CANADA LUMBERMAN

WEEKLY EDITION

The Lumberman Monthly Edition, 20 pages } \$1.00 PER YEAR (The Lumberman Weekly Edition, every Wednesday

THIS PAPER REACHES REGULARLY THE PRINCIPAL LUMBER MANUFACTURERS AND DEALERS THROUGHOUT CANADA, AND WHOLESALE BUYERS IN GREAT BRITAIN, THE UNITED STATES, AND OTHER FOREIGN MARKETS.

VOL. VII.

TORONTO, ONT., JANUARY 8, 1902

No 18

CANADA LUMBERMAN

PUBLISHED BY

The G. H. Mortimer Publishing Co's
of Toronto, Limited

Confederation Life Building - TORONTO.

Branch Office:

IMPERIAL BUILDING, MONTREAL.

Weekly Lumberman, published every Wednesday. Contains reliable and up-to-date market conditions and tendencies in the principal manufacturing districts and leading domestic and foreign wholesale markets. A weekly medium of information and communication between Canadian timber and lumber manufacturers and exporters and the purchasers of timber products at home and abroad.

Lumberman, Monthly. A 24-page journal, discussing fully and impartially subjects pertinent to the lumber and wood-working industries. Contains interviews with prominent members of the trade, and character sketches and portraits of leading lumbermen. It contains special articles on technical and mechanical subjects especially valuable to saw mill and planing mill men and manufacturers of lumber products.

WANTED AND FOR SALE

Advertisements will be inserted in this department at the rate of 15 cents per line each insertion. When four or more consecutive insertions are ordered a discount of 25 per cent. will be allowed. This notice shows the width of the line and is set in Nonpareil type; 12 lines make one inch. Advertisements must be received not later than 4 o'clock p. m. on Tuesday to insure insertion in the current week's issue.

WANTED—An up to date Band Saw Mill with or without carriage, second-hand. Give all particulars and lowest price. Box 33, CANADA LUMBERMAN.

Wanted--To Contract.

THE OUTPUT OF MILLS CUTTING 16" AND 18" Pine and 18" Cedar Shingles of good manufacture and quality. State prices, different grades and when first shipments can be had. Immediate correspondence solicited. Address, J. G. STRAIT & SON, Wolcott, N. Y.

AUCTION SALE

OF

VALUABLE TIMBER LIMITS AND LANDS.

There will be offered for sale by Public Auction, at the Russell House, in the city of Ottawa, on

Wednesday, the 19th day of February, 1902,

at two o'clock in the afternoon, the Timber Berths and Properties owned by Mr. William Mackey, on the River Amable du Fond, Province of Ontario. The limits are in one block containing 1200 square miles, timbered with white and red pine of superior quality, spruce and other woods, and are well watered, making a very short average draw. Part of the block is still a virgin forest containing large board pine of the finest quality with a very short haul. With above are included deceded lands on which are built slides and dams; and at Eau Claire station, Can. Pac. Ry., a well-equipped saw, planing and shingle mill run by water power.

The whole will be sold in one block. Maps and descriptions of limits may be obtained from

W. MACKEY

Ottawa, 4th Dec., 1901.

WANTED—BLACK ASH LUMBER, CUT to order. Apply to J. KAUFMAN, Berlin, Ont.

FOR SALE—CHEAP. 3 cars 1 1/2 inch Cull Maple, 3 cars 1 inch and 3 cars 2 inch Beech. REID BROS., Hepworth Station.

FOR SALE.

LARGE STREAM SAW MILL, COMPLETE can ship Seaforth or Brussels. J. R. GOVERN, Lock, Seaforth, P. O.

FOR SALE OR RENT.

FIRST-CLASS SAW AND PLANING MILL, in good locality. For particulars apply to A. S. STROMS, Fordwich, Ont.

WANTED—INCH BIRCH, STRICTLY 18 and 28 eight inches and up wide. Quote lowest price delivered on cars point of shipment. J. F. STENORL, 990 Ellicott Square, Buffalo, N. Y.

WANTED—An up-to-date 3 or 4 block carriage, medium weight, for mill of 18 M capacity, must be good as new. Give full particulars and price. Address "Right-hand Carriage," care CANADA LUMBERMAN.

For Sale.

One 54 inch double cant oscillating gang, Wm. Hamilton make, extra strong and in running order. Apply G. B., care CANADA LUMBERMAN.

WANTED—In car lots, mill run or common and better 1 1/2 inch, 2 inch, 2 1/2 inch and 3 inch dry Soft Elm. Also 1 inch and 3 inch fair grade Basswood. State lowest price f.o.b. cars, Markham Station. Address TAYLOR & LOUNT, Markham, Ont.

Cedar Poles Wanted

A LARGE quantity of cedar telegraph poles wanted, 25 to 65 ft. long, 7 inch top, for early spring delivery. Quote price f.o.b. cars point of shipment. Box 33, CANADA LUMBERMAN.

A FIRST CLASS BAND MILL, SITUATED on the Georgian Bay, is open to contract for sawing from two to four million feet logs during summer of 1902. Good piling ground and shipping facilities. State size and quality of logs. Apply in first instance to this office.

BOX SHOOKS WANTED.

We have large export orders for Box Shooks, principally in Spruce, for butter, candle and soap boxes. Also Birch and Maple squares, chair-seats, etc. Apply for particulars to C. F. BRAND, Hinywood & Co., Cardiff, Wales, G. B. Payment cash.

WANTED

A steady, energetic, thoroughly experienced and competent man as foreman for a large shingle mill, equipped with Dunbar type of machine. Night and day capacity per year, 100 million.

Must be an expert on shingle saw filing and hammering, and thoroughly understand the Dunbar machine, and be able to do mill-wright work, know how to handle men, and write and figure fairly well. None but a strictly temperate man need apply.

Prefer a man not over 40 years old. An excellent salary and steady employment to the right man.

Apply "Shingle," care this paper, for further particulars.

D. & O. Herrington, planing mill, Unionville, Ont., have dissolved, D. Herrington continuing.

The large saw mill at Fesserton, Ont., owned by W. W. Carter, together with 200 piles of lumber, was totally destroyed by fire on January 1st. The mill alone was worth about \$25,000.

CURRENT TRADE CONDITIONS. ONTARIO.

Business for the week in white pine lumber has been satisfactory. Retail dealers report some buying for immediate requirements, while a feature of wholesale trade is the inquiry for stock for future delivery, an indication that the supply of lumber in the hands of retailers and consumers is light. Some of the largest manufacturers have sold a considerable portion of the coming season's cut, while practically all the British specifications of the Ottawa valley mills have been contracted for. There has been a slight improvement in red pine, which suffered during the past two years from over production and from severe competition from spruce and Baltic timber. Occasionally a report is heard that mill culls are slow of sale, but in view of the strength of other grades, this weakness is likely to be only temporary and to be relieved as the spring season is approached. The expected small production of hardwood logs this winter is having an effect upon that class of lumber, and the feeling is more confident than it has been for some time. The quantity of hemlock and cedar logs taken out this winter is likely to be slightly above the average.

QUEBEC AND NEW BRUNSWICK.

No. 2 spruce boards and spruce lath represent the chief lumber moving in the eastern provinces. Shingles are in good demand, but the supply is short. No further advance in prices has as yet taken place, although there are indications in that direction. The statement of stocks wintering at Quebec, recently compiled, makes a most favorable showing in nearly all classes of timber. The stock of pine deals is very small, while that of spruce deals is little more than one half that of last year. The export of square and wane pine was 2,317,443 cubic feet, leaving the stock over 350,000 feet less than one year ago. Of oak the stock is only 126,000 feet, which is less than half the wintering stock of last year. The export of birch during the year was heavy, and leaves the supply almost exhausted. The situation in elm is different, owing to a heavy production of that timber. There was received at the port of Quebec 1,023,372 feet, the export was 548,864 feet, and the stock wintering is 594,922 feet. The outlook for this timber, in view of the heavy stock, is not very promising, although a very small quantity is being taken out this winter, which will permit

of the present surplus being reduced. Altogether, the outlook is favorable for firm prices next season. Lumbermen in the Maritime Provinces report numerous enquiries for stock, and anticipate a large demand from the United States.

MANITOBA AND BRITISH COLUMBIA.

While the retail demand for lumber in the west is small at the present time, operations in the woods are being conducted on an extensive scale. Large contracts for railway ties have been given out, and more men are at work in the Lake of the Woods district than in any previous season. The interest of British Columbia lumbermen is centred in the proposal of the British Columbia Lumber and Shingle Manufacturers' Association to adopt a schedule of prices to apply locally and as far east as Manitoba. Owing to the keenness of competition, cutting of prices has been indulged in to some extent in the past, and consequently the business has not been profitable. Manufacturers hope by working together to bring about better conditions in the trade. It will also be the aim to limit the production, especially of shingles, as the total mill capacity is much in excess of the consumption. A rumor is current that an effort is to be made to combine all the mills on the Pacific coast doing an export trade. The report, however, is not confirmed at time of going to press.

UNITED STATES.

But for the car shortage the movement of lumber in the United States would be much heavier. The activity is remarkable for the season of the year, and augurs well for a brisk spring demand. Reports from the east tell of a very strong market for white pine. Our Buffalo list this week shows an advance of \$2 per thousand in all grades of uppers and selects, and of about one dollar on several items of fine common and cutting up stocks. The scarcity of the higher grades is such that dealers are not anxious to sell at present quotations. There is no weakness at any point. Saginaw buyers have secured over 150,000,000 feet of stock already at outside points, which is to be taken to the yards there during the coming season. Better things are expected for hardwoods in the near future. Stocks are becoming reduced and will be light when the new cut is ready for the market. The better feeling at Buffalo has resulted in an advance in the price of thick ash

and of white birch and soft maple. A temporary falling off in the demand for shingles is reported, due to the holiday season. Prices, however, continue unchanged. Lath is moving liberally. At Cleveland No. 1 white pine brings \$4; No. 2, \$3.50; and No. 1 hemlock, \$3 to \$3.25.

SOCKS AND PRICES.

The log cut on the Restigouche river, in New Brunswick, this winter is estimated at 30,000,000 feet, or 5,000,000 feet short of last winter.

Mill owners at St. John, N. B., expect to get higher prices for spruce deals than they did last year, and are talking of \$13 for city cut deals, with the product of small country mills 50 cents to \$1 less.

The strength of hemlock lumber is responsible for a rumor that a further advance in price is to be made by manufacturers. The present base price at Buffalo is \$13.50. It is claimed that if the price should be further advanced it will shut off the building of frame houses and injure all classes of building.

F. E. Neale's circular of lumber shipments from Miramichi and Campbelltown for the season of 1901 shows that 13 vessels were loaded at Campbelltown, carrying a total of 11,349,038 superficial feet, and that 29 vessels sailed from Miramichi, with a total of 44,493,334 feet. The above shipments were made by Mr. Neale, representing Frank Harrison & Company, of Liverpool, Eng.

Michigan firms operating in Ontario this winter expect to bank a full supply of logs. W. & A. McArthur Co., of Little Current, will have a stock of about 30,000,000 feet; Spanish River Lumber Co., about 20,000,000 feet; Eddy Bros. & Co., and the Michigan Land & Lumber Co., of Blind River, about 40,000,000 feet; The Moulthrop Lumber Co., John's Island, 18,000,000 feet; Arthur Hill Co., Midland, 15,000,000 feet; Holland & Emery Co., Byng Inlet, 40,000,000 feet; while Pitts & Charlton, of Little Current, and the William Peter Estate, of Parry Sound, are calculating upon a full output.

Concerning the Barbadoes lumber market Messrs S. P. Muson, Son & Company, under date of September 21st, say: The "Lewanika" arrived on December 7th from Hantsport, N.S., with 308,000 feet white pine lumber and 38,000 feet spruce. On the 10th inst. the "Edna" arrived, with 106,000 feet white pine, 174,000 feet spruce and 75,000 feet hemlock, which had been contracted for; and on the 18th the "Kipling, from Bridgewater, N.S., arrived with 85,000 feet white pine shippers and 95,000 feet refuse, which has been sold at \$23.11 and \$19.11 respectively; second quality, \$17.11. In spruce no other arrivals have taken place, but we have a cargo contracted for on the way, and have also placed a nearby cargo to arrive at \$19 round. We do not think that prices of either white pine or spruce

can be maintained if further arrivals take place, unless the neighboring islands are in a position to take some lumber, as the dealers are all supplied with contract cargoes. No further receipts of shingles have taken place. We have sold a quantity of lathing at \$1.70 to \$1.75. Clairemont, Man & Company report that Gaspe long cedar shingles are wanted at \$4.40 to \$4.75 as to quality, and that a spot sale of cedar lathing has been made at \$1.00.

White Chicago assortments are in the main fairly balanced and stocks at the majority of the yards are practically as heavy as at the opening of last year, the American Lumberman says there is a most pronounced scarcity of several sizes of piece stuff and boards. In the former 2x12s and 3x12s and 2x10s and 3x10s in the short lengths are among the scarcest and most desirable items wanted. Anything in piece stuff over 18-foot is also in low supply. Some of the recent prices f. o. b. cars are as follows: 2x12-10, 12 and 20, \$19.50; 2x12-14, 16 and 18, \$19; 2x10-12 and 18, \$17; 2x12-14 and 16, \$16.50; 3x12-12, 14 and 18, \$19.50; 3x12-16, \$19; 3x12-20, \$20.50. Eight-inch, No. 1 stock boards, 20 to 16-foot, \$21; 10-inch No. 1 stock boards, 10 and 12-foot, \$22; 14 and 16-foot, \$21; 12-inch No. 1 stock boards, 10 and 12-foot, \$25; 14 and 16 foot, \$24; 8-inch No. 2 stock boards, 16-foot, \$19; 10-inch No. 2 stock boards, 10 and 12-foot, \$19.50; 14 and 16-foot, \$19; 12-inch No. 2 stock boards, 10 and 12-foot, \$22; 14 and 16-foot, \$21; No. 1 boards all lengths, 10 and 16-foot, miscellaneous widths \$20; No. 2 boards \$19. Shingles, extra "A" white pine, \$3; standards, \$2.35. White cedars extra "A" \$2.85; standards, \$2.25. No. 1 pine lath, \$3.50; No. 2 lath, \$3.25.

THE BOSTON MARKET.

The outlook for spruce lumber at Boston is very firm, though trade is limited at present. Quotations are unchanged: 10 and 12 inch dimensions, \$20; 9-inch and under, \$18 to \$18.50; 10 and 12 inch random lengths, 10 feet and up, \$19 to \$19.50; 2x3, 2x4, 2x5, 2x6, 2x7 and 3x4, 10 feet and up, \$16.50; all other randoms, 9-inch and under, 10 feet and up, \$17.50; 5-inch and up, merchantable boards, \$15 to \$16; matched boards, \$17.50 to \$18.50; out spruce boards, \$12.50 to \$13; bundle furring, \$16 to \$17.

Hemlock continues to be firmly sustained, with trade quiet: Boards, 12, 14 and 16 feet, \$14 to \$14.50 for good eastern; Pennsylvania, No. 1, \$16 to \$17, No. 2, \$14.50; random \$13 to \$13.50.

The position of western pine is explained to be very firm, with the outlook strong. The supply in the immediate west is fully under control, with the pine lands of the farther west being bought up. It is understood that eastern capital is going into these pine lands. Trade here continues quiet: Uppers, 1-in. \$70 to \$72; 2 1/2 and 3 in. \$75; 4-in. \$80; selects, 1 to 1 1/2 in. \$63 to \$65;

2-in. \$65 to \$67.50; 2 1/2 to 3 in. \$72 to \$75; 4-in. \$75 to \$80; fine common, 1-in. \$48; 1 1/2 to 1 3/4 in. \$54; 2-in. \$55; 2 1/2 and 3 in. \$63 to \$65; 4-in. \$70; barn boards, \$23 to \$32; coffin boards \$25 to \$28.

Hardwoods are unchanged, with the demand quiet; One inch, whitewood, \$38 to \$40; thicker, \$39 to \$42; 5/8 inch, \$30 to \$35; 4-aps, inch, \$25 to \$30; common, \$23 to \$25; quartered oak, \$56 to \$65; fancy, \$70 to \$75; plain oak, \$40 to \$47; black ash, \$40 to \$50; white ash, \$45 to \$55; cherry, \$90 to \$130; maple, \$32 to \$40; sycamore, quartered inch, \$43 to \$45; plain, \$35 to \$40; walnut, \$100 to \$130.

Shingles continue firm, though the demand is quiet: Extra cedar, \$3.25 to \$3.30; clear, \$2.85 to \$2.95; second clear, \$2.30 to \$2.35; sap, \$2.15 to \$2.20; extra No. 1, \$1.75 to \$1.80; Washington and British Columbia, 16-inch, five butts to 2 inches, \$3.46 to \$3.50.

Clapboards are scarce and firm, with a limited demand: Extra spruce, \$32 to \$33; clear, \$30 to \$31; second clear, \$27 to \$28; extra No. 1, \$18 to \$20; pine extra, \$48 to \$50; clear, \$43 to \$45; second clear, \$38 to \$40.

Laths are quiet and unchanged: One and five-eighths inch, \$3.15; 1 1/2 inch, \$3.10.

WHITE PINE CONDITIONS.

The condition of the lumber market in the Lake Superior district may be taken as the barometer of the white pine trade of the United States and Canada. In the last issue of the Mississippi Valley Lumberman that market is reviewed as follows:

The current conditions in the white pine market, with the single exception of the badly shattered stocks, are all that could be wished by the manufacturer. There has been a falling off in the demand during the holidays and the taking of the inventory by the dealers, but a light business at this time was desired by the manufacturers that they might wind up the year's business and see in just what position they were to take care of the spring trade. Inventories are not yet complete, and so the figures showing stocks on hand January 1 are not obtainable, but it is safe to assume that stocks in the Mississippi and Wiscon-

sin valleys taken together are not less than 13 per cent. under those on January 1, 1901. This is taking stocks as a whole, including both the higher and lower grades. The percentage of shortage in the higher grades is very scarce, and, as stated many times, the shortage will become more pronounced each week. Siding, finishing, boards, fencing, timbers, dimension, lath, shingles are among the most prominent on the "scarce" list.

The past year has been a memorable one for the lumber industry. In the territory tributary to this market, building operations were never so active, and the manufacturers have been taxed to their utmost to supply the demand. The country was never in more prosperous condition, and people have spent and are spending their money freely. The net profits to the farmers, who are large users of lumber, from their crops, are much larger than was first supposed, the extremely large prices they are receiving for their products more than making up for any shrinkage in the size of the crops. All this points to a heavy demand during the present year.

BRITISH TIMBER SALE.

Following is the result of an auction sale held by Foy, Morgan & Company, London, Eng., on December 18th:

Pine—Ex. Mount Royal, from Quebec—6-11 ft. 1 x 5 in. unassorted red, \$5 per standard. Ex. Montreal from Montreal—12-14 ft. 3 x 11 in. third quality, \$13 5/8. Ex. Andoni, from Montreal—12 ft. 3 x 11 in. third quality, \$12 1/2; 13 ft. 3 x 11, \$12 1/2; 16 ft. 3 x 11, \$12 1/2; 15-16 ft. 3 x 11, \$12 1/2; 14-15 ft. 3 x 11, \$12 1/2.

Spruce—Ex. Bavtry, from Quebec—6-8 ft. 3 x 9-11 in. second and third quality, \$7 5/8. Ex. Loughrigg Holme, from Quebec—15 ft. 3 x 9 in. \$7 5/8. Ex. Marian, from Quebec—12 ft. 3 x 11, \$7 10/8; 9-16 ft. 3 x 11, \$7 10/8.

FOR SALE.

A number of very valuable pine and other timber limits on the north shore of Lake Huron and elsewhere for sale. Also limits bought and sold on commission and estimates given. For particulars, apply to

New Mill Erected 1901. Capacity 100 Million a Year.

Spicer Shingle Mill Co., Limited

It is not the purpose of this advertisement to try and convince the Lumber Trade of Canada that we are the only company in British Columbia manufacturing and shipping shingles in large quantities, or that we "know it all." We recognize that "there are others" and that we are not the only "pebble on the beach." To try and make you believe that we are the only people who can supply you promptly and in large quantities with a high-grade shingle would not only be a fish and a bear story combined, but it would be gall of the bitterest kind.

Our competitors in the shingle business in B. C. are nice people, and we presume that they know their business; but we are nice people too, and as we have been in the trade as long as any of them, and a great deal longer than the most of them, we know that we know our business, and that our competitors are not in the possession of any points of value regarding the manufacture of shingles which has not come to our knowledge.

Our old mill was burned down in May last, and in its place we have built what is at the present time the Largest Shingle Mill in B. C.

Our new Mill has 7 of the latest improved type of Dunbar machine, which we run night and day - giving us a capacity of about 100 Million a year.

Competent judges who have seen our new mill, tell us that it is one of the most substantial, carefully constructed, and best planned mills in this province. We ourselves think it is the very best shingle mill in B. C.; and we know that it is equipped with all the very latest improved Shingle Machinery.

Will the trade please note that our contract with the Pacific Coast Lumber Co. closes at the end of this year. D. Ferguson, of London, Ont., is our representative for that province. Orders sent to him, or to us direct, shall have prompt attention.

We want our share of your shingle business, and can guarantee you satisfaction in every particular.

Spicer Shingle Mill Co., Limited,
VANCOUVER, B. C.

**No Fish
Stories**

go when it comes to speaking about

OUR SHINGLES

FACTS ARE FACTS WHETHER TOLD ABOUT FISH OR SHINGLES

- We make a fine 16-inch Shingle.
- We make a fine 18-inch Shingle.
- We make a fine 24-inch Shingle.
- We make all thicknesses from 6-2 inch to 6-38/8 inch.

They are going out of our different mills at the rate of 200,000,000 a year. We make more shingles than any one firm in the world. Just think of it!

We claim to be experts. That is not gall. That is a statement which is proven constantly by the testimony of our customers from the Pacific Coast to the Atlantic Coast on the Canadian side, and from Maine to Puget Sound.

Mixed Cars our Specialty. Don't forget that we have all kinds of House Finishing Material in Fir and Cedar, and can load any quantity with shingles.

Come, let us deal together.

CUSTOMERS' ATTENTION.—Please take notice that on and after the 1st day of January, 1902, all arrangements with the Pacific Coast Lumber Co. of New Westminster, B. C., for the handling of any of our shingles will be ended, and until further notice our authorized general agents will be Mr. Jas. Twitchell, Clinton, Ont., for Ontario, and Mr. Samuel Ashfield of Winnipeg, Man., for Manitoba and the North-West; therefore, orders for straight or mixed cars sent through the above agents or direct to us will have equally prompt and careful attention.

Shingle Mill, Hastings, B. C.; Lumber and Shingle Mill, Vancouver, B. C.; Shingle Mill, New Whatcom, Wash.; Shingle Mill, Sumas, Wash.; Shingle Mill, Carroll Siding, Wash.
