THE CONFERENCE HAS BEEN SAVED

Slippery at Genoa for the Last Two Days.

Germans are Rapped for Secret Treaty—Grim Warning on Financial Condition of Europe—May be Monetary Convention.

(Canadian Press Cable) Genoa, April 18.—The Genoa conference apparently has been saved. For the last two days it had been tottering on the edge of collapse, due to the indignation of some of the more important leaders over the action of the Germans and Russians in secretly concluding a treaty covering the principal and most delicate points under consideration by the conference.

Now, however, the delegates are to go forward with their work, but the Germans are barred from participating in all deliberations concerning the Russian question. This penalty was laid down in a note of censure sent to the Berlin delegation yesterday after all-day consideration of the situation by the representatives of the five inviting powers and the five entente.

Whilst the conference was sitting, and while Germany was represented on the commission and sub-commission charged with the negotiations of European peace with Russia," said the note, "the German representatives on that commission have, behind the backs of their colleagues, concluded in secret a treaty with Russia on the very questions which they had undertaken to consider in loyal conjunction with representatives of the other nations."

Whether or not Germany will continue at the conference is problematical, but her delegates are engaged in drafting a reply to the note of censure, and it is thought that, while protesting their disapproval of the commission's dealings with Russia affairs, they will be content to remain.

The conference delegates were deeply impressed by the words of warning concerning the financial situation in Europe set forth in a report of the special board of eminent experts. Hopes were voiced today that an international monetary convention, which C. S. Strauss, secretary of the board, suggested, would soon be convened to examine the financial position of the whole world and to recommend to the nations the necessary assistance should be given.

The board declared that both the victorious and defeated nations in the war find means of increasing their production in the volume of outstanding money and its concomitant, the constant increase in prices. They insisted that unless remedial measures are taken, the depression in money would wipe out the savings of the past, and lead to gradual bankruptcy and anarchy in Europe.

German Reply Tonight. Genoa, April 18.—Dr. Walter Rathenau, German foreign minister, conferred with Premier Lloyd George of Great Britain, and Foreign Minister Chicherin of Russia this morning regarding the barring of the Germans from the Russian commission of the conference.

The German will probably submit a formal reply tonight to the allied note on this subject. Many other informal conferences were held with legal experts of the various delegations in an effort to bring out the exact scope of the entente note.

Paris, April 18.—The reparations commission is to be asked to consider whether the Russo-German treaty violates the treaty of Versailles in respect to the German owned property in Russia. This property, under the Versailles pact, is pledged to the commission for payment of reparations.

Genoa, April 18.—The consultative committee of prominent experts have made a lengthy report on currency to the conference with a series of recommendations largely endorsing those of the allied experts looking to the unification of world conditions.

In addition to recommending the summing-up of an international monetary convention, the committee suggests that the U. S. chamber of commerce appoint representatives of finance and commerce to meet with those of European countries and also Japan and the exporting countries of South America to determine what common action is advisable to receive and maintain international commerce.

The report emphasizes that Germany and Austria must not be rendered bankrupt and that the annual reparations contributions should be brought within the limits of their solvency. The committee urges continuous co-operation among central banks, not necessarily confined to Europe.

SAY GOOD WORDS FOR MAJOR PUGH

Permanent Force Rifle Association Elects Officers and Plans for Season.

A meeting of Military District No. 7, Permanent Force Rifle Association, was held last night, with Lt-Col. A. H. H. Powell presiding. Officers were elected and plans were talked over for the coming shooting season, which it was decided to open on the range on May 18. A vote of thanks was given to Major Pugh, who was largely responsible for the success which attended the endeavors of the association last year.

Colonel Powell spoke a few words of appreciation for the work of the association last year, and thanked him on behalf of all the members of the association. In reply, Major Pugh said he was extremely sorry that he was leaving the city and would be unable to take an active part in the work of the organization for the coming year, but he wished them every success. He said that he had never met with a more enthusiastic support in all the thirty-five years he had spent in rifle organizations in the dominion.

It was also decided at the meeting to hold shooting contests, with spoons as prizes, and to classify the men taking part according to their last year's averages.

The election of officers resulted as follows: President, Col. A. T. Ogilvie, D. S. O.; vice-presidents, Lt-Col. H. C. Spaulding, D. S. O., and Col. Powell, captain, Col. Powell; vice-captain, Staff-Sergeant W. Lake; secretary, Sergeant J. H. Leese; treasurer, Sergeant G. L. Landry; executive committee, Staff-Sergeant Gordon, Sgt-Major Hawkins, Staff-Sergeant Higgins, Sgt. Weatherall, Corporal Alderman.

CHURCH OFFICERS. At the annual meeting of the congregation of St. Paul's church, Hampton, on Monday, the following were elected: Church wardens—E. R. DeMille and Charles Coster.

Vestrymen—W. S. Wilkinson, J. William Smith, Charles R. DeMille, R. E. Baxter, P. E. Dunn, Ira Smith, Guy H. Flewelling, C. T. Wetmore, Allan Yeomans, G. W. Sweeney, Dr. T. H. Wetmore and H. L. Worden.

Delegates to synod—J. W. Smith, R. E. Baxter and Charles Coster. Substitutes—E. R. DeMille, H. L. Worden and Dr. T. H. Wetmore.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbeam, "I desire that you should convey to Mrs. Hornbeam my sincere thanks for the stately manner in which she piloted me through the grand march and circle at the Settlement dance last evening. Also I would have you express my gratitude to the other ladies who so graciously permitted me to step firmly on their feet in my efforts to prove myself a good sport. I would also have you say to the orchestra that I have not heard such music since the polka-quadri period of my strenuous youth, and to the floor-manager that both his voice and his method sustained me when my devious path was beset with great perils to those who got in my way. I feel that I made a lasting impression—several of them in fact."

"I won't deny it," said Hiram. "I seen you."

CANADIANS IN BOSTON MARATHON

Seventy Runners at Line for Race Today. Official's Statement on Covey Affidavit—The New Champions after the Boston Ring Meet—Late Sport News.

(Canadian Press) Boston, April 19.—The marathon road race was renewed today over the course from Ashland to Boston. Edouard Fabre of Montreal, winner in 1915, led the Canadian running representatives in the event with Albert Smoker, of Peterboro, Ont., dominant champion over the 26 mile distance, also carrying much maple leaf enthusiasm.

Seventy runners gathered. The winners of six previous years were there, and the first eight men to finish last April were entered again. In both years Frank Zuns of the Paulist A. C., New York, who last year set a new record of 2 hours, 18 minutes, 37 seconds was prominent. In the long records of the race, only one winner has repeated his success, and none has done so in the last two decades.

The wind was from the west, a quartering direction that alternately helped and hindered and the air was cool, but underfoot conditions was good as a result of recent rain.

The Affidavit. Halifax, N. S., April 19.—Replying to a telegram from the Herald asking what is the position of the officials of the Amateur A. U. of C. towards the new position of Lewis, the director of the M. P. B. has issued for amateurs to sign. Secretary Norton Crow of Toronto, replied:

"Mr. Covey's efforts to clean up sport in maritime provinces have received approval and hearty support of the president of the union, Judge Jackson of Lunenburg, who stated that he could not understand why bona fide amateurs were not willing to clear themselves."

SOME MODIFY VIEWS ON TREATY

London Newspaper Comment on Genoa Surprise. The Most Severe Critics Aim Shafts at Lloyd George—Reported There is Supplement to Russian-German Pact Providing for Military Aid.

(Canadian Press Cable) London, April 19.—The second day's editorial comment on the Russo-German incident at Genoa shows a modification of some of the views expressed yesterday, although the severest critics of the Russians and Germans and Premier Lloyd George, such as the Times, Morning Post and Daily Mail, renew their denunciations without qualification.

They focus their censure, however, rather on Lloyd George than on the negotiations of the treaty, declaring that the premier allowed himself to be fooled by the Soviet delegates. The Times thinks it "unfortunate" that the allied experts do not regard signature of the new pact as a breach of the treaty of Versailles, and the Morning Post insists that the British government immediately associate itself with the French demand for annulment.

On the other hand, the Westminster Gazette, which yesterday took a gloomy view, "now cannot see that the incident provides reasonable grounds for dismay," and asserts that "on the whole, the new agreement is to be welcomed."

It is perhaps an unpleasant bombshell for those who hoped to gain political credit from the conference," the newspaper adds, "but at least it has the advantage of bringing us back to the realities of the European situation."

The Daily Chronicle without abandoning its stand of yesterday, seems to view the position with less satisfaction. It thinks Russia is the chief gainer, but says "even Russia's is a barren advantage of bringing us back to the realities of the European situation."

The Daily News which did not comment yesterday, regards the treaty in the abstract as reasonable and just, but sharply condemns "the manner in which it was sprung upon the conference, and its exclusiveness."

The Carnegie Foundation, he said, would sympathetically consider giving general financial assistance to a cooperative center at Halifax, but would not dictate what should be done, expecting the initiative to come from the maritime colleges. The foundation expected the government of Nova Scotia and the City of Halifax to contribute to a united university.

Mr. MacKenzie expressed the belief that the foundation would give to the united university at Halifax a sum sufficient to make it rank with the foremost educational institutions in Canada.

LINE GROCERY PORTAL TO THE UNITED STATES. Syracuse, N. Y., April 19.—Accused of using his grocery store at Jernegan's line, on the United States-Canadian border, as a secret channel through which hundreds of immigrants have illegally slipped into the United States, Harry Gordon pleaded guilty here yesterday.

FOR A CO-OPERATIVE UNIVERSITY PLAN

Relations of Carnegie Foundation to College Education in Maritime Provinces. Halifax, N. S., April 19.—In an interview last night, Dr. A. S. MacKenzie, president of Dalhousie University, said the report of the Carnegie Foundation which has made a survey of the facilities of higher education in the maritime provinces, emphasized the inadequacy of educational institutions in the maritime provinces and the probability of the situation growing worse if separatism continued.

The Carnegie Foundation, he said, would sympathetically consider giving general financial assistance to a cooperative center at Halifax, but would not dictate what should be done, expecting the initiative to come from the maritime colleges. The foundation expected the government of Nova Scotia and the City of Halifax to contribute to a united university.

Mr. MacKenzie expressed the belief that the foundation would give to the united university at Halifax a sum sufficient to make it rank with the foremost educational institutions in Canada.

Ordering in Carload Lots The Imperial Tobacco Co. have just placed an order for a carload of Dodge Brothers' roadsters for the use of its travelers. The Victory Garage and Supply Co., Ltd., are the direct dealers for Dodge Brothers' motor vehicles, and J. R. Thomson, the manager, when interviewed, stated: "There is nothing surprising about an order of this kind, as Dodge Brothers' motor cars have become standard quite as much as Goodyear tires, Arrow collars, or any other standard article. There is a large manufacturing concern which has ordered 1,800 Dodge Brothers' motor cars for the use of its salesmen. This order represents an investment of more than \$2,000,000. It is safe to say that no manufacturer would expend \$2,000,000 on a car unless he had positive assurance that he could rely on it and on the permanent character of the institution behind the car. Another large company has bought Dodge Brothers' motor cars from time to time until it now has a fleet of at least 225. This company has backed its faith in Dodge Brothers' motor cars with more than \$500,000 in cash. Satisfactory service under difficult conditions alone is responsible for the continued growth of this fleet. Mr. E. P. Kinsman, the manager of the Imperial Tobacco Co., N. B. branch, has driven Dodge Brothers' motor cars for his personal use for several years past with 100 per cent. satisfaction, so that it is only natural that when his travelers are to be equipped with motor transportation he gives them cars that he knows will perform the service required at the minimum cost for operation and upkeep. Moreover, there are now nineteen associate dealers and service stations for Dodge Brothers' motor cars in New Brunswick, Nova Scotia and Prince Edward Island; so that attention can be given the travelers in practically every town of any size in the maritime provinces. ### "PLESIOSAURIAN GLIDE" NOW.

Dancing Teachers Had New Step as Knell of the "Shimmy."

Philadelphia, April 19.—Philadelphia dancing teachers hall with delight news from Buenos Aires that a new tango-choreon glide, has been invented, and that three new tangos have been dedicated to the patagonian monster for which Argentine naturalists are on a still hunt.

They united in saying that if the dance proves popular it will sound the death-knell of the "shimmy" and its little sister, the "toddle."

The fact that the plesiosaurian glide

is done to tango filled one teacher with hope. Once popularize the tango, she said, and something artistic will have been accomplished. Jazz dancing is dying, the teacher continued, and the tango will mark the passing of music that suggests feeding time at the zoo or lighting striking a hardware store.

Another teacher said he welcomed the innovation, but that the name probably would have to be changed to fit the vocabulary of the dancing public. When told of the plesiosaurian's alleged love for prehistoric mud, the teacher suggested "mud turtle glide."

### BETTER THAN HARD COAL

Soft coal so free from soot that it does not make whiskers on stove covers or pipe and does not mat or cake when burning, is far better than Hard Coal for general household use. Quicker to light, takes less to make a fire, cheaper in price and can also be used for open fires and small heating stoves. Such a coal is Broad Cove soft coal. The main thing is to insist on getting the genuine article. No other soft coal burns just like Broad Cove. You will know it by the above characteristics.

RECENT WEDDINGS

Lesman-Stevenson. A wedding of interest to many friends took place last evening at the residence of the officiating clergyman, Rev. F. S. Dowling, when he united in marriage Florence M. Stevenson, eldest daughter of Mrs. Elizabeth Stevenson, of 117 St. Patrick street, this city, formerly of Molus River, Kent county, N. B., and Walter H. Lesman, son of Mrs. Amelia Lesman, 8 Courtway street. The bride looked charming in a dress of navy blue messaline and georgette with black chiffon hat, trimmed with blue, and was attended by Mrs. Shirley Brown, sister of the groom, who was dressed in navy blue. The groom was supported by Shirley Brown. After the ceremony the happy couple drove to their home by automobile, where a dainty luncheon was served. The groom is employed as chauffeur for A. L. Goodwin, Ltd. A host of friends unite in wishing Mr. and Mrs. Lesman much happiness in their new life.

RECENT DEATHS

Many will learn with regret of the death of Miss Ellen Ann Hagarty, daughter of the late John and Ann Hagarty, which occurred at her residence, 105 Burpee Avenue, yesterday, after a lengthy illness. Miss Hagarty was born in St. John and had lived in the city most of her life, and was a devoted member of the Methodist church. She had been in failing health for two years. One sister, Mrs. E. D. Whitehead, of Pittsburg, (Pa.), and several nephews and nieces survive. The funeral arrangements were not complete last night.

R. A. Tremaine, K. C., died in the Annapolis Hospital, Truro, on Monday, following an operation. He was seventy-one years of age and was Truro's oldest practicing barrister.

Frederickton, April 18.—(Special)—Mrs. Annie McMillan Mackay, widow of James D. Mackay, died this morning at an early hour at the home of her daughter, Mrs. William Walker, Lansdowne street, in her eighty-third year. She is survived by one daughter, Mrs. Walker of this city, and three sons, Ernest A. and J. Walter of Fredericton, and William D. of Halifax, also by three grandsons, Jack D. and E. Allison of Fredericton, and Donald G. of Halifax. John MacMillan of Chicago is a brother and Mrs. James A. Rundle of Newcastle and Mrs. Alice Phillips of Milwaukee are sisters.

ST. JOHN'S CHURCH MEN'S CLUB. The men's club of St. John's (Stone) church at its meeting last night listened with evident enjoyment and appreciation to an address by Rev. Dr. J. A. Morrison, of the First Presbyterian church, who gave an explanation of the connection between the Anglican church and the Greek church. The meeting, which was the largest of the season, was presided over by H. J. Evans.

Dyspeptic Diet No Longer Necessary

The old plan of prescribing strict diet for dyspeptics and stomach sufferers is no longer popular among progressive medical men partly because of its weakening effect but mostly because of the discovery that nearly all stomach trouble is due to excessive acidity. The organs of digestion are themselves all right, but acids in the stomach irritate and inflame the delicate stomach lining and cause sourness and premature food fermentation. The logical treatment, therefore, is to get rid of the acid, when natural painless digestion will follow. For this purpose a teaspoonful or four tablets of Bismarck Magnesia in a little water neutralize the acid, stops the fermentation of the food, dissipates the gas, and thus permits the stomach to proceed with its work without hindrance. Owing to its prompt and certain action Bismarck Magnesia, which is obtainable from any druggist, in either tablet or powder form, should always be used in preference to the other forms of magnesia, such as the milks, citrates, carbonates or oxides. Stomach sufferers are advised to try this plan for three weeks and note results.

HAMILTON MAY HAVE POWER STRIKE

Company Declines to Accept Majority Award on Wages Matter.

Hamilton, Ont., April 18.—Announcement by E. P. Coleman, general manager of the Dominion Power and Transmission Company, that the latter would not accept the majority award of the Board of Conciliation fixing wages for carmen and allied workmen is taken to mean that a strike such as Hamilton has never before experienced will probably commence late on Thursday or Friday of this week.

Briefly, the strike threatens to throw 25,000 men out of work by reason of many large factories dependent on the D. P. and T. Company for power; the city would have no car service, and a district stretching from Beamsville to Brantford and the city to Oakville might perhaps be without radial service.

NORWEGIANS SHELL GERMAN RUM RUNNERS

One Hit by Cruiser's Gun Sufficed to Halt Blitz—Her Cargo Confiscated.

Berlin, April 18.—The recent rum battle of Jutland is reported by the Tageblatt's veracious Lubeck correspondent as follows:

As a result of the continued smuggling of spirits from Germany, prohibition Norway is using armed ships, including one cruiser, as a coast guard. Last week the Norwegian customs cutter Bell, patrolling Jutland seas, encountered the German cutter Blitz (menulightning) steering toward Norway. The Bell signaled the Blitz to stop, whereupon the smuggling craft was gaining ground on the Norwegian when the Bell opened fire. One shell struck the cutter squarely in the bow and she promptly heeled to starboard. Her crew of hardy Norwegians, having imbibed numerous free drinks, lined up for battle in one of the old hand-to-hand naval engagements. When the Norwegian customs officials boarded the Blitz the German crew, shouting "Deutschland ueber Alles!" charged in open formation, and a naval battle royal ensued. The Norwegians, owing to their superior seamanship, emerged victors, however, and the German captain, Knudsen, was arrested. The cutter was taken to Port Frederikstad, and together with the remnant of the cargo of 5,000 quarts of spirits, declared temporarily confiscated.

This was not the Bell's only victory in the alcoholic naval war. She recently encountered a good-sized spirit-smuggling ship, the Svip, and chased it for two hours, firing until the Svip stopped as an alternative to certain sinking. When the Svip first entered Norwegian waters she had 38,000 quarts of spirits on board, when she was overhauled only 6,000 were left, which indicated that she had done a flourishing business along the Norwegian coast.

Fifty foreign ships are lying outside Toensberg harbor, and it is authoritatively asserted that at this point alone more than 10,000 quarts of spirits have been illicitly landed in the last few days.

"PRODIGAL JUDGE"

Opera House Picture a Notably Good One, Much Enjoyed.

"The Prodigal Judge," a well known Vaughan Kester Novel, pictured into a clear and wholesome screen production, justly earned the applause of Opera House audiences here.

Marilyn Arbuckle as the Judge offers pantomime and impersonation enough to warm all hearts in his line. His acting that brings to life the most human character ever written about. His facial expression, gestures, his bearing, every mannerism make real the old vagabond that he depicts, and from the rise of the curtain to the end of the story he gets the sympathy and holds it.

The story is told in the clearest detail, showing careful editing and acting, and is perhaps the finest example of the use of light and shadow for their dramatic value seen in any time.

Likened to a Rembrandt, due to its many scenes which are beautiful paintings, the production as a whole shows a fine sense of the artistic.

The skilful hand that directed Edward Aase is seen everywhere and a capable cast surrounds Mr. Arbuckle and Jean Paige as the heroine of the love story.

"The Prodigal Judge" will close tonight and be replaced on Thursday by "The Shocky Wife" which comes with a reputation from the large cities where it played to capacity gatherings.

THIS EXPERT SAYS MR. NEVINS SIGNED DISPUTED WILL

In the case of proving the will of the late Charles Nevins in the probate court before Judge McInerney yesterday, William E. Hingston, of Boston, a handwriting expert, in his opinion, held at the United States post office department, was on the stand all day. The substance of his testimony was to the effect that the signature to the alleged will was made by the same person who signed several letters bearing the name of Mr. Nevins, which letters were identified as letters written by Mr. Nevins. He said that the irregularities in the signature to the will were, in his opinion, caused by a dirty pen or dirt on the paper itself and by reason of having been written on an uneven surface. The case was adjourned until next month.

NEWS NOTES ABOUT PROMINENT BAPTISTS

Rev. H. G. Estlin is still with the military hospital branch of the Y. M. C. A. and is located in Vancouver.

Rev. C. H. Freeman, pastor of the Charlotte street church, St. John West, went to Woodstock on Monday of this week to assist Pastor Ackland and the Woodstock church in a series of evangelistic services.

F. L. Atherton, of Woodstock, was a recent caller at our office and we learned from him that the offering of the Woodstock church for the Russian "Save the Children Fund" amounted to \$282.43, which is a very creditable showing for the church. Mr. Atherton was en route to Moncton to attend a meeting of the home mission board, of which he is a member.

Rev. J. A. Ford, who has recently become pastor at Dayton, Washington State was elected moderator of the association with his church as co-convenor at its recent meeting in Walla Walla, Wash. He was also elected a member of the state convention board and preached the closing sermon at the association.

On April 8 Dr. and Mrs. H. A. Wolverson, with their three children, arrived in Toronto on furlough from India after a strenuous term of service there.

We have pleasure in reporting the safe arrival of Rev. H. E. Silwell, General secretary of the Canadian Baptist Foreign Mission Board, in Toronto from South America on last Thursday.

TO WED IN THE OCEAN. Two Couples to Be Married in the Surf at Atlantic City.

Atlantic City, N. J., April 19.—A rehearsal of private and deep-sea weddings was held recently before thousands of visitors. The nuptials will be celebrated at the Atlantic City Hotel Exposition on Wednesday afternoon, April 26.

Marie Elizabeth O'Keefe, 849 President street, Brooklyn, and Emma M. Casandy, 2822 Maryland street, Philadelphia, are the two prospective brides, who floated in pneumatic bathing suits at the end of the pier this afternoon.

Frank J. Fisher of New York and Howard S. Detwiler of Philadelphia, the future bridegrooms, also floated happily in their non-sinkable suits while the practice ceremonies were gone through with. An attempt will be made to secure the chaplain of the Sixty-ninth Regiment to officiate at the wedding of the New York couple as Mr. Fisher served with distinction with that outfit during the war.

BOSTON UNIONS ASK GOMPERS TO URGE MODIFYING "DRY" LAW. Boston, April 19.—Resolutions urging Samuel Gompers to advocate the modification of the Volstead act and calling for the release of so-called "political" prisoners were passed at a mass meeting of the Boston Central Labor Union.

Only two dissenting votes were registered when the meeting voted on the Volstead act resolution. It called on President Gompers to explain the attitude of organized labor as represented by the American Federation of Labor toward modifying the present law and toward the manufacture, sale and use of light wines and beers. It will be presented to Mr. Gompers when he addresses a conference here tomorrow.

KING'S DAUGHTERS. The closing meeting of the season of the Lend-a-Hand Circle of the King's Daughters, held last evening, was of a social nature. It was planned to visit the Military Hospital in Prince street on Saturday evening and provide some entertainment for the boys there. During the evening the president, Mrs. G. Wilford Campbell, presented to the matron a bouquet of flowers as a token of appreciation.

MANY AUTOS JOIN STOLEN CAR CHASE

Horns, Recalling the Baying of Hounds, Pursuers Dash from Street to Street—Police Join the Hunt.

(New York Times.) Three alleged automobile thieves were arranged in the Yorkville court yesterday after their fast car had been pursued and hunted down by a score of privately owned and police machines in a motor-led man-hunt through the streets of New York.

As the fugitives fled in their stolen car for miles deep-mouthed auto horns bayed from Fifty-ninth street on the east side to 118th street and Amsterdam avenue, where the chase ended in the dramatic "death" of the six-cylinder quarry.

Frantic siren blasts and yells of "Stop, thief!" began at Fifty-ninth street and Second avenue, where the thieves were detected starting off early yesterday morning in a machine owned by Louis Hoffberg of 123 South Eighth street, Brooklyn.

About a dozen "hound" cars took up the hunt, but there was some difficulty in identifying the "fox" which had a good start, and several false scents were pursued in various directions, and several ambitious hunters missed the "killing."

But a fair-sized pack of pursuers squawked and screeched through Columbus Circle and scattered, some speeding up Broadway and others up Central Park West. New cars joined the sport as old ones dropped out and some got lost in by-paths chasing each other.

All through the chase the "fox" had the advantage, because he disregarded all rules and laws, while the pursuers were less reckless. The hunting cars, however, were sweeping up all the streets of the west side from Central Park to the Hudson River, and the fugitive threw away his advantage by trying to dodge into cross-streets, where his trail was invariably picked up by a sagacious rooster.

They were at close quarters when the chase passed one of the new police cars manned by Detective Martin Owens, head of the night patrol, and Detectives James Leach and Kieran, who were patrolling the west side from Forty-sixth street to Spuyten Duyvil.

"What is this?" yelled Owens, as he came alongside one of the pursuers on Amsterdam avenue and 106th street. "We're chasing auto thieves," was the reply.

Owens joined the hounds and speeded to the front of the pack. "Where are the thieves?" he yelled.

Conspicuous Nose pores

-grow larger if neglected

TO reduce enlarged nose pores, use this special treatment:

Wring a soft cloth from very hot water, lay it with Woodbury's Facial Soap, then hold it to your face.

When the heat has expanded the pores, rub in very gently a fresh lather of Woodbury's. Repeat this hot water and lather application several times, stopping at once if your nose feels sensitive. Then finish by rubbing the nose for thirty seconds with a piece of ice.

Begin this treatment tonight. Within a week or ten days you will notice a marked improvement. The Andrew Jergens Company.

The Boy Who Started to Town With a Hundred Dollars

The advice they gave him for getting on in the world was simple and familiar enough: "Keep what you have, and build on it. Be careful what you do and it will grow into more."

It's a safe rule—with money or health, but a good many overlook the rule with health, until they have lost what they had. Then it's hard to get a new supply.

Postum is a splendid help in saving health from the very common losses through the drug elements of tea and coffee—whose effects on the nervous system any doctor can tell you.

Thousands of people who think it wise to be as careful of their health as they are of their dollars are users of Postum. They find this famous cereal beverage a delightful drink with any meal,

and it's free from any disturbing element.

You can begin with Postum today, with an order to your grocer. The road to health is a good road for anybody to follow. "Save what you have, and build on it," is sound policy for everybody.

Postum comes in two forms: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes. Sold by all grocers.

FIFTY WOMEN ARE CANDIDATES FOR OFFICE IN PENNSYLVANIA

Harrisburg, Pa., April 19.—More than fifty Pennsylvania women are aspirants for political office in the state this year. They have announced themselves as candidates for party nominations at the primary next month by filing nominating petitions in the State Bureau of Elections, and in several cases they are expected to wage strong campaigns.

Four women are candidates for Congress, but their State House of Representatives apparently has the popular appeal, as most of the petitions filed were for seats in that body.

Only one woman filed nomination papers for the State Senate.

NEAR END OF THE WINTER SEASON

With the sailing of several steamers tomorrow and Friday the winter port season, so far as some of the lines are concerned, will be finished.

The C. G. M. M. season is not quite over. The last incoming vessel, the Canadian Mariner, from Swansea, reported this morning that she would arrive in port about nine o'clock this evening.

Much activity is evidenced around the water front in schooner movements. Much of this is due to lumber and lath shipments to the United States.

The schooner Karmoe is loading lumber for Boston.

The schooner Holmes A. Frank is loading lumber for New York.

The schooner Northern Light is due here from St. Martin's to load lumber for New York.

Other schooners here are the Northcliffe, which is discharging salt at the Eastern Steamships Company's wharf, and the schooner Mada of Scotland, which is discharging a cargo of fertilizer at Dunn's slip, after which she will go to Liverpool to load pulp for the United States.

MEN WERE HOSTS, LADIES GUESTS

The East End Improvement League Has Banquet and Social—The Community Spirit.

The East End Improvement League never does things by halves. What may be described as its first annual supper and dance took place last evening in Thorne Lodge Hall.

The men were the caterers and the ladies were the guests, and the tables were laden with all the requirements for a real banquet.

After the banquet had been served President David Ramsay proposed a toast to the King, and then Our Guests, gratulating the League on doing the best community work ever done by one organization in St. John for the benefit of the boys and girls of its neighborhood.

F. L. Barrett responded to the toast to the League and especially the Ladies. Mr. Barrett agreed that the community spirit was in evidence, but not to the extent desirable.

BLACK'S KEEP AT TOURNAMENT TOP

Fifth Straight Victory Won This Morning.

Stirring Finish as Wilson and Smith Roll Last Boxes to Determine Victor — Calais Only Other Team With a Chance.

By defeating Amherst in the Brunswick-Balke-Collender trophy tournament, being held on the Y. M. C. I. alleys' Black's alley team this morning looked like sure winners of the pin emblem of the championship of the Maritime Provinces and Eastern Maine. The game was one of the closest and most exciting of the tournament and intense interest and excitement prevailed throughout the match.

They shook hands amid enthusiastic applause and prolonged cheering. On the first ball Wilson cut out five leaving three pins on one side of the alley and two on the other. Smith cut out numbers 2 and 8. By this time the rooting was deafening and was if anything increased when each shot his second ball through the open gate.

Wilson then knocked down three with his third and Smith went into "the subway" and got only two on the box. In the last box Wilson got ten. Smith seven giving Black's a margin of twelve pins and the game.

The Y. M. C. I. team holders of the pin were put out of the running this morning when they went down to defeat Houlton by a total of 1,500 to 1,492. This made their second defeat and left Calais in second position with one loss and two victories. Calais is the only team now that has a chance to tie Black's. In order to do so they must defeat Houlton and Moncton this afternoon and then defeat Black's in the final match this evening. By doing this they can tie the present leaders and would then have to play off for the championship.

The individual scores this morning were as follows:

Table with 2 columns: Team Name and Total Score. Includes Amherst vs Black's, Houlton vs Y. M. C. I., and Y. M. C. I. vs Black's.

Marked enthusiasm continued to prevail on the Y. M. C. I. alleys at noon today during game between Calais and Houlton, and Fredericton and Moncton. Every available seat was taken and crowds of spectators, lined up many of the sides and watched the play. Cheer after cheer re-echoed throughout the building as one or the other player came across with a strike or a spare.

The highest score made during the morning matches was that of LeBlanc of Moncton, who made 122 in his second string against Fredericton. Bishop, of the same team, had the high average for the morning, 103 2-3. Smith, of Amherst, still continued to lead with an average of 105 1-3, while Jenkins of the Y. M. C. I. team and Anderson of Houlton remained tied for the single high string with 123. The highest total pinfall so far made in the tournament was the Y. M. C. I.'s score of 1421, while Black's team hold the record to date for the highest single string total, 818.

The individual scores of the games at 11 o'clock were as follows:

Table with 2 columns: Team Name and Total Score. Includes Calais vs Amherst, Houlton vs Y. M. C. I., and Y. M. C. I. vs Black's.

SUGAR INDUSTRY CONTINUES BUSY

Raw Sugar on Hand Only Quarter of Amount of Last Year.

Covering the four-week period ending March 25, the sugar report just issued by the Dominion Bureau of Statistics, shows continued improvement in comparison with last year.

Stock of raw sugar on hand on March 25 was only 29,374,891 pounds as compared with 119,145,353 pounds on the same date in 1921.

Receipts on the other hand for the four-week period, ending March 25, of this year, were 116,196,678 pounds, as compared with 93,375,878 pounds for corresponding period a year ago.

Total receipts for this year from the first of January to March 25, were 292,331,000 pounds as compared with 212,322,372 pounds for the same period in 1921.

Meltings and reshipments for the four-week period of this year ending on March 25, were 104,489,579 pounds for the same period in 1921. For the year to date, that is to March 25, 246,712,278 pounds as compared with 159,686,198 pounds for the same period of last year.

On March 25 the stock on hand of refined sugar was 71,000,217 pounds as compared with 59,375,878 pounds on the same date last year. Total manufacture in the four-week period ending on March 25 was 98,280,524 pounds as compared with 87,255,934 pounds for the same period in 1921.

Total shipments of refined sugar during the four-week period were 75,612,404 pounds, comparing with 69,261,475 pounds for the same period of last year. Total shipments for this year from January 1 to March 25, were 204,991,176 pounds as compared with 159,686,198 pounds for the same period last year.

The feature of this trade of late was the weaker feeling that developed in the market, and prices of all grades of refined sugar were reduced 10c per 100 lbs. in the early part of last week, which makes the second decline for the year 1921 to date, and a total reduction of 75c per 100 lbs. since the 31st of December, 1921, and now all refiners are selling extra granulated at \$6.15 per 100 lbs. in bags, extra ground at \$6.25 in barrels; powdered sugar at \$6.25 in barrels; Paris cut loaf at \$6.75 in barrels, and No. 1 yellow at \$6.75 per 100 lbs. in bags.

Police Seize Big Liquor Shipment. Some 200 Cases Taken While in Process of being Loaded on to Small Boat in Harbor—Charge Laid Against Company Manager.

A shipment of Scotch whiskey, totaling 200 cases and having an invoice value of \$8,400, was seized early this morning while being loaded on the warehouse of the Great West Wine Co., near the Phonic wharf, to a small schooner tied up alongside. The shipment was addressed to James A. Stewart, Charlottetown. The seizure was made by the local police, who turned the goods over to the liquor inspectors, and it was removed to their office in Prince William street.

Sergeant Spinney and Policeman Hughes report that about five o'clock this morning they took by surprise some men at work loading liquor into a small boat from the warehouse of the Great West Wine Company, 61-69 Water street. With the assistance of Policemen Dykeman, Chisholm, Quinlan, and Quinlan, whom they seized the cargo and notified Inspector Crawford. Inspectors Journey and Killen were sent to the place and took charge of the liquor, carrying it to the warehouse for safe keeping. The consignment was contained in eighty-five cases of five sizes. As a result, a report has been made charging Edgar Lanier, manager of the company, with unlawfully selling liquor in the city.

On the arrival of the liquor inspectors, they found the cargo contained in cases which were packed in the case prior to shipment. The inspectors found the cases were packed in the case prior to shipment. The inspectors found the cases were packed in the case prior to shipment.

**AGREEMENT WITH  
C. P. R. APPROVED**

The proposed agreement between the city and the Canadian Pacific Railway regarding the west side trestles and which had been previously published, was ordered approved by the city council at its regular weekly meeting yesterday afternoon. Mayor Schofield was in the chair and all commissioners were present. Considerable other routine business was disposed of.

The recommendations of the committee of the whole, as previously published, were adopted with the exception of the section calling for the placing of granite curbstones in Waterloo street preparatory to paving. As this work called for a bond issue the unanimous consent of the council was necessary. Commissioner Jones voted against the section and it was consequently thrown out.

The request of A. Gilmour for permission to erect a new sign at his premises in King street was referred to Commissioner Frink.

An application from E. F. Biddecombe for a license to survey lumber in the city was referred to the mayor with power to act.

An application from George S. McPherson to cut bushes on the Park Place town planning area was refused.

The request of Mr. McPherson for renewal of his lease of garden lots and pasturage lands in Park Place for \$35 for the season of 1922 was granted.

A communication from the town planning commission asking that the city advertise a new town planning scheme, including areas in Lancaster and Simonds parishes, was referred to the mayor with power to act.

It was ordered that lots Nos. 4 and 5 in Park Place be sold to J. L. O'Brien at \$400 each, subject to the conditions of the town planning scheme.

On motion of Mr. Thornton, Frank Lodge was permanently appointed operator of the elevator in city hall at a salary of \$50 a month.

On motion the council adjourned.

**ASIA MINOR'S NUT CROP.**  
Largest Yield in Eight Years is Reported.

Constantinople, March 19.—(By mail)—The largest nut crop Asia Minor has produced in eight years is harvested and ready for shipment from this port. Fully a third of the crop, which is chiefly almonds, will go to America, while the balance will remain in Turkey.

Much of the crop is grown in the interior and brought to Trebizond by nomad camel trains. Shelled almonds are sold here at about three cents a pound, competing successfully with all other food products. The nuts are used as both vegetable and dessert.

**MORNING NEWS  
OVER THE WIRES**

Mrs. Thomas Harrington, who was badly burned by fire at Truro on Monday morning, in a vain attempt to rescue her three children, died at Truro last night. Harrington, who had both legs broken and was also burned, is expected to recover, although his condition is serious.

The Portuguese trans-Atlantic aviators, Capt. Coutinho and Capt. Sacadura, left the Cape Verde Islands at 3:50 o'clock yesterday morning on the third leg of their flight from Lisbon to Rio Janeiro. They were reported to have arrived at St. Paul's Rocks at 8 o'clock last night, Brazilian time. Another report says that they landed at the island of Fernando Noronha at 6:20 o'clock last night.

Trade creditors of Ames-Holden-McCreedy, Ltd., held a meeting yesterday afternoon in Montreal and appointed a committee to develop a re-organization of the company and its subsidiaries. D. Lorne McGibbon estimated the total claims against the company at less than \$500,000 and offered that sum for re-organization purposes.

Ten acres in the heart of Pocomoke, Maryland, were destroyed by fire which started at noon yesterday and caused damage of about \$2,000,000. Wires are down and the town was in darkness last night. Governor Ritchie ordered out a company of the Maryland National Guard to protect the property saved from the flames. Practically all the business section of the city was wiped out.

**Increases the  
action of the  
intestines**

Hundreds of men and women have already found freedom from laxatives by eating Fleischmann's fresh yeast.

Doctors are now agreed that proper elimination of waste matter should be brought about by food. One doctor comes right out and states plainly that the indiscriminate use of cathartics is one of the causes of constipation.

Physicians all over the country are recommending Fleischmann's fresh yeast because it is a fresh food, rich in those elements which keep the intestines healthy. In one series of tested cases, normal functions were restored in from 3 days to 5 weeks.

Try it out for yourself. Begin today by adding 2 or 3 cakes of Fleischmann's Yeast to your everyday diet. Keep it up and see how normally and regularly your intestines act. Be sure it's Fleischmann's Yeast—the familiar tin-foil package with the yellow label. Place a standing order with your grocer.

**BRITAIN IS PAYING FOR  
WAR-BOUGHT SILVER**

Half of Her \$122,000,000 Debt Will Be Liquidated by May 15.

Washington, April 19.—Payment of \$19,672,500 by Great Britain as the second installment on the debt of \$122,000,000, created by the government's purchase of silver during the war, was reported to the treasury by the Federal Reserve Bank of New York.

The payment consisted of \$18,300,000 of principal and \$1,372,500 of interest. A further installment of \$12,200,000 on the debt is due May 15. This will cut Great Britain's debt in half.

Under the agreement for payment by Great Britain on the silver purchases the debt will be liquidated in May, 1924, these payments being entirely apart from the \$5,000,000,000 of war loans due the United States from Great Britain.

**DRANK FROM POISON GLASS.**

Dr. Newton of Whiting, Ind., Victim of Error in His Office.

Chicago, April 19.—Dr. Edward K. Newton of Whiting, Ind., on April 4, placed two bichloride of mercury tablets in a glass of water in his office. An hour later, while drawing another glassful to drink, the telephone bell rang. After answering the phone, Dr. Newton returned and drank. That evening he entered the South Shore Hospital, Chicago, and asked for his brother, Dr. H. L. Newton.

"I drank the wrong glassful—I've taken bichloride of mercury," he said. "Since that time there has been a fight for Dr. Newton's life. He died on Sunday.

On April 7, when it was apparent that the fight would not succeed, Dr. Newton began to arrange his affairs. He summoned Dr. E. L. Timm and turned over his practice. He made his will, and told his friends and relatives what would happen in a few days.

Speaking of his sensations when he discovered that he had drunk the bichloride, he said:

"I began to feel bad, but I didn't think anything of it. I went for a walk. Suddenly I fainted. When I recovered I had an attack or nausea—I knew then that there had been something in the water.

"I hurried back to my office, investigated, and learned the truth. Then I came here to the hospital."

**MOTHERS WIN RENT FIGHT.**

Evicted Rome Women "Rush" Official's Office and Win Reinstatement.

Rome, April 19.—(Associated Press.)—The ministry of the interior was the scene of an exciting rent demonstration when a small army of mothers, babies in arms and leading small children, invaded the ministry, despite the opposition of the guards, who were unable to stop the onrush of the screaming, frenzied women.

Headed by Deputy Giuseppe Mingrino, a Pisa Socialist, whom they had enlisted as champion of their cause, the women rushed into the office of Vice-Premier Beneduce and demanded the restoration to them of their apartments, from which they had been forcibly ejected by Royal Guards on an order obtained by an apartment house proprietor because his tenant was violating the lease by subletting.

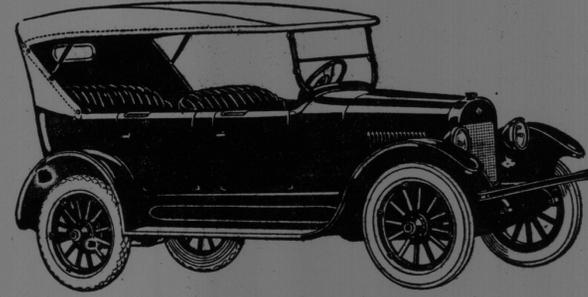

The mothers demonstrated to the minister that they were unable to pay higher rents for larger quarters than the small tenements the lessee had sublet to them, and the order ejecting them was cancelled. The brigade of women then marched out triumphantly and hurried back to recapture their quarters.

BATTERIES

**Measure by  
Your Purse**

If you are like most of us you are apt these days to measure things by your pocket-book. If an Exide Battery will really give you longer service and freedom from repairs, you want one when the time comes to replace the battery in your car, and when you buy a new car you want to be sure it is Exide equipped.

One way to find out is to ask people who own Exides. Not only was Exide the original automobile battery, but more cars leave the factories to-day equipped with Exides than with any other battery.

Since the beginning of the battery industry, Exide has been earning its reputation for ruggedness and long-lasting power. You owe yourself an Exide, not just because of the comfort, but because it is a genuine economy.

Therefore, we say insist on an Exide and if you have any trouble in getting one, write us or our nearest district distributor.

**26,509 BERNARDO BOYS AND GIRLS BROUGHT HERE**

Bernardos Worth \$125,000,000 to Country, Says Mr. Hobday—Now Arranging for Further Migration.

Toronto, April 17.—26,509 youngsters have been brought to Canada from the Old Country by the "Dr. Bernardo's Homes," according to John W. Hobday, manager of the Canadian headquarters of this institution at Toronto. Mr. and Mrs. Hobday have sailed for England on the Canadian Pacific "Montcalm" to arrange for further emigration this year. "Dr. Bernardo's boys and girls who already have been sent to this country have been worth \$5,000 each, or a total of over \$125,000,000 to Canada, according to Miss Effie Bentham, of Scar-

borough, England, who recently toured the Dominion on behalf of the Dr. Bernardo's Homes," said Mr. Hobday. "During the war years our migration work was discontinued, to be started again in March, 1920. Since then we have located 657 boys and 463 girls in

Canada, forming six parties, three of which came to Canada on the S. S. Scandinavian and other parties on the S. S. Sicilian, Scotian, and Minnedosa of the Canadian Pacific fleet. The head office and distributing point in Canada for boys is in Toronto, and the distributing center for girls, known as the Margaret Cox Home, "Israel Bess," Peterborough, Ont. Our Western agent is located in Winnipeg. His Majesty the King, Her Majesty the Queen, and Her Majesty, Queen Alexandra are the patrons of Dr. Bernardo's Homes, and the president of this National Incorporated Association is His Grace the Duke of Somerset.

"As to results, I am enthusiastically convinced that practically all of our boys and girls make good and we are helping thereby to provide a small army of intelligent and useful citizens who will be not only a credit to the homes, but a source of capital value to the Dominion. Government officials have told us that 95 per cent. of 26,000 children sent to this country have 'made good.' To test this, I asked our inspectors to analyze the reports of the children brought into this country in 1913. The number of boys in that year amounted to 460. The report states that 967 were thoroughly satisfactory, 72 were moderately satisfactory and only 21 were unsatisfactory, yet some of the latter made good.

"As to their value in the country, farmers tell us that they do not know

what the country would have done without Bernardo boys during the war. The older ones enlisted and went to fight, and the younger ones stood by and helped in the food production during the difficult years when the men were away. As a matter of fact 6,211 Dr. Bernardo boys joined the Canadian Expeditionary Force before conscription came in, 631 of them paid the supreme sacrifice.

"The Bernardo boys and girls have long since been absorbed into the life of Canada and are playing their part in her development. They have been successful in all ranks of life and are found in all the professions and other lines of work. Some have found their way to legislature halls, some are in the ministry and a large number are equally successful as farmers, stock growers and ranchers. Every province has its quota, and hundreds of testimonials are on file as to the high qualities of these youthful immigrants who are received into the life of the Dominion in their plastic years and who, by kindly care and oversight, are guided into a useful citizenship.

"According to the Canadian Pacific Department of Immigration and Colonization, the value of a Canadian immigrant is largely estimated according to his economic worth on entry and the likelihood of his becoming an early revenue-producer. Accordingly, the important sections of immigration records are considered to be the statistics of adult entrants and the wealth they are possessed of at time of entry. This outlook attaches rather undue importance to the immediate present and does not give merited consideration to that greater building for the future. Thus the introduction of children, who possess the greatest possibilities of assimilation and citizen-making and are the greatest factors in the future development of the Dominion, is not generally considered the important feature it really is in the yearly immigration total, and there would be no such movement if it were not for certain charitable organizations to which it has been relegated. Those Available.

"In the British Isles there are thousands of children, sprung of good working class stock and possessed of fine qualities, who are growing up in depressing atmospheres and undesirable surroundings with prospects that are utterly hopeless, into a future that will not bear consideration. Many are orphans and others homeless from unfortunate circumstances, all to be classed in their native country as superfluous and unwanted before they have attained status of maturity. Inherently they are of the best citizenship material with infinite possibilities if taken in the pliable and plastic state. Their only salvation is to be taken from their discouraging environment and be permitted to develop their natural qualities in a newer, richer, ground. Canada offers to such bright prospects and the Dominion need of such potential citizens.

"The children, who at the time of entry may be of any age from three to eighteen, are all carefully selected by the agencies and approved by the regular immigration authorities. They must themselves declare a desire to emigrate, and no child is compelled to do so against his will. They are received in Canada at homes of the various agencies, and from there are sent out to foster parents or to situations on farms previously arranged. They are carefully supervised in their new homes, which are visited frequently and unexpectedly by government inspectors, and should there be any dissatisfaction on the part of the child, his foster parents or employers, he is sent back to a receiving home until other satisfactory arrangements can be made.

Whilst the younger children usually go to foster parents, the older youth and maidens are apprenticed as farm laborers or domestic servants. As is to be expected from such unpromising be-

**Are You Full of Energy or Dull and Listless?**

**YOU SHOULD EAT MORE PURITY HEATHIZED ICE CREAM**

People often wonder why they are not happy, full of pep, full of vigorous enjoyment of life and its gifts.

Scientists have shown that this lowered condition is often due to lack of vitamins in the foods eaten.

Vitamins are necessary to health and vigor. If deprived of them altogether, the "tired feeling" creeps in and the whole system becomes weak and exhausted.

If you feel low, depressed, lacking in energy and vigor, try eating PURITY HEATHIZED ICE CREAM, the "High Vitamine" Ice Cream. Eat it for lunch, have it for dessert at dinner. Try it as a snack between meals. PURITY HEATHIZED ICE CREAM is known as the "High Vitamine" ice cream because Heathization protects the vitamins which are destroyed by oxidation in air made ice cream.

PURITY HEATHIZED ICE CREAM is not only the Purest, but it is the most nourishing and healthful. It contains in greater proportion the essential vitamins which your body requires to be healthy and strong.

Whether you try a dish at the nearby soda fountain, or a dish or carton to take home, be sure it is Purity. If your dealer hasn't it go to a Purity dealer.

Remember, If It Isn't Purity It Isn't Heathized.

**Better than jewels**  
—that schoolgirl complexion

**Take a lesson from Cleopatra**

With a world of ancient beauty arts at her command, she depended on cleansing with Palm and Olive oils to protect, improve and preserve the freshness and smoothness of her skin.

This beautifying was not confined to the face alone. The bath was a daily ceremonial with all ancient peoples, and palm and olive oils the cleansers used.

The girl with a clear, smooth skin, radiant with freshness and natural color, should leave jewels to those less fortunate, for she doesn't need them. The charm of a perfect natural complexion attracts far more than elaborate dress and ornaments.

If your complexion lacks the beauty which women envy and men admire, don't depend on clothes and jewelry to draw attention from its defects.

Every woman can transform her bad complexion into a good one, for alluring freshness and clear color isn't a gift of Nature, but a matter of care.

**How to have a perfect skin**

No girl need be afflicted with a bad complexion, for improvement is simple and easy. Daily cleansing, gentle but thorough, is the secret.

You must use soap, for nothing will remove the dirt, oil and perspiration which collects in the pores and causes most skin trouble.

Choose Palmolive, because its action is soothing. Harsh soap should never be used for washing the face.

Massage the smooth, creamy lather gently into the skin until it removes all clogging deposits. Don't forget your neck and throat. They are as conspicuous as the face for any lack in beauty.

Careful rinsing leaves the skin stimulated, freshened and free from the accumulation which enlarges the pores, causes blackheads and carry infection.

**Do this every day**

There is too much dirt and dust where most of us live to make it advisable to neglect this cosmetic cleansing even for a day. Powder should be removed, and rouge, if you use it. They combine with dirt and skin secretions in dangerous clogging.

Dry skins are benefited by cold cream after cleansing. If unusual dryness is your trouble, apply a little before, as well as after washing.

**Blended from the same oils**

Palmolive Soap is blended from the same bland soothing oils which adorned the sumptuous marble baths of Egyptians, Greeks and Romans.

Modern scientists, with all their research, have not been able to discover milder, more soothing, or more efficient soap ingredients.

But although very expensive, the gigantic volume in which Palmolive is produced keeps the price very low. Users profit by Palmolive popularity.

The Palmolive factories, working day and night, and the importation of the rare oils in vast quantities, allow you to enjoy this finest facial soap for a modest price—no more than ordinary soap.

BIRD MESSAGE FROM LINER

(New York Times). Captain William Thompson, marine superintendent of the White Star Line, received a message late yesterday by carrier pigeon from the liner Baltic, which sailed at noon Saturday for Liverpool.

The bird was dispatched by Henry B. Palmer, the purser, when the steamship was 120 miles east of Sandy Hook and would have arrived earlier, the captain said, if it had not faced a strong westerly gale for several hours.

The message was addressed to William Sheridan, head of the Sheridan Detective Bureau at 120 Liberty street, and informed him that his daughter, Mrs. F. S. Miller, a passenger on the Baltic, was well and wished him a happy Easter.

TO SUPPRESS BETTING.

Ontario Government Members Asked to Support Measure.

Toronto, April 19.—Another effort is to be made to have the Ottawa government declare race track betting illegal. W. C. Good, provincial member for Brant, is reported to have a bill ready for presentation which would make the recognized betting of today illegal. In preparation for the coming fight, pamphlet appeals are being made to government members, stating that the immense sum of \$75,000,000 was wagered last summer at the race tracks, with consequent dislocation of legitimate business and national hardship, and asking the government to support a repressive measure.

### \$1,900 TAKEN FROM 2 PRISONERS WAS STOLEN FROM SAFE

Proceeds of a Search When City Firemen Were Arrested—Office Door Forced.

(Montreal Gazette.)

Whether or not \$1,900, taken from prisoners, was stolen from a safe in the police headquarters building on Gosford street, several weeks ago, will be the subject of an interpellation by Alderman J. Allan Bray at the next meeting of the city council. Ald. Bray said last night that he would bring the matter up to secure an official version of a matter which has been the subject of street talk for some time.

According to information secured, one of the offices of the police department building in the City Hall Annex was broken into and \$1,900 in cash has been stolen from a safe. The money, which was left there for safe-keeping, has been paid back by the detective to whose charge it had been entrusted. The robbery took place several weeks ago, and the money constituted cash which was taken by the detectives from two city firemen when they searched them.

Two members of the city fire department were arrested on February 21 by Detective-Sergeant Mercier and Detective Pelletier on a warrant sworn out by E. Belair, assistant paymaster of the city. They were held on a charge of obtaining money by false pretences by using forged checks of the city of Montreal. They were brought before Chief Lepage, of the detective department, questioned and searched. The money was left in a safe in another office of the building.

Duplication in Names.

The manager of the Banque Provinciale has previously informed the detective bureau that two men had presented checks of the city of Montreal, and that there was duplication in the names to whom they were payable. After investigation it was found that the signatures varied, although the paper, printing and official stamp seemed genuine. It was found that checks of a similar kind had been passed at the branches of the Bank of Montreal, St. Lawrence boulevard and Mount Royal avenue; The Moulsons Bank, St. Lawrence boulevard and Ontario street, and the Bank of Hochelaga, Mount Royal avenue east. The checks called for the usual amount of the fireman's pay, and the two firemen had explained that they were cashing checks for some of their comrades.

The case never went to trial. It was dropped by the prosecution and the money was returned to the banks. What the detectives found on the men they searched was placed in a safe in one of the offices near the Gosford street entrance of police headquarters. The door was securely locked, but the following morning it was found that the door had been forced open and the money removed from the safe. The detectives who took charge of the money had to make restitution.

The theft, which was probably committed in the middle of the night, was nearly done, no evidence being visible on

### ARKANSAN, ASLEEP THREE YEARS, DIES FROM MENTAL PARALYSIS

Fort Smith, Ark., April 18—James Eslinger, who had been asleep continuously for three years, died at the County Hospital on Friday.

Eslinger, for eight years a county charge, would have been sixty-three years old June 7. Physicians say that he was not suffering from sleeping sickness but from mental paralysis. He apparently was insane to pain, was immobile and his eyes were closed.

In March, 1921, Eslinger for a few seconds showed signs of awakening, but he relapsed into the comatose state. On July 1, of the same year, he opened his eyes, said, "I ain't where I was," and soon fell back into coma. He was fed with a spoon.

### MUCH BUILDING IN THE CITY OF MONCTON.

(Moncton Transcript.)

Building prospects in Moncton look excellent. Under the Moncton housing board \$100,000 is to be expended this year, the contract to be let this evening, the tenders being received and opened this morning. There will also be many private owners erect residences and the parishioners of St. Bernard's church are to erect a very substantial and commodious hall on the property in the rear of the church. This building, it is reported, will contain two class rooms and it is probable that the erection of a new school will also be commenced this summer by St. Bernard's parishioners. It is also stated that the parishioners of L'Assomption church will endeavor to complete the Sacred Heart College at the corner of Victoria and Church streets.

Aside from the work which will be afforded, the unemployed, it is probable that the city will give employment to another large number of men in the construction of sewers, streets, etc., etc. Taken in all, Moncton is forging ahead and seems to be the brightest little spot now in the maritime provinces.

### COPP ON RAILWAYS.

(Moncton Transcript.)

While in the city on Saturday the Hon. A. B. Copp, M.P., secretary of state for Canada, addressed the Liberal Club members in their hall over the Maritime Press building. In the course of his address the Hon. Mr. Copp pointed out that his auditors must be agreed that the pre-election promise of the Liberal party was to be carried out, in that the Canadian National railway was to be managed in units and that the I. C. R. was to be restored to its former status. He pointed out that according to the address of the Hon. Mr. Kennedy, minister of railways, in the federal house, the I. C. R. would be managed as a unit, and the speaker felt that mar-

### PLAN ENGLISH CHANNEL SWIM IN AUGUST

Boston, April 18—Charles Toth, of this city, who expects to swim the English Channel in August, has engaged passage on the Winifredian, sailing for Liverpool on July 6.

Senator Thompson Bettes, Ottawa, April 18—(Canadian Press)—Senator Thompson of Fredericton, who is reported as suffering from a rather severe cold passed a good night and is resting well today. His condition is not regarded as giving rise to any anxiety.

### REPUBLICAN RANKS SHOWING DISCORD OVER U. S. TARIFF

Dissension Occurs in Senate Farmer Bloc, and Break is Likely—Influence Alleged.

Washington, April 18—Discord is showing in the Republican ranks and among the senate farmer bloc over some features of the tariff bill. Opposition to certain provisions seems likely to be so strong when the senate takes up the measure as to cause a break in the "bloc." The majority leaders thought that differences had been avoided when concessions were made to the bloc by the raising of duties on farm products over the rates in the house bill.

Some Republicans assert that representatives of the dye industry were very influential in framing the dye schedules. It will be openly charged, it is said, that three of the largest dye producers in the country were present in executive session when the rates were fixed by Republican members of the finance committee.

Senator Poindestre charged that the steel interest lobbyists sat with majority members of the finance committee when the duties on steel were decided upon.

"I intend to speak very frankly of the situation when I carry my fight to the senate floor," he said. "I shall make proper inquiry as to why representatives of the steel interests were admitted behind closed doors to the finance committee rooms when the steel and manganese schedules in executive session."

A lively assault on the senate bill was made by Benjamin C. Marsh, managing director of the Farmers' National Council, who bluntly styled the measure "the worst of the many gold bricks handed farmers by the present administration."

The senate tariff bill is supposed to protect workers but it is noteworthy that the duty on cotton manufactures not including carpets, is about 2 1/2 times the per cent. which wages bear to the domestic manufacturers selling price. Duty on wool manufactures, except carpets and wearing apparel, are about five times the per cent. which wages bear to the domestic selling price, and the duty on lead ore manufactures is about twenty-six times the per cent. which wages bear to domestic manufacturers' selling prices.

There are typical illustrations of what the fake tariff bill is, because it is designed not to protect the workers, but to raise another such crop of multimillionaires as was done during the war. This tariff bill will not only kill the export market for farm products, but will kill the farmers domestic market by compelling not only the workers in so-called protected industries, but those in building trades, transportation and mines to pay three or four prices for manufactured products, which will leave them very little to spend for farm products."

### COSMETICS IN SCHOOL WIN.

Court Restores Girl Suspended because of Painted Cheeks.

Corning, Ark., April 18—Pearl Pugsley can resume her studies in the Knoble school following the rendering of a decision in her favor by Judge W. W. Bandy in the "lip-stick" case here.

Judge Bandy said he would issue a writ of mandamus to have the school board set aside its regulations barring students who use cosmetics. Miss Pugsley was suspended last September because she violated the rule. In his decision Judge Bandy held that face powder did not interfere with the health of the pupils and they could use it if they wished.

## "Inside Stuff"

Look at a watch. The case, exquisitely engraved or sparkling with diamonds, does not add a penny's worth of accuracy. It's the "inside stuff"—the homely steel and brass, made to a standard—which makes a watch "accurate to a second."

It is not the color or freakish tread that makes you proud of your tires. It is the mileage your tires give and the trouble they save.

It's the "inside stuff"—the incredible toughness and durability of the rubber—the strength of cord and fabric—the care and knowledge, ripened by experience, in manufacturing—which give you a perfect product.

It is this "inside stuff" that has made DOMINION TIRES the tires by which all tires are judged.

To-day DOMINION TIRE prices average at least one-third less than pre-war prices and give 50% greater mileage. Your dealer will sell you a 30 x 3 1/2 Dominion U-Tread for \$13.25—or a 30 x 3 1/2 "Nobby Tread" for \$16.50.

DOMINION GREY TUBES set the standard for strength and durability.

### GERMAN SOLUTION OF NEGRO PROBLEM

United States Might Colonize Germany's Former Possession in Africa, Says Dr. Schnee.

Berlin, April 19.—(Associated Press)—"Could the United States dispose of her surplus colored population by distributing it among the former German colonies in Africa under some agreement with the present European mandatories?"

This question arose today in the course of a conversation with Dr. Heinrich Schnee, former Governor of German East Africa, in connection with a special dispatch from Washington published in Berlin attributing to Senator France a suggestion that the Allied debts to the United States could be redeemed by the transfer of the former German colonies

in Africa, now controlled by Great Britain, France and Belgium, to the United States. Senator France is reported to have declared that such a transfer would need as a complement a joint international plan for reconstructive development.

"Assuming that the Senator means the transfer of the mandatory powers, and not annexation, the scheme would seem both feasible and desirable, provided United States control would mean a continuation of the American open door policy, admitting the co-operation of all nations," said Dr. Schnee.

"This," he added, "would be exactly opposite to the present regime, which excludes all but the nationals of the occupying powers. We still hope that our colonies, now held in trust by the Entente powers, sometime will be restored to us."

"Doubtless the German African colonies would be able to support twice the present native population. Indeed, there is room there for 50,000,000 colored people now, and there will be more room as development progresses. German

East Africa, Southwest Africa, Togoland and the Cameroons aggregate an area of more than a million square miles, rich in natural wealth and abounding in raw materials the world sorely needs. Moreover, most of them have zones suitable for white settlers, but their tropical coast line regions are entirely suitable for colonization by millions of colored people.

"The largest zone, East Africa, consists of 389,000 square miles, about the size of Alabama, Georgia, the two Carolinas, Florida, Virginia, Mississippi and Louisiana combined, and has a population of less than eight millions. Next is Southwest Africa, with 328,000 square miles and only about 90,000 population; while the Cameroons has 809,000 square miles and a population of 2,500,000.

"As a colonizing power, I have the greatest regard for the United States. I was able to observe American methods while Governor of Samoa. Their sanitary achievements in Panama deserve the highest praise.

"As regards the attempt to colonize Africa with the surplus American col-

ored population, this would in a long way settle the vexed problem and, under a plan such as Senator France has outlined, might enable France and Great Britain to discharge their debts to the United States and simultaneously ease the burden of German reparations which is paralyzing economic life.

"But this subject, however, interesting in the perspective it opens, presents enormous difficulties. Remember the failure in colonizing Liberia."

### SAINT JOHN CHORAL SOCIETY

If you are interested in good music you will make a special effort to attend the second annual concert of the Saint John Choral Society to be given in Century schoolroom tomorrow, Thursday evening, April 20. The chorus consists of a number of the city's best vocalists, assisted by A. C. Lawrence of Montreal, soloist; Mrs. T. J. Gunn, violinist, and a piano duo on two grand pianos by Mrs. S. Kent Boveil and Miss Beryl Blanche. Jas. S. Ford, conductor.

### ECHO OF OLD TRAGEDY.

Titled Nihilist Murderess Dies in Asylum.

Geneva, March 28.—(By mail)—A tragedy that attracted the attention of Europe and America fifteen years ago, has been recalled with the death in an asylum near Berne of Princess Tatiana Leontieff, a Russian nihilist. The Russian princess, who was known on two hemispheres for her revolutionary activities, shot and killed under dramatic circumstances a Paris millionaire named Charles Muller, whom she had mistaken for M. Durnovo, then Russian minister of the interior, who was alleged to have sent thousands of Russian political prisoners to death in Siberia.

M. Muller was lurching alone at a hotel in Interlaken when Princess Leontieff, who was only twenty, approached his table and fired several shots. Her innocent victim fell lifeless to the floor, the Princess exclaiming, "Thank God, I've rid Russia of the greatest murderer on earth." The Princess was unaware

### that the real object of her vengeance, M. Durnovo, had left for Berlin two days before.

She was sentenced to four years' penal servitude and twenty years' expulsion from Switzerland. After two years in prison the unfortunate woman became insane, and was removed to an asylum at Munsingen, near Berne, where she died.

### HALIFAX STILL HAS MANY UNEMPLOYED

(Halifax Record)

At the special meeting of the City Council, Thursday afternoon, to deal with the question of relief for the unemployed, Ald. Whitman and Ald. Acheson moved that the city procure legislation to borrow \$10,000 for that purpose.

Ald. Regan asked whether the whole amount would be handed over to the Association for Improving the Condition of the Poor, to replace the \$10,000 drawn from their reserve fund. He was informed that the money would be handed through the Halifax Civic Unemployment Committee, and, as needed, would be given to the Poor's Association, St. Vincent de Paul and Salvation Army.

Ald. Regan stated that he was in accord with that, and the motion carried unanimously.

Legislation will also be sought to legalize the Council meeting, which has been called on only a day's notice.
