WOMEN'S DAY AT THE EXHIBITION

The setting aside of a special day at the fair for the fair is one of the significant evidences of the development of the "feminist movement," and the group of women photographed by The World staff man yesterday is a fairly representative one.

WOMEN'S DAY DRAWS A LARGE ATTENDANCE AT THE EXHIBITION

Seventy-Three Thousand Admissions Exceeds Total of Last Year—Lord Beaverbrook is a Visitor—Newspapermen to Be Honored Today.

Table with 3 columns: Year, Admissions, Increase. Rows for 1919, 1920, and five-day averages.

EXHIBITION ATTENDANCE.

The Canadian National Exhibition, in recognition of the work of patriotic women during the war years, has made the fifth day of the Exhibition "Women's Day," and this day already looms up as a contender for popular favor.

Last night's grand stand crowd seemed to be packed tighter than usual, which goes to show that the ladies are as much interested in "The Empire Triumphant" and the other stage spectacles as they are in fancy work, modern household aids and other exhibits dear to the feminine heart.

Lord Beaverbrook was a visitor to the Fair yesterday, spending about an hour on the grounds, mostly in the arts building, where he inspected the display of the war memorial pictures. Lord Beaverbrook played a leading part in the collecting of these pictures for the permanent war records of Canada and it is understood he was well pleased with the effective display of the collection by the Exhibition people.

U. S. SUBMARINE SUNK DESTROYERS TO RESCUE CREW IS STILL ALIVE

Two Ships Standing by and Pumping Air Into Vessel, Which Has Been Submerged 35 Hours—Destroyer Equipped With Gear for All Emergencies Rushed From Philadelphia.

New York, Sept. 2.—A telephone buoy, tossed on the waves in the path of the steamship General Goethals, revealed the plight of the crew of the submarine S5, submerged for more than 35 hours off the Delaware Capes, according to information received here tonight.

The General Goethals—immediately sent out radio messages telling of the plight of the submarine, and then stood by to render whatever aid was possible, keeping in communication with the submerged vessel by means of the telephone on the buoy.

An amateur wireless operator, sitting at his instrument at Westport, Conn., hundreds of miles from the scene of the trouble, picked up the message from the air and made it public. The information was confirmed later from Philadelphia, which reported that air was being pumped to the 35 men and two officers aboard the submarine by two destroyers.

During most of the afternoon the two ships rolled idly in the waves, unable to help waiting for the navy to send ships having the necessary gear to cut thru the steel hull of the submarine and release the imprisoned members of the crew.

Shortly before dusk tonight the telephone operator who had been sitting all day with his ear to the slender wire that connected the men under the water with the vessel above it, received this message from the commander of the submarine:

"We must have more air."

There was no other message for some time. Officers of the two ships, realizing that something must be done quickly to save the lives of the submerged men, were ordered to make a dash for it.

Constantinople, Sept. 2.—Turkey will send a minister to the Vatican, it was announced today. This is the first time Islam officially has affiliated with Christendom, the step being taken on the Sultan's initiative as a mark of gratitude for the Pope's financial and other aid to Turkish war prisoners during the war. Before the minister is sent to Rome, the Vatican will be asked if he will be received.

CANADA MUST PLAY IMPORTANT PART IN WORLD PEACE PLAN

Geddes Declares Dominion Must Aid Build Golden Bridge of Sympathy.

Ottawa, Sept. 2.—(Canadian Press).—Canada must take her place, for which she is fortunately situated, in the building of a "golden bridge of sympathy and understanding, between the British empire and the United States, over which will be crossed the classes of ignorance and the abyss of misrepresentation."

The bridge will be the first essential step in the pathway to a world of peace and justice. We can then face the future, to deal with the problems that must be dealt with before the world returns to peace.

If the bridge failed, if trouble arose between the English-speaking nations, then it would be a foreshadowing of a world of peace in the future. There would be collapse and civilization would not long exist. This was the message left with the members of the Canadian Bar Association, whose luncheon was addressed today by Sir Auckland Geddes, British ambassador to the United States.

New York, Sept. 2.—Federal Judge Mayer, legal custodian of the Brooklyn Rapid Transit Company, after a conference late tonight with Lindley M. Garrison, receiver, made public the terms upon which he declared the strike involving several thousand of the company's subway, elevated and surface car employees may be ended.

- 1. That all employees, except those who are responsible for the strike, shall return to work.
2. That on their return to work their seniority and other privileges shall be restored to them.
3. That the 10 per cent wage increase shall apply immediately.

OHIO NEEDS COAL THAT CANADA GETS

Claim State Faces Shortage, While Thousands of Tons Go to Dominion.

Cleveland, Sept. 2.—Little progress was made at today's joint meeting of coal, railroad, chamber of commerce and Interstate Commerce Commission officials, toward modification of Interstate Commerce Commission order No. 10, which gives priority to lake shipments of coal, so that more fuel can be obtained for domestic use by Ohio cities.

During the several hours' conference, representatives of the Cleveland, Akron, Youngstown and other Ohio chambers of commerce presented figures showing the expenditures of those cities. The situation was declared by them to be serious. It was charged that thousands of tons of coal are going into Canada while northern Ohio faces a shortage, and that coal is being shipped into Indiana Harbor, Gary, Detroit and other nearby cities by water, which it was contended, was not contemplated in the Interstate Commerce Commission's order.

MILK DEALERS MUST FACE FEDERAL PROBE

Order by Board of Commerce Regarding Toronto Firms—To Be Held Next Thursday.

Ottawa, Sept. 2.—(By Canadian Press.)—Declaring that, in his opinion, the practices of the Toronto Milk and Cream Producers' Association are likely to operate to the detriment and against the interest of the public, and constitute a combine, the Board of Commerce, in an order made public today, demands the appearance of the officers of this organization at a sitting to be held on Thursday, September 3, in the Toronto city hall. The order restrains the association until a further order is issued, which will be done within forty days. From August 1, 1919, the price of milk has advanced a higher price than that of August, namely, \$2.70 per eight-gallon can, delivered.

The public library board this evening granted three months' leave of absence to Miss Caroline Wilson, assistant librarian.

A conference with reference to the fees to be paid by non-resident pupils of the Collegiate Institute has been arranged between a committee representing the county council and the internal management committee of the board of education, for Thursday afternoon, Sept. 3.

SINN FEIN STEALS MILITARY SECRETS

Party Makes Daring Raid on Royal Air Force Near Dublin.

London, Sept. 2.—A Sinn Fein raiding party invaded the Royal Air Force headquarters at Baldoyne, near Dublin, Saturday night, and carried off a large number of secret military documents, including the army code and cipher used at the present time, according to The Daily Mail. It is declared the coup was the most daring and important that has been attempted in Ireland since the present un-set in that country began.

Among the papers stolen, it is said, were orders relating to the joint operation of the army, navy, air force and the Royal Irish Constabulary; the scheme of Irish defence plans, the details for lighting airbases for night flying, and proposals for new developments of the Royal Air Force in Ireland. Revolvers, ammunition and field glasses were also taken.

Ottawa, Sept. 2.—Michael Faglou, aged 30 years, a resident of the little hamlet of Des Joachims, Pontiac county, about seven miles from Chalk River, lies at death's door in the Pembroke hospital, whether he was brought by his brother today, suffering from a gunshot wound, which is alleged to have been inflicted by his uncle, Paul Faglou. Sheriff Sloan of Bryson leaves tomorrow for Des Joachims to arrest Paul Faglou.

WILL NOT FILL POSTS FOR SEVERAL MONTHS

By Staff Reporter. Ottawa, Sept. 2.—The two most important appointments in the gift of the government, Canadian representatives at London and Washington, will not be filled for some months. It is understood the government is urging Sir George Perley to return to London for another year at least, and he will probably accede to this request. The visit of Sir Auckland Geddes here has no connection with the appointment of a Canadian commissioner to Washington. This also will not be made until next year.

TAFT AND MEIGHEN SPEAK AT OTTAWA

Emphasize Fine Feeling Between United States, Canada and Britain.

Ottawa, Sept. 2.—(Canadian Press.)—Noteworthy addresses marked the annual dinner tonight of the Canadian Bar Association, and especially cordial were the expressions of sympathy between representative men of Canada and the United States, on the one hand, ex-President Taft urged his hearers to pay no heed to the superficial wind that blows every little while, "We know not whence it cometh or whither it goeth," he declared, "but know that the heart of the American people beats with loyalty to the British crown, and that the principles of liberty and equality and the administration of justice."

Meighen Assures Friendliness. On the other hand, Hon. Arthur Meighen, prime minister of Canada, was no less emphatic that "while this country is determined and genuinely British, it is determined and genuinely friendly to the United States."

Sir Robert Borden touched on imperial relations, expressing the view that sufficient preparation had not been made for consideration of such relations at the imperial conference next summer, and expressing the hope that a delegation of Canadian statesmen would be present at that conference without the gravest possible consideration. Judge William H. Wadhams of the court of general sessions, New York, definitely took the stand that the United States would join the league of nations. "We shall join the league of nations, and we shall do it wholeheartedly," he explained, his words being loudly applauded.

SEES EARLY DEFEAT FOR PREMIER NORRIS

Conservative Organizer for Manitoba Believes Government Will Lose First Vote in House.

Winnipeg, Sept. 2.—R. A. C. Manning, Conservative organizer for Manitoba, expressed his conviction today that the Norris government will be defeated on the first vote in the 1921 session of the provincial legislature.

There could be no question of the government's prospective defeat, Mr. Manning said, and for that reason he believed that R. G. Willis, Conservative leader for the next session, Mr. Manning said that it was most improbable that R. G. Willis, defeated Conservative leader, would endeavor to win a seat in the by-elections, and declared that Mr. Willis should resign. He also expressed his belief that the Norris government will be defeated on the first vote in the 1921 session of the provincial legislature.

LOYD GEORGE RETURNS TO ENGLAND NEXT WEEK

Lucerne, Switzerland, Sept. 2.—Mr. Lloyd George has decided to end his visit to Switzerland and return to England by the beginning of next week without holding any further conferences here, his son, Major Richard Lloyd George, said today.

SAYS APPEALS ARE USELESS.

London, Sept. 2.—Appeals in behalf of Terence MacSwiney, lord mayor of Cork, who is in a critical condition at Brixton prison, this city, as a result of a hunger strike as a protest against his arrest, will not be recognized by the British government, Sir Hamar Greenwood, chief secretary for Ireland, today, strongly intimated in an interview with the correspondent of the London Times at Lucerne today. Sir Hamar also indicated the government would unswervingly adhere to its Irish policy.

HUGE STOCK OF SUGAR STORED AWAY IN HALIFAX

Halifax, Sept. 2.—While Nova Scotians were paying 25 cents a pound for sugar most of the summer, one of the reasons given for the high price being an alleged scarcity, millions of pounds owned by New York speculators were stored right in Halifax, in the Dominion government warehouse at the ocean terminals. Having been stored there for nearly four months in the summer of the year, part of the 6,500,000 pounds, which is now in main, is now beginning to cake, and hence is deteriorating in value.

DEATH WAS ACCIDENTAL

A verdict of accidental death was returned at the morgue last night by Coroner Dr. G. G. Bower's jury inquiring into the death of Henry Robert Deer, who was killed in a fall from a crane in the structural steel works of Reid & Brown, Aug. 24.

Deer was a returned man, employed by Reid & Brown, while taking a course in laying-out under the soldiers' civil re-establishment jury inquiry. While a prisoner of war in Germany, he was put to work in the Krupp Steel Works, and on repatriation he decided to continue in the steel trade in Canada.

FAIR WAGE CLAUSE NOT IN CONTRACTS

Labor Council in Critical Mood Regarding Ontario's Business Methods.

The censuring of their political allies at Queen's Park featured last evening's meeting of the Toronto District Trades and Labor Council. It had been discovered, the report of the council's executive stated, that contracts awarded by the Ontario government did not contain a fair wage clause. The meeting decided unanimously to communicate at once with Hon. F. C. Biles, provincial minister of works, and ask to have the matter rectified.

A resolution recommending that the board of education should be advised rather than called in by tenders from contractors was passed. Various delegates expressed the opinion that the board should effect a considerable economy by the adoption of this method and that the quality of the work would not suffer. Delegates who were present recounted the beneficial influence which the Farmer-Labor alliance was exercising in furthering the union label campaign. The United Farmers were stated, insisting on union label goods for their co-operative stores, and as a result a shoe factory in Ontario had declared its desire to operate as a DeLeon shop.

Following a slight controversy, the meeting endorsed the recommendation that the Ontario government delegates to Windsor be allowed \$125 for salary and expense. Delegate Young was of the opinion that the amount should not exceed \$100, but small support was found for his proposal.

The meeting also instructed its education committee to inquire into the main the religious teaching which was being introduced to the public school curriculum. It was of the opinion that it was dangerous subject to introduce owing to denominational prejudices.

U. S. SUBMARINE CALLING FOR HELP

(Continued From Page 1.) merged men, immediately had apparatus rigged up, which was lowered into the sea, and connected with the submarine. The consoling vessels pumped air into the undersea craft. It is presumed that the machinery for the S-5 was of the type of several days without injury to her crew, other than inconvenience.

Washington, Sept. 2.—The S-5 became disabled and the General Bledsoe learned of her plight had not been learned of her plight by the United States navy department.

Captain B. F. Hutchinson, assistant chief of the submarine, said the battleship Ohio, from the supply base, was under way for the spot, as were two destroyers from the Norfolk base, and special equipment from Philadelphia, and a fourth destroyer and the torpedo ship Bridgeport from New York.

The rescue vessels are under orders to send men out first, Captain Hutchinson said, and then to bring the submarine to the surface, and then to pump air into the vessel. Messages from the S-5 have been gotten in by the S-5's crew, and explained that the S-5's cables from the submarine's stern to the surface are proving sufficient to hold her up.

The S-5 has been on special recruiting duty at Atlantic ports. She is being commanded by Lieut.-Commander C. M. Cook. Besides the S-5, the battleship USS Olanthus also is standing by. It is believed that she can be safely lowered into the water with her special apparatus and experts and workers ready.

FIGHT TO FINISH ON TELEPHONE RATES

Board of Education to Cooperate With the City Against Increase.

"Fight to a finish" was the slogan unanimously adopted by the board of education last night with respect to the attempt of the Bell Telephone Company to raise the rates. Nobis' protest at the last meeting against the proposed telephone rate increase. Men and money were authorized by the adoption of the following resolution:

Moved by Wm. Hunter, seconded by Dr. Hunter, "That the board of education co-operate with the board of control in their efforts against the proposed exorbitant increase in the Bell Telephone rates, and that the solicitor of the board be instructed to take the matter up with the board of control and if necessary go to Ottawa and fight the proposed increase to a finish, the necessary expenses to be paid by this board."

Trustee Callie Halt. Trustee Hambly called a halt on the part of members of the board applying for a report from the business administrator on all the new ideas that came into their heads.

Mrs. Groves read an inspiring report upon the annual meeting of the National Education Association, which was held recently at Salt Lake City. Emphasis was placed upon the aim of the association to make every school a social centre during the day, also a social centre for the community every night. The opportunity schools in the United States were attended by many thousands. Education should be physical, mental and moral.

ARMY OF BUDENNY IS ANNIHILATED

Outflanked When They Had Virtually Completed Encircling Movement.

Warsaw, Sept. 2.—The Bolshevik army of General Budenny, noted cavalry leader, was annihilated during the operations in the Lemberg sector, which began August 25, and ended September 1, says the Polish official statement on military operations issued today.

Isolated detachments of the Budenny forces succeeded in escaping and are now in disorderly retreat. General Budenny's mounted men had been endeavoring to break through the Polish lines and march upon Lublin. They had virtually completed an encircling movement against Zamość, midway between Lublin and Lemberg, and were outflanked by the Poles and attacked from the east, the communications between the Poles and the Russians were completely cut.

The fighting center in the Zamość region of the battle taking the form of numerous cavalry clashes, with the infantry filling in the gaps and attacking all along the line simultaneously. The Poles were carrying out in accordance with the Polish battle plan, which had led the Russians into traps where they were attacked from all sides.

Success in Centre and South. Beside announcing the victory of the Poles over Budenny in the Zamość region, the communistic reports successes along the entire centre and southern fronts, where the Russians were defeated in the fighting. A General Budenny's mounted army, the Polish statement asserts, had received absolute orders to break the Polish front in the region of Zamość and march upon Lublin together with the twelfth army was rendered impossible to pass to the offensive in the direction of Cholm. Because of the advance of the Poles previously along the Bug however, the movement of the twelfth army was rendered impossible. The soviet troops concentrated in the region of Plasz, Smolensk and Jagodin were unable to stand against the Polish attack and retreated, leaving many prisoners in the hands of the Poles.

The first defeat upon the Budenny front in the region of Zamość was inflicted by the Poles in the region of Zamość, where a Bolshevik brigade had been massed. More than 20 prisoners were taken in this encounter. General Haller's Army Prominent. The decisive victory of the Poles was taken by the pursuit group of General Stanislas Haller, which had swung to the rear of Budenny's forces and was moving persistently in their tracks. General Haller's chief forces attacked in the direction of Zamość from the east. General Budenny, realizing the danger, began to retreat. He met everywhere, however, the fighting Poles, who were bent on surrounding him.

Battles also developed in the region of Wolisz, Sniatycza, Mieczyna and Zawalewo, where the Russians, disregarding their enormous losses, repeatedly renewed their cavalry charges. The Budenny horsemen were defeated in all these battles, the Poles taking many prisoners, while several detachments of the Russian cavalry were scattered retreat, with the Poles close on their heels.

Among the Russians killed were the chief of staff of the fourth division, two brigade commanders, several regimental commanders and twelve company commanders. Of the captured material, two of the 16 guns taken were heavy artillery pieces.

Upon Sinclair, a socialist writer, had also demonstrated the duplicity of the press in a recent work. Poland's Error. Delegate Pauline was of the opinion that Poland had forfeited her claim to the Toronto council's support when she had used her self-determination to enter upon a war of aggression. He declared that the Polish war was being waged solely at the instance of French capitalists who wished to have Poland liquidate their war debt. He further charged that Poland had sent more men to fight for Germany than she had sent to fight for Poland.

Delegate Stevenson, in supporting his motion and replying to the charge that Poland was waging her war at the instigation of capitalism, stated that she had refused Russia's peace proposals because of her determination to enter upon a war of aggression. He declared that the Polish war was being waged solely at the instance of French capitalists who wished to have Poland liquidate their war debt. He further charged that Poland had sent more men to fight for Germany than she had sent to fight for Poland.

Canada Must Play Important Part in War Caused by Unrest. All the other causes must simply be added to that great fundamental cause, the war. There were agitators, said Sir Auckland, but he compared them to mosquitoes, carriers of disease, rather than the cause. There was some human satisfaction in swatting the mosquito, but it was more sane and effective to remove the places from which he drew his poison.

The world war was a product of the unrest which existed and could be traced back to 1910 or further, and the war, in turn, had added to the unrest of the present. Previous to the war, relations between nations were growing more difficult. In the year before the war, Great Britain had more than 100,000 unemployed men.

Turning the war, Sir Auckland declared his duties in conducting recruiting in England, Scotland and Wales, he said, had been a most intimate contact with millions of people. He had found a condition of physical ill-being to a scale not imagined possible. Pamphlets which had succeeded in bringing the issue into public attention, but simply the approval of otherwise of the Polish policy. He proceeded then to outline self-determination as he understood it.

There will be war through the world until either the soviet are wiped out or the workers are beaten back into slavery, in which they were," he declared at one point in his exposition. Delegate Morden inquired whether or not Comrade McDonald's ideas

EATON'S DAILY STORE NEWS

A YOUTH STANDS AT THE CROSS ROADS

THEY'RE just ordinary roads that you might see anywhere in the country. The only thing about them that would, perhaps, strike you as unusual is that one is marked TO BUSINESS, and the other is marked TO SCHOOL. On the corner stands a huge sign-board, whose great black letters hold this youth deeply interested. Spelled out they complete this quotation: "A GOOD APPEARANCE IS AT A PREMIUM ANYWHERE."—Emerson.

So then, no matter which road this youth, or any youth, takes, appearance will play a vital part in his success or failure. All this leads up to youths' clothing in the EATON Clothing Section, that is new in style, smart in pattern and of dependable materials.

At \$7.25

COMING SHOWS AT TORONTO THEATRES

May Robson Will Be Seen at the Princess in "Nobody's Fool."

The seat sale opens this morning at the Princess Theatre for "Nobody's Fool," the new and delightful comedy in which the ever-popular May Robson will appear at the local playhouse next week, with Wednesday and Saturday matinees. "Nobody's Fool" is from the pen of Alan Dale, one of the best known critics in the country, and was written expressly for May Robson. The theatre-loving public who look forward every season to Miss Robson's visit, will be more than delighted, for in the role of Mrs. Bixby she is just living a human, every-day character. Miss Robson is one of the very few stars who grow younger as they grow older. She has always fitted herself to her parts and has never been one of the women (of whom there are many) who try to play one line of parts all their lives, and therefore by lavish severe criticism. Miss Robson has made a lifetime study of character work and her comedy is all her own. The "Robson comedy" is often spoken of, and she has immortalized many parts with her sweet womanly charm, compassionate sympathy, keen feminine intelligence, and her own inimitable personality.

The Moffats are Coming. Mr. and Mrs. Graham Moffat, Miss Winnifred Moffat and the original Scottish cast, will be seen at the Princess Theatre the week of September 13, in "Don't Tell," the new Scottish comedy of Glasgow life, by Graham Moffat, the author of "Bunty Pulls the Strings." The Moffats have been playing their repertoire in every other English operating country, but until this year have never appeared in America. The rights to the play in Canada and the United States have been secured by William Morris, the manager of Sir Harry Lauder's tour.

has only appeared in New York, Philadelphia, Washington, Boston and Chicago, and this in spite of the fact that this is the third season of the most famous Winter Garden production.

"Chu Chin Chow." Monday afternoon, commencing with the holiday matinee, "Chu Chin Chow" will enter the second and last week of its local engagement—an engagement that will go down in local theatrical history as the most successful ever enjoyed by an attraction in this city. In an entirely new garb of gorgeous costumes, which include forty-five new manikins displaying styles of ancient Bagdad, old Japan and Java, this glorious spectacle of the Arabian Nights has captured not only Toronto but the surrounding country. The cast, headed by Marjorie Woods, Eugene Cowles, Albert Howson, Don Fernardow and Henry Lattimer, with many others of equal prominence in the theatrical world—is the same as seen here last season during the second presentation of "Chu Chin Chow" excepting the youthful lyric tenor, Roy Croppily, who has made a distinct hit with his beautiful voice. Besides the Monday matinee, the usual matinees will be given on Wednesday and Saturday.

Farewell Week of "Dumbbells." Monday's special matinee at the Grand will commence the final week of the Third Division "Dumbbells" wonderful engagement at that theatre. The original intention was to have played only two weeks with their overused revue, "Biff, Bing, Bang," but the houses have been so crowded and the demands were so many and pressing that it was arranged to hold this company over. This week will see the finish of "Biff, Bing, Bang," however, as Capt. M. W. Plunkett has a brand new show rehearsed as the vehicle for the "Dumbbells" forthcoming road tour.

A large advance sale is reported, and those not wishing to miss this very amusing musical revue should make early reservations for next week.

Shea's Theatre. Victor Moore and Emma Littlefield share headline honors with Corinne Tilton at Shea's Theatre next week. Victor Moore will be remembered as the star of many of George M. Cohan's stage successes, and is ably supported by Miss Littlefield, Harry Johnson and Burns and Frabito are the special features of the bill, while other attractive offerings include Nora Norrine and Company, Jean Dunal, Fred and Marjory Dale, the Russells, and an amusing Pathe-Polard comedy.

at Loew's Next Week. Beautiful as she is artistic, Billie Burke, the foremost of comedy stars on the screen, portrays an unusually fascinating role in "Away Goes Prudence," next week at Loew's Yonge Street Theatre and Winter Garden.

Miss Burke's stories have an exceptional appeal as their success on the screen amply demonstrates. Homer Lind, the eminent character artist, assisted by Adah Currie Lind, in "The Singing Teacher" headlines the vaudeville, which also embraces Little Caruso and Co., Mumford and Stanley, Hallan and Goss, Gordon and Gordon, and Swain's performing "Cats and Rats."

Jazz Babies at the Star. Peck and Jennings' "Jazz Babies" are scheduled to appear at the Star next week, commencing with the usual Monday matinee, and from all reports the patrons of this popular playhouse have a treat in store for them with Mickey Markwood and Don Clark leading the fun brigade.

Jack London's "Sea Wolf." "The Sea Wolf," Jack London's thrilling story of adventure, has been made into a stirring Paramount photoplay, and will be shown at the Strand next week. Spectacular scenes, such as the ramming of a ferryboat by a whaling schooner in the fog in San Francisco bay, the beach-

ing of the schooner in a gale, and the violent battles between "Wolf" and his crew, stand out with extreme vividness. On the other hand, a delightful love story is blended into this atmosphere of violence. The character of "Wolf" Larsen, the brutal sea captain, who rules with an iron hand, is delineated with even greater force than on the printed page. The story concerns a rich idler and a pretty girl who were picked up by "Wolf" after a disaster at sea, and their strange adventures while under his domination.

Shea's Hippodrome. The well-known screen and stage star, H. B. Warner, will be featured at Shea's Hippodrome next week in his latest and most successful production, "One Hour Before Dawn." It is a thrilling, gripping story, in which the interest is sustained from beginning to end. The work of Mr. Warner is particularly good, and the cast which has been chosen to support him is of stellar calibre. Six vaudeville acts of extra merit and comedy pictures are also included in the bill.

At Pantages Theatre. A vaudeville bill of outstanding features, and a photoplay to satisfy all, is the program to be expected at the new million dollar Pantages Theatre next week. Situated just south of Dundas street, on Yonge street, with entrances on Yonge and Victoria streets, the Pantages is daily accommodating large audiences. The Victoria street entrance is proving popular with motorists. Starting at noon Monday, the bill will consist of all the best comedies in the country, "Last Present and Future," as a noteworthy attraction. Others are the Great Leon & Co., Charles Olcott, Ed. Blendell & Co., Mary Ann, Three Sons of Jazz, and as the feature picture attraction for Paramount week, there will be presented Dorothy Dalton in

"Guilty of Love." Pantages' pictorial review and a Hank Mann comedy round out a splendid entertainment.

"The Prince Chap" at Regent. The sacrifices that struggling artists make for each other, their brave attempt to achieve success in the face of poverty and an unsympathetic world, and their childlike gaiety, has been a favorite theme with dramatists and authors. Du Maurier's famous novel, "Tribby," was written against this appealing background, as was also Edward Peple's almost equally famous play, "The Prince Chap," which has been lately produced as an unusually attractive motion picture by William De Mille. It will be shown at the Regent Theatre next week. Thomas Meighan has the role of the sentimental hero, a sculptor in the London artist colony, Soho. A truly notable cast supports him, including such favorites as Lila Lee, Kathleen Williams, Theodore Kosloff, Ann Forrest and Charles Ogle. It is a Paramount Artcraft picture.

At the Gayety. When Al Reeves brings his "Beauty Show" to the Gayety Theatre next week, theatre-goers will have an opportunity to observe just what is meant by the "newer burlesque." For the past few seasons there has been steady improvement in the organization of these burlesque companies, and Al Reeves was among the very first to bring his show up to the desired point of perfection. But this season he is said to have passed all his contemporaries in the selection of the company and in the equipment of the production as to scenery and costumes. Mr. Reeves has secured for his principal comedian, the popular Al Shean, Miss Valeska, dainty Pauline Harris, and as an added attraction, the best singing jazz band in America.

A three-quarter page reproduction of an aerial photograph of the Town of Beaverton and a picture of the famous Bugle Band of BELLEVILLE BOY SCOUTS are but two of the many interesting features of the illustrated section of the next issue of The Toronto Sunday World.

Brockville, Ont., Sept. 2.—In order to give more adequate protection to freight in transit and generally to attend to the interests of the company, the Grand Trunk Railway is understood to have under advisement a material strengthening of its police force on the main line between Montreal and Toronto. The road has sustained some heavy losses thru theft, particularly of liquor shipments. Mrs. Hamilton asserted that she was determined to try again next year to swim the channel. Annette Kellerman in 1905, twice essayed to swim across the English Channel. In July of that year she was said to have swum for five hours, then being compelled to give up on account of seasickness. On August 24, the 10th anniversary of Captain Matthew Webb's successful swim across the channel, Miss Kellerman again was reported to have been overcome by seasickness after swimming six miles and abandoned her effort to reach the French coast. Aside from Captain Webb, the only other person to swim the English Channel was T. W. Burgess, who made the trip on September 5-6, 1911.

CHAPTER XXX. (Continued.)

Lee didn't answer. He was thinking dully that Bayne Trevors was near telling the truth, that Bud Lee was almost beaten—almost. That was as far as a gentleman ever went—just that desperate 'almost beaten.' Not quite. No, not quite! Never that.

Both men were nearly spent; Carson saw that while he cursed softly in his corner, Melvin saw it and watched for the end, wondering just how it would come.

What Carson and Melvin sensed, Trevors knew. He saw that Lee was having less trouble in eluding him now, that Lee's feet were quicker, lighter than his, that Lee was beginning to strike back viciously at him.

But just that one brief instant too late did Bayne Trevors lift his foot. For Bud Lee had expected this, never had forgotten it, had prayed within his soul that the man he fought would use it.

Now Bud Lee did not wait. He was on his horse, swaying a little, an arm caught in a rude snag, glad to be put in the lunge sunlight.

RECORD PASSING IN EXAMINATIONS

Four Teachers Delayed in Arriving From Tour of European Battlefields.

The feature of the trap shooting tournament at the Exhibition yesterday was the very successful shoot-off for the double championship between F. McNeil of Houston, Tex., and George Beattie of Hamilton, with the former being returned the winner by one bird after two shoot-offs of ten pairs. On the first ten pairs the two men tied with 18 correct hits on the second pair, McNeil broke 17 and Beattie 16. The Texas man was never worse than tie throughout the shooting, while on the second pair, he was, near the finish two birds in the lead at one stage. The Hamilton man, after losing a couple of birds in the second pair, shifted over and went after the left bird first with better results. Both McNeil and Beattie broke 90 in the championship event, and each had 46 correct hits. This is the third shoot-off that McNeil has taken part in during the tourney, and the first he has been successful in.

The shooting of Frank Troeh, the Vancouver, Washington, crack was easily the feature of the day, he breaking 200 straight, and is now only four birds behind E. F. Woodward of Houston, Tex. for the grand average. Troeh with 237, unfinished, smashed the Canadian long run record held by Frank S. Wright, 201, R. W. Colbert, 233; H. Bungay, 201; N. B. Gooderham, 233; F. N. McNeil, 201; N. F. Woodward, 76, and W. Marshall, 72.

The funeral of the late Margaret Peebles, the five-year-old daughter of Mr. and Mrs. William Peebles, 10 Moscow avenue, who died after a few days' illness from diphtheria in the Isolation Hospital, took place to Norway Cemetery yesterday afternoon.

A new cement sidewalk is now being laid on Woodbine avenue, east side, northwards from the city limits. This improvement has been long expected by the residents.

WEST TORONTO BOY STRUCK DOWN BY A MOTOR CAR

Struck in the back as he was stepping from a Lambton car, by a motor car going at 30 miles an hour, William Greaves, 12 years of age, of 17 Baby Point crescent, was tossed 16 feet along Dundas street. The driver, Martin Thomas, 27 Ross avenue, who was driving for the Wilkinson Auto mobile Livery, took the lad to the Hospital for Sick Children, where his injuries were found to be slight.

The total in permits issued by York township building department for August amounted to \$556,000, of which \$487,000 was for 180 houses, mostly of the six-room type.

WESTON PUBLIC LIBRARY IN WESTON IS POPULAR

Weston Public Library, which has been previously adjudged by provincial authorities to be 25 per cent ahead of any other town as readers according to population, excelled its own records in August. The total of books issued was 2444, the juveniles exceeding any previous record in the town's history, with 1072 copies. The greatest number of new members was recorded also, being 88. The membership was 1512. There were 199 periodicals issued. The cash receipts, \$19.11, was a record also.

SUBURBAN NOTES TO HOLD FLOWER SERVICE.

The annual flower service will be held at St. John's Parish Church, Norway, on Sunday next, when Capt. (Rev.) J. S. Tupper will preach at the morning service and at the flower service in the afternoon.

REPORTED SHIPMENT OF GOLD NOT CONFIRMED

Ottawa, Sept. 2.—(By Canadian Press).—Sir Henry Duxton, minister of finance, is out of the capital today and officials of the department are reticent as to the report that heavy shipments of gold from Canada to the United States are likely to be made. They stated this afternoon that they were not aware of any shipments other than those that occur from time to time in connection with the transaction of the government's business abroad. It is generally the practice of the department to refrain from announcement of the details of movements of gold.

FRANCE TO SEND TO U. S. Five Millions in Gold

New York, Sept. 2.—A shipment of \$5,000,000 in gold will leave France next Saturday for the United States as part payment on France's share of the Anglo-French loan, maturing October 15. It was announced here today by the French finance minister.

EXPRESS CO.'S ASK BIG RATE INCREASE

Not Earning Operation Costs, Counsel Says—Flimsy Basis, Geary Retorts.

In opening the case for the express companies before the Dominion Railway Board at the city hall yesterday, Hon. F. H. Phippen, K.C., submitted reasons why the increase of 40 per cent. on the rates presently obtaining should be allowed. He recalled that in 1918 the board had ordered the express companies to make a reduction of 20 per cent., except for traffic east of Sudbury...

Corporation Counsel Geary characterized the application as based on the flimsiest of pretenses. No information was put at his disposal, he demanded the full balance sheets of the company, together with statements of revenue and of operating costs.

Table with columns: Including, Excluding, Wages, Stable supplies and expenses, Hired cartage, Stationery and printing, Loss and damage, Rent of local offices, Agents' commissions, Transfer expenses, Office supplies and expenses, Maintenance, Depreciation, Taxes (not federal), Payments to P. R., Other lines, Deficit, annual, 40 p.c. increase express revenue, Surplus, Federal taxes, Net profit, Upward Trend of Prices.

Mr. McDonald explained that if his company were to be deprived of the charges for handling liquor and bullion, which he thought, reluctantly, might be the case in the near future, then the deficit would be larger than the figures which he produced. He produced statements showing the upward trend in staple supplies and expenses, and instanced the increased cost of hay during the past five months as having been 19 per cent., and other staples had increased in proportion, while the increased cost of cartage had mounted to 28 per cent.

Witness did not consider that a return of half a million dollars was sufficient on the capital invested in the Dominion Express Company.

Witness further told the board that his company had handled over fifteen hundred million dollars worth of bullion for the government, and without the loss of a dollar, and hesitatingly

So Flavoury and so genuinely good

is the choice of millions and ever grows in popularity. If you have never tried Salada send us a post card and we will gladly give you the opportunity to test it. Address, "Salada, Toronto."

suggested that this traffic might be lost to them.

Mr. Phippen put in evidence an abstract of the financial statements of the Dominion and Canadian Express companies. These statements are summarized as follows: (a) Dominion Express—Net deficit for the years 1914 to 1919, inclusive, amounted to \$2,336,682.77; deficit for July and August, 1919, \$238,783.63; from September, 1919, to March, 1920 (seven months period at new rates), the net deficit was \$196,744.54, making a total deficit for the period from July 1, 1919, to March 31, 1920, \$2,817,209.99. In the seven months from September, 1919, to March, 1920, there is included heavy shipments of gold (before referred to), and which the company does not think will continue. It is also pointed out that the expenses do not include any payment on account of bond interest, nor interest or dividends on capital. The Canadian Express Company had a profit in 1915-1916, while the losses commenced in 1917, when \$38,650 stood at the debit, and increased until, for the nine months in 1919-20 the debit had reached \$119,972.

JUDGE MORGAN BURIED

Many Pay Last Tribute of Respect—Service at St. Thomas' Church.

The funeral of the late Judge Edward Morgan took place yesterday, amid many manifestations of sorrow and regret. Rev. Cecil Stewart conducted a service at the Church of St. Thomas, Huron street. The casket was borne out of the church by Justice Oaker, Judge Morson, D. L. McCarthy, K.C., T. H. Lennox, K.C., and Messrs. Harold Chopin and C. Ince. Interment took place at St. James' Cemetery.

SEPTEMBER IN ALGONQUIN PARK

September is one of the most delightful months of the year in the "Highlands of Ontario," and Algonquin Park offers attractions that are not found in other districts. It is situated at an altitude of 2000 feet above the level of the sea, assuring visitors of pure, bracing air that rejuvenates body and mind. The territory is easy of access via the Grand Trunk, 200 miles north of Toronto, and 170 miles west of Ottawa. "The Highland Inn," a first class hotel, affords comfortable accommodation at reasonable rates. The inn is heated by steam. The cuisine is all that can be desired. "The Highland Inn" is operated by the Grand Trunk Railway. Make your reservations early. Illustrated descriptive literature telling you all about it from any Grand Trunk agent, or write Mr. N. T. Clarke, manager, Highland Inn, Algonquin Park, Ont.

SUIT OVER ESTATE

For a declaration that certain property scattered about the city was part of the estate of the late Francesco Gilonna, Donato A. G. Gilonna has entered action at Osgoode Hall against Egidio Gilonna and Nunzio Lohraco. Part of the property in question is at 124, 136, 138 and 140 St. Patrick street, and, with property on William street, formerly Dummer street, was the property of the late Chief Justice William Dummer Powell.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

For Colds, Pain, Headache, Neuralgia, Toothache, Earache, and for Rheumatism, Lumbago, Sciatica, Neuritis, take Aspirin marked with the name "Bayer" or you are not taking Aspirin at all. Accept only "Bayer Tablets of Aspirin" in an unbroken "Bayer" package which contains complete directions. Then you are getting real Aspirin—the genuine Aspirin prescribed by physicians for over nineteen years. Now made in Canada. Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages. There is only one Aspirin—"Bayer."—You must say "Bayer" Aspirin is the trade mark (registered in Canada) of Bayer Manufacturers of Monoacetic Acid Salicylic Acid. When it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

MAYOR'S FOURTEEN REFUSAL REASONS

Thinks T.S.R. Deferring Payment Materially Alters the Terms of Franchise.

Mayor Church yesterday advanced fourteen reasons for refusing the request of the Toronto Railway for permission to defer payment of percentages to the city until the expiration of the franchise. Chief among these is that "the proposed change materially alters the terms of the franchise and cannot be acquiesced in by the city without the consent of the ratepayers, as provided in the Beck act."

At the request of P. W. Eli's, chairman of the Transportation Commission, Mayor Church yesterday secured the consent of the members of the board of control to the appointment of H. H. Couzens, manager of the local Hydro; R. C. Harris, works commissioner; E. L. Couzens, chief engineer, and F. A. Gaby, chief engineer of the Hydro, as an advisory consulting board of engineers for the Transportation Commission. Messrs. Harris, Couzens, Gaby and Couzens will advise the commission on all engineering problems, extensions and other questions in connection with the street railway. The members of the consulting board will, it is understood, serve without any remuneration, but their salaries attached to their present positions. A1 were members of the old traffic board before the appointment of the present Transportation Commission.

Towering 100 feet from the ground, and surmounted by a 15-inch brass ball, the new city all-steel flag pole, when many vain efforts of the part of the erecting crew, has been safely planted in its cement base.

Mayor Church stated yesterday that he will suggest to the city council the submission for a vote of the ratepayers at the January elections the proposal to co-ordinate light, power and transportation matters under one commission to act as a public utilities board.

Acting on instructions received from the board of control, Sergeant Creighton, of the Soldiers' Information Bureau, city hall, is compiling a list of the names of all Toronto soldiers who fought overseas, with a view to securing pictures of them for a civic war memorial suggested by the executive of the Central Council of Ratepayers at their meeting yesterday. The report, when ready, will be submitted by the property commissioner.

Mayor Church, replying to an evening newspaper criticism referring to "the Rosedale matter," said yesterday:

"The item in the parks estimates for maintenance of the Rosedale grounds was struck out by the board of control, and laid aside until the board could lay down a policy as to what was to become of the grounds. Mr. McKeown, secretary of the board, has a message to that effect. Notwithstanding that the treasurer's office, by a mistake, linked the item with an annual appropriation of the Rosedale Ravine, and it went thru the council without anybody knowing it. I was not present when the committee met on this subject. Cricket, lacrosse and soccer teams who formerly used the Rosedale grounds have been without a home. The board of control will deal with this matter on Wednesday next. The contract the community have is illegal and out of order. The whole building will be taken over by the city at once."

JASPER PARK

Canadian National Railways. Set aside by the Dominion government as a national game and forest reserve, Jasper Park stands out as a gem of Nature's grandest beauty spots. Here, where the line of the Canadian National Railway crosses the Yellowhead Pass, the Canadian Rockies, rising sheer to their snow-capped peaks, attain their greatest height, and a marvellous panorama is presented. In the Canadian National-Grand Trunk exhibit, in the railway building, at the Canadian National Exhibition, an effort is made to portray the beauty and grandeur of the scene on a scale commensurate with the magnitude of the great mountain range. Mount Cavell, Mount Robson, Mount Gairdner, Mount Pelly, Mount Roche Miette are shown with the waterfalls and cascade of the Maligne river emptying into the Athabasca. In the foreground, the method of indirect lighting, the changing hues of sunlight, sunset and moonlight are strikingly displayed, and combine to make of this one of the finest exhibits ever shown at the Canadian National Exhibition.

MONTH OLD BABY HAD SKIN TROUBLE

On Face and Hands. Itched and Burned. Cuticura Heals.

"My baby was only a month old when her face and hands started to get red and scaly. The eczema started in the form of water blisters and itched and burned. She was so cross and fretful she could not sleep."

"This lasted nine months when I tried Cuticura Soap and Ointment, and I used three cakes of Soap with two boxes of Ointment when she was healed." (Signed) Mrs. Oscar Pilon, Amherstburg, Ontario, May 7, 1918.

Cuticura Soap, Ointment and Talcum are all you need for all toilet uses. Bathe with Soap, soothe with Ointment, dust with Talcum. Soap 25c, Ointment 25c and 50c. Sold throughout the Dominion, Canadian Dispensary, Limited, St. Paul St., Montreal. Cuticura Soap shaves without lather.

ASK AMENDMENT OF AMUSEMENT ACT

Municipal Association Opposes Drury Legislation Providing Enumerators.

"That the legislature be respectfully requested to amend the assessment act, so that only freeholders, tenants and farmers' sons are required to be entered on the rolls and that some system of registration be adopted in preparing the voters' lists for elections to the legislative assembly," was the resolution adopted at yesterday's session of the Ontario Municipal Association, held in the council chamber of the city hall.

The act was severely criticized by W. B. Doherty, city solicitor of St. Thomas, who likened it to an orphan, which has no friends and no one can tell who are its godfather and godmother. The opinions expressed were that the Whitney act, providing for registration of non-property owners to vote in the provincial elections, was quite workable. That the change made by the Drury government in appointing enumerators necessitated a lot of unnecessary work and the employment of help which was not required. Adverse criticism was also launched at the Drury government, which added women to part three of the voters' list for municipal elections, which part shows those entitled to vote in provincial elections. It was advanced that this meant a lot of unnecessary work for the assessors and made a very bulky assessment roll essential.

A short discussion took place in regard to the duplication of sanitary inspections by both the municipal and provincial authorities and opinions were expressed that there was no real need for provincial inspections. Dr. J. W. S. McCullough pointed out that the failures on the part of parents to register births had reached the high figure of 20 per cent. Municipalities Pay Piper. E. L. Auly was in a critical mood towards the medical officers of health. He declared: "There is enough evidence in Portland township to discharge the whole medical department." He said the councils had nothing to do with the appointment of medical officers, yet the municipalities had to pay the piper.

Dr. McCullough pointed out, in reply that at the request of Portland township for the dismissal of their medical officer had been acceded to. He said if there were sufficient evidence submitted to justify the dismissal of a medical officer, the dismissal would follow. To the resolutions committee was referred a motion made by Controller Ramsden, from the Toronto board of control, that legislation be asked authorizing municipalities to take over all independent telephone systems.

In the Case of Detroit

In granting increased rates for telephone service in Detroit the other day, the Michigan Public Utilities Commission said:—

"An increase in telephone rates may be unpopular. A collapse in telephone service would be a calamity. It would be easy to jeopardize the investment of stockholders, impair the value of the company's property, cripple its service and destroy its credit, but in the long run the rate-paying public would bear the burden of re-establishing the business."

Public Utility Commissions everywhere, are recognizing the fact that if telephone companies are to continue to give good service and to meet demands for new installations, they must have rates that will produce adequate revenue.
