What is

Castoria is Dr. Samuel Pitcher's prescription for Infants

and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregorie, Dreps, Soothing Syrups, and Castor Cil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays fererishness. Castoria prevents vomiting Sour Curd. eures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea-the Mother's Friend. Castoria.

"Castoria is an excellent medicino for chilfren. Methers have repeatedly told me of its eod effect upon their children."

Loweii, Mass. "Casteria is the best remedy for children of high I am acquainted. I hope the day is not ad of the various quack nostrums which are stroving their loved ones, by forcing opium, robine, soothing syrup and other hurtful s down their throats, thereby sending Da. J. F. KINCHELOE,

ence in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with

shells.

In the hatching apartment were press Mr. Cleveland, and the much 8-sch. Azof, 37, Trentoln., Pictou, bal, thousands of seed lobsters lazily moving along or quietly feeding. Each one of these labeters produces, it is estimated, 25,000 eggs. All these eggs hatch and all, or nearly all, the young lobsters float out to the lay through he openings in the bar that admits the water. The young fish at this time ave escaped the danger period atteniing their early youth, when it is claimed millions of their kind are devenred by other fish; so the pond, aside from its other uses, must prove a valuable stock natchery for the entire bay. Some idea of the extent of its value in this line may be had when it is known that out of the stock of 30,000 lobsters last year

are discernible, and continue, for a long time after hatching, his most distinguishing feature. The term of racubation from the appearance of the spawn under the abdomen to the time of hatching, is months a large number of young lobsters. 31-sehs. Lorne, Societ, Caraquet, gen., W. natives of the pond, were found to be Loggie; Wm. Sinclair, Pacquet, Shippegan, five inches long. Mr. Harris presented

neasuring six inches, also a native.

no exceptional diiturbance in the financial or industrial situation. The only explanation of the stability of Canadian trade and industry as compared with ours seems to be that Canada has neither forced upon its people a vast mass of to the demands of business; and it has a Portable Boiler protective tariff which is not menaced with any serious modifications in the s

immediate future. [Cleveland Leader, July 25.] Ever since the financial troubles in this country became serious, there has been a striking contrast between the United States and Canada in such matters as business failures and the state of the money market. The frontier has marked a radical division, which cannot be explained on any other grounds than the difference in laws relating to money and commerce. Canada has no advantage in crops or the state of any great industries. There has always been more capital on this side of the border, in proportion to population, and credit and hanking facilities have been better as a rule. Business failures are usually much less numerous in this country, relatively as weil as absolutely, and in all respects the comparison between the Dominion and United States has been to the disadvantage of the latter.

Canada, however, has gone almost unscathed through the trials of the last four months. Business failures have not been remarkably frequent or disastrous, nor has there been any such panic in the money market as this country has experienced. The Canadians have ! felt hardly a touch of the nervous prostration, so to speak, which has been Store on PUBLIC WHARF, general in the business world in the United States. The reason for this difference can be sought only in can-es which may be removed by legislation. Conada has not been buying great quantities of silver bullion to be stored in treasury vaults as a basis for dubious the compulsory bullion purchase the first part of the Silver act of 1890 is he'd whom it may concern:

THE GREAT SOUTH AMERICAN

Stomach Liver Cure

The Most Astonishing Medical Discovery of the Last One Hundred Years. It is Pleasant to the Taste as the Sweetest Nectar. It is Safe and Harmless as the Purest Milk.

This wonderful Nervine Tonic has only recently been introduced into this country by the proprietors and manufacturers of the Great South American Nervine Tonic, and yet its great value as a curative nearly a year I suffered with dyspepsia, agent has long been known by a few of the most learned physicians, indigestion and severe bilious headwho have not brought its merits and value to the knowledge of the aches. I lost flesh and became very

This medicine has completely solved the problem of the cure of indigestion, dyspepsia, and diseases of the general nervous system. It is also of the greatest value in the cure of all forms of failing health from cured me. I gained flesh very fast, and whatever cause. It performs this by the great nervine tonic qualities became hearty and stronger than I had whatever cause. It performs this by the great durative powers upon the digestive ever been, and have never suffered since, organs, the stomach, the liver and the bowels. No remedy compares now over one year. with this wonderfully valuable Nervine Tonic as a builder and strength ener of the life forces of the human body, and as a great renewer of broken-down constitution. It is also of more real permanent value in the treatment and cure of diseases of the lungs than any consumption remedy ever used on this continent. It is a marvelous cure for nerv ousness of females of all ages. Ladies who are approaching the critica period known as change in life, should not fail to use this great Nervino Tonic, almost constantly, for the space of two or three years. It will carry them safely over the danger. This great strengthener and curative is of inestimable value to the aged and infirm, because its great energizing properties will give them a new hold on life. It will add ten or fifteen years to the lives of many of those who will use a half dozen bottles of the remedy each year.

IT IS A GREAT REMEDY FOR THE CURE OF

Nervous Headache Sick Headache. Female Weakness, Nervous Chills, Paralysis, Nervous Paroxysms and Nervous Choking, Hot Flashes, Palpitation of the Heart, Mental Despondency. St. Vitus' Dance, Nervousness of Females, Nervousness of Old Age, Pains in the Heart, Pains in the Back, Failing Health,

Debility of Old Age, Irdigestion and Dyspepsia, Heartburn and Sour Stomach, Weight and Tenderness in Stomach Loss of Appetite. Frightful Dreams. Dizziness and Ringing in the Ears, Weakness of Extremities and Fainting, Impure and Impoverished Blood, Boils and Carbuncles,

Scrofula, Scrofulous Swellings and Ulcers, Consumption of the Lungs, Catarrh of the Lungs, Bronchitis and Chronic Cough, Liver Complaint, Chronic Diarrhea Delicate and Scrofulous Children,

Summer Complaint of Infants. All these and many other complaints cured by this wonderful Nervine Tonic.

NERVOUS DISEASES.

As a cure for every class of Nervous Diseases, no remedy has been able to compare with the Nervine Tonic, which is very pleasant and and effective. Do not gripe, small, easy harmless in all its effects upon the youngest child or the oldest and most to take. Sold everywhere. delicate individual. Nine-tenths of all the ailments to which the human family is heir are dependent on nervous exhaustion and impaired digestion. When there is an insufficient supply of nerve food in the blood, a general state of debility of the brain, spinal marrow, and nerves is the result. Starved nerves, like starved muscles, become strong when the right kind of food is supplied; and a thousand weaknesses and ailments disappear as the nerves recover. As the nervous system must supply all the power by which the vital forces of the body are carried on, it is the first to suffer for want of perfect nutrition. Ordinary food does not contain a sufficient quantity of the kind of nutriment necessary to repair the wear our present mode of living and labor imposes upon the nerves. For this reason it becomes necessary that a nerve food be supplied. This South American Nervine has been found by analysis to contain the essential elements out of which nerve tissue is formed. This accounts for its universal adaptability to the cure of all forms of nervous de-

Tangement.

To the Great South American Medicine Co.:

Dear Gerts:—I desire to say to you that I have suffered for many years with a very serious disease of the stomach and nerves. I tried every medicine I could hear of, but nothing done many appreciable good until I was advised to try your Great South American Nervine Tonic and Stomach and Liver Cure, and since using several bottles of it I must say that I am surpised at its wonderful powers to cure the stomach and general nervous system. If everyone have the value of this remedy as I do you would not be able to supply the demand.

J. A. Harder, Ex-Treas. Montgomery Co.

A CWORDM AUDIT FOR CT MILENSON, of Brownsvalley, Ind., says: "I had been in a distressed condition for three years from Nervousness, Weakness of the Stomach, Dyspepsia, and Indigestion, until my health was gone. I had been doctoring constantly, with no relic! I bought one bottle of South American Nervine, which done me more good than any \$50 worth of doctoring I ever did in my life. I would advise every weakly person to use this valuable and lovely remedy; a few bottles of it has cured me completely. I consider it the grandest medicine in the world."

A SWORN CURE FOR ST. VITAS' DANCE OR CHOKEA. My daughter, eleven years old, was severely afflicted with St. Vitus' Dance or Chorea. We gave her three and one-half bottles of South American Nervine and she is completely restored. I believe it will cure every case of St. Vitus' Dance. I have kept it in my family for two years, and am sure it is the greatest remedy in the world for Indigestion and Dyspepsia, and for all forms of Nervous Disorders and Failing Health, from whatever cause.

State of Indiana,

John T. Mish.

C. C. Richards & Co.

Gents,—I sprained my leg so badly that I had to be driven home in a carriage. I immediately applied MIN-ARD'S LINIMENT freely and in 48 hours could use my leg again as well as ever.

Joshua Wynaught. State of Indiana, Montgomery County, \} ss:

Subscribed and sworn to before me this June 22, 1887. Chas. W. Wright, Notary Publica

INDIGESTION AND DYSPEPSIA.

The Great South American Nervine Tonic Which we now offer you, is the only absolutely unfailing remedy ever discovered for the cure of Indigestion, Dyspepsia, and the vast train of symptoms and horrors which are the result of disease and debility of the human stomach. No person can afford to pass by this jewel of incal culable value who is affected by disease of the stomach, because the ex perience and testimony of many go to prove that this is the one and only one great cure in the world for this universal destroyer. There on the following the storing of the is no case of unmalignant disease of the stomach which can resist the

DOES POULTRY PAY. Mrs. Geo. Regers in The Practical omething that a mother might as Farmer gives the following concise Yes, poultry pays. We keep two means generally rue it with anguish of soul in the end.

'I never knew a boy who was fond of a garden,' said a wise man who had brought up many boys.

These who try to do it by easy less, pound pays. We keep two separate flocks, an even number of Wyandottes and Brown Leghorns. We have no mongrei lot, but flocks careful y selected of pure bloods. I have found it best to keep hens from who had brought up many boys, one to three years old. This winter to go far astray. There seems to the Wyandottes have laid the most Boots and Shoes, including long be something about working in the eggs (bringing us from 25 to 28 boots and other goods, all of soil and loving its products that cents per dozen), but taking the does the boys good morally as well whole year into consideration the which I will sell at reduced prices as physically. And honest Jan Brown Leghorns lay the largest to clear. Ridd says, 'The more a man can number. We keep the Leghorns, ing his arms around Nature's because we think them the bes neck, the more he can lie upon her layers, and the Wyandottes for bosom like an infant, the more that man shall earn the trust and love of his fellow men.' Again he says, 'There is nothing better

The way we make them pay is by fitted to take hot tempers out of and meal in equal parts and table

itted to take hot tempers out of taking good care of them, and seeing us than to go gardening boldly in the spring of the year. And every one who has tried this can consisting of wheatbran, middlings A certain little boy, who left a ccraps mixed through the mash.-A certain little boy, who left a garden at home to take a trip with some friends, wrote home to his mother, 'I am having a splendid time, but I wish every morning that I was sitting on my little green cricket in the back yard, watching my plants grow.' The see that they have fresh water every water every morning that I was sitting on my little green cricket in the back yard, watching my plants grow.' The watching my plants grow.' The see that they have fresh water every little boy always thought that morning also a pan of milk and keep ome time if he watched closely the drinking vessels clear. A box enough, he should see a flower of road dirt is kept for dust bath. open, but, beyond a few four- Our hen house is warm, sloping to o'clocks, he has never witnessed the South and well lined with build this ever-recurring but magically ing paper. The perches are built movable, so that they can be taken down often and washed with kero-

> OUT OF THE frving pan Has come not a little knowledge as to cook ery—what to do, as well as what not to do. Thus we have learned to use COTTOLENE, the most pure and perfeet and popular cook ing material for all frying

and shortening purposes PROGRESSIVE COURING is the natural outcom of the age, and it teaches us not to use lard, but rath-

er the new shortening UU I I ULENE, which is far cleaner, and more digestible than any lard can be. The success of Cottoie hase alled out worth les iminions under " me wes. Look out diesel Ask your
