AGAIN AGAINST DEFENDANT.

Judgment against the defendant was given yesterday in the Supreme Court before Judge Chandler in the matter of Shecter vs. Lee. This was an action brought originally in the city court by the plaintiff, Max Shecter, to recover \$18 damages from the defendant, Hum Lee. Judge Ritchie, of the city court, decided against the defendant who took the decision in review before Judge Armstrong of the county court. Here also the decision was against the defendant. He then brought the matter on certiorari, before Judge Chandler in the Supreme Court and here again he lost. W. M. Ryan appeared for the plaintiff and William R. Scott for the defendant.

Induced By Fraud To Marry, He Says

Brings \$100,000 Suit Against Rich Parents-in-Law.

Boston, June 29.—Sensational allegations surrounding the marriage of Irving S. Richter, wealthy New York trader, and Frances Lumiansky, daughter of Bernard Lumiansky, wealthy New Bedford merchant, are made in suit for \$100,000 filed by Richter against Lumiansky in the United States district court here.

Richter charges Lumiansky, his wife, Annie D. Lumiansky, and his son Harry Lumiansky, with fraudulently inducing him by deceitful and untrue statements to marry Frances, whom it is alleged Lumiansky represented to be "20 years old and truly beautiful."

Richter first became involved in the affair, he says, by answering an advertisement in a New York journal, which read in part, in addition to a description of her youth and beauty: "She finished college and has a nice profession. Thank God, she does not need to work at it, because I am a big business man and none of us wants for anything. She is an exception. Besides her high education, she has musical talent, sings and plays the piano excellently. She is clever, kind-hearted and can be a good housewife and a lovable woman."

Richter answered the advertisement, and a marriage between him and Frances was arranged and took place Dec. 7, 1920. Afterward Richter asserts he found that the marriage was performed while his wife was absent on leave from the Taunton state asylum, where she had been held as incurably insane. The girl, Richter says, was represented to him as "highly cultured, well trained, decent, respectable, sane, intelligent, virtuous and chaste and of high morals."

Prior to his marriage Richter says he was doing a good business in New York under the name Irving Richter Company, and export firm. He also enjoyed the good will and esteem of his business associates, he alleges. By reason of his marriage he has been caused to suffer "untold shame, humiliation, degradation, suffering, insults, and mental anguish," he says. His business reputation has from the same cause been lost and destroyed, he further charges.

M. R. A. Ltd. The Home of Fine Furniture  
Selecting Furniture For the New Home  
The demand for "better furniture" is a conclusive evidence of the growing discrimination of Canadian Women.  
Our Furniture Store offers the new home maker FURNITURE OF QUALITY in complete suites or separate pieces for any room of the house.  
Selections here are made with an eye to beauty, correctness of style and sound value—and while correctly chosen furniture makes such a difference, it really need not cost so much if chosen here.  
For instance: This beautiful Chesterfield Suite in luxurious over-stuffed style has roll arms, loose cushions, and very attractive tapestry covering. Each piece is upholstered, back and all, so that it can be used in the middle of room if desired. Cushions are shaped and have Marshall Springs.  
These Suites offer you the utmost in Chesterfield comfort and value. Only \$154.00  
Note: Chesterfield Suites may be purchased on the Home Maker's Plan if desired. This means one-quarter of the price at time of purchase and the balance in specified payments covering a period of six months. This privilege allowed on purchases amounting to \$100 and over.

Mother Crazed By Heat, Tries to Hurl Children to Death

Babies Cling to Fire Escape Until Rescued; Woman Fights Firemen and Police With Knife and Meat Axe.

New York, June 29.—Temporarily unbalanced by the heat, Mrs. Bessie Kessler dragged her two small children to the window of her flat on the fourth floor of 284 Henry Street and tried to hurl them to the courtyard fifty feet below. Although little Kate is only two years old and Louis only three, their terror gave them such strength that they managed to hang on to the fire escape rail until the neighbors could rush in and divert Mrs. Kessler's attention from them. Once released, they covered in the corner for half an hour while the woman fought off a half dozen tenants, two firemen and three policemen with a bunch of heavy keys, a bread knife and a meat axe.

Mrs. Kessler, twenty-five years old, and sturdy, was a match in her frenzy, for all who attempted to overcome her without diplomacy. The neighbors stood their ground for only a minute after her first mad rush, although at that time she was armed only with the keys. Leaving the children at the mother's mercy, they called in Firemen Kollinsky and Schaub from the men Kollinsky and Schaub from the engine house across the street. The firemen tried to carry out the children without overpowering Mrs. Kessler, but Kate and Louis were hysterical that they fought their would-be rescuers with the same fury they had shown in resisting their mother. The woman almost knocked down Kollinsky with her keys as he tugged at the screaming boy, and both men were covered with bruises from her kicks and blows. When, through the sudden inspiration, she seized the eight-inch bread knife and rushed at them again they retreated, dragging Kate with them.

Louis probably owes his life to the fact that his mother was too excited to notice him during the interval before the next rescue party. Firemen Duranti, Harper and Gillick, of the Clinton Street station, arrived. They found her standing embattled before the door, brandishing the meat axe and paying no attention to the little boy. She was a bit nonplussed when the policemen started at her, avoided her blows and snatched the child. She hesitated for a second, and at that second the patrolmen closed in and seized her. She was sent to Bellevue Hospital for observation.

VACCINE TESTS ENCOURAGING

British Medical Research Council Got Good Results in Gland Disease Cases.

London, June 29.—The Medical Research Council announces that it has received many inquiries about Professor Dreyer's new form of vaccine for the treatment of tuberculosis, and had, therefore, decided to make the following announcement:

"When it had been shown by experiment that small animals highly susceptible to tuberculosis when infected with tubercle bacilli were improved or lost signs of active disease after the use of Professor Dreyer's new antigen, or vaccine, arrangements were made for trials of this treatment under suitable control at three hospitals in London. The results which have been obtained hitherto have been favorable almost without exception.

"Upon the results, highly promising as they now seem to be, which have been obtained in cases of tuberculosis of the lungs or other internal organs, no final opinion can be passed until a longer period has elapsed.

"In cases of tuberculous disease of the glands and of the skin it can be said already that the results of this treatment have surpassed any known to have been attained regularly by other methods.

"Encouraging results have also been gained in the treatment of infections like those in puerperal fever and other 'septic conditions'.

"There is good ground, therefore, for hope that a very important advance in the curative treatment of tuberculosis and of some other diseases has been made.

MIKE DOES NOT BREW HIS OWN; OH NO; HE GROWS IT IN HIS LITTLE ORCHARD

Attleboro, June 29.—Michael S. Tachsch, living on the outskirts of this city, pulled the most original anti-Volstead stunt recorded since the 18th amendment became the law of the land. Instead of brewing his own, he "grew" it. Police were informed that Mike was selling liquor. They paid him an unexpected visit, but a search of the house was unsuccessful. Behind his home Mike had a brand new orchard. Attached to each young fruit tree was a small tag, which Mike said indicated its characteristics. The officers were about to leave the place when one accidentally stumbled against one of the trees. It was uprooted and the stump was found to be attached to a bottle of gin. Further investigation disclosed that every little tree had a bottle of its own, and the tags indicated the particular brand. Mike appeared in court today to explain his "Luther Burbank" theory of liquor culture and his case was continued until July 2 for disposition.

BETTER BEER IS DEMAND OF ENGLISH WORKINGMEN

Pre-War Standard Impossible at Present Prices, Brewers Say; Govt. Aid Sought.

London, June 29.—Many an Englishman is upset because the beer served over the counter nowadays is not what it used to be. The workingman contends, and the brewers admit, that this popular beverage today contains many more non-essentials than it did in pre-war days, but the manufacturers say it would be impossible to sell beer at the present prices and keep up the old standard.

With so many representatives of the Labor party in the House of Commons, the agitation for better beer has reached the floor of that body. Mr. Burgess, a Labor M. P., recently asked the government to take steps to guarantee the production of a standard quality. The government replied that it would not oppose the introduction of a bill to this effect.

THE MEN WILL BE DOING THE HOUSEWORK IN 2023

New York, June 29.—All the business of the world will be transacted by women within a century, if the trend now indicated by census statistics continue, Mrs. Alice Foote MacDougal, New York feminist, announced after a period of intense research.

Since 1880, Mrs. MacDougal said she had discovered, the percentage of women in business increased from 14.7 to 21, while the percentage of men gainfully occupied dropped 4 per cent. "I don't pretend to predict what the men will do," she said, "someone has to do the housekeeping, I suppose, and if the women are otherwise engaged, the men will have to do it. Probably

Irate Man Wrecks Home With Dynamite

FAILS TO KILL WIFE AND CHILD—SLAYS SELF.

South Porcupine, Ont., June 29.—A domestic tragedy, resulting in one death, took place in Moneta township, adjoining the town of Timmins, when Rogario Marson, an Italian, attempted to kill his wife and ten-year-old stepdaughter by blowing up the house with dynamite. Falling in this, he shot himself in the left side, death being instantaneous.

It appears that Marson and his wife when they married were each making their second matrimonial venture, Marson having four children and Mrs. Marson two. Since that time about four years ago matters have been steadily getting worse on account of Marson's alleged cruelty to his wife, and about two months ago separation papers were signed. Marson had been living in Timmins and his wife in Moneta. Sunday Marson came to the house on Kimberley avenue and threw four or five sticks of dynamite through a rear window in the ground floor. Mrs. Marson and her daughter were in the house at the time and although the building was pretty well shattered by the explosion neither suffered any injury.

The noise aroused the neighborhood and a crowd quickly gathered. Constable Raycroft arrived and in making an examination of the premises, Marson's body was found about four feet from the window through which he had thrown the dynamite. There was a bullet hole in his left side just below the heart, and a 32-calibre revolver with one chamber discharged was found lying within a couple of feet of his hand. Medical assistance was called, but Marson was dead.

Owing to the circumstances and judging from letters the deceased had written to his son stating what he was going to do, a suicide verdict was returned.

Don't let diapers irritate your baby's skin

NO matter how carefully you bathe and powder him—if his diapers are washed with harsh soap—his tender skin will suffer. The diaper rash that is the source of such severe suffering to babies is caused by this very thing—washing diapers with harsh or impure soaps.

Safe for all his little clothes. Keep your baby's diapers soft and comfortable. Wash them in pure, safe Lux suds and thoroughly rinse.

There is no free alkali in Lux to stick to them and make them irritating. No harmful ingredient to inflame the sensitive skin. These pure flakes are safe for all the clothes that touch his tender skin. Use Lux for your baby's soft woolen shirts and bands, his petticoats and dresses, his diapers and socks.

To keep diapers from irritating To prepare for washing: Remove all solid matter immediately—put to soak in cold water. If diapers are simply wet place in a covered pail and let soak in cold water.

To wash: Whisk two tablespoonsful of Lux into a thick lather in a tub of very hot water. Let diapers soak for a few minutes then dip up and down pressing suds repeatedly through them. Thoroughly rinse in three waters. Boil diapers once a week using one tablespoonful of Lux to a gallon of water.

Million U. S. Farmers Leave Land For City Would Switch Those Now On Poor Soil. Gillett's LYE EW GILLETT COMPANY LIMITED TORONTO, CANADA MONTREAL

Montreal, June 29.—Conditions which have induced people of this province to leave it are not confined to Quebec, according to Hon. J. E. Caron, Provincial Minister of Agriculture, in a statement on the agricultural system here. He points out that over a million United States farmers had left the land for the cities last year in the United States. Among causes operating to cause emigration were, the Minister thought, the obligations of various kinds which the farmers were unable to meet; difficulty in borrowing money, the terms of loans being too short; and exploitation by traveling salesmen which left the farmer short of money when he most needed it. As remedies he suggests the switching of farmers from poor lands to the richer Abitibi, Timiskaming, Lake St. John and Matapedia districts. He also advocated encouragement by district savings banks. That a reaction has set in connection with emigration from rural Quebec—at least in one part of the province—was shown by the presence here today of two representative farmers from Howick in search of farm landworkers. He said they met the immigration special from Quebec and they found all the men on it booked for farm positions in Ontario. It is stated there are applications from the Howick district for seventy-six men with wages of \$40 a month and all found.

TROUSERED WAITRESSES. Selfridge's Makes Innovation in Luncheon Department.

(Special Cable to the New York Times and Montreal Gazette.) London, June 29.—Selfridge's big London store has introduced trousered waitresses in the luncheon hall. "This innovation means quicker service," said an official today to a newspaper representative. "The girls are able to move about more easily, and the general feeling is certainly attractive. Altogether there are ten of these trousered waitresses, and in less than twenty-four hours they have all got over any little feeling of self-consciousness. We have no intention of extending the idea to the other departments, and girls with boyish figures have been selected to wear the new costume."

55-LB. MIDGET DIVA TO WED 206-LB. MAN

New York, June 29.—Miss Dora Veig, who is three feet four inches in height, and Benjamin Theller, who is five feet ten, have obtained a license to marry. Miss Dora is a prima donna of Sing-sing and Theller is employed at the Palace Theatre as efficiency man. They are to be married, they said, by a minister during a performance some day this week. Miss Veig told City Clerk Michael J. Cruise that her age is twenty-three years, her weight fifty-five pounds and her hair blonde. Theller weighs 206 pounds, and lives at 560 West 139th Street.

INFANT FALLS AFTER HURT OUT OF WINDOW

Boston, June 29.—Gertrude Cass, 16-month-old baby of Mr. and Mrs. Michael J. Cass of 28 Pelham street, Cambridge, fell from the third story window of their home, 45 feet to the ground, and so far as physicians at the Cambridge City hospital could tell after thoroughly examining the child, she was unharmed. The baby had climbed up on a chair close to the kitchen window which was open, leaning out the window, she lost her balance. The little girl was kept at hospital overnight for observation.

ST. LOUIS PLASTERERS GET \$15 FOR 8-HOUR DAY

DIES FROM BITE OF HORSE

London, June 29.—(By mail)—The Carlisle Coroner held an inquest the other day on James Turnbull, employed at the local auction mart, says a London Daily News item. "Turnbull was bitten by a horse on Wednesday and on Friday he was unable to lift his arm. On Saturday he died. He told his wife he had not the sense to ask the name of the horse's owner. The solicitor for the auction mart said no complaint had been made to them and the occurrence was almost unprecedented. A verdict of death from septicemia due to horse bite was returned.

Essentially Different. THERE are two most important things about any Electric Range—the cooking element and the oven. Everything else is of lesser importance. And in McClary's Electric Range both these points are different and superior. The Cooking Elements are protected. The heating coils being embedded in tough porcelain, are protected from spilled food and other damage. They heat as quickly and remain hot much longer than any other kind. The Seamless Oven—of welded steel, porcelain enameled with rounded corners is sanitary and easily kept clean. It operates like a fireless cooker, because when once heated it stays heated until the baking is done.

New Albert School Formally Opened

Delightful Programme in Fine West Side Building — Has Good Auditorium.

The new Albert school in Duke street, West St. John, was formally opened last evening and was well attended by a capacity house.

A portion of the programme will be repeated again this evening to allow those who could not attend last evening an opportunity to see the new building, which is modern and up-to-date in every detail.

The programme opened with an overture by the High School orchestra, followed by an address by Chief Justice McKeown, chairman of the school board.

The exhibition of signalling, physical and gun drill was given by the cadets from the Albert School Corps.

The exhibition of physical drill by sixteen girls of Grades VII and VIII brought forth hearty applause from those present, the girls going through the exercises with snap and vim.

The feature of the programme was the operetta, which the children presented in finished style.

The members of the cast were as follows: Titlitz, Queen of Fables, Muriel Craft; Oberon, Prince Consort, Cyril Williams; Puck, the Court Jester, Harold Williamson; Moth, the Miller, Donald Young; Ariel, Queen of Butterflies, Winnifred Sharpe; Ugg, Ogre, Norman Wilton.

Boy Rancher Owns 200,000 Acres Of Land In Hawaii

Richard Smart, 10, Who Has Annual Allowance of \$16,000, Hailed With Joy on Visits to His Estate.

Honolulu, May 29.—(Associated Press by mail)—The high cost of living is one thing that need not cause much worry for the next year to ten-year-old Richard Smart, who is now on his annual visit to his domain, the great Parker ranch of almost 200,000 acres on the island of Hawaii.

On the petition of his grandmother and guardian, Mrs. Elizabeth Knight, who was Mrs. John Parker before her second marriage, Judge John Desha, of Honolulu, has just increased the youngster's annual allowance from \$9,000 to \$16,000.

The ranch has played a prominent part in island history and was one of the few places in the territory which did not pay homage to "King sugar."

The Senate adopted the House of Commons bill granting bounty on hemp and reducing the duty on cigarettes, respectively. The bill amending the Biological Act was also passed.

MUSEUM TO BE FASHIONED ON GERMAN BOMBPROOF

London, June 10.—(By Mail)—On July 1, The Zebrugg Museum will be opened, writes the Brussels correspondent of "The London Times."

Colonel Stingham, of the Belgian army, who has assembled the museum, appeals for gifts from those who possess relics of the exploits of the British or of Captain Fryatt, who was arrested in the famous cellar of which the museum will be a reproduction.

ENJOY THEIR OWN FUNERAL

Toko, May 30.—(By mail)—Funeral services for a couple who are still alive were held at Koochi recently.

A long cortege of "mourners" left the Koochi park and all procedure of the funeral service according to the Buddhist rites, was carried out in regular order at the Hongwan Temple.

CANADA AND THE ORIENTALS

An American Tribute to Prime Minister Mackenzie King. (Boston Herald.) When Harvard's alumni, gathered in Sever quadrangle, heard that ringing message of amity and good-will brought to America by the Rt. Hon. W. L. M. King, only a few of them could be aware that, just before crossing the border on his way to Boston, the Canadian Prime Minister had touched the hearts of his own people with a deliverance on international relations which might well be heeded by the world over.

WHAT'S DOING IN THE MONEY AND STOCK MARKETS TODAY

ASKS WORKERS HELP RUN SHOP

Lynn Shoe Manufacturer Moves for a Co-operative Management Board - Would Give to Help Voice in All Affairs.

Boston, June 29.—Joseph I. Melanson & Co., Lynn shoe manufacturers, who, a few weeks ago, stated that they were tired of losing money through labor union interference and that they would ignore future union demands, have proposed to their employees that the latter enter into an agreement on some plan of co-operation acceptable to the firm and the workers "for their mutual benefit."

Members of the firm issued a pamphlet, "To Employees of the Melanson Firm." This was preceded by withdrawal of the concern from the Lynn Manufacturers' Association, effective as of last Saturday.

Co-operation Needed. In his statement to the employees, Mr. Melanson says: "I have gotten to a point where my resources to give you proper employment are at an end. I have made effort to get more business, but can get no further without your co-operation. I still hold a great deal of faith in my help and believe that if you were not interfered with you would willingly choose me for your leader, and you would do that with a feeling of confidence that I could restore to you the steady employment that I owe to you."

Mr. Melanson also points out that Lynn, like all other manufacturing cities, has an expensive place in which to live because of the constant increase in rents and he sees no immediate prospect of a reduction. While he has not a word to say about the "buckeye" shop, he added, where men should receive good earnings are getting a very lean income.

"If you can bring yourself to a point of confidence in my ability to procure for you more work, I will be glad to agree whereby a committee of five appointed within a week, shall make a period of six months or more, only be eligible and it is agreed that all will submit to the will of the majority."

GROCCERS CHOOSE THEIR OFFICERS

St. Andrews, N. B., June 28.—The election of officers of the Canadian Wholesale Grocers' Association took place here today at their annual convention and resulted in Frederick T. Sneye, of Hamilton, being chosen president. The officers elected were as follows: Honorary president, Hugh Blaine, Toronto; president, Frederick T. Sneye, Hamilton; vice-presidents, Zeph Herbert, Montreal; second vice-president, C. P. Wood, Halifax; third vice-president, A. O. Martin, Winnipeg; treasurer, E. H. Kinney, Toronto; secretary, A. C. Pyke, Toronto; members of the executive, R. M. McIntosh, Vancouver; L. T. Newburn, Calgary; J. D. Millan, Saskatoon; H. G. Smith, Regina; F. G. Bowser, Winnipeg; F. W. Humphrey, Toronto; A. J. Major, Ottawa; A. Chaput, Montreal; James McConne, Sydney; W. Cross, St. John; J. A. Farquhar, Charlottetown; J. S. Royer, Quebec; H. Bazin, Quebec; J. Williams, Turn-bull, London; Joseph Laporte, Montreal; F. R. Parnell, St. Catharines; and S. O. Hogg, Halifax.

FREDERICTON MARKETS

In Fredericton market yesterday the prevailing prices were as follows: Strawberries, per box, 50 cents. Vals, per pound, 20 to 30 cents. Potatoes, per barrel, \$17.50 to \$2. Butternut, per pound, 9 to 12 cents. Eggs, per dozen, 30 cents. Salmon, per pound, 20 to 30 cents. Radishes, per bunch, 10 cents. Tomato plants, per dozen, 75 cents.

BANKRUPTCY PROCEEDINGS

New York, June 29.—An involuntary petition in bankruptcy alleging inability to pay debts of approximately \$200,000 was filed in federal court yesterday against W. H. Dudley & Co., jobbers in the canning trade. Petitioning creditors were the First National Bank of Boston, and the Exchange Bank of New York and J. Allen Thompson of Philadelphia. No estimate of assets was made.

Estate of Frederick Herbert McKiel

Letters Testamentary of the Estate of Frederick Herbert McKiel deceased having been granted to the undersigned executor, all persons indebted to the said Frederick Herbert McKiel are requested to pay the same to the executor within thirty days, and all persons having claims against the Estate are requested to file said claims, duly proved forthwith at the offices of Hughes Weyman & Hazen, solicitors for the said executor. Dated this twenty-fifth day of June, A. D. 1923. AGNES A. HOBEN, Executor.

UPWARD COURSE IS CONTINUED

Early Wall Street Demand—Quiet But Firmer on the Montreal Exchange.

New York, June 29.—Prices continued their upward course at the opening of today's stock market, with the initial demand centered in the motors, metal accessories, rails and few specialties. Studebaker, Stewart Warner, Union Pacific, General Cable and B. and O. opened one to 1-8 higher, but Northern Pacific dropped 1/8. Some of the minor oils also were higher.

Noon Report.

New York, June 29.—Publication in the financial district of unfavorable steel trade advices apparently was responsible for the heavy selling of the independent steel shares, nearly all of which broke through their previous low prices for the year. This weakness also extended to the equipments and merchandising issues and a few specialties. The motors, public utilities, copper, sugars, and rails, however, showed indications of good buying support. Call money opened at six per cent.

Montreal Exchange.

Montreal, June 29.—The first half-hour's trading on the local stock exchange today was quiet, with, however, a firmer tone present in the narrow range of issues that came out. Promptly the most active and one-eighth Gen Electric sold up one point to 37 1/2. Atchafon sold up one point to 62; Atlantic Sugar at 18 1/4 was up three-quarters. Brazilian came out with an overnight gain of one-half to 48; Canada General Electric was unchanged at 99. The balance of the list was unchanged.

Exchange Today.

New York, June 29.—Sterling exchange heavy. Great Britain 4.68; France 6.08 1/2; Italy 4.42; Germany 1.008 1/8; Canadian dollars 2 7/8-1 cent discount.

CLEAR BUCKET SHOPS OUT OF WALL STREET

New York, June 29.—Lawrence Tweedie, who recently succeeded William S. Silkworth as president of the Consolidated Stock Exchange, yesterday visited the offices of Attorney-General Sherman and pledged his wholehearted support in the Attorney-General's campaign to clean all bucket shops and irregular brokers out of Wall Street.

OPINIONS ON THE STOCK MARKET

(McDougall & Cowan.)

New York, June 29.—We believe that prices will firm up and high-grade stocks will score considerable advances before July 10.

Housman & Co.—"It is our opinion that many of the standard rail shares are worth every dollar for which they are selling and should be bought on a scale down."

Hornblower & Weeks—"Now that a bear market has been officially proclaimed as having started, see if those holders and big operators who have recently been successful in their bearish operations do not reserve the field and being about a week will have all the appearance of another bull market."

MORNING STOCK LETTER.

(McDougall & Cowan.)

New York, June 29.—We expect to see the rally which started yesterday go considerably further. Not only is there a good deal of short covering yesterday, but there was some good buying by those who consider that in a number of cases stocks have gone below the level which would reflect the immediate outlook for business. While for the time being the general trend of the market seems downward, small investors have been frightened into selling their stocks until prices are too low at this stage of the market. An exception of reports from the northwest carriers, rail earnings are highly encouraging and we think a big rally likely before the end of the year in spite of the political situation. Atchafon, N. Y. C., So. Pac. and Atlantic Coast Line look like purchasers while the lower priced issues, B. and O., So. Ry., P. Q. have an excellent chance of scoring a good advance from present levels. Consolidated Gas seems to offer a good opportunity for a switch from some of the industrial shares whose outlook is not so bright. It was the decision of three leading members of the market that the rail gas bill was unconstitutional and there seems little likelihood of it ever being put into effect.

As we pointed out before, American Locomotive now looks like one of the best buys at current levels. It is likely to go on a 80 basis with a three-year dividend reserve. It must not be forgotten that Europe needs copper and that copper stocks will undoubtedly benefit from any settlement of conditions in Europe. Kennecott selling at 83 and paying four looks attractive. The market leaders should recover from getting around. We expect to see Studebaker, for instance, selling between 105 and 110.

LIVINGSTON & CO.

MONTREAL FUR AUCTIONS.

Montreal, June 29.—Business at the Canadian Fur Auction Sales here yesterday totalled about \$400,000. Red and sundry fox skins were mostly sold during the day and they were not of the high priced varieties. Prices were up 15 to 20 per cent. on the March sales figures.

Piano Solo, The First Valse, by Stewart Sims. King's Message to the Children of the British Empire, by Nelson Lewis. Queen's Message to the Children of the British Empire, by Irene Burrows. Significance of Dominion Day. Salutation of the King. God Save the King. Winter Street School.

The programme carried out at the Winter Street School was a most elaborate one and one which reflected great credit for the teachers responsible for its preparation and execution. It was divided into two parts, the first being furnished by the pupils of Grades I. and II. and was in the nature of a Mother Goose Cantata.

The chief character in the cantata was Madeline Howes as the Dreamer, and the manner in which this little girl carried out her difficult role was very praiseworthy. Each of the many characters, taken from nursery rhymes were presented, one after another, by the Dreamer, in costume, and they made a distinct hit with the large audience present.

Pretty and well staged dances were performed by reading the poem. Mother Hubbard, Red Riding Hood, Mary, Mary, Quite Contrary and the King of France put his archers through a delightful military drill. A choir of twenty boys sang the nursery rhymes as the characters disappeared.

Part II. Part two was a playlet, Under The Sugar Plum Tree, based on Eugene Field's poem of the same name and presented by the pupils of Grades III. and IV.

Lawrence Godard opened the performance by reading the poem. Then came six picnickers, led by Naomi Elyman and Simon Levine who gathered the sugar plums. The hunter lady and ladies followed, led by Ronald Lawton and Audrey Crawford and they were followed by the three characters, Shuffie Shoon, John Maxwell, Reggie Man, Ernest Thompson, and Uncle Doc, Robert Brown.

A delightful Springtime Festival was presented, led by Isabel Williams. Miss Springtime, attended by six flowers two sunbeams, Marion, Barker and Frances Foster and the water sprite, Shuna Gilchrist.

Next appeared the sailors, captained by Florence Gilbert, who made her entrance in a ship and the company sang Robert Louis Stevenson's "Ships, Ships" for modern accompaniment by the Seilers' Hornpipe.

The Little Orphan Annie, taken from James Whitcomb Riley's poem of the same name, was presented by Margaret Dickson, who sang the song in pleasing manner.

After a pretty Maypole dance, the assembly hall and consisted of the following numbers: Chorus, Welcome Sweet Springtime. Address, Rev. Neil MacLaughlan. Exercises: The Daisies' Awakening, Girls of Grade I. The Tree Song, Boys of Grade I. Exercise, A Little Girl's Dream, Girls of Grade II. Dialogue, What a Boy Can Do, Boys of Grade II. Chorus, Voices of Summer. A Garden Play, Awakening the Flowers, Girls and Boys of Grades III & IV. Awarding of Y. M. C. A. prizes. Chorus, The Cherry Tree. National Anthem.

The presentation of the program programme began at 11:45 and was as follows: Chorus, The Crowning of the Seasons. Address, Rev. Mr. Johnson. Song, O Canada. Song, by twelve girls of Grade VII. A Spring Fantasy, by Grades V, VI, and VII. Presentation of Prizes. Chorus, The Alpine Song. Salutation of the King. God Save the King. King Edward.

In the King Edward school the following programme was carried out under the direction of Principal

Royals Again Defeated.  
The St. John Baptist baseball nine for a second time this season vanquished the Royals in the South End League fixture last evening by a score of 7 to 2. The feature of the game was the great pitching of Edward "Tack" Dalton, who not only held his opponents to three hits, but had fourteen strike-outs to his credit. In the fifth inning the Saints put the game on ice when they netted five runs. This was largely due to hard hitting. In the fifth both teams scored two runs, but that ended the run getting. Nelson, who pitched for the Royals, had twelve strike-outs to his credit but he allowed thirteen hits.

Moncton Defeats Quincy.  
In an exhibition game staged in Sussex last evening Moncton defeated Quincy by a score of 8 to 5. Both teams had a number of errors.  
May Split Season.  
A suggestion which is being seriously considered, is that the Two-1 league be divided into two sections, the winners of the first and second to play off for the championship. Owing to the commanding lead of Fredericton and the poor start of other teams it is felt that such a section would be an incentive to create more interest. It is likely that the suggestion will be taken up at a meeting of the Two-1 League executives this evening. The McBeth case will also be decided at the meeting.  
St. Stephen Defeats Milltown.  
St. Stephen maintained their lead in the Border Town League last evening by defeating Milltown by a score of 2 to 1 in an exciting game played on the latter diamond. Morrell and Vanstone formed the battery for the winners, and Corbett and Lebrun for the losers.

Intermediate League.  
In the Intermediate League last evening St. Luke's team defeated the Rockwoods on the North End diamond by a score of 4 to 1. The Rowing Club team defeated the Martellos on the Queen Square diamond by a score of 11 to 2.  
Post Office Team Wins.  
The Post Office team defeated the Water Department nine in the Civic & Civil Service League last evening by a score of 15 to 11. The batteries were: Torry, Brown and Evans for the winners; McCluskey and Johnson for the losers.

**JUDGE MCKEOWN IS BEREAVED**

His Sister, Widow of Former Premier Clarke, Dead at St. Andrews—In Good Health Wednesday, She Passed Away at 6.30 o'Clock Today.

The distressing news of the sudden death of his sister, Mrs. Bessie Clarke, widow of Hon. George J. Clarke, at one time Premier of New Brunswick was received this morning by Chief Justice H. A. McKeown of this city, in a message from his summer home in St. Andrews. Mrs. Clarke was taken suddenly ill on Wednesday afternoon with intestinal trouble and died about 6.30 o'clock this morning. Word of her illness was received by Judge McKeown on his return here from attending the opening ceremonies of the new Albert School last evening, and not believing that her condition was serious, he planned to return to St. Andrews today; news of her death this morning was therefore a great shock to him and to her many friends in and about the city. Judge McKeown had spent the last week-end with his sister and she was then in the best of health. Mrs. Clarke was fifty years of age, and was a daughter of the late Rev. Hazeliah McKeown of St. Stephen. She is survived by two daughters, Mrs. Stewart Lane of Vancouver, and Mrs. Louis Jarvis of Montreal. Mrs. Jarvis was visiting her mother a few weeks and was with her when she took suddenly ill. She also leaves two brothers, Chief Justice McKeown of this city and Arthur W. McKeown, general merchant of Divide, Montana; and two sisters, Mrs. Campbell of Wallace, N. S., widow of Rev. Dr. George M. Campbell, former pastor of the Centenary Methodist Church here, and Mrs. Bonnell, wife of Dr. S. Bonnell of Fernie, B. C.

Since the death of her husband Mrs. Clarke had been spending her winters alternately with her daughters in Montreal and Vancouver, and occupying her St. Andrews home during the summer months. Last winter she spent with Mrs. Lane in Vancouver. Judge McKeown, accompanied by his wife, will leave for St. Andrews this afternoon. He said today that although definite arrangements for the funeral had not yet been completed, it was altogether likely that burial would take place at St. Andrews, where Mrs. Clarke was interred. His Honor will have the sympathy of a wide circle of friends in his acute and sudden bereavement.

**Question of Rights To Lake Fishing**

South Branch Matter to Be Tested in Chancery Court—Injunction Granted.

Whether a person owning shore rights on a lake is privileged to fish in all parts therein will be one of the questions for consideration in the matter of the South Branch Fishing Club vs. Linton, which will probably be argued in Chancery in September. An injunction was issued by Mr. Justice Grimmer on application of Barnhill, Sanford and Harrison yesterday to restrain the defendant from fishing in that portion of the South Branch over which the club claims exclusive title. The plaintiff club is composed of several local residents who have been fishing the south branch of the Oromocto for years. Some time ago the defendant, Thomas Linton, and others acquired rights to other properties bordering upon the lake and a very attractive camp was constructed on the site. The question of riparian privileges as to non-navigable waters where private rights for fishing and other purposes exist will be followed with interest in both legal and sporting circles.

**FORMERLY OF SAINT JOHN**

Mrs. Frances Frank Dies in New York Following Injury Sustained in Fall.

(Evening Empire, Prince Rupert, B. C., June 19.)

Mrs. M. Raymond, Fifth avenue, west, received word from New York City yesterday afternoon announcing the death of her youngest daughter, Mrs. Frances Frank. A year ago last March she sustained a fall which injured her hip. Despite skilled treatment, she failed to rally. A second operation was decided on, and she passed away, while this was being done. Mrs. Frank spent the summer of 1917 here, where she made a large circle of friends, who learn with sincere regret of her untimely death. She is survived by husband and sister in New York, and mother and brother in Prince Rupert.

As Miss Fanny Raymond, Mrs. Frank is held in kindly memory by many St. John friends. Her brother in Prince Rupert is William J. Raymond, who some years ago was on the writing staff of the Daily Telegraph.

**A NIGHT ADVENTURE**

(St. Croix Courier.)

After the close of the Queen Theatre Saturday night, Manager Staples and his wife started in their car for St. John. When just below Pennfield, they encountered a big bull moose which gave them a "run for life" that would have made a good "movie." Mr. Staples "stepped on the gas" but even with the car going at thirty miles an hour they could not shake the infuriated animal which frequently made his displeasure manifest as he ran alongside. When they slowed down to 20 miles at a curve the moose jumped to the centre of the road but refused to be shaken. A little later it jumped to the side of the road and they could hear the impact of the big body against a wire fence as they shot ahead. A few miles farther they encountered a lynx but neither party exhibited any desire for a contest.

**ONE FROM ST. JOHN**

Bangor Commercial: Three Canadian boys enlisted at the local recruiting station Tuesday, for service as follows: Edwin N. Pelton of St. John, N. B., Can.; Edward C. Corey and Paul G. Swin of Woodstock, N. B., Can.; all for service with the Coast Artillery at Ft. Preble, Portland.

**PRESENTATION**

About twenty members of Roxborough Lodge, No. 32, called on one of their members, Bell McLeod, at Market Place, West St. John on Tuesday evening, and presented a lodge pin to her. Miss McLeod replied feelingly, thanking the donors for their thoughtful gifts. Following the presentation games were enjoyed and refreshments were served.

**SHOE STORE BY-LAW**

It was pointed out this morning that the proposed by-law which provides for only closing of retail shops selling boots and shoes, does not compel shops selling other goods as well as footwear to close between 6 p. m. and 9 a. m. Such shops, however, will be restrained under the by-law from selling boots and shoes during the hours when the shoe shops are closed.

**GETS BIG TROUT**

A splendid red trout, three and a half pounds in weight, responded to the practiced call of G. Siminalli at Loch Lomond one day this week. He caught it in shallow water not far out on the lake from the highway bridge. Mr. Siminalli also hooked one of the rainbow trout of the kind placed in the lake some time ago. This one had reached seven inches in length. It was returned to the water.

**HYDRO PROGRESS**

It was announced at the offices of the Civic Power Commission this morning that the steel for the outside sub-station superstructure would be ready for erection early next week and the task of erection would be completed in about three days. The placing of the three big transformers will then be carried out. Some of the outside switching equipment has arrived and will be installed as soon as the transformers are in position. According to the present indication the inside switching equipment will be completely placed on or about July 15. With all branches of the distribution system being hurried towards completion it will not be long before the effect of hydro street lighting.

**Tree Across Wires; Current Shut Off**

Westfield and vicinity was thrown into darkness for about two hours last evening by the shutting off of the current in the whole system. Some men were clearing a piece of land near the church at Pandemonia and in falling a large tree fell across the power line. One of the men was slightly shocked but was not severely hurt. At the request of those in charge of the work the N. B. Commission shut off the current until the tree was removed from the wires and service was again resumed.

**MORTGAGE CASE**

Judgment was delivered in Chancery this morning by Mr. Justice Grimmer, setting aside as null and void a mortgage in the case of Samuel Rosevear vs. Joseph A. Pelletier, and ordering the same to be discharged upon the records by the defendant. This case concerned a property transaction in Restigouche County where the parties reside. The matter of fraudulent obtaining of the mortgage on the property entered into it. The plaintiff on learning of the alleged fraud brought action to have the mortgage set aside. The court gave judgment for the plaintiff, finding that one of the lots about one acre in size, vested in the plaintiff in fee simple and that the mortgage was null and void. The injunction previously granted to restrain the defendant under the power of sale in the mortgage from selling was ordered continued. Costs were struck against the defendant.

**PUPILS GIVE RECITAL**

The pupils of Miss Muriel McIntyre gave a very enjoyable recital yesterday in the Orange Hall, Germain street, and greatly pleased the large audience present. Marjorie McPhail assisted with readings. She is a pupil of Miss Marjorie Pearce. Dorothy Spilane gave two songs. Those taking part in the recital were: Berj Dean, Purdy Gregg, Louise Cowan, Georgina Earle, Jean Harrison, Jennette Powers, Rupert Haley, Charlotte Fisher, Jean Linton, Shuna Gilchrist, Kenneth Fisher, Grace Fairweather, Ronald Fleming, Jean Stanton and Marjorie Simons. The ushers were Jean McLaughlin, Frances Dunlavy and Margaret Hayward.

**FUSILIERS REACH CAMP IN DOWNPOUR**

Heavy Rain Since Midnight in Tented City.

Much Interest in Saturday's Sports—An Unusual Form of Address to Colonel in Asking His Selections for Breakfast.

(Special to Times.) Sussex, N. B., June 29—The St. John Fusiliers arrived at Camp Sussex this morning and immediately went into quarters. The arrival was in a down-pour of rain. Heavy rainfall began soon after midnight and kept on all morning. Slung under canvas, the troops were warm and dry and there were few complaints. Little in the way of outside drill could be undertaken, but the time was occupied with lectures and other work. All ranks are looking forward with great interest to the field day tomorrow. Competition will be particularly keen in the cavalry event. An excellent feature of the camp is the efficient way in which the food is cooked. Private Briggs is cook for the subordinate mess and he can flip a flap-jack with the best of them. One dignified officer's mess was rather scandalized at breakfast today when a new waiter appeared in the doorway, stood for a moment with his hands on his hips, and then demanded of the colonel, "Well, boy, waddya gonna have this mornin'?" A young batman started another mess last evening when he appeared at dinner, which is a parade and attended by all officers in dress uniforms, with a forage cap rakishly perched on the side of his head. He asked "Hey, Captain Blank, will you want your buttons polished in the mornin'?"

**HEALTH BUREAU SESSION TODAY**

Massachusetts Doctor Gives Praise to N. B. Health Service.

The meetings of the New Brunswick Health Bureau were continued this morning in the Health Centre with a good attendance of members and nurses. A word of praise for the public health service of the province was given by Dr. Stewart of Woburn, Mass., formerly of St. John, who was a visitor at the meeting. He spoke of the great advance made and said that he had been very pleasantly surprised at the change since his last visit here. The discussions on the matters of medical school inspection were continued. There was a considerable discussion also on the recent advances and discoveries in the line of disinfectants and their use. Problems arising in connection with the public health nursing service of the province were taken up and plans for the future were formulated.

**Ball Players All Night on The Road**

St. Peter's Have Break-Down and Manager a Fourteen Mile Walk.

Members of St. Peter's baseball nine arrived home early this morning from Fredericton where they were defeated by the capital team in two contests. The green and white boys are apparently a popular attraction at the capital as their games this season have attracted record crowds of fans. In three out of four games with the league leaders St. Peter's played errorless ball, but last evening cracked the losing record. Despite this the fans say that both contests were real baseball and well worth seeing. The champions apparently have a jinx about using them this season as the breaks have all been against them. Determined to reach Fredericton on Wednesday in time to have a good night's rest before the trying double header yesterday they set out from St. John about 9.30 o'clock. While travelling along the broad road between PETERSVILLE and Oromocto their auto truck broke down and as a result they failed to arrive at their destination until Thursday morning at 6.15 o'clock. The accident happened before midnight and for nearly an hour the chauffeur labored diligently to make at least temporary repairs. About 12.30 it was decided that someone would have to go for assistance and Manager McCormick, accompanied by two other members, set off in an effort to locate a telephone and get cars from Fredericton. After a tramp of fourteen miles they reached a farm house at 4 o'clock and after rousing the owner arranged to have him drive them to Fredericton where they planned on securing automobiles to bring the players there. After an unavoidable delay they started and arrived at the capital a little after five o'clock. Efforts to awaken chauffeurs, secure cars, and arrange for quarters for the team were well under way when the truck with the players arrived. While the accident was regrettable the boys paid a glowing tribute to the skill and patience of David McKay, their chauffeur, who worked under his car for more than four hours and finally succeeded in getting it in running order. Although playing under this handicap they showed championship form until the break in the sixth inning of the evening contest.

**RECEPTION FOR MR. LOGAN**

H. J. Logan, M. P., expects to arrive in Amherst on Tuesday night, July 3. The Board of Trade is arranging to have a public reception for him on his arrival.

**The Barnet Household Refrigerator**

**Saves Time, Work, Money, Food**

The Barnet means less labor for housewives—better meals—lower costs—foods kept fresh, pure and wholesome by a constant circulation of cold, pure dry air within eleven heat-repelling walls, which protect the ice and guarantee a uniform temperature at all times. This means lower ice bills as well as a bone-dry, cold interior.

You owe it to yourself and family to buy the Barnet—the most efficient protection against contaminated foods and the contaminating summer heat.
