CROWN ATTORNEY FACES SERIOUS CHARGES

Investigation of Official Record of Attorney Brennan of Lincoln County Began at St. Catharines—Accusations Include Accepting of Money to Drop Actions.

ST. CATHARINES, Jan. 14.—(Special.)—A varied list of charges against Mr. Brennan, crown attorney for Lincoln County, was read by James Bath, K.C., commissioner appointed by the Ontario Government, for the purpose of investigation, when he opened the hearing in the grand jury room of the court house here at noon today.

One charge was that of accepting \$50 to drop a case of John L. Heaslip, justice of the peace, Gainsborough Township. The most active fighter at the investigation outside of the commissioner, said that this referred to a case in which Nelles Heaslip, of Gainsborough, was the defendant. Nelles was willing to give evidence as well as Albert Jameson, now of Fort Colborne and J. H. Harris of Gainsborough, but all were absent. Mr. Bath said that he would not ask for evidence on this charge until Mr. Brennan had time to learn something about the accusation.

Mr. Brennan believed the charge referred to a case in 1907, when Nelles Heaslip was charged with obstructing a roadway. Magistrate Comfort, of St. Catharines, had dismissed the case. Mr. Brennan had no knowledge of \$50 entering into the matter in any way whatever.

Fines Not Returned?
John L. Heaslip charged that Mr. Brennan had neglected to make proper returns of fines, as justice of the peace. The witness had fined Harpess. The witness had fined in April, 1908, made out a return, brought it to Mr. Brennan at St. Catharines and got a receipt. Witness intended to pay the fine to the township treasurer, but Mr. Brennan informed him that he, (Mr. Brennan) was the proper party to receive it, or else the provincial treasurer.

Mr. Heaslip said his attention was called to the matter by E. J. Hodgins, township auditor, who had discovered the return and whose father threatened the return and whose father threatened Heaslip with an action, because proper return of the fine had not been made. Witness hurried to Mr. Brennan at St. Catharines, with his receipt and was informed that the matter must have been overlooked. It was later published in the return of convictions.

Additional Charges.
Among the other charges were: Failure to give requested advice to justices of the peace, and neglect to issue the necessary forms for the use of the justices, under the crown attorney's act. Mr. Heaslip had been well served in this regard, but Jacob McCaffery and J. W. Lee of Gainsborough.

N.W. Rowell's Meeting

The following series of public meetings has been arranged to be addressed by Mr. Rowell and some of his colleagues. It is the intention to discuss various phases of "tax reform" and other important provincial issues:

Friday evening, Jan. 17—Princeton, North and South Oxford, "Tax Reform and the Farmer."

Saturday evening, Jan. 18—Bright, North Oxford, "Tax Reform and the Settler."

Monday evening, Jan. 20—North Toronto (Rowell Liberal Club), "Tax Reform and the Housing Problem."

Thursday evening, Jan. 23—Berlin, "Tax Reform and the Manufacturers and Working Men."

One other meeting to be held in Eastern Ontario will be announced shortly.

I. C. R. SHOULD RUN TO PACIFIC

Emmerson and Fowler, Old Political Foemen, United on Policy For Government Road.

MONTREAL, Jan. 14.—(Special.)—Hon. H. R. Emmerson, ex-minister of railways and canals, and Mr. G. W. Fowler, M.P., both from New Brunswick, and both strong political opponents, met here today, and while discussing the position of the Intercolonial in a very friendly manner, stated that they could not agree with Matthew Lodge of Montreal, N.B., Messrs. E. M. MacDonald, M.P., and H. J. Levan, ex-M.P., that the government railway should be handed over to a company.

Mr. Fowler went so far as to say that the Intercolonial Railway should not only be extended to the great lakes but to the Pacific Ocean and that the people could not get a square deal till this policy was brought about.

"I have always thought that Mr. Blair was right when he advocated a government-owned road from the Atlantic to the Pacific," chimed in the ex-minister, the member for Westmorland.

COMMITTED SUICIDE WHILE DESPONDENT

Elva Walter Drank Carboic Acid in Washroom at Eaton's Factory Yesterday Morning.

Elva Walter, aged 22, committed suicide by drinking carboic acid in No. 3 factory of the T. Eaton Co. yesterday morning. The girl had not been feeling well for some days, and when she came to work in the morning the other employees noticed that she was very despondent.

When she went to the toilet room and was absent from her work for some time, another girl went in search of her. She found her lying on the floor of the room.

Dr. E. E. King was called, but Miss Walter died a short time after he arrived. For some time past the girl had been living at 46 Messey street. The body was removed to Matthews' undertaking parlors.

CANADA LACKING IN MILITARY EFFICIENCY

General Otter Deplores Decay of Interest in Training For Defence Due to Development of Commercial Spirit—Scheme For Mobilization Assuming Shape.

OTTAWA, Jan. 14.—(Can. Press.)—The years' work in the Canadian militia is reviewed in the annual report of the militia council presented by Col. Sam Hughes. The one object sought, says the report in part, was preparedness for war, the power to mobilize at short notice a force of adequate strength, well trained and fully equipped. In the scheme of defence a few readjustments have been made, but no important change introduced.

Respecting mobilization, the general scheme is assuming definite shape. It depends for its success on decentralization. Division commanders will be given as free a hand as possible and not required to adopt a uniform system. The peace strength of the militia compared to war establishment is relatively low.

An interdepartmental committee, composed of the director of naval service, chief of the general staff and general officer for mobilization, has been formed. Seventeen officers took instructional courses in England during the year.

The report deals at length with the instructional schools of the militia in Canada, which in the last fiscal year granted certificates to 174 officers. In the year forty officers were appointed to the permanent staff.

The permanent force now comprises 3118 men of which 202 are officers. The larger number, 1201, are from Halifax, Quebec coming second with 494. Toronto with 345 and Kingston with 344. The year's expenditure under vote was \$7,553,281 and by statute \$21,800. This was an increase of \$791,947. A total of 38,894 men received efficiency pay aggregating \$174,058.

The inspector-general reports 15 city corps as good, 21 as fair, three indifferent and two disorganized. In regard to rural corps 1 are classed as good, 29 as fair, 15 indifferent and 3 disorganized. The establishment is 1458 officers and 16,335 non-commissioned men, while the number trained was 1019 officers and 11,558 men.

Need of Funds.
"The main obstacles to our efficiency," remarked Gen. Otter, "present themselves in two forms—lack of money on the one hand and the provision of it in the form of successful enterprises on the other; in the former militating against the provision of arms and equipment, rifle ranges and training grounds, and so placing obstacles in the prosecution of effective training in its full significance; the latter prevents individuals from sparing the time necessary to fit themselves for the military duties they have assumed."

Gen. Otter goes on to say that not enough serious thought is given to neglect of preparation for defence. It is not imperative, he asks, that we possess a military force adequate to bear the first brunt of conflict or at any event cause the invader to stop and think on the threshold? The extension of the belief that the plaudits for church or ceremonial parades may have lulled us into the belief that we are fit and capable for any invasion and that we are encouraging a rude awakening and irreparable loss some day.

LADY ABERDEEN AND MAYOR HOCKEN

SUCCESS OF HYDRO-ELECTRIC MEANS EFFICIENT CONTROL OF WORKMEN'S COMPENSATION

LAW, LANSDOWNE REMAIN LEADERS

Unionist Chiefs Definitely Abandon Advocacy of Food Taxation and Party Breach is Healed.

LONDON, Jan. 14.—(Can. Press.)—Andrew Bonar Law and Lord Lansdowne declared today to retain the leadership of the Unionist party in the house of commons and the house of lords respectively, and to abandon the stand they have heretofore taken on the subject of food taxation in connection with the scheme of imperial preference.

In reply to the memorial addressed to him on Jan. 9 by a representative meeting of Unionists in which the abandonment of the policy of food taxes was advocated, Andrew Bonar Law, who also speaks for Lord Lansdowne, says:

"It would have been more agreeable to ourselves and in our view more for the interest of the Unionist party that a change of method should have been accompanied by a change of leaders."

Mr. Law goes on to say that, as in the opinion of the memorialists a change of leadership would be fatal to the interests of the party and the country, we feel it our duty to comply with the request.

CONSERVATIVES PLEDGED TO DROP NAVAL AID PROPOSAL IS ASSERTION OF GUTHRIE

Discussion of Bank Act

OTTAWA, Jan. 14.—(Special.)—The second reading of the bill to revise the Bank Act will be moved by Finance Minister White at an early day, probably next Tuesday. Mr. W. F. Maclean (S. York) this afternoon gave notice that he and other members desired to discuss the principle of the bill on the second reading, and asked that some announcement be made of the date when the second reading would be moved by the government.

Mr. White promised to make a formal announcement in a day or two.

ALLIES PREPARED TO RENEW WAR

Terrors of Mid-Winter Campaign Appear Almost Inevitable—Efforts of the Powers Impotent.

LONDON, Jan. 14.—(Can. Press.)—Unless unforeseen events should change the current of affairs, the war in the near east will be resumed within a week, and Europe will witness the horrors of a winter campaign.

The allies have fairly made up their minds to take up arms a second time. The Turks last week were threatening to leave London and let matters take whatever course they might. Now the Balkan delegates are convinced that the Turks are merely drifting, without a fixed policy, and they have decided to end the seemingly fruitless debates and wire-pulling and begin the battles anew where they left off more than a month ago.

The Ottoman Government failed to convene the grand council today and apparently has no intention of meeting the allies' ultimatum on Adrianople. The allies do not believe in the efficacy of the note which the powers will present at Constantinople, because it is couched in too mild terms and simply advises Turkey to submit to the fate of war and abandon Adrianople for fear of complications in other parts of the empire, at a time when Turkey could not find moral or financial support in Europe.

W. W. Wegman Supports a State System on This Ground—Sir Wilham Meredith Gives Further Indication That Many-Sided Legislation Will Be Advice Offered to Provincial Government—Capitalized Cost Versus Current Cost.

The latest development in the search for data in the completion of the Workmen's Compensation Act is the question of capitalized cost versus current cost. The former is what the Canadian Manufacturers' Association want. What Commissioner Sir William Meredith will advise is yet hard to say.

The Washington system is a combination of the two systems, "capitalized cost" in the case of death, and "current cost" in the case of temporary disability. The commissioner has demonstrated his liking for this system.

The railways object to what is termed the "grouping system" in regard

CLEANING UP

SEVERAL HURT ON PARK SLIDE

Bob Sleigh Skidded on High Park Hill and Ran Into Crowd of Spectators.

Several people were injured on the High Park slides about 4:30 last night when the bob sleigh "Marty Ho" ran into a group of spectators. Louis Chaugrand, 100 Yorkville avenue, aged about 21 years, sustained a severe injury more or less serious, and two ladies were badly shaken up. Broken legs, three other young men received injuries more or less serious.

Dr. Dunlop, 294 Bancewells avenue, was summoned. He rendered first aid to the injured, and Chaugrand conveyed to the Western Hospital in No. 6 police ambulance. The others were taken to their homes in motor cars.

The accident occurred on the "half-mile" hill, just near the buffalo and deer pen.

Mrs. James C. Bell, formerly of 24 Soho street, will call at the detective office in the city hall, she will learn something to her advantage.

FIRE DAMAGED STANDARD BLOCK

Old Stock and Mining Exchange Burned at an Early Hour This Morning.

After it had been burning for at least ten minutes, a fire was discovered at 12:45 this morning in the building at the corner of Colborne and Scott streets, formerly occupied by the Standard Stock and Mining Exchange. People walking along the street, and some of the guests at the King Edward Hotel, saw the smoke and flames coming from the windows on the upper floors, and at once notified the telephone operator, who rang in an alarm. Almost at the same time Dave Stormont, son of the proprietor of Stormont's Hotel of Colborne st., next to the Standard block, was awakened by the smoke. He did not wait to put on any clothing, but ran in his pyjamas and bare feet, to the corner of Wellington and Scott streets, from where he also rang in an alarm. By the time the firemen reached the spot the flames had made considerable headway. At 1:30 the fire had been extinguished. The loss is \$8000, of which \$4000 is to the building and the remainder to the contents. The Canadian Securities Corporation is the heaviest loser.

LOCAL OPTION OF LAUNDRY LICENSES

Controller Church Vice-Chairman of Board of Control—Controller McCarthy on Treasury Board.

ASKS CITY TO HIRE HALL

Big Convention Wants Meeting Place Arranged—East End Wants Park at Small's Pond.

The board of control, at its inaugural meeting yesterday, began to form policies on certain phases of civic administration which hitherto have remained in the hands of the various departments.

Feasting and joy riding of visitors also received the attention of the board. Those who will receive the future hospitality of the city will have to be "distinguished," of international repute.

As to the use of city motors, it was decided that the city's own vehicles shall be utilized on every occasion possible, no leasing of privately-owned motors will be permitted when one of the city's is idle in the garage.

Ex-Aid Hillz appeared before the board to ask that body to lend assistance to the convent of the Disciples of Christ, which will be held in October next.

He said that some 10,000 visitors will be here for a week and the only accommodation suitable for the meetings in the Massey Hall.

Now at the time of the convention, the number of parking places will be very amply offset any expense incurred by the city.

Delegates will be coming from all over the American continent and European countries.

A deputation from the East End Ratepayers' Association and Norway appeared before the board of control at its first public meeting yesterday to protest against the protective system installed at Woodbine avenue crossing.

They would like to have a subway or bridge erected there, but in the meantime will be content with some better appliances erected than the railway company has been pleased to place there.

They also asked the city to take up the "open" on the Small Pond property of the Queen street.

They also asked the city to take up the "open" on the Small Pond property of the Queen street.

The commissioner of works has informed me that the intake pipe repairs are now completed and it is in first-class order, said the mayor.

Quickly Dispels Stomach Distress

Whatever the Trouble, It Disappears in Five Minutes After Taking a Stuart's Dyspepsia Tablet.

All of the unpleasant sensations attendant upon eating too heartily are almost instantly relieved by a Stuart's Dyspepsia Tablet.

When you take food into a stomach that is tired and over-taxed, the gastric juices do not form fast enough to digest it properly.

The food becomes sour and at once begins to ferment. Your stomach becomes inflated just as surely as if you attached a toy balloon to a gas jet.

Then the gases and foul odors issue forth to pollute your breath. Your tongue quickly becomes coated and you can taste the foulness that is within you.

Now all this condition is changed almost instantly by a Stuart's Dyspepsia Tablet. This little digester gets busy at once—sifts all the digestive elements that were lacking—digests the food in a jiffy and sweetens and refreshes the mucous lining of the stomach and bowels and restores a peace and content.

One grain of a single ingredient in Stuart's Dyspepsia Tablets will digest 3,000 grains of food. This saves your stomach and gives it the rest it needs.

All muscles require occasional rest. If they are ever over-taxed, the stomach is no exception to this rule. Try a box of Stuart's Dyspepsia Tablets and you will wonder how you ever got along without them. They are sold at 50 cents by all druggists everywhere.

Advertisement for Stuart's Dyspepsia Tablets.

CURED OF THIS HORRIBLE DISEASE

Edmonton Girl Saved by "Fruit-a-tives"

Edmonton, Alta., Nov. 20, 1911. "I had been a sufferer from babyhood with that terrible complaint, Constipation."

"I have been treated by physicians and have taken every medicine that I heard of, but without the slightest benefit. I concluded that there was no cure for this horrible disease."

"Finally, I read of 'Fruit-a-tives' and decided to try them, and the effect was marvellous."

"The first box gave me great relief, and after I used a few boxes, I found that I was entirely well."

"Fruit-a-tives' is the only medicine that ever did me any good for Chronic Constipation and I want to say to all who suffer as I did—Try 'Fruit-a-tives'—why suffer any longer when there is a perfect cure in this great fruit medicine?"

Miss E. A. GOODALL. "Fruit-a-tives' is the only remedy in the world made of fruit and the only one that will completely and absolutely cure Constipation. 50c a box, 6 for \$2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa."

METAL TARIFF IS AGAIN UNDER FIRE

Steel Magnate Urges Protection of Industry From Foreign Invasion—Dumping Clause Advocated.

WASHINGTON, Jan. 14.—(Can. Press.)—The metal schedule of the tariff law was again under fire before the house committee on ways and means today, several steel manufacturing interests contending for retention of the present duties in the schedule.

Mr. Ker of Sharon, Pa., president of the Sharon Steel Co., of Pennsylvania, made changes in the phrasing of the law to avoid importers taking advantage of its terms.

Mr. Ker expressed optimism of the steel industry, regardless of what action the democratic administration might take. He said the steel manufacturing industry was practically limitless in its possibilities and he urged protection against invasion from abroad.

He added that if the industry was disturbed, the capital would remain and the companies would re-locate their plants to the point of meeting with the competition.

R. E. Jennings, representing the Carpenter Steel Co. of Pennsylvania, urged the present tariff law, testified that the labor cost of production in the crucible steel industry was about 40 to 50 per cent. of the total cost.

Mr. Ker, in response to Chairman Underwood, was asked to explain why the steel industry was not protected in the Bessemer or open hearth steel business.

Mr. Kerichelm, of New York, wanted to know if the industry retained the products of the file and tool industry.

For Dumping Clause. During the discussion, Mr. Ker advocated a dumping clause to prevent the sending of goods into this country at prices lower than in the country of origin.

"If we had a dumping clause in this metal schedule," asked Chairman Underwood, "don't you think that the rates fixed in our metal bill last session would be sufficient?"

"I don't think that is so. We don't know as to that yet," Mr. Underwood asked as to the reasons for U. S. steel corporations proposed increase of wages.

Mr. Ker said he thought "that the corporation was taking time by the forelock to hold its labor."

IMMENSE OUTLAY ON BRITISH NAVY

Expenditure of Nearly Quarter of a Billion Dollars is Under Contemplation, Says Daily Mail.

LONDON, Jan. 14.—(Can. Press.)—According to The Daily Mail, the work of framing the British navy estimates for the coming year is nearly completed.

The one point remaining for decision, whether five or six battleships will be laid down, depends upon the Austrian treaty.

If the admiralty decides to wait before taking action on till the Austrian ships are laid down, it may be expected to be five battleships this year.

The naval program will then, according to the present information, involve an expenditure of \$240,000,000, and will include five battleships, six light armored cruisers, twenty destroyers, a number of submarines and in addition to the personnel of 5000 men, making a total of 142,500 officers and men.

The battleships will be of a new type, the largest and strongest which ever were built or money supplied.

They will displace 27,000 or 28,000 tons, burn oil alone and steam 23 knots.

Thus there will be an intermediate between the present Dreadnought battleships and battle-cruisers. They will be armed in all probability with eight 16-inch guns each firing 2200-lb. shells or if the 16 1-4-inch gun is not selected, 17 1-2-inch guns, firing shells that weigh about 1800 lbs.

Toronto, Ottawa C. N. R. Line. Bond process is now being made on the completion of the Canadian Southern Ontario line.

The Ontario line is now being built from Toronto to Ottawa, and the Ontario line is now being built from Toronto to Ottawa.

SHAKE UP AMONG G. T. R. OFFICIALS

Important Plan of Reorganization Is Entered Upon—Toronto Is Affected by Changes.

MONTREAL, Jan. 14.—(Can. Press.)—First steps in an important scheme of reorganization affecting the whole transportation department of the Grand Trunk Railway System, were taken this morning with the appearance of two official circulars.

The first, signed by Howard G. Kelley, vice-president of the department, and approved by the president, E. J. Chamberlin, announces the appointment, effective from date of Mr. D. Crombie as general superintendent of transportation.

Mr. Crombie was formerly assistant to the vice-president. Other appointments are as follows:

C. G. Bowker, joint superintendent of southern division, to be general superintendent of eastern lines, including Montreal division, Montreal terminal, Belleville division and Ottawa division.

H. E. Whittenberger, superintendent of middle division, including Toronto division, Hamilton division, London division, St. Thomas division and Stratford division.

U. E. Gillen, superintendent, eastern division, to be general superintendent of western lines, including districts 25, 26, 27, 28, 29, and the Pontiac, Oxford and Northern Railway.

The second circular, issued by Mr. Crombie in his new capacity, and approved by Howard G. Kelley, vice-president, it abolishes the office of superintendent of car service and records and appoints W. F. Farrell, superintendent of Toronto terminals, as superintendent of car service, and Fred Price, formerly superintendent of car service, as superintendent of passenger service.

Mr. Crombie, who is thus placed next to the vice-president in charge of the transportation department, was born in Hamilton, Ont., in 1864 and is therefore another of those younger Canadian railway men who are coming to the front in the great transportation systems of the Dominion.

Twitching of the Nerves

LARGE ASBESTOS PLANT PROPOSED

Johns Manville Company May Establish Works With Fifteen Hundred Employees in Toronto.

It is quite probable that Toronto will be made the location of a large factory for the manufacture of asbestos products. This matter was brought up at the annual meeting of Johns-Manville Company, Limited, which is being held during this week at the Queen's Hotel.

This firm have their mines and Canadian plant at Danville, Que., but owing to the tremendous increase in the asbestos business in Canada it has been decided to establish another factory, the final arrangements for which are now being made.

While the matter of its location has not been definitely decided, it is understood Toronto is the place that will be chosen.

The plant at Danville employs 1500 hands, and the new one to be established will employ a similar scale.

This firm is another case of an American firm which has established a Canadian branch that has proved a great success. The firm is a New York company. Four and a half years ago it opened a Canadian selling agency at Toronto with a selling staff of four men.

At yesterday's session Secretary D. McKibbin of Toronto declared that Canada ranked today as the greatest asbestos producing countries in the world.

Niagara Falls and Return \$2.25; Buffalo and Return, \$2.70; From Toronto, \$3.00.

Buffalo and Return, \$2.70; From Toronto, \$3.00. The Grand Trunk Railway System. Tickets good going via 9 a.m. Buffalo Express Saturday, January 18, valid returning on regular trains up to and including Monday, January 20.

Train leaving Toronto carries modern first-class coaches and prior to 11 p.m. from Toronto to Niagara Falls and Buffalo, Ontario. The Grand Trunk Railway is the only double-track route to Niagara Falls and Buffalo. Secure your tickets early at city ticket office, northwest corner King and Yonge streets, phone Main 4209.

U. S. STANDS PAT ON PANAMA ISSUE

Secretary of State Knox Will, It Is Stated, Show No Spirit of Compromise.

NEW YORK, Jan. 14.—(Can. Press.)—A despatch from Washington to The World says:

Secretary of State Knox will reply to Great Britain on the canal tolls question in a few days. His argument is rebuttal—for that is what he has made it—to the note of protest made by Sir Edward Grey, England's minister of foreign affairs, against the granting of free passage thru the Panama Canal to American ships engaged in coastwise trade.

Through his reply Secretary of State Knox has confined himself to an argument that under the Hay-Pauncefote Treaty the American government has the right to exclude from the payment of tolls any of its ships which do not compete with those of Great Britain.

Secretary Knox follows out closely the argument used by President Taft in his memorandum when he signed the Panama Canal Bill, around which the protest of England is built.

Secretary Knox denies that there is anything in the treaty which can be interpreted as meaning that the United States when it agreed to the treaty surrendered its rights to regulate its own commerce thru the canal, and holds in his argument that the treaty surrendered its rights to regulate its own commerce thru the canal, and holds in his argument that the treaty surrendered its rights to regulate its own commerce thru the canal.

The question of arbitration will not come up for discussion until Great Britain has replied to the Knox note.

FLOOD OF IMMIGRATION IS GROWING IN VOLUME

Increase of Fourteen Per Cent. is Shown in Nine Months — Many From United States.

OTTAWA, Jan. 14.—(Can. Press.)—During the nine months, April 1 to December 31, 1912, 334,093 immigrants arrived at ocean ports and 113,788 from the United States.

These figures show an increase of 14 per cent as compared with the number of arrivals of the corresponding months of 1911, which were 385,131 at ocean ports and 197,336 from the United States, making a total for the nine months period last year of 582,467 persons.

During the month of December, 12,025 arrivals, 7202 of them having been at ocean ports and 4783 from the United States, as against 10,724 for December, 1912.

CUT STONE MEN HERE

The 10th annual convention of the Cut Stone Contractors' Association of the United States and Canada, which is to meet in Toronto during the entire week, opened at the King Edward Hotel yesterday afternoon. The day was devoted to a meeting of the delegates. The general business of the convention will begin today.

FANNIE WARD DIVORCED.

Misconduct Proved by Husband, a Wealthy Broker.

LONDON, Jan. 14.—Joseph Lewis today obtained a divorce from his actress wife, known on the stage as Fannie Ward. He proved his charge, misconduct, naming an actor well known on the English and American stage, as the co-respondent.

Fannie Ward, who is 34 years old, was born in St. Louis and began her stage career there in a stock company. She achieved considerable fame in the United States and then came to London, where she married Lewis, a wealthy broker.

Fannie Ward appeared at the Princess Theatre several years ago in "The New Lady Bantick," a comedy by Jerome K. Jerome.

SPECIAL NOTICE - TO - Proverb Contestants

When the first instalment of correct answers to the Proverb pictures was published on Wednesday, Jan. 8, a slight typographical error occurred.

It was the use of quotation marks, which count neither for nor against contestants. Quotation marks, it should be understood by all, are not a form of punctuation, and do not enter into the construction of the Proverb answers.

No contestant need fear his answers will be penalized or marked wrong where the correct answers are included. So far several thousand sets of answers have been checked, and the average of correct answers is very low.

In comparing the correct answers, contestants should be fair when they discover that they have missed the wording of some of the extremely easy problems. Every contestant who followed the contest closely was duly informed, from time to time, through the announcements that appeared in the Daily and Sunday World, re the privilege to use five answers to each and every Proverb if they so desired.

Liberal allowance was also made in allowing contestants to incorporate the slightly different wordings of Proverbs of the same meaning upon one and the same coupon, and where the correct wording is included in contestants' sets of answers they are being given full credit.

Because contestants did not take advantage of these privileges, or because they failed to follow the instructions closely, is no fault of the Contest Department, and contestants should blame no one but themselves.

The examining and checking of the answers is progressing rapidly, and it is hoped that The World will be able to publish the list of winners very soon.

7th Instalment of Correct Answers

In The Toronto World's Great Proverb Contest

The examining and checking of the Proverb sets submitted in The Toronto World's Proverb Contest is progressing rapidly. During the examination of the Proverbs The World is publishing each day instalments of the correct Proverb answers. The sixth and seventh instalments are published today.

CORRECT PROVERB ANSWERS

Twenty-one to Twenty-eight

- 21. It never rains but it pours. -Pg. 61
22. Money is the root of all evil. -Pg. 51
23. It's not good to wake a sleeping lion. -Pg. 61
24. Love is blind. -Pg. 62

CHILDREN TO WALK OUT.

Opposition of Ottawa to Bilingual Regulations Not Abated.

OTTAWA, Jan. 14.—"We have instructions from the parents of all the children attending the bilingual schools in Ottawa to have their children put on their coats and walk out the moment this regulation is enforced," said Trustee Samuel Genest of the Ottawa Separate School Board today.

"We will ignore the regulation just the same as we did, as it had never gone into effect," said Mr. Genest, and French will be taught in the schools just as it was formerly.

Frontenac Liberals' Officers. KINGSTON, Jan. 14.—(Special.) At the County of Frontenac Reform Association meeting at St. William, K.C., was elected president, J. A. Walkem, K.C., vice-president and T. Milne Anselatine, secretary.

HON. W. J. HANNA TELLS OF WORK DONE ON NEW PRISON FARMS

Manifold Advantages of Ontario's System of Prison Reform Reviewed by the Originator of the Idea—"The Boys" at Guelph, Fort William and Whitby Are Doing Valuable Work.

Setting out its many advantages to the prisoner and to the community of Ontario's work in the direction of prison reform, Provincial Secretary Hanna spent thirty minutes yesterday in making these manifold advantages manifest to the Canadian Club at McConkey's. Mr. Hanna was introduced by President Dr. Colquhoun as a man great enough to realize that some matters of administrative government rise above the matters of party politics, and his subject was one of these matters.

Mr. Hanna declared that in the last year so much had been said and written of this topic that it could be utterly unknown to none and therefore proposed to deal more nearly with the subject than could have been otherwise possible. He described the foundation and workings of the prison farms at Guelph and the prison construction camps at Fort William and Whitby. Of each of the camps he declared with pride that there was no hand nor any nor any handcuff, and still the tale of escapes were but three for the Fort William clearing camp and none at the asylum construction at Whitby.

He told that following the report of a committee of the legislature in 1908, the land at Guelph had been acquired and work begun. In April 20 men had been taken to the scene and had been put to work. In the fall of the year there were 180 prisoners at the farm, which was taking shape. He had seen these men who worked hard and willingly all day sitting in school at night bending with the interest of little children over children's work for which they had had no opportunity in their lives, and their ages ranged from 15 to 25.

More Work Than Men. "There has been more work than men from the beginning," said he. "There were roads to be made, stone to be quarried, a tramway to be constructed for the hauling of materials, sewage and waterworks to be installed. He told that 6000 bushels of potatoes had been raised last year, 3000 bushels of grain, together with henshage and roots sufficient to feed the stock on this and other institutions. There is a dairy of 80 cows, and there is no more money of effort in the raising of dairy in the opinion of experts. Eight hundred acres are rapidly approaching the highest point of farm development.

At Fort William. Mr. Hanna then dealt with the work about Fort William, where he said that there was a large territory peopled by strong and vigorous men, but with a prison population of 65 or 70. These were men who had nothing much wrong with them morally and nothing physically, but they got into trouble upon the streets of Fort William and Port William, usually with whiskey behind the trouble.

FOUR THOUSAND ARE EXPECTED

Ministers From All Parts of Canada Will Be in Toronto Next June.

Toronto Presbyterians have subscribed a fund to pay the return expenses of the minister, his wife and a lay representative from each congregation in Canada to the general assembly, which meets in Kingston, Ontario, this city, on Wednesday, June 4.

Rev. Dr. Douglas Fraser, moderator, was appointed to represent the presbytery at the opening of the new church at Deer Park on Feb. 22. Mr. Fraser and Rev. Dr. Parsons were appointed to visit the different congregations to organize every member to canvass for the general assembly funds. Toronto Presbytery is assessed \$175,000.

Rev. H. M. Parsons, D.D., pastor emeritus of Knox Church, died at 10.30 yesterday morning at his home, 242 Beverly street. Dr. Parsons was born in East Hadon, Mass., Nov. 13, 1838. He was the son of a Presbyterian minister. He graduated at Yale University and Theological Seminary, Hartford, Conn., in 1861, and at Springfield, Boston and Buffalo. He came to Knox Church in 1880. He retired in 1900. He is survived by two sons and three daughters. The funeral will be at Springfield, Mass.

NEW BRIDGE OPEN. C. P. R. Structure Over St. Lawrence a Fine Piece of Work. The new bridge over the River St. Lawrence, between the Highlands station and Caughnawaga, erected by the Canadian Pacific Railway, is now open, and the double tracks are in operation. This will continue work into the spring, when the work of erecting and hoisting in the two final 408 channel spans will commence, and the single tracks will be restored to service. The double tracks of the Windsor Street Station and Farnham Junction have already proved the service of the new train, and are operated with greater facility than heretofore, while freight is also more easily manipulated, and when the bridge is entirely eliminated. The double tracking of the Lachine bridge has not only been a great undertaking, but it is a notable piece of engineering. The only piece of double track which remains to be carried out to complete the approach from the Windsor Street and its New York connections is the bridge which crosses the canal before reaching the Highlands. This work is now being considered, but nothing has yet been definitely decided as to what kind of a bridge will be used at this point, nor yet when the work will commence.

DEPUTY POLICE CHIEF KILLED. EDMONTON, Alta., Jan. 14.—(Can. Press.)—Dan Tabary, deputy chief of police, was injured last night by being thrown from a street car he was trying to board, and died this morning from his injuries.

MUST HAVE ENOUGH BRICKS TO BUILD UP THREE SQUARE MILES

Need of Bringing Production Up to Toronto's Requirements This Year Is Emphasized by University Professors—A Ceramic Course Would Stimulate Manufacture.

There is every probability that in the near future the University of Toronto will establish a course in ceramics. The necessity of this being done was strongly urged at the opening of the Canadian Clay Workers' Convention held here yesterday afternoon, when manufacturers proposed the establishment of such a course. The necessity was agreed to in an address on the subject by Professor Wright and Professor Gillespie of Toronto University, and Secretary H. Irwin of the Alumni Association of Toronto University.

Rev. Dr. Douglas Fraser, moderator, was appointed to represent the presbytery at the opening of the new church at Deer Park on Feb. 22. Mr. Fraser and Rev. Dr. Parsons were appointed to visit the different congregations to organize every member to canvass for the general assembly funds. Toronto Presbytery is assessed \$175,000.

How to get a two-million dollar technical college building for \$800,000 cash was the problem before the industrial education committee yesterday. Trustee Ellis was elected chairman for the year. He pointed out that the instructions to the competing architects precluded plans for a \$800,000 building. It was like a man wanting a \$5000 house for \$2000. Trustee Fairbairn said the plans only provided for a central building, which would be crowded when it opened, and anything short of it would be inadequate.

TO PREVENT HORSE THEIVING. Waterloo County Organization Elects Its Officers. BERLIN, Ont., Jan. 14.—(Special.)—An important and largely-attended meeting of the directors of the Waterloo County Mutual Protective Association was held at the Bowman House this afternoon. The aim of the members is to apprehend and recover the stolen animals. The directors have the satisfaction of knowing that during the past year their efforts have been successful in restoring five stolen horses to their owners.

BORDEN AND MONK PARTED AMICABLY

Correspondence Arising From Minister's Resignation on Naval Question Showed Perfect Amity Existed.

OTTAWA, Jan. 14.—(Special.)—Correspondence which passed between the prime minister and Hon. F. D. Monk has been published in the Ottawa Journal. The letter by which the latter resigned as a member of the government over the naval question was published in the Ottawa Journal. The information which has been placed before us by His Majesty's government discloses a grave situation that in my judgment the granting of immediate and effective aid is necessary in the interest of the Dominion, as part of the British Empire. Such a step is entirely of a temporary character, and is absolutely distinct from a permanent policy of co-operation in imperial defence, which, when formulated, ought to be placed before the people for their consideration and approval.

NEW MASSACHUSETTS SENATOR. BOSTON, Jan. 14.—The legislature today chose Congressman John Win-gate Weeks of Newton, a graduate of the naval academy, the successor of W. Murray Crane, as the junior senator from Massachusetts.

Summary: FIRST RACE—Three furlongs: 1. Gladys, 108 (Borel), 5 to 1. 2. Super, 108 (Henry), 9 to 5. 3. Ya Hy Yid, 108 (Steele), 20 to 1. Time .50. Conjur, Stella Ward, Lennie D., Irish Ann, Alabama Ham, Best Bo and Fred, also ran.

BRISK SALE OF HORSES AT THE REPOSITORY Nearly a Hundred of the R. Simpson Co. Disposed of—Big Crowd—Good Prices.

The auction sale at the Repository yesterday presented a specially animated scene, when 250 horses were offered at auction before one of the biggest crowds on record. The horses and salesmen were crowded by a thoroughly businesslike audience, who retained their interest from 11 o'clock until 7 p.m.

Amongst the numerous buyers were Dr. Young, Subury, who bought a full carload of workers and general purpose horses, with a few nice drivers, at prices ranging from \$250, and shipped out at once. W. Sparrow, Melfort, Sask, who also bought a very useful carload of the same kind at somewhat similar figures. The Coleman Baking Co. bought nearly twenty delivery horses, and found the Simpson Company's stock very much to their liking. Smith & Ryan, city, bought a number of them from \$380 to \$400 per pair. A. M. Williams, Downsview, bought a pair of horses, worth \$1,975; A. Ingles, grey gelding, \$1,400; Yogan, Bakers, brown gelding \$1,075; W. J. Green, grey mare, \$975; R. Bond, brown gelding, \$750; J. Duffy, Donlands, grey gelding, \$750; W. Lowes, grey mare, \$675; O. Roddick, chestnut mare, \$600; E. Jones, hackney pony, Joe Rock, \$217.50; J. Kees, Walkerton, brown gelding, \$207.50; J. Simpson, Mt. Charles, black mare, \$450; W. Kirby, Broadview, three horses; J. E. Livingtone, Hamilton, bay mare, \$195; M. Pat Newtonbrook, bay gelding, \$135; E. Cornell, bay gelding, \$122.50; H. W. Ironsides, Schuy, brown mare, \$150; Elenson Lumber Co., bay gelding, \$85; A. Ormond, Thornhill, black mare, \$147.50; Reiger Mount Forest, black mare, \$125; Meares, Locust Hill, brown mare, \$125; Dr. Gilpin, Brechin, driver, \$212.50; E. Tope, Hamilton, grey gelding, \$150; J. McCabe, Arthur, bay mare, \$125; T. Wright, bay gelding, \$80; P. A. Avery, Highland, bay gelding, \$150; P. J. Hancock, bay mare, \$165; Murray Nell, Hamilton, three horses, \$110 to \$195; Mercer, York Mills, bay mare and gelding, \$425; M. Duden completed a car for shipment to New Ontario at from \$390 to \$425 per team; A. E. Quickfall, Waterlo, black mare, \$142.50; J. Gelber, city, pair bay geldings, \$445; W. Mahler, brown gelding, \$200; J. J. Walsh, bay gelding, \$150.

Hobberlin's Semi-Annual Discount Sale Begins Today

IN many respects this is the most unique and interesting tailoring event in this city. It is our usual practice to clear the decks for spring importations, which we will show almost immediately. Consequently all present weight fabrics must be moved to make room. The lines to be offered are thoroughly up to the hour in weave, coloring and design. There are no "has beens," "freakish," or "undesirable" patterns. Every yard of cloth in this immense assembly of weaves has been selected by our own buyers at the very source of supply with discriminating care and exquisite taste. Even at regular prices our values are admittedly the best in the city, and with the "special" discounts which will prevail during the sale of 10 to 20 per cent. from bona fide prices. This means clear savings of 20 to 30 per cent., as values are reckoned in other stores.

Discounts will include all lines of SUITINGS in the fancy worsteds, chevots and tweeds. OVERCOATINGS in the beaver, melton, frieze, worsteds, rough and smooth chevots. Sale starts at 8 a.m. today and will continue until February 15th.

MEN WHO WATCH OUR "ADS" WILL SAVE MONEY.

—Open till 9 p. m.—

 WEDNESDAY MORNING, JAN. 15, 1913

PLAN FOR A MILLION CITY.
 For years in its more or less feeble fashion The World has been invoking all the municipal powers that be to prepare for the future, to plan for the great destiny before the city, to give themselves up to the vision of what is coming, and generally to get big eyes. But we confess that we were ahead of the times. Too impetuous and impulsive beside the grave and reverend demeanor of our elders, we should have waited. Now, however, we need no longer restrain our ardor. The day has come. The hour has struck. Big eyes are no longer to be scorned. The fat has gone forth. There is to be a day after tomorrow. "Plan for a city of a million." It was presumptuous of us to say these things years before anybody else. We acknowledge our fault. We should have closed our eyes and held our peace. Now, however, we have permission to look up. We can build viaducts and annex territory, and lay out streets, and provide pavements and sewers, and "plan for a city of a million." We were sadly premature in our eager haste, but we may repair our error and stand humbly back while The Telegram declares what ought now to be done. We are bitterly conscious of having said these things years, but now there is no ignominy in declaring them, for the great day of preparation has at last arrived, and there are "two great immediate duties that confront the civic leaders who would wisely plan for a city of a million." Here are the duties as The Telegram states them. We have stated them over and over, for years, but notice how much better The Telegram does it:

1. Secure legislation requiring the subdividers of farms to finance the basic improvements of such land before they put their property on the market.
2. Secure legislation creating a metropolitan district, of York, Scarborough and Etobicoke Townships that will be covered by Toronto's growth when Toronto is a city of a million.

Instead of "finance the basic improvements" in our modest English we said the property owners should build sewers and sidewalks, water and other services before they sold their real estate for building lots, but when a master mind takes hold of a problem like this and "finances the basic improvements" everybody can feel that the metropolitan polish is already beginning to shine on the language of the future city of a million.

And The Telegram also adopts the gospel of Lloyd George in pure and unalloyed English fashion:

"The creation of a metropolitan district would also permit every farm in that district to be registered either at its purchase price or at its agricultural value. When such farms become subdivisions a percentage of the difference between the registered value and the selling price of farm land would go into a trust fund to help pay for the tubes and car lines that must be provided if Toronto is to be big, wise and far-sighted in its attempt to plan for a city of a million."

But of course any legislation that would contemplate the registration of land values would make no invidious distinction between farm and city property. A percentage between the registered and the selling price of land on Bay street or Sherbourne street or Yonge street would be as justly due to the city as a percentage from lots in Etobicoke, Scarborough or York. The acute, and logical, and analytical mind of The Telegram will perceive this clearly, and the only possibility is that we may be a little premature with the suggestion, but as soon as the friends of The Telegram have disposed of all their city lots no doubt the time will be ripe for registration. In our rash, headstrong haste we would have all the property in town and country registered at once so that the city may lose nothing from the butchery and slaughter going on all the time.

"GOLDEN RULE" POLICE POLICY.
 Chief of Police Fred Kohler of Cleveland, who has been responsible for the "common sense or so-called golden rule policy" of police department work, has just made his annual report. In the five years since 1908 the arrests made in Cleveland have been 10,895, 6018, 7185, 8516 and 7774 respectively, as against 21,739 in 1906 and 39,418 in 1907 under the old system.

But there were during the five years a total of 91,959 persons in addition brought to the station house, given a warning and released without the stigma of arrest being placed upon them. The police department has not been less busy under the new method, but

the chief thinks it has been more useful and its work more beneficial.

Chief Kohler recognizes the existence of a class that are almost beyond reclamation and who "really require permanent custodial care." But no provision has yet been made anywhere for this class, who, like the man in the old Irish ballad, are not fit for heaven and too good for the other place, and require to be sifted out and permanently segregated. Such action, believes Mr. Kohler, would at once lead to "a recognized decrease in the number of criminals."

The direction of street traffic Mr. Kohler regards as one of the increasingly important duties of the police, and he is inclined to blame the carelessness and recklessness of pedestrians for this as much as the increase in vehicular and especially motor traffic.

PARCEL POST EQUALITY.
 Attempts are being made in the United States to discredit the new parcel post system, because in individual and isolated instances the rates are higher than were charged by the express companies. Investigation shows that these exceptional cases were due to the presence of competitive factors that did not prevail generally. The one main advantage of the parcel post is that it offers every citizen precisely the same advantages, and at exactly the same expenditure. No one needs to use the state service; he can send his package by express if he so desires. But under the United States Government system the rates are certain, and are no longer subject to variations owing to special circumstances.

The revolt against railroad rates is largely due to sectional discrimination. The companies hold that at competitive points they must at least equal their competitors, while at others, where competition is lacking, they should charge all that the traffic can bear. This notion is wholly foreign to the principle of the postal service, which, if it means anything at all, means equality of opportunity.

The great benefit of a government parcel post system is derived from equal treatment, and the regulative effect it must have on express rates devised not for public service, but for private profit. In the olden time letters were charged by distance, and were infrequent. Today the charge is uniform and cheap, and to what public advantage everyone knows. The few anomalies the better for the people.

KANSAS "BLUE-SKY" LAW.
 Kansas is the only state in the neighboring republic that has what is known as a blue-sky law, its intention was to prevent any stocks or bonds being sold in the state unless the company on whose credit these were offered satisfied the state banking department that it was on a sound foundation, and that an investor had a reasonable chance of having his money returned with interest. As a result of this requirement enacted nearly two years ago, less than one in fifteen corporations that proposed to sell stocks and bonds in Kansas received the necessary certificate.

Last week the state bank commissioner, Mr. J. N. Dolley, made his biennial report to the governor regarding the working of his department. It makes the same examination of the companies desiring to sell stock in Kansas as it does of the nine hundred state banks. The probe includes an investigation of the applying company's books and the personnel of its officers, while in addition the promoters must show a clear record in their previous business transactions. According to Mr. Dolley the blue-sky law has saved Kansas investors not less than \$5,000,000 during the twenty months it has been in force.

MAKING TRACKS?
 There may be good faith on the part of the railways, and again there may not. But there will certainly be no viaduct, good faith or none. A six-track viaduct, to be laid on the outer margin of the present wharf frontage, and even on the water lots, will involve a lot of work, filling in and piling, and it has been already stated that there may be obstacles raised by the harbor board. From this point of view it looks as tho the railways were determined to monopolize all the benefits of the millions to be spent on developing the harbor. The old plan could be widened to make a six-track viaduct, but may it not be that this six tracks are merely a pretext to move the viaduct to the water's edge? Whether grab or delay be the possible alternatives, the city has not received

A BAROMETER OF CANADA'S FINANCIAL WEATHER.
 Net profits of almost 20 per cent for the year, on a capitalization of \$15,000,000; increase in deposits of \$56,651,727; branches increased to 358; these are outstanding features of the report of the Canadian Bank of Commerce, the annual meeting of which was held yesterday. These features are indicative of Canada's prosperity, as well as of the bank's.

The year was one of remarkable expansion for this institution. Not only was its natural growth great, but the absorption of the Eastern Ontario Township Bank added 99 branches and sub-agencies (some of which were since consolidated with Commercial banks), and meant a wider field of activity.

The net profits for the year, \$2,511,908.71, exactly 19.78 per cent, denote no falling off of the country's commercial condition, and no cessation of the profits from wise financial operations. The bank does not increase its dividend rate, and this is a good sign for a rainy day almost as much as distributed dividends. The remarkable development and sudden growth of wealth have not disturbed the institution's conservatism, rather have they urged the executive to caution, and no contingency is anticipated, never hinted at. As usual, bank reserves are kept at 50 per cent of their value, but a hope that the building program could be curtailed had to be put aside. The manager admits that the banking headquarters here have not kept up to Toronto's requirements, and says they are faced with the serious problem of providing more space, "for years inadequate."

"Despite the money stringency during the closing months of 1912, and the fact that we may feel the pinch for some time to come, there are offsetting influences at work," the general manager then recounts trade increases and industrial and railway expansion as encouraging influences, and is hopeful that doubt as to the future will quickly be dispelled. He, however, sees a higher yield on securities as almost certain.

The address of the president, Sir Edmund Walker, while tinged with conservatism and of an advisory tone, nevertheless is one of quiet optimism.

Ottawa and Return, \$7.70 From
 Tickets good going via Grand Trunk Railway System, January 15 and 16, valid for return until Saturday, January 18, account "Eastern Ontario Live Stock and Poultry Show," Ottawa, January 14 to 17. Good Health will be yours if you drink Keefe's "GOLD LABEL" ALE

YOU can almost FEEL your strength coming back, as you enjoy a bottle of this rich, creamy, old ale.

Before meals, with meals and after meals—take it as you prefer. It will do you good anytime, and all the time.

A DREAM

Last night as I lay a-snoozing a horrible dream I dreamt. At even I had been musing with bitterness and contempt on the ways of the wily barber when he fastens you in his chair and the grudge he seems to harbor against your escape from there. I thought with a gruesome feeling on the look in his eyes so grim, his anger and scorn revealing, when you'll take no notice that a trim for I know it, wish could bring you to a sudden and early grave, to your fate would he gladly fling you if you take but a trim or a shave. With this thought, for my mind I slumbered as the twilight was merged in night, and back to the years unnumbered in fancy I took my flight. I dreamt that the dawn was breaking on the spot where our town now stands, when just as I lay half-awake I was throttled by redskin hands, and for the night of the hearing of my kin or my friends was borne to a barbarous Indian clearing, there to be scalped and shorn. As I never till he a-dying shied I ever so, when they started a ghastly dance, again there was no dissembling the hate that was in their glance. And when the scene as each with the other vying stood stropping his scalp knife keen. My heart within me faintly throbb'd as I saw a man, a grim, which cannot be told or painted, if I wanted no more than a trim. They roared as if this were witty, as if it were all a joke, but I wiggled myself in pity—then suddenly I awoke.

Master's Chambers.
 (Before J. S. Cartwright K.C. Master.)
 Fishon v. Anderson—J. F. Edgar for plaintiff, J. E. Jones for defendant. Motion by plaintiff for an order setting aside praecipe order for security for costs.
 Judgment: The order at the present stage of the action was at least premature. Order made setting aside the praecipe order, with costs to plaintiff in any event, without prejudice to a motion for security hereafter if defendant thinks he is entitled thereto. Peppiari v. McMurray—Walsh (Singer and S.), for present owner.
 Motion by present owner of land for an order vacating a certificate of his pendens, registered in 1888. Order made.
 Egan v. G.P. Ry. Co.—Macdonnell (Macdonnell and Co.) for defendants. Motion by defendants on consent for an order dismissing action without costs. Order made.
 Laidlaw Lumber Co. v. Bruesse—C. M. Johnston for plaintiffs. Motion by plaintiffs for an order for replevin, directed to the sheriff of the district of Muskoka, in respect of certain sawn lumber. Order made.
 Weeks v. McMurray—Walsh (Singer and S.), for present owner. Motion by present owner for an order vacating certificate of his pendens filed on 30th April and 1st May, 1888. Order made.
 McMurray and Suddell—Le Sueur (Curry and Co.) for defendant, T. N. Fehlan for plaintiff. Motion by defendant for order for the medical examination of plaintiff. Order made for examination by medical practitioner to be agreed upon by the parties. Costs in the cause.
 Re Card-Cummings v. Loch—J. T. White for plaintiff. Motion by plaintiff for judgment for administration with the will annexed to the local master at Guelph. Judgment as asked.
 Delap v. C.P. Ry. Co.—F. Arnoldi, K.C., for plaintiff, K. McMurphy, K.C., for defendants. Motion by plaintiff for better affidavit on production by all four defendants. Order made that defendants file further affidavits on production within two weeks. Costs to plaintiff in the cause. Stay of all proceedings meantime.

Judicial Chambers.
 Before Kelly J.
 Re William Cooper Estate—F. W. Harcourt, K.C., for administrator, McDonald for plaintiff, and B. J. Spence for defendant. Motion by plaintiff for better affidavit on production by all four defendants. Order made that defendants file further affidavits on production within two weeks. Costs to plaintiff in the cause. Stay of all proceedings meantime.
 F. W. Harcourt, K.C., for plaintiff, G. W. Harcourt, K.C., for defendant. Motion by plaintiff for an order giving leave to mortgage certain property to pay debts.
 C.P. Ry. Co.—F. W. Harcourt, K.C., for plaintiff, motion by plaintiff for an order allowing payment out of court of \$118,572, with the privilege of the official guardian. Order made.
 Fountain v. Canada Iron Corporation—F. W. Harcourt, K.C., for plaintiff, motion by plaintiff for an order allowing transfer of money in court order to another account in accountant's books. Order made.
 Re Ellis—F. W. Harcourt, K.C., for plaintiff, motion on behalf of infants for an order giving leave to mortgage certain property to pay debts.
 C.P. Ry. Co.—F. W. Harcourt, K.C., for plaintiff, motion by plaintiff for an order allowing payment out of court of \$118,572, with the privilege of the official guardian. Order made.
 Re Polanster—J. T. White for widow; F. W. Harcourt, K.C., for infant. Motion by widow for an order allowing a conveyance to her of infant's interest in estate. Reserved.
 McDonald Threshing Co. v. Stevens—F. W. Harcourt, K.C., for plaintiff, motion for an order for payment of \$150 out of court for purpose of education of L. Flagg. Order made.
 Re Polanster—J. T. White for vendor; A. J. R. Snow, K.C., for purchaser. Motion by vendor, under Vendor's and Purchaser's Act, for an order declaring the defendant's title void against lands in question do not form a cloud upon the title and do not constitute a valid objection. Reserved.
 Gertzheim v. Bell—E. V. O'Sullivan for plaintiff; M. L. Gordon for defendant. Motion by plaintiff for an order striking out statement of defence for refusal to answer questions on examination. Reserved.
 Re Crown Mining Co.—J. A. McEvoy for shareholder; J. R. L. Starr for the

company. Motion by a shareholder for a winding-up order. Order made. Reference to G. Kappel, K.C., J. F. Langley appointed interim liquidator of the company, Lake Ontario and Western Railway Co., and L. J. Burke as G. Waldron for the railway company. Motion by the railway company for a warrant for immediate possession. Order made to go on payment into court by the company of the sum of \$2000.
 Re More—F. Aylesworth for widow; F. W. Harcourt, K.C., for infant. Motion by widow for payment out of infant's money in court. Order made.
 Rex v. Graham—J. P. MacGregor for defendant. Motion by defendant for a writ of habeas corpus and certiorari in aid thereof directed to the jailer at Port William, sheriff of Thunder Bay, and warden of Mercer Reformatory at Toronto, commanding them, or the one in whose custody she is, to produce the body of Violet Graham, detained a prisoner by one of these officials. Order made.
 Junior v. Morgan—E. Gillis for plaintiff; Virtus (Robinet & Co.) for defendant. Motion by plaintiff for a mandamus requiring defendant to record in the books of the Holman Electric Sign Co. a certificate for 22 shares of the company's stock, transferred to plaintiff as trustee. Enlarged until 15th inst.

Appellate Division.
 Before Meredith C.J.O.: MacLaren, J.; Magee, J.A.; Hodgins, J.A.; Dunlop v. The Canadian Foundry Co.—G. H. Watson, K.C., and B. H. Ardagh for defendants; I. F. Helmuth, K.C., and Dr. Urquhart for plaintiff. An appeal by defendant from the judgment of Teetzel, J., of March 28, 1912. An action by plaintiff, an infant and an employee of defendants, to recover \$10,000 damages for the breaking of a leg and other injuries caused by a steel girder falling on him, and alleged to have happened through negligence of defendants. At the trial judgment was awarded plaintiff for \$1500 and costs. Appeal argued and judgment reserved.

INFANT GRANDSON AWARDED DAMAGES.
 Widow of Woodworker Who Was Killed by Shaper in Jones Brothers' Factory Also Recompensed.

Mrs. William Falconer, widow of the late William Falconer, who was killed in Dundas on Feb. 29, 1912, and her infant grandson were yesterday awarded damages of \$1850 by a jury which heard the evidence submitted in their suit against Jones Bros & Co., Limited, Toronto.

Falconer was almost instantly killed while running a woodworking machine known as a shaper in one of the Jones factories in Dundas. The defendants claimed that Falconer was an expert machinist and should have known how to take better care of himself.

In the answer to the question submitted the jury gave it as their opinion that the engine should have been slowed down before the belt was put on, and further that the accident was caused by negligence of the defendants in putting the belt on the wrong side of the drive wheel.

Mrs. Falconer is awarded \$1150 and an infant son of a daughter Martha is granted \$500.

DESCHANEL WOULD BE PRESIDENT OF FRANCE.
 His Covert Reference to His of Monarchy Precipitated Lively Scene in Parliament.

PARIS, Jan. 14.—(Can. Press)—Paul Deschanel, who was today re-elected president of the chamber's deputies, declared himself tonight as a candidate for the presidency of the republic. The other candidates who have been formally announced are: Premier Raymond Poincare and ex-French Prime Minister, Jules Poincare, minister of agriculture, Antoine Dubost, who was today re-elected president of the senate; Jean Dupuy, minister of public works; and Theophile Delcasse, minister of marine, are unofficially in the running.

There is some talk now that Leon Bourgeois may be induced to stand at the last moment as a compromise candidate, if only to serve for several months, until the European crisis is over.

Several spectacular features marked today's contributions to the campaign. As if seeking to answer the critics who have been accusing him of reactionary tendencies, M. Deschanel during the course of his inaugural address, in which he lauded the achievements of the parliament during the last three years, urged Frenchmen to go on improving the parliamentary system, but to be careful not to demolish it for, he said, "personal power has cost France too dearly in the past."

Tumult Breaks Loose.
 This allusion to the monarchy and the empire brought Deputy Delahaye to his feet shouting "Not so dearly for the republic."

A tumult broke out, but M. Deschanel raised his voice above the din, saying, "I am in the republic, and I will never be tempted to begin again."

Great applause from the benches of the majority greeted this remark.

As the campaign progresses there is an evident trend of public opinion in favor of the president exercising greater powers in the future. Although the French parliamentary system does not permit of the same powers as are held by the president of the United States, there is a general desire for the president of France to exercise the full prerogatives which the constitution allows, but which up to the present have been frowned upon by precedent.

Mission to Lepers.
 The annual meeting of Toronto Auxiliaries of the Mission to Lepers will be held in Toronto Bible College, 110 College street, on Monday, Jan. 20, at 2.30 p.m. Dr. Pearl Chute, who has spent a number of years working among the lepers in Adyar, Madras Presidency, India, will address the meeting.

FARMERS' MARKETS AND GOOD ROADS. Northern Ratepayers Think These Two Will Materially Decrease the High Cost of Living.

ALD. MCBRIDE DIFFERS. Says Farmers Are All Shylocks and Would Charge High Prices for Products.

The second organization meeting of the ratepayers of the northern part of Toronto, held in the Cottingham St. School last night, wound up with a red hot debate as to whether...

Then after each and all of the hundred or more ratepayers had come to the firm conclusion that farmers' markets and good roads would be a boon, Ald. McBride was given a chance to speak, and he took it.

"My time is at your service," he said in beginning, and without further introduction he flew at Alderman Willis and told him that the provisions of the act...

When Walker presided at the meeting, and when the debate had ended J. O'Leary, moved that the provisions of the act be continued in force for two weeks longer. He also suggested that Messrs. Gullett, Murphy, Ruddle and the other officers be...

The meeting place was crowded to the doors, and among the ratepayers two women were noticed.

WHISKEY AS 'PICKLES' Three Barrels Sent to Owen Sound From Berlin.

OWEN SOUND, Jan. 14.—(Special.)—License Inspector Bennett of this town got word of the shipment of a quantity of liquor from Berlin to Owen Sound.

He made a raid against three barrels, each of which was packed in a wooden crate. The information that three barrels of whiskey had been shipped here from Berlin marked 'pickles,' and the manufacturer's name had been given.

The inspector located the shipment in the bond office of officers of the bond office, and it turned over to him.

It is believed that the five barrels have not been made known, but warrants are now being issued for the apprehension of the bondsmen transporting the whisky and of some persons in Berlin.

THE WEATHER

OBSERVATORY, Toronto, Jan. 14.—The temperature has been somewhat today in all districts from the great lakes to the maritime provinces, while in the west it has been for the most part cold with snow flurries in some localities.

Funeral Friday, Jan. 17, at 3 p.m., to St. James' Cemetery.

COUNTESS OF ABERDEEN TOOK GLIMPSE AT CUV YESTERDAY

Arrived at Seven A.M. and Left at Five P.M.—Was Tendered Civic Reception and Luncheon and Inspected Medical Health Office and Goes Away With Valuable Information.

The Countess of Aberdeen, wife of the Lord-Lieutenant of Ireland, spent a few strenuous hours in this city yesterday.

She arrived during the early hours on the O.P.R. special from Ottawa, where she had been the guest of Sir Wilfrid Laurier.

She was met at the station by the Mayor and Mr. H. H. Spring, who accompanied her to the O.P.R. headquarters.

The reception which took place early in the day was prominent in its nature. Sir John and Lady Gibson, the representatives of the province, met her ladyship and conducted her to Government House.

Behind this table were banked huge bouquets of flowers and plants, which gave a forest effect to the whole room.

The program, in so far as the menu was concerned, concluded at 3:10 precisely, and the speaker proposed the toast to the guest of honor.

Her excellency, who replied to a number of questions, expressed her appreciation of the warm reception accorded her by the city, and said that what she had seen during her few hours' stay would send her home more or less determined that she would see to it that the citizens of Toronto had reason to be proud of what she had seen in Ireland.

"The light against the white cow," in Ireland was also referred to, as was the pure milk supply. Bouquets were hurled at the city's "splendid arrangements."

No Milk Supply. "In Ireland," said she, "we have the greatest difficulty to acquire the adequate and good milk supply. The Lord-Lieutenant appointed a vice-regal commission to look into the conditions surrounding this scarcity."

She was met at the station by the Mayor and Mr. H. H. Spring, who accompanied her to the O.P.R. headquarters.

Create Your Favorite Music Yourself

You cannot feel music until you really produce it, just as you cannot really feel a beautiful story like the one who writes it. A

GERHARD HEINTZMAN PLAYER-PIANO

makes you a musician—makes you musically sensitive—makes for you all that difference which lies between the onlooker and the creator.

When it comes over you that this wonderful music which is pouring forth is in your control—when you realize that although you have never before played a note you are now giving life to a masterpiece with all the delicate touch of the human fingers—you are spell-bound with delight.

It is the simplicity of manipulation as well as perfection of mechanism that makes the GERHARD HEINTZMAN such a practice! investment.

Send for the beautiful book describing it free. Your present instrument taken as part payment.

GERHARD HEINTZMAN, Limited 41-43 Queen Street West (Opposite City Hall) TORONTO

The Cost of Wiring a House

An already constructed house may be wired very cheaply. The average house of eight rooms will cost in the neighborhood of \$65, while one of six rooms may be wired for as low as \$50.

As each house presents individual conditions, the exact cost cannot be determined except by examination. Without charge or obligation, a representative will call at your convenience and explain matters to you in detail.

ADELAIDE FOUR-O-FOUR THE TORONTO ELECTRIC LIGHT CO. LIMITED, 12 ADELAIDE STREET EAST

PUBLIC DANCES LEAD TO RUIN

Mrs. Wells Says Many Girls Owe Their Downfall to Bad Influences There.

In an address before the Women's Council at the Margaret Eaton School of Expression yesterday afternoon Mrs. Alice Stephens Wells of Los Angeles, first policeman in the United States, made an earnest plea for the country girl boarding in the city, whose morals she declared are too easily corrupted under new city influences.

She denounced particularly public dance halls, and contended that Toronto on the fact that this city is free from these institutions, which are now in vogue in every city, was a credit to its high moral standard.

Mrs. Wells also pointed out another very wrong condition existing in the city, the fact that in many boarding houses the young girl boarding in the city, whose morals she declared are too easily corrupted under new city influences, is especially prone to fall a victim to the public dance and its wayward influence.

Mrs. Wells also pointed out another very wrong condition existing in the city, the fact that in many boarding houses the young girl boarding in the city, whose morals she declared are too easily corrupted under new city influences, is especially prone to fall a victim to the public dance and its wayward influence.

ZENANA MISSION'S PROSPEROUS YEAR

WILSON'S INVALIDS' PORT WINE

At a meeting of the Zenana Missionary Society, held yesterday afternoon, at the Bible Training school, Mrs. Pollock, a Zenana missionary, gave the members some interesting facts concerning the work done among the women of India during the year which the society has done during the last year is very encouraging, as was shown by the reports of the secretary and the treasurer. About 400 members have been added during the last year and the society has sent over \$14,000 to India. Mrs. Pollock also addressed the meeting.

WORD COMES FROM FIVE LANGUAGES

The most hybrid word in the English language, according to Prof. A. E. Chamberlain of the Clark University, is "Macadamizing." His points out that this word is derived from five languages—Latin, Gaelic, Hebrew, Greek and English—and he revolves into five of the languages of the Popular Science Monthly, as follows:

"Mac" is a Latin prefix, signifying a repetition or doing over again; "adam" is a Gaelic word for son, in common use as a prefix for genealogical purposes; "mac" is the representative in many European languages for the Hebrew name of the first man, according to the Moslem account of the creation, as given in the book of Genesis; "am" is the English suffix of the participle present, verbal noun, etc. The root of this word "macadam" illustrates in another way the vitality of our English speech and its ability to draw new words into its vocabulary whenever the need arises. The term "macadamizing" is really the family name of the man, John Macadam, who early in the last century devised the now common method of paving roads with small broken stones, etc.

PACIFIC RECEIVED BY EARL GREY

Its Adoption Might Have Furthered British Preference, He Says—Laurier True Imperialist.

LONDON, Jan. 14.—(Can. Press).—The Times this morning published a letter from Earl Grey, in which he takes exception to the way in which Austen Chamberlain refers to the Pacific in his speech Monday night. He desires to protest, he says, against the assumption that Laurier's policy of reciprocal trade with the United States is a policy of preference for the United States over the British Empire.

SCARBORO WANTS CHEAPER POWER

Farmers' Club Will Ask the Township Council to Take Steps to Secure Hydro.

The Scarborough Farmers' Club held its regular meeting in the Temperance Hall on Monday. The meeting was largely attended, and the speakers were interested in the possibility of taking immediate steps in the securing of hydro-electric power for local use.

Getting Gas Turned On in France

France is at once the paradise and inferno of bureaucracy, writes Arnold Bennett, in the January issue of The Metropolitan Magazine. For example, he continues, I wanted the gas turned on. A simple affair! Drop a postcard to the company telling the company to come and turn it on. Not at all! I was told that it would be better to call upon the company. So I called.

DIED OF INJURIES

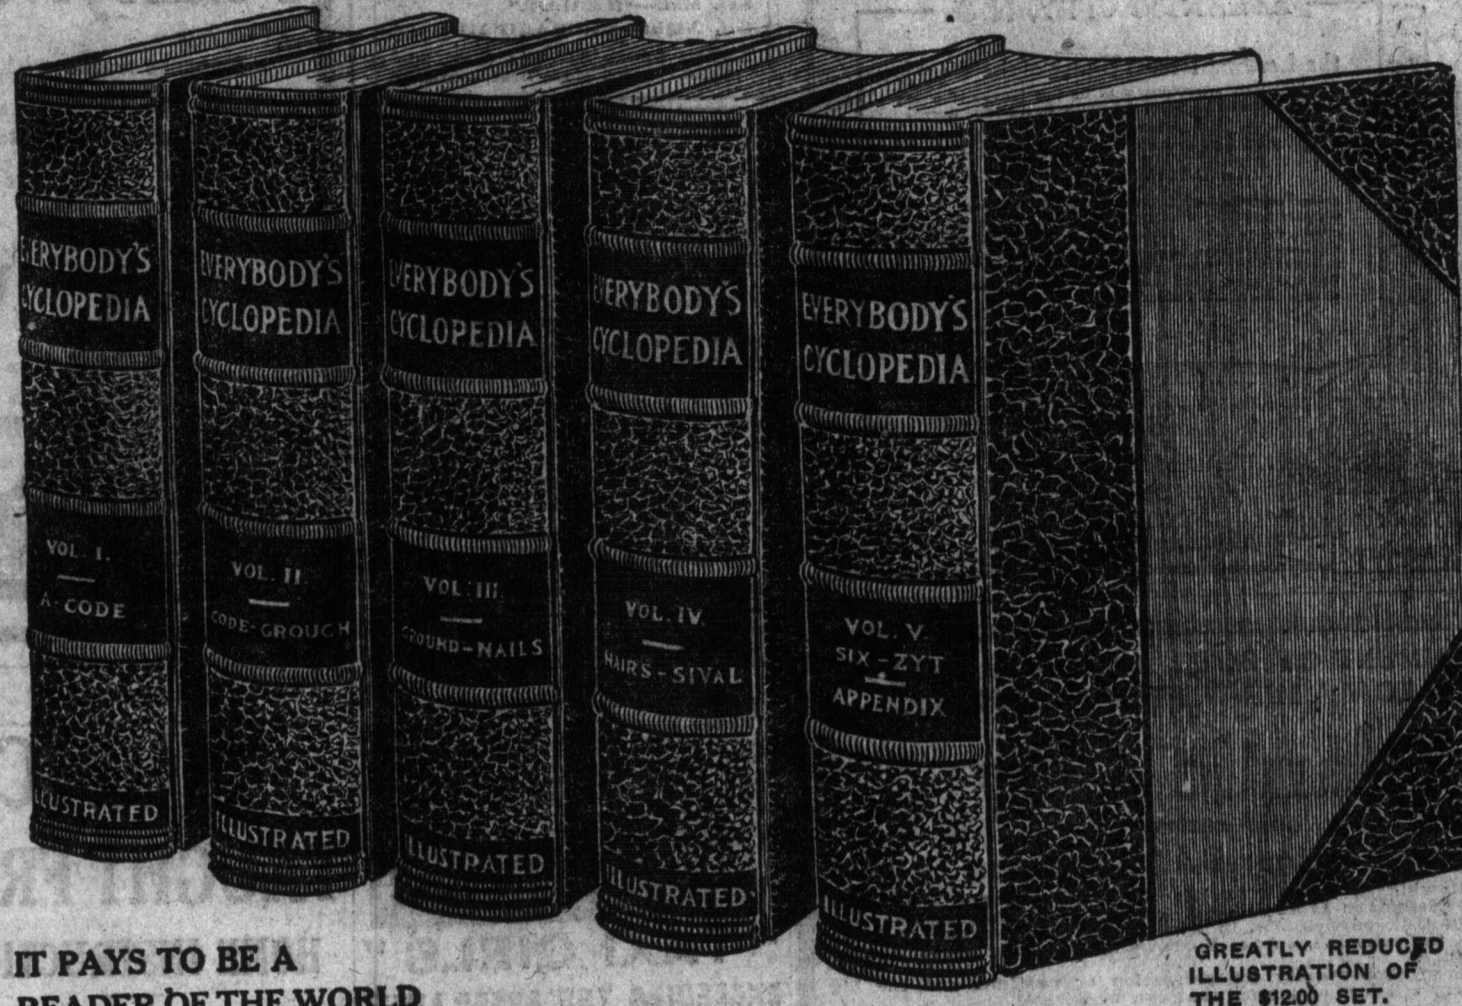

The death occurred yesterday afternoon at St. Michael's Hospital of James Casper Randall of 186 St. George street. He was 46 years of age and was badly injured in a collision with a Canada Railway street car.

WORLD'S SECOND BARGAIN OFFER

For the 5 Vols.

Many thousands of our readers were disappointed in not being able to get the five beautiful volumes last week. Nobody could possibly have anticipated the immense demand on us, and we are now taking steps to see that every reader is supplied next Friday and Saturday.

The \$10.02 saved on the purchase price of this set would pay for The Toronto World for over three years.

EVERYBODY'S \$12.00 CYCLOPEDIA

\$1.98

For the 5 Vols.

The price of the large Encyclopaedia Sets is usually so high, from \$50 to \$100, that they are invariably sold on the instalment plan.

MAIL ORDERS

The sets are too bulky to be sent by mail, but out-of-town readers can have them for the \$1.98, the set to be sent by express, shipping charges to be paid by the receiver.

GREATLY REDUCED ILLUSTRATION OF THE \$12.00 SET.

REMEMBER THE DAYS OF SALE, FRIDAY, JAN. 17, AND SATURDAY, JAN. 18

SUCCESS OF HYDRO-ELECTRIC MEANS THE EFFICIENT CONTROL OF WORKMEN'S COMPENSATION

to railways. The C. P. R. does not want its rates assessed according to the number of accidents annually on the G. T. R. and vice versa. The railways also want to administer their own funds. This will not be permitted; such can be inferred from opinions officially by Sir William Meredith. He is tacitly inclined to control by the state, but has already stated that the railways may be left outside of the act until later on, but it is assumed that they will finally be subjected to this legislation. It is also understood that the Washington act will be again adhered to in regard to grouping, according to hazard. The greater the hazard the higher the rate. Greater caution and consequent reduction in the number of accidents yearly, tend to make some industries "less hazardous," according to the dictates of the act, and lower rates.

In regard to the fixing up of a state system of workmen's compensation, F. W. Wegensat says: "The success of the Hydro-Electric Commission in the Province of Ontario is due in a large measure to the Canadian Manufacturers' Association advocating the state system." This means that the government appoint a commission to control the administration of the act, to make the awards and strike the rates.

Hinsdale Examined. At the outset of the resumption of the investigation into the progress of workmen's compensation legislation in other countries, by Sir William Meredith, at the parliament buildings last night, he again cross-examined F. W. Hinsdale, the Washington expert, and in doing so he denoted his impatience at not being able to get a copy of the latest Washington yearly statement. Mr. Hinsdale promised to send a copy as soon as possible. "You set aside a reserve fund for death and permanent disability, do you?" asked Sir William Meredith of the American authority. "Also in the case of total and partial disability, Mr. Hinsdale."

DR. A. W. CHASE'S 25c CATARRH POWDER advertisement with image of a person and text describing the medicine's benefits for various ailments.

WHEN WE TIRE OF THE WORLD

An Indiana Farmer, Satiated With Luxuries, Made Quaint Bargain. The farmer who once welcomed the lightning rod operator as a friend of mankind is moving to town now, and languidly supervising the tilling of his acres from a motor car. One of these vicarious husbandmen, established in an Indiana county seat, found it difficult to employ his newly-acquired leisure. The motor car had lighted the hayrake and plow faltered upon the treadle of the mechanical piano. He began to alternate between a handsome team of drives behind a handsome team of drives. The eyes of the town undertaker fell in mortal envy upon the members of this one troop. Mr. C. Greer in sending the amount says: "I think it is splendid that one troop of Juniors is able to send more than enough to endow a bed."

WHEN WE TIRE OF THE WORLD

Boys That Do Things. \$384 Raised by a Junior Troop of Boy Scouts for the King Edward Memorial Fund. Boy Scouts honor their King in hearty practical service for suffering ones. "Second Toronto Troop" of Boy Scouts—one of the troop of Juniors—has sent to the King Edward Memorial Hospital for Consumptives, a cheque for \$384.75, proceeds of sale of Christmas stamps by the members of this one troop. Mr. C. Greer in sending the amount says: "I think it is splendid that one troop of Juniors is able to send more than enough to endow a bed."

Good Game Up North

NORTH BAY, Ont., Jan. 14.—In a Northern International Hockey League series, North Bay defeated Sturgeon Falls here tonight, 5 to 4, in a hard-fought game before a large audience. The first half ended with a tie, 3 to 3. Sturgeon Falls took the lead in the second half, but died away, and the North Bay team's condition told, they securing six goals in succession. J. Andrews, Sturgeon Falls' fast wing man, was laid out early in the game, and without seriously crippling his team, as his substitute was weak. C. E. Hammond starred. Line-up: North Bay (9)—Goal, Lockhart; point, Sweeney; cover, Croghan; rover, Stoddard; centre, Teskey; left, Reynolds; right, Brennan. Sturgeon Falls (4)—Goal, Renaud; rover, W. Britton; cover, Marchion; rover, Marchion; centre, Weber; left, J. Andrews; right, A. Andrews.

Volcanic Dust in Atmosphere

From many points in America and Europe come reports of an unusual turbidity of the atmosphere, which began early last summer and still continues. This is manifested in a marked diminution of the intensity of solar radiation, as measured with the pyrheliometer, abnormal displacement of the neutral points of atmospheric polarization, a hazy appearance of the sky, and the presence of Bishop's ring around the sun. From Dublin, Sir John Moore wrote last August: "The sky is constantly covered with a thin film of uniform cloud in which no halos develop, and thru which the sun, moon and stars shine with a subdued, sickly brightness. Observers in Russia, Switzerland, Sweden and Germany, as well as America, report an unusual lack of blueness in the sky. There seems to be every reason to attribute these phenomena to the presence in the upper atmosphere of an immense pall of dust arising from the explosive eruption of Katmai volcano in Alaska, last June. Similar effects were observed after the eruptions of Krakatoa and Mont Pele, and in those cases lasted for some years."

Free Self-Help Book for Men

I publish a little illustrated pocket compendium in booklet form, as mentioned above, which is meant to guide both single and married men along the road of Vigorous Health and Moral Rectitude, so they may be as vigorous and strong as the best, and may live to ripe, healthy old age. There is a lot in this little compendium which every young or elderly man should know and can refer to from time to time with great profit to his own physical health. The booklet is the part fully described you are too far away to call, please write for this booklet to the publisher, who will send you one free of charge by return mail. Please use coupon. Office hours, 9 to 5. Entrance, 4 Temperance Street.

Six Men Aside at Elmira

ELMIRA, Jan. 14.—Hesperus showed up with only six men for their inter-district game with the local club here tonight. Elmira won, as they pleased, with a 12-to-4 score.

TORONTO TO MARKET HAD A SHARP DOWNTURN
Severe Slump in Wall Street Reflected in Canadian Exchanges—European Situation Alarms.

BRAZILIAN LED THE DECLINE
Traction Issue Lost Over a Point and the General List Followed the Leader.

The Toronto market developed considerable weakness yesterday, financial sentiment being adversely affected by the crisis in Europe over the Balkan affair, and, more particularly, by the abrupt break in the New York exchange. In Wall Street stocks went tumbling late in the day, with losses running into two and three points. The general list, however, did not follow the New York exchange. Canadian securities were inspired by the break, and, as our market was already showing symptoms of curbing into a further reaction, a sharp downturn followed in natural order.

After losing half a point during the morning session, Brazilian took a precipitate drop to 94 3/4 during the last hour, leaving a net loss of 1 1/2 points for the session, and establishing a price level nearly 10 points under last week's high record. The shares were sold heavily on the downturn, and, while the close was slightly better than the bottom price, no material portion of the setback was made up.

General List on Toboggan.—The general list shared in the reaction, and quotations were on the toboggan most of the day. At the close Toronto Railway stood at 141 1/2, off 1 1/2 points from the previous day's closing, and last week's level. Twin City, General Electric, C.P.R. and B. and O. lost about a point apiece, and lesser declines were shown by such stocks as Mackay, Duluth Superior, N. N. Bart preferred, Tooke, and some of the purely investment securities. The reaction was practically at the low point, with sentiment apprehensive over the outlook on account of the decided turn for the worse in the European situation.

C.P.R. was quoted ex-rights here, and the only sale at 240 1/4, equivalent to about 23 1/2, evidence of a loss of nearly three points. Interlake was traded in for the first time, with the common at 67, a point below the opening level, and the preferred at 88. These quotations were slightly under the underlying price. C.P.R. rights sold at 18, a new low record.

EIGHT YEAR RECORD OF THE NIPISSING
Production Fell Off Last Year, But Value Was Higher—Shining Mark of Cobalt.

The Nipissing Mines Company produced approximately 4,708,000 ounces of silver, with a gross value of \$2,850,000 last year, a decrease of about 600,000 ounces in the output, but an increase in the value of about \$400,000. The record of the company since it began taking out silver in 1905 is as follows:

Silver, OZ.	Gross Value.
1912	4,708,000 \$2,850,000
1911	5,307,042 3,250,257
1910	5,500,000 3,635,753
1909	4,728,121 2,890,832
1908	2,892,031 1,504,523
1907	2,238,552 1,284,758
1906	2,214,822 1,478,758
1905	758,161 453,263

Nothing has ever been one of its shining marks of Cobalt, and its shares have been on the leaders in the market. The stock was put out originally around 84; it rose to 85, later broke down to 35.75, rallied to 43, and is now selling around 58. The company has produced all of its ore from above the 200-foot level, and unlike other companies, has never developed to depth as the silver-bearing veins have all been encountered near the surface.

LONDON IS FLOODED WITH NEW ISSUES
G. T. P. Four Per Cent Mortgage Underwritten and Many Other Big Offerings Distributed.

LONDON, Jan. 14.—The outpouring of new securities continues unabated, and a number of offerings are being put on the market. The Grand Trunk Pacific branch line's \$200,000,000 4 per cent mortgage has been authorized and is being placed here. Speyer Bros. and J. Henry Schneider & Co. have issued \$1,500,000 Argentine Railway 6 per cent, two-year notes at 85, and the Mexican Packing Co. has distributed \$200,000 6 per cent bonds at 120. Many other big issues are pending.

MR. JARVIS GOES ABROAD.
Mr. Amelius Jarvis of the firm of Amelius Jarvis & Co. has gone abroad for a month or two to visit correspondents on the continent and in London.

WILL PUT PROBE INTO STANDARD OIL CO.
WASHINGTON, Jan. 14.—Attorney General Wickham has ordered a country-wide probe into the Standard Oil Co. has obeyed dissolution decree of supreme court. Althea states Attorney McCourt has begun investigation in Portland to determine whether Standard officials are guilty of contempt.

ANNUAL MEETING OF STANDARD EXCHANGE
At the annual meeting of the Standard Stock Exchange, held yesterday afternoon after the close of the market, the following officers were elected for the ensuing year: President, J. A. McCausland; vice-president, J. J. Lorch; secretary, J. T. Eastwood; 2nd vice-president, H. B. Smith; directors, S. J. Deery, S. G. Jackson, S. E. Dawson, F. D. N. Patterson, and T. J. West.

FURTHER DECLINES ARE RECORDED AT MONTREAL
Liquidation Was on Comparatively Small Scale, However, With Montreal Power a Sufferer.

MONTREAL, Jan. 14.—The downward movement in local stocks was resumed today under the influence of continued weakness in New York. Liquidation, however, was light, except in Montreal Power, which broke three points to 384, and closed at the low on transactions amounting to about 1700 shares. The rest of the market relapsed into dullness on the weaker feeling. Ottawa Power fell back 2 1/2 to 187 on the selling of 70 shares. Otherwise in the Montreal market declines were held within the limits of fractions. General weakness, however, was reflected in wider movements, with downward sweeps in the unlisted departments, which again ruled active.

The fact that C.P.R. was ex-rights in the New York market, apparently accounted for the fact that there was no trading in the stock here, all local transactions being put thru the New York market. Further weakness was shown in that issue with the rest of the New York list, the price breaking six points to 258 1/2 and closing at the low.

Montreal Power sold off to 234, with last sales at the low for the day. Shawinigan was higher, the range of quotations at the close down about 3 points as well.

Detroit, Dominion Steel, Textile, Robertson, Laurentide, and Taguin Railway were the principal features apart from Power. All of these closed at declines ranging from 1/8 to 1/4. Steel was heavy 85, all the day's business being done at that price.

Total business, 5478 shares, 282 rights, and minor shares, and \$5,000 bonds and debentures.

COBALT "DEAD ONES" COME TO LIFE AGAIN
Prince and Michigan Cobalt Properties Will Be Reopened and Given Another Chance.

COBALT, Jan. 14.—The old Prince property, which adjoins the Beaver and the Timiskaming, and the Michigan Cobalt, which lies next to the Nipissing and immediately south of the White Silver claims, are to be reopened and given another chance. Both the holdings are under lease to C. R. Pope and Company, Limited, of Toronto, and interests connected with the firm are now in the camp making arrangements for the commencement of operations.

The Prince claims possessed good showings in the early days of the camp, but only surface work was done, and the possibilities of rich mining are therefore not known. In the case of Cobalt was the old Colman Cobalt, which was later leased to the Michigan. Surface operations were carried on here, but no material results were reported.

The firm of C. R. Pope and Company, Limited, are well-known mining operators in the north, and are engaged at present in the development of the Tommy Burns Gold Mines in Shaw Township, Porcupine.

EUROPEAN BANKERS ARE APPREHENSIVE
France and Germany Striving to Accumulate Gold—Big French Bond Issue Expected Soon.

LONDON, Jan. 14.—European bankers are very apprehensive over the financial outlook, particularly on account of the big security issues overhanging the market. The reserves now held by some of the big banks, which are not thought sufficient to cover an emergency.

LONDON IS FLOODED WITH NEW ISSUES
G. T. P. Four Per Cent Mortgage Underwritten and Many Other Big Offerings Distributed.

LONDON, Jan. 14.—The outpouring of new securities continues unabated, and a number of offerings are being put on the market. The Grand Trunk Pacific branch line's \$200,000,000 4 per cent mortgage has been authorized and is being placed here. Speyer Bros. and J. Henry Schneider & Co. have issued \$1,500,000 Argentine Railway 6 per cent, two-year notes at 85, and the Mexican Packing Co. has distributed \$200,000 6 per cent bonds at 120. Many other big issues are pending.

NEW-YORK MARKET IS CLOSE TO PANIC POINT
Only Substantial Support at Critical Times Yesterday Prevented State of Demoralization.

Despite Sharp Slump in Larger Exchanges, Mining Stocks Showed Very Firm Tone.

Despite the big break in the New York market and the reflective weakness in the Toronto Stock Exchange, the mining issues held up remarkably firm in the local markets yesterday. Trading fell off somewhat from its recent levels, but there was a substantial demand in evidence, and brokers holding selling orders found no difficulty in maintaining quotations on an even keel.

The marked strength of such issues as Chambers-Ferland and Peterson Lake was the outstanding feature of the day. Chambers was in excellent demand, with the price up a full point to 26 1/4, a new high record for the year to date. Peterson duplicated the high level of Monday at 24 1/2, and at the close was not an offer below that figure.

Timiskaming on Toboggan Again.—The general list was active, but generally little changed. The greatest weakness was shown in Timiskaming, which sold off to a new low record for the movement at 32c, and wound up bid there. Ballely held its advance up 10c without any apparent difficulty, but at recurring intervals the shares receded a shade below that figure.

Some of the cheaper stocks showed an inclination to sag whenever liquidation was put in an appearance, but on the whole managed to hold up their heads without any appreciable trouble.

In the Porcupine list trading continued on a very narrow level, with no feature evolved. Hollinger sold at \$15.55, off five cents for the day, and wound up an offer at \$15.70. The reaction represented the incoming of a few small selling orders, and it is anticipated that the market will resume its former valuation. Crown Chartered was not affected by the announcement that the company had gone into liquidation, and closed at one cent bid.

CROWN CHARTERED IN LIQUIDATION
Porcupine Mining Company Forced to Throw Up Sponge—Interim Liquidator Appointed.

Mr. Justice Kelly at Osmonds Hall yesterday making grants a order winding up the affairs of the Crown Chartered Mining Company of Montreal and Toronto. Mr. J. E. Langley being appointed interim liquidator, with reference to Mr. George Kappell, K. C.

The defunct company's nominal capital is \$2,000,000, subscribed \$1,751,868. Mr. Allan Howell, the petitioner, stated that a portion of the assets of the company, formed by the holding of the company had been seized by the sheriff, and that it was now insolvent.

OUTLOOK IN EUROPE OCCASIONS ALARM
London Market Feared War Would Be Resumed and Stock List Was Weak Thruout.

LONDON, Jan. 14.—Money was in increased demand, and discount rates were firm today. Steadiness was noted in the home and foreign railroads, but the stock exchanges, but the markets were weak on liquidation, partly to meet losses due to the slump in telephone stocks yesterday.

RIGHT OF WAY AFTER COBALT LAKE VEIN
Shaft Will Be Sunk Another Hundred Feet to Locate Famous Fault Lead.

COBALT, Jan. 14.—The Right of Way has been removed from No. 3 shaft and is preparing to sink to the necessary depth to reach the fault vein, better known as the Cobalt Lake fault, from which the Cobalt Lake mine has obtained such good results within the past year. The bottom of the shaft is being squared up and the pumps pumped out preparatory to starting a machine in the sinking operations. The shaft is now down about 125 feet and will be carried to a probable depth of about 200 feet, possibly more.

MINING MARKET HELD WITHOUT ANY TROUBLE
Despite Sharp Slump in Larger Exchanges, Mining Stocks Showed Very Firm Tone.

Despite the big break in the New York market and the reflective weakness in the Toronto Stock Exchange, the mining issues held up remarkably firm in the local markets yesterday. Trading fell off somewhat from its recent levels, but there was a substantial demand in evidence, and brokers holding selling orders found no difficulty in maintaining quotations on an even keel.

The marked strength of such issues as Chambers-Ferland and Peterson Lake was the outstanding feature of the day. Chambers was in excellent demand, with the price up a full point to 26 1/4, a new high record for the year to date. Peterson duplicated the high level of Monday at 24 1/2, and at the close was not an offer below that figure.

Timiskaming on Toboggan Again.—The general list was active, but generally little changed. The greatest weakness was shown in Timiskaming, which sold off to a new low record for the movement at 32c, and wound up bid there. Ballely held its advance up 10c without any apparent difficulty, but at recurring intervals the shares receded a shade below that figure.

Some of the cheaper stocks showed an inclination to sag whenever liquidation was put in an appearance, but on the whole managed to hold up their heads without any appreciable trouble.

In the Porcupine list trading continued on a very narrow level, with no feature evolved. Hollinger sold at \$15.55, off five cents for the day, and wound up an offer at \$15.70. The reaction represented the incoming of a few small selling orders, and it is anticipated that the market will resume its former valuation. Crown Chartered was not affected by the announcement that the company had gone into liquidation, and closed at one cent bid.

SINKING NEW SHAFT AT THE OLD FOSTER
Flynn Syndicate Will Probe For Silver Near the Lawson Line.

COBALT, Jan. 14.—A new shaft will be started this week by the Foster Lining Company, the Flynn syndicate, on the old Foster mine in the lake section. The new shaft will be put down on the old Silver Leaf vein, near the northeast corner of the property, to the Lawson line. The depth to be attained has not been decided by the management, but it is likely that the working will be continued to at least the depth where the formation changes before much development work is undertaken.

MACDONALD SHARES LOWER ON THE CURB
In the general market, down of prices in the Toronto Stock Exchange yesterday. MacDonald's dropped to 59 7/8 on the curb, a loss of about a point for the day, and a new low for the present year. The shares will be listed on the exchange very shortly, and it is anticipated that they will prove a favorite trader in the near future. MacDonald's shares have been distributed, and as it is expected dividend payments will be started within the next few months, rumor has it that shareholders are due for much higher prices.

C.P.R. EX-RIGHTS.
A good deal of comment was heard yesterday over the fact that, while C.P.R. was quoted ex-rights here, in the New York market the shares are selling with the rights attached. This is explained on the ground that Wall Street would have to do considerable financing if the rights were taken off, and, therefore, it is expected that the security will be quoted in the usual way, the new stock issue is to be taken up.

NEW LOW FOR YEAR ON CANADIAN PACIFIC
Canadian Pacific was carried down to a new low record for the present year in the New York stock market yesterday. The shares retreated to 258, a net loss of three points for the session. The range since January 1st is as follows: High, 266 3/4; low, 255.

E. H. HARRIMAN LEFT SEVENTY MILLIONS
NEW YORK, Jan. 14.—The estate of the late Edward H. Harriman amounts to from \$70,000,000 to \$75,000,000, according to the figures of the appraiser issued today. The really holdings are about \$40,000,000, furnishings at Arden and in New York City, jewelry, paintings, tapestries and other personal effects, including cash on hand, at about \$7,000,000. These estimates leave the Harriman holdings of Illinois Central, the transcendent New York and other companies at from \$33,000,000 to \$58,000,000.

MARINE INSURANCE RATES DOUBLED
LONDON, Jan. 14.—The effect which the recent marine disasters had on the insurance market is exemplified in the fact that the White Star Line has insured its fleet against loss for the year 1913 at rates nearly twice those of the year 1912.

KERR LAKE DIVIDEND.
The Kerr Lake Mining Co. has declared the regular quarterly dividend of 25 cents, payable on March 15 to stock of record March 1.

THE CANADIAN BANK OF COMMERCE
Paid-Up Capital \$15,000,000
Reserve \$12,500,000
Drafts on Foreign Countries
Every branch of the Canadian Bank of Commerce is equipped to issue, on application, drafts on the principal cities and towns of the world, drawn in the currency of the country in which the drafts are payable. This Bank has unexcelled facilities for handling every description of banking business throughout the world.

TORONTO IS TENTH IN BANK CLEARINGS
This City Held Usual Rank in the Standing of All Cities of Continent—Montreal Up.
Toronto maintained its customary position of tenth in the standing of the big cities of the continent, regarding bank clearings last week. Montreal moved up from ninth to eighth, and Winnipeg came twelfth, the same as in the preceding week. San Francisco was the only centre across the border to record any alteration, being ousted by Montreal from its former rank.

Canada's bank clearings (16 cities only) increased 27.2 per cent over the same week of 1912, while those across the border increased 167 per cent. Leave the net New York, where a gain of 16.0 per cent was shown, the percentage improvement was 17.6.

The detailed record follows:

City	1912	1913	% Change
New York	\$2,327,721,000	\$1,759,461,000	16.0
Chicago	342,106,000	252,120,000	26.3
Philadelphia	193,343,000	181,870,000	25.3
Boston	180,924,000	186,114,000	23.0
St. Louis	28,872,000	30,852,000	23.6
Pittsburg	62,632,000	52,804,000	20.3
Kansas City	60,923,000	48,688,000	20.5
San Francisco	60,415,000	46,872,000	19.0
Toronto	52,872,000	67,200,000	26.9
Baltimore	50,034,000	35,134,000	25.6
Winnipeg	37,228,000	34,068,000	25.0
Cleveland	25,127,000	21,151,000	27.7

U. S. STEEL TO RAISE WAGES OF ITS WORKERS
NEW YORK, Jan. 14.—(Can. Press.)—Wage advances aggregating approximately \$1,000,000 a month have already been arranged for by subsidiaries of the U. S. Steel Corporation, in line with plans recently announced, according to a statement by Elbert H. Gary, chairman of the Steel Corporation, today.

In accordance with the recent announcement made by the chairman respecting the adjustment in wages, says the statement, "many of the subsidiary companies of the U. S. Steel Corporation have made up their schedules, which together aggregate an increase in wages of about \$1,000,000 per month, commencing about Feb. 1. These benefits largely apply to the workmen receiving the lowest daily wages. Some of the mining companies are not included for the reason that wages have been heretofore adjusted by these companies and are now above the average."

FINE GOLD SAMPLES FROM HURRICANAW
PORCUPINE, Jan. 14.—Jack Callinan has returned to Porcupine after a trip to Hurricanaw with Tommy Burns, staker of the Tommy Burns mine in Shaw Township, and has brought back with him a number of samples which it is stated run very high in gold.

FRENCH BOND ISSUE WAS WELL TAKEN UP
PARIS, Jan. 14.—For its issue of 1,000,000 500 francs 3 1/2 per cent premium bonds, the Credit Foncier received \$27,000 applications for 1,225,000 bonds. Response from small investors was much better than expected.

MINING JOURNALIST RESIGNS.
Mr. George E. Vignoroux, editor of The New York Mining Age, and one of the best-known mining men of New York, has severed his connection with the journal, and has connected himself with Tripp & Co., members of the New York Stock Exchange. Mr. W. L. Fleming, E.M., the well-known mining engineer, will take charge of The Mining Age.

TURKISH FINANCES ARE IN POOR SHAPE
LONDON, Jan. 14.—The funds in the Ottoman treasury are insufficient to meet the coupon of the Turkish five per cent loan of 1896, which is due today, but the Imperial Ottoman Bank has made arrangements to assure its payment. The loan amounted to \$14,576,000, and the amount still outstanding as unredeemed is \$1,276,000.

NATAL'S OFFICERS ENTER-TAINED
NEW YORK, Jan. 14.—(Can. Press.)—Captain Grotzer and other officers of the British cruiser Natal, which brought home the body of Whitehall, were entertained at luncheon today by the Pilgrims of the United States. Joseph Choate was toastmaster. The gathering included many notable men in the army and navy, Sir Ernest Shackleton, Robert E. Peary, Chauncey M. Depew and Mrs. Robert D. Evans, widow of "Fighting Bob," she was the only woman present.

THE STANDARD BANK of CANADA
QUARTERLY DIVIDEND NOTICE No. 86.
Notice is hereby given that a Dividend of Thirteen Per Cent per annum upon the capital stock of this Bank has been declared for the quarter ending 31st January, 1913, and that the same will be payable at the Head Office in this city and at its Branches on and after Saturday, the 1st day of February, 1913, to shareholders of record of 31st January, 1913.
The Annual General Meeting of Shareholders will be held at the Head Office of the Bank in Toronto on Wednesday, the 19th day of February next, at 12 o'clock noon.
By order of the Board.
GEO. P. SCHOLFIELD, General Manager.

WEDNESDAY MORNING

58 Brazilian Dropped Below 95 in Toronto Mart---Mines Firm

Profit-taking causes halt in grain prices. Unloading of wheat was aided by professional bull element—selling of corn also. CHICAGO, Jan. 14.—It was a day of profit-taking in the cereal pits. Volume of business was moderate and prices changed but little. Provisions advanced.

Lungs who bought to realize profits unloading cautiously, nursing the market tentatively on dips. In this they were assisted by a professional bull element which seemed to be attempting to bring about a strong market. The range of prices was only 5-8c and the close was a compromise between the extremes. Foreign markets were generally higher and there was a good cash demand here and at outside points.

In corn, as in wheat, there was plenty of evidence that longs were taking profits and adjusting differences. This was shown by the recent advance brought about by the recent advance in wheat market. There was a slight recession in prices. There was a slight demand for export, but it was observed that the best buying spot was done by a firm which recently sold heavily to the foreign account.

There was a fair shipping call for wheat, but profit-taking depressed prices. Argentine-reported heavy export sales. Provisions were firm with hogs and the volume of business was fairly large. The principal buying was for an important packer operating under cover.

THE COMING SILVER CAMP

With the advent of the railroad into Elk Lake, which will be an accomplished fact within two weeks, the Elk Lake camp should produce at least a dozen shipping mines.

The future of this camp was assured by eminent engineers before the government consented to build the railroad.

Elk Lake is producing ore equal to anything found in the Cobalt Camp. One from the Donaldson, purchased by the Beaver Consolidated, will run from four to eight thousand ounces per ton.

Working under extreme disadvantages, 90 miles from a railroad, a number of pioneer companies, on the verge of success, were compelled to suspend operations owing to lack of funds. With a railroad at their door, pay ore in sight, these properties should quickly develop into paying mines.

I have for sale several properties adjoining and surrounding the Donaldson, with machinery and plants complete, which can now be purchased on very reasonable terms. These prices will be advanced after the entrance of the railroad.

Further particulars apply

ROOM 12, 56 KING STREET WEST.

Principals only.

MARKET UNDISTURBED

Another demoralized day on New York Exchange, and perfect steadiness and quiet at the Standard Mining Market. Canadian investors with small capital are beginning to look for a profit. Buy outright a good mining security and you have something to look after for your money.

PETERSON LAKE and CHAMBERS-PERILLAN are worth at least as much as they are selling for. Send for circular on PETERSON LAKE.

Bringing Up Father

I'VE LAID OUT ALL YOUR DRESS THINGS ON THE BED, PUP-PAH! AND WHEN YOU COME DOWN TO THE DRAWING ROOM, FOR HEAVEN'S SAKE, DON'T BRING THAT PIPE!

ALL RIGHT, MAGGIE!

DON'T CALL ME MAGGIE! MY NAME IS MARGARET!

HAW HAW! THAT'S ONE ON MAGGIE! I MEAN MARGARET'S SHIRT GAVE ME SONNY'S SHIRT BY MISTAKE!

SAY, MAGGIE! I MEAN MARGARET! I GAVE ME THE WRONG SHIRT!

GEE! I FORGOT ABOUT THE PIPE!

OH! MOTHER-SPEAK TO ME!

By George McManus
