wiped their sweaty brows and stepped down, the uneasy Committee has ceased to shudder at its own inquiries, the inculpated members have stopped short in the middle of their last crookedness, Congress breathes freer than for two months past, and a disgraced people walks backward with averted eyes and hidesits shame. From the first it has been a tangled maze of inconsistencies, contradictions, untruths, perjuries. Let us gather up the long of the l truths, perjuries. Let us gather up the ends from all this snarl of testimony and see, if possible, just where we stand. For the Committee has finished its work and the Committee has finished its work and made its report, and a resolution pends containing the conclusion of its labors. It is a resolution which illustrates at once the feebleness of the inquiry and the tremendous force of the political organization that controlled and urected—yes, and emasculated it. It is a fitting resolution; a very proper issue of an inquiry that had but one object, to wit, to complement the Presidential campaign of 1872 with a verification and indorsement of the methods by which it was carried.

We have received from Wm. Johnston, M. P., of Belfast, Ireland, a copy of a printed lecture, delivered recently by him, and entitled "Days in the Dominion." Mr. Johnston speaks in the kindlion." Celebrated Dinner Pills

GEN LEMAN from the country informs me that he had "Neuralgia in the head" five years, and was cured by St. John, N. B., July 23, 1849.

Dear Madam,—Injustice to you, and that the afflicted may know the great tenefit derived from the use of your justly Celebrated Dinner Pills, I send you the f. llowing statement:—My wife was afflicted with the Dyspepsia for one year, and I lies many years, and tried various remedies that were recommended, but nothing did good untill a friend told her to try your Pills, which she did, and after twing one box fourd so much relief that she continued to take them for four months, and now she is really in as good health as she ever was. And for myself, I had a cough for four years, and constant pain in my breast: I was also troubled with hemorrhage for unwards of nire months. I tried almost everything, but no curse was effected, until I used your Pills, which I have been taking for three months, and I have neither pain nor cough, and enjoy as good health as ever I did, and allow me with due respect to remain Yours, very thankfully,
