Mrs. Mellady Uses Henry Darr and a Search Warrant to Find Her Missing Goods

Louisa Jane Turner, Nelson Turner, James Turner and James Appleton were the quartet of prisoners who appeared before Judge Houston yesterday afternoon on a charge of theft.

As was reported in yesterday's Planet, Miss Mellady, a lady residing near the second concession, on St. Clair street, has been missing some goods from her home lately and she suspected some of her neighbors of stealing them. Armed with a search warrant and Policeman Henry Darr yesterday she made a search of the Turner residence and found a number of rags which she claimed belonged to her. Darr confiscated the goods and took them to the Police Station. The "goods" looked more like patches for a crazy quilt than anything else.

The Turners claimed the rags were not stolen, and told where they bought every piece, so the case was brought to allow Miss Mellady to procure more evidence.

Mr. Darr found in Miss Mellady's own home innumerable patches of dress goods. She is evidently a collector of patches.

PLEASANT EVENING

Members of the Park St. Epworth League Entertained Last Evening With an Address and Program of Music

A very happy gathering enjoyed a pleasant and profitable time last evening in the Park street Methodist Sunday school hall. This was the regular Monday evening meeting of the Park street Epworth League. James Mackness presided over the evening's entertainment.

The meeting was opened by prayer, which was offered by Miss Maggs, Rev. Mr. Rutledge and Miss Martin. After this Rev. Mr. Malott, of the Victoria Avenue League, gave a lengthy but very interesting and instructive talk on the missions in the Northwest. The principal theme of his speech was "How to Christianize the Northwest and make good Canadians of the emigrants who are daily thronging that country." He said the way to accomplish this is by education and by sending out missionaries. We should give them every support. The harvest truly is great but the laborers are few.

Next in order came a short intermission, which gave all present sufficient time to get acquainted. Then order was called and the gathering was most pleasantly entertained by members of the League, who took part in a very appropriate program, which was as follows:

Solo—Miss Duffy.
Recitation—Miss Flo Dunlop.
Solo—Grace Gammage.

After the program President Young made a few announcements and the meeting was dismissed.

ROPED IN

A man who pretended to be intoxicated was selling watches on the streets Saturday at what he called a low figure. People who thought they were getting a good article at a reduced price quickly bit, but upon examining the watches it was learned that they were inferior goods and not even worth the small prices they paid for them.

So long as one is satisfied with one's self life has a roseate hue.

A POPULAR MAN

Sam A. McCornock Was Presented With a P. D. O. G. M. Jewel by his Brother Oddfellows

At the regular meeting of Western City Lodge, No. 93, I. O. O. F., held last evening, S. A. McCornock, one of the best known Oddfellows in the city, was presented with a Past D. G. M. Jewel and an appropriately worded address. Mr. McCornock is one of the most enthusiastic and popular Oddfellows in the city. He was taken completely by surprise but responded in a fitting manner.

The address was read by Neil Gibson and the presentation was made by John Taylor. The following is the address:

Chatham, Ont., Nov. 20, 1905.
Dear Sir and Brother,—In the year of 1877, on the 20th day of September, you were initiated and made acquainted with the origination and work of the Independent Order of Oddfellowship, and have held a continuous membership in the Order since that date.

Since your initiation into the Order under the old five degrees, at that time and at the present only the three degrees you have seen a vast number of changes. You were progressive in all of the work and advanced step by step. On January 2nd, 1878, you held the office of R. S. N. G., and in July of the same year you were appointed as conductor.

We find that you were always punctual and ready at all times to lend your assistance in the interest of the Order.

In the year 1888, on January 2nd, you were elected to the office of V. G., and in July of the same year you were elected to the N. G. chair, which you filled faithfully and well.

It would fill a large book to enumerate all the different offices you have filled to the credit of yourself and the members of your Lodge; but as treasurer and trustee we cannot pass over. But now we come to the crowning one of all.

You were chosen as the D. D. G. M. of District No. 2, and in this office you showed your ability as an officer most creditably to yourself and the whole District, and to you belongs the honor of instituting Coronation Lodge at Tilbury, for which the Order will always hold you in remembrance.

And for such services we have been appointed by your Lodge, and it is our greatest pleasure, to present you with this jewel as a token of honor and distinction, and may you long live to wear this emblem.

FIELD TRIALS

Birds Found in Good Numbers and Weather Favorable For the Events

Ruthven, Ont., Nov. 20.—The seventeenth annual trials of the International Club began here to-day with the members' stake. Six dogs started and were drawn to run as follows: Selkirk Druid, owned by W. B. Wells, Chatham, against Queen, owned by Geo. M. Hendrie, Detroit; Rose Bonheur, owned by Dr. Campeau, Harrow, against Selkirk Cynthia, owned by W. B. Wells; Selkirk Amie, owned by W. B. Wells, against Boy, owned by A. J. Smith, Detroit.

Birds were found in good numbers and the weather was favorable. The best work was done by Mr. Hendrie's Queen and Dr. Campeau's Rose Bonheur. These two were selected for first and second prizes and will be run a heat in the morning to decide.

The judges were Mr. Geo. B. Merritt, of Chatham, and Antoine Pilon, of Voreker.

The Derby will be started to-morrow morning.

Toronto's Population.

Toronto, Nov. 21.—Toronto's population, as determined by the result of the police census, taken Oct. 29 and announced yesterday is 262,749, an increase over and above the showing on the census taken by the police in 1901 of 41,166.

Must Grow Moustaches.

Kingston, Nov. 21.—The latest order at the Royal Military College is that the cadets must grow moustaches. The reason assigned is not given, but it is said it is desired to give an older appearance to the cadets than their years suggest.

\$20 FINE

Heavy Assessment Imposed on Robt. Steen for Assault Upon C. W. Haviland

Twenty dollars and costs, in all \$44.07, or two months in jail, is the material consideration Robert Steen will pay for his assault upon C. W. Haviland, of Chatham Tp. Such was the verdict of Judge Houston at County Court yesterday in this long-drawn-out case.

W. F. Smith, for the defendant, made a strong plea in his behalf and appealed for an acquittal.

O. L. Lewis said that Mr. Haviland was not prompted by a desire for vengeance, but asked the court for such a judgment as should make the defendant understand that the public have confidence that a man is protected in doing right.

Judge Houston gave judgment. He found Steen to have been a trespasser, that he was not placing the ditch upon the proper route indicated by the engineer, that he provoked the trouble and committed the assault. He accordingly levied the fine indicated.

NABBED LO

Poor Indian Will Spend Christmas in Jail for Seeking to Protect White Man

'Twas ever thus—the innocent suffer for the guilty—and the tall and stoical red man, who sought, not wisely but too well, to shield his better educated white confederates, goes hence to celebrate his Yuletide behind prison bars, while the "unknowns" who supplied him with the filthy-smelling concoction he called whiskey, escape the penalty they so well merit.

The Indian demurred when the fussy little constable from Bothwell—Samuel Marcus by name—sought to shackle both hands and arms.

"I'll go with you," he murmured. "I ain't stole anything."

But a walk through the city streets in charge of a tightly-manacled prisoner was too great a temptation for the out of town sleuth, and he had his way.

It may have been pro bono, but it seemed tough—unreasonably tough!

The Indian's predicament arose from the liquor case reported in yesterday's Planet. Constable Marcus charged Randolph Parker with supplying liquor to the red man, David Hill. But Marcus was the only man who saw the alleged transaction.

and he was the informer, who comes in for half the fine. Barrister W. G. Richards, who appeared for the defence, put up a vigorous legal argument on the ground that no conviction could be registered on the uncorroborated evidence of the informer, and secured a reserve case from the court.

But Hill, in the course of his evidence, had admitted giving Pleasant, a brother red man, a drink from his bottle, and upon this a similar charge was laid against him for supplying an Indian. The sharp practice was too much for poor Lo; he had no money to defend himself and pleaded guilty—two months in jail at hard labor being his allotment.

"DOMESTIC DRUDGERY."

Mrs. Russell Sage says there is an immense amount of feminine talent and energy wasted in the world every day, not because of the indifference or laziness of women—for she is eager to do, to accomplish, to get out into the field of life and achieve for herself and her kind—but because she simply does not know how. Mrs. Sage contends in a magazine article, that one of the most important movements of the day is the reawakening of woman, the building her upon a new basis of self-help and work for others.

"It is absurd," she says, "to suggest that women who have a talent for music, or literature, or art, should be enslaved by domestic drudgery, while the struggle for the civilization of the world is going on."

There is a chance that Mrs. Sage is in error. The wife of a multi-millionaire, whose idea of doing good in the world consists chiefly in giving away money that she does not know what else to do with, can hardly be in full sympathy and have a thorough understanding of woman in general.

The average woman is not so anxious about getting out into the world and doing for others as she is about doing, with insufficient means and strength, all that needs to be done for her own family.

"Enslaved by domestic drudgery" has a hard and forbidding sound. But the fact remains that the vast majority of people are so "enslaved," voluntarily and gladly, finding in the manifold domestic duties, upon which the happiness of the home is founded, not only their highest pleasure and profit, but their highest, truest mission.

The woman who does faithfully and cheerfully the duties of her home need not worry about her "mission." She is, at the very source of civilization and human development.

She who makes a happy home—a living spring of honor and right endeavor—does more for the world than she who establishes a great art institute.

She may not see the full result of her work. Like the cloud that is dissipated in rain, like the rain that disappears in the stream and like the stream that is lost in the ocean, she may feel that her mission has been naught; but such are the missions that are worth while, and the good results of which never and while time endures.

 His Highness the Bey—Dec. 11.

(Supplied to The Planet by Press Agents).

A WELL CONSTRUCTED COMEDY.

A play revealing very quaint and heroic characters, derived from actual life in the mines near Wilkes-Barre, condensed in language easy, brilliant and witty, thrilling in strong dramatic climaxes, and scenic sensations as intense as any ever seen in this age of mechanical marvels, such is "Slaves of the Mine." It is the joint production of Daniel L. Hart, of Wilkes-Barre, author of "The Parish Priest," and O. E. Callahan, writer of the well known "Foggy Ferry" and "Good Fellow." "Slaves of the Mine" is bright and crisp in dialogue, and withal has some hair-raising climaxes and startling scenic sensations. One of these depicts the destruction of a coal mine by an explosion. This is wonderfully real. Miners at work with regulation lights on caps, and the introduction of appropriate specialties are features of this scene. "Slaves of the Mine" will be seen at the Grand next Saturday night. Prices 25, 35 and 50 cents.

The price is 25c per bottle, and all dealers in medicine sell.

HIGHER EDUCATION

Important Meeting Held in Harrison Hall Yesterday—Committees Appointed

An important committee in the interests of higher education was held in Harrison Hall yesterday, made up of following members appointed by their different School Boards:

Blenheim—Dr. Quackenbush, Dr. Gibb and A. Samson.
 Highgate—F. Scott.
 Thamesville—Dr. Stewart.
 Bothwell—G. Johns, H. Kelly, Principal.

Dresden—J. B. Carscallen and Principal C. A. Miller.
 Tilbury—Rev. Mr. Dobson and Mr. Hatton.

The object of the meeting was to discuss the question of continuation classes as being held in above mentioned schools and to consider the most practical way of continuing the same. That such classes could be made an assured success had been amply demonstrated in the past few years and the fact that the work was thus being placed within the reach of all and in such a manner that many who would have been obliged to have given it up may now continue is certainly worthy due consideration.

FALL CATARRH

Disease Prevalent Now, But Can Be Quickly Cured With Hyomei.

A great many people suffer more with catarrh during the fall months than at any other season of the year, the changes in the weather seeming to have a bad effect upon the disease.

Some of the cures made by Hyomei seem marvellous when one remembers that the patients had suffered from catarrh since childhood and that for years they had been unable to get a good night's sleep, on account of the disagreeable tickling and dropping at the back of the throat caused by this offensive disease. A few days treatment with Hyomei brought quick relief, and its continued use made a complete and lasting cure.

By breathing Hyomei through the pocket inhaler that comes with every outfit, all the air passages of the lungs and throat are filled with air laden with Nature's own remedies for the cure of catarrh. All disease germs are killed, and the irritated mucous membrane is healed.

The complete outfit costs but \$1.00, extra bottles 50 cents. Compare this small expense with the fees charged by specialists.

If you cannot obtain Hyomei of your dealer, it will be forwarded by mail, postage paid, on receipt of price. Write to-day for consultation blank that will entitle you to services of our medical department without charge. The R. T. Booth Company, Hyomei Building, Ithaca, N. Y.

THE DIFFERENCE.

What is the difference between history and fiction?

Well, answered the believing person, one great difference is that fiction frankly owns up to being largely untrue.

THROWING LIGHT

On the Subject of

HOME DYEING.

Home dyeing is a fascinating and money-saving work when Diamond Dyes are used. Home coloring has an attraction for ladies in all ranks of society, and the wonderful results achieved by the Diamond Dyes for women, have made them the popular home dyes in all parts of the world.

One ten cent package of the Diamond Dyes will do the same work that a steam-dyeing establishment charges one dollar for.

All faded and dingy looking dresses, skirts, suits, blouses, jackets, ribbons, stockings, coats, vests and trousers, can be re-colored in the home and made to look as good as new, at a cost of from ten to twenty cents, when the never-fading Diamond Dyes are used.

It is well to bear in mind that direct money saving can only be guaranteed when Diamond Dyes are used. Have a care that you do not buy the worthless imitations sold by some dealers. Refuse such deceptive dyes if you would avoid trouble and loss of money and temper. Ask for the DIAMOND DYES; refuse all others that may be offered to you.

A dash of vinegar and a clove of garlic in the water is a great improvement to boiled meat or fish.

When adding cream to a thick soup let the former be quite boiling; the result is far better than when it is added cold.

It is a mistake to cook any meat in cold water unless soup is to be made. Cold water and slow boiling draw out all the juices.

Take care to cook fish well, for it is not only unpalatable, but unwholesome, when underdone, and it should always be served hot for invalids.

A dainty dessert that may be prepared very quickly is made of angel cake and whipped cream. Split the cake lengthwise, then cover the layers with thick whipped cream and over the top place candied cherries.

The troubles of the poor are seldom so intolerable as are the annoyances of the rich.

TEA FACTS

The rapid advance of Ceylon as a tea producing country is one of the most noteworthy features of the tea business of the present day. For many years China was the storehouse for the supply of this article of universal consumption. Then Japan came to the front as a tea growing country, and by means of their extensive advertising boomed their output. Now, however, these countries have taken a back seat and the teas of Ceylon have to a great extent superseded those from both China and Japan. This is largely owing to the greater purity and superior delicacy of flavor of the Ceylon growth. The modern way of buying tea in packages is the best method to insure getting it properly blended and of equal quality, and only when the tea is packed in lead packages is the aroma and delicate flavor preserved. There are many package teas now on the market, but the best known and most largely used is the brand known as "SALADA," which can be obtained from all grocers at prices varying from 25c. to 60c. per lb. This brand of tea received the Highest Award and Gold Medal at the recent Exposition at St. Louis.

New Electric Railway is Now in full Swing—Cars Running Between Chatham and Wallaceburg

The new Electric Railway is at last opened for business and to-day the cars commenced regular trips between Chatham and Wallaceburg.

This morning a car arrived in the city from Wallaceburg. Among those who came in on it were J. H. Fraser, T. F. Hinnegan, Dr. Knight, G. F. Leonard, Callwell Bros., D. A. Gordon, M. P. Thos. Farhan, Chas. Chubb, Dr. Mitchell, Mr. Harrison, Bert Wilson, Robt. T. Riddell, C. B. Jackson, B. J. Mohan, and Mr. Burgess.

This afternoon a party of people from Towanda, Pa., took a trip to Wallaceburg, and will return this evening, when a banquet will be tendered them at Hotel Sanita, by his faculties, but I fear it was a momentary insane jealous rage which took possession of him, when he struck the girl. We shall do all we can to assist him in getting his just dues in court and hope to free him from the charge.

The fire department chief who has interested himself in the cause of his nephew, is a fine looking man of good address and frank and open in his manner.

He has letters showing the excellent standing which the family enjoys at Chatham where they have the best connections and are all said to be industrious citizens.

Mr. Pritchard will remain in Flint until after the examination and in the meantime is looking up evidence in behalf of the boy.

SAD ACCIDENT

Peter Cramb Meets His Death from Injuries Received in a Runaway Yesterday Afternoon

Last evening about four o'clock the yard of the Chatham Gas Co. was the scene of a very sad accident, which resulted in the death of Peter Cramb, a farmer residing near Cedar Springs.

Mr. Cramb was drawing coke from the yard, when his horses became frightened, throwing him under the wheels of the heavy wagon. The trucks passed over one of his legs and an artery was severed, which caused considerable loss of blood. Geo. Smith, who was working near by, stopped the horses and quickly summoned a surgeon. The surgeon arrived soon after the accident occurred, and dressed the man's wound. He was then removed to the Public General Hospital, where the artery was sewed up. The patient, however, had lost more blood than his system could stand, and he passed away at the hospital at 10.30 last evening.

Deceased was one of Raleigh's best known and most respected farmers. He was about 55 years old, and 20 years ago kept a butcher shop on William street in this city. His wife and daughter were notified as soon as the accident occurred, and arrived at the hospital just a short time before he passed away. The death is a very sad one, and the surviving family have the sincere sympathy of a large circle of friends. The funeral arrangements have not yet been completed.

Toronto, Nov. 21.—A big steal of timber has occurred in the Township of Burr. The Crown Lands Department are endeavoring to find out who has been removing the pine from Red Pine Point. The extent of the depredations amounts to 300,000 to 400,000 feet of the finest pine. The value of the timber taken would be about \$10,000.

HISTORIC CEREMONIAL

Tender and Acceptance of Throne Over in 20 Minutes.

King Christian of Denmark, in Words Recognizing Responsibility, Accepts Honor Tendered by Norway on Behalf of Grandson—Likewise Tenders Some Words of Good Advice to King Haakon VII. and Queen Maud.

Copenhagen, Nov. 21.—The throne of Norway was formally tendered to Prince Charles of Denmark yesterday by a deputation of members of the Norwegian Parliament, and was accepted by King Christian in behalf of his grandson. The whole function only lasted 20 minutes, but the scene was brilliant, as it was attended by all the princes and princesses and their suites, the diplomatic corps and the high court officials.

President Bernier in a brief speech invited Prince Charles to become King of Norway and King Christian with similar brevity accepted the offer. The old King was much affected as he blessed and embraced his grandchildren, King Haakon VII. and Queen Maud. The close of the ceremony was signalled by the firing of a royal salute. An enormous crowd gathered in front of the palace and gave a rousing reception to the new King and Queen of Norway as they left the palace in a state chariot.

King Christian's Acceptance.
King Christian read the speech of acceptance which was as follows:

"It has pleased us to agree to the desire of the Norwegian people that we accept the ancient Crown of Norway for our dear grandson, Prince Charles. We cherish full confidence that the Norwegian people in common with him have a happy future in store for them. The young King does not come as a stranger to Norway, for he claims relationship to former Norwegian Kings. Nor will the Kingdom of Norway be strange for him, for everywhere in the land common recollections of the history of the kingdom and the history of his race will meet him. It is our hope that the ties which even now unite the young King to the old land and people may be more firmly knit by the co-operation of the King and people for the welfare of the land and its future. And it is our belief that thereby not only will the welfare of the Norwegian people be furthered, but also the welfare of their kinsmen. We pray the almighty God that this step may bring happiness and blessing to the whole north and unity, peace and concord may increase between the two nations. We are confident that our whole house and the Danish people share this wish. With this, I commend you to God, and beg you to convey our hearty greetings to the Norwegian people, which you here represent."

A MYSTERY

Fire Chief Pritchard in an interview with the Flint Journal Says he Cannot Understand Boy's Actions

The following from the Flint Journal is an interview given by Richard Pritchard when he was in Flint: "We are completely in the dark as to the motives which actuated Jim in his attack on Miss Pettis. The boy had always behaved well at home and we all think a great deal of him. His actions are a mystery to us."

The above words were spoken to a Daily Journal representative this morning by R. Pritchard, chief of the fire department at Chatham, Ont., and an uncle of James Pritchard, the young man who is to be taken before Justice Halsey for examination Wednesday of this week on a charge of assault with intent to commit the crime of murder, on the person of Hazel Pettis.

The boy's uncle was accompanied by his father and to the Journal man they both expressed themselves as absolutely unable to penetrate the strange mental condition which impelled the young man to attempt to take the life of the girl who the father says he is sure "Jim thought a great deal of."

"They were to have been married about Christmas time," said the father, "and letters from the girl on this point will show that there was a good understanding on this point, despite contradictions of this statement which I have seen."

"There is no insanity in our family and Jim is now in possession of all the management of the road."

Refused to Open Vault Door.

Toronto, Nov. 21.—When Crown Attorney Curry and a posse of detectives visited the office of Jenkins & Hardy at 15-17 Toronto street yesterday morning to take charge of the books and documents which the Crown Attorney seized on Saturday with a view of searching for evidence against trade combines, Mr. Jas. Hardy refused to open the door of the vault. Mr. Curry threatened to have it opened by force, but finally he secured the services of an expert, who succeeded in opening the door. Mr. Curry then proceeded to make an examination of the books and documents in the vault.

Red Rose Tea is Clean Tea

CLEANLINESS is as necessary to tea quality as to any other food.

Tea rolled by hand, cured by hand, weighed, blended and packed by hand may or may not be clean.

Every operation of making Red Rose Tea, on the plantation and in the warehouse, is performed by machines, the rolling and curing, the blending and weighing are all done by scrupulously clean automatic machinery.

Red Rose Tea is never touched by human hands from the picking to your kitchen.

Red Rose Tea is always clean. It cannot be otherwise, because it has no possible chance of contamination.

Its "rich, fruity flavor" cannot be impaired by foreign substance of any sort whatever.

THE TORONTO PLUMBERS.

\$17,000 In Commissions on Members' Work in Nine Months.

Toronto, Nov. 17.—After two days and a half in the box W. H. Meredith, secretary of the Master Plumbers and Steamfitters' Association, was allowed to stand aside yesterday. His evidence dealt chiefly with the struggle between his association and the supply houses, which resulted in a new agreement quite recently, by which the latter are at liberty to sell to all master plumbers at an advance of 7-1/2 per cent, and Mr. Curry asserted that he would prove the increase was to be paid to the masters' association.

Witness detailed the negotiations between the committee of the association and a similar deputation from the local Plumbers' Union, No. 46, in Sept. last, and while he could not remember that the names of Reeves, Gray or Harrison were mentioned at the conference, he admitted that it was well known by all those present that these stated that Reeves had paid the initiation fee of his employees to the union on the understanding they were not to be called out.

A perusal of the accounts of the Master Plumbers' Association discloses the fact that for nine months, ending July 31st last, the toll levied by the association upon work done by its members amounted to upwards of \$17,000.

I. C. R. HAS A SURPLUS.

Result of Economies Required By the Minister of Railways.

Ottawa, Nov. 17.—Since September last Hon. Mr. Emmerson and his deputy, Mr. Butler, have been enforcing a policy of retrenchment, and the net result of the operations is a surplus of \$24,659. For a month previous there was a deficit of \$11,512, so that in gaining the surplus referred to there has been a betterment of nearly \$100,000. For July the deficit was \$30,962, and the average for three months was \$25,938.

The following statement shows the working expenses and earnings for the first three months of the present fiscal year:

Months.	Working Expenses	Earnings
July	\$665,573	\$ 634,611
August	746,261	674,748
September	661,612	685,291

Totals \$2,073,447 \$1,995,632

The satisfactory improvement for September, it will be noticed, has been brought about by a reduction of \$84,649 in the working expenses and an increase of \$11,995 in the earnings. The indications are that this improvement will be maintained, but it depends upon what kind of weather the coming winter has in store for the Intercolonial. The unprecedentedly cold weather of last winter was responsible for eating up nearly \$500,000. It can be easily seen, therefore, that the best financial railway outlook may be marred by a series of heavy snowstorms.

The best, which is not always the highest priced, is the cheapest.

KEYSTONE OF NORWAY

Unanimous Selection of King by the Storting.

Party Differences Sunk and Prince Charles of Denmark Selected King Without Dissentient Voice—Accepts Throne as Haakon VII. and Promises to Consecrate His Future to Glory and Prosperity of Norway.

Christiania, Nov. 20.—The words of President Berner, after the Storting's unanimous election of Prince Charles of Denmark as King of Norway Saturday night: "This decision of the Storting is the keystone of our independence, which has been constructed this year," aptly expressed the feeling animating all Norwegians at the conclusion of the long struggle leading to the enrollment of Norway among the European nations.

After President Berner moved the election of Prince Charles Socialist Pastor Erikson declared his party would vote for the motion because there was no occasion to support any other proposal, in view of the people's decision to favor a monarchy. Castberg, state advocate, said he and those who shared his views bowed to the will of the majority, and the national election of the King was then formally carried out.

"God Save the King." President Berner in a speech, to which all listened standing, said: "God save our newly-elected King; God defend our fatherland."

The speech was greeted with cheering. M. Berner then appointed a deputation which left Saturday night for Copenhagen to notify Prince Charles of his election. The deputation was as follows: President Berner and Prof. Hagerup Bull; M. Enge and M. Andersen, land owners; M. Austbo, a tenant farmer; M. Kahre, a merchant; M. Branne, a manufacturer, and M. Grims, an engineer.

After the election telegrams were immediately despatched to Prince Charles, King Christian and the Danish Premier, and the sitting was adjourned until 8:45 o'clock, when President Berner read the following telegram from Prince Charles.

Haakon VII. "With the permission of the King, my illustrious grandfather, I accept my election as King of Norway, and will adopt the name Haakon VII., conferring upon my son the name of Olaf." "My wife and I call down on the Norwegian people God's richest blessings, and will consecrate our future life to the country's glory and prosperity."

The president and the chamber then called for cheers for King Haakon. These were given enthusiastically, and the sitting closed.

Coronation July 27. Copenhagen, Nov. 20.—A telegram announcing that the Storting had elected Prince Charles of Denmark King was received during a dinner given by Crown Prince and Crown Princess Frederik, and at which Prince Charles was present. The Crown Prince immediately drank a toast to the new monarch of Norway.

It is understood that King Edward will visit the new King at Christiania early in 1906. The formal coronation will take place July 27, 1906.

"PROMINENT GRIT CITIZENS."

Who Have Neglected to Settle Asylum Accounts Asked to Pay.

Detroit, Mich., Nov. 20.—According to the Windsor correspondent of The Free Press, the books of the different asylums in Ontario, recently examined by accountants of the Whitney Government, reveal a very lax method which was in vogue under the former administration. It was ascertained that the province has not received thousands of dollars justly owed to it, and an attempt will be made to collect the amounts from the people who are indebted to the province.

The asylums are run on the plan that, when relatives can pay for the care of the unfortunates who have to be confined in the institutions, the rate is made according to the financial standing of the relatives. Bondsmen are required to guarantee the amount which is to be paid, and here is where the province is quite a heavy loser.

No attempt was made by the province to collect the money guaranteed for the care of insane people, except in isolated cases, where the people, it is said, were not friendly to the Liberal Government. Some of the sums owed the province amount to as high as \$500, while others range from that sum down to \$100.

When this state of affairs was made known to the Treasury Department of the Government the Cabinet decided to commence proceedings against all who had not paid for the care of their relatives in the asylums, and, in case they are not able to settle, the bondsmen will be held responsible.

Essex County has its quota of people who managed to have their unfortunate relatives cared for at the expense of the province. Some of them are prominent citizens, and, last week, they received a polite note from the Government to pay. Some of them are making a vigorous kick against settling, but the Government is very much in earnest about the matter and the money will have to be forthcoming or litigation will follow.

Station Agent Admits Blame.

Montreal, Nov. 20.—A verdict of manslaughter was returned Saturday morning against the C. P. R. station agent at Dorval by coroner's jury, which heard evidence in the case of Engineer Best, who was killed by the collision which took place at Dorval last week. The agent admitted that by an error the semaphore should have been put down as a light engine was on the main line in front of the station.

Washington, Nov. 20.—The board of consulting engineers of the Isthmian Canal Commission Saturday declared itself by a majority in favor of a sea-level canal.

Dodd's Kidney Pills Cured Mrs. Adam's Bright Disease

She Did Not Believe in Them, But To-day She is Strong and Well. Collingwood, Ont., Nov. 20.—(Special).—Mrs. Thos. Adams, who moved here about two years ago from Burk's Falls, is one of the many Canadians who once had Bright's Disease and are now strong and well. Like all the others she was cured by Dodd's Kidney Pills. "I was eight months an invalid," says Mrs. Adams, "and no one can tell what I suffered. My doctor said I had Bright's Disease and Sciatica, but I got no relief from anything he gave me. At last a friend of my husband induced me to give Dodd's Kidney Pills a trial. I had no faith in them, for I thought I never would get better, but after taking three boxes of them I was able to do my work. I have had good health ever since I used Dodd's Kidney Pills."

Drift Still Further Apart. Paris, Nov. 17.—The Foreign Office is advised that President Castro yesterday refused to pay the second instalment of the arbitration award. The second payment is not paid, apparently on the ground that diplomatic relations between France and Venezuela were interrupted.

I feel that this bottle of Pain Balm saved me several days' time, to say nothing of the suffering." This liniment is for sale by all druggists.

Finns Three Shots.

Montreal, Nov. 20.—Alphonse Normandin is under arrest charged with attempting to murder Hermidas Leduc, a butcher. The two men had a quarrel Saturday. Normandin drew a revolver and next moment a shot was fired. No damage was done, except to the wall. Normandin fired again and then ran out of the shop, pursued by his intended victim. As they reached the street, Leduc caught his man, and the latter fired another shot at close range. This time the bullet grazed Leduc's right hip.

Toronto Crown Attorney Is After Proof of Other Combines. Toronto, Oct. 20.—A visit made Saturday morning to the offices of Jenkins & Hardy, real estate brokers and accountants, at 15, 17 Toronto street, by Detectives Newton and Twigg. INDIANS SETTLED WITH.

Indian Treaty No. 9 Signed By the Province of Ontario.

Toronto, Nov. 17.—Hon. Frank Cockran yesterday signed Indian Treaty No. 9 on behalf of the province, who acted in conjunction with the Dominion in effecting a settlement with the Indians north of the height of land, and east of the territory covered by Indian Treaty No. 3. The Dominion Government has been very anxious that an understanding with the Indians should be reached on account of the G. T. P. being projected through that part of the country. In order to appease the claims of the red men \$8 per head will be paid during the first year, and \$4 per head during succeeding years. Also a square mile of land for each family of five has been set apart as a reserve.

Treaty No. 3, which the new treaty borders, covers the stretch north of the height of land, north of Lake Superior, up to Rat Portage, and for some distance eastward.

The commission, composed of one member from the Ontario Government, and two for Dominion, explored the region and report fewer Indians than expected. Only 1,666 could be dealt with instead of the estimate of 3,000. The territory covered by the treaty comprises 90,000 square miles. The reserves are subject to the approval of the Ontario Government.

"It is quite probable they will be found satisfactory," remarked Hon. Col. Matheson yesterday.

The Province of Ontario will pay its share over to the Dominion, and the latter will bear all the expense of surveys, and the expenses of paying the Indians, which will be large.

Frank Pedley, Deputy Minister of Indian Affairs, discussed several questions concerning Treaty No. 3 with the Government.

MARQUIS ITO'S BATTLE

Corea's Cabinet, Except Emperor and Two Ministers, Yields.

His Majesty Orders Assassination of Ministers Who Consented to Japanese Demands, and Then Goes Into Retirement With His Faithful Advisers—Did the Cabinet Yield to Jap Gold?

Seoul, Nov. 18.—(Delayed.)—The conference of nearly a week between the Japanese envoys, headed by Marquis Ito, and the Corea Cabinet ended yesterday and was followed early this morning by a nine-hour sitting at the palace with the Emperor.

At the beginning of today's session, Baron Hayashi declared his determination to withdraw until the four demands made by Marquis Ito were signed. The suspense was ended at 1.30 o'clock this morning, when the Cabinet, with the exception of the Minister of Agriculture and Minister of Foreign Affairs Pakchisun, having yielded, sent for the Emperor and signed the desired agreement. The four Japanese demands were as follows:

- (1) The appointment of a Japanese administrator to govern Corea under the Emperor.
- (2) The appointment of Japanese administrators at all treaty ports.
- (3) Transfer of Corea diplomatic affairs to Tokio.
- (4) No arrangements to be made with other powers without the consent of Japan.

Demonstration by Jap Troops.

Three thousand Japanese soldiers maintained a demonstration all yesterday on the esplanade before the old palace. Japanese troops patrolled the streets all night. The Emperor's palace was also surrounded by troops and the Japanese soldiers and police were lodged in the grounds of the palace. Minister Pakchisun and the Minister of Agriculture continue to hold out with the Emperor against the action of the Japanese. The opposition against the signing of the demands of Marquis Ito, and the Emperor with the most powerful argument possible to a superstitious, benighted sovereign, namely, that his consent would affront and outrage all the spirits of his imperial ancestors.

It resulted in Pakchisun and the Minister of Agriculture dramatically denouncing the proceedings and withdrawing to the palace, where they secluded themselves with the Emperor.

Ministers' Lives in Danger.

The Emperor then ordered that the Ministers who consented to the Japanese demands be assassinated. After the signatures and seals were attached, the Japanese military paraded through the city. Baron Hayashi, after securing the consent of the majority of the Cabinet, went from the legation to the palace, where he attempted to convince the Emperor and the two remaining Ministers of the justice of his mission, but failed. He then secured the seals through other Ministers.

Conflict of Authorities Expected.

A conflict between civil and military authorities is now expected; and Minister Hayashi has already sent a strong circular to all Japanese Consuls in Corea to administer justice impartially. The presentation of the Japanese gifts to the court, it is reported that substantial sums of money were used to satisfy the Ministers who consented to the Japanese demands.

About 30,000 Japanese soldiers, billeted on the people or in barracks, are at the service of the Japanese, but no disturbances are expected. The court and Cabinet are still closely guarded and protected.

Suffered for 23 Years With Kidney Trouble.

CURED AT LAST BY GIN PILLS.

Whether you are just beginning to feel the first twinges of kidney pains—or whether you have tried for years to find relief—Gin Pills will cure you. Surely you can't doubt their virtues after such a letter as this:

"I sent for a free sample of your Gin Pills some time ago, and found them to give me great relief, so I put myself under the treatment, and am now using the third box, and feel myself entirely cured. I have suffered with my kidneys for 23 years. At the time I began taking Gin Pills I could not turn in bed without pain. If I moved at night, the pain would be so great that it would wake me up. Now I am free of pain, and feel as well as I did 23 years ago. I feel it my duty to let you know about Gin Pills, so that it might be the means of relieving some other sufferer."

"HENRY WAKEFORD, Toronto."

Gin Pills hold out a guarantee of certain, quick relief. They will stop the pain—beal the sick kidneys—and build up the whole system—or your druggist will refund your money. That shows our confidence in Gin Pills. We will do more. We will send you a trial box of Gin Pills absolutely free if you will write asking for it and state the name of the paper in which you see this. You can thus test them at our expense and see for yourself whether or not Gin Pills are all that we claim them to be. Gin Pills are for sale at all druggists. 50c a box—6 boxes for \$2.50. THREE TRYING TIMES IN A WOMAN'S LIFE

There are three periods of a woman's life when she is in need of the heart strengthening, nerve toning, blood enriching action of

MILBURN'S HEART AND NERVE PILLS

The first of these is when the young girl is entering the portals of womanhood. At this time she is very often pale, weak and nervous, and unless her health is built up and her system strengthened she may fall a prey to consumption or be a weak woman for life.

The second period is motherhood. The drain on the system is great and the exhausted nerve force and depleted blood require replenishing. Milburn's Heart and Nerve Pills supply the elements needed to do this.

The third period is "change of life" and this is the period when she is most liable to heart and nerve troubles.

A tremendous change is taking place in the system, and it is at this time many chronic diseases manifest themselves. Fortify the heart and nerve system by the use of Milburn's Heart and Nerve Pills and thus tide over this dangerous period. Mrs. James King, Cornwall, Ont., writes: "I have been troubled very much with heart trouble—the cause being to a great extent due to 'change of life.' I have been taking Milburn's Heart and Nerve Pills for some time, and mean to continue doing so, for I have ever used for building up the system. You are at liberty to use this statement for the benefit of other sufferers."

Price 50 cents per box, three boxes for \$1.25, all dealers, or The T. Millburn Co., Limited, Toronto, Ont.
