of Cumberland county and was ordained to the Baptist ministry. His first charge was at Yarmouth, where he did excellent work until in 1889 failing health induced him to pay a visit to California. Subsequently he spent some time in missionary work in India where he spent five years, returning to California in 1895. After filling several pastorates he retired and entered the undertaking business, in which he continued and prospered until his death. He rendered splendid service during the Mexican war and served in the Seventh California National Guards as Chaplain. He was also a member of Board of Supervisors for the Fifth District. He filled many other important positions and as leading citizen, pioneer, clergyman, soldier and mortician won respect from those with whom he came in contact. During his college days and since Mr. Shaw has been a frequent contributor to the columns of THE ACADIAN under the nom de plume of "Lee" and was a warm friend of the former editor. A few years ago he planned to visit the old scenes in his native province but was prevented from doing so. He is survived by his widow, four sons and two daughters. Dr. Carl A. Shaw, of St. Kitts, West Indies; Rev. Avery A. Shaw, D. D., pastor of Emanuel Baptist Church, Brooklyn, N. Y.; Prof. Harland B. Shaw, of Bridgewater, Mass., all graduates of Acadia, are brothers.

GASPEREAU NOTES

School opened on Monday of this week. Miss Swallow is again resuming her duties in the advanced department and Miss Waterman has charge of the primary department.

Miss Louise Stevens, of Boston, Mass., is visiting Mrs. James Gertridge.

Rev. A. L. Huddleston, M. A., D. D., of the First Baptist Church of Halifax, will preach at both services on Sunday next.

The Sunday School held their Annual Picnic on Friday of last week at Oak Island. A goodly number attended and a pleasant time was enjoyed by all.

Mr. and Mrs. Harry Eagles, of Boston, Mass., are visiting Mr. and Mrs. William Eagles.

DROPPING THE PILOT

The day has come when the good ship, Acadia, must drop her pilot. It is a time of sadness for all when the pilot slips overboard into his boat and sails away to become a tiny dot on the distant line of vision. He has accomplished his task and now the noble ship must hold on her way, ploughing through the waves, and developing new speed without his far-seeing vision and guiding hand at the helm.

Wolfville is the better for Dr. Cutten's citizenship, is the richer in things that count because of the twelve years he has lived among us. His constructive mind, his untiring energy and his powers of organization have been given freely to the upbuilding of community life. We shall miss his efficient aid in civic affairs, but most of all, we shall miss him from the side walk, the post office and the railway station where his smile which he may flash upon one at any instant (thus making him a law breaker because he carried a concealed weapon) has lightened many a dark day and lifted many another's burden. We hope Dr. and Mrs. Cutten will ever think of Wolfville as "back home" with the latchstring always outside the door.—Com.

We understand that Mr. L. G. Pearman has sold his property at Lower Wolfville to Mr. H. D. Schofield and has purchased the fine R. E. Burgess place on King street. It is said that Mr. Schofield has sold his place on Main street to Mr. T. E. Hutchinson.

A number of the friends of Mr. and Mrs. B. O. Davidson, Summer street, paid them a visit last Friday evening and held a very enjoyable lawn-party and picnic. Tables were laid on the veranda and bountiful refreshments were served and a very jolly time was had, followed by cards and other amusements in which all heartily participated.

The funeral services of the late Miller Porter were held at the house of his brother, George Porter, at Arlington, on Wednesday afternoon, 30th inst., the Rev. T. W. Hodgson, of Canning, officiating, interment at Pereaux. A large number attended. Mr. Porter will be remembered as our very efficient Chief of Police at Wolfville some years ago.

A private note from Mr. J. Edgar Whidden notes his change of address from McMinnville, Tenn., to San Angelo, Texas. Mr. and Mrs. Whidden made the trip by motor calling on the way at Nashville, Clarksville and Memphis, Tennessee; Little Rock, Arkansas; Texarkana, Dallas and Fort Worth, Texas. They report a very enjoyable journey, free from car trouble—not even having a puncture. Wolfville friends will be glad to hear that they are now very pleasantly situated.

In last week's issue we referred to the visit to Wolfville of Mr. L. B. Skinner, president of the Florida State Horticultural society, and of his interest in the fruit-growing industry of this section. Just before leaving Wolfville Mr. Skinner made THE ACADIAN a second call to say that he had visited the Experimental Fruit Station and was highly pleased with what he there saw. He described it as the best Experimental Fruit Station he had ever visited and spoke in the highest terms of the work accomplished by Prof. Blair which he thought was wonderful considering the brief history of the farm. It was Mr. Skinner's opinion that this Valley is decidedly fortunate in having such a man as Prof. Blair in charge of its experimental work in fruit culture.

The Lower Horton Methodist church is devoting two Sundays to its Missionary Anniversary Services. Last Sunday in the morning service an impressive and convincing address was delivered on the world-wide scope of missionary endeavor. On Wednesday evening at the mid-week service an address was delivered by Dr. A. C. Borden on the Subject, "Missionary Effort in Relation to the next World Conflict." Next Sunday, the 3rd of Sept., at 11 a.m. and 7 p.m., Rev. Hamilton Wigle, D. D., Principal of Mt. Allison Ladies College and one of our Maritime orators will speak on the same subject. Special music is being provided by the choir which will be assisted at each service by Miss Edith M. Woodman, of the New England Conservatory of Music. Collections and subscriptions in aid of mission work will be taken at each service.

Coming Events

Notices under this heading are inserted at 10 cents a line. Each repeat, 5 cent a line; minimum charge, 30 cents. Contract rates on application.

A Baby Clinic will be held at the Parish Hall next Thursday afternoon, Sept. 7th, at 3.30 o'clock.

There will be a meeting of the I. O. O. E. on Tuesday, Sept. 5, at 3.30 in Parish Hall. All members please attend.

A valued patron of THE ACADIAN's job printing department from a neighboring town writes: "We appreciate the promptness and neatness of your work as manifested by our orders given you." Thanks.

The fact that the Boston Symphony Ensemble, comprising as it does, thirteen of the most prominent members of the Boston Symphony Orchestra, is to appear with the same personell as made it famous in all the larger cities of the United States and Canada, will make this concert a magnet for music-lovers for miles around. Seats for this concert, however, will not be put on sale until Sept. 7, at the earliest. At Randa. Prices will be announced later.

The dance given by the Ken-Wo Country Club at the new warehouse of the Port Williams Fruit Co. on Thursday evening of last week was a decided success. The large floor offered ample space for the three hundred dancers present. Music was furnished by the Tyrell Orchestra, of Halifax, and refreshments were served during the evening. The Chaperones were Lady Townshend, Mrs. Geo. E. Graham, Mrs. J. E. Hales, Mrs. Geo. W. Munro, Mrs. Herbert Oyley, Mrs. J. Elliot Smith, and Mrs. Holland. Over two hundred dollars was realized for the benefit of the Club.

PLEASANT SOCIAL GATHERING

The home of Mr. and Mrs. H. D. Johnson was the scene of a very delightful function last Saturday afternoon the occasion being a garden-party and reception given by Mrs. Johnson in honor of Mrs. George Alexander and little daughters, of West Stoughton, Mass., and Miss Claire Lamb, of Dorchester, Mass., who are spending some weeks in town. The affair was intended especially for the little ones, about twenty-five of whom were present and enjoyed an afternoon of rare delight. Forty or more ladies were also entertained, it being planned that the guests should represent three generations. The commodious residence and grounds, decorated with bunting and artistically arranged, presented a most attractive appearance and Mrs. Johnson, always an ideal hostess, excelled herself in her efforts to provide for the comfort and enjoyment of her guests. A dainty supper was served to the older guests in-doors while the young people were regaled at a table laid on the lawn, and made a very charming picture grouped among the beautiful flowers that abounded on every hand.

Mr. Cecil Thompson, who has been spending two weeks vacation in St. John and Amherst, returned home this week.

Dr. and Mrs. H. T. DeWolfe returned home from Toronto this week.

Being flat at both ends is no disgrace. The earth is like that.

We knew a man once who perspired while doing road work.

For yersa I have never considered my stock of household remedies complete unless a bottle of Minard's Liniment was included. For burns, bruises, sprains, frostbites or chillblains it excels, and I know of no better remedy for a severe cold in the head, or that will give more immediate relief, than to inhale from the bottle through the nasal organ. And as to my supply of veterinary remedies it is essential, as it has in very many instances proven its value. A recent experience in reclaiming what was supposed to be a lost section of a valuable cow's udder has again demonstrated its great worth, and prompts me to recommend it in the highest terms to all who have a herd of cows, large or small. I think I am safe in saying among all the patent medicines there is none that covers as large a field of usefulness as does Minard's Liniment. A real truisim—good for man or beast.

THE MOTOR TRUCK IS INDISPENSIBLE

How Marketing Problems Have Been Solved

From a questionnaire sent out to farmers asking if the truck were a profitable investment, 31 replies were received. Of these, 29 answered "yes", the other two claiming the bad state of the roads in their districts prevented its use. That the truck is adapted to every type of farm is shown by the wide range of answers—fruit, mixed, creamery, wheat, truck and cattle farmers.

The average distance from market of the thirty-one answering the questionnaire was eighteen miles. The average load their trucks carried on the road was 2340 pounds, while on the farm it worked out to 2016 pounds.

The average mileage a day gave a showing of twenty-seven, and the average number of months the truck worked during the year was slightly over nine.

To a question as to the truck's chief advantage over the horse, all replied that it was a time and labor saver, and many of them entered into interesting detail.

One enthusiast declared that he could make five trips with a truck to one with a horse; another, that it was six times quicker in hauling; another, that it gave him the pick of three markets while all appreciated that the truck required nothing to eat and neither care nor attention when not in use.

The types of roads which the truck users travelled embraced all kinds—plain mud, stone and clay, and sand, sand and gravel, down to macadam and asphalt.

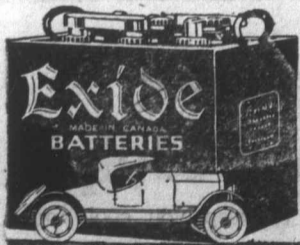

The acreage under cultivation ranged from thirteen up to eight hundred acres, thus proving that the truck pays no matter the size of the farm.

The motor truck on the farm is a paying investment in every way—in every operation—in every use. So say its many users who have actual and practical experience, who have had opportunity and inclination to investigate, and who, by these tokens, KNOW.

A farmer's motor truck is like his telephone—he thinks he can get along without it until he has one and then it becomes indispensable.

GOOD LOCK, GOOD PROTECTION

"Use a lock on your motor car if you want it thief-proof", is the advice of a former car thief who has reformed after spending three years in a prison cell, and is now out to put car owners wise to the tricks of auto stealing. This ex-thief admits that possibly a lot of auto thieves can pick any lock ever devised. We are told that no thief in his senses will bother with a locked car, however, when right around the corner is one without the sign of a lock, for thieves don't like extra work any more than honest men do. Another piece of advice handed out by this former crook is directed to legislators who are urged to pass a law requiring the verification of requests for transfers of automobile licenses.

When reliable power is combined with exceptionally long life, as in the Exide, then your battery is not merely a comfort but a genuine economy

A VALVE GRINDING TIP

When grinding valves, be careful not to let particles of emery get into the cylinders. These particles are harder than cast iron, and if some of the emery is caught between the cylinder walls and the piston, they never stop grinding. When completing the job carefully wipe all the emery from the valve and seat and finish with kerosene or gasoline on a cloth as an extra precaution.

CARE OF UNIVERSAL JOINT

The universal joint should never be neglected because it is not easy of access. It does a terrific amount of work, and must be lubricated properly to stand the strain and also to transmit power without absorbing a great deal of it through friction. As it begins to wear it develops a peculiar thump, which gets worse very rapidly.

THE EMPTY RADIATOR

When refilling an empty radiator with water, open the petcock at the bottom of the radiator or the one located at the water pump. Pour water into the cooling system until it runs freely from the open petcock. Close the cock and proceed with the filling. This plan eliminates the possible chance of an air lock in the system.

Keep Minard's Liniment in the house.

RELATIVE PENALTIES

The Buffalo News asks its readers to supply their own comment on this: "An automobilist ran wild the other day. He struck a young woman, left her lying in the street with a broken leg—and sped on. Fleeing from pursuing motorists, he drove his car into two other machines—and sped on. He was found at the police station later, but had not reported the accident. This was last Wednesday. On Saturday he was fined \$50 in city court. He was able to pay it, and walked debonairly from court. Not long ago an orphan girl was arrested on the charge of stealing a pair of stockings from a store. She was held in jail for several days for investigation. In spite of a probation officer's report that the theft was her first offence, she was sentenced to 60 days in a reformatory."

These anomalies in the name of justice, do appear from time to time, not only in the United States but in Canada as well. The breaking of a woman's leg by careless driving of an automobile should, at a minimum, bring a penalty of one hundred times as many days as the penalty for the theft of a pair of stockings.

THE POSITION OF CANADA AS A TAXPAYER

The citizen of Canada is carrying a tax burden sufficiently heavy in his own opinion, which opinion is justified by a comparison of that burden with the similar load on the shoulders of the citizens of the United States.

There the taxation per capita is \$26.12, while in the Dominion it is about \$45.00.

They also have the advantage of us in the matter of the per capita debt, which amounts to \$275 in Canada and about \$110 there.

But there is another and more cheering side. Contrast our lot with that of the people of the United Kingdom, whose taxation

per capita is 17 pounds, or about double our own, with a per capita debt of 181 pounds, nearly three times that of the Dominion.

And the French have a per capita tax of 516 francs, with a debt of 162 pounds per capita. In Germany the taxation is 2245 marks per capita, which does not include the forced loan amounting to 1167 marks.

At today's exchange every inhabitant of France has a debt of \$720.90 hanging over his head, and the United Kingdom \$805.45, which makes our own \$275 look small.

The philosopher will observe: It might be worse!

Ask for Minard's and take no other.

DRIVING WITHOUT FAN BELT

When the fan belt breaks at a time when another cannot be procured, it will be possible to run the engine with safety if the speed of the car is kept above 20 miles an hour. At this speed the movement of the car will usually insure sufficient air circulation to keep the temperature below the danger point.

A BUSINESS COUPE OF STEEL

Dodge Brothers offer to the business public of America an entirely new principle in Coupe body construction.

From framework to window mouldings the body is built of steel. It is the first all-steel closed car ever marketed. This design anticipates every possible requirement of commercial travel. It insures unusual quietness—unusual grace—unusual stamina. It has made it possible to give the Coupe that same lustrous baked-on enamel finish for which Dodge Brothers open cars have long been famous.

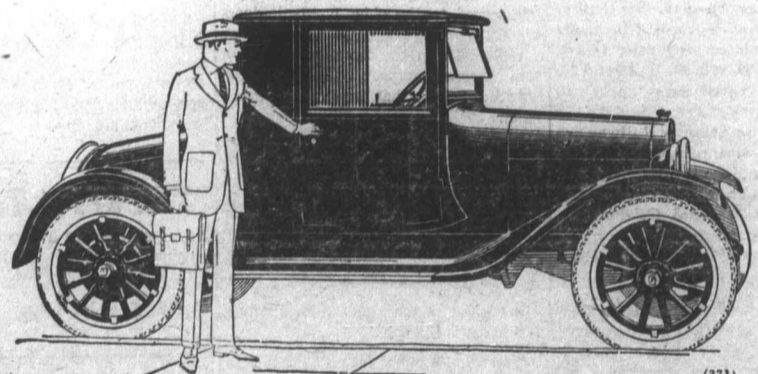

The upholstery is of genuine leather—leather that will wash and wear. The seat is wide and comfortable. Carrying compartments are accessible and spacious. The car is equipped with a heater, dome light, window levers, windshield cleaner, cord tires, Yale door locks, and every other appointment necessary to the owner's comfort and protection.

Built inside and out to withstand the wear and tear of everyday use, it retains the same lightness and beauty of line which you are accustomed to look for in Dodge Brothers cars.

It is the Business Coupe which business people the world over have been expecting—from Dodge Brothers.

The price is \$1610.00 delivered.

THIS WILL BE ANOTHER Studebaker Year

It's the car everybody wants because it is the best.

The unusual popularity of STUDEBAKER CARS is attested by the fact that the corporation enjoyed the biggest business in its history in 1921.

Notwithstanding the fact that the total number of all automobiles sold (except Ford) was 40 per cent. less than in 1920, the total aggregate of sales for the Studebaker cars was 20 per cent. greater than in 1920—and in Canada 64 per cent. greater than in 1920.

A SEARCH FOR HAPPINESS

"I am tired of the gloom of my own home town. It is lifeless and dull and dead. I will travel the world across, up and down. Till happiness found," he said.

So he started away with a heart that was light, And he searched and he searched some more, But he found only gloom that was darker than night, And was worse off than ever before.

But still he kept on this Happiness Quest, And many more months sped by He kept right on going without a rest, Until he gave up with a sigh.

And he started back home to the place he had left, Which was lifeless and dull and dead. He had tired of the search after joys bereft, And would stay in his home town he said.

And now you will see him as gay as can be, In the town he had hated before: For joys can't be got, on land or on sea, If you always ask for some more.

Now the moral, I'll tell you before I close, And I know that you will agree, That the saddest ones are always those That are where they have wanted to be.

BRAKE LININGS

A gap or open space of about a half-inch should be made when applying a new brake lining. This will lengthen the life of the lining, as a large amount of grease and grit will accumulate in the gap which would otherwise work into the lining.

HYMENEAL

Newcombe—Cogswell
 The marriage took place Aug. 16th, at the residence of the bride's uncle, Mr. Leonard Cogswell, Belcher St., Port Williams, of Miss Jennie Muriel Cogswell, elder daughter of the late Clayton C. Cogswell, to Mr. Robert FitzRandolph Newcombe, only son of Mr. and Mrs. Newton H. Newcombe, Belcher St.

The ceremony was performed by the Rev. R. B. Layton, of St. Paul's Church, Kentville, assisted by Rev. Ross Collins, who has recently returned from Scotland, where he has been taking a post-graduate course. The bride, who was given away by her brother, Mr. Henry Cogswell, wore a lovely gown of white Duchess satin, and the Juliet cap and veil of tulle were caught with sprays of orange blossoms. Her bouquet was white br de roses, sweet peas and maidenhair fern. Her sister, Miss Claire Cogswell, as bridesmaid, wore a lovely frock of palest grey canton crepe and carried rose-colored sweet peas. The house was beautifully decorated with flowers. The drawing-room, where the ceremony was performed under a latticed arch of sweet peas and green, was entirely done in pink and white flowers. The dining-room color scheme was mauve and white, and the living-room and hall were most artistic in shades of yellow. At the entrance of the drawing-room seven young girl friends of the bride, carrying basketfuls of flowers and white ribbons, lined the pathway which the bridal party entered, as Miss Gladys Newcombe played the wedding march. They were the Misses Ada Harris, Annie Morline, Laura Hansen, Dorothy Illsley, Doris Runciman, Bridgetown; Mary Beckwith, Hantsport; and Lou Crowe, Berwick.

After the ceremony and when the bride and groom had received the congratulations of the friends, lunch was served on the lawn. Mr. and Mrs. Newcombe left in the early afternoon for a motor trip through the Province and will spend some time at Port Lorne, on the Bay of Fundy shore. Mrs. Newcombe travelled in a new blue suit and feather toque.

The gifts were lovely, including silver, china, linen and cut-glass. Both bride and groom are very popular, and satisfaction is expressed that Kings county is not losing one of her most charming daughters.

A large number of guests were present at the ceremony, including the bride's aunt, Mrs. Nor-

man Marchant, Wollaston, Mass., and many from Annapolis, Bridgetown, Berwick, Hantsport and the surrounding country.

LORD NORTHCLIFFE'S FORTUNE

London, Aug. 21—The News of the World, Lord Riddell's paper estimates that Lord Northcliffe left a fortune of probably four million pounds. On that basis the death duties on the estate will amount to about \$1,750,000.

It is understood that even members of his family had no knowledge at the time of Lord Northcliffe's death of the dispositions made in the will.

HERE'S THE BEST EVER ON TWILIGHT BASEBALL

A semi-pro pitcher, who joined Tris Speaker's Indians recently, being recruited out of the sandlots, tells this yarn on the Twilight League in Cleveland.

In a certain game the teams played extra innings and it was so dark you could hardly see your hand in front of you. The home club was at bat with a man on third and two out.

The visiting catcher, smart in his generation, walked out to the pitcher and said: "Give me that ball. Now you wind up and I'll punch the glove when you get through with your motion."

The catcher put the ball behind his protector and squatted behind the plate. The count was three and two and two hands were down.

The pitcher would up and made the motion of throwing. The catcher slapped his glove and showed the ball right in behind the heart o' the plate.

"Strike three", yelled the umpire.

"You blind fool", roared the batter, "that ball was a foot outside."

A CONCESSION TO HOME INVESTORS

In offering to renew the five and a half per cent. Canadian Government bonds maturing December 1st at the same rate of interest as is carried by the maturing bonds, and allowing a bonus of one month's interest, the Minister of Finance is making a material concession to the Canadian investor, as this rate is higher than was paid on the recent Canadian loan in New York. The high class of the security, which is the very best that can be offered in Canada, and the liberal rate of interest should lead to large investment in these Dominion bonds. Attention is directed to the official advertisement giving details.

HOMEY PHILOSOPHY FOR 1922

All the radicals, kickers, general objectors an' fault-finders shriek out loud when somebody says work is the foundation of happiness an' contentment. Just a scheme of the rich to keep the poor at the grind they say. Maybe. But why not fool 'em? Work ain't work when a fellow's doin' what he likes to do, and everybody likes to be a leader in his line, so if we can't get to do what we want to do, we can do what we have to do better than the other fellow an' lead the procession.

One step won't take you very far, You've got to keep on walking; One word won't tell folks who you are, You've got to keep on talking; One inch won't make you very tall, You've got to keep on growing; One little ad won't do it all, You've got to keep them going.

Nearly 250 children under nine years of age were burned to death in Canada last year, exclusive of Quebec, for which province there are no figures available. Nova Scotia's quota was 21.

To Holders of Five Year 5½ per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5½ per cent interest, payable half yearly, of either of the following classes:—

- (a) Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.
- (b) Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, **GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.**

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Dated at Ottawa, 8th August, 1922.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds **AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th**, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unmatured coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

W. S. FIELDING,
 Minister of Finance.

The pen of Barred Plymouth Rocks owned by Mrs. W. S. Eagles, Gasperau, is second with 847 eggs weighing 1698 ounces.

Third place is held by the pen of Barred Plymouth Rocks owned by C. B. McMullen, Truro, with 799 eggs weighing 1654 ounces.

CANARD NOTES

Gordon Eaton and William Burbidge left for the "West" last week.

Dr. K. F. Clark and family, of Pasadena, California, have been visiting Rev. and Mrs. A. J. Prosser, of Upper Canard. Dr. Clark is a brother of Mrs. Prosser.

Miss Marjorie E. Eaton, who has been nursing her aunt, Mrs. Leverett Eaton, Milton, Mass., for the past year, returned home on Saturday, August 26th. She will spend the summer in Lower Canard.

On Sunday last Miss Evangeline Lazarus, of India, spoke in the Upper Canard Baptist church, and to the Lower Canard Sunday School in the afternoon. Miss Lazarus is one of India's "new women", a young woman of charming appearance and personality, and a member of a family which has been for three generations Christian. She graduated at the University of Madras, and both she and her sister are now students at Cambridge University, England. She gave a very pleasing address and it was much enjoyed by all who heard her.

A Concert was given in the Upper Canard Baptist on Sunday last. The sum of thirty-three dollars was realized.

Mr. Leverett Eaton and son Eben are spending a few weeks with relatives in Lower Canard.

Miss Evelyn Neily, of Aylesford, spent a few days last week with Mrs. Leslie Eaton.

Mr. and Mrs. Bently of Brookline, Mass., were week end guests of Prof. and Mrs. Balcolm.

Mrs. R. W. Tufts left on Friday last for Boston and New York, where she will remain a few weeks.

Dr. and Mrs. MacDonald and Miss MacDonald returned recently from a vacation spent in Deep Brook.

Mr. and Mrs. G. K. Prescott arrived home recently from a two weeks motor trip to Albert Co., N. B. Mrs. Prescott was accompanied by her sister, Mrs. Prescott.

Mrs. G. B. Cutten and son William left on Monday morning for Westfield, Mass., where Mrs. Cutten will visit her parents, before going to her new home in Hamilton, N. Y. The Misses Cutten will remain at the Woman's Residence this coming year, continuing their studies at Acadia. Dr. Cutten is attending the Baptist Convention and will leave tomorrow for Hamilton, N. Y.

Dr. A. J. McKenna is slowly recovering from the severe injuries which he sustained in the recent automobile accident at Kingston and was able to be removed from the hospital to his home on Saturday last. He experienced a very severe nervous shock in addition to his physical injuries and it will be yet some time before he is able to be around again. Miss McElheny, who returned home immediately after the accident, was also badly hurt and is yet feeling the result of her experience. All the occupants of the car were certainly fortunate in escaping instant death as it is a miracle that all were not killed.

Mr. and Mrs. W. D. Withrow, who since their recent painful experience in the automobile accident at Kingston have been staying at the home of Mr. and Mrs. Barrett, at Avonport, were in town for a short time this week, and left on Wednesday morning to spend a few days at the former's old home at Newport before returning home. Both are recovering rapidly from their injuries although still suffering considerably. Mr. Withrow was severely injured in the right shoulder and back, the seat pinning him down and causing him to receive a large proportion of the weight of the car. During their short stay

in Wolfville Mr. and Mrs. Withrow met a number of sympathetic friends and received numerous congratulations on their narrow escape from being killed outright. They expect to return to town in a few days and hope to soon be fully recovered.

AVONPORT NOTES

Dr. B. C. Borden left on Tuesday for Sackville where he will remain a few days to attend to his duties at Mt. Allison University.

Mr. Frank F. Forsythe and two daughters Minnie and Nina, who motored from Boston, Mass., last week and have been the guests of Mr. Forsythe's mother, Mrs. F. G. Borden, left on Thursday morning for their home.

Miss Troop, of Granville, arrived in Avonport on Saturday last and commenced her duties as teacher in our school on Monday morning.

The Misses Gilmore, who have been guests of their aunt, Mrs. Geo. Hutchinson, returned to their home in Pleasant

River on Thursday morning.

Mrs. Tapman, of New York, is the guest of her sister, Mrs. Brenton Borden.

Miss Hattie Haldean, of Halifax, is enjoying a short vacation visiting her friend Miss Olive Parker.

WOLFVILLE'S MEMORIAL

Delivery of the bronze figure to be placed on Wolfville's Memorial is expected the latter part of October. The

Committee in charge of this work is desirous of having the amounts subscribed fully paid before that date. Unpaid contributions may be forwarded to P. W. Davidson or left at this office.

The Committee report that in addition to the amount pledged about \$50 more will be needed to defray expenses of erection, etc. Anyone wishing to contribute toward this fund kindly leave as stated above.
