NO INJUNCTION TO STOP HOUSING

Justice Kelly Refuses to Act Pending Discussion of Bylaw.

In a judgment handed down at Os-
goode Hall yesterday, Justice Kelly
refused to grant an immediate injunc-
tion to Byron E. Lake, prohibiting
operations of the Toronto Housing
Commission on the Webb estate in
West Toronto. His lordship, in en-
larging the action till a week from
Thursday, when the application to
quash the bylaw will be heard, said
that the matter was one of such im-
portance that he did not feel inclined
to interfere immediately.

W. A. McMaster, who appeared for
the applicant, admitted that he had
been able to serve only two of the five
commissioners, and neither of the two
officials served were present at yester-
day's hearing. E. G. Geary, K.C.,
appeared for the city.

Mr. McMaster began his appeal by
reading the following resolution passed
by the city council on July 4: "Re-
solved, that this council go on record
as favoring the transferring from the
Toronto Housing Commission of the
block of land in ward 7, bounded by
Runnymede road, Lincoln avenue, Gil-
mour avenue and the rear lots on
Woodside avenue, and known as the

NO INJUNCTION TO STOP HOUSING

Webb property to the parks depart-
ment for the purposes of a park, and
that, if necessary, the city exprop-
riate the said lands."

Mr. McMaster said the commission
had ignored the resolution, and had
begun to excavate the Webb property
and cut trees on it, instead of using
it for park purposes. His lordship
thought that plaintiff should give heed
to the greater need.

Mr. McMaster replied that the Webb
tract was not the only tract available
for housing. It was a natural park, he
said. Mr. Geary, in addressing the
court, said that the injunction would
be a very serious matter, and the
plaintiff had shown no ground for such
decision.

Mayor Church was also served with
a writ to attend the next hearing of
the case, as his lordship intimated
yesterday that all parties were to be
heard.

WILL INCREASE POLICE TO PRE-WAR NUMBERS

The board of control at a private
meeting yesterday decided to bring
the Toronto police force up to its
pre-war status, by the addition of 129
men. The present strength is 451.

All the men to be taken on will be
returned soldiers.

POLICE IN MUFTI WANT FREE RIDES

Chief Grasett Asks Street Railway to Recognize Constables' Badges.

Chief of Police Grasett was instructed
by the board of police commission-
ers yesterday afternoon to confer with
General Manager Fleming of the Tor-
onto Railway Company, to see if an
arrangement can be agreed upon,
whereby uniform police officers will be
allowed to ride on the cars by showing
badges when in civilian clothes. The
men have been complaining of the re-
fusal of conductors to recognize the
police badge, and under the present
agreement the railway company re-
fuses to allow police officers, other
than detectives and inspectors, to ride
free when not in uniform.

When the new police badges were
issued, a printed copy was sent on to
the railway company, and they sent
back a letter describing what badges
they would recognize. An extract
from clause 34 of the agreement be-
tween the Toronto Railway Company
and the city regarding the carrying
of policemen and firemen was quoted
as follows: "Police constables in uni-
form, detectives, police officers in the
employ of the city, and while a fire is
in progress, members of the fire de-

Controllers McBride and Cameron
are keeping up their dead set on Sir

meeting yesterday Controller Cameron
referred to the Metropolitan negotia-

of the Hydro commission, saying the
city was not master in its own house.
Controller McBride made a gibe at the
Chinoweth scheme, describing it as a
blunder, and saying the expenditure
was to be in the neighborhood of \$36-
000,000, instead of \$15,000,000, as ori-
ginally stated.

DR. HASTINGS CLEANS AUGEN STABLE

Discussing the statement by an Amer-
ican lady that Toronto had the worst
slums she had ever seen, Dr. Hast-
ings, M.O.H., remarked:
"There is no use denying the con-
ditions as they exist in the Ward.
Anyone who would read my report of
1911 will see all the facts put clearly,
but since that time more improve-
ments and advances have been made
in Toronto than in probably any other
city on the continent."
"Hundreds of houses unfit for habi-
tation and 15,000 yard closets had been
torn down, and the department has
under observation many houses that
would have been condemned had it
not been for the war."

ANTI-BECKITES GET QUITE NASTY

A little later in the day the anti-
Beck attitude was again exemplified
at a private meeting of the board of
control, connected. It is stated, with
the signing of a hydro-radial resolu-
tion in conformity with the vote of
the people some years ago. Sir Adam
Beck, the chairman of the Hydro com-
mission, was present. The meeting
from what was learned later was some-
thing similar to the recent famous
meeting of the board of control, only
this time it was private and the news-
papermen hadn't a chance to give the
public a description of what happened.
Report has it, however, that Controller

After a fairly lively discussion the board of control yesterday decided, on the motion of Controller Maguire, that plans and specifications be prepared for a temporary line of street cars on Mount Pleasant road and that tenders be called for.

Controller Cameron intervened to say, "We know all that you are telling us," and Alderman Ball replied, "Apparently you know it, but there is no action."

Controller Cameron: You see no connection between the Metropolitan and the Mount Pleasant line. I can assure you in my mind there is a very definite and vital connection.

Controller Cameron: Certain objections to the Mount Pleasant road do not appeal to me. It has been stated there is not much population there, but I know what Bloor street was just after the war.

Controller Cameron: I am going to support them both, but the Metropolitan first, the clean-up of Yonge street, and the Metropolitan.

Baseball Toronto 3 J. City 2 New Record By Gar Wood Circuit Straight Heats At Kalamazoo

SEVEN VICTORIES FOR LOCAL OUTFIT

Hard Fight to Beat Skeeters in the First of Series.

The Skeeter is a pesky critter and the ball club that hails from the New Jersey town has just as mean a disposition as the summer pest. Wild Bill Donovan's ball-clubbers opened a five-game series at the island yesterday and nearly upset George Gibson's cast of characters.

The bally trailers had the nerve to take the lead away from the Leafs and it took strenuous battling to get on even terms and then the winning run. All is forgiven, as the Leafs emerged victors, 3 to 2.

Our Robert Heck started the work for Toronto. Bobby had considerable trouble and retired after Jersey City had scored two runs and gained the lead. Justin finished the game and did a nice job of it. Whitman, Onslow and Bill Purcell tried hard to make an easy job of the contest with two hits each, but the Leafs kept coming back with trouble in every round, and the local boys had to put every ounce into the game.

This habit of breaking out with trouble and retiring after Jersey City were late for the salad and lemonade. The fielding was not as sharp as usual, with the visitors showing a rather sloppy brand of the stuff. The Leafs had a couple of mistakes on their sheet, but the earnestness that they put into the struggle made up for this.

It started right with the Leafs getting a run in the first inning. Onslow whiffed, but Ben Purcell found Zella's fork a bit and blood stealing. Whitman doubled to centre, and Onslow loped home on Onslow's single to short when Wendell dropped the throw to first. The Leafs had two on in the second, but couldn't get the needed hit. The Leafs started their stinging activities in the fourth. Wendell bunted and Heck messed it up. Wiglesworth sacrificed and Heck hit Cobb. Hyde cut to centre for the first run, and then Zella's sacrifice to right for the second counter. Heck worked the fifth and then retired for a pinch-hitter.

The Leafs squeezed over the tying run in the sixth. Onslow was walked and dashed all the way to third on Bill Purcell's sacrifice, when the Skeeters left the third corner unprotected. It was playing baseball for the first time, but Eddie slid in under the throw to the plate.

It was not until the eighth that the game was won. Whitman doubled again on a hard drive that the left-fielder touched but that didn't hold. Onslow laid down a bunt and beat it out. Bill Purcell's solid poke sent over Whitman with the winning tally. Brock sacrificed. Andy fanned, and Zella's would not take a chance on Sandberg and walked him. It was the eighth play, as Justin struck out.

A double-header will be played today, and it is hoped that the Leafs will be able to continue their winning streak. Yesterday's victory was the seventh straight for the Leafs, and the boys have announced that nothing less than twenty straight will do them this time. Baltimore is far out in front, but have a series to play here and if the Leafs keep to their knitting something may happen then.

NINTH INNING RALLY FOR DUNN TO WIN

At Binghamton (International).—Baltimore won yesterday's game from the Cobblers by staging a ninth inning rally and taking advantage of the error in the Cobler infield. A single, two errors and a three base hit with the bases filled was too much for Barnes and Frazier, who earned another victory over his old time rivals.

Score: 3-0-0-0-0-0-0-3-10-3
Batteries—Alexander and Killeto; O'Farrell; McCullian, Fillinger and Gowdy.

Second game at Binghamton, postponed, rain.

At Rochester.—Reading-Rochester, postponed, rain.

At Buffalo—Newark-Buffalo, postponed, rain.

ALEXANDER IS BACK; DOWNED THE BRAVES

At Boston (National).—Alexander pitched his first game since June 17, and led Chicago to a 7 to 2 victory over Boston yesterday. Bases on balls by McQuillan and hits by Deal, Mann and Flack, together with an error by Rieger in the fourth, gave the Cubs five runs. Score: 7-0-0-0-0-0-0-2-7-2
Batteries—Alexander, Killeto; O'Farrell; McCullian, Fillinger and Gowdy.

At New York—New York-Pittsburg, postponed, rain.

At Brooklyn—Brooklyn-St. Louis, postponed, rain.

At Philadelphia—Philadelphia-Cincinnati, postponed, rain.

LANGUAGE MUST STOP

Brantford, July 15.—The outbursts of language from visiting ball clubs recently have been such that the management of the Red Sox (Brantford M. & O. team) today requested the police to take action to prevent any further disgusting episodes, irrespective of umpire action.

CATCHER FOR PHILLIES.

Philadelphia, July 15.—Announcement was made today that Walter Truesdale, catcher, has been obtained by the Philadelphia National League club. He came from the Boston Nationals thru the waiver process.

ROGER SUCCEEDS ROLLY.

Toledo, Ohio, July 15.—Rolly Zeider, formerly with the Cubs, today announced his resignation as manager of the Toledo club of the American Association. Roger Bresnahan will take charge of the club. Zeider is temporarily filling the position of manager of the team after the poor start, together with injuries, which have prevented him from making the expected showing in the Toledo infield, are responsible for the resignation.

BRANTFORD CITY LEAGUE.

Brantford, July 15.—The Verity O. A. B. A. team defeated the league leaders, a fast, snappy team here tonight in a fast, snappy game. The features of which was the fine pitching of Watt for the winners. The latter allowed only three hits and struck out seven batters. The result put Waterous and Slingsby tied for first place with the Verities only half a game behind. Score: Verity 8-1-0-0-0-0-0-3-7-1
Batteries—Watt and Williams; Butler and Dickie.
Umpires—Fraser (Paris), McKelvey (Brantford).

Hard Luck Story Tells

How Saginaw Beat Ham

Saginaw, Mich., July 15.—Saginaw won the final game of the series from Hamilton today, 4 to 2. One inning of amateurish fielding gave the home team three runs on a clean hit and a bunt. Two Aces scored at the plate because the Hamilton infield was too slow to handle the bunt. Hamilton's Herman Schwartz and Pike pulled off the double steal for the third run of the inning. Hamilton Schwartz hit for three singles and a double and was aided by a wild pitch, but scored only one run in the fourth. Carlin was thrown out trying to score from first on Zinn's double and two were left on the sacks.

Racing Boats Go Fast

At Put-In-Bay Regatta

Put-In-Bay, Ohio, July 15.—Over a 15-mile final in the Inter-Lake Yachting Association regatta here this afternoon Gar Wood of Detroit established a record for the course in seven minutes and 40 seconds. Wood covered the first five miles in eight minutes and five seconds, the second in eight minutes and one second, and the final lap in seven minutes and 32 seconds. Wood's performance was the feature of the day's events, in which sailing yachts of lower class took part in the regatta.

—Past Events—

Arly of Buffalo won in the I. class; Camille of Detroit was first in the event of the series; Mohib of Cleveland finished first in the event for class 2; Aladdin of Sandusky was winner in class 3; Spook of Toledo finished ahead in class 4; Shadow of Toledo was first in the Star class; Tico of Toledo won the private event for boat races and Flicker of Monroe was first in the event for club cuts.

Four Out of Five Is Tiger's Count

At St. Louis (American).—With the score 4 to 1 in St. Louis' favor, Davenport weakened in the ninth and Philadelphia batted out a 5 to 4 victory, sealing the locals back to fifth place. A double by Burrus, after two were out, drove in the tying and winning runs. Score: St. Louis 1-0-0-0-0-0-0-1-14
Batteries—Parkinson and McAvoy; Davenport and Seaverid.

At Chicago—Chicago concentrated its attack in one inning yesterday and defeated Boston 3 to 1 in the final game of the series. It was a pitcher's duel between Cloutier and James, with the former having the better of the argument. Two singles and a sacrifice fly saved the world's champions from a shut out. Score: R. H. E. Chicago 3-0-0-0-0-0-0-1-5-1 Batteries—Schang and Walker; Cloutier and Schalk.

At Cleveland—Washington defeated Cleveland 3 to 0 yesterday. Walter Johnson keeping the Cleveland hits well scattered. The Ottawa Rowing Club was threatened. He also helped to win his own game by a triple. Score: Washington 3-0-0-0-0-0-0-3-7-0 Cleveland 0-0-0-0-0-0-0-0-0-4 Batteries—Johnson and Feinlich; Bagby and O'Neill.

At Detroit—New York and Detroit broke even in a double header yesterday. The locals winning the first contest, 13 to 2 and losing the second, 5 to 0. It wound up the series in which Detroit took over the lead from the first game. A great feat in which the Tigers hit for twenty-three bases while Daus had New York to seven scattered hits. Young, Hellmuth, Bush and Veach led the batting, the latter getting two hits in the second game called off the end of the sixth to allow New York to catch a train. It was won by timely hitting combined with Boland's costly error in the third. Score: R. H. E. New York 0-2-0-0-0-0-0-0-2-7-1 Detroit 13-2-3-0-0-4-3-13-1 Batteries—Curtiss and Ruel; Daus and Almsmith. New York 0-0-0-0-0-0-0-0-3-8-1 Detroit 5-0-0-0-0-0-0-0-3-8-1 Batteries—Schuyler and Hannah; Boland and Stange.

OTTAWA JUNIORS FOR REGATTA.

Ottawa, July 15.—It is definitely announced that the Ottawa Rowing Club would only have one crew in the Royal Canadian Henley Regatta. This will be the junior eight, stroked by Gordon Dunlop. Hopes had been entertained that the Ottawa Club would be able to send a junior four and a 10-b. eight.

THE MONEY GOLFERS.

Shawnee-on-the-Delaware, Pa., July 15.—Jim Barnes, the western open champion, led a fine field of professionals at the end of the first day's play in the invitation open golf tournament of the Shawnee Country Club today. The St. Louis golfer returned 72 for both morning and afternoon rounds of 18 holes. This was two strokes better than the cards turned in by Mike Brady of Oakland, Gil Nichols of New York, at the end of the day's play, stood the best chance of winning the purse for the best single round of the tournament. He had 71 in the morning, but could do no better than 77 in the second round. The tournament will end tomorrow, when seven money prizes will be awarded for the best total scores for 72 holes.

They All Have Alibis, Even Jack Dempsey, For Not Going Over There

Cincinnati, O., July 15.—Jack Dempsey is growing mighty tired of hearing the falsehood about him being a slacker, why he did not take part in the great war, Jack said today, when he addressed a gathering of newspapermen to nail the lie in the papers, and that he would nail the liar who repeats the falsehood.

"I tried to enlist in the navy, but was rejected because my left ear drum had been broken in a fight," said Dempsey. "It was the first time he had shown any indignation since his go with Willard, July 15, his black eyes throwing out sparks while a fish burned under his bronze cheeks, the new flint king continued: 'My right ear also is defective. I was placed in class 4 by the draft board on this account, and since the country was in need of shipyard workers, I took up that end of it. Later I was placed in class 2-D, but while I was ready to answer the call, the government did not requisition my services.'

"In the meantime I got into thirty or forty fights on this side, fighting all over the country, raising money for the Red Cross, and the fights in which I took part netted that organization more than \$200,000.

"Two of my brothers were in the service, and I was the only support of my family, which included an invalid brother. The other day a fellow asked me why I did not get into the service, and I stopped him by asking him why he did not.

"I also fought at many army camps for the benefit of the soldiers and widows, and received the first and I the second license for this patriotic work by the Army and Navy league.

"Barring the doughboy I can't figure where anyone who was in my circumstances at the time gave so freely of his services as I did and yet there is talk that I was a slacker."

Dempsey recalled today that his father received his fishing touches as a school teacher in Cincinnati years ago.

PARIS MAINTAINS VICTORY REJOICING UNTIL EARLY MORN

Climax of Night's Proceedings Was Appearance of the Girandole.

CARNIVAL SPIRIT

Various Cities and Provinces of France Join in the Celebrations.

Paris, July 15.—Weary but still bent upon continuing its festivities until the last ounce of cerebral energy has been spent, Paris kept up its Victory Day celebration well into the small hours of this morning. Each of the traditional attractions of July 14—the illuminations, the fireworks, the free performances in the national theatre, the street dancing—found its particular crowd.

The climax of the night's proceedings, however, was the appearance of the Girandole, especially brought from Florence, where it was made, for the occasion. It consisted of a series of connected panels, brilliantly illuminated by 25,000 lamps and adorned with the portraits of the allied rulers and celebrities, together with inscriptions recalling the principal events of the war.

The Girandole was in evidence among the people, and confetti battles were numerous notwithstanding the ban that had been put upon them by the prefect.

As a sequel to the victory procession, President Poincaré has written to Premier Clemenceau asking him in the name of the country "to convey to the French armies in this divine moment the passionate admiration and gratitude of the republic."

Despatches from the various cities and provinces of France on the observance of Victory Day report that everywhere the same spirit of exultation was manifested as in the national capital.

The military reviews brought forth demonstrations of patriotic fervor at Alsace-Lorraine, at Metz and Strasbourg, where celebrations took on an especially solemn character and evoked indescribable enthusiasm among the people.

Despatches from various European capitals, such as London, Madrid, Lisbon, Rome and Brussels, as well as from other foreign cities describe demonstrations there in honor of the day and in friendship towards France.

TORONTO WOMAN DELAYS LINER'S DEPARTURE

Boston, July 15.—The sailing of the Anchor Line steamship Maasilta was delayed half an hour yesterday in order to give one of its passengers an opportunity to have her passports vised.

Miss A. Geggan of Toronto arrived at the pier shortly after 1 a.m. with several pieces of baggage. When her passports were examined it was found that they bore the signature of the United States government nor the British consular visa, which were necessary before the young woman could go on board the steamer.

A taxi was engaged by the officials of the steamship line, and accompanied by one of the clerks, Miss Geggan made a hurried trip across the ferry to the customhouse and the British consulate. The passports were signed and the taxi raced back to East Boston, reaching the pier at just 12:30 p.m.

Say "No Bread Wanted," To St. Catharines Bakers

St. Catharines, Ont., July 15.—The bakers' strike took on a new phase this morning when the meter bakers and members of their families took their bread to the grocery stores this morning. They were met with the answer "No bread wanted today," and were obliged to take their bread back to the barn. Shipments of bread from outside cities were brought in for the local grocers, who, with the exception of four, signed an agreement to accept no bread from local bakers while the strike is on.

Are Proceeding With Plan For Big, New Kingston Hotel

Kingston, Ont., July 15.—A meeting of the hotel committee of the city council was held, at which F. A. Dudley of the United States Hotels Company of Niagara Falls, N.Y., was present. Mr. Dudley explained the working system of the United States Hotels Company, and the local committee decided to accept the system of the company and are going ahead enthusiastically with the plans for a new hotel for Kingston.

Chairman Peters of the committee has offered a prize of \$10 for any school child giving the most suitable name for the new hotel.

OBVIOUSLY. A rural editor received this question from one of his readers: "What is the matter with my hens? Every morning I find one of them laid out stiff and cold on the henhouse floor."

Next day this answer duly appeared in the query column: "Your fowls are suffering from death. It is an old complaint. The only treatment that we can prescribe is burial."

PHYSICALLY DISABLED CAN JOIN MASONS

General Purpose Board Admits All But Mentally and Morally Unsound.

Everything is now in readiness for the 64th annual convention of the Masonic Grand Lodge of Canada, which will open its session with a general meeting of more than one thousand delegates at the Masonic Temple this morning. A slight shadow has been cast on the convention because of the inability of Grand Master W. N. Wardrop, K.C., of Hamilton to attend, because of an affection of his throat which keeps him confined to his bed.

His place will be taken by F. W. Harcourt, K.C., the deputy grand master and chairman of the board for general purposes, who will preside and will also deliver the grand master's address. If Grand Master Wardrop will be unable to attend there will be, however, a good attendance of past grand masters, among whom will be: W. R. White, K.C., of Pembroke; E. T. Malone, K.C., of Toronto; Judge MacWatt, of Sarnia; Henry Robertson, of Collingwood, and Hon. W. D. McPherson, K.C., M.L.A.

About fifty district deputies and members of the board for general purposes attended an informal dinner at the Ontario Club last night, which was to have originally been tendered to the grand master. The dinner was purely informal and no speeches or addresses were delivered.

Reports Accepted. The board for general purposes finished its preliminary work yesterday after an all day session when they accepted all reports for the year. The big point at issue was the admission of partially disabled men. Some members of the board thought that it should apply to men who had been disabled in the great war only, but the final recommendation passed on to the general body allowed any physically disabled man to join the craft, whether disabled in the war or not. The only stipulation made was that the aspiring candidate should be sound mentally and morally.

Many of the visiting members were driven around the city yesterday for a sightseeing trip, while out of town delegates continue to pour into the local hotels.

CRITICIZE SPEECH OF SIR EDWARD CARSON

London Times Calls Upon Government to Do Something for Ireland.

London, July 15.—Sir Edward Carson's speech condemning a dominion home rule scheme for Ireland and threatening in extremity to call out the Ulster volunteers was mentioned in the house of commons, but the Ulster leader is unrepentant and has made another speech attacking his adversary in the press. He is again subject to newspaper comment. The Times calls upon the government to do something for Ireland, and says that Sir Edward has conferred a charter of lawlessness upon others who dislike the present state of things.

The Daily Express says Sir Edward Carson must know that Great Britain does not dream of inflicting injustice on Ulster. It is perilous in these times to talk of revolt, and it is amazing that such talk should come from Sir Edward Carson, the paper concludes.

Saunders For the Gender. The Manchester Guardian thinks the speech could be heavily punished under the defence of the realm law. It is obvious, it says, that what is saved for the goose is sauce for the gander, and if this kind of incendiaryism is permitted on one side it cannot be punished on the other.

The Morning Post, the uncompromising opponent of separation policy, applauds the speech. It says: "We know from Sir Edward Carson that dominion home rule is no more acceptable to Ulster than it is among the Sinn Feiners. It is applied only to those who are utterly discredited either in England or in Ireland and who if they had the power to impose the scheme would certainly lack the power to make it work. Dominion home rule is no perceptible advantage over the home rule act, now in suspense, and in regard to that act it is impossible to find either among its authors or its beneficiaries any single person to say a word for it."

MOROCCO BANDIT LOSES HEAVILY IN ATTACK

Madrid, July 15.—Raisuli, the Moroccan bandit, according to an official communication issued today, again has attacked the Spanish positions at El Arish, but was repulsed after a long and bitter fight. The bandit, realizing that the Spanish troops had cut off communications between his camp and Tangier, decided to attack and the communication said it was carried on furiously.

Raisuli suffered heavy losses, leaving many dead or wounded on the field. The communication adds that the Spaniards also lost heavily, but that they are pursuing Raisuli, who is fleeing into the mountainous country.

NEW YORK STOCKS KEEP ON CLIMBING

Absolute Demoralization in Foreign-Exchange Market Not Worrying Wall Street.

New York, July 15.—Pools and speculative interests generally were again in undisputed control of the stock market today, resuming their bullish operations in the face of developments

Absolute demoralization in the foreign exchange market, as evidenced by the acute weakness of rates on London and Paris and increased discrimination against industrial collateral, caused only occasional interruptions to the market's further advance.

Dealers in exchange were at a loss to explain the continued adverse movement of sterling and francs on other than credit or economic grounds, which are admittedly unfavorable to the principal entente powers.

STRIKING RESULTS AT MATACHEWAN

Ore Proves to Be Much Richer Than Diamond Drilling Had Indicated.

As agents of change the plutonic rocks are much more powerful than the volcanic. For this reason Matachewan is the only gold district in Ontario in which contact metamorphic deposits are found. The changes which we now see took place more than a mile below the surface as it existed at the time. The ore deposits at Matachewan surround the quartz veins. They are in rock greatly altered physically and chemically by the eruption.

The volcanic flows at Porcupine and elsewhere were situated at the surface, and their rapid cooling and solidification did not admit of contact deposits. At Matachewan you dig into the country rock surrounding the quartz veins and you find the ore.

LA ROSE FINDS PART OF THE MAIN VEIN. The Northern Miner says: What has been reported as a new vein at the original La Rose property in Cobalt is really a section of the main vein.

Operations on the Violet have been very encouraging. A regular shipment was made. Number two vein, considered the most important found on the property to date, is producing a fair quantity of high-grade ore. Some high-grade ore is also being found. Crosscuts are being run, and veins already found are being developed.

FORMATION OF SHINING TREE IMPRESSES FEDERAL OFFICIAL

W. H. Collins of Department of Mines Makes Very Favorable Report on District—"Surprising Number of Veins and Mineralized Zones Found," He Says.

Special Correspondence of The World. West Shining Tree, July 15.—The report on this district by W. H. Collins of the geological survey branch of the department of mines, Ottawa, is very favorable. Mr. Collins states that the formations were almost contemporaneous with the first discoveries of gold. In fact he left the camp on the very day that the Atlas discovered free gold in the rich Atlas amount of surface work at the time.

district of West Shining Tree for some years. Dr. Miller, the head of the Ontario bureau of mines, did some very valuable work at Cobalt. He confirmed the high values in silver almost entirely to the sedimentary rocks. If strictly followed, this information would have saved a lot of money. Instead it created criticism and gross misrepresentation of the views of the learned scientist. Since then he has taken little part in the direction of the affairs of the bureau of mines. It dawdles along in a rut and follows the same outworn routine from year to year. It has no great objective, no system or policy and the useful in a degree, it falls dismally in what should be its real mission.
