ROGERS UPHELD IN FINDINGS OF INVESTIGATION

McLeod-Tellier Report Holds Justice Galt's Conclusions Were Unwarranted.

CONTRACTS LET FAIRLY

Contribution to Party Funds Not Related to Raise in Tender.

Ottawa, July 27.—The report of the McLeod-Tellier commission which was appointed to examine the evidence laid before Mr. Justice Galt, the commissioner appointed by the Manitoba Government to inquire into all matters pertaining to the Manitoba Agricultural College and the contracts in connection with it, and to report upon the findings of Mr. Justice Galt so far as they affect Hon. Robert Rogers, was laid on the table of the commons today. The report of the McLeod-Tellier commission is a complete vindication of Mr. Rogers, and the minister of public works, who had retired from the administration of his department pending the report, took charge of his duties when they were under consideration by the house in committee of supply this evening. No remark was made by the opposition members. Mr. Justice Galt was appointed commissioner in 1916. The contracts in connection with the Manitoba Agricultural College at Winnipeg in 1910 when Mr. Rogers was minister of public works for Manitoba. Mr. Justice Galt made two interim reports in January and May of the present year, in each of which he makes findings and observations reflecting upon and prejudicially affecting the honor and integrity of Mr. Rogers and his associates in his dealings and transactions. Chief Justice Sir Ezekiel McLeod, of New Brunswick, and former Justice Teller, of the superior court of Quebec, the two commissioners appointed by the federal government. Mr. Rogers, having asked the prime

QUIET DAY IN HOUSE

Bill to Amend Insurance Act is Discussed in Committee.

Ottawa, July 27.—When the house convened this evening after the dinner recess, Hon. Robert Rogers was discovered sitting on the treasury bench with the deputy beside him, reinstated as minister of public works and prepared to present the estimates of his department to the committee of the house. Mr. Pugsley, the opposition critic of the public works department, was in a benignant mood, and the estimates went through with unusual ease and rapidity. Many of the members on both sides of the house clustered about Mr. Rogers at the close of the evening to congratulate him upon his vindication at the hands of the McLeod-Tellier commission. The afternoon sitting was devoted to consideration in committee of the whole of Sir Thomas White's bill to amend the Insurance Act. This bill practically re-enacts the Insurance Act of 1910 which was crippled beyond repair by a recent decision of the imperial privy council. To meet this judicial decision every foreign insurance company doing business in Canada is required to obtain a license from the superintendent of insurance and is declared to be a corporation under the laws of Canada. Hon. Wm. Pugsley thought the draft as drafted was absurd on its face. He thought it should read that every foreign insurance company doing business in this country should

DINEEN'S HAT REDUCTIONS.

A big Saturday again at Dineen's. Hats in the middle of the hot weather spell and hats for cool heads offering at great price reductions. Every straw and Panama hat in the shop reduced at least one-third from the regular selling price. The only exception is the Dunlap hat, of which Dineen's has no over-stock. But all other exclusive lines are on the bargain counter. Dineen's, 140 Yonge Street.

BRITISH SHIPPING LOSS OF TWO MILLION TONS

Lord Robert Cecil Reveals Reduction to Slightly Over Fifteen Million Tons Since War Began—Forces Sacrifice.

London, July 27.—Lord Robert Cecil, the minister of blockade, discussed the shipping situation at length with the Associated Press today, touching particularly on the sacrifices incurred by Great Britain owing to the obligations imposed upon shipping as a result of the war. "Ocean-going vessels of British registry before the war were between 17,000,000 and 18,000,000 tons," he said by way of introduction. "At present the total, inclusive of prizes and new ships, is slightly over 15,000,000 tons. "The country generally has had to suffer great and increasing sacrifices thru the shortage of tonnage caused by war requirements and submarine losses," continued Lord Robert. "I wish particularly to point out how we have sacrificed ruthlessly the needs of industry and commerce to war requirements."

ALLIES' WAR AIMS MUST BE ACHIEVED

Paris Conference Shows Firm Resolution to Battle to Finish.

London, July 27.—The decision to continue the war until the aims of the allies have been attained is announced by the conference of powers held in Paris. It was decided also to withdraw the entente troops from ancient Greece, Thessaly and Epirus. This latter action will not affect the campaign in Macedonia and Albania, but will result in the turning over to the new Greek Government the territory taken by the allied armies. "The allied powers, more closely united than ever for the defence of the peoples' rights, particularly in the Balkan peninsula, are resolved not to lay down arms until they have attained the end which in their eyes dominates all others and render impossible a return of the criminal aggression such as that whereof the central empires bear the responsibility." There was unanimous agreement on all decisions reached during the meetings. The ministers of department affected will meet in London to draw up the executive measures.

SUBMARINE SINKS JAPANESE VESSELS

Two Fairly Large Steamers Fall Victims in the Atlantic.

New York, July 27.—The Japanese freight vessel, Kagoshima Maru, 4562 tons gross register, and the Shigosen Maru, a vessel of 2827 tons gross, were sunk by German submarines in the Atlantic Ocean on July 20, according to cable advice received by marine underwriters here today. The Kagoshima Maru was on her way from an American port to Europe and was about seventy miles off the French coast. The other was on her way back to this country from Genoa. The Shigosen Maru, before her purchase early this year by the Japanese, was the Mexican steamship General y Pequeira, and was built in Flushing, N. J. The Kagoshima Maru was built in 1896 in England and was formerly the steamship Wilhelmnia. The crews on both vessels were saved.

RUMANIAN MINISTRY BECOMES COALITION

New Cabinet Assumes Office at Jassy—Bratiano Still Premier.

Jassy, Rumania, July 27.—A new Rumanian cabinet, to take the place of that formed December 20, 1916, is announced. J. J. C. Bratiano will retain the premiership and the portfolio of foreign affairs. Other members are: Gen. Janjovsco, minister of war; M. Constantinesco, minister of the interior and food; M. Titulesco, minister of finance; and Vintilla Bratiano, minister of munitions. The new war cabinet will be a coalition government, being composed of eight Liberals and five Conservatives. The Liberals have a majority in parliament.

REDMOND HAS HOPE OF UNITED IRELAND

Dublin, July 27.—John Redmond, the Irish leader, who left Dublin yesterday after the adjournment of the Irish convention, has telegraphed his regrets to the American Journalists here that he was unable to meet them. "The auspicious inauguration of the convention," says Mr. Redmond's telegram, "raises the hope that its deliberations may lead to an early realization of a united and self-governing Ireland."

FIVE MILLION SOLDIERS ENROLLED BY BRITAIN

Lloyd George Describes Military Effort of United Kingdom—Anti-Submarine Campaign Incontestably Cuts Down Shipping Losses.

Paris, July 27.—David Lloyd George today gave a breakfast to a number of editors of important French newspapers, during which he conversed fully with them on the military situation, and replied to questions. The Temps this afternoon gives a summary of his talk: Lloyd George said that Great Britain now had between 5,000,000 and 6,000,000 soldiers enrolled, without counting between 400,000 to 500,000 belonging to the navy or nearly a million men from the dominions and colonies. Great Britain had placed at the disposal of her allies an added, from 1,500,000 to 2,000,000 tons of merchant shipping. Next year's building program for merchant ships, which already has begun, amounts to 4,000,000 tons, or twice as much as in a good year during peace time. Alluding to the campaign against submarines, Lloyd George said: "The diminution in shipping losses is incontestable. It is impossible to abandon this subject without paying homage to the aid given by the Amer-

ACTION IN VOSGES

French Infantry Repels Foe in Struggle for Hartmanns Weilerkopf.

Paris, July 27.—The war office communication issued this evening says: "Intermittent artillery fighting took place today on the greater portion of the front. The cannonading was especially violent in the sector of Allies and Hurtbais, in Champagne, in the region of Mont Haut, and on both banks of the Meuse. "Last night a surprise attack by the Germans at Hartmanns Weilerkopf failed completely under the fire of our mitrailleuse. The enemy left many dead on the ground. "Belgian communication: During the course of the night the German artillery violently bombarded the environs of Hotes, Steenstrate and Pyppegaard. It directed an intermittent fire on the communications at the front. "In the morning the German artillery bombarded the regions of Peresvye, Dixmude, Oordchepele and Nieucapelle. In the afternoon the customary activity of the artillery was resumed. We carried out a counter-battery fire and a fire of destruction against an enemy observation post. "In the morning the German detachment has captured the crew of a German submarine straggled on the shore. "Army of the Orient—British aviators have bombed enemy camps in the region of Demir-Hisar. A rather violent cannonade is reported on the right bank of the Vardar and between Lakes Prespa and Ochrida."

BORDEN FORESHADOWS BIG RAILWAY PROGRAM

Premier Said to Have Outlined in Caucus Plans for Nationalizing Grand Trunk, Along With C.N.R. and G.T.P.—White Suggests Temporary Aid.

Ottawa, July 27.—The Conservative members had a caucus this morning on the railway situation. The strictest secrecy is maintained as to what took place, but it is known that addresses were delivered by Sir Robert Borden and Sir Thomas White. The members were asked to express their views and no less than four proposals were placed before the caucus, but no definite action was taken. Sir Thomas White mainly confined himself to the financial situation and the difficulty of obtaining loans in the United States for anything but war purposes. Some money, he said, would have to be advanced for interest payments due upon bonds of the Canadian Northern and the Grand Trunk Pacific, but the money would be disbursed under government supervision and subject to more direct control of the railways hereafter by the government. The prime minister, it is said, promised to take into consideration the views expressed by members of the caucus, but intimated that the government hoped before long to lay before the members and then present to parliament at this session a sweeping and far-reaching solution of the railway situation, which, he said, would do no injustice to any private interest, but would be hailed with approval by the friends of public ownership in every part of the country. Big Clean-up. No details could be learned of the proposed plan, which evidently points towards nationalization, but it is stated on good authority that the premier's plan will apply not only to the Canadian Northern and to the Grand Trunk Pacific, but to the Grand Trunk Company of Canada as well; that is, the Grand Trunk Pacific will no longer be treated as a separate entity, but will be regarded as a part of a general system, and the clean-up will include the old Grand Trunk.

STOP WHEAT SALES TO UNITED STATES

Grain Supervisors Issue Order Applicable to Balance of Present Crop.

Winnipeg, July 27.—The following order was issued this afternoon by the board of grain supervisors for Canada: "It is hereby ordered by the board of grain supervisors for Canada, in conformity with section 4, of the order-in-council constituting the board, that, so far as the balance of the present crop is concerned, and until further notice, the sale and shipment of Canadian wheat, without the consent of the board, to parties in the United States, must cease; and it will be held to be a violation of the orders of the board if any party or parties export Canadian wheat of the present crop to the United States, without having requested and received the consent of the board of grain supervisors for Canada. (Signed) Robert Magill, chairman. A. R. McDonald, secretary.

RESIDENTS OF POLTAVA GREET WOUNDED WOMEN

Hundred Thousand People Turn Out With Band to Welcome Amazons.

London, July 27.—A despatch to the Exchange Telegraph from Petrograd, dated Thursday, says: "Ensign Mile. Vera Butchareff, commander of the Russian women's battalion, and Lieutenant Sarydova, suffering from shock as a result of bursting shells, and about a dozen other members of the battalion who were wounded in the recent fighting have been sent to Minsk. When they reached Poltava they were welcomed by 100,000 citizens and soldiers with a brass band and carrying banners. "It is said the women attacked the Germans after the Russians had deserted, rushing forward impetuously and firing their rifles with deadly effect. Their prisoners were greatly chagrined when they learned the sex of their captors."

KILLED BY BULL

London, Ont. July 27.—David Henry Carroll, farm manager for Dr. C. A. Cline, of this city, was gored to death by an infuriated bull early today on the doctor's farm near Whitebridge, Hamilton road. Mr. Carroll, six-year-old daughter was an eyewitness of her father's terrible death. The victim leaves a widow and four daughters.

SWEDEN MUST CEASE TRADE WITH GERMANY

Lord Robert Cecil Points Out Immense Aid Rendered Enemy by Export of Metals From Scandinavia.

London, July 27.—Lord Robert Cecil, minister of blockade, emphasized in an interview with the Associated Press today, the vital importance to the allies of stopping the trade in iron ore and wood pulp which the Scandinavian countries now are carrying on with Germany. "You ask me," said Lord Robert, "if the United States is justified in threatening the Scandinavian countries with a stoppage of food supplies unless the ore trade is stopped. "Whether your country will be justified in so doing is a question which will have to be decided at Washington. Certainly it seems that the United States very properly may ask Sweden whether she wants American products so much that she is willing to forego her trade with Germany. "Iron ore and wood pulp traffic between Scandinavia and Germany is so important that it is hard to overestimate it. Our military and naval people tell me that without Swedish iron, German munition manufacturers will be in a very difficult position. Sweden is exporting directly to Germany the fundamental materials for shells to kill our soldiers and yours. "It certainly would be a great mistake to neglect any step which might put a halt to a traffic which means, every ton of it, the loss of allied lives."

FORM JEWISH REGIMENT

London, July 27.—The war office has announced the formation of a special Jewish regiment of infantry with experienced officers in the higher commands. Jewish soldiers with knowledge of the Yiddish or Russian languages already serving with British regiments, will be transferred to this unit. The regimental badge will be a copy of King David's shield.

WORK UNDER WAY ON RAVINE BRIDGES

Hundred and Fifty Men at Work on Bridges for C.P.R. Leaside Line.

Preparations are being completed by the Canadian Pacific Railway for the construction of two reinforced concrete bridges—one over the Reservoir Park ravine and the other over the Belt Line ravine near Leaside, on the line between North Toronto and Leaside.

During the erection of the new bridges traffic will be diverted to temporary bridges which are in the process of erection now. Trestles are being built over the Reservoir ravine and which a single track will be laid and will be ready for traffic shortly. On the completion of the temporary bridges, the old structures will be torn down and construction of the new begun.

James Finlay is the contractor employed by the company who has charge of the taking down and removal of the old structures. Others engaged in the undertaking are P. B. Motley, engineer of bridges, and J. M. R. Fairbairn, assistant chief engineer.

Call for Win-the-War Convention To be held in the ARENA, TORONTO (SEATING CAPACITY 8,000)

BELIEVING AS WE DO that in this crisis in the affairs of our country it is of vital importance to:

- 1. That Canada shall dedicate all her resources of men and means to the Winning of the War,
2. That if we are to justify our national existence, to succour our living and be worthy of our dead, Conscriptive Measures be immediately adopted and enforced to maintain the strength of our forces at the front and to discharge our full duty in the existing emergency,
3. That a National Non-Partisan Government be established for the vigorous prosecution of the War,
4. That all patriotic elements in the country which place the Winning of the War above all other considerations be united, to the end that their strength may be made effective to overcome selfishness and indifference, and that the people of Canada may be dedicated anew to their high destiny of service in the War, AND DEEMING IT ESSENTIAL for the welfare of Canada that all citizens of Ontario who share these beliefs shall have an opportunity of expressing their adherence to these principles and of ensuring their enforcement,

WE THEREFORE INVITE all public-spirited citizens, of whatever political faith, to attend an Ontario Convention in Toronto, the Capital of the Province, on THURSDAY and FRIDAY, the 2nd and 3rd of AUGUST next. The Convention will be called to order at 3 p.m. on August 2nd.

H.C. OF L. WORRIES CIVIL SERVANTS

Some Have to Support Families on Less Than Six Hundred. A member of the executive of the Great War Veterans' Association had written a copy of a statement submitted to the government at Ottawa on May 15, 1917, to the effect that the minimum salary of civil servants of the Dominion of Canada should not be less than \$1000 a year.

Representatives of the various departments of the civil service in Toronto were represented and a spirit of enthusiasm and determination pervaded the meeting that they were only seeking and were going to get their just deserts. At the close of a lengthy deliberation the meeting decided on the motion of W. W. Leake of the postoffice department, that a deputation of representatives from each department should interview the cabinet at Ottawa and ask for a bonus of \$25 a month.

Have to Get It. "We hope to be able to receive recognition from the government without even talking of such a proposal," he said. The chairman suggested that many would send in their resignations and would take a holiday if the increase were not forthcoming. "We have to get it and we are going to get it," he added, amid applause. The public was ignorant of the wages paid to the civil servants. "A man practically told me I was a liar," he said, "when I told him that a civil servant was getting \$700 a year and working seven days in the week. Some employees have to get outside help in order to keep their wife and family."

Veterans Interested. T. G. Matheson of the Dominion Public Works Department, occupied the chair. He warned the gathering that if they did not obtain anything as the outcome of the meeting they could hold their peace for the next ten years. The meeting had been called, he said, by the executive committee of the civil service federation. He referred to a paper in his hand on

Still a Coal Shortage

There is still a great deal of unrest over the coal situation. This comes out in various ways. While it is true that many citizens have got their winter coal in their cellars, it is also true that as many as ever have been unable to do so, or are waiting for the remote possibility of lower prices. It is an improbable possibility, and the dealers are not anxious to contribute any relief in this direction.

Yesterday the coal dealers were represented by counsel before the Ontario Municipal Board to oppose the application of Ottawa to establish a civic coal yard. Toronto and some other places are also interested in these proposals, but the Ottawa proposal, if based on the figures submitted, would not lower prices or compete with the dealers, but could only supply a reserve of coal in case of a fuel famine.

The conditions in the United States are not less serious than here, and the government there is occupying itself continuously with the problem. It will only be a few months till winter is once more in sight, navigation will be closed, and the railways will have to be depended upon for most of our supplies. As far as anyone can judge, the situation will be worse than last year.

Mr. Magrath has confidence in the United States authorities doing their best, but supply depends so largely on railway transportation, and there is so much uncertainty about that point, that even Mr. Magrath himself is fain to give a warning about the necessity of economy of fuel of every kind.

One of the points that made a deep impression in Ontario in the Acworth-Drayton railway report was the necessity for having the freight service for coal in perfect order, the returns showing how badly the Grand Trunk had handled the business last year. It is one of the factors that weigh heavily in the public mind, influencing the general demand that the report should be approved and carried out by the government.

Must Hasten Reinforcements.

Since the passing of the conscription bill sentiment is consolidating in favor of it. As the terms it imposes on the country become known, and as it is understood that not every man, but only the eligible men who are needed and who can be spared from necessary occupations, will be called, the fairness and justice of the measure is taking hold of the public mind, and the objectors become fewer and more ashamed of themselves.

A great deal is being done by all sections and parties, except the official political malcontents, who would probably have been howling for conscription if the government had objected to it, to prepare the country for the draft.

The returned soldiers of all ranks are exerting considerable influence, and they are naturally a unit for conscription, which simply means assistance for their comrades at the front. None know so well as they who have fought in France and Flanders how badly needed are reinforcements, and when a resolution calling for the immediate operation of the act was proposed, it received instant and unanimous approval.

The leading Liberals of Ontario, with a few exceptions, the Liberal newspaper editors, and men like Mr. Rowell, are all strong for the principle of the selective draft, and when the conditions of the reserves are considered, it must be agreed that there should be no delay in proceeding with the application of the measure. This should be done as a war emergency. The public sentiment is clearly in favor of it, except in Quebec, and with regard to that the Hamilton Times is still quoting Sir Wilfrid Laurier to the effect that a Quebec will obey the law after a mandate from the country. There will be a mandate all right, but it is unworthy of Canada, and dastardly treatment of our men at the front, to postpone until after an election the mobilization and training of the men who are so badly needed to keep our four divisions intact. There was to have been a fifth division, but it is to be broken up to reinforce the other four. Such is our hand-to-mouth military provision.

The selective draft is only a beginning of what is needed, and funds, equipment and other details will have to be provided. But the great thing is to get started, and the country aroused to the necessity that still lies before us. Victory is not for laggards.

The Kaiser Hopes We Shall Tire.

As the fourth year of the war is about to open the forces of social anarchy, under various names, in all the nations are gathering themselves together to cripple the war measures and defeat the object of the entente

allies to drive autocracy and militarism from civilization. The most frequent pretext is a clamor or a whine for peace. The "Hearst" papers in the United States appeal to the government to sue for peace, backing up the statements that accompany this proposal with the usual bogus figures, which are intended to make the simple believe that the war is practically over, that Germany is victorious and all that remains is for the entente allies to do the routing. In Russia the efforts of the so-called peace propagandists, who are merely German agents, have had deplorable results. They have prolonged the war a year at least, upon which pacifists are at liberty to congratulate themselves if that is what they wish.

The same alliance is at work in Great Britain and a peace resolution was brought up in the house of commons. It is true that many of those who support such motions have the most amiable intentions, and would not consciously assist the Kaiser and his plans. But their action has just the same effect as if they had plotted or conspired with the Kaiser and his enemies against our own sovereign, and all that he, as the head of a free, democratic and self-governing nation, stands for. All these people are playing the Prussian game, and often far more effectively than if they were wearing the grey uniform of the German army.

Another of these efforts against the success of the war for Britain is to be found in the recently organized Workers' and Soldiers' Council, formed after the model of the Russian body. This council has no other object than to do what Lenin and his followers have done in Russia, bringing about the appalling trench-ery of the Russian troops, and the serious losses that aid Germany on materially. The labor men of Britain are not likely to be deceived by such efforts as a whole, but they tend to create unrest, and what strikes and slackness in all necessary effort, they assist in spreading the feeling of disgust which operates on the morale of the nation, and creates the war-weariness, of which there is too much talk.

All this is exactly what Germany wants. The autocrats never tire. It is their royal virtue. They calculate that if they keep on long enough the democrats, the labor men, the common people as the Prussian Junkers regard them, will tire first. The patient ox does tire before the ferocious tiger. But if he had brains and spirit enough he would see that his life depended on his going the tiger's way, and they must not slacken their efforts.

Mr. Bonar Law in the peace resolution debate recognized that all the nations were staggering under their burden, but unless their hearts failed them their resources were equal to their task.

Ex-Premier Asquith pointed out the folly of a peace that would merely restore the status quo ante, which would mean gigantic preparations for another struggle, with exactly the same aims. There is not the slightest hope of Germany accepting such peace principles as these well-meaning resolutions embody until the German people, under free parliamentary institutions, and rid entirely of the grasping and conspiring Hohenzollerns, have proclaimed themselves free as democratic peoples are free, and renounced forever their hatred and enmity towards other sections of the human race. They must renounce the idea of Deutsches uber Alles, and of the "Fatherland, surrounded by enemies," and begin to think and talk common sense before there can be peace.

Mr. Wardle, representing the Labor party, advocated the peace resolution, and agreed with Mr. Asquith. So the Kaiser is likely to be disappointed, however long he waits.

THE WAR ANNIVERSARY.

Mayor Church yesterday issued a proclamation calling upon the citizens to observe Sunday, August 4, as the third anniversary of the war, and asking the clergy of all denominations to hold special services on that date for the purpose of stimulating devotion and patriotism.

WINIFRED BLACK WRITES ABOUT ONCE-UPON-A-TIME BEAUTIES

I wondered, and pondered, over the ways of a woman who was my neighbor until a few months ago. She is a plain woman of middle age and she dresses well and plays the game of life with some spirit, but she is without the characteristics, whatever they are, which win friends or admirers.

Yet my neighbor has the little mannerisms of a beauty. She is always angling for compliments and tossing her well-coiffed head, bridling and smiling, or as often pouting and frowning after an infantile fashion which goes ill with her age and position in life.

When her sister came to visit, the "My sister," said the visitors one day, "was a famous belle and beauty in her youth. She was admired by all beholders and was the pride of the small town where she lived. Every eligible man in the country round wanted her for his wife, and she whose husband was the pride of the town, from all the men she knew."

And chose a crooked stick, I could not but think, but I only said:

Relics of Other Days.
What a word of social salvation is "indeed." Often it saves the speaker from either frigid silence or unimpassioned comment. I was just saved from saying, "How interesting!" for immediately I remembered other women, bygone beauties, whose ways had provoked my curiosity until the secret of their former attractions had been revealed to me.

The little airs of coquetry sit heavily upon the woman whose charm was all of youth. It is a pity, but they must be had, to give one a thick veil over the understanding, and prevent the mind from any real and keen examination.

It was a puzzle solved when I found out that my plain neighbor was once a reigning beauty, but I have no stone of ridicule to fling at her.

ALGONQUIN PARK

The Highway to Health and Happiness.
No better place could be devised for a real holiday for red-blooded men than the Algonquin Park, situated about two hundred miles north of the City of Toronto. It is an unspoiled territory of nearly two million acres, intersected by winding streams. No reserve in Canada can approach it in the wealth of attractions it offers to the lover of out-door life.

DEALERS OPPOSE CIVIC FUEL DEPOT

City of Ottawa's Application Before Ontario Railway Board Yesterday.

The Ontario Railway and Municipal Board reserved judgment yesterday after hearing the application of the City of Ottawa for authority to expend \$100,000 on a municipal coal yard—\$100,000 for the purchase of coal and \$60,000 upon the plant.

Opposition to the proposal of the Ottawa council was made by ninety per cent of the coal dealers of Ottawa, who presented a petition read at the meeting by I. F. Hoffmuth, K.C. It was pointed out that the coal dealers in Canada; that the dealers had supplied the public with coal during the famine last winter at reasonable prices, and that they were prepared to take care of the needs of the city during the coming winter.

Mr. Hoffmuth, who appeared for the coal dealers of Ottawa, quoted from the report of W. P. O'Connor, chief of living commissioner, to the effect that the Ottawa coal dealers had acted fairly by the people, and had not taken advantage of conditions to increase prices abnormally.

Deemed Inconsistent.
It was pointed out that the bylaw for the establishment of a civic fuel yard had been passed by the city council immediately after the report of the mayor of Ottawa on his return from the coal regions, that a supply of coal could not be secured. The amount of \$100,000 would not be a sufficient expenditure to supply Ottawa with one-tenth of the coal required.

LABOR CANDIDATES PROMISED FOR ALL TORONTO RIDINGS

According to President Vick of the new Labor party there will be a representative candidate in every one of the Toronto and York ridings during the coming federal election. This decision was arrived at by the party's executive committee at a meeting held in the Labor Temple. It is understood that the candidates have not yet been chosen, but that they will be named by August 9, on which date will be held the next general meeting of the party.

APPOINTED ASSISTANT TO PARKDALE PRINCIPAL

Finance Committee of Board of Education Awarded Contracts for School Work.
After hearing a round of arguments in favor of the appointment of a male teacher as assistant principal of Parkdale Collegiate school, put forward by the superintendent of high schools, the board of management decided unanimously to appoint W. A. Sherron, M.A., of Queen's University, to this position. Mr. Sherron is a specialist in mathematics.

WIVES OF SOLDIER FARMERS ATTEND CONFERENCE

A conference was held yesterday at the parliament buildings by G. A. Frazier of the institutes branch, with the wives of soldiers who have gone north to take up government farms. Short addresses were delivered, C. F. Eadie, assistant deputy minister of agriculture explaining the government's plan of land settlement by returned soldiers; Dr. Helen MacMurphy spoke on "Hygiene"; and Miss Chapman on "Domestic Foods." About 300 returned soldiers have made applications for farms, but only men who will likely prove capable farmers will be accepted.

COAL SITUATION CAUSES ANXIETY

Executive of Manufacturers' Association Confers With Fuel Controller.

C. A. Magrath, fuel controller, was in Toronto yesterday and was present at a session of the executive of the Canadian Manufacturers' Association. The subject under discussion was the coal situation throughout the Dominion and the effects of the present and threatened scarcity upon manufacturing plants.

The assistant controller was also present at the meeting, which was held in the committee room of the association in the "Traders' Bank Building," and Mr. C. Harris, commissioner of works for the City of Toronto, was called into consultation. The question of transportation was taken up with Mr. J. Walsh, head of C. M. A. transportation committee.

Considerable apprehension is felt as to the amount of coal that will be available here during the coming winter, and the manufacturers are making every possible effort to assure the receipt of a large enough supply to keep their plants in operation. Manufacturers everywhere are being circled as to their needs. In this way an estimate of the national requirements will be arrived at. It is not unlikely that when this information is at hand, the Canadian government will approach that of the United States to ensure the required amount being sent over the border.

The Canadian coal situation promises to be acute next winter, unless some such action as this is taken. There are those who say it is not impossible that churches and some public halls may have to be closed down in order to save fuel for the factories and homes.

HIGHLANDERS TO RETURN SUNDAY

Will Bring Back Recruits Gathered in New York and Chicago.

TO BE WELCOMED

Party, With Band and Colors, to Parade to the Armories.

Toronto will have an opportunity to give the Highlanders a right royal welcome back from their triumphant New York and Chicago recruiting mission Sunday morning. The parade will start at 10 o'clock from the city hall and will proceed to the armories. The local military officers are arranging for the parade and the Highlanders will be accompanied by a band and colors. The parade will be a most impressive one and will be a fitting tribute to the brave men who have been away from home for so long.

The Highlanders' bands and draft of overseas volunteers are due to arrive at the Union station between 10 and 11 o'clock in the forenoon. The parade route will be from York, King to Yonge, and west on Queen street to University avenue and the armories. The American recruits will form a guard for the colors.

Members of the Canadian Army Service draft, which has been named for overseas at an early date, have spent their last leave this week in Toronto and other home towns. The Toronto men expressed great satisfaction with conditions at Camp Borden, where they are quartered, but have found the vast camp rather like a deserted country, with only a few units located there at present. The expectations, they say, at the big camp is that next season, under the military service bill, will see upwards of forty thousand soldiers under canvas.

BRUCE-STRAITH UNION, W.C.T.U.

At a special meeting at the residence of Mrs. Rosetta Richardson, Lippincott street, under the auspices of the Bruce-Straith Union (W.C.T.U.), Rev. S. L. McDowell, pastor of the First Baptist Church, gave a talk on the leading activities in the city. As a result of the meeting it was decided to co-operate in the conservation of food and try to enlist a number of young colored boys and girls in patriotic work.

FOOD BULLETINS.

Bulletins on the much talked-on conservation of food and on other subjects of interest to the housewife may be had on application to the department of agriculture, parliament buildings. Housekeepers are asked to co-operate in the fish campaign by asking their grocer or fish seller for turbot, which is to be on the market at fifteen cents or less a pound.

ENJOY GRANGE PICTURES.

Evidence of the enjoyment the children of the city are receiving out of the collection of pictures on view at the Grange for their special benefit is found in the statement of Edward Greig, the curator, that the children have visited the gallery since it was opened for them a week ago.

LADY HEARST EXPLAINS.

Lady Hearst wishes to state that the meeting of newspaper women announced in some of yesterday's papers was got together hurriedly, and she was to leave town and in the time allowed she was unable to get in touch with all who ought to have been present.

TO DISTRIBUTE POSTERS.

Mrs. Willoughby Cummings and Mrs. W. E. Sanford of Hamilton left yesterday on a motor trip to eastern Ontario. They will visit Whitby, Trenton, Belleville, Kingston, Brockville and other points, the object being the distribution of the war-saving posters, which the National Council of Women have been asked to distribute.

HEAR THEM FIRST.

Before you make a selection of Victrola records, why not have them played for you? Then you will be sure of what you want. This will be done any time at the Victrola Parlors of Ye Old Firm of Heintzman & Co., Ltd., Heintzman Hall, 198-199-200 Yonge street.

PLAYS, PICTURES AND MUSIC

THE HIPPODROME

The end of Russia as an absolute monarchy and the deposition of the czar, are vividly shown in the first authentic pictures of the Russian revolution, which will be shown at the Hippodrome at 1.40, 4.15 and 7.45 p.m., every day next week. The picture is replaced by a thrilling, intensely interesting scene. The story of a jewel theft and the search for the international thief who led his pursuers half-way round the world is shown in "The Hunting of the Hawk," the sensational film featuring the celebrated Broadway star William Courtenay. The picture will be shown at 1.55, 4.20 and 8.15 p.m. in "The Liberty Bells," the management offer one of the brightest musical comedies in miniature at present in vaudeville. Margot Ford, a petite singing comedienne, has some new songs while Kyle and Gurney are musical artists who display their versatility on a variety of instruments. Frawley and West, advanced gymnasts; Clayton Conrad in Crayon Conceptions; the Paris Duo, piano-accompanists, complete a well-balanced bill.

"THE ROBINS PLAYERS"

A detective comedy with all the elements of dramatic suspense, is one of the ways of describing the new East-vee J. O'Higgins, and Harriet Ford, comedy which Edward H. Robins and the Robins Players are giving at present at the Alexandra for one week commencing next Monday night. The leading figure of the play is "Barney," the ex-messenger boy who goes to become a great detective. How he successfully rescues the blue-eyed cheer-lead and earns the \$10,000 reward is amusingly told in "The Dummy."

"THE WHIP" AT THE GRAND.

"The Whip," the big sporting film-drama, closes its fifth and last week at the Grand Opera House with two performances tonight at 2.15 and evening at 8.15. This remarkable photo-play is still as popular as when first presented, and will be a welcome visitor when it returns in the winter season.

"CAMILLE" AT THE REGENT.

"Camille," Alexander Dumas' immortal drama, starring the beautiful motion-picture actress, Clara Kimball Young, is the big feature attraction at the Regent all next week. This play has given the greatest actress of two generations the opportunity of appearing in a spectacular production, bringing out all of the varied emotions which can be shown on the stage. "Camille" is a light of love. She belongs to that class which greys upon men. Clara Kimball Young, in her portrayal of "Camille," achieves the same kind of brilliant success that came to her as the heroine in the "Common Law," indeed many critics have said that her work in this famous romantic story of Bohemian life in Paris excels anything she has yet attempted. The Regent New-Weave, which has already established a reputation for being the most up-to-date news feature shown in the city, will have amongst other things, the visit of the 48th Highlanders to Chicago, a Nut and Jeff cartoon, a Sydney Drew comedy, and a setting of the musical arrangement especially for the feature attraction, "Camille," will be played by the justly-famed Regent Symphony Orchestra.

LOEW'S THEATRE.

Seven exceptionally attractive vaudeville acts of standard calibre, with Maurice Samuels and his players in a unique playlet, "A Day at Ellis Island," occupying the headline position, will be presented next week at Loew's Yonge Street Theatre and Winter Garden. By special request of last year, instead of "The Miracle," as previously announced, as a special screen attraction, Miriam Cooper, who won fame as one of the leading comedians of "The Birth of a Nation" and "The Crisis," will be seen for the first time in Toronto in "The Silent Lie," the plot of which is laid in the great western "Fanny," a buckie, in "The Rough House," and pictures showing incidents and scenes in connection with the visit of the recruiting 48th Highlanders to Chicago this week, will be added film features. Other bookings include Bob Hall, offering extemporaneous songs and fun; Valentin and her Brazilian "Nuts," presenting musical comedy; the Vespo Duo, "The Accordionist and the singer"; the Howard Sisters, international entertainers, and Fred Webber and Company, in a ventriloquist offering, "At the Stage Door."

AT THE MADISON

The "corking" good photo-play in "The Little Boy Scout," which, with Ann Pennington of the Ziegfeld Follies, in the title role, will be the feature for the first half of next week at the Madison Theatre. One of the

NOTED MUSICIAN OF MONTREAL

Advices the Use of "Fruitatives," the Famous Fruit Medicine.

Mr. Rosenberg, 599 Casgrain St., Montreal, April 20th, 1915. "In my opinion, no other medicine in the world is so curative for Constipation and Indigestion as 'Fruitatives.' I was a sufferer from these complaints for five years, and my sedentary occupation, music, brought about a kind of intestinal paralysis, with nasty headaches, belching gas, drowsiness after eating, and Pain in the back. I tried pills and medicines of physicians, but nothing helped me. Then I was induced to try 'Fruitatives,' and now for six months I have been entirely well.

"I advise any one who suffers from that horrible trouble—Chronic Constipation with the resultant indigestion, to try 'Fruitatives,' and you will be greatly surprised at the great benefit you will receive."

A. Rosenberg, 500 a box, 6 for \$2.50, trial also, 25c. All dealers or sent postpaid by Fruit-atives Limited, Ottawa.

AT THE STRAND

It is forty years since Wilkie Collins wrote "The Woman in White," but, as the records of libraries testify, that volume is still one of the most popular works of fiction with the present day public. The photoplay version of this famous novel, which is being shown today at the Strand Theatre, is fully worthy of the great book on which it is based.

DURBANO IS HERE

Signor Luigi Durbanio and his Royal Italian Concert Band of 35 pieces arrived in Toronto yesterday afternoon. The concert will be at Scarborough Beach Park, which will begin with a concert this afternoon. With the band are several soloists, among them mentioned Signors Di Fulvio, Adore, Indreasi, Di Natale and others. There will be special sacred concerts on Sunday, and the band will also play every afternoon and evening throughout the following week. A particular attraction at the beach concert on Sunday, and the band will also play every afternoon and evening throughout the following week. A particular attraction at the beach concert on Sunday, and the band will also play every afternoon and evening throughout the following week.

VIEWS ARE MODIFIED AS TO PERFECT BABY

Exhibition Medical Men Announce Changes in Measurements of Ideal Infant.

The medical staff in charge of the Canadian National Exhibition baby show have slightly modified their views as to the proportions of the perfect baby as to height, weight, circumference of head and chest. The varying ages are measured up as follows:

Age	Loe. inches.	Chest inches.	Head inches.
15 months.	24	20	19
18 months.	26	22	19
1 year.	27	23	19
18 months.	24	20	18 1/2
2 years.	28	22	19

The judges at the show on September 2 will also consider healthy appearance, good looks, methods of feeding, absence of physical defects and cleanliness, and neatness of attire, but expertness of material for clothing will have no weight when the awards are being made.

The Honorary Governors who will visit the Toronto General Hospital during the week commencing on July 29th are Messrs. A. S. King and F. A. Mulholland.

Society---Mrs. Edmund Phillips

Hon. W. Y. Moran, lieutenant-governor of Ontario, United States, is in Ottawa for a few days and dined with the Rt. Hon. Sir Robert Borden. He is accompanied by his wife and daughter.

Gen. Sir Sam Hughes is expected in town on Tuesday from Ottawa.

For the first time in three years Mr. Edmund Bristol, M.P., was in Ottawa this week and was present in parliament. Mr. Bristol has been in England doing war work for the government.

Mrs. James Todhunter in the goodness of her heart has presented a little motor to Sergeant Carrasid, who enlisted in the 2nd Battalion on the 10th of August, 1914, and four days later left for overseas, was at the battle of St. Julien, was badly wounded at Festubert and invalided to Canada. On recovery he rejoined his battalion and was with all the Somme fighting and the battle of the Scarpe. He was wounded in the back and shoulder and both legs, necessitating the amputation of one leg at the hip, and as the bones of the other leg were badly shattered, he finds it very difficult to get about, and is much gratified at the kind thought and the handsome present.

The bishop of New Westminster, B.C., after a recent flying visit to the coast, is in the city for a few days. He is accompanied by his wife and daughter. The bishop returns to France shortly, where both his sons are, one in the Royal Field Artillery and the other in the Flying Corps. They obtained leave and joined their father for a few days in London.

Mrs. Edward Morton is leaving this week for Ottawa to visit her father, Gen. Sir William O'Rorke, K.C.B., M.V.O.

Mr. and Mrs. W. A. Kemp are visiting Sir Edward and Lady Kemp at Misswaquol, Pigeon Lake.

Mrs. A. H. C. Proctor returned yesterday to Misswaquol, Pigeon Lake.

Miss Kingsford is the guest of Mrs. Gordon Oiler at Buchcroft, Roche's Point.

The marriage took place on Thursday in England of Major Hugh Green, Canadian Quartermaster-General's staff, to Miss Violet E. Price, a well-known singer. Col. Charles McLean, Montreal, attended the groom.

Mr. John Kent, the honorary manager, and the directors of the C.N.E. have chosen Miss Frances Loring, the sculptor, to execute the heroic group of "The Spirit of Canada," which is to be placed on the roof of the manufacturers' building at the Exhibition this year.

Sir William Mackenzie has been spending a few days at the Chateau Laurier, Ottawa.

Mr. Holt Gurney is at the Chateau Laurier for a few days.

Mrs. Chattan Stephens, Montreal, is in Ottawa for a few days with her father, Sir Edward Kemp.

Sir Henry and Lady Drayton and Miss Alice H. Westney, at Esau avenue, are leaving early next week for St. Andrew's-by-the-Sea on a month's holiday.

Mrs. Yada and her daughter, Miss Fumi Yada, are spending a few days with Sir Henry and Lady Drayton before leaving for Lake Bernard.

Mrs. Brand and Mrs. McLaughlin have returned to town after spending some time at Dumbarton on Col. Marshall's farm.

Engagements. The engagement is announced of Miss Alice H. Westney, at Esau avenue, to Mr. Wm. H. Guthrie, Whitby. The wedding will take place early in August.

ment society, took the soldiers for a twenty-mile trip to the country to Vineland, where the government experimental farm is situated. On the journey the boys were presented with fruit by the farmers en route. When they returned a fine program of sporting events was run off in which the soldiers took part, and handsome prizes were following. The winners were: 100 yards, men—1st, Robbins; 2nd, Cattle. Three-legged race—1st, Cattle and Dancy; 2nd, Robbins and Anthony; 2nd, Wolfender. Affinity race—1st, Miss Bowdley; 2nd, Miss Tompkins. Married ladies—1st, Mrs. Egerton; 2nd, Mrs. Hornby. Single ladies—1st, Miss Rogers; 2nd, Miss Harkness. Crutch race (one-legged soldiers)—1st, Day; 2nd, Faynter. Thread the needle race—1st, Sister Edgar (Base Hospital) and Postlewaite; 2nd, Miss Tontant and Robbins. Egg and spoon—1st, Lawrence; 2nd, Fuller.

On the journey home a musical program was carried out in which the lusty voices of the boys and their friends took a large part. On board the boat, the following were distributed, which were provided by the Overseas Club, represented by Fane Sewell, president; J. A. Walsh, secretary; J. P. Murray, publicity agent; P. B. Farnsworth, A. S. Farr and F. R. Egerton. On board were also F. Rubidge, district officer of the board of pension commission. Others who assisted at the Beach were Mrs. J. Pearson, Mrs. Rouse and Mrs. H. W. Martin.

DANCE MUSIC. Ye Old Firm of Heintzman & Co., Ltd., Heintzman Hall, 198-199-200 Yonge street, have many excellent dance records for the Victrola. The Staff will be pleased to play any of these over for anyone who will call at the Victrola Parlors on the fourth floor. (Take elevator).

FOUND DEAD IN BED. Paul Magana, aged 39, of 49 Augusta avenue was found dead in bed at 11 o'clock yesterday morning. Magana had just returned to his home from the hospital, and death being from natural causes, the chief coroner decided that an inquest was not necessary.

SEVERE DEMANDS MADE ON WOMEN WORKERS

Seven Munition Workers Dismissed Because They Refused to Work Fourteen Hours.

Seven women workers in a munition factory who according to their own statement, had, in the majority of cases, worked for over a year on six days of the week from seven to seven, and on Sundays from seven to four, were dismissed because their employers wanted them to work fourteen hours a day, by coming back three nights a week to work two extra hours, which the women refused to do.

Two of these women have the six months' munition workers' badge, and one the good service medal as well. Two have husbands at the front, and one lost a brother in the trenches, while the brothers of three others were on active service.

HELD ON THEFT CHARGE.

Edgar Williams was arrested yesterday afternoon by Detectives Mulholland and Mitchell at the corner of Roncesvalles and Galley avenue, on a charge of theft. The charge was laid by the chief of police of Montreal, where it is charged Williams stole a Ford motor car and motor to Toronto. When arrested Williams was driving the car. Detective Weston of the Montreal force will arrive this morning to take the man back to stand trial.

FRENCH-CANADIAN IS WRATHY.

Special to The Toronto World. St. Catharines, July 27.—"I won't enlist," declared Dollard Gauthier, a French-Canadian motor-bus driver.
