**MAIMED THE LIVING
IN ROBBING THE DEAD**
Colorado Springs, Col., April 24.—Passing thru here to-day in a Denver & Rio Grande train, bound for Chicago, where her parents reside, was a San Francisco fugitive who said her name was Miss Logan. She wore a bandage on her left hand and said that while she lay unconscious upon the floor of the lobby of the St. Francis Hotel in San Francisco after the earthquake last Wednesday morning, the third finger of her left hand was cut off and she was robbed of rings that she had worn there.

San Francisco, April 24.—Coroner William Walsh to-day estimated that the total number of dead will not be less than 1000. His reports are complete and his estimate is made up from all the data he has been able to collect.

Up to the present time bodies have been buried by the soldiers and the naval militia in open trenches near where found. For this reason it is feared that the exact number of dead will never be accurately known. Coroner Walsh reported yesterday that his deputies had cared for 350 bodies taken from the ruins, but this number does not include those buried by the police and by the naval militia in the potero.

Thirty-three bodies were taken out at bay and Folk-street to-day.

Dogs Eat Bodies.
One of the gruesome scenes that has followed the fire was that witnessed on Telegraph and Russian Hills and along the entire north beach front of this city this morning, when scores of half-starved dogs were found eating human bodies. The animals were discovered gnawing at the remains of corpses half buried in the ruins where only a leg or arm protruded the dogs were digging for the rest of the body.

Bluejackets were detailed to cover the sections designated and kill all dogs found in this vicinity. All reports could be heard on the hillside and along the beach as the dogs were killed. Men were pressed into service either to bury the carcasses of the dogs or throw them into the bay. In a few places smoldering fires were found and there it was possible to cremate the animals.

It was not believed that there were so many dead in the ruins of Telegraph and Russian Hills, until the dogs were found there digging for the bodies. When the dogs have all been run down and slain a further search will be made of these sections to obtain the bodies and bury them as soon as possible.

Housing 40,000 Refugees.
Temporary structures have been erected in Golden Gate Park for the housing of 40,000 persons. This work was begun this morning by the shelter committee and the homeless who have been sleeping out of doors for nearly a week were moved into comfortable quarters. About the same time supplies of blankets and bedding were received and these also have been taken to the park. At present there is little suffering and before a week it is expected that all refugees here will be comfortable.

The committee is sending as many of the refugees as possible to interior points. The seizure begun yesterday of all vacant houses in the unburned district still is under way. Many of the flats have been taken where the homeless, especially the sick, are housed. Architects have been sent out to examine churches and other buildings including schoolhouses, with a view of turning them into living rooms for the homeless. Supplies of food are coming in rapidly from outside points and are being centralized in the freight sheds and warehouses still standing.

Clothing for Women.
In some of the provisional camps established for refuge near the foot of Yungas-avenue and near Fort Mason it was found that many of the Chinese men from women. Evidently the supply of women's clothing had been exhausted for many women could be seen dressed in ordinary soft shirts and overalls. In this garb they were walking about their tents, unconcerned in preparing breakfast. It was no time for false modesty, and that who were able to make themselves comfortable in any sort of clothing were indeed fortunate. It has been suggested that some measure be taken to save the women whose wardrobes were lost in the destruction of their homes.

Confession. Khan arrived to-day. His wife and family are here, and after visiting police headquarters, he went in search of them.

Major General ... commanding the Pacific division of the army, arrived to-day. He recommends the bringing of 25,000 additional troops.

100,000 Taken Away.
General Passenger Agent James Forberg, of the Southern Pacific at Oakland pier, Cal., advises that that road has taken out of San Francisco 100,000, that 50,000 more are still en route to Golden Gate Park, 25,000 at the Presidio, and 20,000 elsewhere.

CHINA'S EMPRESS DOWAGER GIVES \$70,000 FOR RELIEF
Peking, April 24.—The empress dowager has sent to the American legation a cheque for \$50,000 for the relief of the sufferers from the disaster of San Francisco and is sending \$20,000 to the Chinese of that city.

FOURTEEN PAGES—WEDNESDAY MORNING APRIL 25 1906—FOURTEEN PAGES

**FRANCE FEARS AN UPHEAVAL
LABOR'S "MAY DAY"
MAY MEAN WAR**

**UNION APPOINTS COMMITTEE
TO NAME TWO ARBITRATORS**

Paris, April 24.—The gravity of the strike movement throughout the country momentarily has improved, but the people have been wrought up to a state of apprehension concerning the imminence of a crisis May 1, when all the ranks of labor will make a gigantic eight-hour demonstration. Whether this will be accompanied by violence and bloodshed is only conjectured, but the people are alarmed, and the authorities are adopting extreme military and police precautions. The garrison at Paris is being rapidly strengthened, and it is expected that 50,000 troops will be available here May 1. In the mining regions there is another camp in which an army corps is ready for eventualities.

The labor organization does not conceal the fact that it is their intention to make a supreme effort. These bodies are partly composed of anarchists and revolutionists who counsel violence, but the responsible leaders insist that the movement has a peaceful object similar to the American eight-hour demonstrations. Nevertheless it is feared that the lawless element may get the upper hand, and this inspires the public with a feeling of terror bordering on panic.

Prisoners to Revolutionists.
Some of the newspapers freely assert that the movement is the prelude of a revolution in which the proletariat intends to overthrow the existing regime. Some of the reports picture the business and residential parts of Paris as about to be sacked, the streets barricaded, and the houses of the bourgeoisie of the commune. More nervous of the people are sending their valuables abroad, and are preparing their residences to resist attacks.

About 40,000 miners in the north are still striking and frequent affrays occur, but the presence there of 25,000 troops and wholesale arrests of the ringleaders have measurably restored calm. In the same part of the country the iron and brass-workers of Denain are on strike, but most of the companies are to-day, owing to the stern repression of the authorities.

Strikes in Paris.
In Paris the striking postmen have resumed work, but 4000 book printers, 6000 employees in jewelry trades, and 4000 pen-makers employed in the paper and book trades are still out. These strikes, however, have not been accompanied by violence. The military and police are extremely vigilant. Squads of soldiers are stationed outside and inside the factories, whose workmen are on strike and mounted patrols traverse the streets and boulevards, giving outward evidence of strong military preparations.

The foregoing is merely a precursor of the national labor movement to be inaugurated May 1, and it is expected that the entire proletariat will quit for a day, and perhaps for a longer period of time. The masses and many other branches of labor are expected to quit from May 1 to 15 without violence. Employees of grocers, dairymen, butchers, and all purveyors of the food supplies, and all hotel servants, are meeting to-night.

Complete Suspension.
A complete suspension of operations throughout the business, industrial, commercial and other branches is probable. Fears are entertained that the government will attempt to quell the strike by force, and similar utilities will be affected, but the committee asserts that they have no fear of interruption.

Many jewelry and other stores carrying valuable stocks probably will close to prevent the possibility of excited crowds engaging in looting.

The government is expected to have awakened to the necessity of stern precautions. This is indicated by the assembling of troops. An official communication to-night announces the ministers will meet on Saturday to complete final precautions.

The approach of the elections makes the political element hesitate to offend labor by threat of severe repression. However, the early tempering with the disorderly miners in the Pas de Calais district has been succeeded by vigorous measures, the massing of troops and the arrest of disorderly persons.

THE HORSE SHOW.
A Sure Winner of the Blue Ribbon. Judging from the list of those who will give verdicts at the horse show, their decisions are assured to be just, and therefore the winners of the blue ribbon will be much esteemed. The decision of those who visit the team room will be that the blue ribbon there will easily be awarded to Canada's first favorite, radnor. The team room will be in charge of some charming Toronto ladies, and radnor served by them will prove a refreshing beverage after the glitter and heat of the crowded boxes.

Roselle Knott, who will be seen here in When Knott's team of P.O.s. has just completed her trilogy of accidents. The first occurred last summer when, while driving a horse, she nearly lost her life in Lake Ontario; next a bad fall laid her up with a sprained ankle in the middle of a busy season; and finally, a fire at Logansport, Indiana, at which Miss Knott's coolness and courage averted a disastrous panic.

TO-DAY IN TORONTO.
Insurance commission, city hall, 10. Horse Show—Formal opening by H. R. H. Prince Arthur, at 2.25. Robertson Auxiliary, Cowan-avenue Presbyterian Church, 3. Industrial Schools Board, city hall, 4.45. University Alumni Association, Webb's, 6.30. Nameses Temple, M.S. ceremonial, Temple, 8. Mutual Association executive, King Edward, 8.

**Military and Police Authorities
Making Extensive Preparations
to Cope With Giant
Movement.**

Paris, April 24.—The gravity of the strike movement throughout the country momentarily has improved, but the people have been wrought up to a state of apprehension concerning the imminence of a crisis May 1, when all the ranks of labor will make a gigantic eight-hour demonstration. Whether this will be accompanied by violence and bloodshed is only conjectured, but the people are alarmed, and the authorities are adopting extreme military and police precautions. The garrison at Paris is being rapidly strengthened, and it is expected that 50,000 troops will be available here May 1. In the mining regions there is another camp in which an army corps is ready for eventualities.

The labor organization does not conceal the fact that it is their intention to make a supreme effort. These bodies are partly composed of anarchists and revolutionists who counsel violence, but the responsible leaders insist that the movement has a peaceful object similar to the American eight-hour demonstrations. Nevertheless it is feared that the lawless element may get the upper hand, and this inspires the public with a feeling of terror bordering on panic.

Prisoners to Revolutionists.
Some of the newspapers freely assert that the movement is the prelude of a revolution in which the proletariat intends to overthrow the existing regime. Some of the reports picture the business and residential parts of Paris as about to be sacked, the streets barricaded, and the houses of the bourgeoisie of the commune. More nervous of the people are sending their valuables abroad, and are preparing their residences to resist attacks.

About 40,000 miners in the north are still striking and frequent affrays occur, but the presence there of 25,000 troops and wholesale arrests of the ringleaders have measurably restored calm. In the same part of the country the iron and brass-workers of Denain are on strike, but most of the companies are to-day, owing to the stern repression of the authorities.

Strikes in Paris.
In Paris the striking postmen have resumed work, but 4000 book printers, 6000 employees in jewelry trades, and 4000 pen-makers employed in the paper and book trades are still out. HE KEEPS OUT OF IT
ROYAL INVESTIGATION WITNESS BOX
TRAINER FIELDING: He's not as fierce as he looks—still I'm not going to put my head in his mouth.

**ENGINE OVER EMBANKMENT
BUT NOBODY GETS INJURED**
St. Catharines, April 24.—(Special.)—Merritt, about 2 o'clock this afternoon, was again the scene of an accident upon the Grand Trunk Railway. While no lives were lost the wreck was disastrous so far as the rolling stock is concerned.

The damage was caused by a collision of an immigrant special with a freight. The freight, a train of empty cars, was at a standstill. The immigrant special, with engine No. 772, Engineer H. A. Case, of London and Fireman Fred MacKenzie, bound from the vicinity of New York to Chicago and the west, passed the Merritt station at about fifty miles an hour. Just as she approached the Niagara, St. Catharines & Toronto Railway overhead bridge the engine and coaches fell into the water of the river. The freight was opened and a man instantly plugged the engine. Every brake worked with the quickest effect, but it was not sufficient to avoid the accident, and the powerful engine, one of the old three-wheelers, crashed into the freight, cut its way thru the concrete, and carried fully 400 passengers, not a single one of whom was injured. The full quota tumbled out of the coaches one upon the other, and it was a laughable sight, amidst even the seriousness of the wreck. They resembled bees issuing from a hive, and with their backs packed, bundles upon their backs they wandered about the scene in a bewildered state.

The engineer and fireman stuck to the coaches and, giving outward evidence of their courage, they were the last to jump. They crawled from the twisted cab after the turmoil had subsided. How they escaped an instantaneous death is beyond explanation, so badly was the engine battered and twisted. The rails for fully a hundred feet were torn from the ties and twisted in the shape of a corkscrew.

The cause of the misplaced switch is as usual a mystery. Judah Rosay, who attends the pumping-house, and who also acts as switchman, asserts that he did not touch the switch, as when a train is shunting the switch must be looked after by the crew. Rosay was about to step from the pumping-house for a shovel of coal as a box car was being run again. He was even then in the train crew and the immigrants. Traffic was delayed about two hours, but the wreckage, which was merely removed from the westbound track, was still in evidence to-night, the auxiliary crews and trains from Niagara Falls and Hamilton were still at work at a late hour.

Briar Pipes Below Cost.

INSURANCE INQUIRY.
The insurance commission meets at the city hall to-day at 10.30.

An investigation of the Manufacturers' Life will be the first matter dealt with by the commission.

Judge McTavish of Ottawa and B. L. Kent of Montreal, who, with J. W. Langmuir, compose the commission, arrived in the city last night.

Before the commission proper resumes the investigation commenced at Ottawa yesterday, R. L. Borden asked when and where the commission next would meet, and what was to be its procedure. He asked why it was that, in defiance of the order of the house, there had not been laid upon the table the daily transcript of testimony taken at Ottawa.

Sir Wilfrid Laurier smilingly admitted his inability to answer, but hoped to be able to respond on the morrow.

PRINCE BUYS WESTERN LAND
Secures "Garteria Colony" for British Settlers Only.

Battleford, Sask., April 24.—(Special.)—Prince Arthur and his suite have improved shining hours while in Western Canada by purchasing a tract of land from the C.P.R., which is to be devoted to colonization purposes.

The land is to be reserved for English settlers only, and will be known as the "Garteria Colony," an allusion to the fact that Prince Arthur's trip was to bestow the Order of the Garter on the mikado.

He was struck with the country, and incidentally, of course, with the present value and rapid increase of prices in western lands.

Ruthven Macdonald, Association Hall, Thursday evening.
Mr. Curry's Retirement.
There was a lot of talk going in legal and political circles yesterday over Mr. Curry's resignation of the office of crown attorney, and as to his successor. One name prominently mentioned in this latter connection was that of W. P. Bull, a graduate in law and arts of the University of Toronto and a native of the County of York. Mr. Bull has built up a large and lucrative practice and has many friends in the city and province.

**VESUVIUS CRATER WIDENS
WAS 100; NOW 5000 FEET**

Naples, April 24.—Prof. Matteucci, director of the royal observatory, to-day succeeded in reaching the crater of Vesuvius.

He describes the spectacle there as one of great grandeur. The diameter of the crater, which, before the eruption, was about 100 feet, is now about 5000 feet. There is no eruption of incandescent stones as before the recent outburst, but a small quantity of ashes is being ejected. Vesuvius seems to be assuming the character of a dead volcano. The cone of the crater, which before the eruption, rose to a height of 6600 feet above the sea level, has diminished about 800 feet.

Work is being vigorously pushed to re-establish the funicular railway to the observatory.

\$575 buys a good motor boat. What else offers so much for the money? See East Nicholas Brothers, Limited, foot of York Street Bridge.

THE BOYS BEHIND THE GUN
TICKLE THE FANCY
OF PRINCE

Review of School Cadets in Park
a Great Spectacle—Juvenile
Soldiers Are Highly
Complimented.

PRINCE TO SCHOOLBOYS.
H.R.H. Prince Arthur of Connaught has a message for Toronto school boys, which he asked Inspector Hughes to convey to them. The prince said he was delighted with the boys, and he wished to tell them he hoped they would continue their interest in the drill and ever remain loyal and patriotic British subjects. He wants the boys also to know that he will have pleasure when he gets back to England and in telling his father, the Duke of Cornwall, of his uncle, King Edward VII. of the fine spectacle he had or not admittance would be general. At the park animation spirit might be shown through the empire. To Brig-Gen. Otter, the prince also expressed enthusiastic sentiments as to the steadiness of the young Cadets on parade.

Our soldiers of to-day, our soldiers of yesterday and our soldiers of tomorrow were inspected yesterday by His Royal Highness Prince Arthur of Connaught, who attended Stanley Barracks at noon. He inspected the regulars of the cavalry and infantry, also a company of army and navy veterans. In the afternoon over 15,000 people witnessed his review of the school cadets, numbering nearly 2000, on the university campus. The early inspection was a most brilliant military spectacle, which was seen by a very few citizens owing to the difficulty of getting at the fort, and a doubt as to whether or not admittance would be general. At the park animation spirit might be shown through the empire.

The royal standard floated proudly in the breeze over Stanley Barracks. The local establishment of the Royal Canadian Dragoons and the Royal Canadian Regiment of Infantry were paraded in the enclosure, which is a beautiful oval upon which the grass has lately given its summer suit of bright green, which made even more attractive the scarlet uniforms with the brass buttons glittered in the sunshine. There were 250 men in parade, about a fifth of them in khaki, some in the most striking and created one of the most striking scenes Toronto has ever witnessed.

The royal standard floated proudly in the breeze over Stanley Barracks. The local establishment of the Royal Canadian Dragoons and the Royal Canadian Regiment of Infantry were paraded in the enclosure, which is a beautiful oval upon which the grass has lately given its summer suit of bright green, which made even more attractive the scarlet uniforms with the brass buttons glittered in the sunshine. There were 250 men in parade, about a fifth of them in khaki, some in the most striking and created one of the most striking scenes Toronto has ever witnessed.

A Royal Salute.
This was the scene which greeted his royal highness, who passed the sentry in Mr. Eaton's automobile with a British general's uniform with red cap of the German peak pattern, and was accompanied by the Royal Lieut.-Governor, Capt. Wynham and Captain Trotter. In another auto Capt. Macdonald and Lieut. Young, A.D.C., arrived from New York, which came Mayor Coatsworth and Lieut.-Col. G. T. Denison.

The prince was greeted by Brig-Gen. Otter, Lieut.-Col. Davidson, Col. Berg, Lt. Surgeon-General Natanson, Col. Lessard, R.C.D., Col. Hemming, R.C.R., Veterinary-Major Hall, Major Vaux, Major Nelles, Capt. Strathmore, Lieut. Morrison, Lieut. Kingsford, and Lieut. G. T. Denison.

The arrival of the prince was greeted with the national anthem, played by the band. Then the royal salute was ordered. From the left of the line the prince then inspected each man. To some he made a remark or so. He was preceded by the band. The band played "Where are the boys of the old brigade?" Then the regulars talked to the Old Ones.

As the inspection was in progress the veterans arrived and were formed up at the east end of the lawn. The band played "Where are the boys of the old brigade?" Then the regulars talked to the Old Ones.

Horse Show Finery.

Puddy Bros, 35 Jarvis-street, Toronto.

LOOKS LIKE SEYMOUR CORLEY AS SUCCESSOR TO MR. CURRY

Mr. Corley is Committee's Choice, 'Tis Said—To-Day Decides.

J. W. Seymour Corley will be appointed crown attorney in succession to Mr. Curry, at least indications point strongly in that direction.

A strongly defined rumor was current in Albany Club circles last night that at the meeting of the local patronage committee, known to have been held yesterday afternoon, it was determined to recommend Mr. Corley for the vacancy.

In any event, it is probable that an appointment will be made at this afternoon's cabinet meeting. Hon. Mr. Foy intimated last night that the matter would be discussed in council to-day, who was most likely to be chosen in the large field of those suggested as eligible for appointment.

The World was, however, informed by a prominent Conservative closely in touch with local party workings, that Mr. Corley's name would be the one submitted by the patronage committee, and expressed the opinion that the latter's appointment would be popular among the local "workers."

It is also believed in the inner circles that Mr. Corley's prospects of being favorably received in the cabinet's considerations are bright, although there are among those understood to be willing to accept the post several who have fairly strong party claims.

What appears to give him an advantage is the fact that he has been closely associated with the attorney-general in the latter's election campaigns, having acted as Mr. Foy's agent in the last campaign.

Judging by party service, it is considered that he is entitled to some recognition. Mr. Corley has for the past seventeen years been an active worker. He has filled every office in the Third Ward Association, from secretary and treasurer to president, from which post he retired last year, he being at that time chairman also of the central executive. He has organized many campaigns, and was mentioned prominently as a candidate for Centre Toronto last year.

It is claimed, also, that Mr. Corley is fully qualified from the legal standpoint. He has been practicing law in Toronto since 1889, when he entered into partnership with Claude Macdonell, M.P., and Huson Murray, K.C. On dissolution some years later, he became associated with H. E. McKee, now mayor of Sturgeon Falls, and later, became head of Corley, English & Price, 103 Bay-street, E. T. English retired a short time ago from the firm, which is one carrying on a general law practice. It is asserted as a point in his favor that Mr. Corley is solicitor for a public franchise-holding corporation.

PRESENTED WITH PURSE. Rev. Harold McCausland Honored by the Congregation of St. Thomas

At St. Thomas' Church last night Rev. Harold McCausland, late curate of the church, but now curate of St. Augustine's, was presented with a purse of money as a token of appreciation of his services for the past few years at St. Thomas'. The presentation was a unanimous expression of good will for the curate entertained by the congregation.

Rev. Mr. McCausland's successor will be Rev. C. Ennor Sharp of Esquimaux, B. C., who will assume his duties on May 15th.

OPPOSE MILITIA. The building trades council last night passed a resolution for presentation to the minister of justice, protesting against calling out militia to subdue strikers.

Dies in Far West. Stratford, April 24.—(Special.)—Word was received to-day of the death of Fred Rankin, a prominent Stratford young man, at Exshaw, Alta. He went west last year.

Joseph Sampson, employed in the G.T.R. shops, had his leg broken while conveying scrap iron on a truck. The truck fell over.

Growing girls—girls in their teens—must have rich, pure blood. Healthy womanhood depends upon the vital change from girlhood to maturity.

McAULIFFE FOUND GUILTY.

Peterboro, Hotelman Will Be Sentenced To-Day—Suit Against Gov.

Peterboro, April 24.—(Special.)—In the case of King v. McAuliffe, to-day, the grand jury again returned a true bill, charging manslaughter. The witnesses heard were Stanley Coe, Cleveland Conley, Chas. Wolfe and Arthur McDonald, who gave strong evidence against the accused, stating that he had struck the unfortunate man, in the barroom, the blow causing ultimate death. Drs. Arthur Jukes, Johnson (Toronto), McNulty, Greer and McCullough testified. Judge Anglin's charge was rather against McAuliffe, and the jury after 2 hours, returned a verdict of guilty, with a strong recommendation to mercy. Sentence will be given to-morrow.

Provincial Detective W. J. Wells worked up the case; E. Meredith, K.C., of London, for the prosecution, and R. M. Dennistoun, for defence.

In Hill v. Gow for \$100 damages, arising out of shooting of Hill's son, for which Gow served a three months' sentence, Constable Archie Morse stated under oath that Gow said to him after the inquest that he was sorry the boy had been shot, but that it would not have been so had he had the shot.

EXTRA Oakland Tribune. EXTRA VOL. LXV OAKLAND, CALIFORNIA, THURSDAY EVENING, APRIL 19, 1906 NO. 50

CITIZENS ARE FORCED TO FIGHT FLAMES AT POINT OF REVOLVER

Three hundred thousand persons will be left homeless in San Francisco by tonight. Help is needed at once.

THE FIRE CHIEF MARSHAL OF SAN FRANCISCO SENDS THE FOLLOWING MESSAGE TO THE OAKLAND TRIBUNE: "EDITOR OAKLAND TRIBUNE—MORE THAN TWO-THIRDS OF THE AREA OF THE CITY OF SAN FRANCISCO HAS BEEN DESTROYED, AND THERE IS NO PROSPECT OF SAVING THE BALANCE OF THE CITY. THE FOLLOWING IS THE BOUNDARY OF THE DISTRICT NORTH OF MARKET STREET NOW DEVASTATED: BAYVIEW TO SACRAMENTO STREETS, SACRAMENTO TO POWELL, THENCE TO CALIFORNIA TO HYDE, TO EDDY, TO LARKIN, TO GOLDEN GATE, TO OGDEN AND TO MARKET. ON THE SOUTH SIDE OF MARKET STREET THE FIRE EXTENDS ALONG MARKET TO FOURTEENTH AND BELOW THE SOUTHERN PACIFIC TRACKS TO THE BOUNDARY."

(City Associated Press) San Francisco, April 19.—The fire is working so fast that it is impossible to estimate the extent of the destruction. The fire is now burning in the city of San Francisco, and is spreading rapidly. The fire is now burning in the city of San Francisco, and is spreading rapidly. The fire is now burning in the city of San Francisco, and is spreading rapidly.

GREAT CITY IS IN RUINS PERISH IN FLAMES THREATENED WITH DEATH

BY RAY TAYLOR MEMBER OF TRIBUNE STAFF.

\$1,000,000 FOR SUFFERERS

The following telegram has been received from Washington by Paul Collier, superintendent of the San Francisco earthquake sufferers, who is at the San Francisco earthquake sufferers' office, the amount being increased to \$1,000,000.

Fac simile of first issue of Oakland Tribune, after calamity, published by combined staffs of newspapers of the two cities.

ORATORICAL CONTEST. PASS DENTAL EXAMS.

R. W. Treleven of Parkdale Wins the Silver Trophy. Names of the Lucky Students at Royal Canadian Dental College.

Russell W. Treleven of the Excelsior Club, of South Parkdale Methodist Church, in a clever address on the subject of "war" captured the silver cup in the annual oratorical contest of the M. Y. M. A. last night at Trinity Methodist Church. In the opinion of the judges the oration of Mr. Treleven was superior to any of the others in every detail.

The board of directors of the Royal College of Dental Surgeons are holding their annual meeting at the college building. The results of recent senior examinations have been handed out as follows: Passed examinations—Frederick Albert Axon, Herbert Wesley Baker, John A. Beatty, Frederick Chas Becker, John Alexander Bothwell, Sidney Wood Bradley, Ernest Edwin Bruce, Nelson Stanley Coyne, John William Clay, Morley A. Day, James Martin Deans, Wm Harry Doherty, Marvin Arnold Falls, Felix A. French, Wm Howard Giddens, W R Glover, Margaret Gordon, Geo Maxwell Gorell, Fred Little Heath, Emery Coe Jones, Alex Robertson Jordan, E. Kelly, Bradley William Lindsay, Albert Victor Lester, Daniel W Massey, Joe Edward Middleton, Charlton Arthur Mills, Robert McGill, Herbert A McKim, Gordon B New, William Joseph Pritchard, Clare Pritchard, Howard Matthew Reid, William Henry Reid, Geo Fulton Robinson, Lewis Thos Gerald Smith, Wallace Clendon, Ernest Joseph Taylor, Sparks Arthur Rudolph Stapell, Garnet Beverley Tovell, Harold Wilson Watt, Ernest A Wessels, Glen Wilson, Edwin Herbert Wilson.

The following are the conditions: In practical work—E A Grant, L G Thomson, G D Smith, S N A Campbell. In anatomy and physiology—L G Thomson.

The annual convocation of the University of Toronto for conferring degrees in dentistry and the commencement of the Royal College of Dental Surgeons will be held in Guild Hall on Friday evening. The graduating class will be addressed by Prof. T. H. Knickerpatrick, D.D., of Knox College. The public is invited.

LOCAL TOPICS. The work of putting in the new sewerage system east of the Woodlawn has commenced. Men are engaged laying pipes at Kenilworth-avenue. The general meeting of the Sheet Metal Workers' Union is in the city. Phoebe and Frank Jackson are suing the Standard Bolt and Screw Company of Toronto to recover \$3275 on account of an alleged agreement to take over the plaintiff's business. Indications are that the imports at the Toronto Custom House will bear the April record by an increase of over \$100,000. Receipts so far are \$617,401, an increase of \$62,117. A. Allan is bringing action against Michael and Max Wolf for the appointment of a receiver for the equitable estate of a property on Pembroke-street, with a frontage of 50 feet. Dr. Sheard says that the drinking water is in pretty good condition again. Mrs. Mahoney of Toronto is suing the Canada Foundry Company for damages for the death of her husband, Timothy.

Many people do not drink enough to rid the system of waste. At this season of the year particularly, great benefits are to be derived from the use of a gently stimulating and healthful beverage like

KUNTZ Regal LAGER

This famous beer is put up in clear glass bottles and has superior keeping qualities. Distinctly different from most Canadian beer and superior in flavor to the best imported. Order a case from your dealer and test its beneficial effects.

THE HAMILTON BREWING ASSOCIATION, LIMITED Hamilton, Canada.

PUBLIC AMUSEMENTS.

Nance O'Neil in Magda-Princess.

For lovers of moral comedies, as well as for good acting, Miss Nance O'Neil and her company are giving a great week at the Princess. The problems as they are staged puzzle you, largely because the acting is good. They are as good as a morality, as fresh as unsullied virtue, and as fatal to pleasing solutions as the exit from the Garden of Eden.

Miss O'Neil's presentations have been said to be not for the young person—which probably accounts for many vacant chairs tonight. One who is so old as almost to have forgotten what a young person feels like, is perhaps, incompetent to judge how far that inconceivable entity is over-reached by "Magda," Hedra Gabler, and the other vastly instructive heroines who have found their way to the Princess. It is not surprising that Miss O'Neil so competent an interpreter. This has to be said for Magda—and the first night's play was not inferior to the first night's play in this respect—that those parts which you would not discuss this morning over breakfast table at which children are present, dealt with very serious aspects of active human nature, of which too many persons are so ignorant as to be ignorant. They are too serious to be vulgar—which is more than can be said of some more amusing productions.

You cannot prevent shipwrecks unless you illuminate the danger zones. Our spiritual advisers spend half their time trying to head off wayward mankind from danger, and they do it with second-hand lights, often enough, Magda's character is not some things which most of us would find beautiful, but she does not make faint praise of a family and a social tragedy. Nevertheless, she makes a moral tragedy. Nevertheless, she makes a moral tragedy. Nevertheless, she makes a moral tragedy.

O'KEEFE PILSENER LAGER!

To meet the demand for a mild, light bottled lager, the O'Keefe Brewery Co. have brought out this Spring what has been declared by all who have yet tasted it the

KING OF BOTTLED BEERS!

Brewed of pure barley malt and finest hops. Pilsener Lager is the highest possible, both in quality and flavor. Nothing better as a thirst-quencher and Spring tonic. No possible sediment in Pilsener Lager. Put up in clear glass bottles. Order a trial case from your dealer.

Canadian Colony in Cuba Progressing Immensely, Says G. F. Davis.

Manager George F. Davis of the Canada Cuba Land and Fruit Co. last night on his arrival from a two-weeks visit to the company's Cuban colony, spoke briefly and interestingly on the outlook and general characteristics of the island.

"When one takes into account that the climate is one perfectly Canadian June, where it is possible to grow cabbage, turnips, potatoes, magnificent crops, alongside of the finest tobacco plant in the world, and where all tropical fruits, sugar, cane, etc., abound in large quantities, an island that affords the most charming winter climate in the world, it is no wonder that Canadians are rushing there, and that they are creating homesteads, building up large building villages, towns and cities."

Mr. Davis told of the Canadian colony situated on the ocean proper, entry for the colony is by cable, telephone and mail. The largest port established by Canadians is at Ocean Beach. Several large docks have been built, one of which runs one thousand feet into the sea. This, ministers of the government have given their word, will be the port of entry on the west end of the island. Already a cable, telephone and telephone service had been established, which brings the colony into direct communication with the civilized world.

"Tobacco growing, one of the most profitable industries of modern times, is the chief occupation of many of the settlers," said Mr. Davis. "One man who left Toronto last year and knew absolutely nothing of tobacco growing, refused \$2500 for his crop this spring, and is holding for a larger price, which he will easily get next month. In one barn alone, I saw over 3000 lbs. of tobacco. Another man took 1000 bushels of large potatoes, a small piece of land, Cuba, indeed, provides the most ideal spot for settlers, and the colony established by the Canada Cuba Co. promises to be the most progressive on the island."

"I might say that the company are particularly thankful that they have been able to secure the services of Toronto's late crown attorney, Mr. Curry will be our Cuban manager and legal adviser."

TENDERED STOLEN MONEY.

Ticket Agent Recognized the \$2 and Held His Man.

Port Arthur, April 24.—(Special.)—Coming down on the Duluth extension train a Finlander stabbed a fellow passenger. He was captured, and the train arrived, and will be tried.

A brother of the man Minkner, found drowned here, will investigate the death. His brother, he thinks, was killed and robbed.

A young man attempted to cash a cheque which had been raised from nine to ninety dollars. The suspicions of the teller were aroused, and when he left his cage to telephone the firm who had drawn the cheque he bolted.

"Jack" Fern, night ticket agent of the C.P.R., did a neat bit of work tonight when he captured a fellow who had tapped the station till for \$2. The thief, taking advantage of the agent's back being turned to him for a moment, leaped thru the wicket and absconded with the money. When a few minutes later he laid down the identical money he had stolen in payment for a ticket the door was opened and he was plunged thru the door and had his man in a jiffy, holding him fast until the police arrived.

PREVENT FIRE COMBINES.

New York Assembly is Still Regulating Insurance.

Albany, April 24.—The assembly today passed a bill designed to prevent fire insurance companies entering into or maintaining combinations to control rates of fire insurance.

The two remaining insurance bills, the big bill and the anti-perjury bill, important business will be considered in the assembly to-day an action upon them deferred until to-morrow.

KING TO ASCEND VESUVIUS.

With Queen Alexandra, Will Visit Famous Observatory.

Naples, April 24.—King Edward and Queen Alexandra will reach Naples April 27.

They expect to ascend Mount Vesuvius in the observatory.

Frank Perret, the American assistant of Prof. Matteucci, will act as interpreter during their Majesty's call upon Prof. Matteucci.

UNIVERSITY ALUMNI ASSOCIATION.

A special meeting of the University of Toronto Alumni Association will be held at Webb's this evening at 6.30. Important business will be considered, including a discussion of the report of the royal commission, and the university bill, and a discussion of the proposed university club, introduced by R. E. Kingsford.

It is hoped that owing to the importance of the matters to be discussed, a large number of the alumni will be present, even if they have not been heretofore associated with the Toronto branch.

BIG SNOW STORM IN MAINE.

Portland, Maine, April 24.—Telephonic and telegraphic communication was interrupted in many parts of Maine to-day by a snow storm, the fall in the central portion being a foot deep.

Alabama Bank Closed.

Washington, April 24.—The First Bank of Amalia, Ala., was closed to-day by direction of the comptroller of the currency upon information received from National Bank Examiner Copper that the bank is insolvent.

Samaria Stopped His Drinking

A London Lady cures her husband permanently of the drink habit and without his knowledge.

"How glad I am that I overcame my habit about my husband's drinking. I had tried many things, but it was not until I used your medicine that I was cured. I feel like a new man now, and I am able to do my work as usual. I am very grateful to you for your medicine, and I will tell others of my experience."

Free Package and pamphlet giving full particulars, testimonials, and price sent in plain sealed envelope. Correspondence strictly confidential. Address: THE SAMARIA REMEDY CO., 307 Dundas Street, Toronto, Canada. Also for sale by George A. Bingham, 300 Yonge Street, and at Kendall's Pharmacy, 1466 West Green Street.

COLD CURE

Price 25c Relieves the head, throat, and lungs almost immediately.

MUNYON, Philadelphia

DR. McLAUGHLIN'S ELECTRIC BELT

WHAT IT HAS TO DO WITH YOUR SUCCESS IN LIFE.

To succeed at anything, your digestive organs must be in a healthy condition, for the stomach creates the power which stimulates the brain.

I once knew a man who suffered from a stomach trouble commonly known as dyspepsia. He could not make up his mind to a thing and stick to it twenty-four hours. One day he formed a definite conclusion that his business affairs were in a perfectly healthy condition. At the same hour the next day he would come to just as positive a decision that he was ruined. He sacrificed several brilliant opportunities to make success for himself by losing faith in his enterprises and selling them out at a loss after he had built them up to a healthy condition.

That is one instance of a brain capable of planning a success without a body strong enough to withstand the strain of working it out—an intellect bright enough to build success and a body weak enough to prevent its completion.

The lesson we get from this is that success depends often upon vital energy. No one can carry any project to a successful issue unless he has the physical vitality to stimulate his brain.

When the stomach is not able to generate sufficient energy to supply the demands of the vital organs, the natural result is a lowering of nerve, organic and muscular power—a general debility. Then an artificial agent must be used to assist the stomach. That agent is

DR. McLAUGHLIN'S ELECTRIC BELT

Don't make the mistake of trying to drug your nerves into a renewal of energy. Reason that the life of the nerves is electricity—that is scientifically proven—and that weak nerves are not made strong by drugs. If electricity is their life, give them that.

You can get success at the expense of your health, like Rockefeller, who poured his vitality into the hopper and brought out millions, and would gladly give those millions for a stomach that would appreciate a square meal.

Health is necessary to success. No one can give the strength of his mind and body to the strenuous work of building a future for himself unless he has a reserve force to back him up.

You can't build success without spending a great deal of nervous energy, and you can't spend nervous energy unless you have it. Rockefeller had replenished the drain upon his vitality by a daily supply of electricity he would be able to enjoy his millions.

When you overtax your vital force you don't break down all at once; the first drain is upon the most sensitive organs, like the stomach, and as the body is sapped of its force other organs fall gradually, until the body is like a dried lemon.

Electricity is poured into the stomach for hours at a time by my Belt, and every application increases the amount of vital force and digestive power.

My success is not limited to stomach troubles. Any organ of the body, any part that lacks the necessary vitality to perform its natural functions, can be restored by my method. It gives strength; it makes the blood rich and red and warm; it vitalizes the nerves, puts life and vim into the brain and muscles; it just makes good health out of a bad one in every way.

With my Belt I cure rheumatism in its worst forms; it cures pains and aches, weak nerves, general debility and any other troubles which can be cured by restoring strength. The fact that I offer my Belt on

Star Girls Burlesquers.

A splendid offering in the line of burlesque is the entertainment which the Star Girls Burlesquers are giving at the Star Theatre this week. Two large and clever comedies were presented yesterday. The skits are entitled "Deserted" and "The Athletic Girls" and serve to show the stars which is both pretty and humorous. The olio is one of the best in a long while. TenBrook, Lambert and TenBrook have a new comedy on the programme. The comedienne's performance is a gem. The comedienne's performance is a gem. The comedienne's performance is a gem.

Press Club Entertainment.

The Toronto Press Club will produce Sidney Carton's splendid comedy, "Liberty Hall," in the Princess Theatre, on June 8-9.

SIR WILFRID'S CANDID FRIEND. Perhaps the most interesting newspaper correspondence that goes out of Canada is that of Mr. E. W. Thomson, to the Boston Transcript.

Mr. Thomson has, from time to time, shown an excellent appreciation of the importance of the insurance issues which are at stake before the commission.

Waiting for Whitney. Rumors are passing around to the effect that the Whitney government is all at sea as to its electric policy.

While it is true that the government must view the power problem of Ontario as a whole and must shape its course accordingly, it is equally true that the government must be governed by the governing factor in the power situation.

It is all very fine and generous of Mr. Thomson to give Sir Wilfrid a certificate of character; but he is too shrewd and practised a writer not to admit that this appalling list of disquietudes prejudices the premier considerably.

It is all very fine and generous of Mr. Thomson to give Sir Wilfrid a certificate of character; but he is too shrewd and practised a writer not to admit that this appalling list of disquietudes prejudices the premier considerably.

is on the premier. As he is first so he stands to be hurt worst by misdeeds done under cover of his prestige.

This, then, is the sizzling up of the situation by a candid friend. It is a sort of negative indictment of Sir Wilfrid. He has been absorbed in large affairs, and must now devote his attention to a list of scandals which ought never to have been possible.

Mr. Thomson's deliverance amounts to this—that the Laurier administration is suffering from an exhaustion of virtue. Too many individuals of the wrong sort have been grabbing the hem of its garment.

The great chance and obligation of the opposition has come. The Liberal hosts have thrown away the weapons which once were powerful in their hands.

The opposition may well seek to contrive a unity of criticism and an agreement as to constructive policy, which are not so difficult to reach as many people seem to imagine.

Waiting for Whitney. Rumors are passing around to the effect that the Whitney government is all at sea as to its electric policy.

Dr. Lyon's PERFECT Tooth Powder

Cleanses and beautifies the teeth and purifies the breath. Used by people of refinement for over a quarter of a century.

Convenient for tourists. PREPARED BY J. H. Lyon, D.D.S.

ment with Germany, by which the effects of the quarrel precipitated by Germany's dislike of our preference to British goods might be obliterated.

The resolution was passed unanimously, but Mr. Fielding called the speeches of Mr. Armstrong and his second, Mr. Clements, "most unfortunate, most unwise and, without desiring to be offensive, most unpatriotic."

COMPANY WON'T ACCEPT. Montreal, April 24.—At the city hall to-day it was stated that the Montreal Light, Heat and Power Company will not accept the offer of the fire committee for 50 cent gas in 1910.

OSGOODE HALL. Judgments handed out yesterday, April 24: Masters' chambers—Byrdale v. Warshawsky, Railway, Johnson v. Marsh, Whitney v. G.T.R.

Mr. Graham's invitation. A friendly visit to the United Tailoring Store at 472 West Queen-street will be appreciated, Mr. Graham says that he never forgets the importance of a customer.

FRISCO'S UNWRITTEN TRAGEDY. The most sinister side of the San Francisco tragedy will never be fully revealed, because it is the melancholy proof that human nature can be sunk by a terrible occasion, as well as ennobled by it into an unsuspected majesty.

There is a magnificence of courage in the recovery of the city from a dreadful combination of calamities. Commercially, San Francisco is already the resurrection and the life. "Little hearts and super-discreet persons will flee the seismic theatre as to it were a perpetual pestilence.

There are two death rolls. Over one there is universal grief for untimely extinction of the fires of existence, and sympathy for those who have lost friends and kindred. For the other, unconfessed corpses which have gone to cremation or to unrecorded burial, there is only execration that a supreme crisis produced in some creatures of human shape the damnable fruits of robbery and lust.

U. S. Steel Corporation. New York, April 24.—The United States Steel Corporation statement of 1906 given out to-day shows that the net earnings were \$38,594,490, an increase of \$13,608,594 over the same period last year.

ANOTHER FIND NEAR COBALT VEIN FIVE INCHES IN WIDTH

Prospector Has Been Offered Large Sum—Cases of Theft of Silver.

Cobalt, April 24.—(Special.)—With the disappearance of the snow, active prospecting will be resumed with great vigor. In the bush there is nearly two feet of snow, but in the clearings and along the river banks it has entirely disappeared.

Authentic report has come in of a find near Clear Lake, which is only a mile distant from the town-site. A prospector named Charron has discovered a vein 5 inches in width on a property which was worked by a Renfrew magnate. James H. Barnett has offered the lucky prospector a large sum for his find.

Many mine-owners have known for months that much valuable silver was being stolen, but the dislike to probe into the matter has prevented any publicity or prosecutions in the police court. Today, however, a shank on one of the back streets was raided, and over half a hundred weight of solid silver was discovered.

In the cloth, silk and lace, exclusive styles, showing the smartest models for the season for elderly and young ladies.

Smart Auto Coats

Our millinery display is a high-class attraction. Particularly choice weaves in Black and Colored Gownings and Suitings; also the finer qualities of wash goods suitable for summer dresses.

Lace and Embroidered Lawn Gowns (shaped)

LAWN, Silk and Flannel Shirt Waists, silk undershirts.

Laced Trimmed Handkerchiefs

Hemstitched, embroidered and initial-linen handkerchiefs, silk umbrellas, silk hosiery, lace ties and lace scarves.

JOHN GATTO & SON

King-street—Opposite Postoffice. TORONTO.

EXAMINES BOOKS TO-DAY.

Judge Winchester to Go Thru Trust Company's Records.

This afternoon Judge Winchester will examine books and records showing the Toronto General Trust Co.'s management of the estate of the late Sir Adam Wilson.

Yesterday in the surrogate court Frank Hodgins, K.C., on behalf of Lady Wilson, asked that all such books be shown him.

At the request of Walter Barwick, K.C., the judge consented to send to the offices and direct the production of such things as Mr. Hodgins shall ask.

Mr. Langmuir, in the box, offered a statement in regard to Lady Wilson's claims. She had said the estate, at Sir Adam's death, was \$210,000, and has now a large part of that sum.

Mr. Langmuir said the estate was only worth \$178,952.59 at the time of Sir Adam's death.

KAKABEKA DISPUTE ENDS.

Weggs-Jenison Interests Succeed in Blocking Opponents' Bill.

The Weggs-Jenison combination has finally won out in its battle with the Clergue interests over Kakabeka Falls water-power, the private bills committee of the legislature yesterday throwing out by a large majority the Kakabeka Falls Land & Electric Co.'s bill.

W. D. McPherson, K.C., speaking for the Quebec company, claimed that while for seven months of the year the minimum flow had been in excess of 4,000 cubic feet, for the other five months the minimum flow was less than 4,000 cubic feet, but this amount would be assured for the future.

T. F. Weggs, Chicago, chief promoter of the power project, said no power of value could be produced in summer. He claimed he had invested \$100,000, and was to get \$30,000 cash, \$87,500 in bonds, and another \$87,500 in bonds if the enterprise was a success.

I. F. Hellmuth, K.C., argued that the minimum flow had been inaccurately represented, but the committee by 22 to 10 voted down the bill.

FREE UNTIL CURED

Headache and Neuralgia from Colds

Dr. A. B. Sanden's world-wide cold and Grip Remedy removes the cause of E. W. Grove, 25c.

PRESENTS GALT HOSPITAL

Galt, April 24.—(Special)—Galt Hospital is in receipt of a valuable gift in the nature of a library. The donor is Robert E. Cromarty of Toronto, an old Galt boy, who was a patient in the hospital not long ago, and was so delighted with the institution that he decided to show his appreciation in a practical way. The library consists of several hundred volumes, and more are coming from England.

Anglican Women's Auxiliary.

The twentieth annual meeting of the Women's Auxiliary to the Missionary Society of the Church of England in Canada will be held in the Guild Hall, McGill-street, on Wednesday, Thursday and Friday of next week, May 2, 3 and 4.

Mr. VanKoughnet Injured.

Arthur Van Koughnet is confined to his bed with a very painful injury to his knee, caused by being run over by an express wagon while he was bicycling on Adelaide-street.

CAN'T STOP TRANSPORTATION WITHOUT DIRECT RESULTS

Railway and Steamship Men Present Argument Against Lord's Day Act.

Ottawa, April 24.—(Special)—The transportation interests appeared this morning before the Lord's Day Act committee in opposition to the restrictions which the measure would impose.

D. McNeill, vice-president of the C.P.R., declared that the stoppage of freight trains at divisional points on Sunday would mean serious loss and inconvenience to both railway company and the public. During the rush of grain or any other product they had ten to twenty trains a day in each direction, and it would be impossible to stop them at a divisional point, as they would not be round-house or yard accommodation. There would also be considerable confusion and risk in moving them out on Monday.

It was not necessary to keep empties going back regularly or loaded traffic could not be kept going. If the bill would prevent the work of the yards the Sunday it would mean that the engines would not be attended to and might fall into disrepair. Similarly the work of track-layers and men for the safety of the public. In the case of snow-storm inactivity of trains on Sunday might result in blockades, which would be a serious matter. He also spoke of the necessity of hauling coal and coke on Sunday to meet public needs. Mr. McNeill mentioned the fish and grasses being traffic from west to east as other branches requiring constant attention, or it would go to their American competitors. Except in emergencies employees had a rest day each week, and when they were over-worked they had the right at all times to apply for rest. The company did not want to do any more Sunday work than was necessary, as it did not pay owing to the largely increased scale of wages which had to be paid.

Women's Spring Suits Underprice \$19.50 to Clear

This is a doubly important offering, inasmuch as it is presented to you at the season's very beginning, and it's as fine a group of strictly Tailor-made Suits in fashion's best styles as you ever saw; pretty tweed mixtures in fashionable greys, black and navy blue chevrons are represented in the offering; the suits are beautifully tailored; indeed, they possess all the qualifications of high-class garments; Eton coats and light-fitting coat styles, coats full of taffeta silk lined, sizes 34 to 40 bust, measures; values \$25, \$30 and \$32.50; exactly sixty-four suits in the collection; your choice, \$19.50 Thursday, at each.

WOMEN'S BOOTS 2 1/2 A PAIR

Women's Goodyear Welt Extension Sole Lace and Button Boots. New York and Boston makes, in patent colt, patent kid, dogonia ang viet kid, in plain lace and Blucher cut styles, mannish low cut, as well as the ordinary laces; these are made up from some of the best selling and most fashionable styles of the season, military, Cuban and a few French heels, all sizes in the lot, but not all sizes of any one style, regular \$37.50 to \$55.00, tomorrow, special 2.90

NOVELTIES IN LEATHER GOODS

We certainly have a very exclusive line of Novelty Leather Purse, etc., which we have especially imported for Toronto trade; at present we have a splendid selection of Hand Bags in sea lion, valen seal morocco, lizard, alligator and fancy mottled calf, lined with silk in pretty shades of white, cream, navy, reseau, grey, cadet, Alice, black, maroon, myrtle, cardinal, brown and tan, also in nice soft leather, lined with mirror, powder puff and coin purses, mountings of gun metal, gilt or silver; prices range 1.50 to 18.50 from

W. A. Murray & Co. Limited.

Business Hours Daily: Store Opens at 8.30 a.m.—Closes at 8 p.m.

A Special Purchase of Manufacturers' Samples of Hosiery

This very special lot comprises about 900 pairs of Women's Extra Fine Hose, made by the celebrated manufacturers, I. & R. Morley of Nottingham, England, and to be sold at one-third less than the regular prices. The lot is composed principally of plain and ribbed cashmere, in all weights, black cashmere, lisle thread and cotton with silk embroidered fronts, in a great variety of shades and patterns, black lace ankle cashmere, black cotton and lisle thread and several makes equally as good. All to clear Thursday at one-third less than the regular price.

Advertisement for W.A. Murray & Co. Limited, featuring various hosiery and leather goods with prices and descriptions.

When your Stomach goes out of Business try SUPREME

It strengthens the stomach, makes good flesh and blood, and keeps the bowels healthy and active. A builder of brains and brain. At your grocer's.

300 APPLICATIONS. Board of Trade Membership Has Doubled This Year.

"We have now over 300 applications for membership to be dealt with by the council on Thursday afternoon, and still another day to receive additional ones," said Secretary Morley of the board of trade yesterday. This is an absolutely unprecedented state of affairs, and by Thursday evening the board will have more than double its membership since Jan. 1, and become the biggest merchant body in Canada. All applications passed upon by the council to-morrow will escape the \$200 entrance fee, which goes into force to-morrow.

FINE FIRING SCHOONER HAS VERY BRIEF CAREER

Hull, April 24.—(Special)—W. C. Smith & Co., Lunenburg, received a deplorable report from Capt. Cook of their fishing schooner, "Brant," which was launched only one month ago, and valued at \$10,000, and was the finest of the Lunenburg fleet. It was insured for \$4500.

A New Cruiser. Charlottetown, P.E.I., April 24.—The Dominion government has purchased the steamer Princess from the Steam Navigation Company of Charlottetown, P.E.I. to replace the Canadianine in protecting fisheries in the Gulf of St. Lawrence and Labrador waters. The latter boat will do survey work.

Body Found in Don. East End Resident Had Been Missing Since Saturday.

The body of David C. Cornell, 334 Sackville-street, was found floating in the Don yesterday morning. William Long, a fisherman, was passing under the G.T.R. bridge at Eastern avenue, when he noticed the body floating and pulled it ashore. Papers were found in the pockets which led to its identification. Cornell was about 60 years of age, and was formerly a railway conductor on the G.T.R. Nearly all the money in his possession when he left his home on Saturday to purchase lumber for a new house he was building was found in his pockets.

ASK FOR INCREASED DUTY ON FLANNELS AND BLANKETS

Ottawa, April 24.—A deputation composed of John Dick, chairman of the woollen section of the Canadian Manufacturers' Association; Mr. Stroud of Paris and Mr. Marlow to-day waited upon Messrs. Fielding and Paterson with a request that the minimum duty on imported flannels and blankets be raised to 30 per cent, the same as other classes of woollens.

Anything to Oblige. Kingston, April 24.—The city council is passing an anti-splitting bylaw at the request of the ladies of the city.

CASTORIA. The Kind You Have Always Bought

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, at all dealers, or Edmanson, Bates & Co., Toronto.

Perfect Manhood

Health of body, strength of mind, steadiness of nerves are the best and most precious gifts man can lay upon an altar of his conjugal love. Restoring the nerves which control the sexual system, and infuse into it, power and vigor. No such thing as failure in life, is possible in perfect manhood; it is the lack of vital force, and the depletion of sexual energies that makes failures of men. Restoring a weak man to a sense of restored vitality and power. Why be weak when you can so easily become strong? Proofs are the test. Sworn testimonials sent to any one on receipt of name. Five Days' Trial Treatment sent absolutely free. Write To-Day. (U)

CANADIANS IN CONTROVERSY

Shipping of Crews in U. S. is Subject of Inquiry. Buffalo, April 24.—(Special)—The controversy over the right of a Canadian boat to ship a foreign crew at an American port is waxing strong, and has now spread to Erie, Pa., where it has had the effect of tying up the schooner Aberdeen at that port, and the Frank D. Ewen and Zapotec at Tonawanda. The light is on between the owners of the three boats, William Hackett & Sons of Quebec and the Lake Steamers' Union of the United States. The trouble originated with the Ewen, which last week shipped a crew of Frenchmen from Quebec. The immigration department of this city is investigating the controversy.

TELL OF THE EARTHQUAKE.

Torontonians Who Went Thru the First of the Disaster

Mrs. Lottie Matthews and her three children, survivors of the California earthquake, arrived in Toronto yesterday.

"I was staying in Alameda," she says, "on Buenavista-street, with my sister. It is a thoroughfare that runs north and south of Park-street, where another sister lives. The place in which we lived was of cottage construction. About 5 o'clock in the morning I was awakened by a rumbling noise, followed by a strange crackling. Then the house began to shiver and shake. I sat up in bed, but I could not get out. There was a motion like a cradle rocking, following the rumble, then a straight lateral quiver, and then it seemed to go every way. Doors slammed shut and then reopened of their own accord, and the whole house rocked and swayed.

Suddenly all the motion ceased and there was quiet. I scrambled out of bed and got my boys and girls and got out to the street. The sun had not risen, and there was twilight in the streets. Every house was pouring out its inhabitants. Mrs. Clark, as we had nearly everyone, in my night dress. No one thought of that then; they were all like children, in terror of their lives. We went to the home of my other sister in Park-street, and found them all gathered outside in a worse predicament than ourselves.

Mrs. Matthews had been urged to bring her daughter to a good place but did not think Frisco a good place to bring a young girl to. "However," added Mrs. Matthews, "my brother-in-law said they would get her a position, and finally I decided to write her. Tuesday night was when I had decided to stay. My brother-in-law said they would get her a position, and finally I decided to write her. Tuesday night was when I had decided to stay. My brother-in-law said they would get her a position, and finally I decided to write her.

"My sister said to me, 'Lottie, I wish something would happen that would tell you which was the right thing to do. I have prayed for something to happen.' It may seem a strange time to think of it, but the first time we gathered together after the shock, Mrs. Hendry said to me: 'Now you know what to do; you are not meant to stay here.'"

W. W. Haines of Toronto, his wife, her daughter, Mrs. B. F. Davis, with her husband and child, were in San Francisco from the Wednesday morning until the Thursday noon. Haines was thrown out of bed by the seismic disturbance. Having got cooking utensils, Mrs. Haines prepared breakfast on the street, lighting a fire. A gentleman offered five dollars for a pot of tea, while the lady was making the tea.

By a combination of fortunate circumstances they contrived to catch the train north Thursday night. Thomas Thompson, of 181 Bolton-avenue awaits word of his wife, who went on March 1 to San Francisco to visit her sister, Mrs. Eames, of 533 Ninth-street, in the heart of the district that suffered the most.

Going to Cobalt. Provincial Geologist Miller will shortly leave for Cobalt to begin preparation of a contour map of the Gillies timber limit.

PRESERVING THE OLD FORT.

Mayor Gives Assurance That It Will Be Done.

Assurance was given by the mayor at yesterday's meeting of the board of control that the old fort and the graves surrounding it would be preserved in a condition which would reflect credit on Toronto.

"I want it understood," said the mayor, "that we intend to keep the old fort and its surroundings as intact as possible. As long as I can remember this place has been desecrated, and I want to stop it. A car line will be built to make the place more accessible, and a good entrance will be provided in an exchange with the G.T.R. for a piece that they own at the present time. The car line will run down the old road, but it is the only way to gain access to the place."

W. C. Chisholm, city solicitor, advised the board to proceed with placing of a sidewalk along Edmund-street, claimed by Wm. Mackenzie, in order to denote the ownership. A number of residents on River-street protested against the erection of the Stewart Hartshorn Shade Roller Factory, claiming that it would increase the fire risk. The fire chief will report.

The fire chief and the city architect will report on the proposed increase to the Medical Building, and an addition to Eaton's. A bylaw passed last year limits the height of a building of ordinary construction to 72 feet. The Continental Life wish to take the roof off the Medical Building and put on two stories. The total height then would be less than present with the peaked roof.

The following sales of properties acquired by tax sales were authorized: 2 feet of lot 30, west side Gladstone-avenue, near Bloor, to Thomas W. Hoger, 43 Paton-road at \$20 a foot, 30 feet to the north of the above sale to Vincent A. Barnett, 43 Delaware-avenue at \$15; 50 feet south side Alameda-avenue, to Theodore Dierks, 212 Smith-street, at \$4; 50 feet south side Harcourt-avenue to Edwin H. Carter, at \$5.

The house situated at 88 Davenport-road was sold to Ziserman Gadsby of 52 First-avenue, for \$25 on a condition of immediate removal.

OVER 6000 HAVE GONE ON SETTLERS' EXCURSIONS Yesterday saw the last settlers' excursion to the west with about 6000 passengers.

The total number of carloads of people for the two months is 125 or 15 coaches to every excursion. The total number of settlers during the two months is over 6000, while last year it was a little over 5000.

Artist Temporarily Inane. New York, April 24.—Marlan Story, the noted miniature painter, and one of the best known society men and horse show exhibitors of Westchester County, has been committed to Bloomingdale Asylum. It is said that Mr. Story's aberration is regarded as only temporary. He has broken down under the strain of business cares, as he had been operating in Wall-street on a large scale.

Mr. Story is a brother of Julian Story, who married Emma Eames, the opera singer.

TOO EXPENSIVE FOR CITY.

Engineer Reaps Opinion of Erie-Lake Power Plant.

City Engineer Rust and Deputy Engineer Fellows have visited the Erie-Lake power plant, a project undertaken by the Southern Light and Power Company that went into liquidation in connection with the York Loan.

"They have spent a great deal of money," said the city engineer to The World yesterday. "The tunnel is built, but the dam is not quite completed. The power house has not yet been built. There is quite a lot of machinery on the ground. I suppose that the carrying out of the whole work will involve an expenditure of from two to three hundred thousand dollars. There is not enough power to warrant the city buying it," continued Mr. Rust. "There is only about 1200 horsepower available."

"Do you not think you will recommend the city to buy the concern, then?" the city engineer was asked. "No," replied Mr. Rust.

YORK RADIAL OBJECTS

To Building a Sunnyside Bridge With the G. T. R.

The York Radial Railway, thru its manager, W. H. Moore, and solicitor, Walter Barwick, K.C., objected before the railway committee of the legislature yesterday to contributing anything towards building a bridge at Sunnyside. By an agreement previously reached between the city and the company the committee had understood that the company was willing to co-operate with the Grand Trunk in building the bridge, but Mr. Moore said the York Radial might in future wish to build a bridge of its own. It was agreed that the rights held in previous agreements by the companies merged in the York Radial would be revived, and the agreement touching the bridge was quashed.

The Western Central Railway, a line on which no construction work has yet begun, was given permission to operate lines to and from the York Radial, Wellesey and Waterloo Townships, but not to enter Mount Forest. In the next ten years \$250,000 must be expended in building, and the road to be completed in five years. The company, which is chartered to build from Guelph to London, desires to enter Toronto.

St. Peter's Vestry. At the adjourned vestry meeting of St. Peter's Anglican Church, the following officers were elected: Rector's warden, R. H. Crobie; people's warden, S. Hooper; rector's aides-men, Douglas Mason, E. S. Gibson, F. E. Blachford, H. Bulley, M. Jarvis and W. Lamont; people's aides-men, A. Dowson, Mill Pellatt, W. E. Carter, Gordon Humphrey, Reid Davis and Charles Funderburk; choirwarden, J. H. Mason; H. Pellatt, F. J. Stewart, R. P. Pearson, T. H. Lee, Joseph L. E. Hobson, R. E. Davis, F. W. Humphrey, Dr. Alexander, R. S. Nevitt, L. Skell, W. J. Thompson, Dr. Beiden, C. E. Blachford, J. R. McCaffrey, A. R. Pearson, John Sloan and E. E. Horton; auditors, C. O. Lucas and The Bulley; music committee, F. J. Stewart, E. P. Pearson, F. E. Blachford, A. R. Pearson, W. E. H. Carter, R. O. West and Dr. Beiden; envelope committee, C. E. Blachford, L. J. Skell, Dr. Beiden, R. R. Davis, H. F. Flier, E. E. Horton, Dr. Alexander and W. A. Forester.

THREE MUST SELL OUT COMMISSIONERS (DECLARE) St. Catharines, April 24.—(Special)—The county license commissioners today granted to George Hynes and Myles, of Toronto, for the Lake, the House, Niagara-on-the-Lake. The difficulty with Frank Addison had been settled, and he withdrew his application.

Also representations were made upon behalf of E. Ward of the American Hotel, Niagara-on-the-Lake, and B. McGrath and John Stauffer of the Murray and Ontario houses, Port Dalrymple. The commissioners gave the latter two thirty days to sell out.

\$74.90 to California and Return. And choice of an direct route going and returning, with certain stop-over privileges en route. Tickets good returning until July 31. Valid return City Ticket Office, northwest corner King and Yonge-streets, for full particulars.

MINES BILL GOES THRU MACKAY IS CHIEF CRITIC

Hon. Frank Cochrane Reaffirms Government's Position That There'll Be No Royalties.

Hon. Mr. Cochrane reaffirmed the government's position with regard to the imposition of no royalties on mineral output in further consideration of the government's mining bill in committee of the legislature yesterday afternoon.

Mr. Mackay objected vigorously to the passing of clauses dealing with the conditions under which patent rights would be granted, urging that the question of the right of the province to receive certain profits could not be clearly defined until the other mining bill was brought down.

The clauses objected to provided chiefly for the giving of the privilege of patent to a licensee without payment of the purchase price on his giving notification of the discovery of a metal ore or mineral not less than a mile distant from the deposit of the same kind, and that every patent of crown lands should vest in the grantee all the crown title in such land and minerals occurring thereon. Mr. Cochrane replied that no one with experience in mining would invest capital in a mine unless some title was held.

No Royalties. "I may say there will be no royalties," was his answer to Mr. Mackay's objection that while this exemption would be all right for struggling prospectors it wouldn't be fair that the province should receive nothing in the case of a man who stumbled upon a brilliant deposit. The government should get a substantial share. Mr. Whitney intimated that the provisions of the supplementary bill relating to patents would be along the lines of the one before the house.

At the request of Mr. Gurney, who had doubts of its merits, the clause was read and discussed. The discovery of deposits before an official certificate had been granted, was allowed to stand. Mr. Ward described an attempt to live on 50s a week. Pity the pecuniary sorrows of the Labor member! There is even one who confided to a representative of The London Express that only a paltry 50 shillings a week saved him from the workhouse.

This was Mr. John Ward, the herculean general and another delightful member for Stoke-on-Trent, who secures the pit-laborer's attention to see eye to eye with the Navy's Union.

There was open to him wealth beyond the dreams of avarice in the shape of £200 a year allowed to members recognized by the Labor Representation Committee, but Mr. Ward did not altogether see eye to eye with this committee in all its ideas, and so he denied himself the allowance of £200 a year.

"I am the poorest man in the house," he said, "I have a wife and four children, and with my brother, who is a lawyer, have to support my mother. And beyond the 50 shillings a week that I draw from the union I have nothing to fall back on."

"Yes; if you like to put it so, this is really an injustice. It is impossible, without great hardship, for a man to be a member of parliament on this allowance, and maintain his position."

It was here suggested to Mr. Ward that of his expenditure. Numerous people have from me how much I spend a week on food, and how much a week goes to trifles and from my home in Wandsworth to the house of commons and my expenses.

The following bills were read a third time: Respecting the Town of Port Hope (Toronto); Ontario Medical Act (Beck); respecting local municipal telephone systems (Beck).

Second readings were given Hon. Dr. Tyrrell, in respect of the Liquor License Act being deferred in the absence of the attorney-general, and the desire of the opposition to have it postponed.

Third Readings. The following bills were read a third time: Respecting the Town of Port Hope (Toronto); Ontario Medical Act (Beck); respecting local municipal telephone systems (Beck).

On the house going into committee the following bills were read a second time: Respecting the Town of Port Hope (Toronto); Ontario Medical Act (Beck); respecting local municipal telephone systems (Beck).

Watermain Stop Fire. Grimsey, April 23.—Only the recently installed water mains prevented a conflagration to-day. Dr. Mellard's residence was badly scorched.

A WOMAN'S BACK IS THE MAINSPRING OF HER PHYSICAL SYSTEM. The slightest Backache, if Neglected, is Liable to Cause Years of Terrible Suffering.

No woman can be strong and healthy unless the kidneys are well, and regular in their action. When the kidneys are ill, the whole body is ill, for the poisons which the kidneys ought to have filtered out of the blood are left in the system.

DOAN'S KIDNEY PILLS They act directly on the kidneys, and make them strong and healthy. Mrs. Mary Galley, Auburn, N.S., writes: "For over four months I was troubled with a lame back and was unable to turn in bed without help. I was induced, by a friend to try Doan's Kidney Pills. After using two-thirds of a box my back was as well as ever."

Purity

is a characteristic of nearly all Beers, but is only one of the essentials of Quality.

BUDWEISER

The King of Bottled Beers

is not only Pure and Carefully Sterilized, but is brewed from the very choicest materials obtainable—Barley-Malt from sound, thoroughly ripened grain, Hops of the finest quality and Yeast of special culture. A beer of exquisite taste and delightful flavor is the result.

Budweiser is bottled only at the Home Plant.

Anheuser-Busch Brewing Ass'n St. Louis, U. S. A.

Toronto.

RUSE FREES PRISONERS.

Men in Uniform Present False Order for Their Delivery.

Warsaw, Russian Poland, April 24.—At 9 o'clock in the morning seven men in carriages and attired in uniforms of the Gendarmerie and police, drove up to the prison here and presented a false order for the delivery of ten political prisoners, who were to be tried to-day, saying that they intended to convey them to the citadel. The prisoners were delivered to the men, who drove them away. At daylight the carriages were discovered empty on the outskirts of the city, the drivers bound and gagged and the discarded uniforms inside the vehicles.

Mr. Ward Describes Attempt to Live on 50s a Week.

Pity the pecuniary sorrows of the Labor member! There is even one who confided to a representative of The London Express that only a paltry 50 shillings a week saved him from the workhouse.

Compulsory Self Denial. President A. S. Smith of the Ohio Northern University has forbidden card-playing, courtship, theatre-going, games of any kind or parties, whatever, to the students during Lent.

THE NEW FRENCH REMEDY.

THERAPION

This successful and highly popular remedy, used in the Continental Hospitals by Ricord, Rostan, Robert Volpeau, and others, combines all the elements to be sought in a medicine of the kind, and surpasses everything hitherto employed.

THERAPION No. 1

In a remarkably short time, often a few days only, removes all discharge from the urinary organs, supersedes injections, the use of which does irreparable harm by laying the foundation of stricture and other serious diseases.

THERAPION No. 2

For impurity of the blood, scurvy, pimples, spots, blotches, pains and swelling of the joints, secondary symptoms, gout, rheumatism, and all diseases for which it has been too much a fashion to employ mercury, sarsaparilla, &c., to the destruction of sufferers' teeth and ruin of health. This preparation purifies the whole system through the blood, and thoroughly eliminates all poisonous matter from the body.

THERAPION No. 3

For nervous debility, impaired vitality, general weakness, and all the distressing consequences of early error, excess, residence in hot, unhealthy climates, &c. It possesses a stimulating power in restoring strength and vigour to the debilitated.

THERAPION

This is a French remedy, used in the Continental Hospitals by Ricord, Rostan, Robert Volpeau, and others, combines all the elements to be sought in a medicine of the kind, and surpasses everything hitherto employed.

Why use Cowan's Milk Chocolate?

Because it is made with absolutely pure Canadian milk. The finest cocoa and sugar are used in its manufacture. It is the purest and finest flavored.

These are points that you guarantee.

THE COWAN CO., Limited, TORONTO.

LADIES—USE DR. DEVOS'S Female capsules for irregular and delayed periods; its case histories; extra double strength; 25 cure or money refunded; lady attendants. Write for literature. Dr. De Vos's Medicine Co., 210 Queen East, Toronto.

BOMB FOR LOUBET.

Found on Window Sill of Former President's Library.

Paris, April 24.—A despatch to The Journal from Montelimar, department of Drome, to-day, says that the authorities there found a bomb, to which a burning fuse was attached, on the window sill of the library of former President Loubet's villa, where he and his family are spending their Easter vacation. The fuse was extinguished and an examination of the bomb, it is stated, showed it to be of an extremely deadly nature.

WORK BEGINS AT ONCE.

Montreal, April 24.—(Special)—It is understood that the Canadian Northern Railway will commence almost immediately the construction of their proposed grain line from French River to Montreal.

Visit the Queen's Own

In New York \$9 round trip via Lehigh Valley Railroad from Suspension Bridge, Friday, April 27. Tickets good ten days. Through Pullmans. Particulars 10 East King-street.

W.C.F.U. Leader Dead.

Boston, April 24.—Mrs. Mary Hannah Hunt, world and national superintendent of the department of scientific instruction of the Woman's Christian Temperance Union, died at her home here to-day, after an illness of several months.

Get What You Ask For!

HERE is a Reason—Why the Good People of America Buy Cascarets as Fast as the Clock Ticks.

Every second some one, somewhere, is buying a little Ten-Cent Box of Cascarets.

1, 2, 3, 4, 5, 6—60 Minutes to the Minute, 60 Minutes to the Hour, 3600 Boxes an Hour, 36,000 Boxes a Day of Ten Hours, 1,080,000 Boxes a Month, and then some.

Think of it—220,000 People take a Cascartet every day. Millions use Cascarets when necessary.

The Judgment of Millions of Bright Americans is Infallible. They have been buying and taking Cascarets at that rate for over Six years.

A Dishonest Purpose means a Dishonest Product and a Disregard of the Purchaser's Health or Welfare. Beware of the Slick Salesman and his ancient "Just as Good" story that common sense refutes. He will perpetrate a fraud on you for a stolen profit.

Cascarets are made only by the Sterling Remedy Company, and the famous Little Ten Cent "Vest Pocket" box is here shown. They are never sold in bulk.

TRENT VALLEY WATER POWER 5 POINTS FOR DEVELOPMENT

Report of the Hydro-Electric Commission for Eastern Section of Ontario—25,000 H.P. Can Be Supplied With Available Present Market for 10,000 H.P.

POWER FACTS.

Lower Trent Valley—Five water powers, capable of development for long distance transmission. Cost of development—\$2,395,000. Amount of power in sight at five points—25,000 horse power. Total water power available—65,575 horse power. Immediate market—10,000 horse power.

The second report of the hydro-electric power commission of Ontario covering the Trent district has been made public. It shows that there are five water powers on the lower Trent River that are worth developing for transmitting power to the towns along Lake Ontario, but on the upper Trent and on the Moira River and its tributaries, there are numerous waterpowers which are now developed and which are capable of supplying the immediate local demand.

Three Divisions. The report deals with the Trent district, including that portion of Ontario lying north of Lake Ontario, but not including the district as divided into three divisions. The upper Trent Valley affords opportunities for local development and these have been taken advantage of so that Peterboro, Lakefield, Lindsay and Fenelon Falls are well supplied with hydraulic and electric power.

The total power in sight is estimated at 65,575 horse power, of which 17,000 horse power is now under development. The various water powers are named and the totals for the various divisions are as follows: Horse power Moira River and tributaries 4,900 Upper Trent River 17,267 Lower Trent River 43,510 Five for Local Use 10,000

WANDERS INTO RIVER. Resident of Gananoque Loses Life Under Distressing Circumstances

Gananoque, April 24.—Fred Crozier, sr., aged 70 years, disappeared at day-break this morning from his residence, and late this afternoon his body was recovered in the Gananoque River by a searching party organized by Mayor Wilson. He had been in poor health, and his mind was affected. For 50 years he had been an employee of the Jones Co., and they were highly respected that, to recover the body, had grappling failed, it was intended to use artillery to fire from the river bank in the hope of raising the body. Blood-money was offered to anyone who would detect the course of his wanderings were also sent for.

Kaiser Adopts War Balloons. The Kaiser has turned his attention to aerial navigation with special reference to war. His majesty has been spurred to this by the announcement that the French Government has adopted a navigable airship, invented by M. Julliot, a French engineer, for use in war by the French army. The emperor feels strongly that Germany ought not to lag behind in this respect, and he has decided to have a number of balloons built to detect the course of his wanderings were also sent for.

Rained by Floods. A Sittingbourne farmer who was ex-minister at the Rochester, England, bankruptcy court attributed his failure to bad seasons and floods. He was worth £5000 five years ago, but his grazing land was twice flooded by high tides, and he lost hundreds of sheep and lambs.

Unprofitable Municipal Trading. Ratepayers in Bristol are protesting against the heavy sum required for the rates for the support of the municipal docks. The rate in aid of them in 1904 was £23,000, but now £80,000 is required.

WINDSOR TABLE SALT is the salt of table salt for all table and household uses. Absolutely pure, never cakes.

three quarters of a mile above Trenton. The dry weather capacity of these developments would be 25,000 horse power, more than sufficient to supply, for the present at least, all industrial demands of the Lake Ontario towns. At present it would not be necessary to develop all these water powers, but as the demand increases they could be developed one by one, all being working in unison and under one management; which would be far more economical than if several companies were to take them up and transmit independently.

Table with columns: Power Developed, Capital, Cost per H.P. It lists various locations like Healey's Falls, Middle Falls, Rauney's Falls, Rapids above Glen Miller, and Rapids above Trenton.

The yearly operating expenses of generating plants are set down thus:

Table with columns: Upper Trent Valley, Lower Trent Valley, Moira and Lower Trent. It lists expenses for various locations like Peterboro, Lakefield, Lindsay, Fenelon Falls, Millbrook, and Port Perry.

The chief engineer gives a number of tables showing the power conditions in the several divisions of the Trent District. These are as follows:

Table with columns: Power Used, Power Developed, Available for Transmission, and Available for Industrial Use. It lists locations like Peterboro, Lakefield, Lindsay, Fenelon Falls, Millbrook, and Port Perry.

Sao Paulo Tramway, Light & Power Co., LIMITED Report of the President and Directors for the Year Ending 31 December, 1905.

Submitted at the Fifth Annual Meeting of the Shareholders, Held on Monday, the 23rd Day of April, 1906. Your Directors beg to submit to the Shareholders their Annual Report, together with the financial statement for the year ending 31st day of December, 1905.

The total expenditure on Capital Account during the year amounted to \$524,976.64. At Parahyba the extension of the power-house was completed, and the fifth generator and turbine were placed in position. This installation necessitated the building of a new tall race, and same was built sufficiently large to allow for the installation of a sixth generator.

\$1.35 AND \$1.50 ENGLISH BRUSSELS REDUCED TO \$1.15

OUR Carpet Stocks are kept clean and up-to-date by frequent inspection and radical price-cutting on lines which are nearly sold out, or that show a tendency to out-stay the short time limit enforced in this department.

Yesterday was review day for Brussels Carpets, and about sixty-five lengths, all different in pattern or in color, were mustered out for immediate sale.

The lot includes designs and color combinations suitable for every room in the house—rich Oriental and floral designs for library, dining-room or hall—dainty, light colorings for parlor or reception-room—chintz effects for bedroom or boudoir.

OUR REGULAR PRICES WERE \$1.35 AND \$1.50 PER YARD THEY GO ON SALE TO-DAY AT PER YARD, \$1.15

COAL COMPANIES WHO SEEK TO "PRESERVE" NIAGARA Thru Present Development They Are Losing Sales Amounting to \$10,000,000 A Year.

From The Buffalo Courier. Mr. Duane E. Beiden, who is keeping close tabs on the agitation and the various bills, attracted considerable attention from the press of the country last month by accusing the coal companies and coal carriers of stirring up and fomenting this agitation regarding the diversion of water from the torrens of Niagara.

Further extending their influence. It is understood that many of the coal operators of the Pittsburgh district have been back of the movement to prevent the use of Niagara Falls for power purposes. The electric power thus generated means a loss to the coal interests of about \$10,000,000 annually and naturally the coal operators were favorable to restricting the use of the water power.

"As Good as Gold" THE TOMLIN LOAF Thousands of people use it. Why don't you? Office 420 Bathurst Street Phone Park 553

There are many causes of nervousness, but poor blood heads the list. The doctors call it anemia. The blood lacks red corpuscles. At your first opportunity, consult your doctor about taking Ayer's Sarsaparilla. Ask him if he has anything better for weakness, debility, nervousness. If he has, take Ayer's Sarsaparilla. Get well, that's what you are after.

Umbrella as Parachute. An Italian who was carrying an umbrella in a heavy snowstorm in New York lost his way and fell over a parapet 100 feet high. The umbrella acted as a parachute, and the man escaped with a few slight bruises.

CASTORIA The Kind You Have Always Bought. Beware of cheap imitations. Signature: J. C. Ayer & Co., Lowell, Mass.

Several well-known men of Seattle had disappeared, and the wife of one of them, named Rejane, put the police on the track by mentioning that her husband was a gambler. He was traced to Aldige's house, and his body found buried in the garden.

The Garden of Death. Juan Aldige and his assistant, Munoz, were charged with "breaking and entering" Paddington Congregational Chapel, was found by a policeman half-way thru a window and held fast by the sash, which had descended on him. He was rescued.

SPECIAL FARMING AND LIVE STOCK EDITION

FARM LABOR PROBLEM. Expanding agriculture in all parts of the country has brought to the front the farm labor problem.

There is a vast difference between the employment of labor in factories and labor conditions on the majority of farms.

The one aspiration of the ambitious farm laborer is to become either a tenant or owner of land.

The man who works land should live from the products of the soil.

MAKING A FARM. Making a productive ideal farm is the process of years of faithful, intelligent, conscientious effort.

Any intelligent man with capital to defray maintenance expenses for a limited period and strength sufficient to do an average day's work is capable of transforming any kind of soil into more than average productivity.

The ideal farm is the creation of years of intelligent effort.

The primeval soil of an ideal farm should be of the best quality.

Buildings modernized, orchards, ornamental trees and shrubbery planted, drainage constructed and buildings painted, help to create an ideal farm.

THE FIRST SHIPMENT OF LAMBS FROM THE newly organized feed lot at Port Arthur was received at the Toronto Cattle Market last week.

sheep feeding. Large quantities of grain are available at this point at a comparatively low price.

DANGER IN WIRE FENCES. Every season large numbers of horses and cattle are killed by lightning striking the wire fences, which are found on the farms throughout most of the middle and western states.

Can Be Avoided by a Little Ordinary Caution. These ground wires should be put in about every twenty or thirty rods.

To Begin to Plow. As at this time much plowing is being done it will not be out of place to consider for a little the proper way to lay out a land to begin to plow.

Grade Your Seed Wheat. It has been demonstrated time and again that from three to six bushels increase per acre may be made in wheat yields by the simple expedient of grading the wheat and using only the larger and heavier grains for seed.

TORONTO HORSE MARKET STILL ACTIVE AND BUOYANT

Buyers in Attendance From all Over the Dominion and Especially From the Northwest.

"It is cheaper to breed horses than to buy them," said a gentleman who went to New York to attend the sale of Durnell's horses on Saturday.

Buyers of saddle horses want animals that will also drive. It is, therefore, apparent that the raw product of the farm will not fill the bill, which is something worthy of remembrance by both first holders and last buyers.

The following is Burns & Sheppard's weekly report of prevailing prices: Single roadsters, 15 to 16 hands, \$125 to \$160; single cobs and carriage horses, \$100 to \$125.

Entries both for the special pony sale and for the big carriage and saddle horse sale, and a number of others, which is to be held at the Repository on Wednesday, May 8, and the other coming in rapidly and both sales promise to be top-notchers.

Resides the busy time at the Canadian Horse Exchange last week, Monday's sales opened up the present week with everything that was offered sold right off the reel.

For workhorses and heavy delivery horses, the market rules especially strong, but recent transactions prove that there are also plenty of bidders for other sorts.

Mr. Beattie of Wingham, Ont., is at the exchange with the entire stable of Beattie Bros., which will be sold to-morrow at 11 a.m., solely on account of the dissolution of partnership.

These men will get five times that worth of sport from their purchases, if these animals were judiciously selected, and ten times that value in the improvement of their personal health.

The twenty-eighth volume of the British Clydesdale Horse Stud Book contains 483 more entries than that of the previous year, the total appearing in the present volume being 2263, made up of 483 stallions, 771 mares with produce, and 1041 entered as additional produce.

ed for the quality of its greys, picked up a pair of geldings of that color that have the appearance of being up to the standard. Reinhardt & Co. bought three brisk-moving draughters that will look well in their brewery wagons.

Friday evening of last week, and Monday and Tuesday evenings of this week, the large, splendid sales ring of the exchange has been open to the Toronto Hunt Club for the purpose of schooling their horses for the Canadian Horse Show.

DEBENTURES

Coupons Attached

Our Debentures combine an absolutely safe security with a profitable return for the money invested. They are issued in sums of \$100 and upwards for terms of one, two, three, four or five years. Interest at the rate of four per cent. per annum accrues from the date on which the money is received by the Company, and is payable half-yearly.

CANADA PERMANENT MORTGAGE CORPORATION
OFFICES: Toronto Street, Toronto

PRICES ARE IRREGULAR IN THE NEW YORK MARKET

Stocks Are Firmer at the Close—Increase in Standard Bank Dividend.

World Office, Tuesday Evening, April 24.

The only change in the temper of the Toronto stock market to-day was a decision to liquidate where reasonable facilities were still provided. Many speculative accounts are still outstanding on the supposition that a spring rally is a necessary concomitant of the market, and to-day's business appears to indicate that some of these were brought back to-day in disgust of the whole situation. The lowering of prices at New York had something to do with the liquidation, but, aside from this, there was nothing to cause holders to change their position from that occupied several weeks past. The outside clearing of the market is gradually narrowing, and until the reverse is the case brokers are likely to be stimulated nor secured. The weak stock to-day was Toronto Railway, whose advance to 125 by the Montreal pool absorbed most of the local floating supply. Speculators down east have not taken as much to the shares as was anticipated, to-day's realizing at Montreal is probably a portion of the stock placed among holders who had little idea of the intrinsic worth of the shares. Twin City suffers with the weakness at New York. The present selling tendency is good evidence of the regular dividend declaration, and may have no greater meaning. A little new liquidation transferred in New York, but stock was well supported around 141.

The opinion regarding the annual statement was more favorable to-day, and some new buying was induced on that account. A few shares in the banks was the declaration to-day of a 3 per cent. dividend for the quarter ended May 31 by Standard Bank. This places the stock on a 12 per cent. basis, against 10 per cent. paid for the last year, ending May 31 by Standard Bank. This places the stock on a 12 per cent. basis, against 10 per cent. paid for the last year, ending May 31 by Standard Bank. This places the stock on a 12 per cent. basis, against 10 per cent. paid for the last year, ending May 31 by Standard Bank.

Interest TO YOU

It is a wise plan to lay aside a small amount each week and to deposit it with the Company, where it will earn 3 1/2% interest

NATIONAL TRUST COMPANY LIMITED
22 KING STREET EAST, TORONTO.

change subscribed \$120,000, the Consolidated Stock Exchange subscribed \$50,000.

Stille, Wood & Co. 42 West King Street, furnished the following current prices for unlisted stocks to-day:

Rio Underwriting	430
Consolidated Mines	138
Canadian Goldfields	132
Crown Bank	132
Canadian Northern Railway	132

Canadian Northern Railway gross earnings for the week ending April 21, 1906, \$80,824.90, as compared with \$78,000 for the week ending April 21, 1905, an increase of \$2,824.90.

U. S. Steel Corporation reports for quarter ended March 31 last net earnings of \$3,375,000, as compared with \$3,275,000 for quarter ended March 31, 1905, an increase of \$100,000. The company's net earnings for the quarter ended March 31, 1906, were \$3,375,000, against \$3,275,000 for the quarter ended March 31, 1905, an increase of \$100,000.

The directors declared the regular quarterly dividend of 1 1/2 per cent. on its preferred stock, payable May 31, 1906, on the basis of \$100,000,000 of authorized capital, and to be made on authorized appropriation for additional property, construction and discharge of capital obligations, which leaves the total surplus for the quarter at \$3,275,000. The corporation officially reports unlisted orders for the quarter ended March 31, 1906, as follows: \$7,018,712 tons, against \$7,048,080 tons on April 1, 1905, and \$7,048,080 tons on April 1, 1905, and \$7,048,080 tons on April 1, 1905, and \$7,048,080 tons on April 1, 1905.

Big Salmon Hatch. R. C. Mackenzie shareholders will be interested in the following dispatch received in Toronto yesterday: "The Fraser River salmon hatcheries on the Fraser River and tributaries during the past season have produced a conservative estimate of the number of fish, valued at \$1,000,000, against \$1,000,000 for the same period last year. The hatcheries are operated by the Government except one, which is under the control of the provincial government. The above figures are exceedingly conservative, and the superintendents of several of the hatcheries claim to have put out considerably more than the numbers credited, but in spite of that fact the figures given above are approximately correct. The large number of salmon ever propagated in hatcheries and liberated in the waters of the Fraser River and tributaries in any previous year.

On Wall Street. Marshall, Spader & Co. wired J. G. Beatty, King Edward Hotel, at the close of the market:

The market opened with some improvement, but was soon covered by the heavy London selling. The market was then looked like more conservative trading. The advances, however, in that market included fortnightly carrying over to the market, and our market-made only temporary response, being subjected to very heavy liquidation and selling during the first hour.

New low records for the movement were made in some very important directions, like New York Central and Erie, while the coalers and metal shares were subjected to similar pressure.

At this juncture the market received support at its most vulnerable points, added to a covering movement characteristic of list out of its rut with a well-preserved tone throughout the remainder of the session, with only occasional reactions and waves of pressure.

Recent trading in the security list has been doubly of a kind to form the basis of a reaction upon the development of any favorable circumstance or change in sentiment.

Ennis & Stoppani Building. The market to-day has been active and irregular, with further offerings of long stocks and continued bear attack, met by support of excellent character. A new high record for structural steel business is expected by U. S. Steel interests in the settlement of differences in the matter, which is thought to presage a dividend. It is stated that the only influence of our solid withdrawals from London will be to prevent reduction of the discount rate of the Bank of England. It has been feared that the rate will be advanced on Thursday. Estimates of insurance company losses in California disaster are more conservative than one authority practically counts them in half, and while there is undoubtedly considerable bond and stock liquidation from this source, we expect such offerings to be absorbed in due course, without great depression. The brilliant financial and commercial prosperity of the country as a whole remains unimpaired, and local money rates may become much easier than the market opinion suggests. The short interest is certainly very large, and we believe that conservative purchases around these levels will work out satisfactorily to the buyer.

Charles Head to R. Bonzard. New York, April 24.—Liquidation was renewed in the stock market this morning, and a large amount of long stock was sold from the market. In addition to the liquidation of speculative holdings, it was supposed that there was continued realization on insurance assets, all of which, combined

Imperial Bank of Canada

Dividend No. 63.

Notice is hereby given that a Dividend at the rate of 3 per cent. per annum upon the paid-up capital stock of this institution has been declared for the two months ending 30th April, 1906, and that the same will be payable at the Head Office and Branches on and after

Tuesday, the 1st of May next.

THE TRANSFER BOOKS will be closed from the 18th to 30th April, both days inclusive.

THIS ANNUAL GENERAL MEETING of the Shareholders will be held at the Head Office of the Bank on Wednesday, the 23rd May, 1906, the chair to be taken at noon.

By order of the Board,
D. B. WILSON, General Manager,
Toronto, Ont., 23rd March, 1906.

HAMILTON ALDERMEN DECIDE TO FORCE CATARACT TO TIME

Cut Off Some Street Lamps and Will Demand Improved Street Railway Roadbed.

Hamilton, April 24.—(Special)—These are evil days for the big corporation that goes under the name of the Hamilton Cataract Power, Light and Traction Company.

This evening the fire and water committee approved an agreement by which the Toronto and Niagara Power Company, for a consideration of \$3000, will be given the right to construct a power line in the city.

The twentieth annual convention of the Niagara diocese of the Roman Catholic Church opened this morning.

While being driven to the fire this morning one of the horses on the Bay-street fire wagon dropped dead.

Mrs. Eversfield, 48 West Barton-street, committed suicide by means of carbolic acid at an early hour this morning.

The Toronto Daily and Sunday World delivered to any address in Hamilton before 7 a.m. daily, 25c a month; Sunday, 5c per copy.

Martinez Cigars, 5 cents, to-day, at Billy Carroll's Opera House Cigar Store.

Horse Show Visitors

Are invited to see our handsome new suitings, tailored to your order in Score fashion, \$25-\$27.

VIOLENCE IN SUBURBS

Toronto Junction, April 24.—Information was held before Magistrate Ellis this morning by E. Wynn of Elizabeth-street, against Wm. W. Durrant of Durie-street, for keeping a vicious dog.

David McAllister was allowed to go on suspended sentence for refusing to move on last Saturday night.

The fire department had a run this afternoon to Elizabeth and Dundas-streets.

About 15 feet of fence was destroyed. The Wynn's Auxiliary of St. John's Church packed their annual bale this afternoon.

It is to be sent to the Indian School, Meekatiga, and is valued at \$700.

The fire department had a run this afternoon to Elizabeth and Dundas-streets.

About 10 or 12 boys of St. Clair School were pushing a G.T.R. flat on up and down the new switch on St. Clair-street.

Principal Colvin severely reprimanded them for indulging in such dangerous pastime.

Our Davenport, No. 82, L.O.O.F., held their regular meeting in the Thompson Hall this evening.

Chief Ranger Fred Rumble presided. The meeting was very interesting.

Major Cawthra, Toronto, stating that the sewers emptying into Humber Bay at the foot of Ross-street are for use only for storm overflow during heavy rainstorms.

East Toronto. April 24.—Building operations are proceeding more rapidly than at any previous time in the history of the town.

On Enderby-road and also in the westerly part of ward two, foundations are being prepared and houses erected in remarkably short time.

In ward one, along the shore of the new water works limits in York Township, the same activity prevails.

It is only in the northern end of the town that building conditions are comparatively quiet.

Complaint is expressed by the residents living in York with the apparent apathy of the council with respect to the extension of the road and the building of a new water works.

Assessment Commissioner John Burke, who is completing the work of assessing the eastern portion of York Township, reports that last year there were less than a dozen residents on Reid's avenue, where there are now more than a hundred.

The assessed value of the township will show an enormous increase over last year.

Complaint is being made that no effort is put forth to keep down the clouds of dust on Main-street and the Kingston-road by the use of the watering cart.

North Toronto. J. M. Whaley has almost completed his assessment for the year. His roll will show a good increase over last year.

The Kensington-avenue septic tank question will be discussed to-day by the provincial board of health.

The following are the awards of the two classes: Class 43, mare or gelding, over 14.2 and not exceeding 15.2; Lady Sapphira, A. Yeager, Simcoe, 1; Harlequin, Joseph Kilgour, Toronto, 2; Glen-dee, Geo. Pepper, Toronto, 3; Sporting Lady, Crow & Murray, Toronto, reserve.

Class 54, jumping, open to all; performance over fences only to count; Sporting Lady, Crow & Murray, Toronto, 1; Twilight, Joseph Kilgour, Toronto, 2; Jenny Lind, Crow & Murray, Toronto, 3; The Wasp, Crow & Murray, Toronto, reserve.

W. A. McGibbon, New York, was the first of Americans to achieve success in hackneying. He and Mrs. Bloodgood will arrive this morning, and will be the guests of Mr. and Mrs. S. Nordheimer.

At the preliminary opening last night several hundred people were in attendance. The features presented were saddle horses and jumpers.

The management announced that the Horse Show ring will be available for practice by exhibitors between eight and nine o'clock on each morning of the show.

At last night's meeting of the special committee appointed by the senate to investigate the case presented by the graduates to the effect that the exhibition scholarship was not granted to the man who had earned it, no decision was reached.

Another meeting will likely be held about the beginning of next week, when the situation will be presented to the senate.

King's Daughters' Bazaar. The ladies of the Society of King's Daughters held a bazaar in Guild Hall yesterday afternoon and evening.

OTTAWA BIBLE SOCIETY HAS NEW PRESIDENT

THE SIMPSON COMPANY, LIMITED

H. H. FUDGER, President; J. WOOD, Manager. Wednesday, April 25

STORE CLOSURES DAILY AT 5.30

Too Many Higher-Priced Suits

TOMORROW morning 100 high-class suits will have to undergo the humiliation of price-reduction.

We have too great a proportion of this higher-priced grade. They are competitors of ordered custom-made suits.

Most men who are willing to pay \$20 or \$22 for a suit prefer to go to our Custom Tailoring Department, we find, unless they are in an immediate hurry.

And so you have a chance to choose an up-to-date suit of the swellest kind for half what we should otherwise sell them for.

100 Men's Fine High-Grade Suits, fine imported Scotch tweed and fancy worsted suits, a collection of the best suits, we have the highest grades of the Canadian manufacturers and a number of American models from the leading Rochester and New York clothing manufacturers, the very latest designs, combined with superb tailoring, sizes 36 to 44, regular \$15, \$16.50, \$18, \$20 and \$22, to clear Thursday.

9.95

Men's Spring Hats

We'll probably surprise you when we tell you we have very good Fedoras for 75c in the Men's Store. You ought to see them to-morrow.

Derbys for \$1.50. No need to waste money on hats. Come to the Men's Store.

Men's Fedora Hats, fine imported English felt, good staple shape, silk bound edges, calf leather sweatbands, colors black and dark brown, Thursday, special .75

Men's Derby Hats, special quality English fur felt, up-to-date spring style, in small, medium or large proportions of brim and crown, color black only, 200 Hats, Thursday for 1.50

The Simpson Boot for Men

Any office man who likes a well made, good looking, comfortable shoe will like the Victor. The fact that though a \$5.00 shoe in its quality and appearance it sells for \$3.50, will not hurt it from a business point of view.

Ask to see line B in the men's Victor—the ideal boot for business purposes. Light kid uppers, heavy soles. The greatest ease to the foot under continuous wear.

THE FIRES OF ST. JOHN.

Nance O'Neil Seen in Splendid Production of "The Fires of St. John."

Last night Miss O'Neil presented at the Princess Theatre Sudermann's four-act play, Johannfeuer—Fires of St. John—translated by Otto von Klock and adapted for the English-speaking stage by McKee Rankin.

Dated in 1900 it represents a marked change in the dramatist's method. In his earlier works artistic effect is supreme, but the characters are frequently used to convey moral reflections.

In his later story is made the medium through which he seeks to impress his thoughts upon the hearer. Without being inattentive they therefore have a strong dramatic flavor, but lack the wonderful analytical insight and constant development of character peculiar to the Swedish dramatist.

"The Fires of St. John" may be interpreted in various ways, but its leading note is the influence of heredity. Marie is a founding adopted by an honest, hearty but choleric German farmer—Mr. Brauer—into whose typical household we are introduced.

He has also played the good Samaritan to his orphan nephew, between whom and Marie there is a deep and subtle bond of sympathy, ripening into love, declared on George von Harten's part, concealed by Marie.

In despair George betrays himself to his cousin Gertrude, a simple maid with whom he has no real affinity. With that situation the play opens, but on St. John's eve, when the watch fires are lighted, their heart secrets are disclosed and they passionately avow their love.

The real conflict of the drama begins, but in the end Marie has strength enough to part on her despairing cry after the wedding party passes out.

The play is strong in conception, but weak in execution—the brilliant parts it lacks grasp of character. The hero and heroine both exhibit inconsistencies not easily reconciled.

Marie is a founding adopted by an honest, hearty but choleric German farmer—Mr. Brauer—into whose typical household we are introduced.

He has also played the good Samaritan to his orphan nephew, between whom and Marie there is a deep and subtle bond of sympathy, ripening into love, declared on George von Harten's part, concealed by Marie.

In despair George betrays himself to his cousin Gertrude, a simple maid with whom he has no real affinity.
