## ANOTHER CHARGE IS SPRUNG ON DARROW

### Warm Congratulations of the Jurors and Friends After Acquittal Interrupted by the Prosecutor's Announcement—Second Indictment Alleges Complicity in Attempt to Bribe Juror Bain.

LOS ANGELES, Aug. 17.—Clarence Darrow, the Chicago lawyer, who was found not guilty to-day on the charge of having bribed a prospective juror in the McNamara case must stand trial on a second indictment, according to an announcement made by District Attorney Fredericks immediately after the acquittal.

Darrow apparently was unconcerned over the statement of the prosecutor. He was deluged with telegrams from all parts of the country, which began pouring in within an hour after the verdict had been given. The courtroom scene which followed the reading of the verdict, just 34 minutes after the jury had retired, was one that has had no parallel in this city.

Jurors embraced the acquitted man and with tears streaming down their cheeks declared that it was the happiest day of their lives. Court officials, including Judge Hutton, joined in the congratulations, and Mrs. Darrow, to whom the trial was a continuous nervous strain, stood speechlessly happy with one hand in her husband's and the other wringing those of the jurors.

Stopped at every step by pedestrians who wanted to shake hands with him, he required nearly a half hour for Mr. Darrow to make his way two blocks to a cafe, where he and a small group of friends went for luncheon.

"The jury was virtually unanimous when it left the box," Chief Counsel Earl Rogers said.

Lawyers incredulous.

Mr. Darrow's attorneys expressed incredulity when informed that there would be a trial on the Bain indictment. They asserted that all of the evidence in the Bain case had been submitted in the trial just ended.

Two o'clock next Monday has been fixed as the time for the trial of the second indictment against Darrow—that charging complicity in the attempt to bribe Juror Bain.

District Attorney Fredericks spoke bitterly late to-day of the verdict. "We simply could not overcome the damnable atmosphere that counsel on the other side created in the courtroom," he said. "As long as the court allowed them to do it we were helpless."

### RUSSIA FEARS REBELS.

PARIS, Aug. 18.—A telegram received by The Paris Temps this evening from St. Petersburg states that Czarist troops are being sent to the principal fortress and military post of Russia, 20 miles west of the Russian capital, has been declared in a state of siege. The measure, the message adds, was a precautionary one and was taken with a view of offsetting possible trouble on the part of malcontents in the Russian fleet.

## \$200,000 DARROW'S FEE FROM THE FEDERATION

### Labor Organization Issues Booklet Accounting For \$236,105 McNamara Defence Fund—Not Many Details Given.

INDIANAPOLIS, Aug. 18.—In an eighty-page book just issued, the American Federation of Labor makes an accounting for the \$236,105 fund collected for the defence of J. J. and J. B. McNamara in the Los Angeles dynamite cases. The expenditures were \$227,911.85. There were more than five thousand contributors. The largest disbursements were to Clarence Darrow.

Money paid to Darrow, and itemized only as "expenses on account attorney's fees in McNamara legal defence case," totaled \$60,000. To Leo M. Rapoport of Indianapolis the payment totaled \$10,000. To Henry Seyfried, Indianapolis, \$2500. Darrow obtained his money usually in payments of \$10,000 each.

## WEATHER FARMERS

Winnipeg, O. 18.—Rain on Friday in prairie province, but it is expected that proceedings will be renewed on Monday with increased energy.

Farmers on the whole, are somewhat anxious on account of the unsettled weather and light local frosts, and those who have only just started or are about to start intend rushing things as much as possible. Harvest help at present is none too plentiful, but with armies coming in all times of the day and night, no material disadvantage is expected from this source.

## OBTAINED MONEY BY NEW FRAUD GAME

### Fourteen-Year-Old Boy Told an English Immigrant That it Would Cost Him \$5 to Enter Rochester, Took the Money and Gave Useless "Certificate."

John Mansfield, a fourteen-year-old boy from Newark, obtained five dollars from a British immigrant at the Toronto Union Station last night by a method new to the Toronto police. As a result he was arrested, and will appear before Commissioner Starr this morning on a charge of obtaining money under false pretences.

Mansfield, who had come to Toronto yesterday, made the acquaintance of the Union Station here last night at Arthur May, a new arrival from England. From May he learned that he was on his way to Rochester. Mansfield volunteered to buy the Englishman's ticket. This offer was accepted and the money given the boy, who in a few minutes returned to May with the Rochester ticket.

"I must now get you a landing certificate," said the boy. This he explained was necessary for all entering the United States from Canada and would cost five dollars. Convinced of the boy's honesty and very grateful for his kindness, May handed over the five dollars. Mansfield then went to the Canadian Express office, obtained one of their blanks and filled it in with the statement that he would permit the bearer, Arthur May, to land at the United States port of Rochester.

May accepted the certificate and was thanking the boy for his kindness when Constable Holmes, who had witnessed the transaction and overheard part of the conversation regarding it, stepped up and took the boy in hand.

### ARIZONA QUAKES

Buildings Rocked During Short Disturbance—No Lives Lost.

ALBUQUERQUE, N.M., Aug. 18.—According to a despatch received today, Williams, Arizona, was severely shaken by an earthquake this afternoon.

The shocks lasted from 2.05 to 2.30. The shocks were felt as far east as Winslow, 100 miles west of here. Holbrook, a town near Winslow, was also shaken. Building rocked and windows broken, but it is not thought any lives were lost.

## GAMBLING JOINT RAIDED BY POLICE

### Nine Men Caught in John Morrison's House at 89 Defoe St. on Sunday Afternoon, When Constables Found Dice Game in Progress, With Much Money in Evidence.

The Toronto police raided an alleged gambling joint on Sunday afternoon in the house occupied by John Morrison at 89 Defoe-street.

The constable on the beat, noticing men going into the Defoe-street house one or more at a time early Sunday afternoon, grew suspicious that something was wrong. The matter was reported to No. 3 police station, where the house had been under suspicion for some time, and a raid was decided upon.

At thirty-three the police patrol wagon was driven up to the house and the building cut off from the front and rear by the police. Sergeant Umbach of No. 3 police division, accompanied by Constables Ward (198) and Parish (72), then entered the premises.

They found nine men busy playing dice and other gambling games and much money was in evidence. The nine men were all placed in the police patrol wagon and taken to No. 3 police station.

John Morrison, 89 Defoe-street, was arrested as the keeper, and the following eight men as frequenters: John Verral, 90 Argyle-street; Robert Brown, 283 Niagara-street; Thomas Kelley, 74 West Queen-street; Samuel Moore, 243 Niagara-street; Robert Unlache, 89 Defoe-street; Percy Hainbecker, 200 Simcoe-street; John Hainbecker, 208 West Richmond-street, and William Moyled, 314 West King-street.

Morrison was allowed bail on security of \$500 being furnished. The other men, with the exception of Hainbecker and Moyled, were later allowed bail on security of \$200 each.

## NO ORCHESTRA TO PLAY TO-DAY

### Musicians, Decided to Go on Strike, and Theatre Music Will Be by Pianos.

At a meeting held after the theatres closed on Saturday night the members of the theatre orchestras decided to go on strike for higher wages. Consequently there will be no orchestras at any of the Toronto theatres to-day. The contacts between the musicians and the theatres terminated on Saturday night. The musicians some time ago gave notice of their request for higher pay, but the managers of the theatres decided that it would be impossible for them to meet all the demands.

Arrangements were made to have pianists at the five theatres which are open to-day. At the Star the music will be furnished by two pianists, a drum and a non-union violinist. Pianists will play in all the other theatres.

At the Gaiety on Saturday afternoon sixteen seats were sold in the space formerly occupied by the orchestra, at \$1 a seat.

## LEADING MASON CORNER STONE LAID IN RAIN

John S. Boyd, a former resident of Toronto, died on Friday, Aug. 18, at Indianapolis, Ind., of Bright's Disease, which was aggravated by an automobile accident.

Mr. Boyd was for over twenty years traveling representative of "The Tyler-Keystone," a Masonic organ, published at Ann Arbor, Mich.

He was a member of Doric Lodge, A. F. and A. M., St. Andrew's and St. John's Chapter, Geoffrey de St. Aldemar Preceptory, and Ramezes Temple of Mystic Shrine. He was also a member of Adoniram Council, and of Oriental Consistory of Chicago.

The funeral will take place from the residence of D. Robertson at Reservoir Park grounds, on Tuesday, Aug. 20, at 2.30 p.m. The service will be in charge of Doric Lodge. Burial will be in Mount Pleasant Cemetery.

## COMING BEFORE COUNCIL TO-DAY

Corporation counsel, appointment. Civic abattoir site. City architect's department reorganization. New bridge at St. Clair-avenue fill. Fair wage officer's department. Detention hospital site. City traffic commission. Sunday slides. Housing commission. Dr. Hastings' salary.

## MUCH BUSINESS BEFORE CITY COUNCIL

### Appointment of Corporation Counsel Will Be Most Important Matter for Settlement, While Proposals for Housing and Traffic Commissions Cause Discussion.

Quite a number of questions and projects of comparative importance are to come before the council at today's session and the chief items among them are: The appointment of a new corporation counsel in lieu of T. G. Meredith, K.C., who has declined the offer; a request for a reorganization of the city architect's department by Aid. Austin. This is subsequent to the charges of delinquency on the part of some officials with the result that buildings have been erected within the city limits before a permit had been obtained. It has also been suggested that City Architect McCallum be appointed to the honorary position of consulting architect and that Assistant City Architect Price be placed in the position now occupied by Mr. McCallum.

### Traffic Commission.

Controller McCarthy will move that the council create a traffic commission to control the construction and operation of the new civic street railway system and local transit lines. He wants the board to consist of five members, one to be elected by council each year for a one-year term, four to be elected by the citizens direct, serving after first election for one, two, three and four years, according to the vote received. If approved at the elections on January 1 next, application will be made for legislation to this effect at the next session of the legislature.

### Fair Wage Officer.

Controller Church asked the board of control to recommend the adoption of his motion repealing the existing by-law with regard to the appointment of a fair-wage officer and adopting another that intends to bring the question of his office a separate department of the city subject to the rulings of the board of control. It is understood that he intends to bring the question to a vote this afternoon on account of the controllers refusing to comply with his request. Controller Church also has recommended the procuring a new \$3000 motor car for the police department.

### Civic Abattoir.

On account of the opposition raised to the civic abattoir on Stanley Park, it is probable that the council will decide upon another location, altho the speaker committee have recommended the use of the park site.

Ald. McBride will endeavor to obtain permission to bring in a bill to prohibit the slopes relating to the prohibition of Sunday use of the park slides.

Ald. Rowland wants the city to appropriate the slopes and land adjoining Rosedale Ravine-drive from Park-road to the Don Valley in order that the property may be utilized for park purposes.

### Housing Commission.

Dr. Hastings has recommended the appointment of a housing commission, etc., and is looking forward to the adoption of his report favoring sanitary reforms, which include the installation of sanitary conveniences where necessary, to be charged against the property as a local improvement.

## PROSPECTORS HAVE FAST MOTORS READY

### Army of Prospectors Encamped in Gillies Limits Prepared to Stake at Midnight Half Dozen Claims and Then Speed to Recording Office—Violence is Expected.

HAILEYBURY, Aug. 18.—(Staff Correspondence.)—Gillies Limits, where a small army of prospectors are bivouacked to-night, with many more coming as reinforcements on each train, has the undivided attention of the whole north.

Only two hundred twenty-acre claims are available for staking, and the half dozen lots of promising surface appearances are camped on by hundreds of prospectors who propose to stake the lot, then make a wild dash in high-power motors to the recording office at Haileybury over the Giroux Lake stone road.

So acute is the rivalry for claims with showings that the men are declaring that to-night trouble of a serious nature is liable to come, both on the limits and at the recording office. The situation hourly grows more intense, and violence may be resorted to by reckless ones.

To save endless litigation over disputed titles, it is said the recorder will refuse to accept applications from those who trespassed in order to get on the ground early. The provincial police may be called upon to clear the limits under the laws of trespass before the official opening Monday at midnight.

Toronto men who are said to be represented in the scrimmage for claims are W. S. Edwards, A. G. Minter, W. B. Clark and M. J. O'Brien.

## STOLE MONEY TO PAY FINES

### Man and Woman Held on a Charge of Taking \$100 From Livery Stable Proprietor.

The grand finale of the affair in which several women prisoners had their fines paid with stolen money and were given their freedom from the Toronto jail, ended in the arrest on Saturday night of Julia Purdie and Edward J. Hunter.

According to the story told by the police, Hunter, Albee Mack and Julia Purdie hired a horse and rig from the livery of Alex. Arby, 17 Brock-avenue, on the night of Saturday, August 10. On returning later the horse was put in the stable again by Hunter, the two women meanwhile sitting at one end of the stable smoking. When the three had gone, the proprietor went to change into another pair of trousers that had been hanging in the stable, only to find that some one had removed a roll of bills containing more than a hundred dollars from one of the pockets.

In the meantime the trio hired an auto with which they drove to High Park and the next morning to the jail. Here they paid the fines of their friends, Kate Black, \$32.25; Mary O'Leary, \$4.25, and Blanche Richards, \$13.50.

Albee Mack and the women prisoners who had been released were afterwards located by the police, and on appearing in the police court were remanded until to-morrow. Last night Detectives Murray and Young arrested Julia Purdie on the street. According to her, Hunter was given a goodly share of the stolen money. Hunter was later located on Saturday night by the detectives and also placed under arrest.

The two prisoners will appear in the police court this morning and be remanded until to-morrow, when the case against all concerned will be heard.

## TWO WADE OUT BEYOND DEPTH

### Popular Ottawa Young Women Drown Before Assistance Can Reach Them at Summer Resort.

OTTAWA, Aug. 18.—(Can. Press.)—A double drowning occurred to-day at Norway Bay, Que., a summer resort, 45 miles west of the city on the Ottawa River, when two well-known and popular young women lost their lives while bathing. Miss Mary Wright, aged 23, daughter of P. H. Wright, and Miss Bertha Johnston, aged 16, daughter of the late George S. Johnston, both of Ottawa, with a party of other young women, went in bathing shortly before noon to-day and wading out beyond their depth went down before assistance could reach them. The bodies were recovered fifteen minutes later and three physicians visiting at the resort worked over them for an hour without success.

## MOVING PICTURE MEN MAY STRIKE

### Operators in Toronto May Leave Work in Order to Handicap Film Exchanges.

Trouble is crowding up now among the moving picture operators in Toronto. There is a chance that next Saturday morning 75 per cent. of the men who grind out the "movies" will not be in their iron-clad cages and the proprietors will be in a box so far as keeping their houses going is concerned.

A strike has been on in Vancouver for a month between the operators and the managers and the men think that two of the largest film exchanges have been lending to the proprietors just a little more aid in the fight than they think correct and proper. The Vancouver operators informed the Toronto men as to the situation, and yesterday afternoon the local union of about seventy-five men voted without dissent to call a sympathetic strike in Toronto to be directed chiefly against the two film exchanges which control three-quarters of the local houses.

Unless this decision has the expected conciliatory effect, the strike begins Saturday morning.

And it may spread thruout Canada wherever the two exchanges operate, declared one union officer last night.

## FORMER COLLEGE CHANCELLOR DEAD

### R. W. Heneker Was Paymaster in Fenian Raid and Very Well Known in Canada.

LONDON, Aug. 18.—(C.A.P. Cable.)—Richard William Heneker, late chancellor of Bishop's College, Lennoxville, died to-day at Bournemouth, aged 89.

Richard William Heneker, ex-chancellor and D.C.L. of the University of Bishop's College, was born in Dublin, and was educated at University College, London, subsequently studying architecture and surveying. He abandoned his profession to become the commissioner of the British American Loan Company in Canada in 1858, and was afterwards president of the Eastern Townships Bank, and president of the Paton Manufacturing Company. He received his M.A. from Bishop's College, Lennoxville, in 1870, and his election as chancellor of the university in 1878, and ten years later the honorary degree of LL.D. from McGill University. In the army he attained the rank of major, and he acted as paymaster to the 53rd Volunteers during the Fenian raid.

### BANK TELLER SHORT.

It was learned Saturday evening that the teller in the head office of a prominent Toronto bank is some thousands of dollars behind in his books. The exact amount is not known as yet, but officials of the bank are sure that the loss is covered by guarantee bonds.

The young man is at present under suspension. Nothing will be done until the inspection of the books is completed.

## DELEGATION WILL ASK FOR FLOOD PREVENTION

### Premier Whitney on Wednesday to Meet Representatives From Towns Along Grand River Valley, Seeking Measures to Prevent Overflowing of Stream.

GALT, Aug. 17.—Plans are perfected to send a very large delegation from Grand River Valley to Queen's Park for conference on flood prevention measures. The board of trade is joining with the municipal councils in selecting representative citizens in Brantford, Paris, Berlin, Waterloo and other towns, including Galt.

The regulation of the stream is of great importance to the district and the necessity for immediate action is so far as engineering investigation is concerned is apparent to all municipalities interested. Hopes are entertained that Sir James Whitney will see eye to eye with the delegates and order a complete survey of the watershed.

To-day, the secretary of the Grand River Improvement Union, that is again to bring the flood prevention question before the provincial government, received word from the premier that he will meet a deputation at the parliament buildings next Wednesday at 2 p.m., and will have two or three colleagues present to hear the case. Representatives will attend from a dozen municipalities. Galt will be represented by its council and board of trade. Members of the legislature from several constituencies interested will also join in conference with the premier.

The movement for the union of municipalities on the hydro-electric enterprise originated in this town, and made good. Determination to push the Grand River scheme is just as strong, and hopes are entertained that it will be just as much a success.

## WALDO NOW AFTER GRAFTERS

### Police Commissioners Plan Public Trial of Quartet of Inspectors--Becker's Deposits Reach \$73,000.

NEW YORK, Aug. 18.—Thoroly aroused by the charges of police graft following upon the disorderly house raids made by the district attorney's office, Police Commissioner Waldo, it was said to-night, plans a public investigation of his own. Together with Cornelius J. Hayes, the police inspector, whom he reduced to the rank of captain as a sequence of his alleged failure to suppress disorderly houses in his district, three other inspectors will be placed on trial by the commissioner next week, it was said, and asked to explain the existence of disorderly places in their districts also. These trials will be the vehicle of the commissioner's proposed investigation into the so-called system of police graft.

The trio of inspectors said to be situated for the trial are known to be three of the quartet of inspectors against whom District Attorney Whitman has secured evidence of graft.

Until the raid made on disorderly houses last Friday night by Assistant District Attorney Smith, Commissioner Waldo, according to one of his close friends, had confidence that his inspectors were doing their duty and that the alleged graft did not reach higher than Lieut. Charles Becker, the gambling raider, accused of instigating the murder of Herman Rosenthal. The Becker charges, he thought, were a case for District Attorney Whitman. Believing now that he has had "the wool pulled over his eyes," Mr. Waldo is thoroughly determined to have a house cleaning in the police department.

Becker's Deposits Growing.

The record of Becker's bank deposits has now reached \$73,000. Becker accounts for \$3000 and \$5000 respectively, were furnished to the district attorney's office Saturday by two more banks. Efforts to trace accounts in three out of town banks are being continued.

BUFFALO, Aug. 18.—Sam Schepps, wanted by District Attorney Whitman of New York as the remaining material witness concerned in the murder of a Buffalo man for New York at 9.45 o'clock to-night. It was rumored that the journey would be broken in Albany and that the party would meet there by District Attorney Whitman.

Jockey Cullen Killed  
Jost Fatally Injured  
In Spill at Montreal

Ponies Runched in Fourth Race at King Edward Track, and Veno Von, with Cullen Up, Stumbled, Throwing the Rider—Jost, Mounted on Pony Girl, was Hurled Against a Fence, Breaking His Skull.

MONTREAL, Aug. 18.—(Can. Press.)—A bad spill in the fourth race at King Edward Park yesterday cost the life of Jockey Willie Cullen and Jockey Jost is seriously injured that his recovery is doubtful.

Nine horses started in the race, Jockey Small going out in front on Doll Boy. At the stretch Doll Boy swung wide across the track and Jockey Cullen, who had the mount on Veno Von, came thru the rail. A few strides from the wire the horse stumbled and the rider was thrown, breaking his neck. He died on the way to the hospital.

Jockey Jost, on Pony Girl, immediately behind, had no time to get clear of the mix-up and his horse went down, throwing him heavily. His head struck the fence and his skull was fractured.

The body of Cullen was shipped to Brooklyn, N.Y., where his mother resides. Jost's father is with his son.

The King Edward Park track is on an island known as Isle Grosse, some ten miles down the river. The course is a half mile circuit. Yesterday was the opening day of the second meet of the summer held by the King Edward Park Jockey Club.

Time 1:00. Prograde, Sylvan Wells, Cedar Green, Ethel Berry, Lady Anna, Pass On, Don't Forget also ran.

SECOND RACE—Purse \$500, selling, for three-year-olds and up, about five furlongs.

Big Toronto Crowd Goes Up to the Ambitious City—Benamet Wins the Second Race, Tea Rose Being an Also Ran—The Results.

HAMILTON, Aug. 17.—(Special to The Sunday World.)—The Hamilton Cup Handicap, with three starters, was the feature event of the closing day of the Hamilton Jockey Club for 1912. The seven races were well carried, carrying the largest number of starters of any day this week.

Red Walker and J. W. Hedrick have shipped a carload of horses for the new track, Millers, at Toronto, which opens on Tuesday. Jockey Benamet, who recently returned from Germany, had his first mount on the new track in the first race.

Benamet, who was the winner of the second dash for the juvenile at 54 furlongs, won Benamet, after chasing Old Colt to the head of the stretch, and him into submission in the run home and front for the greater part of the day.

TORONTO DOWNS  
HAMILTON ON A  
SLIPPERY FIELD

Only a Small Crowd at Varsity Stadium to See Soccer Team Battle.

Varsity Stadium, Aug. 17.—(Staff Correspondence.)—The Toronto-Hamilton football match played to-day at the Varsity Stadium was watched by a small crowd of about 200. The play was marred by bad weather conditions. The field was very slippery, making the play very slow. The line-up: Toronto—McCracken (Eaton), Campbell (Baracas), Brownlee (Baracas), Richardson, Wright (Pioneers), Givens, Phair (Eaton), Grant (Baracas), Rutherford (Over Seas), Worrell (Eaton), Young (Devonians); reserve, Saunders (Over Seas).

Hamilton—Crompton, Fletcher and Thomas, Gardner, Newton and Graham, Anderson, Wands, Wilson, Farrant and Thomey, reserves, Watlis, Mason and Hutchins.

Referee—W. S. Murchie. The Toronto team seemed the best on the field, their passing and heading being very much superior to that of Hamilton. The play is centered around the Hamilton goal, centred around making some very sensational stops. After about ten minutes' play, Toronto started after some play, the game continued around centre, the game being in Hamilton territory, Toronto scoring again in a few minutes, and half Hamilton scored on a penalty kick.

TORONTO 2, HAMILTON 1. The driving rain, which spelt the game's end, had stopped, and play is much faster, with the ground very slippery, the players making some very fantastic efforts, to the great amusement of the crowd. Play is never listless, Toronto still having better of play, Crompton saving many a close shot, his steering play between the posts being the only thing that is saving Hamilton from a crushing defeat. The play is now swinging up and down the field, as Hamilton are becoming more aggressive. Joe McCracken, the Toronto goal-keeper, made two fine stops on long shots in quick succession, to a close play near Hamilton goal. Young of the Pioneers wrenched his leg, and had to play near Hamilton. Play is becoming listless, as players seem to be tiring. On a close play on goal, Rutherford got in the third goal for Toronto. The Hamiltonians are pressing Toronto goal, McCracken making some spectacular stops. Game over.

Hilton Plays First  
Match in Canada

English Champion Shows Montreal Some Real Golf—Coming to Toronto.

MONTREAL, Aug. 17.—H. H. Hilton, the English golfer and champion of America last year, who is on a Canadian tour, accompanied by Norman Hunter, were the guests of the Royal Montreal Golf Club at Dixie yesterday. The English pair played a four-hole match with Charles and Albert Murray, the two well-known local professionals, and finished one up on them. The feature of the afternoon's play was the fact that Mr. Hilton went over the course in seventy-one, while the bogey is seventy-seven. The play was quiet during the first five holes, and Hilton displayed nervousness before the large gallery during this period, but as it progressed his play became brilliant and he improved in his iron shots, which were a revelation.

FAREWELL TO THE IMPORTED

As a gentleman said at the Queen's, a few nights ago, "The old hat, that formerly floated over the word 'imported' has disappeared in this country. We know that it does not mean the best, or even just as good as our own Canadian brands. Why, there isn't a table-water in the world any better than Radnor, that comes from the Laurentian Mountains. And very few imported waters compare with it. That's why we all drink Radnor and take off our hats to the 'Empress of Table Waters.'"

MIDSUMMER HATS. White hats are the favorites of this season and these two were noticed in a leading millinery shop. The upper one has a crown of pink roses and is trimmed with knots of black velvet ribbon, either with one bow, as seen in the sketch, or a bow, without the ends, on the back of the opposite side. The lower hat has a conventional rolling brim and is trimmed with a bow of white velvet and a white ostrich feather.

SPOTTED LINEN HATS. Do you like the newest linen hats? Most women find them very attractive. They keep their shape perfectly, being lined with straw, and they contribute to have quite a dressy air, which is especially chic in black and white. The upper part of the hat being of white linen with a band and frill of black and a large white cockade edged with black.

Hats of spotted linen are also very pretty, with pipings of silk to match the color of the large spot. Soft and shady, such a hat has a dome crown with three pipings round the crown and two edging the brim. The only trimming being a big buckle formed in lace with a gathered frill of lace all around it. The straw lining, which may either be in the neutral shade of the linen or in the color of the spot, show next the face, and it is most becoming.

FUN AT HANLAN'S

Find the Girl With the Green Umbrella and Win a Prize of Fifty Dollars in Cash.

A new fun sensation will be introduced at Hanlan's Point the last three nights of this week. It is one that should create a great deal of interest among all classes. Shortly after eight o'clock a number of young women will be turned loose among the visitors, each carrying a colored umbrella. One of these will carry with her an order on the Hanlan's Point office for \$50 in cash. The lucky person who accosts the right girl will win the prize, as the moment she is spoken to she will admit her identity and the cash will be paid over immediately. On Thursday night the color of the umbrella will be green, on Friday night red, and on Saturday night white. Altogether \$150 will be given in prizes, \$50 each night. This is a splendid and amusing opportunity for amateur Sherlock Holmes to make some easy money. The prizes are barred from this competition.

Canvas Back Duck (for Two Ducks). Peel off the yellow rind from the outside of two lemons and put a lemon inside of each duck and let it remain until the ducks are hanging; this will remove any possibility of the fishy taste that is often perceptible in wild fowl. Wipe carefully with dry cloth and rub inside and outside with a little pepper and salt; lay in a pan with a cup of water; cook from 15 to 20 minutes in a hot oven, basting carefully and as soon as they begin to cook dredge with flour; take the heads, livers, hearts and necks and simmer in a cup of water till quite done; remove heads and necks and slice livers and hearts quite fine; add to them one tablespoonful of butter; grate the rind and juice of one lemon, two tablespoonfuls of red currant jelly; add to gravy in pan; let all boil well together and serve very hot in a sauceboat.

Creole Jambalaya. Cut one pound of fresh pork and one slice of ham into small pieces; add one pound of sausage into slices. Brown carefully one large onion cut fine in one tablespoonful of butter; when a light brown add the ham with one half of a minced red pepper, one large sliced tomato, two or three sweet peppers, minced, one clove of minced garlic, three sprigs of parsley, one sprig of thyme and two ground cloves; then add the sausage and cook five minutes, stirring constantly. Add three quarts of rice, one cup of water, one cup of hot water or stock and one and one half cups of rice, and cook one half hour.

Chicken Roll. Cut the raw meat from two good sized chickens, put thru a meat chopper, but in a bowl add one cup of dry bread crumbs, one cup of raisins, two teaspoons of salt, one half a grated nutmeg and one half cup of chopped pecan nuts; break in two eggs, mix thoroughly, form into a long roll about four inches in diameter; roll in a cheese cloth, tie the ends and sew the cloth down so there is no danger of its opening; put the bones of the chicken roll on top, cover the kettle and boil for two or three hours. This will keep for a week, cut into thin slices.

Spanish Codfish. Freshen fish as for cream codfish, put into a saucepan with one quart of tomatoes, season with pepper, a little salt, cayenne and Spanish pepper; add a piece of butter the size of a walnut, when nearly done thicken with a little flour.

Omelet for One. Break two eggs into a bowl, beat slightly, add two tablespoonfuls of water, a pinch of salt and a few dashes of

JELLIED VEGETABLES ARE GOOD. Other Dishes Suitable for Summer.

Jellied Vegetables—Soak one tablespoonful of granulated gelatin in one fourth cupful of cold water, and dissolve in one cupful of boiling water; then add one fourth cupful of sugar, one fourth cupful of vinegar, two tablespoonfuls of lemon juice, and one teaspoonful of salt. Strain, cool, and when mixture begins to thicken, add one and three fourths cupful of prepared vegetables. Turn into a ring mold and chill thoroughly. Remove from mold, arrange around the sides of cold/cooked meat, preferably roast lamb, fill centre with Raitheen salad cream, and garnish with watercress. For the vegetables use one half cupful of finely shredded white cabbage, one half cupful of cold cooked peas, one half cupful of sliced green beans, and one fourth cupful of tiny cubes of cold cooked beets. Salmon Toast, Horseradish Sauce—Remove salmon from can, rinse very thoroughly with hot water, and separate into flakes. Mix one half tablespoonful of salt, one tablespoonful of flour, one teaspoonful of mustard, and two grains of cayenne; then add one egg, slightly beaten, one and one half tablespoonfuls of melted butter, three fourths cupful of milk, and three tablespoonfuls of vinegar. Cook over hot water until mixture thickens, stirring constantly with an ornamental frosting, and garnish with sprigged frosting torpedos thru a pastry bag, and tube. Remove to a plate and garnish with sliced watercress, paper frills, and a skewer stuck with two pinonals and a piece of truffe.

APPARENT AND REAL PRICES Things to be Considered in Buying Meats.

In order to become a good judge of meats it is helpful to have a few lessons from an experienced buyer. The different cuts will thus be easily learned, but the quality of the meat depends on so many factors, as the age of the animal, the breed and the method of fattening, that it is easy to make mistakes in choosing, and the buyer will often be wise in accepting information from the dealer, if he is one who prizes himself on keeping first-class meats. Having found one of the quality, the customer who wishes to save time and money will continue to buy of him. The very large amount of meat which some housewives require is not necessary. In general, it is better to use a reasonable amount of that which is in prime condition, rather than to economize on the quality. The meat is easily supplemented by other dishes, and the whole meal will thus be better balanced than would be the case if a larger amount of meat were provided. Although not generally understood, it is just as important that the cheaper cuts of meat, as well as the dearer ones, should come from well-fattened animals. There is an apparent and a true price of meats, a fact that is not always recognized. The economical consumer will pay 15 cents for a cut of clear

Seasonable Recipes

Tomato Omelet. One cup of bread crumbs with milk enough to barely cover; let stand one half hour. Cut one cup of scrap from ham, fat and onion, and cook until brown. At the same time brown a small onion and two cloves of garlic; when done add one pint of tomatoes, then pepper, salt and cayenne. Put a good sized lump of butter in a large frying pan, when real hot pour in five or six eggs and the soaked bread crumbs well beaten together and seasoned with pepper and salt. When cooked until thick sprinkle with grated cheese, put in a pinch of oregano and when well done roll on to a hot platter.

Tongue With Spiced Sauce. Brown two tablespoonfuls of butter and gradually add one pint of boiling water, stirring until smooth; boil for a few minutes, then add little grated lemon rind, one third cup of raisins and a pinch of salt; then six cloves, six peppers, one bay leaf tied in a piece of cloth. Cover the dish and simmer until the sauce is thick and tender; remove spices and add juice of one lemon. Cut the already cooked tongue into slices, add to sauce, cover and simmer until meat has become thoroughly seasoned. Serve with potato croquettes.

Creole Jambalaya. Cut one pound of fresh pork and one slice of ham into small pieces; add one pound of sausage into slices. Brown carefully one large onion cut fine in one tablespoonful of butter; when a light brown add the ham with one half of a minced red pepper, one large sliced tomato, two or three sweet peppers, minced, one clove of minced garlic, three sprigs of parsley, one sprig of thyme and two ground cloves; then add the sausage and cook five minutes, stirring constantly. Add three quarts of rice, one cup of water, one cup of hot water or stock and one and one half cups of rice, and cook one half hour.

Chicken Roll. Cut the raw meat from two good sized chickens, put thru a meat chopper, but in a bowl add one cup of dry bread crumbs, one cup of raisins, two teaspoons of salt, one half a grated nutmeg and one half cup of chopped pecan nuts; break in two eggs, mix thoroughly, form into a long roll about four inches in diameter; roll in a cheese cloth, tie the ends and sew the cloth down so there is no danger of its opening; put the bones of the chicken roll on top, cover the kettle and boil for two or three hours. This will keep for a week, cut into thin slices.

Spanish Codfish. Freshen fish as for cream codfish, put into a saucepan with one quart of tomatoes, season with pepper, a little salt, cayenne and Spanish pepper; add a piece of butter the size of a walnut, when nearly done thicken with a little flour.

Omelet for One. Break two eggs into a bowl, beat slightly, add two tablespoonfuls of water, a pinch of salt and a few dashes of

pepper. Melt a level tablespoonful of butter in a small sauce pan and pour the egg as it is beaten into the pan. Lay a fork to let the uncooked portion run under and next to the hot pan. Be careful not to cook too long, but just as soon as the eggs seem set spread any chopped meat on hand over one half, fold over and turn on to a warm plate.

Green Peas on Toast. Cook three cups of green peas in water to cover until tender. Allow the water to cook away, then add one quarter cup of butter rubbed smooth with two level tablespoonfuls of flour and one quarter teaspoon of salt, and a little pepper if liked. Add enough boiling water to what remained in the saucepan to make one cup in all and cook five minutes. Put the peas in spoonfuls on six rounds of toasted bread, pour the sauce over and serve. A large platter or a chop plate is better for serving than a smaller platter that will crowd the sides.

Cocunut Custard Pie. One pint of milk, three tablespoonfuls fine cracker crumbs, one egg, one small cup shredded coconut sugar to taste. Bake like a custard pie with one crust. Mock Cream Pie. Make a rich paste and line one plate; cut round with the top of sandwich plate the same size and bake on a tin sheet so that it will be flat. Heat two cups of milk to the boiling point. Mix three cups of sugar, one quarter cup of cornstarch, two beaten eggs and a pinch of salt. Pour on the hot milk and cook 16 minutes, cool and mix with the custard. Butter a shallow cup of water to layers. Cover for first 30 to 40 minutes in gem pans.

Banana Betty. Butter a baking dish and coat with crumbs; remove skins from four bananas; cut bread from a loaf thinly as you would slice dried beef, "chipping" it off, as it were. Put these slices in a moderately hot oven in a dripping pan or under the flame of the broiling oven, until they are crisp; use the butter very delicately. Then put layer in bottom of pudding dish, over them a layer of bananas cut and quartered; dust with brown sugar and sugar; add two or three tablespoonfuls of butter, a teaspoon layer of bread and bananas, with sugar and cinnamon, finish with layer of buttered crumbs. Add the entire cup of water to layers. Cover for first 10 minutes in a moderately hot oven. Bake until crumbs brown lightly, perhaps 10 to 15 minutes after cover has been removed. Serve hot, with or without cream.

Tomato Toast. Three tablespoonfuls of butter and chives, one can of one-half ounce butter, one dessertspoon milk, one tablespoon bread crumbs, one egg, salt and cayenne to taste. Put the tomatoes in

boiling water for two minutes, then peel them, chop very fine with the chives, salt and onion. Put the butter and milk into a pan, add the tomatoes and chives, cook for a few minutes and mix a well-beaten egg with it. Then cook until the mixture is the thickness of buttered eggs. Serve on slices of buttered toast and sprinkle fried bread crumbs on the top.

Mulligatawny Soup. Beat well in a mortar some sliced onions and a few shallots with one-half cup of fresh butter, then add a little cayenne pepper and salt and three or four dessert spoonfuls of curry powder. Cut up some India pickle and pound it well with the other ingredients; add enough flour to thicken the soup and a little cold stock to work the whole into a stiff paste. Moisten it occasionally with broth made from fresh beef steaks, from fat. When thoroughly beaten and when fine enough "pass thru a sieve, add to it the gravy and enough beef broth to make the soup required. After boiling it up add more cayenne and salt. Add flour and butter until it becomes of the consistency of good cream.

Barley Soup. Three ounces barley, one and one-half ounces stale bread, one and one-half ounces butter, quarter ounce chopped parsley, one quarter ounce salt. Wash and steep the barley for 12 hours in one-half pint of water, to which a piece of carbonic soda the size of a pea has been added; pour off the water, not absorbed; add the bread crumbs, three quarts of boiling water, and the salt; boil slowly in a well-tinned covered pan for four or five hours, add the parsley, butter, white pepper about half an hour before the soup is ready to serve.

Baked Cauliflower. Let a head of cauliflower lie in strong salt water for half an hour; wash and boil in salted water for 15 minutes, then change the water and boil until tender; drain and set aside until cool, then chop fine. Spread the chopped cauliflower in the bottom of a buttered baking dish and pour over it a sauce made as follows: Put a tablespoonful of butter into a saucepan and when it bubbles, stir in a tablespoonful of flour, add one pint of stock and it has been boiled. Have ready a rich one-half pint of white sauce, a large deep dish, say one of the partridges, then spread the cauliflower with pepper and salt, mix truffle adds much to this pie, but may well with it four tablespoonfuls of

Neilson's Ice Cream. It's a new delight, every time you enjoy it. So deliciously rich and smooth. So many tempting flavors — and served in the convenient bricks. Wholesome, too. That's because Neilson's homogenized the fresh cream, making the ice cream easily digested. At 1700 Druggists and Confectioners in Toronto and at 200 Retailers throughout Ontario. grated cheese. Sprinkle rolled crackers thickly over the top of the dish and dot with lumps of butter, bake for ten minutes in a quick oven. Cauliflower is nice scalded as above, then cooked, drained and seasoned with salt, pepper and butter. Good hot or cold. Game Pie. This is an old English recipe dating back to the colonies and yet it remains unequalled as a game dish for a hunter's dinner or breakfast. It is equally good hot or cold, but was generally served cold to the fishermen who came from the huts late in the evening and who had had a substantial breakfast before starting out with the hounds. Take six partridges, truss like chickens, season well with salt and pepper, a small teaspoonful each of cloves and mace, powdered fine, cut two pounds of lean veal and one of fat bacon into small pieces, put these into a stew pan with a quarter of a pound of butter, some shallots, parsley and thyme chopped together and just enough water to cover it; stew until quite tender, then season in the same manner as the partridges (omitting salt); strain and pound the meat in a tray or mortar till perfectly smooth; then mix the when it bubbles, stir in a tablespoonful of flour, add one pint of stock and it has been boiled. Have ready a rich one-half pint of white sauce, a large deep dish, say one of the partridges, then spread the cauliflower with pepper and salt, mix truffle adds much to this pie, but may well with it four tablespoonfuls of

TO BUILD WHARF FOR FREIGHTERS

Canadian Lake Line is Purchasing Extensive Property at Foot of West Market St. as Part of Big Scheme.

Negotiations are at present in progress for the purchase or lease of sufficient land at the foot of West Market-street for the erection of a large wharf for freighters.

Part of the property was sold recently by the R. Wilson Scale Co., who retain a lease for five years on the land occupied by their factories.

Eight Million Ward One Jump Population Jumps 8000 in Last Twelve Months—Growth is Fastest Recorded in Any Ward.

A big increase is shown in the assessment of Ward One, according to the rolls which were returned Saturday.

The land assessment reflects a total of \$14,838,255, as compared with \$9,668,000 last year, while the net increase on the buildings amounts to \$2,875,170.

The growth of this part of the east end is greater than in any other section of the city. The first ward shows the greater gains of the seven.

DEFER O'LEARY HOTEL TRANSFER

The York County License Commissioners met on Saturday afternoon in the Palmer House to consider an application of W. B. O'Leary of Fairbank, who wishes to transfer his license to Edward Hays, a Toronto hotel man.

It was decided in the meantime not to finally decide on the matter until two weeks from Tuesday when another meeting will be held for that purpose.

The commissioners present were George Holdaway, chairman, Mimico; R. L. McCormick, Toronto; Ed. Smith, Woodbridge; and Daniel McKenzie, also of Woodbridge.

LAKE OF BAYS

One hundred and forty-five miles north of Toronto on the line of the Grand Trunk Railway System, nestles Huntsville, a pretty little town nearly in the centre of what is known as the Huntsville and Lake of Bays district.

It was decided in the meantime not to finally decide on the matter until two weeks from Tuesday when another meeting will be held for that purpose.

The commissioners present were George Holdaway, chairman, Mimico; R. L. McCormick, Toronto; Ed. Smith, Woodbridge; and Daniel McKenzie, also of Woodbridge.

SENATOR LODGE SAYS WASHINGTON DIDSWEAR

John Quincy Adams is Cited as Authority for His Statement That he Would be Damned Rather Than Go to Senate Chamber

WASHINGTON, Aug. 17.—George Washington actually swore. It must be true, because Senator Lodge told the senate so in the course of a little lesson in American history to-day, and produced the documents to prove it.

W. M. BOULTBEE DIED SATURDAY

Well-Known Lawyer and Co-Operator Passed Away After Illness Lasting a Year.

W. M. Boulton, formerly of the legal firm of Denton, Dunn and Boulton, died at his mother's residence, 73 Walsingham-st., on Saturday, after a lengthy illness.

Mr. Boulton went to Cobalt in the early days of the camp and practised his profession there for some time. He was one of the successful ones at Cobalt and was closely identified with the Concorde mine.

His death was due to hardening of the arteries. He leaves a widow and six children, five boys and a girl, the eldest of whom is twelve years of age.

Mr. Boulton had been living in England with his family and returned to Toronto to attend to the building of his house at York Mills, where he had recently acquired a large and attractive home.

He was married in 1899 Miss Amy Douglas, daughter of C. L. Douglas of Bampton, Oxfordshire, Eng., and formerly of Toronto.

# Winning Markets Closed at Week-End---Commercial Reports

## PROFIT-TAKING MOVE CARRIES WHEAT LOWER

### Chicago Fit on Down Grade on Week-end Liquidation—Wet Weather in West—Big Crop Estimates—Corn Decline.

CHICAGO, Aug. 17.—Wheat showed an early advance, based largely on unsettled weather prospects. Fairly free offerings later turned the market downward and the close was steady at near the low point with prices 1/4 to 3/4 lower. Corn closed lower, finishing 1/4 to 3/4 off. Oats ruled a shade to 1/4 lower and provisions varied from 7/8c decline to a rise of 1/8c.

Absence of new buyers to replace short interests which have liquidated recently was apparent after the initial advance in wheat prices on the general news on ripening fields. Continued area liberal offerings were a constant drag and all deliveries fell away. The decline was within narrow limits and a firm tone prevailed throughout. Some fear of frost was expressed in the northwest, but the suggestion made little impression on prices.

Large offerings of corn capped the strength of the market at the outset when for a few minutes the price went upward. Outside demand was not strong and crop conditions were reported good in spite of general acknowledgment that late corn needs forcing weather to properly mature.

Oats followed the major grains with an early gain, swallowed up later by declines due to an absence of new demand and poor offerings. Sales for transit were fair, totaling 220,000 bushels.

Much business in provisions marked the week-end with pork predominating, holding prices generally lower.

## NO CHANGES RECORDED IN LOCAL GRAIN MARKET

### Dealers Held Quotations Steady at Week-End—Fair Demand Noted.

A steady to good demand with quotations unchanged was the Saturday situation in the grain market. At the old wheat's rapidly being taken from the elevators and converted into flour, dealers expect that during the coming week old wheat quotations will become a nominal factor pure and simple. New wheat is yet several weeks away from the market.

Flour remains firm with export demand steady. No fluctuations in flour quotations are looked for till the new wheat crop comes in large quantities to the elevators. The supply of new wheat so far received is so small that it has had no effect on the flour market.

A slight drop during the week past was recorded in sugar when export demands lessened a trifle, forcing the price downward 10 cents a hundred weight. No further drop is expected as the September and October canning season is at hand when local demand will show a steady gain instead of diminishing.

Local grain dealers' quotations are as follows:

Wheat—No. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

### Milling Co. Plans Big Expansion

The International Milling Company (Minneapolis) in which many Canadians are interested, during the past few months has extended its facilities in the west very materially by acquiring the Calgary Milling Company, which includes milling plant and grain storage at Calgary, several elevators in Alberta, and a large distributing warehouse in Vancouver. The Calgary mill was built four years ago, and last year there were completed storage and working elevators of the capacity of 250,000 bushels. The company is now increasing the capacity of the Calgary mill. The Moose Jaw mill, destroyed by fire last November, has been replaced by a new plant on a larger scale. The present capitalization of the company is as follows: First mortgage bonds, \$750,000; preference stock, \$1,000,000; common stock, \$550,000.

## Higher Rate Demanded on Municipals

The Dominion Bond Co. in its monthly report of June, July and thus far in August, says that the municipal bond market in Canada has been overvalued, declined to assimilate as rapidly as some had hoped. As a result of the failure of the Toronto issue, to find a purchaser overseas and the necessity of treasury bills as a temporary financing method, considerable attention has been attracted to municipal issues in general. The unanimous verdict has been that interest yields for this class of security must be increased. In the end there is every likelihood that the yield will reach this figure. A steady sorting demand is reported for all lines of bonds. Country bonds are not yet complaining about deliveries but a car shortage participated when the grain movement is in full force. Growers report an improved business over last year and business has been particularly good during the past two or three weeks. Other lines of trade are also active. Collections are fairly good.

## ST. LAWRENCE MARKET

Receipts of farm produce were two loads of hay, 7 to 9 buggies and wagons full of mixed produce in the north, butter, eggs and a moderate cargo delivery of poultry, eggs and poultry on the market. There was an active trade all round, with prices firm for butter, eggs and poultry, but easier for fruit and vegetables.

Butter—Receipts ranged from 25c to 28c per lb. The bulk of the butter is straight. The egg market is keeping pace with the butter, prices ranging from 22c to 25c per dozen, the bulk going at 23c. We heard of one lot of six dozen being sold at 25c.

Poultry—Receipts were moderate and generally of improved quality. Spring chickens sold at 27c to 28c per lb., with a few of extra quality and weight selling at 28c per lb. Spring ducks sold at 16c to 18c for good quality and weight, while inferior in quality and in dressing sold at 15c to 16c per lb. Fowl, being 12c to 15c per lb. old growers, 10c to 12c per lb.

Apples—There was an abundant supply of apples that sold from 25c to 35c per basket.

Potatoes—Some of good quality sold at 15c per bushel, while some small and early were bought from 10c to 12c per bushel.

## NEW RECORD IN PROMOTION IN DOMINION

The promotion of new companies has been a feature of Canadian business life of late. Last year being a record one both in the number and aggregate capitalizations of new companies. Taking the default record of 1911, it is seen that in the past 12 months 106 new companies, with aggregate capitalizations of \$1,500,000, were granted Dominion charters. This circumstance led to a large aggregate of corporation securities at home and abroad. More than \$40,000,000 worth of such securities were sold in Canada during 1911. The increase in the annual number of new companies in ten years was 83 per cent.

## WEST LOOKS FOR RECORD GRAIN CROP

Winnipeg reports to Bradstreet's say business there and thruout the west continues to move satisfactorily. Weather has, on the whole, continued favorable to crops and cutting. It is now more or less certain. Estimates of a total wheat crop of 300,000,000 bushels still stand and there is every likelihood that the yield will reach this figure. A steady sorting demand is reported for all lines of bonds. Country bonds are not yet complaining about deliveries but a car shortage participated when the grain movement is in full force. Growers report an improved business over last year and business has been particularly good during the past two or three weeks. Other lines of trade are also active. Collections are fairly good.
