Military Service Act

Important Announcement to All

EXEMPTED MEN

and to the Public Generally

IN dealing with the very large number of claims for exemption brought forward for consideration in connection with Class 1 under the Military Service Act, it has occurred, as was inevitable, that as a result of false statements and difficulties put in the way of investigation, some individuals have secured exemption whose proper place is in the Army.

It is not the intention of the Government to allow these men to evade permanently their obligation to bear their part in the military defence of the Country and of the ideals for which we are fighting. To do so would defeat the purpose of the Act, and cause grave injustice to men in the second class necessarily called out to fill their places.

Exemptions Granted on False Grounds

It is, therefore, proposed to scrutinize carefully all exemptions granted to date in order to separate those which have been granted on false or insufficient grounds from those that are well founded.

With this object in view the various Registrars under the Military Service Act have been instructed to issue a series of questionnaires to exempted men. These questionnaires must be filled up correctly and returned promptly under penalty of forfeiture of exemption for failure to do so.

Exempted Men Who Have Changed Address

It is therefore important in their own interest that all exempted men who have changed their address since their exemption was granted and who have not already notified the Registrar of such change should notify him at once. Under the Regulations it is the duty of exempted men to keep the Registrar advised of any change of address, and failure to receive the questionnaire by reason of neglect of this duty must be treated as equivalent to failure to return the questionnaire after receipt.

Citizens Urged to Assist

In many instances information has been furnished by members of the public which has led to the cancellation of exemptions obtained by false or misleading statements. Further co-operation of this character is invited. The Government regard it as the Duty of all loyal citizens, not only to the Country, but to the men at the front, to assist in this way in securing reinforcements on a just and legal basis. Correspondence of this character will be treated as strictly confidential and will receive the fullest investigation.

CHARLES J. DOHERTY, Minister of Justice.

Correspondence should be directed to E. Hart Nichols, Esq., Registrar under the Military Service Act, Halifax, N.S. 402G

DEATH AT OUTRAM

Mrs. Parker G. Banks Has Passed Away After a Few Days' Illness

At Outram on Tuesday morning, the community was saddened to learn that Mrs. Parker G. Banks had passed away to the great beyond. Mrs. Banks was at Mrs. James Slocumb's on Monday evening, March 18th, attending a Red Cross meeting. She was about ready for home when she was stricken down with paralysis of the brain. She was removed to her home the following day and all was done that loving hands and medical skill could do, but she died on Tuesday morning, March 26th, after intense suffering, at the age of 51 years and 11 months. Mrs. Banks was Baptist, having joined the church at Mt. Hanley, April 30, 1882, and was baptized by the late J. H. Robbins, pastor of that church. She was a great worker for the Red Cross and for the last six months had done all she could do to do her bit. A large concourse gathered at the home on Friday afternoon to pay the last respect to the deceased. The services were conducted by her pastor, Rev. R. B. Kinley, at the house, March 29th. The text was Psalm 68: 6 verse. The hymns were very impressive: "Asleep in Jesus, Blessed Sleep," "The Christian's Good Night," and "Will the Circle be Unbroken." Interment took place in the Port Lorne cemetery. Mrs. Banks leaves to mourn, a husband, two daughters, Mrs. Leslie R. Strong, of Arlington West; Miss Lillian at home; an aged father and mother, two sisters and four brothers: Mr. and Mrs. John C. Balsor, at Mt. Hanley; Mr. W. B. Wilkins, at Cambridge, Mass.; Mrs. I. J. Fritz, at Mt. Hanley; Mr. T. H. Balsor, at Brighton, Mass.; Mr. Fred Balsor, at Cambridge Mass.; Mr. W. P. Balsor, at Arlington, Mass., and S. W. Armstrong, of Somerville, Mass., besides a host of friends and other relatives.

S. S. Aramore for Boston Route

BOSTON, April 1—A telegram today from Hon. W. S. Fielding, Ottawa, advises the Boston Lobster company that the government has arranged to put the steamer Aramore on the Boston-Yarmouth route at once. The good news was immediately passed along to wholesale lobster dealers, who received it with feelings of relief as the withdrawal of the present boat from service last week would otherwise cripple the trade very seriously. It is not likely altogether. Fishermen will now be able to go right on shipping spring catches without break, which was feared would take place.

A SUCCESSFUL FLYER

Extracts From Recent Letter Received From Flight Lieut. J. A. Ruggles, by His Parents.

GASPORT, March 1st, 1918: I received notice to report to Wing headquarters, Salisbury, last week, and on arriving here, found I was to report to the school of aerial fighting here.

The mess and quarters are fine here and the course is very interesting, and I consider myself very lucky to get the chance of taking it, as they only put a limited number through. One cannot learn too much before going across to France.

I am feeling fine since leaving the hospital, where I was for a few weeks, suffering from slight stomach trouble, and was glad to get up in the air again.

The machines here are wonderfully built for stunting, etc., and the mechanics seem to know their business all right, as we seldom have engine trouble and very few accidents.

The first day I was told to go up and try to keep on my instructor's tail. After we went up several thousand feet he allowed me to fly quite close to his machine, about 150 feet from his tail, and then he tried to shake me off by vertical turns and turning, but I managed to keep right under his tail most of the time until at one time I came a little too close and before I knew it, he had leaped clear over my head and was sitting on my tail, and do what I would I could not shake him off.

He certainly was some flyer and stunter. I did everything I knew, but it was of no use, when I looped, he looped. If I stalled, he stalled, and he seemed to know my every move. Finally he landed and he explained to me my mistakes, although he admitted, I had him guessing at times.

We have been up several times since, doing the same stunts and I managed to sit on his tail for quite a time, the last time we were up. It is just like a game of tag at school, and the training is of great importance before meeting the Huns.

Yesterday I was out for two hours in the afternoon on contact patrol work. There are three of us in formation and we had to follow the leader and keep about from 50 to 100 feet on either side back of him. We went all over the country flying just over the tops of trees, and when he saw a good field he would lead the way down and we would all touch our wheels, run along aways and then fly off again, or jump a fence, and touch our wheels on the other side.

JACK.

Died in Winnipeg.

At the residence of Mr. and Mrs. H. H. Enman, Winnipeg, Manitoba, on Friday, March 15th, there passed away Norman Morton Dunn, aged thirteen and one-half months, loved son of Mr. and Mrs. Charles M. Dunn, formerly of Granville Ferry, N. S., Mr. and Mrs. Dunn were on their way to Granum, Alberta, and Mrs. Dunn with baby Norman were spending a few days in Winnipeg, with her sister, Mrs. Enman, when Norman was seized with a severe attack of pneumonia. The father was summoned, also his grandparents of Saskatchewan, Ont., in spite of the most skillful medical attention, early in the morning, his Father called him home, to be among the sweetest and best of the angels in Heaven, as he was among the little ones here on earth.

The funeral service was conducted by Rev. A. O. Rose, assisted by Rev. A. Roddan. Many and beautiful were the floral offerings that were strewn around the tiny white casket and sweet and peaceful the dear little lamb slept among them. Interment took place at Brookside cemetery, Winnipeg, Manitoba. The MONITOR extends its deepest sympathy to the bereaved ones.

Yarmouth Fruit & Produce Corporation

The adjourned meeting of the shareholders of the Yarmouth Fruit & Produce Corporation was held in the Council Chamber of the Court House on Tuesday evening. Owing to the technicality of the law it was found that the increasing of the capital and the election of the directors which was done at a previous meeting could not be legally carried out until all the stockholders were registered. The original fifteen members who signed the application for the charter had the power to increase the capital to \$4,500.00, which was done. The election of directors was deferred until a future meeting.

BEAR RIVER BOARD OF TRADE

Address at its Annual Meeting, by the Retiring President, W. M. Romans.

Gentlemen: The year 1917, just closed, has been successful in many ways and I will dwell on a few of the outstanding features just briefly.

The Bear River Board of Trade has taken a foremost place in the province in its persistence for "Good Roads" and it is pleasing to note that our endeavors are to be rewarded. We have at last gotten our Government awakened to the necessity of "Good Roads" and in consequence they have appointed a Provincial Highways Commission, headed by our Mr. W. G. Clarke, better known to us as "Good Roads Clarke." We are proud of his appointment and know the new scheme of Road Administration will be properly administered.

Adequate Fire Protection was born in Bear River in 1917. The infant, at the moment, consists of some twenty ladders, three firemen's axes, a two wheeled truck and a cash balance of \$32.90. It is now up to the Board of Trade and the citizens, to see that the child grows in efficiency in the future, and I would suggest a Fire Chief be appointed, because everybody's business would be found to be nobody's business when the emergency arises.

The Hillsburgh Agricultural Society, after consideration, reported to the Board favorably, regarding "Daylight Saving" and on the strength of their recommendation and the Board's unanimous desire, a public meeting was held, on Monday evening, April 23rd, for the purpose of ascertaining the will of the community. It is needless to say that the movement was voted down by the farmers. We handed our report to the Western Nova Scotia Board of Trade, who in turn endorsed it and forwarded the recommendation to the Dominion Government and although nothing came of it in 1917, there is more than a possibility of it becoming an assured fact in 1918.

Teachers' Institute for this district was held in Oakdene Hall, Bear River, on May 21st, 22nd and 23rd, and proved an unqualified success; 65 teachers answered the roll. On the request of the Trustees, a committee from your Board, worked in conjunction with the Trustees and teachers and contributed in no small measure to its success and the whole hearted support received from the community. In passing, I might mention that a novel feature, the credit of which should be given Mr. E. S. Boran, the Principal, was that of a Teachers and Trustees "At Home," given shortly after the arrival of the visitors, which not only proved a social success, but broke down that reserve which is so prevalent at such meetings and made each feel that they had known every other teacher all their lives, and made them all one family, as it were.

The annual meeting of the Western Nova Scotia Board of Trade was held in our village on July 31st. The weather was all that could be desired for entertaining the delegates, but our boasted cherries on which we had hoped to treat the visitors, fell through, owing to the total failure of the crop. However, the meeting was a decided success and the hope was expressed that at some future time we would again extend another invitation.

The Halifax disaster, of December 6th, has brought home to each one of us vividly the trials and hardships our friends and relatives are going through "Somewhere in France" for us, and makes one ask himself the question "Am I worth their sacrifice?" God grant that we may be found worthy. When the call came from the disaster, our Red Cross Society took up their work and with the citizens did all and more than was actually needed. Bear River will always be found in the forefront, where duty calls, whether that call be for men to serve "Somewhere in France," money through our War Loans to keep them properly equipped there, or home calls of whatever nature and although your retiring president is not a native born, he is proud to hail from Bear River. The Poet's Dream, the Artist's Paradise, and the Switzerland of Nova Scotia.

We have done good work in the past and will do better in the future, as we now have the Western Nova Scotia Board of Trade, a live wire, at our command, and with it the weight of the Western Counties in anything pertaining to the betterment of the Province and the Dominion at large.

The girl with a sweet little voice need not feel discouraged because she has no opportunity to sing in grand opera. She can give great pleasure by being a songbird in the home nest.

EASTER IN THE CHURCHES

Large Congregations Heard Good Sermons and Appropriate Music

The Easter services of the Baptist church were very largely attended and special Easter music was rendered at both services. The boys' chorus sang at the evening meeting. This chorus is now a feature of the church music and is greatly appreciated.

The morning discourse by the Pastor, Rev. M. S. Richardson, was based upon Acts 11: 22-24. The development of thought was as follows: (1) Freedom of man to work wickedness; (2) foreknowledge of God who works out His Sovereign Will in spite of man's wicked will; and (3) fruitfulness of working against the God, who, after man had done his utmost of wickedness, brought Christ from the dead. "Truth crushed to earth will rise again." Special reference was made to existing war conditions.

The text for the evening sermon was from Matt. 28: 10, "Fear Not."

I. What Fear Removed:

(1) That Jesus was not the Son of God, thus rendering empty His promises of forgiveness of sins and all attendant blessings of the Gospel.

(2) That sin is the master.

(3) That death is the Master and that there is no Resurrection and future existence.

(4) That life's achievements are arrested.

II. This is the consolation:

(1) Of a fact.

(2) Of a faith.

(3) Of an experience.

Apostles not only eye witnesses, but had imparted to them the resurrected life.

The Christian is saved through blood and power, through Christ's Cross and the power of His resurrection—"he is risen with Christ."

ST. JAMES

As is usual in St. James Church the services throughout Easter Day were of a character befitting the great festival. There was a very large congregation at the morning service of which the bright and hearty singing was an especial feature. This was also marked in the evening, when the anthem "Hallelujah, Christ is Risen," by E. A. Clare, was repeated. The theme of the morning sermon, based on St. Paul's words to the Corinthians, "Now is Christ Risen from the dead and become the first-fruits of them that slept," was the need of thought to remove the festival from mere sentiment and base it on the fact of Jesus Christ risen from the dead being our living Lord and very God. In the evening the subject was "The Witness of the Church to the Resurrection of Jesus."

The altar was adorned with beautiful calla and Easter lilies, kindly sent (in memoriam) by Mrs. Chas. DeWitt, and Easter lilies by Mrs. Harry Ruggles.

METHODIST

An unusually large congregation, attractive floral decorations, and inspiring Easter music characterized the evening service in Providence Methodist church. The pastor spoke from Rev. 1: 18, and emphasized the fact of the living Christ and His power over death and the grave. The regular and junior choirs were combined for the occasion and contributed greatly to making the service helpful and inspiring.

PRESBYTERIAN

Rev. D. K. Gant, M. A., of Middleton, preached a very interesting and appropriate Easter sermon, in Gordon Memorial Church, Bridgetown, in the evening. Following this meeting the monthly United Intercessory service was held in this church, attended by the local clergymen, and a large portion of the other congregations, which over-taxed the seating capacity of the edifice, many standing throughout the entire service.

Easter Services at Deep Brook

A correspondent writes: Easter Sunday was a beautiful day with us. At the Baptist Church Sunday afternoon Rev. A. N. McNitch preached a strong sermon to a large audience. A union choir furnished appropriate music. In the evening another large congregation gathered at St. Matthew's Church to listen to a helpful sermon by Rev. A. W. L. Smith, rector. The Easter music was again well rendered by the Union Choir. Both churches were decorated with evergreen, potted plants and flags. Miss Ethel Dittmars, organist for the Baptist church, and Miss Laura Dittmars, organist for the Episcopal church, assisted by Mrs. Shippy Spurr, did a great deal to make the musical part of the services a success in both churches.

burg News: Several carloads (Smith & Rhuland) here Monday. This enterprise are busy now days, as the vessel is launched, the last for another.

Yarmouth schooner A. H. with all on board, has been within sight of home. Paris will have been found on La-Turk's Island.

John Board of Trade recently a report was received to the enquires about the Yarmouth and the Dominion Public advised that conditions would be at Freeport and Westport. The report stated the suggested Yarmouth would cost \$30,000. It would be too expensive to under-war time.

Divival of wooden shipbuilding and an increased demand for that once thriving industry into its own again at Halifax, St. John, Yarmouth, and other parts of the Maritime Provinces. Like all other industries, sail making has advanced the times and where formerly the sewing was done by hand now done by motor driven machines and one man with a machine is able to do as much work as could be done by hand.

Shortage is acute in the steamer trade for voyages to ports. Vessels for America are also extremely scarce. Available are of small sailing vessels there is a demand, coal carriers being the South American trade. The West India and coastwise. Rates on both steam sailing vessels are without limits. Among recent arrivals the schooner Dustin G. load co-operation at Portland, Me., and the schooner The Coal from Virginia to Cuba, with molasses from Barboursport north of Hatteras.

Miss Gladys Whitman has returned home from Tupperville after spending a few pleasant days with friends there.
Mrs. Primrose, of Bridgetown, and son, Clarence, of New Britain, Conn., are visiting Mrs. Primrose's parents, Mr. and Mrs. Andrew LeCain.

YOUNG'S COVE

March 26th
Miss Myrtle Steadman has gone to Annapolis Royal for a brief period.
Mr. Wm. Clayton, who has been confined to his bed, is somewhat improved.
Preaching service in the Baptist Church, March 21st, 11 a. m., by the Rev. J. Porter.
Mr. and Mrs. Herbert Foster, Hampton, were the Sunday guests of Mr. and Mrs. Edwin Guest.
Mrs. E. Hunt, Granville Centre, and Mr. Nelson Hunt, Bear River, made a brief visit recently at the home of Mr. and Mrs. Wm. Gregory.
The Messrs. John Young, Watson Guest and Ralph Hogan have gone to Two Rivers, Cumberland Co., where they will be engaged in ship building.

Rheumatic Pains
Are relieved in a few days by taking 30 drops of Mother Seigel's Syrup after meals and on retiring.
It dissolves the lime and acid accumulation in the muscles and joints so these deposits can be expelled, thus relieving pain and soreness. Seigel's Syrup, also known as "Extract of Roots," contains no opium or other strong drugs to kill or mask the pain of rheumatism or lumbago, it removes the cause. 50c. a bottle at druggists.

BEAR RIVER

March 26th

We are glad to see signs of spring
about our village once more.

Mr. Ben Aicorn had the misfortune
to lose a valuable horse on Sunday.
Mr. Orin Moore, of Boston, is spend-
ing some little time at his home here.
Congratulations to Mr. and Mrs.
Ralph Purdy on the arrival of a son.

Do not forget to attend the Easter
concert to be given in the Baptist
church on Sunday evening, March 31.
Lawyer Owen, of Annapolis, was at
his office in town on Tuesday of last
week.

We understand Mr. Howard Snell
has accepted the contract to rebuild
the cook house at Lake Jolly. The
building is now under course of con-
struction.

Corp. Harry Mason, of the Forestry
Battalion, arrived from overseas via
St. John on Wednesday of last week.
His many friends were glad to wel-
come him home.

Dr. C. H. Boylen arrived in town on
Monday of last week. He has moved
his office from R. N. Harris' building
to his house. The one formerly oc-
cupied by Mrs. Fred Purdy.

Mr. Fred Nichol, of Bridgewater,
who was in town recently to visit his
mother, Mrs. George Nichol, returned
home on Tuesday of last week. We
are glad to report Mrs. Nichol much
improved since our last writing.

Steamer Bear River, which has been
closed in at her wharf by ice, cleared
on Monday morning for St. John and
the ship carpenters have again com-
menced the work of repair on the sch-
Neva, which has been on the blocks
since the early winter.

Sapper Reg. Rice, of Lansdowne, ar-
rived home from overseas on Monday
last. It certainly does us good to see
our boys come back even though they
bear marks of this cruel war. We
know they have done their bit and
we should feel proud to give them a
welcoming hand, yea, we should do
more for them that they might know
we meant it from our hearts.

The ladies of the Red Cross will
hold a pantry sale in the sample
rooms on Saturday afternoon, March
30th, beginning at four o'clock. After-
noon tea will also be served at the
same place. All friends of the Red
Cross are asked to show their interest
by sending in donations of various
beans, rolls, etc., and by patronizing
the sale as funds are urgently needed
to carry on the work.

The death of Miss Susan Harris oc-
curred at the home of her sister, Mrs.
George Potter, on Sunday, March
17th, at the age of 52 years. The de-
ceased had been in failing health for
several years, but was only critically
ill six weeks. She leaves to mourn
their loss, five sisters: Mrs. Eben
Currier, Mrs. William Marshall and
Mrs. Ezra Currier, all of West Glos-
ter. Mrs. Chas. Harris and Mrs.
George Potter, of Bear River, and two
brothers, Christopher and William,
both of this place. The funeral took
place from her late home on Wednes-
day afternoon, the service being con-
ducted by Rev. J. W. Smith, with in-
terment in Mount Hope Cemetery.
The sympathy of the community is
extended to the sorrowing ones.

ANNAPOLIS

March 26th

Miss Emma Merriam is visiting
friends in Round Hill.

Byron Pickles has been visiting
friends in Halifax and Windsor.

Mrs. Charles Whitman and child are
the guests of Mrs. W. R. Merriam.

Miss Madge McKay has been visit-
ing Mrs. Frank Bartheaux in Wolfville.
Earn McDormand went to Digby to
take in the hockey match Friday even-
ing.

Mrs. C. Longmire, of Bridgetown,
was in town Friday to see her mother,
Mrs. James Crowe.

Mrs. Dan Owen, who has been visit-
ing in Boston for the past two months,
returned home Thursday.

Misses Edith McCormick and Mary
Fortier returned home Saturday from
Boston, where they have been visit-
ing Mrs. Edward Robinson.

Sergt. Lewis How, son of the late
Rev. Henry How, returned home from
France on an eight weeks' furlough.
His many friends are glad to see him
back.

Some of the young people are giving
the play "Mrs. Briggs, of the Poultry
Yard" on Easter Monday. It is a
laughable farce from start to finish,
and well worth seeing. Proceeds for
the Fort Anne Chapter of I. O. D. E.

Minard's Liniment cures Burns, etc.

**Spring
Skin
Drobbles**

Every spring, for years, Mr. Amos
Smith, of Port Hood, C.B., suffered
from boils, until he used Zam-Buk.
He writes:

"Each spring they would return
and break out on my hands and
arms. At times they were so bad
that I could scarcely work. I tried
various remedies without receiving
any benefit. I consulted a doctor,
but he was unable to cure me.

Then a friend recommended
Zam-Buk. The improvement after
using the first box was surprising.
I continued until the boils had en-
tirely disappeared, and I have
never had any return since."

Zam-Buk is also unequalled for
eczema, ulcers, abscesses, scalp
sores, ringworm, blood-poisoning,
piles, cuts, burns, scalds, etc. All
druggists, or Zam-Buk Co., Toronto;
50c. box, 3 for \$1.25.

ZAM-BUK

DEEP BROOK

March 26th

Mr. and Mrs. H. S. Vroom spent a
few days last week with friends in
Barton.

Mr. C. G. Harris made a business
trip to Middleton on Friday, returning
Saturday.

Capt. and Mrs. Elroy Peck, of Hal-
ifax, are the guests of his sister, Mrs.
William Curtis.

Major Purdy made a business trip
to the North Shore on Monday last, re-
turning on Wednesday.

Mr. E. V. Hutchinson arrived home
on Friday after spending the past few
weeks in New Glasgow.

Mr. and Mrs. L. E. Sherman drove
to Bear River on Sunday last and spent
the day with her sister.

Miss Edna Rice, of Lansdowne, was
the guest a few days last week with
Miss Marion McClelland.

Mr. Ellis, of Port Maitland, was the
guest on Friday and Saturday with Mr.
and Mrs. E. V. Hutchinson.

Pte. Harry Vroom was a passen-
ger on Wednesday for Halifax where
he expects to spend a short time.

Mr. Frank Ruggles, who has been
in the hospital in New Glasgow for
the past few weeks, returned home
on Monday.

Mrs. Lavinia Smith of Smith's Cove,
after spending the past few weeks with
her son, Mr. Norman Sulis, left for
her home on Saturday.

The entomological inspectors have
been in the village the past week. The
number of nests found this year is very
small compared with last year.

Mr. and Mrs. James R. Dimears
entertained a sleighing party from
Bear River East on Tuesday evening.
A very pleasant time was spent by all.

Mrs. Walter Purdy left for Boston
on Saturday last for a few weeks.
She will visit friends in Allston and
other principal places before return-
ing home.

Mr. Garnet Benson, whose family
is residing in this place, has accepted
a position with the Supplies Company,
Ltd., of Kentville, and is now on the
road in their interest. We wish him
success.

Mr. Fred Sulis, of Brookline, Mass.,
has been spending a week with his
parents here. He returned on Mon-
day, accompanied by his mother, Mrs.
A. G. Sulis, who will spend a few
weeks with her children in that city.

There will be special Easter music
in the church on Easter Sunday,
3 p. m. in the Baptist church and at
7.30 in St. Matthews Church. The
organists in the churches deserve
credit for the pains they have taken in
the music.

To whom it may concern: This is
to certify that I have used MINARD'S
LINIMENT myself as well as pre-
scribe it in my practice, where a
liniment was required and have never
failed to get the desired effect.

LIME AS A FERTILIZER

The agricultural Value of Ground Limestone has been thor-
oughly proven at Kentville and other Experimental Farms. LIME
is one of the essential elements in plant structure. Each year's crop
removes a certain amount of Lime from the soil, and this has been
going on for years. As a result most land is deficient in Lime, and
unless it is supplied from time to time best results cannot be hoped
for.

We have taken the agency for a high grade of New Brun-
swick Ground Limestone and will have a quantity arriving
by first trip of the steamer.

We also sell the National Fertilizer Company's Fish
and Potash, Grain and Potato Fertilizers, etc

All orders should be booked NOW as the supply is limited.

WEDNESDAY, APRIL 3, 1918

THE WAR

The fiercest fighting of the entire war is now going on. Field Marshal Haig's latest reports inform the public that the British are regaining ground and successfully beating off attacks of the enemy. French Canadians have fought heroically in the battle of Arras. The gallant crews, who manned the motor cars, mowed down the advancing Germans in great numbers. It is estimated that the German High command have used up a million men in the present offensive and that the enemy casualties are already 300,000. The Halifax Chronicle says: If the war map were closely studied and better understood there would be much less popular uneasiness than there seems to be over the present military situation. Everybody must have known, though many appear not to have realized, that the war has to be fought to a finish, that no peace was possible without victory. It was equally well known that Germany was as confident, if not more confident than ever, of winning. That she was laying her plans and making her preparations accordingly, has long been obvious. It was evident, therefore, that much, and very severe fighting remained to be done.

Bridgetown's Light Will be Sold by Meter.

On the petition of five ratepayers from Bridgetown the Public Utilities Commission asked the Bridgetown Electric Light Co. to file a meter rate. This was promptly attended to and after a meeting of the Board in Bridgetown and another in Halifax, meters will be installed so that the new rate will start from the first of May. The entire report of the Board will be published in a future issue of the MONITOR, which fully explains the situation.

This change was not asked for by the town as a whole or by the Board of Trade, it was simply brought about as noted above and the meter rate was not at any time objected to by the owners of the plant.

Lawrencetown Electric Light

The following bill has been read before the Nova Scotia House of Assembly:

Be it enacted by the Governor, Council and Assembly, as follows:
1. Section 24 of said Chapter 65 is amended by Section 5 of Chapter 125 of the Acts of 1913 and Section 2 of Chapter 147 of the Acts of 1917, is amended by striking out the words "twelve thousand" in the thirteenth line of said Section 24 and substituting therefor the words "fifteen thousand."

A New Publication

The initial number of the "Business Review" came to us last week. It is a forty-eight page journal issued monthly by the Patterson Printing Co., St. John, and will be devoted to the interests of the wholesale and retail trades. It is not stated who the men are that have launched this new publication on the turbulent sea of journalism, but we know they are able journalists, as the initial number of this monthly shows.

Riot in Quebec

QUEBEC, April 1.—The riotous forces in Quebec and the military forces which have taken over the policing of the city, fought a battle here tonight in St. Roch's, the lower town section of the city, as a result of which three civilians were killed, five soldiers and four citizens were wounded and one hundred men placed under arrest.

Denary Meeting.

The annual spring chapter meeting of the clergy of the Rural Denary of Annapolis, which comprises the parishes from Middleton to Weymouth (inclusive) takes place in Digby this week. Beside routine business, papers will be read by Rev. W. S. H. Morris (Middleton); T. C. Mellor, (Annapolis Royal), and J. Reeks, Round Hill.

Local Happenings

Watch for Bentley's adv. next week. The regular monthly meeting of the Town Council was held last night.

Work on the new Masonic hall in Yarmouth is making good progress.

A driving accident occurred on South street Friday evening. Fortunately no one was injured.

Walter Dechman had a successful trouting trip on Round Hill stream Monday, returning with several big ones.

The Baptist Women's Missionary Society will be held at the home of Mrs. F. V. Young, Tuesday evening, April 9th, at 7.30.

The early morning celebration of the Holy Communion in St. James Church next Sunday will be at 7.30, instead of 8 o'clock.

A bill entitled "An Act to Incorporate the Trustees of Hall's Island, Lunenburg," has received its first reading in the House of Assembly.

Beginning next Sunday and continuing until further notice the evening service in the various churches will commence at 7.30 instead of 7.

Quite a valuable pipe was picked up Monday on Granville street, at the foot of Church street, which the owner can have by calling at the MONITOR office.

The sum realized at the Centrales Red Cross concert amounted to twenty-nine dollars and thirty-three cents. The next meeting will be at Mrs. Alton Messinger's.

The choir of the Bridgetown Baptist church was very pleasantly entertained by Mr. and Mrs. J. H. Hicks, at the home of the latter, Granville street, last Wednesday evening.

The Hillsdale, a popular summer hotel in Annapolis Royal, has issued an attractive folder which will no doubt be the means of increasing their business during the coming season.

The First Degree will be conferred in Crescent Lodge of Oddfellows Thursday night by a team from Sunbeam Lodge Middleton. No doubt the lodge room will be well filled with local and visiting members.

The MONITOR is in receipt of a large quantity of poetry (?) This is an annual occurrence at this season of the year and we hope its arrival during the first week in April indicates an early Spring.

We would again remind our readers of the entertainment to be given in the Recreation Hall on the evening of Thursday, April 18th. The management have the promise of a splendid programme. Further particulars next week.

The Spectator says: Many enquiries have been received by the Kegedunkoo Club for attendance this year and it is expected that nearly all who were there last year will come again this season, besides a number from Bermuda, Trinidad, Demerara and other West India points.

The Boys and the Farms

We are informed by Dr. Armstrong, the local director of the Soldiers of the Soil movement, that enrollment week will be from April 7th to 14th, for the Maritime Provinces. During that week throughout the Maritime Provinces, all boys between 15 and nineteen years will have a chance to enroll to assist in a greater production of food materials on our farms and in our gardens. Boys, who lend themselves to this work this summer for two months, will receive the Bronze Service Medal, as well as wages and can feel that they have done as much for their country as their older brothers now overseas.

Premier Borden has just issued a call to the people of Canada, urging the necessity of increased sowing and planting to avoid a crisis and adds that the condition is "grave and urgent beyond the possibility of exaggeration."

Boys from 13 to 15 are also entitled to service badges, if they will assist for three months in this work at home or with relatives or friends.

The MONITOR desires to impress the seriousness of the situation on all its readers. Let us see that the boys are all enrolled next week in both our towns and country places and that other lines of employment give way as far as possible, to give aid to the farmers to insure our part of a big harvest. Not only boys are needed but every person who can assist by their own labor, whether old or young, male or female, should take this call for service to heart, and do some part in this most important work that now faces those who remain at home. Unless we sow or plant we cannot have a harvest. Spring is here, let us launch our great victory drive and earnestly and seriously do our part that famine and want may not come to our land or even to our allies in Europe.

Riverside Cemetery Co.

The Riverside Cemetery Company celebrate their sixth birthday in Warren's Hall on the evening of April 16th, at 7.30 o'clock.

As the annual business meeting of the Company will be held at that time, lot owners are requested to see that all taxes are paid in before this date. It is most inconvenient carrying forward old dues from year to year and a great hindrance to the work. Attention is also called to the fact that the fifth payment on the Victory Loan is due this week and every available dollar is needed to meet this instalment of \$220.00.

A Narrow Escape

Mr. Arthur T. Marshall, a very popular resident of Clarence, was severely kicked by one of his horses in his stable on Thursday and had not been killed. His many friends will be pleased to learn, however, that he is now on the road to recovery, which we trust will be a speedy one.

A splendid showing in ladies' spring suits, new, up-to-date and fine fitting. O'NG & WHITMAN.

Death of Mr. Gilbert Conrad

We deeply regret to have to announce the death of Mr. Gilbert Conrad, of Brickton, which occurred on Sunday afternoon, March 10th. In the passing away of Mr. Conrad, the community is deprived of a man who was highly respected and whose demise will be mourned by a large circle of relatives and friends. The funeral, on Tuesday afternoon, was, notwithstanding the storm, largely attended by those who came to pay the last tribute of respect to a departed friend and to express their sympathy with the bereaved. Services were conducted at the home of the deceased, by Revs. F. H. Beals and S. J. Royce, of Lunenburg. The pall bearers were Revs. R. D. Stevenson, P. G. Banks, Horace Reid, Charles Harris. The remains were laid to rest in Fairview cemetery. The deceased is survived by a sorrowing wife, one daughter, Miss Hazel, who is teaching at Lake La Rose, and one young son at home, who have the sincere sympathy of very many friends.

Edward Graham, brother of Fred E. Graham, of Halifax, and George E. Graham, of Windsor, who enlisted with the Western Scots at Vancouver, has been decorated for conspicuous gallantry. Mr. and Mrs. Arthur Pettipas, of Dartmouth, have spent a few days in town, the guests of Mr. and Mrs. J. A. Myers. Both are up-to-date newspaper people, the former on the Halifax Herald and the latter formerly on the Chronicle. Messrs. R. U. Parker, general passenger agent of the D. A. R., and W. A. Cunningham, division freight and passenger agent of the H. & S. W., were in Yarmouth and returned by their respective lines for Halifax Friday morning. Pte. Bertram Williams, of the 61st

ton expects to finish his contract work at Aylesford this week. U. S. Infantry, now in training at Charlotte, N. C., made a brief visit to his parents, Mr. and Mrs. Abner S. Williams, of Granville street, last week, and was heartily welcomed by a host of friends in Bridgetown and vicinity. Mr. and Mrs. R. Parker Whitman, who were staying a week with Mr. and Mrs. Edgar McCormick, Annapolis, left on Tuesday for British Columbia to reside. Mr. Whitman was formerly a member of the well known and popular dry goods firm of Strong & Whitman, Bridgetown. Middleton Outlook: Pte. Kempton Hyson, who drilled in Middleton, two years ago with the 112th, spent the week-end in Middleton. He was only 16 years old when he was in Middleton before and was one of the boys sent back home from the trenches too young for service. Pte. Hyson was accompanied on Sunday by his brother, Truman. Gloucester Times, March 23: Mr. and Mrs. Eben Currier, of East Gloucester, left yesterday morning for Bear River, Nova Scotia, where they attended the funeral of the latter's sister, Miss Susan B. Harris, which was held Wednesday. Miss Harris has visited her sisters here several times and while here made many friends, who will regret to hear of her passing away. She is survived by several sisters and brothers, among them being Mrs. William F. Marshall, Mrs. Ezra H. Currier and Mrs. Eben Currier, of this place, and Mrs. E. M. Clark, of Porters Hills, who have the sincere sympathy of their many friends in the loss of their sister. New Glasgow Enterprise: Rev. J. A. Ramsay and Rev. B. J. Porter exchanged pulpits on Sunday morning. This was the first time St. Andrew's had the privilege of hearing Rev. Mr. Porter. He is quick, alert and bright in all his conduct of the different functions of the public services. His giving out of the intimations was simply to read, quickly and distinctly, the intimation, and then stop—the proper way. His prayers were earnest and comprehensive, and his sermon—barring a little pardonable excursion into the functions of a minister—excellent; strong, bright well and forcibly delivered. The many fitting and homely illustrations were very illuminating, and he held his audience closely all through. [Rev. Mr. Porter was pastor of the Bridgetown Methodist church for six years, preceding Rev. A. R. Reynolds]

MISERY FOR YEARS

Mrs. Courtney Tells How She Was Cured by Lydia E. Pinkham's Vegetable Compound.

Oskaloosa, Iowa.—"For years I was simply in misery from a weakness and awful pains—and nothing seemed to do me any good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and got relief right away. I can certainly recommend this valuable medicine to other women who suffer, for it has done such good work for me and I know it will help others if they will give it a fair trial."

FISH PACT TO REDUCE PRICES

United States and Canada Adjust Old Dispute

[Boston Globe]

A vast increased supply of fresh fish in the United States, particularly in New England, is expected to result from the settlement of the long-standing fisheries dispute between Canada and the United States. It is generally believed that the agreement will result in the immediate enlargement of the fleet bringing fish into Boston, which for some time has lacked vessels and men, and that as a consequence fish prices will fall far below the levels of the past winter, when local fishing vessels have broken all records for stocks.

Persons familiar with conditions in Boston declared that under the new agreement both the American and Canadian fleets will benefit, although some of the fishermen themselves do not appear to share this view. Even the fishermen, however, agree that the new conditions seem bound to result in more fish and lower prices for the American people.

RESTRICTIONS REMOVED

Under the new agreement Canadian vessels will be able, without obtaining licenses, to sail from the fishing grounds to American ports with their catches, buy new bait and provisions, return to the fishing grounds and again repeat this procedure indefinitely. Under the old regulations they were obliged to return to a Canadian port and receive clearance papers before sailing for a port in the United States.

Under this agreement, too, American vessels will be able to enter any Canadian port for repairs, provisions or the sale of their catch without clearance papers from an American port, and without a license or payment of a fee, to which hitherto they have been subject.

In the case of the Cape Shore mackerel fleet and the salt banks fishermen, this will mean the saving of much time and trouble. American fishermen, however, will be obliged to pay the Canadian duty on fish taken into ports of this country, seafoods being on the free list.

Dealers pointed out last night that for some time past men and vessels had been scarce in this country, and that while every effort had been made to secure both, labor is at a premium, and owing to the activities of the Government, it is difficult and expensive to get vessels built. It was also pointed out that a fishing vessel, which costs about \$18,000 in Canada, costs approximately \$25,000 in this country.

On the other hand, they said, it is probable that fishing vessels make more money here, and this, they feel, is bound to have a tendency to attract Canadian vessels to American ports.

DEMAND IN AMERICA HEAVY

For months past, while Canada has been able to export fish abroad, America has been "up against it" to supply even a part of the home demand. It is generally felt in the local fish trade that the agreement will remedy this condition.

Some of the fishing skippers, chiefly those engaged in fishing on the shore grounds, appeared to feel that the agreement hits them rather hard. They pointed out that they never sail to Canadian ports, and will have to compete here with Canadian fishermen.

and New England fish merchants associates. It was found at the hearing that the feeling was practically unanimous among those connected with the fisheries both in the United States and Canada, that the agreement would work greatly to the advantage of both countries.

DESERVES SPECIAL RECOGNITION

East Boston Woman Has Knit Nearly 300 Pairs of Socks for Soldiers

Nearly 400 pairs of socks for the feet that are stamping out Prussianism have been turned out by the busy knitting needles of Mrs. Margaret McKie, of 118 Princeton St., East Boston, and she hasn't knitting nerves either.

Mrs. McKie, who is a native of Nova Scotia, although she has lived in East Boston since she was a child, began knitting way back in 1914 for the Canadian soldiers. Since the United States became a participant, however, she has been working for the Red Cross. Because her socks were so perfectly made she was asked to make nothing but footwear, leaving the simpler garments for the less experienced knitters.

"I really like to knit," said Mrs. McKie with the pretty, youthful smile, which betrays her silvery hair. "Besides, I think it is every one's duty to do all they can to help the boys who are fighting this awful war. I've seen dozens of letters from soldiers in France, saying how much they need socks, and what a Godsend it is to them when they come out of those dreadful trenches all soaking wet to be able to change into warm, dry socks."

"What I can't understand is how girls and young women can knit sweaters for themselves, when wool is so scarce and so much needed for the boys. O, yes, I shall keep right on knitting. I hope to finish my 500th pair soon."

Mrs. McKie's grandson, Edgar R. Gould, is over at Tech. in the Aviation School and Mrs. McKie says she expects he will be going over soon. Several of her husband's relatives are in the British Army and one has been killed.

"I don't believe there was ever a war when so many people were working to help the soldiers," Mrs. McKie remarked. "In the Civil War, while a great deal was done for the men it was not anywhere near so general. Now it seems as if everybody was doing his or her bit for the boys. And that's the way it should be."

Newfoundland's Fishing Industry

[From the Boston Monitor]

Speaking recently at the Aldwych Club, on the subject of the Newfoundland fisheries and their bearing on Great Britain's food supply, Lord Morris, former Premier of Newfoundland, said fishing had been an industry in the colony for over 300 years. The far-famed cod fishery of Newfoundland was so prolific that it completely overshadowed the others. All the fish, Lord Morris said, was at present marketed for Latin countries, but if a system of cold storage was installed round the Newfoundland coasts, with a proper means of collecting the fish in small boats, and with the provision of central depots, the fish could be collected and shipped to Great Britain. The catch, he said, could in this way be doubled with less labor and without any expense for salt.

Lord Morris also referred to the seal fishing industry. About 13,000 men, he said, had been engaged at one time in sealing, and as many as 700,000 seals had been landed in one month. Although formerly the pelts had fetched about twice as much as they did at the present time, the industry, he said, was still an important one. Salmon fishing in Newfoundland was also pursued on a large scale, but the fish were only dealt with in a salted stage. The herring fishing, Lord Morris said, could be made as important as the cod industry and as valuable as the Scottish herring fishing. When developed it would be capable of providing employment for 30,000 or 40,000 returned soldiers, and would, besides, make a valuable supply of food available for the Empire. The great fisheries of Newfoundland and Labrador were practically untouched. All round the coast were to be found sole and plaice, and yet, although he had lived in Newfoundland all his life, he had never seen flatfish offered for sale or consumed in that country. At certain seasons of the year, he also stated, small and very appetizing fish visited the coast in such shoals that the water became black with them and it was hardly possible to row a boat through them. They were simply shoveled up into carts and used as fertilizer. In conclusion, Lord Morris appealed to capitalists to help in the development of the Newfoundland fisheries.

It is reported that two brothers living near Bridgetown look so much alike that they frequently borrowed money from each other without knowing it.

GRAY-DORT

The Quality Goes Clear Through

ACCURACY

THERE you have the secret of Gray-Dort goodness—accuracy, balance, precision, smoothness, scientific design—everything that makes for harmony in a motor car.

Take the motor for example. Designed by Etienne Planche, perfecter of the world-famed Peugeot motor. Built by a corps of engineers who devote to it the care given to the costliest motors. Simple and strong; yet so accurate, so finely co-ordinated, that it gives unusual power, speed, smoothness, long-life.

Every other working part is the same. The transmission, the brakes and operating parts—all work smoothly, with watch-like accuracy. And you know the life of a good watch.

The same spirit of harmony makes the body lastingly handsome—the tonneau comfortable and roomy—the driving easy and untroubled—the frame sturdy and safe.

Trouble, as known to most motorists, is absent from the Gray-Dort. It demands the minimum of attention and repairs. Care in manufacture has made it to be relied on—serving not only well and long, but serving season after season unflinchingly.

Undoubtedly Canadian motorists are coming to the Gray-Dort. Ultimately you will join them.

The new Gray-Dort embodies all the good features that won instant success for former models. The 4-cylinder motor is a triumph of smooth, economical speed and power. The chassis is sturdy and quiet. The springs are long. The upholstery is deep. The equipment is absolutely complete from electric starting and lighting to the tools. New lines of beauty have been given this model. The five-passenger touring car is \$1,125; the three-passenger fleur-de-lys roadster is \$995; the Gray-Dort special, beautifully finished and with extra details of equipment, is \$125 above the list. All prices are f.o.b. Chatham.

TRAWLER'S RECORD CATCH

Stock of Nearly \$18,000 by Stmr Seal For Single Trip

[Boston Globe]

Records for large catches of fish were smashed when the beam trawler Seal, Capt. Henry Atwood, came into the Fish Pier with 324,500 pounds of groundfish. The vessel left for Western Bank three weeks ago, but blew out her cylinder head and was obliged to put into Halifax, where she was delayed a week.

In the vessel's holds were 178,000 pounds of haddock, 83,000 pounds of scrod, 27,000 pounds of large cod, 32,000 pounds of market cod, 4,500 pounds of pollock. It was reported that the vessel would stock nearly \$18,000, which is also a record for a single trip. Six other vessels arrived at the Fish Pier with 250,000 pounds, making the total receipts for the day 575,100 pounds. Prices were high, the wholesale dealers quoting 9 1/2 to 11 1/2 cents

AT 60 ENJOYING PERFECT HEALTH

By the time a man or woman is 60, the kidneys and bladder need a little help to keep them in good working order.

Rheumatism and backache so often accompany the later years of life, most people have an idea health and vigor cannot be expected much after the fiftieth year.

As a matter of fact there is no basis for these fears, we could show a number of letters proving our contention that if GIN PILLS are taken to keep the urine normal, prevent colds settling on the kidneys or bladder, and ward off Rheumatic attacks, almost everyone can enjoy perfect health at this late period.

To quote from a letter received from a prominent Consulting Engineer of New York City—"Your remedy I find, at 69 years of age, to give perfect relief from the Kidney and Bladder troubles incident to one of my age."

Perhaps you know a man or woman whose life is made a torment by Rheumatism, Backache, Sciatica, or Swollen Joints. Don't let it continue, for GIN PILLS will surely bring that longed-for relief. You don't have to buy GIN PILLS to try them. Write for a free sample. The schooner Monarch, Capt. Iver Carlson, which arrived at the South Boston Fish Pier Monday, with 100,000 pounds of fish from Georges Bank, stocked \$7000, each member of the crew receiving a check for \$175. The vessel was out only a week and her catch was made in two days.

GIRLS! ITS YOUR STEP THAT ATTRACTS

Saves Women Pay too Much Heed to Their Face Instead of Corns

Watch your step! A brisk, lively step is what charms more than a lovely skin, but your high heels have caused corns and you limp a little. That's destroy beauty and grace. Corns are very easy to remove.

Rid your feet of every corn by asking at any drug store for a quarter of an ounce of freezeone. This will cost little but is sufficient to remove every hard or soft corn or callus from one's feet.

A few drops applied directly upon a tender, touchy corn relieves the soreness and soon the entire corn, root and all, lifts right out without pain.

This freezeone is a creamy substance which dries instantly and simply shrivels up the corn without inflaming or even irritating the surrounding skin.

Women must keep in mind that cornless feet create a youthful step which enhances her attractiveness.

A Provincial Railway Bill.

The following bill is now before the House of Assembly: "Be it enacted by the Governor, Council, and Assembly as follows:

"1. Section 1, of sub-section (2) of said Act, is amended by repealing the said sub-section, and substituting therefor the following:

"Every railway company shall, before December 31st, 1918, equip all rolling stock with couplers which couple automatically by impact, and which can be uncoupled without the necessity of men going in between the ends of the cars."

Explosion in Annapolis

[Spectator]

What might have been a very serious explosion happened in the kitchen of G. G. King's house last Saturday morning, when the stove was blown to pieces and Mrs. King sustained several cuts and bruises. It seems that she had been doing some painting in the pantry the day before and left the doors open at night for the paint to dry, not anticipating that the mercury would drop to zero with a gale of wind before morning. On lighting the fire in the kitchen range, however, the explosion occurred, the water-jacket having been frozen solid. Mr. King happened to be out of the kitchen at the time and escaped damage altogether.

The Wolves Were Hungry

Angus McGregor and his colle dog left the Canadian Pacific Railway main line at Kamloops and went north and west for six days to get into good trapping and hunting territory for a winter's work. They made several trips before the snow came and shut them in. When winter shut down there was much cold weather and not an excessive amount of snow. The rabbits drifted north to the thicker brush, and McGregor and his dog extended their lines twenty miles further. Big snow came and the wolves found hard work to get a living, though the rabbits and partridges were fat and contented. McGregor took a lot of fur, mink, lynx, marten and fox.

One day while on the trail of a moose he saw a big black wolf looking down. The colle saw it too and rushed to the conflict. The wolf turned and fled, and when the man topped the rise he saw his dog nearly a half mile away still fiercely pursuing the wolf which had just entered the mouth of a steeply sloped draw. Half way up the draw the wolf flanked, and down from either flank swept two more wolves. The first brute had acted as decoy for the dog. The colle, realizing his danger, wheeled and ran toward his master, pursued by all three of the wolves. He himself finally against the feet of McGregor, while the wolves, gaunt, hungry and unusually fierce came right on, and only swerved aside to circle when the man yelled. One he shot before the others fled, and a few days later, having placed out "baits" he had the satisfaction of picking up the other two big, black bodies.—L. V. K.

Real West Canadian Fur

THOSE who have never had the privilege of seeing a wild fox in the full glory of his winter clothing cannot begin to form a conception of the beauty of the dress. In the foothills and mountains of western Canada these animals reach practically the same perfection they do in the bitter cold of the Arctic. Some people claim they possess a more showy coat because they generally fare better.

The ordinary dweller of the cities pictures a fox as an indefinite red creature something like a wolf or a dog, but possessing a big tail. They know a fox is called red generally, but they do not know the shade. Those people who have seen foxes in cages also cannot appreciate the vast difference between the captive and the free.

The true wild fox in winter is a wonderful creature of soft blendings of bright gold, cream, the purest of white, the sharpest of black. Every hair shines with life and vigor, and the brush is a magnificent appendage which would make a true cross-country fox-hunter kill an Irish hunter to obtain.

A splendid type of red fox trotted up the snow-covered ice of the headwaters of the Red Deer River in Alberta. He heard the sound of splintering shell-ice and he paused to listen. Far ahead some Stoney Indians, returning from their big annual game drive to the Clearwater and the Saskatchewan were crossing southward, their ponies laden with the meat of bear and deer and moose. They were bound for their homes in Morley, thirty miles distant, where they would sit in comfort in the warm log cabins for the remainder of the winter, going out perhaps only to feed their saddle horses or to pose in their blankets on the Canadian Pacific Railway platforms for the benefit of any tourists who might be travelling.

The fox took to the brush. It was high noon; clouds had rolled down from the peaks and soft new snow was falling. Crossing another bend of the river he came to a river flat where the body of a dead horse lay. He was as cautious as any fox but he was confident that no harm lay in the meat of this carcass because on the preceding night he had sunk by the white coyotes made the darkness ring with their unpleasant bickering over the feast. So, picking out a choice part of the neck he ate, and then went on.

But sometime during that morning a hunter in the district had "salted" had heard the coyotes at it and he had been waiting for just that development, knowing that after their caution had been blunted by one feed they would be back again and he would be able to harvest some fur. By and by he came to inspect his "bait." He saw the fox tracks in the

HALIFAX RELIEF FUND first relief unit sent from Boston to Halifax, Mr. Pearson was invited to appear before both branches of the Legislature, and in a brief address conveyed the thanks and gratitude of his people for substantial help provided immediately after the explosion of a munition ship in the harbor which laid bare a densely populated area of two and a half square miles. Mr. Pearson declared that if there should ever be an opportunity of showing by deeds "how sincerely grateful we are, Nova Scotia, the Mouse, will not hesitate to tender its humble service to Massachusetts, the Lion."

Mr. Pearson, who is publisher of the Halifax Chronicle, and in active charge of reconstructive activities, came to Boston to arrange for the shipment of additional furniture to equip homes recently built for the destitute. The Massachusetts fund amounted to approximately \$650,000, and Mr. Endicott's committee expressed its approval over the manner in which it has been used.

The local committee was particularly impressed with the report of Mr. Pearson, which showed among other things that "The Governor McCall Apartments," built on public lands, had accommodations for 320 families, or about 2000 persons, the street on which the building stands has been named Massachusetts avenue. Rhode Island and Endicott avenues are nearby.

In addressing the Senate and the House, Mr. Pearson said in part: "You are now engaged in a world war. Speed the time when final and complete victory shall grace the Allied standard and we Canadians can join with you in each year thereafter on a certain day in celebrating another triumph of those eternal principles for which our forefathers fought and died.

"Gentlemen of Massachusetts, in the name and on behalf of the people of Halifax, whose unaccredited representative I am, I thank you from the bottom of our hearts for all you have done for us."

Dear Friend: You will no doubt be wondering who the writer of these few lines could be or where he may have found your address, but the enclosed receipt will no doubt make the situation plain to you.

ST. CROIX COVE (cont.)
I ask you to excuse any delay in writing you, as I had mislaid your address. I only had the receipt for your dear brother's personal belongings, which I trust you will receive through the War Office.

ST. CROIX COVE (cont.)
Now, Miss Brinton, as I was only a few yards from your brother when he met his death, it may be a little comfort to know that his death was instantaneous and that he got a decent burial behind the firing lines.

The sad affair happened in the last hour of a 19 day trip in the trenches, and your brother had come out from an outpost to act as a guide for the incoming relief and was struck by a piece of shell known to us as "Pine Apple."

ST. CROIX COVE (cont.)
Now, Miss Brinton, being rather a poor hand at expressing my sympathy in letter writing, I trust you will excuse this poor attempt, as I am sorry to say I never was acquainted with your brother, but I am glad to be able to say that those who knew him best in his patoon had nothing but praise for him as a companion and soldier, and I can realize very well how awful hard the sad news would be to you and his friends and loved ones at home.
