The principle upon which Putnam's Painless Conn Extractor acts is entirely new. It dose not sink deep into the flesh, thereby producing soreness, but acts directly upon the external covering of the corn, separates it from the under layer-removes the direct pressure from the part and at once effects a radical cure, without any pain or discomfort. Let those who are suffering from corns, yet skeptical of treatment, try it, and by the completeness of the cure they will be ready to recommen Putnam's Painless Corn Extractor to others.
