BRITISH AND AMERICAN VIEWS HARMONIZE ON FIRST OF VITAL ISSUES BEFORE THE CONFERENCE BACK TO LIQUOR

Delegates of Two Great Nations Are Agreed On Principles of So Declares Dr. J. A. Mac-World League-Problem Now Is, What Will the Bolshevists Do With Allied Offer.

Paris, Jan. 23.—The solution to the of nations is essentially identical with Russian problem proposed by the that which American experts formusupreme council of the peace congress lated after close study of every promise considered here as the first visible ising available plan among the two manifestation and realization of American experts. is considered here as the first visible manifestation and realization of American and British accord on great issues before the peace congress. This accord was pledged in speeches and in private expressions in England by both president Wilson and Premier Lloyd George. It is understood that inasmuch as the surpreme council has accepted the American plan for the settlement of the Russian question, the British plan may form the foundation of the structure which the peace congress may erect to house the league of nations. Yet it is pointed out by observers here that this is a mere exchange of courtesy. The join for settling the Russian question is very identical with that which Premier Lloyd George suggested in his note to Stephen Pichon, French foreign minister, on January 5.

Will Bolshevists Agree.

It is understood though no official statement was silent on the plan, which averts the summer by the supreme council in the Russian proposition is that in event of its rejection by the Bolshevists, public opinion may be expected to support.

A strong point of the position as med by the supreme council in the Russian proposition is that in event of content of the position as many measures necessarily must comply with the offer cannot afford to go back one step from her present high position.

Parls, Jan. 23.-Having disposed of the Russian question for the mothe supreme council of the peace congress turned today to the principal object of its work, the establishment of a league of nations. This question promises to command virtually the undivided attention of the delegates until their action regarding Russia shows results one way or another. As the Russian delegates are not expected at Prince's Island until February 15, this means that nearly the whole of the congress will be turned to the league of nations until President Wilson's departure for America.

Out of the Russian negotiations, it is hoped that some unanim

ment will be reached that will bring representatives of that country into further sessions at Paris. Delegates of all the associated governments have expressed he opinion that a secure peace can hardly be considered to have been made while Russia remains on fire. It is regarded as quite significant in circles surrounding the peace congres Gen. Sir George Milne Gives that it should be announced that the first plan for a league of nations to be considered comes from Premier Lloyd George of Great Britain,

Be careful, therefore, in using it, because the sooner the supply is exhausted the earlier will you have to pay higher prices for artificial gas and other fuels. Freed from Chronic Pains

To those who are afflicted with the agonies of a chronic aching back, loss of strength, weight and vigor, the case of Mr. P. Herbert of Plesseville will appeal with special significance.
Mr. Herbert had suffered with Kidney trouble for years and failed to find a prescription that would give him any relief. Finally he tried Gin Pills be-

cause he was impressed by the fact that Gin Pills contained the beneficial ingredient of Juniper without any Alcohol being added. Note these extracts from his letter: "I suffered from Kidney trouble for several years, and tried numerous remedies without finding any

permanent relief. My case appeared chronic. I knew that Juniper without alcohol was excellent for the Kidneys, so decided to try Gin Pills. One single pill gave me great relief, and since taking four boxes, I find myself completely cured. I am no longer bad-tempered, have increased in weight, and am strong and vigorous again."
Here is another case. Mrs. M. E.

Gardner, of Richmond, Que., writes: "My husband was taken with severe kidney trouble last winter, and could not work for some time. He heard of Gin Pills, and after taking one box was able to resume his work. Two boxes relieved the pain in his back, and to-day he is well and strong again." Gin Piles help others-surely they

will do the same for you. Try them. 50c a box everywhere. The National Drug & Chemical Co. of Canada, Limited, Toronto, Ontario. U.S. residenta should address Na-Dru-Co., Inc., 202 Main St., Buffalo, N.Y. 185

A Simple Way To Remove Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dis-

solve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred

times better.-Advt.

'Flu" Is Killing Off Moose Declare Northern Woodsmen

FORT WILLIAM, Jan. 22. — That moose are dying in the woods from the Spanish influenza is the assertion of men who have been engaged in bush work and travel lately. One man ran across the bodies of two moose lying not far from one another, neither of which showed any sign of wounds or external injuries, while another bushman came up to a bull moose which was hardly able to moove from exhaustion, gave every sign of being almost in a state of collapse from some disease, and which was bleeding at the nose. So sick was the animal that it was unable to run away from the man. The men in this district express fear regarding the game resources of the Thunder Bay district.

TORONTO. Jan. 22.—Announcement was made today by Sir William Hearst that the Legislature is to be called for Tuesday, February 25. This decision was arrived at today at a meeting of the cabinet. The necessary notices will be sent to the members at once.

Up until a day or two ago it had been generally expected the House would get down to business a week earlier, February 18. At the coming session legislation will have to be introduced by the Government to provide for the land settlement scheme for soldiers, which is being worked out jointly with the Federal Government. The delay in opening the House is due to the Government's desire that the Ottawa measures be definitely in shape before calling the Legislature. Otherwise the business to come before the House is in good shape, the premier said.

Bringing Our Soldiers' Dependents to Canada

IN England, there is a colony of Canadian women who went overseas in I order to be near their husbands. There are also in England and France many women who married Canadian soldiers and have never seen Canada.

It is one of the duties that Canada has incurred through the war to bring back these dependents of our soldiers with all speed, and to help establish their home life.

Up till the time the Armistice was signed, some 22,000 women and children were returned. There still remain about 50,000 to be brought back.

These 50,000 soldiers' dependents will be returned to Canada at the public expense. Those who have already arrived in Canada since November 11th, 1918, will have their ocean and railway fare'

refunded by the Government. The facilities for transporting soldiers and their dependents are limited to about 30,000 monthly. Therefore, women and children will be returned to Canada' at the rate of about 5,000 to 7,000 each month. Many of the women will be accompanied by their husbands. On every boat carrying 200 or more unaccompanied women there is a Y.W.C.A. secretary.

At the Ports.

To these 50,000 returning women and children every care is being given. Until they reach the shores of Canada they are in charge of the Overseas Militia Department.

At HALIFAX they are welcomed by the Women's Reception Committee, composed of women who have been engaged in war activities. This committee has been organized for nearly two years and has been doing splendid work.

At ST. JOHN there is also a committee representing all the organizations interested. This committee, although more recently formed, is giving excellent service. The National Y.W.C.A. has assigned two secretaries for work at this port.

On each of these Committees there is a trained nurse to give necessary attendance. At the ports the organizations meet every boat. Locate the women's lug-

gage. Take charge of the babies. Bring the women to a cosy rest room. Here cots and baths are provided for the children. Hot lunch can be secured. Overnight accommodation is arranged.

Women who are too sick to proceed on their journey are taken to the local hospitals. Women who are without money receive assistance from the Patriotic Fund; are provided with lunch baskets and money to buy meals on the

These organizations also secure the railroad tickets for the women, get their money changed, give them such information as they need. In The workers accompany the women to the train.

The Repatriation Committee have a nurse, trained in social work, lent by the Victorian Order of Nurses to act as the committee's representative at each port.

On each train carrying unaccompanied women and children there is a Red Cross nurse, experienced in social service who has been enrolled by the Canadian Asso-

The main function of this nation-wide organization is to care for soldiers' dependents. It is therefore fitting that they should be responsible for arrangements for all the returning women and

Many other well-known organizations have been doing admirable work-meeting trains, providing rest-rooms, canteens and hostels and generally caring for the women and children. It is important that these organizations continue this work and co-operate as closely as possible with the Patriotic Fund.

The following letter received by one f the Red Cross workers in London from Pte. Lionel J. ST. THOMAS, Jan. 22.—There is little doubt but that this city has advanced more rapidly than any other of its size in bowling circles, and had it not been for the conditions brought on by the war it would in all likelihood have been still farther ahead. This does not apply only to the younger generation, but it is also applicable to the businessman; in fact, bowling has become a very important game in the city. In view of this a Class A. League of city bowlers was inaugurated a short time ago, and although no definite arrangements have been made it is understood that in the very near future an inter-city pin league will be made with the London pin smashers. In addition to this one local team has been chosen to visit Toronto, and it is possible that at least one or more will be added to this to enter the large tournament to be staged there in a short time. Further announcement is expected by tomorrow (Thursday) night when a meeting of the bowlers will be held.

Inspections governing war service gratuity have become, in the last few days, one of the livest copies of conversation in both men' and officers in the city. The sesse of the fact is that men who have seen long service overseas and who will be entitled on discharge to the maximum gratuity, are the most vigorous champions of the cause of the men who only reached England or who, entirely on statements current that corn prices against their own wishes, were retained for duty in Canada.

One returned man, discussing the matter today, referred especially to the case of his chum, who accompanied him as a member of the same battalion to England, but who, on arrival there, was so relegated to a job—the pay and records office in Londom-where he remained until he was taken ill, invalided to Canada and discharged prior to November 11 last, thus losing all claim to gratuity under the new order.
