THE EVENING TIMES AND STAR, ST. JOHN, N. B., TUESDAY, MARCH 30, 1920

## LOCAL NEWS

The British mails will close here at 10 a. m. April 3 for the C. P. O. S. liner Melita.

Miss Eileen Palmer of Pleasant Point rescued Fred Seely of Durham street, a small boy, who fell into the water at the Indiantown ferry landing on Sunday.

The board of trade has received a letter from Norman Johnston, the Canadian trade commissioner at Bristol (Eng.), saying that he was to sail for St. John on the Empress of France and would arrive here April 4. He would like to meet any business men of the city who are interested in the export trade.

A ten per cent advance in wages became effective yesterday in the Cornwall and York cotton mills, St. John's Gibson mills, Marysville, St. Croix mills, Milltown, and plants of the Canadian Cottons, Ltd., elsewhere.

The C. P. O. S. Corsican sailed last evening at 6 o'clock for Liverpool. She took away approximately 200 passengers, besides mails and general cargo. This vessel will not return to this port again this season as she is scheduled to sail from London for Montreal on April 20, and will sail from the latter port to Liverpool on May 8.

The headquarters company and No. 1 company of the Seventh Canadian Machine Gun Brigade were inspected last evening by Brigadier General A. H. Macdonnell, C. M. G., D. S. O., G. O. C. of M. D. No. 7, and the showing made by the men impressed the general favorably. The brigade is under the command of Lieut. Colonel C. J. Mersereau with Major R. A. McAvity as second in command. Lieut. Colonel A. H. H. Powell, D. S. O., and Lieut. Colonel H. C. Spring, D. S. O., accompanied the general.

**VETERANS RESCUE 50 FROM HOME FIRE**

Louisville, Ky., March 29—A rebel yell, sounded throughout the Confederate Home at Pewee Valley, Ky., near here, was the first alarm of a fire that destroyed the institution.

Commanded by Sergt. Gus Head, who was the keeper of John Morgan's home, the 100 veterans at the home were able to walk left the building at double-quick, went to the hospital building made liters of the coats and carried fifty invalid comrades to safety in the little stone church near by. Many of the latter, however, became excited and are not expected to survive the shock.

After Sergt. Head had called the roll the men, a majority of whom were members of Morgan's cavalry, sat cross-legged upon the grass and stoically waited until the smoldering ruins resembled but a bivouac of days gone by, then tramped slowly to the little church, then tramped slowly to the little church, spread their blankets and slept.

## LOCAL NEWS

Franklin Duguid, the two-year-old lad who was lost yesterday morning was found in the Union Station by a constable and returned to his parents, Mr. and Mrs. P. Duguid, Adelaide street, last afternoon.

ew Adams, the King against Danville, was up in the circuit court yesterday afternoon and evidence was heard. Justice Danville, the prisoner's lawyer, C. H. Ritchie, Dr. Logie and the police matron.

At a sitting of the committee of the Generalists in front of the League last evening, firstborn passenger agent of the Canadian Pacific Railway, left last evening for Boston to attend a conference there of representatives of the New England and maritime province railways. Summer time-tables and the tourist traffic will be considered at the conference.

H. C. Grout, general superintendent for the New Brunswick division and N. K. Desbriay, district passenger agent of the Canadian Pacific Railway, left last evening for Boston to attend a conference there of representatives of the New England and maritime province railways. Summer time-tables and the tourist traffic will be considered at the conference.

**NO COCKTAILS ON SANDS FOR SOCIETY, DRY DECREE**

New York, March 29—Cocktails-on-the-sand parties will not be in fashion at Narragansett Pier, Newport, and other fashionable watering places along the Connecticut, Rhode Island and Long Island shores this summer—at least not if James Sherville, prohibition commissioner of the New York department and his flock of keen-eyed agents can help it. The commissioner rules that carrying alcoholic stimulants from a clubhouse to the bathing beach—by thermos bottle, or in the hip, or otherwise—is in violation of the "dry" amendment, and decrees that it is not to be done in our best grades.

**IDLE BLOOD CAUSES DEATH**

London, March 29—A new cause of death discovered during the war can best be described as "idle blood." Prof. W. M. Bayliss said that many wounded soldiers had died with all the symptoms of extreme loss of blood. Yet in some cases they had not lost much blood. Prof. Bayliss said that the blood had gone "out of circulation," and the blood which should have been in the veins and arteries was found in the capillaries.

**TO SINK MONEY IN OCEAN.**

London, March 29—One of the most curious wills ever admitted to probate in England was left by Alfred Henry Frend. The property was left in trust for sisters and after their death his trustees were to assist persons of insufficient means "to contest and embarrass any unlawful exactions and doubtful claims by the British inland revenue." If steps were taken to set aside his will, all the funds were to be placed in a sinkable box taken to sea and sunk in mid-Atlantic.

**MURDER ENDS FAMILY FEUD.**

Yorkshire, Eng., March 29—Harrison Wainwright was detained on a charge of murdering his wife, Henrietta, seventy-eight, and son, Charles, forty. Another son testified that family relations had been strained for twenty years because Mrs. Wainwright had the deeds of property. The father, he said, brooded over imaginary grievances, and accused his wife of trying to poison him.

The Evening Times and Star

ST. JOHN, N. B., MARCH 30, 1925. The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THE PUBLIC HEALTH.

Dr. George G. Melvin had proved his quality as a medical health officer in St. John before he was promoted to the wider field as medical health officer for the province. Hon. Dr. Roberts, the minister of health, was fortunate in his selection of the man who was to be his chief helper in getting the new public health act into working order.

Dr. Melvin's second annual report just issued, and from which there were extensive quotations in yesterday's "Times," is a record of laborious work and of notable achievements. Much must yet be done along educational lines, to remove prejudice and misunderstanding, and to bring about the hearty cooperation of all municipal authorities and the people at large.

Dr. Melvin points out that as the act was only proclaimed in October, 1918, and the epidemic of influenza was soon after at its height, the new department could do little more for many months than fight this disease. As rapidly as possible, however, a general organization was effected, and it would have been much more rapidly accomplished if prejudice and in some instances political antagonism had not been aroused.

It is very gratifying to learn that medical inspection of the schools has been generally introduced, and is being extended to even the most remote districts of the province. Eventually it will no doubt be supplemented by an efficient nursing service, such as they have in the province of Manitoba.

The fact that, apart from influenza, by far the greatest mortality from what are termed notifiable diseases was due to tuberculosis, should arouse a universal desire to fight harder against this malady. It is satisfactory to learn that in St. John the number of deaths which exceeded one hundred per year, was reduced last year to seventy-four, but this is still far too high.

The report shows that infant mortality is far too great. Of course the statistics from the province generally are far from complete, but the records from the cities show much to be desired, and as Dr. Melvin points out "no part of the service of public health administration can compare in importance with the conservation of infant life."

COAL AND WATER POWER. The bituminous coal miners of the United States have been awarded an increase in wages which it is estimated will total \$200,000,000.

SURGERY AND HOSPITALS.

Entertaining as well as very instructive was the address delivered before the Rotary Club and its guests last evening by Dr. W. W. White. From the rude beginnings of surgery to modern methods, with the use of anaesthetics and antiseptics, and a thorough knowledge of anatomy, is a very long step, and yet it has been taken within the memory of men now living.

After the war of 1812 when Sir Gordon Drummond desired to link the United States to take up their abode in Canada. Those who accepted the invitation of the lower provinces settled in what they called the Eastern Townships.

PROFIT IN PRODUCTION. Of the need and the importance to Canada of increased food production Dr. James W. Robertson says: "It will likely take at least two years, 1920 and 1921, for the production of breadstuffs to meet the world's requirements and leave over a moderate reserve as security against scarcity the following year; and it will be many years before the world's production of milk, butter and cheese can adequately meet the demand."

Guide Henry Braithwaite hopes he will never experience another such winter as last winter in the woods. Mr. Braithwaite is in his eightieth year, and still looks forward to winters spent alone in the woods with his traps.

Dr. W. W. White told the Rotarians last night that a well-equipped hospital is a community insurance policy. This is a striking way of putting it, and it is true. The citizen who may at any moment need the most skillful surgical aid would feel much safer if assured that such aid were quickly available.

Rippling Rhu by Walt Mac. EVER HIGHER. We all are after higher wages, the old and even clergymen and sages rear up and say the price is multiplied by seven, though in worth; it costs us more to go to heaven, it costs us less to get on earth!

CANADA—EAST AND WEST

THE EASTERN TOWNSHIPS.

Anyone at all familiar with the geography of the Dominion of Canada knows that the land adjacent to the city of Montreal is spoken of usually as the "Eastern Townships." This part of the province is the most fertile in the Dominion.

After the war of 1812 when Sir Gordon Drummond desired to link the United States to take up their abode in Canada. Those who accepted the invitation of the lower provinces settled in what they called the Eastern Townships.

SPRING MADRIGAL.

(Rev. George Scott.) I thought to weave a madrigal in honor of the birth of cows, So as the Frogs' far-of call, And cheering as the vernal showers.

And I would take the lilac here, Hepatica and blood root fair, And therewith I would weave a snood To bind the yellow cat-o'-nine-tails.

And I would link the thrush's song With painted trilliums, virgin's bowers, What time the summer days are long, And gladness waits on every roach.

And I would link the thrush's song With painted trilliums, virgin's bowers, What time the summer days are long, And gladness waits on every roach.

### RECENT DEATHS

The death of Mrs. Louisa E. Wilson occurred yesterday after a short illness at her home, 111 Paradise row. Mrs. Wilson was the widow of Ames S. Wilson, barrister, of Dorchester, and daughter of the late James Harris, who will be remembered as proprietor of the Harris car works in this city some years ago. Four sisters survive. Mrs. Wilson, New York; Mrs. John Thornton, New York; Mrs. James Robertson, Sewickie (Penn.); Mrs. James Howat, Enderby (B.C.).

The death occurred at West Rosbury, Boston, on Friday, of Mrs. John Carven, formerly of Fredericton. She was a daughter of the late Martin Burke, of Hanwell, and leaves besides her husband, three sons, two daughters, one sister and one brother. One son, John, was killed in the late war.

The death of Mrs. Mary Carr Wetmore occurred yesterday at the residence of her son, W. E. Wetmore, 4 deMons street. Mrs. Wetmore, who before her marriage was Miss Mary Carr, and was brought up by her uncle, William Jordan, was a life long resident of St. John, and a wide circle of friends will regret to hear of her death. She leaves to mourn besides her son, two daughters, Mrs. James Munro and Mrs. Gordon McCaw, both of Winnipeg.

Cornelius Keane, a well known and highly respected resident of this city, passed away last evening at his residence, 97 Winter street, leaving to mourn one sister, Mrs. J. H. Doody, and one brother, Patrick W. Keane, both of this city. The late Mr. Keane was connected for a number of years with the dry goods firms of M. and H. A. McCollough until 1893 when he and his brother started a dry goods store on the Golden Ball corner. They remained in this business until 1910, when they retired. The many friends of Mr. Keane in the city will be very grieved to hear of his death and their sympathy will be extended to the sorrowing relatives.

Mrs. Mary Calderwood died at the home of her daughter, Mrs. W. R. Jamieson, River Chert, March 29, at the age of eighty-six years. She leaves two sons, three sisters and a brother.

Arthur Bourns died at his home in Pettitodoc Monday evening, leaving his wife, one daughter and three sons. He was seventy-two years old.

Mrs. Catherine Corbett, formerly Miss McInerney of this city, died at her home in Moncton on Sunday, at the age of sixty-seven years. She leaves one son and six daughters, including Sister Marion of this city.

The death of Mrs. Jonathan Dickson took place at her home, Centre Napton, on Wednesday, at the age of ninety-one years. She leaves four sons, three daughters and one brother.

The death of Rev. Duncan Henderson took place at his home in Chatham on Saturday night, after a lingering illness. He was a native of Kilmory, Conn.

### ASK SECRETARY OF LABOR TO HELP END 'LONGSHOREMEN'S STRIKE'

New York, March 30—Secretary of Labor Wilson was asked by the American Steamship Owners' Association in a telegram last night, to aid in settling the strike of nearly 20,000 longshoremen affecting coastwise and Gulf shipping from Boston to Galveston.

### HON. MR. KING DENIES IT.

Ottawa, March 30—A flat denial of a report published in a Los Angeles newspaper that he was going to California to study the open shop policy was made to the Canadian Press last night by Hon. W. L. Mackenzie King, leader of the Liberal party in Canada. He said he had not been approached on such a matter and had no thought of making the case a study. His efforts at this time were all required in Canada.

### Cost of Hudson Bay Railway.

Ottawa, March 30—(Canadian Press)—The Hudson Bay Railway cost Canada \$18,890,807 for its 332 miles of steel and \$6,848,449 for its terminals up to the end of the last fiscal year. It will cost \$7,000,000 to complete the railway. These figures were given out in the House of Commons yesterday.

### Threaten General Strike.

London, March 30—A deputation of trade unionists and socialists visited King Christian Monday evening and notified him that unless he revoked the dismissal of Premier Zehle, a general strike would be called throughout Denmark next Wednesday, says an Exchange Telegraph despatch from Copenhagen.

MRS. STOCKALL IS DELIGHTED

Gained Twelve Pounds and Nerves Steady as a Clock Since Taking Tanlac.

"The most I ever weighed before I took Tanlac was one hundred twenty-four and was never in better health in all my life," said Mrs. Blanche Stockall of 50 1/2 Oxford street, Halifax (N.S.). Mrs. Stockall has made Halifax her home all her life and is one of the best known and most highly esteemed women of the city.

"For the past seven or eight years I have been in a dreadfully run-down and nervous condition. I had an extremely poor appetite, never relished a thing I ate and I always suffered with a distressing, nauseating feeling after every meal. I suffered terribly from a pain in my right side and back and I would have sharp catching pains all through my lower limbs. My nerves were in a wretched condition, why, if anyone even knocked on the door it would upset me. After one of these nervous spells I always felt as weak and limp as a rag and sometimes would faint away. After the explosion in the harbor here two years ago I have been worse than ever and at times I felt like I would go distracted if anyone even spoke to me. Most every day I had a blinding headache and finally I became so miserable I didn't care whether I lived or not. It was impossible for me to get much sleep and some nights I have lain awake and heard the clock strike after a hour and then the next morning I felt so completely worn-out I hardly had strength enough to drag myself out of bed.

"My sister, who lives at Portuguese Cove, had taken Tanlac and it did her so much good that she advised me to try it. I have taken five bottles and I am just perfectly delighted at my recovery. I have not been in better health or felt so well generally in my whole life. It just seems almost too good to be true but my nerves are as steady as a rock and I can stand any kind of noise. The pains have left my back, side and lower limbs and I am free from those distressing headaches. I have a splendid appetite and everything I eat agrees with me perfectly. I sleep soundly as I ever did and I have gained all my lost weight and strength and am now doing my housework and can hardly express how delighted I feel for what Tanlac has done for me and it gives me great pleasure to recommend it highly.

Tanlac is sold in St. John by Ross Drug Company and in the nearest druggist in every town.—(Adv.)

PRESENTS "PLATE'S DAUGHTER"

Brought a large and greatly appreciated audience in St. Vincent's auditorium last night Mrs. Samuel Richey gave a most dramatic presentation of "Plate's Daughter." The presentation was given under the auspices of the St. John Catholic girls' guild and was the third occasion on which Mrs. Richey has inspired a large audience by her brilliant acting and her wonderful vocal expression. Mrs. Richey's performance of "Plate's Daughter" was accompanied by Mrs. Alexander McMullin. Her contribution to the program was very well received. The impressive hush of the audience during Mrs. Richey's recital was as a token of the appreciation as was the warm applause which she received at its close.

"TIZ" GLADDENS SORE, TIRED FEET

No pulled-up, burning, tender, aching feet—no corns or callouses. "Tiz" makes sore, burning, tired feet fairly dance with delight. Away go the aches and pains, the corns, callouses, blisters, bunions and chubbins. "Tiz" draws out the acids and poisons that put up your feet. No matter how hard you work, how long you dance how far you walk, or how long you remain on your feet, "Tiz" brings restful foot comfort. "Tiz" is magical, grand, wonderful for tired, aching, swollen, smarting feet. Ah! how comfortable, how happy you feel. Your feet just tingle for joy; shoes never hurt or seem tight. Get a box of "Tiz" now from any druggist or department store. End foot torture forever—wear "Tiz" shoes, keep your feet fresh, sweet and happy. Just think! a whole year's foot comfort for a few cents.

INTERESTING TALK ON STAR AND PLANET

Prof. Barnard Doubts if Mars Is Inhabited—Distance of the Stars.

(Toronto Telegram.) Seated in Professor C. A. Chant's office in the Physics Building, Toronto University, Professor E. E. Barnard, of the Yerkes University, of Chicago, one of the greatest living astronomers, smilingly surveyed the reporters begging for stories of the stars, and invited them to fire ahead.

In the prime of life, of medium, rather stocky build, keen-eyed and distinguished looking, Professor Barnard impresses an observer as intensely practical, that though abase with ardor for his hobby, he would not be easily convinced without good proof, or unduly carried away by imagination in reasoning out the why and wherefore in studying the constellations.

Yes, astronomical science has made rapid strides, excelling perhaps from a photographic viewpoint, but other sciences also have developed marvellously of late, bringing wonderful knowledge within our ken that we scarcely dreamed of before, he said.

Toronto Needs Observatory. "If Toronto had an observatory," he added earnestly, "it would be a boon to the citizens who would have a fair chance to learn of the wonders of creation. They could see the planets, etc. by the aid of a telescope for themselves, and it would go far towards allaying superstitions and fears of the unknown."

Professor Barnard did not think it possible for communications to be received from other planets, nor was there anything in the old wives tale that the star under which a person was born had an effect on the individual's life on other worlds.

"I can quite conceive that there may be other worlds surrounding these suns inhabited by beings of superior intelligence, but think it doubtful that Mars is inhabited. I would not say it is impossible for life to exist there, evidence shows what appears to be changes of seasons. The polar caps of snow increase in size at certain periods, diminishing at other times."

Of life on the moon he was extremely dubious, although Prof. Pickering, of the Mount Wilson Observatory, recently secured photographs of the moon showing darkening in the lunar maria, which, according to Professor Pickering, are the headwaters of the earth's growth of vegetation, which grows in the form of ferns and other lowly earthy days which constitute the lunar day.

"We would almost rather think there was life there," said Prof. Barnard. "Imagine people enjoying temperature of say 50 Fahrenheit in the day and 70 below at night," he added. "Our atmosphere here acts as a blanket and protects us from the cold. We would instantly freeze if subjected to the temperature of space."

For Years to Come. Giving an idea of the time it takes light to reach the earth, Professor Barnard cited an example, "If all the stars were suddenly annihilated space, for the next year—all would be shining just the same. If further on in four years' time you would see perhaps the brightest star go out, as it takes light four years to travel to us, in eight years the dog star would still be shining."

as All Run-Down

When you say you are "run-down," you are likening yourself to a clock which, from lack of winding, is losing power and grows weaker and weaker in action until it stops.

Petrolia. Mrs. John Smith, Box 238, Petrolia, Ont. writes:—

"It is 27 years since I first made use of Dr. Chase's Nerve Food. At that time I was all run down and went away from home to rest. While away, Dr. Chase's Nerve Food was recommended to me, so in an effort to recover, I tried it. I took six boxes, and in a few weeks I was completely restored to health. Since then I have had occasion to use Dr. Chase's Nerve Food several times. Once after an operation, and used it as a tonic for nervous weakness, and it quickly restored me to health. I used it again when suffering from nervous prostration, and it brought back my health and strength. I have recommended Dr. Chase's Nerve Food to a great many people who have taken it with good results, and I would advise anyone suffering from run down system or nervousness of any description, to give this treatment a faithful trial."

Meaford. Mrs. Chas. Lyons, Margaret St., Meaford, Ont. writes:—

"About three years ago I suffered from nervous indigestion, my system became run down, and I could not sleep. I tried almost every patent medicine I knew of, and doctored with doctors both here and in Toronto, but could not obtain relief. A friend advised me to try Dr. Chase's Nerve Food, so my husband got me some, and I commenced using them. Before I had finished the second box, I saw I was getting better, so I continued the treatment until I was cured. I can eat and sleep well now, and have not been bothered with the old symptoms since. I can cheerfully recommend the use of Dr. Chase's Nerve Food to all suffering from nervousness of any kind."

Perth. Mr. W. J. Wilson, Grocer, Perth, Ont. writes:—

"In fitting up this building for a grocery business, I worked very hard, and after putting in my stock I continued plugging away good and hard too. I commenced to feel myself going down—my weight went from 180 pounds down to 154 pounds. My appetite began to fail, and of course upon retiring I could not get a good night's rest. Sometimes after going to sleep my nerves would twitch and I would waken up with a start, and then lie awake for hours. I remembered having used Dr. Chase's Nerve Food before, so I started in again, and took a good treatment, using about half a dozen boxes. I soon felt my appetite returning, I could sleep well, and commenced gaining in weight, until I felt like a new man. From the benefits I have received from the use of Dr. Chase's Nerve Food, I cannot speak too highly of them."

Trenton. Mrs. Chas. Lafferty, King St., Trenton, Ont. writes:—

"For some time I was troubled with nervousness, could not sleep well, and was in a generally run down condition. I used to take dizzy spells and sometimes was so bad that I was afraid to walk on the street. A friend of mine had been using Dr. Chase's Nerve Food with such good results that I commenced using them, too. I think I used about five boxes in all, and can say that I am now in much better health, can eat and sleep fine, and do not feel that dizziness I used to. I am stronger and better in every way, and even my friends remark how much better I look. Dr. Chase's Nerve Food has done me much good that I cannot so praise this wonderful medicine too highly."

A MILLION NEEDED FOR CO-OPERATION

J. J. Morrison Issues Call to Farmers of Ontario for More Money for Big Business.

J. J. Morrison, secretary of the Ontario F. O., now wants to increase the capital of the United Farmers' Co-operative Company to \$1,000,000. He has called for a special general meeting of shareholders at the Labor Temple for next Tuesday for the three purposes: To elect a new board of directors; to authorize the directors to apply to the provincial secretary for permission to increase the authorized capital of the co-operative company to \$1,000,000; and to amend letters patent of the company so that the maximum number of shares of the capital stock to be held by any one person or farmer organization may be forty instead of ten.

Must Have More Money. The notice calling this particular meeting is accompanied by an appeal by J. J. Morrison. "It is with a great deal of confidence," he has called to the directors approach you at this time, and ask that you assist in increasing the authorized capital of the company. Our capital must be enlarged if we are to meet our growing demands for the reason we turn to our present shareholders to help to build up a great co-operative company that will yield untold benefits to the farmers. Remember, you can now have forty shares instead of ten, and I trust that you will induce your neighbor to subscribe also."

Announcement Coming. The reasons given for these changes are: "1. General Wholesalers, Limited, is a wholesale company supplying groceries and other commodities to our company. It is owned by the United Farmers' Co-operative and is under control of our directors. We are in this way in control of our wholesale source of supply."

2. Our ever increasing volume of business which is now at the rate of approximately \$17,000,000 per annum, demands much more capital. The demands from all over the province for us to take up the handling of dairy and poultry products must be met, and an important announcement will be made very soon. Large sums of money are needed for this.

3. In order to facilitate the obtaining of that additional capital, it has been thought advisable to increase the amount set as the maximum holding of any one person."

TEMPLE CLUB SMOKER. The Temple Masonic Club held a smoker and get-together meeting in the Masonic Temple, Germain street, last evening. A large number of members were present, the large auditorium being packed. The president of the club, T. H. Carter, presided. Among those who took part in the musical program were DeWitt Cairns and H. E. Collins. Several reels of "movie" were shown through the kindness of R. March. During the evening refreshments were served and also pipes and tobacco. The committee in charge of the affair consisted of J. Dill Dunlop, chairman, Frank Renick, Fred Doig and R. March.

40,000 ARE AFFLICTED

40,000 ARE AFFLICTED WITH PILES

"That there are at least 40,000 Toronto people, many, very many, without knowing it, indeed, with venereal disease," was the statement made by Justice Riddell at the organization meeting of the Toronto Committee of the Canadian National Council for Combating Venereal Disease.

Urging united action on the part of all concerned, and setting forth in the clearest possible language the hardships under which the manufacturers and shippers of the maritime provinces are operating at the present time in competition with other parts of the dominion without the necessary facilities of working under an additional thirty per cent. increase in the railway freight rates, the resolution of the special committee of the board of trade appointed at the last meeting, is now ready to be forwarded to the representatives of the Canadian Manufacturers' Association for their consideration and advice.

Accompanying the resolution is a statement of the case against the proposed increase and in favor of a revision to the old preferential rate enjoyed by the maritime provinces until less than two years ago. This statement amplifies the arguments that were adduced by Angus McLean and B. C. Mullins at the meeting in question, and if it does not achieve the desired result of convincing the federal government and the railway commission of the validity of the claims made for special consideration it leaves no room for doubting, not merely the necessity for the same but the fact that it was arranged and provided for when the maritime provinces entered confederation.

Do not use KODAK PILES. Dr. Chase's Ointment will relieve you, and as a certain cure you get a post card from the manufacturer. Sample box free if you mention this paper. Sample box free if you mention this paper. Sample box free if you mention this paper.

They Combat Film On Millions of Teeth Today

There is a new, scientific way to clean teeth. It combats the film—the great tooth enemy—as nothing else has done. And millions of teeth now show the effects of it.

It Clouds the Teeth. That film is what discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

They Combat Film On Millions of Teeth Today

There is a new, scientific way to clean teeth. It combats the film—the great tooth enemy—as nothing else has done. And millions of teeth now show the effects of it.

It is known today that most tooth troubles are due to a slimy film. You can feel it with your tongue. It clings to teeth, enters crevices and stays. The tooth brush doesn't end it. The ordinary tooth paste does not dissolve it. So it remains on teeth and may cause a constant damage.

It Clouds the Teeth. That film is what discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. So, despite the tooth brush, all these troubles have been constantly increasing.

Dentists long have known this. Dental science has for years sought a way to end film. Now it has discovered an efficient film combatant.

Able authorities have proved it by many clinical tests. Leading dentists everywhere have watched it and are urging its adoption. This is to offer a 10-Day Tube which will show what it means to you.

See What Ten Days Do. We do not argue Pepsodent effects. We send a tube to show them, and a book to state the reasons. Send the coupon for this 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how the teeth whiten as the fixed film disappears.

Look at your teeth now, then look in ten days. Let your own teeth decide. Learn what film removal means. Do this for your sake and your children's sake, for the film is vitally important. Then judge for yourself between the old ways and the new. Cut out the coupon now.

THE WRECK OF THE TREATY IN THE U.S.

Nation Humiliated, Says N. Y. Commercial

Trade Suffers, Humanity Given and Germany Is Given Support Because of the Playing of Political Game.

The treaty has been wrecked. The feeling of every American who read the news on Saturday morning was one of keen distress. One might or might not have agreed with all the provisions of the treaty, but the desire was universal that there should be a treaty. Now there is none.

Senator Lodge's opposition was not actuated by patriotic motives. He was charged with having no other than an instrument of politics, but even that does not state the case. With him it was a weapon with which to humiliate Woodrow Wilson.

Looking the facts squarely in the face it is impossible to consider the situation without attaching some measure of blame to the president himself. His attitude toward the senate has been persistently and consistently antagonistic.

It is a sorry spectacle, and our hope is that the other nations of the world will understand that the rejection of the treaty was not a mandate of the people, but merely an exhibition of petty politics.

### LOCAL NEWS

#### HUSBAND IS ILL.

Mrs. Thomas Brown and son left on Tuesday for Montreal en route to her home in Tennessee, called home unexpectedly by the dangerous illness of Mr. Brown. Mrs. Brown has been visiting her parents, Mr. and Mrs. John Whelan of Brookville, for the last few months. Friends in the city wish Mr. Brown a speedy recovery.

#### POLICE COURT.

In the police court this morning, Wm. L. Crosby was charged with a statutory offence. No evidence was taken and the accused was remanded to jail. Koehne, a waiter, was charged with vagrancy and having no visible means of support. He was remanded. Three men, charged with drunkenness, were remanded.

#### TO FREDERICTON.

Brigadier-General A. H. Macdonnell, C. M. G., D. S. O., general officer commanding military district No. 7, and Lieut-Colonel H. C. Sparling, D. S. O., will leave this afternoon for Fredericton to inspect No. 3 company of the Canadian machine gun brigade at the armory there this evening. This company is in command of Captain F. Del. Clements of Fredericton.

#### THE RIVER ICE.

It is said by some of the people arriving in the city the last few days from the St. John river that it is thought the ice in the river will likely break-up soon and it is expected that, within three weeks the river will be cleared. It is said that near Georgetown the ice is breaking and even further up the river it is not safe to travel on.

#### DEATH OF R. MCKENZIE.

R. McKenzie, general car foreman of the C. P. R., died at his home in McAdam Junction last evening after a short illness. He was stricken with meningitis of the brain on Saturday. He was fifty-nine years of age, and was in the employ of the C. P. R. since 1882. For the last eight years he was in charge of the car department at McAdam. He was a prominent official and was exceptionally well liked. Recently he was appointed stipendiary magistrate of McAdam. He is survived by his wife and one son.

#### MILITARY.

It was announced this morning at local military headquarters that with the exception of infantry battalions, the units in the Canadian militia will be organized on the same plan as authorized under a general order issued in April, 1914. The infantry is being organized under the double company basis and will consist of four companies in each of eight, each company being in command of an officer with the rank of major. The battalion will have a total strength of 441, composed of thirty-three officers and 408 men. The machine gun section is eliminated from this reorganization plan, as these units have been organized into brigades and have completed their training.

#### CIRCUIT COURT.

Hearing in the case of Frank R. Danville, charged with a serious offence, was continued before His Honor Judge Chandler this morning in the circuit court. Several witnesses were examined, including the complainant, who flatly denied evidence given against him yesterday by his twelve-year-old daughter. Evidence as to his reputation was given by Rev. R. P. McKim, by whom he had been married some years ago; J. D. Taylor, of the town of White, by whom he had been employed, and William A. Beckett. All said he bore a good reputation. D. Mallin, K. C., appeared for the prisoner, while W. M. Ryan acted for the crown. The case will go to the jury this afternoon as both counsel finished their addresses to the jury before the noon recess. Judge Chandler will give his charge this afternoon. The jury is composed of A. E. Howes, H. H. Butler, M. L. Cohen, H. B. Lasker, J. H. Frost, T. J. Phillips, A. V. Armstrong, F. G. Bond, T. S. Fenwick, H. S. Brennan, W. H. Holder and J. E. Emery.

#### FUNERAL OF LIEUT. G. A. DALZELL.

The funeral of Lieutenant George A. Dalzell, whose death occurred in St. John on Wednesday, March 24, took place from the home of his father, George Y. Dalzell, North Head, Grand Manan, N. B., on Sunday, March 28, and was one of the largest ever held on Grand Manan.

Rev. Percy Colthurst, Church of England rector of Campbellton, officiated at a short service in the home, and addressed the church, where the funeral service was held. The church was filled and many were unable to obtain seats. The rector, who was a cousin of the deceased in the 115th Battalion, spoke very feelingly in regard to the splendid spirit of enthusiasm shown by this officer while in the service of the empire, and of the exceptional war record held by him.

The pall-bearers were six returned soldiers in uniform. They carried the casket draped with the flag to the church and from the church to the cemetery. Many beautiful floral tributes were received including those from the Provincial Red Cross Society, St. John, and the North Head Baptist church.

Sergeant-Major S. C. Wright, of the local military headquarters, returned to the city last evening from Grand Manan where he attended the funeral.

#### TO LEAVE THE S.S. MONTCALM?

Reported Captain Ahern is to Have Post in Maritime Provinces.

Quebec, March 30.—A report was circulated here yesterday to the effect that Captain John Ahern, who has been prominent on account of the unusual winter cruise of his vessel, the C. G. S. Montcalm, is to resign from that post, having accepted a position with the Gulf of St. Lawrence Shipping & Trading Company. It is said that Captain Ahern is somewhere in the maritime provinces. It is learned here that Captain Jean Baptiste Belanger for years master of vessels of the department of marine and fisheries, will soon take charge of the C. G. S. Guimard, attached to the geological survey. The ship is at present in Halifax, but is due to leave for the St. Lawrence on April 1. For the coming summer she will be stationed on the north shore between Tadoussac and Seven Islands, in geological surveys for the making of navigation charts.

### MILITARY ANNOUNCEMENT OF INTEREST

The re-organization of the various units of the non-permanent active militia in Military District No. 7, has been completed and arranged in order that the identity of the overseas battalions may be preserved. The 8th Princess Louise's N. B. Hussars will remain the same and the 26th Dragoons will be changed to the New Brunswick Dragoons and these two units will form the cavalry in this district.

The Artillery has been changed as follows:—The 4th Brigade Canadian field artillery composed of the 10th, 12th and 19th batteries will be known as the 12th brigade, consisting of 80th battery of Woodstock, the 90th battery of Newcastle, 8th of Moncton, and the 26th yet to be named. The headquarters of this branch of the artillery will be at Moncton under the command of Lieut. Colonel S. B. Anderson. The 8th N. B. regiment Canadian garrison artillery, composed of three companies, will consist of the 12th, 4th and 5th siege batteries with headquarters at St. John.

The 67th, 71st, 72nd, 74th and 82nd regiments will be known as the Canadian light infantry, 1st and 2nd battalions, the York regiment, 1st and 2nd battalions, the Northumberland regiment, 1st and 2nd battalions, the New Brunswick Rangers, 1st and 2nd battalions, and the St. John Fusiliers, 1st and 2nd battalions respectively. These battalions are known and identified with the various units which proceeded overseas, the 1st and 2nd battalions of the St. John Fusiliers, being the 1st and 2nd battalions of the C. E. F. reserve battalion and the 2nd battalion (18th battalion, C. E. F.).

There are nineteen steamers in port at the present time, of which number fifteen are at deep sea berths and four are in the stream, as follows: S. S. Courtenay, in the stream; S. S. Chandler, at Pettigill wharf; S. S. George, in the stream; S. S. Forts, in the stream; S. S. Stratford, at No. 14 berth, South Point; S. S. Melita, at No. 3 berth; S. S. Sicilian, at No. 1 berth; S. S. Orion, at No. 10 berth; S. S. Manchester Mariner, at No. 5 berth; S. S. Carrigan Head, at No. 4 berth; S. S. Scotland, at No. 6 berth; S. S. Somerset, at No. 7; S. S. Lake Fray, at No. 16; S. S. Canadian Ranger, in the stream; Canadian wharf; S. S. Canadian Trooper, at East Long wharf; S. E. Dumbridge, at the Customs House wharf.

The Canadian Ranger has been in the stream for seven days awaiting a berth for sixteen days owing to a delay in obtaining freight. The J. J. Drummond, another Canadian Merchant Marine liner, which sailed this morning, was fourteen days Long wharf. Owing to the delay in receiving cargo other government steamers are held up waiting for these berths. Under ordinary conditions the Trooper and Drummond should complete loading in three or four days if the freight was on hand.

DR. ROBERTS THE SPEAKER THIS AFTERNOON

Opposition Leader Also May Address Legislature

Plans for Easter Recess — Governor's Ball on April 18 — Some Possibility of Prorogation by April 17.

(Special to Times.) Fredericton, March 30.—As Hon. Dr. Roberts, minister of public health, will be the first speaker this afternoon, Hon. Dr. Smith's illness is not serious and he is expected here soon. It is possible that Hon. J. A. Murray, leader of the opposition, will follow the minister of health today and the house will continue sitting this evening. Evening sessions will continue until Thursday, according to the present prospects, and if this arrangement is carried out the members will not be able to leave Fredericton to return to their homes until Friday. The Easter recess probably will continue over Tuesday and when the house resumes on Wednesday next week it is probable that most of them will be prepared to remain in Fredericton for sessions on the Saturday and Monday following. The date fixed for the governor's ball is Tuesday, April 13, and if the time required for preparing the assembly chamber for the ball and restoring it for the use of the legislature permits, a morning session may be held on the day of the ball and the regular programme continue the next afternoon. Some of the members are optimistic enough to predict that the house may be able to complete its business in that week and prorogue not later than April 17. If the budget debate is finished this week, as it may be, this programme is not impossible, but sessions have a habit of lengthening out beyond even the best laid plans.

Exchange Lower.

New York, March 30.—Foreign exchange rates were substantially lower at the opening of the market here today. Demand sterling opened at 85.85-14, or three and a half cents below yesterday's close. The Canadian dollar was quoted at 91.75.

Calf With Two Heads.

North Cabot, Ont., March 30.—H. E. Burton, a resident of this town, has a cow which gave birth to two perfectly formed heads and necks growing out of a single trunk. The calf was dead when born, but as it was having been kept so far as to break the animal's back. The hind quarters of the calf were peculiarly deformed.

City Business of the Year Reported On

Deficit of \$41,262.86—Tax Collections \$74,670.38 Less Than the Warrant—Assets Showed Nearly \$3,000,000 Over Liabilities.

The statement of the city's finances has been issued by Chamberlain D. G. Lingley and Comptroller A. P. MacIntyre and was submitted to the city council this afternoon. It shows that the city last year had a deficit of \$41,262.86. The city council passed sundry orders during the year, unfavourable to making up the estimates, and amounting to \$50,561.94. The amount assessed for the year was \$1,181,894.74. The taxes collected amounted to \$1,107,224.86, or \$74,670.38 less than the warrants required. The chamberlain says: "The payments of the city and county assessment was a great disappointment. Owing to the lateness of the season and the very large amounts of adjustments necessary it was impossible to collect in cash more than 77 per cent of the assessment, as compared with 82 per cent in 1918. Owing to the lateness of the season and the very large amounts of adjustments necessary it was impossible to collect in cash more than 77 per cent of the assessment, as compared with 82 per cent in 1918. "It is noted also that the assessment was reduced by \$72,105.12, "necessitated by doubt through the new assessment act."

IS BURNED TO DEATH IN FIRE AT TUPPERVILLE (Special to Times.)

Bridgetown, N. S., March 30.—Moses Efronson's house at Tuperville a few miles west of Bridgetown was destroyed by fire at one o'clock this morning. A body charred beyond recognition has been found in the ruins. It appears that the owner of the house left there at ten o'clock last night to visit his brother. His two sons, Fred and John, were left in the house. Others were seen to go in and out during the evening. Fred is now missing. Coroner Armstrong, G.D., will open an inquest at one o'clock this afternoon.

THE HOMEMAND.

My land was the west land; my home was on the hill, I never think of my land, but it makes me heart to thrill. I never smell the west wind that blows from the golden skies, But old desire is in my feet and dreams are in my eyes. My home crowned the high land; it had a stately grace, I never think of my land but I see my mother's face; I never smell the west wind that blows from the golden skies, But old desire is in my heart and dreams are in my eyes. My land was a high land; my home was near the skies, I never think of my land, but a light is in my eyes. But I am at my mother's knee, but I never smell the west wind that blows from the golden skies. —Dana Burnett.

BODY OF FATHER O'NEIL IS LAID TO REST TODAY

Bishop LeBlanc Celebrates Pontifical High Mass and Rev. Dr. Meahan Is Heard in Eloquent Eulogy—Many Priests Present.

A fitting tribute to Father Andrew J. O'Neil was paid by Rev. A. W. Meahan in the Church of the Assumption, West St. John during pontifical high mass which was sung at the funeral this morning. Bishop LeBlanc presided at the celebrant and he was assisted by Rev. Father Vanier, C. S. C., of St. Joseph's College, Memramouc, high priest; Rev. Joseph McLaughlin, C. S. R., nephew of Father O'Neil, deacon; Rev. J. J. Ryan of Miramouche, and Rev. A. P. Allan, of the Cathedral, master of ceremonies. Also present were the sanctuary were the following priests: A. D. Cormier, Shelburne; Francis Walker, Riverview; Harold Coughlan, St. Martins; Robert Savage, Moncton; J. W. Holland, St. George; Joseph McDermott and Rev. Father Fraser, Sussex; Michael O'Brien, Norton; Henry Cormier, Moncton; Francis Cormier, Fredericton; William P. Howland, Kingsclear; Robichaud, Fox Creek; C. P. Carleton, Silver Falls; D. J. McCarthy and Wilfrid Mallett from the Cathedral; Very Rev. Sean Charles Collins, of Parville, was in charge of the funeral arrangements. The congregation filled the church to the doors and there were included St. Catharines, Rev. Dr. A. W. Meahan, pastor of St. John's, the Baptist church, delivered an eloquent and touching eulogy in which he said glowing tributes to Father O'Neil both as priest and as a man. After the mass, the body was taken by way of the bridge to the New Catholic cemetery where interment was made. The funeral was a lengthy one and included in the cortège were many of the visiting priests as well as relatives and friends of the deceased priest. While the funeral procession was passing along City road the Dead March in Saul, Lead Kindly Light and Nearer My God to Thee were sung by the choir, presided by Arthur S. Godwin, the Cathedral organist. The prayers at the grave were recited by Rev. Joseph McLaughlin, C. S. R., assisted by Rev. M. P. Howland, C. S. R., Carleton, M. O'Brien and D. O'Keefe.

The pallbearers were M. F. Mooney, Thomas McKenna, J. West, James O'Neil, Walter Morris, John Traineur and W. E. Sealy. On the arrival of the funeral cortege at the cemetery, the Rev. Dr. Meahan, lined both sides of the driveway with uncovered heads paid their respects to the remains of the deceased. They were accompanied by the four Sisters from the institution. A great many beautiful floral tributes and spiritual bouquets testified to the esteem in which the late priest was held.

Father Meahan took for his text the first epistle of St. Timothy, chapter 1, verse 7.—"I will praise thee that will be esteemed worthy of double honour, specially they who labour in word and doctrine." For the second time within the short space of two years, he said, we are priests of the diocese of St. John, and you, the members of the parish of the Assumption have been gathered here today to honour our honored dead. This is an honor, coming from you on the one hand, and from the church and God, of which you are members, on the other. Two years ago a priest died here who was a great benefactor to this parish. You saw in him that urbanity of life that has nothing more or less than the outpouring of hands that were nourished in the things of God. You mourn him and the church of God mourns him because there has been taken out from the vineyard of one of its most ardent workers. And in his going, this priest of God takes out with him a share of the wonderfulness of Christ's work; he takes away out of the souls of his people, so far as his personality is concerned, the opportunity of becoming better in the sight of God. After all, what is the priesthood? Father Meahan then traced the establishment of the priesthood from the time that Cain and Abel built their sacrificial altar until the time that last mass was celebrated on the altar on which he stood this morning. He called to mind the institution of the sacraments, one by one, and the great work of the mass. He spoke of the time when Christ had said to the fishermen of Galilee, "Follow me and I will make you the fishers of men," and since that time the priesthood of God has been continued, was a priest of God. One day those who knew him in his youth missed him, you saw a fisherman, and you saw God was taking him; his talents were being enlarged in the service of God. By continued prayer and devotion, one day into his sanctuary, by the power of that apostolic succession and gave over to him through a few words and a drop of oil the wonderfulness of the priesthood. I never think of my land with an indelible mark upon him. You know how he insisted on perfection in himself more than in you, whereby he placed the word of God before you with a light of purity and of devotion. He was your confessor also, the p...

REDS SAID TO BE IN PANIC

Reported Retreating From Ruhr District of Germany — Ultimatum to British.

The Hague, March 30.—According to a statement from an authoritative Dutch source, the retreat of the Red troops in the Ruhr district of Germany closely resembles panic. As the scene of the fighting has been further removed, the Dutch frontier guards corps was decreased yesterday and the volunteer corps which was mobilized last week has been demobilized.

Retterdam, March 30.—Extremists at St. Reginald Tower, British commissioner there, demanding the removal of troops and threatening a general strike if their demands are not complied with, according to a despatch to the Nieuwe Rotterdamse Courant from Hamburg. Sir Reginald is said to have embarked his troops on an English warship in the harbor. There is a strong Bolshevik movement in Danzig, according to reports.

DO NOT WANT TO GIVE UP ARMS. Essen, March 30.—(Associated Press.) All indications of the Berlin government relative to a cessation of fighting and maintenance of order in the Ruhr district, have been accepted, with one exception, by the central committee in charge of anti-government operations here, according to a notification sent to Berlin last night. Exception was taken in reference to the four-day ultimatum to the Ruhr district, which was accepted by the committee in the event of arms and ammunition. The government was informed that the ultimatum was not accepted. The government, in sending its ultimatum to communists in the Ruhr district, had stipulated conditions must be accepted by Tuesday.

Essen, March 30.—Otto Bownepel, commander of the Reds, who has just come from the front, told the correspondent that the continued existence of the Reichswehr would mean an end of the Ruhr district. Another member of the directing committee said the conditions for the Ruhr district must be subject the mines to sabotage if the Reichswehr were to be allowed to stay in the Ruhr district. The Reds, he declared, would kill their families and themselves before surrendering.

FREDERATION NEWS

FREDERATION NEWS. Fredericton, N. B., March 30.—(Special.) The water in the St. John river continues to rise, the mild weather aiding in the matter. There was a downpour of rain in this section, a half inch of rain falling within a short time. Tributaries of the St. John are rising and are showing signs of opening. The ice in the main river usually breaks up in a few days after the opening of the tributaries. The trial of James Doran, charged with the murder of a man in the name of Napodagan and with receiving goods stolen from the railway, was begun before the York county court this afternoon. Seven of the ex-C. N. R. employes now serving six months' sentences in the St. John district were summoned to appear. J. A. Dingy and others of the C. N. R. detective force are here for the case. George W. Ebbett of the Barony died at his home yesterday aged eighty-five. Stanley B. Ebbett of St. John, with the N. B. Telephone Company, is a son. Other sons are Warren and Charles. Mr. Ebbett was a well known member of the Barony.

LUND-FOWNES

Amherst, March 29.—An event of unusual interest took place last evening at the Baptist church when Rev. C. W. Fownes, daughter of Mr. and Mrs. A. Y. Fownes of Hopewell Cape, N. B., and Mr. Norman R. Lund, son of Mr. and Mrs. C. E. Lund of Sackville, the ceremony being performed in the presence of only the immediate relatives and friends of the contracting parties. The bride wore a navy blue travelling suit with navy blue hat and looked very attractive; they were unattended. Following the ceremony the happy couple drove to the station where a large number of friends were gathered to extend their best wishes for a long and happy wedded life. Both the bride and groom are very popular in Amherst, the former taking a very active part in all important points in New Brunswick they will reside in Amherst.

DIED SUDDENLY.

Fredrickson, March 30.—(Special.) Henry F. Close, a well known resident of Barker's Point died last night suddenly. Apoplexy is assigned as the cause of death. He is survived by two sons, Arthur of Youngstown, O., and Fred at home, also by two daughters, Mrs. Hilson Gibson of Lower Pictou and Mrs. Charles E. Ebbett of Upper Pictou.

BIG DEFICIT IN DEPARTMENT OF RAILWAYS

Statement By Hon. Dr. Reid in Commons Today

Important Matter for Public Is Urging of Increases in Rates on the Government Lines — Wage Advances a Factor.

Ottawa, March 30.—Hon. Dr. Reid, minister of railways, will lay before the house this afternoon the first annual statement of the Canadian National Railway system. It is understood he will present in detail the result of operations on all government lines. So far as the general public is concerned, probably the most important question with which he will have to deal will be that of increases in railway rates. For some time members of the board of management of the Canadian National Railway have urged that Canadian railway rates should be increased in line with proposed increases on United States roads, Canadian and United States roads. It is argued, being so linked up that such a course is inevitable. Dr. Reid, it is said, will present the view of the management of the Canadian National Railways in this regard and will also present his own view as minister of railways.

The railway budget to be presented by Dr. Reid, it is understood, will show a total deficit of rather more than \$30,000,000 during the year, including fixed charges. Advances in wages made under the McAdoo award have been largely responsible for increases in operating expenses.

Members are beginning to express doubt as to an early adjournment. They say if all the members speak on the budget who threaten to do so, the debate will last for nearly a month, in which case it may be long after the first of May before that debate is finished.

IN WALL STREET

New York, March 30.—Stocks were under the influence of yesterday's money flurry at the opening of today's session, but were later steadied by more cautious dealings of traders. Except for several of the more prominent stocks, the market was fairly steady. The market was closed at 10.30, with a total volume of 1,000,000 shares. The market was closed at 10.30, with a total volume of 1,000,000 shares.

TEA AND SALE

A successful tea and apron sale was held this afternoon in the vestry of Victoria street Baptist church, under the auspices of the Ladies' Sewing Circle. The proceeds are for the benefit of the new building fund. Mrs. S. A. Williams, president of the society, was in charge of the sale and was assisted by the treasurer, Mrs. Ducey, and other members of the circle.

ACCIDENT'S

Harry Best of 28 Guilford street, West Side, a longshoreman working at No. 1 shed, injured his left hand this morning by cutting it on a wire. He was treated at the emergency hospital and went to his home, J. McLaughlin, 71 Queen street, West Side, a C. P. R. trucker working at No. 4 shed, sustained a painful injury to his left foot. He was taken to the emergency hospital and after being treated was removed to his home.

## A Message From "Alice"

Dear Mary,—  
Since writing you last, I have secured a position with the New Brunswick Telephone Company as an Operator. I am going to tell you about some of the things we do here.

In the first place, we employ a large number of girls. They like their work and that is a big advantage for them. They are contented and happy.

We are taking on new girls all the time and right now we are looking for a lot. We want them whether they know anything about our business or not, and we will undertake to teach them something useful, and give them a job worth while.

The work is interesting and agreeable, and is the kind that makes you feel as though you had accomplished something when the day is done.

We have a lot of things that some places are just beginning to put in. I know we are one of the first Companies here to give our employees a life Insurance Policy. Each of us get an Anniversary Bonus at the termination of each year's employment.

Did you ever hear of the beautiful Rest Room we have here, all furnished in wicker furniture with pretty cretonne curtains in the windows. There are books to read and—of course—a Matron to look after us if we are ill.

I could write you a lot more, but come in and see the Chief Operator of the New Brunswick Telephone Company at 22 Prince Wm. St. She can tell you more about the good chances we have. There are a lot of them, and they pay good money.

Your friend,  
ALICE.

## NEW STORE ALMOST READY FOR PUBLIC

**Jacobson & Co., 675 Main Street, to Have Model Store—Wonderful Improvements Inside and Out.**

After having had their store in the hands of the best local decorators, painters, and carpenters for nearly three months, Jacobson & Co. are once more ready to open their doors to the public at 675 Main street.

Naturally, the changes that can be made in this period of time are many. The fixtures, the modern show windows, the display features throughout the entire store are really good to look at.

Another change that has been made is in the name; from now on the signature to all his advertising will be Jacobson & Co.

Great as have been the additions to their stock of clothing, they are also adding an extensive line of furniture, which will turn their business into that of home-outfitter, to the last letter. Their new line will be kept up-to-the-minute and complete; this a service to the public and especially the North End shoppers, which will be appreciated.

A large staff will be required to handle the new store and the expected increase in business; an extensive programme of economical merchandising is being tried out, the basic principle of which is: Smaller profits, quicker turnover.

The site of the new store is identical with that of the other store, the change in numbering being in accordance with the by-laws regarding the numbering of all business accurately.

Further and more definite announcement is expected shortly.

A new agreement with the miners of the United States will become effective on April 1, giving them a twenty-seven per cent. increase.

## HOSPITALS ARE WORTH WHILE

**Dr. White Heard by Rotary Club in Instructive Address.**

A good hospital is one of the best life insurance or accident insurance policies you have, said Dr. W. W. White, in an address on surgery before the members of the Rotary Club after their supper in Bond's last evening. In an address of intense interest and one in which a serious subject was brightened at times by touches of wit and humor, Dr. White referred to the development of surgery, told of some of its traditions and dwell particularly upon the place it now holds in the life of civilized people. Remarkable incidents that, like the character of David Copperfield, whose conversation always led to some reference to head of King Charles, anything he had to say always seemed to end in reference to hospital problems, he told briefly but convincingly of the need for the best possible provision for the needs of the local hospital. J. King Kelley, K.C., president and introduced the speaker.

During the evening three new members, Thomas Macaulay, John Kimball and Charles Baillie, were introduced. Several naval cadets from the steamer Somerset were guests of the club and Captain Mulachy thanked the club for the hospitality extended to them.

G. A. Margets secured a dozen volunteers for the trip to Charlottetown and almost as many for a tournament bowling team.

A. E. Everett drew the attention of the members to the plans for the convention at Atlantic City next month.

**CHURCH SENDING OUT & O. S.**  
London, March 29.—The church has fallen on evil days and many parishes are sending out the S. O. S., Rev. J. Oatmeal-Robinson, vicar of Bedford Park, declared. "The idea of a cheap church, cheap vicar, cheap curate, cheap music master, cheap vergers in the midst of extravagant riches is one of the reasons why we are so poor and have to fall back on pious ancestors for our upkeep."

## KING FEISAL ON CONDITIONS

**Tells Why He Adopted Course and Speaks of Relations With Allies.**

Paris, March 30.—Prince Feisal, who has given an interview to the correspondent of the Petit Parisien, in which he explains why he was prompted to accept the crown. He declared that the hesitations of the Entente in its policy toward the Asia Minor settlement were responsible for his action.

He said that decisions taken one day were changed the next, and this uncertainty on the part of the Allied powers led him to accept the crown without any further waiting.

"The policy of one day giving Palestine to the Jews, the next day granting it to Great Britain, then offering France a mandate over Syria, obscurely defined and which might any day be transformed into a protectorate without the wishes of the Syrian people, led me to act at once," said Prince Feisal.

Concerning the possible refusal of the Allies to recognize either the independence of Syria or his own position in the situation the Prince had this to say:—"I refuse to consider such a hypothesis. If, however, it should occur, neither my people nor the enemies of my people, nor myself, should be held responsible for the consequences. We do not wish to be enemies of the Allies, but friends with them. However, this is possible only under certain conditions."

## COUNCIL PASSES THE PAVING BILL

A special meeting of the common council was held in the city hall yesterday afternoon when the much-discussed paving bill was up for another review. Minor changes were made in certain sections and the bill was finally passed and ordered printed.

Mr. Thornton again brought to the committee the need for new automatic scales and an overhead track system of conveying mail in the city market. The building, he said, would be cleaned and renovated this spring and new scales would be installed but while this work was underway it would be also wise to install the overhead track system. The cost of the work, track and scales would be around \$1,000.

The matter, on motion, was left to Commissioner Thornton with power to act.

A horse, part of the equipment of No. 1 Fire Station, which has been incapacitated for the last few weeks, was, on motion of Mr. Thornton, sold to Thomas Hayes for \$175.

With regard to the condition of No. 1 wharf, West End, Commissioner Bullock reported that a diver would be employed to look at the base of the structure and would make a recommendation to the city engineer on his findings. Tobias & Ferris asked for an additional \$800 on their contract for excavation for the water department in King Square last year. The amount is made up by the difference between \$10 per cubic yard paid and \$150 now asked. Commissioner Jones is to report today.

## SKY WILL LOOK LIKE GAY WHITE WAY, IS PREDICTION.

Chicago, March 29.—"In twenty years the sky in New York will look like Broadway and 42nd street." Frederic Handley Page of the English airplane industry, said when asked if there would be air jitneys in the future. "It isn't even a future," he explained. "It's just development, not theory. We have a line running regularly between London and Paris. Have carried 4,000 passengers without an accident. As the industry standardizes there's no reason why there shouldn't be lines here, there and everywhere."

Reports of much good work done were given yesterday at a meeting of St. Monica's Society in the Knights of Columbus rooms, Coburg street, Mrs. D. P. Chisholm in the chair. The secretary, Mrs. D. C. Dearborn, was instructed to write Hon. Dr. Roberts to the effect that the society had registered itself in favor of mothers' pensions. Mrs. John Owens reported for the Immigration committee, Mrs. A. J. Mulachy for the visiting committee to hospitals, and Mrs. W. E. Scully for the good works committee.

## MARY PICKFORD SCORES TRIUMPH

**Seen in New Picture, "How Could You, Jean?" at the Unique.**

Appearing in a role no less fascinating than any of her previous portrayals, the inimitable Mary Pickford was seen in one of her Artcraft photoplays, "How Could You, Jean?" at the Unique yesterday. Both pictures and star demonstrated their popularity with emphasis and Miss Pickford was able to add another artistic characterization to her famous gallery of picture portrayals. This is an excellent photoplay based upon the story of the same name by Eleanor Hoyt Brainerd which was published serially in the Saturday Evening Post. Two other good reels were shown and proved to be very interesting.

## Yesterday in Parliament

Ottawa, March 30.—Dr. Michel Steeles of South Perth moved a resolution in the commons yesterday urging that steps be taken to educate all aliens to higher standards of Canadian citizenship. It was adopted.

William Duff of Lunenburg urged that the government and marine department develop Canadian fisheries to the greatest possible extent. The debate was adjourned by Colonel Peck.

Hon. Mr. Rowell tabled copies of draft conventions and recommendations adopted at the international labor conference, Washington; also orders-in-council ratifying treaties of peace with Serb-Croat-Slovene and other minorities.

### Laying Contest Reports

The Dominion Experimental Farms are conducting laying contests at six of their branch farms in the various provinces as well as at the Central experimental Farm, Ottawa. The contest at this province have entered eight pens in the contest at the Experimental Farm, Nappan, N. S.

(Contest began Nov. 1, 1919, and run for 82 weeks. At the end of the twelfth week (last Monday) shows New Brunswick pens occupying the first five places, also eighth, ninth and thirteenth for the total eggs laid to that date. For the week's production only the eight New Brunswick pens occupied the first five places, but that one other pen tied with one from New Brunswick for third place.

All except one pen of the New Brunswick strains imported by the poultry division of the department of agriculture. Their record indicates that they are equal to stock of the other provinces in winter egg production. There is no longer need of sending to the upper provinces for high egg producing stock.

A. C. McCULLOUGH, Poultry Superintendent.

A report of New Brunswick's record in the laying contest has been published in the March issue of the American Poultry Advocate, Syracuse, N. Y., one of the best poultry papers in the world. In view of the fact that seldom, if ever, are poultry matters of the maritime provinces reported in the big poultry journals across the line, this account is worthy of note.

### TEACHING PRETTY FOLK DANCES TO THE CHILDREN

(Toronto Telegram).

So impressed was A. H. Phinmore with the folk dancing competition of the city playgrounds, under the direction of Mr. Armstrong, in the Royal Templars' Hall last night, that he has promised a contest for the leading class next year.

The exhibition was a most creditable one. Thirteen centres competed, and that number of times you watched groups of eight girls dance the "Irish Lilt" until the system crept into you and try to do it. The "moss" went to East Riverdale. Oiler centre came second, and Carlton Park third.

Miss Pearl Oulier from Roden, made the bonny Highland dancer, and three other clever girls who gave solid stuff were Leona Hall, as Bos-Pep, from Cormack centre, while quite a number of them were from the Mollie Stein, in a doll's dance. She came from Oiler centre. Then there was a group of six girls from the Oiler centre, from Leslie Grove dancers. Elizabeth centre gave a bright Italian dance, a little to the west of the centre, with gay balloons, waltzed to "Bubbles" quite professionally.

Moss Park girls gave a sword dance, and playground dances, "Black Nag" and "Hark, Hark, the Dogs Do Bark" were given by Lansdowne and O'Neill. A case, N. Y., one of the best of the fact that seldom, if ever, are poultry matters of the maritime provinces reported in the big poultry journals across the line, this account is worthy of note.

Bad boys' danced by Mabel Ferris, Executive.

Mr. Hamilton assured both parents and children that the city council had the interest of Toronto's children at heart.

### THE PAISLEY SHAWL

The story of the Paisley shawl—a specimen has just been presented to Lady Bonham-Carter—forms one of the shortest and most romantic chapters in the modern history of the beautiful things we wear.

No Paisley shawl has been woven since 1845, and none is likely ever to leave the looms again. The shawl had its origin in the ambition of the Paisley weavers to produce on the loom the amazingly elaborate patterns, wrought by the needle of the Cashmere shawls that were sent home from the east by Scottish officers and traders to their women-folk.

The Paisley weavers were notable craftsmen, and they produced a shawl which excelled its prototype in beauty of design and richness of color. Their success was the reward of patience, skill, taste, and a delicacy of touch which, even if they have probably never been equaled before or since in the weaving craft. A common price for one of these shawls in the days when they were rarely made was 200, and they were worn by women of all classes in Scotland except the very poor. Then fashion decreed that the Paisley shawl should no longer be the mode, and its fate was sealed.

Queen Victoria gave the dying industry a new but brief lease of life when she bought seventeen of the famous shawls and wore one at the baptism of the prince who was to become King Edward.

### COUNTY LOCAL HOUSING BOARD

We are prepared to receive applications for loans on houses now in course of erection or contemplated by private parties in the County of St. John, by applying to P. O. Box 656, or to Thomas K. Sweeney, Secretary-Treasurer, 109 Prince William Street, City.

#### MISSIONARY LAWYERS

(Toronto Globe.) The term "Missions" is impossible and even absurd to many, and yet it indicates an entirely novel and valuable method of philanthropic effort in the United States. Here is an illustration of what is meant:

"In Gary, Indiana, a Persian workman entered the office of a lawyer and said that a former neighbor in Persia owed him quite a sum of money and would not pay it, and ended the narration of his tale by asking the attorney: 'Can you make him pay?' The attorney looked wise and dignified, asked some questions, then rendered his decision.

### A Well-known Man

Dr. Pierce of Buffalo, N. Y., the celebrated physician, known throughout the entire civilized universe because of his many years of successful medical practice, once said: "At this time of year most people suffer from what we term 'spring fever' because of a stagnant condition of the blood, because of the toxins (poisons) stored up within the body during the long winter. We eat too much meat, with little or no green vegetables."

Bloodless people, thin, anemic people, those with pale cheeks and lips, who have a poor appetite and feel that tired, worn or feverish condition in the springtime of the year, should try the refreshing tonic powers of a good alternative and blood purifier. Such a tonic as Dr. Pierce's Golden Medical Discovery, is a standard remedy that can be obtained in tablet or liquid form. Made without alcohol from wild roots and bark. If your druggist does not have the tablets send 10 cents for trial package to Doctor Pierce's Invalids' Hotel, Buffalo, N. Y., or branch in Bridgeburg, Ontario.

KITCHENER, ONT.—"I have used Dr. Pierce's medicines and found them to give perfect satisfaction. The doctor said I had no blood, my heart got very weak. I finally quit the doctor and began taking Dr. Pierce's Golden Medical Discovery and Dr. Pierce's Favorite Prescription. When I had taken about five bottles, I commenced to notice a marked improvement, and eventually I was all right, could do my own work. I really think these remedies saved my life as I was in very bad condition. I have used 'Pleasant Pellets' in my home for several years and found them good."—MRS. HENRY HARBER, 91 Victoria St.

At Mealtime, Means Good Appetite, Good Digestion, Good Cheer and Stuart's Dyspepsia Tablets.

Do You Use Them? If Not, Why?

To sit back after a good meal and indicate one or more who plainly look as though they are not going to be sour risings, gas, drowsiness and discomfort is the logical result of using Stuart's Dyspepsia Tablets immediately after eating. Most people believe they can trace each attack of indigestion to the something they ate and can still "taste" it. And it surprises them, invariably, to note how quickly relief comes after using one or two of these tablets. Whether it is highly seasoned food, rich pastry, the heavy hearty foods or some one particular offender, the relief comes just the same. Those who are susceptible to attacks of indigestion or dyspepsia should try Stuart's Dyspepsia Tablets as they supply the stomach with an alkaline effect just as it does naturally when it is working in a perfectly healthy condition. A glance around the table will likely settle down to good behavior.

### PRISON FARM FOR WHOLE PROVINCE

County Councillors and Judge Wallace Urge N. S. Government to Establish Such an Institution.

(Halifax Echo.)

A committee representing the municipal council of the county of Halifax yesterday morning and strongly urged the advisability of establishing a prison farm for the whole province, so that many offenders now in county jails for minor offences would have some employment and a chance to reform. Warden Madill headed the delegation, and he was accompanied by Deputy Warden Fleming, ex-Warden Smith, and Councillors Brenton, Bowers and Hayes. At the request of the councillors, the judge of the county court joined the delegation and spoke in support of the movement.

Judge Wallace said that the evils of the present system were not confined to Halifax, but existed in certain other counties in Nova Scotia. The county jail system was the least effective, and in the long run, the most expensive method of dealing with offenders, and he hoped that the provincial government would co-operate with the municipal councils of the province and the city councils so as to get rid of the stupid anomaly of sending persons to a jail to prevent crime, and yet by treatment of them in jail making permanent criminals of many of them. The boy who was sent to the county jail was brought in close contact with vicious criminals and thus was apt to graduate a real criminal from this finishing school of crime.

The judge recognized that the government had many other difficult problems to deal with, and great demands upon their finances, but he believed that if a prison farm were established it could be so managed as to be, in part, self-supporting. He knew that he was expressing the views of the municipal council of Halifax county when he stated that that municipality would be willing to bear a fair share of the financial burden. He referred to the excellent reform accomplished in Ontario since the adoption of the county jail system of enforced idleness, as the "one black spot" in the administration of justice in Nova Scotia.

Hon. Attorney-General Daniels said that it was much easier to operate a prison farm system in Ontario than in Nova Scotia. The prison farm was near the city of Toronto, and a large number of offenders from the city of Toronto could be sent there at very little cost of transportation. While he admitted that some reform seemed to be necessary to meet conditions in Halifax and in some other counties with towns having a large industrial population, there was no need of such an institution as a prison farm so far as some other counties were concerned.

Hon. Mr. Armstrong stated that it has been suggested by some persons who favored the project of a prison farm that the cost of maintenance might be undertaken on a plan similar to the cost of such an institution as a prison farm so far as some other counties were concerned.

Ex-Warden Smith strongly advocated the establishment of a prison farm for the whole province, and declared that the county of Halifax would support some

KIDNAPPED BY PROHIBITION AGENTS OF U. S.

Sensational Story Comes From British Bahamas

Baltimore, Md., March 30.—The story of the alleged kidnapping of Charles Vincent, president of the Triaca Company, by United States prohibition agents, at one of the islands of the British Bahamas, was told yesterday by Vincent's lawyers.

He was brought here on a charge of conspiring to violate the "dry" law. His clothes were torn to shreds and he had a bad cut on his scalp which, it is alleged, the prohibition sleuths inflicted when they "shanghaied him" from the British island.
