OFFICE OF GRAND SCRIBE, Montreal, 7 July, 1862.

G. W. P. Officers and Brothers :—

The time has again arrived when it becomes necessary for me to report to you the condition of the Order within this jurisdiction. In the performance of this duty, I regret that I cannot lay before you a full statistical report owing to the negligence of Divisions, in making their returns, many Divisions having failed as yet to make returns for quarter ending March last. Were D.G.W.P.'s to act strictly in accordance with the instructions given them in their Commissions, and withhold the pass-word until returns are made, I believe it would be better both for Sub. Divisions and for this Grand Division. Perhaps it might be well to adopt the plan followed in some jurisdictions, not to issue the pass-words from this Office until the returns are sent in, but to issue them respectively as the returns are received.

I laid your request to have this year's session of the N.D. held in the City of Montreal, before the M. W. P. After some correspondence on the subject, he decided that in his opinion it would be for the benefit of the Order that the session should be held in a more western locality than Montreal, and he selected the City of Hamilton O. W. The meeting was accordingly held there, commencing on Wednesday, 18th June, at 10 o'clock A. M. and continued in session until Saturday afternoon, 21st June. A very considerable amount of business was transacted, the whole time having been occupied in the business of the Session, with the exception of two evenings in which public meetings were held. The most important business of this Session was the adoption of a new Constitution, and code of Laws. A few necessary amendments were made to the Constitution of the National and Grand Divisions. The new Constitution and code for sub-Divisions, which were adopted, combine the laws and decisions formerly published in the revised rules and proceedings of the National Division with some amendments. This Constitution will not come into operation until 1st October next, by which time the same will have been printed and circulated. Under these circumstances, I think it unnecessary to attempt any detailed statements of the changes made, I shall simply mention one change which I conceive will be of essential benefit to the Order in this jurisdiction. It is that Youths under 18 years of age may hold subordinate Offices in their respective Divisions. Power has also been given to Grand Division to grant dispensations in particular cases to allow youths between 18 and 21 years of age to hold the offices of W.P., W.A., Chaplain, or Treasurer, provided that in no case shall any such youth have a seat in the G.D. until he arrives at the age of 21 years. I am sorry to say that no additional privileges have been granted to lady visitors, a resolution to make them full members having been voted to lie on the table. Their privileges and duties are however more clearly defined than previously.

The following is an abstract of the Returns from 34 Divisions for the quarter ending 31st March last.

BEDFORD, JUNE 9th, 1862.

*Officers and Brethren of the Grand Division Sons of Temperance of C. E.*

Through a well directed train of God's Providence we are permitted once  
more to assemble in Grand Division for the transaction of business pertaining  
to the welfare of this Order. May harmony and good feeling characterize all  
our deliberations, and may we feel at the close of this meeting that it has been  
good for us to be here; may we be encouraged and strengthened to go on  
prosecuting this warfare against the giant evil of our day, until the glorious  
light of Prohibition shall dawn upon our land, and the nefarious traffic in  
strong drink be considered by law as a sin, and by public sentiment a nu-  
isance in society, until our Temperance banner floats from every hill, and  
waves on every plain; then peace shall flow like a river, and righteousness  
like the waves of the sea; the widow's tear be dried up and the orphan's wail  
be heard no more. Then thousands will rise up to call us blessed for rescuing  
their fathers and mothers, brothers and sisters from degradation and ruin.

May we labor for these high and noble purposes, trusting in Him who is  
able to give us all things richly to enjoy.

In submitting my Semi-Annual Report, it is with some degree of pleasure  
that I inform this Grand Division of the onward progress of the temperance  
cause through the influence of our noble Order. Notwithstanding the depres-  
sion in money matters that has kept many from joining our ranks, and many  
from going out into the field to labor for our cause, we have moved steadily  
forward, and one new Division has been organized, and several have been  
resuscitated.

I have been permitted to visit several of the Divisions, and found them all  
working well, and the reports I have received from the various Deputies are  
quite encouraging, except one or two, as you will see from the extracts I will  
now lay before you.

Cameron Division.

Bro. Peter Duffy, D.G.W.P. says that since that Division was reorganised  
in November last, they have been continually progressing; new accessions are  
made to their ranks almost every meeting, and there is a renewed energy on  
the part of all the members. He also speaks with deep regret of the death of  
one of their best and most active members, Bro. Thomas Mace, whose depar-  
ture we deeply feel in this Grand Division but what is our loss is his eternal  
gain.

D. G. W. P. Wm. McCormick speaks of Howard Division, No. 1, as being  
in a very healthy condition.

D. C. Boyce, D. G. W. P., reports that St. Michael's Division is not in so  
flourishing a condition as it was two years ago, but after ten years hard fight-  
ing against the great enemy they are determined never to give up.

North Missisquoi Division, Bro. Meigs, D. G. W. P. gives a very favourable  
report of this Division; he writes: Since their public soiree last winter they  
have been making rapid strides, and were moving on harmoniously; also,

H. Cole, D. G. W. P. reports that Granby Division is doing well, and that the Ladies have a very good effect on the interests of the Division.

Bro. John R. Lambly, D. G. W. P., writes: That Balaclava Division is moving on well and intends soon to build a temperance hall.

East Farnham Division, Bro. A. P. Hurlburt, D. G. W. P. reports as being in a prosperous condition.

Bro. Smith, D. G. W. P., reports favorably of Bedford Division.

D. G. W. P., Alfred Garlic writes me that West Shefford and Shefford Mountain Divisions are doing well, increasing in numbers and interest almost every meeting.

Brockville Division, Bro. H. Greene, D. G. W. P., reports that that Division is doing very well.

Bro. John F. Thompson, D. G. W. P., writes me that Adamsville Division has a very good attendance, although they are not always as harmonious as could be desired, the difficulty seems to be to understand the constitution alike.

George Dunton, D. G. W. P., reports, that Richmond Division is not doing as well as could be desired, another organization of the Independent Order of Good Templars being formed there injures the progress of the Division.

D. G. W. P. John B. Lay, reports that Shefford Division, No 4, was never in a more prosperous condition than it is now, the work being done in a proper and harmonious manner, and additions being made to their numbers almost every meeting.

Knowlton Division is doing well and exerting a salutary influence on the community around.

Cold Water Spring Division, I am sorry to say has ceased to work, although an effort has been made on my part to revive it again.

Bro. Anger, D. G. W. P., reports Milton Division as doing well.

D. G. W. P. Russel, reports St. Lawrence Division as being in a prosperous condition.

I have to regret that some of the Deputies are not more punctual in attending to the duties assigned them, in consequence of which I am unable to give a correct statement of the condition of the Order in Canada East.

For the statistical and financial condition of the Order I would refer you to the report of the Grand Scribe.

I would also impress upon your mind the importance of enlightening the public mind upon the subject of Prohibition, by disseminating tracts and periodicals that advocate temperance principles and wholesome laws, and by employing suitable temperance lecturers.

In conclusion, let me exhort you all to be more active, although we have done much, we might have done more. God is able with a worm to thrash a mountain and we should all remember

The best concerted schemes of men,  
Are vain unless God conducts the plan,  
And never can succeed.

In all our acts and deliberations let us have in view the good of mankind, and the glory of God.

And with the best wishes for the prosperity of this noble Order,

I remain yours, in L. P. and F.

BEDFORD July 9th, 1862.

To the G. W. P. Officers and Brothers of the G. D. S. of T. C. E.

In reference to the G. W. P's. Report we are glad to congratulate the Division on the continued prosperity of the Order in this Province, that while we regret that some Deputies cannot report a prosperous state of affairs, yet that on the whole affairs look bright, but we must not forget that there is still great room for progress. It is encouraging to see so many of the Old Divisions battling against adverse circumstances, and feel assured that perseverance will insure final victory.

too much and too long neglected; we must remember that the entire battle of truth against error requires constant sacrifice, and we should as consistent Sons of Temperance patronize Temperance papers, Temperance houses and Temperance tradesmen in preference to others, though we may sacrifice a certain amount of convenience or pleasure for that purpose.

With regard to Temperance lectures and lecturers, we should be doubly efficient, were every brother to try and cultivate the art of speaking as much as possible, and to obtain the best possible information on the subject of which he treats. This would give us a class of lecturers who would advocate the cause from the love of it, and not from any mercenary motives. There is perhaps as much latent talent in the Order of the Sons of Temperance as in any other, and it only requires development to render the Order as invincible in fact and argument as truth itself.

#### REPORT OF G. S.

In reference to the suggestion of the G. S. that no password be issued to the D. G. W. P.'s. until the returns are sent in, we do not think it would be expedient so to do; but we must call the attention of the Deputies to the fact that it is plainly their duty and obligation to withhold the password until the Divisions have complied with the rules of the Order, and we impress upon their minds the duty of obeying this law to the very letter.

With reference to the meeting of the National Division which we all expected to have been held in Montreal, we would say that while we regret that the M. W. P. deemed it expedient to remove it to Hamilton, yet we cheerfully acquiesce in his decision, and would take this opportunity of assuring the National Division that we feel the greatest sympathy in the struggle now going on in the Republic, and hope that the end will be the overthrow of everything at variance with the great principles of truth and justice. We are glad to see that the National Division have placed the Constitution in a shape that will embrace all former rules, and also feel assured that the extended privileges to youth will be conducive of great increased interest and efficiency in many Divisions.

We feel that the Lady Visitors will be a little disappointed that the National Division has not granted any new privileges to them. But when we consider the large amount of country represented at the National Division, and the consequent diversity of opinions, we cannot be surprised at the result, as most likely other jurisdictions do not demand any alterations as we do, and we hereby tender our heartfelt thanks and acknowledgments to the Lady visitors for the interest they have invariably taken in the Order and hope they will only be incited to renewed effort.

There is ample room for action, and now that the privileges of the Lady Visitors are more clearly defined, we feel assured that no discouragement will damp their ardor, but that they will continue to help and counsel us by their presence. As the education of the youths in temperance principles must ever form the main-stay of the cause, we think that this Grand Division should take steps to organize juvenile associations under its direction and patronage, admitting boys and girls from 5 to 14 years of age, but restraining the right to vote and hold office to those over 8 years of age. The rules to be as much as possible like those of the subordinate Divisions so that it may be looked upon as the nursery of the Order.

We would also remind the members of the vital importance of each individual member upholding the principles and integrity of the Order, both by precept and example, that we may show an undivided front to our common foe.
