30TH YEAR.

ROOSEVELT STILL ON TOP EASILY DEFEATS SHERMAN AND RULES CONVENTION

Ex-President Had to Listen to a Bitter Arraignment of Himself From Man For Whom He Pleaded For Fair Hearing.

VICE-PRESIDENT TAKES REVERSE GRACEFULLY.

SARATOGA, N.Y., Sept. 27.—Theodore Roosevelt rode to-day on the top wave of victory, defeating Vice-President Sherman for temporary chairman of the Republican State Convention, and bowing over the old guard in the first engagement of a series of conflicts that are to come.

After he had named the members of the 3 important committees, and the convention had adjourned to meet to-morrow, he said to the newspaper men: "I said, 'I yielded,' you may recall. You may quote me on that."

At Troy yesterday the former president said he would cast his opposition to a frazzled Sherman.

There were 101 votes cast in the convention to-day, of which Col. Roosevelt received 58 and Sherman 45, a majority of 125 for the former president.

When Sherman reached Roosevelt's seat he put out his hand with a grin, both men smiled and then Roosevelt started for the platform with Sherman right behind him, and Collins bringing up the rear.

When Sherman reached Roosevelt's seat he put out his hand with a grin, both men smiled and then Roosevelt started for the platform with Sherman right behind him, and Collins bringing up the rear.

Col. Roosevelt spoke feelingly of what President Taft had accomplished in his administration, and his speech as temporary chairman, saying that the laws passed reflect high credit upon all who helped to enact them; that they are an earnest forecast of the achievement which is yet to come, and that the beneficence and far-reaching importance of this work measure the credit which is rightly due to the congress and to our able, upright and distinguished president, Wm. Howard Taft.

The spectators and many of the delegates warmly applauded Mr. Roosevelt's declaration for a direct primary plank.

Col. Roosevelt also bitterly assailed the bosses, declaring that "the difference between a boss and a leader is that the leader holds his place by the conscience and appealing to the reason of his followers, and that the boss holds his place by crooked and underhand means."

Roosevelt Loudly Cheered. Thunders of applause greeted the colonel as he was escorted to the speaker's stand by Vice-President Sherman and Cornelius V. Collins, and it was some time before he could proceed with his speech.

"What more natural than the selection, to make the keynote speech as temporary chairman, of him who had been sent to speak for the administration to the state committee, unless arrested by some ulterior motive, even thought of to speak for the national administration in this, his own state, which with unanimity and enthusiasm presented him two years ago at Chicago, as the choice for the second-highest office in the gift of the people, a selection sanctioned and supported by the very men who are now, it is alleged, opposing him for the position of temporary chairman of this convention?"

Asks for Square Deal. Col. Abraham Gruber of New York City had been selected to fire the verbal shot for the old guard, and his speech attacking the former president was often drowned by hisses and jeers.

Once pandemonium became so great that Roosevelt leaped to his feet and asked for a hearing for the speaker.

Leaping to his feet with his hand upraised, his face glowing, and his face aflame, he cried: "Gentlemen, keep quiet. Let him talk. Each side should have a chance to express itself without outside molestation. Give them a square deal, they must have it."

There was a little better order as the result of Roosevelt's interference. Mr. Gruber said: "Twelve years ago on this platform I warned a Republican convention against turning the executive mansion into a shooting gallery."

"My advice was not heeded. Since that memorable day the man who has ever since been shooting has seen his party organization divided in every state, his party's candidates overwhelmingly defeated, business depressed, and the intelligent and honest workmen without employment and hungry. Looking

PHYSICIANS SAY HOSPITAL IS ALL RIGHT

Say It Is Impossible to Prevent Cross- Infection — Why Some Do Not Wear Gowns in Visiting Patients—Some Experiences Are Related Before the Judge.

It was Dr. Sheard's inming at the Isolation Hospital enquiry yesterday afternoon before Judge Winchester. A number of city physicians gave the hospital a recommendation as being properly managed, and said that it was absolutely impossible to prevent cross-infection, while a number, admitting that they did not wear gowns while visiting patients in the hospital, said it was because infection had to be direct.

Mrs. Smith of Logan-avenue came forward on her own initiative to give evidence, extolling the hospital authorities and staff and the institution itself.

She had been domiciled there with two of her children, all stricken with scarlet fever, and also her eldest daughter died in the Isolation Hospital, some considerable time after she and her two little ones had come out, she believed that all the criticism she was reading in the papers was not justified.

Dr. Warren, health officer for York Township, testified that he had been a patient in the hospital himself, and had found the attention perfectly satisfactory. He could not tell when scarlet fever patients ceased to be infected, and usually detained them six weeks.

Miss Grace McNicholl, a patient for five weeks last summer, complained of swarms of flies, also her dressing particularly of flies used by other patients for two weeks before she could get it. Children in the ward often cried for attention, and were often bathed together, the nurses saying it didn't matter because they had the same disease. She did not like milk, and had to get food supplies from home, and she had noticed that night gowns were in ill repair and stockings scarce. After the disinfecting bath she had to do her hair in the pantry.

Then, the nurses used to intercept and read his postcards, and she had been told it was the custom of Dr. Sheard.

ARRANGING FOR RECEPTION

Site of Yonge Street Station Provides a Good Location. Gen. Cotton, Aid. Maguire, Major Collins and some others specially interested in the reception to the Queen's Own, yesterday inspected the North Yonge-st. station of the C.P.R., and were satisfied that the surroundings were quite suitable for the reception program. It is believed that both special trains can be unloaded at the same place, and there is space for an enclosure for the regiment and for the erection of a platform from which the mayor may read the address or welcome home.

Strong detachments from all the city regiments, including probably 50 mounted men from the cavalry corps, and the Army and Navy and South African Veterans, who will form the guard of honor, will parade at the station.

The regiment is expected to reach Quebec about 5 p.m. Sunday, and will be in Toronto between 4 and 5 p.m. Monday.

KING SENDS CONDOLENCES.

(Canadian Associated Press Cable.) LONDON, Sept. 27.—Thru Gen. Smilh Dorrien, King George has telegraphed condolences to the relatives of Lieut. Gowinski. The king is expected to arrive at Aldershot with full military honors.

Lieut. E. E. George is still dangerously ill with typhoid fever.

A Bold Avowal

New York American: This country has grown great thru the continental sweep of an un-taxed and untrammelled commerce.

There is no political wisdom or business sense in truncating this all-involving continental commerce at the Canadian frontier.

It is time that the discovery be made at Washington and at Ottawa that the protective principle has been falsely applied in the building of the tariff stockades across the grand meridian trade-routes of North America. The political annexation of Canada may be delayed a little. But commercial annexation is overdue.

TRYING TO SPLIT THE NATIONAL TREE

Must Rights of Property Override Human Rights and Human Needs?

The City of Toronto is up against it good and hard. It cannot erect its own system of poles and wires for distribution of municipal electrical energy without consent of the Toronto Electric Light Co., a corporation that was franchised by this same city some years ago to do business within the city bounds. Nor can Greater Toronto extend street car lines in its newer portions, because, in former days franchises for street car lines were given by the then suburbs. In other words, a great and progressive city is to be held up by private corporations possessed of public franchises. There is to be no city growth, there is to be no cheap light for the people, there is to be no cheap power for the manufacturer, there is to be no civic spirit because of the public private corporations. All public rights have come to an end if their contentions are to be allowed.

Once for all, let us state what must be the settlement, and the only settlement, of these and all other cases, and that is, that the city vindicate the right in spite of the Toronto Electric Light Co. to erect its own poles and exercise the fullest freedom; and in the same way the City of Toronto must be allowed to extend her own street car lines to accommodate her people, and if existing lines are franchises are in the way, then the city must be allowed to take them over at a fair physical valuation, plus the interest on the investment.

The issue in both cases is human rights against property rights, and this is the paramount issue in the United States to-day. It is the great issue in our midst here in Toronto, in exactly the same way. Human rights are above property rights, and everybody in this community, either individual or in association, is entitled to the fullest rights and liberties; and if property, whether the property of an individual or a corporation, comes across the right of the individual or the community, then that property must stand aside and be commuted at a fair price, and only a fair price. That a city is to be held up in its growth by an enormous demand for

money, to be stopped in serving its people in any way, has never been recognized, and must never be recognized. It would be a nice thing if the future of every city and every community was to be cribbed and limited by the bargain of the people of the past. Men and women are living to-day and must live, and the right to live and to have reasonable facilities of transportation and the ordinary public comforts of life, must be maintained.

The Toronto Electric Light should be appropriated by the city, if it does not care to sell out at a reasonable value, and so ought these local franchisees in the newer portions of the city to be appropriated at a reasonable price.

We have reached a nice stage in the twentieth century when the rights of property and the demands of property are to supersede the rights of citizens who are living, who know their living, who know what toil is, who are subjected to climatic conditions, and who are also limited in the means of subsistence. If the claims of property are to be used to tyrannize the people, it is high time a change took place. The United States to-day is on the borders of the greatest social war that ever yet marked the history of mankind, and when you come down to a study of the enormous disturbance now going on in the republic you come down to a realization of the fact that it is simply the result of putting the claims of unearned property and dollars and cents as an everlasting yoke on the necks of people who live, breathe, feel, and who are supposed to be organized into communities for the benefit of all, and not for the mere profit of the few.

The legislature of Ontario has its greatest problem before it to-day, and the people of Canada had better begin to think about these inhuman pretensions of property.

Never again let any private corporation get any rights in Toronto in connection with any public service; get rid of any now here on fair terms.

WANT NATURAL GAS

Western Ontario Municipalities Will Investigate Situations. BERLIN, Sept. 27.—(Special.)—There is a prospect of Berlin and other towns and cities of the northern part of the Republican State Convention, natural gas. Representatives discussed the situation here to-day.

President Kennedy of the gas plants at Windsor and Stratford, said there were at present no wells in the gas section of the province with a sufficient flow to warrant the construction of pipes for long distance delivery of gas as proposed, but it was believed that there was a sufficient supply in the Tilbury and Burwell districts.

With a view to making a full investigation, Geo. H. Clarke of Berlin was appointed permanent secretary of the union to keep in touch with developments, and keep the municipalities interested in the event of a situation arising, warranting joint action.

2 BURGLARS MAY BE QUIZZED ON MURDER

Arrested Near London, and Possessions of One Are Regarded With Suspicion.—Contradictory Evidence by Jardine Family at Goderich Inquest.

LONDON, Sept. 27.—(Special.)—Two vagrant characters, giving their names as Horsey and Stevens, are held by the police, charged with burglary, but who are also suspected as having possible knowledge of the Lizzie Anderson murder at Goderich.

Horsey, who is about 33 years of age and claims to belong to Baltimore, Md., had an old diary in which was the vague entry: "Goodby, dear, I killed—". Also, he has some 30 pictures of young girls, not obscene, but just portraits, that would indicate that he is "girl crazy."

In view of the suspicion entertained that the murder was committed by two men, the police will make a thorough enquiry. The men admitted having been up in the district of late, and say they were in Clinton, which is twelve miles from Goderich. They are accused of breaking into the home of E. Patrick at Stratton early Monday morning. They were scared off after Patrick had got a good look at them. Horsey was arrested this afternoon, and after Patrick had identified him, and was driving home thru West London, he saw Stevens, whom he recognized as the second intruder, and a detective was notified and took him into custody.

The evidence of the Jardine family was contradictory as to Ed's movements on the fatal Tuesday night. His mother insisted that he and his brothers had slept in a tent outside the house that night; the boys said that they had slept in a house. Ed and Thomas agreed that they at least had also, after arising, gone to the tent for another rest, while Charles said he didn't think they had slept in a tent, and Charles said Ed had supper at home that night, while Ed, insisted he had lunched at the fair ground with Charles.

Adjournment was made at a late hour until Oct. 5.

WILD SCENES OF VIOLENCE IN BERLIN

Thousands of Strikers Run Riot and Fight Bloody Battles With the Police—Casualties Number Over 100—Stores Sacked and Street Lamps Smashed.

BERLIN, Sept. 27.—Even greater violence than that of last night characterized collisions between police and rioters in the Moabit precinct this evening. Many were injured on both sides. The district presents the aspect of a besieged city.

Thousands of strikers and their sympathizers gathered in the streets as soon as darkness fell. A strong force of police, numbering 100 mounted and 500 foot, armed with revolvers and swords, was stationed at various quarters. They were under orders from the commissioner to exercise severe repressive measures and to use the edges of their swords, instead of striking with the flat.

The rioters about 9 o'clock this evening began the trouble, which increased as night advanced. Excited men and women dashed from place to place, smashing street lamps and windows, trampling on the most part had taken shutters, and thus prevented extensive damage.

The police charged time after time, wounding many. Men and women stoned, bottles, bricks, coal and stones at the police, who replied with revolver shots.

Commissioner von Jagow drove in an automobile thru the precinct about 10 o'clock when the riot was at its height. Crowds of furious strikers and upon the police commissioner and his throat articles and other missiles fell in showers from the windows.

Threw Lighted Lamp. The police entered several flats in Waldstrasse, from one of which a mad, dened woman threw a lighted lamp against an advancing squad, burning several of the men. Sharp conflicts occurred in Buessellstrasse, Turnstrasse and Zwinglstrasse. Many shots were fired from the crowd, and the police charged with drawn swords, leaving many injured on the ground.

Scores of arrests were made. The rioters had virtually been suppressed, but there were occasional minor disturbances. Twelve hundred police are now occupying the precinct.

The total number of casualties reported is 100 strikers injured 13 of them dangerously, and two policemen so severely hurt that they were removed to the hospital. In addition, there were hundreds who received minor injuries. These proceeded to their homes or sought some handy refuge, in order to avoid arrest.

DICK MCINTYRE DEAD

City Hall Messenger Succumbs After Hemorrhages From Cancer. Richard McIntyre, city hall messenger, died suddenly last evening at his home, 16 Broadway-place, from cancer in the throat. He was taken to a hospital, where he died at 10 o'clock, after a very encouraging extent. When at 5 o'clock, another violent attack occurred, and he expired soon after 6 o'clock.

He had been troubled with his throat for about two months, and his absence from the city hall was much deplored, for he was an exceptionally popular figure and a favorite with everyone.

"Dick" entered the civic service during the initial majority term of the late E. F. Clarke. He had just passed his 59th year, and is survived by a widow. He was an active member of L.O.L. No. 149, and attended the Church of the Ascension.

A RETROSPECT.

Sept. 23, 1888—Dominion election, the Conservatives won, the result being 146 Conservatives and 99 Liberals.

Sept. 23, 1887—New Brunswick abolished legislative council.

HATS FOR THE RACES.

The Dineen Company has made very special arrangements for the supply of exclusive hats for race time.

There is on sale the "King George," by Henry Heath, for which Dineen is sole Canadian agent, and New York, for which Dineen is the sole Canadian agent. These hats are the very best to be found anywhere, and for dressy race goods cannot be equalled.

HAMILTON HAPPENINGS

HAS MAGISTRATE RIGHT TO STIFLE PROSECUTION?

Inspector of Health Board Thought Vendor of Overripe Eggs Should Be Haled to Court

HAMILTON, Sept. 27.—(Special.)—The right of Magistrate Jells to act privately as arbitrator in cases which should be brought to court was discussed at the meeting of the board of health to-night. Thomas Jutten drew the board's attention to the confiscation of a consignment of eggs on the market last week. Inspector Shaun of the board of health department explained that the purchaser of the eggs brought them to him, and he found they were bad. He was speaking to the seller about them, when the magistrate happened along. The inspector asked him what he thought about the matter, and his worship advised that as the seller offered to pay back the money paid for the overripe eggs, the inspector need not prosecute.

Mr. Jutten wanted to know whether the magistrate had the power to thus shut off prosecution. The seller of the eggs had been guilty of a fraud, and in the interests of the public at large should have been prosecuted. The board took no further action on the matter.

It again discussed the dairy of Adam Inch and complaints were heard from the inspector that Mr. Inch was dumping manure nearer than 50 yards to the cowshed, in contravention of the statute. As this is not a breach of the milk law at present in force in the city, it was decided to urge the board of control to adopt the clause at once.

The Tigers had the best practice of the season this afternoon, when about 30 men were in uniform. The players were lined up into teams, the men that are likely to make the forward line on one team, and the probable back division on the other. Simpson, Moore and Burton were all in evidence, much to the delight of the large crowd. The team that will play against the Argos on Saturday will be expected to-morrow. It is not expected that Moore and Simpson will be included in it, but that the Tiger management will use this game as an opportunity to test its new back division.

At the meeting of the hospital governors this afternoon it was decided to appoint Miss Lillian Burke as dietician, to succeed Mr. Laidlaw, who has resigned. The board also agreed to give Miss White a letter of recommendation. She is going to Toronto.

The motion of Constable Wm. Bolton to commit the warden and councillors of the County of Wentworth to jail for their refusal to comply with a court order to erect a house of refuge has been postponed to Oct. 7.

Hotel Hanrahan, corner Barton and Catharine-streets, Hamilton, conveniently situated and easily reached from all parts of the city. Erected in 1907. Modern and strictly first-class American plan. Rates from \$2.00 per day. Thos. Hanrahan, proprietor. Phone 1465.

THE FAITH OF IBSEN

Subject of a Scholarly Address by Prof. Robertson.

At the Knox College alumni conference last night, Prof. Andrew Robertson, D.D., spoke upon "The Faith of Henrik Ibsen." He meant wings and that Henrik Ibsen's books might not be counted among the most popular, still the thought of the dramatist had largely entered into the making of the modern mind. This made it imperative for public teachers to take account of the man and his work. After briefly sketching the life of Ibsen and making some observations on the literary form in which the man wrought, the lecturer spoke of Ibsen's iconoclasm—the right to claim of breaking things. No matter how ancient they might be, nor what the sanctions which upheld them, if institutions or ideas of tradition interfered with the development of the individual, they had to go down. The terrible necessity which Ibsen felt for facing the facts was next discussed. Then the clear apprehension he had of the truth of the matter, followed by a reference to Ibsen's quarrel with ideals which he looked upon as tyrants usurping a place which did not belong to them. The disturbance which Ibsen's thought had made in every circle of human concern took up the rest of the time.

It had been said that Ibsen was much like a street urchin throwing stones at respectable windows. On this the lecturer remarked that no doubt there were urchins who threw stones at windows that needed to be broken, not the least the windows of the study in the manse.

At the morning session, Prof. Robt. Law gave the first of a series of lectures upon "The Social Teachings of Jesus," in which he laid the background for future discussion to-day and to-morrow. In a lecture on "The Thought of Pascal," President Falconer described the situation of the religious life of France in the nineteenth century. Pascal's writings, he said, were largely a protest against the Jesuit position. Pascal's moral attitude being altogether opposed to the teaching of the Jesuits.

Fire of unknown origin, which started in the drawing room of Mrs. A. H. Campbell's residence in the Queen's Park yesterday morning, did \$1300 damage.

Constipation

"For over nine years I suffered with chronic constipation and during this time I had to take an injection of warm water every 24 hours before I could have an action on my bowels. Happily I tried Cascares and today I am a well man. During the nine years before I used Cascares I suffered untold misery with internal piles. Thanks to you, I am free from all that this morning. You can use this in behalf of suffering humanity. B. F. Fisher, Rosauke, Ill.

Pleasant, Palatable, Potent, Taste Good, Do Good, Never Sickens, Weakens or Grips. 25c, 50c. Never sold in bulk. The genuine tablet stamped C.C.C. Guaranteed to cure or your money back. 250

BACK TO VARSITY

Students Streamed in Yesterday—First Lecture To-day.

A steady stream of young men and women flocking to the office of Registrar James Brebner, told the tale of another university term opened. This afternoon at 3 p.m., President Falconer will address the whole student body. The grind will begin. The university residences, which accommodate 10,000 students, are full, with a waiting list. The new year is not yet ready, but removal of books from the present buildings may begin to-day. It will take ten days for the transfer, there being 30,000 volumes to handle. Next week, however, temporary reading rooms will be opened.

During the summer W. P. Thompson, of the botany staff, laid out a botanical garden on the grounds of the forestry and botany building, at 11 Queen's Park, and it is the only garden of its kind in the province. Plans will be made for the natural relationship, beds being set apart for the various botanical families. Dr. Falconer indicates that the university hopes with provincial grants and assistance, to make its botanical gardens a place of instruction for the entire province.

Principal Hutton is again in charge of University College. Dr. August Herschman, professor of philosophy, is still in Germany, and will not likely return till next fall. His health is poor. Prof. Keys, F. J. A. Davidson and Toews are now away on leave.

Dr. Roper, an English scholar, has been appointed to the department of chemical pathology. Messrs. Well and Hamilton have been appointed to the French department as lecturer and instructor respectively.

MILLINERY AT McKENDRY'S

That much quoted line, "A thing of beauty is a joy forever," may be true within the bounds set by the poet's imagination. But since there is an exception to every rule, so in this case it is very certain that the things of beauty which blossom forth in the seasons of the world of fashion, however attractive they may be to the feminine heart and the masculine eye, are far from being joys forever. They have their little day and vogue, but the surprising part of it is that being so ephemeral they should have lavished upon them so rich a measure of thoughtful and attractive.

The important section of feminine adornment covered by the expressive word "millinery," affords unusually ample scope for the harvest of the artistic vision. Season after season styles which are about to be introduced in McKendry's emporium, 225-227 Yonge-st., noted, as it has always been, for the most recent and the latest of the reigning modes. This year the selection is of quite exceptional fascinations and will undoubtedly rank this enterprising and up-to-date house higher than ever in public estimation.

Has this season any very quaint and odd ideas? Among them are large hats trimmed to give a flat effect, with low crowns and irregular brims. The poke effect is shown also in the large hats. In the small hats, what are termed the "hide and seek" turbans, having very high crowns with drooping brims, seem to be very much in vogue. Many are carried out in the Paisley effect, finished with a tasteful combination of silk ribbon trimming.

A great many tailored hats, adapted for street wear with suits, are in evidence. The trimmings on these smart shapes are carried out in tapestry, all kinds of Persian effects, cord and tassels, and many of the fancy muffs, also jeweled ornaments.

Quite a novelty among the new shapes are those made of "boucle" or beanie-like material. The "MacGregor's Gathering" and "The Hundred Pipers." Sweetness and purity of color are exemplified in such favorites as "Annie Laurie," "Waukin O," "The Flowers of the Forest" and kindred ballads. Among the leading solos will be included "Callie Herrin," "Auntie Watter," "The Scotch Blue Bells," and "Duncan Gray." "Oh, Wee May the Kael Row" will be sung as a duet, and "Willie Brewed a Peck of Madder" will be the humorous feature of the entertainment will be brought out in "The Barrin' of the Door," "Kate Dalrymple" and "The Bonnie Wee Window." "The Dell's Awa' Wi' the Excelsior" will be sung with male voices. It is doubtful if ever so fine a Scottish program was presented in Toronto before. Those who have not already secured their seats should do so to-day or to-morrow, at Massey Hall.

Jessie Alexander, Leo Smith, Association Hall, Oct. 4.

Get your seats now for reception Friday evening to T. P. O'Gannon. Plan only at Bell phone rooms, 146 Yonge-street. Prices 25c, 50c, \$1.00, \$1.50; all reserved.

Buried in a Well. KAMSAK, Sask., Sept. 27.—A funeral service, attended by circumstances that are unique in the history of Canada, took place Saturday on the farm of John Bowers, 16 miles south of here. At the top of a 75-foot shaft that had been sunk for a well, and at the bottom of which lay the remains of Elver Olson, aged 35, of Yorkton, Rev. J. Morrison conducted the service for the dead. The chart has been closed up, and the body will remain in this deep grave. Olson was overcome by coal gas while digging the well.

Won't Sit With Roosevelt. CHICAGO, Sept. 27.—As a result of the Vatican imbroglio last spring, three prelates of the Roman Catholic Church, one archbishop and two bishops, have refused to sit at the table with Theodore Roosevelt when he is a guest of the Knights of Columbus at Peoria, Oct. 12. More than 200 priests of the church also will find it convenient to be absent from the banquet, to which they were invited by their lay brothers, the Knights of Columbus.

Say Premier Must Resign. MADRID, Sept. 27.—The Catholic newspapers here are filled with stories of cabinet dissensions, and freely predict that the manifestations to be held next Sunday will force Premier Canalejas to retire on the eve of the assembling of the Cortes on Oct. 2. They say further that Count Romanones, president of the chamber of deputies, will succeed Canalejas.

EVERY ONE SEEMS TO BE TAKING "FRUIT-A-TIVES"

DEMAND ALWAYS INCREASING

Because "Fruit-a-tives" Cures The real value of any article may be judged by the demand for it. Steadily increasing sales are the surest indication of intrinsic merit. This applies to a medicine as well as to a breakfast food.

First introduced to the public in Ottawa, the "Fruit-a-tives" quickly spread until to-day these fruit juice tablets are known and used in every section of the Dominion.

The only reason for this extraordinary demand is that "Fruit-a-tives" is the only medicine in the world made of fruit, and is the only remedy that will positively cure Constipation, Biliousness, Indigestion, Dyspepsia, Backache, Headache, Neuralgia, Rheumatism, Bladder and Kidney Troubles. One has only to read the testimonials given to "Fruit-a-tives" by some of the best known and most highly esteemed people of Canada, to appreciate the wonderful amount of good that this grand fruit medicine has done and is doing for the sick and suffering.

50c a box, 6 for \$2.50, or trial box 25c. At dealers, or sent, postpaid, on receipt of price by Fruit-a-tives Limited, Ottawa.

HON. B. C. FRASER DEAD
Lieutenant-Governor of Nova Scotia Succumbs to Protracted Illness.

HALIFAX, Sept. 27.—Lieut.-Gov. D. C. Fraser, who has been at his summer home at Guysboro all summer, took a turn for the worse yesterday, and died this morning. His son, Alexander Fraser, was summoned from Halifax, and was at the bedside.

Duncan Cameron Fraser, D.C.L., LL. D., was born in New Glasgow, N. S., on Oct. 1, 1844. He was the son of Alexander Fraser and his wife, Ann Chisholm, whose parents came to Pictou County from Invernesshire, Scotland. Educated in the public and normal schools in Truro, and was for some years a school teacher. He left teaching to enter Dalhousie University, where he graduated B.A. in 1872. In the following year he was called to the bar of Nova Scotia. He afterwards entered municipal politics and was mayor of New Glasgow for two terms.

In February, 1878, he was called to the legislative council of the province, and became a member of the cabinet. But he resigned his seat in the council the same year to run for a seat in the assembly. Ten years later he was again called to the legislative council and to a seat in the cabinet, becoming the government leader in the upper chamber. Three years later he once more resigned his seat in the council, having an ambition to enter Dominion politics, and contested Gaysboro at the general elections of 1891. He was elected, and was also returned at the general elections of 1896 and 1900.

In 1904 he resigned his seat in the Ottawa house on his appointment as a judge of the supreme court of Nova Scotia. He held the position a little over two years, resigning on March 27, 1906, when he was sworn in as lieutenant-governor of Nova Scotia.

LOOK OUT
For the many substitutes offered you in place of our
COAL

A few years ago when our coal was mentioned to our competitors they told that they are offering their coal to be as good as ours. This is quite a change, but we know that eventually our coal would prove itself to be the best, which has actually been the case. Don't lose sight of the fact that we are miners of our own coal, hence the \$6.00 price.

CHANGED HER MIND TWICE

Was About to Throw Over Old Love For New When Officers Interfered.

MONTREAL, Sept. 27.—A strenuous Atlantic romance ended in the marriage of young and pretty Ethel Gertrude Thomas of London, England, and George Stuart Richards of Winnipeg. The girl came to Canada on the last trip of the Allan liner Sardinian to wed Thomas, but on the trip made such an impression on Victor Turner, a London journalist, that she agreed to throw over Richards and wed the scribe. Both sought employment in Montreal, Turner joining the staff of The Gazette.

Mr. Richards, who had come from Winnipeg to meet his bride-to-be, at once laid information with the immigration authorities, who took charge of Miss Thomas and asked her to decide whether she would marry Richards or go back to England at the cost of the immigration department. She decided to marry her Winnipeg lover.

Killed at the Telephone

WILLIAMSPORT, Pa., Sept. 27.—While Mrs. Lewis Farrington of Rauchtown was seated at the telephone last night during a heavy storm, waiting for central to give connection, a bolt of lightning struck the wire, killing her instantly. The same bolt dashed her sister from the porch, injuring her severely.

Will Look Again

To verify their observations another test of the Lindsay ozone filtration plant will be made on behalf of the provincial board of health. Dr. G. Naamith and Dr. Archibald, whose reports conflicted, have gone to Lindsay together to make a strict examination.

800 Workingmen Bought Their Own Homes on Our Easy Terms

Common sense, thrift, self-reliance, the desire to be independent, all unite in urging a man to

Stop Paying Rent

and start on a basis whereby his rent money is turned into purchase money. Eight hundred families are now living in the

PARSONS ESTATE

and instead of paying rent and having nothing to show at the end of the lease, they are paying for their homes, and at the end of the time will be owners of property that is constantly increasing in value.

Prices Are to Advance---Buy Now

At present we offer fine lots, 25 feet by 125 feet, at \$4 to \$12 per foot, and on easy terms; only \$10 down and \$5 monthly. You can see the lots and the houses of others who have purchased here by visiting the property at the north end of Dufferin street, or, if more convenient, call at our office and we will give you full particulars and show you what lots are left unsold.

Mark Envelopes for Mail Orders for Goods on this page "City Ad."

Blanket Sale Specials

Crisp, cool nights are close upon us. Perhaps an all-winter cold may be avoided, and certainly a very considerable saving may be made by availing yourself of the September Sale stocks and prices.

One of the notable Blanket Sale items is a pair at \$3.53.

They are pure white and unshrinkable. You can depend on them to wash well and to be as long afterwards as before the process. They wear well, owing to the hardness of the small percentage of cotton used. Weight 7 pounds. Size 64x84 inches. Thursday, per pair 3.53

Other Staple Values

Canadian Crochet Bed Spread—Soft pure finish, good patterns, hemmed ready for use. Full double bed size. Thursday 1.09

English Checked Glass Towelling—Strong weave, good drying quality, comes in blue check. 24 inches wide. Thursday, per yard 8

All-White Irish Damask Table Napkins—Firmly woven and of choice designs. Size 22x22. Thursday 1.19

—Main Floor—Albert Street.

Art Aids For Home Makers

The Season's New Curtains and Upholstery Materials make possible a complete change in the appearance of your home at a cost entirely out of proportion to the effect gained.

Our stocks are displayed in surroundings as nearly like the home conditions as possible and in a way that makes selection and buying easy and a pleasure. Inspect the following, chosen at random from the section; they are good, simple value from the imposing drapery section:

Granadine Sash Muslin—In designs for every use, is 30 inches wide and comes in white only, being finished on the edge with a neat scallop and overlook stitch to assure service. The designs are dainty and pleasing, showing fancy stripe, medallion and floral effects, for sashes, small windows and vestibule door curtains. Per yard 20

Tapstry Curtains—50 inches wide, 2 3/4 yards long, with knotted fringes, top and bottom show combinations of red, red with green, brown with green, two-toned green and olive with rose. The cloth is closely woven and heavy-weight, ensuring good service. Pair 3.50

Art Saleen—30 inches wide, in new floral, stripe and conventional designs, covers a full range of colors, for covering cushions and comforters, making curtains, valances, etc. Per yard 15

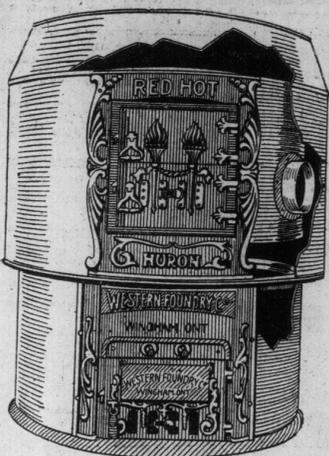

Nottingham Lace Curtains—50 and 54 inches wide, 3 and 3 3/4 yards long, in white or ivory, offer a large range of new designs, in extra qualities. Made from fine grade cotton, evenly woven and finished with colbert edges, are a choice lot of curtains to make a selection from. Per pair 1.50

Window Shades—36x70 inches, in light, medium and dark green or opaque cream, mounted on reliable spring rollers; complete with brackets and ring pulk. Each 25

Figured Linen Taffetas—50 inches wide, suitable for bedroom curtains, bedspreads or light upholstery, in a large range of patterns, include cream, olive, blue, rose and crimson. Per yd. .75

—Third Floor.

Special Thursday, set 13.50

The Nemo Corset for Stout Figures

The Nemo, No. 522, a corset designed especially for stout figures, is being demonstrated by Miss Newport in the new corset-fitting room. Women inclined to embonpoint, and seeking for stays that will most effectively contribute a slender effect are strongly recommended to view this particular model. It makes appeal also to those of medium proportions, the lastikops bandlet, which is one of its distinguishing features, being a hygienic device that produces the desirable slim appearance, yet serving at the same time as a comforting abdominal support, rather than a means of pressure.

The new gown calls for slim lines. It is impossible to attain them without the proper corset. Miss Newport's timely visit should be taken advantage of.

Well Finished Trunks 4.25

Canvas-Covered Trunk, in square shape, with brass-bound 1/2-inch hardwood slats. Valance clasps and dowels. Two lever brass locks, and side clasps. Two heavy straps are welded to bottom of trunk, which is of sheet iron. The interior is fitted with deep covered tray and hat box. Three sizes, 32-inch, 34-inch, 36-inch. All at one price. Thursday 4.25

—Basement.

Have You Seen the Junoform?

Daily Demonstration in the Corset Section

The Junoform is a cleverly contrived bust form. It can be worn with all gowns and blouses, and is so skilfully designed as to be absolutely undetectable. It is readily adjusted, being attached to the corset cover by safety pin, or tied with ribbons. For women of slight, flat figure, it contributes an immense improvement to the appearance. Price .65 to 3.25. See it demonstrated in the Corset Section.

—Second Floor—Centre.

Exceptional Value in Motor Veils at 89c

Fine Chiffon Motor Veils, 2 3/4 yards long and 21 inches wide, have neat satin border, and are finished with hem-stitched ends. They are moisture-proof, and wash perfectly. —Main Floor—Queen Street.

Pastel Paintings 3.75

Pastel Paintings receive the favor of many who admire high-class pictures, on account of their rich soft blending tones.

The Pastels we are showing are from an American artist, every one being drawn with a most pleasing treatment, depicting land and water views, in a variety of subjects. In the lot are hardly two alike.

Frames are a little out of the ordinary, being 5-inch gilt, with fancy corners and centres—almost the entire face of frame is richly burnished in gold leaf, making a picture you'll want to choose for drawing or sitting-room, and by coming Thursday you'll reap the benefit of low prices. Each 3.75

Wall Paper — Half Price

Two good half-price specials.—American papers—extensive in variety—high grade in quality, such low prices prevailing for Thursday only—a few of the better grades are odd pieces—just enough for one large room.

High-Grade American Wallpapers 20c

HORIZON DEFEATS EDDA MICHAELMAS HANDICAP

Only Two Favorites Win on Third Day at Woodbine—Steeplechase for Jimmy Lane.

The track at Woodbine Park was a sea of slush for the third day of the O. J. C.'s autumn races, and thus scratches were numerous. Meridian, Sempralus, Question Mark, Starbuck, and Bonnie Kelson from the Carman stable refused to take a chance in the sailing, leaving Horizon alone to carry the celebrated white and blue, and thus single handed, the Hastings' filly landed the feature race of the day, the Michaelmas Handicap for two year olds, but had a certain amount of good fortune at the start.

Several were landed at \$400 to \$100 on Sandy Kirkwood in the first race for Canadian bred. The Cormorant 3 year old was off in front and sailed to the finish, but was overtaken by Whaup, who, however, could not get within a tow length of the leader.

Albama also won the two year old race, but was overtaken by Horax, who won the race by a neck, the rest straggling out. Stable support was down heavily, the winner, Granla, split choice with Aylmer, landed the distance selling purse. The Handicapper filly easily passed Hoorary in the stretch, the other favorite tried, the rest hopelessly beaten off.

Horizon beat the former in the feature handicap, and thus had a margin of two lengths on Edda, the public pick at the wire, and the favorite tried, the rest hopelessly beaten off. Horax beat the former in the feature handicap, and thus had a margin of two lengths on Edda, the public pick at the wire, and the favorite tried, the rest hopelessly beaten off.

There are seven races on this afternoon with the \$1500 Durham Cup as the feature. The following races close at the office of the clerk of the course, Woodbine Park, on Wednesday, September 28, 1910, 12 o'clock, noon: Woodbury, Elgin Purse, Malton Purse, Blink Bonny Purse.

Handicaps for To-morrow. Weights in two handicaps to be run to-morrow have been allotted by Mr. Voorbruggen, handicapper. The following races close at the office of the clerk of the course, Woodbine Park, on Wednesday, September 28, 1910, 12 o'clock, noon: Woodbury, Elgin Purse, Malton Purse, Blink Bonny Purse.

George Stallings' Latest ESCAPEE IN BIG LEAGUE. George Stallings again finds himself out in the cold in the American League. It is not the first time by several notches. He had a contract with the New York Americans, and this was annulled to return to full salary, Captain Hal Chase succeeding the scapegoat at once.

It is playing right field and managing the Detroit in the American League in 1910, said Stallings bitterly, "when there came a close game with the White Sox in Chicago. The Sox were making game, and I was fighting for the pennant. In this game I caught a low fly right off my shoelaces at a critical point, but the umpire, Joe Cantillon, called me out of the game and called the batsman safe."

I rushed to the plate to explain the play, when Cantillon called me a nigger. That was an insult I wouldn't stand for, so I pulled Cantillon's nose. Of course, there was a row on the field, and Johnson, who was present, notified me of base ball. I was hot at the time, and probably said some things that were impolitic. Among them was a statement that Johnson wanted the umpire in the American League to favor the White Sox because of his close relations with their owner, Comiskey. Because of that remark, Johnson decided to get me, and he was after my scalp ever since. The story that I should sell out Detroit to the National League is untrue, and needs no substantiation.

Valley Farm Sale Thorobreds To-day At the Repository

To-day at the Repository, at 10 o'clock a.m., the representatives of the late William Hendrie will hold their most unusual sale of thorobred stallions, brood mares, colts and fillies, thru their usual agency, of Messrs. Burns & Sheppard. On this occasion the Valley Farm have especially large and important sale. The stock is all beautifully bred, the get of such good sires as Martinus, Ailes d'Or, Harvey, Derwentwater, Masetto, Flonpo, Tammar, Darby, Farnham, Farnham, Lord Harrington, Ecuador and Hanover, and out of the best mares on the famous farm. Among those to be sold are the especially large and important stallions, the two plate winners, Shimonese, and Butter Scotch, while among the 2-year-olds are a full sister to Shimonese and a half-sister to Butter Scotch and many others just as well bred. It will be remembered that Mr. Hendrie's representatives have sold at the Repository during the last three years such horses as the great Danahill, the plate winner, Shimonese, and Butter Scotch, and many other stake winners. There are many youngsters among the lot to be sold to-day that have quite as good a prospect of doing as well as their parents.

On Friday, Sept. 30, Mr. Robert Davies of Thorncliffe Stock Farm, will sell at the Repository a number of thorobreds, several of which have all the makings of capital punters. It is a fine opportunity to pick up a good one of the Valley Farm's stock.

Mr. C. A. Burns will conduct these auctions. On Friday, Sept. 30, Mr. Robert Davies of Thorncliffe Stock Farm, will sell at the Repository a number of thorobreds, several of which have all the makings of capital punters. It is a fine opportunity to pick up a good one of the Valley Farm's stock.

Shooting Spray Defeats Governor Gray in Feature Race at Lexington. LEXINGTON, Sept. 27.—Shooting Spray surprised the race followers by winning the feature race at Lexington, defeating Governor Gray and County Tax, coupled in the betting, and strong favorites in the fourth race, the Idle Hour Farm Handicap, for 2-year-olds, to-day. The winner paid \$140 in the \$2 mutuels. The weather was partly cloudy and track sloped.

FIRST RACE—Mile and 70 yards: 1. Francis Ray, 107 (Keogh), straight \$3.80. 2. Seapra, 157 (Thomas), place \$3.30. 3. Melbourne, 97 (Koerner), show \$7.50. Time 1:47. Edna Stewart, James Stoll, Dr. Kitchan and Davy also ran.

THIRD RACE—Mile and 70 yards: 1. Hectoran, 112 (Keogh), straight \$3.80. 2. Starport, 109 (Moore), straight \$3.80. 3. Denver Girl, 103 (Goose), place \$13.20. Time 1:47. Gentle Bess, Toroson, Serovrol and Alice also ran.

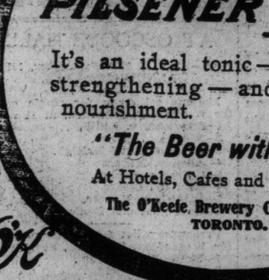

THIRD RACE—Mile and 70 yards: 1. Shooting Spray, 108 (A. Thomas), str. \$14.00. 2. Governor Gray, 118 (Kennedy), no show betting. 3. Danekmark also ran. FIFTH RACE—Mile and 70 yards: 1. Hiram, 107 (Goose), straight \$3.80. 2. Judge Walton, 100 (Thomas), place \$3.20. 3. Nettie Travers, 107 (Martin), show \$3.20.

Lexington Program. LEXINGTON, Sept. 27.—To-morrow's entries are as follows: FIRST RACE—Six furlongs: 1. Pops Over, 106 (Ducasse), 106. 2. Ada Meade, 109 (Sinfon), 106. 3. Bheida, 109 (Alice Hamilton), 106. 4. Louise K., 109 (Camel), 112.

Low Rates for Hunters. Via Grand Trunk Railway System. Return tickets at single fare October 10 to November 15, to points in Tennessee, Kentucky, Virginia, West Virginia, and to a number of points reached by Northern Navigation Company, and to certain points in Quebec, New Brunswick, Nova Scotia and Maine. Tickets to Colorado, Lindsay to Halliburton, Sharbot Lake to Colabogue via K. & P. Railway. Points from Severn to North Bay inclusive, and certain points also reached by Northern Navigation Company. All tickets valid returning Thursday, December 15, except to points reached by steamer line Tuesday, November 15.

HOW HILLIARD LANG WAS KNOCKED OUT AT BUFFALO.

Buffalo Express. Hilliard Lang, the Canadian waterweight, was led to the slaughter last night, and it took wild mount Denver to get him to drop a fraction of a round to knock him out of the ring. Lang followed with two more straight lefts and it looked as if Moha would be called for him to reach for the punches were not hard and Bob did not mind. Moha bored in, inviting a mixup and covered up at close range. They clinched and broke away. In a neutral corner they sparred, foot to foot, and Moha slipped over a vicious right jab. It went home to the jaw. Lang fell to his face and rolled to his back. He was standing in his own corner, blinking heavily about as he weakly clutched at the ropes.

RICORD'S SPECIFIC

Does not interfere with diet or usual occupation and fully restores lost vigor and insures perfect manhood. Price per bottle, 50c. Sold by all druggists. RICORD'S SPECIFIC, 1000 BROADWAY, NEW YORK.

SANTAL-MIDY

Standard remedy for Gleet, Gonorrhoea and all urinary troubles. Cures in 48 hours. Cures the urethra and bladder troubles.

Ward Marathon and Bicycle Championships.

From present appearances there will be a great athletic meet in Exhibition Park while the Ward Marathon runners are covering the twenty miles of the road race. The C.N.A. are holding the Ontario championships on the track while the Ward Marathoners are out on the lake shore and taking in the Etobicoke loop. The Royal Canadians are out to win the five championships on Oct. 8. The motor cycle race will be keenly contested. Bandmaster Slater will have his 4th Highlanders' Band at the Exhibition Park at 2 o'clock, and they will play all afternoon. The boys' races are filling up, and there will be keen contests in the twelve, fourteen and sixteen years' under races. There promises to be some rivalry between the different Collegiate, Institutes and Technical for the Dinesen Cup. The strongest entry for the Ward Marathon this week is the J. Norman-Douglass of London, who finished fifth last year with badly blistered feet. He was four minutes behind Jack Near. In his entry letter he says: "The Ward trophy will go to London this year." The boys' entries close on Tuesday. The Marathon has 50 entries so far.

Amateur Baseball.

Owing to bad weather on Saturday last the final game for the city amateur championship between the Crescents and All Saints was postponed, and arrangements made to play off this tie on Saturday next on the Don Flats, at 3 o'clock. Many enquiries have been received from prominent fans as to when these two teams would play off, and now everybody is happy and making arrangements to be present. The following will be the probable batteries: Crescents, Woods, Curzon and Powers; All Saints, Allward or Graham and Beauce. Umpire—Wright.

NEEDLESS ALARMS.

A good deal of folly has been written about the Ontario Hydro-Electric project, but anything so absurdly silly as the remarks of The Montreal Gazette on the Windsor application for 15,000 horse power, we have not seen before. The Gazette sees trouble ahead at every turn. Of course, all the trouble is the result of a total unacquaintance with the details and principles of the scheme. As a farcical piece of misinformation the following is worth perusal:

Can Windsor sell 10,000 horse power to Detroit under a contract that will provide for its cancellation upon a year's notice and leave the customer helpless? And if the contract is so broken and the 10,000 horse power is no longer sent to Windsor for exportation, will Windsor be compelled to pay the rate of \$48 per horse power instead of the \$28, and, if not, who is going to make up the difference of \$20 which represents the difference in cost of service between 5000 and 15,000 horse power? Each municipality is supposed to pay for what it gets, and to have the advantage of its geographical situation. Toronto might require the 10,000 horse power which Windsor is to be allowed to sell to Detroit. In this case the result would be to lower Toronto's cost price and to increase that of Windsor to an impracticable figure. Yet, in the meantime, Toronto is to lose its share in the profits of Windsor's sale, but if Toronto should take the power Windsor is to get nothing except the privilege of paying an impossible price.

Perhaps The Gazette had been loaded up by one of the numerous corporation enemies of the Ontario power scheme before it composed these utterly pointless criticisms. Windsor, by the unanimous vote of her sister municipalities, can sell her surplus power to customers outside the city, whether in Detroit or elsewhere, on terms to be set by the hydro-electric commission. No new factory will be supplied with power. Only such as are already established in Detroit will have the privilege of getting power, and at prices which will not make a change to other forms of power burdensome.

The power scheme being a co-operative one, which is a point The Gazette seems to overlook, whatever benefits only party to the scheme benefits all. The profits will therefore be shared among all the municipalities in the area. If Toronto required 10,000 extra horse power it would be had from the 100,000 on which the commission has an option, and not only Toronto would get the advantage, but Windsor also would be benefited by a pro rata reduction on the share of the upkeep of the transmission line for which each city is proportionately responsible.

If Windsor requires part of the power sold to Detroit it can be recovered by the commission on due notice. The contracts embody a stipulation that the notice and the supply of power shall expire concurrently, and the commission turns the switch.

The whole tendency of the scheme is to lower prices all round as the consumption of power increases, and every block of power taken by any municipality lightens the expense to all the others, as the current is delivered over a common transmission line on a common right of way. Under the corporations no amount of increase of consumption ever makes any difference to the consumers. That is why the corporations so bitterly oppose Hon. Adam Beck and his power project. And perhaps that is why The Montreal Gazette is so ludicrously misinformed about its operations.

It may be added that the division of profit among all the parties to the agreement renders it less of an object to continue the export of power to Detroit, and therefore tends towards the building up of power consumption in Windsor itself.

We have not observed any files on the hydro power plan yet.

POLE PEEVISHNESS. Sub judge or not The Evening Telegram has good grounds for its outburst over the application for an injunction against the city by the Electric Light Co.

Of course, everybody knows there will be no permanent injunction. If it should prove that anything is at fault with the city plans, they can easily be rectified. But that has still to be proven. Sir Henry's company is only showing its accustomed peevishness. The Electric Light Company would never dream of bringing an injunction suit against the street railway. If anything was the matter they would call up the railway offices on the phone and settle it in five minutes. But that does not suit the Electric Light Company in dealing with the city.

Sir Henry's people want to make trouble and block and obstruct and hinder the city as much as possible. But there is nothing to be worried about.

That eminent K. C., Mr. Johnston, talks about the "negligent, reckless, inhuman way" in which the city is putting up its poles. But that is only rhetoric. Mr. Johnston is a student of Dickens and has the rhythm of Wilkie's Micawber in his ears when he talks like that. When he says the poles are put up in an inhuman way, he does not refer to any litigation to which the poles are subjected, and he does not mean that the workmen are doing their duty in any divine way.

What is inhuman is beastly, and all he means is merely a paraphrase of English slang. What he intended to say was that the city had no business to stick its beastly poles right in the middle of the Electric Light Company's profits.

HAIL TO THE GAELS! This is Scottish and Irish week at Massey Hall. To-morrow night the Glasgow Select Choir, one of the famous musical organizations of Great Britain, will give one of its finest programs. The city hall authorities have very thoughtfully arranged to give the choir a civic reception, and to show the visitors the town.

On Friday night "Tay Pay," as English people call him, will tell us all about why local government should be granted to Ireland, and perhaps why it has not been granted before, and why Scotland and England need it as well as Ireland. Ontario people do not need any convincing on this question, which has unfortunately been overshadowed by the demands of some for total separation from Great Britain. There is no doubt that this demand has kept back the attainment of home rule, as Canada has it, for a generation at least.

GUELPH'S RAILWAY POLICY. There never could be any doubt about the success of the bylaws for the radial railway upon which the Guelph people placed their approval on Monday. The people's railway is more nearly a public ownership proposal than anything else of the sort in Canada except Guelph's own radial line.

A number of the surrounding municipalities have subscribed the amount required to take up the preference stock, and will have control of the road, while Guelph itself has an option on the Puslinch Lake section for five years, which the city will probably take up. The People's Railway will also be a customer of the hydro-electric power. The opposition appears to have been subsidized by pro-corporation interests.

Once more, in the case of the young aviator Chavez, it is emphasized that "the paths of glory lead but to the grave."

Sir Henry Pellatt's Light Company has secured an injunction to prevent the city putting up its own poles or stringing its own wires. Now what we want to know is who is it really stringing the city?

What an awful condition of risk and danger the citizens of Toronto live in, if the Toronto Electric Light Company's counsel, learned in the law, is to be credited. It is a wonder that the accident insurance companies are willing to issue policies in such a foolhardy burl.

"The Globe has furnished the initial authoritative word on Forcupine," announces the organ grandiloquently in an article yesterday, referring to some correspondence, the substance of which has appeared in The World over and over again any time during the past year. It is highly gratifying to hear The Globe's "ament" to The World's benediction.

Rudyard Kipling wrote a noble poem on the death of King Edward and the critics all howled. Rudyard has written another poem full of wise saws and modern instances, and the critics are delighted. It enables us to understand how the lamented Martin Tupper got his vogue. It is not poetry the public want, but jingled sentiment and morality.

Missionary Conference. A luncheon was held last evening, when representatives of the various city missionary organizations conferred with Harry Wade Hicks, general secretary of Young People's Missionary Movements in Canada and the United States, concerning the advisability of holding a missionary exhibition similar to the one held in London last winter.

Rev. C. E. Manning of the home mission department of the Methodist Church has just returned home from a two weeks' stay in Winnipeg. He tells of arrangements which are being made that city for an extensive missionary campaign in the Provinces of Manitoba, Saskatchewan, Alberta and British Columbia. The plan is to have a three weeks' convention in each province. The following deputations from the east will assist in the work: Rev. James Allen, Rev. T. E. E. Shore, Rev. C. E. Manning, Rev. Jas. Endicott, Rev. A. C. Hoffmann; the latter two are from China.

Through Sleeper to Cleveland Discontinued. Through sleeper from Cleveland, now leaving Toronto on C.P.R. 7:10 p.m. train week days, will make last trip leaving Toronto 7:10 p.m. Friday, September 30. Through sleeper, Toronto to Pittsburgh, on same train, will run as at present, week days, until further notice.

Re McGill Chair Co.-I. S. Fairly, for a creditor. Motion by a creditor for winding up order. Order made appointing Trusts and Guarantee Co. Liquidator. Reference to master at Cornwall. Reference to the master in ordinary.

Ontario Lin. Co. v. Grimwood-I. S. Fairly, for plaintiff. An appeal by defendant Grimwood from an order of the master in chambers.

Goldie v. Cuthbertson-F. Aylesworth, for Central Ontario Railway. H. E. Rose, K.C., for plaintiff. Motion by the Central Ontario Railway to strike out of the pleadings certain Order striking out the claim with leave to amend within a month. Costs to railway company in any event.

children. Order made for payment of the deficit in trust, and for payment out of \$100 per year for maintenance until fund exhausted.

Re Frame, deceased-F. J. Roche, applicant. F. W. Harcourt, K.C., for infant. Motion for an order for payment out of court of \$125. Order made and for payment of six years' interest, and costs fixed at \$12.

Re Shannon-F. W. Harcourt, K.C., for infant. Motion for an order for payment by mother of a sum of \$285. Direction to accountant not to press claim for payment of this amount or mortgage until youngest child attains majority.

Single Court. Before Middleton, J. Toronto Electric Light Co. v. City of Toronto-E. F. Johnston, K.C., for plaintiff. H. L. Drayton, K.C., and H. Howitt, for defendant. Motion by plaintiff to restrain defendant from further erecting poles in such close proximity to the poles and wires of the plaintiff company as to cause injury and loss, or be likely to cause injury and loss to the plaintiff's property, and to render their wires dangerous to the lives and property of the citizens of Toronto, and to imperil the lives of the workmen and employees of the plaintiff, and from stringing wires upon the poles erected by them where the poles of the defendant are erected in such close proximity to the poles and wires of the plaintiff company, as to be dangerous and cause damage. Injunction granted restraining defendant from planting any more poles on the streets occupied by plaintiff until the trial or from stringing of any wires upon the poles now erected. The defendant may place cross-bars upon the poles now up and paint them, but any work done is to be at their own risk, and the plaintiff is to stand free from any obligation to indemnify plaintiff for any damage to the city. Speedy trial ordered for Monday, Oct. 3. Liberty reserved to speak to whole matter on Friday next at 10 a.m.

Divisional Court. Before Meredith, C.J., Teetzel, J. Cahill v. Timmins-G. H. Watson, K.C., for defendant. T. W. McGarry, K.C., for plaintiff. An appeal by defendant from judgment of Britton, J., dated June 1910. Argument resumed from yesterday. Judgment reserved.

Sterling Bank v. Ross-J. A. MacIntosh, for defendant, G. H. Wilkie, for plaintiff. An appeal by defendant from judgment of Middleton, J., of 19th September, 1910, which restrained defendant from interfering with twenty inches of party wall next Pitt-street in the Town of Cornwall. Judgment reserved.

Re Dunlop-A. E. Frapp, K.C., for plaintiff. A. C. Hall (Ottawa), for defendant, contra. An appeal by plaintiff from the judgment of the County Court of Ontario of 28th May, 1910. This was an action to recover the value of a trunk and its contents, valued at \$180, from the defendant, who is a common carrier, and carried the trunk to the union station at Ottawa and left it on the platform of the C.P. Railway, near the door of the baggage room, about twenty minutes before the train started. Plaintiff took ill and did not go on that or the following train, and sometime in the forenoon of the following day sent her brother-in-law to enquire after her trunk, and he could find no trace of it. The action was dismissed without costs. Judgment reserved.

Re Gossard v. J. M. Gossard, for plaintiff. F. A. Day, for defendant. An appeal by the plaintiff from the judgment of the mining commissioner of 25th January, 1910, whereby the commission was dismissed, and the claimant to have the certificate of record issued by the Recorder of Montreal River Mining Division to defendant, and to have the plaintiff's claim dismissed without costs. Appeal dismissed with costs.

Styves v. Dougherty-An appeal by plaintiff from the judgment of the County Court of Ontario of 11th January, 1910. No counsel appearing to support or oppose appeal, it was ordered to be struck from the list.

Court of Appeal. Before Moss, C.J.O., Garrow, J.A. Maclaren, J.A., Meredith, J.A., Magee, J.A.

Walkwork v. The Toronto Railway Co.-D. L. McCarty, for defendant, G. P. Deacon, for plaintiff. An appeal by defendant from the judgment of Meredith, C.J., of 24th March, 1910, whereby the plaintiff was awarded \$2500 damages for injuries to plaintiff alleged to have been caused by a car of defendant, on which she was a passenger, running on the tracks and striking the plaintiff, and on the throwing her to the pavement. At the trial judgment was given for the plaintiff for \$2000 and costs. Appeal dismissed with costs.

Strada v. Toronto Construction Co.-Grayson Smith, for defendant, H. S. White, for plaintiff. An appeal by defendant from an order of a divisional court allowing an appeal of certain costs within ten days. Judgment reserved.

The King v. Monteith Trappell-M. J. Kelly, K.C., for defendant. J. R. Cartwright, K.C., for plaintiff. A case reserved by His Honor Judge Monk sitting as judge of the county judges' criminal court on 8th September, 1910, under sec. 104 of the criminal code. The defendant was convicted on a charge of assisting Moir to escape from the Hamilton Asylum for the Insane. Judgment reserved.

Re Rex v. Mumma-J. R. Cartwright, C.P. for the crown. No one for the prisoner. A case reserved for the

The Globe

THE BOY SCOUTS

Last Saturday's Globe contained an interesting column of Boy Scout gossip, and succeeding Saturday issues will devote considerable space to the same subject. The Scout movement is growing in Canada by leaps and bounds, and The Globe proposes to make it a feature in the news columns. Read the Saturday issue of The Globe and keep in touch with Boy Scout doings.

CANADA'S NATIONAL NEWSPAPER

By Mr. Justice Riddell. The prisoner was convicted on a charge for burglary. Judgment reserved.

Before Moss, C.J.O., Garrow, J.A. Maclaren, J.A., Meredith, J.A., Magee, J.A.

Brooks-Sandford v. Teller Construction Co.-G. Wilkie and E. W. Wright, for defendant, R. G. Smyth, for plaintiff. An appeal by defendant from judgment of the divisional court reversing the judgment of an official referee. The plaintiff brought action to have it declared that they were entitled to a lien upon the land of L. Frankel and Frankel Brothers, for \$235.92, for certain materials furnished the defendant, the Teller Construction Co., to be used in construction of a warehouse on lands of Frankel Brothers. The official referee found in favor of plaintiff against the Teller Construction Co. and dismissed action as against the Frankels. The divisional court reversed this and held plaintiff entitled to a lien against lands of Frankel Brothers, for \$235.92, for certain materials furnished the defendant, the Teller Construction Co., to be used in construction of a warehouse on lands of Frankel Brothers. The divisional court reversed this and held plaintiff entitled to a lien against lands of Frankel Brothers, for \$235.92, for certain materials furnished the defendant, the Teller Construction Co., to be used in construction of a warehouse on lands of Frankel Brothers. The divisional court reversed this and held plaintiff entitled to a lien against lands of Frankel Brothers, for \$235.92, for certain materials furnished the defendant, the Teller Construction Co., to be used in construction of a warehouse on lands of Frankel Brothers.

MAKING WATERED STOCK PAY. The New York World says editorially: "That the padding of their capitalization by the railroads largely accounts for their demand for higher rates has been clearly demonstrated at the hearings of the interstate commerce commission in Chicago.

To secure the funds it needed the Illinois Central, for instance, needed the over-issue of stock in order to sell at par to its stockholders stock worth \$250,000, or a total cost of \$750,000, including overhead work, would be \$350,000, or a total cost of \$750,000. It was decided to have an additional report as to rolling stock, shed accommodation, power required and operating costs. Mayor Geary favored buying out the last-named road line to Weston, and Controller Spence said the Scarborough line franchise expired in a year or two.

As to negotiating for the purchase of the Toronto Street Railway, it was decided to send the company a copy of the council's resolution and then arrange a conference.

City is Restrained. Justice Middleton yesterday granted the injunction sought by the Toronto Electric Light Co., restraining the city from planting any more poles on the streets occupied by the plaintiff lines until trial, or the stringing of any wires upon the poles now erected. The city may place cross-arms upon the poles now up and paint them, but any work done is to be at its own risk, and the plaintiff are to stand free from any obligation to indemnify under their covenant with the city.

A speedy trial is ordered for Monday. The Electric Light Co. was represented by John E. Toews, K.C., and J. S. Lundy. The city was represented by Corporation Counsel Drayton and H. Howitt, assistant city solicitor, in the non-party press.

"There is no doubt of the corporation's right to erect poles on its own streets. The only question is as to the method."

"Is there not the further question as to the right of the city to put up poles on the line occupied by the Electric Light Company?" asked the Judge.

Mr. Drayton: "That question may arise. We are bringing an eminent electrical engineer from Detroit. What he has done to make the work absolutely safe we wish to do. We have some eighty men. They might be employed in placing crossbars on the poles already up. Crossbars cannot interfere with my learning friends."

"Cross-arms ought to be applied to prevent our wires from touching their poles in weather such as this. I want to be quite clear about this as it is a matter of public interest," said Mr. Johnston.

New Board of Health. Ald. Rowley favors a reconstructed local board of health of three eminent physicians. The mayor is still supporting Dr. Goodrich for the vacant vacancy. Dr. Geo. Acherson of Lockport, Ont., and Dr. W. D. McNab, Dupont-street, are also mentioned.

Kenneth Aitken, city electrical engineer, has been granted two months leave of absence. Consulting Engineer Daw of Detroit will probably look after the department meantime.

The board of control approved of Controller Foster's motion to have suitable openings made in the drains connected with every hospital in the city for the purpose of having the sewage from these institutions chemically treated before entering the street sewers. The order is to prevent the spread of typhoid.

City Solicitor Johnston reported to the board of control that the city had power to appoint inspectors to go into milk dairies and secure samples of milk for testing, but the act is weak in not fixing a standard of milk.

William Bateman, a younger brother of Constable Bateman, who with his wife rescued the Tobias family when the Heida was wrecked in Frenchman's Bay, now wants to get \$100 from the city, the same as his brother and sister-in-law got.

The board of control decided to fight Mrs. Margaret Murphy's claim for compensation for damages claimed by her on account of the city laying electrical ducts thru her property, a triangular piece between the G.T.R. and C.P.R. tracks, west of Sirachan-avenue.

Seven teams and twenty men employed in laying the new civic indu-

CITY MAY BUILD 10 MILES OF CAR LINES IN SUBURBS

Engineer Rust Submits Recommendations For Three Car Routes That Appeal to Board.

City Engineer Rust and City Solicitor Johnston yesterday reported to the board of control on the building of 10 miles of street railway in the newly annexed districts. According to estimates it will cost about \$750,000 for tracks, paving and cars, and a by-law will be submitted in January. It is hoped to have the work done and the lines in operation by July 1, 1911.

The report says that owing to franchises already existing, it is impossible to lay tracks in West Toronto or up Yonge-street, but the following lines are recommended:

Genard-street, from Greenwood-avenue eastwardly to Main-street in the old municipality of East Toronto, and thence along Main-street to Danforth-road, along Danforth-road from the present city limits to the old city limits east of Greenwood-avenue.

North Rosedale, along Glen-road to Summerhill-avenue, along Summerhill-avenue west to MacLennan-avenue and south along MacLennan-avenue to Pelham-place, along Pelham to Glen-road. This, with the exception of the piece upon Glen-road from the bridge to Pelham-place, would be single track and would form a loop.

Along St. Clair-avenue from Yonge-street to the old limits of West Toronto, and upon Dupont-road from Dupont-street to Albany-avenue, thence up Saurhart-street to St. Clair-avenue.

The total mileage is 2.7, of which 1.4 miles would be single track. The approximate cost of the track work, including overhead work, would be \$250,000, and the total cost of putting down permanent pavements would be \$500,000, or a total cost of \$750,000.

It was decided to have an additional report as to rolling stock, shed accommodation, power required and operating costs. Mayor Geary favored buying out the last-named road line to Weston, and Controller Spence said the Scarborough line franchise expired in a year or two.

As to negotiating for the purchase of the Toronto Street Railway, it was decided to send the company a copy of the council's resolution and then arrange a conference.

WHAT THE CLERGY SAY:

"Most extraordinary indeed, all should see it."—Right Rev. W. W. Perrin, Bishop of British Columbia.

"It is wonderful, realistic and exquisite in execution; it is an inspiration to see it."—Rev. Dr. W. F. Wilson, Toronto.

"It is certainly a wonderful and mysterious work of art; a silent sermon—all should see it."—Rev. Father Burn, Napa, California.

"It is a striking picture, and one that everyone would do well to see."—Rev. Byron Stauffer, Toronto.

W. C. T. U. PROGRESS

New Building to Be Begun by March Next.

The annual meeting of the Toronto District Women's Christian Temperance Union is being held in Bond Street Congregational Church. The president's report, read by Mrs. Fred C. Ward, told of material progress in the various departments. She noted that in Ontario 410 municipalities are under local option, and 100 others campaigning for it. She considered that in connection with temperance work in the Sunday schools, two superintendents should be appointed to look after the work, and urged that a strong deputation wait on the city council and request its influence with Manager Orr to provide a suitable building for the W.C.T.U. at the exhibition. It was argued that the proceeds from the exhibition tent always went into useful work in the city.

Mrs. Ward reported that a site had been secured for the new headquarters of the association at Gerrard and Victoria-streets at \$25,000, the building at Elm and Teraulay-streets having been sold for \$15,000. A conditional promise for the full cost of the site had been received from C. D. Massey, the work on the building to be started by March next.

An increase of 100 members has been realized by the union during the last year, making the total now 1100.

"As long as a 'red light' district exists anywhere, that sacred institution, the home, is in danger," said Mrs. Ward in referring to the campaigning against the white slave traffic.

"The physicians in our midst will tell you that from that terrible disease which outclasses consumption, the great black plague, the innocent as well as the guilty suffer. There are over 50,000 girls in these houses of prostitution in New York city, and all the supply must be renewed every five or seven years. Where are they to come from?"

"But when we talk of distant cities, let us remember that we have built such a district (no so notorious, but such) in Toronto the other day. We must

not coax, we must not plead, we must demand that these horrors shall cease."

The work of the past year was reviewed by Mrs. R. Fletcher, corresponding secretary. An invitation had been extended to hold the next World's W.C.T.U. Convention in Toronto. As a result of the campaign conducted in June last, upwards of \$9000 was secured of the required \$25,000, the balance of which they feel confident of securing.

Mrs. E. Woodley, treasurer of the building fund, reported that in receipts and promises, \$850 had been contributed during the year.

It was decided to hold a large bazaar in aid of the building fund in Massey Hall during the entire week, commencing November 29. Mrs. Albert Welch is convener of the committee.

A musical program was given by the Misses Fortar.

Morning and afternoon sessions will be held to-day.

Semblich Attacked by Robber.

LAUSANNE, Switzerland, Sept. 27.—Mme. Marcella Semblich narrowly escaped death at her villa here Sunday night, when a man, who had presumably entered for the purpose of robbery, attacked her companion, Fraulein Berta Mielke, known in America as Miss Frieda.

The prima donna rushed to her friend's assistance and was herself attacked, but succeeded in driving off her assailant.

The police believe that the man intended to kill Mme. Semblich. Fraulein Mielke has been Mme. Semblich's constant companion for twenty years.

"Too Much Learning."

CAMBRIDGE, Mass., Sept. 27.—Christopher Royce, son of Prof. Joseph Royce of Harvard, said to be possessed of the most perfectly trained mind in America, died yesterday at the Danvers Insane Asylum, a victim of overstudy.

Mistake in Transcribing.

The names of Mr. Eugene O'Keefe and Mr. J. J. McConvey were inadvertently printed in the list of the O'Connor reception committee.

BOURASSA IS GAINING IN QUEBEC PROVINCE

Both of the Old Parties, However, Think His Campaign Will React in Their Favor.

OTTAWA, Sept. 27.—Curiously striking view upon the situation in Quebec are reaching the headquarters of the two political parties at Ottawa. There is a general consensus of opinion from all over the French province that Bourassa is undoubtedly gaining ground, and that unless there is a big revulsion of feeling, his party will cut a very considerable figure at the next general election, which is already looming near.

Just how it strikes the leading men of the two parties is interesting. The Liberals claim that whatever headway Mr. Bourassa makes will be negated in a few days by Sir Wilfrid Laurier, when he opens his pre-election campaign. In the premier's power to control his province they profess entire confidence.

In the Conservative camp here is a feeling of confidence. It is reported to the leaders that the campaign against Laurier for the head of the party, which ended in disaster, this was emphasized. Conservative politicians for Quebec, who have been here during the last few days, are not candidates for government, but are "standing pat," and that there will be a reconciliation very shortly, and that the old political parties will continue to dominate the situation.

REFUSED THE APPLICATION

C. N. R. Not Compelled to Construct Overhead Bridge.

PORT HOPE, Sept. 27.—(Special.)—At a meeting of the board of railway commissioners held here to-day the application of George Nicholas Smith of the Township of Clarke, for an order directing the Canadian Northern Ontario Railway Co. to construct an overhead bridge across the applicant's property, on lot No. 3, concession 4, Township of Clarke, was refused.

Judgment on the questions of protection at the crossing of the Grand Trunk Railway Co. and the Village of Oro, near Whitby Junction, and of the Ontario Railway Co. for authority to divert Prince-street in the village of Oro, for leave to construct its railway across the public road, between lots 10 and 11, concession 4, in the Township of Clarke, was reserved pending reports of the engineer of the commission, Mr. Mountain.

AVIATOR CHAVEZ DEAD

Young Man Who Flew Over Alps Dies From Injuries.

DOMODOSSOLA, Italy, Sept. 27.—Geo. Chavez, the Peruvian aviator, who achieved the feat of being the first man to fly over the Alps in an airplane, died in a hospital at 2.30 this afternoon of injuries which he received when his biplane crashed into the earth with him last Friday. Just after he had completed what was considered the most perilous leg of the flight, he was hurled from his plane from Paris, to act as his nurse, was at his bedside when he died.

GAYNOR'S REASONS

Explains Why He Will Not Accept Nomination as Governor.

NEW YORK, Sept. 27.—If nominated for governor at Rochester, Mayor Gaynor will refuse to accept the nomination. In a letter to James Creelman of this city, written yesterday, and made public to-day, he definitely eliminates himself as a possible candidate in language so plain that he says "every honest man will understand me."

He says in part: "I could not abandon to their hands the splendid men whom I have appointed to office, and who are working so hard for good government. I could not abandon the people of the City of New York after so short a service."

One-way Second-class Colonist Fare.

\$41.05 to Seattle, Tacoma, Wash.; Nelson, Vancouver, Westminster, B.C., and Portland, Ore., until October 15, from Toronto, via Grand Trunk Railway System. Proportionate rates from other points in Ontario. Full information and tickets at Grand Trunk city ticket office, southwest corner King and Yonge-streets, Phone Main 429.

The O'Connor Program.

Following is the musical program prepared by Mr. Donald C. MacGregor, master of ceremonies, for the reception to Mr. T. P. O'Connor next Friday evening at Massey Hall:

7 o'clock, special Celtic music by Fraalck's orchestra.

8-8:45 o'clock, Irish popular songs by Donald C. MacGregor, baritone; Irish melodies by Miss Lena Hayes, violinist; pipe music by Piper Murray and 8 o'clock, address by T. P. O'Connor, M.P.

Hon. J. J. Fox, acting Premier of Ontario, has kindly consented to preside as chairman for the evening.

Killed Sliding Down Door.

TEESWATER, Sept. 27.—A fatal accident occurred here about five o'clock yesterday, when Charles, the 6-year-old son of C. R. Campbell, was killed by being run over by his father when he had carried home a short time before with a broken ankle.

Candidate in Town.

J. R. Hewitt, Conservative candidate for the constituency of South Wellington, rendered vacant by the resignation of Joseph P. Downey, was in the city yesterday and met the different members of the government, including Sir James, after council meeting.

While the date of the by-election was discussed, no decision will be arrived at until the premier returns next week.

Just try

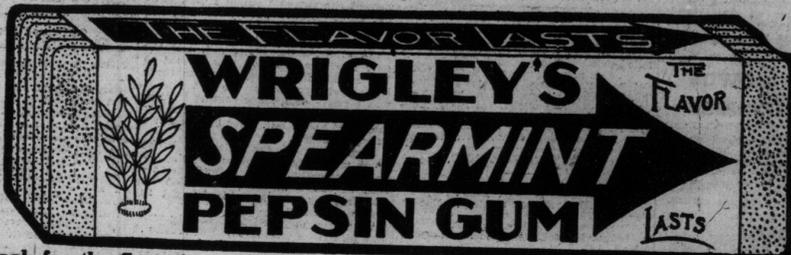

the delicious juice of fresh crushed green mint leaves.

"The beneficial confection" is full of it!

If you're nervous it soothes you. If you eat poorly it creates an appetite. If you have eaten indigestibles it helps digest them. It cleanses teeth and perfumes breath besides.

Fine for automobiling and all outdoor games. Keeps the mouth refreshed—prevents dryness. Every pocket should have a package.

The Flavor Lasts!

Hearst's "Unselfish Devotion."

NEW YORK, Sept. 27.—W. R. Hearst, in an interview in Paris, cabled to The New York Herald, says positively that he will not be a candidate for governor next fall, but to "prove my unselfish devotion to the cause," he says, "if the independents shall nominate a sound Progressive for governor, I will accept the nomination for some minor office on the ticket, and do my best to elect the head of the ticket and bring out the Independent vote."

Eczema on Leg for 25 Years

I have been treated by doctors for twenty-five years for a bad case of eczema on my leg. They did their best, but failed to cure it. My own doctor had advised me to have my leg cut off, but I said I would try the Cuticura Remedies first. He said "try them if you like but I do not think they will do any good." At this time my leg was peeling from the knee down, my foot was like a piece of raw flesh and I had to walk on crutches. I bought a cake of Cuticura Soap, a box of Cuticura Ointment and a bottle of Cuticura Resolvent. After the first two treatments the swelling went down and in two months' use of the Cuticura Remedies my leg was cured and the new skin grown on. The doctor could not believe his own eyes when he saw that Cuticura had cured me and said that he would use Cuticura for his own patients. But for the Cuticura Remedies I might have lost my life. I am truly grateful for the wonderful cure that Cuticura wrought. I have many grandchildren and they are frequent users of Cuticura and I always recommend it most highly as a sure and economical cure for skin troubles.

(Signed) Mrs. J. D. BERNARD, 277, Metcalf St., Montreal.

Cuticura Soap and Ointment

afford the speediest and most economical treatment for affections of the skin and scalp. A single tablet of Cuticura Soap and box of Cuticura Ointment are often sufficient. Sold throughout the world. Potter Drug & Chem. Corp., Sole Proprietors, Boston. Send for free 32-page Cuticura Book on treatment of skin diseases.

A MASTERLY DOCUMENT

Opinion of British Press on West Indies Commission Favorable.

(Canadian Associated Press Cable.)

LONDON, Sept. 27.—A. E. Ashinwall, secretary of the West India Committee, says the report of the West Indies Commission is a masterly document, and generally speaking is decidedly favorable. Indeed, many of the suggestions made have been embodied in a memorandum which the committee has submitted to the royal commission, and has now been adopted.

The Globe hopes its evidence and conclusions will not be quietly pigeon-holed, but thoroughly debated and acted upon.

The Westminster Gazette says if at the end of it all the Canadian Government does seriously mean not to continue its preference unless it gets reciprocity on revenue tariff, the report of the commission makes the best of a bad job and does so with the least possible disturbance of existing systems.

COMMITMENT ILLEGAL

Had Not Been Signed When Given to the Grand Jury.

MONTREAL, Sept. 27.—(Special.)—Mr. Justice St. Pierre has dismissed the case against A. J. Lemieux, who was before the Court of King's Bench for refusing one of the members of the Emancipation Lodge, St. Lemieux, to go back to the police court. The judge said that the commitment was illegal, as it had not been signed when given to the grand jury, and he added that if the employee had committed the blunder intentionally, he should at once be dismissed from the service. The suggestion was made with a view to save Lemieux.

Cases in the Sessions.

James Kirkpatrick, a collector for P. F. Collier & Son, pleaded guilty in the sessions to theft of \$3.00. Robert Thompson, a colored youth, pleaded not guilty to assault upon a little girl, and as the crown had no evidence to offer, he was allowed to depart, after the judge had remarked that it was strange the magistrate had sent him to trial.

True bills were returned by the grand jury against Dr. Herbert A. Sheppard, charged with bigamy, and John Ryan, theft.

Charged With Selling Racing Information.

Michael Tamdeen, Michael Burns, Wallace Kemp, Henry Kent Frank Tracey and Thomas Wilson all of New York, and Joseph Cline of Toronto, selling a New York paper giving racing information, were arrested yesterday morning by Detectives Newton and Miller. They are charged under the Miller Act. Tamdeen is the local agent at King and Yonge and King and York-streets.

Produce Company Assigns. The Dominion Produce Co., West Market-street, assigned yesterday to Oeler Wade. A meeting of the creditors will be held next Monday.

Are You Particular

Every article—no matter what it is that comes to us for living—cleaning and repairing receives thoroughly adequate attention. That is why we are able to guarantee satisfaction. And that's why small orders lead to the ones and permanent customers. We'd like to have your business if you're particular.

EDMONTON TO FORT WILLIAM

G. T. P. Will Have Connection Completed by Next Saturday.

WINNIPEG, Sept. 27.—(Special.)—On Saturday next the G.T.P. takes over from the National Transcontinental commissioners the section between Winnipeg and Superior Junction. As the G.T.P. branch from that point to the head of the lakes is completed, the company will commence operating right thru from Edmonton to Fort William, twelve hundred miles in all. The section west of Winnipeg will at present be used for grain traffic and freight only.

Lord Strathcona at Berlin Centenary.

LONDON, Sept. 27.—Lord Strathcona attends the centenary of Berlin University on October 10, as the representative of McGill University.

Sir C. and Lady Robinson sail for Newfoundland on Friday.

Sutor Dismissed From the Service.

LONDON, Sept. 27.—Lieut. Sutor of the Royal Artillery, who was recently court-martialed for publishing a pamphlet criticizing the army administration, to-day was sentenced to dismissal from the service. War Minister Haldane has addressed the King to reduce the sentence to a severe reprimand.

OURES

DIARRHOEA, DYSENTERY, COLIC, CRAMPS, CHOLERA, MORBID, CHOLERA INFANTUM, SEASICKNESS, SUMMER COM. PLAIN, and all LOOSENESS or FLUXES of the BOWELS

Mrs. HOLLIDAY, Box No. 86 Worcester, Ont., writes—"I must say that we have used Dr. Fowler's Extract of Wild Strawberry for over seventeen years, and have found nothing to equal it for all Summer Complaints, Diarrhoea, Dysentery, etc. Our house is never without a bottle of the Extract and I can recommend it to be kept in every home, especially where there are children."

NEW BANK PRESIDENT.

MONTREAL, Sept. 27.—(Special.)—Hon. J. D. Rolland, M.L.C., was elected to-day president of the Bank of Montreal, replacing the late Dr. F. X. St. Charles. The new president is a well-known paper manufacturer and a past president of the Dominion Commercial Travelers' Association.

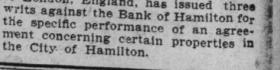

The Dowager Countess of Althorpe of London, England, has issued three writs against the Bank of Hamilton for the specific performance of an agreement concerning certain properties in the City of Hamilton.

Notice—We wish to warn the public against being imposed on by unscrupulous dealers who substitute the so-called "Strawberry Compounds" for Dr. Fowler's.

If you want to be on the safe side ask for Dr. Fowler's Extract of Wild Strawberry, and insist on getting what you ask for.

The original is manufactured only by The T. M. M. Co., Limited, Toronto, Ont. Price 35 cents.

Mrs. HARRY GILLIAND, Cardinal, Ont., writes:—"Our baby was so very bad with Diarrhoea that it seemed her bowels were fairly raw. We tried everything we thought would help her but failed. A neighbor advised trying Dr. Fowler's Extract of Wild Strawberry. We tried it and before the end of a week our baby was as well as ever. We always keep 'Dr. Fowler's' in our home."

Dr. FOWLER'S EXTRACT OF WILD STRAWBERRY

DON'T BE WEAK

Don't allow all the fresh young strength to go out of your life.

If you are losing the strength of youth and can see evidence from day to day, that your physical system is going to decay, you should, in common justice to your future happiness, take steps to check this.

Don't make the mistake of thinking that this can't be done; it can and has been done in thousands of cases.

Don't deceive yourself into believing that it is natural for any person to thus exhaust his power.

Nature is appealing to you every moment to save yourself. The slight pains that you feel, the momentary spells of weakness, the periodical loss of memory, dullness of brain, drowsiness—all point to the necessity of curing yourself now. I have a positive cure for you in my

Dr. McLaughlin's Electric Belt

This is the treatment that has restored thousands of people to the highest standard of manhood and womanhood. It is adapted especially to this trouble, and never fails in its grand work.

AMPLE PROOF WILL BE GIVEN YOU ON REQUEST:

To those who still doubt there is any cure, because they have been misled by false representations, and want evidence of cure in their own cases before paying, I am willing to give all the chances of curing any case of RHEUMATISM, LUMBAGO, LAME BACK, SCIATICA, VARICOCELE, NERVOUS DEBILITY, CONSTIPATION, LOST ENERGY, resulting from exposure and excesses in young or middle-aged men.

PAY WHEN YOU ARE CURED.

That is my offer. You take my latest improved appliance and use it in my way for three months, and if it does not cure you need not pay me. My only condition is that you secure me, so that I will get my money when you are cured.

Electricity is life to the nerves and organs of the body. They cannot live without it. Get back the power and make yourself a man among men.

Charming New Silks

The manufacture of double width silks has led to many new and charming weaves being introduced. Amongst them are the silk cashmere or charmeuse satin. This is now the chief fabric for weddings and evening wear. Rich, soft, draping fabric in the most exquisite colorings possible, also ivory and black, 40 and 42 inches wide, per yard, \$2 and \$2.50.

Silk crepe de chene in plain and ripple weave, 42 inches wide, dainty and serviceable for all occasions where a soft clinging silk is desired, per yard, \$1.25 and \$1.50.

New Persian, Dresden and Paisley silks, we have scores of new designs and patterns in almost every color combination possible, suitable for dresses, trimmings, and millinery, prices per yard, 75c, 85c, \$1, \$1.25 and \$1.50.

This Linoleum Should be Seized

Linoleum prices are going up, up, up; we're not guessing at this—the price of linseed oil, linoleum's chief ingredient has doubled during the last fortnight, and even now we cannot buy this Scotch linoleum to sell even at the regular prices we quote here—much less at the special sale price for to-morrow.

After special negotiations with a famous Scotch manufacturer, we obtained this lot of **discontinued lines** at a price that makes to-morrow's sale a very interesting one. Look away ahead for your linoleum needs—you'll probably not catch good linoleum at this price for a long time to come.

15,000 yards of Scotch Printed Linoleum, in matting, parquet, block, floral and tile designs, perfectly printed and thoroughly seasoned goods.

Regular 40c, Thursday, per square yard 29c.
Regular 50c, Thursday, per square yard 37c.

The Etamine Colonial Drapery

The most artistic and at the same time the most permanent colored curtain fabric known. Special display on the Fourth Floor to-morrow, price, per yard, 45 inches wide, 30c.

And don't miss the Cambridge Grenadine, a reversible—scrim, printed from the designs of a famous artist. 48 inches wide, 40c per yard.

SEE THE CRAFT CLOTH.

An upholstery fabric, in designs which are a distinct departure, and show a wealth of coloring. Per yard, 45 inches wide, 40c.

The Judgment of Paris
Is in Favor of Women Wearing Rug Coats

Every woman has heard of the Rug Coat vogue—but few expected to find good examples of them at reasonable prices so soon after the Paris pronouncement. This Rug Coat and the broadcloth one mentioned in detail below are both faithful copies of two attractive Paris models. They are two types of coat that Parisiennes are wearing now, and this announcement will be good news to hundreds of women, and a confirmation to our regular customers of this department's promptness in supplying sensible adaptations of the latest continental styles at very moderate prices.

Here are the Details of Two Distinctive Coats

To be seen only at this store:—

Another Smart Coat is an elegant coat of fine broadcloth; black and navy only. The coat is lined throughout with black satin, and has deep collar of silk velvet; edges with silk braid; single breasted, but fastens a little to the side with three large buttons; a smart and attractive coat. Sizes 34 to 40. Price \$22.50.

When you come to the Third Floor to see these coats to-morrow don't go away without seeing the new Autumn Suits and Dresses, attractive styles, very moderately priced.

New Arrivals in the Dress Goods Dept.

Everything that is new in design, weave and color, from the fashion centres of Europe, is represented in our immense assortment of suitings.
