CANADA GREATEST FIELD FOR Y.M.C.A.

Dr. J. A. Macdonald's Address
at International Convention
—E. R. Wood is Elected
President of the Associa-
tion— Delegates Are Pour-
ing in.

Toronto has proved a big drawing
card for the delegates to the interna-
tional Y.M.C.A. Convention, which
opened auspiciously in Massey Hall
yesterday. It promises to be the
biggest yet in point of numbers, accord-
ing to the calculations of W. H. Morris-
son of Baltimore, chairman of the resolu-
tional committee. Last evening 1263
delegates had registered from all parts
of Europe, Asia, United States and
Canada, and no more are expected be-
tween to-day and Monday noon. This
will give well over 2000, while the last
convention at Washington three years
ago had only 1400, and this was the
largest response that had been record-
ed up to that time. The next largest
prior again was in 1904, when 1341 at-
tended.

The vice-presidents are Cyrus H.
McCormick, Chicago; Alfred E. Mar-
ling, New York; W. A. Bowditch, Honol-
ulu; Chas. L. Euston, Coosville, Ohio;
Harry L. Pierson, Detroit;
James D. Husted, Denver; F. A. Mc-
Cormick, Sioux City, Iowa; John Farn-
ham, Paris, Ont.; E. G. Eberhart,
South Bend, Ind.; J. C. Acheson, Dan-
ville, Ky.; John W. Ross, Montreal;
James A. Dammott, Seattle.

The secretary, Geo. E. Coxhead, St.
Louis; assistant secretaries, T. D. Pat-
ton, Winnipeg; W. A. Lloyd, Jacks-
onville, and Harry Ballantine, Calgary.
At the afternoon session L. C. War-
ner, chairman of the international
committee, told of the wonderful
growth of the Y.M.C.A. during the past
three years, in which it has equaled
the growth of the preceding 47 years
of its history, the membership having
increased by 60,000, and the value of
Y.M.C.A. property by 50 per cent., to-
talling \$16,781,000.

Canada's Needs.
In an address of sustained eloquence
and power, spoke on "The Timeliness
of the Association to Meet the Needs
of Canada." He referred to Canada
as a young country with the door of op-
portunity open for the association to
enter and claim its own. The greatest
work of the future, as far as Canada
was concerned, was immigration and
the problem was to educate the in-
coming thousands to become good citi-
zens. In his closing paragraph he
said: "The north half of this continent
is held by a young nation holding in
its hand the future of the world. It
inherits the best of the past, the best
of the blood of many races; thru its
fancies wells the promise of a great
future; it rises to answer every great
call. It is at this moment, on the eve
of a great world struggle, that the
Y.M.C.A. is called to organize the
youth of this nation for world peace,
and to pledge it for world peace,
and to do it now, who knoweth the
Association of the Young Men's Christian
Association, whether thou art come into
the kingdom for such a time as this?"

The Greatest Opportunity.
The fact that the theme of his ad-
dress had been urged recently by
men from New York suggested to him
the view that in Canada the Y.M.C.A.

"A Decade of Association Progress"

These comprehensive figures, expressive of the advancement of
the Y. M. C. A. movement in the past ten years, formed the basis of
an address to the convention yesterday afternoon by Alfred E.
Marling of New York, vice-chairman of the international committee.
His subject was, "A Decade of Association Progress."

INTERNATIONAL PRESIDENT

E. R. WOOD
President of Toronto Y.M.C.A. last
night elected president of the
International Association.

C. A. had to-day an opportunity larger
and more hopeful than it ever had
in Great Britain, and more far-reach-
ing than it has to-day in the United
States. Two facts in the Canadian
situation seemed to justify that view.
One was that the Dominion is a democ-
racy, the other that it is young.
"These two facts," he said, "must be fully
understood and readily estimated if we
would judge aright of the place and
part of the Y.M.C.A. from and in every
institution of civilization in which the
needs of Canada," he said, "Un-
derstand that Canada is a democracy,
and that I mean that the power of
government, the full autonomy of law
making, the right to say whom en-
shall be engaged and by what
means, and that power and right are
the inalienable possessions of the peo-
ple of this Dominion."

At the same time, Canadians had a
monarch, and they put as much depth
of feeling and sincerity in the singing
of "God Save the King" as the citi-
zens of any republic did when they
sang their peculiar national anthem.
An Evil and a Failure.
But that throne and that monarch
was based upon the people's will, the
power behind the parliament of Can-
ada and the enforcement of its laws
was the sovereign will of the com-
mon people. The fundamental fact
of our life is that if there was evil in
the body politic, if there was suppression
of justice, the responsibility lay with
the people.
"It means more," said Dr. Macdon-
ald, "that means that the measure
of that evil is the measure of the
failure of the church, and the school,
and the Y.M.C.A., and all the agencies
that are set for the education and the
uplift and the redemption of the peo-
ple."

Canada was a new democracy. Great
Britain had its institutions fixed for
centuries before the Y.M.C.A. was
born, and the American republic was
set in its ways while as yet the Y.
M. C. A. was in leading strings. But
the association had now come to it-
self and had proved its worth at the
convention.

FIVE TRAINMEN INJURED IN A FREIGHT COLLISION

Engines Crashed Together Near
Orangeville—Two West
Toronto Men Victims.

ORANGEVILLE, Oct. 28.—(Special.)
—A head-on freight collision occurred
a mile and a quarter south of here
about a quarter to one to-day, and
two men were seriously injured,
one of them being so badly hurt that
he may not recover.
The southbound freight consisted
of an engine and van, it be-
longed to the Canadian Pacific, and
was employed in hauling freight from
Toronto to Fraxa Junction, Engine
Toronto to Fraxa Junction, Engine
1154, with about a dozen freight cars,
having been given the right of way,
was rounding a sharp curve south of
the depot. Reaching a straight piece
of track, the southbound engine and
van were sighted. The engine im-
mediately reversed and closed the
brakes, and then the crew, consisting
of fireman, engineer and brakeman,
jumped. The brakeman, Dan Foy of
West Toronto, fell on some rocks and
was picked up unconscious with his
shoulder dislocated, two fingers cut
off, his leg cut and very badly cut
about the face. Barrie, brakeman, was
badly cut about the face, but not-
withstanding, beyond a few scratches,
Chas. Simpson of West Toronto, had
his brakeman on the way to his feet,
and left arm broken above the wrist,
and Frank Andrews, engineer on the way
freight, had his face bruised and re-
ceived internal injuries. S. Witzel,
trainman, had his face cut.
The northbound engine was much
the smaller, and was forced on top
of the southbound engine and re-
sulting flour and grain attached to the
train, was completely wrecked.
The brakeman, was one of the
G.T.R. conductors who failed to get
his place again.

AMERICAN CABLE COMBINE

May Include All the Atlantic Cable
Lines.
(Canadian Associated Press Cable).
LONDON, Oct. 28.—The Morning
Post says there is little doubt that
there is a prospect of all cable com-
munications between Britain, United
States and Canada will be pooled in an
American combine.
The Standard also discusses the
rumored combine and urges destruc-
tibility and reasonableness of a govern-
ment-owned cable to Canada.

Ottawa Coming in Force.
OTTAWA, Oct. 28.—(Special.)—The
C.P.R. train for Toronto this evening
carried the Ottawa football team and
a large representation of Ottawa citi-
zens to see the Saturday game with
the Argonauts. A special car carried
the Ottawa Press Club, including other
Ottawa newspapermen, the party leav-
ing about forty strong.

Special Officer Murdered.
WILKESBARE, Pa., Oct. 28.—Wil-
liam Weathers, a special officer, of the
Lehigh Valley Coal Co., was shot and
killed to-day near the Fernwood Col-
liery by an Italian mine worker.
Weathers was looking for men who
had been tampering with the switches
along the railroad, when he came upon
two Italians. While attempting to ar-
rest them, one of the men shot him.

BIG WORK AT STANDSTILL ALONG THE DETROIT RIVER

Construction of Bois Blanc Dyke
Results in a Dispute That Has
International Aspects.

Work on the construction of what
is known as the Bois Blanc dyke in
the Detroit River, about 14 miles be-
low Detroit, was stopped suddenly yester-
day as a result of international
difficulties. It is said that yester-
day's session here of the international
waterways commission was responsible
for the cessation of work. There is
also friction between the contractors
on the job and the U. S. federal en-
gineers.
The contractors are Grant Smith &
Co., and Locher, and they are con-
structing what is called a dry cut in
the new Livingstone channel, at the
Limekiln crossing. The job is to cost
\$2,500,000. Contractor Locher says he
is ready to turn the river into the U. S.
signature offer dam unless the U. S.
war department permits the company
to proceed with the work. Col. Town-
send of the war department, at De-
troit, wants to build the dyke from
the end of the offer dam to Bois
Blanc to maintain the upper lake level
and objects to proceeding with the
second stage of the work until this
complaints. Res. of Amherstburg ob-
ject to the dyke, and are already in
distress because of changes apparent
in the sky line, and have secured A.
H. Clarke, M.P., to investigate their
complaints. In the meantime Col.
Townsend has gone to Washington.
The governments of both Washington
and Ottawa have been notified of the
trouble.

THE SUNDAY WORLD

Pardon us, while we crow a little about our new service.
The Sunday World has secured the rights for Canada of the Hearst fea-
tures. These include the best comic section printed by any paper,
with the Katzenjammers Kids, Euster and his Mother, Gloomy Gus,
Howson Lot and Jimmy. These features are printed in four colors
and there's a laugh in every movement of the bunch. Another new
thing will be the Jett and Mutt series, a daily cartoon for The Morning
and Sunday World.

THE ILLUSTRATED SECTION:
Monday will be Thanksgiving Day, and this section of the paper
has been prepared with special reference to that festival. In addition,
the news events of the week will be fully illustrated. There are sev-
eral striking pictures of the laying of the cornerstone of St. August-
ine's Seminary on the Kingston road. The seminary is being built
thru the generosity of Mr. Eugene O'Keefe, who contributed \$300,000
for the worthy object of educating Catholic young men for the priest-
hood. Other events illustrated are the Toronto Garrison Church
parade, and the Hunt Club races, which were attended by His Excel-
lency Earl Grey and other notables.

EDITORIAL AND NEWS SECTIONS:
Every department of the paper will show an improvement over
former issues. The Saturday sporting and news events will be fully
covered, and you cannot afford to be without The Sunday World if
you want to keep right up to date with what is going on in the world.

AN EXTRA PERFORMANCE

"Merry Wives of Windsor" to Be
Given Friday Night.

On account of the extraordinary de-
mand for seats for "The Merry Wives
of Windsor," which the New Theatre
Company will present next week at
the Royal Alexandra, Manager Soiman
considered it advisable to try and
arrange for an extra performance of
Shakespeare's noted comedy.
Director Ames has consented to this,
and the opening of "The Merry
Wives of Windsor" on Thursday even-
ing.

JARDINE REALLY LAME

Physicians Say His Weakness is Not
Affected.

GODERICH, Oct. 28.—(Special.)—Ed-
ward Jardine, in custody charged with
the murder of Lizzie Anderson, was
to-day subjected to a medical exami-
nation to ascertain whether his appar-
ent lame hip is genuine or affected.
It is stated that the physicians are
convinced that his weakness is gen-
uine, which would, they believe, render
it impossible for him to have commit-
ted the crime alone.

BOY SCOUTS TO-NIGHT

The Baden-Powell Boy Scouts of
Toronto district will figure largely in
the to-night's display at the Armories. The
boy scouts are not a Y.M.C.A. body,
but are connected with various
churches.

VICTORIA FIRE LOSSES

Will Total Under \$900,000—Insurance
is Large.

VICTORIA, B. C., Oct. 28.—(Special.)
—Best estimates of the fire losses
place them at between eight and nine
hundred thousand dollars, with insur-
ance of \$700,000.
The Times newspaper will be out of
business for some time, as its plant
was damaged by water.
Contracts have already been let for
clearing away the debris and Spencer's
and other firms will rebuild at once.

COMMOTION AT THEATRE EXIT

The stage door "Johnnie" has not
been very much in evidence at the
theatres of this city for several years,
but the appearance of the English
must comedy, "The Arcadians," this
week seems to have revived the cus-
tom. The passageway from the stage
door at the theatre to King-street
was lined every night of the week
with young men, and some who are
over the age limit of Dr. Oeler, desir-
ous, if possible, of getting acquainted
with the girls of the company. To-
night, including Miss Ruth Thorp,
clap, including Miss Ruth Thorp,
whose magnificent voice has delighted
the audiences, had to leave thru the
theatre last night.

ANOTHER GOLD FIELD LOCATED

On Main Line of C.P.R. Near
Hobon—Fifty Claims Have
Already Been
Staked.

SAULT STE. MARIE, Ont., Oct. 28.—
(Special.)—News has reached the Soo
of what is said to be an important gold
discovery. It is claimed that the ore,
which comes down from the district in
the vicinity of Hobon, on the main line
of the C. P. R., carries free gold in
large quantities, the richness of which
has not yet been determined, as no
assay has yet been made.

The lucky prospector who first got
on the ground and who first recorded
a claim is William Norquist of the Soo,
and kept the matter quiet until he
Norquist made the discovery last July
had located five claims, which have all
been recorded.

However, it would appear that news
of the new mining district leaked out,
and prospectors from Halleybury and
Sudbury are flocking into the country,
which composes township 49, range 7,
Algoma district. The location secured
by Norquist is six miles from Pie Sid-
ing, twelve miles from Hobon, due
north 120 miles from the Soo. Norquist
is negotiating for the sale of his prop-
erty to a firm in Colorado.
It is expected that the entire town-
ship will be staked shortly. Four
claims outside those placed on record
by Norquist were recorded yesterday
from the same township by lucky
prospectors, and it is said that up to
to-day some fifty claims have been
staked, also the men have not yet
come in to record them.

N.S. MINING TOWN SWEEP BY THREE HOURS' FIRE

Loss at Florence Will Reach \$60,-
000—Collieries Saved, But
Number of Residences Gone.

HALIFAX, N.S., Oct. 28.—(Special.)
—The town of Florence, three miles
from Sydney mines, was about half de-
stroyed by fire to-day. The fire started
at 11:30 this morning, and before
dawn it had spread to the point of no
return, had made great headway. The
dwelling, store and barns of Conn Mc-
Kelgan, and the store of L. Christie
were the first to go. The flames spread
to the Minesworkers' Hall, totally de-
stroying it, and went from there to
several residences. The fire was under
control at 1 o'clock, and aided by rain,
was thoroughly quenched at two.

The origin of the fire is unknown. It
is supposed to have been caused by a
defective fuse. The town has no fire
department, and before the Sydney
mines brigade arrived with apparatus,
it was beyond control of the organized
bucket brigades.
Two collieries, No. 3 and 4, of the
Nova Scotia Co., employing about 800
men, were right in the heart of the
town, but the flames were prevented
reaching them.
The flames and smoke were plainly
visible for 5 miles and the progress of
the fire was watched by hundreds of
residents at Sydney Mines from the
\$60,000 of houses. The total loss is about
\$60,000, insurance about \$50,000.

FARMS IN DEMAND

J. Morgan of Willowdale Sells at Three
Hundred Dollars an Acre.

York Township farms are still in
good demand.
The latest purchase is that of the
farm of J. Morgan at Willowdale.
This consists of part of lots 18 and 19,
first concession east of Yonge-street,
and fronting on that street, and is
about 140 acres. It is about eight
and one-half miles from the corner of
King and Yonge streets. The buyer
is J. A. McKee of the Dodds Medicine
Company. The price has not been
given out, but it is thought to be in
the neighborhood of \$300 an acre.

Thanksgiving Hat To-day

You have, no doubt, decided to make
some addition to your wardrobe before
Thanksgiving Day. This is the last
opportunity. It goes without saying
that the first article of your apparel
that should receive attention is the
hat. Probably the most widely known
hat in the world is the "Health." The
sole agency for this hat in Canada is
held by the Dineen Co. There they are
stocked in large quantities in all the
latest blocks at all seasons of the
year. Always of excellent quality, al-
ways the latest style, the "Health"
Store open Saturday night.

HAMILTON HAPPENINGS

MANY GARMENT WORKERS ADDED TO UNION RANKS

Sam Landers Explains the Benefits of Organization With Effect—Assessment Appeals Allowed.

HAMILTON, Oct. 28.—(Special.)—Sam Landers addressed a meeting of garment workers in the Trades and Labor Hall to-night for the purpose of inducing those who were not already in the union to join. The international organizer advised the gathering, which was mostly composed of Russian Jews, to band together for their mutual protection, and said that none of them need fear losing their jobs by joining the union. If there was any discrimination against the men in any of the shops because they belonged to the union, there would be strike within 24 hours. He pointed out how the deportation of the aliens, who were employed in a local factory, had been for the benefit of the non-union as well as the union men. He also advised all those who were not yet nationalized citizens to take out their papers as soon as possible, and get a vote, so that they would be able to help the general cause of labor. He had been called to Chicago to take part in the big garment workers' strike there, but would remain here until the case against a local firm for employing aliens under contract, was settled on Tuesday, as he was going to see the finish of the work he had started. Walter Rollo and Allan Stodolme, M.P.A., also spoke, and at the close of the meeting the greater portion of those present handed in their names for membership.

Bible Class Federation. A banquet of the Hamilton Adult Bible Class Federation was held in the school room of Centenary Church to-night. About 300 were present at the banquet, and about 700 assembled in the church afterwards and were addressed by Marion Lawrence, secretary of the International Sunday School Association, and Rev. E. W. Halpeny, provincial secretary. Mr. Lawrence said the Sunday school members had increased 1,000,000 in three years, and that the time was not far distant when diplomas of qualification would be required by Sunday school scholars, the same as in day school.

Nellie Devlin was arrested to-night on a charge of stealing a watch belonging to Mrs. Crabtree. The complainant befriended the girl by giving her breakfast a day or so ago, and when she was gone the watch was missed.

Assessment Appeals. The court of revision this afternoon and evening considered appeals against the assessment from Ward 3. As the heaviest general increase in assessments was made in this ward there were about 240 appeals. About 50 appeals were allowed, making a reduction of about \$12,000.

Sport in New Ontario. Good hunting prevails in the country contiguous to the T. & N. O. according to the weekly letter which J. L. Englehart receives of the condition of things along the government road. Near Englehart partridges are plentiful, and the wild rice sown is attracting ducks in large numbers. One sportsman recently passed thru with two bears and a number of smaller game.

Harvard and West Point. CAMBRIDGE, Mass., Oct. 28.—With the prospect of playing the stiffest game in the letter which J. L. Englehart receives of the condition of things along the government road. Near Englehart partridges are plentiful, and the wild rice sown is attracting ducks in large numbers. One sportsman recently passed thru with two bears and a number of smaller game.

CEETEE UNDERWEAR

Insist on underwear bearing this trademark. Note its perfect shape, the quality of the material, its softness and elasticity.

"Ceetee" gives solid comfort and lasting satisfaction—the underwear de luxe, yet costs no more than ordinary makes.

"CEETEE" UNDERWEAR is knit to fit the form—not simply cut from the fabric—never binds, wrinkles or sags.

From first to last it is the underwear that pleases. Ask your dealer to show you "Ceetee"—it means absolute underwear comfort.

In all sizes for men, women and children.

Look for the "sheep" trademark.

CANADA GREATEST FIELD FOR Y.M.C.A.

Continued From Page 1.

very moment of its enfranchisement in the north half of the continent, a door upon a great land, no part of which God had forgotten. A few people were there, but there was room for millions upon millions. The Immigration Problem. "Standing to-night before that open door of a young nation you ask me about your Y.M.C.A., and with a purpose far higher, with a faith far higher I give you back the challenge of Mordcaid to Father. Who knows whether thou art come into the kingdom for such a time as this? And at such a time in the history of Canada, what can the Y.M.C.A. do to meet its needs and to enter the nation to do its part in the world? "This association has it in its power and is putting it in its pledge to come to the help of Canada in solving the great and vital problem of dealing with the incoming multitudes that are to be citizens in this dominion. Believe me, there is before this land no problem more serious, more difficult, more vital, than immigration."

While Canada needed a large number of people and a variety of workers, it did not want any man who could not stand erect and go straight and earn a living without the power of a despot, or a police officer, or a poor house. The problem was how to dispose of these millions of strangers and fit them into the framework of the nation, and to make them strong, efficient and self-reliant. If the Y.M.C.A. would have their workers stationed at ports of departure on the high seas and at ports of entry it would not only help the strangers, but they would help the nation.

National Waste. Touching upon the subject of national waste, Dr. Macdonald asked what was the waste of white pine, of pulp wood, of mineral lands or water powers, at all to be compared in value and loss and shame with the age-long waste of man.

"Where are the boys from home, and the students from the university, and the artisans from the bench and the bread winners and the brain workers, whose saving would mean life to the nation?" he asked, and added that it was the duty of the Y. M. C. A. to stand against that waste of humanity.

"I said this is a nation in the making," declared Dr. Macdonald, branching into the larger aspect of his subject. "What will it be when it is made? I said this is a new democracy. When it is old will it be any improvement on the experiments of democracy in the past. The latest nation among the nations have a common thing new, anything noble to show in the art of nation building that older democracies have not shown? If the world is ultimately to see in Canada the triumph of other democracies, if the principle of government of the people, by the people and for the people is to have no better chance here than elsewhere, if its results are no more satisfactory in matters of human happiness and service, then you and I and all of us who have to do with the making of this young nation will stand condemned in the year of history. The true democracy is this: It is a community in which each member has a right and a chance not only for development but for service."

Finding a Model. Where would Canada find a model for the new democracy? Not in Greece of old, for the Athenian democracy held more persons in bondage than were free. Not in the Italian republics like the Florence, where the rule was centered in a few families. Not in France, where the formulae of the revolution was merely a doctrine, not in the republics of South America or Mexico.

"Then there is one other which we must not forget. It is the republic from which so many of you have come. There democracy had its one splendid chance. There it has made good. But listen to me, you most thoughtful citizens of the American democracy, or your republic. Listen to me. By your declaration of independence you asserted the right of every man to life, liberty and the pursuit of happiness. Has it secured for every man that chance of full development and free service? Tell me, is your democracy completely and finally a success? It has made good. But has it made best? Would you give to Canada unchanged as a flawless model of government, the rule by the people, for the people? Has the declaration of life, liberty and happiness secured a square deal for the average man? If it has, what meaneth this sound in the tops of the mulberry trees? If so, what of the insurance from New England to the Pacific and of that turmoil from the great lakes to the gulf? It is the cry of the people. It is the cry of the great heart of the people in solemn protest that the declaration of independence has not been made good for the common man. That is the deep cry.

Hopeful Signs. "I know nothing in the world of politics to-day more hopeful or more splendid than the rising of the people of the republic to-day against the God-like of wrong and political power. I know nothing more hopeful, unless it be the age-long struggle of Britain against age-long injustice. It was the voice of the people that brought Woodrow Roosevelt and Woodruff Wilson, and it was the voice of the people that demanded something else than life, liberty and the pursuit of happiness. "The people use another word, word not in the declaration of independence, a deeper word, a nobler word, a more compelling word, and the people—there are insurgents in both cases—call for justice, for justice for each man to live his own life well and to give service to other men."

Life in Rural Districts. The other speaker of the evening was Prof. J. W. Robertson, chairman of the

Royal Commission on Technical Education, who referred to the "Conservation of Life Rural Districts." Prof. Robertson said he appreciated the Y.M.C.A. for its adjective of qualification. There was no man in the world who would not give up everything for the young again and have his life over. He eulogized the country work of the Y.M.C.A. The statement that God made the country and man the town was true. The man of the country got more from mother earth, his life was brighter and purer than those of the cities. It was a mistake to suppose that the earth was old. It was young, and the work of creation was still unfinished. It was worth while having a conscious part in the making of the earth. Conservation, he said, was a large, bland expression. It shifted the responsibility upon other folks. The first factor in conservation was possession. The conservation of the earth was part of creation. Children who were taught to love nature and observe the things of nature, learned the three essentials of reading, writing and figuring. They readily and happily learned to understand than when they were taught these things by mere abstract principles.

The Country Outlook. The man of the country was a man of large observation. He was a man of large faith like Abraham of old.

The desire to make a home was instinctive in the race, for in the home the man saw the result of his labor. The proper way to train all men was to place them on the basis of all education. Was not Christ trained to use His body in useful, constructive work as a basis and intensity of superstructure for His work as Saviour? In the case of women, the foundation for education should be domestic, household science, and that would develop the spirit and capacity to make a home. In conclusion Dr. Macdonald said that it must help to conserve the citizenship, help to develop the resources, help to make the democracy and help to stand loyal to the Anglo-Saxon fraternity. That was a common obligation.

The New President. Edward Rogers Wood, who was elected president of the International Young Men's Christian Association, was elected in Toronto financial circles. He was born in Peterboro, Ont., May 11, 1888, the son of John Wood, school master, who hailed from Ferranagh County, Ireland, in 1847.

Mr. Wood commenced life as a G.N.W. telegraph operator. When the Central Canada Loan & Savings Company started operations in 1894 he became engaged with it and held the office of vice-president for him the office of vice-president and general manager. He is also vice-president of the Canadian Western Assurance Company, director of the Canada Light & Power Company, and director of the Canadian Light & Power Company.

His interest in the Y.M.C.A. has been long and unselfish. In the recent building campaign he contributed \$50,000. He is now president of the Toronto Y.M.C.A.

THE FEAR OF SNAKE BITE.

Far Greater Than the Facts Warrant, Says One Man.

Death from snake bite is rare in America. According to a writer in Collier's an insurance company that would insure a man for \$10,000 against death by snake bite on dues of about a dollar per annum would have an A1 risk.

"Precautions against snake bites are generally considered altogether useless, even in a region infested by venomous snakes. Sharp eyes and the protection of shoes and trousers make the probability of being bitten very remote, more rare indeed than being struck by lightning.

"Yet these things sometimes do happen, and if one comes in close contact with a venomous snake, a fatal accident may occur. The writer goes on: "Stepping over a tall tree in a southern swamp, I felt a slight blow as a twig or loose stick tripped back and forth. I discovered a moccasin holding on to my trousers just above the shoetop and unable to get his hands loosened from the cloth. At another time I slid down a bank and my foot struck and stood almost aside of a small rattlesnake. The angry creature struck savagely but could not quite reach me."

"Of four persons and a dog bitten by rattlesnakes, four persons and a horse bitten by copperheads, and two persons and a dog bitten by water moccasins, only one man and one dog were killed. I have carefully enquired into the authenticity of a large number of cases, mostly those struck by the rattlesnake, and have found but few fatalities among them and no real evidence that they were caused by the snake venom."

"When the books record deaths after snake bite, they assume this to have been the cause, but proof wanting. Ordinary blood poisoning may easily result from careless treatment of the fang wounds, and it seems apparent that the greater number of fatalities are of those surgically treated.

"The most easily observed difference between the action of snake venom and ordinary blood poisoning is the matter of time; yet prolonged illness from snake bite has occurred sometimes of a dropical character; death even has followed after forty-eight hours. Death from septicaemia may occur in two days; it is more to be dreaded than snake bite; nature unaided can easily take care of the latter; the former has probably killed many a man.

"I knew a girl of 14 in the Pennsylvania mountains who was struck by a copperhead snake twice on the

ARGONAUTS HAVE ADDED SPEED AND STRENGTH

Teams Will Line Up at Rosedale at 2.45—Gossip of the Gridiron.

Both Ottawa and Argos are confident of winning to-day's game at Rosedale and remaining in the race for the championship, so everything points towards a close game. Argos have strengthened their wing line considerably, both adding speed and weight, and with their back division repeating their performance of last week, the scullers should win out. Advice from Ottawa state that nearly a hundred rooters will accompany the team and will bring with them plenty of backing and they will likely be taken care of by the Argonaut supporters and even members of the team who can see nothing in it, but a sculler victory. The game will be called at 2.45. Ottawa: Full back, Johnson; halves, Gorrard, Williams, Kennedy; quarter, O'Neill; scrumming, McCraig, Kilmarin, Barrymore; inside wings, Pugh, Phillips; middle wings, Vaughn, Dwyer; outside wings, Murray, Messer or Moore.

Technical Winners. Technical work from Parkdale 11 to 5 yesterday afternoon in a closely contested Group A, High School League, game. The play was clean and fast through and good. Rugby was the result. Mr. Murray of Jarvis Collegiate, that well-protected Rugby follower, handed the game to the satisfaction of everybody. The Parkdale team lined up as follows: Parkdale (6): Full back, Scott; halves, Clarke, Spinks, Stewart, quarter, Ferguson; scrumming, White, Lea, Stone; wings, Porter, Dallen, Hughes, Parkinson, Lowrey and Norwick; forwards, Mr. Murray, Munro, Jarvis, Umpire, Mr. Mills, Jarvis.

Tigers Arrive in Montreal. MONTREAL, Oct. 28.—The advance guard of the Hamilton Tigers, who will go to battle with Montreal on the M.A.A. grounds to-morrow afternoon in the big Rugby feature of the local season, arrived here to-night and took up quarters at the Hotel.

Only eight of the fifteen players who are possibilities for the team were in the party this afternoon, namely, Geo. Smith, Moore, Simpson, Burton and Avey of the back division, and Marshall, Webster, Barron and Glasford of the wing line. The others will be here in the morning.

To date Montreal has not won a home game with the famous Tiger aggregation. Even back in 1897, the first year of the interprovincial, when Montreal won the championship, Tigers won the game here. That day, thanks to two drop goals from the ducks, the Gordon Southam, Tigers nosed out a 3-to-1 victory.

Rugby Gossip. The Ottawa players who are staying over to play T.A.A.C. on Monday, will take in the boxing bouts to-night in Mutual-street rink.

Soccer Notes. Davenport plays the Thistles to-day. The teams: Enfield, Tsegart, Dunmore (captain), Egan, Stephens, Davis, Wardie, Morgan, Tilley, Greaves and Edwards; reserves: Scoones, Riley, Smith, Sprout. The money won from the game will be divided as follows: \$2.00 to meet at the Pines at 2.30. Game at 2.

The list-up of the General Office team champions of the Eaton A. Football League and the All Stars, will play the team league for the game on Broadview in the afternoon on Monday morning, will be as follows: General Office—Goal, Birney; backs, Rowley, Lethin, half backs, Templeton, Smith, Kent; forwards, McKee, Lester, Ed. Fisher, Bond.

All Stars—Goal, Martin; backs, Tucker, well, Robinson; half backs, Hanson, Clark, Gill, Thompson; forwards, Hawkins, Charles, Galt, and Galt. The champion Olivet team are down to play the Western team, and hope to be able to take the field with their record still unbroken. The Olivets won every game last season, and are still undefeated in the interprovincial grounds.

The Grips will meet North Toronto in a league game at Sunlight on Monday; kick-off at 2.30 sharp. The following will represent the Grips: Franklyn, Ferriday, Strimling, Buchanan, Elliott, Bernard, Evans, Elliott, Hodgetts, Taylor, Morton, Referee E. C. Brown. Both have done at Sunlight on Monday.

Baracas Seniors meet Toronto City in a league game at 3.30 at Scarborough. Both teams are running strong for the championship. The following are requested to be on hand early for the game: Harty, Atwood, G. Washburn, O. Washburn, Bingham (captain), MacGregor, Pratt, Appleton, Peake, Dazel, Scott.

Baracas Intermediates meet Stanley Barracks in a league game on Saturday afternoon; kick-off at 2.30, at the Baracas grounds, when all signed-up players are requested to turn out. For the Baracas—Kerrison, Stephens, Smith, Bickart, E. Eves, Taylor, Foot, MacGrath, Skillen, Somier, A. Reeves, Rappson.

All players and supporters and every one interested in the work of the Baracas are heartily invited to the meeting on Monday afternoon at 2 o'clock at Knox College.

CITY PLANNING.

Importance of Parkways and Boulevards as Fire Breaks.

Among the fires which have entailed a loss of \$10,000,000 and upward in less than two and a half centuries have been mentioned in London, 1066, \$38,650,000; Smyrna, Turkey, 1772, \$20,000,000; Constantinople and suburbs from 1759 to 1870 a dozen fires ranging from \$100,000 to \$25,000,000 each; New York, 1835, \$17,500,000; Hamburg, 1842, \$35,000,000; Charleston, S.C., 1861, \$10,000,000; Portland, Me., 1866, \$10,000,000; Chicago, 1871, \$165,000,000; London, 1874, \$70,000,000; St. Hyacinthe, Que., 1876, \$15,000,000; St. John, N.B., 1877, \$15,000,000; Kingston, Jamaica, 1882, \$10,000,000; St. John's, N.F., 1892, \$25,000,000; Guayaquil, Ecuador, 1898, \$22,000,000; Ottawa, Ont., 1899, \$10,000,000; Baltimore, 1904, \$50,000,000; Toronto, 1904, \$12,000,000, and last but by no means least, San Francisco, 1906, \$250,000,000 or more, and yet it has been rebuilt in the same old way.

There have been many other fires of less extent, but which have been nevertheless of serious proportions. The destruction by these fires has been appalling. And yet in almost every case the city has been rebuilt in the same compact mass in utter disregard of the lesson it has just received. "It is a sin bordering on a crime," says a writer in Carriers', "to continue to construct cities extending over miles of territory in dense formation, without incorporating effective means for cutting off the course of a

ALBERTA POWER SCHEME

Toronto Engineer Will Submit Report on the Matter.

EDMONTON, Oct. 28.—(Special.)—John S. Fielding, who has returned from survey of GrandRapids on behalf of the city, is looking into power possibilities, left for Toronto this afternoon, where he will begin work on the report and plans, which are expected to be ready by Dec. 15.

Hon. S. E. Mitchell, attorney-general and minister of education, and A. J. McArthur were formally sworn in by Lieut.-Gov. Bulger to-day at government house as members of the provincial legislature for constituencies of Medicine Hat and Gleichen respectively.

Over a quarter of a million dollars' worth of school lands were disposed of at Vermilion by W. M. Ingram of Winnipeg, Dominion inspector of schools. It is estimated that \$260,000 worth of lands was disposed of. Altogether one hundred and fifty-five quarter sections were sold.

LAYMEN IN THE WEST

Propaganda in West Inaugurated at Big Banquet.

WINNIPEG, Oct. 28.—(Special.)—A western missionary propaganda was inaugurated here to-night by the Methodist Laymen's Missionary Movement at a banquet whereat covers were laid for a thousand guests. The principal speakers were Former Mayor James Ashdown, Rev. E. Gerton Shaw, secretary Foreign Missions; Rev. Dr. Chown, Rev. C. E. Manning, secretary Home Missions, and Rev. Prof. Osborne.

The speakers dealt with the magnitude and necessities of their several departments, and great enthusiasm was displayed by the audience which literally packed Manitoba Hall.

Of the four senior Rugby games today, Toronto University should have the easiest time...

The game at Rosedale between Ottawa Rough Riders and Argonauts should be a great contest...

The Hamilton Tiger game against Montreal in Montreal should be a very exciting one...

Queens should defeat McGill, as the Freshyrians seem to be getting better and better...

Kid Smith of Hamilton threatened to cause a general athletic controversy as did Jack Ryan of Ottawa...

The Rough Riders are kicking up the row and seem to be the best evidence as regards the professional matter...

"We know Smith as well as we know any of the Ottawa players," said one of the party...

ETONIAS GRAB THE ODD GAME FROM J.F. FAIR CO.

Griffiths of Parkdale Averages 216 For Five Games—All the Scores.

The Etontias won the rubber game last night in the Etontias Bowling Club last night. The game was a very close one, with the Etontias leading by a margin of 10 pins in the eighth frame, but the Griffths, who were more familiarly known, said that although their team lost out in the opening end game, they were confident they would be in the thick of the fight at the finish, having a line-up that is bound to improve as the season advances...

Table with 2 columns: Name and Score. Includes Etontias 216, Griffths 216, Adams 216, Coaty 216.

Griffiths Averages 216

Griffiths took a crazy fit in the Parkdale Three-Man League last night when he totalled 1078 for his five games, an average of 216, and thereby helping his team to take four from the Pirates. The scores: 1 2 3 4 5 T.1. Griffths 225 215 220 212 196 1078. Adams 146 138 148 194 149 774. Coaty 164 165 154 174 177 734. Totals 535 519 568 647 622 2617.

On Atheneum Alleys

In the Atheneum Association last night Karrys, Sutherland & Co. dropped the first game to the College team; however, the latter they went the better they got, putting in 62 in the last game. Bill Karrys was there all the way, finishing up with a 225 count. Every man was over the 500 mark except Fowles, who had an off night. Bill Voden, the anchor of the College team, was top score for his team, with 571, which was second high in the last game. Manager Eddie Sutherland ran into a lot of bad breaks and splits, and really never struck his stride until the last frame of the game. Bill Karrys' dally's Coils won all three from the Imperials. However, when the latter did out where the foul line is located they will make them all bound to beat them. Following are the scores: Atheneum—1 2 3 4 5 T.1. Goldstein 150 156 158 523 523 647. Robinson 200 192 182 574 574 647. Powell 150 130 122 402 402 504. Sutherland 149 150 202 501 501 601. Karrys 176 183 225 584 584 647.

1910 SATURDAY MORNING

BANNER YEAR FOR EATON ATHLETIC ASSOCIATION

Semi-Annual Meeting Held, and Review of Season Shows Prosperous Results.

The Eaton Athletic Association held their first semi-annual meeting Thursday in the Louisa-street school, when Mr. W. J. Bowman, the president of the association, reviewed the progress that had been made since the organization was formed last April. In football there were eight teams entered. The House League the General Office were returned the champions. The T. and D. team finished second in their district last spring.

The Gun Club had a very successful season, Mr. George Wolfe carrying off the bacon at the end of the season. In lacrosse, the association had entered a team in the Inter-Association League, but the team disbanded about the middle of the season, owing to the players not being able to get out to all the games. The C. L. A. team entered in the intermediate series brought honor and glory to the association by their splendid playing all season. First they tied their district with Woodbridge, and finally defeated them in the play-off at the Island by a score of 3 to 2. The next victim of the E. A. A. stalwarts was Bracebridge, whom they defeated in the semi-finals by the score of 17 to 0 on the ground. They played off with Galt in the finals for the championship, and again victory rested on their shoulders, the score being 17 to 12 on the ground. They brought the championship trophy for the first time in nineteen years. Not satisfied with the championship of Ontario, they traveled down to Quebec City and defeated the intermediate champions of the Province of Quebec, namely the Nationals, by a score of 7 to 2. Hence, they are champions of both Ontario and Quebec.

Lawn bowling had been fairly successful, but owing to not having proper grounds for same this department had been somewhat handicapped. In ten pin bowling this department has at present very much to be proud of. Arrangements for the winter were being made and a monster league of twenty-four teams will be started the early part of next week.

Tennis—This branch of the association had about 100 active members. They held a tournament the latter part of the season, Miss Gates winning the ladies' singles and Mr. J. Booth the gentlemen's singles. The tennis garden party in July, having a great number of ladies on their midway to amuse those who attended, and they were rewarded for their efforts as a very large crowd turned out to enjoy the fun.

Track and field: To this section belongs the honor of holding the largest athletic field day ever held in Canada. They had the largest crowd present that ever attended such an attraction in Canada, namely, between ten and eleven thousand. They brought together practically all the stars of Ontario and the United States. Mr. J. V. Clarke won the J. C. Eaton Trophy for the best all round Eaton athlete at the meet.

Baseball: There were two sections in the house league, a senior and intermediate. In the senior series, of which there were four clubs, the printing department won the championship. The intermediate series had 16 clubs entered. The championship has not yet been decided, 34 departments and 16 clubs having to play off and the winners to meet the general office team for the honors.

The senior team entered in the Beaches League this summer and won the championship of that league, playing good consistent ball all season. They then played off a series of three games with the St. Mary's for the Toronto Daily Star Cup, emblematic of the city championship, but were defeated two games out of three.

Cricket: There was a house league of 16 teams, the general office coming out on top. The senior team entered in the Church and Mercantile League finished second in their district. The Camera Club had a very successful season and exhibited for the first time at two public exhibitions receiving honors in each instance. At the Canadian National Exhibition Eaton members received two of the three medals awarded to Canada. The club hold demonstration every other Saturday and teach any branch of the work.

Mr. Bowman in closing, stated that he thought the association had had a good season, the teams all doing credit to themselves and the organization they represented.

The secretary-treasurer's report was read and adopted by the meeting. The vice-president, Mr. E. S. Williams, stated that he had been run all summer, and hoped that the members of the association would assist the board in carrying out their work during the coming winter. Bowling would be one of the big things to be handled and he was looking forward to a splendid season for it.

The team will be picked from: Mills, Lee, Smith, Mills, Howell, Rowerell, Stephenson, Jeffs, Kilchen, Whale, Murray, Karn, Sanderson, McKendry, Johnson, Roadhouse, Ferrah, Horley.

Ben Simpson will take Kid Smith's place on the half-back division, and will replace Awrey at quarter for the Tigers in Montreal this afternoon.

Here is the way the teams will line up at Montreal this afternoon:
Tigers—Back, Smith; half-backs, Burton, Simpson, Mungo or McNeillie; quarter, Awrey; scrummage, Scott, Pfeiffer, Craig; wings, McFarlane, Marshall, Isbister, Barron, Glassford, Gatenby.

Montreal—Back, Simpson; half-backs, Craig, Williams, Hastings; quarter, Baillie; scrummage, Kail, McAllen, Ryan; wings, Egan, Kelly, G. Baillie, McMurtrey, Cameron, Savage.

Before betting their all at the Prince George to-day, Ottawa might do well to think over the Dominion final of last season. The Ottawa crowd willingly gave odds to the Varsity spectators, and then Varsity won, 21 to 7.—Montreal Gazette.

Brophy's ankle has improved a lot, and he will be ready to play in Hamilton a week from to-day.

McGill had a fair practice yesterday afternoon for the game with Queens in Kingston to-day. The line-up will likely be: Murray, Brydon-Jack, Ross or Ellington, Forbes and Paisley, backs; Watrous, Irwin and Turnbull, scrummage; Johnson and Gartshore or Cassala, inside wings; Mills and Gillmor, middle wings; Bignell and Goodeve, outside wings.

In football clothes the Montreal players average 154 pounds in the back field, 122 pounds in the scrummage, and 180 pounds on the wing line, or a team average of 122 pounds. Tommy Simpson at 146 pounds is the lightest in the back field, and Lorne McAllen at 188 the heaviest among the forwards. Colls, 208, is the heavyweight of the team.

Mr. Sterling is an enthusiastic supporter of the game, and will no doubt receive a hearty support. Prospects for the coming season are very promising.

Was a Conspiracy Against Ketchel.
SPRINGFIELD, Mo., Oct. 28.—A letter received to-day by the chief of police, signed "Mrs. Maud Nugget," and mailed in Salt Lake City, purports to give facts of an alleged conspiracy by Walter Dipey and Mrs. Goldie Smith to attack and rob Stanley Ketchel, the middleweight champion pugilist who

was shot and fatally wounded near Conway, Mo., on Oct. 16. Mrs. Nugget asserts that Goldie Smith wrote her of the plans, and the chief of police had wired the officials at Salt Lake City to learn the identity of Mrs. Nugget, and, if possible, to gain possession of the Smith letter, if it exists.

EXPRESS EMPLOYEES STRIKE SERIOUS RIOTING RESULTS

Considerable Violence in New York Yesterday—New Jersey May Order Out Troops.

NEW YORK, Oct. 28.—Rioting of a serious character occurred to-night in the Metropolitan district. No fatalities were reported, but men were knocked unconscious right and left in the assaults of the mobs on express company wagons...

It has resulted in serious congestion of express traffic in the city districts and brought about a complete standstill of the companies out of New York to an almost complete standstill.

Government is understood to be ready to call out militia in New Jersey if the situation grows more serious.

DID JUSTICE MISCARRY? Judge Says There's No Evidence Against Latham.

OTTAWA, Oct. 28.—(Special.)—Alexander Latham, a well-to-do farmer of Eryson, Que., who is at present serving a two-year sentence imposed on him by Judge Weir at the last term of the Ontario Criminal Assizes in May last, for an alleged serious offence...

There is an ancient legend to the effect that the famous "Golden Fleec" was a book covered in sheepskin, teaching the transmutation of the base metals into pure gold.

The Roman scrolls were adorned with the bosses of gold or gems, and their leaves having been smoothed with pumice were scented with cedar oil.

The Byzantine emperors were great patrons of books and the Byzantine book covers were famous for their magnificence; they were of gold, silver, copper, gilt, set with jewels, and these massive tomes were carried in imperial processions.

The Silver Book of Upphilia, Bishop of Moesia, a translation of the Gospels, was rebuked by St. Jerome.

Your books are covered with precious stones, said he, while Christ died naked before the gate of His temple; which has been compared to the saying of Sadi, the Persian poet, concerning the Mohammedan scriptures: "The Koran was given to reform the conduct of men and men have added the thought of embellishing its pages."

The books produced in the early centuries of the middle ages were of remarkable beauty, and many of them were richly decorated with illuminations within their covers, and were of silver, gold and enamel encrusted with gems.

Such chained books were named "Catenated" a rough outer covering protected them of dark skin, or seal skin, and later of "chiroviti," a sort of leather, or "sendal," a coarse silk.

Such coverings were also called "chemises," as a chemise of scandalous wood, the name before the gate of His temple; which has been compared to the saying of Sadi, the Persian poet, concerning the Mohammedan scriptures: "The Koran was given to reform the conduct of men and men have added the thought of embellishing its pages."

The European princes were great book lovers and some of the collections are famous, the now dispersed far and wide, sometimes reappearing as treasures cast up on the shores of time in some museum or library.

The duke of Burgundy were renowned for their libraries. The "Boccaccio" of Charles the Bold was bound in red velvet set with five large rubies, and the "Liber Primus" of the duke of Burgundy was bound in velvet set with five large rubies.

The library of Philip the Good of Burgundy in the 15th century surpassed all the European book collections of the time; it contained nearly 10,000 volumes, many of them richly illuminated on vellum, with bindings of damask satin and velvet encrusted with jewels, with clasps of chased gold and enamel.

Bruges, where the duke's court was held, was filled with literary craftsmen, and some of their splendid productions are still to be seen in the Belgian Royal Library.

Henry VI of England possessed a fine library, Lady Jane Grey, Mary Queen of Scots and Catherine de Medici were all book lovers; the Scottish Queen usually had her books bound in black, but one notable volume was covered in red velvet clasped with platinum and studded with jewels.

In 1533 the French king, Henry III, passed a law prohibiting the wearing of jewels in the middle class, with special permission to adorn their misadventures and devotional books with diamonds; they might have four diamonds on their book covers, the nobles five and the princes any number.

In the middle of the 16th century, when Buda was sacked by the Turks, magnificent manuscripts were ruined for their jewels.

KINGSTON OLD BOYS

Got Together Last Night "Around the Festive Board."

Kingstonians met in force on the occasion of the annual dinner of the Kingston Old Boys last night.

Mr. Nickle told the history of Kingston, scribbling the waning of the city's importance to the railroads.

Before they came, and when the commerce of the country was carried by boat, Kingston was an influential centre.

"If the time comes when commercial prosperity again smiles on Kingston we will be happy to welcome you home."

"Nobody in the community is so tongue-tied as are the judiciary," said Justice Britton.

He recalled some of the faces before him as the sons of the men who had been his teachers at Kingston.

"I remember how in those days I used to try to persuade the men whose cases I lost that it was their attitude of the judges who came to Kingston," he said.

Lieut.-Col. Galloway proposed the toast "Our Navy." "I have felt that it was a shame that we had not sooner done so to protect our own on the seas," he said.

"Now I see that we have two ships and one has arrived. A young nation cannot long remain without a navy of its own."

Mr. Kovacs spoke strongly against making light of the Canadian navy.

"We ought to deprecate making fun of our navy, small as it is. Let us not criticize it. It is our navy," was his plea.

W. D. McCrae occupied the chair. Other speakers were: H. Y. Claxton, James Pligon, George B. Sweetman, Dr. R. Hooper, W. H. Wainwright, Dr. Russell, R. A. Chisholm and J. J. O'Donnell. Rechar Tandy sang.

Fighting and Winning

This great battle against consumption is no mere chasing of a rainbow as it was supposed to be some years ago. It is a winning fight. "It can be stamped out," is to-day the verdict of medical science. Do Canadians know to what a large extent the

Muskoka Free Hospital for Consumptives

has been a leading factor in this warfare for human happiness?

A Bit of History Some More History

Twelve years ago not a sanitarium for consumptives in Canada.

To-day, four large institutions are the outgrowth of the start made in Muskoka twelve years ago, besides several others in different parts of the Dominion.

Here is the list: (a) Muskoka Cottage Sanitarium; (b) Muskoka Free Hospital for Consumptives; (c) Toronto Free Hospital for Consumptives; (d) King Edward Sanitarium for Consumptives.

\$200,000 spent in buildings, equipment and land in Muskoka and \$80,000 in Toronto to make this quartette of hospitals possible.

NOT A SINGLE PATIENT HAS EVER BEEN REFUSED ADMISSION TO THE MUSKOKA FREE HOSPITAL BECAUSE OF HIS OR HER POVERTY.

The help of every citizen needs to be called into service to enable the trustees to carry on successfully this tremendous fight.

Contributions may be sent to W. J. Gage, Esq., Chairman Executive Committee, 84 Spadina Avenue, or Secretary-Treasurer, 347 King Street West, Toronto.

ZETA LODGE'S BANQUET

Twenty-fifth Anniversary Celebrated Last Night.

The completion of a quarter of a century's existence was celebrated by Zeta Lodge, G.R.C., by a banquet at Occident Hall, Queen and Bathurst-sts., last night.

The toast to the grand lodge was responded to by W. Bro. James Glandville; Canada, by W. Bro. R. C. Griffith; M.D., and the newly initiated candidate, by Bro. Rev. H. A. MacPherson.

NOT MOST SUITABLE DAY

Roman Catholics Unable to Take Meat on Holiday.

OTTAWA, Oct. 28.—There is no small measure of resentment in Roman Catholic circles owing to the fact that Thanksgiving Day this year comes on October 31.

This is the eve of All Saints which, in the calendar of the church, is a day always observed strictly as one of fast and abstinence, nor is Thanksgiving an occasion when a dispensation allowing the use of meat would be granted as is the case when Christmas falls on Friday.

As Hon. Mr. Murphy, secretary of state, is of the faith, the unpleasant coincidence seems the more remarkable.

Bishop Suffers, Too.

LONDON, Oct. 28.—Roman Catholics here are besieging the palace to know if they can eat meat on Thanksgiving Day.

"No dispensation has been granted," says Bishop Fallon. "It's pretty hard, but it's just as hard on me as it is on you."

LECTURE ON SWEDENBORG

Rev. Dr. Frank Sewell of Washington Addresses Conference.

The first meeting of the annual conference of the Canada Association of the New Jerusalem or Swedenborgian Church was held last evening in the church on College-street near Euclid-avenue.

The feature of the meeting was a lecture by the Rev. Frank Sewell, M. A., D.D., of Washington, D.C., on "The Message of Swedenborg to Present-Day Philosophy and Religion."

He said that the message of the famous Swedenborgian seer was not that of mysticism, spiritualism, Christian Science or psychic research, but rather a new insight into and method of interpreting man, nature and revelation.

A statement of the scientific status and discoveries of the "Aristotle of the North," as Swedenborg has been called, was given, also of his philosophical and theological doctrines, and then an ample sketch of the life of this great man.

The concluding portion of the lecture dealt with the widespread influence the teachings of Swedenborg have had upon modern religious thought and belief, as witnessed by such prominent thinkers as Henry Ward Beecher, Elizabeth Barrett Browning and Emerson.

Dr. Sewall has expressed his visit to Toronto to deliver last night's lecture and a discourse to-morrow evening on "The Dawn of a New Church, or a New Religious Dispensation for Mankind." Dr. Sewall has expressed himself as surprised and pleased by the wonderful growth and development of Toronto since he saw it several years ago.

BRIGHT'S DISEASE CURED ONCE MORE

Dodd's Kidney Pills Again Vanquish Terrible Ailment.

Alcide Trambly Issues Statement for the Benefit of Others—Good News for Sufferers from Kidney Disease.

MISTASSINI, Lac St. Jean, Que., Oct. 28.—(Special.)—That even the deadliest form of Bright's Disease, can be cured by Dodd's Kidney Pills after all other means have failed has again been proved in the case of Mr. Alcide Trambly, a well-known resident of Mistassini.

Mr. Trambly has given the following statement for publication in Bright's Disease: "I was troubled with Bright's Disease for several years. Three doctors prescribed for me, but they did not help me. My sleep was broken and unrefreshing. I was always tired and nervous and had dark circles under my eyes."

"I heard of other cures by Dodd's Kidney Pills and started to use them with the result that in one month I was completely cured and have been in good health ever since."

Bright's Disease is a disease of the kidneys. Gravel and Rheumatism are caused by diseased kidneys failing to purify the blood. Dodd's Kidney Pills cure them all by curing the kidneys.

Hall Was Too Crowded.

So many people flocked to Association Hall at a demonstration given there last week by the United Typewriter Company, that Inspector Cuddy decided that it was a menace to public safety.

The company was therefore fined \$5 and costs in afternoon police court yesterday.

Alfred Payne was fined \$2 because his little dog had added the finishing touches of destruction to the aged clothing of Nathan Steinhart.

The following cases were settled out of court: R. H. Boddy, drove auto on wrong side of road, \$5; Geo. Purdy, worked suffering horse, \$2; Thos. Norton, ditto, \$2; Charles Bean, wagon for hire without a license, \$1; Les Bradford, obstructed roadway, \$1; Milton Nicholas, rode bicycle on sidewalk, \$1; Alex. Ottawa Expects to Win. OTTAWA, Oct. 28.—(Special.)—Ottawa's fate in the Big Four will be decided at Rosedale to-morrow afternoon, when the champions play Aronsides. Losing two games right off the reel, the Ottawa fourteen came back strong and whipped the Tigers to a standstill, while Argos, showing a great reversal of form, beat Montreal on Rosedale, putting the championship very much in doubt and giving Ottawa a splendid chance to figure in a saw-off. Every game counts now, however, and to play off for the interprovincial honors, the Senators are forced to speed for the remainder of the schedule and will have to win two games away from home to have a look-in for the Dominion final.

OTTAWA, Oct. 28.—(Special.)—A final signal practice was held to-night by the Ottawa College team in preparation for their game against Toronto Varsity. Although the local authorities do not expect to win, they at least look forward to the fourteen making the best showing of the year. Several changes have taken place in the line over previous games. Letang replacing Nagle at quarter and Ardoun playing at middle wing. This change is expected to be a big improvement on last Saturday's team, which was so badly beaten by Quebec. The oval was gone over yesterday and marked out in preparation for the game.

Cornwall Canal Repairs. CORNWALL, Oct. 28.—(Special.)—The navigation of the Cornwall Canal is still tied up and will not resume until some time to-morrow at an early hour as circumstances will permit. The bottom of the bursted weirs at lock 17 is being repaired, concrete made by the government equipment being put in place of timber. Quite a fleet of vessels have accumulated.

Record Increase in the Number of 2:10 Trotters. The New York Herald points out that "tin cup" records in the last days of the recent harness meeting at Lexington, Ky., swelled the total number of new 2:10 trotters for the year from forty-seven to fifty-seven, or more than in any past season. The time performers were: Peter W. b. s. (6), by Peter the Great, 2:07 1/2. The Widow by Wilton, 2:13 1/2. 2:08 1/2. Silver Silk, h. f. (3), by Moko—Green Silk, 2:28 1/2. 2:08 1/2. Practical, 2:16. 2:08 1/2. Ormond, h. f. (2), by Wilton—Boy, 2:24 1/2. Paronella, by Parkville, 2:26 1/2. Miss Baritone, b. m., by Baritone, 2:24 1/2. Chickadee, by Marbrine King, 2:10. Bell Bird, b. m. (6), by Jay Time—Nancy Medium, by Bayonne Prince, 2:21 1/2. 2:09 1/2. Vandetta, br. s., by Berandotte, 2:29 1/2. Zoulou, by Electro Benton, 2:24 1/2. 2:09 1/2. These performances put Peter the Great, 2:07 1/2, in the lead as a sire, giving him four new 2:10 trotters in 1910. They also increase the lead of the Wilkes family over all other branches of the Hambletonian tribe by giving to George Wilkes twenty-eight descendants in the third best male line out of the fifty-three new 2:10 trotters. While the harness are giving more and more attention to the breeding end of affairs, the running men are giving less and less, and are hastening to destruction of the betting end!

HERBERT SMITH, Manager.

four of the players took the opportunity to get away yesterday morning, spending the night in Toronto, so that they ought to be in fine fettle for this afternoon's game. The locals will line up as follows: Keeney, full back; Williams, Gerard; Keeney, halves; O'Neill, quarter back; McCuag, Kilmartin, Barrymore, scrum; Chubb, Phillips, Vaughan, Diney; Kinn and Hickey, wing; McCann, Ferguson, Christie and Kuhn will go along as spares.

Ottawa will play the Toronto Amateur Athletic Club Rugby team an exhibition game at Rosedale Thanksgiving Day and the regular line-up will go on.

Ottawa College Changes. OTTAWA, Oct. 28.—(Special.)—A final signal practice was held to-night by the Ottawa College team in preparation for their game against Toronto Varsity. Although the local authorities do not expect to win, they at least look forward to the fourteen making the best showing of the year. Several changes have taken place in the line over previous games. Letang replacing Nagle at quarter and Ardoun playing at middle wing. This change is expected to be a big improvement on last Saturday's team, which was so badly beaten by Quebec. The oval was gone over yesterday and marked out in preparation for the game.

Cornwall Canal Repairs. CORNWALL, Oct. 28.—(Special.)—The navigation of the Cornwall Canal is still tied up and will not resume until some time to-morrow at an early hour as circumstances will permit. The bottom of the bursted weirs at lock 17 is being repaired, concrete made by the government equipment being put in place of timber. Quite a fleet of vessels have accumulated.

KILLED IN SELF-DEFENCE. MORDEN, Man., Oct. 28.—(Special.)—George Bowdler was acquitted at the assizes here to-day on a charge of murder, in connection with death of Fred Roskelly at Swan River. He claimed that he had acted in self-defence, and Justice Richards was rather favorable to this contention.

Celebrate Jubilee. To-morrow the congregation of Bathurst-street Methodist Church will celebrate the fiftieth anniversary of the organization of the cause in that locality. Rev. Dr. Ross of Sherbourne-street Church will preach in the morning, and the Rev. Professor Jackson of Victoria College in the evening. The choir, which has recently been augmented, and their accompaniment extended, will render special music at both services.

No one questions the honest merits of these who advocate local option, or prohibition, not even we who brew Regal Ale. We know how mistaken is the idea that so pure and tonic a drink is an intoxicant.

SINGLE TAXERS MEET

Will Support the Frapp Bill—Officers Re-elected.

The Single Tax Association held the 24th annual meeting in the St. Charles last night, heard a number of speakers and elected officers. The secretaries, A. B. Farmer and L. B. Walling, reported that the fund for their propagation of the single tax idea in Canada now amounted to \$10,700. Joseph Fels, the famous millionaire single taxer, has given \$5,000 of it. The balance to the credit of the local association amounted to \$900.

The sentiment of the meeting was to do everything possible to promote the passage of the Frapp bill, which will come before the legislature at the next session. The bill will open the way for the adoption of single tax in any Ontario municipality. A. D. B. Robert Tyson spoke on "Direct Legislation," stating that five states had adopted it. P. P. Farmer, the president, delivered an address. Julian Sale, D. B. Jacques, T. E. Rawson, D. B. Ker and Alan C. Thompson, secretary, A. B. Farmer, treasurer, Oscar M. Hudson.

MISS SUTTON A CRICKETER.

Former Lawn Tennis Champion Leads Los Angeles Team to Victory.

Miss May Sutton, the former British, Welsh and American lawn tennis champion, is a cricketer player too. There was a match last month between a team of young women from Los Angeles and one from Sutton, California. Miss Sutton was the first batswoman for the Los Angeles side and she made 35 runs before she was put out.

That was the highest score for a batswoman in the match. Miss Sutton made 21 and Miss Mary Brown 34 runs. The Los Angeles players made 117 runs and overwhelmed the others, who got only 18 runs.

It wasn't such a quiet affair either. One of the Los Angeles players bumped into another and hit her forehead. Another was struck on the nose by the ball, and still another got it in the eye in spite of her goggles.

These cricket games for women's teams apparently are not unusual on the Pacific coast. They are rare in the east.

WOULD NOT BE WITHOUT BABY'S OWN TABLETS

Mothers having once used Baby's Own Tablets for their little ones would not be without them. These Tablets are a never-failing remedy for the little child with constipation, colic, worms, colds, etc., that afflict so many little ones. And then, too, they can be given with absolute safety to the youngest child, for they are sold under the guarantee of a government analyst to contain no opiate or other harmful drug. Concerning them Mrs. Charles Whitley, Peterboro, Ont., writes: "I have used Baby's Own Tablets for my little girl and have found them to be of great value. Others to whom I have recommended the Tablets say they would not be without them." Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

WHERE'S MR. SCHWENEDER?

His Wife Arrives to Find Him, But He's Gone.

The police have been asked to look for Harry Schweneder, lately arrived in the city from Chicago. His wife has come here to find him, but thus far has failed to locate him.

He was registered at the Prince George and started to work for Smith, Kerry and Chase, as a draughtsman. He left the office at 2 o'clock Thursday afternoon and has not since been seen.

He is 32 years of age, 5 feet 10 inches in height, clean shaven and wore a dark blue serge suit, a light overcoat and a light felt hat.

GOLDEN AGE OF PRETZELS.

Newark Man Puts It 25 Years Ago and Long for Its Return.

"Lives there a man with sound teeth in his head that does not long for a pretzel of the olden days?" demands a writer in The Newark Call. "A two-cent article full of crisp white bread and with a glossy coat bedecked with coarse salt."

"A pretzel not more than two or three hours from the oven. A pretzel from the local bakery when the baker was always striving for a reputation built upon quality. A pretzel that a man would not be afraid to take home, nor unwilling to pay 10 cents for six of them."

"Twenty-five years ago almost delectable morsels, highly appreciated exclusively in German saloons and were not given away as free lunch. They were hung on walls or placed in silver baskets and kept as dry as possible. From the start, perhaps a thousand years ago, it was recognized that a pretzel was a great absorbent of moisture, perhaps thru the thirst of salt upon its back."

"A day after pretzel was a water. Nobody could bite it out a man with the iron jaws. The pretzel of those days (the '70s, '80s and '90s) was a delectable morsel, highly appreciated and handed over after by the young and old of both sexes."

"When the day's work was done and the laboring man took a little rest in one hand and his youngster in the other and led to the place on the corner for his pint, the whole souled German proprietor would invariably thrust a pretzel into the child's hand and on occasion the father said: 'Behave your manners, Johnny? Say 'tata' to the Dutchman for the bun.'"

"The youngsters who durstn't go to a saloon had no chance of getting the coveted scrolls except thru the fingers of their elders, and consequently they showed a higher appreciation of pretzels than they did of ginger bread or taffy. The pretzel bakers were the kiddies' able to view them with longing by flattening their noses against the saloon windows."

"Once when I sent my big brother into Backmeysers place to buy two into I had a hard time keeping back the tears when he reported that Gus said he wouldn't sell them. He 'that only zenuf for his reklar customers.'"

"Those were pretzels. Compared with my size and eyes at that time, a two-cent pretzel was as big as an ox, and a heavy meal for an eleven-year-old boy who had eaten nothing but pickles, eight or ten peaches and a couple of home made crouters (I think we called them crouters then). But we called them a couple of crouters to one German pretzel followed by a big drink of cold water from Addis' pump in the gutter on Market-street just above Plane-street."

Fred W. Burry will address the Friends' Association in Forum Hall by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

AERONAUTS TELL STORY

Were Nearly Played Out When They Found Hunter's Camp.

MONTREAL, Oct. 28.—Hawley and Post of the American II reached Montreal this morning. Both are in excellent health and spirits, notwithstanding their strenuous experiences of the last ten days.

The aeronauts have made a careful study of their entire trip, with altitudes and temperature, etc., taken every hour, and sometimes often. Their greatest altitude was 15,000 feet, which was when they shot up in the northern wilderness about noon on Wednesday, the last day of their flight in search of a landing place.

At 10 a.m. on Wednesday, says the log, the balloon was up 14,000 feet, and at noon 16,000. The temperature was 48. A landing was effected at 8:45 half a mile from a small lake called Sandbank Lake, situated 38 miles north of Montreal. It would have been suicide to have proceeded, for no further settlement could be made in the direction being taken by the balloon towards the interior of Labrador and Ungava. Otherwise the journey could have been indefinitely prolonged, for six bags of ballast remained.

"There was only time that afternoon before night came on for us to make ourselves comfortable for the night," said Hawley. "We slept in the basket of the car. Then next morning, packing up our ballast which was uninjured, we started to walk towards the forest and consumed the greater part of three days making the fifty miles. It was with difficulty that we made slow progress round the shore, which was composed of mountainous cliffs, huge boulders and thickets of alder bushes. We about made up our minds that we could never get out of the wilderness unaided."

"To our intense relief, on Sunday last, after suffering much from sleeplessness in rain and snow, and being on short rations, we came upon a hunter's camp near the River Blanche, the inlet of the lake. The owner, Joseph Simard, was absent, but the hunter's camp was well stocked with fuel, provisions, and we determined to await relief. Shouting at the top of our voices, we drew the attention of Joseph Simard and his brother. They were on their winter fur hunt in the interior. They cached their provisions and agreed to return with us to civilization."

KILLED IN ALBERTA.

CORNWALL, Oct. 28.—(Special.)—Word has been received here of the sudden death of Charles Gardner, brother of Abraham Gardner of L'Anse-au-Loup. Death was caused by a mine, in which he was working, caving in at Frank, Alta.

John Thackeray stole three hens from Fred Stevenson, 230 Chestnut-street, and went of the Central Prison for six months from police court yesterday morning.

LOCAL HAPPENINGS.

Edward Jefferey, chauffeur for Dr. Macbell, who struck and killed Edwin Alexander while driving his employer's car, was again remanded in police court yesterday morning upon a charge of criminal negligence, although exonerated by Coroner Clark's jury from any blame in connection with the accident. He is out on bail.

Peter James, charged twice as a thief and once as a lunatic, appeared in police court yesterday morning. He stole \$750 from his father and \$4 from James Fisher, his employer, and forged a T. C. Robbette, K.C., his counsel, pleaded insanity, and he was remanded for examination.

Standing from a 10-year-old Greek laborer from an aged Italian pedler, Robert Ball was sent to the Central Prison from police court yesterday. In the last ten years he has served four years in prison. Ball charged four men with assaulting him, but they were discharged, the magistrate declaring Ball's evidence largely perjury.

Fire started from a spark from a picking machine in the Harvey Quilt-making company's factory at 340 Dufferin-street, damaged those premises to the extent of \$50.

Miss Mary Susan Smyth of Toronto, who died leaving an estate of \$2300, bequeathed \$50 to Miss Clara Brett Martin for a memorial ring.

Mrs. L. S. Levee, wife of Trustee L. Levee, who underwent an operation for appendicitis on Monday last was yesterday making favorable progress to recovery.

ROCKFORD, Ill., Oct. 28.—The building occupied by the Rockford Wholesale Grocery Company was destroyed by fire to-day. Employees on the second and third floors were rescued by firemen. Loss \$250,000; partly insured.

PILES CURED AT HOME BY New Absorption Method

If you suffer from bleeding, itching, blind or protruding Piles, send me your address, and I will tell you how to cure yourself at home by the new absorption treatment; and will also send some of this home treatment free for trial, with references from your own locality if requested. Immediate relief and permanent cure assured. Send no money, but tell others of this offer. Write to-day to Mrs. M. Summers, Box P65, Windsor, Ont.

SOCIETY NOTES

Ex-Judge Wood.

STRATFORD, Oct. 28.—James P. Wood, K.C., former judge of the County of Perth and one of the first settlers in Stratford, died this morning. In 1863 he was called to the bar and entered into a law partnership with James Fisher, now of Winnipeg. He was created a Q.C. in 1885, and a year later was appointed deputy judge of the County of Perth, which position he resigned in 1871. His widow and seven children survive.

Abolish Smoking on Car Platforms. Secretary Small of the Ontario Railway and Municipal Board expressed the opinion yesterday that the board had power to make a regulation that would do away with the crowding on the back platforms of street cars.

"I think if the smoking on the back platforms of street cars was abolished, it would be an excellent idea if it were," he said.

A man yesterday had his cheek burned by coming in contact with the business end of a cigar in a crush.

Villagers Fought Flames. PITTSBURGH, Pa., Oct. 28.—After fighting flames from midnight until long after dawn, the tired residents of Rossvelt, a mining town in Somerset County, to-day looked out upon a scene of desolation. Property to the value of \$75,000 had been destroyed. The hotel, business houses and seven dwellings were burned.

May Be Fined \$400. A fine of \$400 may result from the seizure of 800 partridges by the game overseer at Ottawa on Thursday. The law provides a penalty for buying or selling these birds, and a second offence of the same was not marked on the package in which it was shipped.

Elbert N. Soper, of the firm of Nimmo & Soper, real estate and building contractors, Ottawa, is spending a few days at the King Edward.

RETAINED FIRM'S \$3000

Michigan Woman is Arrested Near Brantford on Theft Charge.

BRANTFORD, Oct. 28.—(Special.)—Sheriff Fred Brown of Owosso, Mich., this morning accompanied Mrs. Hattie Kitchen, a good looking young woman of thirty years, back to Owosso, where she is wanted on the charge of misappropriating \$3000, belonging to a firm for which she was employed as bookkeeper.

The arrest was made after a three days' search around Brantford by Provincial Constable Kerr, who shared a reward with Sheriff Brown. It is alleged that while as bookkeeper she was authorized to withdraw \$3000 from the bank and place it in another bank for her employer, at a higher rate of interest. Mrs. Kitchen redeposited the money in her own name, and bought a ticket to Canada later. She waived extradition proceedings to-day.

Diamonds in Ontario? CORNWALL, Oct. 28.—(Special.)—The Massena Observer is in receipt of a letter from Mrs. L. J. East, our former Mrs. Albert Hudson, of Massena, now of Farmington, N.H., in which she states that she is the possessor of genuine diamonds taken from the banks of the Grasse River at Haslerock on Friday, which position he resigned in 1871. His widow and seven children survive.

A Chimney Causes Fire. Fire from an overheated chimney damaged the home of Joseph Brown at 68 West Gerrard-street to the extent of \$5. The fire was inside the walls, and could not be located for some time.

DIABETES

Civil Engineer Discovers Tropical Herb That Cures This Dread Disease.

I feel that the most valuable result of my life in the tropics, where I spent more than twenty years in building railroads and operating new fields for American commerce, was the discovery of a simple herb that is an absolute cure for the worst cases of diabetes. I devote the balance of my life to saving those who are suffering from this dread disease, which has heretofore been considered incurable.

Write at once and I will send you a liberal package, regular 50-cent size, for half-price, only 25 cents; also book of valuable information as to the prevention of this disease, and a perfectly harmless, and the 50-cent package often relieves the patient of all his worst symptoms. Call the attention of your afflicted friends to this offer. I want the worst cases. Those who have given up all hope of cure, write me to-day, and see how quickly Diabotol herbs will reduce both the specific gravity and the sugar, restore weight, and build up the system. N. M. Nervous E and Premature E ozonized by

AT THE THEATRES

America's Greatest Dramatic Organization at the Royal Alexandra.

The attraction for the coming week at the Royal Alexandra Theatre brings to the theatre-going public of Toronto one of the world's greatest dramatic organizations, the New Theatre Company of New York.

Last season Canada was not introduced in the tour made by this company. This fall, however, it was possible to arrange for two weeks prior to the opening of the regular New York season for Canada and this week Montreal has been witnessing the superb presentations which this company always gives, and no result has been crowded houses and no end of enthusiasm over the complete details of the production and attention to detail, the excellence and strength of the cast and the general perfection of the whole affair.

Everything used at the New Theatre has been brought to Canada, and Toronto will next week enjoy a dramatic feast, the equal of which has not been seen here for many years.

The opening performance will be Shakespeare's "The Merry Wives of Windsor," which will be performed here for the first time in many years Monday, Tuesday, Wednesday nights and Monday afternoon and Saturday afternoon. The version is almost the same as was used this past spring by Sir H. Beerbohm Tree at his Shakespearean revivals in London, the work being treated as a farce, not as a comedy.

There will also be another event of unusual interest to Toronto theatre-goers on Thursday, Friday and Saturday evenings and Saturday afternoon, when Sir Arthur Wing Pinero's play, "The Thunderbolt," will be given its first appearance in Toronto. This work was produced in 1908-9 by George Alexander at the St. James Theatre, London. Among those who appeared in the London production was Louis Calvert, the eminent English stage manager and actor, now a leading member of the New Theatre Company. He will appear in the role of James Mortimore which he played in the original London production. Mr. Calvert also appears as Sir John Falstaff in "The Merry Wives of Windsor."

Others in the cast of "The Merry Wives of Windsor" will be Miss Edith Wynne Mathison and Miss Rose Coghlan as "Mistress Ford" and "Mistress Page," Miss Leah Bateman Hunter as "Sweet Anne Page," Helen Heimer as "Shallow," Frank Gillmore as "Fenton," A. E. Anson and Lee Baker as "Ford" and "Page," Albert Bruning as "Sir Hugh Evans," W. Morrison as "Dr. Caius," John John Sutner and Pedro de Cordoba Stewart Baird as "Bardolph, Pistol and Nym."

The incidental music for "The Merry Wives of Windsor" has been selected from old English works and will be rendered by a specially engaged orchestra, all strings, of twenty men.

"The Thunderbolt" is a modern satire of human meanness. Mr. Pinero has exploited with a wonderful skill the inner life of a middle class family, telling the story with that tremendous dramatic grip which is one of his greatest assets.

In the cast will be Mr. Calvert, Mr. Anson, Mr. Gottschalk, Mr. Holland, Mr. Johnson, Mr. Gifford, Mr. Bruning, Miss Reldimer, Mrs. H. Otis Dalenbaugh, Miss Thais Lawton, Miss Olive Oliver, Miss Olive Wyndham and others.

"The Third Degree"—Princess. Charles Klein's appealing drama, "The Third Degree," which has to its credit an almost universal record of very emphatic success, will be the attraction at the Princess Theatre for one week commencing with a matinee on Monday, with the regular matinee on Wednesday and Saturday.

Henry B. Harris is sending one of his very best dramatic organizations here and "The Third Degree" is generally considered to be Mr. Klein's best work, a statement somewhat broad when his "Music Master" and

"Lion and the Mouse" are taken into account; but the author has been particularly fortunate in his selection of the theme of this latest work and has hit upon a subject of widespread importance. As the title suggests, the story is based upon methods employed by police officials to extort confessions from persons accused of crime. While these in the "inner circle" deny that the third-degree system exists, Mr. Klein in his story shows its workings and its effects.

The central character of the plot is a young man, son of a wealthy family, who while going the pace at college, meets and marries a girl thoroughly good, but of obscure parentage. The young fellow is cast off by his family, becomes involved in financial difficulties and finally wakes up from a prolonged spree to find himself accused of murder, and the police in possession of a confession signed by him. The same has been obtained after a seven hours "sweating process," and it is in the development of this story that Mr. Klein points out so conspicuously the bad spots in the third-degree system.

The cast includes Fernanda Elisco, James Seesley, Fraser Coulter, Alfred Moore, Lyda MacMillan, Earle Williams, Ralph Ramsay, Walter Craven, Seymour Stratton, Edward Leahy and James Cody.

"The Third Degree" is in four acts and has been mounted in extremely lavish style by Mr. Harris.

Next Week at Shea's.

Next week's bill at Shea's Theatre will be headed by Henry Williams and Jean Schwartz, the song writers, who have written dozens of songs until their incomes are measured by thousands. One of the Harry Williams songs, "I'm Afraid to Go Home in the Dark," earned for its author more than \$35,000 in one year. Others of his successes have been "In the Shade of the Old Apple Tree," "It Looks Like a Big Night To-night," and "What's the Matter With Father?" The act to be presented by Williams and Schwartz is one of the season's novelties. Good songs are always welcome and the opportunity to hear the newest songs by their composers will be awaited with interest. Among the musical shows written by Harry Williams are "The Belle of Avenue A," "A Broken Idol" and "Girles," that played at the New Amsterdam Theatre, New York, all summer. Jean Schwartz is the composer of "Piff, Paff, Poo," "The Ham Tree," and "Up and Down Broadway." Eddie Fife's starring vehicle this season, "B. A. Rolfe" is the producer of many enjoyable musical acts, miniature musical comedies and girl acts, and "The Roffmans," a musical act, plays here next week. Mr. Rolfe will personally head this act and has surrounded himself with a cast of exceptional merit, including brass and string instrumentalists and grand-opera singers. A beautiful scenic production is carried.

Captain Maximilian Gruber and Miss Adeline's equestrian review is the latest importation from Europe. The review is one of the most important animal acts ever brought to America. Although there are but three animals—an elephant, a horse and a pony—they are put thru a series of feats which show the limit of animal training. The elephant is the star of the performance on any stage or in any ring.

Claude and Fanny Usher will be as welcome as ever in the character sketch, "Fagin's Decision." The Bounding Gordons are European gymnasts. The Sister Dolce are dainty singing girls. The Charbino Bros. are sensational head balancers. The show sketch, "Fagin's Decision," is a sensational head balancers. The show sketch, "Fagin's Decision," is a sensational head balancers.

"Checkers" at the Grand.

"Checkers" will be presented at the Grand, Thanksgiving week, opening with a special matinee Monday. In all the big cities in which the play has been seen since its initial production seven years ago, it has received practically the unanimous commendation of the press, and the immense audience which have attended every performance are pretty satisfactory proof that it has found equal favor with the public.

"Checkers" is a tale of love and luck, dramatized from Henry M. Blinson's book of the same name. Harry D. Beaumont plays the title role and the rest of the company is substantially the same as last year. Chief among the players are Florence He-

Belasco Comedy Coming.

A feature of "Is Matrimony a Failure" the comedy adapted from the German by Leo Dietrichstein, which taxed the seating capacity of the Belasco Theatre, New York, for seven months, is the wonderful realism of the stage settings. David Belasco's genius for quiet realism was never more apparent. The Wheeler's living room, in which the first act takes place, is a veritable masterpiece. The exterior of the house is another triumph of stage craft. The weather-beaten brown of the clap-boards, the drapery of vines and array of hollyhocks, and the old piazza which plainly shows its age, are wonderful specimens of stage art. It comes to the Princess week of November 7.

Glasgow Choir.

The announcement that the Glasgow Select Choir is to return to Toronto and give two of its delightful concerts in Massey Hall on Saturday and Sunday, Nov. 5 and 7, will be welcome. On the occasion of the first concert on Sept. 23, the people got a genuine surprise, so excellent was the singing of the choir. Those who heard them before will want to hear them again, and those who did not hear them will not be likely to miss the opportunity. New, and even better, programs will be put on by the choir. The management of the concerts will again be given, will do his utmost to give his patrons a genuine treat. The plans will be opened at Massey Hall, on Tuesday morning.

Amateur Players.

The Spinners' Dramatic Club will give a comedy entitled "The Spinners' Return," under the auspices of Viola Rebeck Lodge, No. 53, I.O.O.F., in Albert Assembly Hall, 494 Bathurst-street, Friday evening, Nov. 4.

Hallowe'en Concert.

For the convenience of those who have not already secured their seats for the grand popular concert to be given in Association Hall, on Monday night, by Jessie Alexander and other stars, the plan will be open at the hall all day. To-day the plan will be at Norbomer's. The program promises a great treat, and there should be a crowded house.

The sensational and much talked of race-track scene, representing the betting ring of Washington Park Club, Chicago, on derby day, is reproduced in "Checkers" with all attention to every detail, a fact which prompted the late Hon. Wm. C. Whitney to say of "Checkers": "It is the finest racing play I have ever seen."

Besides the regular Wednesday and Saturday matinees, a special holiday matinee will be given on Monday (Thanksgiving Day).

At the Star.

"The Empire Burlesques," one of the most prominent successes in the field of burlesque for the past several seasons is to be next week's attraction at the Star Theatre, presenting one of the most varied and altogether refreshing performances of modern times.

The organization, which numbers nearly fifty people, is composed exclusively of artists of the highest rank of their various lines, and also includes what is claimed to be the handsomest sevy of singing girls ever connected with an attraction of this class.

The opening burlesque is an affair of brilliancy, exhilarating song and genuine fun of recent issue, called "Oh, You Lemon," which calls for the introduction of the entire mammoth company.

The program closes with a great big musical extravaganza entitled "A Night on the Roof Garden," said to be the nearest approach to genuine two-dollar musical comedy ever attempted by a burlesque organization.

At the Gaiety.

The promoters of "Vanity Fair," which will visit the Gaiety Theatre next week, while taking into consideration the high importance of all the commendable burlesque essentials, are determined not to sacrifice the dramatic status of their attraction, by neglecting to supply a story of reasonable intelligence, around which to shape the infusion of song and fun material in a wholly consistent manner; hence a plot, and a very excellent one, too, with the stringing together of such features as will lend dignity and tone as well as afford the keenest possible enjoyment of the whole.

"Vanity Fair" is handsomely blessed

MORE MONEY BY LAWS SENT ON TO RATEPAYERS

Project to Connect Parliament-street With Bloor-Danforth Viaduct is Approved.

Reclamation of Ashbridge's Marsh, \$500,000.

Parliament-street viaduct \$175,000, with \$25,000 or \$30,000 added for land damages.

Subway under Grand Trunk tracks at Coxwell-avenue, \$15,000.

At the meeting of the civic works committee yesterday, unanimous approval was given the submitting of a by-law to the people on Jan. 1 for the carrying out of the above named projects.

The marsh by-law is the one laid over last year, and provides, in addition to dredging and filling for extensive docks fronting on the harbor. The Parliament-street viaduct by-law, for which Aid. O'Neill is sponsor, aims to connect the people on Jan. 1 for the carrying out of the above named projects.

The city engineer also submitted an alternative proposition to extend the viaduct directly north from Parliament-street, a distance of 750 feet, of which 560 feet would be steel viaduct and the balance filled. This scheme would cost \$145,000, exclusive of land damages, which would add about \$15,000 more, but the committee thought the other plan sufficiently more desirable to justify the outlay.

The proposed subway at Coxwell-avenue or some other point between Greenwood-avenue and Woodbine-avenue is badly needed, so residents of Riverdale maintain. There is at present none other than a level crossing between the two thoroughfares. The actual cost, including land damages, is estimated at \$89,573, but, as Mr. Rust pointed out, allowance must be made for the sale of city debentures below par. Hence, \$75,000 is the amount sent on. The committee preferred a subway at this point to one at Ashdale-avenue, costing \$45,000.

By-laws previously decided upon are: Bloor-street viaduct, \$769,000; storm sewers, \$300,000; good roads, \$100,000, and a by-law to build and equip a city system of suburban lines. The amount is not yet known as the city engineer is now figuring on the cost of terminals, car barns, etc. The cost of the lines themselves will be about \$750,000.

L. C. Peake, speaking for residents of Dupont-street, complained that the city was putting poles for street lighting in the middle of the sidewalk. The electrical department was instructed to rectify the mistake if made.

To settle the prolonged squabble over the paving of College-street from Manning-avenue to Dovercourt-road, petitions for the street asphalt and asphalt block will be circulated.

Civic Officials Clash.

Even city officials sometimes have their wrangles. The city architect considered that he had a grievance against the city engineer and aired it publicly. It was over Mr. Rust's proposal that a limit be placed on the extent to which cornices on buildings can project over the street. The two officials were to confer, but Mr. McCullum informed the committee that he had been unable to get in touch with Mr. Rust and had been forced to report separately.

"Mr. Rust told me that he was too busy, and I told him I was busy too, but could spare a few minutes. I wrote him a letter, but got no reply," announced Mr. McCullum.

A. F. Wickson, speaking for the Ontario Association of Architects, declared that the proposed restrictions on the extent of projecting buildings, in his opinion, and that no city in America had such a law. Mr. McCullum agreed with him, and Mr. Rust said he was also satisfied.

No move will be made to try to force the street railway to abolish the tracers. Ald. McCausland, who seconded Aid. Spence's motion in council, admitted that he didn't see what could be done.

Fence for Reservoir.

Also several aldermen contended that it would greatly injure the appearance of the reservoir, Aid. Rowland's idea of fencing in the big pond so as to discourage the throwing of refuse into it, was adopted. The fence will be of iron palings, six feet high, and will cost \$10,500.

Ald. McCausland asked Mr. Rust whether it was true that, in building the civic railway line on the east side of the Don to serve industries there, the C. E. R. was being favored. The engineer replied that he was surprised any such impression should have been created.

Go on Exemption.

The court of revision yesterday exempted Westminster College, Limited, Bloor-street west, from taxation. John A. Patterson, K.C., for the college, testified that it was not conducted for purposes of profit. The assessment was \$13,374.

Members of the board of education are considering sending a deputation to the city engineer to ask that the deed of the present technical school site and building be handed over. While it is only a matter of civic book-keeping, the trustees do not want to be in the position of erecting a \$500,000 structure on a site which they can only partially control.

SERVICES IN HIGH SCHOOL

Property Committee Deals With Request From Methodists.

A deputation of three Methodist clergymen yesterday afternoon waited on the property committee of the board of education requesting that the assembly hall of the Riverdale High School be given to the new Riverdale Methodist Church for Sunday services throughout the winter. The new church is to be in the immediate vicinity of the school, but the trustee board did not want to start building until spring.

"I do not think we should open a door for denominational work of any building that is supported by separate school taxes as well as public schools," said Trustee Hodgson. "You don't know where it is going to end." He moved that the committee recommend that Leslie-street public school be granted instead.

Trustee Levee moved that the secretary of the board be asked to enquire from the board's solicitor the legality of letting either high or public schools out for such purposes.

"Spoken like an alderman," put in Trustee Levee. "When you are sitting down stairs in the council chamber next year, will you give us money for such an expenditure?"

At the close of the meeting Mr. Rawlinson stated his intention of running for aldermanic honors in the Third Ward.

The committee decided to put prism glass over the well hole on the first floor of Kent school and to erect a brass rail around the hole on the second floor.

THE FORMULA OF "FRUIT-A-LIVES"

Is On The Outside Of Every Box For All The World To See

Every user of "Fruit-a-lives" knows exactly what is being taken. The formula of this famous fruit medicine is printed plainly on the outside of every box. We have stated many times—and now state clearly—that "Fruit-a-lives" is made of the juices of apples, oranges, figs and prunes, with valuable heart and nerve tonics and antiseptics.

Everyone knows that fruit juice is healthful—but perhaps some do not understand why this is true.

Fruit juice consists of about 91 per cent. water, 8 per cent. of sweet principle and 1 per cent. of a bitter substance. It is the quantity of bitter principle in fruit that gives the fruit value as a medicine. An eminent physician of Ottawa, after years of experimenting, found a method of increasing the bitter principle in fruit juice, thus increasing the medicinal or curative qualities.

The juices are first extracted from fresh, ripe oranges, apples, figs and prunes. By a secret process, some of the sweet atoms are replaced by the bitter principle. Then tonics and antiseptics are added, and the whole made into tablets, now known far and wide as "Fruit-a-lives."

"Fruit-a-lives" is the only medicine in the world that is made of fruit juices, and is one of the few remedies that have let their composition be known from their introduction to the public.

"Fruit-a-lives" is nature's stimulant for the liver, bowels, kidneys and skin. In cases of obstinate Constipation, Liver Trouble, Indigestion, Backache, Rheumatism, Headaches and Impure Blood, this wonderful fruit medicine cures when everything else fails.

"Fruit-a-lives" is sold everywhere at 50c a box, 6 for \$2.50, or trial box, 25c., or will be sent, postpaid, on receipt of price for Fruit-a-lives, Limited, Ottawa.

YORK COUNTY West Toronto North Toronto East Toronto

ENGINEER RUST TO LOOK INTO N. TORONTO PROBLEM

Will Go Over Ground on Tuesday—William Chatterley Killed at Thornhill.

NORTH TORONTO, Oct. 23.—(Special.)—The report of T. Ald Murray, C.E., who was engaged by the Town of North Toronto to prepare a general statement along sewage lines, and which was last night presented to the committee, is not regarded around town by the average townsman as covering the whole situation.

In the very outset Mr. Murray discourages the idea of city connection, carrying out of the fact that the installation of a syphon or aqueduct, and would require the erection of three separate pumping units. He opposes the combined system and charges that Yonge-st. is wholly impracticable as a highway on which to lay down a trunk sewer by reason of the fact that the city terminus at Mount Pleasant is at a level of 267 feet, and the depression or valley between the city and town is such as to render connection between the city and town systems in the event of annexation. In short to a layman who knows little of the technical nature of these works, Mr. Murray points out what may appear to be insurmountable difficulties.

In his previous report, prepared about a year and a half ago, Mr. Murray did not see such outstanding difficulties in the way, and it would be interesting to know what new light has arisen to alter his views of the matter. Two or three of the members of the town council are known to be violently opposed to the principle of annexation, and would rush into the scheme regardless of consequences. Fortunately a majority of the council are men of vision, and they may be depended upon to deal with the whole matter in a broad business-like manner.

Mayor Brown is impressed with the necessity of sewerage, but he is not satisfied to accept of hand the report presented by Mr. Murray. He has today his workshop had an interview with City Engineer Rust, when the whole matter was talked over informally.

Sinking Spells Every Few Days

"At the time I began taking Dr. Miles' Heart Remedy I was having sinking spells every few days. My hands and feet would get cold; I could scarcely breathe, and could feel myself gradually sinking away until I would be unconscious. Those about me could not tell there was life in me. After these spells I would be very weak and nervous, sleepless and without appetite; had neuralgia in my head and heart. After taking the remedy a short time all this disappeared and in a few weeks all the heart trouble was gone."

John Maughan will deliver a lecture on "Bible" at the W.Y.P.A. in St. John's schoolhouse next Wednesday, and Rev. Mr. Hughes-Jones expects a large turnout to hear this interesting speaker.

The three young men who assaulted Charles Gillis on his return from the Woodbridge Fair to his home in Emery last week were remanded to the December sessions for trial. A further indictment of damaging C.P.R. property to the extent of \$25 will be brought against them. Their names are Fred Gilmour, Ernest Potter and John Lloyd.

The county council will meet next week and many important matters are on hand for discussion. It is probable that arrangements will be made for the erection of the hydro-electric transforming station. The new high school will also come in for a share of attention, and the councillors will decide whether or not they will buy the \$4000 site as proposed at the last meeting.

WEST TORONTO. Annual Memorial Railway Services Will Take Place on Sunday.

WEST TORONTO, Oct. 23.—(Special.)—A special service will be held in Victoria Presbyterian church to-morrow at 10 o'clock in memory of all local railwaymen who have died during the year. The service is entirely undenominational, and Rev. Mr. McKerron will be assisted by Rev. Mr. Smith of St. John's, Rev. Mr. Speers of High Park Methodist, Rev. Mr. Brown of Annet Street Baptist, Rev. Mr. Locke of Davenport Road Methodist and Rev. Mr. Donaldson. As a result of the death of many railwaymen, the church will undoubtedly be crowded with men who revere the memory of their dead fellows.

Typhoid fever claimed another victim Richard Jolly, a young Englishman of 25 years, died yesterday. He had been out from the old country but a short time, and was in the employ of D. B. Martin, Ltd. Also his parents and two sisters and three brothers survive him in England. The funeral will be held at 4 o'clock to-morrow from Mr. Speers' parish, St. John's, Rev. Mr. Speers officiating, and will be under the direction of the Sons of England.

A two-manual pipe organ has been presented to St. John's West End Mission by an anonymous person, who is assured of the congregation's hearty thanks. Mr. J. E. Rhodes will be the organist.

Thomas Wallace, the young bartender who was arrested on a Dundas-st. street, was fined \$5 and costs in the police court to-day.

THORNHILL. Life-long Resident of Village Meets With Terrible Death.

THORNHILL, Oct. 23.—(Special.)—William Chatterley, a life long resident of this village, 78 years of age, met with instant death about 2.15 this afternoon by being run down by a motorcar on the highway.

The car had left the C.P.R. crossing on time and was running down the hill immediately to the north of this village, when Mr. Chatterley, who is deaf, attempted to cross the tracks, and falling to hear the repeated warnings of the motorman, was run over. He was carried about 25 feet and his body badly mangled.

Mr. Chatterley had been to the store making some purchases and was on his way back to the house when the fatal accident occurred. Four sons and an accident survive him. They are: William, Albert and Walter of this village, and John of Bond Lake, together with Mrs. Stoddart.

An inquest will be held to determine whether or not the motorman was to blame in the matter.

WOODBRIDGE. The Annual Thanksgiving Service Will Be Held on Sunday Oct. 30.

EAST YORK PLOWMEN. The annual plowing match under the auspices of the East York Plowmen's Association will be held on Sunday, Oct. 30, at the farm of Mr. J. H. Brown, near the intersection of the York and East York roads. The match will be held from 10 a.m. to 4 p.m. and will consist of a plow race, a harrow race, and a mowing race. The prizes for the winners will be \$100, \$50, and \$25 respectively.

IMPOVERISHED BLOOD. A Common and a Dangerous Trouble—You Must Enrich the Blood to Escape Danger.

Anemia is simply a lack of blood. It is one of the most common and at the same time most dangerous diseases with which growing girls suffer. It is common because it develops so often in the young. It is dangerous because, when girls are too frequently allowed to over-study, over-work and suffer from a lack of exercise, it is dangerous because of the strengthening of its approach, often being well developed before its presence is recognized, and because of its tendency to grow so steadily that it may run into consumption.

The value of the tonic treatment with Dr. Williams' Pink Pills should be known to every mother in the land. These pills make new, rich blood, tone the organs and nerves, bring a glow of health to pale, sallow cheeks, and drive away the weakness, headaches, faintness, heart palpitation and loss of energy so noticeable in young girls who are suffering from anemia. In all such Dr. Williams' Pink Pills are an actual life saver. Miss Mabel McTavish, Prince Albert, Saskatchewan, writes: "I have only to say that life had let its magic; all work was a trial, and even pleasure only a task. When I went up a flight of stairs I was ready to drop from sheer weakness, and I had begun to think life would be a continued burden. But all this is now changed, thanks to Dr. Williams' Pink Pills. These were recommended to me, and after taking them renewed. I could sleep better, my appetite returned, and I was so strong and well that housework was no longer a burden to me. My sister, who had to be kept in bed for a long time, and Dr. Williams' Pink Pills were at once sent for and two boxes made her as well as ever. Dr. Williams' Pink Pills are now the grand medicine in our home, and doctor bills have been fewer since we discovered the virtues of this great medicine."

Sold by all medicine dealers or sent by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

CARDINAL LOGUE'S TRIBUTE.

(Canadian Associated Press Cable.)

LONDON, Oct. 23.—Responding to the presentation of an address of welcome on his return to Armagh, Cardinal Logue said the Eucharistic Congress had attained the highest mark in the history of the world. He gave his hearers a vivid description of scenes in Montreal and paid a tribute to the kindness and hospitality of Canadians of all creeds.

HEALTH FOR YOU

Weak, Suffering Men and Women!

Here's a Cure for You!

Dr. McLaughlin's Electric Belt is the most successful as well as the best electric belt made. It does not shock or burn, and is the only one that can be regulated to any degree of strength.

You may have tried so-called electric belts and found them worthless, but my appliance must not be classed with those flimsy, fraudulent contrivances that were made simply to sell.

If my electric belt did not cure I would have been forced to get out of business long ago, as have the makers of fake belts. But the fact that my appliance has been constantly before the public for 30 years is pretty good proof that it has cured.

No matter how far away you live, I can assure you the same energetic attention that you would receive were you here in my office. Write me about your case today.

If you have no confidence in electricity let me treat you at my risk. I will give you the Belt on trial, without one cent of risk to yourself. Give me reasonable security and I will take your case, and you can

RHEUMATISM AND WEAKNESS CURED.

Wabigoon, Oct. June 21, 1910.

Dear Sir—Your Belt has been a boon to me. The emulsions have ceased. My Rheumatism in the shoulder has gone. I must say that I feel that life is now worth living for. The most noticeable thing is the blood; it seems to have increased very much in circulation. Before using the Belt, if I took a walk in the lake, I very soon got cold, but now I am in the water every morning about 6 o'clock, and I don't feel the cold at all. I think your Belt will do all you claim it will, and then come some more.

Dr. McLaughlin:

Put my name on this coupon and send it to me. I'll send you full particulars regarding my electric belt, together with my big free book, which explains many things you ought to know about the diseases of men and women.

Don't delay another minute. Cut out the coupon right now and send it in.

Bringing the Mango to Porto Rico. From The Christian Herald.

Missionaries, ministers, Christian workers and their friends who believe in feeding the hungry as well as teaching the ignorant have introduced into Porto Rico a new industry, the growing of the East India grafted mango fruit.

David Fairchild of the department of agriculture, Washington, D.C., thru whose office was introduced into the United States the durum wheat (macaroni wheat), which has been worth millions of dollars to the country, has said that the coming of the grafted mango to Porto Rico, like the introduction of the navel orange into California, may be a matter of the greatest importance.

He thinks it will become one of the leading industries of the island, as it is one of the most delicious of fruits. The agricultural department is supplying young grafted mango trees, which the department has been gathering for the last ten years or more from Cayenne, India, Java, the east coast of Africa, the Philippines and the Pacific Islands.

NEW BOTANICAL GARDEN

Dr. Gager Outlines Broad Plan to Extend Educational Side

With Professor William H. Goodyear, explaining from personal observation and measurements why the Leaning Tower of Pisa leans and Dr. Gager engaged in preliminary work on new botanical gardens the Brooklyn Institute of Arts and Sciences is public, says The New York Tribune. Its varied treasures and the wide scope of its work, however, deserve the attention of thousands of persons, instead of hundreds, for there are both pleasure and enlightenment in inspection. Professor Goodyear and Dr. Gager are members of the institute faculty.

Dr. Gager, who recently took charge of the botanical department of the institute, is planning a forty-acre botanical garden in the ground back of the institute museum, between Flatbush and Washington-avenues. With the \$100,000 contributed by the city and the \$50,000 added by public-spirited citizens of Brooklyn, Dr. Gager hopes to lay out a botanical garden which will enhance the beauty of the general plan of the institute and be of practical utility to students of botany. In the words of Dr. Gager, "The garden is to be an animated textbook in botany."

The garden in itself, Dr. Gager says, will be as beautiful as art and nature combined can make it. He will appropriate the best features of the fine Bronx botanical garden, of the famous Shaw gardens of St. Louis and of other gardens here and abroad.

"Our main object," said Dr. Gager, "is to make this garden of the greatest possible educational value, and there will be more emphasis laid on teaching than in other such gardens. This we shall try to do without sacrificing general public interest in the garden and without affecting investigation and research work. It is our object to organize beginners' classes in botany, as well as classes prepared to take up more advanced work."

"Grouping shall be done with more regard to botanic than to aesthetic relation. We shall try to make the labels both explanatory and informing to the lay mind, and guide books and leaflets will be supplied in order to carry out the primary educational purposes. The ground will lend itself admirably to the general scheme. There are a pond, many rocks, small hills and valleys, and we may therefore suitably locate a large variety of plants."

"The public generally should appreciate the generous and broadminded spirit of the city in enabling us to undertake this work by giving us \$100,000. We consider it a privilege to work under public authorities who are so responsive to modern educational demands."

The laboratories and greenhouses will be erected on the Washington-avenue side of the plot. Rooms for elementary and advanced work will be in the laboratories, with offices for the members of the scientific staff and private rooms for investigators. Some of the eight or ten greenhouses will be used solely for experimental and research work.

Dr. Gager hopes to get the Brooklyn teachers to visit the garden regularly, believing that they may learn many things there which will be of value to them in their botany classes. He will learn the particular needs of each school and try to provide for them as far as possible.

The institute is on a tract of land at the Eastern Parkway, containing eleven and nine-tenths acres, valued at \$1,000,000. The land was leased to the institute by the old City of Brooklyn for a term of a hundred years. The first section of the museum building was completed in May, 1897, and was opened to the public on June 2, 1897. The second section was finished in 1904 and the third in 1906. When completed the entire structure will cover 350 feet square, with four interior courts. A building in Bedford Park, Brooklyn-avenue, is used as an auxiliary to the main building. The institute has the following departments of associate members: Architecture, astronomy, biology, botany, chemistry, domestic science, electricity, engineering, entomology, fine arts, geography, geology, law, mathematics, microscopy, mineralogy, music, painting, pedagogy, philately, philosophy, photography, physics, political science, psychology and zoology.

CROSS ON FLODDEN FIELD.

Misapprehensions Concerning "King's Stone."

(From The Westminster Gazette.)

Altho Flodden was fought close upon 400 years ago it is only during the present week that there has been unveiled a monument erected upon the site approximately of the centre of the battlefield, "To the Brave of Both Nations"—Olim Hostes, Nunc Fratres.

Much confusion (writes a correspondent) has arisen heretofore from the presence of the reputed Sybil's Well with its inscription on Flodden Hill among the trees above Blynkenny, where it had been placed, or rather misplaced, by the late Marchioness of Waterford with entire disregard of historical accuracy.

The prevailing misapprehension concerning "King's Stone," another supposititious site memorial consisting of an unwhewn column, has probably been perpetuated by it if it did not originate in Scott's notes to "Marmion," in which it is alleged to mark the spot where James fell. As a matter of fact this was a very ancient tribal gathering or trysting stone transported from some distance either mechanically or by glacial action, and is situated about three-quarters of a mile northward from the locality of the final scene of the battle.

The memorial cross, which was unveiled by Sir George Douglas, is the outcome of a joint effort by Englishmen and Scotsmen from both sides of the border. The idea of marking the site near where the closing tragedy of the battle took place originated three years ago with the Berwickshire Naturalists' Club.

With regard to the numbers that took part in Flodden, altho the Scottish army assembled in August on the Borough Moor of Edinburgh is computed to have numbered in all 100,000, the camp of James on the morning of September 9 did not contain probably more than 35,000. But these comprised the flower of the Scots army. The numbers of the two forces which faced one another, tho at first largely in favor of the Scots, were probably pretty well equalized after the dramatic disappearance of Home and Hutly's division of 8000 to 10,000 men shortly after the beginning of the battle.

The arm mostly used by the Scots was a keen and sharp spear fifteen feet long. Targets also were carried by them, and when the spears failed they fought with "great and sharp swords." Flodden was the last field

upon which the bows of yew and cloth-yard shafts were employed by the English.

John Bruce, Toronto, general organizer of the plumbers, is in Montreal. Last week Mr. Bruce was in charge of the plumbers' strike at Ottawa on the new Grand Trunk Pacific hotel, Chateau Laurier.

900 CHILDREN IN PANIC IN SCHOOL AT MONTREAL

Smoke From Tar Kettle Filtered Into Academy and Three Children Are Seriously Injured.

MONTREAL, Oct. 28.—Shrieking and colliding with each other, the nine hundred children went mad with fear and threw the Sister attendants almost into a panic at 10 o'clock this morning at the Academy du Sacre Coeur, Drolet-street, when the smoke from a kettle of tar filtered into the institution from the back yard.

The injured were: Adrienne Lavoie, 8 years old, 1224 St. Dominique-street, injured head by falling down stairs. Taken to Hotel Dieu, May die.

Annette St. Julien, 880 St. Andre street, injuries to head from heel of shoe.

Miss Derocher, 8 Rachel-street, fracture to leg.

The last two victims were injured while sliding down the asbestos fire-escape chute from the fourth storey. The smoke swept into the institution, in clouds, and one of the children near the window saw the flames from the burning pitch far down the street. Childish imagination did the rest, and the startling shriek of "Fire" ran thru the school room and threw the pupils into a panic, which was soon communicated to the other class rooms throughout the school.

A bolt was made for the exits and in the scramble made by some forty pupils to get down by the stairs little Adrienne Lavoie fell several flights and was unconscious when picked up. The collar-headed among the Sisters immediately tried to restore order and got the pupils to remember their fire drill.

The asbestos hute was got out of the window on the fourth floor and some fifty children descended rapidly to safety in the street. It was in the swift descent that the two other children were injured. Miss Derocher struck the ground with force and sustained what is believed to be a fracture of the leg, and little Annette St. Julien was injured on the head by the heel of the boot of the girl who was coming down the chute behind her.

DANGEROUS INDIAN AGITATOR

Will Be Deported From British Columbia—Knows About Explosives.

VANCOUVER, B.C., Oct. 28.—(Special.)—Comprehensive notes respecting handling and treatment of nitroglycerine, with frequent references to dynamite, gunpowder, acids, thermite and other inflammable well-known to chemistry of high explosives, were last night found on the person of H. Rahim, an ex-Mohammedan, arrested by the federal immigration authorities of Vancouver, who have instructions from Ottawa to deport him to Honolulu on November 4. Rahim also carried in his notebook names and addresses of a number of well-known agitators against British rule in India, residing in the United States, France, Egypt, South Africa and India.

Rahim, who describes himself as manager of The Canadian Indian Supply and Trust Co., with offices on Hastings-street, was arrested following the receipt of instructions from Ottawa.

SIFTON AND MACKENZIE

Montrealers Discuss a Reported Breach Between the Two.

MONTREAL, Oct. 28.—(Special.)—The railway and political circles are commenting to-day with a great deal of animation on the apparent serious break between the Hon. Clifford Sifton and Mackenzie and Mann. The differences are said to have come about some time ago, and the attitude of the Winnipeg Free Press opposing the construction of the Hudson Bay Railway by the Canadian Northern appears to have rendered the breach wider than ever.

The reason, so rumor says, of the quarrel is in the fact that Clifford Sifton had about completed the formation of a syndicate to build the road to the bay, and William Mackenzie crossed his path. Then the ex-minister of the interior wanted to build the Alberta Waterways system, which brought about the downfall of the Rutherford Government, and this, too, it appears, been thwarted by Mackenzie and Mann.

UNKNOWN MAN KILLED

Was Walking on Railway Track Near Sharnot Lake.

KINGSTON, Oct. 28.—(Special.)—Burns received at his work in the locomotive works on Labor Day caused the death to-day of James Dickson, aged 80. He served in the Indian mutiny with the 79th Highlanders. Albert Robinson and family of four children, undesirable, were deported by Immigration Inspector Devlin.

C. P. R. train No. 4 ran over an unknown man near Sharnot Lake, who died from his injuries. The man was walking on the track when the engine blew the whistle; but he paid no heed. He was about 35 years old, clean shaven, and fairly well dressed.

MOLSONS BANK CHANGE

WOODSTOCK, Oct. 28.—(Special.)—E. W. Waud, for the past thirteen years manager of the Molsons Bank in this city, has been appointed assistant inspector of the bank with headquarters at Montreal.

Cement and Concrete Association.

At a meeting of the board of directors of the Canadian Cement and Concrete Association, held in the Prince George Hotel last night, it was decided to hold the next convention and exhibition during the third week in January. It is the intention to hold it in Toronto providing arrangements can be made with the city for the use of suitable quarters. The first convention and exhibition, which was of immense educational value, was held here, and brought to the city more than 1000 visitors. The second was held in London and drew a large attendance.

The exhibitions of the National Association of Cement Users of the U.S. are to be held during December in New York, and February in Chicago.

THE GRAND TRUNK PACIFIC

Offers for Sale Lots in First Subdivision to the Original Townsite of

Watrous

The geographical centre of the great and growing Canadian West—The centre of the finest farming section in all Saskatchewan—The most attractive town of this new Golden Empire—The Central Divisional Point of the Great Western Provinces on the Grand Trunk Pacific Railway—In direct line between Regina and Prince Albert, and will be on line of railway when built between these two cities—The terminus of the branch line of the Grand Trunk Pacific to Prince Albert.

HOW MANY LOTS IN WATROUS DO YOU WANT?

Are YOU going to purchase some lots in Watrous, and take advantage of the big increase in value which is practically sure to take place in this live and growing city in the next two or three years? Or are you going to procrastinate—hesitate—put off the matter until later on?

The money YOU make in Watrous will be through the ownership of lots you ACTUALLY PURCHASE, and not on the lots which you INTEND TO PURCHASE. Remember, "He who hesitates works for the other fellow."

Later on, when Watrous is one of the important and rapidly-growing cities of Western Canada, and real estate which is close in commands high and constantly increasing prices, will YOU then be pointed out as one of those who took advantage of a live opportunity, or will you be one of those who lament their conditions and discuss what "might have been"?

"Of all words of tongue or pen,
The saddest are these—It might have been."

Will the opportunity now presented in a couple of years—when lots in Watrous command high prices, be to you like "water that has passed over the mill-dam"?

You cannot make a mistake if you buy lots in Watrous. It is a Central Divisional Point on a great Transcontinental line of railway, surrounded by rich agricultural territory and located near the banks of Little Manitou Lake, which will bring tourists by the thousands to Watrous to avail themselves of the benefits afforded by this wonderful medicinal water.

Being a Divisional Point on a great line of railway is usually alone sufficient to make a city of considerable importance, but Watrous, on account of its natural advantages and strategic position, would be an important inland city even if it were not a Divisional Point.

An investment in real estate in Watrous offers a splendid opportunity for large and certain profits. And no line of investment during the last few years has been so safe and shows greater returns than an investment in lots in the rapidly-growing cities of Western Canada.

History DOES repeat itself, and it is usually safe to judge the future by the past. Therefore, it will be well for you to ponder over this fact: The C. P. R. is the first of the great Transcontinental lines of railway.

Suppose you had purchased a few years ago lots close in at \$100 in any of the Western Divisional Points on the C. P. R. Your investment would have been safe and certain right from the start, and it would have been constantly and rapidly increasing in value.

Note the Divisional Points on the main line of road of the C. P. R. running west from Winnipeg, Brandon, Moose Jaw, Swift Current, Calgary, Medicine Hat, Revelstoke. If you had purchased lots in any one or all of these Divisional Points, when conditions were similar to those in Watrous to-day—when these young cities were about two years old, had a population of 1500, and choice inside lots could be purchased at \$100 each—there could be no doubt about the wisdom of your investment, which would likely be worth to-day not less than \$10 for each dollar you invested. This opportunity, however, was presented a few years ago, but is now a thing of the past.

You now have the same opportunity in Watrous that was presented in these Divisional Point cities on the C. P. R. The Grand Trunk Pacific is the latest and destined to become the greatest of all the Transcontinental lines. Traversing as it does a great and rich territory, there can be no doubt that the Divisional Points on the G. T. P. will in a few years be cities of equal size and importance with those on the C. P. R.

But let us carry this comparison a little further. Of the Great Western Provinces, Moose Jaw is the Central Divisional Point on the C. P. R., while Watrous is the Central Divisional Point on the Grand Trunk Pacific. Note that Moose Jaw is now a city of 15,000 population and growing rapidly. It is but a few years since Moose Jaw was a small town of 1,000 population, and choice lots, close in, could have been purchased for \$100 each. However, no larger than Watrous is to-day, and choice lots, close in, could have been purchased for \$100 each. However, in price rapidly, just as the price of lots is advancing in practically all of the Western Canadian cities.

You can buy lots to-day in Watrous, close in, splendidly located, for \$100, and in five years these lots in Watrous should be worth at least as much as the same kind of lots in Moose Jaw to-day.

The "Ten Thousand Club" of Watrous is made up of the leading business men, and it is their ambition for Watrous to have 10,000 population by 1915. With a population of 10,000 in Watrous, lots which we are offering to-day for \$100 will easily be worth \$1000.

\$100,000,000 WAS MADE LAST YEAR

By Those Who Own Property in the Live and Growing Cities of Western Canada

WHAT PORTION OF THIS DID YOU MAKE?

From the most accurate figures obtainable, it is found that the assessed valuation of real estate in the live and growing cities of Western Canada last year increased more than \$100,000,000. This does not include improvements, but the actual increase in value of real estate in these cities. The Winnipeg Free Press, securing its figures from "records which have been gathered directly from original sources," finds that in eight Western-Canadian cities the increase in real estate values of land alone, and not improvements, for the past five years has averaged 562 per cent., or an average annual increase of 112 per cent. for each of these cities during the past five years.

What Do These Figures Indicate? They indicate that an investment in the live and growing cities of Western Canada is as safe and sure as anything can be, and that your investment is almost certain to make you 100 per cent. profit each year.

What Does This Mean to You? It means nothing unless you participate in the profits, and you can do this only by buying real estate in these young and vigorous Western Canadian cities. The time to buy is when a new city has passed through the "seasoning" stage—when it is in the formative period—when its natural resources and strategic position assure the building of a big city, along broad lines.

Watrous has all the natural advantages that any new city could wish, and, in addition, is destined to be one of the most popular health resorts of all America.

Little Manitou Lake—"The Carlsbad of Canada"

THE WINNIPEG TELEGRAM, speaking editorially of Watrous and its wonderful mineral lake, has the following:

"Little Lake Manitou on the G. T. P. is beginning to receive the attention to which the wonderful medicinal properties of the water of the lake so well entitle it. The Indians called the lake Manitou, which means 'good spirit,' owing to the healing qualities they found the waters possessed. It is said that Indians came to this lake from hundreds of miles round, and on the shores are still to be seen circles of stones, which mark Indian encampments. Though it is probable that the Indians for years have availed themselves of the curative powers of the waters of this lake, it was not until the building of the G. T. P. had caused the Town of Watrous to spring into being two years ago that the remarkable medicinal value of the waters of the lake began to be generally realized.

"The power of these waters to cure rheumatism, eczema and skin diseases has been so positively and strikingly demonstrated as to attract considerable interest. Those who visit the lake are unanimous in declaring Little Manitou Lake as the coming Carlsbad of Canada. A chemical analysis of the waters of Little Lake Manitou shows considerable resemblance to the medicinal waters of the world-famous Carlsbad, which has for so long maintained the highest reputation. The beneficial results obtained from bathing in Little Lake Manitou are so positive that the good effects is beyond doubt.

What the Hon. Wm. Pugsley Says:

"Hon. William Pugsley, Minister of Public Works for the Dominion of Canada, hearing of the fame of the lake, paid it a visit and bathed in its waters. The honorable gentleman, when interviewed at Watrous by one of our reporters, stated: 'I am not an authority on the medicinal qualities of water, but this I can say: Bathing in Little Lake Manitou is particularly pleasant; there is a property about the water that imparts a pleasant glow. I am somewhat troubled with rheumatism, and I am quite certain bathing in Little Lake Manitou has been very beneficial to me.

"I consider Watrous has a good future, the lake is a valuable asset to Saskatchewan, and it will become a resort patronized not only by people from all parts of this country, but also from points in the United States. I have visited health resorts in California and England. Little Lake Manitou is unique.

"Yes, it is true we have bought four lots on the shores of Little Lake Manitou; my brother (Dr. P. A. Pugsley) intends to take treatment here for rheumatism, from which he suffers."

Where Anyone Can Swim.

"The specific gravity of the water of Little Manitou Lake is 1.06. This is .04 heavier than the waters of Carlsbad. The human body cannot sink in water of this specific gravity. You do not have to pay to pay up all hope of swimming, and it is easy to swim in Lake Manitou." From The Winnipeg Telegram, July 26, 1910.

Telegraph Your Order at Our Expense

In case you desire further particulars, maps, etc., before selecting lots, use coupon below.

INFORMATION COUPON.

The Trusts & Guarantee Company
45 King Street West, Toronto, Ont.

Please forward to me by return mail full particulars regarding the sale of town lots in the subdivision to the original townsite of Watrous, which is just being placed on the market.

Name

Address

On account of the rapidity with which lots are selling, we advise that you let us make the selection for you, and we promise that we will give you the best available remaining lots at the time your order is received. That we may make the best selection for you, we advise that you telegraph at our expense the number of lots you wish, and the prices you desire to pay, and let your remittance follow by return mail.

Prices of lots, side 50x140 feet, are \$100, and corner lots \$125. You can buy a \$100 lot by paying \$10 down and \$10 a month; \$12.50 cash and \$12.50 a month for nine months buys a corner lot at \$125. If you want to pay all cash you may deduct five per cent. discount.

Make remittance payable to the order of and send direct to the Land Commissioner of the Grand Trunk Pacific Railway, Somerset Building, Winnipeg. Receipts for payments made will be issued direct from the Land Commissioner of the Railway Company, and when you have completed your payments, Toronto Title will be issued to you direct from the Grand Trunk Pacific Railway.

If the selection of lots made for you by our representative is not satisfactory, all you need do is to notify us to that effect, and the money which you have paid to the Grand Trunk Pacific will be refunded to you.

Remember, there is no interest charged on deferred payments in case you desire to purchase on the installment plan. You do not have any taxes to pay until 1912.

The more lots you buy in Watrous, the more money you will make. How many lots do you wish? Fill out the blank in the lower right-hand corner of this advertisement to-day for the number of lots you wish to purchase. Let your remittance follow by first mail, but wire us at once your reservation for the number of lots desired.

Buy Lots in Watrous and Make Money

The more lots you buy in Watrous, the more money you will make. It is impossible to purchase lots in a live and growing young city of Western Canada and not make splendid and certain profits.

Lots in Moose Jaw that sold a few years ago at \$100 each are to-day worth from \$1000 to \$3000.

Lethbridge a few years ago was a small frontier town. Lots in Lethbridge now command fancy prices; \$10,000 to \$12,000 is sometimes paid for single lot.

Lots which sold in Saskatoon ten years ago for \$100 are to-day worth ten to fifty times that amount.

You could have purchased lots in Edmonton ten years ago for \$100, which are to-day worth \$1000 to \$10,000.

Those who purchased lots in Edmonton ten years ago are now possessors of property worth 1000 per cent. more than the price at which it was originally purchased—an average increase in value of 100 per cent. each year.

In Fort William the same rapid advance in values has taken place. Lots which sold at \$100 to \$200, even five years ago, have since sold for \$1000 to \$2000.

It is almost impossible to chronicle the rapid advance in property in Calgary, Regina, Winnipeg, Vancouver and other cities of Western Canada.

Buy lots in Watrous now while they are selling at the ground-floor prices, and hold them, and you are certain to make money. Buy a half-dozen or more lots, and ride the wave of advancing values; \$10 for every dollar you invest is common in live towns of Western Canada.

Think what it means for the population of Canada to increase from six millions to thirty millions, and 80 per cent. of this growth will be in the West. There is no use living in a day of land and opportunity unless you are part of it. You doubtless have among your friends and acquaintances those who have shown their faith in Canada and the Canadian cities, and have become rich because they invested when these cities were young.

Buy lots and prosper with Canada. Buy in Watrous, and as Watrous grows the money you put into it will grow just as surely and certainly. Invest your money where the greatest activity is taking place, in the centre of rapid growth, where the greatest advances are realized. This centre is undoubtedly in Western Canada, and Watrous is the pivotal point. You are taking no chances when you buy lots in Watrous at present prices. The future of Watrous is assured.

APPLICATION BLANK FOR PURCHASE OF LOTS.

Land Commissioner, Grand Trunk Pacific Railway Co., Somerset Bldg., Winnipeg, Man.

I hereby make application to purchase lots at the price of \$..... each, and enclose herewith remittance for \$..... being one-tenth the total purchase price. I agree to remit the same amount each month for nine consecutive months.

I desire your representative to select for me, out of the subdivision which you have just placed on the market to the original townsite of Watrous, what he regards as the best lots remaining unsold at this price. Title to lots to be clear and indefeasible. No interest to be charged on deferred payments, and no taxes until the year 1912. Please make out and forward to me your formal "Application to Purchase Town Lots," which I will sign and return.

World's Estimates

Broomhall estimates the wheat and flour shipments for Monday next (exclusive of America) at 12,000,000 bushels, against 11,000,000 last week. Of this total, Europe will take about 11,000,000 bushels. The total shipments last week amounted to 13,800,000 and year ago 14,800,000. Arrivals of breadstuffs into the United Kingdom will aggregate about 4,000,000 bushels. He predicts that there will be some increase in amount on passage to the United Kingdom.

Argentine Cables.
Broomhall's Argentine cable says: Wheat shipments, 598,000, against 810,000 last week and 14,000 last year. Corn, 4,885,000, against 5,200,000 last week, and 5,000,000 last year. Visible supply of wheat, 305,000, against 308,000 a week ago, 308,000 a year ago, and 740,000 two years ago. 3,510,000 a year ago, 4,165,000 a week ago, 1, 3,010,000 a year ago, and 1,211,000 two years ago.

Chicago Live Stock

CHICAGO, Oct. 28.—Cattle—Receipts, 2000; market dull and weak; heaves, \$4.50 to \$7; Texas steers, \$3.50 to \$5.00; western steers, \$4 to \$6.75; stockers and feeders, \$2.50 to \$5.25; calves, \$7 to \$10.25.

Hogs—Receipts, 16,000; market slow; light, \$3.45 to \$3.85; mixers, \$3.50 to \$3.90; heavy, \$3.70 to \$4.30; rough, \$3.70 to \$4.30; good to choice, heavy, \$3.70 to \$4.30; pigs, \$2.50 to \$3.00; bulk of sales, \$3 to \$3.70. Sheep and Lambs—Receipts, 12,000; market steady; native, \$2.75 to \$4.40; western, \$2 to \$4.40; yearlings, \$4.50 to \$6.00; lambs, native, \$4.75 to \$7.10; western, \$5 to \$7.

EAST BUFFALO, Oct. 28.—Cattle—Receipts, 100 head; quiet; prices unchanged. Heavy, \$4.25 to \$5.00; active, \$5.00 higher, \$7 to \$10.25.

Hogs—Receipts, 900 head; slow; \$3 to \$5.15; Yorkers, \$3.00 to \$3.25; pigs, \$2.50 to \$3.50; rough, \$3.75 to \$4.30; stags, \$3 to \$7; dairies, \$3.75 to \$7.50.

British Cattle Markets

NEW YORK, Oct. 28.—London and Liverpool cables quote American cattle steady at 12 1/2 to 14 1/2 per pound, dressed weight; heavy, beef at 30c and 10 1/2 per pound.

Horse Prices Too High.
The use made at the present time in Toronto is dull, and in fact, has been so since late last spring, with few exceptions. The receipts at the various sales have not been as large as a rule all fall, not more than half what they were twelve months ago. The reduction in receipts has been at its greatest in the case of the falling off in the demand. As a rule, the market has lacked active support for other than a few top-notch heavy draughts, and as a result, the market has been depressed.

NIAGARA POWER FOR GUELPH

GUELPH, Oct. 28.—(Special.)—Hydro-electric power from Niagara Falls will be passing through the city and turning motors and lighting the houses, stores and streets of this city on Saturday, when the first tryout of the city's system with the power from the Fall will be made. Then, if the test is satisfactory, and the power can be secured regularly, the local light and heat department will begin using Niagara power from Monday on.

PORTUGUESE GOVERNMENT

Press Favors U. S. Model—Church and State Separated.

LISBON, Oct. 28.—The separation of church and the state was announced in a decree issued by the provisional government to-day. Another decree published declared for the freedom of the press.

OTTAWA TO RAISE TEACHERS' SALARIES

OTTAWA, Oct. 28.—The Ottawa Public School Board has decided to raise the minimum salary for male teachers holding first-class certificates from \$800 to \$1100. An effort to get good men at the lower figure was unsuccessful.

Another Break in Wheat Values Statistics Generally Bearish

Chicago Market Makes Another Break Toward an Export Level—Winnipeg Turns Weak With Lower Prices.

World Office, Friday Evening, Oct. 28.
Liverpool wheat futures closed to-day unchanged to 3/4 lower than yesterday; corn 1/2 higher; October wheat closed 1/4 lower than yesterday; October oats 3/4 lower.

Chicago car lots to-day: Wheat, 25; Contract, 4; Corn, 24; 63; Oats, 12; 43.

Winnipeg wheat receipts to-day were 907 cars, against 825 a week ago and 811 a year ago. Oats to-day, 70; Flour, 52; Barley, 15.

Minneapolis wheat receipts were 601 cars, against 250 a week ago and 201 a year ago. Duluth, 125, 117, 252.

Winnipeg Inspection

Winnipeg wheat receipts to-day graded as follows: No. 1 northern, 76; No. 2 northern, 18; No. 3 northern, 18; No. 4 northern, 65; No. 5 northern, 19; No. 6 northern, 16; feed, 2; rejected, 22; no grade, 2; winter, 12.

LISBON, Oct. 28.—The separation of church and the state was announced in a decree issued by the provisional government to-day. Another decree published declared for the freedom of the press.

OTTAWA TO RAISE TEACHERS' SALARIES

OTTAWA, Oct. 28.—The Ottawa Public School Board has decided to raise the minimum salary for male teachers holding first-class certificates from \$800 to \$1100. An effort to get good men at the lower figure was unsuccessful.

Winnipeg Inspection

Winnipeg wheat receipts to-day graded as follows: No. 1 northern, 76; No. 2 northern, 18; No. 3 northern, 18; No. 4 northern, 65; No. 5 northern, 19; No. 6 northern, 16; feed, 2; rejected, 22; no grade, 2; winter, 12.

World's Estimates

Broomhall estimates the wheat and flour shipments for Monday next (exclusive of America) at 12,000,000 bushels, against 11,000,000 last week. Of this total, Europe will take about 11,000,000 bushels. The total shipments last week amounted to 13,800,000 and year ago 14,800,000. Arrivals of breadstuffs into the United Kingdom will aggregate about 4,000,000 bushels. He predicts that there will be some increase in amount on passage to the United Kingdom.

Argentine Cables

Broomhall's Argentine cable says: Wheat shipments, 598,000, against 810,000 last week and 14,000 last year. Corn, 4,885,000, against 5,200,000 last week, and 5,000,000 last year. Visible supply of wheat, 305,000, against 308,000 a week ago, 308,000 a year ago, and 740,000 two years ago. 3,510,000 a year ago, 4,165,000 a week ago, 1, 3,010,000 a year ago, and 1,211,000 two years ago.

A BROKEN-DOWN SYSTEM

This is a condition (or disease) which doctors give many names, but which few of them really understand. It is a condition which is not a matter of the vital forces that sustain the system. No matter what may be its cause (the system is broken down) the result is the same; the most prominent being sleeplessness, nervousness, depression, and a general loss of energy for all the ordinary affairs of life. Now, what is absolutely essential in such a case is a remedy which will restore the system to its normal condition.

Cobalt - Mining Markets Continue Dull, But Tone Holds Firm

Trading is Dull and Narrow But Prices Hold Their Own

Cobalts Maintain at Steady Figures in Face of Apathetic Demand - Dividend Payers Continue Heavy.

World Office, Friday Evening, Oct. 28. There was no initiative to the trading on the local mining markets during today's session, and Cobalt stocks did nothing more than hold their own...

Trading was larger than during yesterday and an improved demand was noticeable for some of the cheaper issues... The bulk of transactions occurred in the immediate vicinity of the market...

Today's market was purely a waiting game with no definite inclination to either higher or lower prices... The leading evidence, however, is the leading indicator...

Buying Gold Stock Heavy Purchases Made Outside Market - Looking for Good News. Gould Consolidated is attracting much attention on the mining exchange...

Large amount of the stock is held in Toronto, where it was sold at 40 cents a share, and an attempt is being made to collect blocks of the shares prior to this...

DAVIDSON CLAIMS SOLD

Famous Porcupine Properties Change Hands for \$150,000. A deal has just been completed for the sale of the Porcupine claims in the Ross Tiedale, known as the North Davidsons.

This group, consisting of five claims, were the second claims staked in Tiedale. They were located three days after the Bannerman group. It was on one of these claims that the first sensational discovery of free gold was made in Tiedale.

Last January these claims were sold under option to M. J. O'Brien for \$130,000. Owing to some trouble Mr. O'Brien had with the middleman who was putting through the deal the option was thrown up. A strong syndicate of New York capitalists have just completed a thorough and exhaustive examination of the property and as a result the first payment was made on last Wednesday.

The purchase price is \$150,000, \$20,000 more than Mr. O'Brien was paying. The names of the purchasers have not been disclosed.

CONFIRMS LA ROSE STRIKE

President McGibbon Says Recent Discovery is Worth \$250,000. In response to the request that he confirm the news of the strike on La Rose and Lawson, Mr. Lorne McGibbon has said the reports are not exaggerated.

The west parallel vein discovered in the La Rose mine at a depth of 170 feet is increasing in importance as development progresses," said Mr. McGibbon. "During the past few weeks the ore assays close to 4,000 ounces. Based on these figures the present value of this discovery is approximately \$250,000.

In view of the fact that the ore chute on the main La Rose vein is proved for a length of 850 feet, the great importance of the new vein is apparent, and particularly so as it has been proved out at eight points.

In regard to the Lawson, Mr. McGibbon said that rich ore had been found at the 188 foot level. This is perhaps the most important strike of all, and it is believed that it will be followed by a number of other rich strikes.

Mr. McGibbon said that he would be able to give out further details in regard to this find, perhaps in a few days.

NOT SO MANY HUNTERS

Two Reasons That Will Deter Sportsmen This Fall. The World understands that the sale of hunting permits for the season, which opens next Monday, is not likely to be as large as last year. A great many hunters have been deterred from going out by the amendment in the regulations which allows only one deer to each man. The regulations restricting the transportation of dogs is also an important factor.

ESSEX P. O. DYNAMITED.

WINDSOR, Ont., Oct. 28.—Robbers gained entrance to the Essex post office at an early hour this morning, blew open the safe, and made off with \$100 in cash and \$300 worth of stamps. The interior of the building was badly damaged.

Candy a Food.

ST. CATHARINES, Oct. 28.—Police Magistrate Campbell has disposed of two Sunday selling cases which have been dragged through the local police court for several days. Andrew Smith, proprietor of the King Edward Restaurant, was fined \$5 for a breach of the Lord's Day Act, in selling cigars on Sunday. Joseph Rosenthal, who sold candy in the Loraine Restaurants, was acquitted of wrongdoing, in view of the fact that the candy, being food, was sold in a bona fide licensed restaurant.

Ship With \$700,000 Missing.

SEATTLE, Wash., Oct. 28.—The gasolin schooner, May Sachs, from Koloiseber, bound for Nome, and carrying a crew of two and four miners, disappeared from the Squil River diggings, with \$700,000 in gold dust, is 23 days overdue at Nome.

Slew Wife, Child and Self.

ST. CLAIRSVILLE, O., Oct. 28.—The bodies of Blarius Nacheuter, a miner and railroad worker, his 21-year-old wife and their baby, aged 2 years, were found dead this morning. All had been shot. It is believed that Nacheuter, jealous of his wife, killed her and their child, and then committed suicide.

Says Provinces Should Unite.

ST. JOHN, N.B., Oct. 28.—Rev. Dr. Worth, Bishop of Nova Scotia, in the city last night, declared the union of Nova Scotia and New Brunswick must come. He is believed to urge it. He said, "and believe that we will arrive at that place of emigration which is naturally ours it will have to come."

BETTER MARKET AHEAD

After upwards of a month's rally in many of the mining stocks the reaction now in effect in some of the mining stocks is not to be taken as a sign of a general decline in the market. Some shares in the time double in price, and now in effect in some of the mining stocks is not to be taken as a sign of a general decline in the market.

BUY ON THE WEAK SPOTS

The Cobalt market affords as good opportunities for investment or speculation as the larger exchanges, and with much less risk, because the Cobalt stocks are bought outright. A spell of weakness, owing to protracted, is not to be taken as a sign of a general decline in the market.

GOULD CONSOLIDATED

We have issued a circular in connection with this company, formed after a careful and conservative review of the company's claims. Under proper administration we think the leases of the Peterson Lake Company held by the Gould Consolidated will produce results equal to that obtained by other lessees. With the prospects ahead the Gould stock offers an unusual opportunity for either investment or speculation.

WAS KAISER IN DANGER?

BRUSSELS, Oct. 28.—The extraordinary precautions taken last night to protect Emperor William and Empress Augusta Victoria, when they left the city at 11 o'clock for Berlin, were explained to-day when the police announced that a letter threatening the Emperor's life had been received at the royal palace yesterday.

FISHERIES COMMISSION

OTTAWA, Oct. 28.—The commissioners who have been named to administer the fishery regulations under the recent award of the Hague Tribunal are Hon. D. Morrison, K.C., minister of justice in the Newfoundland Government, who will represent British interests; Dr. Hugh J. Smith of the United States, and Dr. F. O. Hook, who is neutral. Dr. Hook is the fisheries adviser to the Netherlands Government.

INCREASE IN WAGES

To the Train and Yardmen of the T. & N. O. Railway. Increases in the pay of trainmen and yardmen on the Timiskaming & Northern Ontario Railway amounting to \$15,000 per year have been granted by the commission. The increases will take effect from Oct. 1, and are the result of eight months negotiations. The advance will place the T. & N. O. employees on a par with the brotherhood rates adopted by the C. P. R. and G. T. R. The increase will run from 10 to 25 per cent. for conductors, brakemen, baggage men and yardmen.

Man May Develop Rabies.

An interesting case of a man suspected to be in danger of rabies arrived in the city last night from Stirlingville. The patient was bitten by a dog some forty-eight days ago, and the head was sent to Ottawa for examination. Several animals were inoculated, and these have since developed rabies. Dr. J. W. McCullough, secretary of the provincial board of health, sent to New York for the treatment yesterday, and expects to make the first application this morning.

European Scholar's Theft.

BERLIN, Oct. 28.—Prof. Weindler, one of the most eminent scholars in Europe, has been arrested charged with the theft of priceless art treasures from the Royal Library in Dresden, with which he desired to attain further eminence in the field of literary, scientific and artistic research. Prof. Weindler declared that he acted under an uncontrollable impulse.

SIMPSON

Leather Goods

FROM VIENNA DIRECT TO SIMPSON'S.

Vienna is the home of high-class Leather Novelties. Our Vienna representative has sent us a shipment of 2500 pieces, including all the high style advance fashions. In this consignment of Art Leather Novelties you'll find everything that's worth seeing. It would be impossible for us to make clear to you in print the attractiveness of this merchandise. We invite you to our Leather Goods store display on Tuesday.

In this assortment of Art Novelties you will find all sorts of things, such as:

Bags from \$5.00 to \$35.00; Purses, \$1.50 to \$10.00; Vanity Bags, \$3.00 to \$12.00; Billbooks, Letter Cases, Dollar Cases, Fitted Boxes, Jewel Cases, Leather Baskets, and Fitted Leather Work Boxes, Memo Books, Folios, Music Cases, Glove and Neckwear Cases.

Just Over a Hundred Suits for Women

will be put on sale Tuesday at a price that will surprise every woman who visits our Third Floor.

Before we pounced on this little collection they were intended to sell at prices ranging from \$15.00 to \$21.00.

Our Tuesday price is \$11.75; and when you see the smart styles, the fine French serge or all-wool cheviot they're made of, the popular colors, such as light brown, plum, navy and black — you'll wonder how we could buy them, much less sell them for \$11.75.

Flannelette Kimono Gowns \$1.50

Women's Kimono Gowns, of extra quality velour, flannelette, cardinal, navy and grey, in pretty Oriental pattern, yoke front and back of shirring; entire front and cuffs finished with fine sateen, in harmonizing colors; sizes 34 to 44. Specially priced Tuesday, \$1.50.

Taffeta Silk Petticoats \$3.95

Women's Petticoats, of heavy rustling taffeta, black, navy, green, brown, grey, sky and wisteria, also new changeable colors; has deep three-pieced flounce, with rows of pin tucking and gathered stitching; also deep underpiece; lengths 36 to 42. Tuesday, \$3.95.

Three Waists That Will Be Popular

\$1.25—A Black Waist, of heavy pure silk Jap, in three designs, of box pleats, plain tucking, and some with silk trimming; all sizes in the lot. Regular selling prices \$1.95 and \$2.39. Tuesday, \$1.25.

79c — A great array of Flannelette Waists, well cut and well made, light and dark spots and figures; every size up to 44 inches. Tuesday, 79c.

\$1.95—A Dainty Waist, of pure wool delaine, in Paisley designs and colorings; cut in severe tailored style, with silk ruche round neck, and tiny silk buttons on front; all sizes up to 42 inches. Tuesday, \$1.95.

It is a very simple thing to demonstrate, after the game has been played, just why the winning team won and the losing team lost. And it's particularly simple if yours is the losing team!

Not in sport alone, but in nearly every phase of a man's life, it's foresight, not hindsight, that gets away with the victories and the rewards. If you're a man of foresight, you'll note an interesting event billed for the morning after the holiday. Your reward will take the form of a fine fancy ulster, made of tweeds and ulsterings, imported from England, where they know best what ulsters should be. These ulsters have convertible collars, comfortable and neat, whether up or down. Come and see these coats, and you'll not want to leave without one. Our price for Tuesday is **12.50**

More New Derbies at Half-Price

Men's Derby Hats, new, up-to-date fall and winter styles, and fine grade English fur felt. Regular \$2. Tuesday \$1.

Men's Soft Hats, odds from regular stock, brown, fawn and grey colors. Regular up to \$2.00. Tuesday 59c.

Fur-Lined Coats \$29.00

21 Men's Fur lined Coats, fine black beaver cloth shell, best tailoring and trimmings, lined throughout with No. 1 Russian Marmot Skins, with German Otter shawl collar. Tuesday \$29.00.

Travelers' Samples of Wolsey Underwear For Boys

Odd garments of Boys' Wolsey Underwear, in fall and winter weights, shirts and drawers, long sleeves and ankle length. These goods are perfect in every way. We are adding to these several garments of travellers' samples of the best quality natural wool, including combination suits, with short sleeves; shirts and drawers, short sleeves and knee length, and some with long sleeves and ankle length; not all sizes in each line. Regular prices \$1.50 and \$2.00. To clear Tuesday 75c garment. (No phone or mail orders.)

The **SIMPSON** Company Limited

"Victor" Boots for Men

"We can't beat them," said an American shoe manufacturer, who was looking over our stock of Victor Boots the other day.

"Canadians who buy imported shoes are certainly getting stuck for the duty, when you can sell shoes like that for four, four-fifty and five dollars."

Note—The "Victor" Boot is owned and controlled by the Robert Simpson Company, Limited. You cannot buy them elsewhere.

Three Sales in the Millinery Dept.

Our Millinery Salon is an interesting spot for women most any time, but it's doubly so during the festive Thanksgiving season. Here are three interesting sales prepared for to-day:

\$4.50 FINE BEAVER HATS FOR \$2.45.

All new and good shapes, in black or colors.

\$7.00 WILLOW PLUMES FOR \$4.95.

Long and full fibres, black or white.

\$3.50 TO \$4.00 SHAPES FOR \$1.75.

Corded silk with velvet, satin or velvet, or the best of fur felt.

Neckwear From the World's Best Manufacturers

There is the real hand-made Crochet Neckwear from Dublin, in all shapes and sizes, in round collars, jabots, stocks, yokes and bows, \$1.25 to \$25.00 each.

Hand-made Princess Jabots from Belgium at 25c to \$5.00.

Hand-Embroidered Jabots and Collars, in all white and white touched with colors, 50c to \$10.00.

German Lace Collars and Jabots, in dozens of patterns and styles to choose from; you ought to see the pretty jabots we have for 25c, 35c, 50c and 75c.

SPECIAL SALE OF PACQUINETTE SCARFS.

Black padded satin, lined with white. Each, \$5.00.

Other Styles and Prices.

Paris Novelty Scarfs, net grounds, embroidered with silk, in all the newest shades; Sequin Spangled Scarfs; Egyptian Scarfs, in white, gold and black and white; Crepe de Chine Scarfs; Liberty Satin Scarfs, in all the loveliest soft new shades for this season. \$5.00 to \$35.00 each.

LACES.

We have just marked off another shipment of those Novelty Laces you have been waiting for.

New Net Laces, embroidered in gold, steel and Persian effects, so much in demand that it is difficult to keep in stock; new gimp and net all-overs, used for waists, sleeves and yokes. Prices \$1.00, \$1.25, \$1.50, \$1.75, \$2.00 to \$3.50 yard.

HALF PRICE LACES TUESDAY.

4500 yards of All-over Laces, in guipure and net styles; all this season's importation; twenty to thirty designs and qualities to choose from. All marked at half price for Tuesday's selling, 50c yard to \$3.00.
